## HONORS IN ASIAN STUDIES MAJOR REQUIREMENTS

To earn a B.A. or B.S. with Honors in the Major in Asian Studies students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Earn a 3.500 GPA in all E A STDS courses, and all courses accepted in the major
- Complete 3 credits E A STDS at the intermediate or advanced level with a grade of B or better
- Complete a two-semester Senior Honors Thesis in E A STDS 681 Senior Honors Thesis and E A STDS 682 Senior Honors Thesis, for a total of 6 credits

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# ADVISING AND CAREERS

# ACADEMIC ADVISING

Students interested in Southeast Asia are encouraged to consult with the undergraduate advisor (mmcullin@wisc.edu) at any time from the freshman year onward to discuss the program.

# CAREER INFORMATION

Students are encouraged to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

# PEOPLE

# CONCENTRATION IN EAST ASIAN STUDIES

## CHINA CORE FACULTY:

Professors Curtin, Dong, Eichenseher, Friedman, Irish, Manion, Murray, Nienhauser, Pan

Associate Professors Huntington, Huang, Merli, Sheehan, Zhang, Zhou

Assistant Professor Meulenbeld, Yang

## JAPAN CORE FACULTY:

Professors Davis, McGloin, Mori, Ohnuki-Tierney, Phillips, Young

Associate Professors D'Etcheverry, Furumoto, Geyer, Kern, Leheny, Mori, Raymo, Thal

Assistant Professor Ridgeley

## KOREA CORE FACULTY:

Professor Sutton; Assistant Professors Kim, Ohnesorge

## UNDERGRADUATE ADVISOR:

Michael Cullinane

## CONCENTRATION IN SOUTHEAST ASIAN STUDIES

Professors Bowie, Cowell, Coxhead, Gade, Gunther, Hansen (director), Macken, A. McCoy, Olds, Rafferty, Sidel, Winichakul, Zhou

Associate Professor Nobles

Assistant Professors Baird, Choy, Ho, Kim

Faculty Associates Barnard, Cullinane, M McCoy

Librarian Ashmun

### UNDERGRADUATE ADVISOR:

Michael Cullinane

# EAST ASIAN STUDIES, CERTIFICATE

Students interested in more specialized study of the languages and literature of East Asia, South Asia, or Southeast Asia should see the Department of Asian Languages and Cultures, the Center for South Asia, or the Center for Southeast Asian Studies; those interested in study of languages and cultures of Central Asia should see the Center for Russian, East European, and Central Asian Studies. All questions pertaining to East Asian studies at UW–Madison should be addressed to the Center for East Asian Studies (see box at right).

## CERTIFICATE IN EAST ASIAN STUDIES

The undergraduate certificate in East Asian studies is available to students working toward a baccalaureate degree in any of the University of Wisconsin–Madison schools and colleges, and to Special students. This certificate meets the needs of students choosing to focus on the East Asian region (China, Korea, Japan, and Tibet) within their primary major, but not wishing to commit to the rigorous language study required by the relevant majors in the Department of Asian Languages and Cultures. Students select coursework reflecting their interests from myriad classes offered through many university departments, and can work toward a variety of undergraduate majors. Upon earning the certificate, this emphasis is noted on the student's transcript. The certificate is of value to students wishing to demonstrate their knowledge of the East Asian region either to potential employers or to graduate schools.

## HOW TO GET IN

Students interested in declaring the East Asian Studies certificate contact the advisor for the program.

## REQUIREMENTS

## REQUIREMENTS FOR THE CERTIFICATE

21 credits representing at least three SUBJECTs, from: [1,2]

| Code | Title | Credits |
|---|---|---|
| E A STDS/ ASIAN/HISTORY/ POLI SCI 255 | Introduction to East Asian Civilizations (unless specific exception (per approval of the center director) is given) | 3-4 |

| **Electives - take any course above to attain 21 credits in the certificate** | 9 |
| Total Credits | 21-22 |

1 A maximum 3 credits in Directed Study (E A STDS 698 and E A STDS 699) may apply.

2 A maximum 12 credits of East Asian language may apply.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA on all certificate-approved courses
- 11 credits in the certificate must be taken in residence

## UNDERGRADUATE/SPECIAL STUDENT CERTIFICATES

This certificate is intended to be completed in the context of an undergraduate degree and for those seeking this certificate that is preferred. For students who have substantially completed this certificate at UW–Madison (at least 12 credits) and may need one or two courses to complete the certificate, they may do so immediately after completion of the bachelor's degree by enrolling in the course as a University

Special (nondegree) student. The certificate must be completed within a year of completion of the bachelor's degree. Students should keep in mind that University Special students have the last registration priority and that may limit availability of desired courses. Financial aid is not available when enrolled as a University Special student to complete an undergraduate certificate.

## LEARNING OUTCOMES

1. (Historical Grounding) understanding the historical, political, and cultural forces and conditions that have given rise to the unity and diversity in the region today.
2. (Multi-disciplinarity) analyzing contemporary political, economic, and cultural realities in the region from at least two disciplinary perspectives, ideally including humanities, social sciences and sometimes natural science approaches.
3. (Depth of Knowledge) mastering at the undergraduate generalist level a particular facet of life in the region by taking courses on a particular sub-region or country, or by studying a regional language, or by taking at least two courses on the region in one discipline.

## ADVISING AND CAREERS

Study of an East Asian language is strongly encouraged, but not required. Courses in elementary Chinese, Japanese, Korean, and Tibetan are available, providing an introduction to the fundamentals of the languages, without necessarily requiring additional advanced language coursework.

Students should meet with the advisor for the certificate (Mike Cullinane, mmcullin@wisc.edu) in 207 Ingraham Hall for more assistance.

## WISCONSIN EXPERIENCE

As a regional center within the Institute for Regional and International Studies, we support and enhance international and global awareness in our student communities and inspire informed thinking about the complexities of our world. We encourage our students to connect to international networks and our regional communities through our program's lecture series, film screenings, and varied outreach events and activities. We encourage our students to study abroad, do international internships, learn foreign languages, and expect them to gain an interdisciplinary grounding in global and regional affairs. We provide resources and expertise on our world area to students, and prospective students, and more broadly to K–12 teachers and students, postsecondary educators and graduate students, businesses, the media, the military, the community at large, and anyone else who is interested.

## RESOURCES AND SCHOLARSHIPS

Information about funding through the Center for East Asian Studies is available from our website (http://eastasia.wisc.edu/en/Students/fellows_grants.html). We also encourage our students to explore funding options available through the Institute for Regional and International Studies (IRIS) Awards Office (https://iris.wisc.edu/funding).

# EUROPEAN STUDIES, CERTIFICATE

The European Studies Program, in cooperation with the Center for European Studies, the Jean Monnet European Union Center of Excellence (JMEUCE), and the DAAD Center for German and European Studies (CGES), promotes knowledge and understanding of Europe both on and off campus. Established in 1968, the program provides integrated interdisciplinary studies on contemporary Europe for both undergraduate and graduate students. The program brings together scholars on campus interested in different aspects of Europe to discuss topics of mutual interest. More than thirty departments offer courses on Europe (excluding language courses), providing the largest number of courses on any region of the world other than the United States.

## HOW TO GET IN

Students interested in declaring the undergraduate certificate should contact the Center for European Studies or the undergraduate advisor.

## REQUIREMENTS

### CERTIFICATE REQUIREMENTS

#### LANGUAGE REQUIREMENT

Students may satisfy the European language requirement by taking college courses, or through high school units. There are two options to complete the requirement—students can either complete:

1. Four units of a single European language
   **or**
2. Three units of one European language and two units of a second European language.

| Code | Title | Credits |
|---|---|---|
| **Fourth unit courses:** | | |
| Courses above fourth semester may be used to satisfy this requirement. | | |
| FRENCH 204 | Fourth Semester French | |
| GERMAN 204 | Fourth Semester German | |
| GERMAN 214 | Fourth Semester Dutch | |
| GREEK 306 | Intermediate Greek | |
| ITALIAN 204 | Fourth Semester Italian | |
| PORTUG 202 | Fourth Semester Portuguese | |
| SCAND ST 202 | Second Year Norwegian | |
| SCAND ST 212 | Second Year Swedish | |
| SCAND ST 222 | Second Year Danish | |
| SCAND ST 302 | Intensive Finnish II | |
| SPANISH 204 | Fourth Semester Spanish | |
| **Third unit courses:** | | |
| FRENCH 203 | Third Semester French | |
| GERMAN 203 | Third Semester German | |
| GERMAN 213 | Third Semester Dutch | |
| GREEK 305 | Intermediate Greek | |
| ITALIAN 203 | Third Semester Italian | |
| PORTUG 201 | Third Semester Portuguese | |

| | |
|---|---|
| SCAND ST 201 | Second Year Norwegian |
| SCAND ST 211 | Second Year Swedish |
| SCAND ST 221 | Second Year Danish |
| SPANISH 203 | Third Semester Spanish |
| **Second unit courses:** | |
| FRENCH 102 | Second Semester French |
| GERMAN 102 | Second Semester German |
| GERMAN 112 | Second Semester Dutch |
| GREEK 104 | Second Semester Ancient Greek |
| GREEK 304 | Second Semester Greek |
| ITALIAN 102 | Second Semester Italian |
| PORTUG 102 | Second Semester Portuguese |
| SCAND ST 102 | Second Semester Norwegian |
| SCAND ST 112 | Second Semester Swedish |
| SCAND ST 122 | Second Semester Danish |
| SCAND ST 132 | Second Semester Finnish |
| SPANISH 102 | Second Semester Spanish |

## EUROPEAN AREA STUDIES REQUIREMENT

Seven courses and 21 credits, with courses being taken in at least two **subjects**, and distributed in one of **two** ways:

1. **Option 1:** Seven courses on **Europe as a whole:** focusing on topics such as the European Union, European history, or European literature.
2. **Option 2:** Seven courses distributed across **three or more regional/national areas**. (Students may use Europe as a whole courses in partial fulfillment of this option combined with courses on two other regional/national areas).

## OPTION 1: EUROPE AS A WHOLE

| Code | Title | Credits |
|---|---|---|
| **SEVEN courses from at least two SUBJECTS:** | | 21 |
| ANTHRO 309 | Prehistoric Europe | |
| ANTHRO 606 | Ethnicity, Nations, and Nationalism | |
| ART HIST 318 | Romanesque and Gothic Art and Architecture | |
| ART HIST 332 | Northern Painting and Graphics from Bosch and Holbein to Bruegel | |
| ART HIST 350 | 19th Century Painting in Europe | |
| ART HIST 351 | 20th Century Art in Europe | |
| ART HIST 355 | History of Photography | |
| ART HIST 358 | European Architecture: The Modern Movements | |
| ART HIST/ MEDIEVAL 415 | Topics in Medieval Art | |
| ART HIST 515 | Proseminar in Medieval Art | |
| ART HIST 535 | Proseminar in Northern European Painting | |
| ART HIST 555 | Proseminar in 19th Century European Art | |
| ART HIST 556 | Proseminar in 20th Century European Art | |
| C&E SOC/ HIST SCI 230 | Agriculture and Social Change in Western History | |
| COM ARTS 352 | Film History to 1960 | |
| COM ARTS 360 | Introduction to Rhetoric in Politics and Culture | |

### RESIDENCE AND QUALITY OF WORK

- 2.500 GPA on all courses approved for the Certificate
- 11 credits in the certificate must be taken in residence

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. (Historical Grounding) understanding the historical, political, and cultural forces and conditions that have given rise to the unity and diversity in the region today.
2. (Multi-disciplinarity) analyzing contemporary political, economic, and cultural realities in the region from at least two disciplinary perspectives, ideally including humanities, social sciences and sometimes natural science approaches.
3. (Depth of knowledge) mastering at the undergraduate generalist level a particular facet of life in the region by taking seven courses on three particular sub-regions or countries or by taking seven courses on the region in more than one discipline
4. (Language knowledge) mastering at undergraduate generalist level a particular facet of life in the region by studying a regional language to the intermediate level.

## ADVISING AND CAREERS

Advising for the certificate is through the Institute for Regional and International Studies (IRIS). The IRIS assistant director for students and curriculum can assist students in developing a plan of study for the certificate, track progress toward the certificate, explore study abroad and international internship options, and begin the career exploration process. We offer walk-in advising, advising workshops, and scheduled appointments. We strongly encourage students to begin career exploration early on and to make use of the many resources available on campus.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Faculty: Ringe (director, Political Science), Brossard (Life Sciences Communication), Covington (European Studies), Ferree (Sociology), Klug (Law), Livorni (French and Italian), Olds (Geography), Potter (CGES, German), Wolf (Scandinavian Studies)

## WISCONSIN EXPERIENCE

As a regional center within the Institute for Regional and International Studies, we support and enhance international and global awareness in our student communities and inspire informed thinking about the complexities of our world. We encourage our students to connect

to international networks and our regional communities through our program's lecture series, film screenings, and varied outreach events and activities. We encourage our students to study abroad, do international internships, learn foreign languages, and expect them to gain an interdisciplinary grounding in global and regional affairs. We provide resources and expertise on our world area to students, and prospective students, and more broadly to K-12 teachers and students, postsecondary educators and graduate students, businesses, the media, the military, the community at large, and anyone else who wants it.

## RESOURCES AND SCHOLARSHIPS

Information about funding through the Center for European Studies is available from our website (http://europe.wisc.edu/outreach-opportunities). We also encourage our students to explore funding options available through the Institute for Regional and International Studies (IRIS) Awards Office (https://iris.wisc.edu/funding).

# INTERNATIONAL STUDIES, B.A.

International studies (IS) is an interdisciplinary major with a broad background in international and transnational political, social, economic, commercial, and environmental affairs, together with a comparative study of politics, economics, security, and culture. The goal is to provide students with the necessary tools to understand global processes in their totality and how they are situated and lived in specific regions. The major provides an integrated program of courses that lays the foundation for professional training in a wide variety of areas. Such a foundation can be invaluable in securing a place in competitive graduate or professional schools, which, in turn, prepare students for government service, or for other careers with an international focus, including those in multinational corporations, international finance, non-governmental organizations, and institutions of teaching and research.

The IS major complements numerous majors across campus. Many students choose to double major or enhance their studies with one or more certificates, such as the global health certificate or those offered by the area studies centers.

This major is interdisciplinary, offering a wealth of options. Careful planning and consultation with the IS advisor is especially important.

## IS MAJORS SPECIALIZE IN ONE OF THREE OPTIONS:

### Option I: Global Security

In this option, majors explore conditions that challenge the ability of people and societies to survive. Students consider the causes of and solutions to political crises and violent conflicts in interstate, transnational, and domestic settings. Using historical and regional approaches, students develop a better understanding of the dilemmas the state and the global community face when confronted by threats to human rights, peace, and stability.

### Option II: Politics and Policy in the Global Economy

This option offers a multidisciplinary survey of international economic and political institutions and transactions, as well as the policy issues pertaining to international commerce and trade, international finance and monetary relations, international macroeconomic policy coordination, U.S. trade imbalances, aid and development, and related environmental and natural resource problems.

### Option III: Culture in the Age of Globalization

In this option, majors investigate cross-cultural interactions at different levels: local, national, and transnational. Students engage in such issues as cosmopolitanism; international and global flows of images, ideas, and people; questions of identity; changing assumptions of what it means to be indigenous and foreign; globalization and technology; and the impact of globalization on cultures.

## STUDY ABROAD

International studies and studying abroad are a natural combination. While study abroad is not a requirement for the major, all IS students are strongly encouraged to pursue a significant international experience during the course of the undergraduate career. Whether through a study abroad program, an internship, or service learning, the experience of studying or working in a foreign culture is invaluable. Many courses taken abroad will count toward the IS major. See the IS advisor for specific guidelines. More information about study abroad and internships is available through International Academic Programs (http://www.studyabroad.wisc.edu).

## HOW TO GET IN

Students are advised to declare the major by the end of the sophomore year and/or before studying abroad.

To be eligible to declare the international studies major a student must have completed these courses:

| Code | Title | Credits |
|---|---|---|
| INTL ST 101 | Introduction to International Studies | 3-4 |
| Introductory Economics (complete one): | | 4-8 |
| ECON 101 & ECON 102 | Principles of Microeconomics and Principles of Macroeconomics | |
| ECON 111 | Principles of Economics-Accelerated Treatment [2] | |
| A A E 215 & ECON 102 | Introduction to Agricultural and Applied Economics and Principles of Macroeconomics | |
| **Complete the 5th unit of a foreign language** | | 3-4 |
| Consult the list of Foreign Language courses on the Requirements page | | |

1 This requirement must be completed before graduation. ESL 118 substitutes for the foreign language admission requirement.

2 ECON 111 requires placement in MATH 221 or higher and is limited enrollment.

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for

living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B *<br><br>* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements. |

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS OF THE MAJOR

Students must declare the major, complete the common requirements, and the requirements for one of these options (p. 884) within the international studies major.

- Culture in the Age of Globalization
- Global Security
- Politics and Policy in the Global Economy

A student may not declare or earn more than one major option. The major requires 35 credits total. [4]

### COMPLETE THE OPTION CORE AND ISSUES AND ADDITIONAL ELECTIVES OF THE DECLARED OPTION (P. 884)

## RESIDENCE & QUALITY OF WORK

- 2.000 GPA in all INTL ST courses and courses approved for the major
- 2.000 GPA on 15 Upper-Level major credits, taken in residence
- 15 credits in the major, taken on the UW–Madison campus[3]

[1] ESL 118 is accepted for the Foreign Language requirement

[2] ECON 111 requires placement in MATH 221 or higher is limited enrollment

[3] Major courses designated Intermediate and Advanced level are considered upper level.

[4] A maximum four courses from a single SUBJECT may be applied to the 35 credits in the major. This excludes INTL ST courses and courses cross-listed in INTL ST. *For example: A student with five POLI SCI courses that could apply to the major will see only four of those courses applying in the international studies major. (However, if one of those POLI SCI courses is also cross-listed in INTL ST, that course will not count against the limit, and thus, all five POLI SCI courses will apply in the major). The degree audit (DARS) enforces this limitation.*

Though some courses are identified as acceptable for two or more requirements, a course may meet only one requirement within the major. *For example, a course that could count in either Option Core or Option Issues will meet only one of those requirements, based on which requirement needs that course to become satisfied. The degree audit (DARS) determines the best scenario.*

## OPTIONS IN THE MAJOR

View as listView as grid

- **INTERNATIONAL STUDIES: CULTURE IN AN AGE OF GLOBALIZATION** (P. 887)
- **INTERNATIONAL STUDIES: GLOBAL SECURITY** (P. 900)
- **INTERNATIONAL STUDIES: POLITICS AND POLICY IN THE GLOBAL ECONOMY** (P. 911)

Each option in the major **requires 35 credits.** Students select one Area Studies course (above), and the option-specific requirements for Core, Issues, and Elective classes (below).[4]

The degree audit (DARS) determines the best scenario.*

## HONORS IN THE MAJOR

Students may declare Honors in the International Studies Major in consultation with the International Studies advisor(s). They must declare prior to enrollment in their Senior Honors Thesis (typically second semester of junior year).

### REQUIREMENTS FOR HONORS IN THE MAJOR

To earn Honors in the Major in International Studies, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA in major courses
- Complete 16 upper-level major credits, taken for Honors, with individual grades of B or better in each course [5]
- Complete a two-semester Senior Honors Thesis, for a total of 6 credits, or two Senior Seminars, with grades of B or better; choose from:

| Code | Title | Credits |
|---|---|---|
| **Senior Honors Thesis (2 courses):** | | |
| AFRICAN 681 & AFRICAN 682 | Senior Honors Thesis and Senior Honors Thesis | |
| E A STDS 681 & E A STDS 682 | Senior Honors Thesis and Senior Honors Thesis | |
| ECON 681 & ECON 682 | Senior Honors Thesis and Senior Honors Thesis | |
| FRENCH 681 & FRENCH 682 | Senior Honors Thesis and Senior Honors Thesis | |
| GERMAN 681 & GERMAN 682 | Senior Honors Thesis-First Semester and Senior Honors Thesis-Second Semester | |
| HISTORY 681 & HISTORY 682 | Senior Honors Thesis and Senior Honors Thesis | |
| INTL ST 681 & INTL ST 682 | Senior Honors Thesis and Senior Honors Thesis | |
| POLI SCI 681 & POLI SCI 682 | Senior Honors Thesis and Senior Honors Thesis | |
| PORTUG 681 & PORTUG 682 | Senior Honors Thesis and Senior Honors Thesis | |
| SLAVIC 681 & SLAVIC 682 | Senior Honors Thesis and Senior Honors Thesis | |

| | |
|---|---|
| SPANISH 681 & SPANISH 682 | Senior Honors Thesis and Senior Honors Thesis |

Senior Seminar (2 courses):

| | |
|---|---|
| INTL ST 601 | Topics in Global Security |
| INTL ST 602 | Topics in Politics and Policy in the Global Economy |
| INTL ST 603 | Topics in Culture in the Age of Globalization |
| INTL ST 604 | Topics in Global Environment |

[5] Intermediate and Advanced level courses are Upper Level. A maximum of two courses and 8 credits from UW–Madison Study Abroad may apply to this requirement.

# DISTINCTION IN THE MAJOR

Students not enrolled in the Honors Program may receive Distinction in the Major. Criteria include:

- A minimum 3.500 grade point average in the major
- Completion of a Senior Thesis, Senior Seminar, or "substantial extra work" in an advanced course in the major
- A letter of recommendation from a member of the UW–Madison faculty to the international studies advising staff (submitted three weeks prior to the date of graduation).

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. (Interdisciplinarity) analyzing contemporary political, economic, security and cultural realities globally from multi-disciplinary perspectives, ideally including humanities, social sciences, humanitarian, and sometimes natural science approaches.
2. (Depth of knowledge) mastering at the undergraduate generalist level major issues related to key themes in International Studies (e.g. culture, global security and political economy) by taking 15 credits in one particular theme area.
3. (Regional (studies) grounding) understanding the social, political, economic and cultural forces and conditions that have given rise to the unity and diversity of a specific region of the world today.
4. (Language knowledge) mastering at the undergraduate generalist level a particular facet of life in one or more region of the world by studying a foreign language to at least the advanced (5th semester) level.
5. (Analytical skills) demonstrating the ability to think critically and analytically, the capacity to write clearly and effectively, and the ability to identify and evaluate research methods and outcomes.

Total Credits 120

## ADVISING AND CAREERS

# INTERNATIONAL STUDIES MAJOR ADVISING STAFF

International studies majors have a wide variety of academic advising and career resources and support. Academic advising is essential to a successful undergraduate experience. For this reason, the international studies major has a professional advisor, a peer advisor, and a career advisor. We recommend that you meet with your advisor at least once per semester to track progress toward your degree, explore study abroad options, and begin the career exploration process. The IS major offers walk-in advising, advising workshops, and scheduled appointments. Students exploring the IS major should plan to attend an Intro to the IS Major workshop (http://www.ismajor.wisc.edu/about/news-and-events/upcoming-workshop-dates). To learn more about academic advising information, please visit the IS Major website (http://www.ismajor.wisc.edu/about/current-students/academic-advising).

Students should also begin the career advising process early. The international studies major offers a 1-credit career class designed for sophomores or juniors. Students are strongly encouraged to meet with both the IS career advisor and SuccessWorks at the College of Letters & Science, and to apply for internship opportunities—both domestically and via International Internship Programs or the Washington DC Internship Program. The IS major also maintains a list of career events (http://www.ismajor.wisc.edu/about/news-and-events/career-and-internship-events) across campus that will benefit undergraduate students, hosts career workshops, and has a transition checklist to help students prepare for post-undergraduate life. For more information, please visit our website (http://www.ismajor.wisc.edu/about/current-students/careers).

**Molly Donnellan, Academic Advisor**
**Csanád Siklós, Ph.D., Academic Advisor**
**Joel Clark, Ph.D., Career Advisor**

# LETTERS & SCIENCE CAREER RESOURCES

The program encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks (https://careers.ls.wisc.edu) at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

The international studies major is directed by Dr. Erica Simmons, Associate Professor of Political Science.

The advisors for the international studies major are Dr. Csanád Siklós and Molly Donnellan.

The career advisor is Dr. Joel Clark.

## WISCONSIN EXPERIENCE

# STUDY ABROAD

International studies majors are strongly encourage to study abroad. The International Studies Major website (http://www.ismajor.wisc.edu/about/current-students/study-abroad) provides information about how to plan your experience abroad.

# INTERNSHIP ABROAD

International studies majors are strongly encourage to study abroad. Please review information on the International Studies Major website (http://www.ismajor.wisc.edu/about/current-students/internships) and the International Internship Program website (http://internships.international.wisc.edu) about opporunities.

# UNDERGRADUATE RESEARCH

The international studies major encourages students to become engaged in undergraduate research. There are numerous programs (https://teachlearn.provost.wisc.edu/initiatives-and-programs/undergraduate-research) that provide research opportunities for undergraduates at UW–Madison including:

- Hilldale Undergraduate/Faculty Research Fellowships (https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship)
- McNair Scholars (http://grad.wisc.edu/mcnair)
- Summer Research Programs (https://grad.wisc.edu/diversity/srop)
- Undergraduate Research Scholars (https://urs.ls.wisc.edu)
- The Wisconsin Idea Undergraduate Fellowship Program (https://morgridge.wisc.edu/students/wisconsin-idea-fellowships)

# INTERNATIONAL STUDIES: CULTURE IN AN AGE OF GLOBALIZATION

## REQUIREMENTS

## CULTURE IN THE AGE OF GLOBALIZATION OPTION REQUIREMENTS

In this option, majors investigate cross-cultural interactions at different levels: local, national, and transnational. Students engage in such issues as cosmopolitanism; international and global flows of images, ideas, and people; questions of identity; changing assumptions of what it means to be indigenous and foreign; globalization and technology; and the impact of globalization on cultures.

### CULTURE IN THE AGE OF GLOBALIZATION CORE

In addition to the Common Requirements of the International Studies major, complete these requirements specific to the Culture in the Age of Globalization Option:

| Code | Title | Credits |
|---|---|---|
| **Complete Two of:** | | 6 |
| AFRICAN 405 | Topics in African Cultural Studies (The Problem of Whiteness) | |
| AFRICAN 669 | Special Topics (Celebrity Culture) | |
| AFRICAN 403 | Theories of African Cultural Studies | |
| ANTHRO 300 | Cultural Anthropology: Theory and Ethnography | |
| ASIAN/ ART HIST 621 | Mapping, Making, and Representing Colonial Spaces | |
| COM ARTS 458 | Global Media Cultures | |
| GEN&WS 420 | Women in Cross-Societal Perspective | |
| HISTORY 403 | Immigration and Assimilation in American History | |
| INTL ST 403 | Topics in Culture in the Age of Globalization | |
| INTL ST 503 | Study Abroad Topics in Culture in the Age of Globalization | |
| INTL ST 603 | Topics in Culture in the Age of Globalization | |
| INTL ST 620 | Topics in International Studies (Global Social Networks) | |
| JOURN 620 | International Communication | |
| JOURN 621 | Mass Communication in Developing Nations | |
| LINGUIS/ ANTHRO 430 | Language and Culture | |
| PSYCH 428 | Introduction to Cultural Psychology | |
| SOC 626 | Social Movements | |
| THEATRE/ ENGL 577 | Postcolonial Theatre: Drama, Theory and Performance in the Global South | |
| Total Credits | | 6 |

### CULTURE IN THE AGE OF GLOBALIZATION ISSUES

# INTERNATIONAL STUDIES: GLOBAL SECURITY

## REQUIREMENTS

## GLOBAL SECURITY OPTION

In this option, majors explore conditions that challenge the ability of people and societies to survive. Students consider the causes of and solutions to political crises and violent conflicts in interstate, transnational, and domestic settings. Using historical and regional approaches, students develop a better understanding of the dilemmas the state and the global community face when confronted by threats to human rights, peace, and stability.

### GLOBAL SECURITY OPTION CORE

# INTERNATIONAL STUDIES, B.S.

International studies (IS) is an interdisciplinary major with a broad background in international and transnational political, social, economic, commercial, and environmental affairs, together with a comparative study of politics, economics, security, and culture. The goal is to provide students with the necessary tools to understand global processes in their totality and how they are situated and lived in specific regions. The major provides an integrated program of courses that lays the foundation for professional training in a wide variety of areas. Such a foundation can be invaluable in securing a place in competitive graduate or professional schools, which, in turn, prepare students for government service, or for other careers with an international focus, including those in multinational

corporations, international finance, non-governmental organizations, and institutions of teaching and research.

The IS major complements numerous majors across campus. Many students choose to double major or enhance their studies with one or more certificates, such as the global health certificate or those offered by the area studies centers.

This major is interdisciplinary, offering a wealth of options. Careful planning and consultation with the IS advisor is especially important.

# IS MAJORS SPECIALIZE IN ONE OF THREE OPTIONS:

### Option I: Global Security

In this option, majors explore conditions that challenge the ability of people and societies to survive. Students consider the causes of and solutions to political crises and violent conflicts in interstate, transnational, and domestic settings. Using historical and regional approaches, students develop a better understanding of the dilemmas the state and the global community face when confronted by threats to human rights, peace, and stability.

### Option II: Politics and Policy in the Global Economy

This option offers a multidisciplinary survey of international economic and political institutions and transactions, as well as the policy issues pertaining to international commerce and trade, international finance and monetary relations, international macroeconomic policy coordination, U.S. trade imbalances, aid and development, and related environmental and natural resource problems.

### Option III: Culture in the Age of Globalization

In this option, majors investigate cross-cultural interactions at different levels: local, national, and transnational. Students engage in such issues as cosmopolitanism; international and global flows of images, ideas, and people; questions of identity; changing assumptions of what it means to be indigenous and foreign; globalization and technology; and the impact of globalization on cultures.

# STUDY ABROAD

International studies and studying abroad are a natural combination. While study abroad is not a requirement for the major, all IS students are strongly encouraged to pursue a significant international experience during the course of the undergraduate career. Whether through a study abroad program, an internship, or service learning, the experience of studying or working in a foreign culture is invaluable. Many courses taken abroad will count toward the IS major. See the IS advisor for specific guidelines. More information about study abroad and internships is available through International Academic Programs (http://www.studyabroad.wisc.edu).

## HOW TO GET IN

Students are advised to declare the major by the end of the sophomore year and/or before studying abroad.

To be eligible to declare the international studies major a student must have completed these courses:

| Code | Title | Credits |
|---|---|---|
| INTL ST 101 | Introduction to International Studies | 3-4 |
| Introductory Economics (complete one): | | 4-8 |
| ECON 101 & ECON 102 | Principles of Microeconomics and Principles of Macroeconomics | |
| ECON 111 | Principles of Economics-Accelerated Treatment [2] | |
| A A E 215 & ECON 102 | Introduction to Agricultural and Applied Economics and Principles of Macroeconomics | |
| **Complete the 5th unit of a foreign language** | | 3-4 |
| Consult the list of Foreign Language courses on the Requirements page | | |

1 This requirement must be completed before graduation. ESL 118 substitutes for the foreign language admission requirement.

2 ECON 111 requires placement in MATH 221 or higher and is limited enrollment.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

General Education

- Breadth—Humanities/Literature/Arts: 6 credits
- Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
- Breadth—Social Studies: 3 credits
- Communication Part A & Part B *
- Ethnic Studies *
- Quantitative Reasoning Part A & Part B *

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS OF THE MAJOR

Students must declare the major, complete the common requirements, and the requirements for one of these options (p. 928) within the international studies major:

- Culture in the Age of Globalization
- Global Security
- Politics and Policy in the Global Economy

A student may not declare or earn more than one major option. The major requires 35 credits total. [4]

# COMMON MAJOR REQUIREMENTS

### COMPLETE THE OPTION CORE AND ISSUES AND ADDITIONAL ELECTIVES OF THE DECLARED OPTION (P. 928)

## RESIDENCE & QUALITY OF WORK

- 2.000 GPA in all INTL ST courses and courses approved for the major
- 2.000 GPA on 15 Upper-Level major credits, taken in residence
- 15 credits in the major, taken on the UW–Madison campus[3]

[1] ESL 118 is accepted for the Foreign Language requirement

[2] ECON 111 requires placement in MATH 221 or higher is limited enrollment

[3] Major courses designated Intermediate and Advanced level are considered upper level.

[4] A maximum four courses from a single SUBJECT may be applied to the 35 credits in the major. This excludes INTL ST courses and courses cross-listed in INTL ST. *For example: A student with five POLI SCI courses that could apply to the major will see only four of those courses applying in the international studies major. (However, if one of those POLI SCI courses is also cross-listed in INTL ST, that course will not count against the limit, and thus, all five POLI SCI courses will apply in the major). The degree audit (DARS) enforces this limitation.*

Though some courses are identified as acceptable for two or more requirements, a course may meet only one requirement within the major. *For example, a course that could count in either Option Core or Option Issues will meet only one of those requirements, based on which requirement needs that course to become satisfied. The degree audit (DARS) determines the best scenario.*

# OPTIONS IN THE MAJOR

View as listView as grid

- **INTERNATIONAL STUDIES: CULTURE IN AN AGE OF GLOBALIZATION** (P. 887)
- **INTERNATIONAL STUDIES: GLOBAL SECURITY** (P. 900)
- **INTERNATIONAL STUDIES: POLITICS AND POLICY IN THE GLOBAL ECONOMY** (P. 911)

Each option in the major **requires 35 credits.** Students select one Area Studies course (above), and the option-specific requirements for Core, Issues, and Elective classes (below).[4]

[1] ESL 118 is accepted for the Foreign Language requirement

[4] A maximum four courses from a single SUBJECT may be applied to the 35 credits in the major. This excludes INTL ST courses and courses cross-listed in INTL ST. *For example: A student with five POLI SCI courses that could apply to the major will see only four of those courses applying in the international studies major. (However, if one of those POLI SCI courses is also cross-listed in INTL ST, that course will not count against the limit, and thus, all five POLI SCI courses will apply in the major). The degree audit (DARS) determines the best scenario.*

# HONORS IN THE MAJOR

Students may declare Honors in the International Studies Major in consultation with the International Studies advisor(s). They must declare prior to enrollment in their Senior Honors Thesis (typically second semester of junior year).

## REQUIREMENTS FOR HONORS IN THE MAJOR

To earn Honors in the Major in International Studies, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA in major courses
- Complete 16 upper-level major credits, taken for Honors, with individual grades of B or better in each course [5]
- Complete a two-semester Senior Honors Thesis, for a total of 6 credits, or two Senior Seminars, with grades of B or better; choose from:

| Code | Title | Credits |
|---|---|---|
| **Senior Honors Thesis (2 courses):** | | |
| AFRICAN 681 & AFRICAN 682 | Senior Honors Thesis and Senior Honors Thesis | |
| E A STDS 681 & E A STDS 682 | Senior Honors Thesis and Senior Honors Thesis | |
| ECON 681 & ECON 682 | Senior Honors Thesis and Senior Honors Thesis | |
| FRENCH 681 & FRENCH 682 | Senior Honors Thesis and Senior Honors Thesis | |
| GERMAN 681 & GERMAN 682 | Senior Honors Thesis-First Semester and Senior Honors Thesis-Second Semester | |
| HISTORY 681 & HISTORY 682 | Senior Honors Thesis and Senior Honors Thesis | |
| INTL ST 681 & INTL ST 682 | Senior Honors Thesis and Senior Honors Thesis | |
| POLI SCI 681 & POLI SCI 682 | Senior Honors Thesis and Senior Honors Thesis | |
| PORTUG 681 & PORTUG 682 | Senior Honors Thesis and Senior Honors Thesis | |
| SLAVIC 681 & SLAVIC 682 | Senior Honors Thesis and Senior Honors Thesis | |
| SPANISH 681 & SPANISH 682 | Senior Honors Thesis and Senior Honors Thesis | |
| Senior Seminar (2 courses): | | |
| INTL ST 601 | Topics in Global Security | |
| INTL ST 602 | Topics in Politics and Policy in the Global Economy | |
| INTL ST 603 | Topics in Culture in the Age of Globalization | |
| INTL ST 604 | Topics in Global Environment | |

[5] Intermediate and Advanced level courses are Upper Level. A maximum of two courses and 8 credits from UW–Madison Study Abroad may apply to this requirement.

# DISTINCTION IN THE MAJOR

Students not enrolled in the Honors Program may receive Distinction in the Major. Criteria include:

- A minimum 3.500 grade point average in the major
- Completion of a Senior Thesis, Senior Seminar, or "substantial extra work" in an advanced course in the major
- A letter of recommendation from a member of the UW–Madison faculty to the international studies advising staff (submitted three weeks prior to the date of graduation).

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. (Interdisciplinarity) analyzing contemporary political, economic, security and cultural realities globally from multi-disciplinary perspectives, ideally including humanities, social sciences, humanitarian, and sometimes natural science approaches.
2. (Depth of knowledge) mastering at the undergraduate generalist level major issues related to key themes in International Studies (e.g. culture, global security and political economy) by taking 15 credits in one particular theme area.
3. (Regional (studies) grounding) understanding the social, political, economic and cultural forces and conditions that have given rise to the unity and diversity of a specific region of the world today.
4. (Language knowledge) mastering at the undergraduate generalist level a particular facet of life in one or more region of the world by studying a foreign language to at least the advanced (5th semester) level.
5. (Analytical skills) demonstrating the ability to think critically and analytically, the capacity to write clearly and effectively, and the ability to identify and evaluate research methods and outcomes.

## ADVISING AND CAREERS

# INTERNATIONAL STUDIES MAJOR ADVISING STAFF

International studies majors have a wide variety of academic advising and career resources and support. Academic advising is essential to a successful undergraduate experience. For this reason, the international studies major has a professional advisor, a peer advisor, and a career advisor. We recommend that you meet with your advisor at least once per semester to track progress toward your degree, explore study abroad options, and begin the career exploration process. The IS major offers walk-in advising, advising workshops, and scheduled appointments. Students exploring the IS major should plan to attend an Intro to the IS Major workshop (http://www.ismajor.wisc.edu/about/news-and-events/upcoming-workshop-dates). To learn more about

academic advising information, please visit the IS Major website (http://www.ismajor.wisc.edu/about/current-students/academic-advising).

Students should also begin the career advising process early. The international studies major offers a 1-credit career class designed for sophomores or juniors. Students are strongly encouraged to meet with both the IS career advisor and SuccessWorks at the College of Letters & Science, and to apply for internship opportunities—both domestically and via International Internship Programs or the Washington DC Internship Program. The IS major also maintains a list of career events (http://www.ismajor.wisc.edu/about/news-and-events/career-and-internship-events) across campus that will benefit undergraduate students, hosts career workshops, and has a transition checklist to help students prepare for post-undergraduate life. For more information, please visit our website (http://www.ismajor.wisc.edu/about/current-students/careers).

**Molly Donnellan, Academic Advisor**
**Csanád Siklós, Ph.D., Academic Advisor**
**Joel Clark, Ph.D., Career Advisor**

## LETTERS & SCIENCE CAREER RESOURCES

The program encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks (https://careers.ls.wisc.edu) at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

### PEOPLE

The international studies major is directed by Dr. Erica Simmons, Associate Professor of Political Science.

The advisors for the international studies major are Dr. Csanád Siklós and Molly Donnellan.

The career advisor is Dr. Joel Clark.

### WISCONSIN EXPERIENCE

## STUDY ABROAD

International studies majors are strongly encourage to study abroad. The International Studies Major website (http://www.ismajor.wisc.edu/about/current-students/study-abroad) provides information about how to plan your experience abroad.

## INTERNSHIP ABROAD

International studies majors are strongly encourage to study abroad. Please review information on the International Studies Major website (http://www.ismajor.wisc.edu/about/current-students/internships) and the International Internship Program website (http://internships.international.wisc.edu) about opporunities.

## UNDERGRADUATE RESEARCH

The international studies major encourages students to become engaged in undergraduate research. There are numerous programs (https://teachlearn.provost.wisc.edu/initiatives-and-programs/undergraduate-research) that provide research opportunities for undergraduates at UW–Madison including:

- Hilldale Undergraduate/Faculty Research Fellowships (https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship)
- McNair Scholars (http://grad.wisc.edu/mcnair)
- Summer Research Programs (https://grad.wisc.edu/diversity/srop)
- Undergraduate Research Scholars (https://urs.ls.wisc.edu)
- The Wisconsin Idea Undergraduate Fellowship Program (https://morgridge.wisc.edu/students/wisconsin-idea-fellowships)

# INTERNATIONAL STUDIES: CULTURE IN AN AGE OF GLOBALIZATION

### REQUIREMENTS

## CULTURE IN THE AGE OF GLOBALIZATION OPTION REQUIREMENTS

In this option, majors investigate cross-cultural interactions at different levels: local, national, and transnational. Students engage in such issues as cosmopolitanism; international and global flows of images, ideas, and people; questions of identity; changing assumptions of what it means to

be indigenous and foreign; globalization and technology; and the impact of globalization on cultures.

## CULTURE IN THE AGE OF GLOBALIZATION CORE

In addition to the Common Requirements of the International Studies major, complete these requirements specific to the Culture in the Age of Globalization Option:

| Code | Title | Credits |
|---|---|---|
| **Complete Two of:** | | 6 |
| AFRICAN 405 | Topics in African Cultural Studies (The Problem of Whiteness) | |
| AFRICAN 669 | Special Topics (Celebrity Culture) | |
| AFRICAN 403 | Theories of African Cultural Studies | |
| ANTHRO 300 | Cultural Anthropology: Theory and Ethnography | |
| ASIAN/ ART HIST 621 | Mapping, Making, and Representing Colonial Spaces | |
| COM ARTS 458 | Global Media Cultures | |
| GEN&WS 420 | Women in Cross-Societal Perspective | |

# INTERNATIONAL STUDIES: GLOBAL SECURITY

## REQUIREMENTS

## GLOBAL SECURITY OPTION

In this option, majors explore conditions that challenge the ability of people and societies to survive. Students consider the causes of and solutions to political crises and violent conflicts in interstate, transnational, and domestic settings. Using historical and regional approaches, students develop a better understanding of the dilemmas the state and the global community face when confronted by threats to human rights, peace, and stability.

### GLOBAL SECURITY OPTION CORE

| Code | Title | Credits |
|---|---|---|
| **Complete two courses:** | | |
| ANTHRO 606 | Ethnicity, Nations, and Nationalism | 3-4 |
| ASIAN/ ART HIST 621 | Mapping, Making, and Representing Colonial Spaces | 3 |
| ASIAN 630 | Proseminar: Studies in Cultures of Asia | 3 |
| C&E SOC/ENVIR ST/ SOC 540 | Sociology of International Development, Environment, and Sustainability | 3 |
| GEOG 307 | International Migration, Health, and Human Rights | 3 |
| HIST SCI/MED HIST/ POP HLTH 553 | International Health and Global Society | 3 |
| HISTORY/ LEGAL ST 426 | The History of Punishment | 3-4 |
| HISTORY 434 | American Foreign Relations, 1901 to the Present | 3-4 |
| INTL ST 401 | Topics in Global Security | 3-4 |
| INTL ST/ POLI SCI 431 | Contentious Politics | 3-4 |
| INTL ST 501 | Study Abroad Topics in Global Security | 1-6 |
| INTL ST 601 | Topics in Global Security | 1-4 |
| PHILOS 555 | Political Philosophy | 3 |

# LATIN AMERICAN, CARIBBEAN, AND IBERIAN STUDIES, B.A.

The Latin American, Caribbean, and Iberian Studies Program is one of the major U.S. centers for research about Latin America. This program is for those who seek a multidisciplinary education on Latin America, the Caribbean, Spain, and Portugal. It offers a wide range of courses in fields such as anthropology, business, economics, geography, history, journalism, music, political science, sociology, Spanish and Portuguese, and indigenous languages such as Yucatec Maya.

The aims of the Latin American, Caribbean, and Iberian studies major are to provide:

1. a broad exposure to Latin American, Caribbean, and Iberian studies by requiring students to take area and language content courses;
2. basic working knowledge in Spanish and/or Portuguese;
3. flexibility which allows students to take courses of interest, study abroad, and develop innovative academic projects; and
4. career-related advice and opportunities including volunteer work and internships with international organizations.

Students should contact the undergraduate advisor to determine which courses may satisfy major requirements. A minimum of 40 credits is required for the LACIS major. Upon declaration of the LACIS major, an assessment file is opened for each student which will include:

1. the development and submission of an "area of concentration,"
2. writing samples,
3. results of a language proficiency exam, and
4. an exit survey.

## HOW TO GET IN

Students should contact the LACIS undergraduate advisor to declare the major.

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as

needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

| Code | Title | Credits |
|---|---|---|
| **Introduction to Latin America (complete one):** | | 3-4 |
| POLI SCI/ AFROAMER/ ANTHRO/ C&E SOC/GEOG/ HISTORY/ LACIS/SOC/ SPANISH 260 | Latin America: An Introduction | |
| HISTORY 241 | Latin America from 1780 to 1940 | |

| **Breadth Requirement** | 9-12 |
| Select three courses outside the area of concentration from the following: | |
| Additional courses in Spanish and Portuguese language, literature and civilization over the 220 level (see courses listed under the language requirement above) | |
| Courses in Quechua or Yucatec Maya (see courses listed under the language requirement above) | |

| | |
|---|---|
| Additional LACIS courses outside the area of concentration(see courses listed above) | |
| Total Credits | 39-52 |

1 The POLI SCI/AFROAMER/ANTHRO/C&E SOC/GEOG/HISTORY/LACIS/SOC/SPANISH 260 course is a 4-credit, interdepartmental course (crosslisted in anthropology, geography, history, political science, sociology, or Spanish). This course is generally available only in the spring semester. Students are encouraged to take this course as early as possible in their undergraduate careers. A student may also take HISTORY 241 or HISTORY 242 to satisfy this requirement. Occasionally, specially assigned courses will fulfill this requirement.

2 With approval of the undergraduate advisor, courses in Yucatec Maya or Quechua may apply.

## AREA OF CONCENTRATION

Students must take at least five courses with a minimum of 25 percent Latin American, Caribbean, and/or Iberian content in an area of concentration that the student self-selects. The concentration may be disciplinary (history, anthropology, etc.) or topical (poverty, gender, social justice, etc.). The courses in the area of concentration cannot be Spanish or Portuguese language or literature courses. Study abroad courses often satisfy major requirements, but students should consult with the advisor before and during the study abroad program to ensure that the credits transfer. Courses for the concentration can be chosen from the LACIS Master Course List, or the LACIS-Approved Course List published each semester—both lists are available on the LACIS website. *Note:* These lists may not reflect all current offerings.

## NOTES

Students are encouraged to register in this major by the beginning of the junior year. Those considering a major in Latin American, Caribbean, and Iberian studies should consult the undergraduate advisor as early as possible in their academic career since a number of L&S requirements in humanities and social sciences may be met by courses in Latin American, Caribbean, and Iberian studies. Students who enter the university without previous training in Spanish or Portuguese are urged to begin language study in the freshman year.

## SAMPLE PROGRAMS

The following list illustrates examples of "area of concentration" programs selected by Latin American, Caribbean, and Iberian studies majors:

- History and Culture Emphasis
- Environment and Development Emphasis
- Media and Politics Emphasis
- Gender Studies and Human Rights Emphasis

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all LACIS and all major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence[1]
- 15 credits in LACIS, taken on the UW–Madison campus

1 Courses in SPANISH and PORTUG and major courses in ANTHRO numbered 300 and higher are considered upper level in this major.

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the LACIS undergraduate advisor.

## HONORS IN THE LATIN AMERICAN, CARIBBEAN, AND IBERIAN STUDIES MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.400 GPA for all major courses
- Complete 18 credits, taken for Honors, with individual grades of B or better, to include:

| Code | Title | Credits |
|---|---|---|
| **One of the following LACIS Introductory Courses, taken for Honors:** | | 3-4 |
| LACIS/AFROAMER/ANTHRO/C&E SOC/GEOG/HISTORY/POLI SCI/SOC/SPANISH 260 | Latin America: An Introduction | |
| HISTORY 241 | Latin America from 1780 to 1940 | |
| HISTORY 242 | Modern Latin America, 1898 to the Present | |
| **Senior Capstone Seminar, taken for Honors:** | | 1-4 |
| INTL ST 603 | Topics in Culture in the Age of Globalization | |
| **A two-semester Senior Honors Thesis:** | | 6 |
| LACIS 681 & LACIS 682 | Senior Honors Thesis and Senior Honors Thesis | |
| A two-semester research-based alternative | | |
| **Additional LACIS Honors to achieve 18 credits** | | |

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. (Interdisciplinarity) analyzing contemporary political, economic, and cultural realities in the LACIS regions from multi-disciplinary perspectives, ideally including humanities, social sciences and sometimes natural science approaches.
2. (Depth of knowledge) mastering at the undergraduate expert level a particular disciplinary (e.g. history, anthropology etc.) or topical (e.g. poverty, gender, social justice etc.) theme in the LACIS regions by taking five courses in an area of concentration.
3. (Historical and cultural grounding) understanding the historical, political, and cultural forces and conditions that have given rise to the unity and diversity in LACIS regions today.
4. (Language knowledge) mastering at the undergraduate generalist level a particular facet of life in one or more LACIS regions by studying a foreign language to the advanced (3rd year) level and beyond.
5. (Analytical skills) demonstrating the ability to think critically and analytically, the capacity to write clearly and effectively, and the ability to identify and evaluate research methods and outcomes.

## FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Introductory Course for Major | 3-4 | Area of Concentration for Major | 4 |

Total Credits 120

## ADVISING AND CAREERS

Students should contact Sarah Ripp, the LACIS undergraduate advisor, at skripp@wisc.edu, to determine which courses may satisfy major requirements.

Students are encouraged to seek the assistance of SuccessWorks at the College of Letters & Science early in their academic career. Take advantage of all the services offered such as mock interviews, resume and cover letter review sessions, career preparation workshops, and so on.

Students interested in international internships should contact the International Internships Program (http://internships.international.wisc.edu) office.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well

as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

The Latin American, Caribbean, and Iberian Studies (LACIS) teaching staff consists of more than 100 faculty (https://lacis.wisc.edu/people/affiliated-facuty) who teach Latin American, Caribbean, and Iberian language and area content courses.
LACIS Steering Committee: Calderon (Horticulture), Gomez (History), Simmons (Political Science), Beilin (Spanish and Portuguese), Kallenborn (Human Ecology).

## WISCONSIN EXPERIENCE

As a regional center within the Institute for Regional and International Studies, we support and enhance international and global awareness in our student communities and inspire informed thinking about the complexities of our world. We encourage our students to connect to international networks and our regional communities through our program's lecture series, film screenings, and varied outreach events and activities. We encourage our students to study abroad, do international internships, learn foreign languages, and expect them to gain an interdisciplinary grounding in global and regional affairs. We provide resources and expertise on our world area to students, and prospective students, and more broadly to K–12 teachers and students, postsecondary educators and graduate students, businesses, the media, the military, the community at large, and anyone else who is interested.

## RESOURCES AND SCHOLARSHIPS

Undergraduate students (from any major or discipline) can apply to receive one-time funds (https://lacis.wisc.edu/funding/for-undergraduates) for internships or volunteer programs in Latin America, the Caribbean, the Iberian Peninsula. Domestic programs will be considered if the work is related to the LACIS field of study. The internships and volunteer programs will be carried out in public institutions, or well-established NGOs. Students from any nationality and citizenship are eligible to apply. *Please note that preference is given to declared LACIS majors.* Please check with the LACIS undergraduate advisor, Sarah Ripp (https://lacis.wisc.edu/staff/ripp-sara), about your plans before submitting an application to ensure it meets our criteria. Read post-internship reports from former grant recipients. We also encourage our students to explore funding options available through the Institute for Regional and International Studies (IRIS) Awards Office (https://iris.wisc.edu/funding).

# LATIN AMERICAN, CARIBBEAN, AND IBERIAN STUDIES, B.S.

The Latin American, Caribbean, and Iberian Studies Program is one of the major U.S. centers for research about Latin America. This program is for those who seek a multidisciplinary education on Latin America, the Caribbean, Spain, and Portugal. It offers a wide range of courses in fields such as anthropology, business, economics, geography, history, journalism, music, political science, sociology, Spanish and Portuguese, and indigenous languages such as Yucatec Maya.

The aims of the Latin American, Caribbean, and Iberian studies major are to provide:

1. a broad exposure to Latin American, Caribbean, and Iberian studies by requiring students to take area and language content courses;
2. basic working knowledge in Spanish and/or Portuguese;
3. flexibility which allows students to take courses of interest, study abroad, and develop innovative academic projects; and
4. career-related advice and opportunities including volunteer work and internships with international organizations.

Students should contact the undergraduate advisor to determine which courses may satisfy major requirements. A minimum of 40 credits is required for the LACIS major. Upon declaration of the LACIS major, an assessment file is opened for each student which will include:

1. the development and submission of an "area of concentration,"
2. writing samples,
3. results of a language proficiency exam, and
4. an exit survey.

## HOW TO GET IN

Students should contact the LACIS undergraduate advisor to declare the major.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

| Code | Title | Credits |
|---|---|---|
| **Introduction to Latin America (complete one):** | | 3-4 |
| POLI SCI/ AFROAMER/ ANTHRO/ C&E SOC/GEOG/ HISTORY/ LACIS/SOC/ SPANISH 260 | Latin America: An Introduction | |
| HISTORY 241 | Latin America from 1780 to 1940 | |
| HISTORY 242 | Modern Latin America, 1898 to the Present | |
| **Language Requirement** | | 12-16 |
| Students must either complete or test out of the fourth semester of Spanish or Portuguese. | | |
| Students must also take an additional four courses in Spanish and/or Portuguese language, literature, and civilization above the 220 level. [2] | | |

| Select three courses outside the area of concentration from the following: | |
| Additional courses in Spanish and Portuguese language, literature and civilization over the 220 level (see courses listed under the language requirement above) | |
| Courses in Quechua or Yucatec Maya (see courses listed under the language requirement above) | |
| Additional LACIS courses outside the area of concentration(see courses listed above) | |
| Total Credits | 39-52 |

[1] The POLI SCI/AFROAMER/ANTHRO/C&E SOC/GEOG/HISTORY/ LACIS/SOC/SPANISH 260 course is a 4-credit, interdepartmental course (crosslisted in anthropology, geography, history, political science, sociology, or Spanish). This course is generally available only in the spring semester. Students are encouraged to take this course as early as possible in their undergraduate careers. A student may also take HISTORY 241 or HISTORY 242 to satisfy this

requirement. Occasionally, specially assigned courses will fulfill this requirement.

2 With approval of the undergraduate advisor, courses in Yucatec Maya or Quechua may apply.

## AREA OF CONCENTRATION

Students must take at least five courses with a minimum of 25 percent Latin American, Caribbean, and/or Iberian content in an area of concentration that the student self-selects. The concentration may be disciplinary (history, anthropology, etc.) or topical (poverty, gender, social justice, etc.). The courses in the area of concentration cannot be Spanish or Portuguese language or literature courses. Study abroad courses often satisfy major requirements, but students should consult with the advisor before and during the study abroad program to ensure that the credits transfer. Courses for the concentration can be chosen from the LACIS Master Course List, or the LACIS-Approved Course List published each semester—both lists are available on the LACIS website. *Note:* These lists may not reflect all current offerings.

## NOTES

Students are encouraged to register in this major by the beginning of the junior year. Those considering a major in Latin American, Caribbean, and Iberian studies should consult the undergraduate advisor as early as possible in their academic career since a number of L&S requirements in humanities and social sciences may be met by courses in Latin American, Caribbean, and Iberian studies. Students who enter the university without previous training in Spanish or Portuguese are urged to begin language study in the freshman year.

## SAMPLE PROGRAMS

The following list illustrates examples of "area of concentration" programs selected by Latin American, Caribbean, and Iberian studies majors:

- History and Culture Emphasis
- Environment and Development Emphasis
- Media and Politics Emphasis
- Gender Studies and Human Rights Emphasis

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all LACIS and all major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence[1]
- 15 credits in LACIS, taken on the UW–Madison campus

1 Courses in SPANISH and PORTUG and major courses in ANTHRO numbered 300 and higher are considered upper level in this major.

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the LACIS undergraduate advisor.

## HONORS IN THE LATIN AMERICAN, CARIBBEAN, AND IBERIAN STUDIES MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.400 GPA for all major courses
- Complete 18 credits, taken for Honors, with individual grades of B or better, to include:

| Code | Title | Credits |
|---|---|---|
| **One of the following LACIS Introductory Courses, taken for Honors:** | | 3-4 |
| LACIS/ AFROAMER/ ANTHRO/ C&E SOC/GEOG/ HISTORY/ POLI SCI/SOC/ SPANISH 260 | Latin America: An Introduction | |
| HISTORY 241 | Latin America from 1780 to 1940 | |
| HISTORY 242 | Modern Latin America, 1898 to the Present | |
| **Senior Capstone Seminar, taken for Honors:** | | 1-4 |
| INTL ST 603 | Topics in Culture in the Age of Globalization | |
| **A two-semester Senior Honors Thesis:** | | 6 |
| LACIS 681 & LACIS 682 | Senior Honors Thesis and Senior Honors Thesis | |
| A two-semester research-based alternative | | |
| **Additional LACIS Honors to achieve 18 credits** | | |

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. (Interdisciplinarity) analyzing contemporary political, economic, and cultural realities in the LACIS regions from multi-disciplinary perspectives, ideally including humanities, social sciences and sometimes natural science approaches.
2. (Depth of knowledge) mastering at the undergraduate expert level a particular disciplinary (e.g. history, anthropology etc.) or topical (e.g. poverty, gender, social justice etc.) theme in the LACIS regions by taking five courses in an area of concentration.

3. (Historical and cultural grounding) understanding the historical, political, and cultural forces and conditions that have given rise to the unity and diversity in LACIS regions today.
4. (Language knowledge) mastering at the undergraduate generalist level a particular facet of life in one or more LACIS regions by studying a foreign language to the advanced (3rd year) level and beyond.
5. (Analytical skills) demonstrating the ability to think critically and analytically, the capacity to write clearly and effectively, and the ability to identify and evaluate research methods and outcomes.

## FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Introductory Course for Major | 3-4 | Area of Concentration for Major | 4 |
| PORTUG 101 or SPANISH 101 | 4 | PORTUG 102 or SPANISH 102 | 4 |
| Communication A | 4 | Ethnic Studies | 3 |
| Quantitative Reasoning A | 3-4 | Biological Science Breadth | 3 |
| | 15 | | 14 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Declare the Major (before 86 credits)[Students can declare the major at any time, however we encourage early declaration of our major so that students can connect with LACIS faculty, staff and the community early on and benefit from opportunities through LACIS and from attending LACIS events and programs.] | | Apply for Summer Internship[LACIS encourages students to consider an internship during their college career.] | |
| Area of Concentration for the Major | 4 | Area of Concentration for the Major (and L&S Breadth) | 4 |
| PORTUG 201 or SPANISH 203 | 4 | PORTUG 202 or SPANISH 204 | 4 |
| Quantitative Reasoning B | 3-4 | Communication B | 4 |
| Science Breadth | 3 | Physical Science Breadth | 3 |
| INTER-LS 210 | 1 | | |
| | 15 | | 15 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Recommend Study Abroad | | Recommend Study Abroad and Apply for Summer Internship | |
| Area of Concentration in the Major | 3-4 | Area of Concentration in the Major | 3-4 |
| Breadth in the Major | 3 | Language, Literature or Civilization for the Major | 4 |
| Language, Literature or Civilization for the Major[Above 220 level] | 3-4 | I/A Level Comp Sci, Math, or Stat (if B.S.) | 3 |

Total Credits 120

## ADVISING AND CAREERS

Students should contact Sarah Ripp, the LACIS undergraduate advisor, at skripp@wisc.edu, to determine which courses may satisfy major requirements.

Students are encouraged to seek the assistance of SuccessWorks at the College of Letters & Science early in their academic career. Take advantage of all the services offered such as mock interviews, resume and cover letter review sessions, career preparation workshops, and so on.

Students interested in international internships should contact the International Internships Program (http://internships.international.wisc.edu) office.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information,

see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

The Latin American, Caribbean, and Iberian Studies (LACIS) teaching staff consists of more than 100 faculty (https://lacis.wisc.edu/people/affiliated-facuty) who teach Latin American, Caribbean, and Iberian language and area content courses.
LACIS Steering Committee: Calderon (Horticulture), Gomez (History), Simmons (Political Science), Beilin (Spanish and Portuguese), Kallenborn (Human Ecology).

## RESOURCES AND SCHOLARSHIPS

Undergraduate students (from any major or discipline) can apply to receive one-time funds (https://lacis.wisc.edu/funding/for-undergraduates) for internships or volunteer programs in Latin America, the Caribbean, the Iberian Peninsula. Domestic programs will be considered if the work is related to the LACIS field of study. The internships and volunteer programs will be carried out in public institutions, or well-established NGOs. Students from any nationality and citizenship are eligible to apply. *Please note that preference is given to declared LACIS majors.* Please check with the LACIS undergraduate advisor, Sarah Ripp (https://lacis.wisc.edu/staff/ripp-sara), about your plans before submitting an application to ensure it meets our criteria. Read post-internship reports from former grant recipients. We also encourage our students to explore funding options available through the Institute for Regional and International Studies (IRIS) Awards Office (https://iris.wisc.edu/funding).

# MIDDLE EAST STUDIES, CERTIFICATE

The Middle East studies certificate introduces undergraduate students to a multidisciplinary course of study that provides them with an informed overview of the history, civilizations, religions, politics, geographies, and economic factors that shape the cultural landscape of this dynamic and often volatile region.

The certificate provides in-depth training in a special area that may be particularly useful as students pursue careers in a variety of fields. These can include academia, law, public history, education, business, and even medicine, where they will practice their profession abroad or use their international experience to expand their understandings of these regions as they work with topics on or populations from diverse societies in the Middle East.

## HOW TO GET IN

Students interested in declaring the undergraduate certificate should contact the IRIS Assistant Director for Students and Curriculum.

## REQUIREMENTS

# CERTIFICATE REQUIREMENTS

**18 credits** are required, as follows:

### CORE COURSE

| Code | Title | Credits |
|---|---|---|
| INTL ST 266 | Introduction to the Middle East | 3 |

### MIDDLE EASTERN LANGUAGE COURSE

One course required from:

| Code | Title | Credits |
|---|---|---|
| ASIALANG 138 | Second Semester Persian | 4 |
| HEBR-MOD 102 | Second Semester Hebrew | 4 |
| HEBR-MOD/ JEWISH 301 | Introduction to Hebrew Literature | 3 |
| HEBR-MOD/ JEWISH 302 | Introduction to Hebrew Literature | 3 |
| HEBR-MOD/ JEWISH 401 | Topics in Modern Hebrew / Israeli Literature and Culture I | 3 |
| HEBR-MOD/ JEWISH 402 | Topics in Modern Hebrew / Israeli Literature and Culture II | 3 |
| AFRICAN 322 | Second Semester Arabic | 5 |
| AFRICAN 323 | Third Semester Arabic | 4 |
| AFRICAN 324 | Fourth Semester Arabic | 4 |
| AFRICAN 445 | Advanced Readings in Arabic Texts | 3 |

### HISTORY AND SOCIAL SCIENCE COURSES

One course required from:

| Code | Title | Credits |
|---|---|---|
| ANTHRO 322 | The Origins of Civilization | 3 |
| ANTHRO/ LINGUIS 430 | Language and Culture | 3-4 |
| CURRIC 375 | Proseminar | 1-3 |
| HISTORY/ CLASSICS 110 | The Ancient Mediterranean | 4 |
| HISTORY 111 | Culture & Society in the Ancient Mediterranean | 3-4 |
| HISTORY/ MEDIEVAL/ RELIG ST 112 | The World of Late Antiquity (200-900 C.E.) | 4 |
| HISTORY 139 | The Middle East in the 20th Century | 3-4 |
| HISTORY 201 | The Historian's Craft (Topic: Technology and Revolution in the Middle East) | 3-4 |
| HISTORY/ RELIG ST 205 | The Making of the Islamic World: The Middle East, 500-1500 | 3-4 |
| HISTORY/ JEWISH 220 | Introduction to Modern Jewish History | 4 |
| HISTORY/GNS 265 | An Introduction to Central Asia: From the Silk Route to Afghanistan | 3 |

| | | |
|---|---|---|
| HISTORY/ MEDIEVAL/ RELIG ST 309 | The Crusades: Christianity and Islam | 3-4 |
| HISTORY/ JEWISH 373 | Modern Political History of the Jews: 1655-1919 | 4 |
| HISTORY/ JEWISH 374 | Modern Political History of the Jews: Era of Mass Movements, 1870-1970 | 4 |
| HISTORY/ RELIG ST 379 | Islam in Iran | 3 |
| HISTORY/ RELIG ST 439 | Islamic History From the Origin of Islam to the Ottoman Empire | 3-4 |
| HISTORY/ASIAN 463 | Topics in South Asian History (Topic: Empires of the East: Eurasia, Indian Ocean) | 3 |
| HISTORY 500 | Reading Seminar in History | 3 |
| HISTORY/HIST SCI/ MED HIST/ MEDIEVAL/ S&A PHM 562 | Byzantine Medicine and Pharmacy | 3 |
| HISTORY 600 | Advanced Seminar in History (Topic: Byzantine Empresses and their Men) | 3 |
| HISTORY 600 | Advanced Seminar in History (Topic: Crusader States) When section topic is Middle East-related | 3 |
| INTL ST 320 | Contemporary Issues in International Studies (When topic is Middle East-related) | 1-4 |
| INTL ST 401 | Topics in Global Security | 3-4 |
| JEWISH/ HISTORY 220 | Introduction to Modern Jewish History | 4 |
| JEWISH 233 | Elementary Topics in Jewish Studies: Social Sciences | 3-4 |
| POLI SCI 347 | Terrorism | 3 |
| POLI SCI 401 | Selected Topics in Political Science | 3-4 |
| POLI SCI 529 | Arab-Israeli Conflict | 3-4 |
| POLI SCI/ RELIG ST 618 | Political Islam | 3-4 |
| POLI SCI/ JEWISH 665 | Israeli Politics and Society | 3-4 |

## RELIGION AND CULTURE COURSES

One course required from:

| Code | Title | Credits |
|---|---|---|
| AFRICAN 231 | Introduction to Arabic Literary Culture | 3 |
| AFRICAN 300 | African Literature in Translation (Topic: Arab Publics) | 3 |

| RELIG ST 400 | Topics in Religious Studies - Humanities | 3-4 |
| RELIG ST 401 | Topics in Religious Studies - Social Studies | 3-4 |

[1] A maximum of 3 credits of Advanced Language may apply to the Certificate.

### RESIDENCE AND QUALITY OF WORK

- A minimum of 9 Certificate credits must be in residence
- Minimum 2.000 GPA in all Certificate courses

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. (Historical and Cultural Grounding) understanding the historical, political, and cultural forces and conditions that have given rise to the unity and diversity in the region today.
2. (Multi-disciplinarity) analyzing contemporary political, economic, and cultural realities in the region from at least two disciplinary perspectives, ideally including humanities, social sciences and sometimes natural science approaches.
3. (Depth of knowledge) mastering at the undergraduate generalist level a particular facet of life in the region by taking courses on a particular sub-region or country, or by studying a regional language, or by taking at least two courses on the region in one discipline.

## ADVISING AND CAREERS

Advising for the certificate is run by the Institute for Regional and International Studies (IRIS). The IRIS Assistant Director for Students and Curriculum can assist you in developing your plan of study for the certificate, track progress toward your certificate, explore study abroad and international internship options, and begin the career exploration process. We offer walk-in advising, advising workshops, and scheduled appointments. We strongly encourage students to begin career exploration early on and to make use of the many resources available on campus.

Resources:

- Language and International Directions Advising (http://www.languages.wisc.edu/languageadvising) (Language Institute)
- International Internship Program (http://internships.international.wisc.edu)

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Middle East Studies Program Steering Committee: El Nossery, Layoun, Pruitt, Quraishi-Landes, Shelef.

## WISCONSIN EXPERIENCE

As a regional center within the Institute for Regional and International Studies, we support and enhance international and global awareness in our student communities and inspire informed thinking about the complexities of our world. We encourage our students to connect to international networks and our regional communities through our program's lecture series, film screenings, and varied outreach events and activities. We encourage our students to study abroad, do international internships, and learn foreign languages, and we expect them to gain an interdisciplinary grounding in global and regional affairs. We provide resources and expertise on our world area to students, and prospective students, and more broadly to K–12 teachers and students, postsecondary educators and graduate students, businesses, the media, the military, the community at large, and anyone else who is interested.

## RESOURCES AND SCHOLARSHIPS

Information about funding through the Middle East Studies Program is available on our website (https://mideast.wisc.edu/funding-resources). We also encourage our students to explore funding options available through the Institute for Regional and International Studies (IRIS) Awards Office (https://iris.wisc.edu/funding).

# RUSSIAN, EAST EUROPEAN, AND CENTRAL ASIAN STUDIES, CERTIFICATE

(For information on a major in Russian language and literature, Russian language and civilization, or Polish language and literature, see Slavic Languages and Literature (http://slavic.lss.wisc.edu/new_web).)

The undergraduate certificate program in Russian, East European, and Central Asian studies seeks to provide undergraduate students with area knowledge of the societies and cultures of the peoples of Eastern Europe and Eurasia, drawing on the disciplines of anthropology, communication arts, economics, folklore, geography, history, language and literature, law, political science, and sociology. The certificate can be a valuable addition to a major in business, economics, education, geography, history, international studies, political science, Slavic languages and literature, and other departments.

Applicants must fulfill the UW–Madison requirements for an established major in their school or college and achieve a minimum GPA of 2.5 in all courses they wish to count toward the certificate. Courses may **not** be taken on a pass/fail basis. At least two years of a Slavic, East European, or Central Asian language are strongly recommended for the certificate, but are not formally required.

## HOW TO GET IN

Students interested in declaring the undergraduate certificate should contact the advisor.

## REQUIREMENTS

## CERTIFICATE REQUIREMENTS

Seven courses are required, at least one from each of the following three groups. [2]

### INTERDISCIPLINARY COURSES (GROUP 1)

Complete at least one course:

| Code | Title | Credits |
|---|---|---|
| HISTORY/POLI SCI/ GEOG/SLAVIC 253 | Russia: An Interdisciplinary Survey | 4 |
| HISTORY/POLI SCI/ GEOG/SLAVIC 254 | Eastern Europe: An Interdisciplinary Survey | 4 |

### HISTORY AND THE SOCIAL SCIENCES (GROUP 2):

Complete at least one course from any of these areas:

**Agricultural and Applied Economics**

| Code | Title | Credits |
|---|---|---|
| A A E/ENVIR ST 244 | The Environment and the Global Economy | 4 |
| A A E/INTL ST 373 | Globalization, Poverty and Development | 3 |

1 When topic is Russia, Eastern Europe, or Central Asia

2 A course that is listed in more than one group will only apply to one group. A course that is more than minimally required in one group may apply to a different group.

## RESIDENCE AND QUALITY OF WORK

- Minimum 2.500 GPA for all coursework approved for the certificate
- 11 credits, counting toward the certificate, taken in residence

# CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. (Regional Understanding) Demonstrate an understanding of the cultural, political, economic, social, and historical factors that have shaped the development of societies in Eurasia, Russia, and East and Central Europe.
2. (Multi-disciplinarity) Analyze the historical, political, economic, social, and cultural realities in the region from at least two disciplinary perspectives, including both humanities and social sciences approaches.

## ADVISING AND CAREERS

Advising for the certificate is administered by the Institute for Regional and International Studies (IRIS). The IRIS assistant director for students and curriculum can assist you in developing your plan of study for the certificate, track progress toward your certificate, explore study abroad and international internship options, and begin the career-exploration process. We offer walk-in advising, advising workshops, and scheduled appointments. We strongly encourage students to begin career exploration early on and to make use of the many resources available on campus.

**Resources:**

- Language and International Directions Advising (http://www.languages.wisc.edu/languageadvising) (Language Institute)
- International Internship Program (http://internships.international.wisc.edu)

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

**Faculty:** Belodubrovskaya, Brenner, Chamberlain, Ciancia, Dale, Danaher, Derin, DuBois, Erkan, Evans-Romaine, Filipowicz, Gehlbach (director), Gerber, Glowacki, Hanukai, Hendley, Herrera, Hirsch, Kaiser, Karpukhin, Livanos, Longinovic, McDonald, Michels, Miernowska, Neville, Ospovat, Radeloff, Reynolds, Shevelenko, Tishler, Tumarkin, van de Water, Wink, Yudkoff, Zilbergerts.

## WISCONSIN EXPERIENCE

As a regional center within the Institute for Regional and International Studies, we support and enhance international and global awareness in our student communities and inspire informed thinking about the complexities of our world. We encourage our students to connect to international networks and our regional communities through our program's lecture series, film screenings, and varied outreach events and activities. We encourage our students to study abroad, do international internships, learn foreign languages, and expect them to gain an interdisciplinary grounding in global and regional affairs. We provide resources and expertise on our world area to students, and prospective students, and more broadly to K–12 teachers and students, postsecondary educators and graduate students, businesses, the media, the military, the community at large, and anyone else who is interested.

## RESOURCES AND SCHOLARSHIPS

Information about resources, scholarships, and other funding through the Center for Russia, East Europe, and Central Asia is available from our website (https://creeca.wisc.edu) on the Resources tab. We also encourage our students to explore funding options available through the Institute for Regional and International Studies (IRIS) Awards Office (https://iris.wisc.edu/funding).

# SOUTH ASIAN STUDIES, CERTIFICATE

## SOUTH ASIAN STUDIES CERTIFICATE PROGRAM

Undergraduates interested in cross-disciplinary study of South Asia (generally defined as the countries of Afghanistan, Bangladesh, Bhutan, India, Nepal, Pakistan, Sri Lanka, and the Tibetan region) may earn a certificate in South Asian studies. The certificate can be a valuable addition to a major in anthropology, archeology, business, communications, economics, education, gender and women's studies, geography, history, international studies, journalism, languages and cultures of Asia, political science, zoology, and other departments. Completion of the certificate provides a concentration in the area through

language and/or interdisciplinary training that provides enhanced career opportunities or increased preparation for graduate study.

The certificate in South Asian studies can be partially fulfilled through completion of a study abroad program in India administered by International Academic Programs (http://www.studyabroad.wisc.edu).

## HOW TO GET IN

Students interested in declaring the undergraduate certificate should contact the Center for South Asia office or the undergraduate advisor.

### RESIDENCE & QUALITY OF WORK

- 2.750 GPA in all certificate-approved courses
- 11 credits in the certificate must be taken in Residence

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. (Historical Grounding) understanding the historical, political, and cultural forces and conditions that have given rise to the unity and diversity in the region today.
2. (Multi-disciplinarity) analyzing contemporary political, economic, and cultural realities in the region from at least two disciplinary perspectives, ideally including humanities, social sciences and sometimes natural science approaches.
3. (Depth of knowledge) mastering at the undergraduate generalist level a particular facet of life in the region by taking courses on a particular sub-region or country, or by studying a regional language, or by taking at least two courses on the region in one discipline.

## ADVISING AND CAREERS

Advising for the certificate is administered by the Institute for Regional and International Studies (IRIS). The IRIS assistant director for students and curriculum can assist you in developing your plan of study for the certificate, track progress towards your certificate, explore study abroad and international internship options, and begin the career exploration process. We offer walk-in advising, advising workshops, and scheduled appointments. We strongly encourage students to begin career exploration early on and to make use of the many resources available on campus.

Contact the certificate advisor (Csanád Siklós, 262-5006; siklos@wisc.edu) to create a plan that includes a well-balanced selection of area studies and disciplinary courses and for approval of appropriate introductory and capstone seminar courses.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

We also encourage our students to explore funding options available through the Institute for Regional and International Studies (IRIS) Awards Office (https://iris.wisc.edu/funding).

# SOUTHEAST ASIAN STUDIES, CERTIFICATE

Students interested in more specialized study of the languages and literature of East Asia, South Asia, or Southeast Asia should see the Department of Asian Languages and Cultures, the Center for East Asian Studies, or the Center for South Asia; those interested in the study of languages and cultures of Central Asia should see the Center for Russian, East European, and Central Asian Studies. All questions pertaining to

Southeast Asian studies at UW–Madison, should be addressed to the Center for Southeast Asian Studies (see box at right).

# CERTIFICATE IN SOUTHEAST ASIAN STUDIES

The undergraduate certificate in Southeast Asian studies is available to students working toward a baccalaureate degree in any of the University of Wisconsin–Madison schools and colleges. This certificate meets the needs of students choosing to focus on the Southeast Asia region (Brunei, Cambodia, East Timor, Indonesia, Laos, Malaysia, Myanmar/Burma, Philippines, Singapore, Thailand, Vietnam) within their primary major, but not wishing to commit to the more rigorous language and area studies courses required for the B.A. in Asian Languages and Cultures (named option in Southeast Asia). Students select coursework reflecting their interests from classes offered through many university departments, and can work toward a variety of undergraduate majors. Upon earning the certificate, this emphasis is noted on the student's transcript. The certificate is of value to students wishing to demonstrate their knowledge of the Southeast Asian region either to potential employers or to graduate schools.

## HOW TO GET IN

Students interested in declaring the certificate in Southeast Asian studies should contact the program advisor.

| MUSIC/ FOLKLORE 103 | Introduction to Music Cultures of the World | |
| MUSIC/ FOLKLORE 402 | Musical Cultures of the World | |
| RELIG ST/ AFRICAN/ ASIAN 370 | Islam: Religion and Culture | |

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA on all certificate-approved courses
- 8 credits in the certificate, in Residence

# CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. (Historical and Cultural Grounding) understanding the historical political and cultural forces and conditions that have given rise to the unity and diversity in the region today.

2. (Multi-disciplinarity) analyzing contemporary political, economic, and cultural realities in the region from at least two disciplinary perspectives, ideally including humanities, social sciences and sometimes natural science approaches.
3. (Depth of Knowledge) mastering at the undergraduate generalist level a particular facet of life in the region by taking courses on a particular sub-region or country or by studying a regional language or by taking at least two courses on the region in one discipline.

## ADVISING AND CAREERS

All students interested in this certificate are encouraged to take HISTORY/ASIAN/GEOG/POLI SCI/SOC 244 Introduction to Southeast Asia: Vietnam to the Philippines.

Southeast Asian language courses can be taken during the academic year (Filipino, Hmong, Indonesian, Thai, and Vietnamese) and all of these plus three others (Burmese, Khmer, and Lao) can be taken at UW–Madison's summer program, the Southeast Asian Studies Summer Institute (http://seassi.wisc.edu).

Students interested in the certificate in Southeast Asian studies, should contact the program adviser Michael Cullinane, mmcullin@wisc.edu, 608-263-1755.

## PEOPLE

**Faculty:** Professors Bowie (Anthropology), Coxhead (Agricultural and Applied Economics), Gade (Nelson Institute for Environmental Studies), Hansen (History), A. McCoy (History), Olds (Geography), Sidel (Law), Zhou (Anthropology); Associate Professors Baird (Geography, director), Choy (Dance/Asian American Studies), Haberkorn (Asian Languages and Cultures), Ho (Curriculum and Instruction/Education), Kim (Anthropology), Nobles (Sociology); Adjunct Associate Professor Kozel (La Follette School of Public Affairs), Faculty Associates Barnard (Asian Languages and Cultures), Cullinane (History/Southeast Asian Studies), Jung (Political Science), M. McCoy (Communication Arts/Southeast Asian Studies); Lecturers Dinh (Asian Languages and Cultures), Lee (Asian Languages & Cultures), Surasin (Asian Languages and Cultures), Suryani (Asian Languages and Cultures), Zamar (Asian Languages & Cultures); Librarian Ashmun (Southeast Asia Collection, Memorial Library)

## WISCONSIN EXPERIENCE

As a regional center within the Institute for Regional and International Studies, we support and enhance international and global awareness in our student communities and inspire informed thinking about the complexities of our world. We encourage our students to connect to international networks and our regional communities through our program's lecture series, film screenings, and varied outreach events and activities. We encourage our students to study abroad, do international internships, learn foreign languages, and expect them to gain an interdisciplinary grounding in global and regional affairs. We provide resources and expertise on our world area to students, and prospective students, and more broadly to K-12 teachers and students, postsecondary educators and graduate students, businesses, the media, the military, the community at large, and anyone else who wants it.

## RESOURCES AND SCHOLARSHIPS

Information about resources, scholarships and funding through the Center for Southeast Asian Studies is available from our website (http://seasia.wisc.edu) on the "For Students" and the "Resources" tabs. We also encourage our students to explore funding options available through the Institute for Regional and International Studies (IRIS) Awards Office (https://iris.wisc.edu/funding).

# INTEGRATED LIBERAL STUDIES

Integrated Liberal Studies (https://ils.wisc.edu) (ILS) is an interdisciplinary program offering courses devoted to Western history, philosophy, politics, art, literature, and culture. As an alternative to scattered electives, ILS offers a set of related courses specially tailored to meet the breadth requirements of the College of Letters & Science. ILS draws exemplary, dynamic faculty from departments across campus to create courses that challenge students with a rigorous program of interdisciplinary study emphasizing critical thinking and judgment rather than passive absorption of information. Although these courses may be taken as single electives, the purpose of the program is to counter the fragmentation of undergraduate education by providing a common ground of learning.

Because ILS courses are interdisciplinary, students are encouraged to make connections between the various subject areas. They study the relations between literature and the arts; science, technology, and philosophy; and political, economic, and social thought. The content of the curriculum has been developed in the belief that historical perspective is required for a full understanding of contemporary issues. Courses numbered 201-208 progress from historical to contemporary topics, in each of the three breadth areas. Together, these courses provide a comprehensive introduction to the achievements of Western culture. Those numbered 251-372 cover interdisciplinary special topics in the natural sciences, social sciences, and humanities, from "Art and Political Activism" to "Vietnam: Music, Media, and Mayhem." ILS also includes a course (ILS 200 Critical Thinking and Expression) in Critical Thinking and Expression to sharpen communication and research skills necessary for college work. This course satisfies the university's Communications B requirement. ILS 400 Capstone Integration Seminar, a senior capstone seminar addressing an interdisciplinary topic, is required in order to complete the ILS certificate.

## BRADLEY LEARNING COMMUNITY

The ILS program is affiliated with the Bradley Learning Community (http://www.housing.wisc.edu/bradley), a residence hall. ILS faculty participate in activities and offer courses taught in the residence hall.

## DEGREES/MAJORS/CERTIFICATES

## HOW TO GET IN

## REQUIREMENTS

### 18 CREDITS FROM:

| Code | Title | Credits |
|---|---|---|
| **At least 3 credits from a 230+ numbered course:** | | 3 |
| ILS/RELIG ST 234 | Genres of Western Religious Writing | |
| ILS 251 | Contemporary Physical Sciences | |
| ILS 252 | Contemporary Life Sciences | |
| ILS 253 | Literature and Society | |
| ILS 254 | Literature and Science | |
| ILS 271 | Pre-Copernican Astronomy and Cosmology in Crosscultural Perspective | |
| ILS 275 | Special Topics in Integrated Liberal Studies | |
| ILS 298 | Directed Study | |
| ILS 299 | Directed Study | |
| ILS 338 | Peer Montoring for First-Year Liberal Education Seminar | |
| ILS 357 | Peer Mentor Seminar | |
| ILS 371 | Interdisciplinary Studies in the Arts and Humanities | |
| ILS 372 | Interdisciplinary Studies in the Social Sciences | |
| ILS 401 | | |
| ILS 490 | Research in Integrated Liberal Studies | |
| ILS 681 | Undergraduate Honors Thesis | |
| ILS 682 | Undergraduate Honors Thesis | |
| ILS 691 | Undergraduate Thesis | |
| ILS 692 | Undergraduate Thesis | |
| **Capstone** | | |
| ILS 400 | Capstone Integration Seminar | 3 |
| **Additional credits:** | | 12 |
| *Any ILS course from above or:* [1] | | |
| ILS/ENVIR ST 126 | Principles of Environmental Science | |
| ILS 138 | CRC First-Year Seminar: Foundations of a Liberal Arts Education | |
| ILS/INTER-AG 150 | Ways of Knowing | |
| ILS 153 | Ways of Knowing in the Sciences | |
| ILS 157 | Bradley Roundtable Seminar | |
| ILS 170 | | |
| ILS 198 | Directed Study | |
| ILS 199 | Directed Study | |
| ILS 200 | Critical Thinking and Expression | |
| ILS 201 | Western Culture: Science, Technology, Philosophy I | |

| | |
|---|---|
| ILS 202 | Western Culture: Science, Technology, Philosophy II |
| ILS 203 | Western Culture: Literature and the Arts I |
| ILS 204 | Western Culture: Literature and the Arts II |
| ILS 205 | Western Culture: Political, Economic, and Social Thought I |
| ILS 206 | Western Culture: Political, Economic, and Social Thought II |
| ILS 208 | |
| ILS 209 | |
| Total Credits | 18 |

[1] Up to 6 credits from Freshman Interest Group (FIG) courses may apply to the certificate. Consult the undergraduate advisor for more information about applying these courses to the program.

### RESIDENCE & QUALITY OF WORK

2.000 GPA on ILS courses and courses counting toward the certificate

9 credits in the certificate, in residence

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. Ability to integrate different types of knowledge and disciplinary approaches.
2. Knowledge of the past and its relevance to the present.
3. Ability to handle complex ideas.
4. Intellectual curiosity.

## ADVISING AND CAREERS

## ADVISOR CONTACT

**Richard Avramenko, ILS Chair**
ils@ls.wisc.edu
608-262-2190

## CAREER INFORMATON

The Integrated Liberal Studies Program encourages certificate students to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks in the College of Letters & Science to help you leverage the academic skills learned in your major and liberal arts degree, explore and try out different career paths, participate in internships, prepare for the job search and/or graduate school applications, and network with professionals in the field (alumni and employers).

Letters & Science graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## WISCONSIN EXPERIENCE

### "A SMALL LIBERAL ARTS EXPERIENCE WITHIN A GREAT UNIVERSITY"

**ILS is not only a certificate, but a community on campus. The program strives to create a place where students can take multiple classes with the same group of peers and develop lasting relationships. It's like a FIG (first-year interest group) throughout the entire undergraduate experience.**

"The University of Wisconsin needs programs like ILS to give students the indispensable liberal arts experience and I am happy that it was part of my experience here on campus." Brett Tietz (2015 ILS graduate)

"I love that the history and literature I learn in my ILS courses makes me a better conversationalist." Paul Sutherland (2015 ILS graduate)

"I love ILS because there is so much to learn. Through ILS I was able to trace the history of science from natural philosophy all the way up to Newtonian physics, and the impact of science on the contemporary art & literature. I really enjoyed being able to study the humanities, and the insights these classes have provided me on the interaction between science and culture. The program was a great way for me to study things that I am interested in, but are unrelated to my major, such as astronomy, geology, philosophy, literature, art history, geopolitics." Brad Glasco (2015 ILS graduate)

"The main goal of ILS is to get its students to recognize how different subjects of knowledge connect with one another. Our student-led class in our ILS capstone attempted to accomplish this goal through the topic of tattoos. By reading articles and books on tattoos, witnessing a classmate receive a tattoo, interviewing veteran tattoo artists in the field, debating case studies, and discussing stigmas and stereotypes of tattoos, we wove together knowledge from history, psychology, sociology, criminology, philosophy, and art. My views about tattoos, and people who choose to get them, will be forever better informed. I will always remember my classmates and this capstone!" Ryan Fleming (2015 ILS graduate)

"Virtually every ILS class threatens to fundamentally change the way you see the world." Eric Schmidt, political science major

"Some of the best professors on campus teach ILS classes, and they love the program as much as the students! How many other programs offer Aristophanes, Nietzsche and Jon Stewart in the same class?" Jeff Landow, English major

## RESOURCES AND SCHOLARSHIPS

**ILS offers multiple scholarship and award opportunities for declared certificate students. These are awarded every Spring at the end of the year banquet.**

### MEIKLEJOHN TRAVEL AWARD

#### UP TO $1500

Named for Alexander Meiklejohn, founder of the University of Wisconsin Experimental College (1927–32), the forerunner to the ILS program, this prize is intended to help support an ILS student in a university-sponsored or an independent program of education-centered travel or study abroad, taking place during the summer or academic year (or in the United States if the destination is remote from the student's home or the campus).

### POOLEY PRIZE

#### UP TO $2,000 EACH (BASED ON AVAILABLE FUNDS)

Named for Professor Robert Pooley, the first chair of the Integrated Liberal Studies program (1948), this prize is:

- given annually to one outstanding male ILS student and one outstanding female ILS student
- on the basis of academic achievement (GPA of at least 3.0 for the 3 preceding semesters),
- evidence of good character,
- student leadership in the ILS program, including involvement in extracurricular activities, and
- available for travel purposes relating to their ILS courses.

### RUTH KNATZ AWARD

#### UP TO $5,000 (BASED ON AVAILABLE FUNDS)

Named for Ruth Knatz Gross Wisnewsky and given by her husband, Edward Wisnewsky, this prize will be given only to a truly outstanding student who:

- is majoring in at least one humanities discipline (including history and history of science, but not social science or science); this means you may be double-majoring in one non-humanities major, but the other must be a humanities major
- gives promise of making a valuable contribution to the humanities
- has done exemplary work in 15 ILS credits (6 credits above 250)
- has achieved junior or senior standing,
- will be travelling with the purpose of strengthening their ILS course and academic purpose, and
- has signed up for the certificate and plans to complete the ILS certificate program.

# INTEGRATIVE BIOLOGY

## RESEARCH AND EDUCATION

With 19 faculty and 14 affiliated faculty members from campus, research and education in the Department of Integrative Biology spans all levels of biological organization (from the molecular level to whole ecosystems and regions), considers a diverse range of taxa (microbes, plants,

animals) and systems (terrestrial, aquatic), and addresses a wide array of basic and applied research questions. The Department of Integrative Biology is committed to providing the best training and education in the field of biology for UW–Madison undergraduate and graduate students.

## MAJORS

As one of the largest departments in the College of Letters & Science, the Department of Integrative Biology is home to the biology (L&S), molecular biology, neurobiology, and zoology undergraduate majors. Nearly 2,500 students enroll in our introductory biology courses (BIOLOGY/ZOOLOGY 101 Animal Biology and ZOOLOGY/BIOLOGY 102 Animal Biology Laboratory; BOTANY/BIOLOGY/ZOOLOGY 151 Introductory Biology/ZOOLOGY 153 Introductory Biology 153 and ZOOLOGY/BIOLOGY/BOTANY 152 Introductory Biology), and another 1,000 students enroll in a variety of courses in the field of biology.

## DEGREES/MAJORS/CERTIFICATES

- Biology, B.A. (L&S) (p. 998)
- Biology, B.S. (L&S) (p. 1015)
- Molecular Biology, B.A. (p. 1032)
- Molecular Biology, B.S. (p. 1037)
- Neurobiology, B.A. (p. 1042)
- Neurobiology, B.S. (p. 1049)
- Zoology, B.A. (p. 1055)
- Zoology, B.S. (p. 1061)

## PEOPLE

Professors Hardin (chair, jdhardin@wisc.edu), Bement, Blair, Gammie, Halloran, Ives, Lee, Newmark, Riters, Stanley, Turner, and Vander Zanden

Associate Professors Amann, Damschen, Grinblat, and Orrock

Assistant Professors Dugan, Sharma, and Wolman

Adjunct Professor Peckarsky

# BIOLOGY, B.A. (L&S)

The biology major is designed for students with broad interests in the biological sciences. It is intended primarily to:

1. prepare undergraduates for graduate studies in diverse areas of biology;
2. prepare certain preprofessional students (e.g., medicine, veterinary medicine, dentistry) for advanced study in the health professions;
3. provide a broad exposure to biology for students who want a general science education as biologists; and
4. serve as initial preparation for students who later choose a more specialized major.

The major is offered by the College of Letters & Science and the College of Agricultural and Life Sciences.

## HOW TO GET IN

Students interested in declaring the biology major should set up an appointment to speak with biology academic advisor. Information can be found at advising (http://biologymajor.wisc.edu/advising).

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |

| | |
|---|---|
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# MAJOR REQUIREMENTS

Students must complete a minimum of 31 credits of Biological Science courses as detailed below. Unless specifically stated otherwise, courses may not be used to meet multiple requirements of the major.

In addition to the standard Biology major, there are two Named Options (p. 1004):

- Biology with an Option in Plant Biology
- Biology with an Option in Evolutionary Biology

Students may complete only one Biology major/option and must declare the option they are pursuing.

# CORE REQUIREMENTS

## Mathematics and Statistics

| Code | Title | Credits |
|---|---|---|
| Complete one of the following: | | 5-10 |
| MATH 221 | Calculus and Analytic Geometry 1 | |
| MATH 171 & MATH 217 | Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II | |
| Complete one of the following: | | 3-4 |
| MATH 222 | Calculus and Analytic Geometry 2 | |
| STAT 301 | Introduction to Statistical Methods | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| Total Credits | | 8-14 |

## Chemistry

| Code | Title | Credits |
|---|---|---|
| *General Chemistry (Complete one of the following):* | | *5-10* |
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | |
| CHEM 109 | Advanced General Chemistry | |
| CHEM 115 & CHEM 116 | Chemical Principles I and Chemical Principles II | |
| *Organic Chemistry* | | |
| CHEM 343 | Introductory Organic Chemistry | 3 |
| CHEM 344 | Introductory Organic Chemistry Laboratory | 2 |
| CHEM 345 | Intermediate Organic Chemistry | 3 |
| Total Credits | | 13-18 |

## Physics

| Code | Title | Credits |
|---|---|---|
| First Semester Physics (complete one of the following): | | 4-5 |
| PHYSICS 103 | General Physics | |
| PHYSICS 201 | General Physics | |
| PHYSICS 207 | General Physics | |
| Second Semester Physics (complete one of the following): | | 4-5 |
| PHYSICS 104 | General Physics | |
| PHYSICS 202 | General Physics | |
| PHYSICS 208 | General Physics | |
| Total Credits | | 8-10 |

## Introductory Biology

| Code | Title | Credits |
|---|---|---|
| Select one of the following options: [1] | | 10-16 |
| Option A: | | |
| BIOLOGY/ BOTANY/ ZOOLOGY 151 | Introductory Biology | |
| BIOLOGY/ BOTANY/ ZOOLOGY 152 | Introductory Biology | |
| Option B: | | |

| | | |
|---|---|---|
| BIOCORE 381 | Evolution, Ecology, and Genetics | |
| BIOCORE 382 | Evolution, Ecology, and Genetics Laboratory | |
| BIOCORE 383 | Cellular Biology | |
| BIOCORE 384 | Cellular Biology Laboratory | |
| BIOCORE 485 | Principles of Physiology | |
| Option C: | | |
| ZOOLOGY/ BIOLOGY 101 | Animal Biology | |
| ZOOLOGY/ BIOLOGY 102 | Animal Biology Laboratory | |
| BOTANY/ BIOLOGY 130 | General Botany | |
| **Foundation Course (complete one of the following):** [2] | | 3-6 |
| AGRONOMY/ HORT 338 | Plant Breeding and Biotechnology | |
| BIOCHEM 501 | Introduction to Biochemistry | |
| BIOCHEM 508 | General Biochemistry II | |
| BIOCORE 381 & BIOCORE 383 | Evolution, Ecology, and Genetics and Cellular Biology [3] | |
| GENETICS 466 | Principles of Genetics | |
| GENETICS 468 | General Genetics 2 | |
| MICROBIO 470 | Microbial Genetics & Molecular Machines | |
| Total Credits | | 13-22 |

1 For AP Biology policy, as it applies to introductory biology in the biology major, see this link (http://biologymajor.wisc.edu/advising/advisor-resources/ap-ib-biology-policy).

2 Courses taken to meet the Foundation requirement may not also count for the Intermediate/Advanced requirement below.

3 Students may use BIOCORE 381 and BIOCORE 383 toward ***both*** Introductory Biology ***and*** Foundation.

# INTERMEDIATE/ADVANCED COURSES

Minimum of 13 credits required and must include **one approved lab course.** Approved lab courses are indicated by footnote.

- Complete one course and at least two credits from either category A or B.
- Complete one course and at least two credits from either category C or D.
- Complete one course and at least two credits from an unused category (A, B, C, D or E).

## A. Cellular and Subcellular Biology

| Code | Title | Credits |
|---|---|---|
| AGRONOMY/ HORT 338 | Plant Breeding and Biotechnology | 3 |
| BOTANY/ AGRONOMY/ HORT 339 | Plant Biotechnology: Principles and Techniques I [1] | 4 |
| AGRONOMY/ BOTANY/HORT 340 | Plant Cell Culture and Genetic Engineering [1] | 4 |
| AN SCI/DY SCI 362 | Veterinary Genetics | 2 |
| BIOCHEM 501 | Introduction to Biochemistry | 3 |
| BIOCHEM 507 | General Biochemistry I | 3 |
| BIOCHEM 508 | General Biochemistry II | 3-4 |
| BIOCHEM/ NUTR SCI 510 | Nutritional Biochemistry and Metabolism | 3 |
| BIOCHEM 551 | Biochemical Methods [1] | 4 |
| BIOCHEM 570 | Computational Modeling of Biological Systems | 3 |
| BIOCHEM/ M M & I 575 | Biology of Viruses | 2 |
| BIOCHEM 601 | Protein and Enzyme Structure and Function | 2 |
| BIOCHEM/ GENETICS/ MICROBIO 612 | Prokaryotic Molecular Biology | 3 |

[1] Course also approved for lab credit

# ADDITIONAL LAB OR FIELD RESEARCH

In addition to the Lab requirement, complete one of the following requirements:

- Complete one *additional* lab course and at least two credits from categories A–E in the Intermediate/Advanced course lists, ***or***
- Complete at least two credits of directed study in a biological science discipline, or
- Complete a two-semester thesis in biological science.[2]

### Approved Directed Study courses [2]

| Code | Title | Credits |
|---|---|---|
| AGRONOMY 699 | Special Problems | |
| ANATOMY 699 | Independent Study | |
| ANESTHES 699 | Independent Study | |
| AN SCI 699 | Special Problems | |
| BIOCHEM 699 | Special Problems | |
| BIOLOGY 699 | Directed Studies | |
| BOTANY 699 | Directed Study | |
| BMOLCHEM 699 | Special Research Problems | |
| COMP BIO 699 | Directed Study | |
| CRB 699 | Independent Study | |
| DY SCI 699 | Special Problems | |
| ENTOM 699 | Special Problems | |
| ENVIR ST 699 | Directed Study | |
| FAM MED 699 | Directed Study | |
| FOOD SCI 699 | Special Problems | |
| F&W ECOL 699 | Special Problems | |
| GENETICS 699 | Special Problems | |
| HORT 699 | Special Problems | |
| M&ENVTOX 699 | Special Problems | |
| MEDICINE 699 | Independent Study | |

| | |
|---|---|
| MED SC-V 699 | Directed Study |
| MICROBIO 699 | Special Problems |
| M M & I 699 | Directed Study |
| MOL BIOL 699 | Directed Studies in Molecular Biology |
| NEURODPT 699 | Independent Work |
| NEUROL 699 | Neurology: Directed Study in Neuroscience Research |
| NEURSURG 699 | Neurosurgery: Directed in Study in Research |
| NURSING 699 | Directed Study in Nursing |
| NUTR SCI 699 | Special Problems |
| OBS&GYN 699 | Directed Study |
| ONCOLOGY 699 | Special Research Problems |
| OPHTHALM 699 | Directed Study |
| PATH 699 | Independent Study |
| PATH-BIO 699 | Directed Study |
| PEDIAT 699 | Independent Study |
| PHM SCI 699 | Advanced Independent Study |
| PHMCOL-M 699 | Independent Study |
| PHYSIOL 699 | Independent Work |
| PL PATH 699 | Special Problems |
| RHAB MED 699 | Independent Study |
| SOIL SCI 699 | Special Problems |
| SURGERY 699 | Independent Study |

### Approved Thesis sequences [2]

| Code | Title | Credits |
|---|---|---|
| AGRONOMY 681 & AGRONOMY 682 | Senior Honors Thesis and Senior Honors Thesis | |
| BIOCHEM 681 & BIOCHEM 682 | Senior Honors Thesis and Senior Honors Thesis | |
| BIOCHEM 691 & BIOCHEM 692 | Senior Thesis and Senior Thesis | |
| BOTANY 681 & BOTANY 682 | Senior Honors Thesis and Senior Honors Thesis | |
| BOTANY 691 & BOTANY 692 | Senior Thesis and Senior Thesis | |
| ENTOM 681 & ENTOM 682 | Senior Honors Thesis and Senior Honors Thesis | |
| F&W ECOL 681 & F&W ECOL 682 | Senior Honors Thesis and Senior Honors Thesis | |
| F&W ECOL 691 & F&W ECOL 692 | Senior Thesis and Senior Thesis | |
| GENETICS 681 & GENETICS 682 | Senior Honors Thesis and Senior Honors Thesis | |
| HORT 681 & HORT 682 | Senior Honors Thesis and Senior Honors Thesis | |
| MICROBIO 681 & MICROBIO 682 | Senior Honors Thesis and Senior Honors Thesis | |
| MICROBIO 691 & MICROBIO 692 | Senior Thesis and Senior Thesis | |
| NUTR SCI 681 & NUTR SCI 682 | Senior Honors Thesis and Senior Honors Thesis | |
| NUTR SCI 691 & NUTR SCI 692 | Senior Thesis-Nutrition and Senior Thesis | |
| PL PATH 681 & PL PATH 682 | Senior Honors Thesis and Senior Honors Thesis | |
| ZOOLOGY 681 & ZOOLOGY 682 | Senior Honors Thesis and Senior Honors Thesis | |
| ZOOLOGY 691 & ZOOLOGY 692 | Senior Thesis and Senior Thesis | |

[2] To have Directed Study or Theses count for the Additional Lab/Field Research requirement, students must have first completed an Introductory Biology sequence.

## BIOLOGY NAMED OPTIONS

Instead of completing the requirements above, students may choose to select one of the options below.

View as listView as grid

- **BIOLOGY: EVOLUTIONARY BIOLOGY** (P. 1024)
- **BIOLOGY: PLANT BIOLOGY** (P. 1029)

## RESIDENCE & QUALITY OF WORK

- 2.000 GPA in all BIOLOGY and major courses
- 2.000 GPA on at least 15 credits of Upper-Level work in the major, in Residence[3]
- 15 credits in the major, taken on the UW–Madison campus

[3] Intermediate and Advanced level major courses are considered Upper-Level for purposes of this requirement.

## HONORS IN THE MAJOR

Students may declare Honors in the Biology major with permission of the major advisor.

### HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA in the major
- Complete 13 credits from Foundation and the Intermediate/Advanced requirements, taken for Honors [4]
- Complete an approved two-semester Senior Honors Thesis for a total of 6 credits [4]

[4] Students in the Plant Biology option must choose Intermediate/Advanced courses in the plant biology option and consult their advisor regarding Senior Thesis options.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |

| | |
|---|---|
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Know and understand core concepts that unify the breadth of biological sciences including: evolution; structure and function; information flow, exchange, and storage; pathways for transformations of energy and matter; and systems.
2. Demonstrate practical skills of a professional biologist including: problem#solving by engaging the process of science; written and verbal proficiency; laboratory skills; quantitative analysis skills; and teamwork skills.
3. Graduates will be able to engage and make broader connections to other scientific disciplines and society.

## FOUR-YEAR PLAN

Four-year Plans for the Biology major are designed to support biological science major exploration and planning your academic career. Use it with your advisor, a current DARS, and the Course Guide/Schedule of Classes. Your specific program of study could, and probably will, look different. You should customize the Four-Year Plan to fit your unique interests at UW–Madison. Consult with your advisor about the best plan for you.

# FOUR-YEAR PLAN

### SAMPLE BIOLOGY MAJOR FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 103 | 4 | CHEM 104 | 5 |
| MATH 221 | 5 | MATH 222 or STAT 371 | 4 |
| Communication A | 3 | Literature Breadth | 3 |
| Social Science Breadth | 3 | Ethnic Studies/Social Science Breadth | 3 |
| | 15 | | 15 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 343 | 3 | CHEM 344 | 2 |
| BIOLOGY/BOTANY/ ZOOLOGY 151 | 5 | CHEM 345 | 3 |
| INTER-LS 210 | 1 | Humanities Breadth | 3 |
| Literature Breadth | 3 | Elective | 2 |
| Social Science Breadth | 3 | BIOLOGY/BOTANY/ ZOOLOGY 152 | 5 |
| | 15 | | 15 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Declare the Major | | PHYSICS 104 | 4 |
| PHYSICS 103 | 4 | Intermediate/Advanced Biology | 3 |
| Foundation Course for Major | 3 | Humanities Breadth | 3 |
| Social Science Breadth | 3 | Electives | 6 |
| Communication B | 4 | | |
| | 14 | | 16 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Intermediate/Advanced Biology | 3 | Intermediate/Advanced Biology | 3 |
| Intermediate/Advanced Biology Lab or Field Research | 3 | Additional Lab or Field Research | 2 |
| Major Electives | 9 | Electives | 10 |
| | 15 | | 15 |

Total Credits 120

1 Follow the guidance of Math placement scores when choosing a Mathematics and/or Statistics course.

2 Students may complete one of three Introductory Biology requirements. See the Requirements tab for more information.

## ADVISING AND CAREERS

# ADVISING

Your advisor is here to guide you through the biology major. We can address your questions and concerns, provide advice, help you create a four-year degree plan that meets your major and professional goals, and connect you to resources. It is important to remember that advising is about the process, and some questions do not have a quick and easy answer. Your advisor will challenge you to self-reflect, to critically think about your goals and strategies, and to develop decision-making skills. For more information about what to expect during your advising appointment, visit UW Undergraduate Advising (http://advising.wisc.edu/content/expectations-about-advising).

In the biology major, students are assigned to an adviser according to last name. Please visit us here (http://biologymajor.wisc.edu/advising) to schedule an advising appointment.

# CAREERS

The biology major encourages our students to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school

applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

### ADVISING LEADERSHIP AND STAFF

Asen, Brian
Garvens, Carley
Kuba, Sarah; Program Manager
Magrady, Brittany
Parks, Damien

### BIOLOGY MAJOR PROGRAM COMMITTEE

Auger, Catherine; Neurobiology Option Representative
Baum, David; Evolutionary Biology Option Representative
Bent, Andrew
Blair, Seth
Boekhoff-Falk, Grace
Fernandez, Donna; L&S Co-Chair
Goldman, Irwin; Plant Biology Option Representative
Harris, Michelle
Kuba, Sarah; ex officio
Kurtz, Robin, ex officio
Senes, Alessandro
Thoma, Sharon, ex officio
Yu, Jae-Hyuk; CALS Co-Chair

## WISCONSIN EXPERIENCE

# WISCONSIN EXPERIENCE

The following opportunities can help students connect with other students interested in biology, build relationships with faculty and staff, and contribute to out-of-classroom learning:

- Beta Beta Beta Biological Honor Society (https://win.wisc.edu/organization/tribeta) is an honor and professional organization for undergraduate students in the biological sciences. Its activities are designed to stimulate interest, scholarly attainment, and investigation in the biological sciences, and to promote the dissemination of information and new interpretations among students in life sciences. The society offers its members the unique opportunity to publish their undergraduate work in the pages of its journal, BIOS.
- Biology majors have the opportunity to go on experiential study abroad programs, where students can immerse themselves in research or global health field experiences. Students can review the Biology Major Advising Page (https://studyabroad.wisc.edu/academics/major-advising-pages-maps/biology) on the International Academic Programs website for information on these and other programs, as well as requirements that can typically be fulfilled abroad and things to consider when incorporating study abroad into an academic plan.
- Students are encouraged to get involved in research in any life science department. Research can be performed for either course credit or pay, depending on the opportunity. Research opportunities can be identified by inquiring directly (https://biology.wisc.edu/finding-mentor) with faculty members, reading the *Biology Major Newsletter*, or announcement on the Student Job Center (https://jobcenter.wisc.edu).

# BIOLOGY: EVOLUTIONARY BIOLOGY

The **Evolutionary Biology Option** allows biology majors to concentrate their studies in evolution and to have this reflected on their transcript. Since there is no evolutionary biology major available at UW–Madison, this is the only mechanism to indicate specialization in this rapidly growing and popular field. In taking this option students will be able to fulfill their intermediate/advanced biology requirement with courses that emphasize evolutionary biology, ranging from required courses in fundamental evolutionary biology to more advanced optional courses that cover a wide range of evolutionary biology topics. They will also get to take a one-credit seminar course in evolutionary biology.

Who should enroll in this option? Students with broad interest in the biological sciences who want to:

- Prepare for graduate study in evolutionary biology or related fields
- Prepare for professional studies (e.g. medical school, veterinary school, dentistry)
- Concentrate their biological studies in evolutionary biology

## REQUIREMENTS

# MAJOR OPTION REQUIREMENTS

Students must complete a minimum of 31 credits of Biological Science courses as detailed below. Unless specifically stated otherwise, courses may not be used to meet multiple requirements of the major.

# CORE REQUIREMENTS

### Mathematics and Statistics

| Code | Title | Credits |
|---|---|---|
| Complete one of the following: | | 5-10 |
| MATH 221 | Calculus and Analytic Geometry 1 | |

| | | |
|---|---|---|
| MATH 171 & MATH 217 | Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II | |
| Complete one of the following: [1] | | 3 |
| STAT 301 | Introduction to Statistical Methods | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| Total Credits | | 8-13 |

[1] Students completing the Evolutionary Biology option are required to complete either STAT 301 or STAT 371.

### Chemistry

| Code | Title | Credits |
|---|---|---|
| General Chemistry (Complete one of the following): | | 5-10 |
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | |
| CHEM 109 | Advanced General Chemistry | |
| CHEM 115 & CHEM 116 | Chemical Principles I and Chemical Principles II | |
| Organic Chemistry | | |
| CHEM 343 | Introductory Organic Chemistry | 3 |
| CHEM 344 | Introductory Organic Chemistry Laboratory | 2 |
| CHEM 345 | Intermediate Organic Chemistry | 3 |
| Total Credits | | 13-18 |

### Physics

| Code | Title | Credits |
|---|---|---|
| First Semester Physics (complete one of the following): | | 4-5 |
| PHYSICS 103 | General Physics | |
| PHYSICS 201 | General Physics | |
| PHYSICS 207 | General Physics | |
| Second Semester Physics (complete one of the following): | | 4-5 |
| PHYSICS 104 | General Physics | |
| PHYSICS 202 | General Physics | |
| PHYSICS 208 | General Physics | |
| Total Credits | | 8-10 |

### Introductory Biology

| Code | Title | Credits |
|---|---|---|
| Complete one sequence: [1] | | 10-16 |
| Option A: | | 10 |
| BIOLOGY/ BOTANY/ ZOOLOGY 151 | Introductory Biology | |
| BIOLOGY/ BOTANY/ ZOOLOGY 152 | Introductory Biology | |
| Option B: | | 13 |
| BIOCORE 381 | Evolution, Ecology, and Genetics | |
| BIOCORE 382 | Evolution, Ecology, and Genetics Laboratory | |
| BIOCORE 383 | Cellular Biology | |
| BIOCORE 384 | Cellular Biology Laboratory | |
| BIOCORE 485 | Principles of Physiology | |
| Option C: | | 10 |
| ZOOLOGY/ BIOLOGY 101 | Animal Biology | |
| ZOOLOGY/ BIOLOGY 102 | Animal Biology Laboratory | |
| BOTANY/ BIOLOGY 130 | General Botany | |
| **Foundational Course (complete one):** [2] | | 3-6 |
| GENETICS 466 | Principles of Genetics | |
| GENETICS 468 | General Genetics 2 | |
| BIOCORE 381 & BIOCORE 383 | Evolution, Ecology, and Genetics and Cellular Biology [3] | |
| Total Credits | | 46-55 |

# INTERMEDIATE/ADVANCED COURSES

Minimum of 13 credits required as follows and must include **one approved lab course.**[2] (Approved lab courses are indicated by footnote):

- Complete the Evolutionary Biology course
- Complete one course and at least two credits from either category A or B.
- Complete one course and at least two credits from category C.
- Complete one course and at least two credits from category D.
- Additional courses needed to reach 13 Intermediate/Advanced credits may be taken from any category (A, B, C, D, E).

### Required Evolutionary Biology course

| Code | Title | Credits |
|---|---|---|
| ZOOLOGY/ANTHRO/ BOTANY 410 | Evolutionary Biology | 3 |
| Total Credits | | 3 |

### A. Cellular and Subcellular Biology

| Code | Title | Credits |
|---|---|---|
| AGRONOMY/ HORT 338 | Plant Breeding and Biotechnology | 3 |
| BOTANY/ AGRONOMY/ HORT 339 | Plant Biotechnology: Principles and Techniques I [1] | 4 |
| AGRONOMY/ BOTANY/HORT 340 | Plant Cell Culture and Genetic Engineering [1] | 4 |
| AN SCI/DY SCI 362 | Veterinary Genetics | 2 |
| BIOCHEM 501 | Introduction to Biochemistry | 3 |
| BIOCHEM 507 | General Biochemistry I | 3 |
| BIOCHEM 508 | General Biochemistry II | 3-4 |
| BIOCHEM/ NUTR SCI 510 | Nutritional Biochemistry and Metabolism | 3 |
| BIOCHEM 551 | Biochemical Methods [1] | 4 |
| BIOCHEM 570 | Computational Modeling of Biological Systems | 3 |
| BIOCHEM/ M M & I 575 | Biology of Viruses | 2 |
| BIOCHEM 601 | Protein and Enzyme Structure and Function | 2 |

| | | |
|---|---|---|
| BIOCHEM/ GENETICS/ MICROBIO 612 | Prokaryotic Molecular Biology | 3 |
| BIOCHEM/ GENETICS/ MD GENET 620 | Eukaryotic Molecular Biology | 3 |
| BIOCHEM/ BOTANY 621 | Plant Biochemistry | 3 |
| BIOCHEM 625 | Mechanisms of Action of Vitamins and Minerals | 2 |
| BIOCHEM/PHMCOL-M/ZOOLOGY 630 | Cellular Signal Transduction Mechanisms | 3 |
| BMOLCHEM 314 | Introduction to Human Biochemistry | 3 |
| BMOLCHEM 504 | Human Biochemistry Laboratory [1] | 3 |
| BMOLCHEM/ MICROBIO 668 | Microbiology at Atomic Resolution | 3 |
| BOTANY/ENTOM/ PL PATH 505 | Plant-Microbe Interactions: Molecular and Ecological Aspects | 3 |
| GENETICS 466 | Principles of Genetics | 3 |
| GENETICS 467 | General Genetics 1 | 3 |
| GENETICS 520 | Neurogenetics | 2 |
| GENETICS 527 | Developmental Genetics for Conservation and Regeneration | 3 |
| GENETICS/ MD GENET/ ZOOLOGY 562 | Human Cytogenetics | 2 |
| GENETICS/ MICROBIO 607 | Advanced Microbial Genetics | 3 |
| MICROBIO 470 | Microbial Genetics & Molecular Machines | 3 |
| MICROBIO/ SOIL SCI 523 | Soil Microbiology and Biochemistry | 3 |
| MICROBIO/M M & I/ PATH-BIO 528 | Immunology | 3 |
| MICROBIO 551 | Capstone Research Project in Microbiology [1] | 2 |
| MICROBIO/ ONCOLOGY/ PL PATH 640 | General Virology-Multiplication of Viruses | 3 |
| M M & I 341 | Immunology | 3 |
| NEURODPT 533 | Molecular Physiology | 2 |
| NEURODPT/NTP/ ZOOLOGY 616 | Lab Course in Neurobiology and Behavior [1] | 4 |
| NTP/ NEURODPT 610 | Cellular and Molecular Neuroscience | 4 |
| NTP/ NEURODPT 629 | Molecular and Cellular Mechanisms of Memory | 3 |
| NTP 675 | Special Topics (Stem Cell in Neurobiology) | 1-3 |
| NTP 675 | Special Topics (Reproductive Neuroendocrinology) | 1-3 |
| NTP 675 | Special Topics (Molecular Mechanisms of Brain Damage) | 1-3 |
| PHM SCI 558 | Laboratory Techniques in Pharmacology and Toxicology [1] | 2 |
| PSYCH 601 | Current Topics in Psychology (Epigenetics & the Brain) | 3 |
| ZOOLOGY 470 | Introduction to Animal Development | 3 |
| ZOOLOGY/ PSYCH 523 | Neurobiology | 3 |
| ZOOLOGY 555 | Laboratory in Developmental Biology [1] | 3 |
| ZOOLOGY 570 | Cell Biology | 3 |
| ZOOLOGY 604 | Computer-based Gene and Disease/ Disorder Research Lab [1] | 2 |
| ZOOLOGY 625 | Development of the Nervous System | 2 |
| ZOOLOGY 655 | Modeling Neurodevelopmental Disease | 3 |

| PL PATH 517 | Plant Disease Resistance | 2-3 |
| SOIL SCI 321 | Soils and Environmental Chemistry | 3 |
| ZOOLOGY 500 | Undergraduate Neurobiology Seminar | 1 |

[1] Courses also approved for lab credit

# ADDITIONAL LAB OR FIELD RESEARCH

In addition to the Lab requirement, complete one of the following requirements:

- Complete one *additional* lab course from categories A–E in the Intermediate/Advanced course lists, ***or***
- Complete at least 2 credits of directed study in a biological science discipline, or
- Complete a two-semester thesis in biological science.[2]

| Code | Title | Credits |
|---|---|---|
| *Approved Directed Study courses:* [2] | | |
| AGRONOMY 699 | Special Problems | |
| ANATOMY 699 | Independent Study | |
| ANESTHES 699 | Independent Study | |
| AN SCI 699 | Special Problems | |
| BIOCHEM 699 | Special Problems | |
| BIOLOGY 699 | Directed Studies | |
| BOTANY 699 | Directed Study | |
| BMOLCHEM 699 | Special Research Problems | |
| COMP BIO 699 | Directed Study | |
| CRB 699 | Independent Study | |
| DY SCI 699 | Special Problems | |
| ENTOM 699 | Special Problems | |
| ENVIR ST 699 | Directed Study | |
| FAM MED 699 | Directed Study | |
| FOOD SCI 699 | Special Problems | |
| F&W ECOL 699 | Special Problems | |
| GENETICS 699 | Special Problems | |
| HORT 699 | Special Problems | |
| M&ENVTOX 699 | Special Problems | |
| MEDICINE 699 | Independent Study | |
| MED SC-V 699 | Directed Study | |
| MICROBIO 699 | Special Problems | |
| M M & I 699 | Directed Study | |
| MOL BIOL 699 | Directed Studies in Molecular Biology | |
| NEURODPT 699 | Independent Work | |
| NEUROL 699 | Neurology: Directed Study in Neuroscience Research | |
| NEURSURG 699 | Neurosurgery: Directed in Study in Research | |
| NURSING 699 | Directed Study in Nursing | |
| NUTR SCI 699 | Special Problems | |
| OBS&GYN 699 | Directed Study | |
| ONCOLOGY 699 | Special Research Problems | |
| OPHTHALM 699 | Directed Study | |
| PATH 699 | Independent Study | |
| PATH-BIO 699 | Directed Study | |
| PEDIAT 699 | Independent Study | |
| PHM SCI 699 | Advanced Independent Study | |
| PHMCOL-M 699 | Independent Study | |
| PHYSIOL 699 | Independent Work | |
| PL PATH 699 | Special Problems | |
| RHAB MED 699 | Independent Study | |
| SOIL SCI 699 | Special Problems | |
| SURGERY 699 | Independent Study | |

| Code | Title | Credits |
|---|---|---|
| *Approved Thesis sequences:* | | |
| AGRONOMY 681 & AGRONOMY 682 | Senior Honors Thesis and Senior Honors Thesis | |
| BIOCHEM 681 & BIOCHEM 682 | Senior Honors Thesis and Senior Honors Thesis | |
| BIOCHEM 691 & BIOCHEM 692 | Senior Thesis and Senior Thesis | |
| BOTANY 681 & BOTANY 682 | Senior Honors Thesis and Senior Honors Thesis | |

| | |
|---|---|
| ZOOLOGY 691 & ZOOLOGY 692 | Senior Thesis and Senior Thesis |

[2] To have Directed Study or Theses count for the Additional Lab/Field Research requirement, students must have first completed an Introductory Biology sequence.

## SEMINAR

| Code | Title | Credits |
|---|---|---|
| *Undergradute Evolution Seminar* | | |
| BIOLOGY/ GENETICS 522 | Evolution Seminar Series-Undergraduate | 1 |
| Total Credits | | 1 |

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all BIOLOGY and major courses
- 2.000 GPA on at least 15 credits of Upper-Level work in the major, in Residence [3]
- 15 credits in the major, taken on the UW–Madison campus

[3] Intermediate or Advanced level major courses are considered Upper-Level for purposes of this requirement.

# BIOLOGY: PLANT BIOLOGY

The **Plant Biology Option** allows biology majors to focus their studies on plant science and to have this reflected on their transcript. There are a number of departments at UW–Madison who host plant science-based majors, including agronomy, botany, horticulture, plant pathology, and forest and wildlife ecology. While those specialized majors offer in-depth programs in their disciplines, the plant biology option allows students to pursue a course of study within the biology major and explore plant biology at the same time. Students in this option can fulfill their requirements with courses that emphasize various aspects of plant science, including anatomy, physiology, genetics, crop production, disease resistance, and molecular techniques in plant improvement. Students also participate in a one credit seminar called Frontiers in Plant Science taught by two faculty from plant science departments.

Who should enroll in this option? Students with broad interest in biological sciences who also want to:

- Prepare for graduate work in a plant science field
- Prepare for advanced study or graduate work in a natural or environmental science field
- Concentrate their studies on the biology of plants

## REQUIREMENTS

## MAJOR OPTION REQUIREMENTS

Students must complete a minimum of 31 credits of Biological Science courses as detailed below. Unless specifically stated otherwise, courses may not be used to meet multiple requirements of the major.

## CORE REQUIREMENTS

### Mathematics and Statistics

| Code | Title | Credits |
|---|---|---|
| Complete one of the following: | | 5-10 |
| MATH 221 | Calculus and Analytic Geometry 1 | |
| MATH 171 & MATH 217 | Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II | |
| Complete one of the following: | | 3-4 |
| MATH 222 | Calculus and Analytic Geometry 2 | |
| STAT 301 | Introduction to Statistical Methods | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| Total Credits | | 8-14 |

### Chemistry

| Code | Title | Credits |
|---|---|---|
| General Chemistry (Complete one of the following): | | 5-10 |
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | |
| CHEM 109 | Advanced General Chemistry | |
| CHEM 115 & CHEM 116 | Chemical Principles I and Chemical Principles II | |
| Organic Chemistry | | |
| CHEM 343 | Introductory Organic Chemistry | 3 |
| CHEM 344 | Introductory Organic Chemistry Laboratory | 2 |
| CHEM 345 | Intermediate Organic Chemistry | 3 |
| Total Credits | | 13-18 |

### Physics

| Code | Title | Credits |
|---|---|---|
| First Semester Physics (complete one of the following): | | 4-5 |
| PHYSICS 103 | General Physics | |
| PHYSICS 201 | General Physics | |
| PHYSICS 207 | General Physics | |
| Second Semester Physics (complete one of the following): | | 4-5 |
| PHYSICS 104 | General Physics | |
| PHYSICS 202 | General Physics | |
| PHYSICS 208 | General Physics | |
| Total Credits | | 8-10 |

### Introductory Biology

| Code | Title | Credits |
|---|---|---|
| Select one of the following options: [1] | | 10-16 |
| Option A: | | |
| BIOLOGY/ BOTANY/ ZOOLOGY 151 | Introductory Biology | |
| BIOLOGY/ BOTANY/ ZOOLOGY 152 | Introductory Biology | |
| Option B: | | |

| | |
|---|---|
| BIOCORE 381 | Evolution, Ecology, and Genetics |
| BIOCORE 382 | Evolution, Ecology, and Genetics Laboratory |
| BIOCORE 383 | Cellular Biology |
| BIOCORE 384 | Cellular Biology Laboratory |
| BIOCORE 485 | Principles of Physiology |
| Option C: | |
| ZOOLOGY/ BIOLOGY 101 | Animal Biology |
| ZOOLOGY/ BIOLOGY 102 | Animal Biology Laboratory |
| BOTANY/ BIOLOGY 130 | General Botany |
| **Foundational Course (complete one of the following):** [2] | 3-6 |
| BIOCORE 381 & BIOCORE 383 | Evolution, Ecology, and Genetics and Cellular Biology [3] |
| AGRONOMY/ HORT 338 | Plant Breeding and Biotechnology |
| GENETICS 466 | Principles of Genetics |
| GENETICS 468 | General Genetics 2 |
| BIOCHEM 501 | Introduction to Biochemistry |
| BIOCHEM 508 | General Biochemistry II |
| Total Credits | 13-22 |

[1] For AP Biology policy, as it applies to introductory biology in the biology major, see this link (http://biologymajor.wisc.edu/advising/advisor-resources/ap-ib-biology-policy).

[2] Courses taken to meet the Foundation requirement may not also count for the Intermediate/Advanced requirement below.

[3] Students may use BIOCORE 381 and BIOCORE 383 toward ***both*** Introductory Biology ***and*** Foundation.

# INTERMEDIATE/ADVANCED COURSES

Minimum of 13 credits required and must include **one approved lab course.** Approved lab courses are indicated by footnote.

- Complete one course and at least two credits from either category A or B.
- Complete one course and at least two credits from either category C or D.
- Complete one course and at least two credits from an unused category (A, B, C, D or E).

### Cellular and Subcellular Biology

| Code | Title | Credits |
|---|---|---|
| AGRONOMY/ HORT 338 | Plant Breeding and Biotechnology | 3 |
| AGRONOMY/ BOTANY/HORT 339 | Plant Biotechnology: Principles and Techniques I [1] | 4 |
| AGRONOMY/ BOTANY/HORT 340 | Plant Cell Culture and Genetic Engineering [1] | 4 |
| BIOCHEM 501 | Introduction to Biochemistry | 3 |
| BIOCHEM 507 | General Biochemistry I | 3 |
| BIOCHEM 508 | General Biochemistry II | 3-4 |
| BIOCHEM/ BOTANY 621 | Plant Biochemistry | 3 |
| BIOCHEM 570 | Computational Modeling of Biological Systems | 3 |
| BOTANY/ENTOM/ PL PATH 505 | Plant-Microbe Interactions: Molecular and Ecological Aspects | 3 |
| GENETICS 466 | Principles of Genetics | 3 |
| GENETICS 467 | General Genetics 1 | 3 |

[1] Course also approved for lab credit

### B. Organismal Biology

| Code | Title | Credits |
|---|---|---|
| BIOCORE 486 | Principles of Physiology Laboratory [1] | 2 |
| BOTANY 300 | Plant Anatomy [1] | 4 |
| BOTANY 305 | Plant Morphology and Evolution [1] | 4 |
| BOTANY 330 | Algae [1] | 3 |
| BOTANY/ PL PATH 332 | Fungi [1] | 4 |
| BOTANY/ PL PATH 333 | Biology of the Fungi | 2 |
| BOTANY/ F&W ECOL 402 | Dendrology [1] | 2 |
| BOTANY 500 | Plant Physiology [1] | 3-4 |
| ENTOM/ ZOOLOGY 302 | Introduction to Entomology [1] | 4 |
| PL PATH 558 | Biology of Plant Pathogens [1] | 3 |

[1] Course also approved for lab credit

### C. Ecology

| Code | Title | Credits |
|---|---|---|
| AGRONOMY/ BOTANY/ SOIL SCI 370 | Grassland Ecology | 3 |
| BOTANY/ ZOOLOGY 450 | Midwestern Ecological Issues: A Case Study Approach | 2 |
| BOTANY/ F&W ECOL 455 | The Vegetation of Wisconsin [1] | 4 |

| HORT/PATH-BIO 500 | Molecular Biology Techniques [1] | 3 |
| MED PHYS/NTP 651 | Methods for Neuroimaging Research | 3 |
| PL PATH/ SOIL SCI 323 | Soil Biology | 3 |
| PL PATH 517 | Plant Disease Resistance | 2-3 |
| ZOOLOGY 500 | Undergraduate Neurobiology Seminar | 1 |

[1] Courses also approved for lab credit

## ADDITIONAL LAB OR FIELD RESEARCH

In addition to the Lab requirement, complete one of the following requirements:

- Complete one *additional* lab course and at least two credits from categories A–E in the Intermediate/Advanced course lists, or
- Complete at least two credits of directed study in a biological science discipline, or
- Complete a two-semester thesis in biological science.[2]

| Code | Title | Credits |
|---|---|---|
| *Approved Directed Study courses:* [2] | | |
| AGRONOMY 699 | Special Problems | |
| ANATOMY 699 | Independent Study | |
| ANESTHES 699 | Independent Study | |
| AN SCI 699 | Special Problems | |
| BIOCHEM 699 | Special Problems | |
| BIOLOGY 699 | Directed Studies | |
| BOTANY 699 | Directed Study | |
| BMOLCHEM 699 | Special Research Problems | |
| COMP BIO 699 | Directed Study | |
| CRB 699 | Independent Study | |
| DY SCI 699 | Special Problems | |
| ENTOM 699 | Special Problems | |
| ENVIR ST 699 | Directed Study | |
| FAM MED 699 | Directed Study | |
| FOOD SCI 699 | Special Problems | |
| F&W ECOL 699 | Special Problems | |
| GENETICS 699 | Special Problems | |
| HORT 699 | Special Problems | |
| M&ENVTOX 699 | Special Problems | |
| MEDICINE 699 | Independent Study | |
| MED SC-V 699 | Directed Study | |
| MICROBIO 699 | Special Problems | |
| M M & I 699 | Directed Study | |
| MOL BIOL 699 | Directed Studies in Molecular Biology | |
| NEURODPT 699 | Independent Work | |
| NEUROL 699 | Neurology: Directed Study in Neuroscience Research | |
| NEURSURG 699 | Neurosurgery: Directed in Study in Research | |
| NURSING 699 | Directed Study in Nursing | |
| NUTR SCI 699 | Special Problems | |
| OBS&GYN 699 | Directed Study | |
| ONCOLOGY 699 | Special Research Problems | |
| OPHTHALM 699 | Directed Study | |
| PATH 699 | Independent Study | |
| PATH-BIO 699 | Directed Study | |
| PEDIAT 699 | Independent Study | |

| | |
|---|---|
| PHM SCI 699 | Advanced Independent Study |
| PHMCOL-M 699 | Independent Study |
| PHYSIOL 699 | Independent Work |
| PL PATH 699 | Special Problems |
| RHAB MED 699 | Independent Study |
| SOIL SCI 699 | Special Problems |
| SURGERY 699 | Independent Study |

| Code | Title | Credits |
|---|---|---|
| *Approved Thesis sequences:* [2] | | |
| AGRONOMY 681 & AGRONOMY 682 | Senior Honors Thesis and Senior Honors Thesis | |
| BIOCHEM 681 & BIOCHEM 682 | Senior Honors Thesis and Senior Honors Thesis | |
| BIOCHEM 691 & BIOCHEM 692 | Senior Thesis and Senior Thesis | |
| BOTANY 681 & BOTANY 682 | Senior Honors Thesis and Senior Honors Thesis | |
| BOTANY 691 & BOTANY 692 | Senior Thesis and Senior Thesis | |
| ENTOM 681 & ENTOM 682 | Senior Honors Thesis and Senior Honors Thesis | |
| F&W ECOL 681 & F&W ECOL 682 | Senior Honors Thesis and Senior Honors Thesis | |
| F&W ECOL 691 & F&W ECOL 692 | Senior Thesis and Senior Thesis | |
| GENETICS 681 & GENETICS 682 | Senior Honors Thesis and Senior Honors Thesis | |
| HORT 681 & HORT 682 | Senior Honors Thesis and Senior Honors Thesis | |
| MICROBIO 681 & MICROBIO 682 | Senior Honors Thesis and Senior Honors Thesis | |
| MICROBIO 691 & MICROBIO 692 | Senior Thesis and Senior Thesis | |
| NUTR SCI 681 & NUTR SCI 682 | Senior Honors Thesis and Senior Honors Thesis | |
| NUTR SCI 691 & NUTR SCI 692 | Senior Thesis-Nutrition and Senior Thesis | |
| PL PATH 681 & PL PATH 682 | Senior Honors Thesis and Senior Honors Thesis | |
| ZOOLOGY 681 & ZOOLOGY 682 | Senior Honors Thesis and Senior Honors Thesis | |
| ZOOLOGY 691 & ZOOLOGY 692 | Senior Thesis and Senior Thesis | |

[2] To have Directed Study or Theses count for the Additional Lab/Field Research requirement, students must have first completed an Introductory Biology sequence.

## UNDERGRADUATE PLANT SCIENCE SEMINAR

| Code | Title | Credits |
|---|---|---|
| PL PATH 375 | Special Topics (Frontiers in Plant Biology) | 1-4 |
| Total Credits | | 1-4 |

## RESIDENCE & QUALITY OF WORK

- 2.000 GPA in all BIOLOGY and major courses
- 2.000 GPA on at least 15 credits of Upper-Level work in the major, in Residence [3]
- 15 credits in the major, taken on the UW–Madison campus

[3] Intermediate and Advanced level major courses are considered Upper-Level for purposes of this requirement.

# BIOLOGY, B.S. (L&S)

The biology major is designed for students with broad interests in the biological sciences. It is intended primarily to:

1. prepare undergraduates for graduate studies in diverse areas of biology;
2. prepare certain preprofessional students (e.g., medicine, veterinary medicine, dentistry) for advanced study in the health professions;
3. provide a broad exposure to biology for students who want a general science education as biologists; and
4. serve as initial preparation for students who later choose a more specialized major.

The major is offered by the College of Letters & Science and the College of Agricultural and Life Sciences.

## HOW TO GET IN

Students interested in declaring the biology major should set up an appointment to speak with biology academic advisor. Information can be found at advising (http://biologymajor.wisc.edu/advising).

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# MAJOR REQUIREMENTS

Students must complete a minimum of 31 credits of Biological Science courses as detailed below. Unless specifically stated otherwise, courses may not be used to meet multiple requirements of the major.

In addition to the standard Biology major, there are two Named Options (p. 1021):

- Biology with an Option in Plant Biology
- Biology with an Option in Evolutionary Biology

Students may complete only one Biology major/option and must declare the option they are pursuing.

# CORE REQUIREMENTS

### Mathematics and Statistics

| Code | Title | Credits |
|---|---|---|
| Complete one of the following: | | 5-10 |
| MATH 221 | Calculus and Analytic Geometry 1 | |
| MATH 171 & MATH 217 | Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II | |
| Complete one of the following: | | 3-4 |
| MATH 222 | Calculus and Analytic Geometry 2 | |
| STAT 301 | Introduction to Statistical Methods | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| Total Credits | | 8-14 |

### Chemistry

| Code | Title | Credits |
|---|---|---|
| *General Chemistry (Complete one of the following):* | | *5-10* |
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | |
| CHEM 109 | Advanced General Chemistry | |
| CHEM 115 & CHEM 116 | Chemical Principles I and Chemical Principles II | |
| *Organic Chemistry* | | |
| CHEM 343 | Introductory Organic Chemistry | 3 |
| CHEM 344 | Introductory Organic Chemistry Laboratory | 2 |
| CHEM 345 | Intermediate Organic Chemistry | 3 |
| Total Credits | | 13-18 |

### Physics

| Code | Title | Credits |
|---|---|---|
| First Semester Physics (complete one of the following): | | 4-5 |
| PHYSICS 103 | General Physics | |
| PHYSICS 201 | General Physics | |
| PHYSICS 207 | General Physics | |
| Second Semester Physics (complete one of the following): | | 4-5 |
| PHYSICS 104 | General Physics | |
| PHYSICS 202 | General Physics | |
| PHYSICS 208 | General Physics | |
| Total Credits | | 8-10 |

### Introductory Biology

| Code | Title | Credits |
|---|---|---|
| Select one of the following options: [1] | | 10-16 |
| Option A: | | |
| BIOLOGY/ BOTANY/ ZOOLOGY 151 | Introductory Biology | |
| BIOLOGY/ BOTANY/ ZOOLOGY 152 | Introductory Biology | |
| Option B: | | |
| BIOCORE 381 | Evolution, Ecology, and Genetics | |
| BIOCORE 382 | Evolution, Ecology, and Genetics Laboratory | |
| BIOCORE 383 | Cellular Biology | |
| BIOCORE 384 | Cellular Biology Laboratory | |
| BIOCORE 485 | Principles of Physiology | |
| Option C: | | |
| ZOOLOGY/ BIOLOGY 101 | Animal Biology | |
| ZOOLOGY/ BIOLOGY 102 | Animal Biology Laboratory | |
| BOTANY/ BIOLOGY 130 | General Botany | |
| **Foundation Course (complete one of the following):** [2] | | 3-6 |
| AGRONOMY/ HORT 338 | Plant Breeding and Biotechnology | |
| BIOCHEM 501 | Introduction to Biochemistry | |
| BIOCHEM 508 | General Biochemistry II | |
| BIOCORE 381 & BIOCORE 383 | Evolution, Ecology, and Genetics and Cellular Biology [3] | |
| GENETICS 466 | Principles of Genetics | |
| GENETICS 468 | General Genetics 2 | |
| MICROBIO 470 | Microbial Genetics & Molecular Machines | |
| Total Credits | | 13-22 |

[1] For AP Biology policy, as it applies to introductory biology in the biology major, see this link (http://biologymajor.wisc.edu/advising/advisor-resources/ap-ib-biology-policy).

[2] Courses taken to meet the Foundation requirement may not also count for the Intermediate/Advanced requirement below.

[3] Students may use BIOCORE 381 and BIOCORE 383 toward ***both*** Introductory Biology ***and*** Foundation.

# INTERMEDIATE/ADVANCED COURSES

Minimum of 13 credits required and must include **one approved lab course.** Approved lab courses are indicated by footnote.

- Complete one course and at least two credits from either category A or B.
- Complete one course and at least two credits from either category C or D.
- Complete one course and at least two credits from an unused category (A, B, C, D or E).

### A. Cellular and Subcellular Biology

| Code | Title | Credits |
|---|---|---|
| AGRONOMY/ HORT 338 | Plant Breeding and Biotechnology | 3 |
| BOTANY/ AGRONOMY/ HORT 339 | Plant Biotechnology: Principles and Techniques I [1] | 4 |

## ADDITIONAL LAB OR FIELD RESEARCH

In addition to the Lab requirement, complete one of the following requirements:

- Complete one *additional* lab course and at least two credits from categories A–E in the Intermediate/Advanced course lists, ***or***

- Complete at least two credits of directed study in a biological science discipline, or
- Complete a two-semester thesis in biological science.[2]

**Approved Directed Study courses** [2]

| Code | Title | Credits |
|---|---|---|
| AGRONOMY 699 | Special Problems | |
| ANATOMY 699 | Independent Study | |
| ANESTHES 699 | Independent Study | |
| AN SCI 699 | Special Problems | |
| BIOCHEM 699 | Special Problems | |
| BIOLOGY 699 | Directed Studies | |
| BOTANY 699 | Directed Study | |
| BMOLCHEM 699 | Special Research Problems | |
| COMP BIO 699 | Directed Study | |
| CRB 699 | Independent Study | |
| DY SCI 699 | Special Problems | |

| ZOOLOGY 681 & ZOOLOGY 682 | Senior Honors Thesis and Senior Honors Thesis | |
| ZOOLOGY 691 & ZOOLOGY 692 | Senior Thesis and Senior Thesis | |

[2] To have Directed Study or Theses count for the Additional Lab/Field Research requirement, students must have first completed an Introductory Biology sequence.

# BIOLOGY NAMED OPTIONS

Instead of completing the requirements above, students may choose to select one of the options below.

View as listView as grid

- **BIOLOGY: EVOLUTIONARY BIOLOGY** (P. 1024)
- **BIOLOGY: PLANT BIOLOGY** (P. 1029)

# RESIDENCE & QUALITY OF WORK

- 2.000 GPA in all BIOLOGY and major courses
- 2.000 GPA on at least 15 credits of Upper-Level work in the major, in Residence[3]
- 15 credits in the major, taken on the UW—Madison campus

[3] Intermediate and Advanced level major courses are considered Upper-Level for purposes of this requirement.

# HONORS IN THE MAJOR

Students may declare Honors in the Biology major with permission of the major advisor.

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA in the major
- Complete 13 credits from Foundation and the Intermediate/Advanced requirements, taken for Honors [4]
- Complete an approved two-semester Senior Honors Thesis for a total of 6 credits [4]

[4] Students in the Plant Biology option must choose Intermediate/Advanced courses in the plant biology option and consult their advisor regarding Senior Thesis options.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Know and understand core concepts that unify the breadth of biological sciences including: evolution; structure and function; information flow, exchange, and storage; pathways for transformations of energy and matter; and systems.
2. Demonstrate practical skills of a professional biologist including: problem#solving by engaging the process of science; written and verbal proficiency; laboratory skills; quantitative analysis skills; and teamwork skills.
3. Graduates will be able to engage and make broader connections to other scientific disciplines and society.

# FOUR-YEAR PLAN

Four-year Plans for the Biology major are designed to support biological science major exploration and planning your academic career. Use it with your advisor, a current DARS, and the Course Guide/Schedule of Classes. Your specific program of study could, and probably will, look different. You should customize the Four-Year Plan to fit your unique interests at UW–Madison. Consult with your advisor about the best plan for you.

# FOUR-YEAR PLAN

## SAMPLE BIOLOGY MAJOR FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 103 | 4 | CHEM 104 | 5 |
| MATH 221 | 5 | MATH 222 or STAT 371 | 4 |
| Communication A | 3 | Literature Breadth | 3 |
| Social Science Breadth | 3 | Ethnic Studies/Social Science Breadth | 3 |
| | 15 | | 15 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 343 | 3 | CHEM 344 | 2 |
| BIOLOGY/BOTANY/ ZOOLOGY 151 | 5 | CHEM 345 | 3 |
| INTER-LS 210 | 1 | Humanities Breadth | 3 |
| Literature Breadth | 3 | Elective | 2 |
| Social Science Breadth | 3 | BIOLOGY/BOTANY/ ZOOLOGY 152 | 5 |
| | 15 | | 15 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Declare the Major | | PHYSICS 104 | 4 |
| PHYSICS 103 | 4 | Intermediate/Advanced Biology | 3 |
| Foundation Course for Major | 3 | Humanities Breadth | 3 |
| Social Science Breadth | 3 | Electives | 6 |
| Communication B | 4 | | |
| | 14 | | 16 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Intermediate/Advanced Biology | 3 | Intermediate/Advanced Biology | 3 |
| Intermediate/Advanced Biology Lab or Field Research | 3 | Additional Lab or Field Research | 2 |
| Major Electives | 9 | Electives | 10 |
| | 15 | | 15 |

Total Credits 120

[1] Follow the guidance of Math placement scores when choosing a Mathematics and/or Statistics course.

[2] Students may complete one of three Introductory Biology requirements. See the Requirements tab for more information.

## ADVISING AND CAREERS

# ADVISING

Your advisor is here to guide you through the biology major. We can address your questions and concerns, provide advice, help you create a four-year degree plan that meets your major and professional goals, and connect you to resources. It is important to remember that advising is about the process, and some questions do not have a quick and easy answer. Your advisor will challenge you to self-reflect, to critically think about your goals and strategies, and to develop decision-making skills. For more information about what to expect during your advising appointment, visit UW Undergraduate Advising (http://advising.wisc.edu/content/expectations-about-advising).

In the biology major, students are assigned to an adviser according to last name. Please visit us here (http://biologymajor.wisc.edu/advising) to schedule an advising appointment.

# CAREERS

The biology major encourages our students to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

### ADVISING LEADERSHIP AND STAFF

Asen, Brian
Garvens, Carley
Kuba, Sarah; Program Manager
Magrady, Brittany
Parks, Damien

### BIOLOGY MAJOR PROGRAM COMMITTEE

Auger, Catherine; Neurobiology Option Representative
Baum, David; Evolutionary Biology Option Representative
Bent, Andrew
Blair, Seth
Boekhoff-Falk, Grace
Fernandez, Donna; L&S Co-Chair
Goldman, Irwin; Plant Biology Option Representative
Harris, Michelle
Kuba, Sarah; ex officio
Kurtz, Robin, ex officio
Senes, Alessandro
Thoma, Sharon, ex officio
Yu, Jae-Hyuk; CALS Co-Chair

## WISCONSIN EXPERIENCE

# WISCONSIN EXPERIENCE

The following opportunities can help students connect with other students interested in biology, build relationships with faculty and staff, and contribute to out-of-classroom learning:

- Beta Beta Beta Biological Honor Society (https://win.wisc.edu/organization/tribeta) is an honor and professional organization for undergraduate students in the biological sciences. Its activities are designed to stimulate interest, scholarly attainment, and investigation in the biological sciences, and to promote the dissemination of information and new interpretations among students in life sciences. The society offers its members the unique opportunity to publish their undergraduate work in the pages of its journal, BIOS.
- Biology majors have the opportunity to go on experiential study abroad programs, where students can immerse themselves in research or global health field experiences. Students can review the Biology Major Advising Page (https://studyabroad.wisc.edu/academics/major-advising-pages-maps/biology) on the International Academic Programs website for information on these and other programs, as well as requirements that can typically be fulfilled abroad and things to consider when incorporating study abroad into an academic plan.
- Students are encouraged to get involved in research in any life science department. Research can be performed for either course credit or pay, depending on the opportunity. Research opportunities can be identified by inquiring directly (https://biology.wisc.edu/finding-mentor) with faculty members, reading the *Biology Major Newsletter*, or announcement on the Student Job Center (https://jobcenter.wisc.edu).

# BIOLOGY: EVOLUTIONARY BIOLOGY

The **Evolutionary Biology Option** allows biology majors to concentrate their studies in evolution and to have this reflected on their transcript. Since there is no evolutionary biology major available at UW–Madison, this is the only mechanism to indicate specialization in this rapidly growing and popular field. In taking this option students will be able to fulfill their intermediate/advanced biology requirement with courses that emphasize evolutionary biology, ranging from required courses in fundamental evolutionary biology to more advanced optional courses that cover a wide range of evolutionary biology topics. They will also get to take a one-credit seminar course in evolutionary biology.

Who should enroll in this option? Students with broad interest in the biological sciences who want to:

- Prepare for graduate study in evolutionary biology or related fields
- Prepare for professional studies (e.g. medical school, veterinary school, dentistry)
- Concentrate their biological studies in evolutionary biology

## REQUIREMENTS

## MAJOR OPTION REQUIREMENTS

Students must complete a minimum of 31 credits of Biological Science courses as detailed below. Unless specifically stated otherwise, courses may not be used to meet multiple requirements of the major.

## CORE REQUIREMENTS

### Mathematics and Statistics

| Code | Title | Credits |
|---|---|---|
| Complete one of the following: | | 5-10 |
| MATH 221 | Calculus and Analytic Geometry 1 | |
| MATH 171 & MATH 217 | Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II | |
| Complete one of the following: [1] | | 3 |
| STAT 301 | Introduction to Statistical Methods | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| Total Credits | | 8-13 |

[1] Students completing the Evolutionary Biology option are required to complete either STAT 301 or STAT 371.

### Chemistry

| Code | Title | Credits |
|---|---|---|
| General Chemistry (Complete one of the following): | | 5-10 |
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | |
| CHEM 109 | Advanced General Chemistry | |
| CHEM 115 & CHEM 116 | Chemical Principles I and Chemical Principles II | |
| Organic Chemistry | | |
| CHEM 343 | Introductory Organic Chemistry | 3 |
| CHEM 344 | Introductory Organic Chemistry Laboratory | 2 |
| CHEM 345 | Intermediate Organic Chemistry | 3 |
| Total Credits | | 13-18 |

### Physics

| Code | Title | Credits |
|---|---|---|
| First Semester Physics (complete one of the following): | | 4-5 |
| PHYSICS 103 | General Physics | |
| PHYSICS 201 | General Physics | |
| PHYSICS 207 | General Physics | |
| Second Semester Physics (complete one of the following): | | 4-5 |
| PHYSICS 104 | General Physics | |
| PHYSICS 202 | General Physics | |
| PHYSICS 208 | General Physics | |
| Total Credits | | 8-10 |

### Introductory Biology

| Code | Title | Credits |
|---|---|---|
| Complete one sequence: [1] | | 10-16 |
| Option A: | | 10 |
| BIOLOGY/ BOTANY/ ZOOLOGY 151 | Introductory Biology | |
| BIOLOGY/ BOTANY/ ZOOLOGY 152 | Introductory Biology | |
| Option B: | | 13 |
| BIOCORE 381 | Evolution, Ecology, and Genetics | |
| BIOCORE 382 | Evolution, Ecology, and Genetics Laboratory | |
| BIOCORE 383 | Cellular Biology | |
| BIOCORE 384 | Cellular Biology Laboratory | |
| BIOCORE 485 | Principles of Physiology | |
| Option C: | | 10 |
| ZOOLOGY/ BIOLOGY 101 | Animal Biology | |
| ZOOLOGY/ BIOLOGY 102 | Animal Biology Laboratory | |
| BOTANY/ BIOLOGY 130 | General Botany | |
| **Foundational Course (complete one):** [2] | | 3-6 |
| GENETICS 466 | Principles of Genetics | |
| GENETICS 468 | General Genetics 2 | |
| BIOCORE 381 & BIOCORE 383 | Evolution, Ecology, and Genetics and Cellular Biology [3] | |
| Total Credits | | 46-55 |

## INTERMEDIATE/ADVANCED COURSES

Minimum of 13 credits required as follows and must include **one approved lab course.**[2] (Approved lab courses are indicated by footnote):

- Complete the Evolutionary Biology course
- Complete one course and at least two credits from either category A or B.

- Complete one course and at least two credits from category C.
- Complete one course and at least two credits from category D.
- Additional courses needed to reach 13 Intermediate/Advanced credits may be taken from any category (A, B, C, D, E).

### Required Evolutionary Biology course

| Code | Title | Credits |
|---|---|---|
| ZOOLOGY/ANTHRO/ BOTANY 410 | Evolutionary Biology | 3 |
| Total Credits | | 3 |

# ADDITIONAL LAB OR FIELD RESEARCH

In addition to the Lab requirement, complete one of the following requirements:

- Complete one *additional* lab course from categories A–E in the Intermediate/Advanced course lists, ***or***
- Complete at least 2 credits of directed study in a biological science discipline, or
- Complete a two-semester thesis in biological science.[2]

| Code | Title | Credits |
|---|---|---|
| *Approved Directed Study courses:* [2] | | |
| AGRONOMY 699 | Special Problems | |
| ANATOMY 699 | Independent Study | |
| ANESTHES 699 | Independent Study | |
| AN SCI 699 | Special Problems | |
| BIOCHEM 699 | Special Problems | |
| BIOLOGY 699 | Directed Studies | |
| BOTANY 699 | Directed Study | |
| BMOLCHEM 699 | Special Research Problems | |
| COMP BIO 699 | Directed Study | |
| CRB 699 | Independent Study | |
| DY SCI 699 | Special Problems | |
| ENTOM 699 | Special Problems | |
| ENVIR ST 699 | Directed Study | |
| FAM MED 699 | Directed Study | |
| FOOD SCI 699 | Special Problems | |
| F&W ECOL 699 | Special Problems | |
| GENETICS 699 | Special Problems | |
| HORT 699 | Special Problems | |
| M&ENVTOX 699 | Special Problems | |
| MEDICINE 699 | Independent Study | |
| MED SC-V 699 | Directed Study | |
| MICROBIO 699 | Special Problems | |
| M M & I 699 | Directed Study | |
| MOL BIOL 699 | Directed Studies in Molecular Biology | |
| NEURODPT 699 | Independent Work | |
| NEUROL 699 | Neurology: Directed Study in Neuroscience Research | |
| NEURSURG 699 | Neurosurgery: Directed in Study in Research | |
| NURSING 699 | Directed Study in Nursing | |
| NUTR SCI 699 | Special Problems | |
| OBS&GYN 699 | Directed Study | |
| ONCOLOGY 699 | Special Research Problems | |
| OPHTHALM 699 | Directed Study | |
| PATH 699 | Independent Study | |
| PATH-BIO 699 | Directed Study | |
| PEDIAT 699 | Independent Study | |
| PHM SCI 699 | Advanced Independent Study | |
| PHMCOL-M 699 | Independent Study | |
| PHYSIOL 699 | Independent Work | |
| PL PATH 699 | Special Problems | |
| RHAB MED 699 | Independent Study | |
| SOIL SCI 699 | Special Problems | |
| SURGERY 699 | Independent Study | |

| Code | Title | Credits |
|---|---|---|
| *Approved Thesis sequences:* | | |
| AGRONOMY 681 & AGRONOMY 682 | Senior Honors Thesis and Senior Honors Thesis | |

| | |
|---|---|
| BIOCHEM 681 & BIOCHEM 682 | Senior Honors Thesis and Senior Honors Thesis |
| BIOCHEM 691 & BIOCHEM 692 | Senior Thesis and Senior Thesis |
| BOTANY 681 & BOTANY 682 | Senior Honors Thesis and Senior Honors Thesis |
| BOTANY 691 & BOTANY 692 | Senior Thesis and Senior Thesis |
| ENTOM 681 & ENTOM 682 | Senior Honors Thesis and Senior Honors Thesis |

| F&W ECOL 691 & F&W ECOL 692 | Senior Thesis and Senior Thesis |
| GENETICS 681 & GENETICS 682 | Senior Honors Thesis and Senior Honors Thesis |
| HORT 681 & HORT 682 | Senior Honors Thesis and Senior Honors Thesis |
| MICROBIO 681 & MICROBIO 682 | Senior Honors Thesis and Senior Honors Thesis |
| MICROBIO 691 & MICROBIO 692 | Senior Thesis and Senior Thesis |
| NUTR SCI 681 & NUTR SCI 682 | Senior Honors Thesis and Senior Honors Thesis |
| NUTR SCI 691 & NUTR SCI 692 | Senior Thesis-Nutrition and Senior Thesis |
| PL PATH 681 & PL PATH 682 | Senior Honors Thesis and Senior Honors Thesis |
| ZOOLOGY 681 & ZOOLOGY 682 | Senior Honors Thesis and Senior Honors Thesis |
| ZOOLOGY 691 & ZOOLOGY 692 | Senior Thesis and Senior Thesis |

[2] To have Directed Study or Theses count for the Additional Lab/Field Research requirement, students must have first completed an Introductory Biology sequence.

## SEMINAR

| Code | Title | Credits |
|---|---|---|
| *Undergradute Evolution Seminar* | | |
| BIOLOGY/ GENETICS 522 | Evolution Seminar Series-Undergraduate | 1 |
| Total Credits | | 1 |

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all BIOLOGY and major courses
- 2.000 GPA on at least 15 credits of Upper-Level work in the major, in Residence [3]
- 15 credits in the major, taken on the UW–Madison campus

[3] Intermediate or Advanced level major courses are considered Upper-Level for purposes of this requirement.

# BIOLOGY: PLANT BIOLOGY

The **Plant Biology Option** allows biology majors to focus their studies on plant science and to have this reflected on their transcript. There are a number of departments at UW–Madison who host plant science-based majors, including agronomy, botany, horticulture, plant pathology, and forest and wildlife ecology. While those specialized majors offer in-depth programs in their disciplines, the plant biology option allows students to pursue a course of study within the biology major and explore plant biology at the same time. Students in this option can fulfill their requirements with courses that emphasize various aspects of plant science, including anatomy, physiology, genetics, crop production, disease resistance, and molecular techniques in plant improvement. Students also participate in a one credit seminar called Frontiers in Plant Science taught by two faculty from plant science departments.

Who should enroll in this option? Students with broad interest in biological sciences who also want to:

- Prepare for graduate work in a plant science field
- Prepare for advanced study or graduate work in a natural or environmental science field
- Concentrate their studies on the biology of plants

## REQUIREMENTS

## MAJOR OPTION REQUIREMENTS

Students must complete a minimum of 31 credits of Biological Science courses as detailed below. Unless specifically stated otherwise, courses may not be used to meet multiple requirements of the major.

## CORE REQUIREMENTS

### Mathematics and Statistics

| Code | Title | Credits |
|---|---|---|
| Complete one of the following: | | 5-10 |
| MATH 221 | Calculus and Analytic Geometry 1 | |
| MATH 171 & MATH 217 | Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II | |
| Complete one of the following: | | 3-4 |
| MATH 222 | Calculus and Analytic Geometry 2 | |
| STAT 301 | Introduction to Statistical Methods | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| Total Credits | | 8-14 |

### Chemistry

| Code | Title | Credits |
|---|---|---|
| General Chemistry (Complete one of the following): | | 5-10 |
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | |
| CHEM 109 | Advanced General Chemistry | |
| CHEM 115 & CHEM 116 | Chemical Principles I and Chemical Principles II | |
| Organic Chemistry | | |

| | | |
|---|---|---|
| CHEM 343 | Introductory Organic Chemistry | 3 |
| CHEM 344 | Introductory Organic Chemistry Laboratory | 2 |
| CHEM 345 | Intermediate Organic Chemistry | 3 |
| Total Credits | | 13-18 |

### Physics

| Code | Title | Credits |
|---|---|---|
| First Semester Physics (complete one of the following): | | 4-5 |
| PHYSICS 103 | General Physics | |
| PHYSICS 201 | General Physics | |
| PHYSICS 207 | General Physics | |
| Second Semester Physics (complete one of the following): | | 4-5 |
| PHYSICS 104 | General Physics | |
| PHYSICS 202 | General Physics | |
| PHYSICS 208 | General Physics | |
| Total Credits | | 8-10 |

### Introductory Biology

| Code | Title | Credits |
|---|---|---|
| Select one of the following options: [1] | | 10-16 |
| Option A: | | |
| BIOLOGY/ BOTANY/ ZOOLOGY 151 | Introductory Biology | |
| BIOLOGY/ BOTANY/ ZOOLOGY 152 | Introductory Biology | |
| Option B: | | |
| BIOCORE 381 | Evolution, Ecology, and Genetics | |
| BIOCORE 382 | Evolution, Ecology, and Genetics Laboratory | |
| BIOCORE 383 | Cellular Biology | |
| BIOCORE 384 | Cellular Biology Laboratory | |
| BIOCORE 485 | Principles of Physiology | |
| Option C: | | |
| ZOOLOGY/ BIOLOGY 101 | Animal Biology | |
| ZOOLOGY/ BIOLOGY 102 | Animal Biology Laboratory | |
| BOTANY/ BIOLOGY 130 | General Botany | |
| **Foundational Course (complete one of the following):** [2] | | 3-6 |
| BIOCORE 381 & BIOCORE 383 | Evolution, Ecology, and Genetics and Cellular Biology [3] | |
| AGRONOMY/ HORT 338 | Plant Breeding and Biotechnology | |
| GENETICS 466 | Principles of Genetics | |
| GENETICS 468 | General Genetics 2 | |
| BIOCHEM 501 | Introduction to Biochemistry | |
| BIOCHEM 508 | General Biochemistry II | |
| Total Credits | | 13-22 |

[1] For AP Biology policy, as it applies to introductory biology in the biology major, see this link (http://biologymajor.wisc.edu/advising/advisor-resources/ap-ib-biology-policy).

[2] Courses taken to meet the Foundation requirement may not also count for the Intermediate/Advanced requirement below.

[3] Students may use BIOCORE 381 and BIOCORE 383 toward ***both*** Introductory Biology ***and*** Foundation.

# INTERMEDIATE/ADVANCED COURSES

Minimum of 13 credits required and must include **one approved lab course.** Approved lab courses are indicated by footnote.

- Complete one course and at least two credits from either category A or B.
- Complete one course and at least two credits from either category C or D.
- Complete one course and at least two credits from an unused category (A, B, C, D or E).

### Cellular and Subcellular Biology

| Code | Title | Credits |
|---|---|---|
| AGRONOMY/ HORT 338 | Plant Breeding and Biotechnology | 3 |
| AGRONOMY/ BOTANY/HORT 339 | Plant Biotechnology: Principles and Techniques I [1] | 4 |
| AGRONOMY/ BOTANY/HORT 340 | Plant Cell Culture and Genetic Engineering [1] | 4 |
| BIOCHEM 501 | Introduction to Biochemistry | 3 |
| BIOCHEM 507 | General Biochemistry I | 3 |
| BIOCHEM 508 | General Biochemistry II | 3-4 |
| BIOCHEM/ BOTANY 621 | Plant Biochemistry | 3 |
| BIOCHEM 570 | Computational Modeling of Biological Systems | 3 |
| BOTANY/ENTOM/ PL PATH 505 | Plant-Microbe Interactions: Molecular and Ecological Aspects | 3 |
| GENETICS 466 | Principles of Genetics | 3 |
| GENETICS 467 | General Genetics 1 | 3 |

[1] Course also approved for lab credit

### B. Organismal Biology

| Code | Title | Credits |
|---|---|---|
| BIOCORE 486 | Principles of Physiology Laboratory [1] | 2 |
| BOTANY 300 | Plant Anatomy [1] | 4 |
| BOTANY 305 | Plant Morphology and Evolution [1] | 4 |

| ZOOLOGY 500 | Undergraduate Neurobiology Seminar | 1 |

[1] Courses also approved for lab credit

## ADDITIONAL LAB OR FIELD RESEARCH

In addition to the Lab requirement, complete one of the following requirements:

- Complete one *additional* lab course and at least two credits from categories A–E in the Intermediate/Advanced course lists, or
- Complete at least two credits of directed study in a biological science discipline, or
- Complete a two-semester thesis in biological science.[2]

| Code | Title | Credits |
|---|---|---|
| *Approved Directed Study courses:* [2] | | |
| AGRONOMY 699 | Special Problems | |
| ANATOMY 699 | Independent Study | |
| ANESTHES 699 | Independent Study | |
| AN SCI 699 | Special Problems | |
| BIOCHEM 699 | Special Problems | |
| BIOLOGY 699 | Directed Studies | |
| BOTANY 699 | Directed Study | |
| BMOLCHEM 699 | Special Research Problems | |

| | |
|---|---|
| COMP BIO 699 | Directed Study |
| CRB 699 | Independent Study |
| DY SCI 699 | Special Problems |
| ENTOM 699 | Special Problems |
| ENVIR ST 699 | Directed Study |
| FAM MED 699 | Directed Study |
| FOOD SCI 699 | Special Problems |
| F&W ECOL 699 | Special Problems |
| GENETICS 699 | Special Problems |
| HORT 699 | Special Problems |
| M&ENVTOX 699 | Special Problems |
| MEDICINE 699 | Independent Study |
| MED SC-V 699 | Directed Study |
| MICROBIO 699 | Special Problems |
| M M & I 699 | Directed Study |
| MOL BIOL 699 | Directed Studies in Molecular Biology |
| NEURODPT 699 | Independent Work |
| NEUROL 699 | Neurology: Directed Study in Neuroscience Research |
| NEURSURG 699 | Neurosurgery: Directed in Study in Research |
| NURSING 699 | Directed Study in Nursing |
| NUTR SCI 699 | Special Problems |
| OBS&GYN 699 | Directed Study |
| ONCOLOGY 699 | Special Research Problems |
| OPHTHALM 699 | Directed Study |
| PATH 699 | Independent Study |
| PATH-BIO 699 | Directed Study |
| PEDIAT 699 | Independent Study |
| PHM SCI 699 | Advanced Independent Study |
| PHMCOL-M 699 | Independent Study |
| PHYSIOL 699 | Independent Work |
| PL PATH 699 | Special Problems |
| RHAB MED 699 | Independent Study |
| SOIL SCI 699 | Special Problems |
| SURGERY 699 | Independent Study |

| Code | Title | Credits |
|---|---|---|
| *Approved Thesis sequences:* [2] | | |
| AGRONOMY 681 & AGRONOMY 682 | Senior Honors Thesis and Senior Honors Thesis | |
| BIOCHEM 681 & BIOCHEM 682 | Senior Honors Thesis and Senior Honors Thesis | |
| BIOCHEM 691 & BIOCHEM 692 | Senior Thesis and Senior Thesis | |
| BOTANY 681 & BOTANY 682 | Senior Honors Thesis and Senior Honors Thesis | |
| BOTANY 691 & BOTANY 692 | Senior Thesis and Senior Thesis | |
| ENTOM 681 & ENTOM 682 | Senior Honors Thesis and Senior Honors Thesis | |
| F&W ECOL 681 & F&W ECOL 682 | Senior Honors Thesis and Senior Honors Thesis | |
| F&W ECOL 691 & F&W ECOL 692 | Senior Thesis and Senior Thesis | |
| GENETICS 681 & GENETICS 682 | Senior Honors Thesis and Senior Honors Thesis | |
| HORT 681 & HORT 682 | Senior Honors Thesis and Senior Honors Thesis | |
| MICROBIO 681 & MICROBIO 682 | Senior Honors Thesis and Senior Honors Thesis | |
| MICROBIO 691 & MICROBIO 692 | Senior Thesis and Senior Thesis | |
| NUTR SCI 681 & NUTR SCI 682 | Senior Honors Thesis and Senior Honors Thesis | |
| NUTR SCI 691 & NUTR SCI 692 | Senior Thesis-Nutrition and Senior Thesis | |
| PL PATH 681 & PL PATH 682 | Senior Honors Thesis and Senior Honors Thesis | |
| ZOOLOGY 681 & ZOOLOGY 682 | Senior Honors Thesis and Senior Honors Thesis | |
| ZOOLOGY 691 & ZOOLOGY 692 | Senior Thesis and Senior Thesis | |

[2] To have Directed Study or Theses count for the Additional Lab/Field Research requirement, students must have first completed an Introductory Biology sequence.

## UNDERGRADUATE PLANT SCIENCE SEMINAR

| Code | Title | Credits |
|---|---|---|
| PL PATH 375 | Special Topics (Frontiers in Plant Biology) | 1-4 |
| Total Credits | | 1-4 |

## RESIDENCE & QUALITY OF WORK

- 2.000 GPA in all BIOLOGY and major courses
- 2.000 GPA on at least 15 credits of Upper-Level work in the major, in Residence [3]
- 15 credits in the major, taken on the UW–Madison campus

[3] Intermediate and Advanced level major courses are considered Upper-Level for purposes of this requirement.

# MOLECULAR BIOLOGY, B.A.

**Admissions to the molecular biology B.A. have been suspended as of fall 2019. If you have any questions, please contact the department** (molecularbiomajor@ls.wisc.edu)**.**

## ABOUT THE MAJOR

Molecular biology is the basic science that seeks an understanding of biological processes in terms of the properties and functions of the molecules that make up living cells. The scope of questions addressed in molecular biology ranges from evolution to development to the regulation of gene expression. A career in molecular biology requires a strong background in biology as well as a solid foundation in chemistry, mathematics, and physics.

The molecular biology major has been designed primarily for three groups of students:

1. those who plan to enter a research career in molecular biology or related areas such as biochemistry, genetics, oncology, microbiology, cell biology or developmental biology;
2. pre-professional students who plan to enter either a research or clinical career in medicine, or allied health fields;
3. students who plan to teach biology at the college or secondary-school levels.

Students with other interests are also welcome, of course. Career opportunities for students with an undergraduate degree in molecular biology are amazingly diverse. Graduates of the program have gone into patent law, science journalism, forensics, philosophy, nutrition, genetic counseling, veterinary medicine, anthropology, archeology, marine biology, theology, and much more (https://molecularbiologymajor.wiscweb.wisc.edu/wp-content/uploads/sites/290/2017/07/What_can_I_do_with_a_MolBio_Major_.pdf).

Major requirements have been set to assure a high degree of proficiency in the various areas specified while still allowing as much flexibility as possible for students to individualize their programs. For the undergraduate interested in life sciences, this major uniquely provides access to the extraordinary scope and strength of biology courses and laboratories on the UW–Madison campus. Each student in the major is assigned a faculty advisor, and it is hoped that students will take advantage of both the staff and faculty advising service available to make a judicious choice of courses, as well as to gain scholarly experience outside the classroom that will further their academic and career goals.

Students who wish to obtain further information about the program or to declare a molecular biology major should contact the student services coordinator. (https://molecularbio.ls.wisc.edu/advising) Faculty advisors are assigned through the program office and are located in many related departments throughout campus. Molecular biology faculty advisors are especially competent to provide counsel regarding the major and career opportunities in molecular biology.

## UNDERGRADUATE RESEARCH

Undergraduate molecular biology students at UW–Madison are fortunate to have the opportunity to work with some of the world's leading researchers. Many opportunities for laboratory research experience are available on campus for undergraduate students and this type of experiences is strongly encouraged. Such an experience provides students the opportunity to apply what they're learning and compliment their knowledge with practical skills. Research experience is highly valued by employers, graduate programs, and professional schools. See the major website (https://molecularbio.ls.wisc.edu/undergraduate-research) for more information on how to get involved in undergraduate research.

## HOW TO GET IN

**Admissions to the Molecular Biology B.S. have been suspended as of fall 2019. If you have any questions, please contact the department** (molecularbiomajor@ls.wisc.edu)**.**

To declare the molecular biology major, students must contact or make an appointment (https://calendar.wisc.edu/scheduling-assistant/public/profiles/aBNbotSX.html;jsessionid=53F9D957BE6099BCF895E0A8487F3B94.primary) with the molecular biology student services coordinator.

If students are not currently in the College of Letters & Science (L&S), you must transfer into L&S before declaring. However, students are welcome to meet with the molecular biology student services coordinator to discuss the major before transferring.

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |

| | |
|---|---|
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## MATHEMATICS, CHEMISTRY & PHYSICS

| Code | Title | Credits |
|---|---|---|
| **Calculus 1** | | |
| MATH 221 | Calculus and Analytic Geometry 1 | 5 |
| or MATH 211 | Calculus | |
| **Calculus 2 or Statistics—one course:** | | 3-5 |
| MATH 222 | Calculus and Analytic Geometry 2 | |
| MATH 213 | Calculus and Introduction to Differential Equations | |
| MATH 234 | Calculus--Functions of Several Variables | |
| MATH 276 | Topics in Calculus II | |
| STAT 301 | Introduction to Statistical Methods | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| **General Chemistry—complete one option:** | | 5-9 |
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | |
| CHEM 109 | Advanced General Chemistry | |
| CHEM 115 & CHEM 116 | Chemical Principles I and Chemical Principles II (by consent of instructor only) | |
| **Analytical Chemistry** | | |
| CHEM 327 | Fundamentals of Analytical Science | 4 |
| or CHEM 329 | Fundamentals of Analytical Science | |
| **Organic Chemistry** | | |
| CHEM 343 | Introductory Organic Chemistry | 3 |
| CHEM 344 | Introductory Organic Chemistry Laboratory | 2 |
| CHEM 345 | Intermediate Organic Chemistry | 3 |
| **Physics—complete one option:** | | |
| PHYSICS 201 & PHYSICS 202 | General Physics and General Physics | |
| PHYSICS 207 & PHYSICS 208 | General Physics and General Physics | |
| Total Credits | | 25-31 |

## GENERAL BIOLOGY

| Code | Title | Credits |
|---|---|---|
| **Complete one option:** | | 10-16 |
| *Option A:* | | |
| BIOLOGY/ BOTANY/ ZOOLOGY 151 & BIOLOGY/ BOTANY/ ZOOLOGY 152 | Introductory Biology and Introductory Biology | |
| GENETICS 466 | Principles of Genetics | |
| *Option B (BIOCORE):* [1] | | |
| BIOCORE 381 | Evolution, Ecology, and Genetics | |
| BIOCORE 382 | Evolution, Ecology, and Genetics Laboratory | |
| BIOCORE 383 | Cellular Biology | |
| BIOCORE 384 | Cellular Biology Laboratory | |
| BIOCORE 485 | Principles of Physiology | |

[1] BIOCORE is an Honors program. Students may find more information here (p. 521).

## BIOCHEMISTRY AND MOLECULAR BIOLOGY

| Code | Title | Credits |
|---|---|---|
| **Biochemistry** | | 3-7 |
| Select one of the following: | | |
| BIOCHEM 501 | Introduction to Biochemistry | 3 |
| BIOCHEM 507 & BIOCHEM 508 | General Biochemistry I and General Biochemistry II | 6-7 |
| **Molecular Biology - 3 credits from:** | | 3 |

| | | |
|---|---|---|
| AGRONOMY/ HORT 339 | Plant Biotechnology: Principles and Techniques I | |
| AGRONOMY/ HORT 340 | Plant Cell Culture and Genetic Engineering | |
| BIOCHEM/ GENETICS/ MICROBIO 612 | Prokaryotic Molecular Biology | |
| BIOCHEM/ GENETICS 620 | Eukaryotic Molecular Biology | |
| GENETICS 545 | Genetics Laboratory | |
| HORT/PATH-BIO 500 | Molecular Biology Techniques | |
| HORT/ GENETICS 550 | Molecular Approaches for Potential Crop Improvement | |
| **Advanced Courses - 6 credits from 2 areas:** | | 6 |
| *Development* | | |
| BOTANY 500 | Plant Physiology [3] | |
| ZOOLOGY 470 | Introduction to Animal Development [3] | |
| ZOOLOGY 555 | Laboratory in Developmental Biology | |
| ZOOLOGY 625 | Development of the Nervous System | |
| *Microbiology* | | |
| BOTANY/PL PATH 505 | Plant-Microbe Interactions: Molecular and Ecological Aspects [3] | |
| MICROBIO 303 | Biology of Microorganisms | |
| MICROBIO 304 | Biology of Microorganisms Laboratory | |
| MICROBIO 330 | Host-Parasite Interactions | |
| MICROBIO/ SOIL SCI 425 | Environmental Microbiology | |
| MICROBIO/PL PATH 622 | Plant-Bacterial Interactions [3] | |
| MICROBIO/ ONCOLOGY/PL PATH 640 | General Virology-Multiplication of Viruses [3] | |
| M M & I/ BIOCHEM 575 | Biology of Viruses | |
| *Genetics* | | |
| AGRONOMY/ HORT 338 | Plant Breeding and Biotechnology | |
| GENETICS/ BOTANY/HORT 561 | [3] | |
| GENETICS/MD GENET 565 | Human Genetics [3] | |
| GENETICS 566 | Advanced Genetics | |
| MICROBIO 470 | Microbial Genetics & Molecular Machines | |
| MICROBIO/ GENETICS 607 | Advanced Microbial Genetics [3] | |
| *Cell Biology (Endocrinology, Neurobiology, Immunology)* | | |
| BIOCHEM/ PHMCOL-M/ ZOOLOGY 630 | Cellular Signal Transduction Mechanisms [3] | |
| BIOCORE 587 | Biological Interactions | |
| MICROBIO/ M M & I/PATH-BIO 528 | Immunology | |
| M M & I 341 | Immunology | |
| ONCOLOGY 401 | Introduction to Experimental Oncology | |
| ONCOLOGY/ MICROBIO/ PL PATH 640 | General Virology-Multiplication of Viruses [3] | |
| ZOOLOGY/ PSYCH 523 | Neurobiology [3] | |
| ZOOLOGY 570 | Cell Biology [3] | |
| *Biochemistry and Physical Chemistry* | | |
| BIOCHEM 508 | General Biochemistry II | |
| BIOCHEM/NUTR SCI 510 | Nutritional Biochemistry and Metabolism | |
| BIOCHEM 550 | Topics in Medical Biochemistry [3] | |
| BIOCHEM 551 | Biochemical Methods [3] | |
| BIOCHEM/ BOTANY 621 | Plant Biochemistry [3] | |
| CHEM 561 | Physical Chemistry [3] | |
| CHEM 565 | Biophysical Chemistry [3] | |
| NEURODPT 533 | Molecular Physiology | |
| *Quantitative and Computational Sciences* | | |
| B M I/COMP SCI 576 | Introduction to Bioinformatics [3] | |
| BOTANY 563 | Phylogenetic Analysis of Molecular Data | |
| COMP SCI/I SY E/ MATH 425 | Introduction to Combinatorial Optimization [3] | |
| F&W ECOL/HORT/ STAT 571 | Statistical Methods for Bioscience I [3] | |
| F&W ECOL/HORT/ STAT 572 | Statistical Methods for Bioscience II [3] | |
| STAT 333 | Applied Regression Analysis | |
| STAT/B M I 541 | Introduction to Biostatistics [3] | |
| Total Credits | | 21-26 |

## LABORATORY/INDEPENDENT RESEARCH

2 credits from:

| Code | Title | Credits |
|---|---|---|
| **Lab/Research courses:** | | |
| HORT/PATH-BIO 500 | Molecular Biology Techniques | |
| GENETICS 545 | Genetics Laboratory | |
| BMOLCHEM 504 | Human Biochemistry Laboratory | |
| MICROBIO 304 | Biology of Microorganisms Laboratory | |
| BIOCHEM 551 | Biochemical Methods | |
| ZOOLOGY 555 | Laboratory in Developmental Biology | |
| **Thesis/Directed Study:** [2] | | |

| | |
|---|---|
| MOL BIOL 681 & MOL BIOL 682 | Senior Honors Thesis and Senior Honors Thesis |
| MOL BIOL 691 & MOL BIOL 692 | Senior Thesis and Senior Thesis |
| MOL BIOL 699 | Directed Studies in Molecular Biology |

[2] For assistance finding a directed lab or research experience and for information about scholarships, see the advisor for this program and/or consult the Undergraduate Research page (https://molecularbio.ls.wisc.edu/undergraduate-research).

### RESIDENCE AND QUALITY OF WORK

2.000 GPA in all MOL BIOL and major courses

2.000 GPA on 15 upper-level major credits, taken in residence[1]

15 credits in MOL BIOL, taken on the UW–Madison campus

[1]Courses accepted in the major that are intermediate or advanced are considered upper level in this major.

## HONORS IN THE MAJOR

Students may declare Honors in the Molecular Biology Major in consultation with the Molecular Biology undergraduate advisor.

### HONORS IN THE MOLECULAR BIOLOGY MAJOR REQUIREMENTS

To earn Honors in the Major in Molecular Biology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Earn a 3.500 GPA for all courses accepted in the major
- Complete the Advanced Course requirement, two courses in two different areas, utilizing the courses indicated with the [3] above, taken for Honors credit and with grades of B or better earned in each individual course
- Complete one of the following, with a grade of B or better: MICROBIO/BIOCHEM/GENETICS 612 Prokaryotic Molecular Biology, BIOCHEM/GENETICS/MD GENET 620 Eukaryotic Molecular Biology, HORT/GENETICS 550 Molecular Approaches for Potential Crop Improvement
- Complete a two-semester Senior Honors Thesis in MOL BIOL 681 Senior Honors Thesis and MOL BIOL 682 Senior Honors Thesis, for a total of 6 credits
- Complete MOL BIOL 686 Senior Honors Seminar in Molecular Biology

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Summarize the energetic and thermodynamic basis of life.
2. Define and explain the molecular basis of life and relationships between the structure and function of biological macromolecules.
3. Describe the nature of the cell and its role as the basic unit of life.
4. Understand the nature of the genetic material and its roles in inheritance, evolution, and cellular function.
5. Demonstrate comprehension of basic molecular biology laboratory techniques.
6. Utilize the scientific method to solve biological problems characteristic of today’s society.
7. Understand the primary scientific literature and apply concepts from literature to draw conclusions about modern topics in the field.
8. Communicate scientific ideas in written and oral form.

## FOUR-YEAR PLAN

## ADVISING AND CAREERS

**Admissions to the molecular miology B.A. and the molecular biology B.S. have been suspended as of fall 2019. If you have any questions, please contact the department** (molecularbiomajor@ls.wisc.edu)**.**

Students in the major are assigned to a team of advisors composed of a faculty advisor and a the major's student services coordinator. See the major's advising page (https://molecularbio.ls.wisc.edu/advising) for a list of advisors and for the student services coordinator information. The faculty advisor provides guidance specific to the molecular biology discipline through discussions about undergraduate experiences (i.e., research, coursework, internships) that will help prepare students for graduate work or a career after graduation. The student services coordinator provides guidance specific to the discipline, and also helps students with major declarations, course selection, registration, DARS, L&S degree and major requirements, and tracking progress toward graduation, as well as connecting students with important resources on campus.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and

employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Committee of Advisors: Ahmad (Dermatology), Amann (Integrative Biology), Fabry (Pathology and Laboratory Medicine), Filutowicz (Bacteriology), Grinblat (Neuroscience), Martin (Biochemistry), McMahon (Civil Engineering and Environmental Engineering), Newmark (Integrative Biology), Otegui (Botany), Raman (Biochemistr), Schuler (Comparative Biosciences)

## RESOURCES AND SCHOLARSHIPS

### HILLDALE UNDERGRADUATE/FACULTY RESEARCH FELLOWSHIP

The Hilldale (https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship) Undergraduate/Faculty Research Fellowships support undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Approximately 97 – 100 Hilldale awards are available each year. The student researcher receives $3,000, and faculty/staff research advisor receives $1,000 to help offset research costs (e.g., supplies, faculty or student travel related to the project).

### HOLSTROM ENVIRONMENTAL SCHOLARSHIPS

The Holstrom Environmental Scholarships (https://awards.advising.wisc.edu/all-scholarships/holstrom-enviromental-research-fellowship) support undergraduate research done in collaboration with UW-Madison faculty or research/instructional academic staff. Research proposals must have an environmental focus, and applicants must have at least a junior standing at time of application.

### SOPHOMORE RESEARCH FELLOWSHIP

Funded by grants from the Brittingham Fund and the Kemper K. Knapp Bequest, the Sophomore Research Fellowships (https://awards.advising.wisc.edu/all-scholarships/sophomore-research-fellowship) support undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Approximately 15 awards are available.

### UNDERGRADUATE RESEARCH SCHOLARS

The Undergraduate Research Scholars (https://urs.ls.wisc.edu) program (URS) is dedicated to enhancing the academic experience of UW-Madison students by providing first and second year undergraduates with opportunities to earn credit for participating in the research and creative work with UW-Madison faculty and staff. The program has been designed to include partnerships between students and mentors, seminars on research-relevant issues, and practice in research/artistic presentations. The many benefits of the program are found in the fluid interaction between these activities.

### UNDERGRADUATE SYMPOSIUM

The annual Undergraduate Symposium (https://ugradsymposium.wisc.edu) showcases undergraduate creativity, achievement, research, service-learning and community-based research from all areas of study at UW–Madison including the humanities, fine arts, biological sciences, physical sciences, and social sciences. This past year nearly 700 students presented, displayed or performed their work for members of the University, the surrounding community, family and friends.

### UNIVERSITY BOOK STORE AWARD

Supported by a generous grant from the University Book Store, (https://awards.advising.wisc.edu/all-scholarships/university-book-store-award) this award recognizes undergraduate students who have completed an outstanding independent project, such as a senior thesis, at the University of Wisconsin–Madison. Projects in all academic fields are eligible.

### WISCONSIN IDEA FELLOWSHIPS

Wisconsin Idea Fellowships (https://morgridge.wisc.edu/students/wisconsin-idea-fellowships) are awarded annually to undergraduate student projects working towards solving a challenge identified along with local or global community partner. Fellowships are awarded to semester-long or year-long projects designed by an undergraduate student (or group of students) in collaboration with a community organization and a UW-Madison faculty or academic staff member.

# MOLECULAR BIOLOGY, B.S.

**Admissions to the molecular biology B.S. have been suspended as of fall 2019. If you have any questions, please contact the department** (molecularbiomajor@ls.wisc.edu)**.**

## ABOUT THE MAJOR

Molecular biology is the basic science that seeks an understanding of biological processes in terms of the properties and functions of the molecules that make up living cells. The scope of questions addressed in molecular biology ranges from evolution to development to the regulation of gene expression. A career in molecular biology requires a strong background in biology as well as a solid foundation in chemistry, mathematics, and physics.

The molecular biology major has been designed primarily for three groups of students:

1. those who plan to enter a research career in molecular biology or related areas such as biochemistry, genetics, oncology, microbiology, cell biology or developmental biology;
2. pre-professional students who plan to enter either a research or clinical career in medicine, or allied health fields;
3. students who plan to teach biology at the college or secondary-school levels.

Students with other interests are also welcome, of course. Career opportunities for students with an undergraduate degree in molecular biology are amazingly diverse. Graduates of the program have gone into patent law, science journalism, forensics, philosophy, nutrition, genetic counseling, veterinary medicine, anthropology, archeology, marine biology, theology, and much more (https://molecularbiologymajor.wiscweb.wisc.edu/wp-content/uploads/sites/290/2017/07/What_can_I_do_with_a_MolBio_Major_.pdf).

Major requirements have been set to assure a high degree of proficiency in the various areas specified while still allowing as much flexibility as possible for students to individualize their programs. For the undergraduate interested in life sciences, this major uniquely provides access to the extraordinary scope and strength of biology courses and laboratories on the UW–Madison campus. Each student in the major is assigned a faculty advisor, and it is hoped that students will take advantage of both the staff and faculty advising service available to make a judicious choice of courses, as well as to gain scholarly experience outside the classroom that will further their academic and career goals.

Students who wish to obtain further information about the program or to declare a molecular biology major should contact the student services coordinator. (https://molecularbio.ls.wisc.edu/advising) Faculty advisors are assigned through the program office and are located in many related departments throughout campus. Molecular biology faculty advisors are especially competent to provide counsel regarding the major and career opportunities in molecular biology.

## UNDERGRADUATE RESEARCH

Undergraduate molecular biology students at UW–Madison are fortunate to have the opportunity to work with some of the world's leading researchers. Many opportunities for laboratory research experience are available on campus for undergraduate students and this type of experiences is strongly encouraged. Such an experience provides students the opportunity to apply what they're learning and compliment their knowledge with practical skills. Research experience is highly valued by employers, graduate programs, and professional schools. See the major website (https://molecularbio.ls.wisc.edu/undergraduate-research) for more information on how to get involved in undergraduate research.

## HOW TO GET IN

**Admissions to the molecular biology B.S. have been suspended as of fall 2019. If you have any questions, please contact the department** (molecularbiomajor@ls.wisc.edu)**.**

To declare the molecular biology major, students must contact or make an appointment (https://calendar.wisc.edu/scheduling-assistant/public/profiles/aBNbotSX.html;jsessionid=53F9D957BE6099BCF895E0A8487F3B94.primary) with the molecular biology student services coordinator.

If students are not currently in the College of Letters & Science (L&S), you must transfer into L&S before declaring. However, students are welcome to meet with the molecular biology student services coordinator to discuss the major before transferring.

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |

| | |
|---|---|
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## MATHEMATICS, CHEMISTRY & PHYSICS

| Code | Title | Credits |
|---|---|---|
| **Calculus 1** | | |
| MATH 221 | Calculus and Analytic Geometry 1 | 5 |
| or MATH 211 | Calculus | |
| **Calculus 2 or Statistics—one course:** | | 3-5 |
| MATH 222 | Calculus and Analytic Geometry 2 | |
| MATH 213 | Calculus and Introduction to Differential Equations | |
| MATH 234 | Calculus--Functions of Several Variables | |
| MATH 276 | Topics in Calculus II | |
| STAT 301 | Introduction to Statistical Methods | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| **General Chemistry—complete one option:** | | 5-9 |
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | |
| CHEM 109 | Advanced General Chemistry | |
| CHEM 115 & CHEM 116 | Chemical Principles I and Chemical Principles II (by consent of instructor only) | |
| **Analytical Chemistry** | | |
| CHEM 327 | Fundamentals of Analytical Science | 4 |
| or CHEM 329 | Fundamentals of Analytical Science | |
| **Organic Chemistry** | | |
| CHEM 343 | Introductory Organic Chemistry | 3 |
| CHEM 344 | Introductory Organic Chemistry Laboratory | 2 |
| CHEM 345 | Intermediate Organic Chemistry | 3 |
| **Physics—complete one option:** | | |
| PHYSICS 201 & PHYSICS 202 | General Physics and General Physics | |
| PHYSICS 207 & PHYSICS 208 | General Physics and General Physics | |
| Total Credits | | 25-31 |

## GENERAL BIOLOGY

| Code | Title | Credits |
|---|---|---|
| **Complete one option:** | | 10-16 |
| *Option A:* | | |
| BIOLOGY/ BOTANY/ ZOOLOGY 151 & BIOLOGY/ BOTANY/ ZOOLOGY 152 | Introductory Biology and Introductory Biology | |
| GENETICS 466 | Principles of Genetics | |
| *Option B (BIOCORE):* [1] | | |
| BIOCORE 381 | Evolution, Ecology, and Genetics | |
| BIOCORE 382 | Evolution, Ecology, and Genetics Laboratory | |
| BIOCORE 383 | Cellular Biology | |
| BIOCORE 384 | Cellular Biology Laboratory | |
| BIOCORE 485 | Principles of Physiology | |

[1] BIOCORE is an Honors program. Students may find more information here (p. 521).

## BIOCHEMISTRY AND MOLECULAR BIOLOGY

| Code | Title | Credits |
|---|---|---|
| **Biochemistry** | | 3-7 |
| Select one of the following: | | |
| BIOCHEM 501 | Introduction to Biochemistry | 3 |
| BIOCHEM 507 & BIOCHEM 508 | General Biochemistry I and General Biochemistry II | 6-7 |
| **Molecular Biology - 3 credits from:** | | 3 |
| AGRONOMY/ HORT 339 | Plant Biotechnology: Principles and Techniques I | |
| AGRONOMY/ HORT 340 | Plant Cell Culture and Genetic Engineering | |

| | | |
|---|---|---|
| BIOCHEM/ GENETICS/ MICROBIO 612 | Prokaryotic Molecular Biology | |
| BIOCHEM/ GENETICS 620 | Eukaryotic Molecular Biology | |
| GENETICS 545 | Genetics Laboratory | |
| HORT/PATH-BIO 500 | Molecular Biology Techniques | |
| HORT/ GENETICS 550 | Molecular Approaches for Potential Crop Improvement | |
| **Advanced Courses - 6 credits from 2 areas:** | | 6 |
| *Development* | | |
| BOTANY 500 | Plant Physiology [3] | |
| ZOOLOGY 470 | Introduction to Animal Development [3] | |
| ZOOLOGY 555 | Laboratory in Developmental Biology | |
| ZOOLOGY 625 | Development of the Nervous System | |
| *Microbiology* | | |
| BOTANY/PL PATH 505 | Plant-Microbe Interactions: Molecular and Ecological Aspects [3] | |
| MICROBIO 303 | Biology of Microorganisms | |
| MICROBIO 304 | Biology of Microorganisms Laboratory | |
| MICROBIO 330 | Host-Parasite Interactions | |
| MICROBIO/ SOIL SCI 425 | Environmental Microbiology | |
| MICROBIO/PL PATH 622 | Plant-Bacterial Interactions [3] | |
| MICROBIO/ ONCOLOGY/PL PATH 640 | General Virology-Multiplication of Viruses [3] | |
| M M & I/ BIOCHEM 575 | Biology of Viruses | |
| *Genetics* | | |
| AGRONOMY/ HORT 338 | Plant Breeding and Biotechnology | |
| GENETICS/ BOTANY/HORT 561 | [3] | |
| GENETICS/MD GENET 565 | Human Genetics [3] | |
| GENETICS 566 | Advanced Genetics | |
| MICROBIO 470 | Microbial Genetics & Molecular Machines | |
| MICROBIO/ GENETICS 607 | Advanced Microbial Genetics [3] | |
| *Cell Biology (Endocrinology, Neurobiology, Immunology)* | | |
| BIOCHEM/ PHMCOL-M/ ZOOLOGY 630 | Cellular Signal Transduction Mechanisms [3] | |
| BIOCORE 587 | Biological Interactions | |
| MICROBIO/ M M & I/PATH-BIO 528 | Immunology | |
| M M & I 341 | Immunology | |
| ONCOLOGY 401 | Introduction to Experimental Oncology | |
| ONCOLOGY/ MICROBIO/ PL PATH 640 | General Virology-Multiplication of Viruses [3] | |
| ZOOLOGY/ PSYCH 523 | Neurobiology [3] | |
| ZOOLOGY 570 | Cell Biology [3] | |
| *Biochemistry and Physical Chemistry* | | |
| BIOCHEM 508 | General Biochemistry II | |
| BIOCHEM/NUTR SCI 510 | Nutritional Biochemistry and Metabolism | |
| BIOCHEM 550 | Topics in Medical Biochemistry [3] | |
| BIOCHEM 551 | Biochemical Methods [3] | |
| BIOCHEM/ BOTANY 621 | Plant Biochemistry [3] | |
| CHEM 561 | Physical Chemistry [3] | |
| CHEM 565 | Biophysical Chemistry [3] | |
| NEURODPT 533 | Molecular Physiology | |
| *Quantitative and Computational Sciences* | | |
| B M I/COMP SCI 576 | Introduction to Bioinformatics [3] | |
| BOTANY 563 | Phylogenetic Analysis of Molecular Data | |
| COMP SCI/I SY E/ MATH 425 | Introduction to Combinatorial Optimization [3] | |
| F&W ECOL/HORT/ STAT 571 | Statistical Methods for Bioscience I [3] | |
| F&W ECOL/HORT/ STAT 572 | Statistical Methods for Bioscience II [3] | |
| STAT 333 | Applied Regression Analysis | |
| STAT/B M I 541 | Introduction to Biostatistics [3] | |
| Total Credits | | 21-26 |

## LABORATORY/INDEPENDENT RESEARCH

2 credits from:

| Code | Title | Credits |
|---|---|---|
| **Lab/Research courses:** | | |
| HORT/PATH-BIO 500 | Molecular Biology Techniques | |
| GENETICS 545 | Genetics Laboratory | |
| BMOLCHEM 504 | Human Biochemistry Laboratory | |
| MICROBIO 304 | Biology of Microorganisms Laboratory | |
| BIOCHEM 551 | Biochemical Methods | |
| ZOOLOGY 555 | Laboratory in Developmental Biology | |
| **Thesis/Directed Study:** [2] | | |
| MOL BIOL 681 & MOL BIOL 682 | Senior Honors Thesis and Senior Honors Thesis | |
| MOL BIOL 691 & MOL BIOL 692 | Senior Thesis and Senior Thesis | |

| | |
|---|---|
| MOL BIOL 699 | Directed Studies in Molecular Biology |

[2] For assistance finding a directed lab or research experience and for information about scholarships, see the advisor for this program and/or consult the Undergraduate Research page (https://molecularbio.ls.wisc.edu/undergraduate-research).

### RESIDENCE AND QUALITY OF WORK

2.000 GPA in all MOL BIOL and major courses

2.000 GPA on 15 upper-level major credits, taken in residence[1]

15 credits in MOL BIOL, taken on the UW–Madison campus

[1]Courses accepted in the major that are intermediate or advanced are considered upper level in this major.

## HONORS IN THE MAJOR

Students may declare Honors in the Molecular Biology Major in consultation with the Molecular Biology undergraduate advisor.

### HONORS IN THE MOLECULAR BIOLOGY MAJOR REQUIREMENTS

To earn Honors in the Major in Molecular Biology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Earn a 3.500 GPA for all courses accepted in the major
- Complete the Advanced Course requirement, two courses in two different areas, utilizing the courses indicated with the [3] above, taken for Honors credit and with grades of B or better earned in each individual course
- Complete one of the following, with a grade of B or better: MICROBIO/BIOCHEM/GENETICS 612 Prokaryotic Molecular Biology, BIOCHEM/GENETICS/MD GENET 620 Eukaryotic Molecular Biology, HORT/GENETICS 550 Molecular Approaches for Potential Crop Improvement
- Complete a two-semester Senior Honors Thesis in MOL BIOL 681 Senior Honors Thesis and MOL BIOL 682 Senior Honors Thesis, for a total of 6 credits
- Complete MOL BIOL 686 Senior Honors Seminar in Molecular Biology

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Summarize the energetic and thermodynamic basis of life.
2. Define and explain the molecular basis of life and relationships between the structure and function of biological macromolecules.
3. Describe the nature of the cell and its role as the basic unit of life.
4. Understand the nature of the genetic material and its roles in inheritance, evolution, and cellular function.
5. Demonstrate comprehension of basic molecular biology laboratory techniques.
6. Utilize the scientific method to solve biological problems characteristic of today’s society.
7. Understand the primary scientific literature and apply concepts from literature to draw conclusions about modern topics in the field.
8. Communicate scientific ideas in written and oral form.

## FOUR-YEAR PLAN

## ADVISING AND CAREERS

**Admissions to the molecular miology B.A. and the molecular biology B.S. have been suspended as of fall 2019. If you have any questions, please contact the department** (molecularbiomajor@ls.wisc.edu)**.**

Students in the major are assigned to a team of advisors composed of a faculty advisor and a the major's student services coordinator. See the major's advising page (https://molecularbio.ls.wisc.edu/advising) for a list of advisors and for the student services coordinator information. The faculty advisor provides guidance specific to the molecular biology discipline through discussions about undergraduate experiences (i.e., research, coursework, internships) that will help prepare students for graduate work or a career after graduation. The student services coordinator provides guidance specific to the discipline, and also helps students with major declarations, course selection, registration, DARS, L&S degree and major requirements, and tracking progress toward graduation, as well as connecting students with important resources on campus.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well

as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Committee of Advisors: Ahmad (Dermatology), Amann (Integrative Biology), Fabry (Pathology and Laboratory Medicine), Filutowicz (Bacteriology), Grinblat (Neuroscience), Martin (Biochemistry), McMahon (Civil Engineering and Environmental Engineering), Newmark (Integrative Biology), Otegui (Botany), Raman (Biochemistr), Schuler (Comparative Biosciences)

## RESOURCES AND SCHOLARSHIPS

### HILLDALE UNDERGRADUATE/FACULTY RESEARCH FELLOWSHIP

The Hilldale (https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship) Undergraduate/Faculty Research Fellowships support undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Approximately 97 – 100 Hilldale awards are available each year. The student researcher receives $3,000, and faculty/staff research advisor receives $1,000 to help offset research costs (e.g., supplies, faculty or student travel related to the project).

### HOLSTROM ENVIRONMENTAL SCHOLARSHIPS

The Holstrom Environmental Scholarships (https://awards.advising.wisc.edu/all-scholarships/holstrom-enviromental-research-fellowship) support undergraduate research done in collaboration with UW-Madison faculty or research/instructional academic staff. Research proposals must have an environmental focus, and applicants must have at least a junior standing at time of application.

### SOPHOMORE RESEARCH FELLOWSHIP

Funded by grants from the Brittingham Fund and the Kemper K. Knapp Bequest, the Sophomore Research Fellowships (https://awards.advising.wisc.edu/all-scholarships/sophomore-research-fellowship) support undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Approximately 15 awards are available.

### UNDERGRADUATE RESEARCH SCHOLARS

The Undergraduate Research Scholars (https://urs.ls.wisc.edu) program (URS) is dedicated to enhancing the academic experience of UW-Madison students by providing first and second year undergraduates with opportunities to earn credit for participating in the research and creative work with UW-Madison faculty and staff. The program has been designed to include partnerships between students and mentors, seminars on research-relevant issues, and practice in research/artistic presentations. The many benefits of the program are found in the fluid interaction between these activities.

### UNDERGRADUATE SYMPOSIUM

The annual Undergraduate Symposium (https://ugradsymposium.wisc.edu) showcases undergraduate creativity, achievement, research, service-learning and community-based research from all areas of study at UW–Madison including the humanities, fine arts, biological sciences, physical sciences, and social sciences. This past year nearly 700 students presented, displayed or performed their work for members of the University, the surrounding community, family and friends.

### UNIVERSITY BOOK STORE AWARD

Supported by a generous grant from the University Book Store, (https://awards.advising.wisc.edu/all-scholarships/university-book-store-award) this award recognizes undergraduate students who have completed an outstanding independent project, such as a senior thesis, at the University of Wisconsin–Madison. Projects in all academic fields are eligible.

### WISCONSIN IDEA FELLOWSHIPS

Wisconsin Idea Fellowships (https://morgridge.wisc.edu/students/wisconsin-idea-fellowships) are awarded annually to undergraduate student projects working towards solving a challenge identified along with local or global community partner. Fellowships are awarded to semester-long or year-long projects designed by an undergraduate student (or group of students) in collaboration with a community organization and a UW-Madison faculty or academic staff member.

# NEUROBIOLOGY, B.A.

Neuroscience is the scientific study of the central (brain and spinal cord) and peripheral (nerves in body) nervous system. The neurobiology major at UW–Madison will provide a rigorous education in neuroscience principles that will prepare students for health-related careers (physician, physician assistant, veterinarian, dentist, neuroimaging technician, speech-language pathologist, neuropsychologist, drug rehabilitation counselor, physical therapists), academic careers (college and university faculty, research scientists, lab technician, K-12 teachers), and careers in pharmaceutical and biotech industries, venture capital and scientific consulting firms, medical and scientific journals, intellectual property law, neuroscience-related nonprofit organizations and foundations, and government agencies. UW–Madison is one of the leading universities in the world with more than 90 faculty engaged in neuroscience research and undergraduates will have access to this research faculty in formal classroom environments and through undergraduate research opportunities. Please see the Neurobiology Major (http://www.neuromajor.wisc.edu) website for more information.

### ABOUT THE CURRICULUM

The curriculum is designed to give students a solid foundation in basic biology, chemistry, physics, and mathematics before going on to study neuroscience at the molecular, cellular, systems, and cognitive levels. Students with interests in non-neuroscience majors are welcome and encouraged to enroll in neuroscience courses. For example, students may be attracted to the diversity and flexibility of courses offered within the biology major in the College of Agricultural and Life Sciences and still take several neuroscience courses that satisfy requirements in the biology major. Students can also perform independent research in neuroscience laboratories on campus. Students in other majors, such as biochemistry, psychology, genetics, animal sciences, communication sciences and disorders, engineering, and computer science, can enroll in neuroscience courses that uniquely complement courses within their major. The Neurobiology Major Program Committee is committed to increasing opportunities for all students with interests in neuroscience and helping students accomplish their academic goals at UW–Madison. This new major is tailored to attract students from a diverse array of backgrounds. Please see the Neurobiology Major website (http://www.neuromajor.wisc.edu) for more information.

## HOW TO GET IN

To declare the Neurobiology major, students must meet with one of the advisors for the major.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

### NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**

- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## MATH, STATISTICS, CHEMISTRY & PHYSICS

| Code | Title | Credits |
|---|---|---|
| **Mathematics (complete one):** | | 5 |
| MATH 211 | Calculus | |
| MATH 217 | Calculus with Algebra and Trigonometry II | |
| MATH 221 | Calculus and Analytic Geometry 1 | |
| MATH 275 | Topics in Calculus I | |
| **Statistics (complete one):** | | 3 |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| STAT/B M I 541 | Introduction to Biostatistics | |
| BOTANY 575 | Special Topics (Intro to Modern Statistical Methods for Biologists) | |
| **General Chemistry (complete one):** | | 5-9 |
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | |
| CHEM 109 | Advanced General Chemistry | |
| CHEM 115 & CHEM 116 | Chemical Principles I and Chemical Principles II | |
| **Organic Chemistry** | | 3 |
| CHEM 341 | Elementary Organic Chemistry | |
| or CHEM 343 | Introductory Organic Chemistry | |
| **Physics** | | 8-10 |
| PHYSICS 103 | General Physics [1] | |
| or PHYSICS 201 | General Physics | |
| or PHYSICS 207 | General Physics | |
| or PHYSICS 247 | A Modern Introduction to Physics | |
| PHYSICS 104 | General Physics | |
| or PHYSICS 202 | General Physics | |
| or PHYSICS 208 | General Physics | |
| or PHYSICS 248 | A Modern Introduction to Physics | |
| Total Credits | | 24-30 |

[1] Students may substitute E M A 201, plus either E M A 202 or M E 240 for the First course in Physics.

## 30 CREDITS OF BIOLOGY AND NEUROBIOLOGY

Credits will be applied from General Biology, Required Neurobiology, Lab/Research Experience, and Electives.

### General Biology

| Code | Title | Credits |
|---|---|---|
| **Choose one of these sequences:** | | |
| *Introductory Biology* | | *10* |
| ZOOLOGY/ BIOLOGY/ BOTANY 151 | Introductory Biology | |
| ZOOLOGY/ BIOLOGY/ BOTANY 152 | Introductory Biology | |
| *BIOCORE* [3] | | |
| BIOCORE 381 | Evolution, Ecology, and Genetics | |
| BIOCORE 383 | Cellular Biology | |
| BIOCORE 485 | Principles of Physiology | |
| BIOCORE 587 | Biological Interactions | |
| *Plus two from:* | | |
| BIOCORE 382 | Evolution, Ecology, and Genetics Laboratory | |
| BIOCORE 384 | Cellular Biology Laboratory | |
| BIOCORE 486 | Principles of Physiology Laboratory | |
| *Animal Biology* | | |
| ZOOLOGY/ BIOLOGY 101 | Animal Biology | |
| ZOOLOGY/ BIOLOGY 102 | Animal Biology Laboratory | |
| BOTANY/ BIOLOGY 130 | General Botany | |

### Neurobiology

| Code | Title | Credits |
|---|---|---|
| ZOOLOGY/ PSYCH 523 | Neurobiology | 3 |
| PSYCH 454 | Behavioral Neuroscience | 3 |
| ZOOLOGY 500 | Undergraduate Neurobiology Seminar | 1 |
| *Distributed Neuroscience—three courses from:* | | *3* |
| BIOCHEM 375 | Special Topics (Molecular Control of Metabolism and Metabolic Disease) [1] | |
| BIOCHEM 501 | Introduction to Biochemistry [1] | |
| BIOCHEM 508 | General Biochemistry II [1] | |
| BIOCHEM/ PHMCOL-M/ ZOOLOGY 630 | Cellular Signal Transduction Mechanisms [1] | |
| CS&D 210 | Neural Basis of Communication | |
| CS&D 503 | Neural Mechanisms of Speech, Hearing and Language | |
| ED PSYCH 326 | Mind, Brain and Education | |
| GENETICS 520 | Neurogenetics | |
| KINES 531 | Neural Control of Movement | |

[1] Students may apply only one of the following courses toward the major: BIOCHEM 375, BIOCHEM 501, BIOCHEM 508, ANAT&PHY 335, ANAT&PHY 435 B M E/CBE 520, ZOOLOGY 470.

## Lab/Research Experience [2]

Choose from: Neuroscience Lab, Directed Study, or Thesis.

| Code | Title | Credits |
|---|---|---|
| **Complete one of these options:** | | 3-6 |
| *Neuroscience Lab—one course:* | | |
| BIOCORE 486 | Principles of Physiology Laboratory | |
| ANAT&PHY 435 | Fundamentals of Human Physiology | |
| PSYCH 621 | Mentored Research and Seminar | |
| ZOOLOGY 555 | Laboratory in Developmental Biology | |
| ZOOLOGY 604 | Computer-based Gene and Disease/ Disorder Research Lab | |
| ZOOLOGY 612 | Comparative Physiology Laboratory | |
| ZOOLOGY/ NEURODPT/ NTP 616 | Lab Course in Neurobiology and Behavior | |
| *Directed Study—3 credits from:* [3] | | |
| ANATOMY 699 | Independent Study | |
| ANESTHES 699 | Independent Study | |
| BIOCHEM 699 | Special Problems | |
| BIOLOGY 699 | Directed Studies | |
| BMOLCHEM 699 | Special Research Problems | |
| CBE 699 | Advanced Independent Studies | |
| CHEM 699 | Directed Study | |
| COMP BIO 699 | Directed Study | |
| CRB 699 | Independent Study | |
| CS&D 699 | Directed Study | |
| ED PSYCH 699 | Independent Reading Undergrad | |
| FAM MED 699 | Directed Study | |
| GENETICS 699 | Special Problems | |
| H ONCOL 699 | Independent Study in Human Cancer Biology | |
| KINES 699 | Independent Study | |
| MED PHYS 699 | Independent Reading or Research | |
| MEDICINE 699 | Independent Study | |
| MED SC-V 669 | Small Animal Cardiology Rotation | |
| M M & I 699 | Directed Study | |
| MOL BIOL 699 | Directed Studies in Molecular Biology | |
| NEURSURG 699 | Neurosurgery: Directed in Study in Research | |
| NEUROL 699 | Neurology: Directed Study in Neuroscience Research | |
| NEURODPT 699 | Independent Work | |
| NUTR SCI 699 | Special Problems | |
| OBS&GYN 699 | Directed Study | |
| ONCOLOGY 699 | Special Research Problems | |
| OPHTHALM 699 | Directed Study | |
| PATH 699 | Independent Study | |

| | |
|---|---|
| PATH-BIO 699 | Directed Study |
| PEDIAT 699 | Independent Study |
| PHM SCI 699 | Advanced Independent Study |
| PHYSIOL 699 | Independent Work |
| POP HLTH 699 | Independent Reading |
| PSYCH 699 | Directed Study |
| PSYCHIAT 699 | Independent Study |
| SURGERY 699 | Independent Study |
| ZOOLOGY 699 | Directed Studies in Zoology |
| *Thesis—two semesters:* | |
| PSYCH 681 & PSYCH 682 | Senior Honors Thesis and Senior Honors Thesis |
| ZOOLOGY 691 & ZOOLOGY 692 | Senior Thesis and Senior Thesis |

[2] Lab courses may also be those that apply in the Neurobiology category above.

[3] Only Directed Study courses taken **after**—and not concurrent with or prior to—the completion of an Introductory Biology sequence are accepted in the major.

## Electives

Additional credits from Neurobiology, Lab, or the following list, to attain 30 credits in the major:

| Code | Title | Credits |
|---|---|---|
| ANAT&PHY 435 | Fundamentals of Human Physiology | |
| AN SCI/ DY SCI 362 | Veterinary Genetics | |
| AN SCI/ DY SCI 434 | Reproductive Physiology | |
| AN SCI/ F&W ECOL/ ZOOLOGY 520 | Ornithology | |
| AN SCI/ GENETICS 610 | Quantitative Genetics | |
| ANATOMY 329 | Human Anatomy-Kinesiology | |
| BIOCHEM 507 | General Biochemistry I | |
| BIOCHEM 508 | General Biochemistry II | |
| BIOCHEM/ NUTR SCI 510 | Nutritional Biochemistry and Metabolism | |
| BIOCHEM 601 | Protein and Enzyme Structure and Function | |
| BIOCHEM/ GENETICS/ MICROBIO 612 | Prokaryotic Molecular Biology | |
| BIOCHEM/ GENETICS/ MD GENET 620 | Eukaryotic Molecular Biology | |
| BIOCHEM 625 | Mechanisms of Action of Vitamins and Minerals | |
| BIOCHEM/ PHMCOL-M/ ZOOLOGY 630 | Cellular Signal Transduction Mechanisms | |
| BMOLCHEM 314 | Introduction to Human Biochemistry | |
| BMOLCHEM 503 | Human Biochemistry | |
| BMOLCHEM 504 | Human Biochemistry Laboratory | |
| F&W ECOL 401 | Physiological Animal Ecology | |
| GENETICS 466 | Principles of Genetics | |
| GENETICS 545 | Genetics Laboratory | |
| GENETICS/ MD GENET/ ZOOLOGY 562 | Human Cytogenetics | |
| GENETICS/ MD GENET 565 | Human Genetics | |
| GENETICS/ MICROBIO 607 | Advanced Microbial Genetics | |
| GENETICS/ BIOCHEM/ MD GENET 620 | Eukaryotic Molecular Biology | |
| KINES 314 | Physiology of Exercise | |
| M M & I 301 | Pathogenic Bacteriology | |
| M M & I 302 | Medical Microbiology Laboratory | |
| M M & I 341 | Immunology | |
| M M & I/ENTOM/ PATH-BIO/ ZOOLOGY 350 | Parasitology | |
| M M & I/ PATH-BIO/ ZOOLOGY 351 | Parasitology Laboratory | |
| M M & I 410 | Medical Mycology | |
| M M & I 412 | Medical Mycology Laboratory | |
| M M & I/PATH-BIO 529 | Immunology Laboratory | |
| M M & I/ BIOCHEM 575 | Biology of Viruses | |
| MICROBIO 303 | Biology of Microorganisms | |
| MICROBIO 304 | Biology of Microorganisms Laboratory | |
| MICROBIO 330 | Host-Parasite Interactions | |
| MICROBIO 450 | Diversity, Ecology and Evolution of Microorganisms | |
| MICROBIO 470 | Microbial Genetics & Molecular Machines | |
| MICROBIO/ SOIL SCI 523 | Soil Microbiology and Biochemistry | |
| MICROBIO 526 | Physiology of Microorganisms | |
| MICROBIO 527 | Advanced Laboratory Techniques in Microbiology | |
| MICROBIO/ M M & I/PATH-BIO 528 | Immunology | |
| MICROBIO 551 | Capstone Research Project in Microbiology | |
| MICROBIO/ ONCOLOGY/ PL PATH 640 | General Virology-Multiplication of Viruses | |
| MICROBIO/ BMOLCHEM 668 | Microbiology at Atomic Resolution | |
| NTP/NEURODPT/ PSYCH 611 | Systems Neuroscience | |

| | |
|---|---|
| NTP 660 | Neuroscience & Public Policy Seminar |
| NEURODPT 533 | Molecular Physiology |
| NUTR SCI 431 | Nutrition in the Life Span |
| NUTR SCI 631 | Clinical Nutrition I |
| NUTR SCI/ PHM PRAC 672 | Herbals, Homeopathy, and Dietary Supplements |
| ONCOLOGY 401 | Introduction to Experimental Oncology |
| ONCOLOGY/ MICROBIO/ PL PATH 640 | General Virology-Multiplication of Viruses |
| PHM SCI 558 | Laboratory Techniques in Pharmacology and Toxicology |
| PSYCH 449 | Animal Behavior |
| PSYCH 450 | Primates and Us: Insights into Human Biology and Behavior |
| PSYCH/ ZOOLOGY 550 | Animal Communication and the Origins of Language |
| ZOOLOGY/ ANTHRO/ BOTANY 410 | Evolutionary Biology |
| ZOOLOGY 425 | Behavioral Ecology |
| ZOOLOGY 430 | Comparative Anatomy of Vertebrates |
| ZOOLOGY 470 | Introduction to Animal Development |
| ZOOLOGY/ GEOSCI 541 | Paleobiology |
| ZOOLOGY/ GEOSCI 542 | Invertebrate Paleontology |
| ZOOLOGY 555 | Laboratory in Developmental Biology |
| ZOOLOGY 570 | Cell Biology |

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence [4]
- 15 credits in in the major, taken on the UW–Madison campus

[4] Major courses numbered 300–699 are considered upper-level.

## HONORS IN THE MAJOR

Students may declare Honors in the Neurobiology Major in consultation with the Neurobiology undergraduate advisor(s).

### HONORS IN THE NEUROBIOLOGY MAJOR REQUIREMENTS

To earn Honors in the Major in Neurobiology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all major courses
- Complete 14 credits, taken for Honors, with individual grades of B or better, while in residence, to include:
  - Two courses from PSYCH 454, ZOOLOGY/PSYCH 523, and ZOOLOGY 500
  - One course from the Required Neuroscience or Distributed Neuroscience course lists (above), taken for honors credit
  - A two-semester Senior Honors Thesis, typically 681 and 682, for a total of 6 credits from:

| Code | Title | Credits |
|---|---|---|
| BIOCHEM 681 & BIOCHEM 682 | Senior Honors Thesis and Senior Honors Thesis | |
| BIOLOGY 681 & BIOLOGY 682 | Senior Honors Thesis and Senior Honors Thesis | |
| CHEM 681 & CHEM 682 | Senior Honors Thesis and Senior Honors Thesis | |
| CS&D 681 & CS&D 682 | Senior Honors Thesis and Senior Honors Thesis | |
| GENETICS 681 & GENETICS 682 | Senior Honors Thesis and Senior Honors Thesis | |
| H ONCOL 681 & H ONCOL 682 | Senior Honors Thesis in Human Oncology 1 and Senior Honors Thesis in Human Oncology 2 | |
| MOL BIOL 681 & MOL BIOL 682 | Senior Honors Thesis and Senior Honors Thesis | |
| NUTR SCI 681 & NUTR SCI 682 | Senior Honors Thesis and Senior Honors Thesis | |
| PSYCH 681 & PSYCH 682 | Senior Honors Thesis and Senior Honors Thesis | |
| ZOOLOGY 681 & ZOOLOGY 682 | Senior Honors Thesis and Senior Honors Thesis | |

The Senior Honors Thesis project must be approved by the Neurobiology Major Program Committee at least one month before beginning the first course (681). The project must focus on its relevance to a neuroscience-related topic.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Demonstrate understanding of basic concepts in biology, chemistry, mathematics, statistics, and physics.
2. Demonstrate understanding of the ionic basis for the neuronal membrane potential and action potential, and as well as the factors that determine neuronal excitability.
3. Demonstrate understanding of the basic mechanisms for synaptic transmission, neurotransmitter release, postsynaptic effects, and modulation of pre- and postsynaptic mechanisms. Predict how specific physiological and pathological conditions alter neuronal function at the cellular and synaptic levels.
4. Differentiate between examples of neuroplasticity at cellular, systems, and organismal levels.
5. Demonstrate understanding of central and peripheral neuroanatomy, basic functions of brain regions, and well-known neural pathways. Predict how localized disruptions of neuronal function alter behavior, motor function, or perception.
6. Demonstrate understanding of basic principles underlying motor function, sensory function (auditory, visual, touch, taste), emotion, autonomic regulation, and higher order cognitive functions (language, memory, attention, decision-making).
7. Demonstrate how experimental tools in neuroscience are used to address experimental questions, such as intra/extracellular recording, molecular biology techniques, immunohistochemical staining, fluorescent and electron microscopy, genetic manipulation, brain imaging, behavioral testing.

## FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A | 3 | Foreign Language (if required) | 4 |
| Quantitative Reasoning A | 3 | Ethnic Studies | 3 |
| Foreign Language (if required) | 4 | MATH 221[2] | 5 |
| CHEM 103 or 109 | 4 | CHEM 104 | 5 |
| | 14 | | 17 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| BIOLOGY/BOTANY/ ZOOLOGY 151 | 5 | BIOLOGY/BOTANY/ ZOOLOGY 152 | 5 |
| CHEM 343 | 3 | CHEM 345 | 3 |
| INTER-LS 210 | 1 | Social Science Breadth | 3 |
| PHYSICS 207 | 5 | PHYSICS 208 | 5 |
| | 14 | | 16 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Declare the Major[1] | | PSYCH 454 | 3-4 |
| ZOOLOGY/PSYCH 523 | 3 | Distributed Neuroscience Course | 2-4 |
| STAT 371[3] | 3 | Literature Breadth | 3 |
| Humanities Breadth | 3 | Social Science Breadth | 3 |
| Social Science Breadth | 3 | Major Elective | 3 |
| Literature Breadth | 3 | | |
| | 15 | | 16 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Distributed Neuroscience Course | 3-4 | ZOOLOGY 500 | 1 |
| Social Science Breadth | 3 | Distributed Neuroscience Course | 3-4 |
| Electives | 7 | Humanities Breadth | 3 |
| | | Social Science Breadth | 3 |
| | | Electives | 3 |
| | 14 | | 14 |

Total Credits 120

It is recommended that students in the Neurobiology major participate in multiple semesters of research.

1 Students must declare a major by the time they reach 86 credits.

2 This requirement also fulfills I/A COMP SCI, MATH, or STAT required for the BS.

## ADVISING AND CAREERS

# NEUROBIOLOGY MAJOR ADVISING

The advisors for the neurobiology major are committed to providing students with first-rate guidance through the major and to graduation. Also the neurobiology major advisors are dedicated to helping a student focus their future plans after undergraduate study. If you are interested in declaring the neurobiology major, make an appointment to discuss this.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school

applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Hardin (chair, jdhardin@wisc.edu), Bement, Blair, Gammie, Halloran, Ives, Lee, Newmark, Porter, Riters, Stanley, Stretton, Turner and Vander Zanden

Associate Professors Amann, Damschen, Grinblat, and Orrock

Assistant Professors Dugan, Sharma and Wolman

Adjunct Professor Peckarsky

**Neurobiology Major Programming Committee:** Professors Gammie (Integrative Biology, Chair), Bakshi (Psychiatry), Dent (Neuroscience), Postle (Psychology).

# NEUROBIOLOGY, B.S.

Neuroscience is the scientific study of the central (brain and spinal cord) and peripheral (nerves in body) nervous system. The neurobiology major at UW–Madison will provide a rigorous education in neuroscience principles that will prepare students for health-related careers (physician, physician assistant, veterinarian, dentist, neuroimaging technician, speech-language pathologist, neuropsychologist, drug rehabilitation counselor, physical therapists), academic careers (college and university faculty, research scientists, lab technician, K-12 teachers), and careers in pharmaceutical and biotech industries, venture capital and scientific consulting firms, medical and scientific journals, intellectual property law, neuroscience-related nonprofit organizations and foundations, and government agencies. UW–Madison is one of the leading universities in the world with more than 90 faculty engaged in neuroscience research and undergraduates will have access to this research faculty in formal classroom environments and through undergraduate research opportunities. Please see the Neurobiology Major (http://www.neuromajor.wisc.edu) website for more information.

## ABOUT THE CURRICULUM

The curriculum is designed to give students a solid foundation in basic biology, chemistry, physics, and mathematics before going on to study neuroscience at the molecular, cellular, systems, and cognitive levels. Students with interests in non-neuroscience majors are welcome and encouraged to enroll in neuroscience courses. For example, students may be attracted to the diversity and flexibility of courses offered within the biology major in the College of Agricultural and Life Sciences and still take several neuroscience courses that satisfy requirements in the biology major. Students can also perform independent research in neuroscience laboratories on campus. Students in other majors, such as biochemistry, psychology, genetics, animal sciences, communication sciences and disorders, engineering, and computer science, can enroll in neuroscience courses that uniquely complement courses within their major. The Neurobiology Major Program Committee is committed to increasing opportunities for all students with interests in neuroscience and helping students accomplish their academic goals at UW–Madison. This new major is tailored to attract students from a diverse array of backgrounds. Please see the Neurobiology Major website (http://www.neuromajor.wisc.edu) for more information.

## HOW TO GET IN

To declare the Neurobiology major, students must meet with one of the advisors for the major.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## MATH, STATISTICS, CHEMISTRY & PHYSICS

| Code | Title | Credits |
|---|---|---|
| **Mathematics (complete one):** | | 5 |
| MATH 211 | Calculus | |
| MATH 217 | Calculus with Algebra and Trigonometry II | |
| MATH 221 | Calculus and Analytic Geometry 1 | |
| MATH 275 | Topics in Calculus I | |
| **Statistics (complete one):** | | 3 |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| STAT/B M I 541 | Introduction to Biostatistics | |
| BOTANY 575 | Special Topics (Intro to Modern Statistical Methods for Biologists) | |
| **General Chemistry (complete one):** | | 5-9 |
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | |
| CHEM 109 | Advanced General Chemistry | |
| CHEM 115 & CHEM 116 | Chemical Principles I and Chemical Principles II | |
| **Organic Chemistry** | | 3 |
| CHEM 341 | Elementary Organic Chemistry | |
| or CHEM 343 | Introductory Organic Chemistry | |
| **Physics** | | 8-10 |
| PHYSICS 103 | General Physics [1] | |
| or PHYSICS 201 | General Physics | |
| or PHYSICS 207 | General Physics | |
| or PHYSICS 247 | A Modern Introduction to Physics | |
| PHYSICS 104 | General Physics | |
| or PHYSICS 202 | General Physics | |
| or PHYSICS 208 | General Physics | |
| or PHYSICS 248 | A Modern Introduction to Physics | |
| Total Credits | | 24-30 |

[1] Students may substitute E M A 201, plus either E M A 202 or M E 240 for the First course in Physics.

## 30 CREDITS OF BIOLOGY AND NEUROBIOLOGY

Credits will be applied from General Biology, Required Neurobiology, Lab/ Research Experience, and Electives.

### General Biology

| Code | Title | Credits |
|---|---|---|
| **Choose one of these sequences:** | | |
| *Introductory Biology* | | *10* |
| ZOOLOGY/ BIOLOGY/ BOTANY 151 | Introductory Biology | |
| ZOOLOGY/ BIOLOGY/ BOTANY 152 | Introductory Biology | |
| *BIOCORE* [3] | | |
| BIOCORE 381 | Evolution, Ecology, and Genetics | |

| | |
|---|---|
| BIOCORE 383 | Cellular Biology |
| BIOCORE 485 | Principles of Physiology |
| BIOCORE 587 | Biological Interactions |
| *Plus two from:* | |
| BIOCORE 382 | Evolution, Ecology, and Genetics Laboratory |
| BIOCORE 384 | Cellular Biology Laboratory |
| BIOCORE 486 | Principles of Physiology Laboratory |
| *Animal Biology* | |
| ZOOLOGY/ BIOLOGY 101 | Animal Biology |
| ZOOLOGY/ BIOLOGY 102 | Animal Biology Laboratory |
| BOTANY/ BIOLOGY 130 | General Botany |

## Neurobiology

| Code | Title | Credits |
|---|---|---|
| ZOOLOGY/ PSYCH 523 | Neurobiology | 3 |
| PSYCH 454 | Behavioral Neuroscience | 3 |
| ZOOLOGY 500 | Undergraduate Neurobiology Seminar | 1 |
| *Distributed Neuroscience—three courses from:* | | *3* |
| BIOCHEM 375 | Special Topics (Molecular Control of Metabolism and Metabolic Disease) [1] | |
| BIOCHEM 501 | Introduction to Biochemistry [1] | |
| BIOCHEM 508 | General Biochemistry II [1] | |
| BIOCHEM/ PHMCOL-M/ ZOOLOGY 630 | Cellular Signal Transduction Mechanisms [1] | |
| CS&D 210 | Neural Basis of Communication | |
| CS&D 503 | Neural Mechanisms of Speech, Hearing and Language | |
| ED PSYCH 326 | Mind, Brain and Education | |
| GENETICS 520 | Neurogenetics | |
| KINES 531 | Neural Control of Movement | |
| NTP/ NEURODPT 610 | Cellular and Molecular Neuroscience | |
| NTP/ZOOLOGY 616 | Lab Course in Neurobiology and Behavior | |
| NTP/ NEURODPT 629 | Molecular and Cellular Mechanisms of Memory | |
| NTP/ NEURODPT 630 | Neuronal Mechanisms for Sensation and Memory in Cerebral Cortex | |
| NTP/ MED PHYS 651 | Methods for Neuroimaging Research | |
| NTP 670 | Stem Cells and the Central Nervous System | |
| NTP 675 | Special Topics (Functional Brain Imaging of Cognitive Disorders) | |
| NTP 675 | Special Topics (Molecular Mechanisms of Brain Damage) | |
| NTP 675 | Special Topics (Neuroendocrinology) | |
| NTP 675 | Special Topics (Reproductive Neuroendocrinology) | |
| NTP 675 | Special Topics (Brain Mapping in Health and Disease: Applications) | |
| NTP 677 | Basic Sleep Mechanisms and Sleep Disorders: from Neurobiology to Sleep Medicine | |
| PHM SCI/ PHMCOL-M 521 | Pharmacology I | |
| ANAT&PHY 335 | Physiology [1] | |
| ANAT&PHY 435 | Fundamentals of Human Physiology [1] | |
| NEURODPT 533 | Molecular Physiology | |
| PSYCH 406 | Psychology of Perception | |
| PSYCH 414 | Cognitive Psychology | |
| PSYCH 513 | Hormones, Brain, and Behavior | |
| PSYCH 601 | Current Topics in Psychology (Epigenetics and the Brain) | |
| PSYCH 601 | Current Topics in Psychology (Neuropharmacology) | |
| PSYCH 601 | Current Topics in Psychology (Neural Basis of Cognitive Control) | |
| PSYCH 601 | Current Topics in Psychology (Neuroeconomics) | |
| PSYCH 606 | Hormones and Behavior | |
| PSYCH/ NEURODPT/ NTP 611 | Systems Neuroscience | |
| ZOOLOGY 555 | Laboratory in Developmental Biology | |
| ZOOLOGY 603 | Endocrinology | |
| ZOOLOGY 604 | Computer-based Gene and Disease/ Disorder Research Lab | |
| ZOOLOGY 611 | Comparative and Evolutionary Physiology | |
| ZOOLOGY/ ANTHRO/NTP/ PSYCH 619 | Biology of Mind | |
| ZOOLOGY/ NTP 620 | Neuroethology Seminar | |
| ZOOLOGY 625 | Development of the Nervous System | |
| ZOOLOGY 655 | Modeling Neurodevelopmental Disease | |
| ZOOLOGY/ NEURODPT/ PSYCH 674 | Behavioral Neuroendocrinology Seminar | |
| Total Credits | | 10 |

[1] Students may apply only one of the following courses toward the major: BIOCHEM 375, BIOCHEM 501, BIOCHEM 508, ANAT&PHY 335, ANAT&PHY 435 B M E/CBE 520, ZOOLOGY 470.

## Lab/Research Experience [2]

Choose from: Neuroscience Lab, Directed Study, or Thesis.

| Code | Title | Credits |
|---|---|---|
| **Complete one of these options:** | | 3-6 |
| *Neuroscience Lab—one course:* | | |
| BIOCORE 486 | Principles of Physiology Laboratory | |
| ANAT&PHY 435 | Fundamentals of Human Physiology | |
| PSYCH 621 | Mentored Research and Seminar | |
| ZOOLOGY 555 | Laboratory in Developmental Biology | |
| ZOOLOGY 604 | Computer-based Gene and Disease/ Disorder Research Lab | |
| ZOOLOGY 612 | Comparative Physiology Laboratory | |
| ZOOLOGY/ NEURODPT/ NTP 616 | Lab Course in Neurobiology and Behavior | |
| *Directed Study—3 credits from:* [3] | | |
| ANATOMY 699 | Independent Study | |
| ANESTHES 699 | Independent Study | |
| BIOCHEM 699 | Special Problems | |
| BIOLOGY 699 | Directed Studies | |
| BMOLCHEM 699 | Special Research Problems | |
| CBE 699 | Advanced Independent Studies | |
| CHEM 699 | Directed Study | |
| COMP BIO 699 | Directed Study | |
| CRB 699 | Independent Study | |
| CS&D 699 | Directed Study | |
| ED PSYCH 699 | Independent Reading Undergrad | |
| FAM MED 699 | Directed Study | |
| GENETICS 699 | Special Problems | |
| H ONCOL 699 | Independent Study in Human Cancer Biology | |
| KINES 699 | Independent Study | |
| MED PHYS 699 | Independent Reading or Research | |
| MEDICINE 699 | Independent Study | |
| MED SC-V 669 | Small Animal Cardiology Rotation | |
| M M & I 699 | Directed Study | |
| MOL BIOL 699 | Directed Studies in Molecular Biology | |
| NEURSURG 699 | Neurosurgery: Directed in Study in Research | |
| NEUROL 699 | Neurology: Directed Study in Neuroscience Research | |
| NEURODPT 699 | Independent Work | |
| NUTR SCI 699 | Special Problems | |
| OBS&GYN 699 | Directed Study | |
| ONCOLOGY 699 | Special Research Problems | |
| OPHTHALM 699 | Directed Study | |
| PATH 699 | Independent Study | |
| PATH-BIO 699 | Directed Study | |
| PEDIAT 699 | Independent Study | |
| PHM SCI 699 | Advanced Independent Study | |
| PHYSIOL 699 | Independent Work | |
| POP HLTH 699 | Independent Reading | |
| PSYCH 699 | Directed Study | |
| PSYCHIAT 699 | Independent Study | |
| SURGERY 699 | Independent Study | |
| ZOOLOGY 699 | Directed Studies in Zoology | |
| *Thesis—two semesters:* | | |
| PSYCH 681 & PSYCH 682 | Senior Honors Thesis and Senior Honors Thesis | |
| ZOOLOGY 691 & ZOOLOGY 692 | Senior Thesis and Senior Thesis | |

[2] Lab courses may also be those that apply in the Neurobiology category above.

[3] Only Directed Study courses taken **after**—and not concurrent with or prior to—the completion of an Introductory Biology sequence are accepted in the major.

## Electives

Additional credits from Neurobiology, Lab, or the following list, to attain 30 credits in the major:

| Code | Title | Credits |
|---|---|---|
| ANAT&PHY 435 | Fundamentals of Human Physiology | |
| AN SCI/ DY SCI 362 | Veterinary Genetics | |
| AN SCI/ DY SCI 434 | Reproductive Physiology | |
| AN SCI/ F&W ECOL/ ZOOLOGY 520 | Ornithology | |
| AN SCI/ GENETICS 610 | Quantitative Genetics | |
| ANATOMY 329 | Human Anatomy-Kinesiology | |
| BIOCHEM 507 | General Biochemistry I | |
| BIOCHEM 508 | General Biochemistry II | |
| BIOCHEM/ NUTR SCI 510 | Nutritional Biochemistry and Metabolism | |
| BIOCHEM 601 | Protein and Enzyme Structure and Function | |
| BIOCHEM/ GENETICS/ MICROBIO 612 | Prokaryotic Molecular Biology | |
| BIOCHEM/ GENETICS/ MD GENET 620 | Eukaryotic Molecular Biology | |
| BIOCHEM 625 | Mechanisms of Action of Vitamins and Minerals | |
| BIOCHEM/ PHMCOL-M/ ZOOLOGY 630 | Cellular Signal Transduction Mechanisms | |
| BMOLCHEM 314 | Introduction to Human Biochemistry | |
| BMOLCHEM 503 | Human Biochemistry | |
| BMOLCHEM 504 | Human Biochemistry Laboratory | |
| F&W ECOL 401 | Physiological Animal Ecology | |

| | |
|---|---|
| GENETICS 466 | Principles of Genetics |
| GENETICS 545 | Genetics Laboratory |
| GENETICS/ MD GENET/ ZOOLOGY 562 | Human Cytogenetics |
| GENETICS/ MD GENET 565 | Human Genetics |
| GENETICS/ MICROBIO 607 | Advanced Microbial Genetics |
| GENETICS/ BIOCHEM/ MD GENET 620 | Eukaryotic Molecular Biology |
| KINES 314 | Physiology of Exercise |
| M M & I 301 | Pathogenic Bacteriology |
| M M & I 302 | Medical Microbiology Laboratory |
| M M & I 341 | Immunology |
| M M & I/ENTOM/ PATH-BIO/ ZOOLOGY 350 | Parasitology |
| M M & I/ PATH-BIO/ ZOOLOGY 351 | Parasitology Laboratory |
| M M & I 410 | Medical Mycology |
| M M & I 412 | Medical Mycology Laboratory |
| M M & I/PATH-BIO 529 | Immunology Laboratory |
| M M & I/ BIOCHEM 575 | Biology of Viruses |
| MICROBIO 303 | Biology of Microorganisms |
| MICROBIO 304 | Biology of Microorganisms Laboratory |
| MICROBIO 330 | Host-Parasite Interactions |
| MICROBIO 450 | Diversity, Ecology and Evolution of Microorganisms |
| MICROBIO 470 | Microbial Genetics & Molecular Machines |
| MICROBIO/ SOIL SCI 523 | Soil Microbiology and Biochemistry |
| MICROBIO 526 | Physiology of Microorganisms |
| MICROBIO 527 | Advanced Laboratory Techniques in Microbiology |
| MICROBIO/ M M & I/PATH-BIO 528 | Immunology |
| MICROBIO 551 | Capstone Research Project in Microbiology |
| MICROBIO/ ONCOLOGY/ PL PATH 640 | General Virology-Multiplication of Viruses |
| MICROBIO/ BMOLCHEM 668 | Microbiology at Atomic Resolution |
| NTP/NEURODPT/ PSYCH 611 | Systems Neuroscience |
| NTP 660 | Neuroscience & Public Policy Seminar |
| NEURODPT 533 | Molecular Physiology |
| NUTR SCI 431 | Nutrition in the Life Span |
| NUTR SCI 631 | Clinical Nutrition I |
| NUTR SCI/ PHM PRAC 672 | Herbals, Homeopathy, and Dietary Supplements |
| ONCOLOGY 401 | Introduction to Experimental Oncology |
| ONCOLOGY/ MICROBIO/ PL PATH 640 | General Virology-Multiplication of Viruses |
| PHM SCI 558 | Laboratory Techniques in Pharmacology and Toxicology |
| PSYCH 449 | Animal Behavior |
| PSYCH 450 | Primates and Us: Insights into Human Biology and Behavior |
| PSYCH/ ZOOLOGY 550 | Animal Communication and the Origins of Language |
| ZOOLOGY/ ANTHRO/ BOTANY 410 | Evolutionary Biology |
| ZOOLOGY 425 | Behavioral Ecology |
| ZOOLOGY 430 | Comparative Anatomy of Vertebrates |
| ZOOLOGY 470 | Introduction to Animal Development |
| ZOOLOGY/ GEOSCI 541 | Paleobiology |
| ZOOLOGY/ GEOSCI 542 | Invertebrate Paleontology |
| ZOOLOGY 555 | Laboratory in Developmental Biology |
| ZOOLOGY 570 | Cell Biology |

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence [4]
- 15 credits in in the major, taken on the UW–Madison campus

[4] Major courses numbered 300–699 are considered upper-level.

## HONORS IN THE MAJOR

Students may declare Honors in the Neurobiology Major in consultation with the Neurobiology undergraduate advisor(s).

### HONORS IN THE NEUROBIOLOGY MAJOR REQUIREMENTS

To earn Honors in the Major in Neurobiology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all major courses
- Complete 14 credits, taken for Honors, with individual grades of B or better, while in residence, to include:
  - Two courses from PSYCH 454, ZOOLOGY/PSYCH 523, and ZOOLOGY 500
  - One course from the Required Neuroscience or Distributed Neuroscience course lists (above), taken for honors credit

- A two-semester Senior Honors Thesis, typically 681 and 682, for a total of 6 credits from:

| Code | Title | Credits |
|---|---|---|
| BIOCHEM 681 & BIOCHEM 682 | Senior Honors Thesis and Senior Honors Thesis | |
| BIOLOGY 681 & BIOLOGY 682 | Senior Honors Thesis and Senior Honors Thesis | |
| CHEM 681 & CHEM 682 | Senior Honors Thesis and Senior Honors Thesis | |
| CS&D 681 & CS&D 682 | Senior Honors Thesis and Senior Honors Thesis | |
| GENETICS 681 & GENETICS 682 | Senior Honors Thesis and Senior Honors Thesis | |
| H ONCOL 681 & H ONCOL 682 | Senior Honors Thesis in Human Oncology 1 and Senior Honors Thesis in Human Oncology 2 | |
| MOL BIOL 681 & MOL BIOL 682 | Senior Honors Thesis and Senior Honors Thesis | |
| NUTR SCI 681 & NUTR SCI 682 | Senior Honors Thesis and Senior Honors Thesis | |
| PSYCH 681 & PSYCH 682 | Senior Honors Thesis and Senior Honors Thesis | |
| ZOOLOGY 681 & ZOOLOGY 682 | Senior Honors Thesis and Senior Honors Thesis | |

The Senior Honors Thesis project must be approved by the Neurobiology Major Program Committee at least one month before beginning the first course (681). The project must focus on its relevance to a neuroscience-related topic.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Demonstrate understanding of basic concepts in biology, chemistry, mathematics, statistics, and physics.
2. Demonstrate understanding of the ionic basis for the neuronal membrane potential and action potential, and as well as the factors that determine neuronal excitability.
3. Demonstrate understanding of the basic mechanisms for synaptic transmission, neurotransmitter release, postsynaptic effects, and modulation of pre- and postsynaptic mechanisms. Predict how specific physiological and pathological conditions alter neuronal function at the cellular and synaptic levels.
4. Differentiate between examples of neuroplasticity at cellular, systems, and organismal levels.
5. Demonstrate understanding of central and peripheral neuroanatomy, basic functions of brain regions, and well-known neural pathways. Predict how localized disruptions of neuronal function alter behavior, motor function, or perception.
6. Demonstrate understanding of basic principles underlying motor function, sensory function (auditory, visual, touch, taste), emotion, autonomic regulation, and higher order cognitive functions (language, memory, attention, decision-making).
7. Demonstrate how experimental tools in neuroscience are used to address experimental questions, such as intra/extracellular recording, molecular biology techniques, immunohistochemical staining, fluorescent and electron microscopy, genetic manipulation, brain imaging, behavioral testing.

## FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A | 3 | Foreign Language (if required) | 4 |
| Quantitative Reasoning A | 3 | Ethnic Studies | 3 |
| Foreign Language (if required) | 4 | MATH 221[2] | 5 |
| CHEM 103 or 109 | 4 | CHEM 104 | 5 |
| | 14 | | 17 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| BIOLOGY/BOTANY/ ZOOLOGY 151 | 5 | BIOLOGY/BOTANY/ ZOOLOGY 152 | 5 |
| CHEM 343 | 3 | CHEM 345 | 3 |
| INTER-LS 210 | 1 | Social Science Breadth | 3 |
| PHYSICS 207 | 5 | PHYSICS 208 | 5 |
| | 14 | | 16 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Declare the Major[1] | | PSYCH 454 | 3-4 |
| ZOOLOGY/PSYCH 523 | 3 | Distributed Neuroscience Course | 2-4 |
| STAT 371[3] | 3 | Literature Breadth | 3 |
| Humanities Breadth | 3 | Social Science Breadth | 3 |
| Social Science Breadth | 3 | Major Elective | 3 |
| Literature Breadth | 3 | | |
| | 15 | | 16 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Distributed Neuroscience Course | 3-4 | ZOOLOGY 500 | 1 |
| Social Science Breadth | 3 | Distributed Neuroscience Course | 3-4 |
| Electives | 7 | Humanities Breadth | 3 |
| | | Social Science Breadth | 3 |
| | | Electives | 3 |
| | 14 | | 14 |

Total Credits 120

It is recommended that students in the Neurobiology major participate in multiple semesters of research.

[1] Students must declare a major by the time they reach 86 credits.

[2] This requirement also fulfills I/A COMP SCI, MATH, or STAT required for the BS.

## ADVISING AND CAREERS

# NEUROBIOLOGY MAJOR ADVISING

The advisors for the neurobiology major are committed to providing students with first-rate guidance through the major and to graduation. Also the neurobiology major advisors are dedicated to helping a student focus their future plans after undergraduate study. If you are interested in declaring the neurobiology major, make an appointment to discuss this.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Hardin (chair, jdhardin@wisc.edu), Bement, Blair, Gammie, Halloran, Ives, Lee, Newmark, Porter, Riters, Stanley, Stretton, Turner and Vander Zanden

Associate Professors Amann, Damschen, Grinblat, and Orrock

Assistant Professors Dugan, Sharma and Wolman

Adjunct Professor Peckarsky

**Neurobiology Major Programming Committee:** Professors Gammie (Integrative Biology, Chair), Bakshi (Psychiatry), Dent (Neuroscience), Postle (Psychology).

# ZOOLOGY, B.A.

The zoology major is a gateway to the diverse areas of modern biology. The major can be tailored to prepare students for advanced study and careers in many different areas: health professions and public health; law; life sciences research in university, government, and industrial settings; education including museum, nature center, secondary school, and college teaching; biotechnology; and environmental studies.

Specialized preparation is offered in ecology, systematics, limnology, morphology, molecular biology, cellular biology, developmental biology, genetics, neurobiology, physiology, evolution, and behavior. Several possible areas, emphasizing different interests, are outlined in the requirements tab. They include ecology, evolution, and behavior; anatomy, physiology, and organismal biology; and cellular, molecular, and developmental biology. The department encourages undergraduate participation in research and offers summer research scholarships to outstanding students.

# GOALS OF THE ZOOLOGY MAJOR

The zoology major emphasizes critical thinking and conceptual skills that come from an understanding of how scientific information is obtained and evaluated, and of how this information can be applied to societal issues. The major provides a solid foundation in genetic, cellular, physiological, ecological, and evolutionary principles, and in the related disciplines of chemistry, physics, and mathematics. As a result, the major fosters an understanding of biological complexity including the interrelationships among humans and natural systems.

The unique characteristics of the zoology major include:

- broad-based, yet integrated training in wide-ranging areas of biology;
- solid foundation of basic principles and processes in biology;
- flexibility and advising needed to allow students to tailor the major to their specific goals;
- wide range of opportunities for undergraduate involvement in independent research and senior thesis.

## HOW TO GET IN

All students who are interested in pursuing the zoology major must schedule an appointment with a department advisor. No major declaration forms are required to declare zoology.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**

- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## MATH, CHEMISTRY & PHYSICS

| Code | Title | Credits |
|---|---|---|
| **Math—complete one:** | | 5-10 |
| MATH 112 & MATH 113 | Algebra and Trigonometry | |
| MATH 114 | Algebra and Trigonometry | |
| MATH 171 & MATH 217 | Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II | |
| **Chemistry—complete one:** | | 5-9 |
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | |
| CHEM 109 | Advanced General Chemistry | |
| **Physics—complete one:** | | 8-10 |
| PHYSICS 103 & PHYSICS 104 | General Physics and General Physics | |
| PHYSICS 201 & PHYSICS 202 | General Physics and General Physics | |
| PHYSICS 207 & PHYSICS 208 | General Physics and General Physics | |
| Total Credits | | 18-29 |

## 30 CREDITS IN BIOLOGY AND ZOOLOGY COURSEWORK

### Introductory Biology

| Code | Title | Credits |
|---|---|---|
| **Option 1: Introductory Biology** | | 10 |
| ZOOLOGY/ BIOLOGY/ BOTANY 151 & ZOOLOGY/ BIOLOGY/ BOTANY 152 | Introductory Biology and Introductory Biology | |
| **Option 2: BIOCORE—complete both:** | | 10 |
| BIOCORE 381 & BIOCORE 382 | Evolution, Ecology, and Genetics and Evolution, Ecology, and Genetics Laboratory | |
| BIOCORE 383 & BIOCORE 384 | Cellular Biology and Cellular Biology Laboratory | |
| **Option 3: Animal Biology** [1] | | 5 |
| ZOOLOGY/ BIOLOGY 101 & ZOOLOGY/ BIOLOGY 102 | Animal Biology and Animal Biology Laboratory | |
| **Total Credits** | | 5-10 |

[1] BOTANY/BIOLOGY 130 is recommended, but not required for students pursuing Option 3 (Animal Biology).

### Electives [2, 3]

| Code | Title | Credits |
|---|---|---|
| ZOOLOGY 299 | Directed Studies in Zoology | |
| ZOOLOGY 300 | Invertebrate Biology and Evolution | |
| ZOOLOGY 301 | Invertebrate Biology and Evolution Lab | |
| ZOOLOGY/ ENTOM 302 | Introduction to Entomology | |
| MICROBIO 303 | Biology of Microorganisms | |
| ZOOLOGY 303 | Aquatic Invertebrate Biology | |
| MICROBIO 304 | Biology of Microorganisms Laboratory | |
| ZOOLOGY 304 | Marine Biology | |
| F&W ECOL 306 | Terrestrial Vertebrates: Life History and Ecology | |
| BMOLCHEM 314 | Introduction to Human Biochemistry | |
| ZOOLOGY/ ENVIR ST 315 | Limnology-Conservation of Aquatic Resources | |
| ZOOLOGY 316 | Laboratory for Limnology-Conservation of Aquatic Resources | |
| ANAT&PHY 335 | Physiology [4] | |
| ZOOLOGY/ F&W ECOL 335 | Human/Animal Relationships: Biological and Philosophical Issues | |
| ANAT&PHY 338 | Human Anatomy Laboratory | |
| M M & I 341 | Immunology | |
| ENTOM 342 | Insect Ecology | |
| ZOOLOGY/ ENTOM/M M & I/ PATH-BIO 350 | Parasitology | |
| ZOOLOGY/ M M & I/PATH-BIO 351 | Parasitology Laboratory | |
| ZOOLOGY/ ENVIR ST/ F&W ECOL 360 | Extinction of Species | |
| ENVIR ST/ LAND ARC 361 | Wetlands Ecology | |
| ZOOLOGY/ ENTOM 371 | Medical Entomology | |
| ENVIR ST 375 | Field Ecology Workshop | |
| ZOOLOGY 400 | Topics in Biology | |
| ZOOLOGY 405 | Introduction to Museum Studies in the Natural Sciences | |
| ZOOLOGY/ ANTHRO/ BOTANY 410 | Evolutionary Biology | |
| ZOOLOGY 425 | Behavioral Ecology | |
| ZOOLOGY 430 | Comparative Anatomy of Vertebrates | |
| PSYCH 449 | Animal Behavior | |
| ENTOM 450 | Basic and Applied Insect Ecology | |
| PSYCH 450 | Primates and Us: Insights into Human Biology and Behavior | |
| ZOOLOGY/ BOTANY 450 | Midwestern Ecological Issues: A Case Study Approach | |

| | |
|---|---|
| PSYCH 454 | Behavioral Neuroscience |
| PSYCH 455 | Laboratory in Behavioral Neuroscience |
| ANTHRO 458 | Primate Behavioral Ecology |
| ZOOLOGY/ BOTANY/ F&W ECOL 460 | General Ecology |
| GENETICS 466 | Principles of Genetics |
| ZOOLOGY 470 | Introduction to Animal Development |
| ZOOLOGY/ BOTANY/ ENTOM 473 | Plant-Insect Interactions |
| PATH-BIO/ HORT 500 | Molecular Biology Techniques |
| ZOOLOGY 500 | Undergraduate Neurobiology Seminar |
| BIOCHEM 501 | Introduction to Biochemistry |
| BMOLCHEM 503 | Human Biochemistry |
| BMOLCHEM 504 | Human Biochemistry Laboratory |
| ZOOLOGY 504 | Modeling Animal Landscapes |
| BIOCHEM 507 | General Biochemistry I |
| ZOOLOGY/ ENVIR ST 510 | Ecology of Fishes |
| ZOOLOGY/ ENVIR ST 511 | Ecology of Fishes Lab |
| ZOOLOGY/ AN SCI/ F&W ECOL 520 | Ornithology |
| ZOOLOGY/ AN SCI/ F&W ECOL 521 | Birds of Southern Wisconsin |
| ZOOLOGY/ PSYCH 523 | Neurobiology |
| ZOOLOGY 525 | Tropical Herpetology |
| M M & I/ MICROBIO/PATH-BIO 528 | Immunology |
| ZOOLOGY/ ENTOM 540 | Theoretical Ecology |
| ZOOLOGY/ GEOSCI 541 | Paleobiology |
| ZOOLOGY/ GEOSCI 542 | Invertebrate Paleontology |
| GENETICS 545 | Genetics Laboratory |
| F&W ECOL/ SURG SCI 548 | Diseases of Wildlife |
| ZOOLOGY/ PSYCH 550 | Animal Communication and the Origins of Language |
| ZOOLOGY 555 | Laboratory in Developmental Biology |
| ZOOLOGY/ GENETICS/ MD GENET 562 | Human Cytogenetics |
| ZOOLOGY/ F&W ECOL/ LAND ARC 565 | Principles of Landscape Ecology |
| GENETICS 566 | Advanced Genetics |
| ZOOLOGY 570 | Cell Biology |
| ZOOLOGY 603 | Endocrinology |
| ZOOLOGY 604 | Computer-based Gene and Disease/ Disorder Research Lab |
| F&W ECOL/ ENTOM/ M&ENVTOX/ PL PATH/ SOIL SCI 606 | Colloquium in Environmental Toxicology |
| ZOOLOGY 611 | Comparative and Evolutionary Physiology |
| ZOOLOGY 612 | Comparative Physiology Laboratory |
| ZOOLOGY/ NEURODPT/ NTP 616 | Lab Course in Neurobiology and Behavior |
| ZOOLOGY/ ANTHRO/NTP/ PSYCH 619 | Biology of Mind |
| ZOOLOGY/ NTP 620 | Neuroethology Seminar |
| ZOOLOGY/ ENTOM/ GENETICS 624 | Molecular Ecology |
| ZOOLOGY 625 | Development of the Nervous System |
| ZOOLOGY/ BIOCHEM/ PHMCOL-M 630 | Cellular Signal Transduction Mechanisms |
| ZOOLOGY/ BOTANY/ GENETICS 645 | Modeling in Population Genetics and Evolution |
| ZOOLOGY/ BOTANY/ ENVIR ST/ F&W ECOL 651 | Conservation Biology |
| ZOOLOGY 655 | Modeling Neurodevelopmental Disease |
| ZOOLOGY/ F&W ECOL 660 | Climate Change Ecology |
| ZOOLOGY/ BOTANY/ F&W ECOL 672 | Historical Ecology |
| ZOOLOGY/ NEURODPT/ PSYCH 674 | Behavioral Neuroendocrinology Seminar |
| ZOOLOGY 677 | Internship in Ecology |
| ZOOLOGY 681 & ZOOLOGY 682 | Senior Honors Thesis and Senior Honors Thesis |
| ZOOLOGY 691 & ZOOLOGY 692 | Senior Thesis and Senior Thesis |
| ZOOLOGY 698 | Directed Study |
| ZOOLOGY 699 | Directed Studies in Zoology |
| **Total Credits** | 20-25 |

[2] A maximum of 10 credits of Directed Study (ZOOLOGY 299, ZOOLOGY 698, ZOOLOGY 699), Senior Thesis (ZOOLOGY 691,

ZOOLOGY 692), or Senior Honors Thesis (ZOOLOGY 681, ZOOLOGY 682) count toward the 30 credits required for the major.

3 A maximum of 6 credits of approved non-ZOOLOGY subject courses count toward the 30 credits required for the major.

4 Only 3 credits of ANAT&PHY 335 Physiology count toward the 6 credits of approved non-ZOOLOGY subject courses.

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all ZOOLOGY and major courses
- 2.000 GPA on 15 Upper Level major credits, taken in Residence [5]
- 15 credits in ZOOLOGY, or courses that count for the major, taken on the UW–Madison campus

5 ZOOLOGY 299–699, intermediate/advanced BIOCORE, and courses that count toward the major that have an intermediate/advanced designation are considered Upper Level in the major.

## HONORS IN THE MAJOR

Students may declare Honors in the Zoology Major in consultation with a department advisor.

## HONORS IN THE ZOOLOGY MAJOR

To earn Honors in the Major in Zoology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA in all courses that count toward the major
- Complete 12 credits, taken for Honors, with individual grades of B or better. Select 6 credits from ZOOLOGY 300-680 or approved non-ZOOLOGY subject courses (above).
- Complete ZOOLOGY 681 and ZOOLOGY 682, for a total of 6 credits.[1]

1 A written thesis proposal must be approved by the thesis mentor and a department advisor. While most theses are completed during the fall and spring of a student's senior year, other combinations of terms are possible. More information about the proposal process, timing, and grading of a thesis can be found on the Department of Integrative Biology website.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Connect and describe the concepts that make up the structure and function of all living things through the principles of genetics, cellular biology, and physiology.
2. Demonstrate an understanding of the diversity of life through the principles of evolution.
3. Make connections between organisms, their habitats, and systems through the principles of ecology.
4. Make connections between the biological sciences to humans and ecological systems and appreciate the complexity of these systems.
5. Identify, think through, and solve a problem using quantitative reasoning and critical thinking skills.
6. Develop an ability to plan and carry out scientific experiments by obtaining and evaluating scientific information and effectively communicating information through oral and written presentations.
7. Understand current issues in biology and apply scientific knowledge to societal issues.
8. Make connections between self and natural world, and personal responsibility with social issues.
9. Develop a sense of competence in the field of study through research experiences and written and oral communication of findings.

## FOUR-YEAR PLAN

This is a sample four-year plan for you and your advisor to use as a tool in planning your academic career. Remember you may have already satisfied some requirements listed below. Due to the flexibility of course selection and sequencing, use this tool in consultation with your academic advisor, DARS report, and UW Course Guide as there is great variability in possible plans.

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 103 or 109 | 4-5 | CHEM 104 | 5 |
| MATH 112, 114, or 171 | 3-5 | MATH 113 or 217 | 3-5 |
| Communication A[1] | 3 | Literature Breadth | 3 |
| Foreign Language (if required) | 3-4 | Social Science Breadth | 4 |
| | 14 | | 15 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ZOOLOGY/BIOLOGY/ BOTANY 151[1] | 5 | ZOOLOGY/BIOLOGY/ BOTANY 152 (Satisfies Communication B)[1] | 5 |
| Ethnic Studies[2] | 3 | BOTANY/BIOLOGY 130[4] | 5 |
| INTER-LS 210[3] | 1 | Humanities Breadth | 3 |
| Social Science Breadth | 3 | Social Science L&S Breadth | 4 |

| | | | |
|---|---|---|---|
| Elective | 4 | | |
| | 16 | | 17 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 103, 201, or 207 | 4-5 | PHYSICS 104, 202, or 208 | 4-5 |
| I/A COMP SCI, MATH, or STAT (if required for the BS) | 3 | I/A COMP SCI, MATH, or STAT (required for the BS) | 3-5 |
| I/A ZOOLOGY | 3-4 | I/A ZOOLOGY | 3-4 |
| Humanities Breadth | 3 | Literature Breadth | 3 |
| | 14 | | 14 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| I/A ZOOLOGY | 3-4 | I/A ZOOLOGY | 3-4 |
| I/A ZOOLOGY | 3-4 | I/A ZOOLOGY | 3-4 |
| Humanities Breadth | 3 | Elective(s) | 9 |
| Elective(s) | 3-6 | | |
| | 15 | | 15 |

Total Credits 120

[1] Students can take ZOOLOGY/BIOLOGY 101 Animal Biology and ZOOLOGY/BIOLOGY 102 Animal Biology Laboratory for the Introductory Biology requirement. is recommended for students who complete this sequence.

Student may also satisfy Introductory Biology with BIOCORE. Consult the advisor for the program regarding this option.

## ADVISING AND CAREERS

# ADVISING

Students are encouraged to consult with a department advisor to construct individual programs appropriate to their own needs. Please use scheduling assistant or call either 608-262-2742 to make an appointment with an advisor. Kayla Pelland (https://calendar.wisc.edu/scheduling-assistant/public/profiles/DIdAlcHP.html;jsessionid=A292232C7EF2B8C801261B668EAE99A8.primary) is available to meet with students on Mondays, Wednesdays, and Fridays in B154 Birge Hall.

## DIRECTED STUDY

The zoology major is an excellent scaffold for students interested in an undergraduate research experience. A maximum of 10 credits of Directed Studies (ZOOLOGY 299, ZOOLOGY 698, ZOOLOGY 699), Senior Thesis (ZOOLOGY 691, ZOOLOGY 692), or Senior Honors Thesis (ZOOLOGY 681, ZOOLOGY 682) will count toward the 30 credits required for the major.

The Department of Integrative Biology offers both ZOOLOGY 299 Directed Studies in Zoology and ZOOLOGY 699 Directed Studies in Zoology. ZOOLOGY 299 is recommended for students before they have completed their introductory biology course sequence, and ZOOLOGY 699 is recommended for students who have completed their introductory biology course sequence. Directed Studies in Zoology are graded on an A to F scale. Students cannot take Directed Studies on a pass/fail basis.

Directed Studies allows students to gain experience in a wide range of research areas in biology and to learn research techniques that are not easily taught in the classroom. Such experiences allow students to make more informed decisions about their future goals and careers.

Before students can enroll in ZOOLOGY 299 or ZOOLOGY 699, they must set up an appointment with a professor/mentor of their choice, and work with the professor/mentor to:

1. Decide the specific number of credits and
2. Plan the work required to earn those credits.

Such plans can involve reviewing relevant literature in the area, developing a proposal for independent research, and/or conducting an experiment in the mentor's study area.

Students interested in doing in-depth research as undergraduates in an area of interest can elect to do a Senior Thesis or Senior Honors Thesis (see below). Students should contact a department advisor at the beginning of their junior year to explore possible research areas.

## SENIOR THESIS

Students interested in making a longer-term commitment to a research project may consider undertaking a Senior Thesis. Students should contact a department advisor during their junior year to explore possible research areas in zoology.

Zoology Senior Thesis Requirements:

1. Approval of a department advisor and
2. Completion of ZOOLOGY 691 and ZOOLOGY 692, a two-semester thesis research sequence, during the senior year (6 credits).

It is recommended that candidates for the Senior Thesis take ZOOLOGY 699 during second semester junior year to prepare for the thesis.

## DISTINCTION IN THE MAJOR

Upon recommendation of the department to the dean, Distinction in the Major is granted at graduation to students not earning Honors in the Major who have done superior work in the major. In addition to the requirements for a senior thesis, to graduate with Distinction in the Zoology Major, students must maintain an overall GPA of 3.300 and a GPA of 3.500 in all zoology courses in the major.

# CAREERS

The Department of Integrative Biology encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science (https://careers.ls.wisc.edu). L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

### FACULTY

Professors Hardin (chair, jdhardin@wisc.edu), Bement, Blair, Gammie, Halloran, Ives, Lee, Newmark, Riters, Stanley, Turner, and Vander Zanden

Associate Professors Amann, Damschen, Grinblat, and Orrock

Assistant Professors Dugan, Sharma, and Wolman

Adjunct Professor Peckarsky

# ZOOLOGY, B.S.

The zoology major is a gateway to the diverse areas of modern biology. The major can be tailored to prepare students for advanced study and careers in many different areas: health professions and public health; law; life sciences research in university, government, and industrial settings; education including museum, nature center, secondary school, and college teaching; biotechnology; and environmental studies.

Specialized preparation is offered in ecology, systematics, limnology, morphology, molecular biology, cellular biology, developmental biology, genetics, neurobiology, physiology, evolution, and behavior. Several possible areas, emphasizing different interests, are outlined in the requirements tab. They include ecology, evolution, and behavior; anatomy, physiology, and organismal biology; and cellular, molecular, and developmental biology. The department encourages undergraduate participation in research and offers summer research scholarships to outstanding students.

## GOALS OF THE ZOOLOGY MAJOR

The zoology major emphasizes critical thinking and conceptual skills that come from an understanding of how scientific information is obtained and evaluated, and of how this information can be applied to societal issues. The major provides a solid foundation in genetic, cellular, physiological, ecological, and evolutionary principles, and in the related disciplines of chemistry, physics, and mathematics. As a result, the major fosters an understanding of biological complexity including the interrelationships among humans and natural systems.

The unique characteristics of the zoology major include:

- broad-based, yet integrated training in wide-ranging areas of biology;
- solid foundation of basic principles and processes in biology;
- flexibility and advising needed to allow students to tailor the major to their specific goals;
- wide range of opportunities for undergraduate involvement in independent research and senior thesis.

## HOW TO GET IN

All students who are interested in pursuing the zoology major must schedule an appointment with a department advisor. No major declaration forms are required to declare zoology.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree

requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## MATH, CHEMISTRY & PHYSICS

| Code | Title | Credits |
|---|---|---|
| **Math—complete one:** | | 5-10 |
| MATH 112<br>& MATH 113 | Algebra<br>and Trigonometry | |
| MATH 114 | Algebra and Trigonometry | |
| MATH 171<br>& MATH 217 | Calculus with Algebra and Trigonometry I<br>and Calculus with Algebra and Trigonometry II | |
| **Chemistry—complete one:** | | 5-9 |
| CHEM 103<br>& CHEM 104 | General Chemistry I<br>and General Chemistry II | |
| CHEM 109 | Advanced General Chemistry | |
| **Physics—complete one:** | | 8-10 |
| PHYSICS 103<br>& PHYSICS 104 | General Physics<br>and General Physics | |
| PHYSICS 201<br>& PHYSICS 202 | General Physics<br>and General Physics | |
| PHYSICS 207<br>& PHYSICS 208 | General Physics<br>and General Physics | |
| Total Credits | | 18-29 |

## 30 CREDITS IN BIOLOGY AND ZOOLOGY COURSEWORK

### Introductory Biology

| Code | Title | Credits |
|---|---|---|
| **Option 1: Introductory Biology** | | 10 |
| ZOOLOGY/BIOLOGY/BOTANY 151<br>& ZOOLOGY/BIOLOGY/BOTANY 152 | Introductory Biology<br>and Introductory Biology | |
| **Option 2: BIOCORE—complete both:** | | 10 |
| BIOCORE 381<br>& BIOCORE 382 | Evolution, Ecology, and Genetics<br>and Evolution, Ecology, and Genetics Laboratory | |
| BIOCORE 383<br>& BIOCORE 384 | Cellular Biology<br>and Cellular Biology Laboratory | |
| **Option 3: Animal Biology** [1] | | 5 |
| ZOOLOGY/BIOLOGY 101<br>& ZOOLOGY/BIOLOGY 102 | Animal Biology<br>and Animal Biology Laboratory | |
| **Total Credits** | | 5-10 |

[1] BOTANY/BIOLOGY 130 is recommended, but not required for students pursuing Option 3 (Animal Biology).

### Electives [2, 3]

| Code | Title | Credits |
|---|---|---|
| ZOOLOGY 299 | Directed Studies in Zoology | |
| ZOOLOGY 300 | Invertebrate Biology and Evolution | |
| ZOOLOGY 301 | Invertebrate Biology and Evolution Lab | |
| ZOOLOGY/ENTOM 302 | Introduction to Entomology | |
| MICROBIO 303 | Biology of Microorganisms | |
| ZOOLOGY 303 | Aquatic Invertebrate Biology | |
| MICROBIO 304 | Biology of Microorganisms Laboratory | |
| ZOOLOGY 304 | Marine Biology | |

| | |
|---|---|
| F&W ECOL 306 | Terrestrial Vertebrates: Life History and Ecology |
| BMOLCHEM 314 | Introduction to Human Biochemistry |
| ZOOLOGY/ ENVIR ST 315 | Limnology-Conservation of Aquatic Resources |
| ZOOLOGY 316 | Laboratory for Limnology-Conservation of Aquatic Resources |
| ANAT&PHY 335 | Physiology [4] |
| ZOOLOGY/ F&W ECOL 335 | Human/Animal Relationships: Biological and Philosophical Issues |
| ANAT&PHY 338 | Human Anatomy Laboratory |
| M M & I 341 | Immunology |
| ENTOM 342 | Insect Ecology |
| ZOOLOGY/ ENTOM/M M & I/ PATH-BIO 350 | Parasitology |
| ZOOLOGY/ M M & I/PATH-BIO 351 | Parasitology Laboratory |
| ZOOLOGY/ ENVIR ST/ F&W ECOL 360 | Extinction of Species |
| ENVIR ST/ LAND ARC 361 | Wetlands Ecology |
| ZOOLOGY/ ENTOM 371 | Medical Entomology |
| ENVIR ST 375 | Field Ecology Workshop |
| ZOOLOGY 400 | Topics in Biology |
| ZOOLOGY 405 | Introduction to Museum Studies in the Natural Sciences |
| ZOOLOGY/ ANTHRO/ BOTANY 410 | Evolutionary Biology |
| ZOOLOGY 425 | Behavioral Ecology |
| ZOOLOGY 430 | Comparative Anatomy of Vertebrates |
| PSYCH 449 | Animal Behavior |
| ENTOM 450 | Basic and Applied Insect Ecology |
| PSYCH 450 | Primates and Us: Insights into Human Biology and Behavior |
| ZOOLOGY/ BOTANY 450 | Midwestern Ecological Issues: A Case Study Approach |
| PSYCH 454 | Behavioral Neuroscience |
| PSYCH 455 | Laboratory in Behavioral Neuroscience |
| ANTHRO 458 | Primate Behavioral Ecology |
| ZOOLOGY/ BOTANY/ F&W ECOL 460 | General Ecology |
| GENETICS 466 | Principles of Genetics |
| ZOOLOGY 470 | Introduction to Animal Development |
| ZOOLOGY/ BOTANY/ ENTOM 473 | Plant-Insect Interactions |
| PATH-BIO/ HORT 500 | Molecular Biology Techniques |
| ZOOLOGY 500 | Undergraduate Neurobiology Seminar |
| BIOCHEM 501 | Introduction to Biochemistry |
| BMOLCHEM 503 | Human Biochemistry |
| BMOLCHEM 504 | Human Biochemistry Laboratory |
| ZOOLOGY 504 | Modeling Animal Landscapes |
| BIOCHEM 507 | General Biochemistry I |
| ZOOLOGY/ ENVIR ST 510 | Ecology of Fishes |
| ZOOLOGY/ ENVIR ST 511 | Ecology of Fishes Lab |
| ZOOLOGY/ AN SCI/ F&W ECOL 520 | Ornithology |
| ZOOLOGY/ AN SCI/ F&W ECOL 521 | Birds of Southern Wisconsin |
| ZOOLOGY/ PSYCH 523 | Neurobiology |
| ZOOLOGY 525 | Tropical Herpetology |
| M M & I/ MICROBIO/PATH-BIO 528 | Immunology |
| ZOOLOGY/ ENTOM 540 | Theoretical Ecology |
| ZOOLOGY/ GEOSCI 541 | Paleobiology |
| ZOOLOGY/ GEOSCI 542 | Invertebrate Paleontology |
| GENETICS 545 | Genetics Laboratory |
| F&W ECOL/ SURG SCI 548 | Diseases of Wildlife |
| ZOOLOGY/ PSYCH 550 | Animal Communication and the Origins of Language |
| ZOOLOGY 555 | Laboratory in Developmental Biology |
| ZOOLOGY/ GENETICS/ MD GENET 562 | Human Cytogenetics |
| ZOOLOGY/ F&W ECOL/ LAND ARC 565 | Principles of Landscape Ecology |
| GENETICS 566 | Advanced Genetics |
| ZOOLOGY 570 | Cell Biology |
| ZOOLOGY 603 | Endocrinology |
| ZOOLOGY 604 | Computer-based Gene and Disease/ Disorder Research Lab |
| F&W ECOL/ ENTOM/ M&ENVTOX/ PL PATH/ SOIL SCI 606 | Colloquium in Environmental Toxicology |
| ZOOLOGY 611 | Comparative and Evolutionary Physiology |

| | |
|---|---|
| ZOOLOGY 612 | Comparative Physiology Laboratory |
| ZOOLOGY/ NEURODPT/ NTP 616 | Lab Course in Neurobiology and Behavior |
| ZOOLOGY/ ANTHRO/NTP/ PSYCH 619 | Biology of Mind |
| ZOOLOGY/ NTP 620 | Neuroethology Seminar |
| ZOOLOGY/ ENTOM/ GENETICS 624 | Molecular Ecology |
| ZOOLOGY 625 | Development of the Nervous System |
| ZOOLOGY/ BIOCHEM/ PHMCOL-M 630 | Cellular Signal Transduction Mechanisms |
| ZOOLOGY/ BOTANY/ GENETICS 645 | Modeling in Population Genetics and Evolution |
| ZOOLOGY/ BOTANY/ ENVIR ST/ F&W ECOL 651 | Conservation Biology |
| ZOOLOGY 655 | Modeling Neurodevelopmental Disease |
| ZOOLOGY/ F&W ECOL 660 | Climate Change Ecology |
| ZOOLOGY/ BOTANY/ F&W ECOL 672 | Historical Ecology |
| ZOOLOGY/ NEURODPT/ PSYCH 674 | Behavioral Neuroendocrinology Seminar |
| ZOOLOGY 677 | Internship in Ecology |
| ZOOLOGY 681 & ZOOLOGY 682 | Senior Honors Thesis and Senior Honors Thesis |
| ZOOLOGY 691 & ZOOLOGY 692 | Senior Thesis and Senior Thesis |
| ZOOLOGY 698 | Directed Study |
| ZOOLOGY 699 | Directed Studies in Zoology |
| **Total Credits** | 20-25 |

[2] A maximum of 10 credits of Directed Study (ZOOLOGY 299, ZOOLOGY 698, ZOOLOGY 699), Senior Thesis (ZOOLOGY 691, ZOOLOGY 692), or Senior Honors Thesis (ZOOLOGY 681, ZOOLOGY 682) count toward the 30 credits required for the major.

[3] A maximum of 6 credits of approved non-ZOOLOGY subject courses count toward the 30 credits required for the major.

[4] Only 3 credits of ANAT&PHY 335 Physiology count toward the 6 credits of approved non-ZOOLOGY subject courses.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all ZOOLOGY and major courses
- 2.000 GPA on 15 Upper Level major credits, taken in Residence [5]
- 15 credits in ZOOLOGY, or courses that count for the major, taken on the UW–Madison campus

[5] ZOOLOGY 299–699, intermediate/advanced BIOCORE, and courses that count toward the major that have an intermediate/advanced designation are considered Upper Level in the major.

# HONORS IN THE MAJOR

Students may declare Honors in the Zoology Major in consultation with a department advisor.

# HONORS IN THE ZOOLOGY MAJOR

To earn Honors in the Major in Zoology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA in all courses that count toward the major
- Complete 12 credits, taken for Honors, with individual grades of B or better. Select 6 credits from ZOOLOGY 300-680 or approved non-ZOOLOGY subject courses (above).
- Complete ZOOLOGY 681 and ZOOLOGY 682, for a total of 6 credits.[1]

[1] A written thesis proposal must be approved by the thesis mentor and a department advisor. While most theses are completed during the fall and spring of a student's senior year, other combinations of terms are possible. More information about the proposal process, timing, and grading of a thesis can be found on the Department of Integrative Biology website.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Connect and describe the concepts that make up the structure and function of all living things through the principles of genetics, cellular biology, and physiology.
2. Demonstrate an understanding of the diversity of life through the principles of evolution.
3. Make connections between organisms, their habitats, and systems through the principles of ecology.

4. Make connections between the biological sciences to humans and ecological systems and appreciate the complexity of these systems.
5. Identify, think through, and solve a problem using quantitative reasoning and critical thinking skills.
6. Develop an ability to plan and carry out scientific experiments by obtaining and evaluating scientific information and effectively communicating information through oral and written presentations.
7. Understand current issues in biology and apply scientific knowledge to societal issues.
8. Make connections between self and natural world, and personal responsibility with social issues.
9. Develop a sense of competence in the field of study through research experiences and written and oral communication of findings.

## FOUR-YEAR PLAN

This is a sample four-year plan for you and your advisor to use as a tool in planning your academic career. Remember you may have already satisfied some requirements listed below. Due to the flexibility of course selection and sequencing, use this tool in consultation with your academic advisor, DARS report, and UW Course Guide as there is great variability in possible plans.

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 103 or 109 | 4-5 | CHEM 104 | 5 |
| MATH 112, 114, or 171 | 3-5 | MATH 113 or 217 | 3-5 |

Total Credits 120

1 Students can take ZOOLOGY/BIOLOGY 101 Animal Biology and ZOOLOGY/BIOLOGY 102 Animal Biology Laboratory for the Introductory Biology requirement. is recommended for students who complete this sequence.

Student may also satisfy Introductory Biology with BIOCORE. Consult the advisor for the program regarding this option.

## ADVISING AND CAREERS

# ADVISING

Students are encouraged to consult with a department advisor to construct individual programs appropriate to their own needs. Please use scheduling assistant or call either 608-262-2742 to make an appointment with an advisor. Kayla Pelland (https://calendar.wisc.edu/scheduling-assistant/public/profiles/DIdAlcHP.html;jsessionid=A292232C7EF2B8C801261B668EAE99A8.primary) is available to meet with students on Mondays, Wednesdays, and Fridays in B154 Birge Hall.

### DIRECTED STUDY

The zoology major is an excellent scaffold for students interested in an undergraduate research experience. A maximum of 10 credits of Directed Studies (ZOOLOGY 299, ZOOLOGY 698, ZOOLOGY 699), Senior Thesis (ZOOLOGY 691, ZOOLOGY 692), or Senior Honors Thesis (ZOOLOGY 681, ZOOLOGY 682) will count toward the 30 credits required for the major.

The Department of Integrative Biology offers both ZOOLOGY 299 Directed Studies in Zoology and ZOOLOGY 699 Directed Studies in Zoology. ZOOLOGY 299 is recommended for students before they have completed their introductory biology course sequence, and ZOOLOGY 699 is recommended for students who have completed their introductory biology course sequence. Directed Studies in Zoology are graded on an A to F scale. Students cannot take Directed Studies on a pass/fail basis.

Directed Studies allows students to gain experience in a wide range of research areas in biology and to learn research techniques that are not easily taught in the classroom. Such experiences allow students to make more informed decisions about their future goals and careers.

Before students can enroll in ZOOLOGY 299 or ZOOLOGY 699, they must set up an appointment with a professor/mentor of their choice, and work with the professor/mentor to:

1. Decide the specific number of credits and
2. Plan the work required to earn those credits.

Such plans can involve reviewing relevant literature in the area, developing a proposal for independent research, and/or conducting an experiment in the mentor's study area.

Students interested in doing in-depth research as undergraduates in an area of interest can elect to do a Senior Thesis or Senior Honors Thesis (see below). Students should contact a department advisor at the beginning of their junior year to explore possible research areas.

### SENIOR THESIS

Students interested in making a longer-term commitment to a research project may consider undertaking a Senior Thesis. Students should contact a department advisor during their junior year to explore possible research areas in zoology.

Zoology Senior Thesis Requirements:

1. Approval of a department advisor and
2. Completion of ZOOLOGY 691 and ZOOLOGY 692, a two-semester thesis research sequence, during the senior year (6 credits).

It is recommended that candidates for the Senior Thesis take ZOOLOGY 699 during second semester junior year to prepare for the thesis.

### DISTINCTION IN THE MAJOR

Upon recommendation of the department to the dean, Distinction in the Major is granted at graduation to students not earning Honors in the Major who have done superior work in the major. In addition to the requirements for a senior thesis, to graduate with Distinction in the Zoology Major, students must maintain an overall GPA of 3.300 and a GPA of 3.500 in all zoology courses in the major.

## CAREERS

The Department of Integrative Biology encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science (https://careers.ls.wisc.edu). L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

### PEOPLE

## FACULTY

Professors Hardin (chair, jdhardin@wisc.edu), Bement, Blair, Gammie, Halloran, Ives, Lee, Newmark, Riters, Stanley, Turner, and Vander Zanden

Associate Professors Amann, Damschen, Grinblat, and Orrock

Assistant Professors Dugan, Sharma, and Wolman

Adjunct Professor Peckarsky

# LA FOLLETTE SCHOOL OF PUBLIC AFFAIRS

### DEGREES/MAJORS/CERTIFICATES

- Public Policy, Certificate (p. 1066)

# PUBLIC POLICY, CERTIFICATE

UW–Madison's Undergraduate Certificate in Public Policy complements existing majors across campus and extends the La Follette School's mission to training and mentoring the next generation of leaders in their careers and communities.

The certificate program allows undergraduate students to apply a policy perspective to their major course of study and bolsters their skills for success in the workforce or in their graduate school coursework. Students build a strong foundation for careers in government, nonprofit organizations, or the private sector.

The Undergraduate Certificate in Public Policy is ideal for students seeking careers related to key domestic and international issues such as criminal justice, education, energy, environmental studies, finance, transportation, and poverty. It also prepares students to be engaged citizens, ready to use their talents to improve the world around them.

### HOW TO GET IN

To declare the Undergraduate Certificate in Public Policy, students must:

- Have sophomore standing
- Be in good academic standing
- Have completed or be enrolled in at least one class that meets certificate requirements
- Certify that they have attended an orientation to the certificate and understand certificate requirements

- Write a letter of intent explaining how they envision applying public policy to the context of their major program and in their future career
- Submit their resume

## REQUIREMENTS

## REQUIREMENTS FOR THE CERTIFICATE

| Code | Title | Credits |
|---|---|---|
| **Introductory Course: 1 course required** | | 3 |
| PUB AFFR 200 | Contemporary Public Policy Issues | |
| POLI SCI 272 | Introduction to Public Policy | |
| **Analytical Tools for Policy Design, Implementation, and Evaluation: 1 course required** | | 3 |
| PUB AFFR 240 | Evidence-Based Policy Making | |
| PUB AFFR 278 | Public Leadership | |
| PUB AFFR 380 | Analytic Tools for Public Policy | |
| **Policy Specialization: 1 courses from any of these areas** | | 3 |
| *Social Policy, Inequality & Poverty* | | |
| PUB AFFR 520 | Inequality, Race and Public Policy | |
| ECON 370 | Economics of Poverty and Inequality | |
| SOC WORK 206 | Introduction to Social Policy | |
| SOC WORK 420 | Poverty and Social Welfare | |
| *Health Policy* | | |
| SOC/ C&E SOC 533 | Public Health in Rural & Urban Communities | |
| *Environmental Policy* | | |
| ENVIR ST/ GEOG 439 | US Environmental Policy and Regulation | |
| ENVIR ST/ ECON/POLI SCI/ URB R PL 449 | Government and Natural Resources | |
| *Education Policy* | | |
| ED POL 145 | Introduction to Education Policy | |
| ED POL 200 | Race, Ethnicity, and Inequality in American Education | |
| *Family Policy* | | |
| HDFS 535 | A Family Perspective in Policymaking | |
| CNSR SCI 575 | Family Economics and Public Policy | |
| *International Policy* | | |
| POLI SCI 340 | The European Union: Politics and Political Economy | |
| POLI SCI 359 | American Foreign Policy | |
| ECON 435 | The Financial System | |
| **Fieldwork and Internship: 1 course required** | | 3 |
| POLI SCI 402 | Wisconsin in Washington Internship Course | |
| Total Credits | | 12 |

### RESIDENCE & QUALITY OF WORK

At least 6 credits must be earned In Residence

A 2.000 GPA is required in all courses counting toward the certificate

[1] Courses taken Pass/Fail do not meet certificate requirements or calculate in the GPA.

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. Students will demonstrate understanding of major current and past public policy debates, and how to approach questions and research with a public policy lens.
2. Students will gain knowledge and demonstrate application of methodological tools utilized in the public policy arena (e.g., policy memo writing, policy analysis, experience working with administrative data, program evaluation, cost-benefit analysis, performance management).
3. Students will demonstrate understanding and application of knowledge regarding the substantive policy area of interest of their choice (e.g., education, health, social, environmental, science).
4. Students will gain practical professional experience in a public policy work setting.

## ADVISING AND CAREERS

**SKILLS & CAREERS**

Given the increasing complexity in every realm of public policy, students in the public policy certificate program gain skills in quantitative analysis,

communication, writing, critical thinking, and problem solving that are in demand by more and more employers in almost every sector.

The certificate program focuses on evidence-based practices and provides students with the skills to gather data and information from various sources, analyze and synthesize the findings, and write a clear and concise report to illustrate the main points.

With the focus on evidence-based practices, the public policy certificate program provides research and data analysis skills that are transferrable to nearly any occupation. Students maximize their electives and earn a credential that highlights these highly sought-after skills in the context of real-world practice.

Career development is an integral part of the La Follette School experience, with staff members and alumni eager to support and mentor students with diverse interests. Students benefit from networking opportunities, employer visits, professional development seminars, and other services.

## PEOPLE

**FACULTY**

The undergraduate certificate in public policy gives students access to the La Follette School's award-winning faculty members. These interdisciplinary faculty have expertise in social policy, health policy and management, public management, policy analysis, environmental policy, poverty, and government finance. Most La Follette School faculty members hold partial appointments in other campus departments. Faculty in other departments who offer policy-related classes also teach students in the certificate program.

# LANGUAGE SCIENCES

Linguistics is the scientific study of language. It investigates the common principles underlying all human languages, as well as the organization of particular languages. It is expected that undergraduates with a major in linguistics will be able to:

- demonstrate a sound knowledge of the fields of phonetics (articulatory and acoustic properties of speech), phonology (the organization of the sound system of languages), morphology (the structure of words), syntax (the structure of sentences), and semantics (the interpretation of structures);
- demonstrate that they are able to analyze data in all these areas of linguistics;
- apply their linguistic training without prejudice, as expected in any science; and
- apply their analytical abilities beyond the study of linguistics.

The linguistics major program can be enriched through linguistics-related courses offered in other departments such as the language departments, the departments of psychology, philosophy, and communicative disorders.

## DEGREES/MAJORS/CERTIFICATES

- Linguistics, B.A. (p. 1068)
- Linguistics, B.S. (p. 1073)

## PEOPLE

Professors Ellis Weismer, Kaushanskaya, Li, Louden, Macaulay, Macdonald, Purnell, Raimy, Saffron, Salmons, Seidenberg, Valentine, Wanner; Associate Professors Lupyan, Rao, Tejedo-Herrero, Vieira; Assistant Professor Cho; Lecturer Shields

# LINGUISTICS, B.A.

Linguistics is the scientific study of language. It investigates the common principles underlying all human languages, as well as the organization of particular languages. It is expected that undergraduates with a major in linguistics will be able to:

- demonstrate a sound knowledge of the fields of phonetics (articulatory and acoustic properties of speech), phonology (the organization of the sound system of languages), morphology (the structure of words), syntax (the structure of sentences), and semantics (the interpretation of structures);
- demonstrate that they are able to analyze data in all these areas of linguistics;
- apply their linguistic training without prejudice, as expected in any science; and
- apply their analytical abilities beyond the study of linguistics.

The linguistics major program can be enriched through linguistics-related courses offered in other departments such as the language departments, the departments of psychology, philosophy, and communicative disorders.

## HOW TO GET IN

Undergraduate students wishing to major in linguistics should consult the Requirements (http://guide.wisc.edu/undergraduate/letters-science/linguistics/linguistics-ba/#requirementstext) tab. Students must contact the Linguistics undergraduate advisor Rebecca Shields, rashields@wisc.edu, to declare linguistics as a major. Inquire in 1168 Van Hise Hall or call 608-262-2292 for the undergraduate advisor's office hours. All students proposing to major in linguistics must consult the department's undergraduate advisor.

Any exceptions to the departmental requirements must be approved by the Degree Programs Committee of the Department of Language Sciences. Note that the undergraduate advisor of the department cannot authorize exceptions. Students requesting exceptions must prepare a written petition and submit it to the department administrator, who will then forward it to the Degree Programs Committee members.

The petition must justify the exception request by providing detailed information on the circumstances, and by including all relevant documents. The Degree Programs Committee considers each case individually on its merits. Approval is granted rarely, and only under

extraordinary circumstances. Not having time to satisfy requirements before graduating is not a valid excuse.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## LANGUAGE

| Code | Title | Credits |
|---|---|---|
| Complete the fourth unit or higher in a foreign language, by course or by examination | | 0-16 |
| Total Credits | | 0-16 |

## LINGUISTICS

Students pursuing the linguistics major must complete 30 credits as follows:

| Code | Title | Credits |
|---|---|---|
| **Complete the following:** | | |
| LINGUIS 101 | Human Language | 3 |
| or LINGUIS/ ANTHRO 301 | Introduction to Linguistics: Descriptive and Theoretical | |
| LINGUIS 310 | Phonology | 3 |
| LINGUIS 330 | Syntax | 3 |
| LINGUIS 322 | Morphology | 3 |

| | | |
|---|---|---|
| **500-Level LINGUIS (1 course)** | | 3 |
| LINGUIS 510 | Phonological Theories | |
| LINGUIS 522 | Advanced Morphology | |

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Linguistics Undergraduate Advisor (http://guide.wisc.edu/undergraduate/letters-science/linguistics/linguistics-ba/#advisingandcareerstext).

## HONORS IN THE LINGUISTICS MAJOR: REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA for all LINGUIS courses, and all courses accepted in the major
- Complete two LINGUIS courses, taken for Honors, with concurrent 1-credit enrollment in LINGUIS 481 Junior Honors Tutorial, LINGUIS 482 Junior Honors Tutorial, LINGUIS 583 Senior Honors Tutorial, or LINGUIS 584 Senior Honors Tutorial, for a total of 2 additional credits. A grade of B or better must be earned in each course taken for honors.
- Complete a two-semester Senior Honors Thesis in LINGUIS 681 Honors Seminar-Senior Thesis and LINGUIS 682 Honors Seminar-Senior Thesis, leading to submission of an acceptable paper, for a total of 6 credits. A grade of B or better must be earned in the thesis project.

Note that Honors tutorial credits and the Senior Honors Thesis do not count toward the 30 credits required for the major in linguistics.

# UNIVERSITY DEGREE REQUIREMENTS

Total Degree — To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

| | |
|---|---|
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Familiarity with data from a wide range of languages from different language families.
2. Ability to respond to biased views of language in their communities.
3. Knowledge in all core areas of linguistics: Phonetics, phonology, morphology, syntax, and semantics.
4. Sound grasp of linguistic concepts.
5. Sound grasp of linguistic methodology.

## FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A | 3 | Ethnic Studies | 3 |
| Quantitative Reasoning A | 3 | 4th semester of Foreign Language (if needed)[Linguistics majors are required to complete the 4th unit or higher of a foreign language, whether they are doing the BA or the BS degree.] | 3 |
| 3rd semester of Foreign Language (if needed) | 3 | LINGUIS 101 or 301 | 3 |
| L&S Breadth[Linguistics majors will have varying needs for L&S Breadth courses outside the major, depending on which Linguistics major electives they choose. Many Linguistics major electives are Humanities courses, but some are Social Science or Natural Sciences. Consult with your advisor to determine your individual needs.] | 3 | I/A Math, Comp Sci, or Stat (if needed for BS) | 3 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| | 15 | | 15 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Quantitative Reasoning B | 3 | Communication B | 3 |
| LINGUIS 310 | 3 | LINGUIS 322 | 3 |
| LINGUIS 330 | 3 | Linguistics major elective #1 | 3 |
| L&S Breadth | 3 | I/A Math, Comp Sci, or Stat (if needed for B.S.) | 3 |
| Elective | 3 | L&S Breadth | 3 |

Total Credits 120

## ADVISING AND CAREERS

# UNDERGRADUATE ADVISING

Rebecca Shields, Undergraduate Advisor
rashields@wisc.edu

Contact the undergraduate advisor to set up an appointment to learn more about the major, careers in linguistics, and opportunities for the study of language sciences across campus.

# LETTERS & SCIENCE CAREER SERVICES

Language Sciences encourages our majors to begin working on their career exploration and preparation soon after declaring their major. Our career advisor also partners with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Ellis Weismer, Kaushanskaya, Li, Louden, Macaulay, Macdonald, Purnell, Raimy, Saffron, Salmons, Seidenberg, Valentine, Wanner; Associate Professors Lupyan, Rao, Tejedo-Herrero, Vieira; Assistant Professor Cho; Lecturer Shields

# LINGUISTICS, B.S.

Linguistics is the scientific study of language. It investigates the common principles underlying all human languages, as well as the organization of particular languages. It is expected that undergraduates with a major in linguistics will be able to:

- demonstrate a sound knowledge of the fields of phonetics (articulatory and acoustic properties of speech), phonology (the organization of the sound system of languages), morphology (the structure of words), syntax (the structure of sentences), and semantics (the interpretation of structures);
- demonstrate that they are able to analyze data in all these areas of linguistics;
- apply their linguistic training without prejudice, as expected in any science; and
- apply their analytical abilities beyond the study of linguistics.

The linguistics major program can be enriched through linguistics-related courses offered in other departments such as the language departments, the departments of psychology, philosophy, and communicative disorders.

## HOW TO GET IN

Undergraduate students wishing to major in linguistics should consult the Requirements (http://guide.wisc.edu/undergraduate/letters-science/linguistics/linguistics-ba/#requirementstext) tab. Students must contact the Linguistics undergraduate advisor Rebecca Shields, rashields@wisc.edu, to declare linguistics as a major. Inquire in 1168 Van Hise Hall or call 608-262-2292 for the undergraduate advisor's office hours. All students proposing to major in linguistics must consult the department's undergraduate advisor.

Any exceptions to the departmental requirements must be approved by the Degree Programs Committee of the Department of Language Sciences. Note that the undergraduate advisor of the department cannot authorize exceptions. Students requesting exceptions must prepare a written petition and submit it to the department administrator, who will then forward it to the Degree Programs Committee members.

The petition must justify the exception request by providing detailed information on the circumstances, and by including all relevant documents. The Degree Programs Committee considers each case individually on its merits. Approval is granted rarely, and only under extraordinary circumstances. Not having time to satisfy requirements before graduating is not a valid excuse.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |

| | |
|---|---|
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## LANGUAGE

| Code | Title | Credits |
|---|---|---|
| Complete the fourth unit or higher in a foreign language, by course or by examination | | 0-16 |
| Total Credits | | 0-16 |

## LINGUISTICS

Students pursuing the linguistics major must complete 30 credits as follows:

| Code | Title | Credits |
|---|---|---|
| **Complete the following:** | | |
| LINGUIS 101 | Human Language | 3 |
| or LINGUIS/ ANTHRO 301 | Introduction to Linguistics: Descriptive and Theoretical | |
| LINGUIS 310 | Phonology | 3 |
| LINGUIS 330 | Syntax | 3 |
| LINGUIS 322 | Morphology | 3 |
| **500-Level LINGUIS (1 course)** | | 3 |
| LINGUIS 510 | Phonological Theories | |
| LINGUIS 522 | Advanced Morphology | |
| LINGUIS 530 | Syntactic Theories | |
| LINGUIS 540 | Advanced Semantics | |
| LINGUIS 571 | Structure of a Language | |
| **Capstone** | | 3 |
| LINGUIS 426 | Field Methods I | |
| or LINGUIS 427 | Field Methods II | |
| **Electives** | | 12 |
| any LINGUIS course [1] | | |
| AFRICAN 301 | Introduction to African Linguistics | |
| AFRICAN 500 | Language and Society in Africa | |
| AFRICAN 503 | African Linguistic Structures-Morphology and Syntax | |
| AMER IND/ ANTHRO 314 | Indians of North America | |
| AMER IND/ LINGUIS 371 | Survey of North American Indian Languages | |
| AMER IND/ ANTHRO/ FOLKLORE 431 | American Indian Folklore | |
| ANTHRO/ LINGUIS 430 | Language and Culture | |
| ASIAN 358 | Language in Japanese Society | |
| ASIAN 431 | Chinese Linguistics I | |

| SPANISH/ INTL BUS 329 | Spanish for Business | 3 |
| SPANISH 630 | Topics in Hispanic Linguistics | 3 |

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Linguistics Undergraduate Advisor (http://guide.wisc.edu/undergraduate/letters-science/linguistics/linguistics-ba/#advisingandcareerstext).

## HONORS IN THE LINGUISTICS MAJOR: REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA for all LINGUIS courses, and all courses accepted in the major
- Complete two LINGUIS courses, taken for Honors, with concurrent 1-credit enrollment in LINGUIS 481 Junior Honors Tutorial, LINGUIS 482 Junior Honors Tutorial, LINGUIS 583 Senior Honors Tutorial, or LINGUIS 584 Senior Honors Tutorial, for a total of 2 additional credits. A grade of B or better must be earned in each course taken for honors.
- Complete a two-semester Senior Honors Thesis in LINGUIS 681 Honors Seminar-Senior Thesis and LINGUIS 682 Honors Seminar-Senior Thesis, leading to submission of an acceptable paper, for a total of 6 credits. A grade of B or better must be earned in the thesis project.

Note that Honors tutorial credits and the Senior Honors Thesis do not count toward the 30 credits required for the major in linguistics.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Familiarity with data from a wide range of languages from different language families.
2. Ability to respond to biased views of language in their communities.
3. Knowledge in all core areas of linguistics: Phonetics, phonology, morphology, syntax, and semantics.
4. Sound grasp of linguistic concepts.
5. Sound grasp of linguistic methodology.

# LETTERS & SCIENCE - COLLEGE-WIDE

## DEGREES/MAJORS/CERTIFICATES

- Biochemistry, B.A. (L&S) (p. 1077)
- Biochemistry, B.S. (L&S) (p. 1086)
- College of Letters & Science Honors in the Liberal Arts (p. 1095)
- Individual Major, B.A. (p. 1096)
- Individual Major, B.S. (p. 1100)
- Microbiology, B.A. (L&S) (p. 1103)
- Microbiology, B.S. (L&S) (p. 1107)

# BIOCHEMISTRY, B.A. (L&S)

Biochemistry is a very broad science that studies the molecules and chemistry of life. Biochemistry focuses on the structure, properties, and interactions of molecules such as proteins, nucleic acids, sugars and lipids. Biochemistry's aim is to understand how these molecules participate in the processes that support the various functions of the living cell. These studies are therefore essential for understanding disease and finding cures, for improving agriculture and the production of food and biofuels, and to produce innovation in biotechnology.

Whereas other biological science majors may focus on cellular, organismal or population level biology, biochemistry focuses on processes that occur at the molecular to cellular levels. Therefore, this major has a greater focus on basic and quantitative sciences, such as math and, particularly, on chemistry.

Biochemistry graduates go on to a variety of careers in science and science-related fields. The major is designed to fit the needs of the student who wishes to achieve bachelor's level training as well as those planning to pursue graduate or professional study. The degree serves as an excellent background for medical school or veterinary school admission, as well as for graduate study in biochemistry or other allied fields (biology, bacteriology, genetics, molecular biology, or oncology).

## HOW TO GET IN

Students may declare the major via an appointment with the undergraduate advisor at any time.

The Biochemistry major is offered through the College of Letters & Science (L&S) and the College of Agriculture and Life Sciences (CALS). Students interested in the differences or transferring between CALS and L&S should meet with the advisor to discuss this in more detail.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. | General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## MATHEMATICS

| Code | Title | Credits |
|---|---|---|
| Complete one of the following options: | | |
| MATH 221 & MATH 222 | Calculus and Analytic Geometry 1 and Calculus and Analytic Geometry 2 | 9 |

| | | |
|---|---|---|
| MATH 171<br>& MATH 217<br>& MATH 222 | Calculus with Algebra and Trigonometry I<br>and Calculus with Algebra and Trigonometry II<br>and Calculus and Analytic Geometry 2 | 14 |
| MATH 275<br>& MATH 276 | Topics in Calculus I<br>and Topics in Calculus II | 10 |

## CHEMISTRY

### General Chemistry

| Code | Title | Credits |
|---|---|---|
| Complete one sequence: | | |
| CHEM 103<br>& CHEM 104 | General Chemistry I<br>and General Chemistry II | 9 |
| CHEM 109 | Advanced General Chemistry | 5 |
| CHEM 115<br>& CHEM 116 | Chemical Principles I<br>and Chemical Principles II (satisfies both general and analytical chemistry requirements) | 10 |

### Organic Chemistry

| Code | Title | Credits |
|---|---|---|
| Complete All: | | |
| CHEM 343 | Introductory Organic Chemistry | 3 |
| CHEM 344 | Introductory Organic Chemistry Laboratory | 2 |
| CHEM 345 | Intermediate Organic Chemistry | 3 |

### Analytical Chemistry

| Code | Title | Credits |
|---|---|---|
| Complete one: | | |
| CHEM 327 | Fundamentals of Analytical Science | 4 |
| CHEM 329 | Fundamentals of Analytical Science | 4 |
| CHEM 116 | Chemical Principles II (satisfies both general and analytical chemistry requirements) | 5 |

### Physical Chemistry

| Code | Title | Credits |
|---|---|---|
| Complete one: | | |
| CHEM 565 | Biophysical Chemistry (recommended) | 4 |
| CHEM 561<br>& CHEM 563 | Physical Chemistry<br>and Physical Chemistry Laboratory | 4-5 |

## BIOLOGY

Students must complete either Option A (introductory + upper-level biology), or Option B (Biocore), for 16 total credits of biological science coursework.

### Option A

### Option A Introductory Biology

| Code | Title | Credits |
|---|---|---|
| Complete one of the following introductory biology options: | | |
| BIOLOGY/BOTANY/<br>ZOOLOGY 151<br>& BIOLOGY/BOTANY/<br>ZOOLOGY 152 | Introductory Biology<br>and Introductory Biology (recommended) | 10 |
| BIOLOGY/<br>ZOOLOGY 101<br>& BIOLOGY/<br>ZOOLOGY 102<br>& BOTANY/<br>BIOLOGY 130 | Animal Biology<br>and Animal Biology Laboratory<br>and General Botany | 10 |

### AND Option a Upper-Level Biology

At least 6 credits of upper-level biological science coursework are required (to achieve 16 total credits—more than 6 credits may be required if introductory biology totals less than 10 credits due to transfer credits). Select from the course list below. To see courses offered in specific upcoming semesters, please see the Biochemistry website (https://biochem.wisc.edu/undergraduate_program/advanced-biology-courses-undergraduate-program).

Important: Biochemistry courses on this list can count only for "upper-level biology" if they are above-and-beyond what is needed to fulfill the "biochemistry" portion of the major. For example, if students have taken BIOCHEM 501 (http://guide.wisc.edu/search/?P=BIOCHEM%20501), they will need one upper-level biochemistry elective to fulfill the biochemistry requirement, and then any additional biochemistry courses taken can count for upper-level biology. A course may not double count in both the "upper-level biology" and the "biochemistry" requirements for the major.

| Code | Title | Credits |
|---|---|---|
| ANAT&PHY 335 | Physiology | 5 |
| ANAT&PHY 337 | Human Anatomy | 3 |
| ANAT&PHY 435 | Fundamentals of Human Physiology | 5 |

### Option B (Biocore)

| Code | Title | Credits |
|---|---|---|
| Complete these lecture courses: | | |
| BIOCORE 381 | Evolution, Ecology, and Genetics | 3 |
| BIOCORE 383 | Cellular Biology | 3 |
| BIOCORE 485 | Principles of Physiology | 3 |
| BIOCORE 587 | Biological Interactions | 3 |
| Complete two of these lab classes: | | 4 |
| BIOCORE 382 | Evolution, Ecology, and Genetics Laboratory | |
| BIOCORE 384 | Cellular Biology Laboratory | |
| BIOCORE 486 | Principles of Physiology Laboratory | |
| Total Credits | | 16 |

## PHYSICS (CALCULUS-BASED)

| Code | Title | Credits |
|---|---|---|
| Complete one of the following options: [1] | | |
| PHYSICS 207 & PHYSICS 208 | General Physics and General Physics (recommended) | 10 |
| PHYSICS 201 & PHYSICS 202 | General Physics and General Physics | 10 |

[1] Students should consult with their advisor to discuss options if they have credit for PHYSICS 103 (http://guide.wisc.edu/search/?P=PHYSICS%20103) and PHYSICS 104 (http://guide.wisc.edu/search/?P=PHYSICS%20104).

## BIOCHEMISTRY

One set of introductory coursework ***and*** the capstone course are required, for a total of ***three*** BIOCHEM courses.

### Introductory Courses

| Code | Title | Credits |
|---|---|---|
| **Select one of the following options:** | | |
| BIOCHEM 507 & BIOCHEM 508 | General Biochemistry I and General Biochemistry II (recommended) | 6-7 |
| **OR** | | |
| BIOCHEM 501 | Introduction to Biochemistry | 3 |
| *And one of the following upper-level biochemistry electives:* | | |
| BIOCHEM/ NUTR SCI 510 | Nutritional Biochemistry and Metabolism | |
| BIOCHEM 550 | Topics in Medical Biochemistry | |
| BIOCHEM/ M M & I 575 | Biology of Viruses | |
| BIOCHEM 601 | Protein and Enzyme Structure and Function | |
| BIOCHEM/B M I/ BMOLCHEM/ MATH 606 | Mathematical Methods for Structural Biology | |
| BIOCHEM/B M I/ BMOLCHEM/ MATH 609 | Mathematical Methods for Systems Biology | |
| BIOCHEM/ GENETICS/ MICROBIO 612 | Prokaryotic Molecular Biology | |
| BIOCHEM/ GENETICS/ MD GENET 620 | Eukaryotic Molecular Biology | |
| BIOCHEM/ BOTANY 621 | Plant Biochemistry | |
| BIOCHEM 625 | Mechanisms of Action of Vitamins and Minerals | |
| BIOCHEM/ PHMCOL-M/ ZOOLOGY 630 | Cellular Signal Transduction Mechanisms | |
| BIOCHEM/ NUTR SCI 645 | Molecular Control of Metabolism and Metabolic Disease | |
| Total Credits | | 9-10 |

### Capstone

| Code | Title | Credits |
|---|---|---|
| BIOCHEM 551 | Biochemical Methods | 4 |
| Total Credits | | 4 |

# RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all BIOCHEM and major courses
- 2.000 GPA on at least 15 upper-level major credits in Residence. [2]
- 15 credits in BIOCHEM, taken on campus

[2] Major courses numbered 300-699 are considered Upper-Level in the major for purposes of this requirement.

# HONORS IN THE MAJOR

Students may declare Honors in the Biochemistry Major in consultation with the Biochemistry undergraduate advisor. To be admitted to Honors in the Major in Biochemistry, students must have declared a major in biochemistry and have a 3.300 overall university GPA.

## HONORS IN THE MAJOR IN BIOCHEMISTRY: REQUIREMENTS

To earn Honors in the Major in Biochemistry, students must satisfy the requirements for the major (above) as well as the following requirements. All courses used for Honors in the Major requirements must receive "B" or better grades to fulfill requirements.

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all BIOCHEM courses, and all courses accepted in the major
- Complete BIOCHEM 507 and BIOCHEM 508 for Honors
- Complete a two-semester Senior Honors Thesis for 6 credits total
- Complete at least 14 credits of any combination of the following coursework:
  - Honors courses that would fulfill the Biology or Biochemistry requirements in the major (see above)
  - Statistics coursework (does not need to be taken for Honors): STAT 301, STAT 371, or STAT/B M I 541
  - Biochemistry elective coursework (does not need to be taken for Honors): NUTR SCI/BIOCHEM 510, BIOCHEM 550, M M & I/BIOCHEM 575, BIOCHEM 601, MATH/B M I/BIOCHEM/BMOLCHEM 606, MATH/B M I/BIOCHEM/BMOLCHEM 609, MICROBIO/BIOCHEM/GENETICS 612, MD GENET/BIOCHEM/GENETICS 620, BOTANY/BIOCHEM 621, BIOCHEM 625, BIOCHEM/PHMCOL-M/ZOOLOGY 630, BIOCHEM/NUTR SCI 645
  - Coursework in MATH, CHEM, or PHYSICS for Honors, from the list below:

### Math

| Code | Title | Credits |
|---|---|---|
| MATH 275 | Topics in Calculus I | 5 |
| MATH 276 | Topics in Calculus II | 5 |
| MATH 341 | Linear Algebra | 3 |
| MATH 375 | Topics in Multi-Variable Calculus and Linear Algebra | 5 |
| MATH 376 | Topics in Multi-Variable Calculus and Differential Equations | 5 |
| MATH 521 | Analysis I | 3 |
| MATH 522 | Analysis II | 3 |
| MATH 541 | Modern Algebra | 3 |
| MATH 542 | Modern Algebra | 3 |

### Chemistry

| Code | Title | Credits |
|---|---|---|
| CHEM 109 | Advanced General Chemistry | 5 |
| CHEM 115 | Chemical Principles I | 5 |
| CHEM 116 | Chemical Principles II | 5 |
| CHEM 343 | Introductory Organic Chemistry | 3 |
| CHEM 345 | Intermediate Organic Chemistry | 3 |
| CHEM 344 | Introductory Organic Chemistry Laboratory | 2 |
| CHEM 329 | Fundamentals of Analytical Science | 4 |
| CHEM 547 | Advanced Organic Chemistry | 3 |
| CHEM 561 | Physical Chemistry | 3 |
| CHEM 565 | Biophysical Chemistry | 4 |
| CHEM 563 | Physical Chemistry Laboratory | 1-2 |
| CHEM 562 | Physical Chemistry | 3 |
| CHEM 564 | Physical Chemistry Laboratory | 1 |

### Physics

| Code | Title | Credits |
|---|---|---|
| PHYSICS 201 | General Physics | 5 |
| PHYSICS 202 | General Physics | 5 |
| PHYSICS 207 | General Physics | 5 |
| PHYSICS 208 | General Physics | 5 |
| PHYSICS 241 | Introduction to Modern Physics | 3 |
| PHYSICS 247 | A Modern Introduction to Physics | 5 |
| PHYSICS 248 | A Modern Introduction to Physics | 5 |
| PHYSICS 249 | A Modern Introduction to Physics | 4 |

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Identify the fundamental biochemical principles that underlie all biological processes.
2. Communicate biochemical knowledge in both written reports and oral presentations to scientists and non-scientists.
3. Evaluate how biochemistry relates to other scientific disciplines and to contemporary issues in our society.
4. Demonstrate professional and ethical responsibility in scientific research.
5. Design and conduct quantitative experiments and/or interpret data to address a scientific question.

## FOUR-YEAR PLAN

# FOUR-YEAR PLAN

### SAMPLE BIOCHEMISTRY FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communications Part A | 3 | CHEM 104 (if took CHEM 103) | 5 |
| CHEM 103 or 109 | 4-5 | MATH 222 | 4 |
| MATH 221 | 5 | Literature Breadth | 3 |
| BIOCHEM 100[1] | 1 | Social Science Breadth | 3 |
| | 13 | | 15 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 343 | 3 | CHEM 344 | 2 |
| Literature Breadth | 3 | CHEM 345 | 3 |
| Social Science Breadth | 3 | ZOOLOGY/BIOLOGY/ BOTANY 152 (or BIOCORE 383 & 384) | 5 |
| ZOOLOGY/BIOLOGY/ BOTANY 151 (or BIOCORE 381 & 382) | 5 | Ethnic Studies/Social Science | 3 |
| INTER-LS 210 | 1 | Social Science Breadth | 3 |
| | 15 | | 16 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Upper-Level Biology for major (or BIOCORE 485) | 3-4 | PHYSICS 208 or 202 | 5 |
| PHYSICS 207 or 201 | 5 | CHEM 327 | 4 |
| Humanities Breadth | 3 | BIOCHEM 508 | 3-4 |
| BIOCHEM 507 | 3 | Humanities Breadth | 4 |
| | 15 | | 16 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 565 | 4 | BIOCHEM 551 | 4 |
| BIOCHEM 691 or 681[2] | 3 | Electives (or BIOCORE 587) | 8 |
| Electives | 8 | BIOCHEM 692 or 682 | 3 |
| | 15 | | 15 |

Total Credits 120

1 First-year students interested in exploring the major can enroll in BIOCHEM 100.

2 Senior Thesis, Directed Study or work experience in laboratory are strongly recommended, but are not required. However, a Senior Honors Thesis is required to earn Honors in the Major.

## ADVISING AND CAREERS

# HOW TO SEEK ADVISING

- To schedule an appointment with the advisor, use the Scheduling Assistant.
- Send an email with brief questions to undergradadvisor@biochem.wisc.edu.
- Drop-in advising hours for quick (10–15 minute) questions, on a first-come, first-serve basis, are posted on the Biochemistry website (https://biochem.wisc.edu/undergraduate_program/advising-information-undergraduate-program) each semester.

# CAREER EXAMPLES

- Take your skills to a rewarding career in product development, quality control, hospitals, biotechnology, university labs, pharmaceuticals, forensics, and more. Possibilities at top organizations and leading companies include positions such as protein purification scientist, lab manager, medical scribe, clinical research coordinator, and food safety and quality chemist.
- Pursue a professional degree in medical, dental, or veterinary school, using your background in biochemistry to aid your admission and success.
- Build on your research experience and continue graduate studies in biochemistry or a related field to shape a career in academia as a professor or in industry.
- Use your science background to inform patent law, science policy and ethics, sales and marketing for science and technology companies, scientific article publishing, and related fields.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to

explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

### PROFESSORS

Amasino, Rick
Ansari, Aseem
Attie, Alan
Bednarek, Sebastian
Butcher, Sam
Clagett-Dame, Margaret
Cox, Mike
Craig, Elizabeth
Fox, Brian (Chair)
Friesen, Paul
Hayes, Colleen
Holden, Hazel
Kimble, Judith
Landick, Bob
Markley, John
Martin, Tom
Mitchell, Julie

Henzler-Wildman, Katie
Pagliarini, Dave
Senes, Alessandro

### ASSISTANT PROFESSORS

Hoskins, Aaron
Raman, Vatsan
Romero, Phil
Venturelli, Ophelia
Wildonger, Jill

### ASSOCIATE FACULTY ASSOCIATES

Prost, Lynne
Pennella, Mario

## WISCONSIN EXPERIENCE

The following opportunities can help students connect with other students interested in biochemistry, build relationships with faculty and staff, and contribute to out-of-classroom learning:

- The American Society for Biochemistry and Molecular Biology (ASBMB) UW–Madison Student Chapter (https://win.wisc.edu/organization/ASBMB) is a student organization for students interested in biochemistry. ASBMB provides information about careers and job opportunities, how to get involved in research, and volunteer and outreach opportunities.
- Several biochemistry faculty members offer experiential study abroad programs, where students can immerse themselves in research or global health field experiences. Students can review the Biochemistry Major Advising Page (https://biochem.wisc.edu/undergraduate_program/advising-information-undergraduate-program) on the International Academic Programs website for information on these and other programs, as well as requirements that can typically be fulfilled abroad and things to consider when fitting study abroad into an academic plan.
- Students are encouraged to get involved in research, whether in the biochemistry department or through other life science or chemistry-related departments. Research can be performed for either course credit or pay, depending on the opportunity. The Biochemistry website (https://biochem.wisc.edu/undergraduate_program/research-opportunities-undergraduate-program) and the advisor can provide more information on finding research opportunities. Summer funding awards for research are available through the department.

# BIOCHEMISTRY, B.S. (L&S)

Biochemistry is a very broad science that studies the molecules and chemistry of life. Biochemistry focuses on the structure, properties, and interactions of molecules such as proteins, nucleic acids, sugars and lipids. Biochemistry's aim is to understand how these molecules participate in the processes that support the various functions of the living cell. These studies are therefore essential for understanding disease and finding cures, for improving agriculture and the production of food and biofuels, and to produce innovation in biotechnology.

Whereas other biological science majors may focus on cellular, organismal or population level biology, biochemistry focuses on processes that occur at the molecular to cellular levels. Therefore, this major has a greater focus on basic and quantitative sciences, such as math and, particularly, on chemistry.

Biochemistry graduates go on to a variety of careers in science and science-related fields. The major is designed to fit the needs of the student who wishes to achieve bachelor's level training as well as those planning to pursue graduate or professional study. The degree serves as an excellent background for medical school or veterinary school admission, as well as for graduate study in biochemistry or other allied fields (biology, bacteriology, genetics, molecular biology, or oncology).

## HOW TO GET IN

Students may declare the major via an appointment with the undergraduate advisor at any time.

The Biochemistry major is offered through the College of Letters & Science (L&S) and the College of Agriculture and Life Sciences (CALS). Students interested in the differences or transferring between CALS and L&S should meet with the advisor to discuss this in more detail.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## MATHEMATICS

| Code | Title | Credits |
|---|---|---|
| Complete one of the following options: | | |
| MATH 221 & MATH 222 | Calculus and Analytic Geometry 1 and Calculus and Analytic Geometry 2 | 9 |
| MATH 171 & MATH 217 & MATH 222 | Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II and Calculus and Analytic Geometry 2 | 14 |
| MATH 275 & MATH 276 | Topics in Calculus I and Topics in Calculus II | 10 |

## CHEMISTRY

### General Chemistry

| Code | Title | Credits |
|---|---|---|
| Complete one sequence: | | |
| CHEM 103<br>& CHEM 104 | General Chemistry I<br>and General Chemistry II | 9 |
| CHEM 109 | Advanced General Chemistry | 5 |
| CHEM 115<br>& CHEM 116 | Chemical Principles I<br>and Chemical Principles II (satisfies both general and analytical chemistry requirements) | 10 |

### Organic Chemistry

| Code | Title | Credits |
|---|---|---|
| Complete All: | | |
| CHEM 343 | Introductory Organic Chemistry | 3 |
| CHEM 344 | Introductory Organic Chemistry Laboratory | 2 |
| CHEM 345 | Intermediate Organic Chemistry | 3 |

### Analytical Chemistry

| Code | Title | Credits |
|---|---|---|
| Complete one: | | |
| CHEM 327 | Fundamentals of Analytical Science | 4 |
| CHEM 329 | Fundamentals of Analytical Science | 4 |
| CHEM 116 | Chemical Principles II (satisfies both general and analytical chemistry requirements) | 5 |

### Physical Chemistry

| Code | Title | Credits |
|---|---|---|
| Complete one: | | |
| CHEM 565 | Biophysical Chemistry (recommended) | 4 |
| CHEM 561<br>& CHEM 563 | Physical Chemistry<br>and Physical Chemistry Laboratory | 4-5 |

## BIOLOGY

Students must complete either Option A (introductory + upper-level biology), or Option B (Biocore), for 16 total credits of biological science coursework.

### Option A

### Option A Introductory Biology

| Code | Title | Credits |
|---|---|---|
| Complete one of the following introductory biology options: | | |
| BIOLOGY/BOTANY/ ZOOLOGY 151<br>& BIOLOGY/BOTANY/ ZOOLOGY 152 | Introductory Biology<br>and Introductory Biology (recommended) | 10 |
| BIOLOGY/ ZOOLOGY 101<br>& BIOLOGY/ ZOOLOGY 102<br>& BOTANY/ BIOLOGY 130 | Animal Biology<br>and Animal Biology Laboratory<br>and General Botany | 10 |

### AND Option a Upper-Level Biology

At least 6 credits of upper-level biological science coursework are required (to achieve 16 total credits—more than 6 credits may be required if introductory biology totals less than 10 credits due to transfer credits). Select from the course list below. To see courses offered in specific upcoming semesters, please see the Biochemistry website (https://biochem.wisc.edu/undergraduate_program/advanced-biology-courses-undergraduate-program).

Important: Biochemistry courses on this list can count only for "upper-level biology" if they are above-and-beyond what is needed to fulfill the "biochemistry" portion of the major. For example, if students have taken BIOCHEM 501 (http://guide.wisc.edu/search/?P=BIOCHEM%20501), they will need one upper-level biochemistry elective to fulfill the biochemistry requirement, and then any additional biochemistry courses taken can count for upper-level biology. A course may not double count in both the "upper-level biology" and the "biochemistry" requirements for the major.

| Code | Title | Credits |
|---|---|---|
| ANAT&PHY 335 | Physiology | 5 |
| ANAT&PHY 337 | Human Anatomy | 3 |
| ANAT&PHY 435 | Fundamentals of Human Physiology | 5 |

### Option B (Biocore)

| Code | Title | Credits |
|---|---|---|
| Complete these lecture courses: | | |
| BIOCORE 381 | Evolution, Ecology, and Genetics | 3 |
| BIOCORE 383 | Cellular Biology | 3 |
| BIOCORE 485 | Principles of Physiology | 3 |
| BIOCORE 587 | Biological Interactions | 3 |
| Complete two of these lab classes: | | 4 |
| BIOCORE 382 | Evolution, Ecology, and Genetics Laboratory | |
| BIOCORE 384 | Cellular Biology Laboratory | |
| BIOCORE 486 | Principles of Physiology Laboratory | |
| Total Credits | | 16 |

## PHYSICS (CALCULUS-BASED)

| Code | Title | Credits |
|---|---|---|
| Complete one of the following options: [1] | | |
| PHYSICS 207 & PHYSICS 208 | General Physics and General Physics (recommended) | 10 |
| PHYSICS 201 & PHYSICS 202 | General Physics and General Physics | 10 |

[1] Students should consult with their advisor to discuss options if they have credit for PHYSICS 103 (http://guide.wisc.edu/search/?P=PHYSICS%20103) and PHYSICS 104 (http://guide.wisc.edu/search/?P=PHYSICS%20104).

## BIOCHEMISTRY

One set of introductory coursework ***and*** the capstone course are required, for a total of ***three*** BIOCHEM courses.

### Introductory Courses

| Code | Title | Credits |
|---|---|---|
| **Select one of the following options:** | | |
| BIOCHEM 507 & BIOCHEM 508 | General Biochemistry I and General Biochemistry II (recommended) | 6-7 |
| **OR** | | |
| BIOCHEM 501 | Introduction to Biochemistry | 3 |
| *And one of the following upper-level biochemistry electives:* | | |
| BIOCHEM/ NUTR SCI 510 | Nutritional Biochemistry and Metabolism | |
| BIOCHEM 550 | Topics in Medical Biochemistry | |
| BIOCHEM/ M M & I 575 | Biology of Viruses | |
| BIOCHEM 601 | Protein and Enzyme Structure and Function | |
| BIOCHEM/B M I/ BMOLCHEM/ MATH 606 | Mathematical Methods for Structural Biology | |
| BIOCHEM/B M I/ BMOLCHEM/ MATH 609 | Mathematical Methods for Systems Biology | |
| BIOCHEM/ GENETICS/ MICROBIO 612 | Prokaryotic Molecular Biology | |
| BIOCHEM/ GENETICS/ MD GENET 620 | Eukaryotic Molecular Biology | |
| BIOCHEM/ BOTANY 621 | Plant Biochemistry | |
| BIOCHEM 625 | Mechanisms of Action of Vitamins and Minerals | |
| BIOCHEM/ PHMCOL-M/ ZOOLOGY 630 | Cellular Signal Transduction Mechanisms | |
| BIOCHEM/ NUTR SCI 645 | Molecular Control of Metabolism and Metabolic Disease | |
| Total Credits | | 9-10 |

### Capstone

| Code | Title | Credits |
|---|---|---|
| BIOCHEM 551 | Biochemical Methods | 4 |
| Total Credits | | 4 |

# RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all BIOCHEM and major courses
- 2.000 GPA on at least 15 upper-level major credits in Residence. [2]
- 15 credits in BIOCHEM, taken on campus

[2] Major courses numbered 300-699 are considered Upper-Level in the major for purposes of this requirement.

# HONORS IN THE MAJOR

Students may declare Honors in the Biochemistry Major in consultation with the Biochemistry undergraduate advisor. To be admitted to Honors in the Major in Biochemistry, students must have declared a major in biochemistry and have a 3.300 overall university GPA.

## HONORS IN THE MAJOR IN BIOCHEMISTRY: REQUIREMENTS

To earn Honors in the Major in Biochemistry, students must satisfy the requirements for the major (above) as well as the following requirements. All courses used for Honors in the Major requirements must receive "B" or better grades to fulfill requirements.

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all BIOCHEM courses, and all courses accepted in the major
- Complete BIOCHEM 507 and BIOCHEM 508 for Honors
- Complete a two-semester Senior Honors Thesis for 6 credits total
- Complete at least 14 credits of any combination of the following coursework:
  - Honors courses that would fulfill the Biology or Biochemistry requirements in the major (see above)
  - Statistics coursework (does not need to be taken for Honors): STAT 301, STAT 371, or STAT/B M I 541
  - Biochemistry elective coursework (does not need to be taken for Honors): NUTR SCI/BIOCHEM 510, BIOCHEM 550, M M & I/BIOCHEM 575, BIOCHEM 601, MATH/B M I/BIOCHEM/BMOLCHEM 606, MATH/B M I/BIOCHEM/BMOLCHEM 609, MICROBIO/BIOCHEM/GENETICS 612, MD GENET/BIOCHEM/GENETICS 620, BOTANY/BIOCHEM 621, BIOCHEM 625, BIOCHEM/PHMCOL-M/ZOOLOGY 630, BIOCHEM/NUTR SCI 645
  - Coursework in MATH, CHEM, or PHYSICS for Honors, from the list below:

### Math

| Code | Title | Credits |
|---|---|---|
| MATH 275 | Topics in Calculus I | 5 |
| MATH 276 | Topics in Calculus II | 5 |
| MATH 341 | Linear Algebra | 3 |
| MATH 375 | Topics in Multi-Variable Calculus and Linear Algebra | 5 |
| MATH 376 | Topics in Multi-Variable Calculus and Differential Equations | 5 |
| MATH 521 | Analysis I | 3 |
| MATH 522 | Analysis II | 3 |
| MATH 541 | Modern Algebra | 3 |
| MATH 542 | Modern Algebra | 3 |

### Chemistry

| Code | Title | Credits |
|---|---|---|
| CHEM 109 | Advanced General Chemistry | 5 |
| CHEM 115 | Chemical Principles I | 5 |
| CHEM 116 | Chemical Principles II | 5 |
| CHEM 343 | Introductory Organic Chemistry | 3 |
| CHEM 345 | Intermediate Organic Chemistry | 3 |
| CHEM 344 | Introductory Organic Chemistry Laboratory | 2 |
| CHEM 329 | Fundamentals of Analytical Science | 4 |
| CHEM 547 | Advanced Organic Chemistry | 3 |
| CHEM 561 | Physical Chemistry | 3 |
| CHEM 565 | Biophysical Chemistry | 4 |
| CHEM 563 | Physical Chemistry Laboratory | 1-2 |
| CHEM 562 | Physical Chemistry | 3 |
| CHEM 564 | Physical Chemistry Laboratory | 1 |

### Physics

| Code | Title | Credits |
|---|---|---|
| PHYSICS 201 | General Physics | 5 |
| PHYSICS 202 | General Physics | 5 |
| PHYSICS 207 | General Physics | 5 |
| PHYSICS 208 | General Physics | 5 |
| PHYSICS 241 | Introduction to Modern Physics | 3 |
| PHYSICS 247 | A Modern Introduction to Physics | 5 |
| PHYSICS 248 | A Modern Introduction to Physics | 5 |
| PHYSICS 249 | A Modern Introduction to Physics | 4 |

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Identify the fundamental biochemical principles that underlie all biological processes.
2. Communicate biochemical knowledge in both written reports and oral presentations to scientists and non-scientists.
3. Evaluate how biochemistry relates to other scientific disciplines and to contemporary issues in our society.
4. Demonstrate professional and ethical responsibility in scientific research.
5. Design and conduct quantitative experiments and/or interpret data to address a scientific question.

## FOUR-YEAR PLAN

# FOUR-YEAR PLAN

### SAMPLE BIOCHEMISTRY FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communications Part A | 3 | CHEM 104 (if took CHEM 103) | 5 |
| CHEM 103 or 109 | 4-5 | MATH 222 | 4 |
| MATH 221 | 5 | Literature Breadth | 3 |
| BIOCHEM 100[1] | 1 | Social Science Breadth | 3 |
| | 13 | | 15 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 343 | 3 | CHEM 344 | 2 |
| Literature Breadth | 3 | CHEM 345 | 3 |
| Social Science Breadth | 3 | ZOOLOGY/BIOLOGY/ BOTANY 152 (or BIOCORE 383 & 384) | 5 |
| ZOOLOGY/BIOLOGY/ BOTANY 151 (or BIOCORE 381 & 382) | 5 | Ethnic Studies/Social Science | 3 |
| INTER-LS 210 | 1 | Social Science Breadth | 3 |
| | 15 | | 16 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Upper-Level Biology for major (or BIOCORE 485) | 3-4 | PHYSICS 208 or 202 | 5 |
| PHYSICS 207 or 201 | 5 | CHEM 327 | 4 |
| Humanities Breadth | 3 | BIOCHEM 508 | 3-4 |
| BIOCHEM 507 | 3 | Humanities Breadth | 4 |
| | 15 | | 16 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 565 | 4 | BIOCHEM 551 | 4 |
| BIOCHEM 691 or 681[2] | 3 | Electives (or BIOCORE 587) | 8 |
| Electives | 8 | BIOCHEM 692 or 682 | 3 |
| | 15 | | 15 |

Total Credits 120

1 First-year students interested in exploring the major can enroll in BIOCHEM 100.

2 Senior Thesis, Directed Study or work experience in laboratory are strongly recommended, but are not required. However, a Senior Honors Thesis is required to earn Honors in the Major.

## ADVISING AND CAREERS

# HOW TO SEEK ADVISING

- To schedule an appointment with the advisor, use the Scheduling Assistant.
- Send an email with brief questions to undergradadvisor@biochem.wisc.edu.
- Drop-in advising hours for quick (10–15 minute) questions, on a first-come, first-serve basis, are posted on the Biochemistry website (https://biochem.wisc.edu/undergraduate_program/advising-information-undergraduate-program) each semester.

# CAREER EXAMPLES

- Take your skills to a rewarding career in product development, quality control, hospitals, biotechnology, university labs, pharmaceuticals, forensics, and more. Possibilities at top organizations and leading companies include positions such as protein purification scientist, lab manager, medical scribe, clinical research coordinator, and food safety and quality chemist.
- Pursue a professional degree in medical, dental, or veterinary school, using your background in biochemistry to aid your admission and success.
- Build on your research experience and continue graduate studies in biochemistry or a related field to shape a career in academia as a professor or in industry.
- Use your science background to inform patent law, science policy and ethics, sales and marketing for science and technology companies, scientific article publishing, and related fields.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## WISCONSIN EXPERIENCE

The following opportunities can help students connect with other students interested in biochemistry, build relationships with faculty and staff, and contribute to out-of-classroom learning:

- The American Society for Biochemistry and Molecular Biology (ASBMB) UW–Madison Student Chapter (https://win.wisc.edu/organization/ASBMB) is a student organization for students interested in biochemistry. ASBMB provides information about careers and job opportunities, how to get involved in research, and volunteer and outreach opportunities.
- Several biochemistry faculty members offer experiential study abroad programs, where students can immerse themselves in research or global health field experiences. Students can review the Biochemistry Major Advising Page (https://biochem.wisc.edu/undergraduate_program/advising-information-undergraduate-program) on the International Academic Programs website for information on these and other programs, as well as requirements that can typically be fulfilled abroad and things to consider when fitting study abroad into an academic plan.
- Students are encouraged to get involved in research, whether in the biochemistry department or through other life science or chemistry-related departments. Research can be performed for either course credit or pay, depending on the opportunity. The Biochemistry website (https://biochem.wisc.edu/undergraduate_program/research-opportunities-undergraduate-program) and the advisor can provide more information on finding research opportunities. Summer funding awards for research are available through the department.

# COLLEGE OF LETTERS & SCIENCE HONORS IN THE LIBERAL ARTS

The College of Letters & Science Honors Program seeks to provide students with a small, liberal arts college experience within this large university. The Honors Program is home to more than 1,200 motivated, curious and high-achieving students, all pursuing one of three degree tracks: Honors in the Liberal Arts, Honors in the Major, or Comprehensive Honors—the highest undergraduate degree awarded by the college. In addition to an enhanced curriculum that offers small, faculty-led courses, the program also offers academic advising services; grants, scholarships, and awards; and many professional development and co-curricular opportunities. Events, term-specific deadlines, course descriptions for the upcoming semester and much more can be found on the L&S Honors Program website (http://honors.ls.wisc.edu). We welcome inquiries via phone at 608-262-2984. The L&S Honors Program is located in the historic Washburn Observatory at 1401 Observatory Drive in Madison, WI 53706.

## HOW TO GET IN

To become a candidate for the Honors in the Liberal Arts degree, a student must apply directly to the L&S Honors Program. Students may apply at any point in their undergraduate careers provided they meet the eligibility requirements described below.

All students admitted to the university and to the College of Letters & Science are invited to apply to be considered for admission to the Honors Program to pursue the Honors in the Liberal Arts degree. Interested students can apply via an online application form. L&S admitted students receive an invitation message by email that contains the URL to the online application.  Admission to the program is competitive, and space is limited.

Continuing and transfer students with a cumulative grade point average of 3.300 or above who are currently enrolled at UW–Madison or who are transferring to UW–Madison from another college or university may apply to the L&S Honors Program at any time. Applications are available from the Honors Program website (http://honors.ls.wisc.edu) and admission decisions are usually made within three weeks of submission of the completed application and supporting materials. While continuing or transfer students having 60 or more credits at the time of application to

the Honors Program are eligible to participate in the Honors in the Liberal Arts (HLA) degree track, they are encouraged to consider Honors in the Major (HM) as an option, since they may find it difficult to complete the HLA degree requirements if beginning that program in the junior or senior year.

## REQUIREMENTS

Honors in the Liberal Arts is often the primary focus for most first- and second-year Honors students. It requires students earn Honors credits in a breadth of disciplines and is meant to enrich and enhance a student's academic experience outside of the major. Students who complete this curriculum develop strong skills in communication, critical thinking and complex problem solving, which will serve them well regardless of career path. The specific requirements for the HLA degree are:

- completion of the L&S general degree requirements
- a University GPA of 3.300 or higher at the time of graduation
- completion of at least 24 credits in Honors courses with grades of B or better, of which:
  - at least 15 credits must be in courses with the Honors Only or Accelerated Honors designation
  - 6 of the credits must be courses designated as Humanities
  - 6 of the credits must be courses designated as Social Science
  - 6 of the credits must be courses designated as Biological, Physical, or Natural Science

Honors may be earned in any L&S undergraduate degree (Bachelor of Arts; Bachelor of Science; Bachelor of Science–Applied Mathematics, Engineering, and Physics; Bachelor of Arts–Journalism or Bachelor of Science–Journalism; Bachelor of Music; and Bachelor of Social Work). For students who complete the requirements, Honors will appear on diplomas and transcripts (for example, B.A. with Honors in the Liberal Arts or B.S. with Honors in the Major).

## ADVISING AND CAREERS

The University of Wisconsin–Madison can seem overwhelming because of its size and the complexity of its policies and procedures. Academic advisors help students get (and maintain) their bearings on campus. The L&S Honors Program has a team of specially trained academic and peer advisors who accompany and support Honors candidates as they pursue diverse educational and co-curricular experiences compatible with their long-term goals. Advising occurs through a variety of formats including small group workshops, individual appointments, drop-in hours and email. Additional information is available on the Honors Program website (http://honors.ls.wisc.edu).

The L&S Honors Program encourages our students to begin working on their career exploration and preparation soon after arriving on campus. We partner with the L&S SuccessWorks office to help students leverage the academic skills learned in your major(s) and liberal arts degree, explore and try out different career paths, participate in internships, prepare for the job search and/or graduate school applications, and network with professionals in the field (alumni and employers).

Letters & Science graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, regardless of major or career goals.

## PEOPLE

Faculty Director: Dr. Sabine Gross, Chair of L&S Faculty Honors Committee and Professor of German

Associate Director for Administration: Dr. Matt Kohlstedt

Associate Director for Academic Services: Sara Stephenson

Program Administrator: Erin Warner

Academic Advisors: Lisa Blum, Aimee Drolet, and Christine Evans

# INDIVIDUAL MAJOR, B.A.

The individual major within the College of Letters & Science is a method of fulfilling the depth requirement for students whose interests bridge existing departments and disciplines in ways not accommodated by an existing major or interdisciplinary program. The individual major must consist of a coherent pattern of courses in more than one department or recognized interdisciplinary program in the College of Letters & Science and must be approved by a faculty committee consisting of faculty from appropriate faculty from the College of Letters & Science.

***Getting approval to pursue an individual major is never guaranteed.*** Thus, students should discuss alternative majors with their academic advisors and be willing to pursue them. Students interested in learning more about the individual major should contact L&S Undergraduate Academic Deans' Services at 608-262-0617 in 110 Ingraham Hall and set up an individual appointment with the coordinator for the individual major ***prior*** to starting this process.

## HOW TO GET IN

### ELIGIBILITY

Any undergraduate student working toward an L&S degree with a minimum University (cumulative, on all courses) grade point average of 2.000 may elect to develop an individual major. (*Students earning degrees in other undergraduate schools and colleges on the UW–Madison campus **are not** eligible to pursue an individual major within Letters & Science.*) The individual major **must** receive approval during the second-semester of the sophomore year or first semester of junior year to ensure that they can complete the major within four years. **All students are required to earn at least 30 degree credits after the term in which approval is given.** A student may complete only one individual major.

### APPLYING FOR AN INDIVIDUAL MAJOR

Applications for the individual major are accepted up to Friday of the fourth week of classes in the fall and spring semesters only. Applications received after that deadline will be reviewed during the following term. Individual major applications are not reviewed during the summer.

The application **must** include all items outlined below:

1. The Individual Major application form;
2. A cover letter from the student to the Faculty Committee on Individual Majors describing the area of interest, explaining why the academic goals of the individual major cannot be achieved through an existing

major or combination of majors and certificates, and discussing the individual major's applicability to future goals and plans;

3. A list of courses that will be included in the major along with a narrative explaining how the courses included on the list apply to the proposed individual major program (**NOTE: students can use a maximum of two (2) courses completed prior to getting the Individual Major approved as part of their list of courses**);
4. A letter of recommendation and support for the proposal from the individual major advisor; and
5. The student's current student record (unofficial transcript).

Additional supporting materials may also be included. Students must submit the original completed application with all supporting documentation in an electronic format to the individual major coordinator by the deadline.

Each individual major application is reviewed by a committee of three faculty members from the College of Letters & Science, each representing a department related to the proposed major. The faculty committee evaluates the proposal for coherence, appropriate breadth and depth, and similarity to existing majors. The committee may approve the proposal as submitted, recommend modifications, reject the proposal altogether, or reject it with an invitation to revise and resubmit in a later semester. **The committee's decision is final.** ***Committee approval is necessary for the student to declare the individual major.***

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**

- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## DEVELOPING AN INDIVIDUAL MAJOR

Any undergraduate student working toward completing an undergraduate degree in the College of Letters & Science with a minimum University GPA of 2.000 may apply to develop an individual major. (*Students earning degrees in other undergraduate schools and colleges on the UW–Madison campus **are not** eligible to pursue an Individual Major within Letters & Science.*) This major must receive approval during the second-term of the sophomore/second year or first term of junior/third year. **Students in the individual major are required to earn at least 30 degree credits after the term in which approval is given**. A student may complete only one individual major.

**Developing an Individual Major**. The student takes primary responsibility for developing an individual major proposal. A well-written proposal must meet the requirements and rigor for a major in the College of Letters & Science; therefore, a proposal must be more than a list of courses that are similar in content area or subject matter. The student proposing an individual major must also demonstrate that the proposed individual major is not currently available as an option in any of the L&S majors or certificate programs.

Students interested in the individual major should consult with the individual major coordinator as part of the process of defining the theme or topic for the individual major. The coordinator will provide information and feedback about the construction of the major and how it might relate to other majors in the college as well.

Once a theme or topic has been identified, the student must find a tenured faculty member in the College of Letters & Science who is willing to serve as the individual major adviser. This designated faculty advisor will:

- assist the student in constructing the individual major proposal by defining the relevant themes, learning objectives, and rationale for the major and by sharpening presentation of the student's individual major proposal;
- assist in the review and selection of courses for the major plan included in the proposal;
- advise the student in course selection after the proposal is approved and, in consultation with the individual major coordinator, track progress toward completion of the major.

As soon as the topic and the advisor (i.e., a tenured faculty member in an L&S academic department) are known, the student should meet with the individual major coordinator within L&S Academic Deans' Services by calling 608-262-0617 to set up a meeting. *The purpose of this meeting is to review the details of individual major requirements and to review procedures*.

**Applying for an Individual Major.** Applications for the individual major are accepted up to Friday of the fourth week of classes in the fall and spring semesters. Applications received after that deadline will be reviewed during the following term. ***Individual major applications are not reviewed during the summer***.

The application must include:

1. the Individual Major application form (https://lssaa.wiscweb.wisc.edu/wp-content/uploads/sites/144/2018/02/Individual_Major_General_Application__Information.pdf);
2. A cover letter from the student to the Faculty Committee on Individual Majors describing the area of interest, explaining why the academic goals of the individual major cannot be achieved through an existing major or combination of majors and certificates, and discussing the individual major's applicability to future goals and plans;
3. A list of courses that will be included in the major along with a narrative explaining how the courses included on the list apply to the proposed individual major program (**NOTE: students can use a maximum of two (2) courses completed prior to getting the Individual Major approved as part of their list of courses**);
4. A letter of recommendation and support for the proposal from the individual major advisor; and
5. The student's current student record (unofficial transcript).

Additional supporting materials may also be included. Students must submit the original completed application with all supporting documentation in an electronic format to the individual major coordinator by the deadline.

Each individual major application is reviewed by a committee of three faculty members from the College of Letters & Science, each representing a department related to the proposed major. The faculty committee evaluates the proposal for coherence, appropriate breadth and depth, and similarity to existing majors. The committee may approve the proposal as submitted, recommend modifications, reject the proposal altogether, or reject it with an invitation to revise and resubmit in a later semester. **The committee's decision is final.** ***Committee approval is necessary for the student to declare the individual major.***

# INDIVIDUAL MAJOR WITH HONORS

Students may propose to complete an Individual Major with Honors by appending an Honors in the Major proposal to their regular individual major proposal.

## HONORS IN THE INDIVIDUAL MAJOR: REQUIREMENTS

To earn Honors in the Individual Major, students must:

- Complete 36 credits toward the individual major
- Complete 20 credits, taken for Honors, with individual grades of B or better, toward the individual major, to include a two-semester Senior Honors Thesis for a total of 6 credits.

For additional information about pursuing Honors, see Honors in the Major website (https://honors.ls.wisc.edu/currentstudents/hmreqs).

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |

| | |
|---|---|
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## FOUR-YEAR PLAN

Due to the nature of the Individual Major (IM), the following Four-Year Plan is meant solely as a guide. Students are expected to start the application process for the IM at the end of their 2nd year or the beginning of their 3rd year due to the application process and the need to have their proposal reviewed by a faculty committee. Once/if a student is approved to pursue an Individual Major, the student will then discuss their Four-Year Plan with their IM advisor. **All undergraduate students in L&S must declare an L&S major by the time they have 86 degree credits (which includes any credits they are currently enrolled in)**.

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication-A (complete during your first year) | 3 | Ethnic Studies (complete within your first 60 credits) | 3 |
| Quantitative Reasoning-A (complete during your first year) | 3-4 | Foreign Language (if needed) | 4 |
| Foreign Language (if required) | 4 | Elective | 3 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| | | I/A Comp Sci, Math, or Stats (if required for the BS degree) | 4-5 |
| | 13-14 | | 17-18 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Quantitative Reasoning-B | 3 | Communication-B | 3 |
| I/A Comp Sci, Math, or Stats (if required for the BS degree) | 3-4 | INTER-LS 215 (optional) | 3 |
| INTER-LS 210 (optional) | 1 | L&S Breadth | 3 |
| L&S Breadth | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | | |
| | 16-17 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| L&S Breadth | 3 | Approved IM Major Course | 3 |
| Approved IM Major Course | 3 | Approved IM Major Course | 3 |
| Approved IM Major Course | 3 | L&S Breadth | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Approved IM Major Course | 3 | Approved IM Major Course | 3 |
| Approved IM Major Course | 3 | Approved IM Major Course | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 2-3 |
| | 15 | | 14-15 |

Total Credits 120-124

## ADVISING AND CAREERS

Students interested in learning more about the individual major should contact L&S Undergraduate Academic Deans' Services at 608-262-0617 in 110 Ingraham Hall and set up an individual appointment with the coordinator for the individual major prior to starting this process. ***The purpose of this meeting is to review the details of individual major requirements, to review procedures, and to determine whether an individual major is a viable option based on the student's academic interest and the resources available in the College of Letters & Science.***

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)

- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)

# INDIVIDUAL MAJOR, B.S.

The individual major within the College of Letters & Science is a method of fulfilling the depth requirement for students whose interests bridge existing departments and disciplines in ways not accommodated by an existing major or interdisciplinary program. The individual major must consist of a coherent pattern of courses in more than one department or recognized interdisciplinary program in the College of Letters & Science and must be approved by a faculty committee consisting of faculty from appropriate faculty from the College of Letters & Science.

***Getting approval to pursue an individual major is never guaranteed.*** Thus, students should discuss alternative majors with their academic advisors and be willing to pursue them. Students interested in learning more about the individual major should contact L&S Undergraduate Academic Deans' Services at 608-262-0617 in 110 Ingraham Hall and set up an individual appointment with the coordinator for the individual major ***prior*** to starting this process.

## HOW TO GET IN

## ELIGIBILITY

Any undergraduate student working toward an L&S degree with a minimum University (cumulative, on all courses) grade point average of 2.000 may elect to develop an individual major. (*Students earning degrees in other undergraduate schools and colleges on the UW–Madison campus **are not** eligible to pursue an individual major within Letters & Science.*) The individual major **must** receive approval during the second-semester of the sophomore year or first semester of junior year to ensure that they can complete the major within four years. **All students are required to earn at least 30 degree credits after the term in which approval is given.** A student may complete only one individual major.

## APPLYING FOR AN INDIVIDUAL MAJOR

Applications for the individual major are accepted up to Friday of the fourth week of classes in the fall and spring semesters only. Applications received after that deadline will be reviewed during the following term. Individual major applications are not reviewed during the summer.

The application **must** include all items outlined below:

1. The Individual Major application form;
2. A cover letter from the student to the Faculty Committee on Individual Majors describing the area of interest, explaining why the academic goals of the individual major cannot be achieved through an existing major or combination of majors and certificates, and discussing the individual major's applicability to future goals and plans;
3. A list of courses that will be included in the major along with a narrative explaining how the courses included on the list apply to the proposed individual major program (**NOTE: students can use a maximum of two (2) courses completed prior to getting the Individual Major approved as part of their list of courses**);
4. A letter of recommendation and support for the proposal from the individual major advisor; and
5. The student's current student record (unofficial transcript).

Additional supporting materials may also be included. Students must submit the original completed application with all supporting documentation in an electronic format to the individual major coordinator by the deadline**.**

Each individual major application is reviewed by a committee of three faculty members from the College of Letters & Science, each representing a department related to the proposed major. The faculty committee evaluates the proposal for coherence, appropriate breadth and depth, and similarity to existing majors. The committee may approve the proposal as submitted, recommend modifications, reject the proposal altogether, or reject it with an invitation to revise and resubmit in a later semester. **The committee's decision is final.** ***Committee approval is necessary for the student to declare the individual major.***

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

General Education
- Breadth—Humanities/Literature/Arts: 6 credits
- Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
- Breadth—Social Studies: 3 credits
- Communication Part A & Part B *
- Ethnic Studies *
- Quantitative Reasoning Part A & Part B *

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## DEVELOPING AN INDIVIDUAL MAJOR

Any undergraduate student working toward completing an undergraduate degree in the College of Letters & Science with a minimum University GPA of 2.000 may apply to develop an individual major. (*Students earning degrees in other undergraduate schools and colleges on the UW–Madison campus **are not** eligible to pursue an Individual Major within Letters & Science.*) This major must receive approval during the second-term of the sophomore/second year or first term of junior/third year. **Students in the individual major are required to earn at least 30 degree credits after the term in which approval is given**. A student may complete only one individual major.

**Developing an Individual Major**. The student takes primary responsibility for developing an individual major proposal. A well-written proposal must meet the requirements and rigor for a major in the College of Letters & Science; therefore, a proposal must be more than a list of courses that are similar in content area or subject matter. The student proposing an individual major must also demonstrate that the proposed individual major is not currently available as an option in any of the L&S majors or certificate programs.

Students interested in the individual major should consult with the individual major coordinator as part of the process of defining the theme or topic for the individual major. The coordinator will provide information and feedback about the construction of the major and how it might relate to other majors in the college as well.

Once a theme or topic has been identified, the student must find a tenured faculty member in the College of Letters & Science who is willing to serve as the individual major adviser. This designated faculty advisor will:

- assist the student in constructing the individual major proposal by defining the relevant themes, learning objectives, and rationale for the major and by sharpening presentation of the student's individual major proposal;
- assist in the review and selection of courses for the major plan included in the proposal;
- advise the student in course selection after the proposal is approved and, in consultation with the individual major coordinator, track progress toward completion of the major.

As soon as the topic and the advisor (i.e., a tenured faculty member in an L&S academic department) are known, the student should meet with the individual major coordinator within L&S Academic Deans' Services by calling 608-262-0617 to set up a meeting. *The purpose of this meeting is to review the details of individual major requirements and to review procedures*.

# MICROBIOLOGY, B.A. (L&S)

Microbiology, the study of microorganisms, helps us understand our world and solve major problems. Microorganisms, or microbes, were the first life forms on earth and influence our lives and our planet in innumerable ways. The field of microbiology is constantly expanding as we learn more about the role of microbes in infectious disease, environmental remediation, bioenergy, food safety, antibiotic resistance, biotechnology and much more. Communities of microbes (or "microbiomes") are critically important in human health, global warming, agricultural yield, criminal justice, economic development and other issues of national concern.

The **microbiology major**, offered by the Department of Bacteriology, is a rigorous path of study, providing a curriculum packed with deep knowledge on broad aspects of microbiology and emphasizing modern laboratory skills. The core courses focus on the diversity, genetics, biochemistry, and physiology of microorganisms. A variety of elective courses provide the opportunity to study environmental microbiology, food microbiology, microbial pathogenesis, immunology, virology, microbiomes and microbial biotechnology, as well as advanced topics in microbial genetics and physiology. In the instructional laboratory courses, students learn beginning through advanced laboratory techniques - gaining the type of hands-on experiences with modern equipment that employers and graduate schools seek. Additionally, students can conduct mentored and independent research projects in faculty laboratories.

The bachelor's degree provides a strong background in the biological sciences for students planning to enter medical, dental, veterinary or other professional schools, as well as those planning graduate studies in any branch of microbiology or other biological sciences such as biochemistry, pathology, and molecular or cell biology.

Students who end their training with a bachelor's degree are well-prepared for a variety of career opportunities, including laboratory positions in pharmaceutical and biotechnology firms and in university and government laboratories. They also work as specialists in industrial quality testing and control, and as regulatory workers in government agencies and public health laboratories. Exposure to the scientific process as well as training in microbiology allows microbiology graduates to enter fields as diverse as business, technical service, sales, and technical writing.

## HOW TO GET IN

# DECLARING THE MAJOR

Students may declare the major by meeting with the major advisor to discuss the requirements and a course plan.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. # COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

| Code | Title | Credits |
|---|---|---|
| **Mathematics** | | |
| Select one of the following: | | 5-10 |
| MATH 171 & MATH 217 | Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II | |
| MATH 221 | Calculus and Analytic Geometry 1 | |
| **Statistics** | | |
| Select one of the following: | | 3 |
| STAT 301 | Introduction to Statistical Methods | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| STAT/B M I 541 | Introduction to Biostatistics | |
| **General Chemistry** | | |
| Select one of the following: [1] | | 5-9 |
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | |
| CHEM 109 | Advanced General Chemistry | |
| **Organic Chemistry** | | |
| Select ALL of the following: | | |
| CHEM 343 | Introductory Organic Chemistry | 3 |
| CHEM 344 | Introductory Organic Chemistry Laboratory | 2 |
| CHEM 345 | Intermediate Organic Chemistry | 3 |
| **Biology Foundation** | | |
| Select one of the following: | | 10-13 |
| BIOLOGY/ BOTANY/ ZOOLOGY 151 & BIOLOGY/ BOTANY/ ZOOLOGY 152 | Introductory Biology and Introductory Biology [2] | |

| | | |
|---|---|---|
| BIOCORE 381<br>& BIOCORE 382<br>& BIOCORE 383<br>& BIOCORE 384<br>& BIOCORE 485 | Evolution, Ecology, and Genetics<br>and Evolution, Ecology, and Genetics Laboratory<br>and Cellular Biology<br>and Cellular Biology Laboratory<br>and Principles of Physiology [2] | |
| ZOOLOGY/ BIOLOGY 101<br>& ZOOLOGY/ BIOLOGY 102<br>& BOTANY/ BIOLOGY 130 | Animal Biology<br>and Animal Biology Laboratory<br>and General Botany | |
| **Physics** | | |
| Select one of the following: | | 8-10 |
| PHYSICS 103<br>& PHYSICS 104 | General Physics<br>and General Physics [3] | |
| PHYSICS 207<br>& PHYSICS 208 | General Physics<br>and General Physics [3] | |
| PHYSICS 201<br>& PHYSICS 202 | General Physics<br>and General Physics | |
| **Biochemistry** | | |
| Select one of the following: | | 3-6 |
| BIOCHEM 501 | Introduction to Biochemistry | |
| BIOCHEM 507<br>& BIOCHEM 508 | General Biochemistry I<br>and General Biochemistry II | |
| **Microbiology Courses** | | |
| *Microbiology Core (all required):* | | |
| Except where noted, all Microbiology Core courses are offered every fall and spring semester. | | |
| MICROBIO 303 | Biology of Microorganisms | 3 |
| MICROBIO 304 | Biology of Microorganisms Laboratory | 2 |
| MICROBIO 305 | Critical Analyses in Microbiology | 1 |
| MICROBIO 450 | Diversity, Ecology and Evolution of Microorganisms | 3 |
| MICROBIO 470 | Microbial Genetics & Molecular Machines | 3 |
| MICROBIO 526 | Physiology of Microorganisms | 3 |
| MICROBIO 527 | Advanced Laboratory Techniques in Microbiology (FALL ONLY) | 2 |
| *Microbiology Capstone (required):* | | |
| MICROBIO 551 | Capstone Research Project in Microbiology (SPRING ONLY) | 2 |
| *Microbiology Electives* | | |
| Select at least 6 credits; at least 3 credits must come from Set A. Note that not all elective courses are offered every semester. | | |
| Set A: | | 3-6 |
| MICROBIO/ FOOD SCI 324 | Food Microbiology Laboratory | |
| MICROBIO/ FOOD SCI 325 | Food Microbiology | |
| MICROBIO 330 | Host-Parasite Interactions | |
| MICROBIO 375 | Special Topics | |
| MICROBIO/ SOIL SCI 425 | Environmental Microbiology | |
| MICROBIO/ SOIL SCI 523 | Soil Microbiology and Biochemistry | |
| MICROBIO/ M M & I/PATH-BIO 528 | Immunology | |
| MICROBIO/ ONCOLOGY 545 | Topics in Biotechnology (topics vary by semester) | |
| MICROBIO/ GENETICS 607 | Advanced Microbial Genetics | |
| MICROBIO/ BIOCHEM/ GENETICS 612 | Prokaryotic Molecular Biology | |
| MICROBIO/ PL PATH 622 | Plant-Bacterial Interactions | |
| MICROBIO 632 | Industrial Microbiology/ Biotechnology | |
| MICROBIO/ ONCOLOGY/ PL PATH 640 | General Virology-Multiplication of Viruses | |
| MICROBIO/ BOTANY/ GENETICS/ M M & I/ PL PATH 655 | Biology and Genetics of Fungi | |
| MICROBIO/ BMOLCHEM 668 | Microbiology at Atomic Resolution | |
| Set B: | | 0-3 |
| BIOCHEM/M M & I 575 | Biology of Viruses | |
| BIOCHEM 601 | Protein and Enzyme Structure and Function | |
| BOTANY 330 | Algae | |
| BOTANY/PL PATH 332 | Fungi | |
| BOTANY/ENTOM/ PL PATH 505 | Plant-Microbe Interactions: Molecular and Ecological Aspects | |
| CHEM 565 | Biophysical Chemistry | |
| COMP SCI/ B M I 576 | Introduction to Bioinformatics | |
| F&W ECOL/SURG SCI 548 | Diseases of Wildlife | |
| FOOD SCI 550 | Fermented Foods and Beverages | |
| M M & I 301 | Pathogenic Bacteriology | |
| M M & I/ENTOM/ PATH-BIO/ ZOOLOGY 350 | Parasitology | |
| M M & I 410 | Medical Mycology | |
| M M & I 554 | Emerging Infectious Diseases and Bioterrorism | |
| M M & I/POP HLTH 603 | Clinical and Public Health Microbiology | |
| Total Credits | | 64-87 |

[1] The completion of CHEM 115 Chemical Principles I and CHEM 116 Chemical Principles II also satisfies the General Chemistry requirement.

[2] ( BIOLOGY/BOTANY/ZOOLOGY 151 and BIOLOGY/BOTANY/ZOOLOGY 152) or (BIOCORE 381 / BIOCORE 382 / BIOCORE 383 / BIOCORE 384 / BIOCORE 485) are recommended.

[3] (PHYSICS 103 / PHYSICS 104) or (PHYSICS 207 / PHYSICS 208) are recommended.

# RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all MICROBIO courses and courses approved for the major
- 2.000 GPA on 15 upper-level major credits, in residence[1]
- 15 credits of MICROBIO or courses counting toward the major, taken on campus

[1] MICROBIO 300 through 699 count as upper level in the major, excluding MICROBIO 303 and MICROBIO 304. Intermediate- and advanced-level courses outside of MICROBIO that count for the major are also considered upper level.

# HONORS IN THE MAJOR

Students may declare Honors in the Microbiology Major in consultation with the Microbiology undergraduate advisor.

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major in Microbiology, students must satisfy both the requirements for the major (above) and the following requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all courses accepted in the major
- MICROBIO 681 and MICROBIO 682 for a total of 6 credits
- 9 credits of Honors course work (with grade B or better) from:

| Code | Title | Credits |
|---|---|---|
| MICROBIO 303 | Biology of Microorganisms | 3 |
| MICROBIO 304 | Biology of Microorganisms Laboratory | 2 |
| MICROBIO 330 | Host-Parasite Interactions | 3 |
| MICROBIO/ SOIL SCI 425 | Environmental Microbiology | 3 |
| MICROBIO 450 | Diversity, Ecology and Evolution of Microorganisms | 3 |
| MICROBIO 470 | Microbial Genetics & Molecular Machines | 3 |
| MICROBIO 526 | Physiology of Microorganisms | 3 |
| MICROBIO/M M & I/ PATH-BIO 528 | Immunology | 3 |
| MICROBIO/ GENETICS 607 | Advanced Microbial Genetics | 3 |
| MICROBIO/ BIOCHEM/ GENETICS 612 | Prokaryotic Molecular Biology | 3 |
| MICROBIO/ PL PATH 622 | Plant-Bacterial Interactions | 2-3 |
| MICROBIO 632 | Industrial Microbiology/ Biotechnology | 2 |
| MICROBIO/ ONCOLOGY/ PL PATH 640 | General Virology-Multiplication of Viruses | 3 |
| MICROBIO/ BMOLCHEM 668 | Microbiology at Atomic Resolution | 3 |

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Develop a fundamental understanding of the principles of microbiology and the necessary skills for a professional career in microbiology.
2. Apply the scientific method to questions. Formulate a hypothesis, gather data, and analyze that data to assess the degree to which their work supports the hypothesis.
3. Demonstrate proficiency in the techniques used in microbiology and an ability to critically analyze data and integrate ideas for problem solving.
4. Access the primary and secondary literature and, in combination with their own findings, effectively communicate their ideas both orally and in written form.
5. Learn about and demonstrate personal and professional ethics.

# FOUR-YEAR PLAN

# FOUR-YEAR PLAN

## SAMPLE MICROBIOLOGY FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 103[1] | 4 | CHEM 104 | 5 |
| MATH 221[2] | 5 | BIOLOGY/BOTANY/ ZOOLOGY 151[3] | 5 |
| Communication A | 3 | Foreign Language (if needed) | 4 |
| Foreign Language (if needed) | 4 | Literature Breadth | 3 |
| | 16 | | 17 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 343 | 3 | CHEM 345 | 3 |
| BIOLOGY/BOTANY/ ZOOLOGY 152 | 5 | CHEM 344 | 2 |
| Directed Study / Research[4] | 2 | MICROBIO 303 | 3 |
| Ethnic Studies/Social Science | 3 | MICROBIO 305 | 1 |
| Literature Breadth | 3 | Directed Study / Research | 2 |
| | | Social Science Breadth | 3 |
| | 16 | | 14 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 103[6] | 4 | PHYSICS 104 | 4 |
| BIOCHEM 501[5] | 3 | MICROBIO 450 | 3 |
| MICROBIO 304 | 2 | MICROBIO 526 | 3 |
| MICROBIO 470 | 3 | STAT 371 | 3 |
| Directed Study / Research | 2 | Directed Study / Research | 2 |
| | 14 | | 15 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| MICROBIO 527 | 2 | MICROBIO 551 | 2 |
| Microbiology Elective-Set A | 3 | Microbiology Elective-Set B | 3 |
| Directed Study / Research | 3 | Directed Study / Research | 3 |
| Humanities Breadth | 3 | Humanities Breadth | 3 |
| Social Science Breadth | 3 | Social Science Breadth | 3 |
| | 14 | | 14 |

Total Credits 120

1 There are two options to complete General Chemsitry; consult the Requirements page for details.

2 Math course determined by placement scores. Consult the Requirements page for details about the math requirements for the major.

3 There are three options for completing Introductory Biology. Consult the Requirements page for details.

4 Students are encouraged to find and participate in Directed Study opportunities, in a faculty-mentored research lab, for several semesters.

5 Students interested in graduate study in the biological sciences are advised to take BIOCHEM 507 - BIOCHEM 508.

## ADVISING AND CAREERS

Current UW–Madison students can schedule initial advising (https://calendar.wisc.edu/scheduling-assistant/schedule/RAUHTzYt/view.html) in the microbiology major with Katy France.

Prospective/future UW–Madison students should send an email to Katy France, katy.france@wisc.edu, to set up an appointment, which can be conducted in person or via phone call.

Read about and explore possible microbiology careers at the American Society for Microbiology (https://www.asm.org/Careers/Career-Planning) website.

Learn more about health-related careers through the ExploreHealthCareers.org (https://explorehealthcareers.org) website.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Charles Kaspar (chair), Jean-Michel Ané, Cameron Currie, Timothy Donohue, Marcin Filutowicz, Katrina Forest, Richard Gourse, Eric Johnson, Katherine "Trina" McMahon, Michael Thomas, Jue "Jade" Wang, Karen Wassarman, and Jae-Hyuk Yu

Associate Professor Garret Suen

Assistant Professors Daniel Amador-Noguez, Karthik Anantharaman, Briana Burton, and Federico Rey

# MICROBIOLOGY, B.S. (L&S)

Microbiology, the study of microorganisms, helps us understand our world and solve major problems. Microorganisms, or microbes,

were the first life forms on earth and influence our lives and our planet in innumerable ways. The field of microbiology is constantly expanding as we learn more about the role of microbes in infectious disease, environmental remediation, bioenergy, food safety, antibiotic resistance, biotechnology and much more. Communities of microbes (or "microbiomes") are critically important in human health, global warming, agricultural yield, criminal justice, economic development and other issues of national concern.

The **microbiology major**, offered by the Department of Bacteriology, is a rigorous path of study, providing a curriculum packed with deep knowledge on broad aspects of microbiology and emphasizing modern laboratory skills. The core courses focus on the diversity, genetics, biochemistry, and physiology of microorganisms. A variety of elective courses provide the opportunity to study environmental microbiology, food microbiology, microbial pathogenesis, immunology, virology, microbiomes and microbial biotechnology, as well as advanced topics in microbial genetics and physiology. In the instructional laboratory courses, students learn beginning through advanced laboratory techniques - gaining the type of hands-on experiences with modern equipment that employers and graduate schools seek. Additionally, students can conduct mentored and independent research projects in faculty laboratories.

The bachelor's degree provides a strong background in the biological sciences for students planning to enter medical, dental, veterinary or other professional schools, as well as those planning graduate studies in any branch of microbiology or other biological sciences such as biochemistry, pathology, and molecular or cell biology.

Students who end their training with a bachelor's degree are well-prepared for a variety of career opportunities, including laboratory positions in pharmaceutical and biotechnology firms and in university and government laboratories. They also work as specialists in industrial quality testing and control, and as regulatory workers in government agencies and public health laboratories. Exposure to the scientific process as well as training in microbiology allows microbiology graduates to enter fields as diverse as business, technical service, sales, and technical writing.

## HOW TO GET IN

# DECLARING THE MAJOR

Students may declare the major by meeting with the major advisor to discuss the requirements and a course plan.

## REQUIREMENTS

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

General Education

- Breadth—Humanities/Literature/Arts: 6 credits
- Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
- Breadth—Social Studies: 3 credits
- Communication Part A & Part B *
- Ethnic Studies *
- Quantitative Reasoning Part A & Part B *

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# REQUIREMENTS FOR THE MAJOR

| Code | Title | Credits |
|---|---|---|
| **Mathematics** | | |
| Select one of the following: | | 5-10 |
| MATH 171 & MATH 217 | Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II | |
| MATH 221 | Calculus and Analytic Geometry 1 | |
| **Statistics** | | |
| Select one of the following: | | 3 |
| STAT 301 | Introduction to Statistical Methods | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| STAT/B M I 541 | Introduction to Biostatistics | |
| **General Chemistry** | | |
| Select one of the following: [1] | | 5-9 |
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | |
| CHEM 109 | Advanced General Chemistry | |
| **Organic Chemistry** | | |
| Select ALL of the following: | | |
| CHEM 343 | Introductory Organic Chemistry | 3 |
| CHEM 344 | Introductory Organic Chemistry Laboratory | 2 |
| CHEM 345 | Intermediate Organic Chemistry | 3 |
| **Biology Foundation** | | |
| Select one of the following: | | 10-13 |
| BIOLOGY/ BOTANY/ ZOOLOGY 151 & BIOLOGY/ BOTANY/ ZOOLOGY 152 | Introductory Biology and Introductory Biology [2] | |
| BIOCORE 381 & BIOCORE 382 & BIOCORE 383 & BIOCORE 384 & BIOCORE 485 | Evolution, Ecology, and Genetics and Evolution, Ecology, and Genetics Laboratory and Cellular Biology and Cellular Biology Laboratory and Principles of Physiology [2] | |
| ZOOLOGY/ BIOLOGY 101 & ZOOLOGY/ BIOLOGY 102 & BOTANY/ BIOLOGY 130 | Animal Biology and Animal Biology Laboratory and General Botany | |
| **Physics** | | |
| Select one of the following: | | 8-10 |
| PHYSICS 103 & PHYSICS 104 | General Physics and General Physics [3] | |
| PHYSICS 207 & PHYSICS 208 | General Physics and General Physics [3] | |
| PHYSICS 201 & PHYSICS 202 | General Physics and General Physics | |
| **Biochemistry** | | |
| Select one of the following: | | 3-6 |
| BIOCHEM 501 | Introduction to Biochemistry | |
| BIOCHEM 507 & BIOCHEM 508 | General Biochemistry I and General Biochemistry II | |
| **Microbiology Courses** | | |
| *Microbiology Core (all required):* | | |
| Except where noted, all Microbiology Core courses are offered every fall and spring semester. | | |
| MICROBIO 303 | Biology of Microorganisms | 3 |
| MICROBIO 304 | Biology of Microorganisms Laboratory | 2 |
| MICROBIO 305 | Critical Analyses in Microbiology | 1 |
| MICROBIO 450 | Diversity, Ecology and Evolution of Microorganisms | 3 |
| MICROBIO 470 | Microbial Genetics & Molecular Machines | 3 |
| MICROBIO 526 | Physiology of Microorganisms | 3 |
| MICROBIO 527 | Advanced Laboratory Techniques in Microbiology (FALL ONLY) | 2 |
| *Microbiology Capstone (required):* | | |
| MICROBIO 551 | Capstone Research Project in Microbiology (SPRING ONLY) | 2 |
| *Microbiology Electives* | | |
| Select at least 6 credits; at least 3 credits must come from Set A. Note that not all elective courses are offered every semester. | | |
| Set A: | | 3-6 |
| MICROBIO/ FOOD SCI 324 | Food Microbiology Laboratory | |
| MICROBIO/ FOOD SCI 325 | Food Microbiology | |
| MICROBIO 330 | Host-Parasite Interactions | |
| MICROBIO 375 | Special Topics | |
| MICROBIO/ SOIL SCI 425 | Environmental Microbiology | |
| MICROBIO/ SOIL SCI 523 | Soil Microbiology and Biochemistry | |
| MICROBIO/ M M & I/PATH-BIO 528 | Immunology | |

| | | |
|---|---|---|
| | MICROBIO/ ONCOLOGY 545 | Topics in Biotechnology (topics vary by semester) |
| | MICROBIO/ GENETICS 607 | Advanced Microbial Genetics |
| | MICROBIO/ BIOCHEM/ GENETICS 612 | Prokaryotic Molecular Biology |
| | MICROBIO/ PL PATH 622 | Plant-Bacterial Interactions |
| | MICROBIO 632 | Industrial Microbiology/ Biotechnology |
| | MICROBIO/ ONCOLOGY/ PL PATH 640 | General Virology-Multiplication of Viruses |
| | MICROBIO/ BOTANY/ GENETICS/ M M & I/ PL PATH 655 | Biology and Genetics of Fungi |
| | MICROBIO/ BMOLCHEM 668 | Microbiology at Atomic Resolution |
| Set B: | | 0-3 |
| | BIOCHEM/M M & I 575 | Biology of Viruses |
| | BIOCHEM 601 | Protein and Enzyme Structure and Function |
| | BOTANY 330 | Algae |
| | BOTANY/PL PATH 332 | Fungi |
| | BOTANY/ENTOM/ PL PATH 505 | Plant-Microbe Interactions: Molecular and Ecological Aspects |
| | CHEM 565 | Biophysical Chemistry |
| | COMP SCI/ B M I 576 | Introduction to Bioinformatics |
| | F&W ECOL/SURG SCI 548 | Diseases of Wildlife |
| | FOOD SCI 550 | Fermented Foods and Beverages |
| | M M & I 301 | Pathogenic Bacteriology |
| | M M & I/ENTOM/ PATH-BIO/ ZOOLOGY 350 | Parasitology |
| | M M & I 410 | Medical Mycology |
| | M M & I 554 | Emerging Infectious Diseases and Bioterrorism |
| | M M & I/POP HLTH 603 | Clinical and Public Health Microbiology |
| Total Credits | | 64-87 |

[1] The completion of CHEM 115 Chemical Principles I and CHEM 116 Chemical Principles II also satisfies the General Chemistry requirement.

[2] ( BIOLOGY/BOTANY/ZOOLOGY 151 and BIOLOGY/BOTANY/ ZOOLOGY 152) or (BIOCORE 381 / BIOCORE 382 / BIOCORE 383 / BIOCORE 384 / BIOCORE 485) are recommended.

[3] (PHYSICS 103 / PHYSICS 104) or (PHYSICS 207 / PHYSICS 208) are recommended.

# RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all MICROBIO courses and courses approved for the major
- 2.000 GPA on 15 upper-level major credits, in residence[1]
- 15 credits of MICROBIO or courses counting toward the major, taken on campus

[1] MICROBIO 300 through 699 count as upper level in the major, excluding MICROBIO 303 and MICROBIO 304. Intermediate- and advanced-level courses outside of MICROBIO that count for the major are also considered upper level.

# HONORS IN THE MAJOR

Students may declare Honors in the Microbiology Major in consultation with the Microbiology undergraduate advisor.

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major in Microbiology, students must satisfy both the requirements for the major (above) and the following requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all courses accepted in the major
- MICROBIO 681 and MICROBIO 682 for a total of 6 credits
- 9 credits of Honors course work (with grade B or better) from:

| Code | Title | Credits |
|---|---|---|
| MICROBIO 303 | Biology of Microorganisms | 3 |
| MICROBIO 304 | Biology of Microorganisms Laboratory | 2 |
| MICROBIO 330 | Host-Parasite Interactions | 3 |
| MICROBIO/ SOIL SCI 425 | Environmental Microbiology | 3 |
| MICROBIO 450 | Diversity, Ecology and Evolution of Microorganisms | 3 |
| MICROBIO 470 | Microbial Genetics & Molecular Machines | 3 |
| MICROBIO 526 | Physiology of Microorganisms | 3 |
| MICROBIO/M M & I/ PATH-BIO 528 | Immunology | 3 |
| MICROBIO/ GENETICS 607 | Advanced Microbial Genetics | 3 |
| MICROBIO/ BIOCHEM/ GENETICS 612 | Prokaryotic Molecular Biology | 3 |
| MICROBIO/ PL PATH 622 | Plant-Bacterial Interactions | 2-3 |
| MICROBIO 632 | Industrial Microbiology/ Biotechnology | 2 |
| MICROBIO/ ONCOLOGY/ PL PATH 640 | General Virology-Multiplication of Viruses | 3 |
| MICROBIO/ BMOLCHEM 668 | Microbiology at Atomic Resolution | 3 |

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Develop a fundamental understanding of the principles of microbiology and the necessary skills for a professional career in microbiology.
2. Apply the scientific method to questions. Formulate a hypothesis, gather data, and analyze that data to assess the degree to which their work supports the hypothesis.
3. Demonstrate proficiency in the techniques used in microbiology and an ability to critically analyze data and integrate ideas for problem solving.
4. Access the primary and secondary literature and, in combination with their own findings, effectively communicate their ideas both orally and in written form.
5. Learn about and demonstrate personal and professional ethics.

## FOUR-YEAR PLAN

# FOUR-YEAR PLAN

### SAMPLE MICROBIOLOGY FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 103[1] | 4 | CHEM 104 | 5 |
| MATH 221[2] | 5 | BIOLOGY/BOTANY/ ZOOLOGY 151[3] | 5 |
| Communication A | 3 | Foreign Language (if needed) | 4 |

| Microbiology Elective-Set A | 3 | Microbiology Elective-Set B | 3 |
| Directed Study / Research | 3 | Directed Study / Research | 3 |
| Humanities Breadth | 3 | Humanities Breadth | 3 |
| Social Science Breadth | 3 | Social Science Breadth | 3 |
| | 14 | | 14 |

Total Credits 120

1 There are two options to complete General Chemsitry; consult the Requirements page for details.

2 Math course determined by placement scores. Consult the Requirements page for details about the math requirements for the major.

3 There are three options for completing Introductory Biology. Consult the Requirements page for details.

4 Students are encouraged to find and participate in Directed Study opportunities, in a faculty-mentored research lab, for several semesters.

5 Students interested in graduate study in the biological sciences are advised to take BIOCHEM 507 - BIOCHEM 508.

## ADVISING AND CAREERS

Current UW–Madison students can schedule initial advising (https://calendar.wisc.edu/scheduling-assistant/schedule/RAUHTzYt/view.html) in the microbiology major with Katy France.

Prospective/future UW–Madison students should send an email to Katy France, katy.france@wisc.edu, to set up an appointment, which can be conducted in person or via phone call.

Read about and explore possible microbiology careers at the American Society for Microbiology (https://www.asm.org/Careers/Career-Planning) website.

Learn more about health-related careers through the ExploreHealthCareers.org (https://explorehealthcareers.org) website.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)

## PEOPLE

Professors Charles Kaspar (chair), Jean-Michel Ané, Cameron Currie, Timothy Donohue, Marcin Filutowicz, Katrina Forest, Richard Gourse, Eric Johnson, Katherine "Trina" McMahon, Michael Thomas, Jue "Jade" Wang, Karen Wassarman, and Jae-Hyuk Yu

Associate Professor Garret Suen

Assistant Professors Daniel Amador-Noguez, Karthik Anantharaman, Briana Burton, and Federico Rey

# MATHEMATICS

Mathematics is classified with both the humanities and the sciences. Its position among the humanities is based on the study of mathematics as one of the liberal arts for more than two thousand years. Still an expanding subject, mathematics offers more new and challenging frontiers than at any time in its long history—with many new fields, requiring new techniques and ideas for exploration.

The place of mathematics among the sciences is well founded. The natural sciences have invariably turned to mathematics for techniques needed to explore the consequences of scientific theories. In the last few decades social scientists have increasingly found higher mathematics of value in their training and research.

In recent years graduating math majors have obtained employment in a variety of jobs in business, industry, and governmental agencies and also have obtained teaching positions at the secondary school level (such teaching positions normally require teaching certification). Others have continued their education at the graduate level in mathematics and other fields. Departments in a variety of fields which use mathematics, including some in the social and biological sciences as well as in engineering and the physical sciences, are interested in attracting math majors into their graduate programs. Math Ph.D.'s obtain academic positions at the college and university level and nonacademic positions entailing consulting and research. The math major requirements are flexible enough to allow preparation for various goals.

Students interested in mathematics might also consider the related degree program in applied mathematics, engineering and physics (p. 1113).

## DEGREES/MAJORS/CERTIFICATES

- Applied Mathematics, Engineering, and Physics, B.S. AMEP (p. 1113)
- Mathematics, B.A. (p. 1116)

- Mathematics, Certificate (p. 1139)

## PEOPLE

### FACULTY

Professors Angenent, Arinkin, Assadi, Bolotin, Boston, Caldararu, Craciun, Denissov, Ellenberg, Feldman, Gong, Jin, Lempp, Mari-Beffa, Maxim, Miller, Mitchell, Paul, Roch, Seeger, Seppalainen, Smith, Terwilliger, Thiffeault, Valko, Viaclovsky, Waleffe, Yang.

Associate Professors Anderson, Gurevich, Stechmann, Street, Kent.

Assistant Professors Andrews, Dymarz, Erman, Kim, Marshall, Sam, Spagnolie, Stovall, Tran, B. Wang, L. Wang, M. Matchett Wood, P. Matchett Wood, Li.

### ACADEMIC STAFF

Anzaldo (Precalculus Coordinator), Benguria-Andrews (Calculus Coordinator), Hanhart (Associate Director of Undergraduate Studies), Kwon (Math 13X Coordinator), Malekpour (Director of the Instructional Excellence Program, WISCEL), Rivard (Placement and Enrollment Coordinator)

# APPLIED MATHEMATICS, ENGINEERING, AND PHYSICS, B.S. AMEP

This four-year degree program in the interdisciplinary physical sciences offers a strong theoretical foundation in related areas of engineering sciences, mathematics, and physics for professional work in the field of industrial research and technology. It also provides a foundation for graduate degree work in applied mathematics, engineering sciences, and physics.

The AMEP program is an excellent choice for the student with broad interests in mathematics, physics and engineering. AMEP emphasizes an integrated mathematics and physics curriculum and strives to achieve an optimum balance of breadth and depth in the physical sciences within the confines of a four-year degree.

## HOW TO GET IN

## DECLARATION REQUIREMENTS

Because admission into AMEP is internal to UW–Madison, a student must be admitted to UW–Madison or already be a UW–Madison student to join AMEP.

Admission into AMEP as a *freshman* requires placement into MATH 222 *at least*, although placement into MATH 234 (4 or 5 on the AP Calculus BC exam) is preferred. Admission into AMEP as a sophomore or junior requires a 2.750 GPA in introductory core courses taken in the *mathematics and physics departments*.

## DECLARING APPLIED MATHEMATICS, ENGINEERING, AND PHYSICS UNDERGRADUATE DEGREE PROGRAM (AMEP)

Students should declare AMEP as soon as possible. The first step in declaring the AMEP degree is to visit an AMEP math faculty advisor.

Students fill out an AMEP degree declaration form (https://www.math.wisc.edu/sites/default/files/private/AMEP_MAJOR_Declaration_form.pdf)(PDF) to change to the “AMP” designation and meet with an AMEP math faculty advisor (see AMEP faculty advisors (https://www.math.wisc.edu/amep/advising/#advisors)) who needs to approve and sign the declaration form.

Look for AMEP faculty advisors' office hours in the MATH ADVISING CALENDAR (https://www.math.wisc.edu/undergraduate/math-major-advising-calendar) or on the professor's web page (see Declaring AMEP (https://www.math.wisc.edu/amep/advising/#declare)). When contacting a professor, students should make sure they put "AMEP (https://www.math.wisc.edu/amep)" in the subject line and send a brief clear message, since professors receive many emails.

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

General Education
- Breadth—Humanities/Literature/Arts: 6 credits
- Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
- Breadth—Social Studies: 3 credits
- Communication Part A & Part B *
- Ethnic Studies *
- Quantitative Reasoning Part A & Part B *

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE LIBERAL ARTS AND SCIENCE: B.S.–AMEP

### LIBERAL ARTS AND SCIENCE (LAS) REQUIREMENT

A minimum of 20 credits in Liberal Arts and Science courses outside the physical and mathematical sciences are required. **Courses may not carry a Physical Science designation or be listed (or cross-listed) in the MATH or COMP SCI subjects**.

1. Complete a minimum of 12 credits in humanities and/or social studies (including a minimum of 6 credits of humanities and 3 credits of social studies as part of the University General Education Requirements).
2. Credits may include a maximum of 8 credits in biological sciences.
3. Additional L&S credits outside physical sciences (excluding computer science and mathematics).

### FOREIGN LANGUAGE REQUIREMENT

AMEP degree candidates must complete the 2nd unit of a foreign language either through high school language study or college coursework. A unit of a foreign language is equivalent to one year of high school work or one semester/term of college-level work.

## REQUIREMENTS FOR THE MAJOR

A total of at least 125 credits with a minimum GPA of 2.000 is required.

## REQUIREMENTS

| Code | Title | Credits |
|---|---|---|
| **Mathematics (2.750 GPA)** [1] | | |
| MATH 221 | Calculus and Analytic Geometry 1 | 5 |
| or MATH 275 | Topics in Calculus I | |
| MATH 222 | Calculus and Analytic Geometry 2 | 4-5 |
| or MATH 276 | Topics in Calculus II | |
| MATH 234 | Calculus--Functions of Several Variables | 4 |
| **FOUNDATION: Physics (2.750 GPA)** | | 13-14 |
| *First Introductory course* | | |
| PHYSICS 201 | General Physics | |
| PHYSICS 207 | General Physics | |
| PHYSICS 247 | A Modern Introduction to Physics | |
| E M A 201 & E M A 202 | Statics and Dynamics [1] | |
| *Second Introductory course* | | |
| PHYSICS 202 | General Physics | |
| PHYSICS 208 | General Physics | |
| PHYSICS 248 | A Modern Introduction to Physics | |
| *Third Introductory course* | | |
| PHYSICS 205 | Modern Physics for Engineers | |
| PHYSICS/ E C E 235 | Introduction to Solid State Electronics | |
| PHYSICS 241 | Introduction to Modern Physics | |
| PHYSICS 249 | A Modern Introduction to Physics | |
| **CORE: Chemistry** | | 5-9 |
| CHEM 109 | Advanced General Chemistry | |
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | |
| **CORE: Mathematics** | | 18 |
| MATH 321 | Applied Mathematical Analysis | |
| MATH 322 | Applied Mathematical Analysis | |
| MATH 320 | Linear Algebra and Differential Equations [2] | |
| *Additional CORE MATH electives from:* | | |
| MATH 415 | Applied Dynamical Systems, Chaos and Modeling | |
| MATH/STAT 431 | Introduction to the Theory of Probability | |
| MATH/ COMP SCI 513 | Numerical Linear Algebra | |
| MATH/ COMP SCI 514 | Numerical Analysis | |
| MATH/I SY E/ OTM/STAT 632 | Introduction to Stochastic Processes | |
| **CORE Physics** | | 15 |
| PHYSICS 311 | Mechanics | |
| PHYSICS 322 | Electromagnetic Fields | |
| *Additional CORE PHYSICS electives from:* | | |
| PHYSICS 321 | Electric Circuits and Electronics | |
| PHYSICS 325 | Optics | |
| PHYSICS 406 | Special Topics in Physics | |
| PHYSICS 415 | Thermal Physics | |
| PHYSICS 448 | Atomic and Quantum Physics | |
| PHYSICS 449 | Atomic and Quantum Physics | |
| **CORE Engineering** | | |
| 21 credits in Engineering courses approved by your AMEP Engineering advisor | | 21 |
| **Laboratory Experience** [3] | | |
| E M A 522 | Aerodynamics Lab | |
| PHYSICS 307 | Intermediate Laboratory-Mechanics and Modern Physics | |
| PHYSICS 321 | Electric Circuits and Electronics | |
| PHYSICS 407 | Advanced Laboratory | |
| **Computational Experience** [4] | | |
| COMP SCI 310 | Problem Solving Using Computers | |
| COMP SCI 412 | Introduction to Numerical Methods | |
| MATH/ COMP SCI 513 | Numerical Linear Algebra | |
| MATH/ COMP SCI 514 | Numerical Analysis | |
| Total Credits | | 85-91 |

## RESIDENCE AND QUALITY OF WORK REQUIREMENT

- Minimum 2.000 GPA in AMEP program courses
- Minimum 2.000 GPA and 15 upper-level AMEP program credits, taken in residence[5]
- 15 credits in AMEP program courses, taken on the UW–Madison campus

1 M E 240 Dynamics substitutes for E M A 202 Dynamics

2 MATH 319 & MATH 340 *or* MATH 375-MATH 376 may substitute for MATH 320

3 Laboratory experience credits may double-count in Physics and/or Engineering CORE

4 Computational experience credits may double-count in Mathematics CORE

5 The following course numbers are considered upper level in AMEP.

- MATH 300–699
- PHYSICS 311–699
- E C E 310–699
- E M A 405–699
- I SY E 313–699
- M E 303–699

Courses meeting CORE, Lab, and Computation that are numbered 300–699

## HONORS IN THE MAJOR

Honors in the Major is not available in Applied Mathematics, Engineering, and Physics.

## DISTINCTION IN THE MAJOR

Students earning an AMEP program GPA of 3.500 and higher will be nominated for Distinction in the Major.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. State, explain and apply principal theorems and techniques of applied mathematics, including (but not limited to) the subject areas of vector and complex calculus, linear algebra, and differential equations.
2. State, explain and apply theory and methods of classical and modern physics such as mechanics (classical, statistical, quantum), electricity, magnetism, thermodynamics, radiation and atomic physics.
3. Develop strategies to synthesize applied mathematics and physical sciences to address engineering problems, with emphasis on problems of current interest.
4. Design and conduct experiments to explore hypotheses regarding science and/or technology and/or engineering problems, and will use mathematics to help interpret experimental results.
5. Work in multidisciplinary groups of mathematicians, physical scientists, and engineers to formulate and solve STEM problems, which includes the creation and evaluation of models for natural phenomena.
6. Through written and oral presentations, students will communicate technical/scientific ideas and results to experts and non-experts.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 109 | 5 | Communication A | 3 |
| PHYSICS 247 | 5 | MATH 321 | 3 |
| MATH 234 | 4 | PHYSICS 248 | 5 |
| Foreign Language 1 | 4 | Foreign Language 2 | 4 |
| | 18 | | 15 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| MATH 321 | 3 | INTER-LS 210 | 1 |
| PHYSICS 249 | 4 | PHYSICS 311 | 3 |
| Humanities Breadth | 3 | MATH 322 | 3 |
| Core Math Elective 1 | 3 | Core Math Elective 2 | 3 |
| Ethnic Studies/Social Science Breadth | 3 | Humanities Breadth | 3 |
| | | Biological/Social Science or Humanities | 3 |
| | 16 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 322 | 3 | Core Physics 2 | 4 |
| Core Math Elective 3 | 3 | Core Physics 3 | 4 |
| Physics Elective 1 | 4 | Computational Experience | 3 |
| Lab Experience | 2-4 | Engineering 1 | 3 |
| Humanities/Social Science Breadth | 3 | | |
| | 16 | | 14 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication B | 3 | Engineering courses | 9 |
| Engineering Courses | 12 | Humanities Breadth | 3 |
| | | Electives | 3 |
| | 15 | | 15 |

Total Credits 125

## ADVISING AND CAREERS

For information about advising for the special Letters & Science degree program, students should refer to AMEP Advising (https://www.math.wisc.edu/amep/advising).

Students can also get questions answered about declaring the major and getting advising by contacting the Department of Mathematics at 608-263-2546.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

# MATHEMATICS, B.A.

Mathematics is classified with both the humanities and the sciences. Its position among the humanities is based on the study of mathematics as one of the liberal arts for more than two thousand years. Still an expanding subject, mathematics offers more new and challenging frontiers than at any time in its long history—with many new fields, requiring new techniques and ideas for exploration.

The place of mathematics among the sciences is well founded. The natural sciences have invariably turned to mathematics for techniques needed to explore the consequences of scientific theories. In the last few decades social scientists have increasingly found higher mathematics of value in their training and research.

In recent years graduating math majors have obtained employment in a variety of jobs in business, industry, and governmental agencies and also have obtained teaching positions at the secondary school level (such teaching positions normally require teaching certification). Others have continued their education at the graduate level in mathematics and other fields. Departments in a variety of fields which use mathematics, including some in the social and biological sciences as well as in engineering and the physical sciences, are interested in attracting math majors into their graduate programs. Math Ph.D.'s obtain academic positions at the college and university level and nonacademic positions entailing consulting and research. The math major requirements are flexible enough to allow preparation for various goals.

Students interested in mathematics might also consider the related degree program in applied mathematics, engineering and physics (p. 1113).

## HOW TO GET IN

### DECLARATION

To declare a major in mathematics, a student must have completed MATH 221, MATH 222, and MATH 234 with a 2.500 GPA or better. Major advisors may waive this requirement for students with alternative coursework and experiences. Students should meet with a math advisor before declaring in order to discuss course selection and major plan. Majors are provided with math advisor information at the math advising page (http://www.math.wisc.edu/undergraduate/advising).

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |

| | |
|---|---|
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# TRADITIONAL & FOCUSED MATH

There are two ways to complete a Mathematics major: the traditional or focused path. The traditional path emphasizes breadth in the field by requiring students to explore at least two areas of advanced mathematics. The focused path allows students to choose one area of mathematics (e.g., probability) or associated application field (e.g., bioinformatics) and choose a course plan which may combine courses offered by mathematics and other department. Both programs are flexible by design and course selection should be done with the guidance of an advisor. In particular, any focused major plan **must** be approved by an advisor prior to declaration.

# REQUIREMENTS FOR THE MAJOR

## TRADITIONAL PATH

The traditional mathematics program requires exposure to at least two areas of mathematics at the advanced undergraduate level. This major is best for students who have a broad interest in many areas of mathematics. Students interested in honors in the major should also choose this option.

**Seven MATH courses are required, as follows:**

| Code | Title | Credits |
|---|---|---|
| **Linear Algebra (complete one):** [1] | | 3 |
| MATH 341 | Linear Algebra (recommended) | |
| or MATH 320 | Linear Algebra and Differential Equations | |
| or MATH 340 | Elementary Matrix and Linear Algebra | |
| or MATH 375 | Topics in Multi-Variable Calculus and Linear Algebra | |
| **Analysis, Topology, Algebra (complete two):** | | 6 |
| MATH 521 | Analysis I | |
| MATH 541 | Modern Algebra | |
| MATH 551 | Elementary Topology | |
| **Math 500-699 (complete one):** [2] | | 3 |
| MATH/ COMP SCI 513 | Numerical Linear Algebra | |
| MATH/ COMP SCI 514 | Numerical Analysis | |
| MATH 519 | Ordinary Differential Equations | |
| MATH 521 | Analysis I | |
| MATH 522 | Analysis II | |
| MATH/COMP SCI/ I SY E/STAT 525 | Linear Optimization | |
| MATH 531 | Probability Theory | |
| MATH 535 | Mathematical Methods in Data Science | |
| MATH 540 | Linear Algebra II | |
| MATH 541 | Modern Algebra | |
| MATH 542 | Modern Algebra | |
| MATH 551 | Elementary Topology | |
| MATH 552 | Elementary Geometric and Algebraic Topology | |
| MATH 561 | Differential Geometry | |
| MATH 567 | Modern Number Theory | |
| MATH 570 | Fundamentals of Set Theory | |
| MATH/ PHILOS 571 | Mathematical Logic | |
| MATH 605 | Stochastic Methods for Biology | |
| MATH/B M I/ BIOCHEM/ BMOLCHEM 606 | Mathematical Methods for Structural Biology | |
| MATH 607 | Topics in Mathematics Study Abroad | |
| MATH 608 | Mathematical Methods for Continuum Modeling in Biology | |
| MATH/B M I/ BIOCHEM/ BMOLCHEM 609 | Mathematical Methods for Systems Biology | |
| MATH 619 | Analysis of Partial Differential Equations | |
| MATH 621 | Analysis III | |
| MATH 623 | Complex Analysis | |
| MATH 627 | Introduction to Fourier Analysis | |
| MATH 629 | Introduction to Measure and Integration | |

| | |
|---|---|
| MATH/I SY E/ OTM/STAT 632 | Introduction to Stochastic Processes |
| MATH/I SY E/ OTM 633 | Queuing Theory and Stochastic Modeling |
| MATH 635 | An Introduction to Brownian Motion and Stochastic Calculus |
| MATH/E C E 641 | Introduction to Error-Correcting Codes |
| MATH 681 | Senior Honors Thesis |
| MATH 682 | Senior Honors Thesis |
| MATH 691 | Undergraduate Thesis |
| MATH 692 | Undergraduate Thesis |
| MATH 698 | Directed Study |
| MATH 699 | Directed Study |
| **Additional Math above 306 to achieve 7 courses in the major** [2] | 9 |
| MATH/STAT 309 | Introduction to Probability and Mathematical Statistics I [3] |
| or MATH 331 | An Introduction to Probability and Markov Chain Models |
| or MATH/ STAT 431 | Introduction to the Theory of Probability |
| MATH/STAT 310 | Introduction to Probability and Mathematical Statistics II |
| MATH 319 | Techniques in Ordinary Differential Equations [4] |
| or MATH 320 | Linear Algebra and Differential Equations |
| or MATH 376 | Topics in Multi-Variable Calculus and Differential Equations |
| MATH 321 | Applied Mathematical Analysis |
| MATH 322 | Applied Mathematical Analysis |
| MATH 407 | Topics in Mathematics Study Abroad |
| MATH 415 | Applied Dynamical Systems, Chaos and Modeling |
| MATH 421 | The Theory of Single Variable Calculus |

| MATH/COMP SCI/ E C E 435 | Introduction to Cryptography |
| MATH 441 | Introduction to Modern Algebra |
| MATH 443 | Applied Linear Algebra |
| MATH 461 | College Geometry I |
| MATH 467 | Introduction to Number Theory |
| MATH/ HIST SCI 473 | History of Mathematics |
| MATH/COMP SCI/ STAT 475 | Introduction to Combinatorics |
| MATH 490 | Undergraduate Seminar |
| MATH 491 | Topics in Undergraduate Mathematics |
| MATH/ COMP SCI 513 | Numerical Linear Algebra |
| MATH/ COMP SCI 514 | Numerical Analysis |
| MATH 519 | Ordinary Differential Equations |
| MATH 521 | Analysis I |
| MATH 522 | Analysis II |
| MATH/COMP SCI/ I SY E/STAT 525 | Linear Optimization |
| MATH 531 | Probability Theory |
| MATH 535 | Mathematical Methods in Data Science |
| MATH 540 | Linear Algebra II |
| MATH 541 | Modern Algebra |
| MATH 542 | Modern Algebra |
| MATH 551 | Elementary Topology |
| MATH 552 | Elementary Geometric and Algebraic Topology |
| MATH 561 | Differential Geometry |
| MATH 567 | Modern Number Theory |
| MATH 570 | Fundamentals of Set Theory |
| MATH/ PHILOS 571 | Mathematical Logic |
| MATH 605 | Stochastic Methods for Biology |
| MATH/B M I/ BIOCHEM/ BMOLCHEM 606 | Mathematical Methods for Structural Biology |
| MATH 607 | Topics in Mathematics Study Abroad |
| MATH 608 | Mathematical Methods for Continuum Modeling in Biology |
| MATH/B M I/ BIOCHEM/ BMOLCHEM 609 | Mathematical Methods for Systems Biology |
| MATH 619 | Analysis of Partial Differential Equations |
| MATH 621 | Analysis III |
| MATH 623 | Complex Analysis |
| MATH 627 | Introduction to Fourier Analysis |
| MATH 629 | Introduction to Measure and Integration |
| MATH/I SY E/ OTM/STAT 632 | Introduction to Stochastic Processes |
| MATH/I SY E/ OTM 633 | Queuing Theory and Stochastic Modeling |
| MATH 635 | An Introduction to Brownian Motion and Stochastic Calculus |
| MATH/E C E 641 | Introduction to Error-Correcting Codes |
| MATH 681 | Senior Honors Thesis |
| MATH 682 | Senior Honors Thesis |
| MATH 691 | Undergraduate Thesis |
| MATH 692 | Undergraduate Thesis |
| MATH 698 | Directed Study |
| MATH 699 | Directed Study |
| Total Credits | 21 |

[1] Only one of these courses will count toward the major: MATH 320 Linear Algebra and Differential Equations, MATH 340 Elementary Matrix and Linear Algebra, MATH 341 Linear Algebra, MATH 375 Topics in Multi-Variable Calculus and Linear Algebra

[2] A course may only apply once toward the seven courses required for the major. Thus, a course used to meet the Analysis, Topology and Algebra requirement may *not* also be used to meet the requirement for MATH 500-699 requirement and a course used to meet the MATH 500-699 requirement may *not* also be used in the Additional Math requirement.

[3] Only one course in Probability may count in the major from: MATH/STAT 309 Introduction to Probability and Mathematical Statistics I, MATH 331 An Introduction to Probability and Markov Chain Models, MATH/STAT 431 Introduction to the Theory of Probability.

[4] Only one course in Elementary Differential Equations may count in the major, from MATH 319 Techniques in Ordinary Differential Equations, MATH 320 Linear Algebra and Differential Equations, MATH 376 Topics in Multi-Variable Calculus and Differential Equations.

## FOCUSED PATH

This program allows students to focus on mathematics associated to one specific area or application. Students interested in a focused mathematics program (e.g., actuarial mathematics, cryptography, etc.) or a dual major program often choose this path. A mathematics advisor must approve the collection of courses used to complete major requirements prior to major declaration.

### Mathematics requirements: Six courses required

| Code | Title | Credits |
|---|---|---|
| **Linear Algebra (complete one):** [1] | | 3 |
| MATH 341 | Linear Algebra | |
| or MATH 320 | Linear Algebra and Differential Equations | |
| or MATH 340 | Elementary Matrix and Linear Algebra | |
| or MATH 375 | Topics in Multi-Variable Calculus and Linear Algebra | |
| **Math 500-699 (complete two):** [2] | | 3 |
| MATH/ COMP SCI 513 | Numerical Linear Algebra | |
| MATH/ COMP SCI 514 | Numerical Analysis | |
| MATH 519 | Ordinary Differential Equations | |
| MATH 521 | Analysis I | |
| MATH 522 | Analysis II | |
| MATH/COMP SCI/ I SY E/STAT 525 | Linear Optimization | |
| MATH 531 | Probability Theory | |
| MATH 535 | Mathematical Methods in Data Science | |
| MATH 540 | Linear Algebra II | |
| MATH 541 | Modern Algebra | |
| MATH 542 | Modern Algebra | |
| MATH 551 | Elementary Topology | |
| MATH 552 | Elementary Geometric and Algebraic Topology | |
| MATH 561 | Differential Geometry | |
| MATH 567 | Modern Number Theory | |
| MATH 570 | Fundamentals of Set Theory | |
| MATH/ PHILOS 571 | Mathematical Logic | |
| MATH 605 | Stochastic Methods for Biology | |
| MATH/B M I/ BIOCHEM/ BMOLCHEM 606 | Mathematical Methods for Structural Biology | |
| MATH 607 | Topics in Mathematics Study Abroad | |
| MATH 608 | Mathematical Methods for Continuum Modeling in Biology | |
| MATH/B M I/ BIOCHEM/ BMOLCHEM 609 | Mathematical Methods for Systems Biology | |
| MATH 619 | Analysis of Partial Differential Equations | |
| MATH 621 | Analysis III | |
| MATH 623 | Complex Analysis | |
| MATH 627 | Introduction to Fourier Analysis | |
| MATH 629 | Introduction to Measure and Integration | |
| MATH/I SY E/ OTM/STAT 632 | Introduction to Stochastic Processes | |
| MATH/I SY E/ OTM 633 | Queuing Theory and Stochastic Modeling | |
| MATH 635 | An Introduction to Brownian Motion and Stochastic Calculus | |
| MATH/E C E 641 | Introduction to Error-Correcting Codes | |
| MATH 681 | Senior Honors Thesis | |
| MATH 682 | Senior Honors Thesis | |
| MATH 691 | Undergraduate Thesis | |
| MATH 692 | Undergraduate Thesis | |
| MATH 698 | Directed Study | |
| MATH 699 | Directed Study | |
| **Additional Math to achieve six MATH courses** [2] | | 9 |
| MATH/STAT 309 | Introduction to Probability and Mathematical Statistics I [3] | |
| or MATH 331 | An Introduction to Probability and Markov Chain Models | |
| or MATH/ STAT 431 | Introduction to the Theory of Probability | |
| MATH/STAT 310 | Introduction to Probability and Mathematical Statistics II | |
| MATH 319 | Techniques in Ordinary Differential Equations [4] | |
| or MATH 320 | Linear Algebra and Differential Equations | |
| or MATH 376 | Topics in Multi-Variable Calculus and Differential Equations | |
| MATH 321 | Applied Mathematical Analysis | |
| MATH 322 | Applied Mathematical Analysis | |
| MATH 407 | Topics in Mathematics Study Abroad | |
| MATH 415 | Applied Dynamical Systems, Chaos and Modeling | |

| | |
|---|---|
| MATH 421 | The Theory of Single Variable Calculus |
| MATH/COMP SCI/ I SY E 425 | Introduction to Combinatorial Optimization |
| MATH/COMP SCI/ E C E 435 | Introduction to Cryptography |
| MATH 441 | Introduction to Modern Algebra |
| MATH 443 | Applied Linear Algebra |
| MATH 461 | College Geometry I |
| MATH 467 | Introduction to Number Theory |
| MATH/ HIST SCI 473 | History of Mathematics |
| MATH/COMP SCI/ STAT 475 | Introduction to Combinatorics |
| MATH 490 | Undergraduate Seminar |
| MATH 491 | Topics in Undergraduate Mathematics |
| MATH/ COMP SCI 513 | Numerical Linear Algebra |
| MATH/ COMP SCI 514 | Numerical Analysis |
| MATH 519 | Ordinary Differential Equations |
| MATH 521 | Analysis I |
| MATH 522 | Analysis II |
| MATH/COMP SCI/ I SY E/STAT 525 | Linear Optimization |
| MATH 531 | Probability Theory |
| MATH 535 | Mathematical Methods in Data Science |
| MATH 540 | Linear Algebra II |
| MATH 541 | Modern Algebra |
| MATH 542 | Modern Algebra |
| MATH 551 | Elementary Topology |
| MATH 552 | Elementary Geometric and Algebraic Topology |
| MATH 561 | Differential Geometry |
| MATH 567 | Modern Number Theory |
| MATH 570 | Fundamentals of Set Theory |
| MATH/ PHILOS 571 | Mathematical Logic |
| MATH 605 | Stochastic Methods for Biology |
| MATH/B M I/ BIOCHEM/ BMOLCHEM 606 | Mathematical Methods for Structural Biology |
| MATH 607 | Topics in Mathematics Study Abroad |
| MATH 608 | Mathematical Methods for Continuum Modeling in Biology |
| MATH/B M I/ BIOCHEM/ BMOLCHEM 609 | Mathematical Methods for Systems Biology |
| MATH 619 | Analysis of Partial Differential Equations |
| MATH 621 | Analysis III |
| MATH 623 | Complex Analysis |
| MATH 627 | Introduction to Fourier Analysis |
| MATH 629 | Introduction to Measure and Integration |
| MATH/I SY E/ OTM/STAT 632 | Introduction to Stochastic Processes |
| MATH/I SY E/ OTM 633 | Queuing Theory and Stochastic Modeling |
| MATH 635 | An Introduction to Brownian Motion and Stochastic Calculus |
| MATH/E C E 641 | Introduction to Error-Correcting Codes |
| MATH 681 | Senior Honors Thesis |
| MATH 682 | Senior Honors Thesis |
| MATH 691 | Undergraduate Thesis |
| MATH 692 | Undergraduate Thesis |
| MATH 698 | Directed Study |
| MATH 699 | Directed Study |
| Total Credits | 15 |

## Applied Concentration Area

Four additional courses focused in an applied area.

- The following focus areas have been pre-approved and may be useful for planning purposes, though any collection of four courses approved by a mathematics advisor can be used to fulfill the focus area requirement.
- Math courses may fulfill the requirements in the focus, but cannot also count for the six mathematics courses required.
- Course listed here may have prerequisites. Students should plan for appropriate prerequisite coursework for approved courses. Permission to enroll in courses taught outside of MATH is determined by the subject-area department.

## Pre-Approved Focus areas:

### Actuarial Mathematics

| Code | Title | Credits |
|---|---|---|
| ACT SCI 303 | Theory of Interest | 3 |
| ACT SCI 650 & ACT SCI 652 | Actuarial Mathematics I and Loss Models I | 6 |
| ACT SCI 651 | Actuarial Mathematics II | 3 |
| or ACT SCI 653 | Loss Models II | |
| Total Credits | | 12 |

### Astronomy

| Code | Title | Credits |
|---|---|---|
| *Select two from the following:* | | *12* |
| ASTRON 310 | Stellar Astrophysics | |
| ASTRON 320 | The Interstellar Medium | |
| ASTRON 335 | Cosmology | |
| *Any two 3-credit PHYSICS courses numbered 400 and above, excluding labs* | | |
| Total Credits | | 12 |

### Atmospheric & Oceanic Studies

| Code | Title | Credits |
|---|---|---|
| ATM OCN 310 | Dynamics of the Atmosphere and Ocean I | 3 |

| | | |
|---|---|---|
| ATM OCN 311 | Dynamics of the Atmosphere and Ocean II | 3 |
| ATM OCN 330 | Physics of the Atmosphere and Ocean I | 3 |
| PHYSICS 208 | General Physics | 5 |
| or PHYSICS 248 | A Modern Introduction to Physics | |
| Total Credits | | 14 |

### Bio-Informatics

| Code | Title | Credits |
|---|---|---|
| B M I/COMP SCI 576 | Introduction to Bioinformatics | 3 |
| COMP SCI 300 | Programming II | 3 |
| COMP SCI 400 | Programming III | 3 |
| GENETICS 466 | Principles of Genetics | 3 |
| Total Credits | | 12 |

### Bio-Statistics

| Code | Title | Credits |
|---|---|---|
| STAT 333 | Applied Regression Analysis | 3 |
| STAT/M E 424 | Statistical Experimental Design | 3 |
| STAT 575 | Statistical Methods for Spatial Data | 3 |
| STAT/B M I 641 | Statistical Methods for Clinical Trials | 3 |
| STAT/B M I 642 | Statistical Methods for Epidemiology | 3 |
| Total Credits | | 15 |

### Business

| Code | Title | Credits |
|---|---|---|
| MATH/COMP SCI/ I SY E/STAT 525 | Linear Optimization | 3 |
| OTM 410 | Operations Research I | 3 |
| *And two from the following:* | | *6* |
| GEN BUS 306 | Business Analytics I | |
| GEN BUS 307 | Business Analytics II | |
| OTM 451 | Service Operations Management | |
| OTM 411 | Operations Research II | |
| OTM/I SY E/ MATH 633 | Queuing Theory and Stochastic Modeling | |
| OTM 654 | Production Planning and Control | |
| Total Credits | | 12 |

### Chemical Engineering

| Code | Title | Credits |
|---|---|---|
| CBE/B M E 320 | Introductory Transport Phenomena | 4 |
| CBE 326 | Momentum and Heat Transfer Operations | 3 |
| CBE 426 | Mass Transfer Operations | 3 |
| CBE 470 | Process Dynamics and Control | 3 |
| Total Credits | | 13 |

### Chemistry

| Code | Title | Credits |
|---|---|---|
| CHEM 327 | Fundamentals of Analytical Science | 4 |
| or CHEM 329 | Fundamentals of Analytical Science | |
| CHEM 561 | Physical Chemistry | 3 |
| CHEM 562 | Physical Chemistry | 3 |
| PHYSICS 208 | General Physics | 5 |
| or PHYSICS 248 | A Modern Introduction to Physics | |
| Total Credits | | 15 |

### Civil and Environmental Engineering

| Code | Title | Credits |
|---|---|---|
| CIV ENGR 310 | Fluid Mechanics | 3 |
| CIV ENGR 311 | Hydroscience | 3 |
| CIV ENGR 340 | Structural Analysis I | 3 |
| *And one of the following:* | | *3* |
| CIV ENGR 440 | Structural Analysis II | |
| CIV ENGR 442 | Wood Structures I | |
| CIV ENGR 445 | Steel Structures I | |
| CIV ENGR 447 | Concrete Structures I | |
| Total Credits | | 12 |

### Computational Methods

| Code | Title | Credits |
|---|---|---|
| *Complete four courses from:* | | *12* |
| COMP SCI/ E C E 352 | Digital System Fundamentals | |
| COMP SCI 400 | Programming III | |
| COMP SCI 412 | Introduction to Numerical Methods | |
| COMP SCI/E C E/ MATH 435 | Introduction to Cryptography | |
| COMP SCI/MATH/ STAT 475 | Introduction to Combinatorics | |
| COMP SCI/ MATH 513 | Numerical Linear Algebra | |
| COMP SCI/ MATH 514 | Numerical Analysis | |
| COMP SCI/I SY E/ MATH/STAT 525 | Linear Optimization | |
| COMP SCI/ E C E 533 | Image Processing | |
| COMP SCI 540 | Introduction to Artificial Intelligence | |
| COMP SCI 545 | Natural Language and Computing | |
| COMP SCI/I SY E/ M E 558 | Introduction to Computational Geometry | |
| COMP SCI 559 | Computer Graphics | |
| Total Credits | | 12 |

### Cryptography

| Code | Title | Credits |
|---|---|---|
| COMP SCI 300 | Programming II | 3 |
| COMP SCI 400 | Programming III | 3 |
| *And two of the following:* | | *6* |
| COMP SCI 537 | Introduction to Operating Systems | |
| COMP SCI 642 | Introduction to Information Security | |
| E C E/ COMP SCI 352 | Digital System Fundamentals | |

| | | |
|---|---|---|
| E C E/MATH 641 | Introduction to Error-Correcting Codes | |
| Total Credits | | 12 |

### Computer Sciences Theory

| Code | Title | Credits |
|---|---|---|
| COMP SCI 520 | Introduction to Theory of Computing | 3 |
| COMP SCI 577 | Introduction to Algorithms | 4 |
| *And two of the following:* | | *6* |
| COMP SCI/ E C E 352 | Digital System Fundamentals | |
| COMP SCI 400 | Programming III | |
| COMP SCI 412 | Introduction to Numerical Methods | |
| COMP SCI/E C E/ MATH 435 | Introduction to Cryptography | |
| COMP SCI/MATH/ STAT 475 | Introduction to Combinatorics | |
| COMP SCI/ MATH 513 | Numerical Linear Algebra | |
| COMP SCI/ MATH 514 | Numerical Analysis | |
| COMP SCI/I SY E/ MATH/STAT 525 | Linear Optimization | |
| COMP SCI/ E C E 533 | Image Processing | |
| COMP SCI 540 | Introduction to Artificial Intelligence | |
| COMP SCI 545 | Natural Language and Computing | |
| COMP SCI/I SY E/ M E 558 | Introduction to Computational Geometry | |
| COMP SCI 559 | Computer Graphics | |
| Total Credits | | 13 |

### Ecology

| Code | Title | Credits |
|---|---|---|
| COMP SCI 412 | Introduction to Numerical Methods | 3 |
| ENVIR ST/A A E/ F&W ECOL 652 | Decision Methods for Natural Resource Managers | 3-4 |
| ZOOLOGY 504 | Modeling Animal Landscapes | 3-5 |
| ZOOLOGY/BOTANY/ F&W ECOL 460 | General Ecology | 4 |
| ZOOLOGY/ ENTOM 540 | Theoretical Ecology | 3 |
| Total Credits | | 16-19 |

### Ecology, Forestry, Wildlife Ecology

| Code | Title | Credits |
|---|---|---|
| MATH/STAT 310 | Introduction to Probability and Mathematical Statistics II | 3 |
| COMP SCI 412 | Introduction to Numerical Methods | 3 |
| *And two of the following:* | | *6* |
| ZOOLOGY/ BOTANY/ F&W ECOL 460 | General Ecology | |
| ZOOLOGY 504 | Modeling Animal Landscapes | |
| ZOOLOGY/ ENTOM 540 | Theoretical Ecology | |
| F&W ECOL 300 | Forest Biometry | |
| F&W ECOL 410 | Principles of Silviculture | |
| F&W ECOL/ BOTANY/ ZOOLOGY 460 | General Ecology | |
| F&W ECOL/A A E/ ECON 531 | Natural Resource Economics | |
| F&W ECOL/A A E/ ENVIR ST 652 | Decision Methods for Natural Resource Managers | |
| F&W ECOL 655 | Animal Population Dynamics | |
| Total Credits | | 12 |

### Economics

| Code | Title | Credits |
|---|---|---|
| ECON 301 | Intermediate Microeconomic Theory | 3-4 |
| or ECON 311 | Intermediate Microeconomic Theory - Advanced Treatment | |
| ECON 302 | Intermediate Macroeconomic Theory | 3-4 |
| or ECON 312 | Intermediate Macroeconomic Theory - Advanced Treatment | |
| *And two of the following:* | | *6-8* |
| ECON 410 | Introductory Econometrics | |
| ECON 475 | Economics of Growth | |
| ECON 503 | Markets with Frictions | |
| ECON 521 | Game Theory and Economic Analysis | |
| ECON 525 | Economics of Education: Theory and Measurement | |
| ECON 666 | Issues in International Finance | |
| MATH 415 | Applied Dynamical Systems, Chaos and Modeling | |
| MATH/I SY E/ OTM/STAT 632 | Introduction to Stochastic Processes | |
| STAT/MATH 310 | Introduction to Probability and Mathematical Statistics II | |
| Total Credits | | 12-16 |

### Electrical and Computer Engineering

| Code | Title | Credits |
|---|---|---|
| E C E 220 | Electrodynamics I | 3 |
| E C E 230 | Circuit Analysis | 4 |
| E C E/COMP SCI 352 | Digital System Fundamentals | 3 |
| *And one of the following:* | | *3* |
| E C E/COMP SCI/ MATH 435 | Introduction to Cryptography | |
| E C E/N E/ PHYSICS 525 | Introduction to Plasmas | |
| E C E/ COMP SCI 533 | Image Processing | |
| Total Credits | | 13 |

### Engineering Mechanics and Astronautics

| Code | Title | Credits |
|---|---|---|
| E M A 201 | Statics | 3 |
| E M A 202 | Dynamics | 3 |
| E M A 303 | Mechanics of Materials | 3 |
| *And one of the following:* | | *3* |
| E M A 521 | Aerodynamics | |
| E M A 542 | Advanced Dynamics | |
| E M A 545 | Mechanical Vibrations | |

### Finance

| Code | Title | Credits |
|---|---|---|
| ECON 410 | Introductory Econometrics | 4 |
| or MATH/ STAT 310 | Introduction to Probability and Mathematical Statistics II | |
| FINANCE/ECON 300 | Introduction to Finance | 3 |
| FINANCE/ECON 320 | Investment Theory | 3 |
| FINANCE 330 | Derivative Securities | 3 |
| Total Credits | | 13 |

### Forestry

| Code | Title | Credits |
|---|---|---|
| F&W ECOL 300 | Forest Biometry | 4 |
| F&W ECOL 410 | Principles of Silviculture | 3 |
| F&W ECOL/A A E/ ENVIR ST 652 | Decision Methods for Natural Resource Managers | 3-4 |
| F&W ECOL 635 | Forest Stand Dynamics | 1-2 |
| Total Credits | | 11-13 |

### Genetics

| Code | Title | Credits |
|---|---|---|
| GENETICS 466 | Principles of Genetics | 3 |
| GENETICS 564 | Genomics and Proteomics | 3 |
| GENETICS/ MD GENET 565 | Human Genetics | 3 |
| GENETICS/ CHEM 626 | Genomic Science | 2 |
| Total Credits | | 11 |

### Industrial Engineering

| Code | Title | Credits |
|---|---|---|
| I SY E 315 | Production Planning and Control | 3 |
| I SY E 320 | Simulation and Probabilistic Modeling | 3 |
| I SY E 323 | Operations Research-Deterministic Modeling | 3 |
| *And one of the following:* | | *3* |
| I SY E/COMP SCI/ MATH 425 | Introduction to Combinatorial Optimization | |
| I SY E 516 | Introduction to Decision Analysis | |
| I SY E/COMP SCI/ MATH/STAT 525 | Linear Optimization | |
| I SY E/ COMP SCI 526 | Advanced Linear Programming | |
| I SY E/COMP SCI/ M E 558 | Introduction to Computational Geometry | |
| I SY E 575 | Introduction to Quality Engineering | |
| I SY E 615 | Production Systems Control | |
| I SY E 620 | Simulation Modeling and Analysis | |
| I SY E 624 | Stochastic Modeling Techniques | |
| I SY E/ COMP SCI 635 | Tools and Environments for Optimization | |
| I SY E/M E 643 | Performance Analysis of Manufacturing Systems | |
| Total Credits | | 12 |

### Mechanical Engineering

| Code | Title | Credits |
|---|---|---|
| M E 340 | Dynamic Systems | 3 |
| M E 361 | Thermodynamics | 3 |
| M E 363 | Fluid Dynamics | 3 |
| M E 364 | Elementary Heat Transfer | 3 |
| Total Credits | | 12 |

### Materials Science

| Code | Title | Credits |
|---|---|---|
| M S & E 330 | Thermodynamics of Materials | 4 |
| M S & E 331 | Transport Phenomena in Materials | 3 |
| M S & E 351 | Materials Science-Structure and Property Relations in Solids | 3 |
| *And one of the following:* | | *3* |
| CBE 255 | Introduction to Chemical Process Modeling | |
| COMP SCI 300 | Programming II | |
| COMP SCI 310 | Problem Solving Using Computers | |
| E C E 230 | Circuit Analysis | |
| E C E 376 | Electrical and Electronic Circuits | |
| E C E 303 | Introduction to Real-Time Digital Signal Processing | |
| PHYSICS 321 | Electric Circuits and Electronics | |
| STAT/M E 424 | Statistical Experimental Design | |
| Total Credits | | 13 |

### Nuclear Engineering

| Code | Title | Credits |
|---|---|---|
| N E 305 | Fundamentals of Nuclear Engineering | 3 |
| N E 405 | Nuclear Reactor Theory | 3 |
| N E 408 | Ionizing Radiation | 3 |
| *And one of the following:* | | *3* |
| N E 411 | Nuclear Reactor Engineering | |
| PHYSICS 321 | Electric Circuits and Electronics | |
| PHYSICS 322 | Electromagnetic Fields | |
| E C E 376 | Electrical and Electronic Circuits | |
| B M E/H ONCOL/ MED PHYS/ PHYSICS 501 | Radiological Physics and Dosimetry | |
| Total Credits | | 12 |

### Physics

| Code | Title | Credits |
|---|---|---|
| PHYSICS 311 | Mechanics | 3 |
| PHYSICS 322 | Electromagnetic Fields | 3 |
| *And two from the following:* | | *6* |
| PHYSICS 415 | Thermal Physics | |
| PHYSICS 448 | Atomic and Quantum Physics | |
| PHYSICS 449 | Atomic and Quantum Physics | |
| PHYSICS/E C E/ N E 525 | Introduction to Plasmas | |
| PHYSICS 531 | Introduction to Quantum Mechanics | |
| PHYSICS 535 | Introduction to Particle Physics | |
| PHYSICS 545 | Introduction to Atomic Structure | |
| PHYSICS 551 | Solid State Physics | |
| Total Credits | | 12 |

### Secondary Education

| Code | Title | Credits |
|---|---|---|
| MATH/CURRIC 471 | Mathematics for Secondary School Teachers | 3 |
| MATH/HIST SCI 473 | History of Mathematics | 3 |
| *And two from the following:* | | *6* |
| COMP SCI 300 | Programming II | |
| MATH 421 | The Theory of Single Variable Calculus | |
| MATH/COMP SCI/ STAT 475 | Introduction to Combinatorics | |
| MATH 561 | Differential Geometry | |
| MATH 567 | Modern Number Theory | |
| PHYSICS 207 | General Physics | |
| Total Credits | | 12 |

### Statistics

| Code | Title | Credits |
|---|---|---|
| STAT 333 | Applied Regression Analysis | 3 |
| STAT/M E 424 | Statistical Experimental Design | 3 |
| *And two from the following:* | | *6* |
| STAT/MATH 309 | Introduction to Probability and Mathematical Statistics I | |
| STAT/MATH 310 | Introduction to Probability and Mathematical Statistics II | |
| STAT 349 | Introduction to Time Series | |
| STAT 351 | Introductory Nonparametric Statistics | |
| STAT 411 | An Introduction to Sample Survey Theory and Methods | |
| STAT 421 | Applied Categorical Data Analysis | |
| STAT 456 | Applied Multivariate Analysis | |

| STAT/COMP SCI/ MATH 475 | Introduction to Combinatorics | |
| STAT 479 | Special Topics in Statistics | |
| STAT 609 | Mathematical Statistics I | |
| STAT 610 | Introduction to Statistical Inference | |
| STAT/I SY E/ MATH/OTM 632 | Introduction to Stochastic Processes | |
| Total Credits | | 12 |

### Structural Biology

| Code | Title | Credits |
|---|---|---|
| MATH/B M I/ BIOCHEM/ BMOLCHEM 606 | Mathematical Methods for Structural Biology | 3 |
| CHEM 327 | Fundamentals of Analytical Science | 4 |
| or CHEM 329 | Fundamentals of Analytical Science | |
| CHEM 561 | Physical Chemistry | 3 |
| CHEM 562 | Physical Chemistry | 3 |
| Total Credits | | 13 |

### Systems Biology

| Code | Title | Credits |
|---|---|---|
| BIOCHEM 501 | Introduction to Biochemistry | 3 |
| CHEM 341 | Elementary Organic Chemistry | 3 |
| or CHEM 343 | Introductory Organic Chemistry | |
| MATH/B M I/ BIOCHEM/ BMOLCHEM 609 | Mathematical Methods for Systems Biology | 3 |
| Any one BIOCHEM course numbered 600 and higher | | 3 |
| Total Credits | | 12 |

## RESIDENCE AND QUALITY OF WORK

2.000 GPA in all MATH and major courses
2.000 GPA on 15 upper-level major credits, taken in residence [1]
15 credits in MATH, taken on the UW–Madison campus

[1] MATH courses numbered 307–699 are considered upper level in the major.

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Mathematics Honors advisor (https://www.math.wisc.edu/undergraduate/advising); this should be done by the start of the junior year.

## HONORS IN THE MATHEMATICS MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all MATH courses, and all courses accepted in the major
- Complete the following courses, with individual grades of B or better:

| Code | Title | Credits |
|---|---|---|
| MATH 521 & MATH 522 | Analysis I and Analysis II (Taken for Honors) [1] | |
| MATH 541 & MATH 542 | Modern Algebra and Modern Algebra (Taken for Honors) [1] | |

Select at least two more courses from MATH 500 through MATH/E C E 641, the following will usually be one of the courses: [2]

| | |
|---|---|
| MATH 551 | Elementary Topology |

Select one of these Capstone projects: [2]

| | |
|---|---|
| MATH 681 & MATH 682 | Senior Honors Thesis and Senior Honors Thesis (For a total of 6 credits) |

A sequence of two upper-level mathematics courses deemed acceptable by the Mathematics Honors advisor [2]

1 At least one of the two sequences (MATH 521–MATH 522 or MATH 541–MATH 542) must be completed prior to enrolling in the Capstone project.

2 Chosen in consultation with the Mathematics Honors advisor.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. State, explain, and apply the principal results, definitions, and theorems of a wide collection of mathematical areas including at least one area of advanced undergraduate mathematics.
2. Construct and evaluate mathematical proofs and arguments.
3. Acquire a diverse set of skills and strategies in mathematical reasoning/problem solving.
4. Use mathematics to model and analyze phenomena in other disciplines.
5. Write, explain, and present mathematics to both experts and non--experts.

## FOUR-YEAR PLAN

The Sample Four-Year Plan is a tool to assist you and your advisor(s). Use it along with your DARS report and the Course Guide. You will make your own Four-Year Plan based on your placement scores, incoming credits, and individual interests. As you become involved in athletics, research, student organizations, study abroad, volunteer experiences, and/or work, you might adjust the order of your courses to make room for these experiences. You will likely revise your 4-year plan several times during college.

**Traditional Mathematics Major - Bachelor of Arts/Science Degree**

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| MATH 221[1,2,3] | 5 | MATH 222[2,3] | 4 |
| Communication-A (must be completed in first year) | 3 | Ethnic Studies (must be completed in first 60 credits) | 3 |
| Foreign Language [if required] | 4 | Foreign Language [if required] | 4 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| | 15 | | 14 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| MATH Prerequisite (234)[2,3] | 4 | MATH Linear Algebra[4] | 3 |
| Communication-B | 3 | Intermediate MATH[5,6] | 3 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| Elective | 3 | Elective | 3 |
| | 16-18 | | 15 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Intermediate MATH[6] | 3 | Intermediate MATH[6] | 3 |
| L&S Breadth | 3 | Advanced MATH[7] | 3 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| Elective | 3 | L&S Breadth | 3 |
| Elective | 3 | Elective | 3 |
| | 15 | | 15 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Advanced MATH[7] | 3 | L&S Breadth | 3 |
| L&S Breadth | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Advanced MATH[7] | 3 |
| | 15 | | 15 |

Total Credits 120-122

**Focused Mathematics Major - Bachelor of Arts/Science Degree**

Note: approval of math and application courses required.

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| MATH 221[1,2,3] | 5 | MATH 222[2,3] | 4 |
| MATH Option 2 Applied Concentration Area Course Prerequisite or L&S Bredth | 3 | MATH Major Option 2 Applied Concentration Area Course Prerequisite or L&S Breadth | 3 |
| Communication-A (must be completed in first year) | 3 | Ethnic Studies (must be completed in first 60 credits) | 3 |

| | | | |
|---|---|---|---|
| Foreign Language [if required] | 4 | Foreign Language [if required for the BA] | 4 |
| | 15 | | 14 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| MATH 234[2,3] | 4 | MATH Linear Algebra[4] | 3 |
| MATH Option 2 Applied Concentration Area Course Prerequisite or L&S Breadth | 3 | Intermediate MATH[5,6] | 3 |
| Communication-B | 3-5 | MATH Major Option 2 Applied Concentration Area Course Prerequisite or L&S Breadth | 3 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| Elective | 3 | L&S Breadth | 3 |
| | 16-18 | | 15 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Intermediate MATH[6] | 3 | Intermediate MATH[6] | 3 |
| MATH Major Option 2 Applied Concentration Area Course[8] | 3 | MATH Major Option 2 Applied Concentration Area Course[8] | 3 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| Elective | 3 | Elective | 3 |
| | 15 | | 15 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Advanced MATH[7] | 3 | Advanced MATH[7] | 3 |
| MATH Major Option 2 Applied Concentration Area Course[8] | 3 | MATH Major Option 2 Applied Concentration Area Course[8] | 3 |
| L&S Breadth or Elective | 3 | L&S Breadth or Elective | 3 |
| L&S Breadth or Elective | 3 | L&S Breadth or Elective | 3 |
| Elective | 3 | Elective | 3 |
| | 15 | | 15 |

Total Credits 120-122

L&S requires all students to complete at least 60 credits at the Intermediate or Advanced level.

Students must declare a major by the time they reach Senior standing (86 credits).

Please refer to the Requirements tab in Guide for additional College of Letters & Science Breadth and Degree Requirements as well as Residence and Quality of Work requirements for the major.

1 Math majors will naturally complete Quantitative Reasoning requirements with the introductory calculus courses required to declare the major.

2 This course counts for the Natural Science L&S Breadth requirement for the Bachelor of Arts (BA) degree.

3 Declaration of the Mathematics major requires a 2.500 cumulative GPA across the introductory calculus sequence. Students that are unable to establish a GPA for any courses in the introductory calculus sequence are encouraged to speak with a math major advisor as soon as possible.

4 E.g., MATH 320 Linear Algebra and Differential Equations, MATH 340 Elementary Matrix and Linear Algebra, or MATH 341 Linear Algebra.

5 MATH 321 Applied Mathematical Analysis or MATH 421 The Theory of Single Variable Calculus strongly recommended

6 An intermediate level math course is any numbered above 306 excluding MATH 320 Linear Algebra and Differential Equations, MATH 340 Elementary Matrix and Linear Algebra, or MATH 341 Linear Algebra, or MATH/CURRIC 471 Mathematics for Secondary School Teachers.

7 An advanced level MATH course is any numbered above 500.

8 Discuss options for these courses with a mathematics major advisor.

## ADVISING AND CAREERS

# ADVISING

Students who are interested in the math major should visit a faculty advisor. During the fall and spring semesters several faculty advisors have regular drop-in office hours. The current list of advisors and the schedule of the office hours can be found at the Math advising page (https://www.math.wisc.edu/undergraduate/advising). During the winter break and the summer semester there is no drop-in advising, students should contact one of the advisors to set up an appointment.

For advice on college algebra, pre-calculus, and calculus, see the placement advising pages (https://www.math.wisc.edu/undergraduate/placement) of the department.

# TRANSITION COURSES

Students are strongly recommended to include one of the following courses in their major program before moving into MATH 500 and higher.

| Code | Title | Credits |
|---|---|---|
| MATH 341 | Linear Algebra | |
| MATH 375 | Topics in Multi-Variable Calculus and Linear Algebra | |
| MATH 421 | The Theory of Single Variable Calculus | |

# GRADUATE STUDY

Students preparing for graduate work in mathematics should take the following courses:

| Code | Title | Credits |
|---|---|---|
| MATH 341 | Linear Algebra | 3 |
| or MATH 375 | Topics in Multi-Variable Calculus and Linear Algebra | |
| MATH 521 | Analysis I | 3 |
| MATH 522 | Analysis II | 3 |
| MATH 541 | Modern Algebra | 3 |
| MATH 542 | Modern Algebra | 3 |
| MATH 551 | Elementary Topology | 3 |
| or MATH 561 | Differential Geometry | |

Select at least two other courses at the 500 level or higher

Students who plan to enter a mathematics Ph.D. program should acquire a reading knowledge of at least one foreign language as early as possible. For mathematics study, the most useful languages are French, German, and Russian.

## CAREERS

In recent years graduating math majors have obtained employment in a variety of jobs in business, industry, and governmental agencies and also have obtained teaching positions at the secondary school level (such teaching positions normally require teaching certification). Others have continued their education at the graduate level in mathematics and other fields. Departments in a variety of fields which use mathematics, including the social and biological sciences as well as in engineering and the physical sciences, are interested in attracting math majors into their graduate programs. Math Ph.D.'s obtain academic positions at the college and university level and nonacademic positions entailing consulting and research. The math major requirements are flexible enough to allow preparation for various goals.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

### FACULTY

Professors Angenent, Arinkin, Assadi, Bolotin, Boston, Caldararu, Craciun, Denissov, Ellenberg, Feldman, Gong, Jin, Lempp, Mari-Beffa, Maxim, Miller, Mitchell, Paul, Roch, Seeger, Seppalainen, Smith, Terwilliger, Thiffeault, Valko, Viaclovsky, Waleffe, Yang.

Associate Professors Anderson, Gurevich, Stechmann, Street, Kent.

Assistant Professors Andrews, Dymarz, Erman, Kim, Marshall, Sam, Spagnolie, Stovall, Tran, B. Wang, L. Wang, M. Matchett Wood, P. Matchett Wood, Li.

### ACADEMIC STAFF

Anzaldo (Precalculus Coordinator), Benguria-Andrews (Calculus Coordinator), Hanhart (Associate Director of Undergraduate Studies), Kwon (Math 13X Coordinator), Malekpour (Director of the Instructional Excellence Program, WISCEL), Rivard (Placement and Enrollment Coordinator)

# MATHEMATICS, B.S.

Mathematics is classified with both the humanities and the sciences. Its position among the humanities is based on the study of mathematics as one of the liberal arts for more than two thousand years. Still an expanding subject, mathematics offers more new and challenging frontiers than at any time in its long history—with many new fields, requiring new techniques and ideas for exploration.

The place of mathematics among the sciences is well founded. The natural sciences have invariably turned to mathematics for techniques needed to explore the consequences of scientific theories. In the last few decades social scientists have increasingly found higher mathematics of value in their training and research.

In recent years graduating math majors have obtained employment in a variety of jobs in business, industry, and governmental agencies and also have obtained teaching positions at the secondary school level (such teaching positions normally require teaching certification). Others have continued their education at the graduate level in mathematics and other fields. Departments in a variety of fields which use mathematics, including some in the social and biological sciences as well as in engineering and the physical sciences, are interested in attracting math majors into their graduate programs. Math Ph.D.'s obtain academic positions at the college and university level and nonacademic positions entailing consulting and research. The math major requirements are flexible enough to allow preparation for various goals.

Students interested in mathematics might also consider the related degree program in applied mathematics, engineering and physics (p. 1113).

## HOW TO GET IN

## DECLARATION

To declare a major in mathematics, a student must have completed MATH 221, MATH 222, and MATH 234 with a 2.500 GPA or better. Major advisors may waive this requirement for students with alternative coursework and experiences. Students should meet with a math advisor before declaring in order to discuss course selection and major plan. Majors are provided with math advisor information at the math advising page (http://www.math.wisc.edu/undergraduate/advising).

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# TRADITIONAL & FOCUSED MATH

There are two ways to complete a Mathematics major: the traditional or focused path. The traditional path emphasizes breadth in the field by requiring students to explore at least two areas of advanced mathematics. The focused path allows students to choose one area of mathematics (e.g., probability) or associated application field (e.g., bioinformatics) and choose a course plan which may combine courses offered by mathematics and other department. Both programs are flexible by design and course selection should be done with the guidance of an advisor. In particular, any focused major plan **must** be approved by an advisor prior to declaration.

# REQUIREMENTS FOR THE MAJOR

## TRADITIONAL PATH

The traditional mathematics program requires exposure to at least two areas of mathematics at the advanced undergraduate level. This major is best for students who have a broad interest in many areas of mathematics. Students interested in honors in the major should also choose this option.

### Seven MATH courses are required, as follows:

| Code | Title | Credits |
|---|---|---|
| **Linear Algebra (complete one):** [1] | | 3 |
| MATH 341 | Linear Algebra (recommended) | |
| or MATH 320 | Linear Algebra and Differential Equations | |
| or MATH 340 | Elementary Matrix and Linear Algebra | |
| or MATH 375 | Topics in Multi-Variable Calculus and Linear Algebra | |
| **Analysis, Topology, Algebra (complete two):** | | 6 |
| MATH 521 | Analysis I | |

| | | |
|---|---|---|
| MATH 541 | Modern Algebra | |
| MATH 551 | Elementary Topology | |
| **Math 500-699 (complete one):** [2] | | 3 |
| MATH/ COMP SCI 513 | Numerical Linear Algebra | |
| MATH/ COMP SCI 514 | Numerical Analysis | |
| MATH 519 | Ordinary Differential Equations | |
| MATH 521 | Analysis I | |
| MATH 522 | Analysis II | |
| MATH/COMP SCI/ I SY E/STAT 525 | Linear Optimization | |
| MATH 531 | Probability Theory | |
| MATH 535 | Mathematical Methods in Data Science | |
| MATH 540 | Linear Algebra II | |
| MATH 541 | Modern Algebra | |
| MATH 542 | Modern Algebra | |
| MATH 551 | Elementary Topology | |
| MATH 552 | Elementary Geometric and Algebraic Topology | |
| MATH 561 | Differential Geometry | |
| MATH 567 | Modern Number Theory | |
| MATH 570 | Fundamentals of Set Theory | |
| MATH/ PHILOS 571 | Mathematical Logic | |
| MATH 605 | Stochastic Methods for Biology | |
| MATH/B M I/ BIOCHEM/ BMOLCHEM 606 | Mathematical Methods for Structural Biology | |
| MATH 607 | Topics in Mathematics Study Abroad | |
| MATH 608 | Mathematical Methods for Continuum Modeling in Biology | |
| MATH/B M I/ BIOCHEM/ BMOLCHEM 609 | Mathematical Methods for Systems Biology | |
| MATH 619 | Analysis of Partial Differential Equations | |
| MATH 621 | Analysis III | |
| MATH 623 | Complex Analysis | |
| MATH 627 | Introduction to Fourier Analysis | |
| MATH 629 | Introduction to Measure and Integration | |
| MATH/I SY E/ OTM/STAT 632 | Introduction to Stochastic Processes | |
| MATH/I SY E/ OTM 633 | Queuing Theory and Stochastic Modeling | |
| MATH 635 | An Introduction to Brownian Motion and Stochastic Calculus | |
| MATH/E C E 641 | Introduction to Error-Correcting Codes | |
| MATH 681 | Senior Honors Thesis | |
| MATH 682 | Senior Honors Thesis | |
| MATH 691 | Undergraduate Thesis | |
| MATH 692 | Undergraduate Thesis | |
| MATH 698 | Directed Study | |
| MATH 699 | Directed Study | |
| **Additional Math above 306 to achieve 7 courses in the major** [2] | | 9 |
| MATH/STAT 309 | Introduction to Probability and Mathematical Statistics I [3] | |
| or MATH 331 | An Introduction to Probability and Markov Chain Models | |
| or MATH/ STAT 431 | Introduction to the Theory of Probability | |
| MATH/STAT 310 | Introduction to Probability and Mathematical Statistics II | |
| MATH 319 | Techniques in Ordinary Differential Equations [4] | |
| or MATH 320 | Linear Algebra and Differential Equations | |
| or MATH 376 | Topics in Multi-Variable Calculus and Differential Equations | |
| MATH 321 | Applied Mathematical Analysis | |
| MATH 322 | Applied Mathematical Analysis | |
| MATH 407 | Topics in Mathematics Study Abroad | |
| MATH 415 | Applied Dynamical Systems, Chaos and Modeling | |
| MATH 421 | The Theory of Single Variable Calculus | |
| MATH/COMP SCI/ I SY E 425 | Introduction to Combinatorial Optimization | |
| MATH/COMP SCI/ E C E 435 | Introduction to Cryptography | |
| MATH 441 | Introduction to Modern Algebra | |
| MATH 443 | Applied Linear Algebra | |
| MATH 461 | College Geometry I | |
| MATH 467 | Introduction to Number Theory | |
| MATH/ HIST SCI 473 | History of Mathematics | |
| MATH/COMP SCI/ STAT 475 | Introduction to Combinatorics | |
| MATH 490 | Undergraduate Seminar | |
| MATH 491 | Topics in Undergraduate Mathematics | |
| MATH/ COMP SCI 513 | Numerical Linear Algebra | |
| MATH/ COMP SCI 514 | Numerical Analysis | |
| MATH 519 | Ordinary Differential Equations | |
| MATH 521 | Analysis I | |
| MATH 522 | Analysis II | |
| MATH/COMP SCI/ I SY E/STAT 525 | Linear Optimization | |
| MATH 531 | Probability Theory | |
| MATH 535 | Mathematical Methods in Data Science | |
| MATH 540 | Linear Algebra II | |
| MATH 541 | Modern Algebra | |

| | |
|---|---|
| MATH 542 | Modern Algebra |
| MATH 551 | Elementary Topology |
| MATH 552 | Elementary Geometric and Algebraic Topology |
| MATH 561 | Differential Geometry |
| MATH 567 | Modern Number Theory |
| MATH 570 | Fundamentals of Set Theory |
| MATH/ PHILOS 571 | Mathematical Logic |
| MATH 605 | Stochastic Methods for Biology |
| MATH/B M I/ BIOCHEM/ BMOLCHEM 606 | Mathematical Methods for Structural Biology |
| MATH 607 | Topics in Mathematics Study Abroad |
| MATH 608 | Mathematical Methods for Continuum Modeling in Biology |
| MATH/B M I/ BIOCHEM/ BMOLCHEM 609 | Mathematical Methods for Systems Biology |
| MATH 619 | Analysis of Partial Differential Equations |
| MATH 621 | Analysis III |
| MATH 623 | Complex Analysis |
| MATH 627 | Introduction to Fourier Analysis |
| MATH 629 | Introduction to Measure and Integration |
| MATH/I SY E/ OTM/STAT 632 | Introduction to Stochastic Processes |
| MATH/I SY E/ OTM 633 | Queuing Theory and Stochastic Modeling |
| MATH 635 | An Introduction to Brownian Motion and Stochastic Calculus |
| MATH/E C E 641 | Introduction to Error-Correcting Codes |
| MATH 681 | Senior Honors Thesis |
| MATH 682 | Senior Honors Thesis |
| MATH 691 | Undergraduate Thesis |
| MATH 692 | Undergraduate Thesis |
| MATH 698 | Directed Study |
| MATH 699 | Directed Study |
| Total Credits | 21 |

[1] Only one of these courses will count toward the major: MATH 320 Linear Algebra and Differential Equations, MATH 340 Elementary Matrix and Linear Algebra, MATH 341 Linear Algebra, MATH 375 Topics in Multi-Variable Calculus and Linear Algebra

[2] A course may only apply once toward the seven courses required for the major. Thus, a course used to meet the Analysis, Topology and Algebra requirement may *not* also be used to meet the requirement for MATH 500-699 requirement and a course used to meet the MATH 500-699 requirement may *not* also be used in the Additional Math requirement.

[3] Only one course in Probability may count in the major from: MATH/ STAT 309 Introduction to Probability and Mathematical Statistics I, MATH 331 An Introduction to Probability and Markov Chain Models, MATH/STAT 431 Introduction to the Theory of Probability.

[4] Only one course in Elementary Differential Equations may count in the major, from MATH 319 Techniques in Ordinary Differential Equations, MATH 320 Linear Algebra and Differential Equations, MATH 376 Topics in Multi-Variable Calculus and Differential Equations.

## FOCUSED PATH

This program allows students to focus on mathematics associated to one specific area or application. Students interested in a focused mathematics program (e.g., actuarial mathematics, cryptography, etc.) or a dual major program often choose this path. A mathematics advisor must approve the collection of courses used to complete major requirements prior to major declaration.

### Mathematics requirements: Six courses required

| Code | Title | Credits |
|---|---|---|
| **Linear Algebra (complete one):** [1] | | 3 |
| MATH 341 | Linear Algebra | |
| or MATH 320 | Linear Algebra and Differential Equations | |
| or MATH 340 | Elementary Matrix and Linear Algebra | |
| or MATH 375 | Topics in Multi-Variable Calculus and Linear Algebra | |
| **Math 500-699 (complete two):** [2] | | 3 |
| MATH/ COMP SCI 513 | Numerical Linear Algebra | |
| MATH/ COMP SCI 514 | Numerical Analysis | |
| MATH 519 | Ordinary Differential Equations | |
| MATH 521 | Analysis I | |
| MATH 522 | Analysis II | |
| MATH/COMP SCI/ I SY E/STAT 525 | Linear Optimization | |
| MATH 531 | Probability Theory | |
| MATH 535 | Mathematical Methods in Data Science | |
| MATH 540 | Linear Algebra II | |
| MATH 541 | Modern Algebra | |
| MATH 542 | Modern Algebra | |

| Total Credits | 15 |

### Applied Concentration Area

Four additional courses focused in an applied area.

- The following focus areas have been pre-approved and may be useful for planning purposes, though any collection of four courses approved by a mathematics advisor can be used to fulfill the focus area requirement.
- Math courses may fulfill the requirements in the focus, but cannot also count for the six mathematics courses required.
- Course listed here may have prerequisites. Students should plan for appropriate prerequisite coursework for approved courses. Permission to enroll in courses taught outside of MATH is determined by the subject-area department.

### Pre-Approved Focus areas:

#### Actuarial Mathematics

| Code | Title | Credits |
|---|---|---|
| ACT SCI 303 | Theory of Interest | 3 |
| ACT SCI 650 & ACT SCI 652 | Actuarial Mathematics I and Loss Models I | 6 |
| ACT SCI 651 | Actuarial Mathematics II | 3 |
| or ACT SCI 653 | Loss Models II | |
| Total Credits | | 12 |

#### Astronomy

| Code | Title | Credits |
|---|---|---|
| *Select two from the following:* | | *12* |
| ASTRON 310 | Stellar Astrophysics | |
| ASTRON 320 | The Interstellar Medium | |
| ASTRON 335 | Cosmology | |
| *Any two 3-credit PHYSICS courses numbered 400 and above, excluding labs* | | |
| Total Credits | | 12 |

#### Atmospheric & Oceanic Studies

| Code | Title | Credits |
|---|---|---|
| ATM OCN 310 | Dynamics of the Atmosphere and Ocean I | 3 |
| ATM OCN 311 | Dynamics of the Atmosphere and Ocean II | 3 |
| ATM OCN 330 | Physics of the Atmosphere and Ocean I | 3 |
| PHYSICS 208 | General Physics | 5 |
| or PHYSICS 248 | A Modern Introduction to Physics | |
| Total Credits | | 14 |

#### Bio-Informatics

| Code | Title | Credits |
|---|---|---|
| B M I/COMP SCI 576 | Introduction to Bioinformatics | 3 |
| COMP SCI 300 | Programming II | 3 |
| COMP SCI 400 | Programming III | 3 |
| GENETICS 466 | Principles of Genetics | 3 |
| Total Credits | | 12 |

#### Bio-Statistics

| Code | Title | Credits |
|---|---|---|
| STAT 333 | Applied Regression Analysis | 3 |
| STAT/M E 424 | Statistical Experimental Design | 3 |
| STAT 575 | Statistical Methods for Spatial Data | 3 |
| STAT/B M I 641 | Statistical Methods for Clinical Trials | 3 |
| STAT/B M I 642 | Statistical Methods for Epidemiology | 3 |
| Total Credits | | 15 |

#### Business

| Code | Title | Credits |
|---|---|---|
| MATH/COMP SCI/ I SY E/STAT 525 | Linear Optimization | 3 |
| OTM 410 | Operations Research I | 3 |
| *And two from the following:* | | *6* |
| GEN BUS 306 | Business Analytics I | |
| GEN BUS 307 | Business Analytics II | |
| OTM 451 | Service Operations Management | |
| OTM 411 | Operations Research II | |
| OTM/I SY E/ MATH 633 | Queuing Theory and Stochastic Modeling | |
| OTM 654 | Production Planning and Control | |
| Total Credits | | 12 |

#### Chemical Engineering

| Code | Title | Credits |
|---|---|---|
| CBE/B M E 320 | Introductory Transport Phenomena | 4 |
| CBE 326 | Momentum and Heat Transfer Operations | 3 |
| CBE 426 | Mass Transfer Operations | 3 |
| CBE 470 | Process Dynamics and Control | 3 |
| Total Credits | | 13 |

#### Chemistry

| Code | Title | Credits |
|---|---|---|
| CHEM 327 | Fundamentals of Analytical Science | 4 |
| or CHEM 329 | Fundamentals of Analytical Science | |
| CHEM 561 | Physical Chemistry | 3 |
| CHEM 562 | Physical Chemistry | 3 |
| PHYSICS 208 | General Physics | 5 |
| or PHYSICS 248 | A Modern Introduction to Physics | |
| Total Credits | | 15 |

### Civil and Environmental Engineering

| Code | Title | Credits |
|---|---|---|
| CIV ENGR 310 | Fluid Mechanics | 3 |
| CIV ENGR 311 | Hydroscience | 3 |
| CIV ENGR 340 | Structural Analysis I | 3 |
| *And one of the following:* | | *3* |
| CIV ENGR 440 | Structural Analysis II | |
| CIV ENGR 442 | Wood Structures I | |
| CIV ENGR 445 | Steel Structures I | |
| CIV ENGR 447 | Concrete Structures I | |
| Total Credits | | 12 |

### Computational Methods

| Code | Title | Credits |
|---|---|---|
| *Complete four courses from:* | | *12* |
| COMP SCI/ E C E 352 | Digital System Fundamentals | |
| COMP SCI 400 | Programming III | |
| COMP SCI 412 | Introduction to Numerical Methods | |
| COMP SCI/E C E/ MATH 435 | Introduction to Cryptography | |
| COMP SCI/MATH/ STAT 475 | Introduction to Combinatorics | |
| COMP SCI/ MATH 513 | Numerical Linear Algebra | |
| COMP SCI/ MATH 514 | Numerical Analysis | |
| COMP SCI/I SY E/ MATH/STAT 525 | Linear Optimization | |
| COMP SCI/ E C E 533 | Image Processing | |
| COMP SCI 540 | Introduction to Artificial Intelligence | |
| COMP SCI 545 | Natural Language and Computing | |
| COMP SCI/I SY E/ M E 558 | Introduction to Computational Geometry | |
| COMP SCI 559 | Computer Graphics | |
| Total Credits | | 12 |

### Cryptography

| Code | Title | Credits |
|---|---|---|
| COMP SCI 300 | Programming II | 3 |
| COMP SCI 400 | Programming III | 3 |
| *And two of the following:* | | *6* |
| COMP SCI 537 | Introduction to Operating Systems | |
| COMP SCI 642 | Introduction to Information Security | |
| E C E/ COMP SCI 352 | Digital System Fundamentals | |
| E C E/MATH 641 | Introduction to Error-Correcting Codes | |
| Total Credits | | 12 |

### Computer Sciences Theory

| Code | Title | Credits |
|---|---|---|
| COMP SCI 520 | Introduction to Theory of Computing | 3 |
| COMP SCI 577 | Introduction to Algorithms | 4 |
| *And two of the following:* | | *6* |
| COMP SCI/ E C E 352 | Digital System Fundamentals | |
| COMP SCI 400 | Programming III | |
| COMP SCI 412 | Introduction to Numerical Methods | |
| COMP SCI/E C E/ MATH 435 | Introduction to Cryptography | |
| COMP SCI/MATH/ STAT 475 | Introduction to Combinatorics | |
| COMP SCI/ MATH 513 | Numerical Linear Algebra | |
| COMP SCI/ MATH 514 | Numerical Analysis | |
| COMP SCI/I SY E/ MATH/STAT 525 | Linear Optimization | |
| COMP SCI/ E C E 533 | Image Processing | |
| COMP SCI 540 | Introduction to Artificial Intelligence | |
| COMP SCI 545 | Natural Language and Computing | |
| COMP SCI/I SY E/ M E 558 | Introduction to Computational Geometry | |
| COMP SCI 559 | Computer Graphics | |
| Total Credits | | 13 |

### Ecology

| Code | Title | Credits |
|---|---|---|
| COMP SCI 412 | Introduction to Numerical Methods | 3 |
| ENVIR ST/A A E/ F&W ECOL 652 | Decision Methods for Natural Resource Managers | 3-4 |
| ZOOLOGY 504 | Modeling Animal Landscapes | 3-5 |
| ZOOLOGY/BOTANY/ F&W ECOL 460 | General Ecology | 4 |
| ZOOLOGY/ ENTOM 540 | Theoretical Ecology | 3 |
| Total Credits | | 16-19 |

### Ecology, Forestry, Wildlife Ecology

| Code | Title | Credits |
|---|---|---|
| MATH/STAT 310 | Introduction to Probability and Mathematical Statistics II | 3 |
| COMP SCI 412 | Introduction to Numerical Methods | 3 |
| *And two of the following:* | | *6* |
| ZOOLOGY/ BOTANY/ F&W ECOL 460 | General Ecology | |
| ZOOLOGY 504 | Modeling Animal Landscapes | |
| ZOOLOGY/ ENTOM 540 | Theoretical Ecology | |
| F&W ECOL 300 | Forest Biometry | |
| F&W ECOL 410 | Principles of Silviculture | |
| F&W ECOL/ BOTANY/ ZOOLOGY 460 | General Ecology | |
| F&W ECOL/A A E/ ECON 531 | Natural Resource Economics | |

| | | |
|---|---|---|
| F&W ECOL/A A E/ ENVIR ST 652 | Decision Methods for Natural Resource Managers | |
| F&W ECOL 655 | Animal Population Dynamics | |
| Total Credits | | 12 |

### Economics

| Code | Title | Credits |
|---|---|---|
| ECON 301 | Intermediate Microeconomic Theory | 3-4 |
| or ECON 311 | Intermediate Microeconomic Theory - Advanced Treatment | |
| ECON 302 | Intermediate Macroeconomic Theory | 3-4 |
| or ECON 312 | Intermediate Macroeconomic Theory - Advanced Treatment | |
| *And two of the following:* | | *6-8* |
| ECON 410 | Introductory Econometrics | |
| ECON 475 | Economics of Growth | |
| ECON 503 | Markets with Frictions | |
| ECON 521 | Game Theory and Economic Analysis | |
| ECON 525 | Economics of Education: Theory and Measurement | |
| ECON 666 | Issues in International Finance | |
| MATH 415 | Applied Dynamical Systems, Chaos and Modeling | |
| MATH/I SY E/ OTM/STAT 632 | Introduction to Stochastic Processes | |
| STAT/MATH 310 | Introduction to Probability and Mathematical Statistics II | |
| Total Credits | | 12-16 |

### Electrical and Computer Engineering

| Code | Title | Credits |
|---|---|---|
| E C E 220 | Electrodynamics I | 3 |
| E C E 230 | Circuit Analysis | 4 |
| E C E/COMP SCI 352 | Digital System Fundamentals | 3 |
| *And one of the following:* | | *3* |
| E C E/COMP SCI/ MATH 435 | Introduction to Cryptography | |
| E C E/N E/ PHYSICS 525 | Introduction to Plasmas | |
| E C E/ COMP SCI 533 | Image Processing | |
| Total Credits | | 13 |

### Engineering Mechanics and Astronautics

| Code | Title | Credits |
|---|---|---|
| E M A 201 | Statics | 3 |
| E M A 202 | Dynamics | 3 |
| E M A 303 | Mechanics of Materials | 3 |
| *And one of the following:* | | *3* |
| E M A 521 | Aerodynamics | |
| E M A 542 | Advanced Dynamics | |
| E M A 545 | Mechanical Vibrations | |

### Finance

| Code | Title | Credits |
|---|---|---|
| ECON 410 | Introductory Econometrics | 4 |
| or MATH/ STAT 310 | Introduction to Probability and Mathematical Statistics II | |
| FINANCE/ECON 300 | Introduction to Finance | 3 |
| FINANCE/ECON 320 | Investment Theory | 3 |
| FINANCE 330 | Derivative Securities | 3 |
| Total Credits | | 13 |

### Forestry

| Code | Title | Credits |
|---|---|---|
| F&W ECOL 300 | Forest Biometry | 4 |
| F&W ECOL 410 | Principles of Silviculture | 3 |
| F&W ECOL/A A E/ ENVIR ST 652 | Decision Methods for Natural Resource Managers | 3-4 |
| F&W ECOL 635 | Forest Stand Dynamics | 1-2 |
| Total Credits | | 11-13 |

### Genetics

| Code | Title | Credits |
|---|---|---|
| GENETICS 466 | Principles of Genetics | 3 |
| GENETICS 564 | Genomics and Proteomics | 3 |
| GENETICS/ MD GENET 565 | Human Genetics | 3 |
| GENETICS/ CHEM 626 | Genomic Science | 2 |
| Total Credits | | 11 |

### Industrial Engineering

| Code | Title | Credits |
|---|---|---|
| I SY E 315 | Production Planning and Control | 3 |
| I SY E 320 | Simulation and Probabilistic Modeling | 3 |
| I SY E 323 | Operations Research-Deterministic Modeling | 3 |
| *And one of the following:* | | *3* |
| I SY E/COMP SCI/ MATH 425 | Introduction to Combinatorial Optimization | |
| I SY E 516 | Introduction to Decision Analysis | |
| I SY E/COMP SCI/ MATH/STAT 525 | Linear Optimization | |
| I SY E/ COMP SCI 526 | Advanced Linear Programming | |
| I SY E/COMP SCI/ M E 558 | Introduction to Computational Geometry | |
| I SY E 575 | Introduction to Quality Engineering | |
| I SY E 615 | Production Systems Control | |
| I SY E 620 | Simulation Modeling and Analysis | |
| I SY E 624 | Stochastic Modeling Techniques | |
| I SY E/ COMP SCI 635 | Tools and Environments for Optimization | |
| I SY E/M E 643 | Performance Analysis of Manufacturing Systems | |
| Total Credits | | 12 |

### Mechanical Engineering

| Code | Title | Credits |
|---|---|---|
| M E 340 | Dynamic Systems | 3 |
| M E 361 | Thermodynamics | 3 |
| M E 363 | Fluid Dynamics | 3 |
| M E 364 | Elementary Heat Transfer | 3 |
| Total Credits | | 12 |

### Materials Science

| Code | Title | Credits |
|---|---|---|
| M S & E 330 | Thermodynamics of Materials | 4 |
| M S & E 331 | Transport Phenomena in Materials | 3 |
| M S & E 351 | Materials Science-Structure and Property Relations in Solids | 3 |
| *And one of the following:* | | *3* |
| CBE 255 | Introduction to Chemical Process Modeling | |
| COMP SCI 300 | Programming II | |
| COMP SCI 310 | Problem Solving Using Computers | |
| E C E 230 | Circuit Analysis | |
| E C E 376 | Electrical and Electronic Circuits | |
| E C E 303 | Introduction to Real-Time Digital Signal Processing | |
| PHYSICS 321 | Electric Circuits and Electronics | |
| STAT/M E 424 | Statistical Experimental Design | |
| Total Credits | | 13 |

### Nuclear Engineering

| Code | Title | Credits |
|---|---|---|
| N E 305 | Fundamentals of Nuclear Engineering | 3 |
| N E 405 | Nuclear Reactor Theory | 3 |
| N E 408 | Ionizing Radiation | 3 |
| *And one of the following:* | | *3* |
| N E 411 | Nuclear Reactor Engineering | |
| PHYSICS 321 | Electric Circuits and Electronics | |
| PHYSICS 322 | Electromagnetic Fields | |
| E C E 376 | Electrical and Electronic Circuits | |
| B M E/H ONCOL/ MED PHYS/ PHYSICS 501 | Radiological Physics and Dosimetry | |
| Total Credits | | 12 |

### Physics

| Code | Title | Credits |
|---|---|---|
| PHYSICS 311 | Mechanics | 3 |
| PHYSICS 322 | Electromagnetic Fields | 3 |
| *And two from the following:* | | *6* |
| PHYSICS 415 | Thermal Physics | |
| PHYSICS 448 | Atomic and Quantum Physics | |
| PHYSICS 449 | Atomic and Quantum Physics | |
| PHYSICS/E C E/ N E 525 | Introduction to Plasmas | |
| PHYSICS 531 | Introduction to Quantum Mechanics | |
| PHYSICS 535 | Introduction to Particle Physics | |
| PHYSICS 545 | Introduction to Atomic Structure | |
| PHYSICS 551 | Solid State Physics | |
| Total Credits | | 12 |

### Secondary Education

| Code | Title | Credits |
|---|---|---|
| MATH/CURRIC 471 | Mathematics for Secondary School Teachers | 3 |
| MATH/HIST SCI 473 | History of Mathematics | 3 |
| *And two from the following:* | | *6* |
| COMP SCI 300 | Programming II | |
| MATH 421 | The Theory of Single Variable Calculus | |
| MATH/COMP SCI/ STAT 475 | Introduction to Combinatorics | |
| MATH 561 | Differential Geometry | |
| MATH 567 | Modern Number Theory | |
| PHYSICS 207 | General Physics | |
| Total Credits | | 12 |

### Statistics

| Code | Title | Credits |
|---|---|---|
| STAT 333 | Applied Regression Analysis | 3 |
| STAT/M E 424 | Statistical Experimental Design | 3 |
| *And two from the following:* | | *6* |
| STAT/MATH 309 | Introduction to Probability and Mathematical Statistics I | |
| STAT/MATH 310 | Introduction to Probability and Mathematical Statistics II | |
| STAT 349 | Introduction to Time Series | |
| STAT 351 | Introductory Nonparametric Statistics | |
| STAT 411 | An Introduction to Sample Survey Theory and Methods | |
| STAT 421 | Applied Categorical Data Analysis | |
| STAT 456 | Applied Multivariate Analysis | |
| STAT/ COMP SCI 471 | Introduction to Computational Statistics | |
| STAT/COMP SCI/ MATH 475 | Introduction to Combinatorics | |
| STAT 479 | Special Topics in Statistics | |
| STAT 609 | Mathematical Statistics I | |
| STAT 610 | Introduction to Statistical Inference | |
| STAT/I SY E/ MATH/OTM 632 | Introduction to Stochastic Processes | |
| Total Credits | | 12 |

### Structural Biology

| Code | Title | Credits |
|---|---|---|
| MATH/B M I/ BIOCHEM/ BMOLCHEM 606 | Mathematical Methods for Structural Biology | 3 |
| CHEM 327 | Fundamentals of Analytical Science | 4 |
| or CHEM 329 | Fundamentals of Analytical Science | |
| CHEM 561 | Physical Chemistry | 3 |

| | | |
|---|---|---|
| CHEM 562 | Physical Chemistry | 3 |
| Total Credits | | 13 |

### Systems Biology

| Code | Title | Credits |
|---|---|---|
| BIOCHEM 501 | Introduction to Biochemistry | 3 |
| CHEM 341 | Elementary Organic Chemistry | 3 |
| or CHEM 343 | Introductory Organic Chemistry | |
| MATH/B M I/ BIOCHEM/ BMOLCHEM 609 | Mathematical Methods for Systems Biology | 3 |
| Any one BIOCHEM course numbered 600 and higher | | 3 |
| Total Credits | | 12 |

## RESIDENCE AND QUALITY OF WORK

2.000 GPA in all MATH and major courses
2.000 GPA on 15 upper-level major credits, taken in residence [1]
15 credits in MATH, taken on the UW–Madison campus

[1] MATH courses numbered 307–699 are considered upper level in the major.

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Mathematics Honors advisor (https://www.math.wisc.edu/undergraduate/advising); this should be done by the start of the junior year.

## HONORS IN THE MATHEMATICS MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all MATH courses, and all courses accepted in the major
- Complete the following courses, with individual grades of B or better:

| Code | Title | Credits |
|---|---|---|
| MATH 521 & MATH 522 | Analysis I and Analysis II (Taken for Honors) [1] | |
| MATH 541 & MATH 542 | Modern Algebra and Modern Algebra (Taken for Honors) [1] | |
| Select at least two more courses from MATH 500 through MATH/E C E 641, the following will usually be one of the courses: [2] | | |
| MATH 551 | Elementary Topology | |
| Select one of these Capstone projects: [2] | | |
| MATH 681 & MATH 682 | Senior Honors Thesis and Senior Honors Thesis (For a total of 6 credits) | |
| A sequence of two upper-level mathematics courses deemed acceptable by the Mathematics Honors advisor [2] | | |

[1] At least one of the two sequences (MATH 521–MATH 522 or MATH 541–MATH 542) must be completed prior to enrolling in the Capstone project.

[2] Chosen in consultation with the Mathematics Honors advisor.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. State, explain, and apply the principal results, definitions, and theorems of a wide collection of mathematical areas including at least one area of advanced undergraduate mathematics.
2. Construct and evaluate mathematical proofs and arguments.
3. Acquire a diverse set of skills and strategies in mathematical reasoning/problem solving.
4. Use mathematics to model and analyze phenomena in other disciplines.
5. Write, explain, and present mathematics to both experts and non--experts.

# FOUR-YEAR PLAN

The Sample Four-Year Plan is a tool to assist you and your advisor(s). Use it along with your DARS report and the Course Guide. You will make your own Four-Year Plan based on your placement scores, incoming credits, and individual interests. As you become involved in athletics, research, student organizations, study abroad, volunteer experiences, and/or work, you might adjust the order of your courses to make room for these experiences. You will likely revise your 4-year plan several times during college.

**Traditional Mathematics Major - Bachelor of Arts/Science Degree**

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| MATH 221[1,2,3] | 5 | MATH 222[2,3] | 4 |
| Communication-A (must be completed in first year) | 3 | Ethnic Studies (must be completed in first 60 credits) | 3 |

| | | | |
|---|---|---|---|
| Foreign Language [if required] | 4 | Foreign Language [if required] | 4 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| | 15 | | 14 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| MATH Prerequisite (234)[2,3] | 4 | MATH Linear Algebra[4] | 3 |
| Communication-B | 3-5 | Intermediate MATH[5,6] | 3 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| Elective | 3 | Elective | 3 |
| | 16-18 | | 15 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Intermediate MATH[6] | 3 | Intermediate MATH[6] | 3 |
| L&S Breadth | 3 | Advanced MATH[7] | 3 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| Elective | 3 | L&S Breadth | 3 |
| Elective | 3 | Elective | 3 |
| | 15 | | 15 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Advanced MATH[7] | 3 | L&S Breadth | 3 |
| L&S Breadth | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Advanced MATH[7] | 3 |
| | 15 | | 15 |

Total Credits 120-122

**Focused Mathematics Major - Bachelor of Arts/Science Degree**

Note: approval of math and application courses required.

| Elective | 3 | Elective | 3 |
| | 15 | | 15 |

Total Credits 120-122

L&S requires all students to complete at least 60 credits at the Intermediate or Advanced level.

Students must declare a major by the time they reach Senior standing (86 credits).

Please refer to the Requirements tab in Guide for additional College of Letters & Science Breadth and Degree Requirements as well as Residence and Quality of Work requirements for the major.

1. Math majors will naturally complete Quantitative Reasoning requirements with the introductory calculus courses required to declare the major.
2. This course counts for the Natural Science L&S Breadth requirement for the Bachelor of Arts (BA) degree.
3. Declaration of the Mathematics major requires a 2.500 cumulative GPA across the introductory calculus sequence. Students that are unable to establish a GPA for any courses in the introductory calculus sequence are encouraged to speak with a math major advisor as soon as possible.
4. E.g., MATH 320 Linear Algebra and Differential Equations, MATH 340 Elementary Matrix and Linear Algebra, or MATH 341 Linear Algebra.
5. MATH 321 Applied Mathematical Analysis or MATH 421 The Theory of Single Variable Calculus strongly recommended
6. An intermediate level math course is any numbered above 306 excluding MATH 320 Linear Algebra and Differential Equations, MATH 340 Elementary Matrix and Linear Algebra, or MATH 341 Linear Algebra, or MATH/CURRIC 471 Mathematics for Secondary School Teachers.

[7] An advanced level MATH course is any numbered above 500.

[8] Discuss options for these courses with a mathematics major advisor.

## ADVISING AND CAREERS

# ADVISING

Students who are interested in the math major should visit a faculty advisor. During the fall and spring semesters several faculty advisors have regular drop-in office hours. The current list of advisors and the schedule of the office hours can be found at the Math advising page (https://www.math.wisc.edu/undergraduate/advising). During the winter break and the summer semester there is no drop-in advising, students should contact one of the advisors to set up an appointment.

For advice on college algebra, pre-calculus, and calculus, see the placement advising pages (https://www.math.wisc.edu/undergraduate/placement) of the department.

# TRANSITION COURSES

Students are strongly recommended to include one of the following courses in their major program before moving into MATH 500 and higher.

| Code | Title | Credits |
|---|---|---|
| MATH 341 | Linear Algebra | |
| MATH 375 | Topics in Multi-Variable Calculus and Linear Algebra | |
| MATH 421 | The Theory of Single Variable Calculus | |

# GRADUATE STUDY

Students preparing for graduate work in mathematics should take the following courses:

| Code | Title | Credits |
|---|---|---|
| MATH 341 | Linear Algebra | 3 |
| or MATH 375 | Topics in Multi-Variable Calculus and Linear Algebra | |
| MATH 521 | Analysis I | 3 |
| MATH 522 | Analysis II | 3 |
| MATH 541 | Modern Algebra | 3 |
| MATH 542 | Modern Algebra | 3 |
| MATH 551 | Elementary Topology | 3 |
| or MATH 561 | Differential Geometry | |
| Select at least two other courses at the 500 level or higher | | |

Students who plan to enter a mathematics Ph.D. program should acquire a reading knowledge of at least one foreign language as early as possible. For mathematics study, the most useful languages are French, German, and Russian.

# CAREERS

In recent years graduating math majors have obtained employment in a variety of jobs in business, industry, and governmental agencies and also have obtained teaching positions at the secondary school level (such teaching positions normally require teaching certification). Others have continued their education at the graduate level in mathematics and other fields. Departments in a variety of fields which use mathematics, including the social and biological sciences as well as in engineering and the physical sciences, are interested in attracting math majors into their graduate programs. Math Ph.D.'s obtain academic positions at the college and university level and nonacademic positions entailing consulting and research. The math major requirements are flexible enough to allow preparation for various goals.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

### FACULTY

Professors Angenent, Arinkin, Assadi, Bolotin, Boston, Caldararu, Craciun, Denissov, Ellenberg, Feldman, Gong, Jin, Lempp, Mari-Beffa, Maxim, Miller, Mitchell, Paul, Roch, Seeger, Seppalainen, Smith, Terwilliger, Thiffeault, Valko, Viaclovsky, Waleffe, Yang.

Associate Professors Anderson, Gurevich, Stechmann, Street, Kent.

Assistant Professors Andrews, Dymarz, Erman, Kim, Marshall, Sam, Spagnolie, Stovall, Tran, B. Wang, L. Wang, M. Matchett Wood, P. Matchett Wood, Li.

### ACADEMIC STAFF

Anzaldo (Precalculus Coordinator), Benguria-Andrews (Calculus Coordinator), Hanhart (Associate Director of Undergraduate Studies), Kwon (Math 13X Coordinator), Malekpour (Director of

the Instructional Excellence Program, WISCEL), Rivard (Placement and Enrollment Coordinator)

# MATHEMATICS, CERTIFICATE

The primary purpose of the mathematics certificate is to serve those students who wish to enhance their content knowledge in mathematics but are unable to complete the requirements of a second major.

## HOW TO GET IN

Students must meet with a math advisor in order to declare and to discuss course selection. Math advisor information is provided at the math advising page (http://www.math.wisc.edu/undergraduate/advising).

## REQUIREMENTS

| Code | Title | Credits |
|---|---|---|
| **Requirements** [1, 2, 3] | | |
| 3 credits MATH 400–699 [4] | | 3 |
| 9 credits from MATH 307–699 | | 9 |
| Total Credits | | 12 |

**Footnotes**

1. Excluding MATH/CURRIC 471.
2. Only one (1) course each from these groups may apply:
   - Linear Algebra: MATH 320, MATH 340, MATH 341, MATH 375
   - Differential Equations: MATH 319, MATH 320, MATH 376
   - Probability: STAT/MATH 309, STAT/MATH 431, MATH 331
3. Students with credit in MATH 275 cannot apply MATH 421 to the certificate.
4. Excluding MATH 490 Undergraduate Seminar.

### RESIDENCE & QUALITY OF WORK

2.000 GPA on all course counting toward the certificate and MATH courses

9 credits in the certificate, in residence

### UNDERGRADUATE/SPECIAL STUDENT CERTIFICATES

This certificate is intended to be completed in the context of an undergraduate degree and for those seeking this certificate that is preferred. For students who have substantially completed this certificate at UW–Madison (at least 12 credits) and may need one or two courses to complete the certificate, they may do so immediately after completion of the bachelor's degree by enrolling in the course as a University Special (nondegree) student. The certificate must be completed within a year of completion of the bachelor's degree. Students should keep in mind that University Special students have the last registration priority and that may limit availability of desired courses. Financial aid is not available when enrolled as a University Special student to complete an undergraduate certificate.

## LEARNING OUTCOMES

1. State, explain, and apply the principal results, definitions, and theorems of a wide collection of mathematical areas.
2. Acquire a diverse set of skills and strategies in mathematical reasoning/problem solving.
3. Use mathematics to model and analyze problems in other disciplines.

## ADVISING AND CAREERS

### ADVISING

Students who are interested in the mathematics certificate program should visit a faculty advisor. Doing the fall and spring semesters several faculty advisors have regular drop-in office hours. The current list of advisors and the schedule of the office hours can be found at the math advising page (https://www.math.wisc.edu/undergraduate/advising). During the winter break and the summer semester there is no drop-in advising, students should contact one of the advisors to set up an appointment.

For advice on college algebra, pre-calculus, and calculus, see the placement advising pages (https://www.math.wisc.edu/undergraduate/placement) of the department.

## PEOPLE

### FACULTY

Professors Angenent, Arinkin, Assadi, Bolotin, Boston, Caldararu, Craciun, Denissov, Ellenberg, Feldman, Gong, Jin, Lempp, Mari-Beffa, Maxim, Miller, Mitchell, Paul, Roch, Seeger, Seppalainen, Smith, Terwilliger, Thiffeault, Valko, Viaclovsky, Waleffe, Yang.

Associate Professors Anderson, Gurevich, Stechmann, Street, Kent.

Assistant Professors Andrews, Dymarz, Erman, Kim, Marshall, Sam, Spagnolie, Stovall, Tran, B. Wang, L. Wang, M. Matchett Wood, P. Matchett Wood, Li.

### ACADEMIC STAFF

Anzaldo (Precalculus Coordinator), Benguria-Andrews (Calculus Coordinator), Hanhart (Associate Director of Undergraduate Studies), Kwon (Math 13X Coordinator), Malekpour (Director of the Instructional Excellence Program, WISCEL), Rivard (Placement and Enrollment Coordinator)

# MEAD WITTER SCHOOL OF MUSIC

## VALUES AND EDUCATIONAL PRIORITIES

At the Mead Witter School of Music

- we teach by example offering participatory, mentor-driven education;
- we provide individualized instruction and flexible curricula that encourage students to find their own musical pathways;
- we foster musical excellence and high academic standards;

- our faculty exhibit the best of their respective fields, are deeply engaged in artistic scholarship and research, and are committed to teaching at all levels;
- we whole-heartedly embrace the Wisconsin Idea;
- our department is a dynamic educational community, part of a large and vibrant research university within a city that values and supports the arts.

The Mead Witter School of Music enriches students' educational experience by hosting guest artists and scholars for master classes, recitals, colloquia, seminars, and festivals. Its performing organizations and ensembles perform more than 350 recitals and concerts every year, making a significant contribution to the cultural life of the university and the wider Madison community. Facilities specifically designed for music study and performance offer excellent resources for students to pursue their interests.

In addition to a thriving undergraduate student body, music students have the advantage of working side-by-side with master's-level and doctoral-level music students. Working collegially in class and studio, making music together on stage and off, and building professional relationships across program boundaries all enable the sharing of expertise, experience, and perspectives and add immeasurably to every student's development.

The music degree programs are demanding and require care in taking courses in the proper sequence. Graduation could be delayed if a course is not taken in the appropriate semester. Refer to the Requirements tab for details on the coursework and sequences of study in specific majors.

Mead Witter School of Music views its goals and objectives as complementary to those of the University of Wisconsin–Madison, which include "to provide an environment in which faculty and students can discover, examine critically, preserve and transmit the knowledge, wisdom and values that will help ensure the survival of the present and future generations with improvement in the quality of life."

The University of Wisconsin–Madison School of Music is accredited by the National Association of Schools of Music (NASM), and has been an institutional member of NASM since 1966.

# PEOPLE AND FACILITIES

The greatest asset of Mead Witter School of Music is its people—staff, faculty, and students—who are daily immersed in learning, building, researching, writing, and making music. Mentoring is the core of our teaching, manifest in one-on-one applied instruction as well as in small-group coaching and classes. Undergraduate students will build professional relationships with many faculty, form friendships with peers across the boundaries of degree programs, and collaborate with staff in addressing the practical matters of academic study. Extensive information on faculty, including biographies, is available here.

The Mosse Humanities Building, built in 1969, houses most of the music classrooms, rehearsal rooms, faculty studios, and 111 practice rooms. Most recitals and concerts take place in one of three performance spaces: Mills Concert Hall, Morphy Recital Hall, and Eastman Organ Recital Hall. The school's extensive collection of instruments, both common and unusual, is available to both faculty and students. Music Hall with its clock tower, built in 1879, is a campus landmark. Renovated in 1985, it is the home of the opera program. The new Hamel Music Center, scheduled to open in 2019, will include a concert hall, a recital hall, and a large ensemble rehearsal space.

Memorial Library is the home of the Mills Music Library, which offers extensive research and circulating collections, attractive study space, and personal staff assistance with research. Music materials on campus number over half a million, ranging from scores and sheet music to archival collections and historic audio recordings. Through Mills Music Library and other UW–Madison libraries, students have access to a wide range of online research databases as well as millions of articles, books, and streaming media. All genres of music are represented, with notably strong collections in Americana and ethnic music. Nationally known special collections include the Tams–Witmark Collection, a treasury of early American musical theater materials, and the Wisconsin Music Archives.

# CHOOSING A MUSIC MAJOR

Mead Witter School of Music offers several degree programs at the undergraduate level. The bachelor of arts and bachelor of science curricula are liberal arts majors in the College of Letters & Science and are excellent programs for students interested in exploring the wide array of course offerings in the college or in two or more major areas of study. The bachelor of music curriculum is a professional degree in music, with 75 percent of total coursework within the Mead Witter School of Music. Students in this program are looking for depth in performance study along with a large complement of other musical studies at advanced level. Both programs

# GRADES AND ADVISING

Mead Witter School of Music is a department of the UW–Madison College of Letters & Science. Information on the grading system and academic procedures is available in the College of Letters & Science section of this catalog and in the opening section of this catalog.

The undergraduate advisor of the School of Music serves as the advisor for every music major. The advisor maintains records and assists students in determining an appropriate course schedule each semester.

# MUSIC COURSES FOR NON–MUSIC MAJORS

A variety of courses in music theory, music history and literature, as well as orchestra, chorus, band, and some ensembles, are open to students from other departments, schools, and colleges. Students should review the specific regulations of their degree program to determine whether music courses can fulfill breadth requirements. The Course Guide (http://public.my.wisc.edu/portal/render.userLayoutRootNode.uP) indicates music courses that are open to nonmusic majors.

Music performance courses are generally filled by music majors. Fundamentals courses (007–036) are for instrumental music education majors only. Class Piano (101–104) is for music majors only. Basic courses require the ability to read music and to pass a prepared audition; in addition, Basic Guitar requires previous experience with classical guitar. Students outside the School of Music may audition to be on a waiting list for group or individual voice study with a teaching assistant (MUS PERF 143 Introduction to Performance: Voice or MUS PERF 144 Vocal Instruction for Non-Voice Majors). Contact the course instructor for more information about course requirements and admission criteria. The School of Music offers private music lessons (not for university credit and with separate costs) for non-music majors through the Community Music Lessons (http://www.music.wisc.edu/CML) program.

Regulation of music courses available for degree credit varies among the divisions of the university. Students should consult their major department for specific advice.

Courses open to non-music majors that satisfy the university's humanities breadth requirements:

| Code | Title | Credits |
|---|---|---|
| MUSIC 101 | The Musical Experience | 3 |
| MUSIC/ FOLKLORE 103 | Introduction to Music Cultures of the World | 3 |
| MUSIC 104 | Study Abroad: Elementary Music Appreciation/Theory/History | 1-3 |
| MUSIC 105 | Opera | 3 |
| MUSIC 106 | The Symphony | 3 |
| MUSIC 111 | Elements of Music | 3 |
| MUSIC 113 | Music in Performance | 1 |
| MUSIC 151 | Basic Concepts of Music Theory | 3 |
| MUSIC 204 | Study Abroad: Intermediate Music Theory or History | 1-3 |
| MUSIC 205 | The Big Bands | 2 |
| MUSIC 206 | The Legendary Performers | 2 |
| MUSIC 305 | Popular Music in the USA: 1920-1950 | 2 |
| MUSIC 319 | Topics in Music and Ethnicity in the United States | 3 |
| MUSIC 461 | Collegium Musicum | 1 |
| MUSIC/ AFROAMER 400 | Music Cultures of the World: Africa, Europe, the Americas | 3 |
| MUSIC/ FOLKLORE 401 | Musical Cultures of the World | 3 |
| MUSIC/ FOLKLORE 402 | Musical Cultures of the World | 3 |

# SPECIAL STUDENTS

Persons who are interested in courses offered by the School of Music but who are not working toward a UW–Madison degree should contact the Division of Continuing Studies, 21 North Park Street, Madison, WI 53715; 608-263-6960. Enrollment is limited in music courses, and priority is given to UW–Madison undergraduate degree candidates.

## DEGREES/MAJORS/CERTIFICATES

# UNDERGRADUATE DEGREE PROGRAMS

Mead Witter School of Music offers four principal degree options for the music major. Each requires a performance audition for admission. Continuation to upper-level study in these programs is contingent upon faculty approval and upon specific GPA minimums in several categories. Refer to the Requirements tab in each program description for details.

**Bachelor of Music: Performance,** with concentration in Brass, Composition, Guitar, Harp, Jazz Studies, Organ, Percussion, Piano, Strings, Voice, or Woodwinds.

**Bachelor of Music: Music Education,** with certification in General and Instrumental Music (Early Childhood through Adolescence), or General and Vocal Music (Early Childhood through Adolescence).

**Bachelor of Arts** or **Bachelor of Science,** with a music major: options in performance, history, theory, or an individualized music curriculum. The individualized music curriculum can be designed with an emphasis in composition or jazz studies. The history and theory options are under review and may be changed. During this time, the School of Music is not admitting new students to these options.

- Music, B.A. (p. 1142)
- Music, B.S. (p. 1156)
- Music: Education, B.M. (p. 1171)
- Music: Performance, B.M. (p. 1182)

## PEOPLE

Professors Cook (director), Blasius, Calderón, Chisholm, Crook, Dill, Di Sanza, Doing, Fischer, Fulmer, Hetzler, Hyer, Johnson, Karp, Koza, Leckrone, Perry, Rowe, Schaffer, Schwendinger, Stowe, Swack, B. Taylor, C. Taylor, Teeple, Thimmig, Vallon, Vardi; Associate Professors Dobbs, Grabois, Wallmann; Assistant Professors Altino, Lee, Ronis

The faculty of the Mead Witter School of Music is a distinguished group of educators, performing musicians, and active scholars. The backgrounds of performance faculty include rich experiences as professional musicians, researchers, recording artists, and entrepreneurs. Faculty in music education have particular insight into their field as a result of their backgrounds as school educators, performers, and scholars. In areas such as music theory and musicology, the musical community has high regard for the past and current contributions to the study of musical theory, historical perspectives on music, the role of music in societies around the world, and the unique contributions of American musicians. Teaching is a priority for the faculty, who are readily accessible to students for advice and support. Faculty, staff, and students cooperate in extraordinary ways with joint ventures that reach across disciplines both in research or instruction.

## RESOURCES AND SCHOLARSHIPS

# OFFICE OF STUDENT FINANCIAL AID

Prospective music students should contact the Office of Student Financial Aid (https://financialaid.wisc.edu) (333 East Campus Mall #9701, Madison, WI 53715-1382; 608-262-3060) to obtain information about grants and loans when returning the application for admission.

# SCHOOL OF MUSIC SCHOLARSHIPS

Some funds are available for scholarships awarded by the School of Music to outstanding applicants. It is always advisable to complete the Free Application for Federal Student Aid (FAFSA) and submit it to the Office of Student Financial Aid. Application materials will serve as support for music scholarship consideration.

**Scholarship applicants must audition in person and must take the Theory Placement Examination on the audition day in order to be considered for an award.** After the audition and review of materials, the associate director will notify each applicant about the scholarship decision. Accompanying each award notification will be a Letter of Commitment, to be signed and returned to the School of Music. Criteria used for awarding scholarships are:

1. Quality of the performance audition
2. High school and/or college academic record
3. Letters of recommendation

Most Mead Witter School of Music scholarships are awarded for a four-year period. The music faculty reviews every scholarship award each semester and expects that each student on scholarship will maintain satisfactory progress toward completing the music major and degree requirements, continue to make significant contributions in performing organizations or accompanying, and maintain a minimum 3.000 grade point average. Please see the Mead Witter School of Music website (http://www.music.wisc.edu) for more information regarding music scholarships.

# MUSIC, B.A.

**VALUES AND EDUCATIONAL PRIORITIES**

At the Mead Witter School of Music

- we teach by example offering participatory, mentor-driven education;
- we provide individualized instruction and flexible curricula that encourage students to find their own musical pathways;
- we foster musical excellence and high academic standards;
- our faculty exhibit the best of their respective fields, are deeply engaged in artistic scholarship and research, and are committed to teaching at all levels;

All genres of music are represented, with notably strong collections in Americana and ethnic music. Nationally known special collections include the Tams–Witmark Collection, a treasury of early American musical theater materials, and the Wisconsin Music Archives.

## CHOOSING A MUSIC MAJOR

Mead Witter School of Music offers several degree programs at the undergraduate level. The bachelor of arts and bachelor of science curricula are liberal arts majors in the College of Letters & Science and are excellent programs for students interested in exploring the wide array of course offerings in the college or in two or more major areas of study. In these programs music courses comprise one-third of a student's work toward the degree. By comparison, the bachelor of music curriculum a professional degree in music, requires 75 percent of total coursework within the Mead Witter School of Music. Students in this program are looking for depth in performance study along with a large complement of other musical studies at advanced level. A number of alumni from both B.A. and B.S. have completed two majors at UW-Madison. Both of these programs may provide a foundation for graduate study and sometimes for a career in music. We encourage conversations with Mead Witter School of Music professors at any point during your first two years as a music major to learn as much as possible about options that are available to you.

## GRADES AND ADVISING

Mead Witter School of Music is a department of the UW–Madison College of Letters & Science. Information on the grading system

and academic procedures/policies is available in the College of Letters & Science section of this *Guide* under the policies and regulations (http://guide.wisc.edu/undergraduate/letters-science/#policiesandregulationstext) tab.

The undergraduate advisor of the Mead Witter School of Music serves as the advisor for every music major. The advisor maintains records and assists students in determining an appropriate course schedule each semester.

## HOW TO GET IN

# ADMISSIONS PROCEDURES

To major in music at Mead Witter School of Music, a student must:

1. apply and be accepted by the UW–Madison Office of Admissions and Recruitment and
2. apply, audition, and be accepted by the School of Music faculty.

In addition to the UW-Madison application, students must apply to the Mead Witter School of Music. Application material is available on the School of Music website (http://www.music.wisc.edu) and the music application process is handled by the Undergraduate Admissions Office, 3561H Mosse Humanities Building.

The steps for applying to the UW–Madison School of Music are:

- Review the information on the website for Mead Witter School of Music (http://www.music.wisc.edu). Follow instructions carefully. Any questions may be directed to the Undergraduate Admissions Office.
- Download and complete the music application. On the application you will r**equest an audition date.**
- Download and provide the recommendation forms to two recommenders. These will be people who can attest to the applicant's musical background and ability.
- If there will be need for financial assistance, consult the Office of Student Financial Aid (https://financialaid.wisc.edu).
- Request that official transcripts from all high schools and colleges attended be sent to the Office of Admission and Recruitment.
- Prepare the appropriate repertoire and materials for the audition.
- Come to the campus for an audition, which includes a ten- to twenty-minute performance audition, music theory and piano placement examinations, and an introduction to School of Music faculty, students, and facilities.

In the second or third year of study, the faculty of the Mead Witter School of Music assesses each student's readiness to continue in advanced-level work in the major and to declare the major. To be eligible for the major declaration, students must maintain a minimum 2.000 GPA in the core academic music courses (theory and history) specified for their major option.

## TRANSFER STUDENTS

Students who have earned more than 24 course credits at another college or university follow the same application and audition procedures described above. Upon acceptance by UW–Madison and the School of Music, credits for music courses taken at another institution are interpreted by the UW–Madison Office of Admissions and Recruitment simply as elective music credits. These course credits, as they appear on the transcript(s), will be reviewed during a conference with the advisor upon enrolling at UW–Madison. Transfer credit for music courses will be reviewed only after all placement and proficiency examinations in theory and piano have been taken at UW–Madison and syllabi for academic music courses have been submitted.

## REENTERING THE SCHOOL OF MUSIC

Students who were previously enrolled in the School of Music and UW–Madison who desire to reenter to seek an undergraduate degree should apply for reentry to both the UW–Madison Office of Admissions and Recruitment and the School of Music Undergraduate Admissions Office (http://www.music.wisc.edu). An audition will be required in most cases.

## INTERNATIONAL STUDENTS

Students from foreign countries who seek admission to the university and the School of Music should contact International Student Services in addition to the UW–Madison Office of Admissions and Recruitment and the School of Music Undergraduate Admissions Office.

## SPECIAL STUDENTS

Persons who are interested in courses offered by the School of Music but who are not working toward a UW–Madison degree should contact the Division of Continuing Studies, 21 North Park Street, Madison, WI 53715; 608-263-6960. Enrollment is limited in music courses, and priority is given to UW–Madison undergraduate degree candidates.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

Students who do not declare a Named Option must complete the requirements below.

View as listView as grid

- **MUSIC: HISTORY** (P. 1150)
- **MUSIC: PERFORMANCE** (P. 1151)
- **MUSIC: THEORY** (P. 1155)

# REQUIREMENTS FOR THE MAJOR

Student must work with a School of Music faculty member to create a cohesive plan to meet requirements; the plan must be approved by the appropriate faculty area committee(s) and by the Curriculum Committee.

## PERFORMANCE STUDY - THREE SEMESTERS IN ONE OF THE FOLLOWING AREAS:

| Code | Title | Credits |
|---|---|---|
| *Bass* | | |
| MUS PERF 237 | Elementary/Intermediate String Bass | 2-4 |
| or MUS PERF 437 | Advanced String Bass | |
| *Bassoon* | | |
| MUS PERF 215 | Elementary/Intermediate Bassoon | 2-4 |
| or MUS PERF 415 | Advanced Bassoon | |
| *Cello* | | |
| MUS PERF 235 | Elementary/Intermediate Cello | 2-4 |
| or MUS PERF 435 | Advanced Cello | |
| *Clarinet* | | |
| MUS PERF 211 | Elementary/Intermediate Clarinet | 2-4 |
| or MUS PERF 411 | Advanced Clarinet | |
| *Euphonium* | | |
| MUS PERF 223 | Elementary/Intermediate Euphonium | 2-4 |
| or MUS PERF 423 | Advanced Euphonium | |
| *Flute* | | |
| MUS PERF 207 | Elementary/Intermediate Flute | 2-4 |
| or MUS PERF 407 | Advanced Flute | |
| *Guitar* | | |
| MUS PERF 240 | Elementary/Intermediate Guitar | 2-4 |
| or MUS PERF 440 | Advanced Guitar | |
| *Harp* | | |
| MUS PERF 239 | Elementary/Intermediate Harp | 2-4 |
| or MUS PERF 439 | Advanced Harp | |
| *Harpsichord* | | |
| MUS PERF 202 | Elementary/Intermediate Harpsichord | 2-4 |
| or MUS PERF 402 | Advanced Harpsichord | |
| *Horn* | | |
| MUS PERF 217 | Elementary/Intermediate Horn | 2-4 |
| or MUS PERF 417 | Advanced Horn | |

| | | |
|---|---|---|
| *Percussion* | | |
| MUS PERF 227 | Elementary/Intermediate Percussion | 2-4 |
| or MUS PERF 427 | Advanced Percussion | |
| *Piano* | | |
| MUS PERF 201 | Elementary/Intermediate Piano | 2-4 |
| or MUS PERF 401 | Advanced Piano | |
| *Oboe* | | |
| MUS PERF 209 | Elementary/Intermediate Oboe | 2-4 |
| or MUS PERF 409 | Advanced Oboe | |
| *Organ* | | |
| MUS PERF 203 | Elementary/Intermediate Organ | 2-4 |
| or MUS PERF 403 | Advanced Organ | |
| *Saxophone* | | |
| MUS PERF 213 | Elementary/Intermediate Saxophone | 2-4 |
| or MUS PERF 413 | Advanced Saxophone | |
| *Trombone* | | |
| MUS PERF 221 | Elementary/Intermediate Trombone | 2-4 |
| or MUS PERF 421 | Advanced Trombone | |
| *Trumpet* | | |
| MUS PERF 219 | Elementary/Intermediate Trumpet | 2-4 |
| or MUS PERF 419 | Advanced Trumpet | |
| *Tuba* | | |
| MUS PERF 225 | Elementary/Intermediate Tuba | 2-4 |
| or MUS PERF 425 | Advanced Tuba | |
| *Viola* | | |
| MUS PERF 233 | Elementary/Intermediate Viola | 2-4 |
| or MUS PERF 433 | Advanced Viola | |
| *Violin* | | |
| MUS PERF 231 | Elementary/Intermediate Violin | 2-4 |
| or MUS PERF 231 | Elementary/Intermediate Violin | |
| *Voice* | | |
| MUS PERF 205 | Elementary/Intermediate Voice | 2-4 |
| or MUS PERF 405 | Advanced Voice | |

## MUSIC THEORY, MUSIC HISTORY, AND PIANO SKILLS

| Code | Title | Credits |
|---|---|---|
| MUSIC 121 & MUSIC 171 | Musica Practica 1 and Musica Practica: Aural Skills 1 | 4 |
| MUSIC 122 & MUSIC 172 | Musica Practica 2 and Musica Practica: Aural Skills 2 | 4 |
| MUSIC 211 | Survey of the History of Western Music | 3 |
| MUSIC 212 | Survey of the History of Western Music | 3 |
| MUS PERF 102 | Beginning Class Piano [1] | 2 |
| Total Credits | | 16 |

[1] A student may complete a proficiency exam in piano, instead of completing this course.

## MUSIC CORE COURSES

| Code | Title | Credits |
|---|---|---|
| **6 credits from at least two categories:** | | 6 |
| *Theory* | | *3-4* |
| MUSIC 221 & MUSIC 271 | Musica Practica 3 and Musica Practica: Aural Skills 3 (must be taken concurrently) | |
| MUSIC 222 & MUSIC 272 | Musica Practica 4 and Musica Practica: Aural Skills 4 (must be taken concurrently) | |
| *History* | | *3* |
| MUSIC/ AFROAMER 400 | Music Cultures of the World: Africa, Europe, the Americas | |
| MUSIC/ FOLKLORE 401 | Musical Cultures of the World | |
| MUSIC/ FOLKLORE 402 | Musical Cultures of the World | |
| MUSIC 405 | Seminar: Cultural Study of Music | |
| MUSIC 411 | Survey of Music in the Middle Ages | |
| MUSIC 412 | Survey of Music in the Renaissance | |
| MUSIC 413 | Survey of Music in the Baroque Era | |
| MUSIC 414 | Survey of Music in the Classic Era | |
| MUSIC 415 | Survey of Music in the Romantic Era | |
| MUSIC 416 | Survey of Music in the Twentieth Century | |
| MUSIC 419 | Music in the United States | |
| MUSIC 511 | Historical Performance Practices | |
| MUSIC 513 | Survey of Opera | |
| *Additional Performance* | | *3* |
| Complete courses beyond the minimum three semesters required. Consult performance course list above. | | |
| Total Credits | | 15-16 |

## MUSIC EMPHASIS - ELECTIVES TO MEET 42 CREDITS IN THE MAJOR [2,3]

| Code | Title | Credits |
|---|---|---|
| MUSIC 40 | Wind Ensemble | 1 |
| MUSIC 41 | Concert Band | 1 |
| MUSIC 43 | University Band | 1 |
| MUSIC 50 | Concert Choir | 1 |
| MUSIC 52 | Women's Chorus | 1 |
| MUSIC 53 | Choral Union | 1 |
| MUSIC 55 | Masters' Singers | 1 |
| MUSIC 56 | Chorale | 1 |
| MUSIC 58 | Madrigal Singers | 1 |
| MUSIC 59 | University Chorus | 1 |
| MUSIC 61 | Chamber Orchestra | 1 |
| MUSIC 62 | University Symphony Orchestra | 1 |
| MUSIC 107 | Music & Film | 3 |
| MUSIC 110 | Introduction to Music Technology | 2 |
| MUSIC 201 | Music and Society | 2 |
| MUSIC 221 | Musica Practica 3 | 3 |
| MUSIC 222 | Musica Practica 4 | 3 |

| | | |
|---|---|---|
| MUSIC 229 | Jazz Theory & Composition | 3 |
| MUSIC 252 | Introduction to Conducting and Pedagogy | 2 |
| MUSIC 253 | Conducting | 2 |
| MUSIC 254 | Conducting | 2 |
| MUSIC 256 | University Opera | 1-2 |
| MUSIC 257 | Opera Workshop | 2 |
| MUSIC 262 | Jazz Ensemble | 1 |
| MUSIC 265 | Ensemble-Woodwind | 1 |
| MUSIC 266 | Black Music Ensemble | 1 |
| MUSIC 267 | Ensemble-Brass | 1 |
| MUSIC 268 | Ensemble-Percussion | 1 |

| MUS PERF 421 | Advanced Trombone | 2-4 |
| MUS PERF 423 | Advanced Euphonium | 2-4 |
| MUS PERF 425 | Advanced Tuba | 2-4 |
| MUS PERF 427 | Advanced Percussion | 2-4 |
| MUS PERF 431 | Advanced Violin | 2-4 |
| MUS PERF 433 | Advanced Viola | 2-4 |
| MUS PERF 435 | Advanced Cello | 2-4 |
| MUS PERF 437 | Advanced String Bass | 2-4 |
| MUS PERF 439 | Advanced Harp | 2-4 |
| MUS PERF 440 | Advanced Guitar | 2-4 |
| MUS PERF 447 | Fourth Year Composition | 3 |
| MUS PERF 448 | Fourth Year Composition | 3 |
| MUS PERF 457 | Jazz Composition and Arranging | 3 |
| MUS PERF 458 | Jazz Composition and Arranging | 3 |

[2] A maximum of 16 credits can be taken from courses numbered below 100.

[3] Students who complete MUSIC 122, MUSIC 221, or MUSIC 222 without having taken the earlier courses in the theory sequence, or who achieve advanced placement in theory through department examination, may not be required to complete the prerequisite courses in the theory sequence. However, no retroactive course credit will be granted. All students must complete at least 42 credits in Mead Witter School of Music coursework.

# RESIDENCE & QUALITY OF WORK

- 2.000 GPA in all MUSIC, MUS PERF and other courses counting in the major
- 2.000 GPA on 15 upper-level major credits in the major, taken in Residence (see below)
- 15 credits in MUSIC or MUS PERF, taken on the UW-Madison campus

| Code | Title | Credits |
|---|---|---|
| **Upper Level courses in the major** | | |

# HONORS IN THE MAJOR

To participate in the Honors in the Major program, students must:

- Notify the School of Music undergraduate advisor of their intention to become a candidate for Honors in the Major. This will usually occur in the sophomore year.
- Present a minimum cumulative GPA of 3.300 in all courses taken at UW–Madison and maintain this average throughout the degree.
- Present a minimum 3.500 GPA in all music coursework
- Engage a faculty member and plan 12 credits of honors curriculum coursework; submit this plan to the undergraduate music advisor.
- Prior to beginning work on the Senior Honors Thesis sequence, confirm a faculty advisor for this sequence (who may be the same person as for the 12 credits above) and submit a prospectus outlining in detail the planned work including (a) the topic, (b) plans for research, and (c) a clear substantive written component, although it may also include oral and/or performance components. The faculty advisor must sign the prospectus indicating approval.

To complete and earn Honors in any Music major, students must satisfy the requirements for the major and these additional requirements:

- Earn a minimum 3.300 University GPA
- Earn a minimum 3.500 GPA in the major
- MUSIC 681–MUSIC 682 for a total of 6 credits
- 12 credits of Honors coursework in music: 6 of the 12 credits must be at the 300 level or higher and only 6 credits can be taken in any one of the three music areas of theory, history, and performance.

•

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Develop advanced levels of proficiency in solo, chamber and ensemble performance sufficient to enter music professions or graduate programs.
2. Understand, apply and synthesize foundational concepts of musical study in theory, history and pedagogy.
3. Demonstrate the ability to learn independently and to integrate knowledge across domains of research and applied studies.
4. Communicate verbally, in writing and through public performance, musical ideas and concepts.
5. Demonstrate ability to work collaboratively and professionally in multiple social and professional settings.

## FOUR-YEAR PLAN

Student must work with a School of Music faculty member to create a cohesive plan to meet requirements; the plan must be approved by the appropriate faculty area committee(s) and by the Curriculum Committee.

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A | 3 | Ethnic Studies | 3 |
| MUSIC 121 & MUSIC 171 | 4 | Quantitative Reasoning A | 3 |
| MUSIC 200-level (Performance Study) | 2 | MUSIC 122 & MUSIC 172 | 4 |
| Music emphasis course | 1 | MUS PERF 200-level (Performance Study) | 2 |
| Foreign Language (if required) | 4 | Music emphasis course | 1 |
| | | INTER-LS 210 | 1 |
| | 14 | | 14 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Quantitative Reasoning B | 3 | Communication Part B | 3 |
| Biological Science Breadth | 3 | Physical Science Breadth | 3 |
| MUSIC 211 | 3 | MUSIC 212 | 3 |
| MUS PERF 2XX (Performance Study) | 2 | Social Science Breadth | 6 |
| Music emphasis course | 1 | Submit music emphasis study plan for approval by departmental Curriculum Committee | |
| Social Science Breadth | 3 | | |
| | 15 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Declare the major | | Music core course | 3 |
| Music emphasis course | 3 | Music emphasis course | 3 |
| Music Core course | 3 | Literature Breadth | 6 |
| Literature Breadth | 3 | Natural Science Breadth | 4 |
| Natural Science Breadth | 7 | | |
| | 16 | | 16 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Music emphasis course | 6 | Music emphasis course | 1 |
| Social Science Breadth | 3 | Electives | 14 |
| Electives | 6 | | |
| | 15 | | 15 |

Total Credits 120

## ADVISING AND CAREERS

Undergraduate music majors may consult Alison Spencer in L&S Academic Advising Services (101 Ingraham Hall) about course enrollment and planning completion of their degree; appointments may be made through Starfish on the Student Center in My UW. Students who are interested in majoring in music should consult the undergraduate audition and admissions coordinator (admissions@music.wisc.edu; 608-263-5986; 5561 Humanities). If you have questions about a scholarship that you are receiving from the School of Music, please contact the associate director for Mead Witter School of Music.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Cook (director), Blasius, Calderón, Chisholm, Crook, Dill, Di Sanza, Doing, Fischer, Fulmer, Hetzler, Hyer, Johnson, Karp, Koza, Leckrone, Perry, Rowe, Schaffer, Schwendinger, Stowe, Swack, B. Taylor, C. Taylor, Teeple, Thimmig, Vallon, Vardi; Associate Professors Dobbs, Grabois, Wallmann; Assistant Professors Altino, Lee, Ronis

The faculty of the Mead Witter School of Music is a distinguished group of educators, performing musicians, and active scholars. The backgrounds of performance faculty include rich experiences as professional musicians, researchers, recording artists, and entrepreneurs. Faculty in music education have particular insight into their field as a result of their backgrounds as school educators, performers, and scholars. In areas such as music theory and musicology, the musical community has high regard for the past and current contributions to the study of musical theory, historical perspectives on music, the role of music in societies around the world, and the unique contributions of American musicians. Teaching is a priority for the faculty, who are readily accessible to students for advice and support. Faculty, staff, and students cooperate in extraordinary ways with joint ventures that reach across disciplines both in research or instruction.

## RESOURCES AND SCHOLARSHIPS

# OFFICE OF STUDENT FINANCIAL AID

Prospective music students should contact the Office of Student Financial Aid (https://financialaid.wisc.edu) (333 East Campus Mall #9701, Madison, WI 53715-1382; 608-262-3060) to obtain information about grants and loans when returning the application for admission.

# SCHOOL OF MUSIC SCHOLARSHIPS

Some funds are available for scholarships awarded by the School of Music to outstanding applicants. It is always advisable to complete the Free Application for Federal Student Aid (FAFSA) and submit it to the Office of Student Financial Aid. Application materials will serve as support for music scholarship consideration.

**Scholarship applicants must audition in person and must take the Theory Placement Examination on the audition day in order to be considered for an award.** After the audition and review of materials, the associate director will notify each applicant about the scholarship decision. Accompanying each award notification will be a Letter of Commitment, to be signed and returned to the School of Music. Criteria used for awarding scholarships are:

1. Quality of the performance audition
2. High school and/or college academic record
3. Letters of recommendation

Most Mead Witter School of Music scholarships are awarded for a four-year period. The music faculty reviews every scholarship award each semester and expects that each student on scholarship will maintain satisfactory progress toward completing the music major and degree requirements, continue to make significant contributions in performing organizations or accompanying, and maintain a minimum 3.000 grade point average. Please see the Mead Witter School of Music website

(http://www.music.wisc.edu) for more information regarding music scholarships.

## ACCREDITATION

### ACCREDITATION

National Association of Schools of Music (https://nasm.arts-accredit.org)

Accreditation status: Accredited. Next accreditation review: 2022–2023

# MUSIC: HISTORY

## REQUIREMENTS

### MUSIC: HISTORY

All prospective undergraduate music majors must audition on an instrument or voice and be accepted into the Mead Witter School of Music at the music major level (200 level) of performance study according to standard admission procedures. For students desiring to major in music history, subsequent private lessons are not required and may only be available as space permits in individual studios.

Students interested in this major must talk with the MUSIC 211 Survey of the History of Western Music or MUSIC 212 Survey of the History of Western Music professor (whichever course they are enrolled in at the time) and/or the chair of the musicology area. In addition, they must notify the music advisor of their intentions.

Students must prepare the petition for admission to the major during the semester in which they are taking the second music history survey course. They must also be completing or have already completed MUSIC 221 Musica Practica 3/MUSIC 271 Musica Practica: Aural Skills 3 and MUSIC 222 Musica Practica 4/MUSIC 272 Musica Practica: Aural Skills 4. The petition must consist of:

1. a written request to the chair of the musicology area outlining the reasons they wish to declare a major in music history and
2. a selection of papers and other written assignments completed for MUSIC 211, MUSIC 212, and other academic music courses.

All application materials must be submitted to the chair no later than the end of the semester they are completing the MUSIC 211–MUSIC 212 sequence. Applicants must also submit a campus copy of their transcript once final grades have posted.

Musicology faculty will consider the application at the next meeting of the musicology faculty. Applications submitted in May at the completion of MUSIC 212 will be reviewed in September. The Area will decide whether to admit students to the music history major on the basis of grades in MUSIC 211 and MUSIC 212, cumulative grade point average (GPA), samples of written prose, and letters of application. The admission decision is based on multiple factors, and there is no minimum GPA that will guarantee admission to the music history major. However, the musicology faculty does expect that a serious applicant would have attained minimum GPAs of 3.250 in the following areas:

1. MUSIC 211 and MUSIC 212;
2. other academic music courses;
3. the UW–Madison cumulative GPA.

As with admission to all majors within the Mead Witter School of Music, the musicology area faculty has the final authority to accept or deny a petition for admission.

The area will assign each admitted student a faculty advisor for planning advanced work in the major and supervising the senior capstone paper.

Students may not enroll in more than one advanced music history course following completion of MUSIC 211–MUSIC 212 pending acceptance to the major.

Students wishing to apply to the major after completion of MUSIC 211–MUSIC 212 and/or after completion of more than one advanced musicology course must submit an additional petition explaining why they are applying late. If a late applicant is admitted, the Area may choose to accept all, part, or none of the advanced-level work completed prior to acceptance to the major.

### MUSIC: HISTORY OPTION REQUIREMENTS

To qualify for the music history option, a student must earn a grade of C or better in each music course taken after formal admission to and declaration of the option.

| Code | Title | Credits |
|---|---|---|
| *Music Courses in Music Theory* | | |
| MUSIC 121 & MUSIC 171 | Musica Practica 1 and Musica Practica: Aural Skills 1 (prerequisite course requirements) | 4 |
| MUSIC 122 & MUSIC 172 | Musica Practica 2 and Musica Practica: Aural Skills 2 (prerequisite course requirements) | 4 |
| MUSIC 221 & MUSIC 271 | Musica Practica 3 and Musica Practica: Aural Skills 3 (prerequisite course requirements) | 4 |
| MUSIC 222 & MUSIC 272 | Musica Practica 4 and Musica Practica: Aural Skills 4 | 4 |
| *Music Courses in Music History* | | |

# MUSIC: PERFORMANCE

## REQUIREMENTS

## REQUIREMENTS FOR THE PERFORMANCE OPTION [3]

42 credits required, as follows:

### PERFORMANCE STUDY

| Code | Title | Credits |
|---|---|---|
| **7 semesters in one instrument group below, with at least 3 semesters in the 400-level course:** | | 14-28 |
| *Bass* | | |
| MUS PERF 237 | Elementary/Intermediate String Bass | |
| or MUS PERF 437 | Advanced String Bass | |
| *Bassoon* | | |
| MUS PERF 215 | Elementary/Intermediate Bassoon | |
| or MUS PERF 415 | Advanced Bassoon | |
| *Cello* | | |
| MUS PERF 235 | Elementary/Intermediate Cello | |
| or MUS PERF 435 | Advanced Cello | |

| | |
|---|---|
| *Clarinet* | |
| MUS PERF 211 | Elementary/Intermediate Clarinet |
| or MUS PERF 411 | Advanced Clarinet |
| *Euphonium* | |
| MUS PERF 223 | Elementary/Intermediate Euphonium |
| or MUS PERF 423 | Advanced Euphonium |
| *Flute* | |
| MUS PERF 207 | Elementary/Intermediate Flute |
| or MUS PERF 407 | Advanced Flute |
| *Guitar* | |
| MUS PERF 240 | Elementary/Intermediate Guitar |
| or MUS PERF 440 | Advanced Guitar |
| *Harp* | |
| MUS PERF 239 | Elementary/Intermediate Harp |
| or MUS PERF 439 | Advanced Harp |
| *Horn* | |
| MUS PERF 217 | Elementary/Intermediate Horn |
| or MUS PERF 417 | Advanced Horn |
| *Percussion* | |
| MUS PERF 227 | Elementary/Intermediate Percussion |
| or MUS PERF 427 | Advanced Percussion |
| *Piano* | |
| MUS PERF 201 | Elementary/Intermediate Piano |
| or MUS PERF 401 | Advanced Piano |
| *Oboe* | |
| MUS PERF 209 | Elementary/Intermediate Oboe |
| or MUS PERF 409 | Advanced Oboe |
| *Organ* | |
| MUS PERF 203 | Elementary/Intermediate Organ |
| or MUS PERF 403 | Advanced Organ |
| *Saxophone* | |
| MUS PERF 213 | Elementary/Intermediate Saxophone |
| or MUS PERF 413 | Advanced Saxophone |
| *Trombone* | |
| MUS PERF 221 | Elementary/Intermediate Trombone |
| or MUS PERF 421 | Advanced Trombone |
| *Trumpet* | |
| MUS PERF 219 | Elementary/Intermediate Trumpet |
| or MUS PERF 419 | Advanced Trumpet |
| *Tuba* | |
| MUS PERF 225 | Elementary/Intermediate Tuba |
| or MUS PERF 425 | Advanced Tuba |
| *Viola* | |
| MUS PERF 233 | Elementary/Intermediate Viola |
| or MUS PERF 433 | Advanced Viola |
| *Violin* | |
| MUS PERF 231 | Elementary/Intermediate Violin |
| or MUS PERF 231 | Elementary/Intermediate Violin |
| *Voice* | |
| MUS PERF 205 | Elementary/Intermediate Voice |
| or MUS PERF 405 | Advanced Voice |
| Total Credits | 14-28 |

## MUSIC THEORY, HISTORY, AND PIANO SKILLS

| Code | Title | Credits |
|---|---|---|
| MUSIC 121 & MUSIC 171 | Musica Practica 1 and Musica Practica: Aural Skills 1 | 4 |
| MUSIC 122 & MUSIC 172 | Musica Practica 2 and Musica Practica: Aural Skills 2 | 4 |
| MUSIC 221 & MUSIC 271 | Musica Practica 3 and Musica Practica: Aural Skills 3 | 4 |
| MUSIC 211 | Survey of the History of Western Music | 3 |
| MUSIC 212 | Survey of the History of Western Music | 3 |
| MUS PERF 102 | Beginning Class Piano [2] | 2 |
| *Additional Music History. Complete one of the following:* | | *3* |
| MUSIC 411 | Survey of Music in the Middle Ages | |
| MUSIC 412 | Survey of Music in the Renaissance | |
| MUSIC 413 | Survey of Music in the Baroque Era | |
| MUSIC 414 | Survey of Music in the Classic Era | |
| MUSIC 415 | Survey of Music in the Romantic Era | |
| MUSIC 416 | Survey of Music in the Twentieth Century | |
| MUSIC 419 | Music in the United States | |
| MUSIC 511 | Historical Performance Practices | |
| MUSIC 513 | Survey of Opera | |
| Total Credits | | 23 |

[1] A student may complete a proficiency exam in piano, instead of completing this course.

## MUSICAL ORGANIZATIONS AND ACCOMPANYING

| Code | Title | Credits |
|---|---|---|
| **Complete at least 7 semesters in the following:** | | 7 |
| MUSIC 40 | Wind Ensemble | |
| MUSIC 41 | Concert Band | |
| MUSIC 50 | Concert Choir | |
| MUSIC 52 | Women's Chorus | |
| MUSIC 53 | Choral Union | |
| MUSIC 55 | Masters' Singers | |
| MUSIC 56 | Chorale | |
| MUSIC 58 | Madrigal Singers | |
| MUSIC 59 | University Chorus | |
| MUSIC 61 | Chamber Orchestra | |
| MUSIC 62 | University Symphony Orchestra | |
| MUSIC 256 | University Opera | |
| MUSIC 257 | Opera Workshop | |
| MUSIC 270 | Ensemble-Guitar | |
| MUS PERF 251 | Keyboard Skills (keyboard majors only) | |
| MUS PERF 242 | Accompanying (keyboard majors only) | |

| | |
|---|---|
| MUS PERF 342 | Piano Accompanying Lab (keyboard majors only) |

## ELECTIVES TO MEET 42 CREDITS IN THE MAJOR [2]

| Code | Title | Credits |
|---|---|---|
| MUSIC 40 | Wind Ensemble | 1 |
| MUSIC 41 | Concert Band | 1 |
| MUSIC 43 | University Band | 1 |
| MUSIC 50 | Concert Choir | 1 |
| MUSIC 52 | Women's Chorus | 1 |
| MUSIC 53 | Choral Union | 1 |
| MUSIC 55 | Masters' Singers | 1 |
| MUSIC 56 | Chorale | 1 |
| MUSIC 58 | Madrigal Singers | 1 |
| MUSIC 59 | University Chorus | 1 |

# MUSIC: THEORY

## REQUIREMENTS

### MUSIC: THEORY

All prospective undergraduate music majors must audition on an instrument or voice and be accepted into Mead Witter School of Music at the music major level (200 level) of performance study according to standard admission procedures. For students desiring to major in music theory, subsequent private lessons are not required and may only be available as space permits in individual studios. All prospective majors in the School of Music must pass a placement examination before enrolling in MUSIC 121 Musica Practica 1/MUSIC 171 Musica Practica: Aural Skills 1. Contact the undergraduate music office (5561 Mosse Humanities; 608-263-5986) for more information.

Students must complete MUSIC 121/MUSIC 171 and MUSIC 122 Musica Practica 2/MUSIC 172 Musica Practica: Aural Skills 2 before their petition to major in music theory can be considered, but should apply no later than the semester after completing MUSIC 122/MUSIC 172. The petition must consist of:

1. a written request to the chair of the Music Theory Area outlining reasons for wanting to declare a major in music theory;
2. a selection of papers and other written assignments completed for MUSIC 121 and MUSIC 122.

The area will decide whether to admit students to the major on the basis of grades in MUSIC 121/MUSIC 171 and MUSIC 122/MUSIC 172, cumulative grade point average (GPA), samples of written prose, and letters of application. The admission decision is based on multiple factors; no minimum GPA will guarantee admission to the music theory major. However, the Area does expect that a serious applicant would have attained a minimum GPA of 3.250 in the following areas:

1. MUSIC 121/MUSIC 171 and MUSIC 122/MUSIC 172;
2. other music courses;
3. UW–Madison cumulative GPA.

As with admission to all majors within the Mead Witter School of Music, the music theory area faculty have the final authority to accept or deny a petition for admission. All majors will be assigned a faculty advisor within the area. Students accepted to the music theory major will be eligible to formally declare the major after they have completed the second year of the core music curriculum with a high quality of work as described above. After formal declaration of the major, students must maintain a grade of C or better in each subsequent music course taken.

Transfer students with sophomore standing or above who would like to petition for admission to the music theory major should submit:

1. a written request to the Area chair outlining reasons for wanting to declare a major in music theory;
2. a detailed description of previous coursework in music theory, including a dossier of course syllabi, assignments, examinations, etc.;
3. an unofficial transcript or other verification of course grades; and
4. samples of written prose, preferably from music courses.

### MUSIC: THEORY OPTION REQUIREMENTS

Transfer students should contact the Area chair to discuss their own particular situations. Criteria for admission to and retention in the major are the same as outlined in the previous paragraph.

| Code | Title | Credits |
|---|---|---|
| *Music Courses in Music Theory* | | |
| MUSIC 121 & MUSIC 171 | Musica Practica 1 and Musica Practica: Aural Skills 1 (prerequisite course requirements) | 4 |

# MUSIC, B.S.

**VALUES AND EDUCATIONAL PRIORITIES**

At the Mead Witter School of Music

- we teach by example offering participatory, mentor-driven education;
- we provide individualized instruction and flexible curricula that encourage students to find their own musical pathways;
- we foster musical excellence and high academic standards;
- our faculty exhibit the best of their respective fields, are deeply engaged in artistic scholarship and research, and are committed to teaching at all levels;
- we whole-heartedly embrace the Wisconsin Idea;
- our department is a dynamic educational community, part of a large and vibrant research university within a city that values and supports the arts.

The Mead Witter School of Music enriches students' educational experience by hosting guest artists and scholars for master classes, recitals, colloquia, seminars, and festivals. Its performing organizations and ensembles perform more than 350 recitals and concerts every year, making a significant contribution to the cultural life of the university and the wider Madison community. Facilities specifically designed for music study and performance offer excellent resources for students to pursue their interests.

In addition to a thriving undergraduate student body, music students have the advantage of working side-by-side with master's-level and doctoral-level music students. Working collegially in class and studio, making music together on stage and off, and building professional relationships across program boundaries all enable the sharing of expertise, experience, and perspectives and add immeasurably to every student's development.

The music degree programs are demanding and require care in taking courses in the proper sequence. Graduation could be delayed if a course is not taken in the appropriate semester. Refer to the Requirements tab for details on the coursework and sequences of study in specific majors.

Mead Witter School of Music views its goals and objectives as complementary to those of the University of Wisconsin–Madison, which include "to provide an environment in which faculty and students can discover, examine critically, preserve and transmit the knowledge, wisdom

and values that will help ensure the survival of the present and future generations with improvement in the quality of life."

The University of Wisconsin–Madison School of Music is accredited by the National Association of Schools of Music (NASM), and has been an institutional member of NASM since 1966.

# PEOPLE AND FACILITIES

The greatest asset of Mead Witter School of Music is its people—staff, faculty, and students—who are daily immersed in learning, building, researching, writing, and making music. Mentoring is the core of our teaching, manifest in one-on-one applied instruction as well as in small-group coaching and classes. Undergraduate students will build professional relationships with many faculty, form friendships with peers across the boundaries of degree programs, and collaborate with staff in addressing the practical matters of academic study. Extensive information on faculty, including biographies, is available here.

The Mosse Humanities Building, built in 1969, houses most of the music classrooms, rehearsal rooms, faculty studios, and 111 practice rooms. Most recitals and concerts take place in one of three performance spaces: Mills Concert Hall, Morphy Recital Hall, and Eastman Organ Recital Hall. The school's extensive collection of instruments, both common and unusual, is available to both faculty and students. Music Hall with its clock tower, built in 1879, is a campus landmark. Renovated in 1985, it is the home of the opera program. The new Hamel Music Center, scheduled to open in 2019, will include a concert hall, a recital hall, and a large ensemble rehearsal space.

Memorial Library is the home of the Mills Music Library, which offers extensive research and circulating collections, attractive study space, and personal staff assistance with research. Music materials on campus number over half a million, ranging from scores and sheet music to archival collections and historic audio recordings. Through Mills Music Library and other UW–Madison libraries, students have access to a wide range of online research databases as well as millions of articles, books, and streaming media. All genres of music are represented, with notably strong collections in Americana and ethnic music. Nationally known special collections include the Tams–Witmark Collection, a treasury of early American musical theater materials, and the Wisconsin Music Archives.

# CHOOSING A MUSIC MAJOR

Mead Witter School of Music offers several degree programs at the undergraduate level. The bachelor of arts and bachelor of science curricula are liberal arts majors in the College of Letters & Science and are excellent programs for students interested in exploring the wide array of course offerings in the college or in two or more major areas of study. In these programs music courses comprise one-third of a student's work toward the degree. By comparison, the bachelor of music curriculum a professional degree in music, requires 75 percent of total coursework within the Mead Witter School of Music. Students in this program are looking for depth in performance study along with a large complement of other musical studies at advanced level. A number of alumni from both B.A. and B.S. have completed two majors at UW-Madison. Both of these programs may provide a foundation for graduate study and sometimes for a career in music. We encourage conversations with Mead Witter School of Music professors at any point during your first two years as a music major to learn as much as possible about options that are available to you.

# GRADES AND ADVISING

Mead Witter School of Music is a department of the UW–Madison College of Letters & Science. Information on the grading system and academic procedures/policies is available in the College of Letters & Science section of this *Guide* under the policies and regulations (http://guide.wisc.edu/undergraduate/letters-science/#policiesandregulationstext) tab.

The undergraduate advisor of the Mead Witter School of Music serves as the advisor for every music major. The advisor maintains records and assists students in determining an appropriate course schedule each semester.

## HOW TO GET IN

# ADMISSIONS PROCEDURES

To major in music at Mead Witter School of Music, a student must:

1. apply and be accepted by the UW–Madison Office of Admissions and Recruitment and
2. apply, audition, and be accepted by the School of Music faculty.

In addition to the UW-Madison application, students must apply to the Mead Witter School of Music. Application material is available on the School of Music website (http://www.music.wisc.edu) and the music application process is handled by the Undergraduate Admissions Office, 3561H Mosse Humanities Building.

The steps for applying to the UW–Madison School of Music are:

- Review the information on the website for Mead Witter School of Music (http://www.music.wisc.edu). Follow instructions carefully. Any questions may be directed to the Undergraduate Admissions Office.
- Download and complete the music application. On the application you will r**equest an audition date.**
- Download and provide the recommendation forms to two recommenders. These will be people who can attest to the applicant's musical background and ability.
- If there will be need for financial assistance, consult the Office of Student Financial Aid (https://financialaid.wisc.edu).
- Request that official transcripts from all high schools and colleges attended be sent to the Office of Admission and Recruitment.
- Prepare the appropriate repertoire and materials for the audition.
- Come to the campus for an audition, which includes a ten- to twenty-minute performance audition, music theory and piano placement examinations, and an introduction to School of Music faculty, students, and facilities.

In the second or third year of study, the faculty of the Mead Witter School of Music assesses each student's readiness to continue in advanced-level work in the major and to declare the major. To be eligible for the major declaration, students must maintain a minimum 2.000 GPA in the core academic music courses (theory and history) specified for their major option.

## TRANSFER STUDENTS

Students who have earned more than 24 course credits at another college or university follow the same application and audition procedures

described above. Upon acceptance by UW–Madison and the School of Music, credits for music courses taken at another institution are interpreted by the UW–Madison Office of Admissions and Recruitment simply as elective music credits. These course credits, as they appear on the transcript(s), will be reviewed during a conference with the advisor upon enrolling at UW–Madison. Transfer credit for music courses will be reviewed only after all placement and proficiency examinations in theory and piano have been taken at UW–Madison and syllabi for academic music courses have been submitted.

### REENTERING THE SCHOOL OF MUSIC

Students who were previously enrolled in the School of Music and UW–Madison who desire to reenter to seek an undergraduate degree should apply for reentry to both the UW–Madison Office of Admissions and Recruitment and the School of Music Undergraduate Admissions Office (http://www.music.wisc.edu). An audition will be required in most cases.

### INTERNATIONAL STUDENTS

Students from foreign countries who seek admission to the university and the School of Music should contact International Student Services in addition to the UW–Madison Office of Admissions and Recruitment and the School of Music Undergraduate Admissions Office.

### SPECIAL STUDENTS

Persons who are interested in courses offered by the School of Music but who are not working toward a UW–Madison degree should contact the Division of Continuing Studies, 21 North Park Street, Madison, WI 53715; 608-263-6960. Enrollment is limited in music courses, and priority is given to UW–Madison undergraduate degree candidates.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

### NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

Students who do not declare a Named Option must complete the requirements below.

View as listView as grid

- **MUSIC: HISTORY** (P. 1150)
- **MUSIC: PERFORMANCE** (P. 1151)
- **MUSIC: THEORY** (P. 1155)

# REQUIREMENTS FOR THE MAJOR

Student must work with a School of Music faculty member to create a cohesive plan to meet requirements; the plan must be approved by the appropriate faculty area committee(s) and by the Curriculum Committee.

## PERFORMANCE STUDY - THREE SEMESTERS IN ONE OF THE FOLLOWING AREAS:

| Code | Title | Credits |
|---|---|---|
| *Bass* | | |
| MUS PERF 237 | Elementary/Intermediate String Bass | 2-4 |
| or MUS PERF 437 | Advanced String Bass | |
| *Bassoon* | | |
| MUS PERF 215 | Elementary/Intermediate Bassoon | 2-4 |
| or MUS PERF 415 | Advanced Bassoon | |
| *Cello* | | |
| MUS PERF 235 | Elementary/Intermediate Cello | 2-4 |
| or MUS PERF 435 | Advanced Cello | |
| *Clarinet* | | |
| MUS PERF 211 | Elementary/Intermediate Clarinet | 2-4 |
| or MUS PERF 411 | Advanced Clarinet | |
| *Euphonium* | | |
| MUS PERF 223 | Elementary/Intermediate Euphonium | 2-4 |
| or MUS PERF 423 | Advanced Euphonium | |
| *Flute* | | |
| MUS PERF 207 | Elementary/Intermediate Flute | 2-4 |
| or MUS PERF 407 | Advanced Flute | |
| *Guitar* | | |
| MUS PERF 240 | Elementary/Intermediate Guitar | 2-4 |
| or MUS PERF 440 | Advanced Guitar | |
| *Harp* | | |
| MUS PERF 239 | Elementary/Intermediate Harp | 2-4 |
| or MUS PERF 439 | Advanced Harp | |
| *Harpsichord* | | |
| MUS PERF 202 | Elementary/Intermediate Harpsichord | 2-4 |
| or MUS PERF 402 | Advanced Harpsichord | |
| *Horn* | | |
| MUS PERF 217 | Elementary/Intermediate Horn | 2-4 |
| or MUS PERF 417 | Advanced Horn | |
| *Percussion* | | |
| MUS PERF 227 | Elementary/Intermediate Percussion | 2-4 |
| or MUS PERF 427 | Advanced Percussion | |
| *Piano* | | |
| MUS PERF 201 | Elementary/Intermediate Piano | 2-4 |
| or MUS PERF 401 | Advanced Piano | |
| *Oboe* | | |
| MUS PERF 209 | Elementary/Intermediate Oboe | 2-4 |
| or MUS PERF 409 | Advanced Oboe | |
| *Organ* | | |
| MUS PERF 203 | Elementary/Intermediate Organ | 2-4 |
| or MUS PERF 403 | Advanced Organ | |
| *Saxophone* | | |
| MUS PERF 213 | Elementary/Intermediate Saxophone | 2-4 |
| or MUS PERF 413 | Advanced Saxophone | |
| *Trombone* | | |
| MUS PERF 221 | Elementary/Intermediate Trombone | 2-4 |
| or MUS PERF 421 | Advanced Trombone | |
| *Trumpet* | | |
| MUS PERF 219 | Elementary/Intermediate Trumpet | 2-4 |
| or MUS PERF 419 | Advanced Trumpet | |
| *Tuba* | | |
| MUS PERF 225 | Elementary/Intermediate Tuba | 2-4 |
| or MUS PERF 425 | Advanced Tuba | |
| *Viola* | | |
| MUS PERF 233 | Elementary/Intermediate Viola | 2-4 |
| or MUS PERF 433 | Advanced Viola | |
| *Violin* | | |
| MUS PERF 231 | Elementary/Intermediate Violin | 2-4 |
| or MUS PERF 231 | Elementary/Intermediate Violin | |
| *Voice* | | |
| MUS PERF 205 | Elementary/Intermediate Voice | 2-4 |
| or MUS PERF 405 | Advanced Voice | |

## MUSIC THEORY, MUSIC HISTORY, AND PIANO SKILLS

| Code | Title | Credits |
|---|---|---|
| MUSIC 121<br>& MUSIC 171 | Musica Practica 1<br>and Musica Practica: Aural Skills 1 | 4 |
| MUSIC 122<br>& MUSIC 172 | Musica Practica 2<br>and Musica Practica: Aural Skills 2 | 4 |
| MUSIC 211 | Survey of the History of Western Music | 3 |
| MUSIC 212 | Survey of the History of Western Music | 3 |
| MUS PERF 102 | Beginning Class Piano [1] | 2 |
| Total Credits | | 16 |

[1] A student may complete a proficiency exam in piano, instead of completing this course.

## MUSIC CORE COURSES

| Code | Title | Credits |
|---|---|---|
| **6 credits from at least two categories:** | | 6 |
| *Theory* | | *3-4* |
| MUSIC 221<br>& MUSIC 271 | Musica Practica 3<br>and Musica Practica: Aural Skills 3<br>(must be taken concurrently) | |

| | | |
|---|---|---|
| MUSIC 222 & MUSIC 272 | Musica Practica 4 and Musica Practica: Aural Skills 4 (must be taken concurrently) | |
| *History* | | *3* |
| MUSIC/ AFROAMER 400 | Music Cultures of the World: Africa, Europe, the Americas | |

[2] A maximum of 16 credits can be taken from courses numbered below 100.

[3] Students who complete MUSIC 122, MUSIC 221, or MUSIC 222 without having taken the earlier courses in the theory sequence, or who achieve advanced placement in theory through department examination, may not be required to complete the prerequisite courses in the theory sequence. However, no retroactive course credit will be granted. All students must complete at least 42 credits in Mead Witter School of Music coursework.

# RESIDENCE & QUALITY OF WORK

- 2.000 GPA in all MUSIC, MUS PERF and other courses counting in the major
- 2.000 GPA on 15 upper-level major credits in the major, taken in Residence (see below)
- 15 credits in MUSIC or MUS PERF, taken on the UW-Madison campus

# HONORS IN THE MAJOR

To participate in the Honors in the Major program, students must:

- Notify the School of Music undergraduate advisor of their intention to become a candidate for Honors in the Major. This will usually occur in the sophomore year.
- Present a minimum cumulative GPA of 3.300 in all courses taken at UW–Madison and maintain this average throughout the degree.
- Present a minimum 3.500 GPA in all music coursework
- Engage a faculty member and plan 12 credits of honors curriculum coursework; submit this plan to the undergraduate music advisor.
- Prior to beginning work on the Senior Honors Thesis sequence, confirm a faculty advisor for this sequence (who may be the same person as for the 12 credits above) and submit a prospectus outlining in detail the planned work including (a) the topic, (b) plans for research, and (c) a clear substantive written component, although it may also include oral and/or performance components. The faculty advisor must sign the prospectus indicating approval.

To complete and earn Honors in any Music major, students must satisfy the requirements for the major and these additional requirements:

- Earn a minimum 3.300 University GPA
- Earn a minimum 3.500 GPA in the major
- MUSIC 681–MUSIC 682 for a total of 6 credits
- 12 credits of Honors coursework in music: 6 of the 12 credits must be at the 300 level or higher and only 6 credits can be taken in any one of the three music areas of theory, history, and performance.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Develop advanced levels of proficiency in solo, chamber and ensemble performance sufficient to enter music professions or graduate programs.
2. Understand, apply and synthesize foundational concepts of musical study in theory, history and pedagogy.
3. Demonstrate the ability to learn independently and to integrate knowledge across domains of research and applied studies.
4. Communicate verbally, in writing and through public performance, musical ideas and concepts.
5. Demonstrate ability to work collaboratively and professionally in multiple social and professional settings.

## FOUR-YEAR PLAN

Student must work with a School of Music faculty member to create a cohesive plan to meet requirements; the plan must be approved by the appropriate faculty area committee(s) and by the Curriculum Committee.

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A | 3 | Ethnic Studies | 3 |
| MUSIC 121 & MUSIC 171 | 4 | Quantitative Reasoning A | 3 |
| MUSIC 200-level (Performance Study) | 2 | MUSIC 122 & MUSIC 172 | 4 |
| Music emphasis course | 1 | MUS PERF 200-level (Performance Study) | 2 |
| Foreign Language (if required) | 4 | Music emphasis course | 1 |
| | | INTER-LS 210 | 1 |
| | 14 | | 14 |

**Second Year**

Total Credits 120

## ADVISING AND CAREERS

Undergraduate music majors may consult Alison Spencer in L&S Academic Advising Services (101 Ingraham Hall) about course enrollment and planning completion of their degree; appointments may be made through Starfish on the Student Center in My UW. Students who are interested in majoring in music should consult the undergraduate audition and admissions coordinator (admissions@music.wisc.edu; 608-263-5986; 5561 Humanities). If you have questions about a scholarship that you are receiving from the School of Music, please contact the associate director for Mead Witter School of Music.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Cook (director), Blasius, Calderón, Chisholm, Crook, Dill, Di Sanza, Doing, Fischer, Fulmer, Hetzler, Hyer, Johnson, Karp, Koza, Leckrone, Perry, Rowe, Schaffer, Schwendinger, Stowe, Swack, B. Taylor, C. Taylor, Teeple, Thimmig, Vallon, Vardi; Associate Professors Dobbs, Grabois, Wallmann; Assistant Professors Altino, Lee, Ronis

The faculty of the Mead Witter School of Music is a distinguished group of educators, performing musicians, and active scholars. The backgrounds of performance faculty include rich experiences as professional musicians, researchers, recording artists, and entrepreneurs. Faculty in music education have particular insight into their field as a result of their backgrounds as school educators, performers, and scholars. In areas such as music theory and musicology, the musical community has high regard for the past and current contributions to the study of musical theory, historical perspectives on music, the role of music in societies around the world, and the unique contributions of American musicians. Teaching is a priority for the faculty, who are readily accessible to students for advice and support. Faculty, staff, and students cooperate in extraordinary ways with joint ventures that reach across disciplines both in research or instruction.

## RESOURCES AND SCHOLARSHIPS

# OFFICE OF STUDENT FINANCIAL AID

Prospective music students should contact the Office of Student Financial Aid (https://financialaid.wisc.edu) (333 East Campus Mall #9701, Madison, WI 53715-1382; 608-262-3060) to obtain information about grants and loans when returning the application for admission.

# SCHOOL OF MUSIC SCHOLARSHIPS

Some funds are available for scholarships awarded by the School of Music to outstanding applicants. It is always advisable to complete the Free Application for Federal Student Aid (FAFSA) and submit it to the Office of Student Financial Aid. Application materials will serve as support for music scholarship consideration.

**Scholarship applicants must audition in person and must take the Theory Placement Examination on the audition day in order to be considered for an award.** After the audition and review of materials, the associate director will notify each applicant about the scholarship decision. Accompanying each award notification will be a Letter of Commitment, to be signed and returned to the School of Music. Criteria used for awarding scholarships are:

1. Quality of the performance audition
2. High school and/or college academic record
3. Letters of recommendation

Most Mead Witter School of Music scholarships are awarded for a four-year period. The music faculty reviews every scholarship award each semester and expects that each student on scholarship will maintain satisfactory progress toward completing the music major and degree requirements, continue to make significant contributions in performing organizations or accompanying, and maintain a minimum 3.000 grade point average. Please see the Mead Witter School of Music website (http://www.music.wisc.edu) for more information regarding music scholarships.

## ACCREDITATION

### ACCREDITATION

National Association of Schools of Music (https://nasm.arts-accredit.org)

Accreditation status: Accredited. Next accreditation review: 2022–2023

# MUSIC: HISTORY

## REQUIREMENTS

### MUSIC: HISTORY

All prospective undergraduate music majors must audition on an instrument or voice and be accepted into the Mead Witter School of Music at the music major level (200 level) of performance study according to standard admission procedures. For students desiring to major in music history, subsequent private lessons are not required and may only be available as space permits in individual studios.

Students interested in this major must talk with the MUSIC 211 Survey of the History of Western Music or MUSIC 212 Survey of the History of Western Music professor (whichever course they are enrolled in at the time) and/or the chair of the musicology area. In addition, they must notify the music advisor of their intentions.

Students must prepare the petition for admission to the major during the semester in which they are taking the second music history survey course. They must also be completing or have already completed MUSIC 221 Musica Practica 3/MUSIC 271 Musica Practica: Aural Skills 3 and MUSIC 222 Musica Practica 4/MUSIC 272 Musica Practica: Aural Skills 4. The petition must consist of:

1. a written request to the chair of the musicology area outlining the reasons they wish to declare a major in music history and
2. a selection of papers and other written assignments completed for MUSIC 211, MUSIC 212, and other academic music courses.

All application materials must be submitted to the chair no later than the end of the semester they are completing the MUSIC 211–MUSIC 212 sequence. Applicants must also submit a campus copy of their transcript once final grades have posted.

Musicology faculty will consider the application at the next meeting of the musicology faculty. Applications submitted in May at the completion of MUSIC 212 will be reviewed in September. The Area will decide whether to admit students to the music history major on the basis of grades in MUSIC 211 and MUSIC 212, cumulative grade point average (GPA), samples of written prose, and letters of application. The admission decision is based on multiple factors, and there is no minimum GPA that will guarantee admission to the music history major. However, the musicology faculty does expect that a serious applicant would have attained minimum GPAs of 3.250 in the following areas:

1. MUSIC 211 and MUSIC 212;
2. other academic music courses;
3. the UW–Madison cumulative GPA.

As with admission to all majors within the Mead Witter School of Music, the musicology area faculty has the final authority to accept or deny a petition for admission.

The area will assign each admitted student a faculty advisor for planning advanced work in the major and supervising the senior capstone paper.

Students may not enroll in more than one advanced music history course following completion of MUSIC 211–MUSIC 212 pending acceptance to the major.

Students wishing to apply to the major after completion of MUSIC 211–MUSIC 212 and/or after completion of more than one advanced musicology course must submit an additional petition explaining why they are applying late. If a late applicant is admitted, the Area may choose to accept all, part, or none of the advanced-level work completed prior to acceptance to the major.

## MUSIC: HISTORY OPTION REQUIREMENTS

To qualify for the music history option, a student must earn a grade of C or better in each music course taken after formal admission to and declaration of the option.

| Code | Title | Credits |
|---|---|---|
| *Music Courses in Music Theory* | | |
| MUSIC 121 & MUSIC 171 | Musica Practica 1 and Musica Practica: Aural Skills 1 (prerequisite course requirements) | 4 |

| | 15 | | 15 |

Total Credits 120

# MUSIC: THEORY

## REQUIREMENTS

### MUSIC: THEORY

All prospective undergraduate music majors must audition on an instrument or voice and be accepted into Mead Witter School of Music at the music major level (200 level) of performance study according to standard admission procedures. For students desiring to major in music theory, subsequent private lessons are not required and may only be available as space permits in individual studios. All prospective majors in the School of Music must pass a placement examination before enrolling in MUSIC 121 Musica Practica 1/MUSIC 171 Musica Practica: Aural Skills 1. Contact the undergraduate music office (5561 Mosse Humanities; 608-263-5986) for more information.

Students must complete MUSIC 121/MUSIC 171 and MUSIC 122 Musica Practica 2/MUSIC 172 Musica Practica: Aural Skills 2 before their petition to major in music theory can be considered, but should apply no later than the semester after completing MUSIC 122/MUSIC 172. The petition must consist of:

1. a written request to the chair of the Music Theory Area outlining reasons for wanting to declare a major in music theory;
2. a selection of papers and other written assignments completed for MUSIC 121 and MUSIC 122.

The area will decide whether to admit students to the major on the basis of grades in MUSIC 121/MUSIC 171 and MUSIC 122/MUSIC 172, cumulative grade point average (GPA), samples of written prose, and letters of application. The admission decision is based on multiple factors; no minimum GPA will guarantee admission to the music theory major. However, the Area does expect that a serious applicant would have attained a minimum GPA of 3.250 in the following areas:

1. MUSIC 121/MUSIC 171 and MUSIC 122/MUSIC 172;
2. other music courses;
3. UW–Madison cumulative GPA.

As with admission to all majors within the Mead Witter School of Music, the music theory area faculty have the final authority to accept or deny a petition for admission. All majors will be assigned a faculty advisor within the area. Students accepted to the music theory major will be eligible to formally declare the major after they have completed the second year of the core music curriculum with a high quality of work as described above. After formal declaration of the major, students must maintain a grade of C or better in each subsequent music course taken.

Transfer students with sophomore standing or above who would like to petition for admission to the music theory major should submit:

1. a written request to the Area chair outlining reasons for wanting to declare a major in music theory;
2. a detailed description of previous coursework in music theory, including a dossier of course syllabi, assignments, examinations, etc.;
3. an unofficial transcript or other verification of course grades; and
4. samples of written prose, preferably from music courses.

## MUSIC: THEORY OPTION REQUIREMENTS

Transfer students should contact the Area chair to discuss their own particular situations. Criteria for admission to and retention in the major are the same as outlined in the previous paragraph.

| Code | Title | Credits |
|---|---|---|
| *Music Courses in Music Theory* | | |
| MUSIC 121 & MUSIC 171 | Musica Practica 1 and Musica Practica: Aural Skills 1 (prerequisite course requirements) | 4 |

# MUSIC: EDUCATION, B.M.

## VALUES AND EDUCATIONAL PRIORITIES

At the Mead Witter School of Music

- we teach by example, offering participatory, mentor-driven education;
- we provide individualized instruction and flexible curricula that encourage students to find their own musical pathways;
- we foster musical excellence and high academic standards;
- our faculty exhibit the best of their respective fields, are deeply engaged in artistic scholarship and research, and are committed to teaching at all levels;
- we whole-heartedly embrace the Wisconsin Idea;
- we have created a dynamic educational community, part of a large and vibrant research university within a city that values and supports the arts.

The Mead Witter School of Music enriches students' educational experience by hosting guest artists and scholars for master classes, recitals, colloquia, seminars, and festivals. Its performing organizations and ensembles perform more than 350 recitals and concerts every year, making a significant contribution to the cultural life of the university and the wider Madison community. Facilities specifically designed for music study and performance offer excellent resources for students to pursue their interests.

In addition to a thriving undergraduate student body, B.M.: Music Education students have the advantage of working side-by-side with students in master's-level and doctoral-level music programs. Working collegially in class and studio, making music together on stage and off, and building professional relationships across program boundaries all enable the sharing of expertise, experience, and perspectives and add immeasurably to every student's development.

The music degree programs are demanding and require care in taking courses in the proper sequence. Graduation can be delayed if a course is not taken in the appropriate semester. Refer to the Requirements tab for details on the coursework and sequences of study in specific majors.

## THE MUSIC EDUCATION MAJOR

The music education major consists of two certification programs; *General and Instrumental Music*, and *General and Choral Music*. Students choose one of the programs and will, upon completion, be certified to teach in two areas at the Early-Childhood-through-Adolescence level. Music Education is a program offered jointly by the School of Music and the School of Education. The Bachelor of Music: Education degree is conferred by the College of Letters & Science; teacher certification is earned through the School of Education.

The music education program was recently revised to:

- Award certification in two areas. Each graduate will receive certification in general music and also in vocal or instrumental music, thus increasing job marketability and better reflecting the current needs of K–12 schools. Graduates are certified to teach in elementary and secondary schools.
- Explore the relationships between popular culture and music education. Graduates will be prepared to teach multiple forms of musical literacy, not just the traditional band, orchestra and choral curriculum.
- Expand the number of musical styles studied in the curriculum. Students also participate in group performances that reflect the diverse array of musical activities in today's schools.
- Offer an introductory music education class to sophomores prior to admission into the program.
- Provide instruction and experiences so that graduates can teach in culturally responsive ways.
- Increase performance collaboration between students in the instrumental and vocal tracks.
- Create a more interdisciplinary program by requiring all music education students to complete a core set of courses.

Although these programs are designed with the goal of preparing teachers to work in K–12 schools, the programs also provide a good preparation for individuals seeking careers in continuing education or music education-related fields.

The student's principal performance area should be consistent with the chosen certification program. One or more additional performance areas may be required. Prospective music education majors must audition and be accepted into any additional performance areas at the music major level (200 level) of performance study prior to beginning the methods and practicum sequence. Mead Witter School of Music cannot guarantee admission to additional performance areas, nor can it guarantee that appropriate substitute coursework will be available. During the time a student is enrolled in degree work, all performance study is expected to take place at UW–Madison.

# HOW TO GET IN

## ADMISSION PROCEDURES

To become a candidate for a School of Music degree, a student must first be accepted by the UW–Madison Office of Admissions and Recruitment and by the Mead Witter School of Music. Students interested in music education should consult with the audition and admission coordinator and apply as soon as possible. The music education program is highly sequential and takes a minimum of eight semesters from the semester of matriculation at Mead Witter School of Music.

Application material is available on the Mead Witter School of Music (http://www.music.wisc.edu) website. The music application process

is handled by the Undergraduate Admissions Office, 3561H Mosse Humanities. The steps for applying to the School of Music are:

- Review the information available on the School of Music website (http://www.music.wisc.edu). Any questions may be directed to the School of Music Undergraduate Admissions Office.
- Download and complete the music application. On the application form you will **request an audition date**.
- Download and provide the recommendation forms to two recommenders. These will be people who can attest to the applicant's musical background and ability.
- If there will be need for financial assistance, consult the Office of Student Financial Aid (https://financialaid.wisc.edu).
- Request that official transcripts be sent to the School of Music Undergraduate Admissions Office from all high schools and colleges attended.
- Prepare the appropriate repertoire and materials for the audition.
- Come to the campus for an audition, which includes a ten- to twenty-minute performance audition, music theory and piano placement examinations, and an introduction to Mead Witter School of Music faculty, students, and facilities.

## TRANSFER STUDENTS

Students who have earned more than 24 course credits at another college or university follow the same application and audition procedures described above. Upon acceptance by UW–Madison and the School of Music, credits for music courses taken at another institution are interpreted by the UW–Madison Office of Admissions and Recruitment simply as elective music credits. These course credits, as they appear on the transcript(s), will be reviewed during a conference with the advisor upon enrolling at UW–Madison. Transfer credit for music courses will be reviewed only after all placement and proficiency examinations in theory and piano have been taken at UW–Madison and syllabi for academic music courses have been submitted.

## REENTERING THE SCHOOL OF MUSIC

Students previously enrolled in the School of Music and UW–Madison who desire to reenter to seek an undergraduate degree should apply for reentry to both the UW–Madison Office of Admissions and Recruitment and the School of Music Undergraduate Admissions Office (http://www.music.wisc.edu). An audition will be required in most cases.

## INTERNATIONAL STUDENTS

International students seeking admission to the university and the School of Music should contact International Student Services in addition to the UW–Madison Office of Admissions and Recruitment and the School of Music Undergraduate Admissions Office.

## EXPECTATIONS FOR NEW STUDENTS

All new music majors are expected to enroll for the proper major coursework in the first semester at UW-Madison. Students on financial aid must also be enrolled as full-time students. Continuance as a music major is conditional upon achieving good progress and maintaining high standards based upon minimum GPAs in several categories. See the Requirements tab, Degree Progress and Declaring the Music Education Major for specific information.

# APPLYING TO THE MUSIC EDUCATION MAJOR

Before a student can declare a major in Music Education s/he must be admitted by the faculty to the program in order to take upper-level courses. During the **second year** in the core music curriculum, each student will sign up for an audition/interview with the music education faculty. The audition includes, but is not limited to, performance, sight-singing, and keyboard harmonization components. Minimum admission eligibility GPA requirements are:

- 3.000 in all music courses
- 2.750 cumulative (all courses)
- 2.500 in music theory and history courses

| Code | Title | Credits |
|---|---|---|
| MUSIC 121<br>& MUSIC 171 | Musica Practica 1<br>and Musica Practica: Aural Skills 1 | 4 |
| MUSIC 122<br>& MUSIC 172 | Musica Practica 2<br>and Musica Practica: Aural Skills 2 | 4 |
| MUSIC 221<br>& MUSIC 271 | Musica Practica 3<br>and Musica Practica: Aural Skills 3 | 4 |
| MUSIC 211 | Survey of the History of Western Music | 3 |
| MUSIC 212 | Survey of the History of Western Music | 3 |

The number of students admitted to the music education program is contingent upon available space; enrollment limits may be necessary to ensure that students have reasonable and timely access to required Mead Witter School of Music courses.

Students who successfully pass the audition/interview process and are offered admission must complete the following steps to complete their admission into the program:

Submit a teacher certification program application with the School of Education. Include the completed program application form(s), transcripts, and all other related application materials specified on the School of Education's Apply to a Program (http://www.education.wisc.edu/soe/academics/undergraduate-students/academic-program-admission) page.

Submit a major declaration form to the School of Music. Students admitted into the music education certification program will thereafter enroll jointly with the School of Music (College of Letters and Science) and the School of Education.

Note: In previous years, applicants to teacher education programs were required to submit scores from one of the following exams: ACT, SAT, Praxis I/PPST, Praxis Core, or GRE. Under emergency rules announced by the Wisconsin Department of Public Instruction, no applicants need to submit scores for any exam as a component of their application to this program. The exam requirement was officially removed by the School of Education on November 15, 2017.

# REQUIREMENTS

Teaching music is critical to the life of every musical community. Mead Witter School of Music has developed a progressive curriculum that meets the need for music educators who are resourceful, creative, and

well-prepared to engage with the exciting diversity of a global culture. Our alumni who hold teaching positions throughout Wisconsin and beyond have found that the investment of energy and time does not go unrewarded.

Mead Witter School of Music offers Bachelor of Music: Music Education majors with two concentrations that lead to General and Instrumental or General and Choral teaching certification in the State of Wisconsin. For the General and Instrumental concentration a student's program will fall into one of two categories: those whose principal instrument is a band or orchestral instrument will follow a specific course of study, and those with piano or guitar as their principal instrument will follow a different course of study. For the General and Choral concentration there are also two categories, determined by the principal performance medium: those who are principally vocalists will follow one course of study, and those with piano or guitar as their principal instrument will follow another. See Choosing a Music Education Curriculum below for detailed descriptions of specific coursework.

The Mead Witter School of Music, a department in the College of Letters and Science, adheres to all University requirements for general education and breadth. Since the Music Education major is tied closely to the School of Education, the major also meets the School of Education's requirements in liberal studies.

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

General Education
- Breadth—Humanities/Literature/Arts: 6 credits
- Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
- Breadth—Social Studies: 3 credits
- Communication Part A & Part B *
- Ethnic Studies *
- Quantitative Reasoning Part A & Part B *

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## SCHOOL OF EDUCATION LIBERAL STUDIES REQUIREMENTS

Music education students complete the School of Education's liberal studies (i.e., breadth) requirements (p. 1457). A limited number of music, art and dance credits may be applied toward this 40-credit requirement.

## TYPICAL MUSIC COURSE ENROLLMENT—YEAR ONE AND YEAR TWO

All Bachelor of Music students have the same core courses in music theory and music history during the first two years as music majors. The following table outlines the usual course schedule during the freshman and sophomore years. Take note of the following:

- Some courses are taken by all students
- Every student enrolls in either a performing organization (Band, Orchestra, Choir) or or Accompanying (students whose principal instrument is keyboard). This is required every the student is enrolled for performance study.
- Students whose principal instrument is not keyboard enroll in secondary piano study the first year to satisfy the major requirement.
- Each semester the students typically enroll in 5-6 credits of non-music coursework that satisfies Liberal Studies requirements.

| 2 credits each semester | | |
| *Performing Organization* | | *2* |
| 1 credit each semester | | |

## CHOOSING A MUSIC EDUCATION CURRICULUM

The music education major consists of two main curricula, both leading to certification at both the elementary and secondary levels. Students choose to complete the certification program in either *General and Instrumental Music* or *General and Choral Music*. The Bachelor of Music: Education degree requires a minimum of 130 credits. The music education faculty can advise you on which curriculum is most suited to your goals. Information on how to apply to the Music Education program can be found under the How to Get in tab.

# REQUIREMENTS: GENERAL AND INSTRUMENTAL CERTIFICATION

## PERFORMANCE STUDY: PRINCIPAL INSTRUMENT BAND OR ORCHESTRAL

| Code | Title | Credits |
|---|---|---|
| **Performance Study: Principal Instrument** | | |
| FIRST YEAR AND SECOND YEARS: 200-level study in the major instrument, 4 semesters, 2 credits each semester | | 8 |
| MUS PERF 207 | Elementary/Intermediate Flute | |
| MUS PERF 209 | Elementary/Intermediate Oboe | |
| MUS PERF 211 | Elementary/Intermediate Clarinet | |
| MUS PERF 213 | Elementary/Intermediate Saxophone | |
| MUS PERF 215 | Elementary/Intermediate Bassoon | |
| MUS PERF 217 | Elementary/Intermediate Horn | |
| MUS PERF 219 | Elementary/Intermediate Trumpet | |
| MUS PERF 221 | Elementary/Intermediate Trombone | |
| MUS PERF 223 | Elementary/Intermediate Euphonium | |
| MUS PERF 225 | Elementary/Intermediate Tuba | |
| MUS PERF 227 | Elementary/Intermediate Percussion | |
| MUS PERF 231 | Elementary/Intermediate Violin | |
| MUS PERF 233 | Elementary/Intermediate Viola | |
| MUS PERF 235 | Elementary/Intermediate Cello | |
| MUS PERF 237 | Elementary/Intermediate String Bass | |
| MUS PERF 239 | Elementary/Intermediate Harp | |
| THIRD AND FOURTH YEARS: 400-level study in major instrument, 3 semesters, 2 credits each semester | | 6 |
| MUS PERF 407 | Advanced Flute | |
| MUS PERF 409 | Advanced Oboe | |
| MUS PERF 411 | Advanced Clarinet | |

## HONORS IN THE MAJOR

The School of Music is reviewing its requirements for Honors in the Major. Current music majors may contact the undergraduate advisor for more information.

To earn honors in any music major, students must satisfy the requirements below as well as all other requirements for their music degree and major.

- 6 credits of MUSIC 681 Senior Honors Thesis and MUSIC 682 Senior Honors Thesis
- 12 credits of honors coursework in music: 6 of the 12 credits must be at the 300 level or higher and only 6 credits can be taken in any one of the three music areas of theory, history, and performance.

To participate in the Honors in the Major program, students must:

- Notify the School of Music undergraduate advisor of their intention to become a candidate for Honors in the Major. This will usually occur in the sophomore year.
- Present a minimum cumulative GPA of 3.3 in all courses taken at UW–Madison and maintain this average throughout the degree.
- Present a minimum 3.5 GPA in all music coursework and maintain a minimum 3.5 GPA in all music honors coursework.
- Engage a faculty member who will collaborate in planning the 12 credits of honors curriculum coursework; submit this plan to the undergraduate advisor. The course plan may change as students progress through their work.
- Prior to beginning work on the MUSIC 681/MUSIC 682 Senior Honors Thesis sequence, confirm a faculty advisor for this sequence (who may be the same person as for the 12 credits above) and submit a

prospectus outlining in detail the planned work including (a) the topic, (b) plans for research, and (c) a clear substantive written component, although it may also include oral and/or performance components. The faculty advisor must sign the prospectus indicating approval.

# ADDITIONAL CERTIFICATION REQUIREMENTS AND APPLYING FOR A LICENSE

In addition to completing UW–Madison's program requirements, students must also complete Wisconsin statutory requirements and certification requirements established by the Wisconsin Department of Public Instruction. For example, all individuals seeking an initial Wisconsin state teacher's license after August 31, 2004, are required to take and pass an approved content examination in the subject area(s) of interest. These tests, the Praxis II: Subject Assessments/Specialty Area Tests, are offered through the Educational Testing Service (ETS). Teacher education student at UW-Madison must take and pass the exam for their program area(s) and submit scores to Education Academic Services before entering their final, full-time student teaching semester.

All graduating student teachers are also required by the School of Education to meet the UW–Madison teacher education standards. This is done via completion of the teaching portfolio. Student teachers within the music education certification program must also complete the edTPA.

Many of these certification and statutory requirements are embedded within the program's requirements and require no additional attention. The endorsement of the program coordinator/faculty is also required to receive certification through UW–Madison.

The State of Wisconsin requires that anyone wishing to teach in a public K–12 setting hold a valid teaching license issued through the Department of Public Instruction. In addition to completing a certification program, students must submit a separate application for this license.

Detailed information about certification requirements and applying for a license is available under Certification/Licensure. (p. 1181)

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Describe and apply foundational music education concepts and information.
2. Plan, deliver and assess music learning experiences within chosen certification area that address as necessary the following standards: UWMTES, edTPA, Wisconsin Music Teaching Standards, and National Music Education Standards.
3. Develop a level of proficiency in describing and applying foundational concepts of music education, e.g. music learning and teaching, which will be reflected in an ability to communicate to multiple diverse constituencies, so as to interpret, investigate, understand, appreciate and work within the complex musical world.
4. Integrate knowledge in music learning and teaching in order to bring novel perspectives to challenging social and technological problems.
5. Develop the ability to think critically and creatively as a music educator to synthesize, analyze and integrate ideas for decision-making and problem-solving in the best interest of all students.
6. Communicate effectively in order to share knowledge, wisdom, values and beliefs regarding music learning and teaching with others across multiple social and professional settings.
7. Understand own learning processes regarding musical education and possess the capacity to intentionally. Seek and evaluate information; recognize and reduce bias in own thinking; and build new knowledge for application in performance and professional lives.
8. Construct a worldview of music education in order to accept responsibility for civic engagement and to appreciate the need to live live so purpose and meaning.
9. As music educators, develop and demonstrate a respect for truth, and appreciation for diverse views, and a strong sense of personal and professional ethics.

## FOUR-YEAR PLAN

## ADVISING AND CAREERS

Undergraduate music majors may consult Alison Spencer in L&S Academic Advising Services (101 Ingraham Hall) about course enrollment and planning completion of their degree; appointments may be made through Starfish on the Student Center in My UW. Students who are interested in majoring in music should consult the undergraduate audition and admissions coordinator (admissions@music.wisc.edu; 608-263-5986; 5561 Humanities). If you have questions about a scholarship that you are receiving from the School of Music, please contact the associate director for Mead Witter School of Music.

General information about advising for undergraduates in the Mead Witter School of Music can be found at resources for undergraduate studies (https://www.music.wisc.edu/undergrads).

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of

Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Cook (director), Blasius, Calderón, Chisholm, Crook, Dill, Di Sanza, Doing, Fischer, Fulmer, Hetzler, Hyer, Johnson, Karp, Koza, Leckrone, Perry, Rowe, Schaffer, Schwendinger, Stowe, Swack, B. Taylor, C. Taylor, Teeple, Thimmig, Vallon, Vardi; Associate Professors Dobbs, Grabois, Wallmann; Assistant Professors Altino, Lee, Ronis

The faculty of the Mead Witter School of Music is a distinguished group of educators, performing musicians, and active scholars. The backgrounds of performance faculty include rich experiences as professional musicians, researchers, recording artists, and entrepreneurs. Faculty in music education have particular insight into their field as a result of their backgrounds as school educators, performers, and scholars. In areas such as music theory and musicology, the musical community has high regard for the past and current contributions to the study of musical theory, historical perspectives on music, the role of music in societies around the world, and the unique contributions of American musicians. Teaching is a priority for the faculty, who are readily accessible to students for advice and support. Faculty, staff, and students cooperate in extraordinary ways with joint ventures that reach across disciplines both in research or instruction.

## CERTIFICATION/LICENSURE

# ADDITIONAL CERTIFICATION REQUIREMENTS AND APPLYING FOR A LICENSE

In addition to completing UW–Madison's program requirements, students must also complete Wisconsin statutory requirements and certification requirements established by the Wisconsin Department of Public Instruction. Many of these requirements are embedded within the program's requirements and require no additional attention. The endorsement of the program coordinator/faculty is also required to receive certification through UW–Madison.

# APPLYING FOR A TEACHING LICENSE

The State of Wisconsin requires that anyone wishing to teach in a public K–12 setting hold a valid teaching license issued through the Department of Public Instruction. In addition to completing a certification program, students must submit a separate application for this license. Students intending to complete a teacher certification program should monitor program requirements carefully. The Wisconsin Department of Public Instruction (DPI) periodically implements regulations that affect all certification programs; teacher certification candidates are responsible for having up-to-date information about certification requirements.

### Licensing Levels

The following licensing options are offered at UW–Madison.

- The Elementary Education program currently offers two licensing levels: *Early Childhood* and also *Middle Childhood through Early Adolescence*.
- The Special Education program certifies students at both the *Middle Childhood through Early Adolescence* level and also at the *Early Adolescence through Adolescence level*. The Special Education/Elementary Education dual major option certifies students only at the *Middle Childhood through Early Adolescence* level.
- Secondary Education programs certify students to teach their subject area at the *Early Adolescence through Adolescence* level. except for Mathematics and Social Studies. These program areas will certify students in grades 4-12.
- Students completing Language Education programs will be licensed at the *Early Childhood through Adolescence* level.
- Students in special fields such as Art, Communication Sciences and Disorders, Music, and Physical Education will be licensed at the *Early Childhood through Adolescence* level.

### Wisconsin State Licensing

The State of Wisconsin issues an initial teaching license to certified teachers. The current fee is $125. An online license application is available through the Department of Public Instruction (http://dpi.wi.gov/tepdl/elo). A Criminal Background Investigation (CBI) will also be conducted by DPI. Information about fingerprint submission, when necessary, is available through the Department of Public Instruction (http://dpi.wi.gov/tepdl/licensing/fingerprint/electronic-submission).

Before applying for a license, DPI requires the electronic submission of "Endorsed Candidate for Licensure" (ECL) data by the certifying officer of the institution where the teacher preparation was completed. For UW–Madison teacher certification students, the endorsement will come from the School of Education, 139 Education Building, 1000 Bascom Mall. Once this information has been submitted to DPI, students are notified by email that they may begin the application online.

Before endorsing a student, UW–Madison requires that (1) all certification requirements are met; (2) student teaching (following the school district calendar) is completed; (3) final grades are posted and reviewed; (4) the degree is "posted" by the registrar's office (four to five weeks after graduation); and (5) a recommendation for certification is received from the program faculty. The Wisconsin Department of Public Instruction may require an additional 6 to 12 weeks for license processing. See Educator Licensing (http://www.education.wisc.edu/soe/pk-12-education/

pathways-to-licensure/educator-licensing) for additional information about the licensing process.

### Licensing Outside of Wisconsin

To apply for a license in a state other than Wisconsin, first check out the application requirements of that state. The University of Kentucky has a website that provides links (http://2b.education.uky.edu/certification-requirements-by-state) to teacher licensing agencies in all 50 states, the District of Columbia, and Puerto Rico.

Many states have a verification form that needs to be signed by a UW–Madison certification officer. This form verifies that a state-approved licensing program has been completed. These forms should be sent to Education Academic Services at 139 Education Building, 1000 Bascom Mall, or by email (mlpatton@wisc.edu) to be completed. If the form requests information about practicum and student teaching assignments (names of schools, grade levels, dates, etc.), this information must be completed before sending the form to EAS.

## ACCREDITATION

**Accreditation**

National Association of Schools of Music (https://nasm.arts-accredit.org)

Accreditation status: Accredited. Next accreditation review: 2022-2023.

# MUSIC: PERFORMANCE, B.M.

## VALUES AND EDUCATIONAL PRIORITIES

At the Mead Witter School of Music

- we teach by example offering participatory, mentor-driven education;
- we provide individualized instruction and flexible curricula that encourage students to find their own musical pathways;
- we foster musical excellence and high academic standards;
- our faculty exhibit the best of their respective fields, are deeply engaged in artistic scholarship and research, and are committed to teaching at all levels;
- we whole-heartedly embrace the Wisconsin Idea;
- our department is a dynamic educational community, part of a large and vibrant research university within a city that values and supports the arts.

The Mead Witter School of Music enriches students' educational experience by hosting guest artists and scholars for master classes, recitals, colloquia, seminars, and festivals. Its performing organizations and ensembles perform more than 350 recitals and concerts every year, making a significant contribution to the cultural life of the university and the wider Madison community. Facilities specifically designed for music study and performance offer excellent resources for students to pursue their interests.

In addition to a thriving undergraduate student body, B.M.: Music Performance students have the advantage of working side-by-side with students in master's-level and doctoral-level music programs. Working collegially in class and studio, making music together on stage and off, and building professional relationships across program boundaries all enable the sharing of expertise, experience, and perspectives and add immeasurably to every student's development.

Majors in this program have professional interests in solo performance, chamber music performance, orchestra or wind ensemble performance, studio teaching (private or in a college or university), church music, conducting, music technology or production, opera or musical theater, or many combinations of these. Some students may consider this program as preparation for graduate study in music, arts administration, and other areas. The faculty has designed the curricula to include a large complement of liberal studies (40 credits) along with the course work in music (90 credits). These 40 L&S credits must include satisfaction of all university General Education Requirements including Communication Parts A and B, Quantitative Reasoning Parts A and B, Natural Science, Social Science, and Ethnic Studies.

The music degree programs are demanding and require care in taking courses in the proper sequence. Graduation could be delayed if a course is not taken in the appropriate semester. Refer to the Requirements tab for details on the coursework and sequences of study in specific majors.

## PEOPLE AND FACILITIES

The greatest asset of Mead Witter School of Music is its people—staff, faculty, and students—who are daily immersed in learning, building, researching, writing, and making music. Mentoring is the core of our teaching, manifest in one-on-one applied instruction as well as in small-group coaching and classes. Undergraduate students will build professional relationships with many faculty, form friendships with peers across the boundaries of degree programs, and collaborate with staff in addressing the practical matters of academic study. Extensive information on faculty, including biographies, is available here.

The Mosse Humanities Building, built in 1969, houses most of the music classrooms, rehearsal rooms, faculty studios, and 111 practice rooms. Most recitals and concerts take place in one of three performance spaces: Mills Concert Hall, Morphy Recital Hall, and Eastman Organ Recital Hall. The school's extensive collection of instruments, both common and unusual, is available to both faculty and students. Music Hall with its clock tower, built in 1879, is a campus landmark. Renovated in 1985, it is the home of the opera program. The new Hamel Music Center, scheduled to open in 2019, will include a concert hall, a recital hall, and a large ensemble rehearsal space.

Memorial Library is the home of the Mills Music Library, which offers extensive research and circulating collections, attractive study space, and personal staff assistance with research. Music materials on campus number over half a million, ranging from scores and sheet music to archival collections and historic audio recordings. Through Mills Music Library and other UW–Madison libraries, students have access to a wide range of online research databases as well as millions of articles, books, and streaming media. All genres of music are represented, with notably strong collections in Americana and ethnic music. Nationally known special collections include the Tams–Witmark Collection, a treasury of early American musical theater materials, and the Wisconsin Music Archives.

## HOW TO GET IN

## ADMISSIONS PROCEDURES

To major in music at Mead Witter School of Music, a student must
1) apply and be accepted by the UW–Madison Office of Admissions

and Recruitment and 2) apply, audition, and be accepted by the School of Music faculty. In addition to the UW-Madison application, students must apply to the Mead Witter School of Music. Application material is available on the School of Music website (http://www.music.wisc.edu) and the music application process is handled by the Undergraduate Admissions Office, 3561H Mosse Humanities Building.

The steps for applying to the UW–Madison School of Music are:

- Review the information on the website for Mead Witter School of Music (http://www.music.wisc.edu). Follow instructions carefully. Any questions may be directed to the Undergraduate Admissions Office.
- Download and complete the music application. On the application you will r**equest an audition date.**
- Download and provide the recommendation forms to two recommenders. These will be people who can attest to the applicant's musical background and ability.
- If there will be need for financial assistance, consult the Office of Student Financial Aid (https://financialaid.wisc.edu).
- Request that official transcripts be sent to the School of Music Undergraduate Admissions Office from all high schools and colleges attended.
- Prepare the appropriate repertoire and materials for the audition.
- Come to the campus for an audition, which includes a ten- to twenty-minute performance audition, music theory and piano placement examinations, and an introduction to School of Music faculty, students, and facilities.

### TRANSFER STUDENTS

Students who have earned more than 24 course credits at another college or university follow the same application and audition procedures described above. Upon acceptance by UW–Madison and by the School of Music, credits for music courses taken at another institution are interpreted by the UW–Madison Office of Admissions and Recruitment simply as elective music credits. These course credits, as they appear on the transcript(s), will be reviewed during a conference with the advisor upon enrolling at UW–Madison. Transfer credit for music courses will be reviewed only after all placement and proficiency examinations in theory and piano have been taken at UW–Madison and syllabi for academic music courses have been submitted.

### REENTERING THE SCHOOL OF MUSIC

Students who were previously enrolled in the School of Music and UW–Madison who desire to reenter to seek an undergraduate degree should apply for reentry to both the UW–Madison Office of Admissions and Recruitment and the School of Music Undergraduate Admissions Office (http://www.music.wisc.edu). An audition will be required in most cases.

### INTERNATIONAL STUDENTS

Students from other countries who seek admission to the university and the School of Music should contact International Student Services in addition to the UW–Madison Office of Admissions and Recruitment and the School of Music Undergraduate Admissions Office.

### EXPECTATIONS FOR NEW STUDENTS

All new music majors are expected to enroll for the proper major coursework in the first semester at UW-Madison. Students on financial aid must also be enrolled as full-time students. Continuance as a music major is conditional upon achieving good progress and maintaining high standards based upon minimum GPAs in several categories. See the Requirements tab for specific information.

## TO DECLARE MAJOR

All B.M.–Performance students formally declare their music major and proceed to upper-level study in the second or third year of study. Before doing so, students must have satisfactorily completed the core coursework in music theory and music history and must demonstrate their readiness for advanced work in a formal assessment by the performance faculty. To declare the major each student is required to attain the following minimum grade point averages:

- **2.750 cumulative (all UW-Madison courses)**
- **3.000 in all music courses**
- **2.500 in the following music theory and music history courses:**

| Code | Title | Credits |
|---|---|---|
| MUSIC 121<br>& MUSIC 171 | Musica Practica 1<br>and Musica Practica: Aural Skills 1 | 4 |
| MUSIC 122<br>& MUSIC 172 | Musica Practica 2<br>and Musica Practica: Aural Skills 2 | 4 |
| MUSIC 221<br>& MUSIC 271 | Musica Practica 3<br>and Musica Practica: Aural Skills 3 | 4 |
| MUSIC 211 | Survey of the History of Western Music | 3 |
| MUSIC 212 | Survey of the History of Western Music | 3 |

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF MUSIC (B.M.): MUSIC PERFORMANCE

**Liberal Studies (outside of MUSIC or MUS PERF)**

Literature, 6 cr
Humanities, 6 cr
Social Studies, 6 cr
Electives, to bring total credits outside of music to 40

# REQUIREMENTS FOR THE MAJOR

The bachelor of music curriculum is specific for each major performance discipline. To assure satisfactory progress and avoid extending the time to complete the degree, courses must be taken in the proper sequence. The music advisor expects to see all students at least once each semester and is always available to answer students' questions.

## TIMELINE FOR THE BACHELOR OF MUSIC MAJOR

The following table outlines the usual schedule by year for most bachelor of music students. Take note of the following:

- Some core coursework is taken by all students, such as music theory and music history.
- Every student enrolls in either a performing organization (Band, Orchestra, Choir,) or in Accompanying (for keyboard majors) every semester the student is enrolled for performance study.
- Students enroll in performance study (private lessons) in the major instrument or voice each semester and perform a degree recital in the senior year. Composition students enroll in composition courses or private instruction and also organize and perform a senior recital.
- Non-keyboard mtracks enroll in secondary piano study the first year to satisfy the requirement in the major.
- Each semester students typically enroll in 5–6 credits of nonmusic coursework that satisfy other degree requirements.

| Code | Title | Credits |
|---|---|---|
| **First Year** | | |
| *Theory* | | |
| MUSIC 121 & MUSIC 171 | Musica Practica 1 and Musica Practica: Aural Skills 1 | 4 |
| MUSIC 122 & MUSIC 172 | Musica Practica 2 and Musica Practica: Aural Skills 2 | 4 |
| *Performance (Applied) Study* [§] | | *4* |
| 2 credits each semester | | |
| *Performing Organization* [#] | | *2* |
| 1 credit each semester | | |
| *Secondary piano study* | | *4* |
| (non-keyboard majors), 2 credits per semester as needed to fulfill requirement | | |
| **Second Year** | | |
| *Theory* | | |
| MUSIC 221 & MUSIC 271 | Musica Practica 3 and Musica Practica: Aural Skills 3 | 4 |
| MUSIC 222 & MUSIC 272 | Musica Practica 4 and Musica Practica: Aural Skills 4 | 4 |
| *Music History* | | |
| MUSIC 211 & MUSIC 212 | Survey of the History of Western Music and Survey of the History of Western Music | 6 |
| *Performance (applied) study* | | *8* |
| 4 credits each semester | | |
| *Performing Organization* | | *2* |
| 1 credit each semester | | |
| **Third and Fourth Years** | | |
| *Performance (applied) study* | | *12* |
| 4 credits per semester for three semesters; in the recital semester two credits plus Senior Recital | | |
| *Performing Organization* | | *4* |
| 1 credit each semester | | |
| *Music History* | | *6* |
| Two courses from the following: [*] | | |
| MUSIC 411 | Survey of Music in the Middle Ages | |
| MUSIC 412 | Survey of Music in the Renaissance | |
| MUSIC 413 | Survey of Music in the Baroque Era | |
| MUSIC 414 | Survey of Music in the Classic Era | |
| MUSIC 415 | Survey of Music in the Romantic Era | |
| MUSIC 416 | Survey of Music in the Twentieth Century | |
| MUSIC 419 | Music in the United States | |
| MUSIC 511 | Historical Performance Practices | |
| MUSIC 513 | Survey of Opera | |

§ The composition track curriculum includes composition class in the **second** semester of the first year. See the composition requirements for specific information.

\# Piano and organ track courses are different for the first year. Refer to those requirement summaries for specific information.

* Most tracks require two courses, but some include additional coursework in music history. See the requirement summaries for specific information.

## DEGREE PROGRESS

First-year Bachelor of Music students are admitted as music majors at the 200-level on the major instrument or voice. In the second or third year each student's progress is assessed by the faculty of the relevant performance area. If that assessment indicates that the student is ready, the faculty recommends the student for advanced-level (400-level) study. With this recommendation, and provided the student meets all GPA requirements and completes the first- and second-year courses in music theory and music history, the student may formally declare the music major.

The minimum GPA requirements that must be met before declaring are as follows:

- GPA in Musica Practica and in music history courses: minimum 2.500
- GPA in all music courses: 3.000
- GPA in all UW-Madison coursework (cumulative): 2.750

## Brass Performance

| Code | Title | Credits |
|---|---|---|
| **Performance Study** | | |
| FIRST YEAR: 200-level study in the major instrument, 2 semesters, 2 credits each semester | | 4 |
| MUS PERF 217 | Elementary/Intermediate Horn | |
| MUS PERF 219 | Elementary/Intermediate Trumpet | |
| MUS PERF 221 | Elementary/Intermediate Trombone | |
| MUS PERF 223 | Elementary/Intermediate Euphonium | |
| MUS PERF 225 | Elementary/Intermediate Tuba | |
| SECOND YEAR: 200-level performance study in the major instrument, 2 semesters, 4 credits each semester | | 8 |
| MUS PERF 217 | Elementary/Intermediate Horn | |
| MUS PERF 219 | Elementary/Intermediate Trumpet | |
| MUS PERF 221 | Elementary/Intermediate Trombone | |
| MUS PERF 223 | Elementary/Intermediate Euphonium | |
| MUS PERF 225 | Elementary/Intermediate Tuba | |
| THIRD AND FOURTH YEARS: 400-level performance study in the major instrument, 3 semesters, 4 credits each semester | | 12 |
| MUS PERF 417 | Advanced Horn | |
| MUS PERF 419 | Advanced Trumpet | |
| MUS PERF 421 | Advanced Trombone | |
| MUS PERF 423 | Advanced Euphonium | |
| MUS PERF 425 | Advanced Tuba | |
| *SENIOR RECITAL SEMESTER: 2 credits performance study AND 2 credits Senior Recital* | | *4* |
| MUS PERF 417 & MUS PERF 499 | Advanced Horn and Senior Recital | |
| MUS PERF 419 & MUS PERF 499 | Advanced Trumpet and Senior Recital | |
| MUS PERF 421 & MUS PERF 499 | Advanced Trombone and Senior Recital | |
| MUS PERF 423 & MUS PERF 499 | Advanced Euphonium and Senior Recital | |
| MUS PERF 425 & MUS PERF 499 | Advanced Tuba and Senior Recital | |
| **Music Theory** | | |
| MUSIC 121 & MUSIC 171 | Musica Practica 1 and Musica Practica: Aural Skills 1 (prerequisite course requirements ) | 4 |
| MUSIC 122 & MUSIC 172 | Musica Practica 2 and Musica Practica: Aural Skills 2 (prerequisite course requirements ) | 4 |
| MUSIC 221 & MUSIC 271 | Musica Practica 3 and Musica Practica: Aural Skills 3 (prerequisite course requirements ) | 4 |
| MUSIC 222 & MUSIC 272 | Musica Practica 4 and Musica Practica: Aural Skills 4 | 4 |
| **Music History** | | |
| MUSIC 211 | Survey of the History of Western Music | 3 |
| MUSIC 212 | Survey of the History of Western Music | 3 |
| Select two of the following courses: | | 6 |
| MUSIC 411 | Survey of Music in the Middle Ages | |
| MUSIC 412 | Survey of Music in the Renaissance | |
| MUSIC 413 | Survey of Music in the Baroque Era | |
| MUSIC 414 | Survey of Music in the Classic Era | |
| MUSIC 415 | Survey of Music in the Romantic Era | |
| MUSIC 416 | Survey of Music in the Twentieth Century | |
| MUSIC 419 | Music in the United States | |
| MUSIC 511 | Historical Performance Practices | |
| MUSIC 513 | Survey of Opera | |
| **Piano** | | 4 |
| Complete the following course or pass proficiency exam. Initial course level determined by audition. | | |
| MUS PERF 104 | Intermediate Class Piano | |
| **Organizations** | | 8 |
| One of the following courses is required each semester of enrollment in performance study: | | |
| MUSIC 40 | Wind Ensemble | |
| MUSIC 41 | Concert Band | |
| MUSIC 61 | Chamber Orchestra | |
| MUSIC 62 | University Symphony Orchestra | |
| **Ensemble** | | 4 |
| Enroll 4 times in the following: | | |
| MUSIC 267 | Ensemble-Brass | |
| **Conducting and Pedagogy** | | |
| MUSIC 252 | Introduction to Conducting and Pedagogy | 2 |
| **Non-Western Music Cultures** | | 2 |
| 2 credits from any of the following courses: | | |
| MUSIC/ FOLKLORE 103 | Introduction to Music Cultures of the World | |
| MUSIC 262 | Jazz Ensemble | |
| MUSIC 266 | Black Music Ensemble | |
| MUSIC 331 | Jazz Improvisation | |
| MUSIC 332 | Jazz Improvisation | |
| MUSIC/ AFROAMER 400 | Music Cultures of the World: Africa, Europe, the Americas | |
| MUSIC/ FOLKLORE 401 | Musical Cultures of the World | |
| MUSIC/ FOLKLORE 402 | Musical Cultures of the World | |
| MUSIC 405 | Seminar: Cultural Study of Music | |
| **Music Electives** | | 14 |
| Any music courses qualify as electives EXCEPT for 660- courses intended for non-music majors. | | |
| Extra credits from the above requirements may be included among electives. | | |
| Total Credits | | 90 |

## Composition

| Code | Title | Credits |
|---|---|---|
| **Composition** | | |
| MUS PERF 148 | First Year Composition | 3 |
| MUS PERF 247 | Second Year Composition | 3 |
| MUS PERF 248 | Second Year Composition | 3 |
| MUS PERF 347 | Third Year Composition | 3 |
| MUS PERF 348 | Third Year Composition | 3 |
| MUS PERF 447 | Fourth Year Composition [1] | 3 |
| **Music Theory** | | |
| MUSIC 121 & MUSIC 171 | Musica Practica 1 and Musica Practica: Aural Skills 1 (prerequisite course requirements) | 4 |
| MUSIC 122 & MUSIC 172 | Musica Practica 2 and Musica Practica: Aural Skills 2 (prerequisite course requirements) | 4 |
| MUSIC 221 & MUSIC 271 | Musica Practica 3 and Musica Practica: Aural Skills 3 (prerequisite course requirements) | 4 |
| MUSIC 222 & MUSIC 272 | Musica Practica 4 and Musica Practica: Aural Skills 4 | 4 |
| **Counterpoint** | | 6 |
| MUSIC 621 | Renaissance Polyphony | |
| MUSIC 622 | Baroque Counterpoint | |
| **Music History** | | |
| MUSIC 211 | Survey of the History of Western Music | 3 |
| MUSIC 212 | Survey of the History of Western Music | 3 |
| Select two of the following courses: | | 6 |
| MUSIC 411 | Survey of Music in the Middle Ages | |
| MUSIC 412 | Survey of Music in the Renaissance | |
| MUSIC 413 | Survey of Music in the Baroque Era | |
| MUSIC 414 | Survey of Music in the Classic Era | |
| MUSIC 415 | Survey of Music in the Romantic Era | |
| MUSIC 416 | Survey of Music in the Twentieth Century | |
| MUSIC 419 | Music in the United States | |
| MUSIC 511 | Historical Performance Practices | |
| MUSIC 513 | Survey of Opera | |
| **Piano** | | 2 |
| Complete at least one semester at 200-level. Initial course level determined by audition. | | |
| MUS PERF 200 | Elementary/Intermediate Piano for Non-Piano Majors | |
| **Performing Organizations and Ensembles** | | 4 |
| 4 credits from the following courses: [2] | | |
| MUSIC 40 | Wind Ensemble | |
| MUSIC 41 | Concert Band | |
| MUSIC 43 | University Band | |
| MUSIC 50 | Concert Choir | |
| MUSIC 52 | Women's Chorus | |
| MUSIC 53 | Choral Union | |
| MUSIC 55 | Masters' Singers | |
| MUSIC 56 | Chorale | |
| MUSIC 58 | Madrigal Singers | |
| MUSIC 59 | University Chorus | |
| MUSIC 60 | All-University String Orchestra | |
| MUSIC 61 | Chamber Orchestra | |
| MUSIC 62 | University Symphony Orchestra | |
| MUSIC 461 | Collegium Musicum | |
| MUSIC 262 | Jazz Ensemble | |
| MUSIC 265 | Ensemble-Woodwind | |
| MUSIC 267 | Ensemble-Brass | |
| MUSIC 268 | Ensemble-Percussion | |
| MUSIC 269 | Ensemble-String | |
| MUSIC 270 | Ensemble-Guitar | |
| MUSIC 273 | Contemporary Chamber Ensemble | |
| **Conducting and Pedagogy** | | |
| MUSIC 252 | Introduction to Conducting and Pedagogy | 2 |
| **Musical Cultures of the World** | | 3 |
| MUSIC/ FOLKLORE 103 | Introduction to Music Cultures of the World | |
| or select from one of the following courses: | | |
| MUSIC/ FOLKLORE 401 | Musical Cultures of the World | |
| MUSIC/ FOLKLORE 402 | Musical Cultures of the World | |
| MUSIC 405 | Seminar: Cultural Study of Music | |
| **Orchestration** | | |
| MUSIC 523 | Orchestration I | 3 |
| **Music Electives** | | 24 |
| Any music courses qualify as electives EXCEPT for 660-courses intended for non-music majors. | | |
| Extra credits from the above requirements may be included among electives. | | |
| Total Credits | | 90 |

[1] MUS PERF 447 Fourth Year Composition serves as capstone for the composition track. The student, in consultation with the major professor, submits to the area a portfolio of three or more works written in the five semesters of private instruction. A recital comprised of music from the portfolio will be performed as a senior recital. Details are available from the advisor or from the composition faculty.

[2] Students in the composition track will normally enroll in MUSIC 273 Contemporary Chamber Ensemble for at least one semester.

## Guitar Performance

| Code | Title | Credits |
|---|---|---|
| **Performance Study** | | |
| FIRST YEAR: 200-level performance study, 2 semesters, 2 credits each semester | | 4 |

| **Music Electives** | | 8 |
| Any music courses qualify as electives EXCEPT for 660-courses intended for non-music majors. [2] | | |
| Extra credits from the above requirements may be included among electives. | | |
| Total Credits | | 88 |

[1] Performance instruction in jazz studies is instrument-specific, taught by an instructor with jazz expertise. Students may request approval from the Director of Jazz Studies to substitute up to 4 semesters of classical instruction or instruction with a jazz instructor on another instrument, provided studio space is available for the instructor.

[2] Suggested elective courses: MUSIC 110; MUSIC 222 & MUSIC 272; 400-level Jazz Styles through Analysis; Music (Arts Enterprise); MUS PERF 104; MUS PERF 200; MUS PERF 458

## Organ Performance

| Code | Title | Credits |
|---|---|---|

| MUS PERF 500 and above | | |

# HONORS IN THE MAJOR

The School of Music is reviewing its requirements for Honors in the Major. Current music majors may contact the undergraduate advisor for more information.

To earn Honors in any music major, students must satisfy the requirements below as well as all other requirements for their music degree and major:

- 6 credits of MUSIC 681 Senior Honors Thesis–MUSIC 682 Senior Honors Thesis
- 12 credits of honors coursework in music: 6 of the 12 credits must be at the 300 level or higher and only 6 credits can be taken in any one of the three music areas of theory, history, and performance.

To participate in the Honors in the Major program, students must:

- Notify the School of Music undergraduate advisor of their intention to become a candidate for Honors in the Major. This will usually occur in the sophomore year.
- Present a minimum cumulative GPA of 3.300 in all courses taken at UW–Madison and maintain this average throughout the degree.
- Present a minimum 3.500 GPA in all music coursework and maintain a minimum 3.500 GPA in all music honors coursework.
- Engage a faculty member who will collaborate in planning the 12 credits of honors curriculum coursework; submit this plan to the undergraduate advisor. The course plan may change as students progress through their work.
- Prior to beginning work on the MUSIC 681–MUSIC 682 Senior Honors Thesis sequence, confirm a faculty advisor for this sequence (who may be the same person as for the 12 credits above) and submit a prospectus outlining in detail the planned work including (a) the topic, (b) plans for research, and (c) a clear substantive written component, although it may also include oral and/or performance components. The faculty advisor must sign the prospectus indicating approval.

# UNIVERSITY DEGREE REQUIREMENTS

Total Degree To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

| | |
|---|---|
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Develop advanced levels of proficiency in solo, chamber and ensemble performance sufficient to enter music professions or graduate programs.
2. Understand, synthesize and apply foundational concepts of musical study in theory, history and pedagogy.
3. Demonstrate the ability to learn independently and to integrate knowledge across domains of research and applied studies.
4. Communicate verbally, in writing and through public performance, musical ideas and concepts.
5. Demonstrate ability to work collaboratively and professionally in multiple settings.

## FOUR-YEAR PLAN

## ADVISING AND CAREERS

Undergraduate music majors may consult Alison Spencer in L&S Academic Advising Services (101 Ingraham Hall) about course enrollment and planning completion of their degree; appointments may be made through Starfish on the Student Center in My UW. Students who are interested in majoring in music should consult the undergraduate audition and admissions coordinator (admissions@music.wisc.edu; 608-263-5986; 5561 Humanities). If you have questions about a scholarship that you are receiving from the School of Music, please contact the associate director for Mead Witter School of Music.

General information about advising for undergraduates in the Mead Witter School of Music can be found at resources for undergraduate studies (https://www.music.wisc.edu/undergrads).

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we’re transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Cook (director), Blasius, Calderón, Chisholm, Crook, Dill, Di Sanza, Doing, Fischer, Fulmer, Hetzler, Hyer, Johnson, Karp, Koza, Leckrone, Perry, Rowe, Schaffer, Schwendinger, Stowe, Swack, B. Taylor, C. Taylor, Teeple, Thimmig, Vallon, Vardi; Associate Professors Dobbs, Grabois, Wallmann; Assistant Professors Altino, Lee, Ronis

The faculty of the Mead Witter School of Music is a distinguished group of educators, performing musicians, and active scholars. The backgrounds of performance faculty include rich experiences as professional musicians, researchers, recording artists, and entrepreneurs. Faculty in music education have particular insight into their field as a result of their backgrounds as school educators, performers, and scholars. In areas such as music theory and musicology, the musical community has high regard for the past and current contributions to the study of musical theory, historical perspectives on music, the role of music in societies around the world, and the unique contributions of American musicians. Teaching is a priority for the faculty, who are readily accessible to students for advice and support. Faculty, staff, and students cooperate in extraordinary ways with joint ventures that reach across disciplines both in research or instruction.

## ACCREDITATION

### ACCREDITATION

National Association of Schools of Music (https://nasm.arts-accredit.org)

Accreditation status: Accredited. Next accreditation review: 2022–2023.

# MOSSE/WEINSTEIN CENTER FOR JEWISH STUDIES

Founded in 1991, the Mosse/Weinstein Center for Jewish Studies brings together a variety of disciplines to study and interpret Jewish and ancient Israelite history, religion, literature, politics, society, and culture.

The center offers a broad selection of courses at all levels, which are cross-listed with other departments, including classics, curriculum and instruction, English, gender and women's studies, German, history, music, philosophy, political science, religious studies, Slavic languages, and sociology.

The Jewish studies major offers students an in-depth study of 3,500 years of Jewish civilization. The program is interdisciplinary in nature and aims to provide students with a broadly based, rigorous liberal arts education in Jewish studies. While learning about Jewish history, religion, language, and culture, students also develop skills in critical thinking, reading, writing, and research—skills that are valuable to a range of career paths. Students with a particular interest in Modern Hebrew and Israel are encouraged to follow a specialized track in Modern Hebrew language, literature, and Israeli culture.

The Jewish studies major requires a minimum of 31 credits and proficiency in the Hebrew language to enable students to deal with Hebrew texts in the classroom and for research purposes. The credits are divided among several clusters that focus on Hebrew texts; literature, philosophy, and the arts; and history and social science. In addition, students must complete a two-course capstone sequence. Together, these courses support the acquisition of an integrated and coherent body of knowledge.

A certificate in Jewish studies is also available. Its aim is to acquaint students with a number of significant aspects of Jewish civilization and to introduce them to tools required for its study; it requires a minimum of 21 credits in seven courses.

The major has an education track that includes coursework in the School of Education. It requires a total of 34 credits—25 in Jewish studies and 9 in education (curriculum and instruction, and educational policy studies). This track provides a series of courses that define the role that education has played in Jewish civilization; Jewish ideas concerning the nature and aims of education; and philosophical, curricular, and pedagogical issues relating to education in Jewish studies in a pluralistic, democratic society. This track does not lead to teacher certification.

## DEGREES/MAJORS/CERTIFICATES

## HOW TO GET IN

Prospective majors in Jewish studies should make an appointment with the undergraduate advisor (undergrad-adviser@cjs.wisc.edu) to discuss requirements and courses.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic

values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B *<br><br>* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements. |

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

Completion of the major requires a minimum of **31 credits** in Jewish studies, distributed as follows:

| Code | Title | Credits |
|---|---|---|
| *Introduction to Judaism* | | |
| JEWISH/ RELIG ST 211 | Introduction to Judaism | |
| JEWISH 231 | Elementary Topics in Jewish History (Jewish Law, Business and Ethics) | |
| *Hebrew Texts* | | |
| Complete two of the following in Hebrew texts: | | |
| HEBR-MOD/ JEWISH 301 | Introduction to Hebrew Literature | |
| HEBR-MOD/ JEWISH 302 | Introduction to Hebrew Literature | |
| HEBR-MOD/ JEWISH 401 | Topics in Modern Hebrew / Israeli Literature and Culture I | |
| HEBR-MOD/ JEWISH 402 | Topics in Modern Hebrew / Israeli Literature and Culture II | |
| HEBR-BIB/ JEWISH 513 | Biblical Texts, Poetry | |
| HEBR-BIB/ JEWISH 514 | Biblical Texts, Poetry | |
| *Literature, Philosophy, and the Arts* | | |
| Complete three courses in Jewish literature, philosophy, and the arts (see below) | | |
| *History and Social Science* | | |
| Complete three courses in Jewish history or social science (see below) | | |
| *Capstone* | | |

The capstone sequence is intended for students nearing the end of their coursework and consists of two courses, which are taken concurrently:

| | |
|---|---|
| JEWISH 675 & JEWISH 677 | Research Colloquium for Majors and Independent Research for Majors |

## LITERATURE, PHILOSOPHY, AND THE ARTS

Three courses in Jewish literature, philosophy, and the arts, at least one of which must deal with the Jewish experience in Diaspora written in a language other than Hebrew—e.g., English, French, German, Russian, Yiddish. (Courses taken to satisfy the requirement in Hebrew texts cannot be used to satisfy this requirement.) Courses fulfilling the Diaspora requirement are indicated with a footnote. Depending on the semester, select topics courses may also fulfill the Diaspora requirement.

| Code | Title | Credits |
|---|---|---|
| JEWISH/CLASSICS/ LITTRANS/ RELIG ST 227 | Introduction to Biblical Literature (in English) | 4 |
| JEWISH 230 | Elementary Topics in Jewish Literature | 3-4 |
| JEWISH 232 | Elementary Topics in Jewish Philosophy and the Arts | 3-4 |
| JEWISH 236 | Bascom Course [2] | 3 |
| JEWISH/CLASSICS/ LITTRANS/ RELIG ST 237 | Biblical Poetry in Translation | 3 |
| JEWISH/GERMAN/ LITTRANS 269 | Yiddish Literature and Culture in Europe [1] | 3 |
| JEWISH/ RELIG ST 278 | Food in Rabbinic Judaism [1] | 3-4 |
| JEWISH/GERMAN/ LITTRANS 279 | Yiddish Literature and Culture in America [1] | 3 |
| JEWISH/HEBR-MOD 301 & JEWISH/HEBR-MOD 302 | Introduction to Hebrew Literature and Introduction to Hebrew Literature | 6 |
| JEWISH/ LITTRANS 318 | Modern Jewish Literature [1] | 3-4 |
| JEWISH/LITTRANS/ RELIG ST 328 | Classical Rabbinic Literature in Translation | 3-4 |
| JEWISH/CLASSICS/ HEBR-BIB/ LITTRANS/ RELIG ST 332 | Prophets of the Bible | 4 |
| JEWISH/CLASSICS/ RELIG ST 346 | Jewish Literature of the Greco-Roman Period | 3 |
| JEWISH 356 | Jerusalem, Holy City of Conflict and Desire | 3 |
| JEWISH/ LITTRANS 367 | Israeli Fiction in Translation | 3-4 |
| JEWISH/HEBR-MOD 401 & JEWISH/HEBR-MOD 402 | Topics in Modern Hebrew / Israeli Literature and Culture I and Topics in Modern Hebrew / Israeli Literature and Culture II | 6 |
| JEWISH 430 | Intermediate Topics in Jewish Literature | 3-4 |
| JEWISH 432 | Intermediate Topics in Jewish Philosophy and the Arts | 3-4 |
| JEWISH/PHILOS/ RELIG ST 435 | Jewish Philosophy from Antiquity to the Seventeenth Century [1] | 3 |
| JEWISH/ RELIG ST 448 | Classical Rabbinic Texts | 3 |
| JEWISH 450 | Undegraduate Seminar in Judaism and the Arts [1] | 3 |
| JEWISH/ GERMAN 510 | German-Jewish Culture Since the 18th Century [1] | 3 |
| JEWISH/HEBR-BIB 513 & JEWISH/HEBR-BIB 514 | Biblical Texts, Poetry and Biblical Texts, Poetry | 6 |
| JEWISH 533 & JEWISH 534 | Readings in Contemporary Hebrew Literature and Readings in Contemporary Hebrew Literature | 6 |
| JEWISH/ENGL 539 | Jewish Literatures in Diaspora | 3 |
| JEWISH/ENGL 593 | Literature of Jewish Identity in America [1] | 3 |
| JEWISH 630 | Advanced Topics in Jewish Literature | 3-4 |
| JEWISH 632 | Advanced Topics in Jewish Philosophy and the Arts | 3-4 |

1 Course fulfills the Diaspora requirement.

2 Bascom Courses are small (20 students or fewer) and generally focus on one particular topic that would generate substantial in-depth papers throughout the semester. Recent topics include: Jewish Composers: Early Modern to Modern; Modern American Jewish Fiction; and Writing (and) the Holocaust.

## HISTORY AND SOCIAL SCIENCE

Three courses in Jewish history or social science, at least one of which must deal with the experience of Jews in America. Students are strongly encouraged to take at least one course offered by the History department. Courses fulfilling the American requirement are indicated with a footnote. Depending on the semester, select topics courses may also fulfill the American requirement.

| Code | Title | Credits |
|---|---|---|
| JEWISH/ HISTORY 219 | The American Jewish Experience: From Shtetl to Suburb [1] | 4 |
| JEWISH/ HISTORY 220 | Introduction to Modern Jewish History | 4 |
| JEWISH 231 | Elementary Topics in Jewish History | 3-4 |
| JEWISH 233 | Elementary Topics in Jewish Studies: Social Sciences | 3-4 |
| JEWISH/ CLASSICS 241 | Introduction to Biblical Archaeology | 4 |
| JEWISH/ RELIG ST 278 | Food in Rabbinic Judaism | 3-4 |
| JEWISH/ HISTORY 373 | Modern Political History of the Jews: 1655-1919 | 4 |

| | | |
|---|---|---|
| JEWISH/ HISTORY 374 | Modern Political History of the Jews: Era of Mass Movements, 1870-1970 | 4 |
| JEWISH 431 | Intermediate Topics in Jewish History | 3-4 |
| JEWISH 433 | Intermediate Topics in Jewish Studies: Social Sciences | 3-4 |
| JEWISH/ CLASSICS 451 | Biblical Archaeology | 3 |
| JEWISH/ CLASSICS 452 | Biblical Archaeology | 2 |
| JEWISH/CURRIC/ HISTORY 515 | Holocaust: History, Memory and Education | 3 |
| JEWISH/ HISTORY 518 | Anti-Semitism in European Culture, 1700-1945 | 3 |
| JEWISH 633 | Advanced Topics in Jewish Studies: Social Sciences | 3-4 |
| JEWISH/ POLI SCI 665 | Israeli Politics and Society | 3-4 |

[1] Course fulfills the American requirement.

## LANGUAGE REQUIREMENT

The major includes a language requirement of Hebrew proficiency equal to four semesters of Modern Hebrew. These first four semesters of Hebrew do not count toward the 31 credits for the major. The Center for Jewish Studies, 4223 Mosse Humanities Building, administers placement examinations. The following courses satisfy the language requirement:[1]

| Code | Title | Credits |
|---|---|---|
| HEBR-MOD 101 | First Semester Hebrew | 4 |
| HEBR-MOD 102 | Second Semester Hebrew | 4 |
| HEBR-MOD 201 | Third Semester Hebrew | 4 |
| HEBR-MOD 202 | Fourth Semester Hebrew | 4 |

[1]The language requirement can also be fulfilled by placing out of HEBR-MOD 202. In this case, based on which course they place into, students will take two of the following Hebrew text requirements: HEBR-MOD/JEWISH 301, HEBR-MOD/JEWISH 302, HEBR-MOD/JEWISH 401, HEBR-MOD/JEWISH 402.

## TRANSCRIPTED OPTION WITHIN THE MAJOR

View as listView as grid

- **JEWISH STUDIES: JEWISH STUDIES AND EDUCATION** (P. 1202)

## MAJOR IN JEWISH STUDIES: CONCENTRATION IN MODERN HEBREW LANGUAGE, LITERATURE, AND ISRAELI CULTURE

Students majoring in Jewish studies may choose to focus their Jewish studies coursework on Modern Hebrew literature and the culture, history, and politics of Israel. This concentration follows the general requirements of the Jewish studies major, with the following modifications:

- The diaspora requirement in the Literature, Philosophy, and the Arts category is eliminated.
- The American requirement for the History and Social Science category is eliminated.
- Students in this concentration take HEBR-MOD/JEWISH 401 and HEBR-MOD/JEWISH 402 (repeatable for credit). These courses can be used to fulfill either the Hebrew Texts requirement or the Literature, Philosophy, and the Arts requirement.
- In the event that a student uses HEBR-MOD/JEWISH 401–HEBR-MOD/JEWISH 402 to fulfill the Hebrew Texts requirement, the student must repeat HEBR-MOD/JEWISH 402. The second time the student takes HEBR-MOD/JEWISH 402, it will count toward the Literature, Philosophy, and the Arts requirement.
- In the six courses taken across the "Literature, Philosophy, and the Arts" and "History and Social Science" clusters, four courses must deal in some way with Israel. Pre-approved for this concentration are:

| Code | Title | Credits |
|---|---|---|
| HISTORY/ MEDIEVAL/ RELIG ST 309 | The Crusades: Christianity and Islam | 3-4 |
| JEWISH/ HISTORY 220 | Introduction to Modern Jewish History | 4 |
| JEWISH/CLASSICS/ LITTRANS/ RELIG ST 227 | Introduction to Biblical Literature (in English) | 4 |
| JEWISH/CLASSICS/ LITTRANS/ RELIG ST 237 | Biblical Poetry in Translation | 3 |
| JEWISH/ CLASSICS 241 | Introduction to Biblical Archaeology | 4 |
| JEWISH/ RELIG ST 278 | Food in Rabbinic Judaism | 3-4 |
| JEWISH/ LITTRANS 318 | Modern Jewish Literature | 3-4 |
| JEWISH/LITTRANS/ RELIG ST 328 | Classical Rabbinic Literature in Translation | 3-4 |
| JEWISH/CLASSICS/ HEBR-BIB/ LITTRANS/ RELIG ST 332 | Prophets of the Bible | 4 |
| JEWISH 356 | Jerusalem, Holy City of Conflict and Desire | 3 |
| JEWISH/ LITTRANS 367 | Israeli Fiction in Translation | 3-4 |
| JEWISH/ HISTORY 374 | Modern Political History of the Jews: Era of Mass Movements, 1870-1970 | 4 |
| JEWISH/HEBR-MOD 401 | Topics in Modern Hebrew / Israeli Literature and Culture I | 3 |
| JEWISH/HEBR-MOD 402 | Topics in Modern Hebrew / Israeli Literature and Culture II | 3 |
| JEWISH/ POLI SCI 665 | Israeli Politics and Society | 3-4 |
| INTL ST 266 | Introduction to the Middle East | 3 |

## NOTE ON DIRECTED STUDY

With prior consent of the undergraduate advisor in Jewish studies and the relevant instructor, students may use one Directed Study course (JEWISH 699) to satisfy a requirement for the major.

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all JEWISH courses and all courses accepted in the major
- 2.000 GPA on 15 upper-level major credits, taken in residence[1]
- 15 credits in JEWISH, taken on campus

[1] JEWISH courses, 300 and higher, that are designated as Intermediate or Advanced, count as upper level in the major

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Jewish Studies undergraduate advisor.

### HONORS IN THE JEWISH STUDIES MAJOR: REQUIREMENTS

To earn Honors in the Major, or the separate track in Education and Jewish Studies and Modern Hebrew Language, Literature and Culture, students must satisfy both the requirements for the major and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA for all JEWISH courses, and all courses accepted in the major
- Complete at least two courses, taken for Honors, in the major, with grades of B or better in each
- Complete a two-semester Senior Honors Thesis, a piece of original research composition, in JEWISH 681 and JEWISH 682, for a total of 6 credits.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Proficiency demonstrated in reading, understanding and conversing in Hebrew, Yiddish, Ladino or another approved Jewish language.
2. Honed critical abilities in close reading, interpretation, and written analysis of ancient and modern Jewish texts.
3. Expanded knowledge of Jewish history, culture, philosophy, arts, religious practice, and politics in both the past and present.
4. Development, pursuit and presentation of original research on Jewish studies culminating in a senior capstone project.
5. Disposition of increased appreciation for diverse world views, value systems and interactions between Jews and non-Jews, minorities and majorities, in Wisconsin, the US, and across the globe.

## FOUR-YEAR PLAN

## SAMPLE FOUR-YEAR PLAN

The Sample Four-Year Plan is a tool to assist you and your advisor(s). Use it along with your DARS report and the Course Guide. You will make your own Four-Year Plan based on your placement scores, incoming credits, and individual interests. As you become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, you might adjust the order of your courses to accommodate these experiences. You will likely revise your own four-year plan several times during college.

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| HEBR-MOD 101 | 4 | HEBR-MOD 102 | 4 |
| JEWISH/RELIG ST 211 | 4 | Literature, Philosophy, and the Arts course | 4 |

| Electives | 9 Electives | 12 |
| | 15 | 16 |

Total Credits 120

## ADVISING AND CAREERS

Like other liberal arts majors, a degree in Jewish studies can prepare one for a variety of career paths. Graduates in Jewish studies have followed a variety of different career paths, including law, medicine, education, finance, social work, and the nonprofit sector. Jewish studies students are also well prepared to apply for graduate studies in fields such as law, education, business, and social work, as well as prime candidates for rabbinical or cantorial school, theological studies, and advanced levels of Jewish studies.

The Mosse/Weinstein Center for Jewish Studies encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)

| **Education and Jewish Studies Requirements, to include:** | 4 |
| JEWISH 675 & JEWISH 677 | Research Colloquium for Majors and Independent Research for Majors (capstone sequence) |

# JEWISH STUDIES, B.S.

Founded in 1991, the Mosse/Weinstein Center for Jewish Studies brings together a variety of disciplines to study and interpret Jewish and ancient Israelite history, religion, literature, politics, society, and culture. The center offers a broad selection of courses at all levels, which are cross-listed with other departments, including classics, curriculum and instruction, English, gender and women's studies, German, history, music, philosophy, political science, religious studies, Slavic languages, and sociology.

The Jewish studies major offers students an in-depth study of 3,500 years of Jewish civilization. The program is interdisciplinary in nature and aims to provide students with a broadly based, rigorous liberal arts education in Jewish studies. While learning about Jewish history, religion, language, and culture, students also develop skills in critical thinking, reading, writing, and research—skills that are valuable to a range of career paths. Students with a particular interest in Modern Hebrew and Israel are encouraged to follow a specialized track in Modern Hebrew language, literature, and Israeli culture.

The Jewish studies major requires a minimum of 31 credits and proficiency in the Hebrew language to enable students to deal with Hebrew texts in the classroom and for research purposes. The credits are divided among several clusters that focus on Hebrew texts; literature, philosophy, and the arts; and history and social science. In addition, students must complete a two-course capstone sequence. Together, these courses support the acquisition of an integrated and coherent body of knowledge.

A certificate in Jewish studies is also available. Its aim is to acquaint students with a number of significant aspects of Jewish civilization and to introduce them to tools required for its study; it requires a minimum of 21 credits in seven courses.

The major has an education track that includes coursework in the School of Education. It requires a total of 34 credits—25 in Jewish studies and 9 in education (curriculum and instruction, and educational policy studies). This track provides a series of courses that define the role that education has played in Jewish civilization; Jewish ideas concerning the nature and aims of education; and philosophical, curricular, and pedagogical issues

relating to education in Jewish studies in a pluralistic, democratic society. This track does not lead to teacher certification.

## HOW TO GET IN

Prospective majors in Jewish studies should make an appointment with the undergraduate advisor (undergrad-adviser@cjs.wisc.edu) to discuss requirements and courses.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

Completion of the major requires a minimum of **31 credits** in Jewish studies, distributed as follows:

| Code | Title | Credits |
|---|---|---|
| *Introduction to Judaism* | | |
| JEWISH/ RELIG ST 211 | Introduction to Judaism | |
| JEWISH 231 | Elementary Topics in Jewish History (Jewish Law, Business and Ethics) | |
| *Hebrew Texts* | | |
| Complete two of the following in Hebrew texts: | | |
| HEBR-MOD/ JEWISH 301 | Introduction to Hebrew Literature | |
| HEBR-MOD/ JEWISH 302 | Introduction to Hebrew Literature | |
| HEBR-MOD/ JEWISH 401 | Topics in Modern Hebrew / Israeli Literature and Culture I | |

| | |
|---|---|
| HEBR-MOD/ JEWISH 402 | Topics in Modern Hebrew / Israeli Literature and Culture II |
| HEBR-BIB/ JEWISH 513 | Biblical Texts, Poetry |
| HEBR-BIB/ JEWISH 514 | Biblical Texts, Poetry |
| *Literature, Philosophy, and the Arts* | |
| Complete three courses in Jewish literature, philosophy, and the arts (see below) | |
| *History and Social Science* | |
| Complete three courses in Jewish history or social science (see below) | |
| *Capstone* | |
| The capstone sequence is intended for students nearing the end of their coursework and consists of two courses, which are taken concurrently: | |
| JEWISH 675 & JEWISH 677 | Research Colloquium for Majors and Independent Research for Majors |

## LITERATURE, PHILOSOPHY, AND THE ARTS

Three courses in Jewish literature, philosophy, and the arts, at least one of which must deal with the Jewish experience in Diaspora written in a language other than Hebrew—e.g., English, French, German, Russian, Yiddish. (Courses taken to satisfy the requirement in Hebrew texts cannot be used to satisfy this requirement.) Courses fulfilling the Diaspora requirement are indicated with a footnote. Depending on the semester, select topics courses may also fulfill the Diaspora requirement.

| Code | Title | Credits |
|---|---|---|
| JEWISH/CLASSICS/ LITTRANS/ RELIG ST 227 | Introduction to Biblical Literature (in English) | 4 |
| JEWISH 230 | Elementary Topics in Jewish Literature | 3-4 |
| JEWISH 232 | Elementary Topics in Jewish Philosophy and the Arts | 3-4 |
| JEWISH 236 | Bascom Course [2] | 3 |
| JEWISH/CLASSICS/ LITTRANS/ RELIG ST 237 | Biblical Poetry in Translation | 3 |
| JEWISH/GERMAN/ LITTRANS 269 | Yiddish Literature and Culture in Europe [1] | 3 |
| JEWISH/ RELIG ST 278 | Food in Rabbinic Judaism [1] | 3-4 |
| JEWISH/GERMAN/ LITTRANS 279 | Yiddish Literature and Culture in America [1] | 3 |
| JEWISH/HEBR-MOD 301 & JEWISH/HEBR-MOD 302 | Introduction to Hebrew Literature and Introduction to Hebrew Literature | 6 |
| JEWISH/ LITTRANS 318 | Modern Jewish Literature [1] | 3-4 |
| JEWISH/LITTRANS/ RELIG ST 328 | Classical Rabbinic Literature in Translation | 3-4 |
| JEWISH/CLASSICS/ HEBR-BIB/ LITTRANS/ RELIG ST 332 | Prophets of the Bible | 4 |
| JEWISH/CLASSICS/ RELIG ST 346 | Jewish Literature of the Greco-Roman Period | 3 |
| JEWISH 356 | Jerusalem, Holy City of Conflict and Desire | 3 |
| JEWISH/ LITTRANS 367 | Israeli Fiction in Translation | 3-4 |
| JEWISH/HEBR-MOD 401 & JEWISH/HEBR-MOD 402 | Topics in Modern Hebrew / Israeli Literature and Culture I and Topics in Modern Hebrew / Israeli Literature and Culture II | 6 |
| JEWISH 430 | Intermediate Topics in Jewish Literature | 3-4 |
| JEWISH 432 | Intermediate Topics in Jewish Philosophy and the Arts | 3-4 |
| JEWISH/PHILOS/ RELIG ST 435 | Jewish Philosophy from Antiquity to the Seventeenth Century [1] | 3 |
| JEWISH/ RELIG ST 448 | Classical Rabbinic Texts | 3 |
| JEWISH 450 | Undegraduate Seminar in Judaism and the Arts [1] | 3 |
| JEWISH/ GERMAN 510 | German-Jewish Culture Since the 18th Century [1] | 3 |
| JEWISH/HEBR-BIB 513 & JEWISH/HEBR-BIB 514 | Biblical Texts, Poetry and Biblical Texts, Poetry | 6 |
| JEWISH 533 & JEWISH 534 | Readings in Contemporary Hebrew Literature and Readings in Contemporary Hebrew Literature | 6 |
| JEWISH/ENGL 539 | Jewish Literatures in Diaspora | 3 |
| JEWISH/ENGL 593 | Literature of Jewish Identity in America [1] | 3 |
| JEWISH 630 | Advanced Topics in Jewish Literature | 3-4 |
| JEWISH 632 | Advanced Topics in Jewish Philosophy and the Arts | 3-4 |

1 Course fulfills the Diaspora requirement.

2 Bascom Courses are small (20 students or fewer) and generally focus on one particular topic that would generate substantial in-depth papers throughout the semester. Recent topics include: Jewish Composers: Early Modern to Modern; Modern American Jewish Fiction; and Writing (and) the Holocaust.

## HISTORY AND SOCIAL SCIENCE

Three courses in Jewish history or social science, at least one of which must deal with the experience of Jews in America. Students are strongly encouraged to take at least one course offered by the History department. Courses fulfilling the American requirement are indicated with a footnote. Depending on the semester, select topics courses may also fulfill the American requirement.

| Code | Title | Credits |
|---|---|---|
| JEWISH/ HISTORY 219 | The American Jewish Experience: From Shtetl to Suburb [1] | 4 |
| JEWISH/ HISTORY 220 | Introduction to Modern Jewish History | 4 |
| JEWISH 231 | Elementary Topics in Jewish History | 3-4 |
| JEWISH 233 | Elementary Topics in Jewish Studies: Social Sciences | 3-4 |
| JEWISH/ CLASSICS 241 | Introduction to Biblical Archaeology | 4 |
| JEWISH/ RELIG ST 278 | Food in Rabbinic Judaism | 3-4 |
| JEWISH/ HISTORY 373 | Modern Political History of the Jews: 1655-1919 | 4 |
| JEWISH/ HISTORY 374 | Modern Political History of the Jews: Era of Mass Movements, 1870-1970 | 4 |
| JEWISH 431 | Intermediate Topics in Jewish History | 3-4 |
| JEWISH 433 | Intermediate Topics in Jewish Studies: Social Sciences | 3-4 |
| JEWISH/ CLASSICS 451 | Biblical Archaeology | 3 |
| JEWISH/ CLASSICS 452 | Biblical Archaeology | 2 |
| JEWISH/CURRIC/ HISTORY 515 | Holocaust: History, Memory and Education | 3 |
| JEWISH/ HISTORY 518 | Anti-Semitism in European Culture, 1700-1945 | 3 |
| JEWISH 633 | Advanced Topics in Jewish Studies: Social Sciences | 3-4 |
| JEWISH/ POLI SCI 665 | Israeli Politics and Society | 3-4 |

[1] Course fulfills the American requirement.

## LANGUAGE REQUIREMENT

The major includes a language requirement of Hebrew proficiency equal to four semesters of Modern Hebrew. These first four semesters of Hebrew do not count toward the 31 credits for the major. The Center for Jewish Studies, 4223 Mosse Humanities Building, administers placement examinations. The following courses satisfy the language requirement:[1]

| Code | Title | Credits |
|---|---|---|
| HEBR-MOD 101 | First Semester Hebrew | 4 |
| HEBR-MOD 102 | Second Semester Hebrew | 4 |
| HEBR-MOD 201 | Third Semester Hebrew | 4 |
| HEBR-MOD 202 | Fourth Semester Hebrew | 4 |

[1] The language requirement can also be fulfilled by placing out of HEBR-MOD 202. In this case, based on which course they place into, students will take two of the following Hebrew text requirements: HEBR-MOD/JEWISH 301, HEBR-MOD/JEWISH 302, HEBR-MOD/JEWISH 401, HEBR-MOD/JEWISH 402.

## TRANSCRIPTED OPTION WITHIN THE MAJOR

View as listView as grid

- **JEWISH STUDIES: JEWISH STUDIES AND EDUCATION** (P. 1202)

## MAJOR IN JEWISH STUDIES: CONCENTRATION IN MODERN HEBREW LANGUAGE, LITERATURE, AND ISRAELI CULTURE

Students majoring in Jewish studies may choose to focus their Jewish studies coursework on Modern Hebrew literature and the culture, history, and politics of Israel. This concentration follows the general requirements of the Jewish studies major, with the following modifications:

- The diaspora requirement in the Literature, Philosophy, and the Arts category is eliminated.
- The American requirement for the History and Social Science category is eliminated.
- Students in this concentration take HEBR-MOD/JEWISH 401 and HEBR-MOD/JEWISH 402 (repeatable for credit). These courses can be used to fulfill either the Hebrew Texts requirement or the Literature, Philosophy, and the Arts requirement.
- In the event that a student uses HEBR-MOD/JEWISH 401–HEBR-MOD/JEWISH 402 to fulfill the Hebrew Texts requirement, the student must repeat HEBR-MOD/JEWISH 402. The second time the student takes HEBR-MOD/JEWISH 402, it will count toward the Literature, Philosophy, and the Arts requirement.
- In the six courses taken across the "Literature, Philosophy, and the Arts" and "History and Social Science" clusters, four courses must deal in some way with Israel. Pre-approved for this concentration are:

| Code | Title | Credits |
|---|---|---|
| HISTORY/ MEDIEVAL/ RELIG ST 309 | The Crusades: Christianity and Islam | 3-4 |
| JEWISH/ HISTORY 220 | Introduction to Modern Jewish History | 4 |
| JEWISH/CLASSICS/ LITTRANS/ RELIG ST 227 | Introduction to Biblical Literature (in English) | 4 |
| JEWISH/CLASSICS/ LITTRANS/ RELIG ST 237 | Biblical Poetry in Translation | 3 |
| JEWISH/ CLASSICS 241 | Introduction to Biblical Archaeology | 4 |
| JEWISH/ RELIG ST 278 | Food in Rabbinic Judaism | 3-4 |
| JEWISH/ LITTRANS 318 | Modern Jewish Literature | 3-4 |
| JEWISH/LITTRANS/ RELIG ST 328 | Classical Rabbinic Literature in Translation | 3-4 |
| JEWISH/CLASSICS/ HEBR-BIB/ LITTRANS/ RELIG ST 332 | Prophets of the Bible | 4 |
| JEWISH 356 | Jerusalem, Holy City of Conflict and Desire | 3 |
| JEWISH/ LITTRANS 367 | Israeli Fiction in Translation | 3-4 |

| | | |
|---|---|---|
| JEWISH/ HISTORY 374 | Modern Political History of the Jews: Era of Mass Movements, 1870-1970 | 4 |
| JEWISH/HEBR-MOD 401 | Topics in Modern Hebrew / Israeli Literature and Culture I | 3 |
| JEWISH/HEBR-MOD 402 | Topics in Modern Hebrew / Israeli Literature and Culture II | 3 |
| JEWISH/ POLI SCI 665 | Israeli Politics and Society | 3-4 |
| INTL ST 266 | Introduction to the Middle East | 3 |

### NOTE ON DIRECTED STUDY

With prior consent of the undergraduate advisor in Jewish studies and the relevant instructor, students may use one Directed Study course (JEWISH 699) to satisfy a requirement for the major.

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all JEWISH courses and all courses accepted in the major
- 2.000 GPA on 15 upper-level major credits, taken in residence[1]
- 15 credits in JEWISH, taken on campus

[1] JEWISH courses, 300 and higher, that are designated as Intermediate or Advanced, count as upper level in the major

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Jewish Studies undergraduate advisor.

### HONORS IN THE JEWISH STUDIES MAJOR: REQUIREMENTS

To earn Honors in the Major, or the separate track in Education and Jewish Studies and Modern Hebrew Language, Literature and Culture, students must satisfy both the requirements for the major and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA for all JEWISH courses, and all courses accepted in the major
- Complete at least two courses, taken for Honors, in the major, with grades of B or better in each
- Complete a two-semester Senior Honors Thesis, a piece of original research composition, in JEWISH 681 and JEWISH 682, for a total of 6 credits.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Proficiency demonstrated in reading, understanding and conversing in Hebrew, Yiddish, Ladino or another approved Jewish language.
2. Honed critical abilities in close reading, interpretation, and written analysis of ancient and modern Jewish texts.
3. Expanded knowledge of Jewish history, culture, philosophy, arts, religious practice, and politics in both the past and present.
4. Development, pursuit and presentation of original research on Jewish studies culminating in a senior capstone project.
5. Disposition of increased appreciation for diverse world views, value systems and interactions between Jews and non-Jews, minorities and majorities, in Wisconsin, the US, and across the globe.

## FOUR-YEAR PLAN

## SAMPLE FOUR-YEAR PLAN

The Sample Four-Year Plan is a tool to assist you and your advisor(s). Use it along with your DARS report and the Course Guide. You will make your own Four-Year Plan based on your placement scores, incoming credits, and individual interests. As you become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, you might adjust the order of your courses to accommodate these experiences. You will likely revise your own four-year plan several times during college.

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| HEBR-MOD 101 | 4 | HEBR-MOD 102 | 4 |
| JEWISH/RELIG ST 211 | 4 | Literature, Philosophy, and the Arts course | 4 |
| Communication A | 3 | Ethnic Studies | 3 |
| Quantitative Reasoning A | 3-4 | Biological Science Breadth | 3 |
| | 14 | | 14 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| HEBR-MOD 201 | 4 | HEBR-MOD 202 | 4 |
| JEWISH 231 | 3-4 | Jewish History and Social Science course | 3-4 |
| Literature, Philosophy, and the Arts course | 3 | Communication B | 3 |

| | | | |
|---|---|---|---|
| Quantitative Reasoning B | 3 | Physical Science Breadth | 3 |
| INTER-LS 210 | 1 | Social Science Breadth (if needed) | 3 |
| | 14 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|

| Electives | 9 | Electives | 12 |
| | 15 | | 16 |

Total Credits 120

## ADVISING AND CAREERS

Like other liberal arts majors, a degree in Jewish studies can prepare one for a variety of career paths. Graduates in Jewish studies have followed a variety of different career paths, including law, medicine, education, finance, social work, and the nonprofit sector. Jewish studies students are also well prepared to apply for graduate studies in fields such as law, education, business, and social work, as well as prime candidates for rabbinical or cantorial school, theological studies, and advanced levels of Jewish studies.

The Mosse/Weinstein Center for Jewish Studies encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

| **Education and Jewish Studies Requirements, to include:** | | 4 |
| JEWISH 675 & JEWISH 677 | Research Colloquium for Majors and Independent Research for Majors (capstone sequence) | |

# JEWISH STUDIES, CERTIFICATE

Founded in 1991, the Mosse/Weinstein Center for Jewish Studies brings together a variety of disciplines to study and interpret Jewish and ancient Israelite history, religion, literature, politics, society, and culture. The center offers a broad selection of courses at all levels, which are cross-listed with other departments, including classics, curriculum and instruction, English, gender and women's studies, German, history, music, philosophy, political science, religious studies, Slavic languages, and sociology.

The Jewish studies major offers students an in-depth study of 3,500 years of Jewish civilization. The program is interdisciplinary in nature and aims to provide students with a broadly based, rigorous liberal arts education in Jewish studies. While learning about Jewish history, religion, language, and culture, students also develop skills in critical thinking,

reading, writing, and research—skills that are valuable to a range of career paths. Students with a particular interest in Modern Hebrew and Israel are encouraged to follow a specialized track in Modern Hebrew language, literature, and Israeli culture.

The Jewish studies major requires a minimum of 31 credits and proficiency in the Hebrew language to enable students to deal with Hebrew texts in the classroom and for research purposes. The credits are divided among several clusters that focus on Hebrew texts; literature, philosophy, and the arts; and history and social science. In addition, students must complete a two-course capstone sequence. Together, these courses support the acquisition of an integrated and coherent body of knowledge.

A certificate in Jewish studies is also available. Its aim is to acquaint students with a number of significant aspects of Jewish civilization and to introduce them to tools required for its study; it requires a minimum of 21 credits in seven courses.

The major has an education track that includes coursework in the School of Education. It requires a total of 34 credits—25 in Jewish studies and 9 in education (curriculum and instruction, and educational policy studies). This track provides a series of courses that define the role that education has played in Jewish civilization; Jewish ideas concerning the nature and aims of education; and philosophical, curricular, and pedagogical issues relating to education in Jewish studies in a pluralistic, democratic society. This track does not lead to teacher certification.

## HOW TO GET IN

Students interested in a certificate in Jewish studies should make an appointment with the undergraduate advisor (undergrad-adviser@cjs.wisc.edu) to discuss requirements and courses.

## REQUIREMENTS

The certificate in Jewish studies aims to acquaint students with a number of significant aspects of Jewish civilization and to introduce them to some of the tools required for its study. In addition to a two-semester language requirement, students must complete coursework in literature, philosophy, and the arts; history and social sciences; and the pre-modern area. The certificate complements a major in any subject in the College of Letters & Science. It also strengthens the applications of those students who intend to pursue careers or graduate study in a field related to Jewish studies.

# REQUIREMENTS

Certificate students must take **21 credits** in **seven courses**, distributed as follows:

### SELECT TWO SEMESTERS OF HEBREW LANGUAGE LANGUAGE REQUIREMENT

Students must select two courses from either Biblical Hebrew, Modern Hebrew or Hebrew Texts. Students with a prior knowledge of the language are required to take one year of instruction at the appropriate level. Students whose prior knowledge is equivalent to four semesters or more of Hebrew language instruction are required to take two courses in Hebrew texts. The Center for Jewish Studies, 4223 Mosse Humanities Building, administers placement examinations.

| Code | Title | Credits |
|---|---|---|
| *Biblical Hebrew (Select 2 courses):* | | |
| HEBR-BIB 103 or HEBR-BIB 303 | Elementary Biblical Hebrew, I<br>Elementary Biblical Hebrew, I | |

| JEWISH 490 | Topics in Jewish Studies | 3 |
| JEWISH/ GERMAN 510 | German-Jewish Culture Since the 18th Century | 3 |
| JEWISH 699 | Directed Study | 1-3 |

## CLUSTER TWO: HISTORY AND SOCIAL SCIENCE

| Code | Title | Credits |
|---|---|---|
| JEWISH/ RELIG ST 211 | Introduction to Judaism | 4 |
| JEWISH/ HISTORY 213 | Jews and American Pop. Culture | 3-4 |
| JEWISH/ HISTORY 219 | The American Jewish Experience: From Shtetl to Suburb | 4 |
| JEWISH/ HISTORY 220 | Introduction to Modern Jewish History | 4 |
| JEWISH 231 | Elementary Topics in Jewish History | 3-4 |
| JEWISH 233 | Elementary Topics in Jewish Studies: Social Sciences | 3-4 |
| JEWISH/ CLASSICS 241 | Introduction to Biblical Archaeology | 4 |
| JEWISH/ RELIG ST 278 | Food in Rabbinic Judaism | 3-4 |
| JEWISH 299 | Directed Study | 1-3 |
| JEWISH/ HISTORY 373 | Modern Political History of the Jews: 1655-1919 | 4 |
| JEWISH/ HISTORY 374 | Modern Political History of the Jews: Era of Mass Movements, 1870-1970 | 4 |
| JEWISH 431 | Intermediate Topics in Jewish History | 3-4 |
| JEWISH/ CLASSICS 451 | Biblical Archaeology | 3 |
| JEWISH/ CLASSICS 452 | Biblical Archaeology | 2 |
| JEWISH 490 | Topics in Jewish Studies | 3 |
| JEWISH/CURRIC/ HISTORY 515 | Holocaust: History, Memory and Education | 3 |
| JEWISH/ HISTORY 518 | Anti-Semitism in European Culture, 1700-1945 | 3 |
| JEWISH 631 | Advanced Topics in Jewish History | 3-4 |
| JEWISH 633 | Advanced Topics in Jewish Studies: Social Sciences | 3-4 |
| JEWISH/ POLI SCI 665 | Israeli Politics and Society | 3-4 |
| JEWISH 699 | Directed Study | 1-3 |

## CLUSTER THREE: PRE-MODERN JEWISH HISTORY, CULTURE, OR LITERATURE

| Code | Title | Credits |
|---|---|---|
| JEWISH/ RELIG ST 211 | Introduction to Judaism | 4 |
| JEWISH/CLASSICS/ LITTRANS/ RELIG ST 227 | Introduction to Biblical Literature (in English) | 4 |
| JEWISH/CLASSICS/ LITTRANS/ RELIG ST 237 | Biblical Poetry in Translation | 3 |
| JEWISH/ CLASSICS 241 | Introduction to Biblical Archaeology | 4 |
| JEWISH/ RELIG ST 278 | Food in Rabbinic Judaism | 3-4 |
| JEWISH/LITTRANS/ RELIG ST 328 | Classical Rabbinic Literature in Translation | 3-4 |

| | | |
|---|---|---|
| JEWISH/CLASSICS/ HEBR-BIB/ LITTRANS/ RELIG ST 332 | Prophets of the Bible | 4 |
| JEWISH/CLASSICS/ RELIG ST 335 | King David in History and Tradition | 3 |
| JEWISH/CLASSICS/ RELIG ST 346 | Jewish Literature of the Greco-Roman Period | 3 |
| JEWISH 356 | Jerusalem, Holy City of Conflict and Desire | 3 |
| JEWISH/PHILOS/ RELIG ST 435 | Jewish Philosophy from Antiquity to the Seventeenth Century | 3 |
| JEWISH/ RELIG ST 448 | Classical Rabbinic Texts | 3 |
| JEWISH/ CLASSICS 451 | Biblical Archaeology | 3 |
| JEWISH/ CLASSICS 452 | Biblical Archaeology | 2 |

### SELECT TWO ADDITIONAL JEWISH STUDIES OR MODERN HEBREW COURSES ABOVE TO MEET THE MINIMUM COURSE AND CREDIT REQUIREMENTS FOR THE CERTIFICATE

**Notes:** Jewish studies courses taken abroad may also satisfy the certificate requirements. Students who have taken such courses should consult with the certificate advisor. A directed study course (JEWISH 699) used to satisfy a cluster requirement must be approved in advance by the undergraduate advisor.

### RESIDENCE AND QUALITY OF WORK

- Minimum 2.000 GPA in all JEWISH courses and courses approved for the certificate
- 11 credits, counting toward the certificate, taken in residence

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. At least two semesters of reading, understanding and conversing in Hebrew or another approved Jewish language.
2. Honed critical abilities in close reading, interpretation, and written analysis of ancient and modern Jewish texts.
3. Expanded knowledge of Jewish history, culture, philosophy, arts, religious practice, and politics in both the past and present.
4. Disposition of increased appreciation for diverse world views, value systems and interactions between Jews and non-Jews, minorities and majorities, in Wisconsin, the US, and across the globe.

## ADVISING AND CAREERS

Jewish studies can prepare one for a variety of career paths. Graduates in Jewish studies have followed a variety of different career paths, including law, medicine, education, finance, social work, and the nonprofit sector. Jewish studies students are also well prepared to apply for graduate studies in fields such as law, education, business, and social work, as well as prime candidates for rabbinical or cantorial school, theological studies, and advanced levels of Jewish studies.

The Mosse/Weinstein Center for Jewish Studies encourages students to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors: Bernard-Donals, Brenner, Ermakoff, Goldberg, Guyer, Hutton, Louden, Michels, Nadler, Rosenberg, Rosenblum, Rosenmeyer, Schweber, Swack, Vardi

Associate Professors: Dobbs, Shelef, Strauss

Assistant Professors: Bitzan, Brisman, Hollander, Mandell, Yudkoff, Zilbergers

Lecturers: Blakely, Paretskaya, Sone, Yuchtman

Jewish Studies Faculty Information (http://jewishstudies.wisc.edu/faculty)

# PHILOSOPHY

Philosophy involves reflection upon and understanding of all phases of human activity. Philosophy especially directs itself to the nature of knowledge and the most basic concepts of human understanding and value: morality, society, art and aesthetic experience, as well as science, politics, and religion. Philosophy is thus closely involved with other disciplines because, as human activities and quests for knowledge, they and their findings provide the material for philosophical inquiry. The courses offered by the department are designed to help students develop their own capacities to reflect intelligently on questions of fundamental and lasting significance. The philosophy major is intended to meet the needs of four types of students:

- those who wish to use philosophy as the organizing core of a liberal education;
- those who desire to study philosophy in preparation for graduate work in some other field, such as law, government, or theology;
- those who plan to major jointly in philosophy and one of the social and natural sciences or humanities; and
- those who have a professional interest in philosophy and intend to do graduate work in the subject.

## DEGREES/MAJORS/CERTIFICATES

- Philosophy, B.A. (p. 1213)
- Philosophy, B.S. (p. 1217)

## PEOPLE

Professors Bengson, Brighouse, Fletcher, Gibson, Gottlieb, Hausman, Kelleher, Mackay, Masrour, Messina, Nadler, Paul, Schectman, Shafer-Landau, Shapiro, Sidelle, Sober, Southgate, Steinberg, Streiffer, Titlebaum, Vranas

# PHILOSOPHY, B.A.

Philosophy involves reflection upon and understanding of all phases of human activity. Philosophy especially directs itself to the nature of knowledge and the most basic concepts of human understanding and value: morality, society, art and aesthetic experience, as well as science, politics, and religion. Philosophy is thus closely involved with other disciplines because, as human activities and quests for knowledge, they and their findings provide the material for philosophical inquiry. The courses offered by the department are designed to help students develop their own capacities to reflect intelligently on questions of fundamental and lasting significance. The philosophy major is intended to meet the needs of four types of students:

- those who wish to use philosophy as the organizing core of a liberal education;
- those who desire to study philosophy in preparation for graduate work in some other field, such as law, government, or theology;
- those who plan to major jointly in philosophy and one of the social and natural sciences or humanities; and
- those who have a professional interest in philosophy and intend to do graduate work in the subject.

## HOW TO GET IN

Students should inform the philosophy office of their intention to major and be assigned an advisor within the department. More information can be found at major declaration (http://philosophy.wisc.edu/undergraduate/major_declaration.php).

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |

| | |
|---|---|
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## 27 CREDITS AND 8 COURSES IN PHILOS

| Code | Title | Credits |
|---|---|---|
| PHILOS 211 | Elementary Logic | 3-4 |
| or PHILOS 511 | Symbolic Logic | |
| PHILOS 430 | History of Ancient Philosophy | 3-4 |
| PHILOS 432 | History of Modern Philosophy | 3-4 |
| **5 PHILOS courses of at least 3 credits from below:** | | 15 |
| PHILOS 433 | 19th Century Philosophers | |
| PHILOS/JEWISH/ RELIG ST 435 | Jewish Philosophy from Antiquity to the Seventeenth Century | |
| PHILOS 440 | Existentialism | |
| PHILOS/ ENVIR ST 441 | Environmental Ethics | |

| PHILOS 581 | Senior Honors Seminar | |
| PHILOS 582 | Senior Honors Seminar | |
| *Additional credits—if necessary—to achieve 27 for the major* [2] | | *3* |
| Total Credits | | 27-30 |

[1] Recommended to be taken in the sophomore or junior year

[2] The following courses do not count as part of the 8 courses and 27 required credits: PHILOS/JEWISH 442, PHILOS/MED HIST 505, PHILOS/ED POL 545, PHILOS/MED HIST 558, PHILOS/MATH 571, PHILOS 599, PHILOS 681, PHILOS 682, PHILOS 691, PHILOS 692, and PHILOS 699. Students who wish to enroll for Senior Thesis or Senior Honors Thesis should consult their major advisor prior to doing so.

## DISTRIBUTION

Of the 27 credits, at least 1 course is required from each category (A and B):

### Category A (complete one course):

| Code | Title | Credits |
|---|---|---|
| PHILOS/ RELIG ST 501 | Philosophy of Religion | 3-4 |
| PHILOS 503 | Theory of Knowledge | 3 |
| PHILOS 504 | Special Topics in the Theory of Knowledge (Bayesian Epistemology) | 3 |
| PHILOS 504 | Special Topics in the Theory of Knowledge (Epistemic Ideals) | 3 |
| PHILOS 516 | Language and Meaning | 3 |
| PHILOS 520 | Philosophy of the Natural Sciences | 3 |
| PHILOS 530 | Freedom Fate and Choice | 3 |
| PHILOS 551 | Philosophy of Mind | 3 |
| PHILOS 560 | Metaphysics | 3 |
| PHILOS 562 | Special Topics in Metaphysics (Consciousness) | 3 |

### Category B (complete one course):

| Code | Title | Credits |
|---|---|---|
| PHILOS 241 | Introductory Ethics | 3-4 |
| PHILOS 253 | Philosophy of the Arts | 3-4 |
| PHILOS 454 | Classical Philosophers (Aristotle's Ethics) | 3 |
| PHILOS 541 | Modern Ethical Theories | 3 |
| PHILOS 549 | Great Moral Philosophers | 3 |
| PHILOS 553 | Aesthetics | 3 |
| PHILOS 555 | Political Philosophy | 3 |

# RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all PHILOS courses and courses that count for the major
- 2.000 GPA on 15 upper-level credits in the major, taken in residence[3]
- 15 credits in PHILOS, taken on campus

[3] PHILOS courses of at least 3 credits and numbered 400 and higher are upper level, except for: PHILOS/ JEWISH 442, PHILOS/MED HIST 505, PHILOS/ ED POL 545, PHILOS/MED HIST 558, PHILOS/ MATH 571, PHILOS 599, , PHILOS 681, PHILOS 682, PHILOS 691, PHILOS 692, and PHILOS 699.

# HONORS IN THE MAJOR

Students may declare Honors in the Philosophy Major in consultation with the Philosophy undergraduate advisor.

## HONORS IN THE PHILOSOPHY MAJOR: REQUIREMENTS

To earn Honors in the Major in Philosophy, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Minimum 3.300 University GPA
- Minimum a 3.500 GPA for all PHILOS and major courses
- One *additional* course from either Category A or Category B with a grade of B or better
- PHILOS 681 (for 1-3 credits) and PHILOS 682 (for 3 credits) with a grade of AB or better.[4]

[4] Students will not be permitted to write a Senior Honors Thesis unless they have taken at least one advanced course on the topic on which they will be writing. Credits earned by writing a Senior Honors Thesis will not count toward the 27 minimum credits required for the major.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Ability to think critically about arguments.
2. Ability to interpret complex texts accurately and analyze them logically.
3. Ability to communicate precisely and concisely in both writing and speech.
4. Familiarity with the history of Western philosophy and the major debates withing that tradition.
5. Ability to be engaged citizens who think carefully and well about their responsibilities to others.
6. Ability to exchange reasons about controversial matters respectfully and with the aim of uncovering the truth.

7. Interpretative charity and intellectual honesty, which includes appropriate attribution to others of their ideas, and recognition and frankness about the limitations of one's own ideas.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communications A | 3 | Ethnic Sudies | 3 |
| PHILOS 101 | 3-4 | Foreign Language (if needed) | 4 |
| PHILOS 210 | 3-4 | I/A MATH, STAT or COMP SCI (for B.S. degree) | 3 |
| Physical Science Breadth | 3 | PHILOS 241 | 3-4 |
| Foreign Language (if needed) | 4 | PHILOS 211 (Quantitative Reasoning B) | 3-4 |
| | 14 | | 16 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHILOS 430 | 3-4 | Communication B | 4 |
| Literature Breadth | 3 | PHILOS 432 | 3-4 |
| Social Science Breadth | 4 | I/A MATH, STAT, or COMP SCI (for B.S. degree) | 3 |
| INTER-LS 210 | 1 | Social Science Breadth | 4 |
| Biological Science Breadth | 3 | | |
| | 15 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHILOS Category A course | 3-4 | PHILOS Category B course | 3-4 |
| Natural Science Breadth | 3 | PHILOS 400+ Electives | 3-4 |
| Literature Breadth | 3 | Electives | 7 |
| Electives | 5 | | |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHILOS Electives | 3 | PHILOS 500+ Electives | 3 |
| Electives | 12 | Electives | 12 |
| | 15 | | 15 |

Total Credits 120

## ADVISING AND CAREERS

# ADVISING

The Department of Philosophy encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with the SuccessWorks at the College of Letters & Science. Philosophy majors develop important and widely marketable skills, like the ability to think critically, communicate clearly, and solve complex problems. This means that getting a degree in philosophy provides excellent preparation for a variety of careers.

Studying philosophy can also help you get into graduate school. Philosophy majors excel on standardized tests like the GRE, GMAT, and LSAT. They rank first among all majors on the verbal and the analytical section of the GRE. Philosophy majors also tend to do better than just about any other major on the LSAT. With a mean score of just over 157, they are second only to physics majors. When it comes to the GMAT, philosophy majors rank in the top five of all majors, and they consistently have higher scores than business majors (including management, finance, accounting, and marketing majors).

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Bengson, Brighouse, Fletcher, Gibson, Gottlieb, Hausman, Kelleher, Mackay, Masrour, Messina, Nadler, Paul, Schectman, Shafer-Landau, Shapiro, Sidelle, Sober, Southgate, Steinberg, Streiffer, Titlebaum, Vranas

## RESOURCES AND SCHOLARSHIPS

# UNDERGRADUATE SCHOLARSHIPS

The Department of Philosophy has received generous support in order to fund two scholarships each academic year.

The **Charles Manthey Winter Philosophy Scholarship** is given to a major in philosophy who will graduate within the next four terms of the award and who has at least a 3.5 grade point average over the past two terms, and who can demonstrate financial need.

The **Colonel Jerome Ellis Goodrich, USMC (retired), Scholarship** is awarded to an undergraduate major in philosophy with academic merit and financial need, and who is a U.S. citizen.

Applications for these scholarships are typically due in early April and winners are honored at our annual Awards Banquet in May.

We also have an annual paper prize called the **Temkin Undergraduate Essay Prize in Value Theory**. This prize recognizes an outstanding essay in value theory, where this is construed quite broadly to include topics in political philosophy, philosophy of law, metaethics, applied ethics, etc. Essays are typically submitted in early April and the winner is also honored at our Awards Banquet.

If you have any questions about these scholarships or essay prize, you may send an email to frontoffice@philosophy.wisc.edu.

# PHILOSOPHY, B.S.

Philosophy involves reflection upon and understanding of all phases of human activity. Philosophy especially directs itself to the nature of knowledge and the most basic concepts of human understanding and value: morality, society, art and aesthetic experience, as well as science, politics, and religion. Philosophy is thus closely involved with other disciplines because, as human activities and quests for knowledge, they and their findings provide the material for philosophical inquiry. The courses offered by the department are designed to help students develop their own capacities to reflect intelligently on questions of fundamental and lasting significance. The philosophy major is intended to meet the needs of four types of students:

- those who wish to use philosophy as the organizing core of a liberal education;
- those who desire to study philosophy in preparation for graduate work in some other field, such as law, government, or theology;
- those who plan to major jointly in philosophy and one of the social and natural sciences or humanities; and
- those who have a professional interest in philosophy and intend to do graduate work in the subject.

## HOW TO GET IN

Students should inform the philosophy office of their intention to major and be assigned an advisor within the department. More information can be found at major declaration (http://philosophy.wisc.edu/undergraduate/major_declaration.php).

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B *<br><br>* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements. |

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |

| | |
|---|---|
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## 27 CREDITS AND 8 COURSES IN PHILOS

| Code | Title | Credits |
|---|---|---|
| PHILOS 211 | Elementary Logic | 3-4 |
| or PHILOS 511 | Symbolic Logic | |
| PHILOS 430 | History of Ancient Philosophy | 3-4 |
| PHILOS 432 | History of Modern Philosophy | 3-4 |
| **5 PHILOS courses of at least 3 credits from below:** | | 15 |
| PHILOS 433 | 19th Century Philosophers | |
| PHILOS/JEWISH/ RELIG ST 435 | Jewish Philosophy from Antiquity to the Seventeenth Century | |
| PHILOS 440 | Existentialism | |
| PHILOS/ ENVIR ST 441 | Environmental Ethics | |
| PHILOS 454 | Classical Philosophers | |
| PHILOS 464 | Classical Philosophers | |
| PHILOS 481 | Junior Honors Seminar | |
| PHILOS 482 | Junior Honors Seminar | |
| PHILOS/ RELIG ST 501 | Philosophy of Religion | |
| PHILOS/ RELIG ST 502 | Special Topics in Philosophy of Religion | |
| PHILOS 503 | Theory of Knowledge | |
| PHILOS 504 | Special Topics in the Theory of Knowledge | |
| PHILOS 506 | Study Abroad in Philosophy | |
| PHILOS 511 | Symbolic Logic | |
| PHILOS 512 | Methods of Logic | |
| PHILOS/ MED HIST 515 | Public Health Ethics | |
| PHILOS 516 | Language and Meaning | |
| PHILOS 520 | Philosophy of the Natural Sciences | |
| PHILOS 521 | Philosophy of the Social Sciences | |
| PHILOS 522 | Special Topic | |
| PHILOS/ ENVIR ST 523 | Philosophical Problems of the Biological Sciences | |
| PHILOS/ ECON 524 | Philosophy and Economics | |
| PHILOS 526 | Philosophy and Literature | |
| PHILOS 530 | Freedom Fate and Choice | |
| PHILOS 541 | Modern Ethical Theories | |
| PHILOS 543 | Special Topics in Ethics | |
| PHILOS 549 | Great Moral Philosophers | |
| PHILOS/ ED POL 550 | Philosophy of Moral Education | |
| PHILOS 551 | Philosophy of Mind | |
| PHILOS 553 | Aesthetics | |
| PHILOS 554 | Philosophy of the Artificial Sciences | |
| PHILOS 555 | Political Philosophy | |
| PHILOS 556 | Topics in Feminism and Philosophy | |
| PHILOS 557 | Issues in Social Philosophy | |
| PHILOS 559 | Philosophy of Law | |
| PHILOS 560 | Metaphysics | |
| PHILOS 562 | Special Topics in Metaphysics | |
| PHILOS/ AGRONOMY/ C&E SOC/ MED HIST 565 | The Ethics of Modern Biotechnology | |
| PHILOS/ MATH 571 | Mathematical Logic | |
| PHILOS 581 | Senior Honors Seminar | |
| PHILOS 582 | Senior Honors Seminar | |
| *Additional credits—if necessary—to achieve 27 for the major* [2] | | *3* |
| Total Credits | | 27-30 |

[1] Recommended to be taken in the sophomore or junior year

[2] The following courses do not count as part of the 8 courses and 27 required credits: PHILOS/JEWISH 442, PHILOS/MED HIST 505, PHILOS/ED POL 545, PHILOS/MED HIST 558, PHILOS/MATH 571, PHILOS 599, PHILOS 681, PHILOS 682, PHILOS 691, PHILOS 692, and PHILOS 699. Students who wish to enroll for Senior Thesis or Senior Honors Thesis should consult their major advisor prior to doing so.

## DISTRIBUTION

Of the 27 credits, at least 1 course is required from each category (A and B):

### Category A (complete one course):

| Code | Title | Credits |
|---|---|---|
| PHILOS/ RELIG ST 501 | Philosophy of Religion | 3-4 |
| PHILOS 503 | Theory of Knowledge | 3 |
| PHILOS 504 | Special Topics in the Theory of Knowledge (Bayesian Epistemology) | 3 |
| PHILOS 504 | Special Topics in the Theory of Knowledge (Epistemic Ideals) | 3 |
| PHILOS 516 | Language and Meaning | 3 |
| PHILOS 520 | Philosophy of the Natural Sciences | 3 |
| PHILOS 530 | Freedom Fate and Choice | 3 |

| | | |
|---|---|---|
| PHILOS 551 | Philosophy of Mind | 3 |
| PHILOS 560 | Metaphysics | 3 |
| PHILOS 562 | Special Topics in Metaphysics (Consciousness) | 3 |

**Category B (complete one course):**

| Code | Title | Credits |
|---|---|---|
| PHILOS 241 | Introductory Ethics | 3-4 |
| PHILOS 253 | Philosophy of the Arts | 3-4 |
| PHILOS 454 | Classical Philosophers (Aristotle's Ethics) | 3 |
| PHILOS 541 | Modern Ethical Theories | 3 |
| PHILOS 549 | Great Moral Philosophers | 3 |
| PHILOS 553 | Aesthetics | 3 |
| PHILOS 555 | Political Philosophy | 3 |

# RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all PHILOS courses and courses that count for the major
- 2.000 GPA on 15 upper-level credits in the major, taken in residence[3]
- 15 credits in PHILOS, taken on campus

[3] PHILOS courses of at least 3 credits and numbered 400 and higher are upper level, except for: PHILOS/JEWISH 442, PHILOS/MED HIST 505, PHILOS/ED POL 545, PHILOS/MED HIST 558, PHILOS/MATH 571, PHILOS 599, , PHILOS 681, PHILOS 682, PHILOS 691, PHILOS 692, and PHILOS 699.

# HONORS IN THE MAJOR

Students may declare Honors in the Philosophy Major in consultation with the Philosophy undergraduate advisor.

## HONORS IN THE PHILOSOPHY MAJOR: REQUIREMENTS

To earn Honors in the Major in Philosophy, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Minimum 3.300 University GPA
- Minimum a 3.500 GPA for all PHILOS and major courses
- One *additional* course from either Category A or Category B with a grade of B or better
- PHILOS 681 (for 1-3 credits) and PHILOS 682 (for 3 credits) with a grade of AB or better.[4]

[4] Students will not be permitted to write a Senior Honors Thesis unless they have taken at least one advanced course on the topic on which they will be writing. Credits earned by writing a Senior Honors Thesis will not count toward the 27 minimum credits required for the major.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Ability to think critically about arguments.
2. Ability to interpret complex texts accurately and analyze them logically.
3. Ability to communicate precisely and concisely in both writing and speech.
4. Familiarity with the history of Western philosophy and the major debates withing that tradition.
5. Ability to be engaged citizens who think carefully and well about their responsibilities to others.
6. Ability to exchange reasons about controversial matters respectfully and with the aim of uncovering the truth.
7. Interpretative charity and intellectual honesty, which includes appropriate attribution to others of their ideas, and recognition and frankness about the limitations of one's own ideas.

# FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communications A | 3 | Ethnic Sudies | 3 |
| PHILOS 101 | 3-4 | Foreign Language (if needed) | 4 |
| PHILOS 210 | 3-4 | I/A MATH, STAT or COMP SCI (for B.S. degree) | 3 |
| Physical Science Breadth | 3 | PHILOS 241 | 3-4 |
| Foreign Language (if needed) | 4 | PHILOS 211 (Quantitative Reasoning B) | 3-4 |
| | 14 | | 16 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHILOS 430 | 3-4 | Communication B | 4 |
| Literature Breadth | 3 | PHILOS 432 | 3-4 |
| Social Science Breadth | 4 | I/A MATH, STAT, or COMP SCI (for B.S. degree) | 3 |
| INTER-LS 210 | 1 | Social Science Breadth | 4 |

| | | | |
|---|---|---|---|
| Biological Science Breadth | 3 | | |
| | 15 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHILOS Category A course | 3-4 | PHILOS Category B course | 3-4 |
| Natural Science Breadth | 3 | PHILOS 400+ Electives | 3-4 |
| Literature Breadth | 3 | Electives | 7 |
| Electives | 5 | | |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHILOS Electives | 3 | PHILOS 500+ Electives | 3 |
| Electives | 12 | Electives | 12 |
| | 15 | | 15 |

Total Credits 120

## ADVISING AND CAREERS

# ADVISING

The Department of Philosophy encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with the SuccessWorks at the College of Letters & Science. Philosophy majors develop important and widely marketable skills, like the ability to think critically, communicate clearly, and solve complex problems. This means that getting a degree in philosophy provides excellent preparation for a variety of careers.

Studying philosophy can also help you get into graduate school. Philosophy majors excel on standardized tests like the GRE, GMAT, and LSAT. They rank first among all majors on the verbal and the analytical section of the GRE. Philosophy majors also tend to do better than just about any other major on the LSAT. With a mean score of just over 157, they are second only to physics majors. When it comes to the GMAT, philosophy majors rank in the top five of all majors, and they consistently have higher scores than business majors (including management, finance, accounting, and marketing majors).

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Bengson, Brighouse, Fletcher, Gibson, Gottlieb, Hausman, Kelleher, Mackay, Masrour, Messina, Nadler, Paul, Schectman, Shafer-Landau, Shapiro, Sidelle, Sober, Southgate, Steinberg, Streiffer, Titlebaum, Vranas

## RESOURCES AND SCHOLARSHIPS

# UNDERGRADUATE SCHOLARSHIPS

The Department of Philosophy has received generous support in order to fund two scholarships each academic year.

The **Charles Manthey Winter Philosophy Scholarship** is given to a major in philosophy who will graduate within the next four terms of the award and who has at least a 3.5 grade point average over the past two terms, and who can demonstrate financial need.

The **Colonel Jerome Ellis Goodrich, USMC (retired), Scholarship** is awarded to an undergraduate major in philosophy with academic merit and financial need, and who is a U.S. citizen.

Applications for these scholarships are typically due in early April and winners are honored at our annual Awards Banquet in May.

We also have an annual paper prize called the **Temkin Undergraduate Essay Prize in Value Theory**. This prize recognizes an outstanding essay in value theory, where this is construed quite broadly to include topics in political philosophy, philosophy of law, metaethics, applied ethics, etc. Essays are typically submitted in early April and the winner is also honored at our Awards Banquet.

If you have any questions about these scholarships or essay prize, you may send an email to frontoffice@philosophy.wisc.edu.

# PHYSICS

The Department of Physics has a long history of providing students with a great educational experience. The department awarded its first Ph.D. in 1899. Since then, physics students have earned degrees in virtually every area of physics, and the department's faculty has played key roles in a myriad of important research efforts.

Physics is the science of the properties of matter, radiation, and energy in all forms. As such, it is the most fundamental of the sciences. It provides the underlying framework for the other physical sciences and engineering and for understanding physical processes in biological and environmental sciences.

# CHOOSE TO BE A PHYSICS MAJOR

## WHY STUDY PHYSICS?

- **Intellectual Satisfaction.** First, and foremost, physics satisfies our deep desire to understand how the universe works. Physics is interesting.
- **Intellectual Challenge.** By striving for fundamental understanding, the physicist accepts the challenge to move past a merely descriptive approach of our world and probes deeply into how and why it works.
- **Physics Produces New Technology.** Today's esoteric physics research will become tomorrow's technological advances.
- **Technical Expertise.** Physicists exploit forefront technologies in their pursuits.
- **Flexibility.** In a fast-paced and changing world, it is much more important to have a broad substantive education than to be trained in a specific skill. We teach people how to think, and how to apply and extend what they know to new types of problems.
- **Physics is Analytical and Quantitative.** People who can reason analytically and quantitatively are essential for the success of almost any pursuit.

A degree in physics helps prepare students for employment in industry, research, government, and academia. A bachelor's degree from the undergraduate physics program will provide an overall view of both classical and modern physics along with problem-solving ability and the flexibility to continue learning.

Your education can:

- Prepare you for employment in industrial or governmental laboratories.
- Prepare you for graduate studies for master's or doctoral degrees in experimental or theoretical physics.
- Provide a broad background for further work in other sciences, such as materials sciences, aerospace, astronomy, computer science, geophysics, meteorology, radiology, medicine, biophysics, engineering, and environmental studies.
- Provide a science-oriented liberal education. This training can be useful in some areas of business administration, law, or other fields where a basic knowledge of science is useful.
- Provide part of the preparation you need to teach physics. To teach physics in high school, you will also take education courses to become certified. You will need a doctoral degree to become a college or university professor.

# OTHER PROGRAMS

### AMEP

A program in applied mathematics, engineering and physics (AMEP) (p. 1113) is described in its own section of the *Guide*.

### Astronomy–Physics

Students interested in an astronomy–physics major should contact the astronomy department (p. 486).

### Education–Physics

A student working toward the Bachelor of Science–Education degree may major or minor in physics. Interested students should contact the School of Education (p. 1448). Upon request, the physics department will assign an advisor.

### Medical Physics

A suggested curriculum for students interested in graduate study in medical physics is available in the medical physics (https://www.medphysics.wisc.edu) department office.

# PHYSICS, B.A.

## WELCOME TO THE UW-MADISON DEPARTMENT OF PHYSICS

We have a long history of providing our students with a great educational experience. Our physics department awarded it's first Ph.D. in 1899. Since then, our students have earned degrees in virtually every area of physics, and our faculty have played key roles in a myriad of important research efforts.

Physics is the science of the properties of matter, radiation, and energy in all forms. As such, it is the most fundamental of the sciences. It provides the underlying framework for the other physical sciences and engineering and for understanding physical processes in biological and environmental sciences.

## CHOOSE TO BE A PHYSICS MAJOR

### WHY STUDY PHYSICS?

- **Intellectual Satisfaction.** First, and foremost, physics satisfies our deep desire to understand how the universe works. Physics is interesting.
- **Intellectual Challenge.** By striving for fundamental understanding, the physicist accepts the challenge to move past a merely descriptive approach of our world and probes deeply into how and why it works.
- **Physics Produces New Technology.** Today's esoteric physics research will become tomorrow's technological advances.
- **Technical Expertise.** Physicists exploit forefront technologies in their pursuits.
- **Flexibility.** In a fast-paced and changing world, it is much more important to have a broad substantive education than to be trained in a specific skill. We teach people how to think, and how to apply and extend what they know to new types of problems.
- **Physics is Analytical and Quantitative.** People who can reason analytically and quantitatively are essential for the success of almost any pursuit.

A degree in physics helps prepare you for employment in industry, research, government, and academia. A bachelor's degree from the undergraduate physics program will provide an overall view of both classical and modern physics along with problem-solving ability and the flexibility to continue learning.

Your education can:

- Prepare you for employment in industrial or governmental laboratories.
- Prepare you for graduate studies for master's or doctoral degrees in experimental or theoretical physics.
- Provide a broad background for further work in other sciences, such as materials sciences, aerospace, astronomy, computer science, geophysics, meteorology, radiology, medicine, biophysics, engineering, and environmental studies.
- Provide a science-oriented liberal education. This training can be useful in some areas of business administration, law, or other fields where a basic knowledge of science is useful.
- Provide part of the preparation you need to teach physics. To teach physics in high school, you will also take education courses to become certified. You will need a doctoral degree to become a college or university professor.

Interested in the undergraduate physics program? Check out the physics undergraduate page (https://www.physics.wisc.edu/academics/undergrads) or browse the Undergraduate Physics Majors Handbook (https://www.physics.wisc.edu/undergrads/handbook.pdf).

# OTHER PROGRAMS

### AMEP

A program in applied mathematics, engineering and physics (AMEP) (p. 1113) is described in its own section of the *Guide*.

### Astronomy–Physics

Students interested in an astronomy–physics major should contact the astronomy department (p. 486).

### Education–Physics

A student working toward the Bachelor of Science–Education degree may major or minor in physics. Interested students should contact the School of Education (p. 1448). Upon request, the physics department will assign an advisor.

### Medical Physics

A suggested curriculum for students interested in graduate study in medical physics is available in the medical physics (https://www.medphysics.wisc.edu) department office.

## HOW TO GET IN

### TO DECLARE A PHYSICS MAJOR

Students should discuss declaration with one of the undergraduate advisors (p. 1226) as early as possible and bring a What-If DARS for the Physics major to their meeting.

To be eligible to declare the major, students must have a combined MATH and PHYSICS GPA of at least a 2.500. Eligible students can declare the physics major anytime by completing the department's major declaration form (https://www.physics.wisc.edu/sites/default/files/Physics%20Declaration%20Form.pdf) and having it signed by a physics undergraduate advisor.

There are additional steps to declaring Physics as an Additional Major. Section C of the major declaration form (https://www.physics.wisc.edu/sites/default/files/Physics%20Declaration%20Form.pdf) has important information about this process. Students should consult the Guide page of their home school or college for more information about declaring an Additional Major in L&S.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B *<br><br>* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements. |

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |

| | |
|---|---|
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

The physics major requires 35 credits from the following:

| Code | Title | Credits |
|---|---|---|
| **Introductory Physics** [1] | | |
| *First Introductory Course (complete one):* [1] | | *5* |
| PHYSICS 247 | A Modern Introduction to Physics (recommended) | |
| PHYSICS 207 | General Physics | |
| PHYSICS 201 | General Physics | |
| E M A 201 & E M A 202 | Statics and Dynamics [2] | |
| E M A 201 & M E 240 | Statics and Dynamics [2] | |
| *Second Introductory Course (complete one):* | | *5* |
| PHYSICS 248 | A Modern Introduction to Physics (recommended) | |
| PHYSICS 208 | General Physics | |
| PHYSICS 202 | General Physics | |
| *Third Introductory Course (complete one):* | | *3-4* |
| PHYSICS 249 | A Modern Introduction to Physics (recommended) | |
| PHYSICS 205 | Modern Physics for Engineers (not recommended for majors) | |
| PHYSICS/ E C E 235 | Introduction to Solid State Electronics (not recommended for majors) | |
| PHYSICS 241 | Introduction to Modern Physics | |
| **Intermediate Mechanics** | | |
| PHYSICS 311 | Mechanics | 3 |
| **Electromagnetism (complete one):** | | 3-9 |
| PHYSICS 322 | Electromagnetic Fields | |
| E C E 220 & E C E 320 & E C E 420 | Electrodynamics I and Electrodynamics II and Electromagnetic Wave Transmission [3] | |
| **Thermal Physics (complete one):** | | 3-6 |
| PHYSICS 415 | Thermal Physics [4] | |
| CHEM 561 & CHEM 562 | Physical Chemistry and Physical Chemistry [5] | |
| M E 361 | Thermodynamics | |
| **Quantum Mechanics (complete one):** | | 3-6 |
| PHYSICS 448 & PHYSICS 449 | Atomic and Quantum Physics and Atomic and Quantum Physics | |
| PHYSICS 531 | Introduction to Quantum Mechanics | |
| **Laboratory** | | 6 |
| *Full registerted credit per course:* | | |
| PHYSICS 307 | Intermediate Laboratory-Mechanics and Modern Physics | |
| PHYSICS 407 | Advanced Laboratory | |
| *Two credits apply from each of the following:* | | |
| PHYSICS 321 | Electric Circuits and Electronics [6] | |
| PHYSICS 325 | Optics [6] | |
| PHYSICS 623 | Electronic Aids to Measurement [6] | |
| PHYSICS 625 | Applied Optics [6] | |
| N E 427 | Nuclear Instrumentation Laboratory [7] | |
| N E 428 | Nuclear Reactor Laboratory [7] | |
| *One credit applies from each of the following:* | | |
| E C E 305 | Semiconductor Properties Laboratory [7] | |
| E C E 313 | Optoelectronics Lab [7] | |
| **Advanced Physics Electives** | | 0-4 |
| Total Credits | | 35 |

[1] The introductory course sequence consists of three courses: PHYSICS 247/PHYSICS 248/PHYSICS 249 in the honors sequence recommended for prospective physics majors, PHYSICS 201/PHYSICS 202/PHYSICS 205 is recommend for engineers, and PHYSICS 207/PHYSICS 208/PHYSICS 241 is intended for life sciences and chemistry majors, and is a suitable alternative for physics majors. Although the department recommends following one of these sequences, students are allowed to mix them, with the exception that transfers into the

PHYSICS 247/PHYSICS 248/PHYSICS 249 honors sequence are not permitted.

[2] Both courses must be taken and together count 5 credits toward the 35 required for the major. These credits can be counted toward the 35 required for the major only if these courses are used to satisfy this requirement.

[3] All three of E C E 220 and E C E 320 and E C E 420 must be taken, and together count 3 credits toward the 35 required for the major. These credits can be counted toward the 35 required for the major only if these courses are used to satisfy this requirement.

[4] PHYSICS 415 is strongly recommend as the course to satisfy the Thermal Physics Requirement, except for students pursuing additional majors in physics.

[5] Both courses CHEM 561 and CHEM 562 must be taken and together count 3 credits toward the 35 required for the major. These credits can be counted toward the 35 required for the major only if these courses are used to satisfy this requirement.

[6] All four credits for each course count toward 35-credit total.

[7] For non-PHYSICS courses, students will receive only the credit applied as lab toward the 35-credit requirement.

### ADVANCED PHYSICS ELECTIVE COURSES

| Code | Title | Credits |
|---|---|---|
| PHYSICS 301 | Physics Today (recommended) [8] | 1 |
| PHYSICS 307 | Intermediate Laboratory-Mechanics and Modern Physics | 2 |
| PHYSICS 311 | Mechanics | 3 |
| PHYSICS 321 | Electric Circuits and Electronics | 4 |
| PHYSICS 322 | Electromagnetic Fields | 3 |
| PHYSICS 323 | Electromagnetic Fields | 3 |
| PHYSICS 325 | Optics | 4 |
| PHYSICS 406 | Special Topics in Physics | 1-4 |
| PHYSICS 407 | Advanced Laboratory | 2-4 |
| PHYSICS 415 | Thermal Physics | 3 |
| PHYSICS 448 | Atomic and Quantum Physics | 3 |
| PHYSICS 449 | Atomic and Quantum Physics | 3 |
| PHYSICS/ ENVIR ST 472 | Scientific Background to Global Environmental Problems | 3 |
| PHYSICS 498 | Directed Study | 1-3 |
| PHYSICS 499 | Directed Study | 1-3 |
| PHYSICS/B M E/ H ONCOL/ MED PHYS 501 | Radiological Physics and Dosimetry | 3 |
| PHYSICS/E C E/ N E 525 | Introduction to Plasmas | 3 |
| PHYSICS/E C E/ N E 527 | Plasma Confinement and Heating | 3 |
| PHYSICS 531 | Introduction to Quantum Mechanics | 3 |
| PHYSICS 535 | Introduction to Particle Physics | 3 |
| PHYSICS 545 | Introduction to Atomic Structure | 3 |
| PHYSICS/E C E 546 | Lasers | 2-3 |
| PHYSICS 551 | Solid State Physics | 3 |
| PHYSICS 623 | Electronic Aids to Measurement | 4 |
| PHYSICS 625 | Applied Optics | 4 |
| PHYSICS 681 | Senior Honors Thesis | 3 |
| PHYSICS 682 | Senior Honors Thesis | 3 |
| PHYSICS 691 | Senior Thesis | 2-3 |
| PHYSICS 692 | Senior Thesis | 2-3 |

[8] It is recommended that the student's program include the seminar PHYSICS 301 Physics Today.

## RESIDENCE AND QUALITY OF WORK IN THE MAJOR

- 2.000 GPA in all PHYSICS and all major courses
- 2.000 on at least 15 credits in Upper Level work, taken in residence[9]
- 15 credits in PHYSICS, taken on campus

[9] Courses that meet the Core and Laboratory requirements, and Advanced level PHYSICS courses, count as upper-level in the major.

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with their major advisor and the Honors Program.

### HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA in all PHYSICS and all major courses
- 12 credits of Honors PHYSICS courses with grades of B or better, to include:
  - PHYSICS 681 - PHYSICS 682, for a total of 6 credits
  - 3 additional credits of Advanced level PHYSICS for Honors, with a grade of B or better
  - 3 credits at any level in PHYSICS for Honors, with a grade of B or better

## DISTINCTION IN THE MAJOR

Distinction in the Major requires no declaration, and is awarded at the time of graduation. Students may not receive Distinction and Honors in the same major. To receive Distinction in the Major, students must have met the following requirements and notify a departmental advisor:

- 3.300 University GPA
- 3.300 GPA in all PHYSICS and all major courses
- 6 additional credits in Advanced level PHYSICS beyond the minimum required for the major.

### THESIS OF DISTINCTION

An exceptional original thesis will be designated as a Thesis of Distinction upon recommendation by the department.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Understand basic physical principles.
2. Solve problems proficiently using both quantitative and qualitative applications of these physical principles.
3. Appreciate the excitement of physics and be acquainted with a wide range of research areas in physics.
4. Know how to perform quantitative measurements of physical phenomena and understand the statistical significance of observations made in the presence of statistical and systematic uncertainties.
5. Be prepared for graduate study and/or careers in STEM fields.
6. Communicate effectively with scientific peers and the public, both orally and in writing.
7. Understand their own learning processes and be able to continue to educate themselves after graduation.

## FOUR-YEAR PLAN

# SAMPLE FOUR-YEAR PLAN

Students should arrange a meeting with a departmental advisor as soon as they are even thinking about a physics major. It is important to get major advising as early as possible.

This is one of many paths through the physics major. For other possibilities and details on math preparation and sequence of courses, see the Advising and Careers page (https://guide.wisc.edu/undergraduate/letters-science/physics/physics-bs/#advisingandcareerstext).

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 247 (Physics First Introductory Course) | 5 | PHYSICS 248 (Physics Second Introductory Course) | 5 |
| MATH 234 | 4 | MATH 319 | 3 |
| Communication A | 3 | MATH 340 | 3 |
| Foreign Language (if needed) | 4 | Ethnic Studies | 3 |
| | 16 | | 14 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 249 (Physics Third Introductory Course) | 4 | PHYSICS 301 | 1 |
| PHYSICS 311 (Mechanics) | 3 | PHYSICS 307 (Laboratory) | 2 |
| MATH 321 | 3 | PHYSICS 322 | 3 |
| Social Science Breadth | 3 | MATH 322 | 3 |
| INTER-LS 210 | 1 | Biological Science Breadth | 3 |
| | | Social Science Breadth | 3 |
| | 14 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 321 | 4 | PHYSICS 407 (Laboratory) | 2-4 |
| PHYSICS 448 (Quantum Physics) | 3 | PHYSICS 415 (Thermal Physics) | 3 |
| Communication B | 3-4 | PHYSICS 449 | 3 |
| Humanities Breadth | 3 | Humanities Breadth | 3 |
| Social Science Breadth | 3 | Social Science Breadth | 3 |
| | 16 | | 14 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Literature Breadth | 3 | Literature Breadth | 3 |
| Electives | 12 | Electives | 13 |
| | 15 | | 16 |

Total Credits 120

The Department of Physics encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

Additional Resources:

- Link to physics department student jobs and research opportunities (https://www.physics.wisc.edu/academics/undergrads/news)

## ADVISORY INFORMATION

### Mathematics

There are specific math courses listed as prerequisites for our Physics courses. Depending on your interest in math (some Physics majors also major in Math as well), the courses you select may be different. A typical math sequence is: MATH 221, MATH 222, MATH 234, MATH 319, (or MATH 320 instead of MATH 319 , MATH 340), MATH 321, MATH 322, MATH 340. Please consult with an advisor when choosing your Mathematics courses, particularly before deciding on one of the honors sequences in Math. We do not recommend the honors sequences for physics majors unless you are considering a second major in Math.

MATH 221 Calculus and Analytic Geometry 1/ Calculus and Analytic Geometry 2 (MATH 222): MATH 221 is a prerequisite to PHYSICS 247, PHYSICS 207, and PHYSICS 201.

MATH 234 Calculus--Functions of Several Variables: typically taken to complete the sequence MATH 221/MATH 222/MATH 234. This course can be taken simultaneously with MATH 319.

MATH 319 Techniques in Ordinary Differential Equations: You are strongly advised to take MATH 319 and MATH 340, or MATH 320 before PHYSICS 311 Mechanics.

MATH 340 Elementary Matrix and Linear Algebra: This course is a bridge between concrete and abstract math. The next step for students interested in more abstract math is MATH 521/MATH 522. MATH 340 is particularly useful for PHYSICS 311 and later for quantum mechanics and we strongly suggest taking it or MATH 320. MATH 320 is a "light" version combining MATH 319 and MATH 340. It is adequate for the rest of our undergraduate physics curriculum, but is not recommended for those planning on continuing to graduate school. There is a special honors section, Math 320!, that thoroughly covers all of the material in MATH 319 and MATH 340. We recommend it as a good way to fit in both topics before you take PHYSICS 311, but it is a more challenging course.

Applied Mathematical Analysis (MATH 321): Techniques for solving problems in the physical sciences, engineering, and applied mathematics, using advanced calculus and analytic function theory. Can be taken before or after MATH 322. It is recommended that MATH 321 be taken before taking PHYSICS 322. MATH 321 is highly recommended for physics majors but requires a significant time commitment.

MATH 322 Applied Mathematical Analysis: Techniques for solving partial differential equations, with an emphasis on practical problems in the physical sciences. Also covers special functions, Fourier Transformations, etc . MATH 321 and MATH 322 are recommended for those planning to continue on to graduate school in Physics.

### Chemistry

A college course in chemistry is useful for all physics students, but not required.

### Computing

Students should become familiar with scientific programming. The most useful languages are Python followed by C or C++. The computer sciences department offers introductory courses. The Division of Information Technology (DoIT) also offers short courses to introduce programming.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## WISCONSIN EXPERIENCE

# PHYSICS UNDERGRADUATE COLLOQUIUM

There is a weekly series of talks in the spring semester called "Physics Today," at which a topic of local research is described by one of the physics faculty. These are open and may be attended by anyone. They can also be taken as a course, PHYSICS 301 Physics Today. See the Course Guide for location and time.

# THE PHYSICS CLUB

The University Physical Society (UPS)—also known as the Physics Club—is a student organization for people interested in physics and related fields.

### WHAT DOES THE PHYSICS CLUB DO?

The Physics Club organizes events such as seminars, tours, trips, and socials for its members. Physics Club volunteers also offer free drop-in tutoring to students in introductory physics and astronomy classes. In addition, we maintain subscriptions to science related magazines such as *Scientific American*, *Astronomy*, and *Physics Today*, which are kept in the club's room located at 2328 Chamberlin Hall. Every Friday afternoon, we meet with the physics colloquium speaker to learn about the process of becoming a scientist. In addition, UPS sponsors a variety of other events. For example, in the past, we have taken took a field trip to Fermilab, sponsored a racquetball tournament, and have frequently gathered for social events such as ice skating, movie night, and bowling.

### WHY SHOULD YOU JOIN THE PHYSICS CLUB?

By joining the Physics Club you'll be meeting many physics majors, who are, in general, really cool people to hang out with. If you are thinking about declaring a physics major, this is the place to come for helpful advice about taking classes and finding an undergraduate job in the physics department. If you join, you can get access to the Physics Club room, 2328 Chamberlin Hall. Joining also adds you to the club email list, so you can be notified about club sponsored events.

### PERKS OF BEING A PHYSICS CLUB MEMBER

When you join the Physics Club, you get access to an excellent room, 2328 Chamberlin Hall. This room contains a refrigerator, reference shelves of textbooks, couch, tables, and chairs, a phone, blackboards, and a microwave. We have a several computers in the room. You can get your own key to the room and visit at your leisure, and stay as long as you like. Plus, you get the added bonus of knowing people who are in your classes.

**University Physical Society**
2328 Chamberlin Hall
ups.physics.wisc.edu
ups-officers@googlegroups.com
**To Join:**
Drop by Room 2328 Chamberlin Hall and pick up a membership form. Turn in a completed form with your annual dues to a UPS club officer.

## PHYSICS LEARNING CENTER

The Physics Learning Center: Striving to help all students succeed in Physics
• Do you enjoy Physics?
• Are you patient?
• Do you like to teach?
• Would you like to help other undergraduate students?

The Physics Learning Center (PLC) matches upper-level undergraduate students as tutor/mentors in small study groups with students studying introductory physics (algebra-based PHYSICS 103–PHYSICS 104 and calculus-based PHYSICS 207–PHYSICS 208). Physics Peer Mentor Tutors meet twice a week with the same small group of students to overview key concepts, choose and supervise practice problems, answer questions, and serve as a mentor. We strive to create a supportive learning environment to help students gain skills, increase confidence, and meet potential study partners.

Peer mentor tutors receive extensive training in teaching physics and in general pedagogy. Tutors meet with a PLC staff member each week to discuss strategies for teaching course content, including how to use teaching materials that stress conceptual understanding. In addition, tutors from all courses meet as a group for a weekly teaching seminar to discuss issues such as group dynamics, techniques for actively involving students in learning, helping students to prepare for exams, raising awareness of diversity in student experiences, resources on campus, and so on.

Our peer mentor tutors report that they greatly enjoy working with their students and in the process strengthen their own foundation in physics and presentation skills. They also tell us that teaching physics helps to review for the Graduate Record Exam and to prepare for postgraduate teaching in middle/high school or as a university teaching assistant. Most tutors are upper-class students majoring in physics, astrophysics, secondary science education, and engineering. We also welcome students from other fields if they have a strong physics background. Students receive either independent study credit or a stipend for participation in the Physics Peer Mentor Tutor program. To apply, please submit a resume, your transcript (unofficial copy is fine), and a short statement about why you would like to be a physics peer mentor yutor (½–1 page).

## RESOURCES AND SCHOLARSHIPS

The Physics Department is very happy to offer a number of awards for undergraduate and graduate students in physics each year. Many of these awards have been made possible through very generous donations by alumni and friends of the Department.

For a list of all the Undergraduate and Graduate Awards please visit www.physics.wisc.edu/awards (https://www.physics.wisc.edu/awards)

### APPLICATION PROCESS

#### Eligibility

- Must be enrolled as a full-time student at UW-Madison in both semesters of the Academic Year
- Must be a physics major (some awards also include astronomy majors)

Applicants will be judged by the Student Awards Committee. You may apply for a specific award below however the Committee will consider all eligible applications for relevant awards. The Committee will review your transcript.

The call for applications will be sent out in the middle of the spring semester, and the awards decisions will be made by the Awards Committee soon thereafter. Awardees will be notified and asked to attend the Physics Awards Banquet to be held at the end of the spring semester.

### TO APPLY

**Once the call for applications has been sent out, each applicant is to submit the following (in PDF) by the deadline via "Scholarships @ UW" in your student center or here: https://scholarships.wisc.edu/Scholarships/**

- Resume/CV
- Statement of current research/teaching activity and future plans as a physics major (one page)
- Letter of recommendation from a faculty or staff member (one page)
- On-line application system will automatically prompt letter writer to submit letter
- If indicated below, a statement of need (one page)

**For More information**

Please visit the Department of Physics Awards webpage (https://www.physics.wisc.edu/awards) or contact the Department of Physics info@physics.wisc.edu

# PHYSICS, B.S.

The Department of Physics has a long history of providing students with a great educational experience. The department awarded its first Ph.D. in 1899. Since then, physics students have earned degrees in virtually every area of physics, and the department's faculty has played key roles in a myriad of important research efforts.

Physics is the science of the properties of matter, radiation, and energy in all forms. As such, it is the most fundamental of the sciences. It provides the underlying framework for the other physical sciences and engineering and for understanding physical processes in biological and environmental sciences.

## CHOOSE TO BE A PHYSICS MAJOR

### WHY STUDY PHYSICS?

- **Intellectual Satisfaction.** First, and foremost, physics satisfies our deep desire to understand how the universe works. Physics is interesting.
- **Intellectual Challenge.** By striving for fundamental understanding, the physicist accepts the challenge to move past a merely descriptive approach of our world and probes deeply into how and why it works.
- **Physics Produces New Technology.** Today's esoteric physics research will become tomorrow's technological advances.
- **Technical Expertise.** Physicists exploit forefront technologies in their pursuits.
- **Flexibility.** In a fast-paced and changing world, it is much more important to have a broad substantive education than to be trained in a specific skill. We teach people how to think, and how to apply and extend what they know to new types of problems.
- **Physics is Analytical and Quantitative.** People who can reason analytically and quantitatively are essential for the success of almost any pursuit.

A degree in physics helps prepare students for employment in industry, research, government, and academia. A bachelor's degree from the undergraduate physics program will provide an overall view of both classical and modern physics along with problem-solving ability and the flexibility to continue learning.

Your education can:

- Prepare you for employment in industrial or governmental laboratories.
- Prepare you for graduate studies for master's or doctoral degrees in experimental or theoretical physics.
- Provide a broad background for further work in other sciences, such as materials sciences, aerospace, astronomy, computer science, geophysics, meteorology, radiology, medicine, biophysics, engineering, and environmental studies.
- Provide a science-oriented liberal education. This training can be useful in some areas of business administration, law, or other fields where a basic knowledge of science is useful.
- Provide part of the preparation you need to teach physics. To teach physics in high school, you will also take education courses to become certified. You will need a doctoral degree to become a college or university professor.

## OTHER PROGRAMS

### AMEP

A program in applied mathematics, engineering and physics (AMEP) (p. 1113) is described in its own section of the *Guide*.

### Astronomy–Physics

Students interested in an astronomy–physics major should contact the astronomy department (p. 486).

### Education–Physics

A student working toward the Bachelor of Science–Education degree may major or minor in physics. Interested students should contact the School of Education (p. 1448). Upon request, the physics department will assign an advisor.

### Medical Physics

A suggested curriculum for students interested in graduate study in medical physics is available in the medical physics (https://www.medphysics.wisc.edu) department office.

## HOW TO GET IN

### TO DECLARE A PHYSICS MAJOR

Students should discuss declaration with one of the undergraduate advisors (p. 1226) as early as possible and bring a What-If DARS for the Physics major to their meeting.

To be eligible to declare the major, students must have a combined MATH and PHYSICS GPA of at least a 2.500. Eligible students can declare the physics major anytime by completing the department's major declaration form (https://www.physics.wisc.edu/sites/default/files/Physics%20Declaration%20Form.pdf) and having it signed by a physics undergraduate advisor.

There are additional steps to declaring Physics as an Additional Major. Section C of the major declaration form (https://www.physics.wisc.edu/sites/default/files/Physics%20Declaration%20Form.pdf) has important information about this process. Students should consult the Guide page of their home school or college for more information about declaring an Additional Major in L&S.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

The physics major requires 35 credits from the following:

| Code | Title | Credits |
|---|---|---|
| **Introductory Physics** [1] | | |
| *First Introductory Course (complete one):* [1] | | *5* |
| PHYSICS 247 | A Modern Introduction to Physics (recommended) | |
| PHYSICS 207 | General Physics | |
| PHYSICS 201 | General Physics | |
| E M A 201 & E M A 202 | Statics and Dynamics [2] | |
| E M A 201 & M E 240 | Statics and Dynamics [2] | |
| *Second Introductory Course (complete one):* | | *5* |
| PHYSICS 248 | A Modern Introduction to Physics (recommended) | |
| PHYSICS 208 | General Physics | |
| PHYSICS 202 | General Physics | |
| *Third Introductory Course (complete one):* | | *3-4* |
| PHYSICS 249 | A Modern Introduction to Physics (recommended) | |
| PHYSICS 205 | Modern Physics for Engineers (not recommended for majors) | |
| PHYSICS/ E C E 235 | Introduction to Solid State Electronics (not recommended for majors) | |
| PHYSICS 241 | Introduction to Modern Physics | |
| **Intermediate Mechanics** | | |

| | | |
|---|---|---|
| PHYSICS 311 | Mechanics | 3 |
| **Electromagnetism (complete one):** | | 3-9 |
| PHYSICS 322 | Electromagnetic Fields | |
| E C E 220<br>& E C E 320<br>& E C E 420 | Electrodynamics I<br>and Electrodynamics II<br>and Electromagnetic Wave Transmission [3] | |
| **Thermal Physics (complete one):** | | 3-6 |
| PHYSICS 415 | Thermal Physics [4] | |
| CHEM 561<br>& CHEM 562 | Physical Chemistry<br>and Physical Chemistry [5] | |
| M E 361 | Thermodynamics | |
| **Quantum Mechanics (complete one):** | | 3-6 |
| PHYSICS 448<br>& PHYSICS 449 | Atomic and Quantum Physics<br>and Atomic and Quantum Physics | |
| PHYSICS 531 | Introduction to Quantum Mechanics | |
| **Laboratory** | | 6 |
| *Full registerted credit per course:* | | |
| PHYSICS 307 | Intermediate Laboratory-Mechanics and Modern Physics | |
| PHYSICS 407 | Advanced Laboratory | |
| *Two credits apply from each of the following:* | | |
| PHYSICS 321 | Electric Circuits and Electronics [6] | |
| PHYSICS 325 | Optics [6] | |
| PHYSICS 623 | Electronic Aids to Measurement [6] | |
| PHYSICS 625 | Applied Optics [6] | |
| N E 427 | Nuclear Instrumentation Laboratory [7] | |
| N E 428 | Nuclear Reactor Laboratory [7] | |
| *One credit applies from each of the following:* | | |
| E C E 305 | Semiconductor Properties Laboratory [7] | |
| E C E 313 | Optoelectronics Lab [7] | |
| **Advanced Physics Electives** | | 0-4 |
| Total Credits | | 35 |

1 The introductory course sequence consists of three courses: PHYSICS 247/PHYSICS 248/PHYSICS 249 in the honors sequence recommended for prospective physics majors, PHYSICS 201/PHYSICS 202/PHYSICS 205 is recommend for engineers, and PHYSICS 207/PHYSICS 208/PHYSICS 241 is intended for life sciences and chemistry majors, and is a suitable alternative for physics majors. Although the department recommends following one of these sequences, students are allowed to mix them, with the exception that transfers into the PHYSICS 247/PHYSICS 248/PHYSICS 249 honors sequence are not permitted.

2 Both courses must be taken and together count 5 credits toward the 35 required for the major. These credits can be counted toward the 35 required for the major only if these courses are used to satisfy this requirement.

3 All three of E C E 220 and E C E 320 and E C E 420 must be taken, and together count 3 credits toward the 35 required for the major. These credits can be counted toward the 35 required for the major only if these courses are used to satisfy this requirement.

4 PHYSICS 415 is strongly recommend as the course to satisfy the Thermal Physics Requirement, except for students pursuing additional majors in physics.

5 Both courses CHEM 561 and CHEM 562 must be taken and together count 3 credits toward the 35 required for the major. These credits can be counted toward the 35 required for the major only if these courses are used to satisfy this requirement.

6 All four credits for each course count toward 35-credit total.

7 For non-PHYSICS courses, students will receive only the credit applied as lab toward the 35-credit requirement.

## ADVANCED PHYSICS ELECTIVE COURSES

| Code | Title | Credits |
|---|---|---|
| PHYSICS 301 | Physics Today (recommended) [8] | 1 |
| PHYSICS 307 | Intermediate Laboratory-Mechanics and Modern Physics | 2 |
| PHYSICS 311 | Mechanics | 3 |
| PHYSICS 321 | Electric Circuits and Electronics | 4 |
| PHYSICS 322 | Electromagnetic Fields | 3 |
| PHYSICS 323 | Electromagnetic Fields | 3 |
| PHYSICS 325 | Optics | 4 |
| PHYSICS 406 | Special Topics in Physics | 1-4 |
| PHYSICS 407 | Advanced Laboratory | 2-4 |
| PHYSICS 415 | Thermal Physics | 3 |
| PHYSICS 448 | Atomic and Quantum Physics | 3 |
| PHYSICS 449 | Atomic and Quantum Physics | 3 |
| PHYSICS/ ENVIR ST 472 | Scientific Background to Global Environmental Problems | 3 |
| PHYSICS 498 | Directed Study | 1-3 |
| PHYSICS 499 | Directed Study | 1-3 |
| PHYSICS/B M E/ H ONCOL/ MED PHYS 501 | Radiological Physics and Dosimetry | 3 |
| PHYSICS/E C E/ N E 525 | Introduction to Plasmas | 3 |
| PHYSICS/E C E/ N E 527 | Plasma Confinement and Heating | 3 |
| PHYSICS 531 | Introduction to Quantum Mechanics | 3 |
| PHYSICS 535 | Introduction to Particle Physics | 3 |
| PHYSICS 545 | Introduction to Atomic Structure | 3 |
| PHYSICS/E C E 546 | Lasers | 2-3 |
| PHYSICS 551 | Solid State Physics | 3 |
| PHYSICS 623 | Electronic Aids to Measurement | 4 |
| PHYSICS 625 | Applied Optics | 4 |
| PHYSICS 681 | Senior Honors Thesis | 3 |
| PHYSICS 682 | Senior Honors Thesis | 3 |
| PHYSICS 691 | Senior Thesis | 2-3 |
| PHYSICS 692 | Senior Thesis | 2-3 |

8 It is recommended that the student's program include the seminar PHYSICS 301 Physics Today.

# RESIDENCE AND QUALITY OF WORK IN THE MAJOR

- 2.000 GPA in all PHYSICS and all major courses
- 2.000 on at least 15 credits in Upper Level work, taken in residence[9]
- 15 credits in PHYSICS, taken on campus

[9] Courses that meet the Core and Laboratory requirements, and Advanced level PHYSICS courses, count as upper-level in the major.

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with their major advisor and the Honors Program.

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA in all PHYSICS and all major courses
- 12 credits of Honors PHYSICS courses with grades of B or better, to include:
  - PHYSICS 681 - PHYSICS 682, for a total of 6 credits
  - 3 additional credits of Advanced level PHYSICS for Honors, with a grade of B or better
  - 3 credits at any level in PHYSICS for Honors, with a grade of B or better

# DISTINCTION IN THE MAJOR

Distinction in the Major requires no declaration, and is awarded at the time of graduation. Students may not receive Distinction and Honors in the same major. To receive Distinction in the Major, students must have met the following requirements and notify a departmental advisor:

- 3.300 University GPA
- 3.300 GPA in all PHYSICS and all major courses
- 6 additional credits in Advanced level PHYSICS beyond the minimum required for the major.

## THESIS OF DISTINCTION

An exceptional original thesis will be designated as a Thesis of Distinction upon recommendation by the department.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Understand basic physical principles.
2. Solve problems proficiently using both quantitative and qualitative applications of these physical principles.
3. Appreciate the excitement of physics and be acquainted with a wide range of research areas in physics.
4. Know how to perform quantitative measurements of physical phenomena and understand the statistical significance of observations made in the presence of statistical and systematic uncertainties.
5. Be prepared for graduate study and/or careers in STEM fields.
6. Communicate effectively with scientific peers and the public, both orally and in writing.
7. Understand their own learning processes and be able to continue to educate themselves after graduation.

# FOUR-YEAR PLAN

# SAMPLE FOUR-YEAR PLAN

Students should arrange a meeting with a departmental advisor as soon as they are even thinking about a physics major. It is important to get major advising as early as possible.

This is one of many paths through the physics major. For other possibilities and details on math preparation and sequence of courses, see the Advising and Careers page (https://guide.wisc.edu/undergraduate/letters-science/physics/physics-bs/#advisingandcareerstext).

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 247 (Physics First Introductory Course) | 5 | PHYSICS 248 (Physics Second Introductory Course) | 5 |
| MATH 234 | 4 | MATH 319 | 3 |
| Communication A | 3 | MATH 340 | 3 |
| Foreign Language (if needed) | 4 | Ethnic Studies | 3 |
| | 16 | | 14 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 249 (Physics Third Introductory Course) | 4 | PHYSICS 301 | 1 |
| PHYSICS 311 (Mechanics) | 3 | PHYSICS 307 (Laboratory) | 2 |
| MATH 321 | 3 | PHYSICS 322 | 3 |
| Social Science Breadth | 3 | MATH 322 | 3 |
| INTER-LS 210 | 1 | Biological Science Breadth | 3 |
| | | Social Science Breadth | 3 |
| | 14 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 321 | 4 | PHYSICS 407 (Laboratory) | 2-4 |
| PHYSICS 448 (Quantum Physics) | 3 | PHYSICS 415 (Thermal Physics) | 3 |
| Communication B | 3-4 | PHYSICS 449 | 3 |
| Humanities Breadth | 3 | Humanities Breadth | 3 |
| Social Science Breadth | 3 | Social Science Breadth | 3 |
| | 16 | | 14 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Literature Breadth | 3 | Literature Breadth | 3 |
| Electives | 12 | Electives | 13 |
| | 15 | | 16 |

Total Credits 120

The Department of Physics encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

## ADVISORY INFORMATION

### Mathematics

There are specific math courses listed as prerequisites for our Physics courses. Depending on your interest in math (some Physics majors also major in Math as well), the courses you select may be different. A typical math sequence is: MATH 221, MATH 222, MATH 234, MATH 319, (or MATH 320 instead of MATH 319 , MATH 340), MATH 321, MATH 322, MATH 340. Please consult with an advisor when choosing your Mathematics courses, particularly before deciding on one of the honors sequences in Math. We do not recommend the honors sequences for physics majors unless you are considering a second major in Math.

MATH 221 Calculus and Analytic Geometry 1/ Calculus and Analytic Geometry 2 (MATH 222): MATH 221 is a prerequisite to PHYSICS 247, PHYSICS 207, and PHYSICS 201.

MATH 234 Calculus--Functions of Several Variables: typically taken to complete the sequence MATH 221/MATH 222/MATH 234. This course can be taken simultaneously with MATH 319.

MATH 319 Techniques in Ordinary Differential Equations: You are strongly advised to take MATH 319 and MATH 340, or MATH 320 before PHYSICS 311 Mechanics.

MATH 340 Elementary Matrix and Linear Algebra: This course is a bridge between concrete and abstract math. The next step for students interested in more abstract math is MATH 521/MATH 522. MATH 340 is particularly useful for PHYSICS 311 and later for quantum mechanics and we strongly suggest taking it or MATH 320. MATH 320 is a "light" version combining MATH 319 and MATH 340. It is adequate for the rest of our undergraduate physics curriculum, but is not recommended for those planning on continuing to graduate school. There is a special honors section, Math 320!, that thoroughly covers all of the material in MATH 319 and MATH 340. We recommend it as a good way to fit in both topics before you take PHYSICS 311, but it is a more challenging course.

Applied Mathematical Analysis (MATH 321): Techniques for solving problems in the physical sciences, engineering, and applied mathematics, using advanced calculus and analytic function theory. Can be taken before or after MATH 322. It is recommended that MATH 321 be taken before taking PHYSICS 322. MATH 321 is highly recommended for physics majors but requires a significant time commitment.

MATH 322 Applied Mathematical Analysis: Techniques for solving partial differential equations, with an emphasis on practical problems in the physical sciences. Also covers special functions, Fourier Transformations, etc . MATH 321 and MATH 322 are recommended for those planning to continue on to graduate school in Physics.

### Chemistry
A college course in chemistry is useful for all physics students, but not required.

### Computing
Students should become familiar with scientific programming. The most useful languages are Python followed by C or C++. The computer sciences department offers introductory courses. The Division of Information Technology (DoIT) also offers short courses to introduce programming.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## WISCONSIN EXPERIENCE

# PHYSICS UNDERGRADUATE COLLOQUIUM

There is a weekly series of talks in the spring semester called "Physics Today," at which a topic of local research is described by one of the physics faculty. These are open and may be attended by anyone. They can also be taken as a course, PHYSICS 301 Physics Today. See the Course Guide for location and time.

# THE PHYSICS CLUB

The University Physical Society (UPS)—also known as the Physics Club—is a student organization for people interested in physics and related fields.

### WHAT DOES THE PHYSICS CLUB DO?

The Physics Club organizes events such as seminars, tours, trips, and socials for its members. Physics Club volunteers also offer free drop-in tutoring to students in introductory physics and astronomy classes. In addition, we maintain subscriptions to science related magazines such as *Scientific American*, *Astronomy*, and *Physics Today*, which are kept in the club's room located at 2328 Chamberlin Hall. Every Friday afternoon, we meet with the physics colloquium speaker to learn about the process of becoming a scientist. In addition, UPS sponsors a variety of other events. For example, in the past, we have taken took a field trip to Fermilab, sponsored a racquetball tournament, and have frequently gathered for social events such as ice skating, movie night, and bowling.

### WHY SHOULD YOU JOIN THE PHYSICS CLUB?

By joining the Physics Club you'll be meeting many physics majors, who are, in general, really cool people to hang out with. If you are thinking about declaring a physics major, this is the place to come for helpful advice about taking classes and finding an undergraduate job in the physics department. If you join, you can get access to the Physics Club room, 2328 Chamberlin Hall. Joining also adds you to the club email list, so you can be notified about club sponsored events.

### PERKS OF BEING A PHYSICS CLUB MEMBER

When you join the Physics Club, you get access to an excellent room, 2328 Chamberlin Hall. This room contains a refrigerator, reference shelves of textbooks, couch, tables, and chairs, a phone, blackboards, and a microwave. We have a several computers in the room. You can get your own key to the room and visit at your leisure, and stay as long as you like. Plus, you get the added bonus of knowing people who are in your classes.

**University Physical Society**
2328 Chamberlin Hall
ups.physics.wisc.edu
ups-officers@googlegroups.com
**To Join:**
Drop by Room 2328 Chamberlin Hall and pick up a membership form. Turn in a completed form with your annual dues to a UPS club officer.

# PHYSICS LEARNING CENTER

The Physics Learning Center: Striving to help all students succeed in Physics
- Do you enjoy Physics?
- Are you patient?
- Do you like to teach?
- Would you like to help other undergraduate students?

The Physics Learning Center (PLC) matches upper-level undergraduate students as tutor/mentors in small study groups with students studying introductory physics (algebra-based PHYSICS 103–PHYSICS 104 and calculus-based PHYSICS 207–PHYSICS 208). Physics Peer Mentor Tutors meet twice a week with the same small group of students to overview key concepts, choose and supervise practice problems, answer questions, and serve as a mentor. We strive to create a supportive learning environment to help students gain skills, increase confidence, and meet potential study partners.

Peer mentor tutors receive extensive training in teaching physics and in general pedagogy. Tutors meet with a PLC staff member each week to discuss strategies for teaching course content, including how to use teaching materials that stress conceptual understanding. In addition,

tutors from all courses meet as a group for a weekly teaching seminar to discuss issues such as group dynamics, techniques for actively involving students in learning, helping students to prepare for exams, raising awareness of diversity in student experiences, resources on campus, and so on.

Our peer mentor tutors report that they greatly enjoy working with their students and in the process strengthen their own foundation in physics and presentation skills. They also tell us that teaching physics helps to review for the Graduate Record Exam and to prepare for postgraduate teaching in middle/high school or as a university teaching assistant. Most tutors are upper-class students majoring in physics, astrophysics, secondary science education, and engineering. We also welcome students from other fields if they have a strong physics background. Students receive either independent study credit or a stipend for participation in the Physics Peer Mentor Tutor program. To apply, please submit a resume, your transcript (unofficial copy is fine), and a short statement about why you would like to be a physics peer mentor yutor (½–1 page).

**Physics Learning Center**

## RESOURCES AND SCHOLARSHIPS

The Physics Department is very happy to offer a number of awards for undergraduate and graduate students in physics each year. Many of these awards have been made possible through very generous donations by alumni and friends of the Department.

For a list of all the Undergraduate and Graduate Awards please visit www.physics.wisc.edu/awards (https://www.physics.wisc.edu/awards)

### APPLICATION PROCESS

#### Eligibility

- Must be enrolled as a full-time student at UW-Madison in both semesters of the Academic Year
- Must be a physics major (some awards also include astronomy majors)

Applicants will be judged by the Student Awards Committee. You may apply for a specific award below however the Committee will consider all eligible applications for relevant awards. The Committee will review your transcript.

The call for applications will be sent out in the middle of the spring semester, and the awards decisions will be made by the Awards Committee soon thereafter. Awardees will be notified and asked to attend the Physics Awards Banquet to be held at the end of the spring semester.

### TO APPLY

**Once the call for applications has been sent out, each applicant is to submit the following (in PDF) by the deadline via "Scholarships @ UW" in your student center or here: https://scholarships.wisc.edu/Scholarships/**

- Resume/CV
- Statement of current research/teaching activity and future plans as a physics major (one page)
- Letter of recommendation from a faculty or staff member (one page)
- On-line application system will automatically prompt letter writer to submit letter
- If indicated below, a statement of need (one page)

**For More information**
Please visit the Department of Physics Awards webpage (https://www.physics.wisc.edu/awards) or contact the Department of Physics info@physics.wisc.edu

# PHYSICS, CERTIFICATE

The department offers an undergraduate certificate in physics. An understanding of the physical universe informs many disciplines. The study of physics is essential to understanding nature and to advancing technology in the coming century. A certificate in physics increases the opportunities for students to become better informed on technological issues at the local, state, national, and international levels.

The certificate is designed to serve undergraduates majoring in biology, chemistry, mathematics, engineering, education and other fields who wish to extend their study of physics beyond what may be required or recommended for their major without completing the full L&S physics major requirements.

## HOW TO GET IN

To declare a certificate in physics, students must fill out a major/certificate declaration form. An undergraduate physics advisor must sign the form. The form to declare the certificate can be obtained at the Physics departmental office. All undergraduate students are eligible to declare the certificate, except those declared in the following majors: Physics, Astronomy-Physics, and Applied Mathematics, Engineering, and Physics (AMEP).

## REQUIREMENTS

### CERTIFICATE REQUIREMENTS

The physics certificate requires 18 credits of Intermediate or Advanced level undergraduate PHYSICS courses, with the following restrictions:

- At least 9 of the credits must be in residence.
- At most one course from each of the three semesters of an introductory sequence can be counted.
- At most 3 credits of directed study can be counted.
- Only graded courses may be used toward the certificate.

- A minimum grade point average of 2.000 is required in all certificate courses.

| Code | Title | Credits |
|---|---|---|
| **First Introductory Course (complete only one):** | | 5 |
| PHYSICS 247 | A Modern Introduction to Physics (recommended) | |
| PHYSICS 207 | General Physics | |
| PHYSICS 201 | General Physics | |
| E M A 201 & E M A 202 | Statics and Dynamics [1] | |
| E M A 201 & M E 240 | Statics and Dynamics [1] | |
| **Second Introductory Course (complete only one):** | | 5 |
| PHYSICS 248 | A Modern Introduction to Physics (recommended) [2] | |
| PHYSICS 208 | General Physics | |
| PHYSICS 202 | General Physics | |
| **Third Introductory Course (complete only one):** | | 3-4 |
| PHYSICS 249 | A Modern Introduction to Physics (recommended) [2] | |
| PHYSICS 205 | Modern Physics for Engineers | |
| PHYSICS/ E C E 235 | Introduction to Solid State Electronics | |
| PHYSICS 241 | Introduction to Modern Physics | |
| **Directed Study (optional, maximum 3 credits)** | | 0-3 |
| PHYSICS 299 | Directed Study | |
| PHYSICS 499 | Directed Study | |
| PHYSICS 681 | Senior Honors Thesis | |
| PHYSICS 682 | Senior Honors Thesis | |
| PHYSICS 691 | Senior Thesis | |
| PHYSICS 692 | Senior Thesis | |
| **Additional Intermediate and Advanced PHYSICS courses** | | 1-5 |
| PHYSICS/ MED PHYS 265 | Introduction to Medical Physics | |
| PHYSICS 301 | Physics Today | |
| PHYSICS 307 | Intermediate Laboratory-Mechanics and Modern Physics | |
| PHYSICS 311 | Mechanics | |
| PHYSICS 321 | Electric Circuits and Electronics | |
| PHYSICS 322 | Electromagnetic Fields | |
| PHYSICS 323 | Electromagnetic Fields | |
| PHYSICS 325 | Optics | |
| PHYSICS 371 | Acoustics for Musicians | |
| PHYSICS 407 | Advanced Laboratory | |
| PHYSICS 415 | Thermal Physics | |
| PHYSICS 448 | Atomic and Quantum Physics | |
| PHYSICS 449 | Atomic and Quantum Physics | |
| PHYSICS/ ENVIR ST 472 | Scientific Background to Global Environmental Problems | |
| PHYSICS/B M E/ H ONCOL/ MED PHYS 501 | Radiological Physics and Dosimetry | |
| PHYSICS/E C E/ N E 525 | Introduction to Plasmas | |
| PHYSICS/E C E/ N E 527 | Plasma Confinement and Heating | |
| PHYSICS 531 | Introduction to Quantum Mechanics | |
| PHYSICS 535 | Introduction to Particle Physics | |
| PHYSICS 545 | Introduction to Atomic Structure | |
| PHYSICS/ E C E 546 | Lasers | |
| PHYSICS 551 | Solid State Physics | |
| PHYSICS/ MED PHYS 563 | Radionuclides in Medicine and Biology | |
| PHYSICS/ ANATOMY/B M E/ MED PHYS/ PHMCOL-M/ RADIOL 619 | Microscopy of Life | |
| PHYSICS 623 | Electronic Aids to Measurement | |
| PHYSICS 625 | Applied Optics | |
| Total Credits | | 18 |

[1] A maximum of 5 credits from E M A 201, E M A 202 and M E 240 count toward the 18 credits required for the certificate.

[2] Students may not transfer into the PHYSICS 247 - PHYSICS 248 - PHYSICS 249 sequence from another introductory sequence.

# CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

# PLANNING AND LANDSCAPE ARCHITECTURE

The Department of Landscape Architecture offers two undergraduate programs. One is a professional landscape design and planning program, fully accredited by the American Society of Landscape Architects, and leads to the bachelor of science–landscape architecture degree (BSLA). The other program introduces the field of landscape studies and leads to a bachelor of science degree with a major in landscape architecture (B.S.).

## DEGREES/MAJORS/CERTIFICATES

- Landscape and Urban Studies, B.A. (p. 1240)
- Landscape and Urban Studies, B.S. (p. 1245)
- Landscape Architecture, BLA (p. 1250)

# LANDSCAPE AND URBAN STUDIES, B.A.

The Landscape and Urban Studies Major integrates the biological, physical, and social sciences, and the humanities to provide students with the broad knowledge and skills needed to recognize and address current and future urban and regional land use challenges. These include, but are not limited to, sustainable and equitable land use, social and spatial inequalities, and the conservation, management, and restoration of natural and cultural systems. The major provides students the flexibility of a liberal arts education and opportunities to specialize in several directions: Restoration and Ecological Design; Culture, Health and Community; and Urban Studies. The major also provides students opportunities to explore the design and planning professions. Students who graduate from the major are prepared for starting positions in public or private agencies that oversee conservation, land management, cultural resource preservation, planning or for continuing on to graduate school, in particular, professionally accredited programs in Landscape Architecture, Planning or Environmental Studies. The major is recommended for those wishing to provide input into how the natural world and human dwelling can mutually and beneficially occur with a focus on cultural and natural resource protection, green infrastructure, social equity and policy.

## HOW TO GET IN

Students who intend to declare their major in landscape and urban studies are encouraged to schedule an appointment with their undergraduate advisor or the undergraduate student services coordinator in the Department of Planning and Landscape Architecture.

Students who attend Student Orientation, Advising, and Registration (SOAR) with the College of Letters and Science have the option to declare this major at SOAR. Students may otherwise declare after they have begun their undergraduate studies.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

Students interested in the major are required to complete a set of introductory courses, breadth in the major under three categories: Biological and Physical Environment, Social and Cultural Studies and Technology and 15 credits of electives (see an Advisor and the Advising tab for recommended focused elective sets).

Landscape and Urban Studies majors must complete at least 47 credits in the major, including the following:

## INTRODUCTORY COURSES

| Code | Title | Credits |
|---|---|---|
| LAND ARC 250 | Survey of Landscape Architecture Design | 3 |
| LAND ARC 260 | History of Landscape Architecture | 3 |
| GEOG/ENVIR ST 127 | Physical Systems of the Environment | 4-5 |
| or LAND ARC 211 | Landscape Inventory and Evaluation Methods | |
| URB R PL/ LAND ARC 463 | Evolution of American Planning | 3 |
| Total Credits | | 13-14 |

## BIOLOGICAL AND PHYSICAL ENVIRONMENT

| Code | Title | Credits |
|---|---|---|
| **Complete two courses from:** | | 6-9 |
| BOTANY 100 | Survey of Botany | |
| or BOTANY/ BIOLOGY 130 | General Botany | |
| BOTANY/ ENVIR ST/ ZOOLOGY 260 | Introductory Ecology | |
| or BOTANY/ F&W ECOL/ ZOOLOGY 460 | General Ecology | |
| BOTANY/ GEOG 338 | Environmental Biogeography | |
| GEOG/ ENVIR ST 339 | Environmental Conservation | |
| SOIL SCI/ ENVIR ST/ GEOG 230 | Soil: Ecosystem and Resource | |
| or SOIL SCI 301 | General Soil Science | |
| Total Credits | | 6-9 |

## SOCIAL AND CULTURAL STUDIES

| Code | Title | Credits |
|---|---|---|
| **Complete two courses from:** | | 6-7 |

## QUALITY OF WORK

- 2.000 GPA in all LAND ARC and URB R PL courses and courses that count toward the major
- 2.000 GPA on 15 upper-level credits (*Intermediate or Advanced level major courses)*, taken in Residence
- 15 combined credits in LAND ARC and URB PL , taken on the UW–Madison campus

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Demonstrate competence and critical judgment in creatively applying the intellectual and technical skills necessary for site and landscape-scale natural and cultural resource conservation, planning, and management; these skills include cultural, historical and landscape literacy, data collection and analysis, spatial and temporal analysis, multidisciplinary problem-solving approaches and communication skills.
2. Demonstrate critical thinking and the ability to explore ideas and synthesize information, both independently and in collaboration with interdisciplinary team members.
3. Understand, apply and evaluate the principles, theories and research findings underlying at least one of the following advising pathways, Ecological Restoration and Design; Culture, Health, and Community; and Urban Studies.
4. Integrate social, cultural, ecological and technological dimensions in solving design and planning problems concerning the conservation or management of sustainable natural and cultural landscapes.
5. Be able to perform as a member of a public, private or non-profits office or agency in the fields represented within the department.

# FOUR-YEAR PLAN

This sample Four-Year plan is a tool to assist you and your advisor(s). Use it along with your DARS report and the Course Guide. You will make your own Four-Year Plan based on your placement scores, incoming credits, and individual interests. As you become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, you might adjust the order of your courses to make room for these experiences. You will likely revise your four-year plan several times.

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| LAND ARC 250 | 3 | LAND ARC 211 or GEOG 127 | 5 |
| Communications A | 3 | Biological or Physical Environment (major requirement) | 4 |
| Quantitative Reasoning A | 3 | Ethnic Studies (complete within your first 60 credits) | 3 |
| Foreign Language (if required) | 4 | Quantitative Reasoning B | 3 |
| Physical Science Breadth | 3 | | |
| | 16 | | 15 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| LAND ARC 260 | 3 | URB R PL/ LAND ARC 463 | 3 |
| Communications B | 3 | Biological and Physical Environment (major requirement) | 3 |
| Social and Cultural Studies (major requirement) | 3 | Social and Cultural Studies (major requirement) | 3 |
| Literature Breadth | 3 | Literature Breadth | 3 |
| INTER-LS 210 | 1 | Electives | 4 |

Total Credits 120

## ADVISING AND CAREERS

Students enrolled in the major Landscape and Urban Studies have 3 opportunities for advising.First, our undergraduate coordinator can assist with general questions about registration, student assistance and progress in meeting major requirements. Second, all students entering the program will be assigned a faculty advisor to assist with guidance specific to the curriculum (e.g. coursework, internships, research) and career opportunities. For students wishing to select their faculty advisor see People/Instructors. Third the College of Letters and Science offers advice on career paths, networking and job search preparation (see below).

L&S Career Resources

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers).

SuccessWorks can also assist students in career advising, résuméand cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

- SuccessWorks
- Set up a career advising appointment
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative
- Learn how we're transforming career preparation: L&S Career Initiative

## PEOPLE

Instructors

Professors: Ken Genskow, Janet Gilmore, Evelyn Howell, James LaGro, Dave Marcouiller, Alfonso Morales, Brian Ohm, Janet Silbernagel

Associate Professors: David Bart, Sam Dennis Jr., Carey McAndrews, Kurt Paulsen

Assistant Professors: Edna Ledesma, Revel Sims, Kristin Thorleifsdottir

Faculty Associates: Shawn Kelly, Eric Schuchardt Senior Lecturers: Doug Hadley, James Steiner Lecturer: Jacob Blue

Associate Scientist

Jeff Sledge

Earth Partnership Program

Director: Cheryl Bauer Armstrong

Outreach Specialists: Claire Bjork, Jessie Conway, Mary Michaud, Maria Moreno

Academic Advising

Undergraduate Coordinator: Deborah Griffin

Graduate Coordinator: Lauren Szafranski

Administrative Staff

Department Administrator: Shira Hand

Financial Specialist: Patrick J. Cunniffe

IT Support: W. Math Heinzel

Chair: Ken Genskow

## WISCONSIN EXPERIENCE

The Wisconsin Experience combines learning in and out of the classroom, helping students to develop intellectual and personal growth. The Landscape and Urban Studies major mixes traditional learning with community-based learning in and out of the classroom. Students are encouraged to take opportunities that supplement classroom learning by engaging in research, study abroad, internships, student clubs and community interactions. The major engages students in exploring people-nature phenomena and how they might, in their professional and personal lives, apply continuous learning to the planning of environments that benefit people, cultures and the environment at the local, state, national and global levels.

## RESOURCES AND SCHOLARSHIPS

This scholarship (http://scholarships.wisc.edu/Scholarships/schlrDetails?schlId=4101) provides amounts ranging from $2,000 to $5,000 each to help students take advantage of and enable them to participate in a first-time internship opportunity that is unpaid or provides a limited stipend.

**HILLDALE UNDERGRADUATE/FACULTY RESEARCH FELLOWSHIP**

The Hilldale Undergraduate/Faculty Research Fellowships (https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship)support undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Approximately 97–100 Hilldale awards are available each year. The student researcher receives $3,000, and faculty/staff research advisor receives $1,000 to help offset research costs (e.g., supplies, faculty or student travel related to the project).

**HOLSTROM ENVIRONMENTAL SCHOLARSHIPS**

The Holstrom Environmental Scholarships (https://go.wisc.edu/55ox41) support undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Research proposals must have an environmental focus, and applicants must have at least a junior standing at time of application.

**UNDERGRADUATE SYMPOSIUM**

The annual Undergraduate Symposium (https://ugradsymposium.wisc.edu) showcases undergraduate creativity, achievement, research, service-learning and community-based research from all areas of study at UW–Madison including the humanities, fine arts, biological sciences, physical sciences, and social sciences.

**UNDERGRADUATE RESEARCH SCHOLARS**

The Undergraduate Research Scholars (https://urs.ls.wisc.edu)program (URS) is dedicated to enhancing the academic experience of UW-Madison students by providing first and second year undergraduates with opportunities to earn credit for participating in the research and creative work with UW-Madison faculty and staff. The program has been designed to include partnerships between students and mentors, seminars on research-relevant issues, and practice in research/artistic presentations. The many benefits of the program are found in the fluid interaction between these activities.

**WISCONSIN IDEA FELLOWSHIPS**

Wisconsin Idea Fellowships (https://morgridge.wisc.edu/students/wisconsin-idea-fellowships) are awarded annually to undergraduate student projects working towards solving a challenge identified along with local or global community partner. Fellowships are awarded to semester-long or year-long projects designed by an undergraduate student (or group of students) in collaboration with a community organization and a UW–Madison faculty or academic staff member.

# LANDSCAPE AND URBAN STUDIES, B.S.

The Landscape and Urban Studies Major integrates the biological, physical, and social sciences, and the humanities to provide students with the broad knowledge and skills needed to recognize and address current and future urban and regional land use challenges. These include, but are not limited to, sustainable and equitable land use, social and spatial inequalities, and the conservation, management, and restoration of natural and cultural systems. The major provides students the flexibility of a liberal arts education and opportunities to specialize in several directions: Restoration and Ecological Design; Culture, Health and Community; and Urban Studies. The major also provides students opportunities to explore the design and planning professions. Students who graduate from the major are prepared for starting positions in public or private agencies that oversee conservation, land management, cultural resource preservation, planning or for continuing on to graduate school, in particular, professionally accredited programs in Landscape Architecture, Planning or Environmental Studies. The major is recommended for those wishing to provide input into how the natural world and human dwelling can mutually and beneficially occur with a focus on cultural and natural resource protection, green infrastructure, social equity and policy.

## HOW TO GET IN

Students who intend to declare their major in landscape and urban studies are encouraged to schedule an appointment with their undergraduate advisor or the undergraduate student services coordinator in the Department of Planning and Landscape Architecture.

Students who attend Student Orientation, Advising, and Registration (SOAR) with the College of Letters and Science have the option to declare this major at SOAR. Students may otherwise declare after they have begun their undergraduate studies.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |

| | |
|---|---|
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

Students interested in the major are required to complete a set of introductory courses, breadth in the major under three categories: Biological and Physical Environment, Social and Cultural Studies and Technology and 15 credits of electives (see an Advisor and the Advising tab for recommended focused elective sets).

Landscape and Urban Studies majors must complete at least 47 credits in the major, including the following:

## INTRODUCTORY COURSES

| Code | Title | Credits |
|---|---|---|
| LAND ARC 250 | Survey of Landscape Architecture Design | 3 |
| LAND ARC 260 | History of Landscape Architecture | 3 |
| GEOG/ENVIR ST 127 | Physical Systems of the Environment | 4-5 |
| or LAND ARC 211 | Landscape Inventory and Evaluation Methods | |
| URB R PL/ LAND ARC 463 | Evolution of American Planning | 3 |
| Total Credits | | 13-14 |

## BIOLOGICAL AND PHYSICAL ENVIRONMENT

| Code | Title | Credits |
|---|---|---|
| **Complete two courses from:** | | 6-9 |
| BOTANY 100 | Survey of Botany | |
| or BOTANY/ BIOLOGY 130 | General Botany | |
| BOTANY/ ENVIR ST/ ZOOLOGY 260 | Introductory Ecology | |
| or BOTANY/ F&W ECOL/ ZOOLOGY 460 | General Ecology | |
| BOTANY/ GEOG 338 | Environmental Biogeography | |
| GEOG/ ENVIR ST 339 | Environmental Conservation | |
| SOIL SCI/ ENVIR ST/ GEOG 230 | Soil: Ecosystem and Resource | |
| or SOIL SCI 301 | General Soil Science | |
| Total Credits | | 6-9 |

## SOCIAL AND CULTURAL STUDIES

| Code | Title | Credits |
|---|---|---|
| **Complete two courses from:** | | 6-7 |
| ART HIST 457 | History of American Vernacular Architecture and Landscapes | |
| DS 221 | Person and Environment Interactions | |
| ECON 101 | Principles of Microeconomics | |
| or ECON 111 | Principles of Economics-Accelerated Treatment | |
| ECON/REAL EST/ URB R PL 420 | Urban and Regional Economics | |
| GEOG 104 | Introduction to Human Geography | |
| GEOG/ ENVIR ST 139 | Global Environmental Issues | |
| GEOG/ENVIR ST/ HISTORY 469 | The Making of the American Landscape | |
| HISTORY/ ENVIR ST/ GEOG 460 | American Environmental History | |
| POLI SCI 104 | Introduction to American Politics and Government | |
| SOC/ C&E SOC 140 | Introduction to Community and Environmental Sociology | |

## TECHNOLOGY

| Code | Title | Credits |
|---|---|---|
| **Complete two courses from:** | | 6-8 |
| GEOG/CIV ENGR/ ENVIR ST 377 | An Introduction to Geographic Information Systems | |

| | |
|---|---|
| LAND ARC 211 | Landscape Inventory and Evaluation Methods |
| LAND ARC 460 | Advanced Visual Communication in Landscape Architecture |
| LAND ARC/ ENVIR ST/GEOG/ URB R PL 532 | Applications of Geographic Information Systems in Planning |
| LAND ARC/ ENVIR ST/ SOIL SCI 695 | Applications of Geographic Information Systems in Natural Resources |
| Total Credits | 6-8 |

## CAPSTONE

| Code | Title | Credits |
|---|---|---|
| LAND ARC 677 | Cultural Resource Preservation and Landscape History | 3 |
| or LAND ARC 668 | Restoration Ecology | |
| Total Credits | | 3 |

## ELECTIVES [1]

| Code | Title | Credits |
|---|---|---|
| **15 credits, chosen from:** | | 15 |
| AGRONOMY/ BOTANY/ SOIL SCI 370 | Grassland Ecology | |
| ANTHRO/ AMER IND 354 | Archaeology of Wisconsin | |
| or ANTHRO/ AMER IND 353 | Indians of the Western Great Lakes | |

## QUALITY OF WORK

- 2.000 GPA in all LAND ARC and URB R PL courses and courses that count toward the major
- 2.000 GPA on 15 upper-level credits (*Intermediate or Advanced level major courses)*, taken in Residence

- 15 combined credits in LAND ARC and URB PL , taken on the UW–Madison campus

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Demonstrate competence and critical judgment in creatively applying the intellectual and technical skills necessary for site and landscape-scale natural and cultural resource conservation, planning, and management; these skills include cultural, historical and landscape literacy, data collection and analysis, spatial and temporal analysis, multidisciplinary problem-solving approaches and communication skills.
2. Demonstrate critical thinking and the ability to explore ideas and synthesize information, both independently and in collaboration with interdisciplinary team members.
3. Understand, apply and evaluate the principles, theories and research findings underlying at least one of the following advising pathways, Ecological Restoration and Design; Culture, Health, and Community; and Urban Studies.
4. Integrate social, cultural, ecological and technological dimensions in solving design and planning problems concerning the conservation or management of sustainable natural and cultural landscapes.
5. Be able to perform as a member of a public, private or non-profits office or agency in the fields represented within the department.

## FOUR-YEAR PLAN

This sample Four-Year plan is a tool to assist you and your advisor(s). Use it along with your DARS report and the Course Guide. You will make your own Four-Year Plan based on your placement scores, incoming credits, and individual interests. As you become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, you might adjust the order of your courses to make room for these experiences. You will likely revise your four-year plan several times.

## PEOPLE

Instructors

Professors: Ken Genskow, Janet Gilmore, Evelyn Howell, James LaGro, Dave Marcouiller, Alfonso Morales, Brian Ohm, Janet Silbernagel

Associate Professors: David Bart, Sam Dennis Jr., Carey McAndrews, Kurt Paulsen

Assistant Professors: Edna Ledesma, Revel Sims, Kristin Thorleifsdottir

Faculty Associates: Shawn Kelly, Eric Schuchardt Senior Lecturers: Doug Hadley, James Steiner Lecturer: Jacob Blue

Associate Scientist

Jeff Sledge

Earth Partnership Program

Director: Cheryl Bauer Armstrong

Outreach Specialists: Claire Bjork, Jessie Conway, Mary Michaud, Maria Moreno

Academic Advising

Undergraduate Coordinator: Deborah Griffin

Graduate Coordinator: Lauren Szafranski

Administrative Staff

Department Administrator: Shira Hand

Financial Specialist: Patrick J. Cunniffe

IT Support: W. Math Heinzel

Chair: Ken Genskow

## WISCONSIN EXPERIENCE

The Wisconsin Experience combines learning in and out of the classroom, helping students to develop intellectual and personal growth. The Landscape and Urban Studies major mixes traditional learning with community-based learning in and out of the classroom. Students are encouraged to take opportunities that supplement classroom learning by engaging in research, study abroad, internships, student clubs and community interactions. The major engages students in exploring people-nature phenomena and how they might, in their professional and personal lives, apply continuous learning to the planning of environments that benefit people, cultures and the environment at the local, state, national and global levels.

## RESOURCES AND SCHOLARSHIPS

This scholarship (http://scholarships.wisc.edu/Scholarships/schlrDetails?scholId=4101) provides amounts ranging from $2,000 to $5,000 each to help students take advantage of and enable them to participate in a first-time internship opportunity that is unpaid or provides a limited stipend.

**HILLDALE UNDERGRADUATE/FACULTY RESEARCH FELLOWSHIP**

The Hilldale Undergraduate/Faculty Research Fellowships (https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship)support undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Approximately 97–100 Hilldale awards are available each year. The student researcher receives $3,000, and faculty/staff research advisor receives $1,000 to help offset research costs (e.g., supplies, faculty or student travel related to the project).

**HOLSTROM ENVIRONMENTAL SCHOLARSHIPS**

The Holstrom Environmental Scholarships (https://go.wisc.edu/55ox41) support undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Research proposals must have an environmental focus, and applicants must have at least a junior standing at time of application.

**UNDERGRADUATE SYMPOSIUM**

The annual Undergraduate Symposium (https://ugradsymposium.wisc.edu) showcases undergraduate creativity, achievement, research, service-learning and community-based research from all areas of study at UW–Madison including the humanities, fine arts, biological sciences, physical sciences, and social sciences.

**UNDERGRADUATE RESEARCH SCHOLARS**

The Undergraduate Research Scholars (https://urs.ls.wisc.edu)program (URS) is dedicated to enhancing the academic experience of UW-Madison students by providing first and second year undergraduates

with opportunities to earn credit for participating in the research and creative work with UW-Madison faculty and staff. The program has been designed to include partnerships between students and mentors, seminars on research-relevant issues, and practice in research/artistic presentations. The many benefits of the program are found in the fluid interaction between these activities.

**WISCONSIN IDEA FELLOWSHIPS**

Wisconsin Idea Fellowships (https://morgridge.wisc.edu/students/wisconsin-idea-fellowships) are awarded annually to undergraduate student projects working towards solving a challenge identified along with local or global community partner. Fellowships are awarded to semester-long or year-long projects designed by an undergraduate student (or group of students) in collaboration with a community organization and a UW–Madison faculty or academic staff member.

# LANDSCAPE ARCHITECTURE, BLA

Students who enjoy art, science, technology, problem-solving, and design should consider a career in landscape architecture. Graduates in landscape architecture influence the design and management of cities, parks, and open spaces. They often advise park managers, citizen groups, landowners, and state agencies. Landscape architects design public and private outdoor spaces, restore and help preserve natural areas, develop and implement regional planning and public policy, and revitalize urban neighborhoods. The Professional Landscape Architecture degree program focuses on form-giving design, design implementation, and professional practice. Emphasis is placed on principles of design theory and process; problem solving in relationship to human needs and aspirations, and environmental awareness and stewardship; and on the development of technical proficiencies required of professional practice. Students learn site analysis, graphic communication, design synthesis, construction technology, and the social and environmental factors that are part of design.

The Professional Landscape Architecture degree program provides professional education accredited by the American Society of Landscape Architects (ASLA). Completion of this program is the first step in becoming a licensed landscape architect. The program emphasizes the exploration and understanding of design processes and graphic and verbal communication skills. The program also develops a student's sensitivity to natural, physical, historical, and cultural contexts of landscape design.

Students completing the requirements for this program are granted a *bachelor of landscape architecture* degree.

## HOW TO GET IN

Admission to the professional program during the sophomore year, or in the second year of the degree plan, is on a competitive basis.

1. **Eligibility for Consideration into the Landscape Architecture Accredited Professional Program.** Eligibility for consideration into the Landscape Architecture Accredited Professional Program depends on fulfillment of these requirements: students apply for formal admission to the program during the spring semester of each academic year. Selections are made only once a year for the fall semester. The first round of selections takes place in early summer. All students will be notified of their status at least two weeks before the start of the fall semester. Students who plan to complete their prerequisite courses during the summer session must so indicate on their application. The department will admit up to a maximum of 22 students, as resources permit. Selection will be based on a letter of intent, written by the applicant, which will address their reasons for entering the major, submission of portfolio, and on grades earned in the following three prerequisite courses: LAND ARC 250, LAND ARC 211, and LAND ARC 210.
2. **AND** the applicant must have completed BOTANY 100, or equivalent, as well as a minimum of 24 credit hours. University GPA will be considered.
   For more information on the professional design degree program and the application process please go to this link (https://dpla.wisc.edu).
3. **Selection Policies.** On-campus selections for admission will be made as soon as possible after spring semester grades are received.
4. **Notification of Status.** Applicants who have completed their prerequisite courses at the end of spring semester will be notified of their status between June 1 and July 1 of each year for fall semester admission. Decisions on those applicants completing prerequisites during summer session will be made as soon as grades are received.
5. **Appeal Procedures.** An appeal to the department's curriculum committee may be presented to clarify an error of fact or extenuating circumstances.

## REQUIREMENTS

### COLLEGE OF LETTERS AND SCIENCE BREADTH REQUIREMENTS: BLA

| | |
|---|---|
| Mathematics | Fulfilled with completion of university general education requirements Quantitative Reasoning A and Quantitative Reasoning B coursework |
| Foreign Language | Completion of the 3rd unit of one language |
| L&S Breadth | Humanities, 12 credits: minimum 3 credits in Literature<br>Social Sciences, 12 credits<br>Natural Sciences, 12 credits: 6 in Biological Sciences and 6 in Physical Sciences |
| Liberal Arts & Science credits (C) | 108 credits |

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# REQUIREMENTS FOR THE BLA

| Code | Title | Credits |
|---|---|---|
| *Introduction and Foundation* | | |
| LAND ARC 210 | Introduction to Landscape Architecture Design | 4 |
| LAND ARC 211 | Landscape Inventory and Evaluation Methods | 4 |
| LAND ARC 250 | Survey of Landscape Architecture Design | 3 |
| LAND ARC 260 | History of Landscape Architecture | 3 |
| *Other Required Foundation Courses* | | |
| BOTANY 100 | Survey of Botany | 3-5 |
| or BOTANY/ BIOLOGY 130 | General Botany | |
| DS 221 | Person and Environment Interactions | 3 |
| HORT/ LAND ARC 263 | Landscape Plants I | 3 |
| BOTANY/ENVIR ST/ ZOOLOGY 260 | Introductory Ecology | 3 |
| SOIL SCI/ENVIR ST/ GEOG 230 | Soil: Ecosystem and Resource | 3-4 |
| or SOIL SCI 301 | General Soil Science | |
| *Intermediate Studio Sequence* | | |
| LAND ARC 261 | Principles of Landscape Architecture Design and Graphics | 4 |
| LAND ARC 321 | Environment and Behavior Studio - Designing Health Promoting Environments | 3 |
| LAND ARC 353 | Landscape Architectural Technology I | 3 |
| LAND ARC 354 | Landscape Architectural Technology II | 3 |
| *Professional Theory and Practice Core* | | |
| LAND ARC 460 | Advanced Visual Communication in Landscape Architecture | 3 |
| LAND ARC 397 | Internship in Landscape Architecture | 1 |
| LAND ARC 550 | Professional Practice in Landscape Architecture | 3 |
| LAND ARC/ ENVIR ST/ SOIL SCI 695 | Applications of Geographic Information Systems in Natural Resources | 3 |
| *Advanced Studio Sequence* | | |
| LAND ARC 560 | Plants and Ecology in Design | 4 |
| LAND ARC 561 | Housing and Urban Design | 4 |
| LAND ARC 562 | Open Space Planning and Design | 4 |
| LAND ARC 563 | Designing Sustainable and Resilient Regions | 4 |
| *Capstone Sequence* | | |
| LAND ARC 610 & LAND ARC 611 | Landscape Architecture Seminar and Senior Capstone in Landscape Architecture | 5-6 |
| Total Credits | | 73-77 |

## QUALITY OF WORK

- 2.000 GPA in all LAND ARC courses and courses that count toward the BLA program
- 2.000 GPA on 15 Upper Level credits, taken in Residence [1]
- 15 credits in LAND ARC, taken on the UW–Madison campus

[1] LAND ARC and major courses numbered 500-699 are Upper Level.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Demonstrate competence and critical judgement in applying intellectual and technical skills necessary for site and landscape-scale design, in particular skills of problem-solving using site inventory/analysis; spatial/temporal analysis; programming; synthesis; oral, written, and visual communication; construction implementation; and post-occupancy evaluation.
2. Demonstrate critical thinking and the ability to explore ideas and synthesize information, both independently and in collaboration with interdisciplinary team members to identify and solve complicated landscape design and planning problems.

3. Understand, apply, and evaluate the principles, theories, and recent research findings in the discipline of landscape architecture.
4. Integrate humanistic, scientific, legal, political, economic, social, ecological, and technological dimensions in solving novel design and planning problems concerning the betterment of rural and urban natural and cultural landscapes.
5. Understand, analyze, and apply design and planning theories and principles to urban and rural landscapes to benefit human living conditions.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A | 3 | Quantitative Reasoning A | 4 |
| Foreign Language if necessary | 4 | Ethnic Studies | 4 |
| LAND ARC 210 | 4 | LAND ARC 211 | 4 |
| LAND ARC 250 | 3 | BOTANY 100 or 130 | 3 |
| | 14 | | 15 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Quantitative Reasoning B | 3 | LAND ARC 353 | 3 |
| LAND ARC 261 | 4 | LAND ARC 321 | 3 |
| LAND ARC 260 | 3 | BOTANY/ENVIR ST/ ZOOLOGY 260 | 3 |
| DS 221 | 3 | SOIL SCI/ENVIR ST/ GEOG 230 or 301 | 3 |
| HORT/LAND ARC 263 | 3 | INTER-LS 210 | 1 |
| | | Electives | 2 |
| | 16 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| LAND ARC 354 | 3 | LAND ARC 561 | 4 |
| LAND ARC 397 | 1 | LAND ARC 562 | 4 |
| LAND ARC 460 | 3 | LAND ARC/ENVIR ST/ SOIL SCI 695 | 3 |
| LAND ARC 560 | 4 | Physical Science Breadth | 3 |
| Electives | 4 | | |
| | 15 | | 14 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| LAND ARC 563 | 4 | LAND ARC 611 (also meets Communications B) | 4 |
| LAND ARC 550 | 3 | Literature Breadth | 3 |
| LAND ARC 610 | 1-2 | Electives | 9 |
| Literature Breadth | 3 | | |
| Electives | 3 | | |
| | 15 | | 16 |

Total Credits 120

## ADVISING AND CAREERS

Students are assigned to a faculty advisor once they declare the major. Prospective students should contact the undergraduate academic coordinator, Debi Griffin (dagriffin@wisc.edu, 608-263-7301) for more information.

The Professional Landscape Architecture degree program provides professional education accredited by the American Society of Landscape Architects (ASLA). Completion of this program is the first step in becoming a licensed landscape architect.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)

## ACCREDITATION

**Accreditation**

Landscape Architecture Accreditation Board (https://www.asla.org/AccreditationLAAB.aspx)

Accreditation status: Accredited. Next accreditation review: 2019.

**Certification/Licensure**

Landscape Architecture Registration Exam (http://www.clarb.org)

# POLITICAL SCIENCE

There are many definitions of political science. But whether a definition focuses on the analysis of governmental structures, or influences on voter choice, or the relationship between national governments, or the best form of government, at base, political science is about the systematic study of power. Whether power is exercised formally, as is the case between government and the individual, or informally, as is the case between individuals, it is the systematic study of power relationships that provides the subject matter for the discipline. Majors in political science obtain not only an understanding of the workings of government, but they also develop important skills in critical thinking and analysis. These skills make them ideal candidates for careers in law; in government at the state, national, and international levels; in business; in journalism; and in politics.

## DEGREES/MAJORS/CERTIFICATES

- Political Economy, Philosophy, and Politics, Certificate (p. 1253)
- Political Science, B.A. (p. 1254)
- Political Science, B.S. (p. 1260)

## PEOPLE

Professors Burden, Canon, Cramer, Gehlbach, Hendley, Herrera, Marquez, Martin, Mayer, Pevehouse, Schatzberg, Schweber, Shafer, Straus, Tripp, Weimer, Yackee, Zumbrunnen

Associate Professors Ahlquist, Avramenko, Copelovitch, Ewig, Kapust, Kinsella, Kydd, Owens, Ringe, Shelef

Assistant Professors Bhavnani, Lindsay, Lupu, Powell, Renshon, Simmons, Tahk, Weeks

For appointments, see schedule an advising appointment (http://www.polisci.wisc.edu/undergrad/scheduling-advising-appointment) on the Political Science Major page on the department website.

# POLITICAL ECONOMY, PHILOSOPHY, AND POLITICS, CERTIFICATE

Why enroll in the political economy, philosophy, and politics certificate?

The political economy, philosophy, and politics (PEPP) certificate is rooted in a core insight: social, economic, and political problems have ethical, political, and economic dimensions. While the first program (politics, philosophy, and economics, or PPE) formally combining these three approaches was created at Oxford University in 1920, it drew on a tradition of inquiry that brought the three perspectives together. Since its creation at Oxford, similar programs have been created at a wide range of the world's leading universities.

If we move from the insight behind the program to what it means in practice, we can see that understanding, for example, immigration requires understanding it from political, economic, and ethical perspectives. In short, understanding the pressing political, economic, or philosophical problems of the day entails seeing them from a perspective that brings together all three disciplines. As a result, the PEPP curriculum brings together faculty and coursework from three different academic departments: Economics, Philosophy, and Political Science. This cross-disciplinary curriculum is important not just for intellectual development, but also for fostering the habits of mind central to democratic citizenship.

Students who enroll in the PEPP certificate will thus take coursework from political science, economics, and philosophy, and the certificate program will culminate in a small-enrollment, research- and writing-oriented capstone seminar, POLI SCI 461. Combining breadth across the three disciplines with depth within two of the three, the PEPP certificate is a rigorous and exciting opportunity for cross-disciplinary study.

## HOW TO GET IN

Students can declare the program via the online declaration form (https://polisci.wisc.edu/undergrad/declare-pepp-certificate).

## REQUIREMENTS

## REQUIREMENTS FOR THE CERTIFICATE

18 credits are required, as follows: [1]

### CORE BREADTH

Four courses for 12 credits, one course each from these areas:

**Economics**

| Code | Title | Credits |
|---|---|---|
| ECON 330 | Money and Banking | 4 |
| ECON 435 | The Financial System | 3 |
| ECON 464 | International Trade | 3-4 |
| ECON 465 | The American Economy to 1865 | 3-4 |
| ECON/HISTORY 466 | The American Economy Since 1865 | 3-4 |

**Philosophy**

| Code | Title | Credits |
|---|---|---|
| PHILOS/ECON 524 | Philosophy and Economics | 3 |
| PHILOS 541 | Modern Ethical Theories | 3 |

| | | |
|---|---|---|
| PHILOS 549 | Great Moral Philosophers | 3 |
| PHILOS 555 | Political Philosophy | 3 |
| PHILOS 559 | Philosophy of Law | 3 |

**Political Science: Political Theory**

| Code | Title | Credits |
|---|---|---|
| POLI SCI 266 | The Development of Modern Western Political Thought | 3-4 |
| POLI SCI 360 | History of American Political Thought | 3-4 |
| POLI SCI 361 | Contemporary American Political Thought | 3-4 |
| POLI SCI 363 | Literature and Politics | 3-4 |
| POLI SCI 411 | The American Constitution : Powers and Structures of Government | 4 |
| POLI SCI 463 | Deception and Politics | 4 |

**Political Science: Institutions and Political Economy**

| Code | Title | Credits |
|---|---|---|
| POLI SCI 274 | Political Choice and Strategy | 3-4 |
| POLI SCI 330 | Political Economy of Development | 3 |
| POLI SCI 340 | The European Union: Politics and Political Economy | 3-4 |
| POLI SCI 350 | International Political Economy | 3-4 |
| POLI SCI 356 | Principles of International Law | 3-4 |

### ELECTIVE DEPTH COURSE

Take one (1) additional course (3 credits) from the list of courses above in **either** Economics (p. 1253) **or** Philosophy (p. 1253).

### CAPSTONE SEMINAR

| Code | Title | Credits |
|---|---|---|
| POLI SCI 461 | Interdisciplinary Seminar in Political Economy, Philosophy, & Politics | 3 |

[1] Courses taken Pass/Fail do not count

## RESIDENCY AND QUALITY OF WORK

- 2.000 GPA in all courses eligible for the certificate
- 9 credits in residence

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. Knowing key concepts and arguments from economics, philosophy, and political science.
2. Synthesizing arguments, concepts, and methods from philosophy, politics, and economics.
3. Applying arguments, concepts, and methods from philosophy, politics, and economics to contemporary policy debates.

## ADVISING AND CAREERS

Ricardo Court, Associate Director, Political Economy, Philosophy, and Politics Certificate

301 North Hall

**Appointments: Online Scheduling Assistant** (https://calendar.wisc.edu/scheduling-assistant/public/profiles/PRHrjCsr.html)
(Skype appointments available. Please indicate your Skype ID if you will be requesting a remote meeting.)

## PEOPLE

Faculty Director: Daniel Kapust (https://polisci.wisc.edu/people/faculty/daniel-kapust), Associate Professor, Political Science

Program Core Faculty with Departmental Affiliation:

- Jim Walker, Professor, Economics
- Maria Muniagurria, Economics
- Daniel Hausman, Professor, Philosophy
- Harry Brighouse, Professor, Philosophy.
- Daniel Kapust, Associate Professor, Political Science
- Helen Kinsella, Associate Professor, Political Science
- Howard Schweber, Professor, Political Science
- John Zumbrunnen, Professor, Political Science
- Genevieve Rousseliere, Assistant Professor, Political Science
- Michelle Schwarze, Assistant Professor, Political Science
- Richard Avramenko, Associate Professor, Political Science

Advising: Ricardo Court, Director of Undergraduate Studies, Political Science

# POLITICAL SCIENCE, B.A.

## WHY STUDY POLITICAL SCIENCE?

Politics have been put under scrutiny in a systematic way since the ancient Greeks. Aristotle even called it the *Queen of the Sciences.* Our own Constitution is the product of both the scholarly study of political theory and a practical framework for political institutions and norms. Our faculty in the Department of Political Science engage politics in a scientific and rigorous way to understand human behavior and world events. Study political science to prepare yourself for a career in campaigns, public policy, business, administration, political advocacy, or public service, but also to become an informed and active citizen.

Political science is a broad and rich discipline. Some of our faculty members conduct research on the psychology of why people behave the way they do politically. Others study institutions such as legislatures, courts, and bureaucracies both as organizations and as political actors themselves. Other faculty members seek to clarify recent constitutional and legal issues. Many study foreign political systems to learn the peculiarities of different political systems comparing them regionally and globally. Our political theorists are intellectual historians and social critics interested in the millennia-long quest for the good society. Still others are

policy analysts and dedicated students of American politics. Many are statistical theorists and specialists in surveying political attitudes. Our comparative and international relations experts investigate the causes of war and the conditions for peace among nations.

Political science majors are comfortable at the intersection of the humanities and the sciences. Poli Sci majors can apply rigor to problems *and* they can articulate solutions with clarity and with an analytical command of data. Poli Sci graduates move into a wide spectrum of positions that demand well-honed writing and presentation skills. Poli Sci graduates can apply reason and rigor to problems that are often consumed by ideology and emotion. Other disciplines may also stress rigor, but Political Science will keep you honest. The ability to define a problem and contribute to its solution while placing it within political, social, and cultural realities is a rare skill indeed, with applications well beyond the narrow confines of political work. The wide range of intellectual, analytical, qualitative, and quantitative skills, and a broad knowledge of world events that Poli Sci majors develop form the cornerstone of a powerful liberal arts education.

## WHAT CAREERS DO POLITICAL SCIENCE MAJORS PURSUE?

Poli Sci majors learn quickly, work well in teams, and have basic understanding of the policy process and the operations of government. Poli Sci majors understand that for every endeavor, no matter how important, there is a mountain of ordinary grunt work that has to be done. Poli Sci majors can be counted on to do the foot-work, put in the face-time, and endure the slog necessary of everything of consequence.

Poli Sci majors go on to work in all levels of government. Local and state governments have a direct impact on the quality of life of all Americans. Courses on state and urban government, public policy, administrative law, and public administration are especially valuable. Quantitative and statistical skills developed in these courses and applied in the internships many of our students do provide a powerful combination.

Poli Sci majors go on to work in a wide range of International careers, in business, Foreign Service, and non-governmental organizations. Political Science offers a wide variety of courses in comparative politics, international relations and organizations, public policy, political development, and interest group politics. These courses in combination with economics, statistics, computer science, and international trade.

Poli Sci majors pursue careers in campaign management, political polling, national political committees, and consulting. They will have taken multiple courses in the American political system, comparative political parties, elections, public opinion, and voting behavior; as well as committing themselves to developing their writing and data analysis. There are over half a million campaigns in the United States annually, and while entry level jobs have long hours, low pay, and enormous demands, they are places where you can 'cut your political teeth'. Local campaigns lead to statewide or national campaigns, and then perhaps to consulting and polling if that strikes your interest.

Poli Sci majors have also traditionally gone into law. Some lawyers are litigators while others are employed by corporations, government, and other organizations. Political Science track fits nicely for students seeking law degrees as official credentials to 'practice law' and those students who seek a law degree as an additional 'tool' to make positive impacts in their professional areas of interest. Some individuals with legal training work in other areas such as corporate or public management. The department offers a wide variety of political theory, constitutional law, and public policy courses that will help you explore the interaction between law, politics, and society.

## HOW TO GET IN

Students in the College of Letters & Science can declare Political Science by completing a form on the department website. After meeting with the major advisor, that declaration will be made official.

Students in other schools and colleges interested in adding the Political Science major to their primary degree program need a declaration form signed by the Political Science advisor in order to obtain permission from their home school/college to add the additional major.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

**30 credits** are required in the following areas:

## DISTRIBUTION [1]

| Code | Title | Credits |
|---|---|---|
| **Three courses and three areas required:** | | 9-12 |
| *International Relations* | | |
| POLI SCI 140 | Introduction to International Relations | |
| POLI SCI 340 | The European Union: Politics and Political Economy | |
| POLI SCI 343 | Theories of International Security | |
| POLI SCI 345 | Conflict Resolution | |
| POLI SCI 346 | China in World Politics | |
| POLI SCI 347 | Terrorism | |
| POLI SCI 348 | Analysis of International Relations | |
| POLI SCI 350 | International Political Economy | |
| POLI SCI 351 | Politics of the World Economy | |
| POLI SCI 353 | The Third World in the International System | |
| POLI SCI 354 | International Institutions and World Order | |
| POLI SCI 356 | Principles of International Law | |
| POLI SCI 359 | American Foreign Policy | |
| POLI SCI/ GEN&WS 429 | Gender and Politics in Comparative Perspective | |
| POLI SCI/ECON/ ENVIR ST/ URB R PL 449 | Government and Natural Resources | |
| POLI SCI 455 | African International Relations | |
| POLI SCI 652 | The Politics of Development | |
| *American Government* | | |
| POLI SCI 104 | Introduction to American Politics and Government | |
| POLI SCI 184 | Introduction to American Politics | |
| POLI SCI 205 | Introduction to State Government | |
| POLI SCI 206 | Introduction to Political Psychology | |
| POLI SCI/ LEGAL ST 217 | Law, Politics and Society | |
| POLI SCI/ CHICLA 231 | Politics in Multi-Cultural Societies | |
| POLI SCI/ AFRICAN/ AFROAMER/ HISTORY 297 | African and African-American Linkages: An Introduction | |
| POLI SCI/ CHICLA 302 | Mexican-American Politics | |
| POLI SCI 303 | Election Campaign Practicum | |
| POLI SCI 304 | The Political Economy of Race in the United States | |
| POLI SCI 305 | Elections and Voting Behavior | |
| POLI SCI 308 | Public Administration | |
| POLI SCI 309 | Civil Liberties in the United States | |
| POLI SCI 311 | United States Congress | |
| POLI SCI 314 | Criminal Law and Justice | |
| POLI SCI 315 | Legislative Internship | |
| POLI SCI 402 | Wisconsin in Washington Internship Course | |
| POLI SCI 405 | State Government and Public Policy | |
| POLI SCI 408 | The American Presidency | |
| POLI SCI 409 | American Parties and Politics | |

| | |
|---|---|
| POLI SCI 410 | Citizenship, Democracy, and Difference |
| POLI SCI 411 | The American Constitution : Powers and Structures of Government |
| POLI SCI 412 | The American Constitution: Rights and Civil Liberties |
| POLI SCI 414 | The Supreme Court as a Political Institution |
| POLI SCI 415 | The Separation of Powers and Federal Courts |
| POLI SCI 416 | Community Power and Grass Roots Politics |
| POLI SCI 417 | The American Judicial System |
| POLI SCI/ PUB AFFR 419 | Administrative Law |
| POLI SCI 490 | Study Abroad Topics in Political Science: American Government |
| POLI SCI 508 | American National Security: Policy and Process |
| POLI SCI 510 | Politics of Government Regulation |
| POLI SCI 511 | Campaign Finance |
| POLI SCI 514 | Interest Group Politics |
| POLI SCI 515 | Public Opinion |
| POLI SCI 516 | Political Communications |
| POLI SCI/ AFROAMER 519 | African American Political Theory |
| POLI SCI 602 | Wisconsin in Washington Advanced Public Policy Course |
| *Political Theory* | |
| POLI SCI 160 | Introduction to Political Theory |
| POLI SCI 265 | Development of Ancient and Medieval Western Political Thought |
| POLI SCI 266 | The Development of Modern Western Political Thought |
| POLI SCI 360 | History of American Political Thought |
| POLI SCI 361 | Contemporary American Political Thought |
| POLI SCI 363 | Literature and Politics |
| POLI SCI 460 | Topics in Political Philosophy |
| POLI SCI 463 | Deception and Politics |
| POLI SCI/ GEN&WS 469 | Women and Politics |
| POLI SCI/ AFROAMER 519 | African American Political Theory |
| POLI SCI 561 | Radical Political Theory |
| POLI SCI 590 | Study Abroad Topics in Political Science: Political Theory |
| *Comparative Politics* | |
| POLI SCI 120 | Politics Around the World |
| POLI SCI 182 | Politics Around the World (Honors) |
| POLI SCI/ CHICLA 231 | Politics in Multi-Cultural Societies |
| POLI SCI/ASIAN/ GEOG/HISTORY/ SOC 244 | Introduction to Southeast Asia: Vietnam to the Philippines |
| POLI SCI/GEOG/ HISTORY/ SLAVIC 253 | Russia: An Interdisciplinary Survey |
| POLI SCI/GEOG/ HISTORY/ SLAVIC 254 | Eastern Europe: An Interdisciplinary Survey |
| POLI SCI/ASIAN/ E A STDS/ HISTORY 255 | Introduction to East Asian Civilizations |
| POLI SCI/ AFROAMER/ ANTHRO/ C&E SOC/GEOG/ HISTORY/ LACIS/SOC/ SPANISH 260 | Latin America: An Introduction |
| POLI SCI/ AFRICAN/ AFROAMER/ ANTHRO/GEOG/ HISTORY/ SOC 277 | Africa: An Introductory Survey |

| POLI SCI 321 | Latin-American Politics |
| POLI SCI 322 | Politics of Southeast Asia |
| POLI SCI 324 | Political Power in Contemporary China |
| POLI SCI/ INTL ST 325 | Social Movements and Revolutions in Latin America |
| POLI SCI/ ASIAN 326 | Politics of South Asia |
| POLI SCI/ INTL ST 327 | Indian Politics in Comparative Perspective |
| POLI SCI 329 | African Politics |
| POLI SCI 330 | Political Economy of Development |
| POLI SCI 332 | German Politics |
| POLI SCI 334 | Russian Politics |
| POLI SCI 421 | The Challenge of Democratization |
| POLI SCI/CHICLA/ HISTORY 422 | Latino History and Politics |
| POLI SCI/ INTL ST 423 | Social Mobilization in Latin America |
| POLI SCI/ INTL ST 431 | Contentious Politics |
| POLI SCI 432 | Comparative Legal Institutions |
| POLI SCI/ RELIG ST 433 | Religion and Politics |
| POLI SCI/ INTL ST 434 | The Politics of Human Rights |
| POLI SCI/ INTL ST 436 | Political Inequality: Measures, Causes, Effects and Remedies |

| | |
|---|---|
| POLI SCI 437 | Nationalism and Ethnic Conflict |
| POLI SCI 438 | Comparative Political Culture |
| POLI SCI/ INTL ST 439 | The Comparative Study of Genocide |
| POLI SCI 529 | Arab-Israeli Conflict |
| POLI SCI 534 | Socialism and Transitions to the Market |
| POLI SCI 537 | Electoral Systems and Representation |
| POLI SCI 538 | Politics and Policies in the European Union |
| POLI SCI 635 | Comparative Politics of Sport |
| POLI SCI 690 | Study Abroad Topics in Political Science: Comparative Politics |
| Total Credits | 9-12 |

## RESEARCH METHODS

| Code | Title | Credits |
|---|---|---|
| **Complete one course from:** | | 3-4 |
| POLI SCI 170 | Research Methods in Political Science | |
| POLI SCI 270 | Understanding Political Numbers | |
| POLI SCI 274 | Political Choice and Strategy | |
| POLI SCI 348 | Analysis of International Relations | |
| POLI SCI/JOURN/ URB R PL 373 | Introduction to Survey Research | |
| POLI SCI 374 | Introduction to Statistical Inference for Political Research | |
| Total Credits | | 3-4 |

## ELECTIVES

Additional POLI SCI courses to attain 30 credits in the major.[2]

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all POLI SCI courses and courses that count toward the major
- 2.000 GPA on 15 upper-level credits in the major, taken in residence[3]
- 15 credits in POLI SCI, taken on campus

1 Courses may only meet one Distribution area. A course may meet both a Distribution and the Research Methods requirement, but will only be applied once toward the 30 credits required in the major.

2 No more than 6 total credits of Directed Study (POLI SCI 199, POLI SCI 698, POLI SCI 699) and Internship (POLI SCI 315, POLI SCI 303) may count in the major.

3 POLI SCI courses numbered 300 and higher count as upper-level in the major.

# HONORS IN THE MAJOR

To declare Honors in the Major, students must have at least one POLI SCI course for Honors, at least a 3.300 University GPA, and meet with the major advisor to discuss the requirements.

To earn Honors in the Major, students must satisfy the requirements for the major (above) *and* these additional requirements:

- Earn a 3.300 or higher University GPA
- Earn 3.500 GPA or higher in all POLI SCI courses
- Complete at least 20 credits in POLI SCI for Honors to include:[4]

| Code | Title | Credits |
|---|---|---|
| POLI SCI 601 | Proseminar: Topics in Political Science | 3 |
| POLI SCI 685 | Honors Research Internship in Political Science | 1-3 |
| *and one of these Thesis sequences:* | | *6-8* |
| POLI SCI 681 & POLI SCI 682 | Senior Honors Thesis and Senior Honors Thesis | |
| POLI SCI 683 & POLI SCI 684 | Senior Honors Thesis Seminar and Senior Honors Thesis Seminar | |
| Additional POLI SCI courses taken for Honors [4] | | 6-10 |
| Total Credits | | 20 |

4 A grade of B or higher is required to earn Honors credit.

# DISTINCTION IN THE MAJOR IN POLITICAL SCIENCE

Students not declared for Honors in the Major may be awarded *Distinction in the Major,* if they have:

- a 3.700 GPA or higher on all POLI SCI courses and courses that count toward the major
- a University GPA of 3.000 or higher
- 20 credits of upper-level work in the major, taken in residence
- One of the following
  - POLI SCI 691-POLI SCI 692, or
  - POLI SCI 601, or
  - Coursework approved by the major advisor

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Develop an understanding of and appreciation for the methods and approaches of diverse subfields in Political Science--#American Politics, Comparative Politics, International Relations, and Political Theory--#and their relevance to important theoretical and pragmatic questions.
2. Analyze different forms and practices of governance both democratic and non#democratic.
3. Argue effectively and defend propositions with intellectual integrity, while considering a range of alternative points of view and evidence.
4. Analyze relations among individuals, civil society, political institutions, and states.
5. Analyze the motivations and consequences of political decision# making and activities.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| POLI SCI 104, 120, 140, or 160 | 3-4 | POLI SCI 104, 120, 140, or 160 (complete two) | 3-4 |
| Communications A | 3 | Literature Breadth | 3 |
| Quantitative Reasoning A | 3 | Foreign Language (if needed) | 4 |
| Foreign Language (if needed) | 4 | | |
| | 14 | | 15 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Declare the major | | POLI SCI elective | 3 |
| POLI SCI 207, 231, 297, or 355 (satisfes Ethnic Studies requirement) | 3-4 | Communications B | 4 |
| POLI SCI 270, 274, 348, or 374 (satisfies Quantitative Reasoning B requirement) | 3-4 | Physical Science Breadth | 3 |
| Biological Science Breadth | 3 | Literature Breadth | 3 |
| I/A COMP SCI, MATH or STAT (if B.S.) | 3 | I/A COMP SCI, MATH, or STAT (if B.S.) | 3 |
| INTER-LS 210 | 1 | | |
| | 15 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| POLI SCI course 300 and above | 4 | POLI SCI course 300 and above | 3 |
| POLI SCI 202 (required for WIW participants) | 1 | Humanities Breadth | 3 |
| Humanities Breadth | 3 | Science Breadth | 3 |
| Science Breadth | 3 | Elective | 6 |
| Elective | 3 | Apply for Senior Thesis (optional)[1] | |
| | 14 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| POLI SCI course 300 and above | 4 | POLI SCI course 300 and above | 6 |
| POLI SCI 681, 683, or 691 (optional)[1] | 3-4 | POLI SCI 682, 684, or 692 (optional)[1] | 3-4 |
| Elective | 9 | Elective | 6 |
| | 16 | | 15 |

Total Credits 120

[1] Students wishing to write a senior thesis (with or without Honors) should apply in the spring of their third year.

## ADVISING AND CAREERS

# ADVISING

The Department of Political Science has two academic advisors and one career advisor who are available to meet with you to offer guidance on:

- Course selection
- Program planning
- Internships opportunities
- Study abroad programs
- Post-college plans
- Career prospects
- Scholarship opportunities
- Student research interests
- Transfer and study abroad credits

Advisors are available for 30-minute appointments and are available for walk-in advising Mondays from 9 a.m. to 12 noon and Thursdays from 1 to 4 p.m. each week during the academic year. ***Please note that no advising appointments are scheduled via email.*** Information about scheduling appointments can be found here (http://polisci.wisc.edu/undergrad/scheduling-advising-appointment).

### ENROLLMENT INFORMATION

Political science majors who wish to enroll in the following course(s) must obtain prior consent/authorization:

- Directed Study (note that after the sixth week of class students adding a Directed Study must obtain permission from the department chair)
- Thesis
- Proseminars (varies by specific course; check footnotes in the class schedule)
- Specific Topic
- Honors Research Internship
- Other advanced-level coursework with permission of the undergraduate advisor and consent of the instructor in lieu of other required courses

Information and course descriptions for topics courses (POLI SCI 201, POLI SCI 400, POLI SCI 401) and proseminars (POLI SCI 601,

POLI SCI 601, POLI SCI 601) are posted on the department website prior to each enrollment period. POLI SCI 315 Legislative Internship is available by application only. Specific deadlines will be announced each semester. For further information, see Internships on the department website. Students with a classification making them ineligible for certain courses due to retroactive or AP credits may see the instructor for possible permission to enroll on a space available basis. Students who wish to enroll in a course that is closed may use the online wait list available through the Student Center in MyUW. The number of credits for variable credit courses is determined by course format and contact periods for a specific semester as noted in the class schedule. For graduate programs, see the Graduate section of this Guide.

### HONORS IN POLITICAL SCIENCE

Honors in the Major in Political Science is intended for students who are eager to experience the excitement of original research and who wish to graduate with the best possible undergraduate training in the discipline. Honors in the Major is especially appropriate for students who are considering graduate work in political science or who want an especially rigorous training in research, reasoning, and writing skills. Students should consult with the department advisor to determine the best way to fulfill Honors requirements and how to make the most out of the Honors in the Major experience in the field.

See the Requirements section for political science Honors in the Major requirements.

Proactive planning and frequent collaboration with majors advisors is key to successfully completing Honors in the Major. It is recommended that students complete the Proseminar or Honors Research Internship in their junior year.

Students should secure a faculty thesis advisor by the end of their junior year; successful theses normally include planning activities during the junior year. Students should enroll for the Honors Thesis Colloquium, POLI SCI 683 in the Fall and POLI SCI 684 in the Spring. Students must be making sufficient progress in POLI SCI 683 to be admitted into POLI SCI 684; Students not making sufficient progress will not be admitted into POLI SCI 684, and will consequently not complete Honors in Political Science. Rarely, students may enroll in the independent honors thesis, POLI SCI 681 in the Fall and POLI SCI 682 with the permission of the Political Science advisor and the supervising faculty thesis advisor. Likewise, students must be making sufficient progress in POLI SCI 681 to be admitted into POLI SCI 682; Students not making sufficient progress will not be admitted into POLI SCI 682, and will consequently not complete Honors in Political Science.

## CAREER ADVISING

Students can find information about meeting with the career and internship advisor here (http://polisci.wisc.edu/undergrad/scheduling-advising-appointment).

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Burden, Canon, Cramer, Gehlbach, Hendley, Herrera, Marquez, Martin, Mayer, Pevehouse, Schatzberg, Schweber, Shafer, Straus, Tripp, Weimer, Yackee, Zumbrunnen

Associate Professors Ahlquist, Avramenko, Copelovitch, Ewig, Kapust, Kinsella, Kydd, Owens, Ringe, Shelef

Assistant Professors Bhavnani, Lindsay, Lupu, Powell, Renshon, Simmons, Tahk, Weeks

For appointments, see schedule an advising appointment (http://www.polisci.wisc.edu/undergrad/scheduling-advising-appointment) on the Political Science Major page on the department website.

# POLITICAL SCIENCE, B.S.

## WHY STUDY POLITICAL SCIENCE?

Politics have been put under scrutiny in a systematic way since the ancient Greeks. Aristotle even called it the *Queen of the Sciences.* Our own Constitution is the product of both the scholarly study of political theory and a practical framework for political institutions and norms. Our faculty in the Department of Political Science engage politics in a scientific and rigorous way to understand human behavior and world events. Study political science to prepare yourself for a career in campaigns, public policy, business, administration, political advocacy, or public service, but also to become an informed and active citizen.

Political science is a broad and rich discipline. Some of our faculty members conduct research on the psychology of why people behave the way they do politically. Others study institutions such as legislatures, courts, and bureaucracies both as organizations and as political actors themselves. Other faculty members seek to clarify recent constitutional and legal issues. Many study foreign political systems to learn the peculiarities of different political systems comparing them regionally and globally. Our political theorists are intellectual historians and social critics

interested in the millennia-long quest for the good society. Still others are policy analysts and dedicated students of American politics. Many are statistical theorists and specialists in surveying political attitudes. Our comparative and international relations experts investigate the causes of war and the conditions for peace among nations.

Political science majors are comfortable at the intersection of the humanities and the sciences. Poli Sci majors can apply rigor to problems *and* they can articulate solutions with clarity and with an analytical command of data. Poli Sci graduates move into a wide spectrum of positions that demand well-honed writing and presentation skills. Poli Sci graduates can apply reason and rigor to problems that are often consumed by ideology and emotion. Other disciplines may also stress rigor, but Political Science will keep you honest. The ability to define a problem and contribute to its solution while placing it within political, social, and cultural realities is a rare skill indeed, with applications well beyond the narrow confines of political work. The wide range of intellectual, analytical, qualitative, and quantitative skills, and a broad knowledge of world events that Poli Sci majors develop form the cornerstone of a powerful liberal arts education.

## WHAT CAREERS DO POLITICAL SCIENCE MAJORS PURSUE?

Poli Sci majors learn quickly, work well in teams, and have basic understanding of the policy process and the operations of government. Poli Sci majors understand that for every endeavor, no matter how important, there is a mountain of ordinary grunt work that has to be done. Poli Sci majors can be counted on to do the foot-work, put in the face-time, and endure the slog necessary of everything of consequence.

Poli Sci majors go on to work in all levels of government. Local and state governments have a direct impact on the quality of life of all Americans. Courses on state and urban government, public policy, administrative law, and public administration are especially valuable. Quantitative and statistical skills developed in these courses and applied in the internships many of our students do provide a powerful combination.

Poli Sci majors go on to work in a wide range of International careers, in business, Foreign Service, and non-governmental organizations. Political Science offers a wide variety of courses in comparative politics, international relations and organizations, public policy, political development, and interest group politics. These courses in combination with economics, statistics, computer science, and international trade.

Poli Sci majors pursue careers in campaign management, political polling, national political committees, and consulting. They will have taken multiple courses in the American political system, comparative political parties, elections, public opinion, and voting behavior; as well as committing themselves to developing their writing and data analysis. There are over half a million campaigns in the United States annually, and while entry level jobs have long hours, low pay, and enormous demands, they are places where you can 'cut your political teeth'. Local campaigns lead to statewide or national campaigns, and then perhaps to consulting and polling if that strikes your interest.

Poli Sci majors have also traditionally gone into law. Some lawyers are litigators while others are employed by corporations, government, and other organizations. Political Science track fits nicely for students seeking law degrees as official credentials to 'practice law' and those students who seek a law degree as an additional 'tool' to make positive impacts in their professional areas of interest. Some individuals with legal training work in other areas such as corporate or public management. The department offers a wide variety of political theory, constitutional law, and public policy courses that will help you explore the interaction between law, politics, and society.

## HOW TO GET IN

Students in the College of Letters & Science can declare Political Science by completing a form on the department website. After meeting with the major advisor, that declaration will be made official.

Students in other schools and colleges interested in adding the Political Science major to their primary degree program need a declaration form signed by the Political Science advisor in order to obtain permission from their home school/college to add the additional major.

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

**30 credits** are required in the following areas:

## DISTRIBUTION [1]

| Code | Title | Credits |
|---|---|---|
| **Three courses and three areas required:** | | 9-12 |
| *International Relations* | | |
| POLI SCI 140 | Introduction to International Relations | |
| POLI SCI 340 | The European Union: Politics and Political Economy | |
| POLI SCI 343 | Theories of International Security | |
| POLI SCI 345 | Conflict Resolution | |
| POLI SCI 346 | China in World Politics | |
| POLI SCI 347 | Terrorism | |
| POLI SCI 348 | Analysis of International Relations | |
| POLI SCI 350 | International Political Economy | |
| POLI SCI 351 | Politics of the World Economy | |
| POLI SCI 353 | The Third World in the International System | |

## RESEARCH METHODS

| Code | Title | Credits |
|---|---|---|
| **Complete one course from:** | | 3-4 |
| POLI SCI 170 | Research Methods in Political Science | |
| POLI SCI 270 | Understanding Political Numbers | |
| POLI SCI 274 | Political Choice and Strategy | |
| POLI SCI 348 | Analysis of International Relations | |
| POLI SCI/JOURN/ URB R PL 373 | Introduction to Survey Research | |
| POLI SCI 374 | Introduction to Statistical Inference for Political Research | |
| Total Credits | | 3-4 |

## ELECTIVES

Additional POLI SCI courses to attain 30 credits in the major.[2]

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all POLI SCI courses and courses that count toward the major
- 2.000 GPA on 15 upper-level credits in the major, taken in residence[3]
- 15 credits in POLI SCI, taken on campus

1 Courses may only meet one Distribution area. A course may meet both a Distribution and the Research Methods requirement, but will only be applied once toward the 30 credits required in the major.

2 No more than 6 total credits of Directed Study (POLI SCI 199, POLI SCI 698, POLI SCI 699) and Internship (POLI SCI 315, POLI SCI 303) may count in the major.

3 POLI SCI courses numbered 300 and higher count as upper-level in the major.

# HONORS IN THE MAJOR

To declare Honors in the Major, students must have at least one POLI SCI course for Honors, at least a 3.300 University GPA, and meet with the major advisor to discuss the requirements.

To earn Honors in the Major, students must satisfy the requirements for the major (above) *and* these additional requirements:

- Earn a 3.300 or higher University GPA
- Earn 3.500 GPA or higher in all POLI SCI courses
- Complete at least 20 credits in POLI SCI for Honors to include:[4]

| Code | Title | Credits |
|---|---|---|
| POLI SCI 601 | Proseminar: Topics in Political Science | 3 |
| POLI SCI 685 | Honors Research Internship in Political Science | 1-3 |
| *and one of these Thesis sequences:* | | *6-8* |
| POLI SCI 681 & POLI SCI 682 | Senior Honors Thesis and Senior Honors Thesis | |
| POLI SCI 683 & POLI SCI 684 | Senior Honors Thesis Seminar and Senior Honors Thesis Seminar | |
| Additional POLI SCI courses taken for Honors [4] | | 6-10 |
| Total Credits | | 20 |

4 A grade of B or higher is required to earn Honors credit.

# DISTINCTION IN THE MAJOR IN POLITICAL SCIENCE

Students not declared for Honors in the Major may be awarded *Distinction in the Major,* if they have:

- a 3.700 GPA or higher on all POLI SCI courses and courses that count toward the major
- a University GPA of 3.000 or higher
- 20 credits of upper-level work in the major, taken in residence
- One of the following
  - POLI SCI 691-POLI SCI 692, or
  - POLI SCI 601, or
  - Coursework approved by the major advisor

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Develop an understanding of and appreciation for the methods and approaches of diverse subfields in Political Science--#American Politics, Comparative Politics, International Relations, and Political Theory--#and their relevance to important theoretical and pragmatic questions.
2. Analyze different forms and practices of governance both democratic and non#democratic.
3. Argue effectively and defend propositions with intellectual integrity, while considering a range of alternative points of view and evidence.

4. Analyze relations among individuals, civil society, political institutions, and states.
5. Analyze the motivations and consequences of political decision# making and activities.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| POLI SCI 104, 120, 140, or 160 | 3-4 | POLI SCI 104, 120, 140, or 160 (complete two) | 3-4 |
| Communications A | 3 | Literature Breadth | 3 |
| Quantitative Reasoning A | 3 | Foreign Language (if needed) | 4 |
| Foreign Language (if needed) | 4 | | |
| | 14 | | 15 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Declare the major | | POLI SCI elective | 3 |
| POLI SCI 207, 231, 297, or 355 (satisfes Ethnic Studies requirement) | 3-4 | Communications B | 4 |
| POLI SCI 270, 274, 348, or 374 (satisfies Quantitative Reasoning B requirement) | 3-4 | Physical Science Breadth | 3 |
| Biological Science Breadth | 3 | Literature Breadth | 3 |
| I/A COMP SCI, MATH or STAT (if B.S.) | 3 | I/A COMP SCI, MATH, or STAT (if B.S.) | 3 |
| INTER-LS 210 | 1 | | |
| | 15 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| POLI SCI course 300 and above | 4 | POLI SCI course 300 and above | 3 |
| POLI SCI 202 (required for WIW participants) | 1 | Humanities Breadth | 3 |
| Humanities Breadth | 3 | Science Breadth | 3 |
| Science Breadth | 3 | Elective | 6 |
| Elective | 3 | Apply for Senior Thesis (optional)[1] | |
| | 14 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| POLI SCI course 300 and above | 4 | POLI SCI course 300 and above | 6 |
| POLI SCI 681, 683, or 691 (optional)[1] | 3-4 | POLI SCI 682, 684, or 692 (optional)[1] | 3-4 |
| Elective | 9 | Elective | 6 |
| | 16 | | 15 |

Total Credits 120

[1] Students wishing to write a senior thesis (with or without Honors) should apply in the spring of their third year.

## ADVISING AND CAREERS

# ADVISING

The Department of Political Science has two academic advisors and one career advisor who are available to meet with you to offer guidance on:

- Course selection
- Program planning
- Internships opportunities
- Study abroad programs
- Post-college plans
- Career prospects
- Scholarship opportunities
- Student research interests
- Transfer and study abroad credits

Advisors are available for 30-minute appointments and are available for walk-in advising Mondays from 9 a.m. to 12 noon and Thursdays from 1 to 4 p.m. each week during the academic year. ***Please note that no advising appointments are scheduled via email.*** Information about scheduling appointments can be found here (http://polisci.wisc.edu/undergrad/scheduling-advising-appointment).

## ENROLLMENT INFORMATION

Political science majors who wish to enroll in the following course(s) must obtain prior consent/authorization:

- Directed Study (note that after the sixth week of class students adding a Directed Study must obtain permission from the department chair)
- Thesis
- Proseminars (varies by specific course; check footnotes in the class schedule)
- Specific Topic
- Honors Research Internship
- Other advanced-level coursework with permission of the undergraduate advisor and consent of the instructor in lieu of other required courses

Information and course descriptions for topics courses (POLI SCI 201, POLI SCI 400, POLI SCI 401) and proseminars (POLI SCI 601, POLI SCI 601, POLI SCI 601) are posted on the department website prior to each enrollment period. POLI SCI 315 Legislative Internship is available by application only. Specific deadlines will be announced each semester. For further information, see Internships on the department website. Students with a classification making them ineligible for certain courses due to retroactive or AP credits may see the instructor for possible permission to enroll on a space available basis. Students who wish to enroll in a course that is closed may use the online wait list available through the Student Center in MyUW. The number of credits for variable credit courses is determined by course format and contact periods for a specific semester as noted in the class schedule. For graduate programs, see the Graduate section of this Guide.

### HONORS IN POLITICAL SCIENCE

Honors in the Major in Political Science is intended for students who are eager to experience the excitement of original research and who wish to graduate with the best possible undergraduate training in the discipline. Honors in the Major is especially appropriate for students who are considering graduate work in political science or who want an especially rigorous training in research, reasoning, and writing skills. Students should consult with the department advisor to determine the best way to fulfill Honors requirements and how to make the most out of the Honors in the Major experience in the field.

See the Requirements section for political science Honors in the Major requirements.

Proactive planning and frequent collaboration with majors advisors is key to successfully completing Honors in the Major. It is recommended that students complete the Proseminar or Honors Research Internship in their junior year.

Students should secure a faculty thesis advisor by the end of their junior year; successful theses normally include planning activities during the junior year. Students should enroll for the Honors Thesis Colloquium, POLI SCI 683 in the Fall and POLI SCI 684 in the Spring. Students must be making sufficient progress in POLI SCI 683 to be admitted into POLI SCI 684; Students not making sufficient progress will not be admitted into POLI SCI 684, and will consequently not complete Honors in Political Science. Rarely, students may enroll in the independent honors thesis, POLI SCI 681 in the Fall and POLI SCI 682 with the permission of the Political Science advisor and the supervising faculty thesis advisor. Likewise, students must be making sufficient progress in POLI SCI 681 to be admitted into POLI SCI 682; Students not making sufficient progress will not be admitted into POLI SCI 682, and will consequently not complete Honors in Political Science.

## CAREER ADVISING

Students can find information about meeting with the career and internship advisor here (http://polisci.wisc.edu/undergrad/scheduling-advising-appointment).

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

### PEOPLE

Professors Burden, Canon, Cramer, Gehlbach, Hendley, Herrera, Marquez, Martin, Mayer, Pevehouse, Schatzberg, Schweber, Shafer, Straus, Tripp, Weimer, Yackee, Zumbrunnen

Associate Professors Ahlquist, Avramenko, Copelovitch, Ewig, Kapust, Kinsella, Kydd, Owens, Ringe, Shelef

Assistant Professors Bhavnani, Lindsay, Lupu, Powell, Renshon, Simmons, Tahk, Weeks

For appointments, see schedule an advising appointment (http://www.polisci.wisc.edu/undergrad/scheduling-advising-appointment) on the Political Science Major page on the department website.

# PSYCHOLOGY

The psychology major is the one of the largest majors in the College of Letters & Science, focusing on five areas in the field of psychological science: biology of brain and behavior, clinical, cognitive and cognitive neuroscience, developmental, and social and personality.

The mission of the undergraduate program in psychology is to provide students with opportunities to:

- learn about the multiple content areas of scientific psychology
- develop the ability to think critically and quantitatively
- enhance written and oral communication skills
- prepare for the most rigorous graduate and professional programs
- apply the science of psychology to the well-being of citizens of Wisconsin and the global community

Some students will go to graduate school and become the next generation of psychological scientists and educators who will create and disseminate new knowledge. Others will choose careers in other areas, including but not limited to business, medicine, law, education, and counseling. Through its strong interdisciplinary connections with the natural sciences, social sciences, humanities, and medical sciences, scientific psychology is positioned well to influence critical issues for society. Because all courses in psychology emphasize critical thinking and the analysis of research, the undergraduate program prepares students to take on the challenges of and fully participate in an increasingly complex, multicultural world.

### DEGREES/MAJORS/CERTIFICATES

- Psychology, B.A. (p. 1267)
- Psychology, B.S. (p. 1271)

## PEOPLE

Professors Berridge (chair), Abramson, Alibali, Auger, Berridge, Brauer, Coe, Curtin, Davidson, Devine, Gernsbacher, Goldsmith, Gooding, Harackiewicz, Hyde, MacDonald, Marler, Niedenthal, Pollak, Postle, Rogers, Rosengren, Ryff, Saffran, Seidenberg, Snowdon

Associate Professors Bennett, Green, Lupyan, Miyamoto, Rokers, Shutts

Assistant Professors Austerweil, Li, Saalmann, Schloss, Simmering

# PSYCHOLOGY, B.A.

The psychology major is the one of the largest majors in the College of Letters & Science, focusing on five areas in the field of psychological science: biology of brain and behavior, clinical, cognitive and cognitive neuroscience, developmental, and social and personality.

The mission of the undergraduate program in psychology is to provide students with opportunities to:

Because all courses in psychology emphasize critical thinking and the analysis of research, the undergraduate program prepares students to take on the challenges of and fully participate in an increasingly complex, multicultural world.

## HOW TO GET IN

Students who successfully complete PSYCH 202 (or equivalent) with a grade of C or better are eligible to declare the major. Please refer to the Department website for instructions on how to declare the major (http://psych.wisc.edu/undergraduate-program/requirements).

[1] Equivalents include a score of 4 or higher on the IB Psychology exam or or a score of 4 or 5 on the AP Psychology exam.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B *<br><br>* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements. |

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |

| | |
|---|---|
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

The major requires 33 credits in PSYCH and completion of these four learning areas:

## FOUNDATION

Foundation courses provide a grounding in basic psychological facts and an understanding of the methodologies used to produce those facts. **Four courses are required** with ***grades of C or better*** in each course:

| Code | Title | Credits |
|---|---|---|
| **Introductory Psychology—one course:** [1] | | 3-4 |
| PSYCH 202 | Introduction to Psychology | |
| **Statistics—one course:** | | 3-4 |
| PSYCH 210 | Basic Statistics for Psychology | |
| STAT 302 | Accelerated Introduction to Statistical Methods | |
| STAT 324 | Introductory Applied Statistics for Engineers | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| **Research Methods—one course:** | | 4 |
| PSYCH 225 | Research Methods | |
| **Introductory Biology—complete one of three tracks:** [2] | | 3-5 |
| ZOOLOGY/ BIOLOGY 101 & ZOOLOGY/ BIOLOGY 102 | Animal Biology and Animal Biology Laboratory | |
| ZOOLOGY/ BIOLOGY/ BOTANY 151 | Introductory Biology | |
| BIOCORE 381 & BIOCORE 382 & BIOCORE 383 & BIOCORE 384 | Evolution, Ecology, and Genetics and Evolution, Ecology, and Genetics Laboratory and Cellular Biology and Cellular Biology Laboratory | |
| Total Credits | | 13-17 |

1. A score of 4 or higher on the IB Psychology exam or a score of 4 or 5 on the AP Psychology exam.
2. A score of 4 or better on the IB Biology exam, or a score of 4 or 5 on the AP Biology exam will satisfy the Introductory Biology requirement.

## BREADTH

Breadth courses familiarize students with the breadth of psychology. **Three (3) courses** from at least **three** different topic groups are required:

### Biological

| Code | Title | Credits |
|---|---|---|
| PSYCH 449 | Animal Behavior | 3 |
| PSYCH 450 | Primates and Us: Insights into Human Biology and Behavior | 3 |
| PSYCH 454 | Behavioral Neuroscience | 3 |
| PSYCH/ ZOOLOGY 523 | Neurobiology | 3 |

### Clinical

| Code | Title | Credits |
|---|---|---|
| PSYCH 401 | Psychology, Law, and Social Policy | 3 |
| PSYCH 405 | Abnormal Psychology | 3-4 |
| PSYCH 511 | Behavior Pathology: Neuroses | 3 |
| PSYCH 512 | Behavior Pathology-Psychoses | 3 |

### Cognitive and Perceptual Sciences

| Code | Title | Credits |
|---|---|---|
| PSYCH 406 | Psychology of Perception | 3-4 |
| PSYCH 413 | Language, Mind, and Brain | 3 |
| PSYCH 414 | Cognitive Psychology | 3 |

### Developmental

| Code | Title | Credits |
|---|---|---|
| PSYCH/SOC 453 | Human Sexuality | 4 |
| PSYCH 460 | Child Development | 3-4 |
| PSYCH 464 | Adult Development and Aging | 3 |

### Social and Personality

| Code | Title | Credits |
|---|---|---|
| PSYCH 403 | Psychology of Personality | 3 |
| PSYCH 428 | Introduction to Cultural Psychology | 3-4 |
| PSYCH/SOC 456 | Introductory Social Psychology | 3-4 |
| PSYCH/ GEN&WS 522 | Psychology of Women and Gender | 3 |

## DEPTH

Depth courses allow students to engage in depth with material in specific content areas in psychology. Depth courses include both a lecture component and a required discussion/lab section for all students, and they help students develop a deeper understanding of particular areas of

psychology. Each depth course has a prerequisite of one relevant breadth course; please check each course for possible prerequisites. **Two courses** are required:

| Code | Title | Credits |
|---|---|---|
| PSYCH 501 | Depth Topic in Social Science (multiple separate topics offered each semester) | 4 |
| PSYCH 502 | Cognitive Development | 4 |
| PSYCH 503 | Social Development | 4 |
| PSYCH 505 | Depth Topic in Biological Science | 3-4 |
| PSYCH 508 | Psychology of Human Emotions: From Biology to Culture | 4 |
| PSYCH 510 | Critical Issues in Child Psychopathology | 4 |
| PSYCH 513 | Hormones, Brain, and Behavior | 4 |
| PSYCH 520 | How We Read: The Science of Reading and Its Educational Implications | 4 |
| PSYCH 521 | The Structure of Human Thought: Concepts, Language and Culture | 4 |
| PSYCH 525 | Cognition in Health and Society | 4 |
| PSYCH 526 | The Criminal Mind: Forensic and Psychobiological Perspectives | 4 |
| PSYCH 532 | Psychological Effects of the Internet | 4 |

### CAPSTONE

Capstone courses allow students to engage in depth with particular content areas in psychology in a seminar setting. **One course** is required:

| Code | Title | Credits |
|---|---|---|
| PSYCH 601 | Current Topics in Psychology (many separate topics each semester) | 3 |
| PSYCH 602 | Intermediate Statistics for Psychology | 3 |
| PSYCH 606 | Hormones and Behavior | 3 |
| PSYCH 607 | Introduction to Clinical Psychology | 3 |
| PSYCH 610 | Statistical Analysis of Psychological Experiments | 3 |

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all PSYCH and major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence [2]
- 15 credits in PSYCH, taken on the UW–Madison campus

[2] PSYCH 300–699 are upper-level in the major.

## HONORS IN THE MAJOR

Students may apply for Honors in the Psychology Major in consultation with the psychology undergraduate advisor(s). Decisions on admission to the Honors in the Major in Psychology program are made on a rolling basis throughout the year by a committee of psychology faculty. Overall, criteria emphasize demonstrated ability and commitment to becoming a first-rate scholar. Performance in coursework at the university, particularly Honors courses in psychology and related fields, is among the criteria for admission. Consistent with the philosophy that there is more to honors scholarship than distinguished grades, commitment to excellence in the science of psychology, evidence of broad scholarship (including mathematics and sciences), and evidence of involvement within the university and the broader community enhance students' credentials.

### HONORS IN THE PSYCHOLOGY MAJOR REQUIREMENTS

To earn Honors in the Major in Psychology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA in all PSYCH and major courses
- Complete the following courses with Honors and a grade of B or higher:
  - PSYCH 380
  - Three Psychology Breadth and/or Depth courses
  - A two-semester Senior Honors Thesis in PSYCH 681 and PSYCH 682 for a total of 6 credits.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Gain an appreciation for the contributions that psychology is making to our understanding of human and animal behavior.
2. Learn to analyze and construct arguments, define and solve problems, and understand and apply scientific reasoning.
3. Learn to communicate their ideas, both written and spoken, in a clear, organized, and compelling way.
4. Gain a specific understanding of how to use data and research methodology in their critical thinking.
5. Acquire an appreciation of and respect for individual differences and diversity of experiences and background.
6. Acquire the statistical and research skills used in the behavioral sciences.
7. Have the opportunity to evaluate the diverse professional opportunities in psychology.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A | 3 | Declare Major (PSYCH 202 completion required) | |
| Quantitative Reasoning A | 3 | ZOOLOGY/BIOLOGY 102 | 2 |
| Foreign Language (if required) | 3 | Psych Breadth Course | 3 |
| PSYCH 202 (or equivalent) | 3-4 | Ethnic Studies | 3 |
| ZOOLOGY/BIOLOGY 101 (counts for L&S Biology Breadth)[1] | 3 | Elective[2] | 1 |
| | | Literature Breadth | 3 |
| | | Physical Science Breadth | 3 |
| | 15 | | 15 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Psych Breadth Course | 3 | PSYCH 225 (satisfies Com-B) | 4 |
| PSYCH 210 (satisfies QR-B) | 3 | INTER-LS 210 (optional) | 1 |
| Literature Breadth course | 3 | Psych Breadth Course | 3 |
| I/A Comp Sci, Math, or Stats (if required for the BS) | 3 | Humanities Breadth | 3 |
| Electives | 3 | Natural Science Breadth | 4 |
| | 15 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Psych Depth Course (may be taken in Fourth Year) | 4 | Psych Depth Course (may be taken in Fourth Year) | 4 |
| Psych Elective[3] | 3 | Psych Elective (if Psych 210 not taken) | 3 |
| Humanities Breadth | 3 | Science Breadth | 3 |
| I/A Comp Sci, Math, or Stats (if required for the BS) | 3 | Electives | 5 |
| Electives | 2 | | |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Psych Capstone (Fall or Spring) | 3 | Electives | 15 |
| Electives | 12 | | |
| | 15 | | 15 |

Total Credits 120

1. Other courses satisfy the Biology requirement for this major. Consult the Requirements page and adjust your plan accordingly.
2. Consider taking PSYCH 100 Exploring Psychology
3. Consider getting involved in research in the department.

## ADVISING AND CAREERS

**All current UW–Madison undergraduate students interested in the psychology major are welcome to schedule an advising appointment with a psychology advisor.** Advising appointments can be made through the Starfish scheduling tool. Please visit psych.wisc.edu (http://psych.wisc.edu) —> undergraduate program —> schedule an advising appointment.

For more information about psychology advising visit psych.wisc.edu (http://psych.wisc.edu) —> undergraduate program — > advising.

**Are you a prospective student?**
We are happy to meet with prospective UW–Madison students to discuss the psychology major during winter, spring, and summer break. We require a minimum of two weeks advance notice to schedule an appointment. You may contact us via email: advisor@psych.wisc.edu.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Berridge (chair), Abramson, Alibali, Auger, Berridge, Brauer, Coe, Curtin, Davidson, Devine, Gernsbacher, Goldsmith, Gooding,

Harackiewicz, Hyde, MacDonald, Marler, Niedenthal, Pollak, Postle, Rogers, Rosengren, Ryff, Saffran, Seidenberg, Snowdon

Associate Professors Bennett, Green, Lupyan, Miyamoto, Rokers, Shutts

Assistant Professors Austerweil, Li, Saalmann, Schloss, Simmering

# PSYCHOLOGY, B.S.

The psychology major is the one of the largest majors in the College of Letters & Science, focusing on five areas in the field of psychological science: biology of brain and behavior, clinical, cognitive and cognitive neuroscience, developmental, and social and personality.

The mission of the undergraduate program in psychology is to provide students with opportunities to:

- learn about the multiple content areas of scientific psychology
- develop the ability to think critically and quantitatively
- enhance written and oral communication skills
- prepare for the most rigorous graduate and professional programs
- apply the science of psychology to the well-being of citizens of Wisconsin and the global community

Some students will go to graduate school and become the next generation of psychological scientists and educators who will create and disseminate new knowledge. Others will choose careers in other areas, including but not limited to business, medicine, law, education, and counseling. Through its strong interdisciplinary connections with the natural sciences, social sciences, humanities, and medical sciences, scientific psychology is positioned well to influence critical issues for society. Because all courses in psychology emphasize critical thinking and the analysis of research, the undergraduate program prepares students to take on the challenges of and fully participate in an increasingly complex, multicultural world.

## HOW TO GET IN

Students who successfully complete  PSYCH 202 (or equivalent) with a grade of C or better are eligible to declare the major. Please refer to the Department website for instructions on how to declare the major (http://psych.wisc.edu/undergraduate-program/requirements).

[1] Equivalents include a score of 4 or higher on the IB Psychology exam or or a score of 4 or 5 on the AP Psychology exam.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B *<br><br>* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements. |

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

The major requires 33 credits in PSYCH and completion of these four learning areas:

## FOUNDATION

Foundation courses provide a grounding in basic psychological facts and an understanding of the methodologies used to produce those facts. **Four courses are required** with ***grades of C or better*** in each course:

| Code | Title | Credits |
|---|---|---|
| **Introductory Psychology—one course:** [1] | | 3-4 |
| PSYCH 202 | Introduction to Psychology | |
| **Statistics—one course:** | | 3-4 |
| PSYCH 210 | Basic Statistics for Psychology | |
| STAT 302 | Accelerated Introduction to Statistical Methods | |
| STAT 324 | Introductory Applied Statistics for Engineers | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| **Research Methods—one course:** | | 4 |
| PSYCH 225 | Research Methods | |
| **Introductory Biology—complete one of three tracks:** [2] | | 3-5 |
| ZOOLOGY/ BIOLOGY 101 & ZOOLOGY/ BIOLOGY 102 | Animal Biology and Animal Biology Laboratory | |
| ZOOLOGY/ BIOLOGY/ BOTANY 151 | Introductory Biology | |
| BIOCORE 381 & BIOCORE 382 & BIOCORE 383 & BIOCORE 384 | Evolution, Ecology, and Genetics and Evolution, Ecology, and Genetics Laboratory and Cellular Biology and Cellular Biology Laboratory | |
| Total Credits | | 13-17 |

[1] A score of 4 or higher on the IB Psychology exam or a score of 4 or 5 on the AP Psychology exam.

[2] A score of 4 or better on the IB Biology exam, or a score of 4 or 5 on the AP Biology exam will satisfy the Introductory Biology requirement.

## BREADTH

Breadth courses familiarize students with the breadth of psychology. **Three (3) courses** from at least **three** different topic groups are required:

### Biological

| Code | Title | Credits |
|---|---|---|
| PSYCH 449 | Animal Behavior | 3 |
| PSYCH 450 | Primates and Us: Insights into Human Biology and Behavior | 3 |
| PSYCH 454 | Behavioral Neuroscience | 3 |
| PSYCH/ ZOOLOGY 523 | Neurobiology | 3 |

### Clinical

| Code | Title | Credits |
|---|---|---|
| PSYCH 401 | Psychology, Law, and Social Policy | 3 |
| PSYCH 405 | Abnormal Psychology | 3-4 |
| PSYCH 511 | Behavior Pathology: Neuroses | 3 |
| PSYCH 512 | Behavior Pathology-Psychoses | 3 |

### Cognitive and Perceptual Sciences

| Code | Title | Credits |
|---|---|---|
| PSYCH 406 | Psychology of Perception | 3-4 |
| PSYCH 413 | Language, Mind, and Brain | 3 |
| PSYCH 414 | Cognitive Psychology | 3 |

### Developmental

| Code | Title | Credits |
|---|---|---|
| PSYCH/SOC 453 | Human Sexuality | 4 |
| PSYCH 460 | Child Development | 3-4 |
| PSYCH 464 | Adult Development and Aging | 3 |

### Social and Personality

| Code | Title | Credits |
|---|---|---|
| PSYCH 403 | Psychology of Personality | 3 |
| PSYCH 428 | Introduction to Cultural Psychology | 3-4 |
| PSYCH/SOC 456 | Introductory Social Psychology | 3-4 |
| PSYCH/ GEN&WS 522 | Psychology of Women and Gender | 3 |

## DEPTH

Depth courses allow students to engage in depth with material in specific content areas in psychology. Depth courses include both a lecture component and a required discussion/lab section for all students, and they help students develop a deeper understanding of particular areas of psychology. Each depth course has a prerequisite of one relevant breadth course; please check each course for possible prerequisites. **Two courses** are required:

| Code | Title | Credits |
|---|---|---|
| PSYCH 501 | Depth Topic in Social Science (multiple separate topics offered each semester) | 4 |
| PSYCH 502 | Cognitive Development | 4 |

| | | |
|---|---|---|
| PSYCH 503 | Social Development | 4 |
| PSYCH 505 | Depth Topic in Biological Science | 3-4 |
| PSYCH 508 | Psychology of Human Emotions: From Biology to Culture | 4 |
| PSYCH 510 | Critical Issues in Child Psychopathology | 4 |
| PSYCH 513 | Hormones, Brain, and Behavior | 4 |
| PSYCH 520 | How We Read: The Science of Reading and Its Educational Implications | 4 |
| PSYCH 521 | The Structure of Human Thought: Concepts, Language and Culture | 4 |
| PSYCH 525 | Cognition in Health and Society | 4 |
| PSYCH 526 | The Criminal Mind: Forensic and Psychobiological Perspectives | 4 |
| PSYCH 532 | Psychological Effects of the Internet | 4 |

### CAPSTONE

Capstone courses allow students to engage in depth with particular content areas in psychology in a seminar setting. **One course** is required:

| Code | Title | Credits |
|---|---|---|
| PSYCH 601 | Current Topics in Psychology (many separate topics each semester) | 3 |
| PSYCH 602 | Intermediate Statistics for Psychology | 3 |
| PSYCH 606 | Hormones and Behavior | 3 |
| PSYCH 607 | Introduction to Clinical Psychology | 3 |
| PSYCH 610 | Statistical Analysis of Psychological Experiments | 3 |

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all PSYCH and major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence [2]
- 15 credits in PSYCH, taken on the UW–Madison campus

[2] PSYCH 300–699 are upper-level in the major.

## HONORS IN THE MAJOR

Students may apply for Honors in the Psychology Major in consultation with the psychology undergraduate advisor(s). Decisions on admission to the Honors in the Major in Psychology program are made on a rolling basis throughout the year by a committee of psychology faculty. Overall, criteria emphasize demonstrated ability and commitment to becoming a first-rate scholar. Performance in coursework at the university, particularly Honors courses in psychology and related fields, is among the criteria for admission. Consistent with the philosophy that there is more to honors scholarship than distinguished grades, commitment to excellence in the science of psychology, evidence of broad scholarship (including mathematics and sciences), and evidence of involvement within the university and the broader community enhance students' credentials.

### HONORS IN THE PSYCHOLOGY MAJOR REQUIREMENTS

To earn Honors in the Major in Psychology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA in all PSYCH and major courses
- Complete the following courses with Honors and a grade of B or higher:
  - PSYCH 380
  - Three Psychology Breadth and/or Depth courses
  - A two-semester Senior Honors Thesis in PSYCH 681 and PSYCH 682 for a total of 6 credits.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Gain an appreciation for the contributions that psychology is making to our understanding of human and animal behavior.
2. Learn to analyze and construct arguments, define and solve problems, and understand and apply scientific reasoning.
3. Learn to communicate their ideas, both written and spoken, in a clear, organized, and compelling way.
4. Gain a specific understanding of how to use data and research methodology in their critical thinking.
5. Acquire an appreciation of and respect for individual differences and diversity of experiences and background.
6. Acquire the statistical and research skills used in the behavioral sciences.
7. Have the opportunity to evaluate the diverse professional opportunities in psychology.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A | 3 | Declare Major (PSYCH 202 completion required) | |
| Quantitative Reasoning A | 3 | ZOOLOGY/BIOLOGY 102 | 2 |
| Foreign Language (if required) | 3 | Psych Breadth Course | 3 |

| | | | |
|---|---|---|---|
| PSYCH 202 (or equivalent) | 3-4 | Ethnic Studies | 3 |
| ZOOLOGY/BIOLOGY 101 (counts for L&S Biology Breadth)[1] | 3 | Elective[2] | 1 |
| | | Literature Breadth | 3 |
| | | Physical Science Breadth | 3 |
| | 15 | | 15 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Psych Breadth Course | 3 | PSYCH 225 (satisfies Com-B) | 4 |
| PSYCH 210 (satisfies QR-B) | 3 | INTER-LS 210 (optional) | 1 |
| Literature Breadth course | 3 | Psych Breadth Course | 3 |
| I/A Comp Sci, Math, or Stats (if required for the BS) | 3 | Humanities Breadth | 3 |
| Electives | 3 | Natural Science Breadth | 4 |
| | 15 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Psych Depth Course (may be taken in Fourth Year) | 4 | Psych Depth Course (may be taken in Fourth Year) | 4 |
| Psych Elective[3] | 3 | Psych Elective (if Psych 210 not taken) | 3 |
| Humanities Breadth | 3 | Science Breadth | 3 |
| I/A Comp Sci, Math, or Stats (if required for the BS) | 3 | Electives | 5 |
| Electives | 2 | | |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Psych Capstone (Fall or Spring) | 3 | Electives | 15 |
| Electives | 12 | | |
| | 15 | | 15 |

Total Credits 120

1 Other courses satisfy the Biology requirement for this major. Consult the Requirements page and adjust your plan accordingly.

2 Consider taking PSYCH 100 Exploring Psychology

3 Consider getting involved in research in the department.

## ADVISING AND CAREERS

**All current UW–Madison undergraduate students interested in the psychology major are welcome to schedule an advising appointment with a psychology advisor.** Advising appointments can be made through the Starfish scheduling tool. Please visit psych.wisc.edu (http://psych.wisc.edu) —> undergraduate program —> schedule an advising appointment.

For more information about psychology advising visit psych.wisc.edu (http://psych.wisc.edu) —> undergraduate program — > advising.

**Are you a prospective student?**
We are happy to meet with prospective UW–Madison students to discuss the psychology major during winter, spring, and summer break. We require a minimum of two weeks advance notice to schedule an appointment. You may contact us via email: advisor@psych.wisc.edu.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

Assistant Professors Austerweil, Li, Saalmann, Schloss, Simmering

# RELIGIOUS STUDIES

Religious studies is an academic discipline that looks at religious phenomena worldwide from a variety of angles in order to understand

the many roles that religion plays in human life. To this end, students of religion learn to use a variety of theoretical analyses and methods. These include historical methods to understand how religions develop in time; critical literary methods to understand religious ideas; aesthetic methods to understand religious art and material culture; social-scientific methods to understand the relationship between religion, society and culture. Religious studies can also engage a variety of professional disciplines in analysis of how religion functions in economic, educational or political contexts, healthcare and scientific research, to name some examples.

Some ways of studying religion emphasize understanding religions on their own terms, other ways use comparative methods to discern differences and similarities between religions. Students of religion also study ways that people use religious resources to make meaning outside the boundaries of religious institutions and identities. Above all, the field of religious studies requires a willingness to explore different ways of interpreting human life and diligent effort to develop understanding of how religious ideas, symbols, rituals and spaces serve as resources for people in a variety of contexts as they make sense of and live out their lives in the world. Thus, religious studies provides important preparation for thinking, communicating and functioning professionally and personally in a complex, multidimensional world.

## COURSES

Because religious studies is an interdisciplinary program drawing upon many departments, some courses may have prerequisites in their home departments that must be fulfilled even though the prerequisites themselves have no bearing on progress within the religious studies major. Students are responsible for ensuring that they have met all the prerequisites to enter a course before they enroll in it. The current list of courses can be found in the Religious Studies course list page (http://guide.wisc.edu/courses/relig_st) in the *Guide*.

## DEGREES/MAJORS/CERTIFICATES

The current list of courses can be found in the Religious Studies course list page (http://guide.wisc.edu/courses/relig_st) in the *Guide*.

## HOW TO GET IN

Students who wish to declare their intention to major in religious studies must meet with the undergraduate advisor during regular office hours or by making an appointment. Students are encouraged to do this early in their academic careers in order to plan for successful completion and take advantage of opportunities such as Honors, special research, internship, service learning, or study abroad opportunities in associate with the major or certificate.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

Students must complete 30 credits in Religious Studies course work, to include:

| Code | Title | Credits |
|---|---|---|
| **Gateway (Complete one course:)** | | 3 |
| RELIG ST 101 | Religion in Global Perspective | |
| RELIG ST 102 | Exploring Religion in Sickness and Health | |
| RELIG ST 103 | Exploring Religion and Sexuality | |
| **Middle Sequence** | | 9 |
| RELIG ST 300 | America and Religions | |
| RELIG ST/ GEN&WS 305 | Women, Gender and Religion | |
| RELIG ST/ASIAN/ HISTORY 308 | Introduction to Buddhism | |
| RELIG ST/ HISTORY/ MEDIEVAL 309 | The Crusades: Christianity and Islam | |

| RELIG ST/ ASIAN 620 | Proseminar: Studies in Religions of Asia |
| RELIG ST/ ASIAN 650 | Proseminar in Buddhist Thought |

| | | |
|---|---|---|
| RELIG ST/ ANTHRO 666 | The Anthropology of Shamanism and Occult Experience | |
| **Capstone (Complete both:)** | | |
| RELIG ST 600 | Religion in Critical Perspective | 3 |
| RELIG ST 601 | Senior Capstone Research and Colloquium | 4 |
| **RELIG ST Electives** | | 11 |
| Total Credits | | 30 |

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all RELIG ST and major courses
- 2.000 GPA on 15 Upper-Level credits for the major, taken in residence[1]
- 15 credits in RELIG ST or the major, taken on campus

[1] Courses counting as upper-level in the major include: RELIG ST/HISTORY 208, RELIG ST/HISTORY 209, RELIG ST/HISTORY 212, RELIG ST/CLASSICS/JEWISH/LITTRANS 227, RELIG ST/ILS 234, RELIG ST/CLASSICS/JEWISH/LITTRANS 237, RELIG ST/LITTRANS/MEDIEVAL 253, RELIG ST/LITTRANS 257, RELIG ST/PHILOS 261, RELIG ST/ENVIR ST 270 and all courses numbered RELIG ST 300–699, except RELIG ST/CLASSICS/HEBR-BIB/JEWISH/LITTRANS 332.

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Religious Studies undergraduate advisor.

### HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and these additional requirements:

- Minimum 3.300 University GPA
- Minimum 3.500 GPA in all RELIG ST and all major courses
- Complete 19 credits, taken for Honors, with individual grades of B or better, to include:
  - RELIG ST 600
  - RELIG ST 601
  - RELIG ST 681 and RELIG ST 682 for at least 6 credits.
  - 6 additional credits of Intermediate or Advanced level RELIG ST and major coures

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Proficiency in close reading, interpretation, and written and oral analysis.
2. Proficiency in accessing, appraising, and utilizing a variety of resources and methods for research across disciplinary lines.
3. Proficiency in categorizing, analyzing and comparing diverse systems of value and belief in a variety of contexts.
4. Global and local religious literacy; identifying, evaluating, and interpreting the interrelationships and impact of religious worldviews and communities in Wisconsin, the United States and globally.
5. Ability to conduct and present sustained research on primary sources using methodologies/analysis of religious studies culminating in the senior capstone project.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| RELIG ST 101, 102, or 103 | 3 | RELIG ST course meeting Literature Breadth[1] | 3 |
| Communication A | 3 | RELIG ST elective | 3 |
| Quantitative Reasoning A | 3-4 | Biological Science Breadth | 3 |
| Foreign Language (if needed) | 4 | Social Science Breadth | 3 |
| Elective | 3 | Elective | 3 |
| | 16 | | 15 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| RELIG ST course with Literature Breadth[1] | 3 | RELIG ST/ILS 234 or 236 (meets Communication B requirement) | 3 |
| Quantitative Reasoning B | 3 | RELIG ST/ FOLKLORE 352, 403, or 404 (meets Ethnic Studies requirement) | 3 |
| Social Science Breadth | 3 | Physical Science Breadth | 3 |
| Elective | 4 | I/A COMP SCI, MATH or STAT (if needed for B.S.) | 3 |
| INTER-LS 210 | 1 | Elective | 4 |
| | 14 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| RELIG ST Elective | 6 | RELIG ST Elective | 3 |
| Social Science Breadth | 3 | Science Breadth | 3 |

| | | |
|---|---|---|
| I/A COMP SCI, MATH or STAT (if needed for B.S.) | 3 Social Science Breadth | 3 |
| Elective | 3 Electives | 6 |
| | 15 | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| RELIG ST 600 | 3 | RELIG ST 601 | 4 |
| RELIG ST Elective (numbered 300 or above) | 3 | RELIG ST Elective (numbered 300 or above) | 6 |
| Science Breadth | 3 | Elective | 4 |
| Electives | 6 | | |
| | 15 | | 14 |

Total Credits 120

[1] Consult the Course Search & Enroll tool for a comprehensive list of RELIG ST courses designated for Literature Breadth.

## ADVISING AND CAREERS

# ADVISING

Dr. Corrie Norman is the undergraduate advisor and Honors in the Major advisor. Contact her by email at cenorman@wisc.edu to meet with her. Students are encouraged to meet with Dr. Norman early in their academic careers in order to plan for successful completion and take advantage of opportunities such as Honors, special research, internship, service learning or study abroad opportunities in associate with the major or certificate.

# CAREERS

Religious studies engages a variety of professional disciplines and provides important preparation for thinking, communicating and functioning professionally in a complex, multi-dimensional world.

Religious studies sponsors workshops and other career exploration vehicles, often in collaboration with SuccessWorks at the College of Letters & Science, to aid students in articulating the value of religious studies for their career preparation. Student-developed capstone projects in religious studies often make specific connections to experiential learning and career preparation in a range of fields. Talk with Dr. Norman about possibilities for combining internships and other forms of preprofessional training with the major and certificate.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

# RELIGIOUS STUDIES, B.S.

Religious studies is an academic discipline that looks at religious phenomena worldwide from a variety of angles in order to understand the many roles that religion plays in human life. To this end, students of religion learn to use a variety of theoretical analyses and methods. These include historical methods to understand how religions develop in time; critical literary methods to understand religious ideas; aesthetic methods to understand religious art and material culture; social-scientific methods

to understand the relationship between religion, society and culture. Religious studies can also engage a variety of professional disciplines in analysis of how religion functions in economic, educational or political contexts, healthcare and scientific research, to name some examples.

Some ways of studying religion emphasize understanding religions on their own terms, other ways use comparative methods to discern differences and similarities between religions. Students of religion also study ways that people use religious resources to make meaning outside the boundaries of religious institutions and identities. Above all, the field of religious studies requires a willingness to explore different ways of interpreting human life and diligent effort to develop understanding of how religious ideas, symbols, rituals and spaces serve as resources for people in a variety of contexts as they make sense of and live out their lives in the world. Thus, religious studies provides important preparation for thinking, communicating and functioning professionally and personally in a complex, multidimensional world.

## COURSES

Because religious studies is an interdisciplinary program drawing upon many departments, some courses may have prerequisites in their home departments that must be fulfilled even though the prerequisites themselves have no bearing on progress within the religious studies major. Students are responsible for ensuring that they have met all the prerequisites to enter a course before they enroll in it. The current list of courses can be found in the Religious Studies course list page (http://guide.wisc.edu/courses/relig_st) in the *Guide*.

## HOW TO GET IN

Students who wish to declare their intention to major in religious studies must meet with the undergraduate advisor during regular office hours or by making an appointment. Students are encouraged to do this early in their academic careers in order to plan for successful completion and take advantage of opportunities such as Honors, special research, internship, service learning, or study abroad opportunities in associate with the major or certificate.

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B *<br><br>* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements. |

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |

| Total Credits | | 30 |

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all RELIG ST and major courses
- 2.000 GPA on 15 Upper-Level credits for the major, taken in residence[1]
- 15 credits in RELIG ST or the major, taken on campus

[1] Courses counting as upper-level in the major include: RELIG ST/HISTORY 208, RELIG ST/HISTORY 209, RELIG ST/HISTORY 212, RELIG ST/CLASSICS/JEWISH/LITTRANS 227, RELIG ST/ILS 234, RELIG ST/CLASSICS/JEWISH/LITTRANS 237, RELIG ST/LITTRANS/MEDIEVAL 253, RELIG ST/LITTRANS 257, RELIG ST/PHILOS 261, RELIG ST/ENVIR ST 270 and all courses numbered RELIG ST 300–699, except RELIG ST/CLASSICS/HEBR-BIB/JEWISH/LITTRANS 332.

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Religious Studies undergraduate advisor.

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and these additional requirements:

- Minimum 3.300 University GPA
- Minimum 3.500 GPA in all RELIG ST and all major courses
- Complete 19 credits, taken for Honors, with individual grades of B or better, to include:
  - RELIG ST 600
  - RELIG ST 601
  - RELIG ST 681 and RELIG ST 682 for at least 6 credits.
  - 6 additional credits of Intermediate or Advanced level RELIG ST and major coures

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Proficiency in close reading, interpretation, and written and oral analysis.
2. Proficiency in accessing, appraising, and utilizing a variety of resources and methods for research across disciplinary lines.
3. Proficiency in categorizing, analyzing and comparing diverse systems of value and belief in a variety of contexts.
4. Global and local religious literacy; identifying, evaluating, and interpreting the interrelationships and impact of religious worldviews and communities in Wisconsin, the United States and globally.
5. Ability to conduct and present sustained research on primary sources using methodologies/analysis of religious studies culminating in the senior capstone project.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|

## ADVISING AND CAREERS

# ADVISING

Dr. Corrie Norman is the undergraduate advisor and Honors in the Major advisor. Contact her by email at cenorman@wisc.edu to meet with her. Students are encouraged to meet with Dr. Norman early in their academic careers in order to plan for successful completion and take advantage of opportunities such as Honors, special research, internship, service learning or study abroad opportunities in associate with the major or certificate.

# CAREERS

Religious studies engages a variety of professional disciplines and provides important preparation for thinking, communicating and functioning professionally in a complex, multi-dimensional world.

Religious studies sponsors workshops and other career exploration vehicles, often in collaboration with SuccessWorks at the College of Letters & Science, to aid students in articulating the value of religious studies for their career preparation. Student-developed capstone projects in religious studies often make specific connections to experiential learning and career preparation in a range of fields. Talk with Dr. Norman about possibilities for combining internships and other forms of preprofessional training with the major and certificate.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)

# RELIGIOUS STUDIES, CERTIFICATE

Religious studies is an academic discipline that looks at religious phenomena worldwide from a variety of angles in order to understand the many roles that religion plays in human life. To this end, students of religion learn to use a variety of theoretical analyses and methods. These include historical methods to understand how religions develop in time; critical literary methods to understand religious ideas; aesthetic methods to understand religious art and material culture; social-scientific methods to understand the relationship between religion, society and culture. Religious studies can also engage a variety of professional disciplines in analysis of how religion functions in economic, educational or political contexts, healthcare and scientific research, to name some examples.

Some ways of studying religion emphasize understanding religions on their own terms, other ways use comparative methods to discern differences and similarities between religions. Students of religion also study ways that people use religious resources to make meaning outside the boundaries of religious institutions and identities. Above all, the field of religious studies requires a willingness to explore different ways of interpreting human life and diligent effort to develop understanding of how religious ideas, symbols, rituals and spaces serve as resources for people in a variety of contexts as they make sense of and live out their lives in the world. Thus, religious studies provides important preparation for thinking, communicating and functioning professionally and personally in a complex, multidimensional world.

## COURSES

Because religious studies is an interdisciplinary program drawing upon many departments, some courses may have prerequisites in their home departments that must be fulfilled even though the prerequisites themselves have no bearing on progress within the religious studies major. Students are responsible for ensuring that they have met all the prerequisites to enter a course before they enroll in it. The current list of courses can be found in the Religious Studies course list page (http://guide.wisc.edu/courses/relig_st) in the *Guide*.

## HOW TO GET IN

Students who wish to declare their intention to major or earn a certificate in religious studies must meet with the undergraduate advisor during regular office hours or by making an appointment. Students are encouraged to do this early in their academic careers in order to plan for successful completion and take advantage of opportunities such as Honors, special research, internship, service learning, or study abroad opportunities in associate with the major or certificate.

Dr. Corrie Norman is the undergraduate advisor and Honors in the Major advisor. Contact her by email at cenorman@wisc.edu.

## REQUIREMENTS

## REQUIREMENTS FOR THE CERTIFICATE IN RELIGIOUS STUDIES

A certificate in religious studies is available to all undergraduates and special students studying at UW–Madison. To earn the certificate, students must complete:

| Code | Title | Credits |
|---|---|---|
| Gateway Courses, Select one of the following: | | 3 |
| RELIG ST 101 | Religion in Global Perspective | |
| RELIG ST 102 | Exploring Religion in Sickness and Health | |
| RELIG ST 103 | Exploring Religion and Sexuality | |
| Capstone Course: | | |
| RELIG ST 600 | Religion in Critical Perspective | 3 |
| Additional Courses: | | 12 |
| Select an additional 12 credits in RELIG ST courses to bring total credits to at least 18 credits. To view additional courses, follow the link below to the Religious Studies course list page in the Guide. | | |
| Religious Studies course offerings (http://guide.wisc.edu/courses/relig_st) | | |
| Total Credits | | 18 |

Additional requirements:

- 2.000 GPA in all RELIG ST and certificate courses.
- At least 9 credits for the certificate must be earned in residence.

### UNDERGRADUATE/SPECIAL STUDENT CERTIFICATES

This certificate is intended to be completed in the context of an undergraduate degree and for those seeking this certificate that is preferred. For students who have substantially completed this certificate

at UW–Madison (at least 12 credits) and may need one or two courses to complete the certificate, they may do so immediately after completion of the bachelor's degree by enrolling in the course as a University Special (nondegree) student. The certificate must be completed within a year of completion of the bachelor's degree. Students should keep in mind that University Special students have the last registration priority and that may limit availability of desired courses. Financial aid is not available when enrolled as a University Special student to complete an undergraduate certificate.

## LEARNING OUTCOMES

1. Proficiency in close reading, interpretation, and written and oral analysis.
2. Proficiency in accessing, appraising, and utilizing a variety of resources and methods for research across disciplinary lines.
3. Proficiency in categorizing, analyzing and comparing diverse systems of value and belief in a variety of contexts.
4. Global and local religious literacy; identifying, evaluating, and interpreting the interrelationships and impact of religious worldviews and communities in Wisconsin, the United States and globally.

## ADVISING AND CAREERS

# SCHOOL OF JOURNALISM AND MASS COMMUNICATION

The School of Journalism and Mass Communication (SJMC), founded in 1905, offers professional education within the context of the liberal arts degree of the College of Letters & Science. The student earns the

journalism bachelor of arts (JBA) or journalism bachelor of science (JBS) degree upon completion of the journalism program. Students are required to complete at least one of the two tracks described below.

The school seeks to provide students with both a broad cultural base for future careers and the competence to do professional work immediately after graduation. Of the 120 credits required for graduation, at least 21 must be in the social sciences/humanities—for example, economics, history, psychology, political science, sociology. In addition to skills courses, students are required to take courses in conceptual subjects such as law and history of mass communication, public opinion, international communication and communication theory. The student approaches mass communication as science, art, and service while relating it to many facets of society.

## PRACTICAL EXPERIENCE: ORGANIZATIONS

The school encourages students to gain practical experience through part-time jobs and internships. Student media include (but are not limited to) *The Daily Cardinal*, the *Badger Herald* (http://www.badgerherald.com), WSUM radio (http://wsum.wisc.edu) and the Wisconsin Union Directorate Publications (https://union.wisc.edu/get-involved/wud/publications). Student organizations related to the school and major include (but are not limited to) the Public Relations Student Society of America (PRSSA), the Advertising Club, the Society of Professional Journalists (SPJ) and the Association for Women in Communication (AWC). Professionals from the media and related fields appear often in classes and meet with students in professional student organizations.

## INTERNSHIPS

Students planning careers as media professionals are encouraged to hold one or more internships in the area of their academic specialization(s). **Declared journalism majors** or prospective journalism majors with no other declared major may earn course credit for internships that relate to their professional tracks. As part of their degree programs, students may earn a maximum of 3 credits of JOURN 697 Internship during their undergraduate careers. Students may only earn one credit of JOURN 697 per semester, but may repeat the credit up to three times. Students who want to earn degree credit for their internships should consult with career advisor Pam Garcia-Rivera **before they accept an internship.** Students must enroll in JOURN 697 at the time they hold the internship.

JOURN 697 does not count as part of the 30 minimum journalism credits required for graduation. Students who wish to enroll in JOURN 697 should see Pam Garcia-Rivera for authorization to enroll.

## JOB INFORMATION SERVICE

The school provides a job listing service at this link (http://journalism.wisc.edu/career-services/current-listings) on its website. Questions concerning that can be directed to Pam Garcia-Rivera.

Current students and recent alumni are encouraged to meet with the undergraduate career advisor to discuss career and internship opportunities. Students may consult the school website (http://journalism.wisc.edu/career-services) or with the undergraduate career advisor for specific information.

## DEGREES/MAJORS/CERTIFICATES

- Journalism, JBA (p. 1286)
- Journalism, JBS (p. 1290)
- Sports Communication, Certificate (p. 1294)

to their professional tracks. As part of their degree programs, students may earn a maximum of 3 credits of JOURN 697 Internship during their undergraduate careers. Students may earn only one credit of JOURN 697 per semester, but may repeat the credit up to three times. Students who wish to earn degree credit for their internships should consult with career advisor Pam Garcia-Rivera **before they accept an internship.** Students must enroll in JOURN 697 at the time they hold the internship. Students who wish to enroll in JOURN 697 should see Pam Garcia-Rivera for authorization to enroll.

## HOW TO GET IN

# ADMISSION TO THE JOURNALISM DEGREE PROGRAM

Students who wish to declare themselves as degree candidates in journalism must submit an application to the School of Journalism and Mass Communication (SJMC). Applications are accepted each fall and spring semester for admission the following semester. Prospective degree candidates must present to the school a record of academic achievement, writing ability and extracurricular participation that indicate a probability of success in some field of communication.

In order to apply for admission to the school, students must have met the following requirements:

- A minimum of 24 credits completed by the end of the semester in which they apply, including transfer credits but excluding AP and retroactive language credits.
- Completion of JOURN 201 by the end of the semester in which they apply. Students may have no more than 16 credits in Journalism courses taken at UW–Madison when applying for admission.

Transfer students must be enrolled for at least one semester at UW–Madison before applying for admission to the SJMC (their first semester may be in progress at the time they submit their application). Students transferring journalism course credit from other colleges and universities should check their record of transferred credit with the SJMC undergraduate academic advisor. The academic advisor is available for consultation at most SOAR orientation sessions for transfer students.

The number of students to be admitted in a given semester is subject to change based on the school's capacity to provide adequate access to required courses. Admissions decisions are based on the entire application, with particular emphasis on academic performance and writing ability. Specific guidelines for submitting the application portfolio are available online at this link (http://journalism.wisc.edu/undergraduate/admissions/the-application) or in SJMC academic advising. The academic advisor conducts one-hour information sessions for applicants each semester, with dates and times listed on the application; these sessions are highly recommended and provide more information for applicants than is possible in a one-on-one advising meeting.

After admission to the school, the student's classification will be changed to JBA or JBS to reflect this change in status.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B *<br><br>* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements. |

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |

| | |
|---|---|
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

Students must complete 31 credits in major course work, to include:

## INTRODUCTORY REQUIREMENTS

| Code | Title | Credits |
|---|---|---|
| **Introduction to Journalism** | | |
| JOURN 201 | Introduction to Mass Communication | 4 |
| JOURN 202 | Mass Communication Practices | 6 |
| JOURN 203 | Information for Communication | 2 |
| **Social Science and Humanities** | | 12 |
| Intermediate/Advanced courses from at least three distinct Subjects [1] | | |
| Total Credits | | 24 |

[1] Courses cross-listed in JOURN **may *not* count** toward this requirement.

## TRACKS

Students must complete one of two tracks: **Journalism**, which focuses on reporting, or **Strategic Communication**, which focuses on forms of persuasive communication that includes advertising and public relations). [3]

### Journalism

| Code | Title | Credits |
|---|---|---|
| JOURN 335 | Principles and Practices of Reporting | 4 |
| **Advanced Reporting - one course:** | | 4 |
| JOURN 401 | In-Depth Reporting | |
| JOURN 404 | Interpretation of Contemporary Affairs | |
| JOURN 405 | Creative Nonfiction | |
| JOURN 411 | Multimedia Design [4] | |
| JOURN 417 | Magazine Publishing [4] | |
| JOURN 420 | Investigative Reporting | |
| JOURN 425 | Video Journalism [4] | |
| JOURN 426 | Community-Based Reporting | |
| JOURN 453 | Strategic Media Relations | |
| JOURN 455 | Emerging Media and the News | |
| JOURN 456 | Long Form Video | |
| JOURN 475 | Special Topics in Advanced Concepts and Skills [2] | |
| Total Credits | | 8 |

### Strategic Communication

| Code | Title | Credits |
|---|---|---|
| JOURN 345 | Principles and Practice of Strategic Communication | 4 |
| **Advanced Strategic Communication—one course:** | | 4 |
| JOURN 411 | Multimedia Design [4] | |
| JOURN 417 | Magazine Publishing [4] | |
| JOURN 445 | Creative Campaign Messages [4] | |
| JOURN 447 | Strategic Media Planning | |
| JOURN 449 | Account Planning and Strategy [4] | |
| JOURN 453 | Strategic Media Relations | |
| JOURN 455 | Emerging Media and the News | |
| JOURN 456 | Long Form Video | |
| JOURN 463 | Digital Media Strategies [4] | |
| JOURN 464 | Public Relations Strategies [4] | |
| JOURN 470 | Strategic Communication Campaigns Capstone | |
| JOURN 475 | Special Topics in Advanced Concepts and Skills [2] | |
| Total Credits | | 8 |

## PERSPECTIVES, TOPICS AND ADVANCES

| Code | Title | Credits |
|---|---|---|
| **Perspectives (Two courses):** | | 6-8 |
| JOURN/ HISTORY 560 | History of Mass Communication | |
| JOURN 561 | Mass Communication and Society | |
| JOURN 563 | Law of Mass Communication | |

| | | |
|---|---|---|
| JOURN 564 | Media and the Consumer | |
| JOURN 565 | Effects of Mass Communication | |
| JOURN 566 | Communication and Public Opinion | |
| **Topics or Advances (1 course):** | | 3-4 |
| JOURN/ COM ARTS/ HDFS 616 | Mass Media and Youth | |
| JOURN 618 | Mass Communication and Political Behavior | |
| JOURN 620 | International Communication | |
| JOURN 658 | Communication Research Methods | |
| JOURN/ ASIAN AM 662 | Mass Media and Minorities | |
| JOURN 666 | Professional Responsibility in Mass Communication | |
| JOURN 669 | Literary Aspects of Journalism | |
| JOURN 675 | Topics in Government and Mass Media | |
| JOURN 676 | Special Topics in Mass Communication | |
| Advances: | | |
| JOURN/ COM ARTS/ LSC 617 | Health Communication in the Information Age | |
| JOURN 622 | The Impact of Emerging Media | |
| JOURN 664 | Social Networks in Communication | |
| JOURN 670 | Community Service Learning: Technology for Social Change [4] | |
| JOURN/L I S 677 | Concepts and Tools for Data Analysis and Visualization [4] | |
| JOURN 678 | Legal & Ethical Dimensions of Emerging Media | |
| Total Credits | | 9-12 |

[2] Special Topics courses may count for either track, or no track, depending on Topic. Consult the advisor for this major to determine eligibility of JOURN 475 to meet a major requirement.

[3] Students planning to complete both tracks should consult with the undergraduate academic advisor about course availability and planning.

[4] Course may be applied to the digital studies certificate.

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all JOURN and all major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence [5]
- 15 credits in JOURN, taken on the UW–Madison campus

[5] JOURN 400–699 are upper-level in the major.

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Journalism undergraduate advisor.

### HONORS IN THE JOURNALISM MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.400 GPA for all JOURN courses and all courses that count toward the major
- Complete one additional Topics or Advances course, for a total of two Topics or Advances courses
- Earn a grade of B or better in the four Perspectives, Topics and Advances courses
- Complete a two-semesters of Senior Honors Thesis in JOURN 681 and JOURN 682, for a total of 6 credits.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Convey information and express ideas effectively in contemporary media.
2. Understand the responsible and ethical use of mass media.
3. Appreciate the media's relationship with social, political, legal and economic systems.
4. Think strategically, creatively and critically, to solve problems in a professional context.

## FOUR-YEAR PLAN

## SAMPLE FOUR-YEAR PLAN

The Sample Four-Year Plan is a tool to assist you and your advisor(s). Use it along with your DARS report and the Course Guide. You will make your own Four-Year Plan based on your placement scores, incoming credits, and individual interests. As you become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, you might adjust the order of your courses to accommodate these experiences. You will likely revise your own four-year plan several times during college.

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A | 3 | JOURN 201 | 4 |
| Quantitative Reasoning A | 3-4 | Ethnic Studies | 3 |
| Science Breadth | 3 | Biologial Science Breadth | 3 |
| Foreign Language (if needed) | 4 | Foreign Language (if needed) | 4 |
| | 13 | | 14 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|

Total Credits 120

## ADVISING AND CAREERS

# JOB INFORMATION SERVICE

The school provides a job listing service at current listings (https://journalism.wisc.edu/career-services/current-listings) on the SJMC website. Questions concerning that can be directed to Pam Garcia-Rivera.

Current students and recent alumni are encouraged to meet with the undergraduate career advisor to discuss career and internship opportunities. Students may consult the school website (http://journalism.wisc.edu/career-services) or with the undergraduate career advisor for specific information.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

Associate Professors Riddle, Wagner, Wells
Assistant Professors Cascio, Culver, Graves, McGarr, Palmer

# JOURNALISM, JBS

The School of Journalism and Mass Communication (SJMC), founded in 1905, offers professional education within the context of the liberal arts degree of the College of Letters & Science. The student earns the journalism bachelor of arts (JBA) or journalism bachelor of science (JBS) degree upon completion of the program. Students are required to complete at least one of the two professional tracks, Journalism or Strategic Communication.

The school seeks to provide students with both a broad cultural base for future careers and the competence to do professional work immediately after graduation. Of the 120 credits required for graduation, at least 21 must be in the social sciences/humanities—for example, economics, history, psychology, political science, sociology. In addition to skills courses, students are required to take courses in conceptual subjects

such as law and history of mass communication, public opinion, international communication and communication theory. The student approaches mass communication as science, art, and service while relating it to many facets of society.

## PRACTICAL EXPERIENCE: ORGANIZATIONS

The school encourages students to gain practical experience through part-time jobs and internships. Student media include (but are not limited to) *The Daily Cardinal*, the *Badger Herald* (http://www.badgerherald.com), WSUM radio (http://wsum.wisc.edu) and the Wisconsin Union Directorate Publications (https://union.wisc.edu/get-involved/wud/publications). Student organizations related to the school and major include (but are not limited to) the Public Relations Student Society of America (PRSSA), the Advertising Club, the Society of Professional Journalists (SPJ) and the Association for Women in Communication (AWC). Professionals from the media and related fields appear often in classes and meet with students in professional student organizations.

## INTERNSHIPS

Students planning careers as media professionals are encouraged to hold one or more internships in the area of their academic specialization(s). **Declared journalism majors** or prospective Journalism majors with no other declared major may earn course credit for internships that relate to their professional tracks. As part of their degree programs, students may earn a maximum of 3 credits of JOURN 697 Internship during their undergraduate careers. Students may earn only one credit of JOURN 697 per semester, but may repeat the credit up to three times. Students who wish to earn degree credit for their internships should consult with career advisor Pam Garcia-Rivera **before they accept an internship.** Students must enroll in JOURN 697 at the time they hold the internship. Students who wish to enroll in JOURN 697 should see Pam Garcia-Rivera for authorization to enroll.

# HOW TO GET IN

## ADMISSION TO THE JOURNALISM DEGREE PROGRAM

Students who wish to declare themselves as degree candidates in journalism must submit an application to the School of Journalism and Mass Communication (SJMC). Applications are accepted each fall and spring semester for admission the following semester. Prospective degree candidates must present to the school a record of academic achievement, writing ability and extracurricular participation that indicate a probability of success in some field of communication.

In order to apply for admission to the school, students must have met the following requirements:

- A minimum of 24 credits completed by the end of the semester in which they apply, including transfer credits but excluding AP and retroactive language credits.
- Completion of JOURN 201 by the end of the semester in which they apply. Students may have no more than 16 credits in Journalism courses taken at UW–Madison when applying for admission.

Transfer students must be enrolled for at least one semester at UW–Madison before applying for admission to the SJMC (their first semester may be in progress at the time they submit their application). Students transferring journalism course credit from other colleges and universities should check their record of transferred credit with the SJMC undergraduate academic advisor. The academic advisor is available for consultation at most SOAR orientation sessions for transfer students.

The number of students to be admitted in a given semester is subject to change based on the school's capacity to provide adequate access to required courses. Admissions decisions are based on the entire application, with particular emphasis on academic performance and writing ability. Specific guidelines for submitting the application portfolio are available online at this link (http://journalism.wisc.edu/undergraduate/admissions/the-application) or in SJMC academic advising. The academic advisor conducts one-hour information sessions for applicants each semester, with dates and times listed on the application; these sessions are highly recommended and provide more information for applicants than is possible in a one-on-one advising meeting.

After admission to the school, the student's classification will be changed to JBA or JBS to reflect this change in status.

# REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

General Education

- Breadth—Humanities/Literature/Arts: 6 credits
- Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
- Breadth—Social Studies: 3 credits
- Communication Part A & Part B *
- Ethnic Studies *
- Quantitative Reasoning Part A & Part B *

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree

requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

Students must complete 31 credits in major course work, to include:

## INTRODUCTORY REQUIREMENTS

| Code | Title | Credits |
|---|---|---|
| **Introduction to Journalism** | | |
| JOURN 201 | Introduction to Mass Communication | 4 |
| JOURN 202 | Mass Communication Practices | 6 |
| JOURN 203 | Information for Communication | 2 |
| **Social Science and Humanities** | | 12 |
| Intermediate/Advanced courses from at least three distinct Subjects [1] | | |
| Total Credits | | 24 |

[1] Courses cross-listed in JOURN **may *not* count** toward this requirement.

## TRACKS

Students must complete one of two tracks: **Journalism**, which focuses on reporting, or **Strategic Communication**, which focuses on forms of persuasive communication that includes advertising and public relations). [3]

### Journalism

| Code | Title | Credits |
|---|---|---|
| JOURN 335 | Principles and Practices of Reporting | 4 |
| **Advanced Reporting - one course:** | | 4 |
| JOURN 401 | In-Depth Reporting | |
| JOURN 404 | Interpretation of Contemporary Affairs | |
| JOURN 405 | Creative Nonfiction | |
| JOURN 411 | Multimedia Design [4] | |
| JOURN 417 | Magazine Publishing [4] | |
| JOURN 420 | Investigative Reporting | |
| JOURN 425 | Video Journalism [4] | |
| JOURN 426 | Community-Based Reporting | |
| JOURN 453 | Strategic Media Relations | |
| JOURN 455 | Emerging Media and the News | |
| JOURN 456 | Long Form Video | |
| JOURN 475 | Special Topics in Advanced Concepts and Skills [2] | |
| Total Credits | | 8 |

### Strategic Communication

| Code | Title | Credits |
|---|---|---|
| JOURN 345 | Principles and Practice of Strategic Communication | 4 |
| **Advanced Strategic Communication—one course:** | | 4 |
| JOURN 411 | Multimedia Design [4] | |
| JOURN 417 | Magazine Publishing [4] | |
| JOURN 445 | Creative Campaign Messages [4] | |
| JOURN 447 | Strategic Media Planning | |
| JOURN 449 | Account Planning and Strategy [4] | |
| JOURN 453 | Strategic Media Relations | |
| JOURN 455 | Emerging Media and the News | |
| JOURN 456 | Long Form Video | |
| JOURN 463 | Digital Media Strategies [4] | |
| JOURN 464 | Public Relations Strategies [4] | |
| JOURN 470 | Strategic Communication Campaigns Capstone | |
| JOURN 475 | Special Topics in Advanced Concepts and Skills [2] | |
| Total Credits | | 8 |

### PERSPECTIVES, TOPICS AND ADVANCES

| Code | Title | Credits |
|---|---|---|
| **Perspectives (Two courses):** | | 6-8 |
| JOURN/ HISTORY 560 | History of Mass Communication | |
| JOURN 561 | Mass Communication and Society | |
| JOURN 563 | Law of Mass Communication | |
| JOURN 564 | Media and the Consumer | |
| JOURN 565 | Effects of Mass Communication | |
| JOURN 566 | Communication and Public Opinion | |
| **Topics or Advances (1 course):** | | 3-4 |
| JOURN/ COM ARTS/ HDFS 616 | Mass Media and Youth | |
| JOURN 618 | Mass Communication and Political Behavior | |
| JOURN 620 | International Communication | |
| JOURN 658 | Communication Research Methods | |
| JOURN/ ASIAN AM 662 | Mass Media and Minorities | |
| JOURN 666 | Professional Responsibility in Mass Communication | |
| JOURN 669 | Literary Aspects of Journalism | |
| JOURN 675 | Topics in Government and Mass Media | |
| JOURN 676 | Special Topics in Mass Communication | |
| Advances: | | |
| JOURN/ COM ARTS/ LSC 617 | Health Communication in the Information Age | |
| JOURN 622 | The Impact of Emerging Media | |
| JOURN 664 | Social Networks in Communication | |
| JOURN 670 | Community Service Learning: Technology for Social Change [4] | |
| JOURN/L I S 677 | Concepts and Tools for Data Analysis and Visualization [4] | |
| JOURN 678 | Legal & Ethical Dimensions of Emerging Media | |
| Total Credits | | 9-12 |

[2] Special Topics courses may count for either track, or no track, depending on Topic. Consult the advisor for this major to determine eligibility of JOURN 475 to meet a major requirement.

[3] Students planning to complete both tracks should consult with the undergraduate academic advisor about course availability and planning.

[4] Course may be applied to the digital studies certificate.

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all JOURN and all major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence [5]
- 15 credits in JOURN, taken on the UW–Madison campus

[5] JOURN 400–699 are upper-level in the major.

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Journalism undergraduate advisor.

### HONORS IN THE JOURNALISM MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.400 GPA for all JOURN courses and all courses that count toward the major
- Complete one additional Topics or Advances course, for a total of two Topics or Advances courses
- Earn a grade of B or better in the four Perspectives, Topics and Advances courses
- Complete a two-semesters of Senior Honors Thesis in JOURN 681 and JOURN 682, for a total of 6 credits.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Convey information and express ideas effectively in contemporary media.
2. Understand the responsible and ethical use of mass media.
3. Appreciate the media's relationship with social, political, legal and economic systems.
4. Think strategically, creatively and critically, to solve problems in a professional context.

## FOUR-YEAR PLAN

## SAMPLE FOUR-YEAR PLAN

The Sample Four-Year Plan is a tool to assist you and your advisor(s). Use it along with your DARS report and the Course Guide. You will make your own Four-Year Plan based on your placement scores, incoming credits, and individual interests. As you become involved in athletics,

honors, research, student organizations, study abroad, volunteer experiences, and/or work, you might adjust the order of your courses to accommodate these experiences. You will likely revise your own four-year plan several times during college.

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A | 3 | JOURN 201 | 4 |
| Quantitative Reasoning A | 3-4 | Ethnic Studies | 3 |
| Science Breadth | 3 | Biologial Science Breadth | 3 |
| Foreign Language (if needed) | 4 | Foreign Language (if needed) | 4 |
| | 13 | | 14 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| JOURN 202 | 6 | JOURN 335 or 345 | 4 |
| JOURN 203 | 2 | Literature Breadth | 4 |
| Quantitative Reasoning B | 3 | Physical Science Breadth | 3 |
| Social Science Breadth | 4 | Social Science Breadth | 4 |
| | | INTER-LS 210 | 1 |
| | 15 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Journalism or Strategic Communication course | 4 | Perspectives course | 4 |
| Intermediate/Advanced Humanities or Social Science for JBA/JBS | 4 | Intermediate/Advanced Humanities or Social Science for JBA/JBS | 4 |
| Literature Breadth | 4 | Intermediate/Advanced COMP SCI, MATH, or STAT (if JBS) | 3-4 |
| Science Breadth | 3 | Science Breadth | 3 |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Perspectives course (JOURN 500+) | 4 | Topics or Advances course (JOURN 600+) | 3-4 |
| Intermediate/Advanced Humanities or Social Science for JBA/JBS | 4 | Electives | 12 |
| Intermediate/Advanced COMP SCI, MATH, or STAT (if JBS) | 3-4 | | |
| Electives | 5 | | |
| | 16 | | 16 |

Total Credits 120

## ADVISING AND CAREERS

# JOB INFORMATION SERVICE

The school provides a job listing service at current listings (https://journalism.wisc.edu/career-services/current-listings) on the SJMC website. Questions concerning that can be directed to Pam Garcia-Rivera.

Current students and recent alumni are encouraged to meet with the undergraduate career advisor to discuss career and internship opportunities. Students may consult the school website (http://journalism.wisc.edu/career-services) or with the undergraduate career advisor for specific information.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

Associate Professors Riddle, Wagner, Wells
Assistant Professors Cascio, Culver, Graves, McGarr, Palmer

# SPORTS COMMUNICATION, CERTIFICATE

The Certificate in Sports Communication is a 12-credit program that provides students with practical skills training and knowledge for success in the growing professions of sports journalism/broadcasting and sports strategic communication (sports marketing communication, and media/public relations). The program also includes coursework on sports, media and society. This program serves both Journalism majors (as an elective sequence) and non-Journalism majors (providing an

opportunity for them to take professional skills courses in journalism and strategic communication). Many of these courses can be taken online and over the summer to maximize flexibility for student schedules.

The certificate includes a required Introduction to Sports Communication, a choice of professional skills courses on either Sports Marketing Communications or Advanced Sports Communication and a Social Impacts course. Students will take a final elective course, which can be a professional enrichment course such as an internship, careers colloquium or directed study.

## HOW TO GET IN

The Certificate in Sports Communication will be open to any University of Wisconsin-Madison undergraduate. Students may declare or cancel the certificate at any time in consultation with the School of Journalism and Mass Communication undergraduate advisor and administrative staff.

## REQUIREMENTS

### SPORTS COMMUNICATION CERTIFICATE REQUIREMENTS

The certificate requires 12 credits as follows:[1]

| Code | Title | Credits |
|---|---|---|
| **Survey Course:** | | |
| JOURN 150 | Introduction to Sports Communication | 3 |
| **One Skills course from the following:** | | 3 |
| JOURN 350 | Sports Marketing Communications | |
| JOURN 450 | Advanced Sports Communication | |
| **One Social Impacts course from the following:** | | 3 |
| HISTORY 136 | Sport, Recreation, & Society in the United States | |
| JOURN 162 | Mass Media in Multicultural America | |
| COM ARTS 359 | Sports Media | |
| **One Professional Enrichment course from the following:** | | 1-3 |
| INTER-LS 260 | Internship in the Liberal Arts and Sciences | |
| JOURN 601 | Colloquium in Professional Communication Careers | |
| JOURN 697 | Internship | |
| JOURN 699 | Directed Study | |
| COM ARTS 614 | Field Experience in Communication | |
| COM ARTS 615 | Second Field Experience in Communication | |
| **Elective credit from any course above to achieve 12 credits** | | 0-2 |
| Total Credits | | 12 |

### RESIDENCE AND QUALITY OF WORK

- 2.000 on all certificate-approved courses
- At least 6 credits in the certificate must be taken in residence

[1] Courses taken on a Pass/Fail basis do meet requirements of the certificate.

### CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. Students will be able to convey information and express ideas pertaining to sports effectively in contemporary media.
2. Students will understand the responsible and ethical use of mass media to disseminate information to sports-interested audiences.
3. Students will be able to articulate the role of sports in culture and society and the media's relationship to that role.
4. Students will be able to think strategically, creatively and critically to meet the demands and challenges of informing the public about sports while understanding the norms of amateur and professional sports organizations.

## ADVISING AND CAREERS

Robert Schwoch is the undergraduate advisor for the Sports Communication Certificate. Students are encouraged to meet with Schwoch when they have questions about the courses and requirements for the certificate. Contact him by email at schwoch@wisc.edu.

The Sports Certificate Program encourages students to get involved in sports-related internships and career-building courses (see certificate requirements). Students seeking assistance in securing internships and/or planning their careers should contact Pamela Garcia-Rivera, Media, Information and Communication Career Advisor. Contact her by email at pgarciariver@wisc.edu.

## PEOPLE

Professors: McLeod, H. Shah (director)
Faculty Associates: Black

# SOCIAL WORK

Social work's special contribution rests on an established body of knowledge, values and skills pertinent to understanding human relationships and the interaction between people as individuals, in families, groups, organizations, and communities.

Undergraduates in the School of Social Work receive a liberal arts education in the social and behavioral sciences and their application to human problems that prepares them to be informed citizens involved in human services or social welfare problems and policies. Students take courses in a variety of social sciences to enable them to view social welfare in its broad social, economic, and political contexts.

Social work courses offer a theoretical understanding of social problems and an introduction to practice methods used by social workers. The curriculum covers such areas as aging, family and child welfare, poverty, mental health, developmental disabilities, alcohol and drug abuse, diversity, race and ethnicity, criminal justice, oppression and social, economic and environmental justice, and at-risk populations.

## MISSION

The mission of the UW–Madison School of Social Work is to enhance human well-being and promote human rights and social and economic justice for people who are disadvantaged to achieve an equitable, healthy, and productive society. The school aims to:

- Create, advance, strengthen, and integrate interdisciplinary knowledge for students and the profession through research, scholarship, teaching and practice.
- Educate students to become highly skilled, culturally competent and ethical practitioners who will provide effective leadership for the profession of social work within the State of Wisconsin, nationally, and internationally.
- Promote change at levels ranging from the individual to national and international policy, including empowering communities and populations that are disadvantaged and developing humane service delivery systems.
- Create and disseminate knowledge regarding the prevention and amelioration of social problems.

## UNDERGRADUATE DEGREE PROGRAMS

The School of Social Work offers a **bachelor of social work (BSW)** degree or a **bachelor of arts (B.A.)** or **bachelor of science (B.S.)** degree with a major in social welfare. The BSW and the social welfare major prepare students for further academic study or for employment in selected human service arenas. The BSW prepares students as beginning-level professional social workers. The social welfare major offers an overview of current social problems.

## CERTIFICATE PROGRAMS

BSW students and social welfare majors often choose the following certificate programs: American Indian studies, business, criminal justice, gender and women's studies, global health, LGBTQ+ studies, and religious studies. More details about certificates are available in this *Guide*.

## GRADUATE SCHOOL

BSW students completing professional foundation courses with a grade of B or better are eligible for advanced standing in the master's program. For more information see the School of Social Work website FAQs on "Admissions: Advanced Standing & Exemptions (https://socwork.wisc.edu/fulltimemsw-faq)."

## DEGREES/MAJORS/CERTIFICATES

- Social Welfare, B.A. (p. 1296)
- Social Welfare, B.S. (p. 1304)
- Social Work, BSW (p. 1311)

## PEOPLE

Professors: Lawrence M. Berger, MSW, Ph.D.; Jan Steven Greenberg, MSSW, Ph.D.; Betty J. Kramer, MSSW, Ph.D.; Katherine Magnuson, Ph.D.; Daniel R. Meyer, MSW, Ph.D.; Stephanie A. Robert, MSW, Ph.D.; Tracy Schroepfer, MSW, Ph.D., Kristen Slack, A.M., Ph.D.

Associate Professors: Marah A. Curtis, MSW, Ph.D.; Tally Moses, MSW, Ph.D.

Assistant Professors: Lauren Bishop-Fitzpatrick, Ph.D.; Pajarita Charles, MPA, MSW, Ph.D.; Lara Gerassi, MSW, Ph.D.; Jooyoung Kong, MSW, Ph.D.; Alejandra Ros Pilarz, Ph.D.; Tova Walsh, MSW, Ph.D.; Yang Sao Xiong, Ph.D.

Clinical Associate Professor: Audrey Conn, MSSW, APSW; Ellen Smith, MSSW

Clinical Assistant Professors: Laura Dresser, MSW, Ph.D.; Amanda Ngola, MSW, LCSW; Lynette Studer, MSSW, Ph.D.; Angela Willits, MSW, LCSW

# SOCIAL WELFARE, B.A.

Social work's special contribution rests on an established body of knowledge, values and skills pertinent to understanding human relationships and the interaction between people as individuals, in families, groups, organizations, and communities.

Undergraduates in the School of Social Work receive a liberal arts education in the social and behavioral sciences and their application to human problems that prepares them to be informed citizens involved in human services or social welfare problems and policies. Students take courses in a variety of social sciences to enable them to view social welfare in its broad social, economic, and political contexts.

Social work courses offer a theoretical understanding of social problems and an introduction to practice methods used by social workers. The curriculum covers such areas as aging, family and child welfare, poverty, mental health, developmental disabilities, alcohol and drug abuse, diversity, race and ethnicity, criminal justice, oppression and social, economic and environmental justice, and at-risk populations.

## MISSION

The mission of the UW–Madison School of Social Work is to enhance human well-being and promote human rights and social and economic justice for people who are disadvantaged to achieve an equitable, healthy, and productive society. The school aims to:

- Create, advance, strengthen, and integrate interdisciplinary knowledge for students and the profession through research, scholarship, teaching and practice.
- Educate students to become highly skilled, culturally competent and ethical practitioners who will provide effective leadership for the profession of social work within the State of Wisconsin, nationally, and internationally.
- Promote change at levels ranging from the individual to national and international policy, including empowering communities and populations that are disadvantaged and developing humane service delivery systems.
- Create and disseminate knowledge regarding the prevention and amelioration of social problems.

## UNDERGRADUATE DEGREE PROGRAMS

The School of Social Work offers a **bachelor of social work (BSW)** degree or a **bachelor of arts (B.A.)** or **bachelor of science (B.S.)** degree with a major in social welfare. The BSW and the social welfare major prepare students for further academic study or for employment in selected human service arenas. The social welfare major offers an overview of current social problems.

## CERTIFICATE PROGRAMS

BSW students and social welfare majors often choose the following certificate programs: American Indian studies, business, criminal justice, gender and women's studies, global health, LGBTQ+ studies, and religious studies. More details about certificates are available in this Guide.

# HOW TO GET IN

Regardless of  program of interest, students begin their course of study by taking SOC WORK 205 and SOC WORK 206 in either the freshman or sophomore year. Students can declare the social welfare major as early as the freshman year as long as they are enrolled in SOC WORK 205 and/or SOC WORK 206. More typically, students declare the major in the sophomore year while in or having competed SOC WORK 205 and/or SOC WORK 206. To declare the major, students should make an appointment and meet with one of the social welfare academic advisors at the School of Social Work.

# REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |

| | |
|---|---|
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

Complete a minimum of 32 credits, to be attained via the requirements detailed below.

## SOCIAL WELFARE POLICY & SERVICES

| Code | Title | Credits |
|---|---|---|
| **Complete both:** | | |
| SOC WORK 205 | Introduction to the Field of Social Work | 4 |
| SOC WORK 206 | Introduction to Social Policy | 4 |

## SOCIAL SCIENCE CONCENTRATION

Complete two Intermediate or Advanced level courses from one of the following social science concentration areas:[1]

### Afro-American Studies

| Code | Title | Credits |
|---|---|---|
| AFROAMER 302 | Undergraduate Studies in Afro-American History | 3 |
| AFROAMER 303 | Blacks, Film, and Society | 3 |
| AFROAMER/ HISTORY 321 | Afro-American History Since 1900 | 3-4 |

### HUMAN BEHAVIOR & THE SOCIAL ENVIRONMENT

| Code | Title | Credits |
|---|---|---|
| **Complete both:** | | |
| SOC WORK 457 | Human Behavior and the Environment (junior year, spring semester) | 3 |
| SOC WORK 640 | Diversity, Oppression and Social Justice in Social Work (junior year, fall semester) | 3 |

### STATISTICS & RESEARCH

| Code | Title | Credits |
|---|---|---|
| **Statistics** | | |
| *Complete one course from:* | | *3-4* |
| STAT 301 | Introduction to Statistical Methods (recommended) | |
| or STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| or PSYCH 210 | Basic Statistics for Psychology | |
| or SOC/ C&E SOC 360 | Statistics for Sociologists I | |
| **Research** | | |
| *Complete one course from:* | | *3-4* |
| SOC WORK 650 | Methods of Social Work Research | |
| or PSYCH 225 | Research Methods | |
| or SOC/ C&E SOC 357 | Methods of Sociological Inquiry | |
| Total Credits | | 6-8 |

### ELECTIVES IN SOCIAL WELFARE

Complete two Intermediate or Advanced level SOC WORK courses. [2]

[1] Courses must be selected from these approved lists.

[2] No more than 3 credits of SOC WORK 699 may be used to meet this requirement.

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all SOC WORK and all major courses
- 2.000 GPA on 15 upper-level major credits taken in residence[3]
- 15 credits in SOC WORK, taken on the UW–Madison campus

[3] SOC WORK courses designated as Intermediate or Advanced level, PSYCH 225, and SOC/C&E SOC 357 count as upper-level in the major.

## HONORS IN THE MAJOR

Students may apply for admission to Honors in the Major in consultation with the social welfare undergraduate advisor before beginning the Senior Honors Thesis. Students must make arrangements with a faculty member to sponsor their research project before admission will be granted.

### HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.400 GPA for all SOC WORK and all major courses
- Complete SOC WORK 650
- Complete one SOC WORK elective related to Senior Honors Thesis research topic
- Complete SOC WORK 579 concurrently with SOC WORK 681
- Complete a two-semester Senior Honors Thesis in SOC WORK 681 and SOC WORK 682, for a total of 6 credits, with a grade of B or better
- Present thesis results at a department colloquium.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Identify foundational aspects of the US social welfare system and the history of the social work profession.
2. Recognize human differences and how social welfare systems interact with these differences to shape opportunities and outcomes for individuals, groups, and communities.
3. Demonstrate an ability to critically evaluate research with respect to its relevance, quality, and utility for addressing social welfare issues.
4. Synthesize and communicate knowledge relevant to social welfare issues.
5. Practice self-awareness of one's values, beliefs, and biases regarding the causes and consequences of social welfare issues.
6. Connect awareness of self, systems and social welfare knowledge to promote human dignity and justice.

## FOUR-YEAR PLAN

This sample plan is a tool to assist you and your advisor(s). Use it along with your DARS report and the Course Guide. You will make your own four year plan based on your placement scores, incoming credits, and individual interests.

As you become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, you might adjust the order of your courses to make room for these experiences. Social welfare majors are encouraged to gain social service experience through volunteer work. See the social work

advisors or contact the Morgridge Center for Public Service (http://www.morgridge.wisc.edu), 263-2432, for information on volunteering.

Students wishing to apply to the Bachelor of Social Work (BSW) program must do so in Spring of Junior year.

You will likely revise your four year plan several times during college. While your credits per term may vary, they should add up to 120 in the end.

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A | 3 | Ethnic Studies | 3-4 |
| Quantitative Reasoning A | 3-4 | Literature Breadth | 4 |
| Biological Science Breadth | 3 | Physical Science Breadth | 3 |
| Foreign Language (if needed) | 4 | Foreign Language (if needed) | 4 |
| | 14 | | 14 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| SOC WORK 205 (can be taken Freshman or Sophomore year) | 4 | SOC WORK 206 (can be taken Freshman or Sophomore year) | 4 |
| Humanities Breadth | 4 | Communication B | 4 |
| Literature Breadth | 4 | Science Breadth | 3-4 |
| Elective | 3 | Elective | 4 |
| INTER-LS 210[1] | 1 | | |
| | 16 | | 15 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| SOC WORK 640 | 3 | SOC WORK 457 | 3 |
| STAT 301, 371, PSYCH 210, or SOC 360 | 3 | SOC WORK elective (I/A-level) | 3-4 |
| Social Science Concentration course[2] | 3-4 | Social Science Concentration course[2] | 3-4 |
| Electives (I/A-level) | 6 | I/A COMP SCI, MATH, or STAT (if B.S.) | 3-4 |
| | 16 | | 15 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| SOC WORK elective (I/A-level) | 3-4 | SOC WORK 650 | 3 |
| Electives (I/A-level) | 12 | SOC WORK elective (I/A-level) | 3-4 |
| | | Electives (I/A-level) | 8 |
| | 15 | | 15 |

Total Credits 120

Note: SOC WORK 100 is a pre-major elective course that can be taken in the first year, if offered; it is not required for the major.

1 The College encourages students to take INTER-LS 210 in their second year (or anytime); it is recommended but not required.

2 Take two Intermediate or Advanced level courses from one of the following social science departments: Afro-American Studies, American Indian Studies, Anthropology, Asian American Studies, Chicana/o and Latina/o Studies, Economics, Gender and Women's Studies, Political Science, Psychology, Sociology.

## ADVISING AND CAREERS

# ADVISING

Students interested in either the social welfare major or bachelor of social work meet with the social work advisors to discuss degree requirements; career opportunities; complete the major declaration; and confer on student issues and concerns. Advisors are an excellent resource for information about campus and community services. Students should see an advisor at least once each semester to review academic progress. Advising appointments are made through the school's website (https://socwork.wisc.edu/appointments) or by calling 608-263-3660. Social work faculty members are available for advice about coursework, research, and the social work profession in general.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors: Lawrence M. Berger, MSW, Ph.D.; Jan Steven Greenberg, MSSW, Ph.D.; Betty J. Kramer, MSSW, Ph.D.; Katherine Magnuson, Ph.D.; Daniel R. Meyer, MSW, Ph.D.; Stephanie A. Robert, MSW, Ph.D.; Tracy Schroepfer, MSW, Ph.D., Kristen Slack, A.M., Ph.D.

Associate Professors: Marah A. Curtis, MSW, Ph.D.; Tally Moses, MSW, Ph.D.

Assistant Professors: Lauren Bishop-Fitzpatrick, Ph.D.; Pajarita Charles, MPA, MSW, Ph.D.; Lara Gerassi, MSW, Ph.D.; Jooyoung Kong, MSW, Ph.D.; Alejandra Ros Pilarz, Ph.D.; Tova Walsh, MSW, Ph.D.; Yang Sao Xiong, Ph.D.

Clinical Associate Professor: Audrey Conn, MSSW, APSW; Ellen Smith, MSSW

Clinical Assistant Professors: Laura Dresser, MSW, Ph.D.; Amanda Ngola, MSW, LCSW; Lynette Studer, MSSW, Ph.D.; Angela Willits, MSW, LCSW

# SOCIAL WELFARE, B.S.

Social work's special contribution rests on an established body of knowledge, values and skills pertinent to understanding human relationships and the interaction between people as individuals, in families, groups, organizations, and communities.

Undergraduates in the School of Social Work receive a liberal arts education in the social and behavioral sciences and their application to human problems that prepares them to be informed citizens involved in human services or social welfare problems and policies. Students take courses in a variety of social sciences to enable them to view social welfare in its broad social, economic, and political contexts.

Social work courses offer a theoretical understanding of social problems and an introduction to practice methods used by social workers. The curriculum covers such areas as aging, family and child welfare, poverty, mental health, developmental disabilities, alcohol and drug abuse, diversity, race and ethnicity, criminal justice, oppression and social, economic and environmental justice, and at-risk populations.

## MISSION

The mission of the UW–Madison School of Social Work is to enhance human well-being and promote human rights and social and economic justice for people who are disadvantaged to achieve an equitable, healthy, and productive society. The school aims to:

- Create, advance, strengthen, and integrate interdisciplinary knowledge for students and the profession through research, scholarship, teaching and practice.
- Educate students to become highly skilled, culturally competent and ethical practitioners who will provide effective leadership for the profession of social work within the State of Wisconsin, nationally, and internationally.
- Promote change at levels ranging from the individual to national and international policy, including empowering communities and populations that are disadvantaged and developing humane service delivery systems.
- Create and disseminate knowledge regarding the prevention and amelioration of social problems.

## UNDERGRADUATE DEGREE PROGRAMS

The School of Social Work offers a **bachelor of social work (BSW)** degree or a **bachelor of arts (B.A.)** or **bachelor of science (B.S.)** degree with a major in social welfare. The BSW and the social welfare major prepare students for further academic study or for employment in selected human service arenas. The social welfare major offers an overview of current social problems.

## CERTIFICATE PROGRAMS

BSW students and social welfare majors often choose the following certificate programs: American Indian studies, business, criminal justice, gender and women's studies, global health, LGBTQ+ studies, and religious studies. More details about certificates are available in this Guide.

## HOW TO GET IN

Regardless of program of interest, students begin their course of study by taking SOC WORK 205 and SOC WORK 206 in either the freshman or sophomore year. Students can declare the social welfare major as early as the freshman year as long as they are enrolled in SOC WORK 205 and/or SOC WORK 206. More typically, students declare the major in the sophomore year while in or having competed SOC WORK 205 and/or SOC WORK 206. To declare the major, students should make an appointment and meet with one of the social welfare academic advisors at the School of Social Work.

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree

requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

Complete a minimum of 32 credits, to be attained via the requirements detailed below.

## SOCIAL WELFARE POLICY & SERVICES

| Code | Title | Credits |
|---|---|---|
| **Complete both:** | | |
| SOC WORK 205 | Introduction to the Field of Social Work | 4 |
| SOC WORK 206 | Introduction to Social Policy | 4 |

## SOCIAL SCIENCE CONCENTRATION

Complete two Intermediate or Advanced level courses from one of the following social science concentration areas:[1]

### Afro-American Studies

| Code | Title | Credits |
|---|---|---|
| AFROAMER 302 | Undergraduate Studies in Afro-American History | 3 |
| AFROAMER 303 | Blacks, Film, and Society | 3 |
| AFROAMER/ HISTORY 321 | Afro-American History Since 1900 | 3-4 |
| AFROAMER/ GEN&WS 323 | Gender, Race and Class: Women in U.S. History | 3 |
| AFROAMER/ GEN&WS 333 | Black Feminisms | 3 |
| AFROAMER/ HISTORY 347 | The Caribbean and its Diasporas | 3 |
| AFROAMER/ HISTORY 393 | Slavery, Civil War, and Reconstruction, 1848-1877 | 3-4 |
| AFROAMER/ ASIAN AM 443 | Mutual Perceptions of Racial Minorities | 3 |
| AFROAMER/ HIST SCI/ MED HIST 523 | Race, American Medicine and Public Health | 3 |
| AFROAMER/ ED POL 567 | History of African American Education | 3 |
| AFROAMER 631 | Colloquium in Afro-American History | 3 |
| AFROAMER 671 | Selected Topics in Afro-American History | 3 |
| AFROAMER 673 | Selected Topics in Afro-American Society | 3 |

### American Indian Studies

| Code | Title | Credits |
|---|---|---|

## HUMAN BEHAVIOR & THE SOCIAL ENVIRONMENT

| Code | Title | Credits |
|---|---|---|
| **Complete both:** | | |
| SOC WORK 457 | Human Behavior and the Environment (junior year, spring semester) | 3 |
| SOC WORK 640 | Diversity, Oppression and Social Justice in Social Work (junior year, fall semester) | 3 |

## STATISTICS & RESEARCH

| Code | Title | Credits |
|---|---|---|
| **Statistics** | | |
| *Complete one course from:* | | *3-4* |
| STAT 301 | Introduction to Statistical Methods (recommended) | |
| or STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| or PSYCH 210 | Basic Statistics for Psychology | |
| or SOC/C&E SOC 360 | Statistics for Sociologists I | |
| **Research** | | |
| *Complete one course from:* | | *3-4* |
| SOC WORK 650 | Methods of Social Work Research | |
| or PSYCH 225 | Research Methods | |
| or SOC/C&E SOC 357 | Methods of Sociological Inquiry | |
| Total Credits | | 6-8 |

## ELECTIVES IN SOCIAL WELFARE

Complete two Intermediate or Advanced level SOC WORK courses. [2]

[1] Courses must be selected from these approved lists.

[2] No more than 3 credits of SOC WORK 699 may be used to meet this requirement.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all SOC WORK and all major courses
- 2.000 GPA on 15 upper-level major credits taken in residence[3]
- 15 credits in SOC WORK, taken on the UW–Madison campus

[3] SOC WORK courses designated as Intermediate or Advanced level, PSYCH 225, and SOC/C&E SOC 357 count as upper-level in the major.

# HONORS IN THE MAJOR

Students may apply for admission to Honors in the Major in consultation with the social welfare undergraduate advisor before beginning the Senior Honors Thesis. Students must make arrangements with a faculty member to sponsor their research project before admission will be granted.

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.400 GPA for all SOC WORK and all major courses
- Complete SOC WORK 650
- Complete one SOC WORK elective related to Senior Honors Thesis research topic
- Complete SOC WORK 579 concurrently with SOC WORK 681
- Complete a two-semester Senior Honors Thesis in SOC WORK 681 and SOC WORK 682, for a total of 6 credits, with a grade of B or better
- Present thesis results at a department colloquium.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Identify foundational aspects of the US social welfare system and the history of the social work profession.
2. Recognize human differences and how social welfare systems interact with these differences to shape opportunities and outcomes for individuals, groups, and communities.
3. Demonstrate an ability to critically evaluate research with respect to its relevance, quality, and utility for addressing social welfare issues.
4. Synthesize and communicate knowledge relevant to social welfare issues.
5. Practice self-awareness of one’s values, beliefs, and biases regarding the causes and consequences of social welfare issues.

6. Connect awareness of self, systems and social welfare knowledge to promote human dignity and justice.

## FOUR-YEAR PLAN

This sample plan is a tool to assist you and your advisor(s). Use it along with your DARS report and the Course Guide. You will make your own four year plan based on your placement scores, incoming credits, and individual interests.

As you become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, you might adjust the order of your courses to make room for these experiences. Social welfare majors are encouraged to gain social service experience through volunteer work. See the social work advisors or contact the Morgridge Center for Public Service (http://www.morgridge.wisc.edu), 263-2432, for information on volunteering.

Students wishing to apply to the Bachelor of Social Work (BSW) program must do so in Spring of Junior year.

You will likely revise your four year plan several times during college. While your credits per term may vary, they should add up to 120 in the end.

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A | 3 | Ethnic Studies | 3-4 |
| Quantitative Reasoning A | 3-4 | Literature Breadth | 4 |
| Biological Science Breadth | 3 | Physical Science Breadth | 3 |
| Foreign Language (if needed) | 4 | Foreign Language (if needed) | 4 |
| | 14 | | 14 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| SOC WORK 205 (can be taken Freshman or Sophomore year) | 4 | SOC WORK 206 (can be taken Freshman or Sophomore year) | 4 |
| Humanities Breadth | 4 | Communication B | 4 |
| Literature Breadth | 4 | Science Breadth | 3-4 |
| Elective | 3 | Elective | 4 |
| INTER-LS 210[1] | 1 | | |
| | 16 | | 15 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| SOC WORK 640 | 3 | SOC WORK 457 | 3 |
| STAT 301, 371, PSYCH 210, or SOC 360 | 3 | SOC WORK elective (I/A-level) | 3-4 |
| Social Science Concentration course[2] | 3-4 | Social Science Concentration course[2] | 3-4 |
| Electives (I/A-level) | 6 | I/A COMP SCI, MATH, or STAT (if B.S.) | 3-4 |
| | 16 | | 15 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| SOC WORK elective (I/A-level) | 3-4 | SOC WORK 650 | 3 |
| Electives (I/A-level) | 12 | SOC WORK elective (I/A-level) | 3-4 |
| | | Electives (I/A-level) | 8 |
| | 15 | | 15 |

Total Credits 120

Note: SOC WORK 100 is a pre-major elective course that can be taken in the first year, if offered; it is not required for the major.

1 The College encourages students to take INTER-LS 210 in their second year (or anytime); it is recommended but not required.

2 Take two Intermediate or Advanced level courses from one of the following social science departments: Afro-American Studies, American Indian Studies, Anthropology, Asian American Studies, Chicana/o and Latina/o Studies, Economics, Gender and Women's Studies, Political Science, Psychology, Sociology.

## ADVISING AND CAREERS

# ADVISING

Students interested in either the social welfare major or bachelor of social work meet with the social work advisors to discuss degree requirements; career opportunities; complete the major declaration; and confer on student issues and concerns. Advisors are an excellent resource for information about campus and community services. Students should see an advisor at least once each semester to review academic progress. Advising appointments are made through the school's website (https://socwork.wisc.edu/appointments) or by calling 608-263-3660. Social work faculty members are available for advice about coursework, research, and the social work profession in general.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)

- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors: Lawrence M. Berger, MSW, Ph.D.; Jan Steven Greenberg, MSSW, Ph.D.; Betty J. Kramer, MSSW, Ph.D.; Katherine Magnuson, Ph.D.; Daniel R. Meyer, MSW, Ph.D.; Stephanie A. Robert, MSW, Ph.D.; Tracy Schroepfer, MSW, Ph.D., Kristen Slack, A.M., Ph.D.

Associate Professors: Marah A. Curtis, MSW, Ph.D.; Tally Moses, MSW, Ph.D.

Assistant Professors: Lauren Bishop-Fitzpatrick, Ph.D.; Pajarita Charles, MPA, MSW, Ph.D.; Lara Gerassi, MSW, Ph.D.; Jooyoung Kong, MSW, Ph.D.; Alejandra Ros Pilarz, Ph.D.; Tova Walsh, MSW, Ph.D.; Yang Sao Xiong, Ph.D.

Clinical Associate Professor: Audrey Conn, MSSW, APSW; Ellen Smith, MSSW

Clinical Assistant Professors: Laura Dresser, MSW, Ph.D.; Amanda Ngola, MSW, LCSW; Lynette Studer, MSSW, Ph.D.; Angela Willits, MSW, LCSW

# SOCIAL WORK, BSW

Social work's special contribution rests on an established body of knowledge, values and skills pertinent to understanding human relationships and the interaction between people as individuals, in families, groups, organizations, and communities.

Undergraduates in the School of Social Work receive a liberal arts education in the social and behavioral sciences and their application to human problems that prepares them to be informed citizens involved in human services or social welfare problems and policies. Students take courses in a variety of social sciences to enable them to view social welfare in its broad social, economic, and political contexts.

Social work courses offer a theoretical understanding of social problems and an introduction to practice methods used by social workers. The curriculum covers such areas as aging, family and child welfare, poverty, mental health, developmental disabilities, alcohol and drug abuse, diversity, race and ethnicity, criminal justice, oppression and social, economic and environmental justice, and at-risk populations.

## MISSION

The mission of the UW–Madison School of Social Work is to enhance human well-being and promote human rights and social and economic justice for people who are disadvantaged to achieve an equitable, healthy, and productive society. The school aims to:

- Create, advance, strengthen, and integrate interdisciplinary knowledge for students and the profession through research, scholarship, teaching and practice.
- Educate students to become highly skilled, culturally competent and ethical practitioners who will provide effective leadership for the profession of social work within the State of Wisconsin, nationally, and internationally.
- Promote change at levels ranging from the individual to national and international policy, including empowering communities and populations that are disadvantaged and developing humane service delivery systems.
- Create and disseminate knowledge regarding the prevention and amelioration of social problems.

## UNDERGRADUATE DEGREE PROGRAMS

The School of Social Work offers a **bachelor of social work (BSW)** degree or a **bachelor of arts (B.A.)** or **bachelor of science (B.S.)** degree with a major in social welfare. The BSW and the social welfare major prepare students for further academic study or for employment in selected human service arenas. The BSW prepares students as beginning-level professional social workers. The social welfare major offers an overview of current social problems.

## CERTIFICATE PROGRAMS

BSW students and social welfare majors often choose the following certificate programs: American Indian studies, business, criminal justice, gender and women's studies, global health, LGBTQ+ studies, and religious studies. More details about certificates are available in this *Guide*.

## GRADUATE SCHOOL

BSW students completing professional foundation courses with a grade of B or better are eligible for advanced standing in the master's program. For more information see the School of Social Work website FAQs on "Admissions: Advanced Standing & Exemptions (https://socwork.wisc.edu/fulltimemsw-faq)."

## HOW TO GET IN

Students enter the School of Social Work for either Social Welfare or Social Work begin by declaring the social welfare major. Later, if a student applies to and is accepted into the Bachelor of Social Work program (see admissions requirements below), their major is changed to social work.

Regardless of their program of interest, students begin their course of study by taking SOC WORK 205 and SOC WORK 206 in either the freshman or sophomore year. Students can declare the social welfare major as early as the freshman year as long as they have completed or are enrolled in SOC WORK 205 and SOC WORK 206. More typically, students declare the major in the sophomore year while in or having competed SOC WORK 205 and SOC WORK 206. To declare the Social Welfare major, students should make an appointment and meet with one of the two social work academic advisors at the School of Social Work. In the spring of the junior year, students apply for admission to the BSW program for their senior year.

## ADMISSION TO THE BSW PROGRAM

In the spring of the junior year, students who meet the following eligibility criteria apply for admission to the Bachelor of Social Work (BSW) program:

- SOC WORK 205 and SOC WORK 206 completed;
- Statistics completed (or concurrent enrollment);

- Second-semester junior status (minimum of 71 credits completed); and
- Minimum of 2.5 overall GPA from all colleges attended.

Admission to the Bachelor of Social Work program is based on assessment of the applicant's background, preparation and experience for practice in the field of social work. Approximately 30–35 students are admitted to the BSW program each year. Application for admission includes:

- A personal statement on reasons for undergraduate studies in social work including any life experiences that have led the student to pursue a social work degree;
- A summary describing social work or social work-related paid or volunteer experiences, research or community projects, multicultural experiences, and/or work abroad;
- A letter of recommendation; and
- An official transcript (s) from each college attended.

After acceptance, the student completes the Social Work Practice course sequence (fall and spring semesters).

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

General Education
- Breadth—Humanities/Literature/Arts: 6 credits
- Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
- Breadth—Social Studies: 3 credits
- Communication Part A & Part B *
- Ethnic Studies *
- Quantitative Reasoning Part A & Part B *

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SOCIAL WORK (BSW)

Because the School of Social Work is a professional school within the College of Letters & Science (L&S), the college confers the BSW degree. As part of the BSW degree, students also complete the standard requirements of either the bachelor of arts (B.A.) or bachelor of science (B.S.).

## COMPLETE EITHER THE BACHELOR OF ARTS OR BACHELOR OF SCIENCE REQUIREMENTS:

## BACHELOR OF ARTS REQUIREMENTS

**Mathematics:** Fulfilled with completion of University General Education requirements Quantitative Reasoning A and Quantitative Reasoning B coursework.

**Foreign Language:** Complete the fourth unit of a foreign language; or complete the third unit of a foreign language and the second unit of an additional foreign language. (A unit is one year of high school work or one semester/term of college work.)

**L&S Breadth:**
**Humanities:** 12 credits;

- must include 6 credits in literature

**Social Sciences:** 12 credits
**Natural Sciences:** 12 credits:

- must include **one** 3+ credit course in the biological sciences
- must include **one** 3+ credit course in the physical sciences

**Liberal Arts and Science coursework**: 108 credits

**Depth of Intermediate/Advanced work:** 60 intermediate or advanced credits

**Major:** Declare and complete at least one (1) major

**Total Credits:** 120 credits

**UW–Madison Experience:**
30 credits in residence, overall
30 credits in residence after the 86th credit

**Minimum GPAs:**
2.000 in all coursework at UW–Madison
2.000 in intermediate/advanced liberal arts and science coursework at UW–Madison

## BACHELOR OF SCIENCE REQUIREMENTS

**Mathematics:** Two (2) 3+ credits of intermediate/advanced-level MATH (http://guide.wisc.edu/courses/math), COMP SCI (http://guide.wisc.edu/courses/comp_sci), STAT (http://guide.wisc.edu/courses/stat)

**Only one (1) course in Computer Science (COMP SCI) *and* only one (1) course in Statistics (STAT) may be counted toward the B.S. mathematics requirement.**

**Foreign Language:** Complete the third unit of a foreign language. (A unit is one year of high school work or one semester/term of college work.)

**L&S Breadth:**

**Humanities:** 12 credits;

- must include 6 credits in literature

**Social Sciences:** 12 credits

**Natural Sciences:** 12 credits:

must include 6 credits in biological science
must include 6 credits in physical science

**Liberal Arts and Science Coursework:** 108 credits

**Depth of Intermediate/Advanced Work:** 60 intermediate or advanced credits

**Major:** Declare and complete at least one (1) major

**Total Credits:** 120 credits

**UW–Madison Experience:**
30 credits in residence, overall
30 credits in residence after the 86th credit

**Minimum GPAs:**
2.000 in all coursework at UW–Madison
2.000 in intermediate/advanced liberal arts and science coursework at UW–Madison

# REQUIREMENTS FOR THE MAJOR

## SOCIAL WELFARE POLICY & SERVICES

| Code | Title | Credits |
|---|---|---|
| **Complete both:** | | |
| SOC WORK 205 | Introduction to the Field of Social Work | 4 |
| SOC WORK 206 | Introduction to Social Policy | 4 |

## SOCIAL SCIENCE CONCENTRATION

Complete two Intermediate or Advanced level courses from one of the following social science concentration areas:

### Afro-American Studies

| Code | Title | Credits |
|---|---|---|
| AFROAMER 302 | Undergraduate Studies in Afro-American History (when topic is appropriate) | 3 |
| AFROAMER 303 | Blacks, Film, and Society | 3 |
| AFROAMER/ HISTORY 321 | Afro-American History Since 1900 | 3-4 |
| AFROAMER/ GEN&WS 323 | Gender, Race and Class: Women in U.S. History | 3 |
