| HISTORY 600 | Advanced Seminar in History (Asian Studies Topic required) | 3 |

[1] For the Introductory Course, students declaring at the Jr., or Sr., standing may take this requirement at the ASIAN 300 level. Please note the topic for the required course is Gateway to Asia. Not other ASIAN 300 topics.

[2] Students who test above 4th semester language must still complete a minimum of minimum 30 credits in the major. These students may complete another language sequence or other coursework approved by the advisor.

## NAMED OPTIONS

View as listView as grid

- **ASIAN LANGUAGES AND CULTURES: EAST ASIAN STUDIES** (P. 432)
- **ASIAN LANGUAGES AND CULTURES: SOUTH ASIAN STUDIES** (P. 435)
- **ASIAN LANGUAGES AND CULTURES: SOUTHEAST ASIAN STUDIES** (P. 436)

## RESIDENCY AND QUALITY OF WORK

- 2.000 GPA in all ASIAN, ASIALANG, and approved courses for the major
- 2.000 GPA in 15 upper level major credits, taken in residence [3]
- 15 credits in the major, taken in residence

[3] Intermediate and Advanced level Major courses are Upper Level

## HONORS IN THE MAJOR

Honors in the Major is not currently available for this major.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Broad regional grounding: Understand the variation within and similarities across Asia with reference to historical and contemporary cultural connections (people, societies, languages, literatures, religions, and cultural genres).
2. Multidisciplinarity: Become familiar and proficient with multiple perspectives scholars use to study Asia and use them as resources in their own self-reflective thinking.
3. Depth of knowledge: Employ relevant theoretical and methodological approaches to arrive at informed understandings of key issues involving the environment, human rights, cultural practices, structures of power, etc. based on an understanding of the
4. Analytical skills: Critically examine taken-for-granted notions and stereotypes and to inquire into the process of their construction. They will also be able to read, analyze and explain the significance of Asian texts and artifacts (literary, cultural, historical, and popular culture).
5. Language and cultural competence: Manage basic everyday communication needs in at least one Asian language; understand the relationship between language and culture; and understand how to study aa new language and culture and how to advance their proficiency as life-long learners.\\n

# ADVISING AND CAREERS

## UNDERGRADUATE ADVISOR

**Rachel Weiss**
1244 Van Hise Hall
608-890-0138
rweiss@wisc.edu
Schedule an advising appointment (https://calendar.wisc.edu/scheduling-assistant/public/profiles/fUerTooa.html)

Rachel is the advisor for the undergraduate majors and certificates in the Department of Asian Languages and Cultures. She is happy to meet with students as they explore the degree options or advance through their four-year plans.

## INTERNATIONAL DIRECTIONS ADVISING

### LANGUAGE INSTITUTE

The Language Institute (https://languages.wisc.edu) provides academic and career advising to undergraduate students interested in languages and international area studies. The International Directions advisor provides academic and career advising to undergraduate students who are interested in languages and international area studies. Learn more (https://languages.wisc.edu/advising).

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

# PEOPLE

## FACULTY

Asian Languages and Cultures is home to nearly twenty faculty whose research and teaching specialities range from traditional medicine in India, the Hinduist roots of yoga, or diversifying contemporary mindfulness practice with insights from Tibetan Buddhism, to human rights in Thailand—from Chinese ghost stories, traditional poetics and philology, to sociolinguistics and discourse analysis of the Mandarin, Japanese, Korean, Indonesian languages—and from analysis of classical Japanese tale fiction, early modern comedic narratives, manga, anime, and Japanese counterculture. Visit our faculty pages (https://alc.wisc.edu/about/faculty) for more information on areas of expertise, current research, teaching and publications.

**Erlin Barnard** esbarnard@wisc.edu
Faculty Associate
Fields of Study: Language Pedagogy; Materials Development; Second Language Acquisition

**Gudrun Bühnemann** gbuhnema@wisc.edu
Professor
Fields of Study: Sanskrit language and literature; Buddhism in India and Nepal; Hinduism; Tantrism and Yoga Studies

**Anthony Cerulli** acerulli@wisc.edu
Associate Professor
Fields of Study: Hinduism; Religion in South Asia; Medical Humanities; History of Medicine in India; Sanskrit Language and Literature; Kerala History and Culture

**Charo D'Etcheverry** cdetcheverry@wisc.edu
Associate Professor
Fields of Study: Classical Japanese literature (especially court fiction & its reception and early kabuki)

**Anatoly Detwyler** detwyler@wisc.edu
Assistant Professor
Fields of Study: Modern Chinese literature and history, comparative new media, information studies

**John D. Dunne** jddunne@wisc.edu
Professor
Fields of Study: Buddhist philosophy and contemplative practice; Religious Studies; Cognitive Science of Religion; Contemplative Science

**Naomi Geyer** nfgeyer@wisc.edu
Associate Professor

Fields of Study: Japanese Language, Language Pedagogy, Pragmatics

**Tyrell Haberkorn** tyrell.haberkorn@wisc.edu
Associate Professor
Fields of Study: Violence, Human Rights, Sovereignty, Arbitrary Detention, Land Rights, Agrarian Struggle, Historiographies of Repression, Gender Studies, Socialism, Dissident Literature, Southeast Asia (Thailand).

**Rania Huntington** huntington@wisc.edu
Professor
Fields of Study: Ming and Qing narrative and drama, literature of the weird and supernatural, memory in literature, depiction of women in literature

**Adam L. Kern** alkern@wisc.edu
Professor
Fields of Study: The popular literature, culture, poetry, theater, and visual culture of early modern unto modern Japan (1600-1900). Transcultural comics in Japan (manga, kibyôshi, etc) and beyond.

**Hieyoon Kim** Hieyoon.kim@wisc.edu
Assistant Professor
Fields of Study: Cinema; Media activism; Cultural Studies; History of Modern and Contemporary Korea

**Byung-jin Lim** byungjin.lim@wisc.edu
Associate Professor
Fields of Study: Korean Language and Linguistics, Second/Foreign Language Acquisition, Computer-Mediated Communication, Korean Language Textbook Development

**Junko Mori** jmori@wisc.edu
Professor
Fields of Study: Japanese Linguistics, Applied Linguistics, Conversation Analysis, Sociolinguistics

**Takako Nakakubo** tnakakubo@wisc.edu
Faculty Associate
Fields of Study: Second Language Acquisition of Japanese, Japanese Pedagogy, Learning Strategies

**William Nienhauser** whnienha@wisc.edu
Professor
Fields of Study: Early traditional fiction and history; early poetry (especially Du Fu and Tao Qian)

**Steve Ridgely** steve.ridgely@wisc.edu
Associate Professor
Fields of Study: Modern Japanese literature, Cultural Theory, Transasian Studies

**Hongming Zhang** hzhang6@wisc.edu
Professor
Fields of Study: Chinese linguistics; syntax-phonology interface; prosodic phonology; poetic prosody; history of Chinese language; teaching Chinese as a second language

**Weihua Zhu** wzhu34@wisc.edu ( wzhu34@wisc.edu)
Assistant Professor
Fields of Study: Discourse Analysis, Pragmatics, Pedagogy and Second Language Acquisition

## WISCONSIN EXPERIENCE

# UNDERGRADUATE RESEARCH

Students in the ALC department academic programs are encouraged to become engaged in undergraduate research. There are numerous programs (https://teachlearn.provost.wisc.edu/initiatives-and-programs/undergraduate-research) that provide research opportunities for undergraduates at UW–Madison including:

- Hilldale Undergraduate/Faculty Research Fellowships (https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship)
- McNair Scholars (http://grad.wisc.edu/mcnair)
- Summer Research Programs (https://grad.wisc.edu/diversity/srop)
- Undergraduate Research Scholars (https://urs.ls.wisc.edu)
- The Wisconsin Idea Undergraduate Fellowship Program (https://morgridge.wisc.edu/students/wisconsin-idea-fellowships)

# WISCONSIN SUMMER LANGUAGE INSTITUTES

Each summer around 200 undergraduate students, graduate students, professionals, and others come to UW-Madison to study a language at the Wisconsin Intensive Summer Language Institutes (WISLI) (https://wisli.wisc.edu). WISLI is host to five summer language institutes which offer high-quality courses in 30 less commonly taught languages:

Arabic, Persian, and Turkish Language Immersion Institute (APTLII) (https://aptlii.wisc.edu)
Central Eurasian Studies Summer Institute (CESSI) (https://cessi.wisc.edu)
South Asia Summer Language Institute (SASLI) (https://sasli.wisc.edu)
Southeast Asian Studies Summer Institute (SEASSI) (https://seassi.wisc.edu)

# STUDY ABROAD

The University of Wisconsin–Madison is ranked #2 for semester-long study abroad participation among all U.S. institutions, and #16 among all U.S. universities and colleges for total students studying abroad, according to the 2018 Open Doors Report (https://www.iie.org/en/Why-IIE/Announcements/2018/11/2018-11-13-Number-of-International-Students-Reaches-New-High). There are nearly 60 study abroad opportunities across Asia. Approved UW programs will allow students to receive residents credit while abroad. With pre-planning students may also fulfill major requirements on academic programs abroad, however careful planning and discussion with your advisor are key. For more information about programs, application process and fees, visit: International Academic Programs (https://www.studyabroad.wisc.edu).

Students may also gain career and professional experience, through various internship opportunities abroad. To review opportunities, application process and fees, visit: International Internship Programs (http://internships.international.wisc.edu).

## RESOURCES AND SCHOLARSHIPS

# CAMPUS RESOURCES

Foreign Language & Area Studies (FLAS) Fellowships (https://flas.wisc.edu)
Center for East Asian Studies FLAS Coordinator: Laurie Dennis, ldennis@wisc.edu (ldennis@international.wisc.edu), 325 Ingraham Hall
Center for South Asian FLAS Coordinator: Lalita du Perron, duperron@southasia.wisc.edu, 203 Ingraham
Center for Southeast Asian Studies FLAS Coordinator: Michael Cullinane, mmcullin@wisc.edu, (mjstuden@wisc.edu) 207 Ingraham

FLAS fellowships are funded by the U.S. Department of Education and administered by the UW's National Resource Centers to assist students in acquiring foreign language and either area or international studies competencies. FLAS awards are only available for specific languages (https://flas.wisc.edu/Languages.html), and are contingent on federal funding. Please direct any questions to the FLAS Coordinator (https://flas.wisc.edu/Languages.html)of your chosen language.

Applicants must be U.S. citizens or permanent residents of the United States. Applications by students in professional fields are encouraged. Preference will be given to applicants with a high level of academic ability and with previous language training. Academic Year and Summer FLAS awards are **two separate competitions** requiring **two separate and complete applications**.

---

Scholarships@UW-Madison (https://scholarships.wisc.edu/Scholarships)
This is the primary campus wide portal for applicants, current students, and everyone looking for scholarship opportunities on campus.

---

Undergraduate Academic Awards Office (https://awards.advising.wisc.edu)
We help UW–Madison undergraduates and recent graduates pursue nationally competitive scholarships (https://awards.advising.wisc.edu/scholarships/nationally-competitive) and campus-wide awards (https://awards.advising.wisc.edu/scholarships/campus-wide) for research, service and leadership—activities at the heart of the Wisconsin Experience. We can help you:

- Find scholarship opportunities that match your goals and interests
- Navigate the scholarship application process
- Review scholarship essays
- Prepare for national scholarship interviews

Contact us (https://awards.advising.wisc.edu/schedule-an-appointment) to schedule an appointment to discuss which opportunities are right for you.

# NATIONAL SCHOLARSHIPS

**Boren Scholarships** (http://borenawards.org)
Campus Representative: Undergraduates with questions should contact Matt Geisler (mdgeisler@studyabroad.wisc.edu), Associate Director of International Academic Programs

These scholarships provide up to $20,000 to U.S. undergraduate students to study abroad in areas of the world that are critical to U.S. interests and underrepresented in study abroad, including Africa, Asia, Central and Eastern Europe, Eurasia, Latin America, and the Middle East. The countries of Western Europe, Canada, Australia, and New Zealand are excluded. (Full list of preferred countries (http://borenawards.org/boren_scholarship/preferences.html)) Additionally, all programs must include formal study of an appropriate foreign language. (Full list of preferred languages (http://borenawards.org/boren_scholarship/preferences.html)). Undergraduates with questions about the Boren Scholarship (https://www.borenawards.org/scholarships/program-basics/boren-scholarship-basics) should contact Matt Geisler (mdgeisler@studyabroad.wisc.edu), Associate Director of International Academic Programs.

---

**Critical Language Scholarship Program** (http://www.clscholarship.org)
Campus Representative: Mark Lilleleht, Assistant Director for Awards, at awards@iris.wisc.edu

The CLS program is part of the U.S. Department of State, Bureau of Educational and Cultural Affairs. It is a fully-funded overseas intensive language and cultural immersion program for American undergraduate and graduate students. With the goal of broadening the base of Americans studying and mastering critical languages and to build relationships between the people of the United States and other countries, CLS provides opportunities to a diverse range of students from across the United States at every level of language learning.

The fourteen CLS languages are: Arabic, Azerbaijani, Bangla, Chinese, Hindi, Indonesian, Japanese, Korean, Persian, Punjabi, Russian, Swahili, Turkish, and Urdu.

The CLS Program seeks participants with diverse interests, from a wide variety of fields of study, backgrounds and career paths, with the purpose of representing the full diversity of the United States. Thus, students from all academic disciplines, including business, engineering, law, medicine, science, social sciences, arts and humanities are encouraged to apply.

---

**Gilman Scholarship Program**
Campus Representative: Andy Quackenbush (quackenbush@studyabroad.wisc.edu), Advisor, International Academic Programs

The Gilman Scholarship Program is an undergraduate grant program for U.S. citizens of limited financial means to enable them to study abroad, thereby internationalizing their outlook and better preparing them to assume significant roles in the increasingly global economy.

# ASIAN LANGUAGES AND CULTURES: EAST ASIAN STUDIES

**East Asia**
The East Asian Studies named option offers a multidisciplinary range of courses that explore the diverse and vibrant cultures, arts, histories, political systems, and literatures of China, Japan, Korea and Tibet. Students in the East Asian option can study Chinese, Japanese, Korean or Tibetan language and linguistics; and explore Chinese ghost stories and classical Chinese literature or poetry; Korean cinema and pop culture; classical Japanese fiction; early modern comedic narratives,

manga, anime and counterculture. ALC faculty and instructors offering courses in this option include: C. D'Etcheverry, A. Detwyler, N. Geyer, R. Huntington, A. Kern, H. Kim, B. Lim, J. Mori, T. Nakakubo, B. Nienhauser, S. Ridgely, H. Zhang, W. Zhu.

To take advantage of the Department of Asian Languages and Cultures' many relationships with other departments and program units across campus, students may choose to double major or enhance their studies in ALC with one of the certificates offered at the university, such as the global health certificate, the certificate in health and the humanities, or those offered by the area studies centers: Center for East Asian Studies (https://eastasia.wisc.edu); Center for South Asia (https://southasia.wisc.edu); and Center for Southeast Asian Studies (https://seasia.wisc.edu).

This major is interdisciplinary and offers a wealth of options. Careful planning and consultation with the ALC advisor, is especially important.

## REQUIREMENTS

# REQUIREMENTS FOR THE EAST ASIAN OPTION

30 credits to include the Introductory and Residence and Quality of Work requirements of the general major, plus these requirements specific to the East Asian Option:

### EAST ASIAN INTERMEDIATE LANGUAGE

| Code | Title | Credits |
|---|---|---|
| **Complete a sequence:** | | |
| ASIALANG 201 & ASIALANG 202 | Third Semester Chinese and Fourth Semester Chinese | 8 |
| ASIALANG 203 & ASIALANG 204 | Third Semester Japanese and Fourth Semester Japanese | 8 |
| ASIALANG 205 & ASIALANG 206 | Third Semester Korean and Fourth Semester Korean | 8 |
| ASIALANG 235 & ASIALANG 236 | Third Semester Modern Tibetan and Fourth Semester Modern Tibetan | 8 |

## FOUR-YEAR PLAN

See Four Year Plan for the Asian Languages and Cultures Major; your course choices for the Southeast Asian Studies Named Option will focus on that region.

# ASIAN LANGUAGES AND CULTURES, B.S.

The 21st century has been called the "Asian Century." Indeed, many of the world's most pressing issues cannot be understood without a grasp of the histories, cultures, and languages of Asia. Asia is home to over half of the world's population. China, Japan, and India are three of the world's top economies. For decades Asian countries have been leaders in global manufacturing, and Asian universities are renowned centers for literary studies and scientific innovation. Fifty percent of the declared nuclear-weapon states are also in the region. Simply put, Asia matters a great deal.

The Department of Asian Languages and Cultures offers a wide variety of courses on East, South, and Southeast Asia taught by faculty who are specialists in their regions and disciplines. Whether you are taking your first step toward learning about Asia or you bring some background experience, an ALC major will expand your ability to think and work across cultural and linguistic boundaries. Majors who opt the ALC major study Asia in a robustly transnational and transhistorical perspective, working with faculty across the department. Alternatively, majors may choose to take a more focused course of study by choosing one of our named options in East Asia, South Asia, and Southeast Asia, thereby electing to work more closely with the professors who specialize in these specific regions.

**East Asia**
The East Asian Studies named option offers a multidisciplinary range of courses that explore the diverse and vibrant cultures, arts, histories, political systems, and literatures of China, Japan, Korea and Tibet. Students in the East Asian option can study Chinese, Japanese, Korean or Tibetan language and linguistics; and explore Chinese ghost stories and classical Chinese literature or poetry; Korean cinema and pop culture; classical Japanese fiction; early modern comedic narratives, manga, anime and counterculture. ALC faculty and instructors offering courses in this option include: C. D'Etcheverry, A. Detwyler, N. Geyer, R. Huntington, A. Kern, H. Kim, B. Lim, J. Mori, T. Nakakubo, B. Nienhauser, S. Ridgely, H. Zhang, W. Zhu.

**South Asia**
The South Asian Studies named option offers a multidisciplinary range of courses that explore the diverse and vibrant cultures, arts, histories, political systems, and literatures of Afghanistan, Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan, Sri Lanka, and Tibet. Students in the South Asian option can study Hindi, Persian, Sanskrit, Tibetan, or Urdu language; and probe the roots of Yoga; methods of Buddhist philosophy and meditation; South Asian religion and politics in the past and present of the Indian subcontinent; and medical history in South Asia. ALC faculty and instructors offering courses in this option include: F. Asif, G. Bühnemann, S. Beckham, A. Cerulli, S. Farsiu, J. Dunne, J. Khedup, N. Tiwari.

**Southeast Asia**
The Southest Asian Studies named option offers a multidisciplinary range of courses that explore the diverse and vibrant cultures, arts, histories, political systems, and literatures of Brunei, Cambodia, Indonesia, Laos, Malaysia, Myanmar, Philippines, Singapore, Thailand, Timor-Leste, and Vietnam. Students in the Southeast Asian option can study Burmese, Filipino, Hmong, Indonesian, Khmer, Thai and Vietnamese language; and probe Human rights in Thailand; explore literature of the region; and history and politics in Southeast Asia. ALC faculty and instructors offering courses in this option include: E. Barnard, T. Haberkorn, C. Lee, J. Surasin, S. Suryani, H. Dinh, S. Zamar.

To take advantage of the Department of Asian Languages and Cultures' many relationships with other departments and program units across campus, students may choose to double major or enhance their studies in ALC with one of the certificates offered at the university, such as the global health certificate, the certificate in health and the humanities, or those offered by the area studies centers: Center for East Asian Studies (https://eastasia.wisc.edu); Center for South Asia (https://southasia.wisc.edu); and Center for Southeast Asian Studies (https://seasia.wisc.edu).

This major is interdisciplinary and offers a wealth of options. Careful planning and consultation with the ALC advisor, is especially important.

## HOW TO GET IN

### DECLARATION

Students who who have prior experience in a language must take a placement test before enrolling in a language course beyond the first-semester level. For information about the placement test and test dates, please visit the department website (http://alc.wisc.edu/languages/placement-tests).

To declare the major, students must meet with the undergraduate advisor to review the requirements and discuss course options.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

Students must take 30 credits as follows: [2]

## INTRODUCTORY COURSE

| Code | Title | Credits |
|---|---|---|
| ASIAN 100 | Gateway to Asia: Special Topics [1] | 3-4 |
| or ASIAN 300 | Topics in Asian Studies | |

## INTERMEDIATE LANGUAGE COURSEWORK (8 CREDITS. SELECT ONE PAIR OF COURSES) [2]

| Code | Title | Credits |
|---|---|---|
| East Asian languages | | |
| ASIALANG 201 & ASIALANG 202 | Third Semester Chinese and Fourth Semester Chinese | 8 |
| ASIALANG 203 & ASIALANG 204 | Third Semester Japanese and Fourth Semester Japanese | 8 |
| ASIALANG 205 & ASIALANG 206 | Third Semester Korean and Fourth Semester Korean | 8 |
| ASIALANG 235 & ASIALANG 236 | Third Semester Modern Tibetan and Fourth Semester Modern Tibetan | 8 |

[1] For the Introductory Course, students declaring at the Jr., or Sr., standing may take this requirement at the ASIAN 300 level. Please note the topic for the required course is Gateway to Asia. Not other ASIAN 300 topics.

[2] Students who test above 4th semester language must still complete a minimum of minimum 30 credits in the major. These students may complete another language sequence or other coursework approved by the advisor.

# NAMED OPTIONS

View as listView as grid

- **ASIAN LANGUAGES AND CULTURES: EAST ASIAN STUDIES** (P. 432)
- **ASIAN LANGUAGES AND CULTURES: SOUTH ASIAN STUDIES** (P. 435)
- **ASIAN LANGUAGES AND CULTURES: SOUTHEAST ASIAN STUDIES** (P. 436)

# RESIDENCY AND QUALITY OF WORK

- 2.000 GPA in all ASIAN, ASIALANG, and approved courses for the major
- 2.000 GPA in 15 upper level major credits, taken in residence [3]
- 15 credits in the major, taken in residence

[3] Intermediate and Advanced level Major courses are Upper Level

# HONORS IN THE MAJOR

Honors in the Major is not currently available for this major.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Broad regional grounding: Understand the variation within and similarities across Asia with reference to historical and contemporary cultural connections (people, societies, languages, literatures, religions, and cultural genres).
2. Multidisciplinarity: Become familiar and proficient with multiple perspectives scholars use to study Asia and use them as resources in their own self-reflective thinking.
3. Depth of knowledge: Employ relevant theoretical and methodological approaches to arrive at informed understandings of key issues involving the environment, human rights, cultural practices, structures of power, etc. based on an understanding of the
4. Analytical skills: Critically examine taken-for-granted notions and stereotypes and to inquire into the process of their construction. They will also be able to read, analyze and explain the significance of Asian texts and artifacts (literary, cultural, historical, and popular culture).
5. Language and cultural competence: Manage basic everyday communication needs in at least one Asian language; understand the relationship between language and culture; and understand how to study aa new language and culture and how to advance their proficiency as life-long learners.\\n

## ADVISING AND CAREERS

# UNDERGRADUATE ADVISOR

**Rachel Weiss**
1244 Van Hise Hall
608-890-0138
rweiss@wisc.edu
Schedule an advising appointment (https://calendar.wisc.edu/scheduling-assistant/public/profiles/fUerTooa.html)

Rachel is the advisor for the undergraduate majors and certificates in the Department of Asian Languages and Cultures. She is happy to meet with students as they explore the degree options or advance through their four-year plans.

# INTERNATIONAL DIRECTIONS ADVISING

## LANGUAGE INSTITUTE

The Language Institute (https://languages.wisc.edu) provides academic and career advising to undergraduate students interested in languages and international area studies. The International Directions advisor provides academic and career advising to undergraduate students who

are interested in languages and international area studies. Learn more (https://languages.wisc.edu/advising).

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

# PEOPLE

## FACULTY

Asian Languages and Cultures is home to nearly twenty faculty whose research and teaching specialities range from traditional medicine in India, the Hinduist roots of yoga, or diversifying contemporary mindfulness practice with insights from Tibetan Buddhism, to human rights in Thailand—from Chinese ghost stories, traditional poetics and philology, to sociolinguistics and discourse analysis of the Mandarin, Japanese, Korean, Indonesian languages—and from analysis of classical Japanese tale fiction, early modern comedic narratives, manga, anime, and Japanese counterculture. Visit our faculty pages (https://alc.wisc.edu/about/faculty) for more information on areas of expertise, current research, teaching and publications.

**Erlin Barnard** esbarnard@wisc.edu
Faculty Associate

**Naomi Geyer** nfgeyer@wisc.edu
Associate Professor
Fields of Study: Japanese Language, Language Pedagogy, Pragmatics

**Tyrell Haberkorn** tyrell.haberkorn@wisc.edu
Associate Professor
Fields of Study: Violence, Human Rights, Sovereignty, Arbitrary Detention, Land Rights, Agrarian Struggle, Historiographies of Repression, Gender Studies, Socialism, Dissident Literature, Southeast Asia (Thailand).

**Rania Huntington** huntington@wisc.edu
Professor
Fields of Study: Ming and Qing narrative and drama, literature of the weird and supernatural, memory in literature, depiction of women in literature

**Adam L. Kern** alkern@wisc.edu
Professor
Fields of Study: The popular literature, culture, poetry, theater, and visual culture of early modern unto modern Japan (1600-1900). Transcultural comics in Japan (manga, kibyôshi, etc) and beyond.

**Hieyoon Kim** Hieyoon.kim@wisc.edu
Assistant Professor
Fields of Study: Cinema; Media activism; Cultural Studies; History of Modern and Contemporary Korea

**Byung-jin Lim** byungjin.lim@wisc.edu
Associate Professor
Fields of Study: Korean Language and Linguistics, Second/Foreign Language Acquisition, Computer-Mediated Communication, Korean Language Textbook Development

**Junko Mori** jmori@wisc.edu
Professor
Fields of Study: Japanese Linguistics, Applied Linguistics, Conversation Analysis, Sociolinguistics

**Takako Nakakubo** tnakakubo@wisc.edu
Faculty Associate
Fields of Study: Second Language Acquisition of Japanese, Japanese Pedagogy, Learning Strategies

**William Nienhauser** whnienha@wisc.edu
Professor

Fields of Study: Early traditional fiction and history; early poetry (especially Du Fu and Tao Qian)

**Steve Ridgely** steve.ridgely@wisc.edu
Associate Professor
Fields of Study: Modern Japanese literature, Cultural Theory, Transasian Studies

**Hongming Zhang** hzhang6@wisc.edu
Professor
Fields of Study: Chinese linguistics; syntax-phonology interface; prosodic phonology; poetic prosody; history of Chinese language; teaching Chinese as a second language

**Weihua Zhu** wzhu34@wisc.edu ( wzhu34@wisc.edu)
Assistant Professor
Fields of Study: Discourse Analysis, Pragmatics, Pedagogy and Second Language Acquisition

## WISCONSIN EXPERIENCE

# UNDERGRADUATE RESEARCH

Students in the ALC department academic programs are encouraged to become engaged in undergraduate research. There are numerous programs (https://teachlearn.provost.wisc.edu/initiatives-and-programs/undergraduate-research) that provide research opportunities for undergraduates at UW–Madison including:

- Hilldale Undergraduate/Faculty Research Fellowships (https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship)
- McNair Scholars (http://grad.wisc.edu/mcnair)
- Summer Research Programs (https://grad.wisc.edu/diversity/srop)
- Undergraduate Research Scholars (https://urs.ls.wisc.edu)
- The Wisconsin Idea Undergraduate Fellowship Program (https://morgridge.wisc.edu/students/wisconsin-idea-fellowships)

# WISCONSIN SUMMER LANGUAGE INSTITUTES

Each summer around 200 undergraduate students, graduate students, professionals, and others come to UW–Madison to study a language at the Wisconsin Intensive Summer Language Institutes (WISLI) (https://wisli.wisc.edu). WISLI is host to five summer language institutes which offer high-quality courses in 30 less commonly taught languages:

Arabic, Persian, and Turkish Language Immersion Institute (APTLII) (https://aptlii.wisc.edu)
Central Eurasian Studies Summer Institute (CESSI) (https://cessi.wisc.edu)
South Asia Summer Language Institute (SASLI) (https://sasli.wisc.edu)
Southeast Asian Studies Summer Institute (SEASSI) (https://seassi.wisc.edu)

# STUDY ABROAD

The University of Wisconsin–Madison is ranked #2 for semester-long study abroad participation among all U.S. institutions, and #16 among all U.S. universities and colleges for total students studying abroad, according to the 2018 Open Doors Report (https://www.iie.org/en/Why-IIE/Announcements/2018/11/2018-11-13-Number-of-International-Students-Reaches-New-High). There are nearly 60 study abroad opportunities across Asia. Approved UW programs will allow students to receive residents credit while abroad. With pre-planning students may also fulfill major requirements on academic programs abroad, however careful planning and discussion with your advisor are key. For more information about programs, application process and fees, visit: International Academic Programs (https://www.studyabroad.wisc.edu).

Students may also gain career and professional experience, through various internship opportunities abroad. To review opportunities, application process and fees, visit: International Internship Programs (http://internships.international.wisc.edu).

## RESOURCES AND SCHOLARSHIPS

# CAMPUS RESOURCES

Foreign Language & Area Studies (FLAS) Fellowships (https://flas.wisc.edu)
Center for East Asian Studies FLAS Coordinator: Laurie Dennis, ldennis@wisc.edu (ldennis@international.wisc.edu), 325 Ingraham Hall
Center for South Asian FLAS Coordinator: Lalita du Perron, duperron@southasia.wisc.edu, 203 Ingraham
Center for Southeast Asian Studies FLAS Coordinator: Michael Cullinane, mmcullin@wisc.edu, (mjstuden@wisc.edu) 207 Ingraham

FLAS fellowships are funded by the U.S. Department of Education and administered by the UW's National Resource Centers to assist students in acquiring foreign language and either area or international studies competencies. FLAS awards are only available for specific languages (https://flas.wisc.edu/Languages.html), and are contingent on federal funding. Please direct any questions to the FLAS Coordinator (https://flas.wisc.edu/Languages.html)of your chosen language.

Applicants must be U.S. citizens or permanent residents of the United States. Applications by students in professional fields are encouraged. Preference will be given to applicants with a high level of academic ability and with previous language training. Academic Year and Summer FLAS awards are **two separate competitions** requiring **two separate and complete applications**.

---

Scholarships@UW-Madison (https://scholarships.wisc.edu/Scholarships)
This is the primary campus wide portal for applicants, current students, and everyone looking for scholarship opporunities on campus.

---

Undergraduate Academic Awards Office (https://awards.advising.wisc.edu)
We help UW-Madison undergraduates and recent graduates pursue nationally competitive scholarships (https://awards.advising.wisc.edu/scholarships/nationally-competitive) and campus-wide awards (https://awards.advising.wisc.edu/scholarships/campus-wide) for research, service and leadership—activities at the heart of the Wisconsin Experience. We can help you:

- Find scholarship opportunities that match your goals and interests
- Navigate the scholarship application process

- Review scholarship essays
- Prepare for national scholarship interviews

Contact us (https://awards.advising.wisc.edu/schedule-an-appointment) to schedule an appointment to discuss which opportunities are right for you.

## NATIONAL SCHOLARSHIPS

**Boren Scholarships** (http://borenawards.org)
Campus Representative: Undergraduates with questions should contact Matt Geisler (mdgeisler@studyabroad.wisc.edu), Associate Director of International Academic Programs

These scholarships provide up to $20,000 to U.S. undergraduate students to study abroad in areas of the world that are critical to U.S. interests and underrepresented in study abroad, including Africa, Asia, Central and Eastern Europe, Eurasia, Latin America, and the Middle East. The countries of Western Europe, Canada, Australia, and New Zealand are excluded. (Full list of preferred countries (http://borenawards.org/boren_scholarship/preferences.html)) Additionally, all programs must include formal study of an appropriate foreign language. (Full list of preferred languages (http://borenawards.org/boren_scholarship/preferences.html)). Undergraduates with questions about the Boren Scholarship (https://www.borenawards.org/scholarships/program-basics/boren-scholarship-basics) should contact Matt Geisler (mdgeisler@studyabroad.wisc.edu), Associate Director of International Academic Programs.

---

**Critical Language Scholarship Program** (http://www.clscholarship.org)
Campus Representative: Mark Lilleleht, Assistant Director for Awards at awards@iris.wisc.edu

The CLS program is part of the U.S. Department of State, Bureau of Educational and Cultural Affairs. It is a fully-funded overseas intensive language and cultural immersion program for American undergraduate and graduate students. With the goal of broadening the base of Americans studying and mastering critical languages and to build relationships between the people of the United States and other countries, CLS provides opportunities to a diverse range of students from across the United States at every level of language learning.

The fourteen CLS languages are: Arabic, Azerbaijani, Bangla, Chinese, Hindi, Indonesian, Japanese, Korean, Persian, Punjabi, Russian, Swahili, Turkish, and Urdu.

The CLS Program seeks participants with diverse interests, from a wide variety of fields of study, backgrounds and career paths, with the purpose of representing the full diversity of the United States. Thus, students from all academic disciplines, including business, engineering, law, medicine, science, social sciences, arts and humanities are encouraged to apply.

---

**Gilman Scholarship Program**
Campus Representative: Andy Quackenbush (quackenbush@studyabroad.wisc.edu), Advisor, International Academic Programs

The Gilman Scholarship Program is an undergraduate grant program for U.S. citizens of limited financial means to enable them to study abroad, thereby internationalizing their outlook and better preparing them to assume significant roles in the increasingly global economy.

# ASIAN LANGUAGES AND CULTURES: EAST ASIAN STUDIES

The 21st century has been called the "Asian Century." Indeed, many of the world's most pressing issues cannot be understood without a grasp of the histories, cultures, and languages of Asia. Asia is home to over half of the world's population. China, Japan, and India are three of the world's top economies. For decades Asian countries have been leaders in global manufacturing, and Asian universities are renowned centers for literary studies and scientific innovation. Fifty percent of the declared nuclear-weapon states are also in the region. Simply put, Asia matters a great deal.

The Department of Asian Languages and Cultures offers a wide variety of courses on East, South, and Southeast Asia taught by faculty who are specialists in their regions and disciplines. Whether you are taking your first step toward learning about Asia or you bring some background experience, an ALC major will expand your ability to think and work across cultural and linguistic boundaries. Majors who opt the ALC major study Asia in a robustly transnational and transhistorical perspective, working with faculty across the department. Alternatively, majors may choose to take a more focused course of study by choosing one of our named options in East Asia, South Asia, and Southeast Asia, thereby electing to work more closely with the professors who specialize in these specific regions.

**East Asia**
The East Asian Studies named option offers a multidisciplinary range of courses that explore the diverse and vibrant cultures, arts, histories, political systems, and literatures of China, Japan, Korea and Tibet. Students in the East Asian option can study Chinese, Japanese, Korean or Tibetan language and linguistics; and explore Chinese ghost stories and classical Chinese literature or poetry; Korean cinema and pop culture; classical Japanese fiction; early modern comedic narratives, manga, anime and counterculture. ALC faculty and instructors offering courses in this option include: C. D'Etcheverry, A. Detwyler, N. Geyer, R. Huntington, A. Kern, H. Kim, B. Lim, J. Mori, T. Nakakubo, B. Nienhauser, S. Ridgely, H. Zhang, W. Zhu.

**South Asia**
The South Asian Studies named option offers a multidisciplinary range of courses that explore the diverse and vibrant cultures, arts, histories, political systems, and literatures of Afghanistan, Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan, Sri Lanka, and Tibet. Students in the South Asian option can study Hindi, Persian, Sanskrit, Tibetan, or Urdu language; and probe the roots of Yoga; methods of Buddhist philosophy and meditation; South Asian religion and politics in the past and present of the Indian subcontinent; and medical history in South Asia. ALC faculty and instructors offering courses in this option include: F. Asif, G. Bühnemann, S. Beckham, A. Cerulli, S. Farsiu, J. Dunne, J. Khedup, N. Tiwari.

**Southeast Asia**
The Southest Asian Studies named option offers a multidisciplinary range of courses that explore the diverse and vibrant cultures, arts, histories, political systems, and literatures of Brunei, Cambodia, Indonesia, Laos, Malaysia, Myanmar, Philippines, Singapore, Thailand, Timor-Leste, and Vietnam. Students in the Southeast Asian option can study Burmese, Filipino, Hmong, Indonesian, Khmer, Thai and Vietnamese language; and probe Human rights in Thailand; explore literature of the region; and history and politics in Southeast Asia. ALC faculty and instructors

offering courses in this option include: E. Barnard, T. Haberkorn, C. Lee, J. Surasin, S. Suryani, H. Dinh, S. Zamar.

To take advantage of the Department of Asian Languages and Cultures' many relationships with other departments and program units across campus, students may choose to double major or enhance their studies in ALC with one of the certificates offered at the university, such as the global health certificate, the certificate in health and the humanities, or those offered by the area studies centers: Center for East Asian Studies (https://eastasia.wisc.edu); Center for South Asia (https://southasia.wisc.edu); and Center for Southeast Asian Studies (https://seasia.wisc.edu).

This major is interdisciplinary and offers a wealth of options. Careful planning and consultation with the ALC advisor, is especially important.

## REQUIREMENTS

# REQUIREMENTS FOR THE EAST ASIAN OPTION

30 credits to include the Introductory and Residence and Quality of Work requirements of the general major, plus these requirements specific to the East Asian Option:

### EAST ASIAN INTERMEDIATE LANGUAGE

| Code | Title | Credits |
|---|---|---|
| **Complete a sequence:** | | |
| ASIALANG 201 & ASIALANG 202 | Third Semester Chinese and Fourth Semester Chinese | 8 |
| ASIALANG 203 & ASIALANG 204 | Third Semester Japanese and Fourth Semester Japanese | 8 |
| ASIALANG 205 & ASIALANG 206 | Third Semester Korean and Fourth Semester Korean | 8 |
| ASIALANG 235 & ASIALANG 236 | Third Semester Modern Tibetan and Fourth Semester Modern Tibetan | 8 |

### EAST ASIAN STUDIES BREADTH

#### East Asian Studies Humanities

| Code | Title | Credits |
|---|---|---|
| **Complete three courses from:** | | |
| ASIAN 203 | Lost in Translation: Western Experience in Asia | 3 |

## FOUR-YEAR PLAN

See Four Year Plan for the Asian Languages and Cultures Major; your course choices for the East Asian Studies Named Option will focus on that region.

# ASIAN LANGUAGES AND CULTURES: SOUTH ASIAN STUDIES

The 21st century has been called the "Asian Century." Indeed, many of the world's most pressing issues cannot be understood without a grasp of the histories, cultures, and languages of Asia. Asia is home to over half of the world's population. China, Japan, and India are three of the world's top economies. For decades Asian countries have been leaders in global manufacturing, and Asian universities are renowned centers for literary studies and scientific innovation. Fifty percent of the declared nuclear-weapon states are also in the region. Simply put, Asia matters a great deal.

The Department of Asian Languages and Cultures offers a wide variety of courses on East, South, and Southeast Asia taught by faculty who are specialists in their regions and disciplines. Whether you are taking your first step toward learning about Asia or you bring some background experience, an ALC major will expand your ability to think and work across cultural and linguistic boundaries. Majors who opt the ALC major study Asia in a robustly transnational and transhistorical perspective, working with faculty across the department. Alternatively, majors may choose to take a more focused course of study by choosing one of our named options in East Asia, South Asia, and Southeast Asia, thereby electing to work more closely with the professors who specialize in these specific regions.

**East Asia**
The East Asian Studies named option offers a multidisciplinary range of courses that explore the diverse and vibrant cultures, arts, histories, political systems, and literatures of China, Japan, Korea and Tibet. Students in the East Asian option can study Chinese, Japanese, Korean or Tibetan language and linguistics; and explore Chinese ghost stories and classical Chinese literature or poetry; Korean cinema and pop culture; classical Japanese fiction; early modern comedic narratives, manga, anime and counterculture. ALC faculty and instructors offering courses in this option include: C. D'Etcheverry, A. Detwyler, N. Geyer, R. Huntington, A. Kern, H. Kim, B. Lim, J. Mori, T. Nakakubo, B. Nienhauser, S. Ridgely, H. Zhang, W. Zhu.

**South Asia**
The South Asian Studies named option offers a multidisciplinary range of courses that explore the diverse and vibrant cultures, arts, histories, political systems, and literatures of Afghanistan, Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan, Sri Lanka, and Tibet. Students in the South Asian option can study Hindi, Persian, Sanskrit, Tibetan, or Urdu language; and probe the roots of Yoga; methods of Buddhist philosophy and meditation; South Asian religion and politics in the past and present of the Indian subcontinent; and medical history in South Asia. ALC faculty and instructors offering courses in this option include: F. Asif, G. Bühnemann, S. Beckham, A. Cerulli, S. Farsiu, J. Dunne, J. Khedup, N. Tiwari.

**Southeast Asia**
The Southest Asian Studies named option offers a multidisciplinary range of courses that explore the diverse and vibrant cultures, arts, histories, political systems, and literatures of Brunei, Cambodia, Indonesia, Laos, Malaysia, Myanmar, Philippines, Singapore, Thailand, Timor-Leste, and Vietnam. Students in the Southeast Asian option can study Burmese, Filipino, Hmong, Indonesian, Khmer, Thai and Vietnamese language; and probe Human rights in Thailand; explore literature of the region; and history and politics in Southeast Asia. ALC faculty and instructors offering courses in this option include: E. Barnard, T. Haberkorn, C. Lee, J. Surasin, S. Suryani, H. Dinh, S. Zamar.

To take advantage of the Department of Asian Languages and Cultures' many relationships with other departments and program units across campus, students may choose to double major or enhance their studies in ALC with one of the certificates offered at the university, such as the global health certificate, the certificate in health and the humanities, or those offered by the area studies centers: Center for East Asian Studies (https://eastasia.wisc.edu); Center for South Asia (https://southasia.wisc.edu); and Center for Southeast Asian Studies (https://seasia.wisc.edu).

This major is interdisciplinary and offers a wealth of options. Careful planning and consultation with the ALC advisor, is especially important.

## FOUR-YEAR PLAN

See Four Year Plan for the Asian Languages and Cultures Major; your course choices for the South Asian Studies Named Option will focus on that region.

# ASIAN LANGUAGES AND CULTURES: SOUTHEAST ASIAN STUDIES

The 21st century has been called the “Asian Century.” Indeed, many of the world's most pressing issues cannot be understood without a grasp of the histories, cultures, and languages of Asia. Asia is home to over half of the world's population. China, Japan, and India are three of the world’s top economies. For decades Asian countries have been leaders in global manufacturing, and Asian universities are renowned centers for literary studies and scientific innovation. Fifty percent of the declared nuclear-weapon states are also in the region. Simply put, Asia matters a great deal.

The Department of Asian Languages and Cultures offers a wide variety of courses on East, South, and Southeast Asia taught by faculty who are specialists in their regions and disciplines. Whether you are taking your first step toward learning about Asia or you bring some background experience, an ALC major will expand your ability to think and work across cultural and linguistic boundaries. Majors who opt the ALC major study Asia in a robustly transnational and transhistorical perspective, working with faculty across the department. Alternatively, majors may choose to take a more focused course of study by choosing one of our

named options in East Asia, South Asia, and Southeast Asia, thereby electing to work more closely with the professors who specialize in these specific regions.

**East Asia**
The East Asian Studies named option offers a multidisciplinary range of courses that explore the diverse and vibrant cultures, arts, histories, political systems, and literatures of China, Japan, Korea and Tibet. Students in the East Asian option can study Chinese, Japanese, Korean or Tibetan language and linguistics; and explore Chinese ghost stories and classical Chinese literature or poetry; Korean cinema and pop culture; classical Japanese fiction; early modern comedic narratives, manga, anime and counterculture. ALC faculty and instructors offering courses in this option include: C. D'Etcheverry, A. Detwyler, N. Geyer, R. Huntington, A. Kern, H. Kim, B. Lim, J. Mori, T. Nakakubo, B. Nienhauser, S. Ridgely, H. Zhang, W. Zhu.

**South Asia**
The South Asian Studies named option offers a multidisciplinary range of courses that explore the diverse and vibrant cultures, arts, histories, political systems, and literatures of Afghanistan, Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan, Sri Lanka, and Tibet. Students in the South Asian option can study Hindi, Persian, Sanskrit, Tibetan, or Urdu language; and probe the roots of Yoga; methods of Buddhist philosophy and meditation; South Asian religion and politics in the past and present of the Indian subcontinent; and medical history in South Asia. ALC faculty and instructors offering courses in this option include: F. Asif, G. Bühnemann, S. Beckham, A. Cerulli, S. Farsiu, J. Dunne, J. Khedup, N. Tiwari.

**Southeast Asia**
The Southest Asian Studies named option offers a multidisciplinary range of courses that explore the diverse and vibrant cultures, arts, histories, political systems, and literatures of Brunei, Cambodia, Indonesia, Laos, Malaysia, Myanmar, Philippines, Singapore, Thailand, Timor-Leste, and Vietnam. Students in the Southeast Asian option can study Burmese, Filipino, Hmong, Indonesian, Khmer, Thai and Vietnamese language; and probe Human rights in Thailand; explore literature of the region; and history and politics in Southeast Asia. ALC faculty and instructors offering courses in this option include: E. Barnard, T. Haberkorn, C. Lee, J. Surasin, S. Suryani, H. Dinh, S. Zamar.

To take advantage of the Department of Asian Languages and Cultures' many relationships with other departments and program units across campus, students may choose to double major or enhance their studies in ALC with one of the certificates offered at the university, such as the global health certificate, the certificate in health and the humanities, or those offered by the area studies centers: Center for East Asian Studies (https://eastasia.wisc.edu); Center for South Asia (https://southasia.wisc.edu); and Center for Southeast Asian Studies (https://seasia.wisc.edu).

This major is interdisciplinary and offers a wealth of options. Careful planning and consultation with the ALC advisor, is especially important.

## REQUIREMENTS

# REQUIREMENTS FOR THE SOUTHEAST ASIAN OPTION

30 credits to include the Introductory and Residence and Quality of Work requirements of the general major, plus these requirements specific to the Southeast Asian Option:

## SOUTHEAST ASIAN INTERMEDIATE LANGUAGE

| Code | Title | Credits |
|---|---|---|
| **Complete a sequence:** | | |
| ASIALANG 243 & ASIALANG 244 | Third Semester Burmese and Fourth Semester Burmese | 8 |
| ASIALANG 229 & ASIALANG 230 | Third Semester Thai and Fourth Semester Thai | 8 |
| ASIALANG 223 & ASIALANG 224 | Third Semester Filipino and Fourth Semester Filipino | 8 |
| ASIALANG 225 & ASIALANG 226 | Third Semester Hmong and Fourth Semester Hmong | 8 |
| ASIALANG 227 & ASIALANG 228 | Third Semester Indonesian and Fourth Semester Indonesian | 8 |
| ASIALANG 245 & ASIALANG 246 | Third Semester Khmer and Fourth Semester Khmer | 8 |
| ASIALANG 231 & ASIALANG 232 | Third Semester Vietnamese and Fourth Semester Vietnamese | 8 |

## FOUR-YEAR PLAN

See Four Year Plan for the Asian Languages and Cultures Major; your course choices for the Southeast Asian Studies Named Option will focus on that region.

# CHINESE PROFESSIONAL COMMUNICATIONS, CERTIFICATE

The certificate in Chinese professional communication provides students with the opportunity to develop proficiency in Chinese while pursuing majors in other subjects across the university. It emphasizes the development of communication skills that are applicable to various professional contexts that students may encounter in their future careers.

The certificate is open to all undergraduate students (except for those majoring in Chinese). It is available to Special students only in circumstances where they have completed more than half of the 12-credit requirements discussed below as UW–Madison undergraduates in the semesters preceding their Special student enrollment.

For more information about the Department of Asian Languages and Cultures see the department overview (p. 421).

## STUDY ABROAD IN CHINA

Students may receive residence credit for study abroad through a variety of different programs. Our faculty direct the summer UW Intensive Chinese Language (https://studyabroad.wisc.edu/program/?

programId=154) program in Tianjin. Students on this intensive language program study Mandarin Chinese over the summer, earning up to a full year's worth of language credits. Please contact International Academic Programs (https://www.studyabroad.wisc.edu) for details.

Students may also receive credit, or gain experience, through various internship opportunities abroad. Please contact International Internship Programs (http://internships.international.wisc.edu) for details.

## HOW TO GET IN

# PRIOR EXPERIENCE IN CHINESE

If you are a student with prior experience in Chinese (e.g., self-taught, learned in elementary, middle or high school, or learned from family, relatives or friends, etc.), and seek advise about foreign language placement, or continuing with the language of your heritage please fill out this questionnaire (https://alc.wisc.edu/languages/background-questionnaire)in order to receive appropriate advising or guidance.

# PLACEMENT TESTS

The Department of Asian Languages and Cultures requires that students with **any** prior knowledge of the languages taught in our department (e.g. Chinese, Japanese and Korean), and **who plan to enroll** in our language classes, take a placement test before enrolling in a language course. More information:
https://alc.wisc.edu/languages/placement-tests

# DECLARING THE CERTIFICATE

To declare the Certificate in Chinese Professional Communication, students should meet with the undergraduate advisor, Rachel Weiss rweiss@wisc.edu, to review the requirements, and discuss courses. Students may declare the certificate at any point in their language study.

## REQUIREMENTS

# REQUIREMENTS

12 credits distributed as follows:

| Code | Title | Credits |
|---|---|---|
| ASIALANG 379 | Business Chinese | 3 |
| **Advanced Chinese Language Courses** | | 6 |
| ASIALANG 301 | Fifth Semester Chinese | |
| ASIALANG 302 | Sixth Semester Chinese | |
| ASIALANG 374 | Advanced Readings in Chinese I | |
| ASIALANG 378 | Chinese Conversation | |
| ASIALANG 401 | Seventh Semester Chinese | |
| ASIALANG 402 | Eighth Semester Chinese | |
| ASIALANG 453 | Advanced Readings in Chinese II | |
| ASIALANG 454 | Advanced Chinese through Media | |
| ASIALANG 475 | Advanced Topics in Asian Translation ((Chinese topics only)) | |
| ASIALANG 501 | Fifth-year Chinese | |
| **Chinese Literature or Humanities Electives:** | | 3 |
| ASIAN/E A STDS/ HISTORY 103 | Introduction to East Asian History: China | |

| POLI SCI 346 | China in World Politics | |
| SOC 225 | Contemporary Chinese Society | |
| Total Credits | | 12 |

## RESIDENCE AND QUALITY OF WORK

- Minimum 2.000 GPA on all certificate-approved courses
- 6 credits in the certificate, in residence

# CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. Understand the content and cultural context of written texts and audiovisual materials with a large degree of independence, adapting style and speed of comprehension to different texts and purposes, and using appropriate reference sources selectively.
2. Spontaneously exchange ideas about various topics with relative ease.
3. State and support one's own opinion while acknowledging others' viewpoints.
4. Demonstrate an awareness of the importance of pragmatic, sociolinguistic, and rhetorical features of the target language.
5. Conduct library and/or internet-based research on topics relating to their particular interests and special fields of expertise, collecting and selecting relevant information using English and target language source materials.
6. Synthesize and critically evaluate source materials in both English and the target language.
7. Present (orally or in written language) their experiences and their introspection on these experiences in a coherent and effective manner.
8. Demonstrate cultural awareness across historical epochs.
9. Produce effective academic writing in English.\\n

## ADVISING AND CAREERS

### UNDERGRADUATE ADVISOR

**Rachel Weiss**
1244 Van Hise Hall
608-890-0138
rweiss@wisc.edu
Schedule an advising appointment (https://calendar.wisc.edu/scheduling-assistant/public/profiles/fUerTooa.html)

Rachel is the advisor for the undergraduate majors and certificates in the Department of Asian Languages and Cultures. She is happy to meet with students as they explore the degree options or advance through their four-year plans.

### INTERNATIONAL DIRECTIONS ADVISING

#### LANGUAGE INSTITUTE

The Language Institute (https://languages.wisc.edu) provides academic and career advising to undergraduate students interested in languages and international area studies. The International Directions advisor provides academic and career advising to undergraduate students who are interested in languages and international area studies. Learn more (https://languages.wisc.edu/advising).

### L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## WISCONSIN EXPERIENCE

# UNDERGRADUATE RESEARCH

Students in the ALC department academic programs are encouraged to become engaged in undergraduate research. There are numerous programs (https://teachlearn.provost.wisc.edu/initiatives-and-programs/undergraduate-research) that provide research opportunities for undergraduates at UW—Madison including:

- Hilldale Undergraduate/Faculty Research Fellowships (https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship)
- McNair Scholars (http://grad.wisc.edu/mcnair)
- Summer Research Programs (https://grad.wisc.edu/diversity/srop)
- Undergraduate Research Scholars (https://urs.ls.wisc.edu)
- The Wisconsin Idea Undergraduate Fellowship Program (https://morgridge.wisc.edu/students/wisconsin-idea-fellowships)

## RESOURCES AND SCHOLARSHIPS

# DEPARTMENT SCHOLARSHIPS

The Department of Asian Languages and Cultures has various scholarships to support meritorious students in our programs. Application information and deadlines (https://alc.wisc.edu/content/undergraduate-scholarships).

**Ellen and William E. Fisher Scholarship**
Ellen and William E. Fisher have provided funding for an annual scholarship to be awarded to an undergraduate student at the UW-Madison who is studying the Chinese language. According to the terms of the gift agreement, the award is based on merit, therefore there is no application, but faculty will make a determination based on students progressing in the program. Mr. Fisher stipulated that the award must be made in the Fall semester, so that the recipient can use it in the Spring semester.

**Chou Kuo-p'ing Book Award**

Several awards will be given each year to undergraduate students who are studying and will continue to study Chinese during the following semester. This award is made possible through a donation by Professor Emerita Chou Kuo-p'ing, the founder of the Chinese program here at the University of Wisconsin-Madison. Professor Chou, a dedicated teacher, devoted her entire career to teaching, promoting and developing Chinese studies in Wisconsin. Professor Chou was very active during her teaching career, and often helped financially disadvantaged students, especially those who excelled in their academic careers despite economic difficulties. Although this award is based mainly on the applicant's academic performance, special consideration is given to those who are financially disadvantaged in order to carry on this tradition.

**Lawrence Louey Merit Scholarship**

The Lawrence Louey Merit Scholarship is an annual competition recognizing an undergraduate Chinese major in the Department of Asian Languages and Cultures with a $1000 award. Eligibility: You must be a graduating senior with a GPA above 3.75 and have taken at least three years of Chinese. An application is required for consideration, including a brief career plan, as well as a research paper from one of your major field courses.

**Chinese Language Learners Bridge Fund**
Chinese Major Alumni Jarrett Wiesolek (Class of 2011) and Ali Dibble (Class of 2012) launched the Bridge fund in 2016. CLLBF is designed to award scholarships to students who are passionate about learning Chinese and building bridges between UW-Madison and China. The fund has topped its start-up goal of $10,000, which means it can now generate interest that will be awarded to students and the Chinese program (http://alc.wisc.edu) in the UW-Madison's Department of Asian Languages and Cultures. At its current level, the endowment will generate approximately $500 a year in interest. For more information about CLLBF, contact Ali and Jarrett at this email address: applycllbf@gmail.com

# CAMPUS RESOURCES

**Foreign Language & Area Studies (FLAS) Fellowships**
East Asian Studies FLAS Coordinator: Laurie Dennis, Assistant Director, ldennis@wisc.edu (ldennis@international.wisc.edu), 325 Ingraham Hall

FLAS fellowships are funded by the U.S. Department of Education and administered by the UW's National Resource Centers to assist students in acquiring foreign language and either area or international studies competencies. FLAS awards are only available for specific languages (https://flas.wisc.edu/Languages.html), and are contingent on federal funding. Please direct any questions to the FLAS Coordinator (https://flas.wisc.edu/Languages.html)of your chosen language.

Applicants must be U.S. citizens or permanent residents of the United States. Applications by students in professional fields are encouraged. Preference will be given to applicants with a high level of academic ability and with previous language training. Academic Year and Summer FLAS awards are **two separate competitions** requiring **two separate and complete applications**.

---

**Scholarships@UW-Madison** (https://scholarships.wisc.edu/Scholarships)
This is the primary campus wide portal for applicants, current students, and everyone looking for scholarship opportunities on campus.

---

**Undergraduate Academic Awards Office** (https://awards.advising.wisc.edu)
We help UW-Madison undergraduates and recent graduates pursue nationally competitive scholarships (https://awards.advising.wisc.edu/scholarships/nationally-competitive) and campus-wide awards (https://awards.advising.wisc.edu/scholarships/campus-wide) for research, service and leadership—activities at the heart of the Wisconsin Experience. We can help you:

- Find scholarship opportunities that match your goals and interests
- Navigate the scholarship application process
- Review scholarship essays
- Prepare for national scholarship interviews

Contact us (https://awards.advising.wisc.edu/schedule-an-appointment) to schedule an appointment to discuss which opportunities are right for you.

## NATIONAL SCHOLARSHIPS

**Boren Scholarships** (https://borenawards.org)
Campus Representative: Undergraduates with questions should contact Matt Geisler (mdgeisler@studyabroad.wisc.edu), Associate Director of International Academic Programs

These scholarships provide up to $20,000 to U.S. undergraduate students to study abroad in areas of the world that are critical to U.S. interests and underrepresented in study abroad, including Africa, Asia, Central & Eastern Europe, Eurasia, Latin America, and the Middle East. The countries of Western Europe, Canada, Australia, and New Zealand are excluded. (Full list of preferred countries (http://borenawards.org/boren_scholarship/preferences.html)) Additionally, all programs must include formal study of an appropriate foreign language. (Full list of preferred languages (http://borenawards.org/boren_scholarship/preferences.html)).

---

**Critical Language Scholarship Program** (http://www.clscholarship.org)
Campus Representative: Mark Lilleleht, Assistant Director for Awards at awards@iris.wisc.edu
The CLS program is part of the U.S. Department of State, Bureau of Educational and Cultural Affairs. It is a fully-funded overseas intensive language and cultural immersion program for American undergraduate and graduate students. With the goal of broadening the base of Americans studying and mastering critical languages and to build relationships between the people of the United States and other countries, CLS provides opportunities to a diverse range of students from across the United States at every level of language learning.
The fourteen CLS languages are: Arabic, Azerbaijani, Bangla, Chinese, Hindi, Indonesian, Japanese, Korean, Persian, Punjabi, Russian, Swahili, Turkish, and Urdu.

The CLS Program seeks participants with diverse interests, from a wide variety of fields of study, backgrounds and career paths, with the purpose of representing the full diversity of the United States. Thus, students from all academic disciplines, including business, engineering, law, medicine, science, social sciences, arts and humanities are encouraged to apply.

---

**Gilman Scholarship Program**
Campus Representative: Andy Quackenbush (quackenbush@studyabroad.wisc.edu), Advisor, International Academic Programs

The Gilman Scholarship Program is an undergraduate grant program for U.S. citizens of limited financial means to enable them to study abroad, thereby internationalizing their outlook and better preparing them to assume significant roles in the increasingly global economy.

# CHINESE, B.A.

The Chinese program offers students a range of courses and activities which impart an understanding of the culture and civilization of China. With the completion of three years of the language, students will be prepared to handle various types of colloquial Chinese. Most majors pursue advanced studies in Chinese linguistics or literature, while others combine an interest in China with a degree in business, education, engineering or journalism.

For more information about the Department of Asian Languages and Cultures visit the department overview (p. 421).

## STUDY ABROAD IN CHINA

Students may receive residence credit for study abroad through a variety of different programs. Our faculty direct the summer UW Intensive Chinese Language (https://studyabroad.wisc.edu/program/?programId=154) program in Tianjin. Students on this intensive language program study Mandarin Chinese over the summer, earning up to a full year's worth of language credits. Please contact International Academic Programs (https://www.studyabroad.wisc.edu) for details.

Students may also receive credit, or gain experience, through various internship opportunities abroad. Please contact International Internship Programs (http://internships.international.wisc.edu) for details.

## STARTING COURSEWORK TOWARDS THE MAJOR

Students may declare the Chinese major at any time. Before declaring the major, students may begin coursework to explore the language and fields of interest. Those students who have studied Chinese prior to coming to UW-Madison will have to take a placement test (https://alc.wisc.edu/placement-tests) to determine the best class to enroll in on campus.

The following courses may be taken with no previous knowledge of Chinese:

| Code | Title | Credits |
|---|---|---|
| ASIALANG 101 | First Semester Chinese | 4 |
| ASIALANG 110 | Elementary Chinese I | 2 |
| ASIAN 100 | Gateway to Asia: Special Topics | 3-4 |
| ASIAN/E A STDS/ HISTORY 103 | Introduction to East Asian History: China | 3-4 |
| ASIAN/ RELIG ST 236 | Asia Enchanted: Ghosts, Gods, and Monsters | 3 |
| ASIAN/E A STDS/ HISTORY/ POLI SCI 255 | Introduction to East Asian Civilizations | 3-4 |
| ASIAN/HISTORY/ RELIG ST 267 | Asian Religions in Global Perspective | 3-4 |
| ASIAN/ASIAN AM/ E A STDS/ HISTORY 276 | Chinese Migrations since 1500 | 3-4 |
| ART HIST 203 | Survey of Asian Art | 3-4 |
| LITTRANS 261 & LITTRANS 262 | Survey of Chinese Literature in Translation and Survey of Chinese Literature in Translation | 6 |
| LITTRANS 262 | Survey of Chinese Literature in Translation | 3 |
| SOC 225 | Contemporary Chinese Society | 3 |

## HOW TO GET IN

## PRIOR EXPERIENCE IN LANGUAGE STUDY

If you are a student with prior experience in Chinese language (e.g., self-taught, learned in elementary, middle or high school, or learned from

family, relatives or friends, etc.), and seek advise about foreign language placement, or continuing with the language of your heritage please fill out this questionnaire (https://alc.wisc.edu/languages/background-questionnaire)in order to receive appropriate advising or guidance.

## CHINESE PLACEMENT TEST

The Department of Asian Languages and Cultures requires that students with **any** prior knowledge of the languages taught in our department (e.g. Chinese, Japanese and Korean), and **who plan to enroll** in our language classes, take a placement test (https://alc.wisc.edu/languages/placement-tests) before enrolling in a language course. Our department administers a computer based Chinese placement test (https://alc.wisc.edu/language-placement-test-information/#placement) throughout the year. This test will be given on campus only.

## DECLARE THE MAJOR

Students may declare the major at any time - schedule an appointment today (https://calendar.wisc.edu/scheduling-assistant/public/profiles/fUerTooa.html).

# REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

### NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

## REQUIREMENTS FOR THE MAJOR

| Code | Title | Credits |
|---|---|---|
| **Prerequisites: First & Second Year Language** | | |
| *First Semester Chinese (complete one):* | | *4* |

| | | |
|---|---|---|
| ASIALANG 101 | First Semester Chinese | |
| ASIALANG 110 & ASIALANG 111 | Elementary Chinese I and Elementary Chinese II | |
| *Followed by (complete all):* | | |
| ASIALANG 102 | Second Semester Chinese | 4 |
| ASIALANG 201 | Third Semester Chinese | 4 |
| ASIALANG 202 | Fourth Semester Chinese | 4 |
| *Sequence for Heritage Speakers* | | |
| ASIALANG 211 & ASIALANG 212 | Heritage Chinese I and Heritage Chinese II | |
| **Required Language Course** | | |
| ASIALANG 301 | Fifth Semester Chinese | 4 |
| **Advanced or Specialized Language Courses** | | 9 |
| ASIALANG 302 | Sixth Semester Chinese | |
| ASIALANG 311 | First Semester Classical Chinese | |
| ASIALANG 312 | Second Semester Classical Chinese | |
| ASIALANG 374 | Advanced Readings in Chinese I | |
| ASIALANG 378 | Chinese Conversation | |

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Chinese undergraduate advisor.

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 for all courses accepted in the major
- Complete the following coursework, with a grade of B or better:
  - ASIAN 699 or other appropriate course of 3–4 credits with the major professor, under whose guidance a student intends to write a thesis. This course must be taken before ASIAN 681.
  - A two-semester Senior Honors Thesis in ASIAN 681 and ASIAN 682, for a total of 6 credits.

# DISTINCTION IN THE MAJOR

Students majoring in Chinese who are not enrolled in the honors program may earn distinction in the major by completing:

- L&S general degree requirements, and
- the junior–senior honors curriculum.

Fifteen honors credits are required in courses at the 300 level or higher, including a two-semester Senior Honors Thesis in ASIAN 681 and ASIAN 682, for a total of 6 credits.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Understand the content and cultural context of written texts and audiovisual materials with a large degree of independence, adapting style and speed of comprehension to different texts and purposes, and using appropriate reference sources selectively.
2. Spontaneously exchange ideas about various topics with relative ease.
3. State and support one's own opinion while acknowledging others' viewpoints.
4. Demonstrate an awareness of the importance of pragmatic, sociolinguistic, and rhetorical features of the target language.
5. Conduct library and/or internet-based research on topics relating to their particular interests and special fields of expertise, collecting and selecting relevant information using English and target language source materials.
6. Synthesize and critically evaluate source materials in both English and the target language.
7. Present (orally or in written language) their experiences and their introspection on these experiences in a coherent and effective manner.
8. Demonstrate cultural awareness across historical epochs.
9. Produce effective academic writing in English.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ASIALANG 101 | 4 | ASIALANG 102 | 4 |
| ASIAN 100 ( Humanities Breadth) | 3-4 | ASIAN/ASIAN AM/ HISTORY 246 (meets Ethnic Studies requirement) | 4 |
| Communication A | 3 | Quantitative Reasoning A | 3-4 |
| Biological Science Breadth | 3 | Science Breadth | 3 |
| | | Students beginning language study this term may start with: | |
| | | ASIALANG 110 | |
| | 14 | | 15 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ASIALANG 201 or 111 | 4 | ASIALANG 202 or 102 | 4 |
| Or students continue with: | | ASIAN/RELIG ST 236 (Communication B) | 3 |
| ASIALANG 111 | | ASIAN 203 (Humanities Breadth) | 3 |
| ASIAN/E A STDS/ HISTORY/POLI SCI 255 (Social Science Breadth) | 3-4 | Physical Science Breadth | 3 |
| ASIAN/HISTORY/ RELIG ST 267 (Humanities Breadth) | 3-4 | Elective | 3 |
| Quantitative Reasoning B | 3-4 | | |
| | 14 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ASIALANG 301 or 201 | 4 | ASIALANG 302 or 202 | 4 |
| ASIALANG 311 | 3 | ASIALANG 379 | 3 |
| ASIAN/E A STDS/ HISTORY 342 (Social Science Breadth) | 3-4 | ASIAN 352 (Literature Breadth) | 3 |
| ASIAN 371 (Literature Breadth) | 2-3 | ASIAN 699 | 2-3 |
| Science Breadth | 3 | Elective | 3 |
| | 16 | | 16 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ASIALANG 301 (if needed) | 4 | ASIALANG 302 (if needed) | 4 |
| ASIALANG 374 | 3 | ASIAN 641 | 3 |
| ASIAN 375 | 3 | ASIAN 682 or 692 | 3 |
| ASIAN 631 | 3 | Electives | 3-7 |
| ASIAN 681 or 691 | 3 | | |
| Elective | 0-4 | | |
| | 16 | | 13 |

Total Credits 120

## ADVISING AND CAREERS

# UNDERGRADUATE ADVISOR

**Rachel Weiss**
1244 Van Hise Hall
608-890-0138
rweiss@wisc.edu

Schedule an advising appointment (https://calendar.wisc.edu/scheduling-assistant/public/profiles/fUerTooa.html)

Rachel is the advisor for the undergraduate majors and certificates in the Department of Asian Languages and Cultures. She is happy to meet with students as they explore the degree options or advance through their four-year plans.

# INTERNATIONAL DIRECTIONS ADVISING

## LANGUAGE INSTITUTE

The Language Institute (https://languages.wisc.edu) provides academic and career advising to undergraduate students interested in languages and international area studies. The International Directions advisor provides academic and career advising to undergraduate students who are interested in languages and international area studies. Learn more (https://languages.wisc.edu/advising).

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

# WISCONSIN EXPERIENCE

# UNDERGRADUATE RESEARCH

Students in the ALC department academic programs are encouraged to become engaged in undergraduate research. There are numerous programs (https://teachlearn.provost.wisc.edu/initiatives-and-programs/undergraduate-research) that provide research opportunities for undergraduates at UW–Madison including:

- Hilldale Undergraduate/Faculty Research Fellowships (https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship)
- McNair Scholars (http://grad.wisc.edu/mcnair)
- Summer Research Programs (https://grad.wisc.edu/diversity/srop)
- Undergraduate Research Scholars (https://urs.ls.wisc.edu)
- The Wisconsin Idea Undergraduate Fellowship Program (https://morgridge.wisc.edu/students/wisconsin-idea-fellowships)

# RESOURCES AND SCHOLARSHIPS

# DEPARTMENT SCHOLARSHIPS

The Department of Asian Languages and Cultures has various scholarships to support meritorious students in our programs. Application information and deadlines (https://alc.wisc.edu/content/undergraduate-scholarships).

**Ellen and William E. Fisher Scholarship**
Ellen and William E. Fisher have provided funding for an annual scholarship to be awarded to an undergraduate student at the UW-Madison who is studying the Chinese language. According to the terms of the gift agreement, the award is based on merit, therefore there is no application, but faculty will make a determination based on students progressing in the program. Mr. Fisher stipulated that the award must be made in the Fall semester, so that the recipient can use it in the Spring semester.

**Chou Kuo-p'ing Book Award**

Several awards will be given each year to undergraduate students who are studying and will continue to study Chinese during the following semester. This award is made possible through a donation by Professor Emerita Chou Kuo-p'ing, the founder of the Chinese program here at the University of Wisconsin-Madison. Professor Chou, a dedicated teacher, devoted her entire career to teaching, promoting and developing Chinese studies in Wisconsin. Professor Chou was very active during her teaching career, and often helped financially disadvantaged students, especially those who excelled in their academic careers despite economic difficulties. Although this award is based mainly on the applicant's academic performance, special consideration is given to those who are financially disadvantaged in order to carry on this tradition.

**Lawrence Louey Merit Scholarship**

The Lawrence Louey Merit Scholarship is an annual competition recognizing an undergraduate Chinese major in the Department of Asian Languages and Cultures with a $1000 award. Eligibility: You must be a graduating senior with a GPA above 3.75 and have taken at least three years of Chinese. An application is required for consideration, including a brief career plan, as well as a research paper from one of your major field courses.

**Chinese Language Learners Bridge Fund**
Chinese Major Alumni Jarrett Wiesolek (Class of 2011) and Ali Dibble (Class of 2012) launched the Bridge fund in 2016. CLLBF is designed to award scholarships to students who are passionate about learning Chinese and building bridges between UW-Madison and China. The fund has topped its start-up goal of $10,000, which means it can now generate interest that will be awarded to students and the Chinese program (http://alc.wisc.edu) in the UW-Madison's Department of Asian Languages and Cultures. At its current level, the endowment will generate approximately $500 a year in interest. For more information about CLLBF, contact Ali and Jarrett at this email address: applycllbf@gmail.com

# CAMPUS RESOURCES

**Foreign Language & Area Studies (FLAS) Fellowships**
East Asian Studies FLAS Coordinator: Laurie Dennis, Assistant Director, ldennis@wisc.edu (ldennis@international.wisc.edu), 325 Ingraham Hall

FLAS fellowships are funded by the U.S. Department of Education and administered by the UW's National Resource Centers to assist students in acquiring foreign language and either area or international studies competencies. FLAS awards are only available for specific languages (https://flas.wisc.edu/Languages.html), and are contingent on federal funding. Please direct any questions to the FLAS Coordinator (https://flas.wisc.edu/Languages.html)of your chosen language.

Applicants must be U.S. citizens or permanent residents of the United States. Applications by students in professional fields are encouraged. Preference will be given to applicants with a high level of academic ability and with previous language training. Academic Year and Summer FLAS awards are **two separate competitions** requiring **two separate and complete applications**.

---

**Scholarships@UW-Madison** (https://scholarships.wisc.edu/Scholarships)
This is the primary campus wide portal for applicants, current students, and everyone looking for scholarship opportunities on campus.

---

**Undergraduate Academic Awards Office** (https://awards.advising.wisc.edu)
We help UW-Madison undergraduates and recent graduates pursue nationally competitive scholarships (https://awards.advising.wisc.edu/scholarships/nationally-competitive) and campus-wide awards (https://awards.advising.wisc.edu/scholarships/campus-wide) for research, service and leadership—activities at the heart of the Wisconsin Experience. We can help you:

- Find scholarship opportunities that match your goals and interests
- Navigate the scholarship application process
- Review scholarship essays
- Prepare for national scholarship interviews

Contact us (https://awards.advising.wisc.edu/schedule-an-appointment) to schedule an appointment to discuss which opportunities are right for you.

# NATIONAL SCHOLARSHIPS

**Boren Scholarships** (https://borenawards.org)
Campus Representative: Undergraduates with questions should contact Matt Geisler (mdgeisler@studyabroad.wisc.edu), Associate Director of International Academic Programs

These scholarships provide up to $20,000 to U.S. undergraduate students to study abroad in areas of the world that are critical to U.S. interests and underrepresented in study abroad, including Africa, Asia, Central & Eastern Europe, Eurasia, Latin America, and the Middle East. The countries of Western Europe, Canada, Australia, and New Zealand are excluded. (Full list of preferred countries (http://borenawards.org/boren_scholarship/preferences.html)) Additionally, all programs must include formal study of an appropriate foreign language. (Full list of preferred languages (http://borenawards.org/boren_scholarship/preferences.html)).

---

**Critical Language Scholarship Program** (http://www.clscholarship.org)
Campus Representative: Mark Lilleleht, Assistant Director for Awards at awards@iris.wisc.edu
The CLS program is part of the U.S. Department of State, Bureau of Educational and Cultural Affairs. It is a fully-funded overseas intensive language and cultural immersion program for American undergraduate and graduate students. With the goal of broadening the base of Americans studying and mastering critical languages and to build relationships between the people of the United States and other countries, CLS provides opportunities to a diverse range of students from across the United States at every level of language learning.
The fourteen CLS languages are: Arabic, Azerbaijani, Bangla, Chinese, Hindi, Indonesian, Japanese, Korean, Persian, Punjabi, Russian, Swahili, Turkish, and Urdu.

The CLS Program seeks participants with diverse interests, from a wide variety of fields of study, backgrounds and career paths, with the purpose of representing the full diversity of the United States. Thus, students from all academic disciplines, including business, engineering, law, medicine, science, social sciences, arts and humanities are encouraged to apply.

---

**Gilman Scholarship Program**
Campus Representative: Andy Quackenbush (quackenbush@studyabroad.wisc.edu), Advisor, International Academic Programs

The Gilman Scholarship Program is an undergraduate grant program for U.S. citizens of limited financial means to enable them to study abroad, thereby internationalizing their outlook and better preparing them to assume significant roles in the increasingly global economy.

# CHINESE, B.S.

The Chinese program offers students a range of courses and activities which impart an understanding of the culture and civilization of China. With the completion of three years of the language, students will be prepared to handle various types of colloquial Chinese. Most majors pursue advanced studies in Chinese linguistics or literature, while others combine an interest in China with a degree in business, education, engineering or journalism.

For more information about the Department of Asian Languages and Cultures visit the department overview (p. 421).

## STUDY ABROAD IN CHINA

Students may receive residence credit for study abroad through a variety of different programs. Our faculty direct the summer UW Intensive Chinese Language (https://studyabroad.wisc.edu/program/?programId=154) program in Tianjin. Students on this intensive language program study Mandarin Chinese over the summer, earning up to a full year's worth of language credits. Please contact International Academic Programs (https://www.studyabroad.wisc.edu) for details.

Students may also receive credit, or gain experience, through various internship opportunities abroad. Please contact International Internship Programs (http://internships.international.wisc.edu) for details.

## STARTING COURSEWORK TOWARDS THE MAJOR

Students may declare the Chinese major at any time. Before declaring the major, students may begin coursework to explore the language and fields of interest. Those students who have studied Chinese prior to coming to UW-Madison will have to take a placement test (https://alc.wisc.edu/placement-tests) to determine the best class to enroll in on campus.

The following courses may be taken with no previous knowledge of Chinese:

| Code | Title | Credits |
|---|---|---|
| ASIALANG 101 | First Semester Chinese | 4 |
| ASIALANG 110 | Elementary Chinese I | 2 |
| ASIAN 100 | Gateway to Asia: Special Topics | 3-4 |
| ASIAN/E A STDS/ HISTORY 103 | Introduction to East Asian History: China | 3-4 |
| ASIAN/ RELIG ST 236 | Asia Enchanted: Ghosts, Gods, and Monsters | 3 |
| ASIAN/E A STDS/ HISTORY/ POLI SCI 255 | Introduction to East Asian Civilizations | 3-4 |
| ASIAN/HISTORY/ RELIG ST 267 | Asian Religions in Global Perspective | 3-4 |
| ASIAN/ASIAN AM/ E A STDS/ HISTORY 276 | Chinese Migrations since 1500 | 3-4 |
| ART HIST 203 | Survey of Asian Art | 3-4 |
| LITTRANS 261 & LITTRANS 262 | Survey of Chinese Literature in Translation and Survey of Chinese Literature in Translation | 6 |
| LITTRANS 262 | Survey of Chinese Literature in Translation | 3 |
| SOC 225 | Contemporary Chinese Society | 3 |

## HOW TO GET IN

## PRIOR EXPERIENCE IN LANGUAGE STUDY

If you are a student with prior experience in Chinese language (e.g., self-taught, learned in elementary, middle or high school, or learned from family, relatives or friends, etc.), and seek advise about foreign language placement, or continuing with the language of your heritage please fill out this questionnaire (https://alc.wisc.edu/languages/background-questionnaire)in order to receive appropriate advising or guidance.

## CHINESE PLACEMENT TEST

The Department of Asian Languages and Cultures requires that students with **any** prior knowledge of the languages taught in our department (e.g. Chinese, Japanese and Korean), and **who plan to enroll** in our language classes, take a placement test (https://alc.wisc.edu/languages/placement-tests) before enrolling in a language course.

Our department administers a computer based Chinese placement test (https://alc.wisc.edu/language-placement-test-information/#placement) throughout the year. This test will be given on campus only.

## DECLARE THE MAJOR

Students may declare the major at any time - schedule an appointment today (https://calendar.wisc.edu/scheduling-assistant/public/profiles/fUerTooa.html).

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

| Code | Title | Credits |
|---|---|---|
| **Prerequisites: First & Second Year Language** | | |
| *First Semester Chinese (complete one):* | | *4* |
| ASIALANG 101 | First Semester Chinese | |
| ASIALANG 110 & ASIALANG 111 | Elementary Chinese I and Elementary Chinese II | |
| *Followed by (complete all):* | | |
| ASIALANG 102 | Second Semester Chinese | 4 |
| ASIALANG 201 | Third Semester Chinese | 4 |
| ASIALANG 202 | Fourth Semester Chinese | 4 |
| *Sequence for Heritage Speakers* | | |
| ASIALANG 211 & ASIALANG 212 | Heritage Chinese I and Heritage Chinese II | |
| **Required Language Course** | | |
| ASIALANG 301 | Fifth Semester Chinese | 4 |

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Chinese undergraduate advisor.

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 for all courses accepted in the major
- Complete the following coursework, with a grade of B or better:
  - ASIAN 699 or other appropriate course of 3–4 credits with the major professor, under whose guidance a student intends to write a thesis. This course must be taken before ASIAN 681.
  - A two-semester Senior Honors Thesis in ASIAN 681 and ASIAN 682, for a total of 6 credits.

# DISTINCTION IN THE MAJOR

Students majoring in Chinese who are not enrolled in the honors program may earn distinction in the major by completing:

- L&S general degree requirements, and
- the junior–senior honors curriculum.

Fifteen honors credits are required in courses at the 300 level or higher, including a two-semester Senior Honors Thesis in ASIAN 681 and ASIAN 682, for a total of 6 credits.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Understand the content and cultural context of written texts and audiovisual materials with a large degree of independence, adapting style and speed of comprehension to different texts and purposes, and using appropriate reference sources selectively.
2. Spontaneously exchange ideas about various topics with relative ease.
3. State and support one’s own opinion while acknowledging others’ viewpoints.
4. Demonstrate an awareness of the importance of pragmatic, sociolinguistic, and rhetorical features of the target language.
5. Conduct library and/or internet-based research on topics relating to their particular interests and special fields of expertise, collecting and selecting relevant information using English and target language source materials.
6. Synthesize and critically evaluate source materials in both English and the target language.

7. Present (orally or in written language) their experiences and their introspection on these experiences in a coherent and effective manner.
8. Demonstrate cultural awareness across historical epochs.
9. Produce effective academic writing in English.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ASIALANG 101 | 4 | ASIALANG 102 | 4 |
| ASIAN 100 ( Humanities Breadth) | 3-4 | ASIAN/ASIAN AM/ HISTORY 246 (meets Ethnic Studies requirement) | 4 |
| Communication A | 3 | Quantitative Reasoning A | 3-4 |
| Biological Science Breadth | 3 | Science Breadth | 3 |
| | | Students beginning language study this term may start with: | |
| | | ASIALANG 110 | |
| | 14 | | 15 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ASIALANG 201 or 111 | 4 | ASIALANG 202 or 102 | 4 |
| Or students continue with: | | ASIAN/RELIG ST 236 (Communication B) | 3 |
| ASIALANG 111 | | ASIAN 203 (Humanities Breadth) | 3 |
| ASIAN/E A STDS/ HISTORY/POLI SCI 255 (Social Science Breadth) | 3-4 | Physical Science Breadth | 3 |
| ASIAN/HISTORY/ RELIG ST 267 (Humanities Breadth) | 3-4 | Elective | 3 |
| Quantitative Reasoning B | 3-4 | | |
| | 14 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ASIALANG 301 or 201 | 4 | ASIALANG 302 or 202 | 4 |
| ASIALANG 311 | 3 | ASIALANG 379 | 3 |
| ASIAN/E A STDS/ HISTORY 342 (Social Science Breadth) | 3-4 | ASIAN 352 (Literature Breadth) | 3 |
| ASIAN 371 (Literature Breadth) | 2-3 | ASIAN 699 | 2-3 |
| Science Breadth | 3 | Elective | 3 |
| | 16 | | 16 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ASIALANG 301 (if needed) | 4 | ASIALANG 302 (if needed) | 4 |
| ASIALANG 374 | 3 | ASIAN 641 | 3 |
| ASIAN 375 | 3 | ASIAN 682 or 692 | 3 |
| ASIAN 631 | 3 | Electives | 3-7 |
| ASIAN 681 or 691 | 3 | | |
| Elective | 0-4 | | |
| | 16 | | 13 |

Total Credits 120

## ADVISING AND CAREERS

# UNDERGRADUATE ADVISOR

**Rachel Weiss**
1244 Van Hise Hall
608-890-0138
rweiss@wisc.edu
Schedule an advising appointment (https://calendar.wisc.edu/scheduling-assistant/public/profiles/fUerTooa.html)

Rachel is the advisor for the undergraduate majors and certificates in the Department of Asian Languages and Cultures. She is happy to meet with students as they explore the degree options or advance through their four-year plans.

# INTERNATIONAL DIRECTIONS ADVISING

## LANGUAGE INSTITUTE

The Language Institute (https://languages.wisc.edu) provides academic and career advising to undergraduate students interested in languages and international area studies. The International Directions advisor provides academic and career advising to undergraduate students who are interested in languages and international area studies. Learn more (https://languages.wisc.edu/advising).

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information,

see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## WISCONSIN EXPERIENCE

# UNDERGRADUATE RESEARCH

Students in the ALC department academic programs are encouraged to become engaged in undergraduate research. There are numerous programs (https://teachlearn.provost.wisc.edu/initiatives-and-programs/undergraduate-research) that provide research opportunities for undergraduates at UW–Madison including:

- Hilldale Undergraduate/Faculty Research Fellowships (https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship)
- McNair Scholars (http://grad.wisc.edu/mcnair)
- Summer Research Programs (https://grad.wisc.edu/diversity/srop)
- Undergraduate Research Scholars (https://urs.ls.wisc.edu)
- The Wisconsin Idea Undergraduate Fellowship Program (https://morgridge.wisc.edu/students/wisconsin-idea-fellowships)

## RESOURCES AND SCHOLARSHIPS

# DEPARTMENT SCHOLARSHIPS

The Department of Asian Languages and Cultures has various scholarships to support meritorious students in our programs. Application information and deadlines (https://alc.wisc.edu/content/undergraduate-scholarships).

**Ellen and William E. Fisher Scholarship**
Ellen and William E. Fisher have provided funding for an annual scholarship to be awarded to an undergraduate student at the UW-Madison who is studying the Chinese language. According to the terms of the gift agreement, the award is based on merit, therefore there is no application, but faculty will make a determination based on students progressing in the program. Mr. Fisher stipulated that the award must be made in the Fall semester, so that the recipient can use it in the Spring semester.

**Chou Kuo-p'ing Book Award**

Several awards will be given each year to undergraduate students who are studying and will continue to study Chinese during the following semester. This award is made possible through a donation by Professor Emerita Chou Kuo-p'ing, the founder of the Chinese program here at the University of Wisconsin-Madison. Professor Chou, a dedicated teacher, devoted her entire career to teaching, promoting and developing Chinese studies in Wisconsin. Professor Chou was very active during her teaching career, and often helped financially disadvantaged students, especially those who excelled in their academic careers despite economic difficulties. Although this award is based mainly on the applicant's academic performance, special consideration is given to those who are financially disadvantaged in order to carry on this tradition.

**Lawrence Louey Merit Scholarship**

The Lawrence Louey Merit Scholarship is an annual competition recognizing an undergraduate Chinese major in the Department of Asian Languages and Cultures with a $1000 award. Eligibility: You must be a graduating senior with a GPA above 3.75 and have taken at least three years of Chinese. An application is required for consideration, including a brief career plan, as well as a research paper from one of your major field courses.

**Chinese Language Learners Bridge Fund**
Chinese Major Alumni Jarrett Wiesolek (Class of 2011) and Ali Dibble (Class of 2012) launched the Bridge fund in 2016. CLLBF is designed to award scholarships to students who are passionate about learning Chinese and building bridges between UW-Madison and China. The fund has topped its start-up goal of $10,000, which means it can now generate interest that will be awarded to students and the Chinese program (http://alc.wisc.edu) in the UW-Madison's Department of Asian Languages and Cultures. At its current level, the endowment will generate approximately $500 a year in interest. For more information about CLLBF, contact Ali and Jarrett at this email address: applycllbf@gmail.com

# CAMPUS RESOURCES

**Foreign Language & Area Studies (FLAS) Fellowships**
East Asian Studies FLAS Coordinator: Laurie Dennis, Assistant Director, ldennis@wisc.edu (ldennis@international.wisc.edu), 325 Ingraham Hall

FLAS fellowships are funded by the U.S. Department of Education and administered by the UW's National Resource Centers to assist students in acquiring foreign language and either area or international studies competencies. FLAS awards are only available for specific languages (https://flas.wisc.edu/Languages.html), and are contingent on federal funding. Please direct any questions to the FLAS Coordinator (https://flas.wisc.edu/Languages.html)of your chosen language.

Applicants must be U.S. citizens or permanent residents of the United States. Applications by students in professional fields are encouraged. Preference will be given to applicants with a high level of academic ability and with previous language training. Academic Year and Summer FLAS awards are **two separate competitions** requiring **two separate and complete applications**.

---

**Scholarships@UW-Madison** (https://scholarships.wisc.edu/Scholarships)
This is the primary campus wide portal for applicants, current students, and everyone looking for scholarship opportunities on campus.

---

**Undergraduate Academic Awards Office** (https://awards.advising.wisc.edu)
We help UW-Madison undergraduates and recent graduates pursue nationally competitive scholarships (https://awards.advising.wisc.edu/scholarships/nationally-competitive) and campus-wide awards (https://awards.advising.wisc.edu/scholarships/campus-wide) for research, service and leadership—activities at the heart of the Wisconsin Experience. We can help you:

- Find scholarship opportunities that match your goals and interests
- Navigate the scholarship application process
- Review scholarship essays
- Prepare for national scholarship interviews

Contact us (https://awards.advising.wisc.edu/schedule-an-appointment) to schedule an appointment to discuss which opportunities are right for you.

## NATIONAL SCHOLARSHIPS

**Boren Scholarships** (https://borenawards.org)
Campus Representative: Undergraduates with questions should contact Matt Geisler (mdgeisler@studyabroad.wisc.edu), Associate Director of International Academic Programs

These scholarships provide up to $20,000 to U.S. undergraduate students to study abroad in areas of the world that are critical to U.S. interests and underrepresented in study abroad, including Africa, Asia, Central & Eastern Europe, Eurasia, Latin America, and the Middle East. The countries of Western Europe, Canada, Australia, and New Zealand are excluded. (Full list of preferred countries (http://borenawards.org/boren_scholarship/preferences.html)) Additionally, all programs must include formal study of an appropriate foreign language. (Full list of preferred languages (http://borenawards.org/boren_scholarship/preferences.html)).

---

**Critical Language Scholarship Program** (http://www.clscholarship.org)
Campus Representative: Mark Lilleleht, Assistant Director for Awards at awards@iris.wisc.edu

The CLS program is part of the U.S. Department of State, Bureau of Educational and Cultural Affairs. It is a fully-funded overseas intensive language and cultural immersion program for American undergraduate and graduate students. With the goal of broadening the base of Americans studying and mastering critical languages and to build relationships between the people of the United States and other countries, CLS provides opportunities to a diverse range of students from across the United States at every level of language learning.
The fourteen CLS languages are: Arabic, Azerbaijani, Bangla, Chinese, Hindi, Indonesian, Japanese, Korean, Persian, Punjabi, Russian, Swahili, Turkish, and Urdu.

The CLS Program seeks participants with diverse interests, from a wide variety of fields of study, backgrounds and career paths, with the purpose of representing the full diversity of the United States. Thus, students from all academic disciplines, including business, engineering, law, medicine, science, social sciences, arts and humanities are encouraged to apply.

---

**Gilman Scholarship Program**
Campus Representative: Andy Quackenbush (quackenbush@studyabroad.wisc.edu), Advisor, International Academic Programs

The Gilman Scholarship Program is an undergraduate grant program for U.S. citizens of limited financial means to enable them to study abroad, thereby internationalizing their outlook and better preparing them to assume significant roles in the increasingly global economy.

## CAMPUS RESOURCES

Foreign Language & Area Studies (FLAS) Fellowships (https://flas.wisc.edu)
Center for East Asian Studies FLAS Coordinator: Laurie Dennis, ldennis@wisc.edu (ldennis@international.wisc.edu), 325 Ingraham Hall
Center for South Asian FLAS Coordinator: Lalita du Perron, duperron@southasia.wisc.edu, 203 Ingraham
Center for Southeast Asian Studies FLAS Coordinator: Michael Cullinane, mmcullin@wisc.edu, (mjstuden@wisc.edu) 207 Ingraham

FLAS fellowships are funded by the U.S. Department of Education and administered by the UW's National Resource Centers to assist students in acquiring foreign language and either area or international studies competencies. FLAS awards are only available for specific languages (https://flas.wisc.edu/Languages.html), and are contingent on federal funding. Please direct any questions to the FLAS Coordinator (https://flas.wisc.edu/Languages.html)of your chosen language.

Applicants must be U.S. citizens or permanent residents of the United States. Applications by students in professional fields are encouraged. Preference will be given to applicants with a high level of academic ability and with previous language training. Academic Year and Summer FLAS awards are **two separate competitions** requiring **two separate and complete applications**.

**Gilman Scholarship Program**
Campus Representative: Andy Quackenbush (quackenbush@studyabroad.wisc.edu), Advisor, International Academic Programs

The Gilman Scholarship Program is an undergraduate grant program for U.S. citizens of limited financial means to enable them to study abroad, thereby internationalizing their outlook and better preparing them to assume significant roles in the increasingly global economy.

# JAPANESE PROFESSIONAL COMMUNICATION, CERTIFICATE

The certificate in Japanese professional communication provides students with the opportunity to develop proficiency in Japanese while pursuing majors in other subjects across the university. It emphasizes the development of communication skills that are applicable to various professional contexts that students may encounter in their future careers.

The certificate is open to all undergraduate students (except for those majoring in Japanese). It is available to Special students only in circumstances where they have completed more than half of the 12-credit requirements discussed below as UW–Madison undergraduates in the semesters preceding their Special student enrollment.

## STUDY ABROAD IN JAPAN

Students may receive residence credit for **study abroad** through a variety of different programs sponsored by the department. Please contact International Academic Programs (https://www.studyabroad.wisc.edu) for details.

Students may also receive credit, or gain experience, through various **internship** opportunities abroad. Please contact International Internship Programs (http://internships.international.wisc.edu) for details.

## HOW TO GET IN

### PRIOR EXPERIENCE IN JAPANESE

If you are a student with prior experience in Japanese (e.g., self-taught, learned in elementary, middle or high school, or learned from family, relatives or friends, etc.), and seek advise about foreign language placement, or continuing with the language of your heritage please fill out this questionnaire (https://alc.wisc.edu/languages/background-questionnaire)in order to receive appropriate advising or guidance.

### PLACEMENT TESTS

The Department of Asian Languages and Cultures requires that students with **any** prior knowledge of the languages taught in our department (e.g. Chinese, Japanese and Korean), and **who plan to enroll** in our language classes, take a placement test before enrolling in a language course. More information: https://alc.wisc.edu/languages/placement-tests

# DECLARING THE CERTIFICATE

To declare the Certificate in Japanese Professional Communication, students should meet with the undergraduate advisor to review the requirements, and discuss courses. Students may declare the certificate at any point in their language study.

## REQUIRED PREREQUISITE LANGUAGE COURSES

| Code | Title | Credits |
|---|---|---|
| ASIALANG 103 | First Semester Japanese | 4 |

| ASIAN 573 | Readings in Classical Japanese Literature | |
| Total Credits | | 12 |

## RESIDENCE AND QUALITY OF WORK

- A cumulative 2.000 GPA for courses approved for the certificate
- 6 credits counting toward the certificate, taken in residence

# CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

# LEARNING OUTCOMES

1. Understand the content and cultural context of written texts and audiovisual materials with a large degree of independence, adapting style and speed of comprehension to different texts and purposes, and using appropriate reference sources selectively.
2. Spontaneously exchange ideas about various topics with relative ease.
3. State and support one's own opinion while acknowledging others' viewpoints.
4. Demonstrate an awareness of the importance of pragmatic, sociolinguistic, and rhetorical features of the target language.
5. Conduct library and/or internet-based research on topics relating to their particular interests and special fields of expertise, collecting and selecting relevant information using English and target language source materials.
6. Synthesize and critically evaluate source materials in both English and the target language.
7. Present (orally or in written language) their experiences and their introspection on these experiences in a coherent and effective manner.
8. Demonstrate cultural awareness across historical epochs.
9. Produce effective academic writing in English.

## ADVISING AND CAREERS

# UNDERGRADUATE ADVISOR

**Rachel Weiss**
1244 Van Hise Hall
608-890-0138
rweiss@wisc.edu
Schedule an advising appointment (https://calendar.wisc.edu/scheduling-assistant/public/profiles/fUerTooa.html)

Rachel is the advisor for the undergraduate majors and certificates in the Department of Asian Languages and Cultures. She is happy to meet with students as they explore the degree options or advance through their four-year plans.

# INTERNATIONAL DIRECTIONS ADVISING

## LANGUAGE INSTITUTE

The Language Institute (https://languages.wisc.edu) provides academic and career advising to undergraduate students interested in languages and international area studies. The International Directions advisor provides academic and career advising to undergraduate students who are interested in languages and international area studies. Learn more (https://languages.wisc.edu/advising).

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

# FACULTY

**Charo D'Etcheverry, Associate Professor**
website: https://alc.wisc.edu/about/faculty/charo-detcheverry
email: cdetcheverry@wisc.edu
Areas of Expertise: Classical Japanese literature (especially court fiction & its reception and early kabuki)

**Naomi Geyer, Associate Professor**
website: https://alc.wisc.edu/about/faculty/naomi-geyer

email: nfgeyer@wisc.edu

Areas of Expertise: Japanese Language, Language Pedagogy, Pragmatics

**Adam L. Kern, Professor**

website: https://alc.wisc.edu/about/faculty/adam-l-kern
email: alkern@wisc.edu

Areas of Expertise: The popular literature, culture, poetry, theater, and visual culture of early modern unto modern Japan (1600-1900). Transcultural comics in Japan (manga, *kibyôshi*, etc) and beyond.

**Junko Mori, Professor**

website: https://alc.wisc.edu/about/faculty/junko-mori
email: jmori@wisc.edu

Areas of Expertise: Japanese Linguistics, Applied Linguistics, Conversation Analysis, Sociolinguistics

**Takako Nakakubo, Faculty Associate**

website: https://alc.wisc.edu/about/faculty/takako-nakakubo

email: tnakakubo@wisc.edu

Areas of Expertise: Second Language Acquisition of Japanese, Japanese Pedagogy, Learning Strategies

**Steve Ridgely, Associate Professor**

website: https://alc.wisc.edu/about/faculty/steve-ridgely

email: steve.ridgely@wisc.edu

Areas of Expertise: modern Japanese literature, cultural theory, transasian studies

## WISCONSIN EXPERIENCE

# UNDERGRADUATE RESEARCH

Students in the ALC department academic programs are encouraged to become engaged in undergraduate research. There are numerous programs (https://teachlearn.provost.wisc.edu/initiatives-and-programs/undergraduate-research) that provide research opportunities for undergraduates at UW–Madison including:

- Hilldale Undergraduate/Faculty Research Fellowships (https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship)

- McNair Scholars (http://grad.wisc.edu/mcnair)
- Summer Research Programs (https://grad.wisc.edu/diversity/srop)
- Undergraduate Research Scholars (https://urs.ls.wisc.edu)
- The Wisconsin Idea Undergraduate Fellowship Program (https://morgridge.wisc.edu/students/wisconsin-idea-fellowships)

## RESOURCES AND SCHOLARSHIPS

# CAMPUS RESOURCES

**Foreign Language & Area Studies (FLAS) Fellowships**
East Asian Studies FLAS Coordinator: Laurie Dennis, Assistant Director, ldennis@wisc.edu (ldennis@international.wisc.edu), 325 Ingraham Hall

FLAS fellowships are funded by the U.S. Department of Education and administered by the UW's National Resource Centers to assist students in acquiring foreign language and either area or international studies competencies. FLAS awards are only available for specific languages (https://flas.wisc.edu/Languages.html), and are contingent on federal funding. Please direct any questions to the FLAS Coordinator (https://flas.wisc.edu/Languages.html)of your chosen language.

Applicants must be U.S. citizens or permanent residents of the United States. Applications by students in professional fields are encouraged. Preference will be given to applicants with a high level of academic ability and with previous language training. Academic Year and Summer FLAS awards are **two separate competitions** requiring **two separate and complete applications**.

# NATIONAL SCHOLARSHIPS

**Boren Scholarships** (http://borenawards.org)
Campus Representative: Undergraduates with questions should contact Matt Geisler (mdgeisler@studyabroad.wisc.edu), Associate Director of International Academic Programs

These scholarships provide up to $20,000 to U.S. undergraduate students to study abroad in areas of the world that are critical to U.S. interests and underrepresented in study abroad, including Africa, Asia, Central & Eastern Europe, Eurasia, Latin America, and the Middle East. The countries of Western Europe, Canada, Australia, and New Zealand are excluded. (Full list of preferred countries (http://borenawards.org/boren_scholarship/preferences.html)) Additionally, all programs must include formal study of an appropriate foreign language. (Full list of preferred languages (http://borenawards.org/boren_scholarship/preferences.html)).

---

**Critical Language Scholarship Program** (http://www.clscholarship.org)
Campus Representative: Mark Lilleleht, Assistant Director for Awards at awards@iris.wisc.edu
The CLS program is part of the U.S. Department of State, Bureau of Educational and Cultural Affairs. It is a fully-funded overseas intensive language and cultural immersion program for American undergraduate and graduate students. With the goal of broadening the base of Americans studying and mastering critical languages and to build relationships between the people of the United States and other countries, CLS provides opportunities to a diverse range of students from across the United States at every level of language learning. The fourteen CLS languages are: Arabic, Azerbaijani, Bangla, Chinese, Hindi, Indonesian, Japanese, Korean, Persian, Punjabi, Russian, Swahili, Turkish, and Urdu.

The CLS Program seeks participants with diverse interests, from a wide variety of fields of study, backgrounds and career paths, with the purpose of representing the full diversity of the United States. Thus, students from all academic disciplines, including business, engineering, law, medicine, science, social sciences, arts and humanities are encouraged to apply.

---

**Gilman Scholarship Program**
Campus Representative: Andy Quackenbush (quackenbush@studyabroad.wisc.edu)

The Gilman Scholarship Program is an undergraduate grant program for U.S. citizens of limited financial means to enable them to study abroad, thereby internationalizing their outlook and better preparing them to assume significant roles in the increasingly global economy.

# JAPANESE, B.A.

The Japanese program offers students a range of courses and activities which enhance students intercultural and transcultural competencies. With the completion of the four basic years of the language, students will be prepared to handle various types of colloquial Japanese. Our majors pursue advanced studies in Japanese language or literature. It is also possible to combine an interest in Japan with a degree in business, engineering, history, or international studies.

Majors are urged to begin coursework early, ideally in the freshman or sophomore year. If, however, this is not possible, summer courses at UW–Madison or elsewhere are available which speed the student's

progress. Those who have previous Japanese study experience may enter advanced courses on the basis of department recommendation.

## STUDY ABROAD IN JAPAN

Students may receive residence credit for **study abroad** through a variety of different programs sponsored by the department. Please contact International Academic Programs (https://www.studyabroad.wisc.edu) for details.

Students may also receive credit, or gain experience, through various **internship** opportunities abroad. Please contact International Internship Programs (http://internships.international.wisc.edu) for details.

## STARTING COURSEWORK TOWARDS THE MAJOR

Before declaring the major, students are urged to begin coursework early, ideally in the freshman or sophomore year. If, however, this is not possible, summer courses at UW–Madison or elsewhere are available which speed the student's progress. Those who have previous Japanese study experience may enter advanced courses on the basis of placement tests (https://alc.wisc.edu/languages/placement-tests).

The following courses may be taken with no previous knowledge of Japanese:

| Code | Title | Credits |
|---|---|---|
| ASIAN 100 | Gateway to Asia: Special Topics | 3-4 |
| ASIAN 253 | Japanese Popular Culture | 3 |
| ASIAN/HISTORY/ RELIG ST 267 | Asian Religions in Global Perspective | 3-4 |
| ASIALANG 103 | First Semester Japanese | 4 |
| ASIALANG 113 | First Semester Elementary Japanese | 2 |
| LITTRANS 231 | Manga | 3 |
| LITTRANS 232 | Anime | 3 |
| LITTRANS 263 | Survey of Japanese Literature in Translation | 3 |
| LITTRANS 264 | Survey of Japanese Literature in Translation | 3 |
| LITTRANS 368 | Modern Japanese Fiction | 3 |
| LITTRANS 372 | Classical Japanese Prose in Translation | 3 |
| LITTRANS 373 | Topics in Japanese Literature | 3 |

# HOW TO GET IN

## PRIOR EXPERIENCE IN LANGUAGE STUDY

If you are a student with prior experience in Japanese language (e.g., self-taught, learned in elementary, middle or high school, or learned from family, relatives or friends, etc.), and seek advise about foreign language placement, or continuing with the language of your heritage please fill out this questionnaire (https://alc.wisc.edu/languages/background-questionnaire)in order to receive appropriate advising or guidance.

## JAPANESE PLACEMENT TEST

The Department of Asian Languages and Cultures requires that students with **any** prior knowledge of the languages taught in our department (e.g. Chinese, Japanese and Korean), and **who plan to enroll** in our language classes, take a placement test (https://alc.wisc.edu/languages/placement-tests) before enrolling in a language course. The Japanese language faculty will meet with students for the 30 minute test, one-on-one in person or via Skype by registration only.

## DECLARE THE MAJOR

Students may declare the major at any time - schedule an appointment today (https://calendar.wisc.edu/scheduling-assistant/public/profiles/fUerTooa.html).

# REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

General Education
- Breadth—Humanities/Literature/Arts: 6 credits
- Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
- Breadth—Social Studies: 3 credits
- Communication Part A & Part B *
- Ethnic Studies *
- Quantitative Reasoning Part A & Part B *

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF ARTS DEGREE REQUIREMENTS

Mathematics: Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement.

| | |
|---|---|
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the undergraduate advisor.

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all courses accepted in the major
- Complete the following coursework, with a grade of B or better:
  - Either ASIAN 699 or other appropriate course of 3–4 credits with the major professor, under whose guidance a student intends to write a thesis. This course must be taken before ASIAN 681.
  - Complete a two-semester Senior Honors Thesis in ASIAN 681 and ASIAN 682, for a total of 6 credits.

# DISTINCTION IN THE MAJOR

Students majoring in Japanese who are not enrolled in the honors program may earn distinction in the major by completing:

- the L&S general degree requirements, and
- the junior–senior honors curriculum.

Fifteen honors credits are required in courses at the 300 level or higher, including a Senior Honors Thesis of 6 credits, ASIAN 681–ASIAN 682.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Understand the content and cultural context of written texts and video materials with a large degree of independence, adapting style and speed of comprehension to different texts and purposes, and using appropriate reference sources selectively.
2. Spontaneously exchange ideas about various topics with relative ease.
3. State and support one's own opinion while acknowledging others' viewpoints.
4. Demonstrate an awareness of the importance of pragmatic, sociolinguistic, and rhetorical features of the target language.
5. Conduct library and/or internet-based research on topics relating to their particular interests and special fields of expertise, collecting and selecting relevant information using English and target language source materials.
6. Synthesize and critically evaluate source materials in both English and the target language.
7. Present (orally or in written language) their experiences and their introspection on these experiences in a coherent and effective manner.
8. Demonstrate cultural awareness across historical epochs.
9. Produce effective academic writing in English.

# FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ASIALANG 103 | 4 | ASIALANG 104 | 4 |
| ASIAN 100 | 3-4 | ASIAN/ASIAN AM/ HISTORY 246 (meets Ethnic Studies requirement) | 4 |
| Communication A | 3 | Quantitative Reasoning A | 3-4 |
| Biological Science Breadth | 3 | Science Breadth | 3-4 |
| | | Students beginning language study this term may start with: | |
| | | ASIALANG 113 | |
| | 14 | | 15 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ASIALANG 203 | 4 | ASIALANG 204 or 104 | 4 |
| Or students continue with: | | ASIAN/RELIG ST 236 (Communication B) | 3 |
| ASIALANG 114 | | ASIAN 253 (Humanities Breadth) | 3 |
| ASIAN/E A STDS/ HISTORY/POLI SCI 255 (Social Science Breadth) | 3-4 | ASIAN 355 (Literature Breadth) | 3 |
| ASIAN/HISTORY/ RELIG ST 267 (Humanities Breadth) | 3-4 | Physical Science Breadth | 3-4 |
| Quantitative Reasoning B | 3-4 | | |
| | 14 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ASIALANG 303 or 203 | 4 | ASIALANG 304 or 204 | 4 |
| ASIAN 376 | 3 | ASIALANG/E P D 377 | 3 |
| ASIAN 367 (Literature Breadth) | 3 | ASIAN 699 | 2-3 |
| ASIAN 373 | 1-6 | Science Breadth | 3 |

| | | |
|---|---|---|
| E A STDS/ASIAN/ HISTORY 454 (Social Science Breadth) | 3-4 Elective | 3-4 |
| | 16 | 16 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ASIALANG 303 (if not yet completed) | 4 | ASIALANG 304 (if not yet completed) | 4 |
| ASIAN 434 | 3 | ASIALANG 475 (Japanese topic only) | 3 |
| ASIAN 563 | 3 | ASIAN/E A STDS/ HISTORY 456 | 3-4 |
| ASIAN 691 | 3 | ASIAN 692 | 3 |
| Electives | 3-7 | Elective | 3-4 |
| | 16 | | 13 |

Total Credits 120

## ADVISING AND CAREERS

# UNDERGRADUATE ADVISOR

**Rachel Weiss**
1244 Van Hise Hall
608-890-0138
rweiss@wisc.edu
Schedule an advising appointment (https://calendar.wisc.edu/scheduling-assistant/public/profiles/fUerTooa.html)

Rachel is the advisor for the undergraduate majors and certificates in the Department of Asian Languages and Cultures. She is happy to meet with students as they explore the degree options or advance through their four-year plans.

# INTERNATIONAL DIRECTIONS ADVISING

## LANGUAGE INSTITUTE

The Language Institute (https://languages.wisc.edu) provides academic and career advising to undergraduate students interested in languages and international area studies. The International Directions advisor provides academic and career advising to undergraduate students who are interested in languages and international area studies. Learn more (https://languages.wisc.edu/advising).

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

# FACULTY

**Charo D'Etcheverry, Associate Professor**
website: https://alc.wisc.edu/about/faculty/charo-detcheverry
email: cdetcheverry@wisc.edu
Areas of Expertise: Classical Japanese literature (especially court fiction & its reception and early kabuki)

**Naomi Geyer, Associate Professor**
website: https://alc.wisc.edu/about/faculty/naomi-geyer

email: nfgeyer@wisc.edu

Areas of Expertise: Japanese Language, Language Pedagogy, Pragmatics

**Adam L. Kern, Professor**

website: https://alc.wisc.edu/about/faculty/adam-l-kern
email: alkern@wisc.edu

Areas of Expertise: The popular literature, culture, poetry, theater, and visual culture of early modern unto modern Japan (1600-1900). Transcultural comics in Japan (manga, *kibyôshi*, etc) and beyond.

**Junko Mori, Professor**

website: https://alc.wisc.edu/about/faculty/junko-mori
email: jmori@wisc.edu

Areas of Expertise: Japanese Linguistics, Applied Linguistics, Conversation Analysis, Sociolinguistics

**Takako Nakakubo, Faculty Associate**

website: https://alc.wisc.edu/about/faculty/takako-nakakubo

email: tnakakubo@wisc.edu

Areas of Expertise: Second Language Acquisition of Japanese, Japanese Pedagogy, Learning Strategies

**Steve Ridgely, Associate Professor**

website: https://alc.wisc.edu/about/faculty/steve-ridgely

email: steve.ridgely@wisc.edu

Areas of Expertise: modern Japanese literature, cultural theory, transasian studies

## WISCONSIN EXPERIENCE

# UNDERGRADUATE RESEARCH

Students in the ALC department academic programs are encouraged to become engaged in undergraduate research. There are numerous programs (https://teachlearn.provost.wisc.edu/initiatives-and-programs/undergraduate-research) that provide research opportunities for undergraduates at UW–Madison including:

- Hilldale Undergraduate/Faculty Research Fellowships (https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship)
- McNair Scholars (http://grad.wisc.edu/mcnair)
- Summer Research Programs (https://grad.wisc.edu/diversity/srop)
- Undergraduate Research Scholars (https://urs.ls.wisc.edu)
- The Wisconsin Idea Undergraduate Fellowship Program (https://morgridge.wisc.edu/students/wisconsin-idea-fellowships)

## RESOURCES AND SCHOLARSHIPS

# DEPARTMENT SCHOLARSHIPS

The Department of Asian Languages and Cultures has various scholarships to support meritorious students in our programs. Application information and deadlines (https://alc.wisc.edu/content/undergraduate-scholarships).

**Cameron G. Keith Memorial Scholarship**

This award is given annually to two undergraduate students studying Japanese. This award is announced during the fall semester, and eligible students may apply. The criteria are: Japanese major, junior or senior standing, cumulative GPA of 3.5 or above, currently taking Japanese, and plan to go into a Japanese related profession. Cameron G. Keith was an East Asian Studies and Economics studies major at UW-Madison who studied abroad in Japan, and later in Nepal. In his memory, the Keith family established these funds in memory of his interest in the region.

# OTHER CAMPUS RESOURCES

**Foreign Language & Area Studies (FLAS) Fellowships**
East Asian Studies FLAS Coordinator: Laurie Dennis, Assistant Director, ldennis@wisc.edu (ldennis@international.wisc.edu), 325 Ingraham Hall

FLAS fellowships are funded by the U.S. Department of Education and administered by the UW's National Resource Centers to assist students in acquiring foreign language and either area or international studies competencies. FLAS awards are only available for specific languages (https://flas.wisc.edu/Languages.html), and are contingent on federal funding. Please direct any questions to the FLAS Coordinator (https://flas.wisc.edu/Languages.html)of your chosen language.

Applicants must be U.S. citizens or permanent residents of the United States. Applications by students in professional fields are encouraged. Preference will be given to applicants with a high level of academic ability and with previous language training. Academic Year and Summer FLAS awards are **two separate competitions** requiring **two separate and complete applications**.

---

**Scholarships@UW-Madison** (https://scholarships.wisc.edu/Scholarships)
This is the primary campus wide portal for applicants, current students, and everyone looking for scholarship opportunities on campus.

---

**Undergraduate Academic Awards Office** (https://awards.advising.wisc.edu)
We help UW-Madison undergraduates and recent graduates pursue nationally competitive scholarships (https://awards.advising.wisc.edu/scholarships/nationally-competitive) and campus-wide awards (https://awards.advising.wisc.edu/scholarships/campus-wide) for research, service and leadership—activities at the heart of the Wisconsin Experience. We can help you:

- Find scholarship opportunities that match your goals and interests
- Navigate the scholarship application process
- Review scholarship essays
- Prepare for national scholarship interviews

Contact us (https://awards.advising.wisc.edu/schedule-an-appointment) to schedule an appointment to discuss which opportunities are right for you.

# NATIONAL SCHOLARSHIPS

**Boren Scholarships** (http://borenawards.org)
Campus Representative: Undergraduates with questions should contact Matt Geisler (mdgeisler@studyabroad.wisc.edu), Associate Director of International Academic Programs

These scholarships provide up to $20,000 to U.S. undergraduate students to study abroad in areas of the world that are critical to U.S. interests and underrepresented in study abroad, including Africa, Asia, Central & Eastern Europe, Eurasia, Latin America, and the Middle East. The countries of Western Europe, Canada, Australia, and New Zealand are excluded. (Full list of preferred countries (http://borenawards.org/boren_scholarship/preferences.html)) Additionally, all programs must include formal study of an appropriate foreign language. (Full list of preferred languages (http://borenawards.org/boren_scholarship/preferences.html)).

---

**Critical Language Scholarship Program** (http://www.clscholarship.org)
Campus Representative: Mark Lilleleht, Assistant Director for Awards at awards@iris.wisc.edu
The CLS program is part of the U.S. Department of State, Bureau of Educational and Cultural Affairs. It is a fully-funded overseas intensive language and cultural immersion program for American undergraduate and graduate students. With the goal of broadening the base of Americans studying and mastering critical languages and to build relationships between the people of the United States and other countries, CLS provides opportunities to a diverse range of students from across the United States at every level of language learning. The fourteen CLS languages are: Arabic, Azerbaijani, Bangla, Chinese, Hindi,

Indonesian, Japanese, Korean, Persian, Punjabi, Russian, Swahili, Turkish, and Urdu.

The CLS Program seeks participants with diverse interests, from a wide variety of fields of study, backgrounds and career paths, with the purpose of representing the full diversity of the United States. Thus, students from all academic disciplines, including business, engineering, law, medicine, science, social sciences, arts and humanities are encouraged to apply.

---

**Gilman Scholarship Program**
Campus Representative: Andy Quackenbush (quackenbush@studyabroad.wisc.edu)

The Gilman Scholarship Program is an undergraduate grant program for U.S. citizens of limited financial means to enable them to study abroad, thereby internationalizing their outlook and better preparing them to assume significant roles in the increasingly global economy.

# JAPANESE, B.S.

The Japanese program offers students a range of courses and activities which enhance students intercultural and transcultural competencies. With the completion of the four basic years of the language, students will be prepared to handle various types of colloquial Japanese. Our majors pursue advanced studies in Japanese language or literature. It is also possible to combine an interest in Japan with a degree in business, engineering, history, or international studies.

Majors are urged to begin coursework early, ideally in the freshman or sophomore year. If, however, this is not possible, summer courses at UW–Madison or elsewhere are available which speed the student's progress. Those who have previous Japanese study experience may enter advanced courses on the basis of department recommendation.

## STUDY ABROAD IN JAPAN

Students may receive residence credit for **study abroad** through a variety of different programs sponsored by the department. Please contact International Academic Programs (https://www.studyabroad.wisc.edu) for details.

Students may also receive credit, or gain experience, through various **internship** opportunities abroad. Please contact International Internship Programs (http://internships.international.wisc.edu) for details.

## STARTING COURSEWORK TOWARDS THE MAJOR

Before declaring the major, students are urged to begin coursework early, ideally in the freshman or sophomore year. If, however, this is not possible, summer courses at UW–Madison or elsewhere are available which speed the student's progress. Those who have previous Japanese study experience may enter advanced courses on the basis of placement tests (https://alc.wisc.edu/languages/placement-tests).

The following courses may be taken with no previous knowledge of Japanese:

| Code | Title | Credits |
|---|---|---|
| ASIAN 100 | Gateway to Asia: Special Topics | 3-4 |
| ASIAN 253 | Japanese Popular Culture | 3 |
| ASIAN/HISTORY/ RELIG ST 267 | Asian Religions in Global Perspective | 3-4 |
| ASIALANG 103 | First Semester Japanese | 4 |
| ASIALANG 113 | First Semester Elementary Japanese | 2 |
| LITTRANS 231 | Manga | 3 |
| LITTRANS 232 | Anime | 3 |
| LITTRANS 263 | Survey of Japanese Literature in Translation | 3 |
| LITTRANS 264 | Survey of Japanese Literature in Translation | 3 |
| LITTRANS 368 | Modern Japanese Fiction | 3 |
| LITTRANS 372 | Classical Japanese Prose in Translation | 3 |
| LITTRANS 373 | Topics in Japanese Literature | 3 |

## HOW TO GET IN

## PRIOR EXPERIENCE IN LANGUAGE STUDY

If you are a student with prior experience in Japanese language (e.g., self-taught, learned in elementary, middle or high school, or learned from family, relatives or friends, etc.), and seek advise about foreign language placement, or continuing with the language of your heritage please fill out this questionnaire (https://alc.wisc.edu/languages/background-questionnaire)in order to receive appropriate advising or guidance.

## JAPANESE PLACEMENT TEST

The Department of Asian Languages and Cultures requires that students with **any** prior knowledge of the languages taught in our department (e.g. Chinese, Japanese and Korean), and **who plan to enroll** in our language classes, take a placement test (https://alc.wisc.edu/languages/placement-tests) before enrolling in a language course. The Japanese language faculty will meet with students for the 30 minute test, one-on-one in person or via Skype by registration only.

## DECLARE THE MAJOR

Students may declare the major at any time - schedule an appointment today (https://calendar.wisc.edu/scheduling-assistant/public/profiles/fUerTooa.html).

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the undergraduate advisor.

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all courses accepted in the major
- Complete the following coursework, with a grade of B or better:
  - Either ASIAN 699 or other appropriate course of 3–4 credits with the major professor, under whose guidance a student intends to write a thesis. This course must be taken before ASIAN 681.
  - Complete a two-semester Senior Honors Thesis in ASIAN 681 and ASIAN 682, for a total of 6 credits.

# DISTINCTION IN THE MAJOR

Students majoring in Japanese who are not enrolled in the honors program may earn distinction in the major by completing:

- the L&S general degree requirements, and
- the junior–senior honors curriculum.

Fifteen honors credits are required in courses at the 300 level or higher, including a Senior Honors Thesis of 6 credits, ASIAN 681–ASIAN 682.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Understand the content and cultural context of written texts and video materials with a large degree of independence, adapting style and speed of comprehension to different texts and purposes, and using appropriate reference sources selectively.
2. Spontaneously exchange ideas about various topics with relative ease.
3. State and support one’s own opinion while acknowledging others’ viewpoints.
4. Demonstrate an awareness of the importance of pragmatic, sociolinguistic, and rhetorical features of the target language.
5. Conduct library and/or internet-based research on topics relating to their particular interests and special fields of expertise, collecting and selecting relevant information using English and target language source materials.
6. Synthesize and critically evaluate source materials in both English and the target language.
7. Present (orally or in written language) their experiences and their introspection on these experiences in a coherent and effective manner.
8. Demonstrate cultural awareness across historical epochs.
9. Produce effective academic writing in English.

# FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ASIALANG 103 | 4 | ASIALANG 104 | 4 |
| ASIAN 100 | 3-4 | ASIAN/ASIAN AM/ HISTORY 246 (meets Ethnic Studies requirement) | 4 |
| Communication A | 3 | Quantitative Reasoning A | 3-4 |

| | | | |
|---|---|---|---|
| Biological Science Breadth | 3 | Science Breadth | 3-4 |
| | | Students beginning language study this term may start with: | |
| | | ASIALANG 113 | |
| | 14 | | 15 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ASIALANG 203 | 4 | ASIALANG 204 or 104 | 4 |
| Or students continue with: | | ASIAN/RELIG ST 236 (Communication B) | 3 |
| ASIALANG 114 | | ASIAN 253 (Humanities Breadth) | 3 |
| ASIAN/E A STDS/ HISTORY/POLI SCI 255 (Social Science Breadth) | 3-4 | ASIAN 355 (Literature Breadth) | 3 |
| ASIAN/HISTORY/ RELIG ST 267 (Humanities Breadth) | 3-4 | Physical Science Breadth | 3-4 |
| Quantitative Reasoning B | 3-4 | | |
| | 14 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ASIALANG 303 or 203 | 4 | ASIALANG 304 or 204 | 4 |
| ASIAN 376 | 3 | ASIALANG/E P D 377 | 3 |
| ASIAN 367 (Literature Breadth) | 3 | ASIAN 699 | 2-3 |
| ASIAN 373 | 1-6 | Science Breadth | 3 |
| E A STDS/ASIAN/ HISTORY 454 (Social Science Breadth) | 3-4 | Elective | 3-4 |
| | 16 | | 16 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ASIALANG 303 (if not yet completed) | 4 | ASIALANG 304 (if not yet completed) | 4 |
| ASIAN 434 | 3 | ASIALANG 475 (Japanese topic only) | 3 |
| ASIAN 563 | 3 | ASIAN/E A STDS/ HISTORY 456 | 3-4 |
| ASIAN 691 | 3 | ASIAN 692 | 3 |
| Electives | 3-7 | Elective | 3-4 |
| | 16 | | 13 |

Total Credits 120

## ADVISING AND CAREERS

# UNDERGRADUATE ADVISOR

**Rachel Weiss**
1244 Van Hise Hall
608-890-0138
rweiss@wisc.edu

Schedule an advising appointment (https://calendar.wisc.edu/scheduling-assistant/public/profiles/fUerTooa.html)

Rachel is the advisor for the undergraduate majors and certificates in the Department of Asian Languages and Cultures. She is happy to meet with students as they explore the degree options or advance through their four-year plans.

# INTERNATIONAL DIRECTIONS ADVISING

## LANGUAGE INSTITUTE

The Language Institute (https://languages.wisc.edu) provides academic and career advising to undergraduate students interested in languages and international area studies. The International Directions advisor provides academic and career advising to undergraduate students who are interested in languages and international area studies. Learn more (https://languages.wisc.edu/advising).

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

# FACULTY

**Charo D'Etcheverry, Associate Professor**
website: https://alc.wisc.edu/about/faculty/charo-detcheverry
email: cdetcheverry@wisc.edu
Areas of Expertise: Classical Japanese literature (especially court fiction & its reception and early kabuki)

**Naomi Geyer, Associate Professor**
website: https://alc.wisc.edu/about/faculty/naomi-geyer

email: nfgeyer@wisc.edu

Areas of Expertise: Japanese Language, Language Pedagogy, Pragmatics

**Adam L. Kern, Professor**

website: https://alc.wisc.edu/about/faculty/adam-l-kern
email: alkern@wisc.edu

Areas of Expertise: The popular literature, culture, poetry, theater, and visual culture of early modern unto modern Japan (1600-1900). Transcultural comics in Japan (manga, *kibyôshi*, etc) and beyond.

**Junko Mori, Professor**

website: https://alc.wisc.edu/about/faculty/junko-mori
email: jmori@wisc.edu

Areas of Expertise: Japanese Linguistics, Applied Linguistics, Conversation Analysis, Sociolinguistics

**Takako Nakakubo, Faculty Associate**

website: https://alc.wisc.edu/about/faculty/takako-nakakubo

email: tnakakubo@wisc.edu

Areas of Expertise: Second Language Acquisition of Japanese, Japanese Pedagogy, Learning Strategies

**Steve Ridgely, Associate Professor**

website: https://alc.wisc.edu/about/faculty/steve-ridgely

email: steve.ridgely@wisc.edu

Areas of Expertise: modern Japanese literature, cultural theory, transasian studies

## WISCONSIN EXPERIENCE

# UNDERGRADUATE RESEARCH

Students in the ALC department academic programs are encouraged to become engaged in undergraduate research. There are numerous programs (https://teachlearn.provost.wisc.edu/initiatives-and-programs/undergraduate-research) that provide research opportunities for undergraduates at UW–Madison including:

- Hilldale Undergraduate/Faculty Research Fellowships (https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship)
- McNair Scholars (http://grad.wisc.edu/mcnair)
- Summer Research Programs (https://grad.wisc.edu/diversity/srop)
- Undergraduate Research Scholars (https://urs.ls.wisc.edu)
- The Wisconsin Idea Undergraduate Fellowship Program (https://morgridge.wisc.edu/students/wisconsin-idea-fellowships)

## RESOURCES AND SCHOLARSHIPS

# DEPARTMENT SCHOLARSHIPS

The Department of Asian Languages and Cultures has various scholarships to support meritorious students in our programs. Application information and deadlines (https://alc.wisc.edu/content/undergraduate-scholarships).

**Ellen and William E. Fisher Scholarship**
Ellen and William E. Fisher have provided funding for an annual scholarship to be awarded to an undergraduate student at the UW-Madison who is studying the Chinese language. According to the terms of the gift agreement, the award is based on merit, therefore there is no application, but faculty will make a determination based on students progressing in the program. Mr. Fisher stipulated that the award must be made in the Fall semester, so that the recipient can use it in the Spring semester.

**Chou Kuo-p'ing Book Award**

Several awards will be given each year to undergraduate students who are studying and will continue to study Chinese during the following semester. This award is made possible through a donation by Professor Emerita Chou Kuo-p'ing, the founder of the Chinese program here at the University of Wisconsin-Madison. Professor Chou, a dedicated teacher, devoted her entire career to teaching, promoting and developing Chinese studies in Wisconsin. Professor Chou was very active during her teaching career, and often helped financially disadvantaged students, especially those who excelled in their academic careers despite economic difficulties. Although this award is based mainly on the applicant's academic performance, special consideration is given to those who are financially disadvantaged in order to carry on this tradition.

**Lawrence Louey Merit Scholarship**

The Lawrence Louey Merit Scholarship is an annual competition recognizing an undergraduate Chinese major in the Department of Asian Languages and Cultures with a $1000 award. Eligibility: You must be a graduating senior with a GPA above 3.75 and have taken at least three years of Chinese. An application is required for consideration, including a brief career plan, as well as a research paper from one of your major field courses.

**Chinese Language Learners Bridge Fund**
Chinese Major Alumni Jarrett Wiesolek (Class of 2011) and Ali Dibble (Class of 2012) launched the Bridge fund in 2016. CLLBF is designed to award scholarships to students who are passionate about learning Chinese and building bridges between UW-Madison and China. The fund has topped its start-up goal of $10,000, which means it can now generate interest that will be awarded to students and the Chinese program (http://alc.wisc.edu) in the UW-Madison's Department of Asian Languages and Cultures. At its current level, the endowment will generate approximately $500 a year in interest. For more information about CLLBF, contact Ali and Jarrett at this email address: applycllbf@gmail.com

# CAMPUS RESOURCES

**Foreign Language & Area Studies (FLAS) Fellowships**
East Asian Studies FLAS Coordinator: Laurie Dennis, Assistant Director, ldennis@wisc.edu (ldennis@international.wisc.edu), 325 Ingraham Hall

FLAS fellowships are funded by the U.S. Department of Education and administered by the UW's National Resource Centers to assist students in acquiring foreign language and either area or international studies competencies. FLAS awards are only available for specific languages (https://flas.wisc.edu/Languages.html), and are contingent on federal funding. Please direct any questions to the FLAS Coordinator (https://flas.wisc.edu/Languages.html)of your chosen language.

Applicants must be U.S. citizens or permanent residents of the United States. Applications by students in professional fields are encouraged. Preference will be given to applicants with a high level of academic ability and with previous language training. Academic Year and Summer FLAS awards are **two separate competitions** requiring **two separate and complete applications**.

---

**Scholarships@UW-Madison** (https://scholarships.wisc.edu/Scholarships)
This is the primary campus wide portal for applicants, current students, and everyone looking for scholarship opportunities on campus.

---

**Undergraduate Academic Awards Office** (https://awards.advising.wisc.edu)
We help UW-Madison undergraduates and recent graduates pursue nationally competitive scholarships (https://awards.advising.wisc.edu/scholarships/nationally-competitive) and campus-wide awards (https://awards.advising.wisc.edu/scholarships/campus-wide) for research, service and leadership—activities at the heart of the Wisconsin Experience. We can help you:

- Find scholarship opportunities that match your goals and interests
- Navigate the scholarship application process
- Review scholarship essays
- Prepare for national scholarship interviews

Contact us (https://awards.advising.wisc.edu/schedule-an-appointment) to schedule an appointment to discuss which opportunities are right for you.

## NATIONAL SCHOLARSHIPS

**Boren Scholarships** (https://borenawards.org)
Campus Representative: Undergraduates with questions should contact Matt Geisler (mdgeisler@studyabroad.wisc.edu), Associate Director of International Academic Programs

These scholarships provide up to $20,000 to U.S. undergraduate students to study abroad in areas of the world that are critical to U.S. interests and underrepresented in study abroad, including Africa, Asia, Central & Eastern Europe, Eurasia, Latin America, and the Middle East. The countries of Western Europe, Canada, Australia, and New Zealand are excluded. (Full list of preferred countries (http://borenawards.org/boren_scholarship/preferences.html)) Additionally, all programs must include formal study of an appropriate foreign language. (Full list of preferred languages (http://borenawards.org/boren_scholarship/preferences.html)).

---

**Critical Language Scholarship Program** (http://www.clscholarship.org)
Campus Representative: Mark Lilleleht, Assistant Director for Awards at awards@iris.wisc.edu

The CLS program is part of the U.S. Department of State, Bureau of Educational and Cultural Affairs. It is a fully-funded overseas intensive language and cultural immersion program for American undergraduate and graduate students. With the goal of broadening the base of Americans studying and mastering critical languages and to build relationships between the people of the United States and other countries, CLS provides opportunities to a diverse range of students from across the United States at every level of language learning.
The fourteen CLS languages are: Arabic, Azerbaijani, Bangla, Chinese, Hindi, Indonesian, Japanese, Korean, Persian, Punjabi, Russian, Swahili, Turkish, and Urdu.

The CLS Program seeks participants with diverse interests, from a wide variety of fields of study, backgrounds and career paths, with the purpose of representing the full diversity of the United States. Thus, students from all academic disciplines, including business, engineering, law, medicine, science, social sciences, arts and humanities are encouraged to apply.

---

**Gilman Scholarship Program**
Campus Representative: Andy Quackenbush (quackenbush@studyabroad.wisc.edu), Advisor, International Academic Programs

The Gilman Scholarship Program is an undergraduate grant program for U.S. citizens of limited financial means to enable them to study abroad, thereby internationalizing their outlook and better preparing them to assume significant roles in the increasingly global economy.

# ASTRONOMY

Astronomy, the oldest of the sciences, for the last several decades has been one of the most exciting fields of modern scientific research. New discoveries concerning the solar system, stars, galaxies, and the origin of the universe continue to be made by both ground and space telescopes. To understand and pursue modern astronomy, one must have a solid background in physics and mathematics as well as in astronomy.

The astronomy–physics major, administered by the Department of Astronomy, provides undergraduates the opportunity to appreciate our current understanding of the astronomical universe, while developing the necessary physics and math background. Students who intend to continue astronomy in a graduate program are strongly encouraged to do a Senior Thesis ASTRON 691/ASTRON 692 or Senior Honors Thesis ASTRON 681/ASTRON 682. The experiences of actual research and of writing a major paper develop both technical and writing skills.

## DEGREES/MAJORS/CERTIFICATES

- Astronomy–Physics, B.A. (p. 487)
- Astronomy–Physics, B.S. (p. 490)

## PEOPLE

Professors Barger, Bershady, Heinz, Lazarian, Mathieu, Stanimirovic, Wilcots, Zweibel

Associate Professors Townsend, Tremonti

Assistant Professor D'Onghia

# ASTRONOMY–PHYSICS, B.A.

Astronomy, the oldest of the sciences, for the last several decades has been one of the most exciting fields of modern scientific research. New discoveries concerning the solar system, stars, galaxies, and the origin of the universe continue to be made by both ground and space telescopes. To understand and pursue modern astronomy, one must have a solid background in physics and mathematics as well as in astronomy.

The astronomy–physics major, administered by the Department of Astronomy, provides undergraduates the opportunity to appreciate our current understanding of the astronomical universe, while developing the necessary physics and math background. Students who intend to continue astronomy in a graduate program are strongly encouraged to do a Senior Thesis ASTRON 691/ASTRON 692 or Senior Honors Thesis ASTRON 681/ASTRON 682. The experiences of actual research and of writing a major paper develop both technical and writing skills.

## HOW TO GET IN

Students are encouraged to declare their major as early as possible. Before declaring the major, students must complete the first two of the three classes in the Introductory PHYSICS sequence.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

#### NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**

- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

The major requires a minimum of 34 credits in the field of specialization, with at least 6 of these credits in ASTRON and at least 28 credits in PHYSICS.

## COURSE REQUIREMENTS FOR THE MAJOR ARE:

| Code | Title | Credits |
|---|---|---|
| **Astronomy** [1] | | |
| *Complete at least two of the following:* | | *6* |
| ASTRON 310 | Stellar Astrophysics [2] | |
| ASTRON 320 | The Interstellar Medium | |
| ASTRON 330 | Galaxies [2] | |
| ASTRON 335 | Cosmology [2] | |
| ASTRON 340 | Solar System Astrophysics | |
| ASTRON 500 | Techniques of Modern Observational Astrophysics [2] | |
| **Physics** | | |
| *Complete one of the following sequences for Introductory Physics:* [3] | | *28* |
| *Sequence 1 (recommended):* | | |
| PHYSICS 247 & PHYSICS 248 & PHYSICS 249 | A Modern Introduction to Physics and A Modern Introduction to Physics and A Modern Introduction to Physics | |
| *Sequence 2:* | | |
| PHYSICS 201 & PHYSICS 202 & PHYSICS 205 | General Physics and General Physics and Modern Physics for Engineers | |
| *Sequence 3:* | | |
| PHYSICS 207 & PHYSICS 208 & PHYSICS 241 | General Physics and General Physics and Introduction to Modern Physics | |
| *Mechanics, Electromagnetic Fields, & Thermal Physics (complete all):* | | |
| PHYSICS 311 | Mechanics | |
| PHYSICS 322 | Electromagnetic Fields | |
| PHYSICS 415 | Thermal Physics | |
| *Atomic & Quantum Physics (complete either):* | | |
| PHYSICS 448 & PHYSICS 449 | Atomic and Quantum Physics and Atomic and Quantum Physics | |
| *or* | | |
| PHYSICS 531 | Introduction to Quantum Mechanics | |
| *Complete one 300-level or higher laboratory course:* | | |
| ASTRON 510 | Radio Astronomy Laboratory | |
| PHYSICS 321 | Electric Circuits and Electronics | |
| *Additional PHYSICS to reach minimum of 28 credits* | | |
| Total Credits | | 34 |

1 ASTRON 103 and ASTRON 104 are not required for majors.

2 ASTRON 310 is a prerequisite for ASTRON 330, ASTRON 335, and ASTRON 500.

3 E M A 201, E M A 202, and M E 240 count toward the 28 credits of PHYSICS requirement. E M A 201 & E M A 202, or E M A 201 & M E 240 count as a first semester, introductory course (e.g., PHYSICS 247, PHYSICS 201, PHYSICS 207).

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all ASTRON, all PHYSICS, and all major courses
- 2.000 GPA on 15 upper-level major credits in residence[1]
- 15 credits in ASTRON and PHYSICS, taken on campus

1 ASTRON 300–699 and PHYSICS 300–699 are upper-level in the major.

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Astronomy–Physics undergraduate advisor(s).

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA for all ASTRON and PHYSICS courses, and all courses accepted in the major, at the 300 level or higher
- Complete the following coursework:
  - Four 300-level or higher ASTRON courses, with a 3.500 GPA
  - A two-semester Senior Honors Thesis in ASTRON 681 and ASTRON 682, with a grade of AB or better, for a total of 6 credits.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Learn how astronomical observations are made and how astronomical data are analyzed. Become acquainted with basic

principles of astronomical imaging and spectroscopy, detectors, and interferometry. Apply simple statistical concepts learned previously in required laboratory courses to astronomical data. Use simple scientific computing methods to plan astronomical observations and analyze astronomical data.

2. Become familiar with current astrophysical theories and observations of basic systems such as planets, stars, interstellar gas, galaxies, and structure of the Universe (cosmology). Learn to apply physical principles and mathematical techniques learned previously in required courses to understand the natural laws governing these systems. Use simple scientific computing methods to analyze and physically interpret numerical models of astronomical systems.
3. Learn how to read and critically evaluate scientific literature. Grasp the main points, scientific goals, and research methods used in an article and discern whether the article supports or conflicts with material presented elsewhere.
4. Learn the basics of oral and written scientific communication. Written coursework will be assessed on the basis of clear writing, appropriate level of detail in reporting calculations, and computations and appropriate bibliographic references and citations as well as on scientific accuracy. Learn to give clear and accurate short oral presentations with appropriate supporting materials.
5. Be trained in principles and standards of professional and ethical conduct. Learn when and how to cite references and when it is appropriate to credit the contributions of others or claim credit for one's own work. Learn what constitutes a professional or unprofessional demeanor and how to apply principles of equality in an educational or workplace setting. Learn how to address a breakdown of professional ethics and standards if experienced or observed.
6. Develop the skills to carry out a small independent research project. Learn to define the scope of the project, how to conduct an effective literature search, and perform computations, analyze data, and report on the literature as appropriate. Learn the basics of presenting the results of the project, whether as a paper, poster, talk, or some combination. The project may involve group work, or teamwork, depending on logistics and the nature of the project. Note: Not all Astronomy majors engage in independent research; this learning goal applies only to majors who have a formal research advisor to perform the assessment.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| MATH 221 | 5 | MATH 222 | 4 |
| Communication A | 3 | ASTRON 200 or 103 | 3 |
| Social Science Breadth | 3 | Ethnic Studies | 3 |
| Foreign Language (if needed) | 4 | Biological Science Breadth | 3 |
| | | Humanities Breadth | 3 |
| | 15 | | 16 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 247, 201, or 207 | 5 | PHYSICS 248, 202, or 208 | 5 |
| MATH 234 | 4 | Biological Science Breadth | 3 |
| Communication B | 4 | Literature Breadth | 3 |
| Humanities Breadth | 3 | Elective | 4 |
| | 16 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 249, 205, or 241 | 4 | PHYSICS 311 | 3 |
| Literature Breadth | 3 | ASTRON 320 (or another 300+ level ASTRON course) | 3 |
| Social Science Breadth | 3 | Social Science Breadth | 3 |
| Elective | 3 | Electives | 6 |
| | 13 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 322 | 3 | PHYSICS 449 | 3 |
| PHYSICS 448 | 3 | PHYSICS 415 | 3 |
| ASTRON 510 | 2 | Social Science Breadth | 3 |
| ASTRON 310 (or another 300+ level ASTRON course) | 3 | Electives | 7 |
| Elective | 3 | | |
| | 14 | | 16 |

Total Credits 120

## ADVISING AND CAREERS

# ADVISING

For premajor advising and major advising, students should contact Undergraduate Advisor Eric Schueffner at elschueffner@wisc.edu (sstanimi@astro.wisc.edu), or Faculty Advisors: Professor Richard Townsend (4550 Sterling Hall, townsend@astro.wisc.edu) and Professor Snezana Stanimirovic, (4514 Sterling Hall, sstanimi@astro.wisc.edu).

We encourage students to meet major advisors as early as possible. Undergraduate advisor Eric Schueffner can assist students with curriculum and course scheduling, career planning, academic concerns, and overall performance and strategies.

Additional information and handouts on the major are available in the office of the undergraduate coordinator Sharon Pittman (2554 Sterling Hall, pittman@astro.wisc.edu (townsend@astro.wisc.edu)).

To declare the astronomy–physics major, please contact Professor Townsend or Professor Stanimirovic to schedule an appointment.

# RECOMMENDED ADDITIONAL COURSES

**Math:** Mathematics courses other than those required as prerequisites for PHYSICS courses are not required for the major, but the following courses are recommended: MATH 319 Techniques in Ordinary Differential Equations, MATH 321 Applied Mathematical Analysis and MATH 322 Applied Mathematical Analysis. If a student plans to work toward the Ph.D degree, the student should also take MATH 320 Linear Algebra and Differential Equations or MATH 340 Elementary Matrix and Linear Algebra. Additional mathematics (or statistics) courses should be chosen after consultation with the undergraduate advisor.

**Computing:** Computers are fundamental to astronomical research. An introduction through Introduction to Programming, or short courses run by the computing center should be considered.

**Chemistry:** A college course in physical or organic chemistry is useful for astronomy students. Physical chemistry is particularly valuable for those interested in the interstellar medium, comets, and planets.

**Statistics:** A background in statistics is valuable, particularly for students interested in observational astronomy. STAT 301 Introduction to Statistical Methods, or STAT/MATH 309 Introduction to Probability and Mathematical Statistics I/STAT/MATH 310 Introduction to Probability and Mathematical Statistics II for a more solid foundation, are suggested.

**Languages:** French, German, Russian, and especially Spanish are the most useful foreign languages for astronomy students, but are not required.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Barger, Bershady, Heinz, Lazarian, Mathieu, Stanimirovic, Wilcots, Zweibel

Associate Professors Townsend, Tremonti

Assistant Professor D'Onghia

# ASTRONOMY–PHYSICS, B.S.

Astronomy, the oldest of the sciences, for the last several decades has been one of the most exciting fields of modern scientific research. New discoveries concerning the solar system, stars, galaxies, and the origin of the universe continue to be made by both ground and space telescopes. To understand and pursue modern astronomy, one must have a solid background in physics and mathematics as well as in astronomy.

The astronomy–physics major, administered by the Department of Astronomy, provides undergraduates the opportunity to appreciate our current understanding of the astronomical universe, while developing the necessary physics and math background. Students who intend to continue astronomy in a graduate program are strongly encouraged to do a Senior Thesis ASTRON 691/ASTRON 692 or Senior Honors Thesis ASTRON 681/ASTRON 682. The experiences of actual research and of writing a major paper develop both technical and writing skills.

## HOW TO GET IN

Students are encouraged to declare their major as early as possible. Before declaring the major, students must complete the first two of the three classes in the Introductory PHYSICS sequence.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

The major requires a minimum of 34 credits in the field of specialization, with at least 6 of these credits in ASTRON and at least 28 credits in PHYSICS.

## COURSE REQUIREMENTS FOR THE MAJOR ARE:

| Code | Title | Credits |
|---|---|---|
| **Astronomy** [1] | | |
| *Complete at least two of the following:* | | *6* |
| ASTRON 310 | Stellar Astrophysics [2] | |
| ASTRON 320 | The Interstellar Medium | |
| ASTRON 330 | Galaxies [2] | |
| ASTRON 335 | Cosmology [2] | |
| ASTRON 340 | Solar System Astrophysics | |
| ASTRON 500 | Techniques of Modern Observational Astrophysics [2] | |
| **Physics** | | |
| *Complete one of the following sequences for Introductory Physics:* [3] | | *28* |
| *Sequence 1 (recommended):* | | |
| PHYSICS 247<br>& PHYSICS 248<br>& PHYSICS 249 | A Modern Introduction to Physics<br>and A Modern Introduction to Physics<br>and A Modern Introduction to Physics | |
| *Sequence 2:* | | |
| PHYSICS 201<br>& PHYSICS 202<br>& PHYSICS 205 | General Physics<br>and General Physics<br>and Modern Physics for Engineers | |
| *Sequence 3:* | | |
| PHYSICS 207<br>& PHYSICS 208<br>& PHYSICS 241 | General Physics<br>and General Physics<br>and Introduction to Modern Physics | |
| *Mechanics, Electromagnetic Fields, & Thermal Physics (complete all):* | | |
| PHYSICS 311 | Mechanics | |
| PHYSICS 322 | Electromagnetic Fields | |
| PHYSICS 415 | Thermal Physics | |
| *Atomic & Quantum Physics (complete either):* | | |
| PHYSICS 448<br>& PHYSICS 449 | Atomic and Quantum Physics<br>and Atomic and Quantum Physics | |
| *or* | | |
| PHYSICS 531 | Introduction to Quantum Mechanics | |
| *Complete one 300-level or higher laboratory course:* | | |
| ASTRON 510 | Radio Astronomy Laboratory | |
| PHYSICS 321 | Electric Circuits and Electronics | |
| *Additional PHYSICS to reach minimum of 28 credits* | | |
| Total Credits | | 34 |

1 ASTRON 103 and ASTRON 104 are not required for majors.

2 ASTRON 310 is a prerequisite for ASTRON 330, ASTRON 335, and ASTRON 500.

3 E M A 201, E M A 202, and M E 240 count toward the 28 credits of PHYSICS requirement. E M A 201 & E M A 202, or E M A 201

& M E 240 count as a first semester, introductory course (e.g., PHYSICS 247, PHYSICS 201, PHYSICS 207).

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all ASTRON, all PHYSICS, and all major courses
- 2.000 GPA on 15 upper-level major credits in residence[1]
- 15 credits in ASTRON and PHYSICS, taken on campus

[1] ASTRON 300–699 and PHYSICS 300–699 are upper-level in the major.

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Astronomy–Physics undergraduate advisor(s).

### HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA for all ASTRON and PHYSICS courses, and all courses accepted in the major, at the 300 level or higher
- Complete the following coursework:
  - Four 300-level or higher ASTRON courses, with a 3.500 GPA
  - A two-semester Senior Honors Thesis in ASTRON 681 and ASTRON 682, with a grade of AB or better, for a total of 6 credits.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Learn how astronomical observations are made and how astronomical data are analyzed. Become acquainted with basic principles of astronomical imaging and spectroscopy, detectors, and interferometry. Apply simple statistical concepts learned previously in required laboratory courses to astronomical data. Use simple scientific computing methods to plan astronomical observations and analyze astronomical data.
2. Become familiar with current astrophysical theories and observations of basic systems such as planets, stars, interstellar gas, galaxies, and structure of the Universe (cosmology). Learn to apply physical principles and mathematical techniques learned previously in required courses to understand the natural laws governing these systems. Use simple scientific computing methods to analyze and physically interpret numerical models of astronomical systems.
3. Learn how to read and critically evaluate scientific literature. Grasp the main points, scientific goals, and research methods used in an article and discern whether the article supports or conflicts with material presented elsewhere.
4. Learn the basics of oral and written scientific communication. Written coursework will be assessed on the basis of clear writing, appropriate level of detail in reporting calculations, and computations and appropriate bibliographic references and citations as well as on scientific accuracy. Learn to give clear and accurate short oral presentations with appropriate supporting materials.
5. Be trained in principles and standards of professional and ethical conduct. Learn when and how to cite references and when it is appropriate to credit the contributions of others or claim credit for one’s own work. Learn what constitutes a professional or unprofessional demeanor and how to apply principles of equality in an educational or workplace setting. Learn how to address a breakdown of professional ethics and standards if experienced or observed.
6. Develop the skills to carry out a small independent research project. Learn to define the scope of the project, how to conduct an effective literature search, and perform computations, analyze data, and report on the literature as appropriate. Learn the basics of presenting the results of the project, whether as a paper, poster, talk, or some combination. The project may involve group work, or teamwork, depending on logistics and the nature of the project. Note: Not all Astronomy majors engage in independent research; this learning goal applies only to majors who have a formal research advisor to perform the assessment.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| MATH 221 | 5 | MATH 222 | 4 |
| Communication A | 3 | ASTRON 200 or 103 | 3 |
| Social Science Breadth | 3 | Ethnic Studies | 3 |
| Foreign Language (if needed) | 4 | Biological Science Breadth | 3 |
| | | Humanities Breadth | 3 |
| | 15 | | 16 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 247, 201, or 207 | 5 | PHYSICS 248, 202, or 208 | 5 |
| MATH 234 | 4 | Biological Science Breadth | 3 |
| Communication B | 4 | Literature Breadth | 3 |
| Humanities Breadth | 3 | Elective | 4 |
| | 16 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 249, 205, or 241 | 4 | PHYSICS 311 | 3 |
| Literature Breadth | 3 | ASTRON 320 (or another 300+ level ASTRON course) | 3 |
| Social Science Breadth | 3 | Social Science Breadth | 3 |
| Elective | 3 | Electives | 6 |
| | 13 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 322 | 3 | PHYSICS 449 | 3 |
| PHYSICS 448 | 3 | PHYSICS 415 | 3 |
| ASTRON 510 | 2 | Social Science Breadth | 3 |
| ASTRON 310 (or another 300+ level ASTRON course) | 3 | Electives | 7 |
| Elective | 3 | | |
| | 14 | | 16 |

Total Credits 120

## ADVISING AND CAREERS

# ADVISING

For premajor advising and major advising, students should contact Undergraduate Advisor Eric Schueffner at elschueffner@wisc.edu (sstanimi@astro.wisc.edu), or Faculty Advisors: Professor Richard Townsend (4550 Sterling Hall, townsend@astro.wisc.edu) and Professor Snezana Stanimirovic, (4514 Sterling Hall, sstanimi@astro.wisc.edu).

We encourage students to meet major advisors as early as possible. Undergraduate advisor Eric Schueffner can assist students with curriculum and course scheduling, career planning, academic concerns, and overall performance and strategies.

Additional information and handouts on the major are available in the office of the undergraduate coordinator Sharon Pittman (2554 Sterling Hall, pittman@astro.wisc.edu (townsend@astro.wisc.edu)).

To declare the astronomy–physics major, please contact Professor Townsend or Professor Stanimirovic to schedule an appointment.

# RECOMMENDED ADDITIONAL COURSES

**Math:** Mathematics courses other than those required as prerequisites for PHYSICS courses are not required for the major, but the following courses are recommended: MATH 319 Techniques in Ordinary Differential Equations, MATH 321 Applied Mathematical Analysis and MATH 322 Applied Mathematical Analysis. If a student plans to work toward the Ph.D degree, the student should also take MATH 320 Linear Algebra and Differential Equations or MATH 340 Elementary Matrix and Linear Algebra. Additional mathematics (or statistics) courses should be chosen after consultation with the undergraduate advisor.

**Computing:** Computers are fundamental to astronomical research. An introduction through Introduction to Programming, or short courses run by the computing center should be considered.

**Chemistry:** A college course in physical or organic chemistry is useful for astronomy students. Physical chemistry is particularly valuable for those interested in the interstellar medium, comets, and planets.

**Statistics:** A background in statistics is valuable, particularly for students interested in observational astronomy. STAT 301 Introduction to Statistical Methods, or STAT/MATH 309 Introduction to Probability and Mathematical Statistics I/STAT/MATH 310 Introduction to Probability and Mathematical Statistics II for a more solid foundation, are suggested.

**Languages:** French, German, Russian, and especially Spanish are the most useful foreign languages for astronomy students, but are not required.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

# ATMOSPHERIC AND OCEANIC SCIENCES

The study of atmospheric and oceanic sciences includes all aspects of the atmosphere and physical oceanography, their mutual interaction, and their interaction with space and the rest of the earth system. Although a primary goal is to understand the atmosphere and ocean for the purpose of predicting the weather, atmospheric and oceanic sciences embraces much more: motions at large, medium, and small scales; past, present, and future climates; air chemistry and quality; clouds and precipitation; and solar and terrestrial radiation. In many areas, new remote-sensing technology including satellites is used to provide circulation patterns at both global and local scales.

Many undergraduates take an elementary atmospheric and oceanic sciences course to meet part of their natural or physical science breadth requirements. Other students, who have had sufficient mathematics and physics preparation, take higher-level atmospheric and oceanic sciences courses to complement their major work in other fields of natural science. An atmospheric and oceanic sciences major receives a thorough introduction to the basic concepts and tools in the core courses, which cover the physics and dynamics of the atmosphere and ocean. An array of elective courses are offered in the senior year, with tracks in the areas of weather systems, earth/environmental science, and general and applied atmospheric and oceanic sciences. Elective groups are tailored individually. Some students will want preparation for careers in areas such as operational forecasting, environmental consulting, and broadcasting. Others will seek preparation for graduate work leading to a broader range of careers.

## DEGREES/MAJORS/CERTIFICATES

- Atmospheric and Oceanic Sciences, B.A. (p. 494)
- Atmospheric and Oceanic Sciences, B.S. (p. 499)
- Environmental Sciences, B.A. (L&S) (p. 505)
- Environmental Sciences, B.S. (L&S) (p. 513)

## PEOPLE

# ATMOSPHERIC AND OCEANIC SCIENCES, B.A.

The study of atmospheric and oceanic sciences includes all aspects of the atmosphere and physical oceanography, their mutual interaction, and their interaction with space and the rest of the earth system. Although a primary goal is to understand the atmosphere and ocean for the purpose of predicting the weather, atmospheric and oceanic sciences embraces much more: motions at large, medium, and small scales; past, present, and future climates; air chemistry and quality; clouds and precipitation; and solar and terrestrial radiation. In many areas, new remote-sensing technology including satellites is used to provide circulation patterns at both global and local scales.

Many undergraduates take an elementary atmospheric and oceanic sciences course to meet part of their natural or physical science breadth requirements. Other students, who have had sufficient mathematics and physics preparation, take higher-level atmospheric and oceanic sciences courses to complement their major work in other fields of natural science. An atmospheric and oceanic sciences major receives a thorough introduction to the basic concepts and tools in the core courses, which cover the physics and dynamics of the atmosphere and ocean. An array of elective courses are offered in the senior year, with tracks in the areas of weather systems, earth/environmental science, and general and applied atmospheric and oceanic sciences. Elective groups are tailored individually. Some students will want preparation for careers in areas such as operational forecasting, environmental consulting, and broadcasting. Others will seek preparation for graduate work leading to a broader range of careers.

## HOW TO GET IN

Because atmospheric and oceanic sciences involves applying the principles and techniques of physical science to the fluid atmosphere and ocean, a strong background in mathematics, physics, and chemistry is necessary. Admission to the atmospheric and oceanic sciences major requires a combined grade point average of 2.250 or better in the following courses:

| Code | Title | Credits |
|---|---|---|
| **Calculus** | | |
| MATH 221 | Calculus and Analytic Geometry 1 | 5 |
| MATH 222 | Calculus and Analytic Geometry 2 | 4 |
| MATH 234 | Calculus–Functions of Several Variables | 4 |
| **Chemistry** | | |
| CHEM 103 | General Chemistry I | 4 |
| or CHEM 109 | Advanced General Chemistry | |
| or CHEM 115 | Chemical Principles I | |
| **Physics** | | |
| PHYSICS 207 | General Physics | 5 |
| or PHYSICS 201 | General Physics | |
| or PHYSICS 247 | A Modern Introduction to Physics | |
| PHYSICS 208 | General Physics | 5 |
| or PHYSICS 202 | General Physics | |
| or PHYSICS 248 | A Modern Introduction to Physics | |

| | | |
|---|---|---|
| **Computer Sciences (complete one):** | | 3 |
| COMP SCI 301 | Introduction to Data Programming (recommended) | |
| COMP SCI 310 | Problem Solving Using Computers | |
| COMP SCI/ E C E 354 | Machine Organization and Programming | |
| COMP SCI 412 | Introduction to Numerical Methods | |
| COMP SCI/I SY E/ MATH 425 | Introduction to Combinatorial Optimization | |
| Total Credits | | 30 |

Students may declare by speaking with the undergraduate advisor.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

| Code | Title | Credits |
|---|---|---|
| **Calculus** | | |
| MATH 221 | Calculus and Analytic Geometry 1 | 5 |
| MATH 222 | Calculus and Analytic Geometry 2 | 4 |
| MATH 234 | Calculus–Functions of Several Variables | 4 |

| | | |
|---|---|---|
| **Chemistry** | | |
| CHEM 103 | General Chemistry I | 4 |
| or CHEM 109 | Advanced General Chemistry | |

| ATM OCN 691 | Senior Thesis |
| ATM OCN 692 | Senior Thesis |
| ATM OCN 698 | Directed Study [2] |
| ATM OCN 699 | Directed Study [2] |
| Total Credits | 27 |

[1] Note that core sequence begins in the fall semester only.

[2] A maximum 2 credits of Electives may come from Internship or Directed Study courses.

# RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all ATM OCN and major courses
- 2.000 GPA on 15 upper-level credits in the major, taken in Residence. [3]
- 15 credits in ATM OCN, taken on campus

[3] ATM OCN 300 through ATM OCN 699 are Upper Level in the major

# HONORS IN THE MAJOR

Students may declare Honors in the Atmospheric and Oceanic Sciences Major in consultation with the Atmospheric and Oceanic Sciences undergraduate advisor.

## REQUIREMENTS

To earn Honors in the Major in Atmospheric and Oceanic Sciences, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.400 GPA for all ATM OCN courses, and all courses accepted in the major
- Complete the following additional coursework:
  - ATM OCN 601 or ATM OCN 611 and
  - ATM OCN 681 and ATM OCN 682 for a total of 6 credits

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Recognize and describe the fundamental principles and processes associated with the dynamics and thermodynamics of geophysical fluid flows, the basic physics of clouds, aerosols, and precipitation.
2. Recognize and describe the fundamental principles and processes associated with radiation and atmospheric and oceanic radiative transfer.
3. Demonstrate critical thinking skills by identifying a problem, identifying the required information to solve that problem; and formulating and interpreting solutions to that problem using appropriate analytical and/or computational techniques.
4. Apply diagnostic tools to to analyses and numerical model output to diagnose, describe, and interpret the fundamental dynamical and thermodynamical processes at work in synoptic-scale, mesoscale, and large-scale weather systems and climate circulations.
5. Apply fundamental radiative transfer theory to interpret remotely-sensed observations of atmospheric and oceanic phenomena.
6. Design and conduct experiments and/or analyze data to test hypotheses in an area of atmospheric or climate sciences.
7. Demonstrate effective scientific communication skills through development and delivery of oral presentations (including poster presentations) and written reports and case studies.

# FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| MATH 221 (QR-B) | 5 | MATH 222 | 4 |
| Communication A | 3 | CHEM 108 | 5 |
| Foreign Language | 4 | Literature Breadth | 3 |

| | | | |
|---|---|---|---|
| ATM OCN 100 or 101 | 4 | Biological Science Breadth | 3 |
| | 16 | | 15 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| MATH 234 | 4 | Humanities Breadth | 3 |
| PHYSICS 207 | 5 | PHYSICS 208 | 5 |
| Biological Science Breadth | 3 | COMP SCI 301 (or any computer science course) | 3 |
| Ethnic Studies | 4 | Social Science Breadth | 4 |
| | 16 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ATM OCN 310 | 3 | ATM OCN 311 | 3 |
| ATM OCN 330 | 3 | ATM OCN 340 | 3 |
| Literature Breadth | 3 | Biological Science Breadth | 3 |
| ADV MATH/COMP SCI/ STATS | 3 | Humanities Breadth | 3 |
| Social Science Breadth | 4 | Elective | 3 |
| | 16 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ATM OCN 400 or higher | 3 | ATM OCN 400 or higher | 3 |
| ATM OCN 400 or higher | 3 | ATM OCN 400 level or higher | 3 |
| Communication B | 4 | ATM OCN 699 or elective | 3 |
| Social Science Breadth | 4 | ATM OCN 405 | 1 |
| | | Elective | 3 |
| | 14 | | 13 |

Total Credits 120

## ADVISING AND CAREERS

# GENERAL ADVISING

Any student interested in the atmospheric and oceanic sciences major should meet with the AOS undergraduate advisor, Eric Schueffner, to discuss steps to complete the necessary prerequisite coursework for the major. Eric can be reached at 608-890-3231 or elschueffner@wisc.edu. A Major Declaration Form must be completed by the student and authorized by Professor Michael Morgan to complete the major declaration process. Professor Morgan can be reached at 608-265-8159 or mcmorgan@wisc.edu. Students should bring a current DARS report to their individual advising appointment.

# CAREER ADVISING

The Department of Atmospheric and Oceanic Sciences encourages majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important that students are career ready at the time of graduation, and we are committed to your success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

# ATMOSPHERIC AND OCEANIC SCIENCES, B.S.

The study of atmospheric and oceanic sciences includes all aspects of the atmosphere and physical oceanography, their mutual interaction, and their interaction with space and the rest of the earth system. Although a primary goal is to understand the atmosphere and ocean for the purpose

of predicting the weather, atmospheric and oceanic sciences embraces much more: motions at large, medium, and small scales; past, present, and future climates; air chemistry and quality; clouds and precipitation; and solar and terrestrial radiation. In many areas, new remote-sensing technology including satellites is used to provide circulation patterns at both global and local scales.

Many undergraduates take an elementary atmospheric and oceanic sciences course to meet part of their natural or physical science breadth requirements. Other students, who have had sufficient mathematics and physics preparation, take higher-level atmospheric and oceanic sciences courses to complement their major work in other fields of natural science. An atmospheric and oceanic sciences major receives a thorough introduction to the basic concepts and tools in the core courses, which cover the physics and dynamics of the atmosphere and ocean. An array of elective courses are offered in the senior year, with tracks in the areas of weather systems, earth/environmental science, and general and applied atmospheric and oceanic sciences. Elective groups are tailored individually. Some students will want preparation for careers in areas such as operational forecasting, environmental consulting, and broadcasting. Others will seek preparation for graduate work leading to a broader range of careers.

## HOW TO GET IN

Because atmospheric and oceanic sciences involves applying the principles and techniques of physical science to the fluid atmosphere and ocean, a strong background in mathematics, physics, and chemistry is necessary. Admission to the atmospheric and oceanic sciences major requires a combined grade point average of 2.250 or better in the following courses:

| Code | Title | Credits |
|---|---|---|
| **Calculus** | | |
| MATH 221 | Calculus and Analytic Geometry 1 | 5 |
| MATH 222 | Calculus and Analytic Geometry 2 | 4 |
| MATH 234 | Calculus--Functions of Several Variables | 4 |
| **Chemistry** | | |
| CHEM 103 | General Chemistry I | 4 |
| or CHEM 109 | Advanced General Chemistry | |
| or CHEM 115 | Chemical Principles I | |
| **Physics** | | |
| PHYSICS 207 | General Physics | 5 |
| or PHYSICS 201 | General Physics | |
| or PHYSICS 247 | A Modern Introduction to Physics | |
| PHYSICS 208 | General Physics | 5 |
| or PHYSICS 202 | General Physics | |
| or PHYSICS 248 | A Modern Introduction to Physics | |
| **Computer Sciences (complete one):** | | 3 |
| COMP SCI 301 | Introduction to Data Programming (recommended) | |
| COMP SCI 310 | Problem Solving Using Computers | |
| COMP SCI/ E C E 354 | Machine Organization and Programming | |
| COMP SCI 412 | Introduction to Numerical Methods | |
| COMP SCI/I SY E/ MATH 425 | Introduction to Combinatorial Optimization | |
| Total Credits | | 30 |

Students may declare by speaking with the undergraduate advisor.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

General Education
- Breadth—Humanities/Literature/Arts: 6 credits
- Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
- Breadth—Social Studies: 3 credits
- Communication Part A & Part B *
- Ethnic Studies *
- Quantitative Reasoning Part A & Part B *

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |

| | |
|---|---|
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

| ATM OCN 699 | Directed Study [2] | |
| Total Credits | | 27 |

[1] Note that core sequence begins in the fall semester only.

[2] A maximum 2 credits of Electives may come from Internship or Directed Study courses.

# RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all ATM OCN and major courses
- 2.000 GPA on 15 upper-level credits in the major, taken in Residence. [3]
- 15 credits in ATM OCN, taken on campus

[3] ATM OCN 300 through ATM OCN 699 are Upper Level in the major

# HONORS IN THE MAJOR

Students may declare Honors in the Atmospheric and Oceanic Sciences Major in consultation with the Atmospheric and Oceanic Sciences undergraduate advisor.

## REQUIREMENTS

To earn Honors in the Major in Atmospheric and Oceanic Sciences, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.400 GPA for all ATM OCN courses, and all courses accepted in the major
- Complete the following additional coursework:
  - ATM OCN 601 or ATM OCN 611 and
  - ATM OCN 681 and ATM OCN 682 for a total of 6 credits

# UNIVERSITY DEGREE REQUIREMENTS

Total Degree — To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

| | |
|---|---|
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Recognize and describe the fundamental principles and processes associated with the dynamics and thermodynamics of geophysical fluid flows, the basic physics of clouds, aerosols, and precipitation.
2. Recognize and describe the fundamental principles and processes associated with radiation and atmospheric and oceanic radiative transfer.
3. Demonstrate critical thinking skills by identifying a problem, identifying the required information to solve that problem; and formulating and interpreting solutions to that problem using appropriate analytical and/or computational techniques.
4. Apply diagnostic tools to to analyses and numerical model output to diagnose, describe, and interpret the fundamental dynamical and thermodynamical processes at work in synoptic-scale, mesoscale, and large-scale weather systems and climate circulations.
5. Apply fundamental radiative transfer theory to interpret remotely-sensed observations of atmospheric and oceanic phenomena.
6. Design and conduct experiments and/or analyze data to test hypotheses in an area of atmospheric or climate sciences.
7. Demonstrate effective scientific communication skills through development and delivery of oral presentations (including poster presentations) and written reports and case studies.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| MATH 221 (QR-B) | 5 | MATH 222 | 4 |
| Communication A | 3 | CHEM 108 | 5 |
| Foreign Language | 4 | Literature Breadth | 3 |
| ATM OCN 100 or 101 | 4 | Biological Science Breadth | 3 |
| | 16 | | 15 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| MATH 234 | 4 | Humanities Breadth | 3 |
| PHYSICS 207 | 5 | PHYSICS 208 | 5 |
| Biological Science Breadth | 3 | COMP SCI 301 (or any computer science course) | 3 |
| Ethnic Studies | 4 | Social Science Breadth | 4 |
| | 16 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ATM OCN 310 | 3 | ATM OCN 311 | 3 |
| ATM OCN 330 | 3 | ATM OCN 340 | 3 |
| Literature Breadth | 3 | Biological Science Breadth | 3 |
| ADV MATH/COMP SCI/ STATS | 3 | Humanities Breadth | 3 |
| Social Science Breadth | 4 | Elective | 3 |
| | 16 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ATM OCN 400 or higher | 3 | ATM OCN 400 or higher | 3 |
| ATM OCN 400 or higher | 3 | ATM OCN 400 level or higher | 3 |
| Communication B | 4 | ATM OCN 699 or elective | 3 |
| Social Science Breadth | 4 | ATM OCN 405 | 1 |
| | | Elective | 3 |
| | 14 | | 13 |

Total Credits 120

## ADVISING AND CAREERS

### GENERAL ADVISING

Any student interested in the atmospheric and oceanic sciences major should meet with the AOS undergraduate advisor, Eric Schueffner, to discuss steps to complete the necessary prerequisite coursework for the major. Eric can be reached at 608-890-3231 or elschueffner@wisc.edu. A Major Declaration Form must be completed by the student and authorized by Professor Michael Morgan to complete the major declaration process. Professor Morgan can be reached at 608-265-8159 or mcmorgan@wisc.edu. Students should bring a current DARS report to their individual advising appointment.

### CAREER ADVISING

The Department of Atmospheric and Oceanic Sciences encourages majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important that students are career ready at the time of graduation, and we are committed to your success.

### L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well

as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

# ENVIRONMENTAL SCIENCES, B.A. (L&S)

The environmental sciences major satisfies the growing demand among entry-level students for a rigorous, science-based program that promotes critical thinking and emphasizes environmental problem solving in service to society. The program is designed to prepare graduates who will be highly competitive for entry-level positions in nonprofit and private sectors, and for master's programs and doctoral research programs in environmental fields. Possible career paths include environmental monitoring, consulting, education, research, and planning, as well as natural resource management, ecology restoration, remediation, water and air quality assessment, sustainability practices, and more. Undergraduates in environmental sciences prepare for a variety of career and graduate school opportunities that require a strong background in the natural sciences. Foundational course work in the major includes calculus, biology, chemistry, and physics. Core and elective course work is fulfilled through diverse offerings from both the College of Agricultural and Life Sciences, and the College of Letters & Science.

The environmental sciences major can be earned in either the College of Agricultural and Life Sciences (CALS) or the College of Letters & Science (L&S) under the bachelor of science (B.S.) or bachelor of arts (B.A.) degree program. An undergraduate B.S. degree is offered through both colleges. A B.A. option is offered through L&S only. Students are encouraged to review the degree requirements for both L&S and CALS and choose the college from which they would prefer to earn their degree; students may choose only one degree "home."

- In CALS, the major is housed administratively in the Department of Soil Science.
- In L&S, the major is housed administratively in the Department of Atmospheric and Oceanic Sciences.

The major can be taken as a stand-alone or as a double major with a variety of other majors on campus including environmental studies, life sciences communication, agronomy, soil science, landscape architecture, foreign language/culture, and a number of other disciplines.

## HOW TO GET IN

Students wishing to declare the environmental sciences major should meet with an academic advisor. Contact information for advisors can be found on the Advising page.

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## MATHEMATICS AND STATISTICS

| Code | Title | Credits |
|---|---|---|
| Complete one of the following: | | 5-10 |
| MATH 221 | Calculus and Analytic Geometry 1 (Recommended) | |
| MATH 171 & MATH 217 | Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II | |
| MATH 211 | Calculus | |
| Complete one of the following: | | 3 |
| STAT 302 | Accelerated Introduction to Statistical Methods | |
| STAT/MATH 309 | Introduction to Probability and Mathematical Statistics I | |
| STAT 311 | Introduction to Theory and Methods of Mathematical Statistics I | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| Total Credits | | 8-13 |

## CHEMISTRY

| Code | Title | Credits |
|---|---|---|
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | 5-9 |
| or CHEM 109 | Advanced General Chemistry | |
| Complete one of the following: | | 3 |
| CHEM 341 | Elementary Organic Chemistry | |
| CHEM 343 | Introductory Organic Chemistry | |
| CHEM 561 | Physical Chemistry | |
| Total Credits | | 8-12 |

## BIOLOGY

| Code | Title | Credits |
|---|---|---|
| Complete one of the following: | | 10 |
| BIOLOGY/ BOTANY/ ZOOLOGY 151 & BIOLOGY/ BOTANY/ ZOOLOGY 152 | Introductory Biology and Introductory Biology | |
| BOTANY/ BIOLOGY 130 & ZOOLOGY/ BIOLOGY 101 & ZOOLOGY/ BIOLOGY 102 | General Botany and Animal Biology and Animal Biology Laboratory | |

| | | |
|---|---|---|
| BIOCORE 381 & BIOCORE 382 & BIOCORE 383 & BIOCORE 384 | Evolution, Ecology, and Genetics and Evolution, Ecology, and Genetics Laboratory and Cellular Biology and Cellular Biology Laboratory | |
| Total Credits | | 10 |

## PHYSICS

| Code | Title | Credits |
|---|---|---|
| Complete one of the following: | | 8-10 |
| PHYSICS 207 & PHYSICS 208 | General Physics and General Physics (Recommended) | |
| PHYSICS 103 & PHYSICS 104 | General Physics and General Physics | |
| PHYSICS 201 & PHYSICS 202 | General Physics and General Physics | |
| Total Credits | | 8-10 |

## MAJOR FOUNDATION

| Code | Title | Credits |
|---|---|---|
| Complete one of the following: | | 3-5 |
| ENVIR ST/ILS 126 | Principles of Environmental Science | |
| ENVIR ST/ GEOG 127 | Physical Systems of the Environment | |
| GEOG/ ENVIR ST 120 | Introduction to the Earth System | |
| GEOSCI/ ENVIR ST 106 | Environmental Geology | |
| SOIL SCI/ ENVIR ST/ GEOG 230 | Soil: Ecosystem and Resource | |
| Total Credits | | 3-5 |

## MAJOR CORE

Complete at least one course and 3 credits from each of these following areas:

### Ecology

| Code | Title | Credits |
|---|---|---|
| AGRONOMY 300 | Cropping Systems | 3 |
| AGRONOMY/ BOTANY/ SOIL SCI 370 | Grassland Ecology | 3 |
| BOTANY/ F&W ECOL 455 | The Vegetation of Wisconsin | 4 |
| BOTANY/F&W ECOL/ ZOOLOGY 460 | General Ecology (Recommended) | 4 |
| ENTOM 450 | Basic and Applied Insect Ecology | 3 |
| ENTOM 451 | Basic and Applied Insect Ecology Laboratory | 1 |
| ENTOM/BOTANY/ ZOOLOGY 473 | Plant-Insect Interactions | 3 |
| ENVIR ST/ ZOOLOGY 510 | Ecology of Fishes | 3 |
| ENVIR ST/ ZOOLOGY 511 | Ecology of Fishes Lab | 2 |
| F&W ECOL/ ENVIR ST/ ZOOLOGY 360 | Extinction of Species | 3 |
| F&W ECOL 410 | Principles of Silviculture | 3 |
| F&W ECOL 550 | Forest Ecology | 3 |
| F&W ECOL 551 | Forest Ecology Lab | 1 |
| F&W ECOL/ LAND ARC/ ZOOLOGY 565 | Principles of Landscape Ecology | 2 |
| HORT 334 | Greenhouse Cultivation | 2 |
| HORT 335 | Greenhouse Cultivation Lab | 1 |
| LAND ARC/ ENVIR ST 361 | Wetlands Ecology | 3 |
| ZOOLOGY/ ENVIR ST 315 | Limnology-Conservation of Aquatic Resources | 2 |
| ZOOLOGY 316 | Laboratory for Limnology-Conservation of Aquatic Resources | 2-3 |

### Physical Environment

| Code | Title | Credits |
|---|---|---|
| ATM OCN 310 | Dynamics of the Atmosphere and Ocean I | 3 |
| ATM OCN/GEOG 323 | Science of Climate Change | 3 |
| ATM OCN/ENVIR ST/ GEOG/GEOSCI 335 | Climatic Environments of the Past | 3 |
| ATM OCN/ ENVIR ST 355 | Introduction to Air Quality | 3 |
| ATM OCN/ ENVIR ST 520 | Bioclimatology | 3 |
| ATM OCN/ ENVIR ST 535 | Atmospheric Dispersion and Air Pollution | 3 |
| BSE 365 | Measurements and Instrumentation for Biological Systems | 3 |
| BSE/ENVIR ST 367 | Renewable Energy Systems | 3 |
| BSE 460 | Biorefining: Energy and Products from Renewable Resources | 3 |
| CIV ENGR 310 | Fluid Mechanics | 3 |
| CIV ENGR 320 | Environmental Engineering | 3 |
| CIV ENGR 423 | Air Pollution Effects, Measurement and Control | 3 |
| CIV ENGR 424 | Environmental Engineering Laboratory | 2 |
| ENVIR ST/ POP HLTH 502 | Air Pollution and Human Health | 3 |
| GEOG/GEOSCI 320 | Geomorphology | 3 |
| GEOG/ENVIR ST 325 | Analysis of the Physical Environment | 4 |
| GEOG 329 | Landforms and Landscapes of North America | 3 |
| GEOG/ATM OCN/ ENVIR ST 332 | Global Warming: Science and Impacts | 3 |
| GEOG/BOTANY 338 | Environmental Biogeography | 3 |
| GEOG/GEOSCI 420 | Glacial and Pleistocene Geology | 3 |
| GEOG/GEOSCI 524 | Advanced Landform Geography | 3 |
| GEOSCI 304 | Geobiology | 3 |
| GEOSCI/G L E 627 | Hydrogeology | 3-4 |

| | | |
|---|---|---|
| POP HLTH/ ENVIR ST 471 | Introduction to Environmental Health | 3 |
| SOIL SCI 301 | General Soil Science | 4 |
| SOIL SCI 321 | Soils and Environmental Chemistry | 3 |
| SOIL SCI/ ENVIR ST 324 | Soils and Environmental Quality | 3 |
| SOIL SCI/ F&W ECOL 451 | Environmental Biogeochemistry | 3 |
| SOIL SCI/ AGRONOMY/ ATM OCN 532 | Environmental Biophysics | 3 |
| SOIL SCI/CIV ENGR/ M&ENVTOX 631 | Toxicants in the Environment: Sources, Distribution, Fate, & Effects | 3 |

### Geospatial Sciences

| Code | Title | Credits |
|---|---|---|
| COMP SCI 301 | Introduction to Data Programming | 3 |
| ENVIR ST/CIV ENGR/ LAND ARC 556 | Remote Sensing Digital Image Processing | 3 |
| GEOG 360 | Quantitative Methods in Geographical Analysis | 4 |
| GEOG 370 | Introduction to Cartography | 4 |
| GEOG/ENVIR ST/ F&W ECOL/ G L E/GEOSCI/ LAND ARC 371 | Introduction to Environmental Remote Sensing | 3 |
| GEOG/CIV ENGR/ ENVIR ST 377 | An Introduction to Geographic Information Systems | 4 |
| GEOSCI/CIV ENGR/ ENVIR ST/G L E 444 | Practical Applications of GPS Surveying | 2 |
| SOIL SCI/ENVIR ST/ LAND ARC 695 | Applications of Geographic Information Systems in Natural Resources | 3 |

### Environmental Policy & Social Perspectives

| Code | Title | Credits |

| GEOSCI/ ENVIR ST 411 | Energy Resources | 3 |
| HISTORY/ENVIR ST/ GEOG 469 | The Making of the American Landscape | 4 |
| POLI SCI 510 | Politics of Government Regulation | 3-4 |
| URB R PL/ECON/ ENVIR ST/ POLI SCI 449 | Government and Natural Resources | 3-4 |

## MAJOR ELECTIVES

There are two ways to complete this requirement, either by distributing 12 credits across at least three categories, or by concentrating those credits in a single category. [1]

### DISTRIBUTED Electives

Students choosing the Distributed Electives path must complete a total of **12 credits** of Environmental Sciences Electives from the categories below, including **at least one course** from **each** category.

#### Ecology

| Code | Title | Credits |
|---|---|---|
| AGRONOMY 300 | Cropping Systems | 3 |
| AGRONOMY/ BOTANY/ SOIL SCI 370 | Grassland Ecology | 3 |
| BOTANY/ F&W ECOL 455 | The Vegetation of Wisconsin | 4 |
| BOTANY/F&W ECOL/ ZOOLOGY 460 | General Ecology | 4 |
| ENTOM/BOTANY/ ZOOLOGY 473 | Plant-Insect Interactions | 3 |
| ENTOM 450 | Basic and Applied Insect Ecology | 3 |
| ENTOM 451 | Basic and Applied Insect Ecology Laboratory | 1 |
| ENVIR ST/ ZOOLOGY 510 | Ecology of Fishes | 3 |
| ENVIR ST/ ZOOLOGY 511 | Ecology of Fishes Lab | 2 |
| F&W ECOL/ ENVIR ST/ ZOOLOGY 360 | Extinction of Species | 3 |
| F&W ECOL 410 | Principles of Silviculture | 3 |
| F&W ECOL 550 | Forest Ecology | 3 |
| F&W ECOL 551 | Forest Ecology Lab | 1 |

| | | |
|---|---|---|
| F&W ECOL/ LAND ARC/ ZOOLOGY 565 | Principles of Landscape Ecology | 2 |
| F&W ECOL/ ZOOLOGY 660 | Climate Change Ecology | 3 |
| HORT 334 | Greenhouse Cultivation | 2 |
| HORT 335 | Greenhouse Cultivation Lab | 1 |
| LAND ARC/ ENVIR ST 361 | Wetlands Ecology | 3 |
| ZOOLOGY/ ENVIR ST 315 | Limnology-Conservation of Aquatic Resources | 2 |
| ZOOLOGY 316 | Laboratory for Limnology-Conservation of Aquatic Resources | 2-3 |

### Physical Environment

| Code | Title | Credits |
|---|---|---|
| ATM OCN 310 | Dynamics of the Atmosphere and Ocean I | 3 |
| ATM OCN/GEOG 323 | Science of Climate Change | 3 |
| ATM OCN/ENVIR ST/ GEOG/GEOSCI 335 | Climatic Environments of the Past | 3 |
| ATM OCN/ ENVIR ST 355 | Introduction to Air Quality | 3 |
| ATM OCN/ ENVIR ST 520 | Bioclimatology | 3 |
| ATM OCN/ ENVIR ST 535 | Atmospheric Dispersion and Air Pollution | 3 |
| BSE 365 | Measurements and Instrumentation for Biological Systems | 3 |
| BSE/ENVIR ST 367 | Renewable Energy Systems | 3 |
| BSE 460 | Biorefining: Energy and Products from Renewable Resources | 3 |
| CIV ENGR 311 | Hydroscience | 3 |
| CIV ENGR 320 | Environmental Engineering | 3 |
| CIV ENGR 423 | Air Pollution Effects, Measurement and Control | 3 |
| CIV ENGR 424 | Environmental Engineering Laboratory | 2 |
| ENVIR ST/ POP HLTH 502 | Air Pollution and Human Health | 3 |
| GEOG/GEOSCI 320 | Geomorphology | 3 |
| GEOG/ENVIR ST 325 | Analysis of the Physical Environment | 4 |
| GEOG 329 | Landforms and Landscapes of North America | 3 |
| GEOG/ATM OCN/ ENVIR ST 332 | Global Warming: Science and Impacts | 3 |
| GEOG/BOTANY 338 | Environmental Biogeography | 3 |
| GEOG/GEOSCI 420 | Glacial and Pleistocene Geology | 3 |
| GEOG/GEOSCI 524 | Advanced Landform Geography | 3 |
| GEOSCI 304 | Geobiology | 3 |
| GEOSCI/G L E 627 | Hydrogeology | 3-4 |
| POP HLTH/ ENVIR ST 471 | Introduction to Environmental Health | 3 |
| SOIL SCI 301 | General Soil Science | 4 |
| SOIL SCI 321 | Soils and Environmental Chemistry | 3 |
| SOIL SCI/ ENVIR ST 324 | Soils and Environmental Quality | 3 |
| SOIL SCI/ F&W ECOL 451 | Environmental Biogeochemistry | 3 |
| SOIL SCI/ AGRONOMY/ ATM OCN 532 | Environmental Biophysics | 3 |
| SOIL SCI/CIV ENGR/ M&ENVTOX 631 | Toxicants in the Environment: Sources, Distribution, Fate, & Effects | 3 |

### Geospatial Sciences

| Code | Title | Credits |
|---|---|---|
| ENVIR ST/CIV ENGR/ LAND ARC 556 | Remote Sensing Digital Image Processing | 3 |
| GEOG 360 | Quantitative Methods in Geographical Analysis | 4 |
| GEOG 370 | Introduction to Cartography | 4 |
| GEOG/ENVIR ST/ F&W ECOL/ G L E/GEOSCI/ LAND ARC 372 | Intermediate Environmental Remote Sensing | 3 |
| GEOG/CIV ENGR/ ENVIR ST 377 | An Introduction to Geographic Information Systems | 4 |
| GEOG 378 | Introduction to Geocomputing | 4 |
| GEOG 560 | Advanced Quantitative Methods | 3 |
| GEOG 577 | Environmental Modeling with GIS | 3 |
| GEOG 578 | GIS Applications | 4 |
| GEOG 579 | GIS and Spatial Analysis | 4 |
| GEOSCI/CIV ENGR/ ENVIR ST/G L E 444 | Practical Applications of GPS Surveying | 2 |
| SOIL SCI/ENVIR ST/ LAND ARC 695 | Applications of Geographic Information Systems in Natural Resources | 3 |

## FOCUSED Electives

Students choosing the Focused Electives path must complete a total of **12 credits** of Environmental Sciences Electives from **one** of the following categories.

### Ecology

| Code | Title | Credits |
|---|---|---|
| AGRONOMY 300 | Cropping Systems | 3 |
| AGRONOMY/ BOTANY/ SOIL SCI 370 | Grassland Ecology | 3 |
| BOTANY/ F&W ECOL 455 | The Vegetation of Wisconsin | 4 |
| BOTANY/F&W ECOL/ ZOOLOGY 460 | General Ecology | 4 |
| ENTOM/BOTANY/ ZOOLOGY 473 | Plant-Insect Interactions | 3 |
| ENTOM 450 | Basic and Applied Insect Ecology | 3 |
| ENTOM 451 | Basic and Applied Insect Ecology Laboratory | 1 |
| ENVIR ST/ ZOOLOGY 510 | Ecology of Fishes | 3 |
| ENVIR ST/ ZOOLOGY 511 | Ecology of Fishes Lab | 2 |

| | | |
|---|---|---|
| F&W ECOL/ ENVIR ST/ ZOOLOGY 360 | Extinction of Species | 3 |
| F&W ECOL 410 | Principles of Silviculture | 3 |
| F&W ECOL 550 | Forest Ecology | 3 |
| F&W ECOL 551 | Forest Ecology Lab | 1 |
| F&W ECOL/ LAND ARC/ ZOOLOGY 565 | Principles of Landscape Ecology | 2 |
| F&W ECOL/ ZOOLOGY 660 | Climate Change Ecology | 3 |
| HORT 334 | Greenhouse Cultivation | 2 |
| HORT 335 | Greenhouse Cultivation Lab | 1 |
| LAND ARC/ ENVIR ST 361 | Wetlands Ecology | 3 |
| ZOOLOGY/ ENVIR ST 315 | Limnology-Conservation of Aquatic Resources | 2 |
| ZOOLOGY 316 | Laboratory for Limnology-Conservation of Aquatic Resources | 2-3 |

### Physical Environment

| Code | Title | Credits |
|---|---|---|
| ATM OCN 310 | Dynamics of the Atmosphere and Ocean I | 3 |
| ATM OCN/GEOG 323 | Science of Climate Change | 3 |
| ATM OCN/ENVIR ST/ GEOG/GEOSCI 335 | Climatic Environments of the Past | 3 |
| ATM OCN/ ENVIR ST 355 | Introduction to Air Quality | 3 |
| ATM OCN/ ENVIR ST 520 | Bioclimatology | 3 |
| ATM OCN/ ENVIR ST 535 | Atmospheric Dispersion and Air Pollution | 3 |
| BSE 365 | Measurements and Instrumentation for Biological Systems | 3 |
| BSE/ENVIR ST 367 | Renewable Energy Systems | 3 |
| BSE 460 | Biorefining: Energy and Products from Renewable Resources | 3 |
| CIV ENGR 311 | Hydroscience | 3 |
| CIV ENGR 320 | Environmental Engineering | 3 |
| CIV ENGR 423 | Air Pollution Effects, Measurement and Control | 3 |
| CIV ENGR 424 | Environmental Engineering Laboratory | 2 |
| ENVIR ST/ POP HLTH 502 | Air Pollution and Human Health | 3 |
| GEOG/GEOSCI 320 | Geomorphology | 3 |
| GEOG/ENVIR ST 325 | Analysis of the Physical Environment | 4 |
| GEOG 329 | Landforms and Landscapes of North America | 3 |
| GEOG/ATM OCN/ ENVIR ST 332 | Global Warming: Science and Impacts | 3 |
| GEOG/BOTANY 338 | Environmental Biogeography | 3 |
| GEOG/GEOSCI 420 | Glacial and Pleistocene Geology | 3 |
| GEOG/GEOSCI 524 | Advanced Landform Geography | 3 |
| GEOSCI 304 | Geobiology | 3 |
| GEOSCI/G L E 627 | Hydrogeology | 3-4 |
| POP HLTH/ ENVIR ST 471 | Introduction to Environmental Health | 3 |
| SOIL SCI 301 | General Soil Science | 4 |
| SOIL SCI 321 | Soils and Environmental Chemistry | 3 |
| SOIL SCI/ ENVIR ST 324 | Soils and Environmental Quality | 3 |
| SOIL SCI/ F&W ECOL 451 | Environmental Biogeochemistry | 3 |
| SOIL SCI/ AGRONOMY/ ATM OCN 532 | Environmental Biophysics | 3 |
| SOIL SCI/CIV ENGR/ M&ENVTOX 631 | Toxicants in the Environment: Sources, Distribution, Fate, & Effects | 3 |

### Geospatial Sciences

| Code | Title | Credits |
|---|---|---|
| ENVIR ST/CIV ENGR/ LAND ARC 556 | Remote Sensing Digital Image Processing | 3 |
| GEOG 360 | Quantitative Methods in Geographical Analysis | 4 |
| GEOG 370 | Introduction to Cartography | 4 |
| GEOG/ENVIR ST/ F&W ECOL/ G L E/GEOSCI/ LAND ARC 372 | Intermediate Environmental Remote Sensing | 3 |
| GEOG/CIV ENGR/ ENVIR ST 377 | An Introduction to Geographic Information Systems | 4 |
| GEOG 378 | Introduction to Geocomputing | 4 |
| GEOG 560 | Advanced Quantitative Methods | 3 |
| GEOG 577 | Environmental Modeling with GIS | 3 |
| GEOG 578 | GIS Applications | 4 |
| GEOG 579 | GIS and Spatial Analysis | 4 |
| GEOSCI/CIV ENGR/ ENVIR ST/G L E 444 | Practical Applications of GPS Surveying | 2 |
| SOIL SCI/ENVIR ST/ LAND ARC 695 | Applications of Geographic Information Systems in Natural Resources | 3 |

### Environmental Policy & Social Perspectives

| Code | Title | Credits |
|---|---|---|
| A A E/ENVIR ST 244 | The Environment and the Global Economy | 4 |
| A A E 246 | Climate Change Economics and Policy | 3 |
| A A E/ECON/ ENVIR ST 343 | Environmental Economics | 3-4 |
| C&E SOC/F&W ECOL/ SOC 248 | Environment, Natural Resources, and Society | 3 |
| C&E SOC/ENVIR ST/ GEOG 434 | People, Wildlife and Landscapes | 3 |
| C&E SOC/ENVIR ST/ SOC 540 | Sociology of International Development, Environment, and Sustainability | 3 |
| C&E SOC/SOC 541 | Environmental Stewardship and Social Justice | 3 |

| | | |
|---|---|---|
| ENVIR ST 349 | Climate Change Governance | 3 |
| ENVIR ST/ M&ENVTOX/ PL PATH 368 | Environmental Law, Toxic Substances, and Conservation | 2 |
| ENVIR ST/GEOG 439 | US Environmental Policy and Regulation | 3-4 |
| ENVIR ST/ PHILOS 441 | Environmental Ethics | 3-4 |
| ENVIR ST/HIST SCI/ MED HIST 513 | Environment and Health in Global Perspective | 3 |
| F&W ECOL 375 | Special Topics (Forest & Climate Change Policy) | 1-4 |
| GEOG/URB R PL 305 | Introduction to the City | 3-4 |
| GEOG/ENVIR ST 339 | Environmental Conservation | 4 |
| GEOG/ENVIR ST/ HISTORY 460 | American Environmental History | 4 |
| GEOG/ENVIR ST 537 | Culture and Environment | 4 |
| GEOSCI/ ENVIR ST 410 | Minerals as a Public Problem | 3 |
| GEOSCI/ ENVIR ST 411 | Energy Resources | 3 |
| HISTORY/ENVIR ST/ GEOG 469 | The Making of the American Landscape | 4 |
| POLI SCI 510 | Politics of Government Regulation | 3-4 |
| URB R PL/ECON/ ENVIR ST/ POLI SCI 449 | Government and Natural Resources | 3-4 |

[1] Students may consult their environmental sciences advisor regarding alternate ways to complete the major electives requirement.

### CAPSTONE [2]

| Code | Title | Credits |
|---|---|---|
| AGRONOMY 500 | Senior Capstone Experience | 2 |
| BOTANY/ENVIR ST/ F&W ECOL/ ZOOLOGY 651 | Conservation Biology | 3 |
| CIV ENGR 515 | Hydroclimatology for Water Resources Management | 3 |
| ENVIR ST/ SOIL SCI 575 | Assessment of Environmental Impact | 3 |
| F&W ECOL 577 | Complexity and Conservation of White-tailed Deer | 3 |
| F&W ECOL 590 | Integrated Resource Management | 3 |
| F&W ECOL 599 | Wildlife Research Capstone | 3 |
| F&W ECOL/A A E/ ENVIR ST 652 | Decision Methods for Natural Resource Managers | 3-4 |
| LAND ARC 611 | Senior Capstone in Landscape Architecture | 4 |
| LAND ARC 668 | Restoration Ecology | 3 |
| PL PATH 315 | Plant Microbiomes | 4 |
| SOIL SCI 499 | Soil Management | 3 |

[2] Students may speak with their environmental science advisor about alternatives (e.g., courses, directed study, senior thesis) to complete the capstone. To be approved, the alternative must be taken for a minimum of 3 credits, clearly focused on environmental science, and approved by the Environmental Sciences Administrative Committee. Students must consult with their environmental sciences advisor and fill out all necessary paperwork before registering.

### RESIDENCE & QUALITY OF WORK

- 2.000 GPA in all major courses
- 2.000 GPA and 15 credits of upper level major courses taken in residence [3]
- 15 credits in the major taken on the UW–Madison campus

[3] Major courses numbered 300 through 699 are considered upper level.

## HONORS IN THE MAJOR

Honors in the Major is not available in Environmental Sciences.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Demonstrate understanding of Environmental Science fundamentals in the context of biology, chemistry, mathematics, statistics, and physics.
2. Demonstrate a quantitative and qualitative understanding of the ecological relationships (material and energetic) between organisms, both as individuals and in groups, and their biotic and abiotic environment. This may include processes influencing the distribution and abundance of organisms.
3. Demonstrate a quantitative and qualitative understanding of the physical, largely abiotic, conditions (e.g. climate, water, soil, air, noise, greenspace, etc.) of the environment. The physical environment can include natural or managed settings such as urban environments.
4. Demonstrate a quantitative and qualitative understanding of geospatial processes and information as it relates to the environment including how to collect, interpret, and analyze geospatial information regarding the features of the Earth's surface. These technologies may include geographic information systems (GIS), the global positioning system (GPS), digital maps, and satellite based remote sensing.
5. Demonstrate a basic understanding of relationships that focus on the organization and implementation of laws, regulations,

and other policy mechanisms concerning environmental issues and sustainability and their effect on society. This includes how human behaviors influences, and are also influenced by, the natural environment.

6. Apply skills in critical thinking, problem identification and resolution of a complex environmental issues that require interdisciplinary solutions and team-based work.
7. Articulate the role of environmental science in one or more focused areas of a specific environmental discipline (e.g. geology, soils, atmosphere, water, plants, animals).
8. Demonstrate expertise in organizing and presenting (written and oral) scientific information to both lay and professional audiences.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 103 or 109 | 4 | CHEM 104 | 5 |
| MATH 114 or 171 | 5 | MATH 221 or 217 | 5 |
| Foreign Language | 4 | Environmental Sciences Foundation Course | 3 |
| Comm A | 3 | Foreign Language | 4 |
| | 16 | | 17 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| BIOLOGY/BOTANY/ ZOOLOGY 151 or BOTANY 130 | 5 | BIOLOGY/ZOOLOGY 101 & BIOLOGY/ ZOOLOGY 102 (or BIOLOGY 152) | 5 |
| CHEM 341, 343, or 561 | 3 | STAT 371 | 3 |
| Social Science Course | 3 | Humanities/Ethnic Studies Course | 4 |
| Literature Course | 3 | Elective | 3 |
| INTER-LS 210 | 1 | | |
| | 15 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 207, 201, or 103 | 5 | PHYSICS 208, 202, or 104 | 5 |
| Major Core Course | 3 | Major Core Course | 3 |
| Major Core Course | 3 | Major Core Course | 4 |
| Social Science Course | 3 | Literature Course | 3 |
| | 14 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Environmental Sciences Major Elective Course | 3 | Environmental Sciences Major Elective Course | 3 |
| Environmental Sciences Major Elective Course | 3 | Social Science Course | 3 |
| Capstone | 3 | Environmental Sciences Major Elective Course | 4 |
| Elective | 3 | Humanities Course | 3 |
| Social Science Course | 3 | | |
| | 15 | | 13 |

Total Credits 120

## ADVISING AND CAREERS

### ADVISING

Students wishing to declare the environmental sciences major should meet with an academic advisor. Contact information for advisors can be found here (http://envirosci.wisc.edu/advising).

CALS undergraduate students interested in pursuing the environmental sciences major in the College of Agricultural and Life Sciences should contact Kathryn Jones, kjones26@wisc.edu or 608-807-7391.

L&S undergraduate students interested in pursuing the environmental sciences major in the College of Letters & Science should contact Eric Schueffner, elschueffner@wisc.edu or 608-890-3231.

### CAREERS

A major in environmental sciences serves as excellent preparation for careers of great diversity, including environmental modeling, agricultural scientist, botanist, ecologist, forest ranger, oceanographer, agricultural technician, engineering technician, forester, air and water quality manager, environmental analyst, park ranger, air pollution analyst, environmental consultant, environmental educator, geologist, project manager, environmental engineer, geophysicist, biologist, hazardous waste manager, hydrologist, environmental lawyer, chemical technician, soil conservation technician, chemist, management consultant, teacher, meteorologist, urban and regional planner, civil engineer, environmental planner, microbiologist/wastewater plant operator, natural resource specialist, wildlife manager, conservationist, or zoologist. For more info about careers, please visit our website (http://envirosci.wisc.edu/careers-internships).

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information,

see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

### EXECUTIVE COMMITTEE

Balster, Nick, Associate Professor, Department of Soil Science
Martin, Jonathan, Professor, Department of Atmospheric and Oceanic Sciences
Thompson, Anita, Professor, Department of Biological Systems Engineering

### PROGRAM COMMITTEE

Bertram, Timothy, Associate Professor, Department of Chemistry
Grainger, Corbett, Assistant Professor Department of Agricultural and Applied Economics
Harrington, John, Professor, Department of Landscape Architecture
Holloway, Tracey, Professor, Nelson Institute for Environmental Studies
Hotchkiss, Sara, Professor, Department of Botany
Kanarek, Marty, Professor, Department of Population Health Sciences
Schauer, James, Professor, Department of Civil and Environmental Engineering
Stoltenberg, David, Professor, Department of Agronomy

# ENVIRONMENTAL SCIENCES, B.S. (L&S)

The environmental sciences major satisfies the growing demand among entry-level students for a rigorous, science-based program that promotes critical thinking and emphasizes environmental problem solving in service to society. The program is designed to prepare graduates who will be highly competitive for entry-level positions in nonprofit and private sectors, and for master's programs and doctoral research programs in environmental fields. Possible career paths include environmental monitoring, consulting, education, research, and planning, as well as natural resource management, ecology restoration, remediation, water and air quality assessment, sustainability practices, and more. Undergraduates in environmental sciences prepare for a variety of career and graduate school opportunities that require a strong background in the natural sciences. Foundational course work in the major includes calculus, biology, chemistry, and physics. Core and elective course work is fulfilled through diverse offerings from both the College of Agricultural and Life Sciences, and the College of Letters & Science.

The environmental sciences major can be earned in either the College of Agricultural and Life Sciences (CALS) or the College of Letters & Science (L&S) under the bachelor of science (B.S.) or bachelor of arts (B.A.) degree program. An undergraduate B.S. degree is offered through both colleges. A B.A. option is offered through L&S only. Students are encouraged to review the degree requirements for both L&S and CALS and choose the college from which they would prefer to earn their degree; students may choose only one degree "home."

- In CALS, the major is housed administratively in the Department of Soil Science.
- In L&S, the major is housed administratively in the Department of Atmospheric and Oceanic Sciences.

The major can be taken as a stand-alone or as a double major with a variety of other majors on campus including environmental studies, life sciences communication, agronomy, soil science, landscape architecture, foreign language/culture, and a number of other disciplines.

## HOW TO GET IN

Students wishing to declare the environmental sciences major should meet with an academic advisor. Contact information for advisors can be found on the Advising page.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## MATHEMATICS AND STATISTICS

| Code | Title | Credits |
|---|---|---|
| Complete one of the following: | | 5-10 |
| MATH 221 | Calculus and Analytic Geometry 1 (Recommended) | |
| MATH 171 & MATH 217 | Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II | |
| MATH 211 | Calculus | |
| Complete one of the following: | | 3 |
| STAT 302 | Accelerated Introduction to Statistical Methods | |
| STAT/MATH 309 | Introduction to Probability and Mathematical Statistics I | |
| STAT 311 | Introduction to Theory and Methods of Mathematical Statistics I | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| Total Credits | | 8-13 |

## CHEMISTRY

| Code | Title | Credits |
|---|---|---|
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | 5-9 |
| or CHEM 109 | Advanced General Chemistry | |
| Complete one of the following: | | 3 |
| CHEM 341 | Elementary Organic Chemistry | |
| CHEM 343 | Introductory Organic Chemistry | |
| CHEM 561 | Physical Chemistry | |
| Total Credits | | 8-12 |

## BIOLOGY

| Code | Title | Credits |
|---|---|---|
| Complete one of the following: | | 10 |
| BIOLOGY/ BOTANY/ ZOOLOGY 151 & BIOLOGY/ BOTANY/ ZOOLOGY 152 | Introductory Biology and Introductory Biology | |
| BOTANY/ BIOLOGY 130 & ZOOLOGY/ BIOLOGY 101 & ZOOLOGY/ BIOLOGY 102 | General Botany and Animal Biology and Animal Biology Laboratory | |
| BIOCORE 381 & BIOCORE 382 & BIOCORE 383 & BIOCORE 384 | Evolution, Ecology, and Genetics and Evolution, Ecology, and Genetics Laboratory and Cellular Biology and Cellular Biology Laboratory | |
| Total Credits | | 10 |

## PHYSICS

| Code | Title | Credits |
|---|---|---|
| Complete one of the following: | | 8-10 |
| PHYSICS 207 & PHYSICS 208 | General Physics and General Physics (Recommended) | |
| PHYSICS 103 & PHYSICS 104 | General Physics and General Physics | |
| PHYSICS 201 & PHYSICS 202 | General Physics and General Physics | |
| Total Credits | | 8-10 |

## MAJOR FOUNDATION

| Code | Title | Credits |
|---|---|---|
| Complete one of the following: | | 3-5 |
| ENVIR ST/ILS 126 | Principles of Environmental Science | |
| ENVIR ST/ GEOG 127 | Physical Systems of the Environment | |
| GEOG/ ENVIR ST 120 | Introduction to the Earth System | |
| GEOSCI/ ENVIR ST 106 | Environmental Geology | |
| SOIL SCI/ ENVIR ST/ GEOG 230 | Soil: Ecosystem and Resource | |
| Total Credits | | 3-5 |

## MAJOR CORE

Complete at least one course and 3 credits from each of these following areas:

### Ecology

| Code | Title | Credits |
|---|---|---|
| AGRONOMY 300 | Cropping Systems | 3 |
| AGRONOMY/ BOTANY/ SOIL SCI 370 | Grassland Ecology | 3 |
| BOTANY/ F&W ECOL 455 | The Vegetation of Wisconsin | 4 |
| BOTANY/F&W ECOL/ ZOOLOGY 460 | General Ecology (Recommended) | 4 |
| ENTOM 450 | Basic and Applied Insect Ecology | 3 |
| ENTOM 451 | Basic and Applied Insect Ecology Laboratory | 1 |
| ENTOM/BOTANY/ ZOOLOGY 473 | Plant-Insect Interactions | 3 |
| ENVIR ST/ ZOOLOGY 510 | Ecology of Fishes | 3 |
| ENVIR ST/ ZOOLOGY 511 | Ecology of Fishes Lab | 2 |
| F&W ECOL/ ENVIR ST/ ZOOLOGY 360 | Extinction of Species | 3 |
| F&W ECOL 410 | Principles of Silviculture | 3 |
| F&W ECOL 550 | Forest Ecology | 3 |
| F&W ECOL 551 | Forest Ecology Lab | 1 |
| F&W ECOL/ LAND ARC/ ZOOLOGY 565 | Principles of Landscape Ecology | 2 |
| HORT 334 | Greenhouse Cultivation | 2 |
| HORT 335 | Greenhouse Cultivation Lab | 1 |
| LAND ARC/ ENVIR ST 361 | Wetlands Ecology | 3 |
| ZOOLOGY/ ENVIR ST 315 | Limnology-Conservation of Aquatic Resources | 2 |
| ZOOLOGY 316 | Laboratory for Limnology-Conservation of Aquatic Resources | 2-3 |

### Physical Environment

| Code | Title | Credits |
|---|---|---|
| ATM OCN 310 | Dynamics of the Atmosphere and Ocean I | 3 |
| ATM OCN/GEOG 323 | Science of Climate Change | 3 |
| ATM OCN/ENVIR ST/ GEOG/GEOSCI 335 | Climatic Environments of the Past | 3 |
| ATM OCN/ ENVIR ST 355 | Introduction to Air Quality | 3 |
| ATM OCN/ ENVIR ST 520 | Bioclimatology | 3 |
| ATM OCN/ ENVIR ST 535 | Atmospheric Dispersion and Air Pollution | 3 |
| BSE 365 | Measurements and Instrumentation for Biological Systems | 3 |
| BSE/ENVIR ST 367 | Renewable Energy Systems | 3 |
| BSE 460 | Biorefining: Energy and Products from Renewable Resources | 3 |
| CIV ENGR 310 | Fluid Mechanics | 3 |
| CIV ENGR 320 | Environmental Engineering | 3 |
| CIV ENGR 423 | Air Pollution Effects, Measurement and Control | 3 |
| CIV ENGR 424 | Environmental Engineering Laboratory | 2 |
| ENVIR ST/ POP HLTH 502 | Air Pollution and Human Health | 3 |
| GEOG/GEOSCI 320 | Geomorphology | 3 |
| GEOG/ENVIR ST 325 | Analysis of the Physical Environment | 4 |
| GEOG 329 | Landforms and Landscapes of North America | 3 |
| GEOG/ATM OCN/ ENVIR ST 332 | Global Warming: Science and Impacts | 3 |
| GEOG/BOTANY 338 | Environmental Biogeography | 3 |
| GEOG/GEOSCI 420 | Glacial and Pleistocene Geology | 3 |
| GEOG/GEOSCI 524 | Advanced Landform Geography | 3 |
| GEOSCI 304 | Geobiology | 3 |
| GEOSCI/G L E 627 | Hydrogeology | 3-4 |
| POP HLTH/ ENVIR ST 471 | Introduction to Environmental Health | 3 |
| SOIL SCI 301 | General Soil Science | 4 |
| SOIL SCI 321 | Soils and Environmental Chemistry | 3 |
| SOIL SCI/ ENVIR ST 324 | Soils and Environmental Quality | 3 |
| SOIL SCI/ F&W ECOL 451 | Environmental Biogeochemistry | 3 |
| SOIL SCI/ AGRONOMY/ ATM OCN 532 | Environmental Biophysics | 3 |
| SOIL SCI/CIV ENGR/ M&ENVTOX 631 | Toxicants in the Environment: Sources, Distribution, Fate, & Effects | 3 |

### Geospatial Sciences

| Code | Title | Credits |
|---|---|---|
| COMP SCI 301 | Introduction to Data Programming | 3 |
| ENVIR ST/CIV ENGR/ LAND ARC 556 | Remote Sensing Digital Image Processing | 3 |
| GEOG 360 | Quantitative Methods in Geographical Analysis | 4 |
| GEOG 370 | Introduction to Cartography | 4 |
| GEOG/ENVIR ST/ F&W ECOL/ G L E/GEOSCI/ LAND ARC 371 | Introduction to Environmental Remote Sensing | 3 |
| GEOG/CIV ENGR/ ENVIR ST 377 | An Introduction to Geographic Information Systems | 4 |
| GEOSCI/CIV ENGR/ ENVIR ST/G L E 444 | Practical Applications of GPS Surveying | 2 |
| SOIL SCI/ENVIR ST/ LAND ARC 695 | Applications of Geographic Information Systems in Natural Resources | 3 |

### Environmental Policy & Social Perspectives

| Code | Title | Credits |
|---|---|---|
| A A E/ENVIR ST 244 | The Environment and the Global Economy | 4 |
| A A E 246 | Climate Change Economics and Policy | 3 |
| A A E/ECON/ ENVIR ST 343 | Environmental Economics | 3-4 |
| C&E SOC/F&W ECOL/ SOC 248 | Environment, Natural Resources, and Society | 3 |
| C&E SOC/ENVIR ST/ GEOG 434 | People, Wildlife and Landscapes | 3 |
| C&E SOC/ENVIR ST/ SOC 540 | Sociology of International Development, Environment, and Sustainability | 3 |
| C&E SOC/SOC 541 | Environmental Stewardship and Social Justice | 3 |
| ENVIR ST 349 | Climate Change Governance | 3 |
| ENVIR ST/ M&ENVTOX/ PL PATH 368 | Environmental Law, Toxic Substances, and Conservation | 2 |
| ENVIR ST/GEOG 439 | US Environmental Policy and Regulation | 3-4 |
| ENVIR ST/ PHILOS 441 | Environmental Ethics | 3-4 |
| ENVIR ST/HIST SCI/ MED HIST 513 | Environment and Health in Global Perspective | 3 |
| F&W ECOL 375 | Special Topics (Forest & Climate Change Policy) | 1-4 |
| GEOG/ENVIR ST 339 | Environmental Conservation | 4 |
| GEOG/URB R PL 305 | Introduction to the City | 3-4 |
| GEOG/ENVIR ST/ HISTORY 460 | American Environmental History | 4 |
| GEOG/ENVIR ST 537 | Culture and Environment | 4 |
| GEOSCI/ ENVIR ST 410 | Minerals as a Public Problem | 3 |
| GEOSCI/ ENVIR ST 411 | Energy Resources | 3 |
| HISTORY/ENVIR ST/ GEOG 469 | The Making of the American Landscape | 4 |
| POLI SCI 510 | Politics of Government Regulation | 3-4 |
| URB R PL/ECON/ ENVIR ST/ POLI SCI 449 | Government and Natural Resources | 3-4 |

## MAJOR ELECTIVES

There are two ways to complete this requirement, either by distributing 12 credits across at least three categories, or by concentrating those credits in a single category. [1]

### DISTRIBUTED Electives

Students choosing the Distributed Electives path must complete a total of **12 credits** of Environmental Sciences Electives from the categories below, including **at least one course** from **each** category.

### Ecology

| Code | Title | Credits |
|---|---|---|
| AGRONOMY 300 | Cropping Systems | 3 |
| AGRONOMY/ BOTANY/ SOIL SCI 370 | Grassland Ecology | 3 |
| BOTANY/ F&W ECOL 455 | The Vegetation of Wisconsin | 4 |
| BOTANY/F&W ECOL/ ZOOLOGY 460 | General Ecology | 4 |
| ENTOM/BOTANY/ ZOOLOGY 473 | Plant-Insect Interactions | 3 |
| ENTOM 450 | Basic and Applied Insect Ecology | 3 |
| ENTOM 451 | Basic and Applied Insect Ecology Laboratory | 1 |
| ENVIR ST/ ZOOLOGY 510 | Ecology of Fishes | 3 |
| ENVIR ST/ ZOOLOGY 511 | Ecology of Fishes Lab | 2 |
| F&W ECOL/ ENVIR ST/ ZOOLOGY 360 | Extinction of Species | 3 |
| F&W ECOL 410 | Principles of Silviculture | 3 |
| F&W ECOL 550 | Forest Ecology | 3 |
| F&W ECOL 551 | Forest Ecology Lab | 1 |
| F&W ECOL/ LAND ARC/ ZOOLOGY 565 | Principles of Landscape Ecology | 2 |
| F&W ECOL/ ZOOLOGY 660 | Climate Change Ecology | 3 |
| HORT 334 | Greenhouse Cultivation | 2 |
| HORT 335 | Greenhouse Cultivation Lab | 1 |
| LAND ARC/ ENVIR ST 361 | Wetlands Ecology | 3 |
| ZOOLOGY/ ENVIR ST 315 | Limnology-Conservation of Aquatic Resources | 2 |
| ZOOLOGY 316 | Laboratory for Limnology-Conservation of Aquatic Resources | 2-3 |

### Physical Environment

| Code | Title | Credits |
|---|---|---|
| ATM OCN 310 | Dynamics of the Atmosphere and Ocean I | 3 |
| ATM OCN/GEOG 323 | Science of Climate Change | 3 |
| ATM OCN/ENVIR ST/ GEOG/GEOSCI 335 | Climatic Environments of the Past | 3 |
| ATM OCN/ ENVIR ST 355 | Introduction to Air Quality | 3 |
| ATM OCN/ ENVIR ST 520 | Bioclimatology | 3 |
| ATM OCN/ ENVIR ST 535 | Atmospheric Dispersion and Air Pollution | 3 |
| BSE 365 | Measurements and Instrumentation for Biological Systems | 3 |
| BSE/ENVIR ST 367 | Renewable Energy Systems | 3 |
| BSE 460 | Biorefining: Energy and Products from Renewable Resources | 3 |
| CIV ENGR 311 | Hydroscience | 3 |
| CIV ENGR 320 | Environmental Engineering | 3 |
| CIV ENGR 423 | Air Pollution Effects, Measurement and Control | 3 |
| CIV ENGR 424 | Environmental Engineering Laboratory | 2 |
| ENVIR ST/ POP HLTH 502 | Air Pollution and Human Health | 3 |
| GEOG/GEOSCI 320 | Geomorphology | 3 |
| GEOG/ENVIR ST 325 | Analysis of the Physical Environment | 4 |
| GEOG 329 | Landforms and Landscapes of North America | 3 |
| GEOG/ATM OCN/ ENVIR ST 332 | Global Warming: Science and Impacts | 3 |
| GEOG/BOTANY 338 | Environmental Biogeography | 3 |
| GEOG/GEOSCI 420 | Glacial and Pleistocene Geology | 3 |
| GEOG/GEOSCI 524 | Advanced Landform Geography | 3 |
| GEOSCI 304 | Geobiology | 3 |
| GEOSCI/G L E 627 | Hydrogeology | 3-4 |
| POP HLTH/ ENVIR ST 471 | Introduction to Environmental Health | 3 |
| SOIL SCI 301 | General Soil Science | 4 |
| SOIL SCI 321 | Soils and Environmental Chemistry | 3 |
| SOIL SCI/ ENVIR ST 324 | Soils and Environmental Quality | 3 |
| SOIL SCI/ F&W ECOL 451 | Environmental Biogeochemistry | 3 |
| SOIL SCI/ AGRONOMY/ ATM OCN 532 | Environmental Biophysics | 3 |
| SOIL SCI/CIV ENGR/ M&ENVTOX 631 | Toxicants in the Environment: Sources, Distribution, Fate, & Effects | 3 |

### Geospatial Sciences

| Code | Title | Credits |
|---|---|---|
| ENVIR ST/CIV ENGR/ LAND ARC 556 | Remote Sensing Digital Image Processing | 3 |
| GEOG 360 | Quantitative Methods in Geographical Analysis | 4 |
| GEOG 370 | Introduction to Cartography | 4 |
| GEOG/ENVIR ST/ F&W ECOL/ G L E/GEOSCI/ LAND ARC 372 | Intermediate Environmental Remote Sensing | 3 |
| GEOG/CIV ENGR/ ENVIR ST 377 | An Introduction to Geographic Information Systems | 4 |
| GEOG 378 | Introduction to Geocomputing | 4 |
| GEOG 560 | Advanced Quantitative Methods | 3 |
| GEOG 577 | Environmental Modeling with GIS | 3 |
| GEOG 578 | GIS Applications | 4 |
| GEOG 579 | GIS and Spatial Analysis | 4 |
| GEOSCI/CIV ENGR/ ENVIR ST/G L E 444 | Practical Applications of GPS Surveying | 2 |
| SOIL SCI/ENVIR ST/ LAND ARC 695 | Applications of Geographic Information Systems in Natural Resources | 3 |

## FOCUSED Electives

Students choosing the Focused Electives path must complete a total of **12 credits** of Environmental Sciences Electives from **one** of the following categories.

### Ecology

| Code | Title | Credits |
|---|---|---|
| AGRONOMY 300 | Cropping Systems | 3 |
| AGRONOMY/ BOTANY/ SOIL SCI 370 | Grassland Ecology | 3 |
| BOTANY/ F&W ECOL 455 | The Vegetation of Wisconsin | 4 |
| BOTANY/F&W ECOL/ ZOOLOGY 460 | General Ecology | 4 |
| ENTOM/BOTANY/ ZOOLOGY 473 | Plant-Insect Interactions | 3 |
| ENTOM 450 | Basic and Applied Insect Ecology | 3 |
| ENTOM 451 | Basic and Applied Insect Ecology Laboratory | 1 |
| ENVIR ST/ ZOOLOGY 510 | Ecology of Fishes | 3 |
| ENVIR ST/ ZOOLOGY 511 | Ecology of Fishes Lab | 2 |
| F&W ECOL/ ENVIR ST/ ZOOLOGY 360 | Extinction of Species | 3 |
| F&W ECOL 410 | Principles of Silviculture | 3 |
| F&W ECOL 550 | Forest Ecology | 3 |
| F&W ECOL 551 | Forest Ecology Lab | 1 |
| F&W ECOL/ LAND ARC/ ZOOLOGY 565 | Principles of Landscape Ecology | 2 |
| F&W ECOL/ ZOOLOGY 660 | Climate Change Ecology | 3 |
| HORT 334 | Greenhouse Cultivation | 2 |
| HORT 335 | Greenhouse Cultivation Lab | 1 |

| | | |
|---|---|---|
| LAND ARC/ ENVIR ST 361 | Wetlands Ecology | 3 |
| ZOOLOGY/ ENVIR ST 315 | Limnology-Conservation of Aquatic Resources | 2 |
| ZOOLOGY 316 | Laboratory for Limnology-Conservation of Aquatic Resources | 2-3 |

### Physical Environment

| Code | Title | Credits |
|---|---|---|
| ATM OCN 310 | Dynamics of the Atmosphere and Ocean I | 3 |
| ATM OCN/GEOG 323 | Science of Climate Change | 3 |
| ATM OCN/ENVIR ST/ GEOG/GEOSCI 335 | Climatic Environments of the Past | 3 |
| ATM OCN/ ENVIR ST 355 | Introduction to Air Quality | 3 |
| ATM OCN/ ENVIR ST 520 | Bioclimatology | 3 |
| ATM OCN/ ENVIR ST 535 | Atmospheric Dispersion and Air Pollution | 3 |
| BSE 365 | Measurements and Instrumentation for Biological Systems | 3 |
| BSE/ENVIR ST 367 | Renewable Energy Systems | 3 |
| BSE 460 | Biorefining: Energy and Products from Renewable Resources | 3 |
| CIV ENGR 311 | Hydroscience | 3 |
| CIV ENGR 320 | Environmental Engineering | 3 |
| CIV ENGR 423 | Air Pollution Effects, Measurement and Control | 3 |
| CIV ENGR 424 | Environmental Engineering Laboratory | 2 |
| ENVIR ST/ POP HLTH 502 | Air Pollution and Human Health | 3 |
| GEOG/GEOSCI 320 | Geomorphology | 3 |
| GEOG/ENVIR ST 325 | Analysis of the Physical Environment | 4 |
| GEOG 329 | Landforms and Landscapes of North America | 3 |
| GEOG/ATM OCN/ ENVIR ST 332 | Global Warming: Science and Impacts | 3 |
| GEOG/BOTANY 338 | Environmental Biogeography | 3 |
| GEOG/GEOSCI 420 | Glacial and Pleistocene Geology | 3 |
| GEOG/GEOSCI 524 | Advanced Landform Geography | 3 |
| GEOSCI 304 | Geobiology | 3 |
| GEOSCI/G L E 627 | Hydrogeology | 3-4 |
| POP HLTH/ ENVIR ST 471 | Introduction to Environmental Health | 3 |
| SOIL SCI 301 | General Soil Science | 4 |
| SOIL SCI 321 | Soils and Environmental Chemistry | 3 |
| SOIL SCI/ ENVIR ST 324 | Soils and Environmental Quality | 3 |
| SOIL SCI/ F&W ECOL 451 | Environmental Biogeochemistry | 3 |
| SOIL SCI/ AGRONOMY/ ATM OCN 532 | Environmental Biophysics | 3 |
| SOIL SCI/CIV ENGR/ M&ENVTOX 631 | Toxicants in the Environment: Sources, Distribution, Fate, & Effects | 3 |

### Geospatial Sciences

| Code | Title | Credits |
|---|---|---|
| ENVIR ST/CIV ENGR/ LAND ARC 556 | Remote Sensing Digital Image Processing | 3 |
| GEOG 360 | Quantitative Methods in Geographical Analysis | 4 |
| GEOG 370 | Introduction to Cartography | 4 |
| GEOG/ENVIR ST/ F&W ECOL/ G L E/GEOSCI/ LAND ARC 372 | Intermediate Environmental Remote Sensing | 3 |
| GEOG/CIV ENGR/ ENVIR ST 377 | An Introduction to Geographic Information Systems | 4 |
| GEOG 378 | Introduction to Geocomputing | 4 |
| GEOG 560 | Advanced Quantitative Methods | 3 |
| GEOG 577 | Environmental Modeling with GIS | 3 |
| GEOG 578 | GIS Applications | 4 |
| GEOG 579 | GIS and Spatial Analysis | 4 |
| GEOSCI/CIV ENGR/ ENVIR ST/G L E 444 | Practical Applications of GPS Surveying | 2 |
| SOIL SCI/ENVIR ST/ LAND ARC 695 | Applications of Geographic Information Systems in Natural Resources | 3 |

### Environmental Policy & Social Perspectives

| Code | Title | Credits |
|---|---|---|
| A A E/ENVIR ST 244 | The Environment and the Global Economy | 4 |
| A A E 246 | Climate Change Economics and Policy | 3 |
| A A E/ECON/ ENVIR ST 343 | Environmental Economics | 3-4 |
| C&E SOC/F&W ECOL/ SOC 248 | Environment, Natural Resources, and Society | 3 |
| C&E SOC/ENVIR ST/ GEOG 434 | People, Wildlife and Landscapes | 3 |
| C&E SOC/ENVIR ST/ SOC 540 | Sociology of International Development, Environment, and Sustainability | 3 |
| C&E SOC/SOC 541 | Environmental Stewardship and Social Justice | 3 |
| ENVIR ST 349 | Climate Change Governance | 3 |
| ENVIR ST/ M&ENVTOX/ PL PATH 368 | Environmental Law, Toxic Substances, and Conservation | 2 |
| ENVIR ST/GEOG 439 | US Environmental Policy and Regulation | 3-4 |
| ENVIR ST/ PHILOS 441 | Environmental Ethics | 3-4 |
| ENVIR ST/HIST SCI/ MED HIST 513 | Environment and Health in Global Perspective | 3 |
| F&W ECOL 375 | Special Topics (Forest & Climate Change Policy) | 1-4 |
| GEOG/URB R PL 305 | Introduction to the City | 3-4 |

| | | |
|---|---|---|
| GEOG/ENVIR ST 339 | Environmental Conservation | 4 |
| GEOG/ENVIR ST/ HISTORY 460 | American Environmental History | 4 |
| GEOG/ENVIR ST 537 | Culture and Environment | 4 |
| GEOSCI/ ENVIR ST 410 | Minerals as a Public Problem | 3 |
| GEOSCI/ ENVIR ST 411 | Energy Resources | 3 |
| HISTORY/ENVIR ST/ GEOG 469 | The Making of the American Landscape | 4 |
| POLI SCI 510 | Politics of Government Regulation | 3-4 |
| URB R PL/ECON/ ENVIR ST/ POLI SCI 449 | Government and Natural Resources | 3-4 |

[1] Students may consult their environmental sciences advisor regarding alternate ways to complete the major electives requirement.

## CAPSTONE [2]

| Code | Title | Credits |
|---|---|---|
| AGRONOMY 500 | Senior Capstone Experience | 2 |
| BOTANY/ENVIR ST/ F&W ECOL/ ZOOLOGY 651 | Conservation Biology | 3 |
| CIV ENGR 515 | Hydroclimatology for Water Resources Management | 3 |
| ENVIR ST/ SOIL SCI 575 | Assessment of Environmental Impact | 3 |
| F&W ECOL 577 | Complexity and Conservation of White-tailed Deer | 3 |
| F&W ECOL 590 | Integrated Resource Management | 3 |
| F&W ECOL 599 | Wildlife Research Capstone | 3 |
| F&W ECOL/A A E/ ENVIR ST 652 | Decision Methods for Natural Resource Managers | 3-4 |
| LAND ARC 611 | Senior Capstone in Landscape Architecture | 4 |
| LAND ARC 668 | Restoration Ecology | 3 |
| PL PATH 315 | Plant Microbiomes | 4 |
| SOIL SCI 499 | Soil Management | 3 |

[2] Students may speak with their environmental science advisor about alternatives (e.g., courses, directed study, senior thesis) to complete the capstone. To be approved, the alternative must be taken for a minimum of 3 credits, clearly focused on environmental science, and approved by the Environmental Sciences Administrative Committee. Students must consult with their environmental sciences advisor and fill out all necessary paperwork before registering.

## RESIDENCE & QUALITY OF WORK

- 2.000 GPA in all major courses
- 2.000 GPA and 15 credits of upper level major courses taken in residence [3]
- 15 credits in the major taken on the UW–Madison campus

[3] Major courses numbered 300 through 699 are considered upper level.

# HONORS IN THE MAJOR

Honors in the Major is not available in Environmental Sciences.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Demonstrate understanding of Environmental Science fundamentals in the context of biology, chemistry, mathematics, statistics, and physics.
2. Demonstrate a quantitative and qualitative understanding of the ecological relationships (material and energetic) between organisms, both as individuals and in groups, and their biotic and abiotic environment. This may include processes influencing the distribution and abundance of organisms.
3. Demonstrate a quantitative and qualitative understanding of the physical, largely abiotic, conditions (e.g. climate, water, soil, air, noise, greenspace, etc.) of the environment. The physical environment can include natural or managed settings such as urban environments.
4. Demonstrate a quantitative and qualitative understanding of geospatial processes and information as it relates to the environment including how to collect, interpret, and analyze geospatial information regarding the features of the Earth's surface. These technologies may include geographic information systems (GIS), the global positioning system (GPS), digital maps, and satellite based remote sensing.
5. Demonstrate a basic understanding of relationships that focus on the organization and implementation of laws, regulations, and other policy mechanisms concerning environmental issues and sustainability and their effect on society. This includes how human behaviors influences, and are also influenced by, the natural environment.
6. Apply skills in critical thinking, problem identification and resolution of a complex environmental issues that require interdisciplinary solutions and team-based work.
7. Articulate the role of environmental science in one or more focused areas of a specific environmental discipline (e.g. geology, soils, atmosphere, water, plants, animals).

8. Demonstrate expertise in organizing and presenting (written and oral) scientific information to both lay and professional audiences.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 103 or 109 | 4 | CHEM 104 | 5 |
| MATH 114 or 171 | 5 | MATH 221 or 217 | 5 |
| Foreign Language | 4 | Environmental Sciences Foundation Course | 3 |
| Comm A | 3 | Foreign Language | 4 |
| | 16 | | 17 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| BIOLOGY/BOTANY/ ZOOLOGY 151 or BOTANY 130 | 5 | BIOLOGY/ZOOLOGY 101 & BIOLOGY/ ZOOLOGY 102 (or BIOLOGY 152) | 5 |
| CHEM 341, 343, or 561 | 3 | STAT 371 | 3 |
| Social Science Course | 3 | Humanities/Ethnic Studies Course | 4 |
| Literature Course | 3 | Elective | 3 |
| INTER-LS 210 | 1 | | |
| | 15 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 207, 201, or 103 | 5 | PHYSICS 208, 202, or 104 | 5 |
| Major Core Course | 3 | Major Core Course | 3 |
| Major Core Course | 3 | Major Core Course | 4 |
| Social Science Course | 3 | Literature Course | 3 |
| | 14 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Environmental Sciences Major Elective Course | 3 | Environmental Sciences Major Elective Course | 3 |
| Environmental Sciences Major Elective Course | 3 | Social Science Course | 3 |
| Capstone | 3 | Environmental Sciences Major Elective Course | 4 |
| Elective | 3 | Humanities Course | 3 |
| Social Science Course | 3 | | |
| | 15 | | 13 |

Total Credits 120

## ADVISING AND CAREERS

### ADVISING

Students wishing to declare the environmental sciences major should meet with an academic advisor. Contact information for advisors can be found here (http://envirosci.wisc.edu/advising).

CALS undergraduate students interested in pursuing the environmental sciences major in the College of Agricultural and Life Sciences should contact Kathryn Jones, kjones26@wisc.edu or 608-807-7391.

L&S undergraduate students interested in pursuing the environmental sciences major in the College of Letters & Science should contact Eric Schueffner, elschueffner@wisc.edu or 608-890-3231.

### CAREERS

A major in environmental sciences serves as excellent preparation for careers of great diversity, including environmental modeling, agricultural scientist, botanist, ecologist, forest ranger, oceanographer, agricultural technician, engineering technician, forester, air and water quality manager, environmental analyst, park ranger, air pollution analyst, environmental consultant, environmental educator, geologist, project manager, environmental engineer, geophysicist, biologist, hazardous waste manager, hydrologist, environmental lawyer, chemical technician, soil conservation technician, chemist, management consultant, teacher, meteorologist, urban and regional planner, civil engineer, environmental planner, microbiologist/wastewater plant operator, natural resource specialist, wildlife manager, conservationist, or zoologist. For more info about careers, please visit our website (http://envirosci.wisc.edu/careers-internships).

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

### EXECUTIVE COMMITTEE

Balster, Nick, Associate Professor, Department of Soil Science
Martin, Jonathan, Professor, Department of Atmospheric and Oceanic Sciences
Thompson, Anita, Professor, Department of Biological Systems Engineering

### PROGRAM COMMITTEE

Bertram, Timothy, Associate Professor, Department of Chemistry
Grainger, Corbett, Assistant Professor Department of Agricultural and Applied Economics
Harrington, John, Professor, Department of Landscape Architecture
Holloway, Tracey, Professor, Nelson Institute for Environmental Studies
Hotchkiss, Sara, Professor, Department of Botany
Kanarek, Marty, Professor, Department of Population Health Sciences
Schauer, James, Professor, Department of Civil and Environmental Engineering
Stoltenberg, David, Professor, Department of Agronomy

# BIOLOGY CORE CURRICULUM

## DEGREES/MAJORS/CERTIFICATES

- Biology Core Curriculum Honors, Certificate (p. 521)

# BIOLOGY CORE CURRICULUM HONORS, CERTIFICATE

Biology Core Curriculum (Biocore (http://www.biocore.wisc.edu)) is an undergraduate Honors biology certificate program for students who are motivated to learn biology within a small community of students, peer mentors, and faculty instructors. The four-semester curriculum of lecture and laboratory courses provides an integrated foundation of knowledge and skills applicable to any area of bioscience.

Biocore is not a major but fulfills requirements (introductory to intermediate coursework, Honors, and Communication Part B) for a variety of biological science majors including those in the College of Agricultural and Life Sciences, College of Letters & Science, College of Engineering, and School of Pharmacy. See the Biocore website and video (http://www.biocore.wisc.edu/about) to learn more.

Unique aspects of Biocore include:

- Small classes and high faculty/instructor contact
- Emphasis on research, problem solving, science reasoning, group learning, and communication
- Collaborative community of students and faculty
- Peer mentoring, outreach, and directed study opportunities
- Biocore Honors certificate.[1]

[1] *Biology Core Curriculum Honors certificate* is available to students within the College of Agricultural and Life Sciences, the College of Engineering, the School of Human Ecology, the College of Letters & Science, and the School of Pharmacy. Students in the School of Business, the School of Education, and the School of Nursing are welcome to benefit from enrollment in the Biocore courses, but they are ineligible to earn the certificate. Students earn Honors course credit for each Biocore course and are eligible to earn a certificate upon completion of all four lecture courses and two of three lab courses with a grade of B or higher in all BIOCORE (http://guide.wisc.edu/courses/biocore) courses and a 3.33 cumulative GPA.

## HOW TO GET IN

Biocore is an application-based Honors program that starts in the fall. While any UW–Madison who is admitted to Biocore can take courses and complete the program, only students in the College of Agricultural and Life Sciences, the College of Engineering, the School of Human Ecology, the College of Letters & Science, and the School of Pharmacy will be eligible to have the certificate noted on their transcript.

Application options:

1. Regular: For all students who have have completed the prerequisites and would like to begin Biocore sophomore year. Applications are available through the Biocore website (http://www.biocore.wisc.edu/bioadmissions). Regular application deadline is in early March prior to April registration; however, Biocore continues to accept applications right up to the start of classes (space permitting). Most students apply during the spring of freshman year and begin fall of sophomore year.

2. Freshman: for a small cohort (~10) of well-prepared students who meet the requirements and would like to begin Biocore at the start of their freshman year (see website (http://www.biocore.wisc.edu/bio_admissions_freshman)).

### PREREQUISITES

Please inquire about course equivalents.

| Code | Title | Credits |
|---|---|---|
| **Math** | | |
| Select one of the following: | | 5 |
| MATH 217 | Calculus with Algebra and Trigonometry II | |
| MATH 221 | Calculus and Analytic Geometry 1 | |
| **Introductory Chemistry** | | |
| Select one of the following: | | 5 |
| CHEM 104 | General Chemistry II | |
| CHEM 109 | Advanced General Chemistry | |
| CHEM 115 | Chemical Principles I | |
| Total Credits | | 10 |

[1] Organic chemistry (CHEM 341 or CHEM 343) is not a prerequisite for the BIOCORE program; however, organic chemistry is a prerequisite for BIOCORE 383.

## REQUIREMENTS

# REQUIREMENTS

| Code | Title | Credits |
|---|---|---|
| **Complete the following lecture courses (in sequence):** [1] | | |
| BIOCORE 381 | Evolution, Ecology, and Genetics | 3 |
| BIOCORE 383 | Cellular Biology | 3 |
| BIOCORE 485 | Principles of Physiology | 3 |
| BIOCORE 587 | Biological Interactions | 3 |
| **Complete two of the following lab courses (in any order):** | | 4 |
| BIOCORE 382 | Evolution, Ecology, and Genetics Laboratory | |
| BIOCORE 384 | Cellular Biology Laboratory | |
| BIOCORE 486 | Principles of Physiology Laboratory | |
| Total Credits | | 16 |

# RESIDENCE & QUALITY OF WORK

- Minimum 3.3000 University GPA
- Grade of B or better in all BIOCORE and courses used for the certificate

[1] All BIOCORE courses are Honors credit.

# CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. Demonstrate a learning mindset and intellectual curiosity for biology.
2. Demonstrate advanced level scientific reasoning and integration of biological concepts and processes – from molecules to the biosphere, across different forms of life, through space and time.
3. Generate novel scientific questions, formulate hypotheses, carry out experiments, and make logical conclusions based on evidence.
4. Demonstrate advanced scientific communication skills, oral and written, and the ability to translate their understanding to the broader community.
5. Actively engage in and practice group learning, collaboration, and teamwork.
6. Reach for and achieve high standards in the quality of learning.
7. Articulate the value of their Biocore Honors experience.

## ADVISING AND CAREERS

Some majors require students to complete the whole program, but others do not. **Check on your major requirements and with an academic advisor in your major.** Look on the Biocore website (https://biocore.wisc.edu) for how Biocore fits into many different bioscience majors. Students who plan to study abroad during their junior year can plan to start Biocore as sophomores and complete coursework as seniors.

For general academic and advising questions in Biocore, contact: Janet Batzli, Biocore associate director, jcbatzli@wisc.edu.

For questions about the student experience in Biocore, contact: Biocore peer advisors, uwbiocore.peeradvisors@gmail.com.

## PEOPLE

Jeff Hardin (director)

Janet Batzli (associate director)

Michelle Harris (faculty associate)

Seth McGee (lab manager)

Carol Borcherding (program manager)

Biocore faculty instructors come from departments and colleges across campus (College of Letters & Science, College of Agriculture and Life Sciences, School of Medicine and Public Health, College of Engineering) and bring with them different perspectives and disciplinary expertise on a whole range of topics and scales of biological organization from molecules to ecosystems. The curriculum permits students to attain a relatively high level of sophistication with complete flexibility of choice for subsequent major specialization.

**Affiliated Faculty Instructors**

Elaine Alarid (Oncology, SMPH)

Bill Bement (Zoology, L&S)

Paul Bethke (Horticulture, CALS)

Erik Dent (Neuroscience, SMPH)

Irwin Goldman (Horticulture, CALS)

Anne Griep (Cell and Regenerative Biology, SMPH)

Jeff Hardin (Zoology, L&S)

Evelyn Howell (Landscape Architecture, CALS)

Stephen Johnson (Comparative Biosciences, VetMed)

Trina McMahon (Civil and Environmental Engineering, Engr)

Amy Moser (Oncology, SMPH)

Shelby O'Connor (Pathology, SMPH)

Biocore Committee: Jeff Hardin (director), Janet Batzli (associate director), Michelle Harris, Evelyn Howell, Amy Moser, Shelby O'Connor

## WISCONSIN EXPERIENCE

The Biocore Experience is aligned with the Wisconsin Experience, supporting students' development of knowledge, intellectual skills, and social responsibilities.

Biocore is an Honors biology program, a *community,* and a *curriculum* that challenges students to discover and reach their academic potential within a supportive biology education program. The Biocore Honors community of highly motivated students works with dedicated faculty

to extend opportunities for scientific research, communication, integrative learning, and collaboration in the context of a four-semester undergraduate biology curriculum.

**Students say:**

"Biocore has helped me **think about science in a completely different way**."

"I have never been so challenged, nor so **excited about learning**, as during my time in Biocore."

"Biocore taught me how to **think critically and how to question**. I learned to be part of a team and made some great friendships. "

"Taking Biocore made other **advanced courses in biology/biochemistry/genetics so much easier** because I gained such solid background knowledge."

"Biocore has been my most valuable academic experience yet. It has helped me develop my **scientific writing skills, ability to problem solve as a member of a team, and to think like a scientist**."

"The **great staff and teaching teams** are excellent -- they **really care** and invest a huge amount of time to benefit our learning."

See Biocore Experience video (http://www.biocore.wisc.edu/about) and alumni profiles (http://www.biocore.wisc.edu/alumni).

The Biocore curriculum provides an Honors experience in introductory to intermediate level integrated biology. Students experience small class sizes and a high instructor/student ratio all within a learning community of highly motivated and dedicated Honors students, faculty, staff, and peers. Biocore courses emphasize problem-solving, critical thinking, research, scientific writing, group learning, and the process of science. In this collaborative and supportive learning community, students are also able to engage in peer mentoring (http://www.biocore.wisc.edu/peer_mentors), in directed study opportunities, in the Biocore Prairie (http://www.biocore.wisc.edu/prairie), and in K–12 outreach through the Biocore Outreach Ambassadors (http://www.biocore.wisc.edu/outreach).

# BOTANY

The Department of Botany provides an introduction to the living world: the diversity of its organisms; its historical origins through evolution; its principles of structure, function, and ecology; and its interactions, relationships, and effects on the nonliving world. Botany is the science of plants, algae, fungi, and bacteria—all living organisms except animals. Green plants and algae provide the photosynthetic energy for fueling all other life on earth and drive global water and carbon cycles. Fungi and bacteria are the fundamental recyclers of the earth.

The study of botany provides a broad background in the principles of modern biology and gives a solid foundation for careers in environmental studies, conservation biology, ecology, systematics, evolution, genetics, physiology, biotechnology, agriculture, and horticulture. Jobs requiring such preparation include teaching in secondary schools and colleges, research and development in industry and medicine, stewardship of our natural world through private and governmental programs, and research and teaching in academia.

Undergraduates interested in majoring in botany should take an introductory course or course sequence in their freshmen or sophomore years:

| Code | Title | Credits |
|---|---|---|
| **Option A (strongly recommended)** | | |
| BOTANY/ BIOLOGY 130 | General Botany | 5 |
| With or without the following: | | |
| ZOOLOGY/ BIOLOGY 101 & ZOOLOGY/ BIOLOGY 102 | Animal Biology and Animal Biology Laboratory | 5 |
| **Option B (also appropriate)** | | |
| BIOLOGY/BOTANY/ ZOOLOGY 151 | Introductory Biology | 5 |
| BIOLOGY/BOTANY/ ZOOLOGY 152 | Introductory Biology | 5 |
| **Option C (also appropriate)** | | |
| Biology Core Curriculum | | |

The general undergraduate botany advisor will help guide students to a botany faculty member in their field of interest, who should be chosen as soon as possible—no later than the junior year. All botany faculty members serve as advisors for their special fields.

The department encourages undergraduates to participate in its activities. Volunteers are welcome in the herbarium and greenhouses. There are a few paid positions there and in many of the research laboratories as well.

## DEGREES/MAJORS/CERTIFICATES

- Botany, B.A. (p. 523)
- Botany, B.S. (p. 528)
- Conservation Biology, B.A. (p. 532)
- Conservation Biology, B.S. (p. 538)

## PEOPLE

Professors Ane, Baum, Cameron (chair), Emshwiller, Fernandez, Gilroy, Givnish, Graham, Hotchkiss, Larget, Otegui, Spalding, Sytsma, Waller

Associate Professor Pringle

Assistant Professors Keefover-Ring, Maeda, McCulloh

Majors will eventually choose from the faculty a Senior Thesis advisor, who then will be the student's undergraduate advisor. Prospective majors should contact the general advisors directly.

# BOTANY, B.A.

The Department of Botany provides an introduction to the living world: the diversity of its organisms; its historical origins through evolution; its principles of structure, function, and ecology; and its interactions, relationships, and effects on the nonliving world. Botany is the science of plants, algae, fungi, and bacteria—all living organisms except animals.

Green plants and algae provide the photosynthetic energy for fueling all other life on earth and drive global water and carbon cycles. Fungi and bacteria are the fundamental recyclers of the earth.

The study of botany provides a broad background in the principles of modern biology and gives a solid foundation for careers in environmental studies, conservation biology, ecology, systematics, evolution, genetics, physiology, biotechnology, agriculture, and horticulture. Jobs requiring such preparation include teaching in secondary schools and colleges, research and development in industry and medicine, stewardship of our natural world through private and governmental programs, and research and teaching in academia.

## HOW TO GET IN

Prospective Botany majors should consult with the general undergraduate botany advisor by the beginning of the junior year to outline a course of study appropriate to the student's needs. Major Declaration may occur by meeting with the undergraduate advisor in the major.

To be accepted as a major in Botany, a student must have a grade point average of 2.500 for all science courses taken prior to declaration.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## MATH, CHEMISTRY, AND PHYSICS

| Code | Title | Credits |
|---|---|---|
| **Statistics/Mathematics (One course from the following):** [1] | | 3 |
| STAT 301 | Introduction to Statistical Methods | |
| STAT 302 | Accelerated Introduction to Statistical Methods | |
| STAT 324 | Introductory Applied Statistics for Engineers | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| **General Chemistry (One of the following):** [2] | | 5-9 |
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | |
| CHEM 115 & CHEM 116 | Chemical Principles I and Chemical Principles II | |
| CHEM 109 | Advanced General Chemistry | |
| **Organic Chemistry** [3] | | 3 |
| CHEM 341 | Elementary Organic Chemistry | |
| or CHEM 343 | Introductory Organic Chemistry | |
| **Physics (One course from the following):** [4] | | 3-5 |
| PHYSICS 115 | Energy (preferred) | |
| PHYSICS 103 | General Physics | |
| PHYSICS 104 | General Physics | |
| PHYSICS 201 | General Physics | |
| PHYSICS 202 | General Physics | |
| PHYSICS 207 | General Physics | |
| PHYSICS 208 | General Physics | |
| PHYSICS 247 | A Modern Introduction to Physics | |
| PHYSICS 248 | A Modern Introduction to Physics | |
| PHYSICS 249 | A Modern Introduction to Physics | |
| Total Credits | | 14-20 |

1 STAT 371, MATH 211 or MATH 221 are strongly recommended for students preparing for graduate school, as these usually are required for entry into post-undergraduate programs.

2 CHEM 109 is the best option for chemistry if only one course is to be taken. However, for students who are preparing for graduate school, and depending on their post graduate goals (CHEM 103-CHEM 104 OR CHEM 115-CHEM 116) is strongly recommended as some graduate programs may require a sequence of organic chemistry courses.

3 CHEM 341 is the best option for organic chemistry if only one course is to be taken. However, for students who are preparing for graduate school, the three-course organic chemistry sequence (CHEM 343-CHEM 344-CHEM 345) is strongly recommended instead of CHEM 341, as some graduate programs may require a sequence of organic chemistry courses.

4 PHYSICS 115 is the best choice if one course is to be taken. It is recommended that two semesters of PHYSICS be taken (PHYSICS 103-PHYSICS 104 or PHYSICS 201-PHYSICS 202 or PHYSICS 207-PHYSICS 208).

## BIOLOGY AND BOTANY REQUIREMENTS

30 credits from:

| Code | Title | Credits |
|---|---|---|
| **Introductory Biology (Complete one option):** | | 5-10 |
| *Option A, Recommended* | | |
| BOTANY/ BIOLOGY 130 | General Botany [1] | |
| *Option B: Introductory Biology* | | |
| BOTANY/ BIOLOGY/ ZOOLOGY 151 | Introductory Biology | |
| BOTANY/ BIOLOGY/ ZOOLOGY 152 | Introductory Biology | |
| *Option C: BIOCORE* | | |
| BIOCORE 381 | Evolution, Ecology, and Genetics | |
| BIOCORE 382 | Evolution, Ecology, and Genetics Laboratory | |
| BIOCORE 383 | Cellular Biology | |
| BIOCORE 384 | Cellular Biology Laboratory | |
| BIOCORE 485 | Principles of Physiology | |

| Code | Title | Credits |
|---|---|---|
| **Botany Distribution - Five courses, to include at least one course in these areas:** | | 15 |
| *Cell, Molecular, Physiology (1 course required):* | | |
| BOTANY 300 | Plant Anatomy | |
| or BOTANY 500 | Plant Physiology | |
| *Ecology (1 course required):* | | |
| BOTANY/ F&W ECOL 455 | The Vegetation of Wisconsin | |
| or BOTANY/ F&W ECOL/ ZOOLOGY 460 | General Ecology | |
| *Genetics, Evolution (1 course required):* [2] | | |
| BOTANY/ ANTHRO/ ZOOLOGY 410 | Evolutionary Biology | |
| AGRONOMY/ HORT 338 | Plant Breeding and Biotechnology | |
| GENETICS 466 | Principles of Genetics [2] | |
| GENETICS 467 | General Genetics 1 | |
| GENETICS 468 | General Genetics 2 | |
| *Diversity* | | |
| BOTANY 305 | Plant Morphology and Evolution | |
| BOTANY 330 | Algae | |
| BOTANY/ PL PATH 332 | Fungi | |
| BOTANY 400 | Plant Systematics | |
| BOTANY 401 | Vascular Flora of Wisconsin | |
| *Optionally, 1 of the 5 required courses may come from this list, or students may take a second course from any area listed above:* | | |
| BOTANY/ GEOG 338 | Environmental Biogeography | |

| | |
|---|---|
| BOTANY/ AGRONOMY/ HORT 339 | Plant Biotechnology: Principles and Techniques I |
| BOTANY/ AGRONOMY/ SOIL SCI 370 | Grassland Ecology |
| BOTANY/ F&W ECOL 402 | Dendrology |
| BOTANY 403 | Field Collections and Identification |
| BOTANY 422 | Plant Geography |
| BOTANY/ ZOOLOGY 450 | Midwestern Ecological Issues: A Case Study Approach |
| BOTANY/ENTOM/ ZOOLOGY 473 | Plant-Insect Interactions |
| BOTANY/ AMER IND/ ANTHRO 474 | Ethnobotany |
| BOTANY/ENTOM/ PL PATH 505 | Plant-Microbe Interactions: Molecular and Ecological Aspects |
| BOTANY 563 | Phylogenetic Analysis of Molecular Data |
| BOTANY/ BIOCHEM 621 | Plant Biochemistry |
| BOTANY/ ENVIR ST/ F&W ECOL/ ZOOLOGY 651 | Conservation Biology |
| BIOCHEM 501 | Introduction to Biochemistry |
| BIOCORE 486 | Principles of Physiology Laboratory |
| BIOCORE 587 | Biological Interactions |
| F&W ECOL 415 | Tree Physiology |
| MICROBIO 303 | Biology of Microorganisms |
| ZOOLOGY 570 | Cell Biology |

| Code | Title | Credits |
|---|---|---|
| **Independent Research Experience—choose one:** [3] | | 3-6 |
| BOTANY 691 & BOTANY 692 | Senior Thesis and Senior Thesis | 4 |
| BOTANY 681 & BOTANY 682 | Senior Honors Thesis and Senior Honors Thesis | 6 |
| BOTANY 699 | Directed Study | 3-4 |

1 In addition to BOTANY/BIOLOGY 130, ZOOLOGY/BIOLOGY 101 and/or ZOOLOGY/BIOLOGY 102 will count towards 30 credits of Botany major.

2 Completion of the BIOCORE sequence also satisfies the Genetics, Evolution area (BIOCORE 381 & BIOCORE 382 & BIOCORE 383 & BIOCORE 384 & BIOCORE 485).

3 Students nearing completion of the major should seek out research opportunities with their advisor or faculty supervisor, and register for their project at the end of the junior year.

## RESIDENCE AND QUALITY OF WORK

2.000 GPA in all BOTANY and major courses

2.000 GPA on 15 upper-level major credits, taken in residence [1]

15 credits in BOTANY, taken on the UW–Madison campus

1 BOTANY 300–699 are considered upper level.

# HONORS IN THE MAJOR

Students may declare Honors in the Botany Major in consultation with the Botany undergraduate advisor.

## HONORS IN THE MAJOR IN BOTANY: REQUIREMENTS

To earn Honors in the Major in Botany, students must satisfy the requirements for the major (above) and the following additional requirements:

3.300 University GPA

3.400 GPA in all BOTANY and major courses

Complete a Senior Honors Thesis in BOTANY 681 & BOTANY 682, for a total of 6 credits

12 additional credits in Intermediate/Advanced level BOTANY, taken for Honors[1]

1 Excluding BOTANY 681 and BOTANY 682.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Acquire and demonstrate foundational understanding of the basic properties of plant life from the subcellular to the ecosystem level of organization.
2. Acquire and demonstrate basic understanding in chemistry, physics, and mathematics to interpret biological phenomena.
3. Acquire and demonstrate detailed knowledge in at least five of these core areas of plant biology: Genetics, Physiology, Structural biology, Ecology, Systematics, Evolution, Cryptogamic biology.
4. Explore these core areas in the context of the laboratory and/or the field.
5. Engage in plant biology research (to include algae, photosynthetic bacteria, and fungi): develop hypotheses, acquire scientific

information, and interpret results in the context of the historical scientific literature in one or more specialized botanical subdisciplines.

6. Develop an appreciation of communicating scientific information, especially in written form.

## FOUR-YEAR PLAN

The Sample Four-Year Plan is a tool to assist you and your advisor(s). Use it along with your DARS report and the Course Guide. You will make your own Four-Year Plan based on your placement scores, incoming credits, and individual interests. As you become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, you might adjust the order of your courses to make room for these experiences. You will likely revise your four-year plan several times during college.

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 103 or 109[1] | 4-5 | CHEM 104 | 5 |
| MATH 221 or 211 | 5 | STAT 301 or 371 | 3 |
| Foreign Language | 3-4 | Communications B or L&S Breadth | 3 |
| Communications A (complete during your first year) | 3 | Elective or L&S Breadth | 3 |
| | 15 | | 14 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 343[2] | 3 | CHEM 344 | 2 |
| Introductory Biology (select one of the following options): | 5 | CHEM 345[2] | 3 |
| BOTANY/ BIOLOGY 130 | | Ethnic Studies | 3 |
| BIOLOGY/BOTANY/ ZOOLOGY 151 | | Introductory Biology | 5 |
| BIOCORE 381 & BIOCORE 382 | | BIOLOGY/BOTANY/ ZOOLOGY 152 | |
| L&S Breadth | 3-5 | BIOCORE 383 & BIOCORE 384 | |
| Elective | 3 | BIOLOGY/ ZOOLOGY 101 & BIOLOGY/ ZOOLOGY 102 | |
| | | Elective | 3 |
| | 14 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 115, 103, 201, or 207 | 5 | PHYSICS 104, 202, or 208[2] | 4 |
| BIOCORE 485 & BIOCORE 486 | 5 | Botany Breadth (I/A) Course(s) or L&S Breadth Course(s) or Elective(s) | 12 |
| Botany Breadth course (I/A) | 3-6 | | |
| Botany Breadth (I/A) Course(s) or L&S Breadth Course(s) or Elective(s) | 3 | | |
| | 17 | | 16 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| BOTANY 691, 681, or 699 (Botany Major Capstone) | 2-3 | BOTANY 692 or 682 (Botany Capstone) | 3 |
| Botany Breadth (I/A) Course(s) or L&S Breadth Course(s) or Elective(s) | 11 | Botany Breadth (I/A) Course(s) or L&S Breadth Course(s) or Elective(s) | 11 |
| | 14 | | 14 |

Total Credits 120

1 Chemistry sequence 103-104 recommended

2 Organic Chemistry full sequence 343-344-345 recommended

## ADVISING AND CAREERS

# ADVISING

The Department of Botany encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks in the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)

## PEOPLE

Professors Ane, Baum, Cameron (chair), Emshwiller, Fernandez, Gilroy, Givnish, Graham, Hotchkiss, Larget, Otegui, Spalding, Sytsma, Waller

Associate Professor Pringle

Assistant Professors Keefover-Ring, Maeda, McCulloh

Majors will eventually choose from the faculty a Senior Thesis advisor, who then will be the student's undergraduate advisor. Prospective majors should contact the general advisors directly.

# BOTANY, B.S.

The Department of Botany provides an introduction to the living world: the diversity of its organisms; its historical origins through evolution; its principles of structure, function, and ecology; and its interactions, relationships, and effects on the nonliving world. Botany is the science of plants, algae, fungi, and bacteria—all living organisms except animals. Green plants and algae provide the photosynthetic energy for fueling all other life on earth and drive global water and carbon cycles. Fungi and bacteria are the fundamental recyclers of the earth.

The study of botany provides a broad background in the principles of modern biology and gives a solid foundation for careers in environmental studies, conservation biology, ecology, systematics, evolution, genetics, physiology, biotechnology, agriculture, and horticulture. Jobs requiring such preparation include teaching in secondary schools and colleges, research and development in industry and medicine, stewardship of our natural world through private and governmental programs, and research and teaching in academia.

## HOW TO GET IN

Prospective Botany majors should consult with the general undergraduate botany advisor by the beginning of the junior year to outline a course of study appropriate to the student's needs. Major Declaration may occur by meeting with the undergraduate advisor in the major.

To be accepted as a major in Botany, a student must have a grade point average of 2.500 for all science courses taken prior to declaration.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B *<br><br>* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements. |

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## MATH, CHEMISTRY, AND PHYSICS

| Code | Title | Credits |
|---|---|---|
| **Statistics/Mathematics (One course from the following):** [1] | | 3 |
| STAT 301 | Introduction to Statistical Methods | |
| STAT 302 | Accelerated Introduction to Statistical Methods | |
| STAT 324 | Introductory Applied Statistics for Engineers | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| **General Chemistry (One of the following):** [2] | | 5-9 |
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | |
| CHEM 115 & CHEM 116 | Chemical Principles I and Chemical Principles II | |
| CHEM 109 | Advanced General Chemistry | |
| **Organic Chemistry** [3] | | 3 |
| CHEM 341 | Elementary Organic Chemistry | |
| or CHEM 343 | Introductory Organic Chemistry | |
| **Physics (One course from the following):** [4] | | 3-5 |
| PHYSICS 115 | Energy (preferred) | |
| PHYSICS 103 | General Physics | |
| PHYSICS 104 | General Physics | |
| PHYSICS 201 | General Physics | |
| PHYSICS 202 | General Physics | |
| PHYSICS 207 | General Physics | |
| PHYSICS 208 | General Physics | |
| PHYSICS 247 | A Modern Introduction to Physics | |
| PHYSICS 248 | A Modern Introduction to Physics | |
| PHYSICS 249 | A Modern Introduction to Physics | |
| Total Credits | | 14-20 |

1 STAT 371, MATH 211 or MATH 221 are strongly recommended for students preparing for graduate school, as these usually are required for entry into post-undergraduate programs.

2 CHEM 109 is the best option for chemistry if only one course is to be taken. However, for students who are preparing for graduate school, and depending on their post graduate goals (CHEM 103-CHEM 104 OR CHEM 115-CHEM 116) is strongly recommended as some graduate programs may require a sequence of organic chemistry courses.

3 CHEM 341 is the best option for organic chemistry if only one course is to be taken. However, for students who are preparing for graduate school, the three-course organic chemistry sequence (CHEM 343-CHEM 344-CHEM 345) is strongly recommended instead of CHEM 341, as some graduate programs may require a sequence of organic chemistry courses.

4 PHYSICS 115 is the best choice if one course is to be taken. It is recommended that two semesters of PHYSICS be taken (PHYSICS 103-PHYSICS 104 or PHYSICS 201-PHYSICS 202 or PHYSICS 207-PHYSICS 208).

## BIOLOGY AND BOTANY REQUIREMENTS

30 credits from:

| Code | Title | Credits |
|---|---|---|
| **Introductory Biology (Complete one option):** | | 5-10 |
| *Option A, Recommended* | | |
| BOTANY/ BIOLOGY 130 | General Botany [1] | |
| *Option B: Introductory Biology* | | |
| BOTANY/ BIOLOGY/ ZOOLOGY 151 | Introductory Biology | |
| BOTANY/ BIOLOGY/ ZOOLOGY 152 | Introductory Biology | |
| *Option C: BIOCORE* | | |
| BIOCORE 381 | Evolution, Ecology, and Genetics | |
| BIOCORE 382 | Evolution, Ecology, and Genetics Laboratory | |
| BIOCORE 383 | Cellular Biology | |
| BIOCORE 384 | Cellular Biology Laboratory | |
| BIOCORE 485 | Principles of Physiology | |

| Code | Title | Credits |
|---|---|---|
| **Botany Distribution - Five courses, to include at least one course in these areas:** | | 15 |
| *Cell, Molecular, Physiology (1 course required):* | | |
| BOTANY 300 | Plant Anatomy | |
| or BOTANY 500 | Plant Physiology | |
| *Ecology (1 course required):* | | |
| BOTANY/ F&W ECOL 455 | The Vegetation of Wisconsin | |
| or BOTANY/ F&W ECOL/ ZOOLOGY 460 | General Ecology | |
| *Genetics, Evolution (1 course required):* [2] | | |
| BOTANY/ ANTHRO/ ZOOLOGY 410 | Evolutionary Biology | |
| AGRONOMY/ HORT 338 | Plant Breeding and Biotechnology | |
| GENETICS 466 | Principles of Genetics [2] | |
| GENETICS 467 | General Genetics 1 | |
| GENETICS 468 | General Genetics 2 | |

| | |
|---|---|
| *Diversity* | |
| BOTANY 305 | Plant Morphology and Evolution |
| BOTANY 330 | Algae |
| BOTANY/ PL PATH 332 | Fungi |
| BOTANY 400 | Plant Systematics |
| BOTANY 401 | Vascular Flora of Wisconsin |
| *Optionally, 1 of the 5 required courses may come from this list, or students may take a second course from any area listed above:* | |
| BOTANY/ GEOG 338 | Environmental Biogeography |
| BOTANY/ AGRONOMY/ HORT 339 | Plant Biotechnology: Principles and Techniques I |
| BOTANY/ AGRONOMY/ SOIL SCI 370 | Grassland Ecology |
| BOTANY/ F&W ECOL 402 | Dendrology |
| BOTANY 403 | Field Collections and Identification |
| BOTANY 422 | Plant Geography |
| BOTANY/ ZOOLOGY 450 | Midwestern Ecological Issues: A Case Study Approach |
| BOTANY/ENTOM/ ZOOLOGY 473 | Plant-Insect Interactions |
| BOTANY/ AMER IND/ ANTHRO 474 | Ethnobotany |
| BOTANY/ENTOM/ PL PATH 505 | Plant-Microbe Interactions: Molecular and Ecological Aspects |
| BOTANY 563 | Phylogenetic Analysis of Molecular Data |
| BOTANY/ BIOCHEM 621 | Plant Biochemistry |
| BOTANY/ ENVIR ST/ F&W ECOL/ ZOOLOGY 651 | Conservation Biology |
| BIOCHEM 501 | Introduction to Biochemistry |
| BIOCORE 486 | Principles of Physiology Laboratory |
| BIOCORE 587 | Biological Interactions |
| F&W ECOL 415 | Tree Physiology |
| MICROBIO 303 | Biology of Microorganisms |
| ZOOLOGY 570 | Cell Biology |

| Code | Title | Credits |
|---|---|---|
| **Independent Research Experience—choose one:** [3] | | 3-6 |
| BOTANY 691 & BOTANY 692 | Senior Thesis and Senior Thesis | 4 |
| BOTANY 681 & BOTANY 682 | Senior Honors Thesis and Senior Honors Thesis | 6 |
| BOTANY 699 | Directed Study | 3-4 |

1 In addition to BOTANY/BIOLOGY 130, ZOOLOGY/BIOLOGY 101 and/or ZOOLOGY/BIOLOGY 102 will count towards 30 credits of Botany major.

2 Completion of the BIOCORE sequence also satisfies the Genetics, Evolution area (BIOCORE 381 & BIOCORE 382 & BIOCORE 383 & BIOCORE 384 & BIOCORE 485).

3 Students nearing completion of the major should seek out research opportunities with their advisor or faculty supervisor, and register for their project at the end of the junior year.

## RESIDENCE AND QUALITY OF WORK

2.000 GPA in all BOTANY and major courses

2.000 GPA on 15 upper-level major credits, taken in residence [1]

15 credits in BOTANY, taken on the UW–Madison campus

1 BOTANY 300–699 are considered upper level.

# HONORS IN THE MAJOR

Students may declare Honors in the Botany Major in consultation with the Botany undergraduate advisor.

## HONORS IN THE MAJOR IN BOTANY: REQUIREMENTS

To earn Honors in the Major in Botany, students must satisfy the requirements for the major (above) and the following additional requirements:

3.300 University GPA

3.400 GPA in all BOTANY and major courses

Complete a Senior Honors Thesis in BOTANY 681 & BOTANY 682, for a total of 6 credits

12 additional credits in Intermediate/Advanced level BOTANY, taken for Honors[1]

1 Excluding BOTANY 681 and BOTANY 682.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Acquire and demonstrate foundational understanding of the basic properties of plant life from the subcellular to the ecosystem level of organization.
2. Acquire and demonstrate basic understanding in chemistry, physics, and mathematics to interpret biological phenomena.
3. Acquire and demonstrate detailed knowledge in at least five of these core areas of plant biology: Genetics, Physiology, Structural biology, Ecology, Systematics, Evolution, Cryptogamic biology.
4. Explore these core areas in the context of the laboratory and/or the field.
5. Engage in plant biology research (to include algae, photosynthetic bacteria, and fungi): develop hypotheses, acquire scientific information, and interpret results in the context of the historical scientific literature in one or more specialized botanical subdisciplines.
6. Develop an appreciation of communicating scientific information, especially in written form.

## FOUR-YEAR PLAN

The Sample Four-Year Plan is a tool to assist you and your advisor(s). Use it along with your DARS report and the Course Guide. You will make your own Four-Year Plan based on your placement scores, incoming credits, and individual interests. As you become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, you might adjust the order of your courses to make room for these experiences. You will likely revise your four-year plan several times during college.

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 103 or 109[1] | 4-5 | CHEM 104 | 5 |
| MATH 221 or 211 | 5 | STAT 301 or 371 | 3 |
| Foreign Language | 3-4 | Communications B or L&S Breadth | 3 |
| Communications A (complete during your first year) | 3 | Elective or L&S Breadth | 3 |
| | 15 | | 14 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 343[2] | 3 | CHEM 344 | 2 |
| Introductory Biology (select one of the following options): | 5 | CHEM 345[2] | 3 |
| BOTANY/ BIOLOGY 130 | | Ethnic Studies | 3 |
| BIOLOGY/BOTANY/ ZOOLOGY 151 | | Introductory Biology | 5 |
| BIOCORE 381 & BIOCORE 382 | | BIOLOGY/BOTANY/ ZOOLOGY 152 | |
| L&S Breadth | 3-5 | BIOCORE 383 & BIOCORE 384 | |
| Elective | 3 | BIOLOGY/ ZOOLOGY 101 & BIOLOGY/ ZOOLOGY 102 | |
| | | Elective | 3 |
| | 14 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 115, 103, 201, or 207 | 5 | PHYSICS 104, 202, or 208[2] | 4 |
| BIOCORE 485 & BIOCORE 486 | 5 | Botany Breadth (I/A) Course(s) or L&S Breadth Course(s) or Elective(s) | 12 |
| Botany Breadth course (I/A) | 3-6 | | |
| Botany Breadth (I/A) Course(s) or L&S Breadth Course(s) or Elective(s) | 3 | | |
| | 17 | | 16 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| BOTANY 691, 681, or 699 (Botany Major Capstone) | 2-3 | BOTANY 692 or 682 (Botany Capstone) | 3 |
| Botany Breadth (I/A) Course(s) or L&S Breadth Course(s) or Elective(s) | 11 | Botany Breadth (I/A) Course(s) or L&S Breadth Course(s) or Elective(s) | 11 |
| | 14 | | 14 |

Total Credits 120

1 Chemistry sequence 103-104 recommended

2 Organic Chemistry full sequence 343-344-345 recommended

## ADVISING AND CAREERS

# ADVISING

The Department of Botany encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks in the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Ane, Baum, Cameron (chair), Emshwiller, Fernandez, Gilroy, Givnish, Graham, Hotchkiss, Larget, Otegui, Spalding, Sytsma, Waller

Associate Professor Pringle

Assistant Professors Keefover-Ring, Maeda, McCulloh

Majors will eventually choose from the faculty a Senior Thesis advisor, who then will be the student's undergraduate advisor. Prospective majors should contact the general advisors directly.

# CONSERVATION BIOLOGY, B.A.

Conservation biology is a science-based major designed to provide students broad training in biological, ecological, and related disciplines most relevant to conservation. The program emphasizes basic knowledge of natural history, whole organism biology, ecological interactions, and field biology. The major is characterized by flexibility with a broad range of opportunities allowing students to tailor the program to their interests. This major appeals to independent students capable of assembling a curriculum that takes maximum advantage of both strong background, diversity, and specialization, as well as the breadth available through an L&S major. The program has a unique appeal to students passionate about conservation biology, from the social scientist to the theoretical ecologist, and empowers students to act as informed citizens of the natural world.

Aldo Leopold, former UW professor considered the father of wildlife management, and Norman Fassett, former UW professor of Botany, first initiated this major in the 1940s to prepare individuals for careers as game wardens, ranger naturalists, and museum workers. These opportunities continue and have expanded to include work in environmental education; forest, game and park management; endangered species research and recovery efforts; work with private conservation organizations and government agencies; and many more. The major is recommended for those seeking a liberal education in the intrinsic values of natural resources and those preparing for graduate study in the rapidly developing field of conservation biology.

## INTERNSHIP/FIELD EXPERIENCE

Students in the conservation biology major are encouraged to take field courses when possible (including suitable study abroad programs) and to gain additional experience via summer jobs and paid or unpaid internships. Students who wish to obtain academic credit for such an experience should arrange **in advance** to take a Directed Study (e.g., BOTANY 699 Directed Study or ZOOLOGY 699 Directed Studies in Zoology course) as elective work in the major during or immediately after their internship. A maximum of 10 credits of directed study (698, 699), senior honors thesis (681, 682), senior thesis (691,692), or internships (F&W ECOL 399 Coordinative Internship/Cooperative Education, ZOOLOGY 677 Internship in Ecology) will count toward the major.

## HOW TO GET IN

To declare the conservation biology major, students must contact or make an appointment (https://calendar.wisc.edu/scheduling-assistant/public/profiles/aBNbotSX.html;jsessionid=53F9D957BE6099BCF895E0A8487F3B94.primary) with the conservation biology student services coordinator.

If students are not currently in the College of Letters & Science (L&S), they must transfer into L&S before declaring. Students are welcome to meet with the conservation biology student services coordinator to discuss the major before transferring.

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |

| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

Conservation biology majors must take at least **50 credits** in the major. When selecting courses to meet major requirements, students are encouraged to meet with their faculty advisor or student services coordinator to discuss courses that align with their areas of academic interest.

## INTRODUCTORY COURSES

| Code | Title | Credits |
|---|---|---|
| *Introductory Biology* | | |
| Select one of the following options: | | 10 |
| Option 1: | | |
| BIOLOGY/ ZOOLOGY 101 | Animal Biology | |
| BIOLOGY/ ZOOLOGY 102 | Animal Biology Laboratory | |
| BIOLOGY/ BOTANY 130 | General Botany | |
| Option 2: | | |
| BIOLOGY/ BOTANY/ ZOOLOGY 151 | Introductory Biology | |
| BIOLOGY/ BOTANY/ ZOOLOGY 152 | Introductory Biology | |
| Select at least 10 credits from the following: | | |
| Option 3: | | |
| BIOCORE 381 | Evolution, Ecology, and Genetics | |
| BIOCORE 382 | Evolution, Ecology, and Genetics Laboratory | |
| BIOCORE 383 | Cellular Biology | |
| BIOCORE 384 | Cellular Biology Laboratory | |
| BIOCORE 485 | Principles of Physiology | |
| BIOCORE 486 | Principles of Physiology Laboratory | |
| *Chemistry* | | |
| Select one of the following: | | 4-5 |
| CHEM 103 | General Chemistry I | |
| CHEM 108 | Chemistry in Our World | |
| CHEM 109 | Advanced General Chemistry (for those who might take more chemistry) | |
| *Physical Environment* | | |
| Select one of the following: | | 3-5 |
| ATM OCN/GEOSCI 105 | Survey of Oceanography | |
| ENVIR ST/GEOSCI 106 | Environmental Geology | |
| ENVIR ST/ GEOG 120 | Introduction to the Earth System | |

| | |
|---|---|
| ENVIR ST/ GEOG 127 | Physical Systems of the Environment |
| GEOSCI 100 | Introductory Geology: How the Earth Works |
| GEOSCI 107 | Life of the Past |
| GEOSCI 202 | Introduction to Geologic Structures |
| GEOSCI 204 | Geologic Evolution of the Earth |
| *Ecology and Evolution* | |
| Select two of the following, each from a different category (students are encouraged to take courses in all three areas): | 6-7 |
| Ecology: | |
| BOTANY/ F&W ECOL/ ZOOLOGY 460 | General Ecology |
| Evolution: | |
| GEOSCI 110 | Evolution and Extinction |
| or ANTHRO/ BOTANY/ ZOOLOGY 410 | Evolutionary Biology |
| Extinction: | |
| ENVIR ST/F&W ECOL/ZOOLOGY 360 | Extinction of Species |
| *Statistics* | |
| Select one of the following: | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences |
| STAT 301 | Introduction to Statistical Methods |
| STAT/F&W ECOL/ HORT 571 | Statistical Methods for Bioscience I |

## SPECIES & FIELD BIOLOGY

| Code | Title | Credits |
|---|---|---|
| 12 credits from: | | |
| AGRONOMY/ BOTANY/ SOIL SCI 370 | Grassland Ecology | |
| ENTOM/ ZOOLOGY 371 | Medical Entomology | |
| AN SCI/ F&W ECOL/ ZOOLOGY 520 | Ornithology | |
| AN SCI/ F&W ECOL/ ZOOLOGY 521 | Birds of Southern Wisconsin | |
| ANTHRO 391 | Bones for the Archaeologist | |
| ANTHRO 420 | Introduction to Primatological Research | |
| ANTHRO 458 | Primate Behavioral Ecology | |
| ANTHRO 668 | Primate Conservation | |
| BOTANY 330 | Algae | |
| BOTANY/ PL PATH 332 | Fungi | |
| BOTANY 400 | Plant Systematics | |
| BOTANY 401 | Vascular Flora of Wisconsin | |
| BOTANY/ F&W ECOL 402 | Dendrology | |
| BOTANY 403 | Field Collections and Identification | |
| BOTANY 422 | Plant Geography | |
| BOTANY/ F&W ECOL 455 | The Vegetation of Wisconsin | |

### RESIDENCE AND QUALITY OF WORK

2.000 GPA in all major courses

2.000 GPA on 15 upper-level major credits, taken in residence [1]

15 credits in the major, taken on the UW–Madison campus

[1] Courses in the major numbered 300 through 699 are considered upper level.

## HONORS IN THE MAJOR

Students may declare Honors in the Conservation Biology Major in consultation with the Conservation Biology undergraduate advisor.

### HONORS IN THE CONSERVATION BIOLOGY MAJOR REQUIREMENTS

To earn Honors in the Major in Conservation Biology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Complete at least 16 credits, taken for Honors, with a grade of B or better, in the conservation biology major, to include a two-semester Senior Honors Thesis in an appropriate department[1]

[1] Examples include Botany, Zoology, Environmental Studies; see the Conservation Biology advisor to verify that your thesis department will be acceptable.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Explain the basic concepts of ecology and evolution and how they underpin and apply to the science of conservation biology.
2. Understand and explain the scientific process as related to conservation biology, including the relevance of theories and how hypotheses are tested.
3. Recognize species within some particular group of organisms and explain key aspects of their ecology, phylogeny, and conservation needs.
4. Apply general ecological principles to assess and address conservation threats to particular species, communities, and ecosystems.
5. Investigate and communicate the connections between the biological and social sciences and humanities as they affect conservation programs and activities.
6. Identify, interpret, and communicate conservation ideas, needs and programs to others.

## FOUR-YEAR PLAN

The Conservation Biology road map is a tool to assist you and your advisor in planning your academic career. Use it along with your DARS report and the Course Guide/Schedule of Classes. Your specific program of study could, and probably will, look different. You should customize the road map to fit your unique path at UW–Madison. Consult with your advisor about the best path for you.

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A[1] | | 3 I/A COMP SCI or MATH (if required for the BS) | 3-5 |
| Quantitative Reasoning A | | 3-5 Ethnic Studies[2] | 3 |
| Foreign Language (if needed) | | 3-4 L&S Breadth | 3 |

| | | | |
|---|---|---|---|
| Chemistry | 3-4 | Elective or L&S Breadth | 3 |
| | 16 | | 14 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ZOOLOGY/BIOLOGY 101 & ZOOLOGY/ BIOLOGY 102[5] | 5 | BOTANY/BIOLOGY 130 | 5 |
| INTER-LS 210[4] | 1 | Communication B[5] | 3 |
| STAT 301, 371, or 571 | 3-4 | Physical Environment | 3-5 |
| Social Science Elective | 3 | L&S Breadth | 3-4 |
| L&S Breadth | 3 | | |
| | 15 | | 15 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Ecology and Evolution | 3-4 | Species & Field Biology | 3 |
| Species & Field Biology | 3 | L&S Breadth | 3-4 |
| L&S Breadth | 3-4 | Elective or L&S Breadth | 3-4 |
| Elective or L&S Breadth | 3-4 | Elective or L&S Breadth | 3-4 |
| | 15 | | 15 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Ecology and Evolution | 3-4 | Species & Field Biology | 3 |
| Species & Field Biology | 3 | Elective credit in the major (if needed for 50 credits) | 3-4 |
| Elective in the major (if needed for 50 credits) | 3-4 | L&S Breadth | 3-4 |
| L&S Breadth | 3-4 | Elective or L&S Breadth | 3-4 |
| | 15 | | 15 |

Total Credits 120

1 While most incoming freshman are required to complete coursework to fulfill the Communication A requirement, students may be exempted by approved college coursework while in high school, AP test scores, or placement testing. Students are expected to satisfy this requirement by the end of their first year of undergraduate study.

2 Students are expected to complete the Ethnic Studies requirement within the first 60 credits of undergraduate study.

3 Select at least 10 credits from the BIOCORE sequence.

4 INTER-LS 210 L&S Career Development: Taking Initiative is recommended, but not required for students pursuing the Conservation Biology major.

5 There are three options for Introductory Biology -- please consult the Requirements page of this Guide for more information. The Communication B requirement can be fulfilled by completion of ZOOLOGY/BIOLOGY/BOTANY 152 or BIOCORE 381,BIOCORE 382, or BIOCORE 384 if you choose to take those courses for Introductory Biology.

## ADVISING AND CAREERS

# ADVISING

Students in the conservation biology major are assigned to a team of advisors composed of a faculty advisor and the major's student services coordinator. See the major's advising page (https://conservationbiology.ls.wisc.edu/advising) for a list of advisors and for the student services coordinator information.

The faculty advisor provides guidance specific to the discipline through discussions about undergraduate experiences (e.g., research, coursework, internships) that will help prepare students for graduate work or a career after graduation. The student services coordinator provides guidance specific to the discipline but helps students with major declarations, course selection, registration, DARS, L&S degree and major requirements, and tracking progress towards graduation, as well as connecting students with important resources on campus. **Because the major is so broad and involves so much choice, it is important for students to meet early and regularly with their student services coordinator and faculty advisor.**

Students contemplating graduate work in a biological discipline are advised to take the following:

| Code | Title | Credits |
|---|---|---|
| BIOLOGY/ BOTANY/ ZOOLOGY 151 | Introductory Biology | |
| BIOLOGY/ BOTANY/ ZOOLOGY 152 | Introductory Biology | |
| ANTHRO/ BOTANY/ ZOOLOGY 410 | Evolutionary Biology | |
| BOTANY/ F&W ECOL/ ZOOLOGY 460 | General Ecology | |

Although not required for the major, such students are also encouraged to take the following:

| Code | Title | Credits |
|---|---|---|
| CHEM 104 | General Chemistry II | |
| GENETICS 466 | Principles of Genetics | |
| PHYSICS 103 | General Physics | |
| PHYSICS 104 | General Physics | |
| MATH 221 | Calculus and Analytic Geometry 1 | |

# PERSONAL STATEMENT

The Personal Statement Requirement (https://conservationbiology.ls.wisc.edu/requirements), completed during your final year, gives you an opportunity to work with your faculty advisor on this writing requirement that connects your UW–Madison experiences to your future. Through your writing and conversations, you will be evaluated on one of the major's learning goals.

## HOW DOES IT WORK?

1. Set up an appointment with your faculty advisor in your final year and indicate the meeting is regarding the personal statement requirement.
2. Send to your faculty advisor, in advance of the meeting, your choice of a cover letter for a position of interest, a personal plan for graduate school, or your own two-page personal statement related to the stated learning goal.
3. Bring along a hard copy of the evaluation form to be completed and signed by your faculty advisor and then submit evaluation to

the Conservation Biology Student Services Coordinator, 141 Birge Hall.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Committee of Advisors: Cameron (Botany, chair of major), Givnish (Botany), Hotchkiss (Botany/Environmental Studies), Ives (Zoology), Pigeon (Forest & Wildlife Ecology), Schoville (Entomology), Strier (Anthropology), Vander Zanden, Waller (Botany), Zuckerberg (Forest and Wildlife Ecology)

## RESOURCES AND SCHOLARSHIPS

### ROLAND H. & MAUDE M. BECKER SCHOLARSHIP

Established by Barbara B. Glass in 1988 in memory of her parents, the Roland & Maude Becker scholarship (https://conservationbiology.ls.wisc.edu/scholarships) provides financial assistance to students with a major in conservation biology. The scholarship is a one-time award to help support a conservation experience related to the major. A conservation experience may include an undergraduate research experience, internship experience, study abroad program, etc. Awards will be in the amount of $500 and up to two awards will be awarded per academic year.

### SUCCESSWORKS SUMMER INTERNSHIP SCHOLARSHIP

This scholarship (https://careers.ls.wisc.edu/ls-finding-an-internship/money-for-your-internship) provides amounts ranging from $2,000 to $5,000 each to help students take advantage of and enable them to participate in a first time internship opportunity that is unpaid or provides a limited stipend.

### HILLDALE UNDERGRADUATE/FACULTY RESEARCH FELLOWSHIP

The Hilldale Undergraduate/Faculty Research Fellowships (https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship) support undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Approximately 97–100 Hilldale awards are available each year. The student researcher receives $3,000, and faculty/staff research advisor receives $1,000 to help offset research costs (e.g., supplies, faculty or student travel related to the project).

### HOLSTROM ENVIRONMENTAL SCHOLARSHIPS

The Holstrom Environmental Scholarships (https://awards.advising.wisc.edu/holstrom-environmental-scholarship) support undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Research proposals must have an environmental focus, and applicants must have at least a junior standing at time of application. Apply spring semester to fund work on the project during the summer or following academic year.

### UNDERGRADUATE SYMPOSIUM

The annual Undergraduate Symposium (https://ugradsymposium.wisc.edu) showcases undergraduate creativity, achievement, research, service-learning and community-based research from all areas of study at UW–Madison including the humanities, fine arts, biological sciences, physical sciences, and social sciences. This past year nearly 700 students presented, displayed or performed their work for members of the university, the surrounding community, family and friends.

### WISCONSIN IDEA FELLOWSHIPS

Wisconsin Idea Fellowships (https://morgridge.wisc.edu/students/wisconsin-idea-fellowships) are awarded annually to undergraduate student projects working towards solving a challenge identified along with local or global community partner. Fellowships are awarded to semester-long or year-long projects designed by an undergraduate student (or group of students) in collaboration with a community organization and a UW–Madison faculty or academic staff member.

# CONSERVATION BIOLOGY, B.S.

Conservation biology is a science-based major designed to provide students broad training in biological, ecological, and related disciplines most relevant to conservation. The program emphasizes basic knowledge of natural history, whole organism biology, ecological interactions, and field biology. The major is characterized by flexibility with a broad range of opportunities allowing students to tailor the program to their interests. This major appeals to independent students capable of assembling a curriculum that takes maximum advantage of both strong background, diversity, and specialization, as well as the breadth available through an L&S major. The program has a unique appeal to students passionate about conservation biology, from the social scientist to the theoretical

ecologist, and empowers students to act as informed citizens of the natural world.

Aldo Leopold, former UW professor considered the father of wildlife management, and Norman Fassett, former UW professor of Botany, first initiated this major in the 1940s to prepare individuals for careers as game wardens, ranger naturalists, and museum workers. These opportunities continue and have expanded to include work in environmental education; forest, game and park management; endangered species research and recovery efforts; work with private conservation organizations and government agencies; and many more. The major is recommended for those seeking a liberal education in the intrinsic values of natural resources and those preparing for graduate study in the rapidly developing field of conservation biology.

## INTERNSHIP/FIELD EXPERIENCE

Students in the conservation biology major are encouraged to take field courses when possible (including suitable study abroad programs) and to gain additional experience via summer jobs and paid or unpaid internships. Students who wish to obtain academic credit for such an experience should arrange **in advance** to take a Directed Study (e.g., BOTANY 699 Directed Study or ZOOLOGY 699 Directed Studies in Zoology course) as elective work in the major during or immediately after their internship. A maximum of 10 credits of directed study (698, 699), senior honors thesis (681, 682), senior thesis (691,692), or internships (F&W ECOL 399 Coordinative Internship/Cooperative Education, ZOOLOGY 677 Internship in Ecology) will count toward the major.

# HOW TO GET IN

To declare the conservation biology major, students must contact or make an appointment (https://calendar.wisc.edu/scheduling-assistant/public/profiles/aBNbotSX.html;jsessionid=53F9D957BE6099BCF895E0A8487F3B94.primary) with the conservation biology student services coordinator.

If students are not currently in the College of Letters & Science (L&S), they must transfer into L&S before declaring. Students are welcome to meet with the conservation biology student services coordinator to discuss the major before transferring.

# REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

### NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and**

**degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

Conservation biology majors must take at least **50 credits** in the major. When selecting courses to meet major requirements, students are encouraged to meet with their faculty advisor or student services coordinator to discuss courses that align with their areas of academic interest.

## INTRODUCTORY COURSES

| Code | Title | Credits |
|---|---|---|
| *Introductory Biology* | | |
| Select one of the following options: | | 10 |
| Option 1: | | |
| BIOLOGY/ ZOOLOGY 101 | Animal Biology | |
| BIOLOGY/ ZOOLOGY 102 | Animal Biology Laboratory | |
| BIOLOGY/ BOTANY 130 | General Botany | |
| Option 2: | | |
| BIOLOGY/ BOTANY/ ZOOLOGY 151 | Introductory Biology | |
| BIOLOGY/ BOTANY/ ZOOLOGY 152 | Introductory Biology | |
| Select at least 10 credits from the following: | | |
| Option 3: | | |
| BIOCORE 381 | Evolution, Ecology, and Genetics | |
| BIOCORE 382 | Evolution, Ecology, and Genetics Laboratory | |
| BIOCORE 383 | Cellular Biology | |
| BIOCORE 384 | Cellular Biology Laboratory | |
| BIOCORE 485 | Principles of Physiology | |
| BIOCORE 486 | Principles of Physiology Laboratory | |
| *Chemistry* | | |
| Select one of the following: | | 4-5 |
| CHEM 103 | General Chemistry I | |
| CHEM 108 | Chemistry in Our World | |
| CHEM 109 | Advanced General Chemistry (for those who might take more chemistry) | |
| *Physical Environment* | | |
| Select one of the following: | | 3-5 |
| ATM OCN/GEOSCI 105 | Survey of Oceanography | |
| ENVIR ST/GEOSCI 106 | Environmental Geology | |
| ENVIR ST/ GEOG 120 | Introduction to the Earth System | |
| ENVIR ST/ GEOG 127 | Physical Systems of the Environment | |
| GEOSCI 100 | Introductory Geology: How the Earth Works | |
| GEOSCI 107 | Life of the Past | |
| GEOSCI 202 | Introduction to Geologic Structures | |
| GEOSCI 204 | Geologic Evolution of the Earth | |
| *Ecology and Evolution* | | |
| Select two of the following, each from a different category (students are encouraged to take courses in all three areas): | | 6-7 |
| Ecology: | | |
| BOTANY/ F&W ECOL/ ZOOLOGY 460 | General Ecology | |
| Evolution: | | |
| GEOSCI 110 | Evolution and Extinction | |
| or ANTHRO/ BOTANY/ ZOOLOGY 410 | Evolutionary Biology | |
| Extinction: | | |
| ENVIR ST/F&W ECOL/ZOOLOGY 360 | Extinction of Species | |
| *Statistics* | | |
| Select one of the following: | | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| STAT 301 | Introduction to Statistical Methods | |
| STAT/F&W ECOL/ HORT 571 | Statistical Methods for Bioscience I | |

## SPECIES & FIELD BIOLOGY

| Code | Title | Credits |
|---|---|---|
| 12 credits from: | | |
| AGRONOMY/ BOTANY/ SOIL SCI 370 | Grassland Ecology | |
| ENTOM/ ZOOLOGY 371 | Medical Entomology | |
| AN SCI/ F&W ECOL/ ZOOLOGY 520 | Ornithology | |
| AN SCI/ F&W ECOL/ ZOOLOGY 521 | Birds of Southern Wisconsin | |
| ANTHRO 391 | Bones for the Archaeologist | |
| ANTHRO 420 | Introduction to Primatological Research | |
| ANTHRO 458 | Primate Behavioral Ecology | |

| | |
|---|---|
| ANTHRO 668 | Primate Conservation |
| BOTANY 330 | Algae |
| BOTANY/ PL PATH 332 | Fungi |
| BOTANY 400 | Plant Systematics |
| BOTANY 401 | Vascular Flora of Wisconsin |
| BOTANY/ F&W ECOL 402 | Dendrology |
| BOTANY 403 | Field Collections and Identification |
| BOTANY 422 | Plant Geography |
| BOTANY/ F&W ECOL 455 | The Vegetation of Wisconsin |
| BOTANY/ENTOM/ ZOOLOGY 473 | Plant-Insect Interactions |
| ENTOM/ ZOOLOGY 302 | Introduction to Entomology |
| ENTOM 331 | Taxonomy of Mature Insects |
| ENTOM 342 | Insect Ecology |
| ENTOM 432 | Taxonomy and Bionomics of Immature Insects |
| ENTOM 468 | Studies in Field Entomology |
| ENVIR ST/ ZOOLOGY 315 | Limnology-Conservation of Aquatic Resources |
| ENVIR ST 375 | Field Ecology Workshop |
| ENVIR ST/ ZOOLOGY 510 | Ecology of Fishes |
| ENVIR ST/ ZOOLOGY 511 | Ecology of Fishes Lab |
| F&W ECOL 306 | Terrestrial Vertebrates: Life History and Ecology |
| F&W ECOL 401 | Physiological Animal Ecology |
| F&W ECOL/ SURG SCI 548 | Diseases of Wildlife |
| F&W ECOL 655 | Animal Population Dynamics |
| GEOSCI 333 | The Age of Dinosaurs |

### RESIDENCE AND QUALITY OF WORK

2.000 GPA in all major courses

2.000 GPA on 15 upper-level major credits, taken in residence [1]

15 credits in the major, taken on the UW–Madison campus

[1] Courses in the major numbered 300 through 699 are considered upper level.

## HONORS IN THE MAJOR

Students may declare Honors in the Conservation Biology Major in consultation with the Conservation Biology undergraduate advisor.

### HONORS IN THE CONSERVATION BIOLOGY MAJOR REQUIREMENTS

To earn Honors in the Major in Conservation Biology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Complete at least 16 credits, taken for Honors, with a grade of B or better, in the conservation biology major, to include a two-semester Senior Honors Thesis in an appropriate department[1]

[1] Examples include Botany, Zoology, Environmental Studies; see the Conservation Biology advisor to verify that your thesis department will be acceptable.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Explain the basic concepts of ecology and evolution and how they underpin and apply to the science of conservation biology.
2. Understand and explain the scientific process as related to conservation biology, including the relevance of theories and how hypotheses are tested.
3. Recognize species within some particular group of organisms and explain key aspects of their ecology, phylogeny, and conservation needs.
4. Apply general ecological principles to assess and address conservation threats to particular species, communities, and ecosystems.
5. Investigate and communicate the connections between the biological and social sciences and humanities as they affect conservation programs and activities.
6. Identify, interpret, and communicate conservation ideas, needs and programs to others.

## FOUR-YEAR PLAN

The Conservation Biology road map is a tool to assist you and your advisor in planning your academic career. Use it along with your DARS report and the Course Guide/Schedule of Classes. Your specific program of study could, and probably will, look different. You should customize the road map to fit your unique path at UW–Madison. Consult with your advisor about the best path for you.

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A[1] | 3 | I/A COMP SCI or MATH (if required for the BS) | 3-5 |
| Quantitative Reasoning A | 3-5 | Ethnic Studies[2] | 3 |
| Foreign Language (if needed) | 3-4 | L&S Breadth | 3 |
| Chemistry | 3-4 | Elective or L&S Breadth | 3 |
| | 16 | | 14 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ZOOLOGY/BIOLOGY 101 & ZOOLOGY/ BIOLOGY 102[5] | 5 | BOTANY/BIOLOGY 130 | 5 |
| INTER-LS 210[4] | 1 | Communication B[5] | 3 |
| STAT 301, 371, or 571 | 3-4 | Physical Environment | 3-5 |
| Social Science Elective | 3 | L&S Breadth | 3-4 |
| L&S Breadth | 3 | | |
| | 15 | | 15 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Ecology and Evolution | 3-4 | Species & Field Biology | 3 |
| Species & Field Biology | 3 | L&S Breadth | 3-4 |
| L&S Breadth | 3-4 | Elective or L&S Breadth | 3-4 |
| Elective or L&S Breadth | 3-4 | Elective or L&S Breadth | 3-4 |
| | 15 | | 15 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Ecology and Evolution | 3-4 | Species & Field Biology | 3 |
| Species & Field Biology | 3 | Elective credit in the major (if needed for 50 credits) | 3-4 |
| Elective in the major (if needed for 50 credits) | 3-4 | L&S Breadth | 3-4 |
| L&S Breadth | 3-4 | Elective or L&S Breadth | 3-4 |
| | 15 | | 15 |

Total Credits 120

[1] While most incoming freshman are required to complete coursework to fulfill the Communication A requirement, students may be exempted by approved college coursework while in high school, AP test scores, or placement testing. Students are expected to satisfy this requirement by the end of their first year of undergraduate study.

[2] Students are expected to complete the Ethnic Studies requirement within the first 60 credits of undergraduate study.

[3] Select at least 10 credits from the BIOCORE sequence.

[4] INTER-LS 210 L&S Career Development: Taking Initiative is recommended, but not required for students pursuing the Conservation Biology major.

[5] There are three options for Introductory Biology -- please consult the Requirements page of this Guide for more information. The Communication B requirement can be fulfilled by completion of ZOOLOGY/BIOLOGY/BOTANY 152 or BIOCORE 381,BIOCORE 382,

or BIOCORE 384 if you choose to take those courses for Introductory Biology.

## ADVISING AND CAREERS

# ADVISING

Students in the conservation biology major are assigned to a team of advisors composed of a faculty advisor and the major's student services coordinator. See the major's advising page (https://conservationbiology.ls.wisc.edu/advising) for a list of advisors and for the student services coordinator information.

The faculty advisor provides guidance specific to the discipline through discussions about undergraduate experiences (e.g., research, coursework, internships) that will help prepare students for graduate work or a career after graduation. The student services coordinator provides guidance specific to the discipline but helps students with major declarations, course selection, registration, DARS, L&S degree and major requirements, and tracking progress towards graduation, as well as connecting students with important resources on campus. **Because the major is so broad and involves so much choice, it is important for students to meet early and regularly with their student services coordinator and faculty advisor.**

Students contemplating graduate work in a biological discipline are advised to take the following:

| Code | Title | Credits |
|---|---|---|
| BIOLOGY/ BOTANY/ ZOOLOGY 151 | Introductory Biology | |
| BIOLOGY/ BOTANY/ ZOOLOGY 152 | Introductory Biology | |
| ANTHRO/ BOTANY/ ZOOLOGY 410 | Evolutionary Biology | |
| BOTANY/ F&W ECOL/ ZOOLOGY 460 | General Ecology | |

Although not required for the major, such students are also encouraged to take the following:

| Code | Title | Credits |
|---|---|---|
| CHEM 104 | General Chemistry II | |
| GENETICS 466 | Principles of Genetics | |
| PHYSICS 103 | General Physics | |
| PHYSICS 104 | General Physics | |
| MATH 221 | Calculus and Analytic Geometry 1 | |

# PERSONAL STATEMENT

The Personal Statement Requirement (https://conservationbiology.ls.wisc.edu/requirements), completed during your final year, gives you an opportunity to work with your faculty advisor on this writing requirement that connects your UW–Madison experiences to your future. Through your writing and conversations, you will be evaluated on one of the major's learning goals.

### HOW DOES IT WORK?

1. Set up an appointment with your faculty advisor in your final year and indicate the meeting is regarding the personal statement requirement.
2. Send to your faculty advisor, in advance of the meeting, your choice of a cover letter for a position of interest, a personal plan for graduate school, or your own two-page personal statement related to the stated learning goal.
3. Bring along a hard copy of the evaluation form to be completed and signed by your faculty advisor and then submit evaluation to the Conservation Biology Student Services Coordinator, 141 Birge Hall.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Committee of Advisors: Cameron (Botany, chair of major), Givnish (Botany), Hotchkiss (Botany/Environmental Studies), Ives (Zoology), Pigeon (Forest & Wildlife Ecology), Schoville (Entomology), Strier (Anthropology), Vander Zanden, Waller (Botany), Zuckerberg (Forest and Wildlife Ecology)

## RESOURCES AND SCHOLARSHIPS

### ROLAND H. & MAUDE M. BECKER SCHOLARSHIP

Established by Barbara B. Glass in 1988 in memory of her parents, the Roland & Maude Becker scholarship (https://

conservationbiology.ls.wisc.edu/scholarships) provides financial assistance to students with a major in conservation biology. The scholarship is a one-time award to help support a conservation experience related to the major. A conservation experience may include an undergraduate research experience, internship experience, study abroad program, etc. Awards will be in the amount of $500 and up to two awards will be awarded per academic year.

### SUCCESSWORKS SUMMER INTERNSHIP SCHOLARSHIP

This scholarship (https://careers.ls.wisc.edu/ls-finding-an-internship/money-for-your-internship) provides amounts ranging from $2,000 to $5,000 each to help students take advantage of and enable them to participate in a first time internship opportunity that is unpaid or provides a limited stipend.

### HILLDALE UNDERGRADUATE/FACULTY RESEARCH FELLOWSHIP

The Hilldale Undergraduate/Faculty Research Fellowships (https://awards.advising.wisc.edu/all-scholarships/hilldale-undergraduatefaculty-research-fellowship) support undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Approximately 97–100 Hilldale awards are available each year. The student researcher receives $3,000, and faculty/staff research advisor receives $1,000 to help offset research costs (e.g., supplies, faculty or student travel related to the project).

### HOLSTROM ENVIRONMENTAL SCHOLARSHIPS

The Holstrom Environmental Scholarships (https://awards.advising.wisc.edu/holstrom-environmental-scholarship) support undergraduate research done in collaboration with UW–Madison faculty or research/instructional academic staff. Research proposals must have an environmental focus, and applicants must have at least a junior standing at time of application. Apply spring semester to fund work on the project during the summer or following academic year.

### UNDERGRADUATE SYMPOSIUM

The annual Undergraduate Symposium (https://ugradsymposium.wisc.edu) showcases undergraduate creativity, achievement, research, service-learning and community-based research from all areas of study at UW–Madison including the humanities, fine arts, biological sciences, physical sciences, and social sciences. This past year nearly 700 students presented, displayed or performed their work for members of the university, the surrounding community, family and friends.

### WISCONSIN IDEA FELLOWSHIPS

Wisconsin Idea Fellowships (https://morgridge.wisc.edu/students/wisconsin-idea-fellowships) are awarded annually to undergraduate student projects working towards solving a challenge identified along with local or global community partner. Fellowships are awarded to semester-long or year-long projects designed by an undergraduate student (or group of students) in collaboration with a community organization and a UW–Madison faculty or academic staff member.

# CENTER FOR LAW, SOCIETY, AND JUSTICE

The Center for Law, Society, and Justice offers an undergraduate major in the College of Letters & Science. The program mission is to provide a liberal education across traditional disciplines, focusing on the theory and operation of law and legal institutions. Courses in the legal studies major expose students to the many facets of law as a social phenomenon—its evolution, function, motivating ideas and effects. The major is not intended as preparation for law school because the emphasis is on exploring broadly defined questions about law from a variety of perspectives, rather than on training for the profession. The legal studies major is, however, suitable for pre-law students.

The curriculum is designed around five themes, each of which is associated with a group of courses, and each of which incorporates comparative and historical approaches.

## THEME GROUP 1: LEGAL INSTITUTIONS

Institutions are at the core of social life. They govern our interactions, distribute power and resources, and influence how we make sense of the world. Courses in this theme group focus on those institutions involved in the creation and application of law. They explore such questions as how legal institutions evolve; how legal institutions help determine the shape of law—in doctrine and in action—and how and whether, in turn, legal institutions can be shaped to create different social outcomes. Institutions are central to the studies of society and politics throughout the disciplines, and courses in the group include perspectives from history, anthropology, sociology, political science, and political theory.

## THEME GROUP 2: PROCESSES OF LEGAL ORDER AND DISORDER

This theme examines the dynamics of order at the individual and societal level. In the course of this examination, students are made aware of the political and social biases that can underlie definitions of "order." This theme should also allow students to address how social and political biases relate to divisions of class, race and gender, and how the mechanisms of conflict resolution and order maintenance can be used to reinforce or challenge existing power structures.

## THEME GROUP 3: LAW AND SOCIAL FORCES

This theme group explores the intersection between law, social structures and social movements. Courses in this group address social inequality, generally in the U.S. context, grounded in ethno-racial, gender, and sexuality-based difference. At critical points, the struggle for equality has taken pointedly legal form, whether in the shape of campaigns for legislative change or recognition, or through the litigation of particular cases. Legal categories have informed social identities. Equally, changing social identities have pushed back on legal categories. Courses integrate broad social dynamics with the rise of organized social movements that use law as an arena in which to reassess social life and values.

## THEME GROUP 4: LAW AND CULTURE

This theme group introduces students to legal thought, institutions, and practices beyond mainstream or contemporary legal systems, specifically modern Euro-American legal cultures. Courses in this theme group present either culturally based challenges to mainstream modern legal systems or legal systems that are culturally or historically distinct from them. The comparative study of distinct legal traditions and movements forces us to reexamine the cultural presuppositions embedded in modern legal systems, revealing both good reasons for defending mainstream Euro-American laws and arguments and models for changing or questioning prevailing systems. Courses examine

historical developments in or affecting law, non-Western legal thought or traditions, and the effect of cultural institutions such as religion, literature, or media on law.

## THEME GROUP 5: LAW AND THEORY

Many theoretical and philosophical questions are articulated as propositions about law: its nature, sources, contents, and relations to other aspects of social life. While only some philosophers or social, political or legal theorists work specifically in the area of "legal theory," almost literally all work in any of these areas contributes to our understanding of the sources and nature of law, legal institutions and legal practices, and for many if not most theorists explicit discussions of law are central elements of their work. Courses in this theme group focus on the ways in which "law" is treated as a working concept or as a subject of study in theoretical works, and conversely on how understandings drawn from theoretical writings inform our own understanding of law in all its dimensions.

## DEGREES/MAJORS/CERTIFICATES

- Criminal Justice, Certificate (p. 546)
- Legal Studies, B.A. (p. 548)
- Legal Studies, B.S. (p. 554)

# CRIMINAL JUSTICE, CERTIFICATE

The Criminal Justice Certificate Program includes an interdisciplinary sequence of classes and an internship, for students interested in the American criminal and juvenile justice systems. Certificate students select courses in legal studies and from the departments of Sociology, Political Science, Social Work, Psychology, Gender and Women's Studies, Anthropology, History, Human Development and Family Studies, Rehabilitation Psychology, Integrated Liberal Studies, and Counseling Psychology. Students gain a broad understanding of the philosophy, theories, and operation of the adult and juvenile justice systems.

## HOW TO GET IN

Any undergraduate regardless of major or college affiliation may earn this certificate. Students interested in earning a certificate in criminal justice must declare the certificate with the Criminal Justice advisor. Students are encouraged to declare the certificate as early as possible within their college careers. Field work/internship seminar courses require prerequisite courses and availability may be limited. The internship courses are in high demand and enrollment may be determined by the date of declaration in the certificate program.

## REQUIREMENTS

To earn a criminal justice certificate, a student must complete all requirements for a bachelor's degree, requirements of the declared major(s), and graduate from UW–Madison. In addition, students must take all required certificate courses for a letter grade versus pass/fail. It is not necessary to take classes in any particular sequence; however, individual courses may have prerequisites.

## REQUIREMENTS FOR STUDENTS ENROLLED IN THE CERTIFICATE PROGRAM

The certificate requires a minimum of seven courses and 21 credits. The courses must be distributed as follows:

| Code | Title | Credits |
|---|---|---|
| Select one course from each of the six defined Groups | | |
| Select one additional course from Group 3 or Group 4 | | |

### GROUP 1—CRIMINAL JUSTICE SYSTEM

| Code | Title | Credits |
|---|---|---|
| LEGAL ST/SOC 131 | Criminal Justice in America | 3-4 |

### GROUP 2—THEORIES OF CRIME AND DEVIANT BEHAVIOR

| Code | Title | Credits |
|---|---|---|
| SOC 421 | Processes of Deviant Behavior | 3-4 |
| SOC 441 | Criminology | 3-4 |
| SOC 446 | Juvenile Delinquency | 3-4 |
| PSYCH 510 | Critical Issues in Child Psychopathology | 4 |
| PSYCH 526 | The Criminal Mind: Forensic and Psychobiological Perspectives | 4 |
| PSYCH 601 | Current Topics in Psychology (Psychology of Juvenile Delinquency) [1] | 3 |
| SOC WORK 612 | Psychopathology in Generalist Social Work Practice | 2 |
| SOC WORK 643 | Social Work and Delinquency | 2-3 |

[1] Topics course. Credit granted only for topics listed.

### GROUP 3—CRIME AND JUSTICE/OPERATIONS OF THE JUSTICE SYSTEM

| Code | Title | Credits |
|---|---|---|
| AFROAMER 673 | Selected Topics in Afro-American Society (Race & Policing) [1] | 3 |
| HISTORY/LEGAL ST 426 | The History of Punishment | 3-4 |
| LEGAL ST 400 | Topics in Legal Studies and the Social Sciences (Civil Rights) [1] | 3-4 |
| LEGAL ST 400 | Topics in Legal Studies and the Social Sciences (Wrongful Convictions) [1] | 3-4 |
| LEGAL ST 400 | Topics in Legal Studies and the Social Sciences (Neighborhoods, Crime and Punishment) | 3-4 |
| LEGAL ST/GEN&WS/ SOC 425 | Crime, Gender and Justice | 3 |
| LEGAL ST/CHICLA/ SOC 440 | Ethnicity, Race, and Justice | 3-4 |
| LEGAL ST/L I S 460 | Surveillance, Privacy, and Police Powers | 3 |

| | | |
|---|---|---|
| PHILOS 304 | Topics in Philosophy: Humanities (Philos and Criminal Punishment) | 3-4 |
| POLI SCI 314 | Criminal Law and Justice | 3-4 |
| PSYCH 401 | Psychology, Law, and Social Policy (Psychology, Law and Social Policy) | 3 |
| PSYCH 601 | Current Topics in Psychology (Legal Psychology Criminal and Civil Issues) [1] | 3 |
| SOC 496 | Topics in Sociology (Poverty) [1] | 1-3 |

[1] Topics course. Credit granted only for topics listed.

## GROUP 4—BROADER PSYCHO/SOCIO/ECONOMIC PROCESSES RELATED TO CRIMINAL JUSTICE

| Code | Title | Credits |
|---|---|---|
| AFROAMER/ GEN&WS 625 | Gender, Race and the Civil Rights Movement | 3 |
| AFROAMER 671 | Selected Topics in Afro-American History (Criminalizing Blackiness) [1] | 3 |
| ANTHRO 448 | Anthropology of Law | 3 |
| BOTANY 575 | Special Topics (Forensic Botany) | 1-3 |
| COMP LIT 500 | The Comparative In and Beyond Comparative Literature (Guilt) [1] | 3 |
| COUN PSY 300 | Special Topics: Counseling and Counseling Psychology (Working with Refugee Families) | 1-4 |
| ECON 390 | Contemporary Economic Issues (Poverty Public Policy) | 3 |
| HISTORY/LEGAL ST 459 | Rule of Law: Philosophical and Historical Models | 3-4 |
| HDFS 474 | Racial Ethnic Families in the U.S. | 3 |
| ILS 275 | Special Topics in Integrated Liberal Studies (Justice and Equity in America) [1] | 3 |
| ILS 372 | Interdisciplinary Studies in the Social Sciences (Guns & Society) [1] | 3 |
| LEGAL ST 400 | Topics in Legal Studies and the Social Sciences (Comparative Constitutional ) [1] | 3-4 |
| LEGAL ST 409 | Human Rights in Law and Society | 3 |
| LEGAL ST/GEN&WS 422 | Women and the Law | 3 |
| LEGAL ST/CHICLA/ SOC 443 | Immigration, Crime, and Enforcement | 3-4 |
| LEGAL ST 444 | Law in Action | 3 |
| LEGAL ST 450 | Topics in Legal Studies and the Humanities (Crim Justice and Pop Culture) [1] | 3-4 |
| LEGAL ST/ HISTORY 477 | History of Forensic Science | 3 |
| LEGAL ST/SOC 641 | Sociology of Law | 3-4 |
| POLI SCI 412 | The American Constitution: Rights and Civil Liberties | 4 |
| PSYCH 405 | Abnormal Psychology | 3-4 |
| SOC/AMER IND/ C&E SOC 578 | Poverty and Place | 3 |
| SOC 633 | Social Stratification | 3 |
| SOC WORK 420 | Poverty and Social Welfare | 3 |
| SOC WORK 453 | Alcohol and Other Drug Abuse | 2-4 |
| SOC WORK 462 | Child Welfare | 3 |
| SOC WORK 523 | Family Violence | 3 |
| SOC WORK 646 | Child Abuse and Neglect | 2-3 |
| SOC WORK 663 | Topics in Contemporary Social Welfare (Human Trafficking) | 2-3 |

[1] Topics course. Credit granted only for topics listed.

## GROUP 5—ETHNOGRAPHY–INTERNSHIP PREP

| Code | Title | Credits |
|---|---|---|
| COM ARTS 371 | Communication and Conflict Resolution | 3 |
| COM ARTS 373 | Intercultural Communication & Rhetoric | 3 |
| COM ARTS 565 | Communication and Interethnic Behavior | 3 |
| COUN PSY 225 | Intersectionalities, Self Awareness, and Social Actions for Social Change | 3 |
| COUN PSY 325 | Seminar: Students Seeking Educational Equity and Diversity (SEED) | 3-4 |
| COUN PSY 650 | Theory and Practice in Interviewing | 3 |
| COUN PSY 655 | Clinical Communication Skills | 3 |
| INTER-HE 202 | SoHE Career & Leadership Development | 1 |
| POLI SCI 202 | Preparation for the Wisconsin in Washington Program | 1 |
| SOC WORK 441 | Generalist Practice with Individuals, Families and Groups | 1-3 |
| SOC 205 | Intercultural Dialogues | 3 |

[1] Topics course. Credit granted only for topics listed.

## GROUP 6—FIELDWORK/INTERNSHIP SEMINAR

| Code | Title | Credits |
|---|---|---|
| CSCS 601 | Internship [1] | 1-6 |
| GEN&WS 660 | Internship in Gender and Women's Studies [1] | 3 |
| LEGAL ST/SOC 694 | Criminal Justice Field Observation [1] | 2-3 |

[1] Must be a criminal/juvenile-justice-oriented internship; student must receive approval of placement from a criminal justice advisor before enrolling in the course.

### RESIDENCE AND QUALITY OF WORK

- At least 11 Certificate credits, taken in residence
- Minimum 2.000 GPA in all courses approved for the Certificate

### UNDERGRADUATE/SPECIAL STUDENT CERTIFICATES

This certificate is intended to be completed in the context of an undergraduate degree and for those seeking this certificate that is preferred. For students who have substantially completed this certificate at UW–Madison (at least 12 credits) and may need one or two courses to complete the certificate, they may do so immediately after completion of the bachelor's degree by enrolling in the course as a University Special (nondegree) student. The certificate must be completed within a year of completion of the bachelor's degree. Students should keep in mind that University Special students have the last registration priority and that may limit availability of desired courses. Financial aid is not available when enrolled as a University Special student to complete an undergraduate certificate.

## LEARNING OUTCOMES

1. To develop an appreciation for how the criminal justice system works and how it affects American society as a whole.
2. To develop and improve critical thinking and analytics in written and oral communication skills.
3. To develop an appreciation of mental health and substance abuse as they intersect with the criminal justice system.
4. To develop skills transferable to future professional, community and educational pursuits.

## ADVISING AND CAREERS

# ADVISING

### ADVISING APPOINTMENTS

**Carolyn Lesch, Room 8139, Sewell Social Sciences Building**
Carolyn's appointment calendar (https://calendar.wisc.edu/scheduling-assistant/public/profiles/chDDRtWb.html)

**Martine Delannay, Room 8137, Sewell Social Sciences Building**
Martine's appointment calendar (https://calendar.wisc.edu/scheduling-assistant/public/profiles/rqGGzIBy.html)

### ADVISOR EMAIL

cjcp@ssc.wisc.edu

Current and future UW students with a Net ID use the links above to make an appointment. All others may send an email request to cjcp@ssc.wisc.edu.

# CAREERS

CJCP graduates have secured jobs in police departments, district attorneys' offices, public defenders' offices, juvenile group homes, adult halfway houses, public schools, and prisons. They have been involved in restitution programs, deferred prosecution alternatives, victim–witness projects, and home detention/electronic monitoring experiments. The options are numerous and interesting. Many CJCP students pursue a degree in law or attend graduate school in a related field.

SuccessWorks (http://careers.ls.wisc.edu) at the College of Letters & Science provides students with a wide range of career-related services.

## WISCONSIN EXPERIENCE

All students complete an intensive internship with an agency or organization related to the criminal and juvenile justice fields. Involvement in the CJCP provides a solid educational foundation in criminal justice. It introduces students to basic concepts about our justice system and the individuals it serves. It encourages exploration of critical issues facing the system today and fosters investigation into realistic solutions.

# LEGAL STUDIES, B.A.

Legal studies is an undergraduate major in the College of Letters & Science. The program's mission is to provide a liberal education across traditional disciplines, focusing on the theory and operation of law and legal institutions. The courses in the legal studies major expose students to the many facets of law as a social phenomenon—its evolution, function, motivating ideas and effects. The major is not intended as preparation for law school because the emphasis is on exploring broadly defined questions about law from a variety of perspectives, rather than on training for the profession. The legal studies major is, however, suitable for pre-law students.

The curriculum is designed around the following five themes: Legal Institutions, Processes of Legal Order and Disorder, Law and Social Forces, Law and Culture, and Law and Theory.

### Theme Group 1: Legal Institutions

Institutions are at the core of social life. They govern our interactions, distribute power and resources, and influence how we make sense of the world. Courses in this theme group focus on those institutions involved in the creation and application of law. They explore such questions as how legal institutions evolve; how legal institutions help determine the shape of law—in doctrine and in action—and how and whether, in turn, legal institutions can be shaped to create different social outcomes. Institutions are central to the studies of society and politics throughout the disciplines, and courses in the group include perspectives from history, anthropology, sociology, political science, and political theory.

### Theme Group 2: Processes of Legal Order and Disorder

This theme examines the dynamics of order at the individual and societal level. In the course of this examination, students are made aware of the political and social biases that can underlie definitions of "order." This theme should also allow students to address how social and political biases relate to divisions of class, race and gender, and how the mechanisms of conflict resolution and order maintenance can be used to reinforce or challenge existing power structures.

### Theme Group 3: Law and Social Forces

This theme group explores the intersection between law, social structures and social movements. Courses in this group address social inequality, generally in the U.S. context, grounded in ethno-racial, gender, and sexuality-based difference. At critical points, the struggle for equality has taken pointedly legal form, whether in the shape of campaigns for legislative change or recognition, or through the litigation of particular cases. Legal categories have informed social identities. Equally, changing social identities have pushed back on legal categories. Courses integrate

broad social dynamics with the rise of organized social movements that use law as an arena in which to reassess social life and values.

### Theme Group 4: Law and Culture

This theme group introduces students to legal thought, institutions, and practices beyond mainstream or contemporary legal systems, specifically modern Euro-American legal cultures. Courses in this theme group present either culturally based challenges to mainstream modern legal systems or legal systems that are culturally or historically distinct from them. The comparative study of distinct legal traditions and movements forces us to reexamine the cultural presuppositions embedded in modern legal systems, revealing both good reasons for defending mainstream Euro-American laws and arguments and models for changing or questioning prevailing systems. Courses examine historical developments in or affecting law, non-Western legal thought or traditions, and the effect of cultural institutions such as religion, literature, or media on law.

### Theme Group 5: Law and Theory

Many theoretical and philosophical questions are articulated as propositions about law: its nature, sources, contents, and relations to other aspects of social life. While only some philosophers or social, political or legal theorists work specifically in the area of "legal theory," almost literally all work in any of these areas contributes to our understanding of the sources and nature of law, legal institutions and legal practices, and for many if not most theorists explicit discussions of law are central elements of their work. Courses in this theme group focus on the ways in which "law" is treated as a working concept or as a subject of study in theoretical works, and conversely on how understandings drawn from theoretical writings inform our own understanding of law in all its dimensions.

## HOW TO GET IN

# REQUIREMENTS TO DECLARE THE MAJOR

Those wishing to declare the major should schedule an appointment with the legal studies advisor.

**To declare the legal studies major, students must complete three (3) prerequisite courses with grades of C or better.** Students may be exempt from COMM-A by their English Placement score and from QR-A by their Math Placement score.

The three prerequisite courses consist of:

- a Communication A course;
- a Quantitative Reasoning A course; and
- one "Gateway Course" chosen from the list below.

### GATEWAY COURSES

| Code | Title | Credits |
|---|---|---|
| Select one of the following: | | 3-4 |
| LEGAL ST/SOC 131 | Criminal Justice in America | |
| LEGAL ST/POLI SCI 217 | Law, Politics and Society | |

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |

| | |
|---|---|
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

11 total courses in the following categories:[2]

## THEME: LEGAL INSTITUTIONS

Two courses required from:

| Code | Title | Credits |
|---|---|---|
| *Theme Group 1: Legal Institutions* | | |
| GEN BUS 301 | Business Law | 3 |
| GEN BUS 302 | Business Organizations and Negotiable Instruments | 3 |
| ELPA 502 | Workshop in Educational Leadership and Policy Analysis (*Law and Public Educ) | 1-3 |
| LEGAL ST/ HISTORY 261 | American Legal History to 1860 | 3 |
| LEGAL ST/ HISTORY 262 | American Legal History, 1860 to the Present | 3 |
| LEGAL ST 400 | Topics in Legal Studies and the Social Sciences (* Comp Con Law) | 3-4 |
| LEGAL ST 409 | Human Rights in Law and Society [1] | 3 |
| LEGAL ST/SOC 415 | The Legal Profession | 3-4 |
| LEGAL ST 444 | Law in Action | 3 |
| LEGAL ST/LAW/ SOC 641 | Sociology of Law | 3-4 |
| POLI SCI 309 | Civil Liberties in the United States | 3-4 |
| POLI SCI 311 | United States Congress | 3-4 |
| POLI SCI 340 | The European Union: Politics and Political Economy | 3-4 |
| POLI SCI 347 | Terrorism | 3 |
| POLI SCI 354 | International Institutions and World Order | 3-4 |
| POLI SCI 356 | Principles of International Law | 3-4 |
| POLI SCI 408 | The American Presidency | 3-4 |
| POLI SCI 401 | Selected Topics in Political Science (*Legal Writing *Global Access to Justice) | 3-4 |
| POLI SCI 411 | The American Constitution : Powers and Structures of Government | 4 |
| POLI SCI 412 | The American Constitution: Rights and Civil Liberties | 4 |
| POLI SCI 414 | The Supreme Court as a Political Institution | 3 |
| POLI SCI 417 | The American Judicial System | 3-4 |
| POLI SCI/ PUB AFFR 419 | Administrative Law | 3-4 |
| POLI SCI 432 | Comparative Legal Institutions | 3-4 |
| POLI SCI/ INTL ST 434 | The Politics of Human Rights | 3-4 |
| POLI SCI/ INTL ST 439 | The Comparative Study of Genocide | 3-4 |
| POLI SCI 470 | The First Amendment | 3-4 |
| POLI SCI 510 | Politics of Government Regulation | 3-4 |
| POLI SCI 601 | Proseminar: Topics in Political Science (*Supreme Court *Constitutional Issues) | 3 |
| POLI SCI 635 | Comparative Politics of Sport | 3-4 |

## THEME DISTRIBUTION [3]

Four courses from at least three of the following Theme groups:

### Process of Legal Order and Disorder

| Code | Title | Credits |
|---|---|---|
| *Theme 2: Processes of Legal Order & Disorder* | | |
| COM ARTS 371 | Communication and Conflict Resolution | 3 |
| COM ARTS 671 | Communication and Social Conflict | 3 |
| ENVIR ST/ M&ENVTOX/ PL PATH 368 | Environmental Law, Toxic Substances, and Conservation | 2 |
| HISTORY 344 | The Age of the American Revolution, 1763-1789 | 3-4 |
| INTL ST 601 | Topics in Global Security (*International Criminal Justice: Models & Practice) | 1-4 |

| | | |
|---|---|---|
| LEGAL ST/L I S 460 | Surveillance, Privacy, and Police Powers | 3 |
| LEGAL ST/SOC 694 | Criminal Justice Field Observation | 2-3 |
| POLI SCI 314 | Criminal Law and Justice | 3-4 |
| PSYCH 526 | The Criminal Mind: Forensic and Psychobiological Perspectives | 4 |
| PSYCH 601 | Current Topics in Psychology (*Juv Delin) | 3 |
| R M I 615 | Liability Risk Management | 3 |
| SOC 421 | Processes of Deviant Behavior | 3-4 |
| SOC 441 | Criminology | 3-4 |
| SOC 446 | Juvenile Delinquency | 3-4 |

### Law and Social Forces

| Code | Title | Credits |
|---|---|---|
| *Theme 3: Law & Social Forces* | | |
| AFROAMER/ GEN&WS 625 | Gender, Race and the Civil Rights Movement | 3 |
| AFROAMER 671 | Selected Topics in Afro-American History (*Crim Blkns; Race & Inprison) | 3 |
| AFROAMER 673 | Selected Topics in Afro-American Society (*Race and Policing ) | 3 |
| AMER IND 450 | Issues in American Indian Studies (*Indigenous Rights *Nat Resources *Fed Ind Law *Ind Child Welfare) | 3 |
| ECON 522 | Law and Economics | 3-4 |
| ENVIR ST 349 | Climate Change Governance | 3 |
| ENVIR ST/GEOG 439 | US Environmental Policy and Regulation | 3-4 |
| HISTORY 408 | American Labor History: 1900-Present | 3-4 |
| GEN&WS 424 | Women's International Human Rights | 3 |
| HISTORY 500 | Reading Seminar in History (*Chinese Law) | 3 |
| HISTORY/ AFROAMER 628 | History of the Civil Rights Movement in the United States | 3 |
| LEGAL ST 400 | Topics in Legal Studies and the Social Sciences (Topic: Neighborhoods, Crime and Punishment *Civil Rights *Wrongful Convictions *Impacts Social Legal) [1] | 3-4 |
| LEGAL ST/GEN&WS 422 | Women and the Law | 3 |
| LEGAL ST/GEN&WS/ SOC 425 | Crime, Gender and Justice [1] | 3 |

| LEGAL ST/CHICLA/ SOC 440 | Ethnicity, Race, and Justice | 3-4 |
| LEGAL ST/CHICLA/ SOC 443 | Immigration, Crime, and Enforcement | 3-4 |
| LEGAL ST 450 | Topics in Legal Studies and the Humanities (*Jewish Law) | 3-4 |
| LEGAL ST/L I S 645 | Intellectual Freedom | 3 |
| LEGAL ST/L I S 663 | Introduction to Cyberlaw | 3 |
| POLI SCI/ INTL ST 434 | The Politics of Human Rights | 3-4 |
| PSYCH 311 | Issues in Psychology (*Psychology of Law) | 1-4 |
| PSYCH 401 | Psychology, Law, and Social Policy | 3 |
| PSYCH 601 | Current Topics in Psychology (*Legal Psych) | 3 |
| SOC/ASIAN AM 220 | Ethnic Movements in the United States | 3-4 |

### Law and Culture

| Code | Title | Credits |
|---|---|---|
| *Theme 4: Law & Culture* | | |
| ANTHRO 350 | Political Anthropology [1] | 3-4 |
| ANTHRO 448 | Anthropology of Law [1] | 3 |
| COMP LIT 203 | Introduction to Cross-Cultural Literary Forms (*Law & Lit *Prison & the dream of freed) | 3 |
| COMP LIT 350 | Problems in Comparative Literatures and Cultures (*Literature and Prison *Literature & Prison) | 3-4 |
| COMP LIT 500 | The Comparative In and Beyond Comparative Literature (*Guilt) | 3 |
| ENGL 142 | Mystery and Crime Fiction | 3 |
| HISTORY 201 | The Historian's Craft (*Shanghai Life) | 3-4 |
| HISTORY 500 | Reading Seminar in History (*Chinese Law) | 3 |
| ILS 371 | Interdisciplinary Studies in the Arts and Humanities (*Books by Crooks) | 3 |
| LEGAL ST 450 | Topics in Legal Studies and the Humanities (*Criminal Justice and Popular Culture) | 3-4 |
| LEGAL ST/ HISTORY 477 | History of Forensic Science [1] | 3 |
| LEGAL ST/ HISTORY 510 | Legal Pluralism [1] | 3 |
| LITTRANS 236 | Bascom Course-In Translation (*Extreme Stories ) | 3 |
| LITTRANS 324 | Topics in Scandinavian Literature (*Criminal Utopias) | 3-4 |

### Law and Theory

| Code | Title | Credits |
|---|---|---|
| *Theme 5: Law & Theory* | | |
| HISTORY/ LEGAL ST 476 | Medieval Law and Society | 3 |
| LEGAL ST/HISTORY 426 | The History of Punishment [1] | 3-4 |
| LEGAL ST/ HISTORY 459 | Rule of Law: Philosophical and Historical Models [1] | 3-4 |
| LEGAL ST 450 | Topics in Legal Studies and the Humanities (*Jurisprudence) | 3-4 |
| JOURN 563 | Law of Mass Communication | 4 |
| MED HIST/ PHILOS 558 | Ethical Issues in Health Care | 3 |

| | | |
|---|---|---|
| PHILOS 304 | Topics in Philosophy: Humanities (Philos and Criminal Punishment) | 3-4 |
| PHILOS 341 | Contemporary Moral Issues | 3-4 |
| PHILOS 559 | Philosophy of Law | 3 |
| PHILOS/MED HIST/ AGRONOMY/C&E SOC 565 | The Ethics of Modern Biotechnology | 3-4 |

## METHODS AND RESEARCH

Two courses, one each from:

| Code | Title | Credits |
|---|---|---|
| **Research Design** | | |
| POLI SCI 170 | Research Methods in Political Science | |
| POLI SCI/JOURN/ URB R PL 373 | Introduction to Survey Research | |
| PSYCH 225 | Research Methods | |
| SOC/ C&E SOC 357 | Methods of Sociological Inquiry | |
| **Statistics** | | |
| ECON 310 | Statistics: Measurement in Economics | |
| POLI SCI 374 | Introduction to Statistical Inference for Political Research | |
| PSYCH 210 | Basic Statistics for Psychology | |
| SOC/ C&E SOC 360 | Statistics for Sociologists I | |
| STAT 301 | Introduction to Statistical Methods | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |

## CORE PERSPECTIVES [4]

| Code | Title | Credits |
|---|---|---|
| **One Core Perspective course:** | | |
| LEGAL ST/ HISTORY 261 | American Legal History to 1860 | |
| LEGAL ST/ HISTORY 262 | American Legal History, 1860 to the Present | |
| LEGAL ST 400 | Topics in Legal Studies and the Social Sciences (*Civil Rights *Amer Juvenile Just *Race Law *Neighborhoods, Crime and Punishment *Wrongful Convictions *Comp Con Law) | |
| LEGAL ST 409 | Human Rights in Law and Society | |
| LEGAL ST/ GEN&WS/ SOC 425 | Crime, Gender and Justice | |
| LEGAL ST/ HISTORY 426 | The History of Punishment | |
| LEGAL ST/ CHICLA/SOC 440 | Ethnicity, Race, and Justice | |
| LEGAL ST/ CHICLA/SOC 443 | Immigration, Crime, and Enforcement | |
| LEGAL ST 450 | Topics in Legal Studies and the Humanities (*Jurisprudence *Criminal Justice and Popular Culture) | |
| LEGAL ST/ HISTORY 459 | Rule of Law: Philosophical and Historical Models | |
| LEGAL ST/ L I S 460 | Surveillance, Privacy, and Police Powers | |
| LEGAL ST/ HISTORY 477 | History of Forensic Science | |
| LEGAL ST/ HISTORY 510 | Legal Pluralism | |
| LEGAL ST 600 | Special Topics in Legal Studies | |
| LEGAL ST/SOC 641 | Sociology of Law | |
| **Electives** [5] | | |
| *Choose either a Senior Thesis...* | | |
| LEGAL ST 681 & LEGAL ST 682 | Senior Honors Thesis and Senior Honors Thesis | |
| LEGAL ST 691 & LEGAL ST 692 | Senior Thesis and Senior Thesis | |
| POLI SCI 681 & POLI SCI 682 | Senior Honors Thesis and Senior Honors Thesis | |
| *... or two additional Theme courses from above* | | |

## [1]NON-US LEGAL SYSTEMS

At least two courses in the major must have substantial content dealing with countries or cultures outside the United States. These courses are footnoted with a number one (1) in the lists of courses in each Theme group. For this requirement, a course can count both for purposes of meeting the Distribution requirement above and the Non-US Legal Systems requirement.

### Footnotes

1 This course has substantial content dealing with countries or cultures other than the United States.

2 No more than four (4) courses from any single SUBJECT (e.g., POLI SCI) may count toward the legal studies major; this restriction does not apply to LEGAL ST courses or courses cross-listed with LEGAL ST.

3 Though some courses may appear in more than one Theme Group and/or Core Perspective, a single course will only satisfy one (and only one) requirement. Courses will not be double counted.

4 All legal studies majors are required to take one Core Perspectives course taught by core legal studies faculty; if any of the listed courses is taught by non–legal studies faculty, the determination of whether they will count for Core Perspectives credit will be made prior to the beginning of the semester in which the course is offered. Each of these courses is intended to provide a broad and intellectually flexible perspective that can serve as a framework for gaining a deeper understanding of the material taught in other courses in the program. The Core Perspectives courses do not necessarily overlap; the criterion for inclusion of courses in the list below is that each explores its substantive content area through a range of social, scientific and humanistic approaches.

5 Students pursuing the senior thesis option must, in their senior year, arrange to register for 6 credits of Senior Thesis or Senior Honors Thesis in consecutive semesters for 3 credits each semester. Students are responsible for contacting a faculty member whom they

would like to act as the senior thesis advisor; the major advisor can assist students in the process of selecting a senior thesis faculty advisor. Students must have the approval of the senior thesis faculty advisor before enrollment because the student will enroll for thesis credits in the department of the senior thesis faculty advisor. A student will not be able to enroll for thesis credits until after meeting with that faculty advisor. Students who plan to attend law school or graduate school and who maintain a University GPA of 3.000 or better at the beginning of the senior year (86 credits) are strongly urged to select the Senior Thesis option. The purpose of the thesis is to allow students to focus their interests and develop knowledge in one area of the field. Students may choose any legal studies topic for the senior thesis. The project involves using the library to review existing research and conducting original research designed by the student under the supervision of a faculty advisor. Early planning is best. Students contemplating the senior thesis option should schedule a legal studies advising appointment at least one semester before enrolling in senior thesis credits. A copy of the senior thesis paper, approved by the faculty advisor, must be submitted to the major advisor upon completion of the project.

### RESIDENCE AND QUALITY OF WORK

2.000 GPA in all LEGAL ST and major courses

2.000 GPA on 15 upper-level major credits, taken in residence: LEGAL ST and major courses that are designated at Intermediate or Advanced level count as upper level.

15 credits in LEGAL ST and courses for the major, taken on campus

## HONORS IN THE MAJOR

Students may apply for admission to Honors in the Legal Studies Major in consultation with the Legal Studies undergraduate advisor(s).

### HONORS IN THE LEGAL STUDIES MAJOR: ENTRANCE REQUIREMENTS

- Declaration of the legal studies major
- A 3.300 overall university GPA
- A 3.500 GPA for all LEGAL ST courses, and all courses accepted in the major
- Completion of or current enrollment in, for Honors credit, at least one course accepted in the major

### HONORS IN THE LEGAL STUDIES MAJOR: REQUIREMENTS

To earn Honors in the Major in Legal Studies, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Earn a 3.500 GPA for all LEGAL ST courses, and all courses accepted in the major
- Complete the research design and statistics requirements for the regular major prior to enrollment in the Senior Honors Thesis (typically junior year)
- Complete 15 credits in the major, taken for Honors, earning a B or better grade in each course
- Complete a two-semester Senior Honors thesis in LEGAL ST 681 and LEGAL ST 682, for a total of 6 credits.[6]

[6] The equivalent course in the advisor's home department may be acceptable; please see the legal studies undergraduate advisor(s) for details.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Analyze and articulate their own arguments about how social, political, and cultural phenomena shape law and legal systems.
2. Analyze and articulate their own arguments about the social, political, and cultural impacts of law at the societal and individual levels.
3. Demonstrate knowledge about how legal ideas and ideologies have changed over time and have shaped law and legal systems.
4. Demonstrate their abilities to find, interpret, and utilize resources relevant to law and society.
5. Demonstrate their abilities to analyze information, to write clearly and persuasively, and to construct original arguments.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication-A (complete during your first year) | 3 | Ethnic Studies (complete within first 60 credits) | 3 |
| Quantitative Reasoning-A (complete during your first year) | 3 | L&S Breadth | 3 |
| Foreign Language (if required) | 3-4 | L&S Breadth | 3 |
| LEGAL ST/SOC 131 or 217 | 3-4 | Foreign Language (if required for the BA) | 3-4 |
| First-Year Seminar (optional) | 1 | I/A Comp Sci, Math, or Stats (if required for the BS) | 3-4 |
| | 13-15 | | 15-17 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Legal Studies Theme Course | 3 | Legal Studies Theme Course | 3 |
| L&S Breadth | 3 | Communication-B | 3-4 |
| Statistics (also satisfies Quantitative Reasoning B) | 3-4 | Research Design requirement | 3-4 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| Elective | 3 | Elective | 3 |
| | 15-16 | | 15-17 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Legal Studies Theme Course | 4 | Legal Studies Theme Course | 4 |
| Legal Studies Theme Course (non US focus) | 3 | Legal Studies Theme Course (non US focus) | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| L&S Breadth | 3 | Elective | 3 |
| | 16 | | 16 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Additional Theme Course or First Semester Senior Thesis | 3 | Additional Theme Course or Second Semester Senior Thesis | 3 |
| Core Perspectives Course | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| | 15 | | 15 |

Total Credits 120-127

## ADVISING AND CAREERS

### ADVISING APPOINTMENTS

Martine Delannay, Room 8137, Sewell Social Sciences Building

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

# LEGAL STUDIES, B.S.

Legal studies is an undergraduate major in the College of Letters & Science. The program's mission is to provide a liberal education across traditional disciplines, focusing on the theory and operation of law and legal institutions. The courses in the legal studies major expose students to the many facets of law as a social phenomenon—its evolution, function, motivating ideas and effects. The major is not intended as preparation for law school because the emphasis is on exploring broadly defined questions about law from a variety of perspectives, rather than on training for the profession. The legal studies major is, however, suitable for pre-law students.

The curriculum is designed around the following five themes: Legal Institutions, Processes of Legal Order and Disorder, Law and Social Forces, Law and Culture, and Law and Theory.

### Theme Group 1: Legal Institutions

Institutions are at the core of social life. They govern our interactions, distribute power and resources, and influence how we make sense of the world. Courses in this theme group focus on those institutions involved in the creation and application of law. They explore such questions as how legal institutions evolve; how legal institutions help determine the shape of law—in doctrine and in action—and how and whether, in turn, legal institutions can be shaped to create different social outcomes. Institutions are central to the studies of society and politics throughout the disciplines, and courses in the group include perspectives from history, anthropology, sociology, political science, and political theory.

### Theme Group 2: Processes of Legal Order and Disorder

This theme examines the dynamics of order at the individual and societal level. In the course of this examination, students are made aware of

the political and social biases that can underlie definitions of "order." This theme should also allow students to address how social and political biases relate to divisions of class, race and gender, and how the mechanisms of conflict resolution and order maintenance can be used to reinforce or challenge existing power structures.

### Theme Group 3: Law and Social Forces

This theme group explores the intersection between law, social structures and social movements. Courses in this group address social inequality, generally in the U.S. context, grounded in ethno-racial, gender, and sexuality-based difference. At critical points, the struggle for equality has taken pointedly legal form, whether in the shape of campaigns for legislative change or recognition, or through the litigation of particular cases. Legal categories have informed social identities. Equally, changing social identities have pushed back on legal categories. Courses integrate broad social dynamics with the rise of organized social movements that use law as an arena in which to reassess social life and values.

### Theme Group 4: Law and Culture

This theme group introduces students to legal thought, institutions, and practices beyond mainstream or contemporary legal systems, specifically modern Euro-American legal cultures. Courses in this theme group present either culturally based challenges to mainstream modern legal systems or legal systems that are culturally or historically distinct from them. The comparative study of distinct legal traditions and movements forces us to reexamine the cultural presuppositions embedded in modern legal systems, revealing both good reasons for defending mainstream Euro-American laws and arguments and models for changing or questioning prevailing systems. Courses examine historical developments in or affecting law, non-Western legal thought or traditions, and the effect of cultural institutions such as religion, literature, or media on law.

### Theme Group 5: Law and Theory

Many theoretical and philosophical questions are articulated as propositions about law: its nature, sources, contents, and relations to other aspects of social life. While only some philosophers or social, political or legal theorists work specifically in the area of "legal theory," almost literally all work in any of these areas contributes to our understanding of the sources and nature of law, legal institutions and legal practices, and for many if not most theorists explicit discussions of law are central elements of their work. Courses in this theme group focus on the ways in which "law" is treated as a working concept or as a subject of study in theoretical works, and conversely on how understandings drawn from theoretical writings inform our own understanding of law in all its dimensions.

## HOW TO GET IN

# REQUIREMENTS TO DECLARE THE MAJOR

Those wishing to declare the major should schedule an appointment with the legal studies advisor.

**To declare the legal studies major, students must complete three (3) prerequisite courses with grades of C or better.** Students may be exempt from COMM-A by their English Placement score and from QR-A by their Math Placement score.

The three prerequisite courses consist of:

- a Communication A course;
- a Quantitative Reasoning A course; and
- one "Gateway Course" chosen from the list below.

### GATEWAY COURSES

| Code | Title | Credits |
|---|---|---|
| Select one of the following: | | 3-4 |
| LEGAL ST/SOC 131 | Criminal Justice in America | |
| LEGAL ST/POLI SCI 217 | Law, Politics and Society | |

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |

| | |
|---|---|
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

11 total courses in the following categories:[2]

## THEME: LEGAL INSTITUTIONS

Two courses required from:

| Code | Title | Credits |
|---|---|---|
| *Theme Group 1: Legal Institutions* | | |
| GEN BUS 301 | Business Law | 3 |
| GEN BUS 302 | Business Organizations and Negotiable Instruments | 3 |
| ELPA 502 | Workshop in Educational Leadership and Policy Analysis (*Law and Public Educ) | 1-3 |
| LEGAL ST/ HISTORY 261 | American Legal History to 1860 | 3 |
| LEGAL ST/ HISTORY 262 | American Legal History, 1860 to the Present | 3 |
| LEGAL ST 400 | Topics in Legal Studies and the Social Sciences (* Comp Con Law) | 3-4 |
| LEGAL ST 409 | Human Rights in Law and Society [1] | 3 |
| LEGAL ST/SOC 415 | The Legal Profession | 3-4 |
| LEGAL ST 444 | Law in Action | 3 |
| LEGAL ST/LAW/ SOC 641 | Sociology of Law | 3-4 |
| POLI SCI 309 | Civil Liberties in the United States | 3-4 |
| POLI SCI 311 | United States Congress | 3-4 |

| POLI SCI 408 | The American Presidency | 3-4 |
| POLI SCI 401 | Selected Topics in Political Science (*Legal Writing *Global Access to Justice) | 3-4 |
| POLI SCI 411 | The American Constitution : Powers and Structures of Government | 4 |
| POLI SCI 412 | The American Constitution: Rights and Civil Liberties | 4 |
| POLI SCI 414 | The Supreme Court as a Political Institution | 3 |
| POLI SCI 417 | The American Judicial System | 3-4 |
| POLI SCI/ PUB AFFR 419 | Administrative Law | 3-4 |
| POLI SCI 432 | Comparative Legal Institutions | 3-4 |
| POLI SCI/ INTL ST 434 | The Politics of Human Rights | 3-4 |
| POLI SCI/ INTL ST 439 | The Comparative Study of Genocide | 3-4 |
| POLI SCI 470 | The First Amendment | 3-4 |
| POLI SCI 510 | Politics of Government Regulation | 3-4 |
| POLI SCI 601 | Proseminar: Topics in Political Science (*Supreme Court *Constitutional Issues) | 3 |
| POLI SCI 635 | Comparative Politics of Sport | 3-4 |

## THEME DISTRIBUTION [3]

Four courses from at least three of the following Theme groups:

### Process of Legal Order and Disorder

| Code | Title | Credits |
|---|---|---|
| *Theme 2: Processes of Legal Order & Disorder* | | |
| COM ARTS 371 | Communication and Conflict Resolution | 3 |
| COM ARTS 671 | Communication and Social Conflict | 3 |
| ENVIR ST/ M&ENVTOX/ PL PATH 368 | Environmental Law, Toxic Substances, and Conservation | 2 |
| HISTORY 344 | The Age of the American Revolution, 1763-1789 | 3-4 |

| | | |
|---|---|---|
| INTL ST 601 | Topics in Global Security (*International Criminal Justice: Models & Practice) | 1-4 |
| LEGAL ST/L I S 460 | Surveillance, Privacy, and Police Powers | 3 |
| LEGAL ST/SOC 694 | Criminal Justice Field Observation | 2-3 |
| POLI SCI 314 | Criminal Law and Justice | 3-4 |
| PSYCH 526 | The Criminal Mind: Forensic and Psychobiological Perspectives | 4 |
| PSYCH 601 | Current Topics in Psychology (*Juv Delin) | 3 |
| R M I 615 | Liability Risk Management | 3 |
| SOC 421 | Processes of Deviant Behavior | 3-4 |
| SOC 441 | Criminology | 3-4 |
| SOC 446 | Juvenile Delinquency | 3-4 |

### Law and Social Forces

| Code | Title | Credits |
|---|---|---|
| *Theme 3: Law & Social Forces* | | |
| AFROAMER/ GEN&WS 625 | Gender, Race and the Civil Rights Movement | 3 |
| AFROAMER 671 | Selected Topics in Afro-American History (*Crim Blkns; Race & Inprison) | 3 |
| AFROAMER 673 | Selected Topics in Afro-American Society (*Race and Policing ) | 3 |
| AMER IND 450 | Issues in American Indian Studies (*Indigenous Rights *Nat Resources *Fed Ind Law *Ind Child Welfare) | 3 |
| ECON 522 | Law and Economics | 3-4 |
| ENVIR ST 349 | Climate Change Governance | 3 |
| ENVIR ST/GEOG 439 | US Environmental Policy and Regulation | 3-4 |
| HISTORY 408 | American Labor History: 1900-Present | 3-4 |
| GEN&WS 424 | Women's International Human Rights | 3 |
| HISTORY 500 | Reading Seminar in History (*Chinese Law) | 3 |
| HISTORY/ AFROAMER 628 | History of the Civil Rights Movement in the United States | 3 |
| LEGAL ST 400 | Topics in Legal Studies and the Social Sciences (Topic: Neighborhoods, Crime and Punishment *Civil Rights *Wrongful Convictions *Impacts Social Legal) [1] | 3-4 |
| LEGAL ST/GEN&WS 422 | Women and the Law | 3 |
| LEGAL ST/GEN&WS/ SOC 425 | Crime, Gender and Justice [1] | 3 |
| LEGAL ST/ENVIR ST/ HISTORY 430 | Law and Environment: Historical and Contemporary Perspectives | 3 |
| LEGAL ST/CHICLA/ SOC 440 | Ethnicity, Race, and Justice | 3-4 |
| LEGAL ST/CHICLA/ SOC 443 | Immigration, Crime, and Enforcement | 3-4 |
| LEGAL ST 450 | Topics in Legal Studies and the Humanities (*Jewish Law) | 3-4 |
| LEGAL ST/L I S 645 | Intellectual Freedom | 3 |
| LEGAL ST/L I S 663 | Introduction to Cyberlaw | 3 |
| POLI SCI/ INTL ST 434 | The Politics of Human Rights | 3-4 |
| PSYCH 311 | Issues in Psychology (*Psychology of Law) | 1-4 |
| PSYCH 401 | Psychology, Law, and Social Policy | 3 |
| PSYCH 601 | Current Topics in Psychology (*Legal Psych) | 3 |
| SOC/ASIAN AM 220 | Ethnic Movements in the United States | 3-4 |

### Law and Culture

| Code | Title | Credits |
|---|---|---|
| *Theme 4: Law & Culture* | | |
| ANTHRO 350 | Political Anthropology [1] | 3-4 |
| ANTHRO 448 | Anthropology of Law [1] | 3 |
| COMP LIT 203 | Introduction to Cross-Cultural Literary Forms (*Law & Lit *Prison & the dream of freed) | 3 |
| COMP LIT 350 | Problems in Comparative Literatures and Cultures (*Literature and Prison *Literature & Prison) | 3-4 |
| COMP LIT 500 | The Comparative In and Beyond Comparative Literature (*Guilt) | 3 |
| ENGL 142 | Mystery and Crime Fiction | 3 |
| HISTORY 201 | The Historian's Craft (*Shanghai Life) | 3-4 |
| HISTORY 500 | Reading Seminar in History (*Chinese Law) | 3 |
| ILS 371 | Interdisciplinary Studies in the Arts and Humanities (*Books by Crooks) | 3 |
| LEGAL ST 450 | Topics in Legal Studies and the Humanities (*Criminal Justice and Popular Culture) | 3-4 |
| LEGAL ST/ HISTORY 477 | History of Forensic Science [1] | 3 |
| LEGAL ST/ HISTORY 510 | Legal Pluralism [1] | 3 |
| LITTRANS 236 | Bascom Course-In Translation (*Extreme Stories ) | 3 |
| LITTRANS 324 | Topics in Scandinavian Literature (*Criminal Utopias) | 3-4 |

### Law and Theory

| Code | Title | Credits |
|---|---|---|
| *Theme 5: Law & Theory* | | |
| HISTORY/ LEGAL ST 476 | Medieval Law and Society | 3 |
| LEGAL ST/HISTORY 426 | The History of Punishment [1] | 3-4 |
| LEGAL ST/ HISTORY 459 | Rule of Law: Philosophical and Historical Models [1] | 3-4 |
| LEGAL ST 450 | Topics in Legal Studies and the Humanities (*Jurisprudence) | 3-4 |

| | | |
|---|---|---|
| JOURN 563 | Law of Mass Communication | 4 |
| MED HIST/ PHILOS 558 | Ethical Issues in Health Care | 3 |
| PHILOS 304 | Topics in Philosophy: Humanities (Philos and Criminal Punishment) | 3-4 |
| PHILOS 341 | Contemporary Moral Issues | 3-4 |
| PHILOS 559 | Philosophy of Law | 3 |
| PHILOS/MED HIST/ AGRONOMY/C&E SOC 565 | The Ethics of Modern Biotechnology | 3-4 |

## METHODS AND RESEARCH

Two courses, one each from:

| Code | Title | Credits |
|---|---|---|
| **Research Design** | | |
| POLI SCI 170 | Research Methods in Political Science | |
| POLI SCI/JOURN/ URB R PL 373 | Introduction to Survey Research | |
| PSYCH 225 | Research Methods | |
| SOC/ C&E SOC 357 | Methods of Sociological Inquiry | |
| **Statistics** | | |
| ECON 310 | Statistics: Measurement in Economics | |
| POLI SCI 374 | Introduction to Statistical Inference for Political Research | |
| PSYCH 210 | Basic Statistics for Psychology | |
| SOC/ C&E SOC 360 | Statistics for Sociologists I | |
| STAT 301 | Introduction to Statistical Methods | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |

## CORE PERSPECTIVES [4]

| Code | Title | Credits |
|---|---|---|
| **One Core Perspective course:** | | |
| LEGAL ST/ HISTORY 261 | American Legal History to 1860 | |
| LEGAL ST/ HISTORY 262 | American Legal History, 1860 to the Present | |
| LEGAL ST 400 | Topics in Legal Studies and the Social Sciences (*Civil Rights *Amer Juvenile Just *Race Law *Neighborhoods, Crime and Punishment *Wrongful Convictions *Comp Con Law) | |
| LEGAL ST 409 | Human Rights in Law and Society | |
| LEGAL ST/ GEN&WS/ SOC 425 | Crime, Gender and Justice | |
| LEGAL ST/ HISTORY 426 | The History of Punishment | |
| LEGAL ST/ CHICLA/SOC 440 | Ethnicity, Race, and Justice | |
| LEGAL ST/ CHICLA/SOC 443 | Immigration, Crime, and Enforcement | |
| LEGAL ST 450 | Topics in Legal Studies and the Humanities (*Jurisprudence *Criminal Justice and Popular Culture) | |
| LEGAL ST/ HISTORY 459 | Rule of Law: Philosophical and Historical Models | |
| LEGAL ST/ L I S 460 | Surveillance, Privacy, and Police Powers | |
| LEGAL ST/ HISTORY 477 | History of Forensic Science | |
| LEGAL ST/ HISTORY 510 | Legal Pluralism | |
| LEGAL ST 600 | Special Topics in Legal Studies | |
| LEGAL ST/SOC 641 | Sociology of Law | |
| **Electives** [5] | | |
| *Choose either a Senior Thesis...* | | |
| LEGAL ST 681 & LEGAL ST 682 | Senior Honors Thesis and Senior Honors Thesis | |
| LEGAL ST 691 & LEGAL ST 692 | Senior Thesis and Senior Thesis | |
| POLI SCI 681 & POLI SCI 682 | Senior Honors Thesis and Senior Honors Thesis | |
| *... or two additional Theme courses from above* | | |

## [1]NON-US LEGAL SYSTEMS

At least two courses in the major must have substantial content dealing with countries or cultures outside the United States. These courses are footnoted with a number one (1) in the lists of courses in each Theme group. For this requirement, a course can count both for purposes of meeting the Distribution requirement above and the Non-US Legal Systems requirement.

### Footnotes

1 This course has substantial content dealing with countries or cultures other than the United States.

2 No more than four (4) courses from any single SUBJECT (e.g., POLI SCI) may count toward the legal studies major; this restriction does not apply to LEGAL ST courses or courses cross-listed with LEGAL ST.

3 Though some courses may appear in more than one Theme Group and/or Core Perspective, a single course will only satisfy one (and only one) requirement. Courses will not be double counted.

4 All legal studies majors are required to take one Core Perspectives course taught by core legal studies faculty; if any of the listed courses is taught by non–legal studies faculty, the determination of whether they will count for Core Perspectives credit will be made prior to the beginning of the semester in which the course is offered. Each of these courses is intended to provide a broad and intellectually flexible perspective that can serve as a framework for gaining a deeper understanding of the material taught in other courses in the program. The Core Perspectives courses do not necessarily overlap; the criterion for inclusion of courses in the list below is that each explores its substantive content area through a range of social, scientific and humanistic approaches.

5 Students pursuing the senior thesis option must, in their senior year, arrange to register for 6 credits of Senior Thesis or Senior

Honors Thesis in consecutive semesters for 3 credits each semester. Students are responsible for contacting a faculty member whom they would like to act as the senior thesis advisor; the major advisor can assist students in the process of selecting a senior thesis faculty advisor. Students must have the approval of the senior thesis faculty advisor before enrollment because the student will enroll for thesis credits in the department of the senior thesis faculty advisor. A student will not be able to enroll for thesis credits until after meeting with that faculty advisor. Students who plan to attend law school or graduate school and who maintain a University GPA of 3.000 or better at the beginning of the senior year (86 credits) are strongly urged to select the Senior Thesis option. The purpose of the thesis is to allow students to focus their interests and develop knowledge in one area of the field. Students may choose any legal studies topic for the senior thesis. The project involves using the library to review existing research and conducting original research designed by the student under the supervision of a faculty advisor. Early planning is best. Students contemplating the senior thesis option should schedule a legal studies advising appointment at least one semester before enrolling in senior thesis credits. A copy of the senior thesis paper, approved by the faculty advisor, must be submitted to the major advisor upon completion of the project.

### RESIDENCE AND QUALITY OF WORK

2.000 GPA in all LEGAL ST and major courses

2.000 GPA on 15 upper-level major credits, taken in residence: LEGAL ST and major courses that are designated at Intermediate or Advanced level count as upper level.

15 credits in LEGAL ST and courses for the major, taken on campus

## HONORS IN THE MAJOR

Students may apply for admission to Honors in the Legal Studies Major in consultation with the Legal Studies undergraduate advisor(s).

### HONORS IN THE LEGAL STUDIES MAJOR: ENTRANCE REQUIREMENTS

- Declaration of the legal studies major
- A 3.300 overall university GPA
- A 3.500 GPA for all LEGAL ST courses, and all courses accepted in the major
- Completion of or current enrollment in, for Honors credit, at least one course accepted in the major

### HONORS IN THE LEGAL STUDIES MAJOR: REQUIREMENTS

To earn Honors in the Major in Legal Studies, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Earn a 3.500 GPA for all LEGAL ST courses, and all courses accepted in the major
- Complete the research design and statistics requirements for the regular major prior to enrollment in the Senior Honors Thesis (typically junior year)
- Complete 15 credits in the major, taken for Honors, earning a B or better grade in each course
- Complete a two-semester Senior Honors thesis in LEGAL ST 681 and LEGAL ST 682, for a total of 6 credits.[6]

[6] The equivalent course in the advisor's home department may be acceptable; please see the legal studies undergraduate advisor(s) for details.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Analyze and articulate their own arguments about how social, political, and cultural phenomena shape law and legal systems.
2. Analyze and articulate their own arguments about the social, political, and cultural impacts of law at the societal and individual levels.
3. Demonstrate knowledge about how legal ideas and ideologies have changed over time and have shaped law and legal systems.
4. Demonstrate their abilities to find, interpret, and utilize resources relevant to law and society.
5. Demonstrate their abilities to analyze information, to write clearly and persuasively, and to construct original arguments.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication-A (complete during your first year) | 3 | Ethnic Studies (complete within first 60 credits) | 3 |
| Quantitative Reasoning-A (complete during your first year) | 3 | L&S Breadth | 3 |
| Foreign Language (if required) | 3-4 | L&S Breadth | 3 |
| LEGAL ST/SOC 131 or 217 | 3-4 | Foreign Language (if required for the BA) | 3-4 |

| | | | |
|---|---|---|---|
| First-Year Seminar (optional) | 1 | I/A Comp Sci, Math, or Stats (if required for the BS) | 3-4 |
| | 13-15 | | 15-17 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Legal Studies Theme Course | 3 | Legal Studies Theme Course | 3 |
| L&S Breadth | 3 | Communication-B | 3-4 |
| Statistics (also satisfies Quantitative Reasoning B) | 3-4 | Research Design requirement | 3-4 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| Elective | 3 | Elective | 3 |
| | 15-16 | | 15-17 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Legal Studies Theme Course | 4 | Legal Studies Theme Course | 4 |
| Legal Studies Theme Course (non US focus) | 3 | Legal Studies Theme Course (non US focus) | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| L&S Breadth | 3 | Elective | 3 |
| | 16 | | 16 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Additional Theme Course or First Semester Senior Thesis | 3 | Additional Theme Course or Second Semester Senior Thesis | 3 |
| Core Perspectives Course | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| | 15 | | 15 |

Total Credits 120-127

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)

# CHEMISTRY

The mission of the Department of Chemistry is to conduct world-class, groundbreaking research in the chemical sciences while offering the highest quality of education to undergraduate students, graduate students, and postdoctoral associates. The department's leadership in research includes the traditional areas of physical, analytical, inorganic, and organic chemistry, and has rapidly evolved to encompass environmental chemistry, chemical biology, biophysical chemistry, soft and hard materials chemistry, and nanotechnology. The Department of Chemistry prides itself on its highly interactive, diverse, and collegial scientific environment. Our emphasis on collaboration connects us to colleagues across campus, around the country, and throughout the world.

The undergraduate chemistry major leads to a bachelor of science or a bachelor of arts degree awarded by the College of Letters & Science. The curriculum provides excellent preparation in chemistry, along with a wide breadth of liberal arts coursework. At the same time, the program provides significant opportunities for students to participate in scientific inquiry, within both laboratory courses and research laboratories. Students from other colleges within the university may pursue the chemistry major as an additional major. When pursuing a chemistry major, the undergraduate student must meet university general education requirements and breadth requirements of their own college, along with the specific requirements for the chemistry major.

The chemistry major provides students with the critical thinking and problem-solving skills necessary to be successful in a wide variety of careers in the chemical industries (e.g., consumer and agricultural products, materials, energy, petroleum, paper, food, etc.), as well as environmental, pharmaceutical, and other health-related sciences. Students are also well-prepared for graduate-level work in chemistry, chemical physics, biochemistry, biophysics, materials chemistry, and other related fields. Students who excel in undergraduate chemistry coursework are often able to obtain funding for their graduate work through teaching or research assistantships and fellowships. Combined with a master's program in secondary education, the major qualifies the student to teach chemistry in secondary schools. Chemistry majors have also been successful in a variety of professional programs where they have studied medicine, pharmacy, dentistry, veterinary medicine, business, or law.

## DEGREES/MAJORS/CERTIFICATES

- Chemistry, B.A. (p. 562)
- Chemistry, B.S. (p. 569)

## PEOPLE

### PROFESSORS

Berry, John
Blackwell, Helen
Brunold, Thomas
Burke, Steven
Burstyn, Judith (chair)
Cavagnero, Silvia
Choi, Kyoung-Shin
Coon, Joshua
Ediger, Mark
Fredrickson, Daniel
Gellman, Samuel
Hamers, Robert
Hermans, Ive
Jin, Song
Landis, Clark
McMahon, Robert
Moore, John
Nathanson, Gilbert
Record, Thomas
Schomaker, Jennifer
Schmidt, Jordan
Schwartz, David
Shakhashiri, Bassam
Sibert, Edwin (associate chair)
Smith, Lloyd
Stahl, Shannon
Weisshaar, James
Woods, Claude
Wright, John
Yethiraj, Arun
Yoon, Tehshik
Zanni, Martin

### ASSOCIATE PROFESSORS

Bertram, Timothy
Boydston, Andrew
Garand, Etienne
Goldsmith, Randall
Weix, Daniel

### ASSISTANT PROFESSORS

Buller, Andrew
Martell, Jeffrey
Wickens, Zachary

### AFFILIATED PROFESSORS

Abbott, Nicholas (Professor of Chemical and Biological Engineering)
Forest, Katrina (Professor of Bacteriology)
Ge, Ying (Associate Professor of Cell and Regenerative Biology)
Gilbert, Pupa (Professor of Physics)
Golden, Jennifer (Assistant Professor of Pharmacy)
Gong, Sarah (Professor of Biomedical Engineering)
Gopalan, Padma (Professor of Materials Science and Engineering)
Jackson, Catherine (Assistant Professor of History of Science)
Kuech, Thomas (Professor of Chemical and Biological Engineering)
Li, Lingjun (Professor of Pharmacy)
Lynn, David (Professor of Chemical and Biological Engineering)
Mecozzi, Sandro (Professor of Pharmacy)
Middlecamp, Catherine (Professor, Nelson Institute for Environmental Studies)
Pedersen, Joel (Professor of Soil Science)
Tang, Weiping (Professor of Pharmacy)
Weibel, Douglas (Professor of Biochemistry)
Yu, Lian (Professor of Pharmacy)

### INSTRUCTIONAL STAFF

Bain, Rachel (Senior Instructional Technology Specialist)
Block, Stephen (Lecturer and General Chemistry Assistant Laboratory Director)
Bowman, Matthew (Senior Lecturer)
Doolittle, Pamela (Analytical Chemistry Laboratory Director)
Ellison, Aubrey (Lecturer and Organic Chemistry Assistant Laboratory Director)
Esselman, Brian (Lecturer and Organic Chemistry Assistant Laboratory Director)
Gustin, Léa (Lecturer and General Chemistry Assistant Laboratory Director)
Hill, Nicholas (Organic Chemistry Laboratory Director)
Hooker, Paul (Senior Lecturer)
Lamont, Liana (General Chemistry Lecturer and Instructional Coordinator)
Maynard, James (Lecture Demonstrator)
McClain, Robert (Analytical Chemistry Laboratory Director)
Stoll, Lindy (General Chemistry Curriculum Coordinator)
Tatarsky, Amy (Faculty Assistant)
Wendt, Mark (Physical Chemistry Laboratory Director)
Wilkinson, Chad (General Chemistry Laboratory Director)
Zelewski, Linda (Senior Lecturer)
Zhou, Jia (Faculty Assistant)

### CHEMISTRY LEARNING CENTER

Dang, Allice (Assistant Faculty Associate)
Jetzer, Kelly (Instructional Specialist)
Jacob, Anthony (Director)
Laboy, José (Faculty Associate)
Lee, Agnes (Faculty Associate)
Ramey, Shea (Faculty Associate)
Reitz, Tracey (Assistant Faculty Associate)

Toland, David (Associate Faculty Associate)
Zavala, Yashira (Assistant Faculty Associate)

### STUDENT SERVICES AND ADVISING

Barta, Cheri (Undergraduate Research Director)
Hamers, Jeanne (Undergraduate Chemistry Director and Chemistry Advisor)
McCullough, Katie (Student Services Coordinator)

## RESOURCES AND SCHOLARSHIPS

# ACADEMIC RESOURCES

A number of resources are available to students seeking assistance with their chemistry courses. Students are strongly encouraged to attend the office hours of the instructors for the course.

The Chemistry Learning Center (CLC) (http://www.chem.wisc.edu/areas/clc/mission.htm) supports students in introductory chemistry courses (CHEM 103, CHEM 104, and CHEM 108) and in some sections of organic chemistry. The center welcomes as many students as possible but unfortunately does not have sufficient resources to support all students seeking help. The center is funded to work with specific groups of students, such as first-generation low-income students, underrepresented students, students on academic probation, students with disabilities, students who have trouble understanding English, new transfer students, recently returning veterans, and students at-risk of failing the course. These are general guidelines and the center considers each student seeking assistance on a case-by-case basis, taking into account available program space. Program eligibility is usually determined by an interview with a staff member.

Further assistance may be sought from various tutoring services on campus, including the Greater University Tutoring Services (GUTS) (http://www.guts.wisc.edu), University Housing Tutoring (http://www.housing.wisc.edu/residencehalls-academics-tutoring.htm), and the College of Engineering Undergraduate Learning Center (ULC) (https://www.engr.wisc.edu/academics/student-services/ulc). Alpha Chi Sigma (AXE) (https://win.wisc.edu/organization/axsigma) is a co-ed professional chemistry fraternity that also offers tutoring. For students seeking more individualized tutoring, the Department of Chemistry maintains a list of private tutors (https://www.chem.wisc.edu/content/tutors) available for hire.

# SCHOLARSHIPS

Through the generosity of alumni and other friends of the department, the Department of Chemistry is able to offer scholarships and summer research support. In 2018, the department awarded over 40 undergraduate scholarships and awards that totaled almost $135,000.

Any student who is a chemistry major or is conducting research with a chemistry faculty member is eligible to apply for the scholarships. An overall GPA of at least 3.000 is required for application; awards are based on both merit and financial need. Students may apply for academic year scholarships and/or summer research support. Learn more about chemistry scholarships (https://www.chem.wisc.edu/content/chemistry-scholarships) and how to apply.

# CHEMISTRY, B.A.

The mission of the Department of Chemistry is to conduct world-class, groundbreaking research in the chemical sciences while offering the highest quality of education to undergraduate students, graduate students, and postdoctoral associates. The department's leadership in research includes the traditional areas of physical, analytical, inorganic, and organic chemistry, and has rapidly evolved to encompass environmental chemistry, chemical biology, biophysical chemistry, soft and hard materials chemistry, and nanotechnology. The Department of Chemistry prides itself on its highly interactive, diverse, and collegial scientific environment. Our emphasis on collaboration connects us to colleagues across campus, around the country, and throughout the world.

The undergraduate chemistry major leads to a bachelor of science or a bachelor of arts degree awarded by the College of Letters & Science. The curriculum provides excellent preparation in chemistry, along with a wide breadth of liberal arts coursework. At the same time, the program provides significant opportunities for students to participate in scientific inquiry, within both laboratory courses and research laboratories. Students from other colleges within the university may pursue the chemistry major as an additional major. When pursuing a chemistry major, the undergraduate student must meet university general education requirements and breadth requirements of their own college, along with the specific requirements for the chemistry major.

The chemistry major provides students with the critical thinking and problem-solving skills necessary to be successful in a wide variety of careers in the chemical industries (e.g., consumer and agricultural products, materials, energy, petroleum, paper, food, etc.), as well as environmental, pharmaceutical, and other health-related sciences. Students are also well-prepared for graduate-level work in chemistry, chemical physics, biochemistry, biophysics, materials chemistry, and other related fields.  Students who excel in undergraduate chemistry coursework are often able to obtain funding for their graduate work through teaching or research assistantships and fellowships. Combined with a master's program in secondary education, the major qualifies the student to teach chemistry in secondary schools. Chemistry majors have also been successful in a variety of professional programs where they have studied medicine, pharmacy, dentistry, veterinary medicine, business, or law.

## HOW TO GET IN

Students may declare the chemistry major after they have completed General Chemistry (CHEM 104, CHEM 109, or CHEM 116). Transfer students may declare in their first semester at UW-Madison, if they have transfer credit for one of these courses. Students should schedule an appointment with the undergraduate chemistry advisor to declare and develop a course plan toward graduation. To better inform their decision, undecided students who are exploring chemistry along with other majors are encouraged to take an additional chemistry course or two beyond General Chemistry before declaring. Any student interested in chemistry is welcome to schedule an appointment (https://www.chem.wisc.edu/content/undergraduate-advising) with the advisor to further explore the major.

Students are advised to declare the major no later than the end of their sophomore year. There are many advantages to declaring the chemistry major early, including access to chemistry advising, access

to scholarships only available to chemistry majors, and access to announcements for chemistry majors. Students who have declared the major become a part of our chemistry community, enabling them to better connect with faculty, staff, and other chemistry majors.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## MATH & PHYSICS

| Code | Title | Credits |
|---|---|---|
| **Mathematics (1 course)** [1] | | 4-5 |
| MATH 222 | Calculus and Analytic Geometry 2 | |
| MATH 276 | Topics in Calculus II | |
| **Physics** [2] | | 10 |
| *First Introductory Course (1 course)* | | |
| PHYSICS 207 | General Physics | |
| PHYSICS 201 | General Physics | |
| PHYSICS 247 | A Modern Introduction to Physics | |
| *Second Introductory Course (1 course)* | | |
| PHYSICS 208 | General Physics | |
| PHYSICS 202 | General Physics | |
| PHYSICS 248 | A Modern Introduction to Physics | |
| Total Credits | | 14-15 |

## CHEMISTRY

| Code | Title | Credits |
|---|---|---|
| **General Chemistry (1 course)** | | 5 |
| CHEM 104 | General Chemistry II | |
| CHEM 109 | Advanced General Chemistry | |
| CHEM 115 | Chemical Principles I [3] | |
| **Analytical Chemistry (1 course)** [4] | | 4-5 |
| CHEM 329 | Fundamentals of Analytical Science | |
| CHEM 116 | Chemical Principles II | |
| CHEM 327 | Fundamentals of Analytical Science | |
| **Inorganic Chemistry (1 course)** | | 4 |
| CHEM 311 | Chemistry Across the Periodic Table | |
| **Organic Chemistry (3 courses)** [5] | | 8 |
| CHEM 343 | Introductory Organic Chemistry | |
| CHEM 344 | Introductory Organic Chemistry Laboratory | |
| CHEM 345 | Intermediate Organic Chemistry | |
| **Physical Chemistry** | | 3-4 |
| **Part 1 (1 course)** [6] | | |
| CHEM 561 | Physical Chemistry | |
| CHEM 565 | Biophysical Chemistry | |
| CBE 310 | Chemical Process Thermodynamics | |
| M S & E 330 | Thermodynamics of Materials | |
| **Part 2 (1 course)** | | |
| CHEM 562 | Physical Chemistry | |
| **Part 3 (2 courses)** | | |
| CHEM 563 | Physical Chemistry Laboratory [7] | |
| CHEM 564 | Physical Chemistry Laboratory | |
| **Advanced Non-laboratory Coursework** | | 5 |
| non-laboratory courses CHEM 500–680, except CHEM 561-567 [8] | | |
| M S & E/ CHEM 421 | Polymeric Materials | |
| BIOCHEM 501 | Introduction to Biochemistry [9] | |
| or BIOCHEM 507 | General Biochemistry I | |
| BIOCHEM 508 | General Biochemistry II | |
| BIOCHEM/ NUTR SCI 510 | Nutritional Biochemistry and Metabolism | |
| BIOCHEM 625 | Mechanisms of Action of Vitamins and Minerals | |
| BMOLCHEM 504 | Human Biochemistry Laboratory [10] | |
| CBE 440 | Chemical Engineering Materials | |
| CBE 540 | Polymer Science and Technology | |
| CBE 547 | Introduction to Colloid and Interface Science | |
| **Additional Laboratory Work** | | 3 |
| CHEM 346 | Intermediate Organic Chemistry Laboratory | |
| CHEM 524 | Chemical Instrumentation [11] | |
| CHEM 681 & CHEM 682 | Senior Honors Thesis and Senior Honors Thesis | |
| CHEM 691 & CHEM 692 | Senior Thesis and Senior Thesis | |
| CHEM 699 | Directed Study | |
| BIOCHEM 681 & BIOCHEM 682 | Senior Honors Thesis and Senior Honors Thesis | |
| BIOCHEM 691 & BIOCHEM 692 | Senior Thesis and Senior Thesis | |
| BIOCHEM 699 | Special Problems | |
| BMOLCHEM 504 | Human Biochemistry Laboratory [10] | |
| CBE 599 | Special Problems | |
| Total Credits | | 32-34 |

## RESIDENCE AND QUALITY OF WORK IN THE MAJOR

2.000 GPA in all CHEM and major courses

2.000 GPA in at least 15 upper-level credits in the major in residence. Upper-level work includes CHEM 346, CHEM/ M S & E 421, CHEM 500-699, BIOCHEM 501, BIOCHEM 507, BIOCHEM 508, BIOCHEM/NUTR SCI 510, BIOCHEM 625, BIOCHEM 681/682, BIOCHEM 691/692, BIOCHEM 699, BMOLCHEM 504, CBE 310, CBE 440, CBE 540, CBE 547, CBE 599, and M S & E 330.

15 credits in CHEM, taken at UW–Madison

## NOTES

1 MATH 234 and MATH 320 are highly recommended.

2 PHYSICS 207 & PHYSICS 208 is the preferred sequence for chemistry majors, while PHYSICS 201& PHYSICS 202is recommended for Engineering students. PHYSICS 247 & PHYSICS 248 is intended for students considering a major in Physics, Astronomy-Physics, or Applied Math, Engineering and Physics.

3 Enrollment in CHEM 115 and CHEM 116 is by invitation only. Entering first-year students are screened on the basis of high school record and placement scores, and additional information is sent to those who might be eligible.

4 Chemistry majors are strongly encouraged to take CHEM 329 or CHEM 116 instead of CHEM 327.

5 CHEM 343must be taken first, followed by CHEM 345. CHEM 344 may be taken concurrently with or after CHEM 345.

6 CBE 310 is recommended only for students who are also majoring in chemical and biological engineering. M S & E 330 is recommended only for students also majoring in materials science and engineering.

7 It is recommended that CHEM 563 be taken after Physical Chemistry Part I and that CHEM 564 be taken after CHEM 562. Especially strong students needing to complete physical chemistry in two semesters may take CHEM 563 concurrently with CHEM 561 (or CHEM 565) and CHEM 564 concurrently with CHEM 562.

8 One credit from each of CHEM 116 and CHEM 565 count toward the 5 credits. Only 2 of the 3 credits from CHEM 524 count. The other credit from CHEM 524 count toward the additional laboratory work requirement.

9 Due to significant overlap, only one of BIOCHEM 501 and BIOCHEM 507 may count towards this requirement.

10 BMOLCHEM 504 is not recommended for students who are also majoring in Biochemistry, because it overlaps significantly with required biochemistry coursework. Only 1 of the 3 credits count toward advanced non-laboratory coursework. The remaining 2 credits count towards the additional laboratory work.

[11] Only 1 of the 3 credits from CHEM 524 counts for additional laboratory work requirement. The other 2 credits count toward the advanced non-laboratory coursework.

# HONORS IN THE MAJOR

Students may declare Honors in the Chemistry Major in consultation with the chemistry major advisor (https://www.chem.wisc.edu/content/undergraduate-advising). To be admitted to the Honors Program in Chemistry, students must have declared a major in chemistry and achieved a 3.200 overall GPA. They must also have achieved a 3.200 GPA in all CHEM courses taken and courses accepted for the major.

## HONORS IN THE CHEMISTRY MAJOR REQUIREMENTS

To earn Honors in the Major in Chemistry, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Earn a 3.300 GPA for all CHEM courses and all courses accepted for the major
- Complete an additional 3 credits, for a total of 8 credits, of advanced non-laboratory work. This requirement is met by the same credits and courses that are accepted for "Advanced Non-laboratory Work" in the regular major.
- Complete a two-semester Senior Honors Thesis in CHEM 681 Senior Honors Thesis and CHEM 682 Senior Honors Thesis, for a total of 6 credits.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Identify, formulate and solve integrative problems using appropriate information and approaches.
2. Demonstrate an understanding of basic chemical transformations, including the ability to predict chemical reactivity and properties.
3. Recognize the relationship between structure, bonding and the properties of molecules and materials.
4. Model chemical systems and experimental data using relevant quantitative, mathematical and computational methods.
5. Design, conduct and analyze experiments safely and successfully.
6. Locate, evaluate and use information in the chemical literature.
7. Communicate chemical knowledge effectively through written reports, oral presentations and visual aids.
8. Work collaboratively with others, both chemists and those from other disciplines, to solve problems and create new knowledge.
9. Recognize how chemistry relates to contemporary issues in our society.
10. Understand professional and ethical responsibility.

# FOUR-YEAR PLAN

The Sample Four-Year Plan is a tool to assist you and your advisor(s). Use it along with your DARS report and the Course Guide. You will make your own Four-Year Plan based on your placement scores, incoming credits, and individual interests. As you become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, you might adjust the order of your courses to make room for these experiences. You will likely revise your 4-year plan several times during college.

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 109 or 103[1] | 4-5 | 300-level Chemistry course OR | 3-5 |
| MATH 221 | 5 | CHEM 104 (if needed)[2] | |
| Communications A (complete during first year) | 3 | MATH 222 | 4 |
| Foreign Language (if required) | 4 | Ethnic Studies | 3-4 |
| | | L&S Breadth | 3 |
| | 16-17 | | 14-16 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 343[3] | 3 | CHEM 345 | 3 |
| PHYSICS 207 | 5 | CHEM 344 | 2 |
| L&S Breadth | 3 | PHYSICS 208 | 5 |
| Communications B (consult with advisor about timing)[4] | 3-4 | Research (optional)[5] | 1-3 |
| | | L&S Breadth | 3 |
| | 15 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 329[6] | 4 | Physical Chemistry Part I[7] | 3-4 |
| MATH 234 (recommended, but not required)) | 4 | CHEM 311 | 4 |
| Research (optional)[5] | 1-3 | Advanced Non-laboratory Coursework[8] | 3 |
| L&S Breadth | 3 | Research (optional)[5] | 1-3 |

| | | | |
|---|---|---|---|
| INTER-LS 210 (optional) | 1 | L&S Breadth | 3 |
| | 13-15 | | 16 |
| **Fourth Year** | | | |
| **Fall** | **Credits** | **Spring** | **Credits** |
| CHEM 562 | 3 | CHEM 564 | 1 |
| CHEM 563 | 1-2 | Research or other Additional Lab Work[10] | 1-3 |
| Research or other Additional Lab Work[9] | 1-3 | Advanced Non-laboratory Coursework (if needed) | 3 |
| Advanced Non-laboratory Coursework | 3 | L&S Breadth | 3 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| L&S Breadth | 3 | Elective[11] | 3 |
| | 16 | | 15 |

Total Credits 120-125

1 CHEM 103 General Chemistry I/CHEM 104 General Chemistry II is a two-semester sequence in General Chemistry. Students with a strong high school chemistry background (usually two years) and placement into at least first semester calculus are eligible for CHEM 109 Advanced General Chemistry. CHEM 109 is an advanced, fast-paced option that covers General Chemistry in one semester. CHEM 109 is offered only in the fall semesters and an honors level section is available. An additional option is the CHEM 115 Chemical Principles I/CHEM 116 Chemical Principles II sequence, which is a small honors sequence for exceptionally well-prepared students. Enrollment in this sequence is by invitation only, and the two courses cover both general and analytical chemistry.

2 Students who took CHEM 109 in their first semester will not need CHEM 104. Instead, they may proceed to the next level of chemistry courses sooner by taking CHEM 311 Chemistry Across the Periodic Table or CHEM 329 Fundamentals of Analytical Science or CHEM 343 Introductory Organic Chemistry in the second semester of their first year. In this case, some subsequent chemistry courses may also be taken sooner than shown in this plan.

3 Students must declare a major by the time they reach 86 credits. Students interested in chemistry may declare the major after completing general chemistry (CHEM 104, 109, or 116).

4 Communications B can be satisfied later through a chemistry course, CHEM 346 Intermediate Organic Chemistry Laboratory, if taken for 2 credits. CHEM 346 will also count towards additional lab work needed for the chemistry major.

5 Research can be taken for credit by enrolling in CHEM 299 Directed Study (for students with less than 54 earned credits) or CHEM 699 Directed Study (for students with 54 or more earned credits). CHEM 299 does not satisfy additional lab credits required for the major, while CHEM 699 does. Alternatively, research may be conducted as a volunteer or for pay. Students must search for and be accepted into a research group before beginning research.

6 According to L&S policy, students must complete at least 60 credits at the intermediate or advanced level.

7 Options include CHEM 561 Physical Chemistry, CHEM 565 Biophysical Chemistry, and CBE 310 Chemical Process Thermodynamics (only for students also majoring in Chemical & Biological Engineering).

8 Five advanced non-laboratory credits are required for the major. Please see the Requirements tab in the Guide for a list of courses that count towards this requirement.

9 Three credits of additional lab work are required for the major. These credits can be satisfied by research (CHEM 699, for example) or by courses. Please see the Requirements tab in the Guide for a complete list of options. CHEM 346 is one option, and when taken for 2 credits also satisfies Comm-B. CHEM 346 is ONLY offered in FALL semester, with most students taking it in their fourth year. Students not planning to take CHEM 346 should plan to take their Comm-B earlier through one of their other required breadth courses.

10 CHEM 524 Chemical Instrumentation is an option that is only offered in the spring semesters. CHEM 524 (3 credits) satisfies 1 additional lab work credit and 2 advanced non-laboratory credits.

11 Please refer to the Requirements tab in Guide for additional College of Letters & Science Breadth and Degree requirements as well as Residence and Quality of Work requirements for the major.

## ADVISING AND CAREERS

# ADVISING

The chemistry advisor (http://www.chem.wisc.edu/content/undergraduate-advising) provides advising for chemistry majors and prospective chemistry majors. Both appointments and drop-in hours are available. See Undergraduate Advising (https://www.chem.wisc.edu/content/undergraduate-advising) on the Chemistry website for more details.

Chemistry majors interested in getting involved in research should explore the undergraduate research (https://undergradresearch.chem.wisc.edu) pages on the chemistry website. Students needing additional information may contact the undergraduate research director by email (chem_ugr_research@chem.wisc.edu).

Students with enrollment and course access questions should first visit our enrollment inquiries (http://www.chem.wisc.edu/content/enrollment-inquiries) web page. If further assistance is needed, students may visit the Undergraduate Chemistry Office (room 1328 Chemistry) during normal business hours, email (undergrad@chem.wisc.edu), or call 608-263-2424.

# CAREER SERVICES

The chemistry major prepares graduates for a wide variety of careers in the chemical and related industries (e.g., consumer and agricultural products, materials, energy, petroleum, paper, and food), as well as environmental, pharmaceutical, and other health-related sciences. Combined with a master's program in secondary education, the major qualifies the student to teach chemistry in secondary schools. The major prepares students for graduate-level work in chemistry, chemical physics, biochemistry, biophysics, materials chemistry, and other related fields. Students who excel in undergraduate chemistry coursework are able to obtain funding for graduate studies in chemistry and related sciences through teaching or research assistantships and fellowships. Some chemistry major graduates go on to professional schools to study medicine, pharmacy, dentistry, veterinary medicine, business, or law.

Students are encouraged to begin their career planning early and to take advantage of the numerous resources offered by SuccessWorks (https://careers.ls.wisc.edu) at the College of Letters & Science (see below). Information about careers, internships, resumes, cover letters, job search

strategies, interviewing, and graduate school preparation are all available through SuccessWorks. Students can also register for Handshake (https://wisc.joinhandshake.com/login), an online resource for students to make connections with potential employers. Current career, research, and internship opportunities of specific interest to chemistry students can be found on the Career Services (http://www.chem.wisc.edu/content/career-services) pages of the chemistry website.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

# PEOPLE

### PROFESSORS

Berry, John
Blackwell, Helen
Brunold, Thomas
Burke, Steven
Burstyn, Judith (chair)
Cavagnero, Silvia
Choi, Kyoung-Shin
Coon, Joshua
Ediger, Mark
Fredrickson, Daniel
Gellman, Samuel
Hamers, Robert
Hermans, Ive
Jin, Song
Landis, Clark
McMahon, Robert
Moore, John
Nathanson, Gilbert
Record, Thomas
Schomaker, Jennifer
Schmidt, Jordan
Schwartz, David
Shakhashiri, Bassam
Sibert, Edwin (associate chair)
Smith, Lloyd
Stahl, Shannon
Weisshaar, James
Woods, Claude
Wright, John
Yethiraj, Arun
Yoon, Tehshik
Zanni, Martin

### ASSOCIATE PROFESSORS

Bertram, Timothy
Boydston, Andrew
Garand, Etienne
Goldsmith, Randall
Weix, Daniel

### ASSISTANT PROFESSORS

Buller, Andrew
Martell, Jeffrey
Wickens, Zachary

### AFFILIATED PROFESSORS

Abbott, Nicholas (Professor of Chemical and Biological Engineering)
Forest, Katrina (Professor of Bacteriology)
Ge, Ying (Associate Professor of Cell and Regenerative Biology)
Gilbert, Pupa (Professor of Physics)
Golden, Jennifer (Assistant Professor of Pharmacy)
Gong, Sarah (Professor of Biomedical Engineering)
Gopalan, Padma (Professor of Materials Science and Engineering)
Jackson, Catherine (Assistant Professor of History of Science)
Kuech, Thomas (Professor of Chemical and Biological Engineering)
Li, Lingjun (Professor of Pharmacy)
Lynn, David (Professor of Chemical and Biological Engineering)
Mecozzi, Sandro (Professor of Pharmacy)
Middlecamp, Catherine (Professor, Nelson Institute for Environmental Studies)
Pedersen, Joel (Professor of Soil Science)
Tang, Weiping (Professor of Pharmacy)
Weibel, Douglas (Professor of Biochemistry)
Yu, Lian (Professor of Pharmacy)

### INSTRUCTIONAL STAFF

Bain, Rachel (Senior Instructional Technology Specialist)
Block, Stephen (Lecturer and General Chemistry Assistant Laboratory Director)
Bowman, Matthew (Senior Lecturer)
Doolittle, Pamela (Analytical Chemistry Laboratory Director)
Ellison, Aubrey (Lecturer and Organic Chemistry Assistant Laboratory Director)
Esselman, Brian (Lecturer and Organic Chemistry Assistant Laboratory Director)
Gustin, Léa (Lecturer and General Chemistry Assistant Laboratory Director)

Hill, Nicholas (Organic Chemistry Laboratory Director)
Hooker, Paul (Senior Lecturer)
Lamont, Liana (General Chemistry Lecturer and Instructional Coordinator)
Maynard, James (Lecture Demonstrator)
McClain, Robert (Analytical Chemistry Laboratory Director)
Stoll, Lindy (General Chemistry Curriculum Coordinator)
Tatarsky, Amy (Faculty Assistant)
Wendt, Mark (Physical Chemistry Laboratory Director)
Wilkinson, Chad (General Chemistry Laboratory Director)
Zelewski, Linda (Senior Lecturer)
Zhou, Jia (Faculty Assistant)

### CHEMISTRY LEARNING CENTER

Dang, Allice (Assistant Faculty Associate)
Jetzer, Kelly (Instructional Specialist)
Jacob, Anthony (Director)
Laboy, José (Faculty Associate)
Lee, Agnes (Faculty Associate)
Ramey, Shea (Faculty Associate)
Reitz, Tracey (Assistant Faculty Associate)
Toland, David (Associate Faculty Associate)
Zavala, Yashira (Assistant Faculty Associate)

### STUDENT SERVICES AND ADVISING

Barta, Cheri (Undergraduate Research Director)
Hamers, Jeanne (Undergraduate Chemistry Director and Chemistry Advisor)
McCullough, Katie (Student Services Coordinator)

## WISCONSIN EXPERIENCE

# RESEARCH

There are many research opportunities for undergraduates in the Department of Chemistry. When conducting research, students will have the opportunity to work alongside world-class faculty, staff, and graduate students to gain hands-on research experiences that will supplement their liberal arts education and prepare students for future careers. We have researchers involved in all the core areas of chemistry: analytical, chemical biology, chemical education, inorganic, materials, organic, physical, and theoretical. Many of our researchers conduct research across disciplines, including medicine, pharmacy, biology, engineering, energy, environmental sciences, and physics. Although preference is given to chemistry majors in good academic standing, any student interested in conducting chemistry research can seek out opportunities in our department. Students have the option of volunteering in a research lab or conducting research for course credit by enrolling in CHEM 299 Directed Study, CHEM 699 Directed Study, CHEM 681/CHEM 682 Senior Honors Thesis, or CHEM 691/CHEM 692 Senior Thesis. Students can also gain research experiences through the elective courses CHEM 260 Entering Research I, CHEM 261 Entering Research II, and CHEM 346 Intermediate Organic Chemistry Laboratory, as well as the required course CHEM 329 Fundamentals of Analytical Science. In some cases, experienced undergraduates may be paid to conduct research. For additional information about undergraduate research, including how to get involved, please visit the department's Undergraduate Research (https://www.chem.wisc.edu/content/research-overview) page.

# STUDENT ORGANIZATIONS

A number of student organizations are available for students interested in the chemical sciences.

- The American Chemical Society (ACS) Student Chapter (https://win.wisc.edu/organization/acs) facilitates opportunities for students in the chemical sciences to promote the learning and advancement of chemistry. The chapter supports students in their academic development, professional development, and research pursuits.
- Alpha Chi Sigma (AXE) (https://alphachisigmauw.wordpress.com) is a national, co-ed, professional chemistry organization that was founded at UW–Madison in 1902. The UW-Madison chapter has an active membership of about 40 students, both graduate and undergraduate. The organization also has two houses, at 619 and 621 North Lake Street, which house nearly half of the members. The houses are the primary locations for events like tutoring, chapter dinners, meetings, and social events.
- Students Participating in Chemical Education (SPICE) (http://ice.chem.wisc.edu/outreach/spice) trains undergraduates to perform chemistry demonstrations in order to interest elementary and middle school students in chemistry and science via cool experiments, hands-on activities, and exploration stations at public venues.
- The UW–Madison student chapter of NOBCChE (https://win.wisc.edu/organization/NOBCChE) (National Organization for the Professional Advancement of Black Chemists and Chemical Engineers) seeks to encourage students of color to pursue graduate and professional degrees in chemistry, chemical engineering, and other chemistry-related fields. Members participate in professional development through national conference presentations, networking, and community service activities.
- SACNAS (http://uwmadisonsacnas.weebly.com) (the Society for the Advancement of Hispanics/Chicanos and Native Americans) is a society of scientists dedicated to fostering the success of Hispanic/Chicano and Native American scientists—from college students to professionals—to attain advanced degrees, careers, and positions of leadership in science.

## CERTIFICATION/LICENSURE

# ACS CERTIFIED DEGREE

The UW–Madison Department of Chemistry is approved by the American Chemical Society (ACS) to certify the degrees of graduating students who have completed the curriculum and professional training recommended by ACS for chemistry bachelor's degree graduates. Certification indicates that the student has completed rigorous course work that provides them with the skills needed for a successful career in science.

Students graduating with the chemistry major from UW–Madison already meet most of the requirements for ACS certification. They can obtain the certification by electing to take specific courses that satisfy both the requirements of the major and the ACS guidelines. Additional requirements for certification are:

- A course in biochemistry, satisfied by BIOCHEM 501 Introduction to Biochemistry or BIOCHEM 507 General Biochemistry I (3 credits)
- At least 400 total laboratory hours, which can be satisfied by the combination of all the required core laboratory courses (in organic, inorganic, analytical and physical chemistry) plus two to three laboratory credits from any combination of CHEM 346

Intermediate Organic Chemistry Laboratory, CHEM 524 Chemical Instrumentation (3 credit course, but only one credit is a lab credit), CHEM 681/CHEM 682 Senior Honors Thesis, CHEM 691/ CHEM 692 Senior Thesis or BMOLCHEM 504 Human Biochemistry Laboratory. The exact number of lab credits required from these courses depends on how the student has satisfied the core lab requirements. Please consult the Chemistry Major Advisor (https://www.chem.wisc.edu/content/undergraduate-advising) for more details.

The biochemistry course satisfies three of the five credits of advanced work required for the chemistry major, while two credits from CHEM 524 also count towards the advanced work. CHEM 346, 1 credit of CHEM 524, CHEM 681/CHEM 682, CHEM 691/CHEM 692 and BMOLCHEM 504 all count towards the three additional lab credits required for the major.

Note that neither CHEM 299 Directed Study nor CHEM 699 Directed Study can be used to satisfy the lab hours needed for ACS certification. However, CHEM 699 can be used to satisfy additional lab credits needed for the chemistry major.

## RESOURCES AND SCHOLARSHIPS

### ACADEMIC RESOURCES

A number of resources are available to students seeking assistance with their chemistry courses. Students are strongly encouraged to attend the office hours of the instructors for the course.

The Chemistry Learning Center (CLC) (http://www.chem.wisc.edu/areas/clc/mission.htm) supports students in introductory chemistry courses (CHEM 103, CHEM 104, and CHEM 108) and in some sections of organic chemistry. The center welcomes as many students as possible but unfortunately does not have sufficient resources to support all students seeking help. The center is funded to work with specific groups of students, such as first-generation low-income students, underrepresented students, students on academic probation, students with disabilities, students who have trouble understanding English, new transfer students, recently returning veterans, and students at-risk of failing the course. These are general guidelines and the center considers each student seeking assistance on a case-by-case basis, taking into account available program space. Program eligibility is usually determined by an interview with a staff member.

Further assistance may be sought from various tutoring services on campus, including the Greater University Tutoring Services (GUTS) (http://www.guts.wisc.edu), University Housing Tutoring (http://www.housing.wisc.edu/residencehalls-academics-tutoring.htm), and the College of Engineering Undergraduate Learning Center (ULC) (https://www.engr.wisc.edu/academics/student-services/ulc). Alpha Chi Sigma (AXE) (https://win.wisc.edu/organization/axsigma) is a co-ed professional chemistry fraternity that also offers tutoring. For students seeking more individualized tutoring, the Department of Chemistry maintains a list of private tutors (https://www.chem.wisc.edu/content/tutors) available for hire.

### SCHOLARSHIPS

Through the generosity of alumni and other friends of the department, the Department of Chemistry is able to offer scholarships and summer research support. In 2018, the department awarded over 40 undergraduate scholarships and awards that totaled almost $135,000. Any student who is a chemistry major or is conducting research with a chemistry faculty member is eligible to apply for the scholarships. An overall GPA of at least 3.000 is required for application; awards are based on both merit and financial need. Students may apply for academic year scholarships and/or summer research support. Learn more about chemistry scholarships (https://www.chem.wisc.edu/content/chemistry-scholarships) and how to apply.

# CHEMISTRY, B.S.

The mission of the Department of Chemistry is to conduct world-class, groundbreaking research in the chemical sciences while offering the highest quality of education to undergraduate students, graduate students, and postdoctoral associates. The department's leadership in research includes the traditional areas of physical, analytical, inorganic, and organic chemistry, and has rapidly evolved to encompass environmental chemistry, chemical biology, biophysical chemistry, soft and hard materials chemistry, and nanotechnology. The Department of Chemistry prides itself on its highly interactive, diverse, and collegial scientific environment. Our emphasis on collaboration connects us to colleagues across campus, around the country, and throughout the world.

The undergraduate chemistry major leads to a bachelor of science or a bachelor of arts degree awarded by the College of Letters & Science. The curriculum provides excellent preparation in chemistry, along with a wide breadth of liberal arts coursework. At the same time, the program provides significant opportunities for students to participate in scientific inquiry, within both laboratory courses and research laboratories. Students from other colleges within the university may pursue the chemistry major as an additional major. When pursuing a chemistry major, the undergraduate student must meet university general education requirements and breadth requirements of their own college, along with the specific requirements for the chemistry major.

The chemistry major provides students with the critical thinking and problem-solving skills necessary to be successful in a wide variety of careers in the chemical industries (e.g., consumer and agricultural products, materials, energy, petroleum, paper, food, etc.), as well as environmental, pharmaceutical, and other health-related sciences. Students are also well-prepared for graduate-level work in chemistry, chemical physics, biochemistry, biophysics, materials chemistry, and other related fields. Students who excel in undergraduate chemistry coursework are often able to obtain funding for their graduate work through teaching or research assistantships and fellowships. Combined with a master's program in secondary education, the major qualifies the student to teach chemistry in secondary schools. Chemistry majors have also been successful in a variety of professional programs where they have studied medicine, pharmacy, dentistry, veterinary medicine, business, or law.

## HOW TO GET IN

Students may declare the chemistry major after they have completed General Chemistry (CHEM 104, CHEM 109, or CHEM 116). Transfer students may declare in their first semester at UW-Madison, if they have transfer credit for one of these courses. Students should schedule an appointment with the undergraduate chemistry advisor to declare and develop a course plan toward graduation. To better inform their decision, undecided students who are exploring chemistry along with other majors are encouraged to take an additional chemistry course or two beyond

General Chemistry before declaring. Any student interested in chemistry is welcome to schedule an appointment (https://www.chem.wisc.edu/content/undergraduate-advising) with the advisor to further explore the major.

Students are advised to declare the major no later than the end of their sophomore year. There are many advantages to declaring the chemistry major early, including access to chemistry advising, access to scholarships only available to chemistry majors, and access to announcements for chemistry majors. Students who have declared the major become a part of our chemistry community, enabling them to better connect with faculty, staff, and other chemistry majors.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## MATH & PHYSICS

| Code | Title | Credits |
|---|---|---|
| **Mathematics (1 course)** [1] | | 4-5 |
| MATH 222 | Calculus and Analytic Geometry 2 | |
| MATH 276 | Topics in Calculus II | |
| **Physics** [2] | | 10 |
| *First Introductory Course (1 course)* | | |
| PHYSICS 207 | General Physics | |
| PHYSICS 201 | General Physics | |
| PHYSICS 247 | A Modern Introduction to Physics | |
| *Second Introductory Course (1 course)* | | |
| PHYSICS 208 | General Physics | |
| PHYSICS 202 | General Physics | |

| | | |
|---|---|---|
| PHYSICS 248 | A Modern Introduction to Physics | |
| Total Credits | | 14-15 |

## CHEMISTRY

| Code | Title | Credits |
|---|---|---|
| **General Chemistry (1 course)** | | 5 |
| CHEM 104 | General Chemistry II | |
| CHEM 109 | Advanced General Chemistry | |
| CHEM 115 | Chemical Principles I [3] | |
| **Analytical Chemistry (1 course)** [4] | | 4-5 |
| CHEM 329 | Fundamentals of Analytical Science | |
| CHEM 116 | Chemical Principles II | |
| CHEM 327 | Fundamentals of Analytical Science | |
| **Inorganic Chemistry (1 course)** | | 4 |
| CHEM 311 | Chemistry Across the Periodic Table | |
| **Organic Chemistry (3 courses)** [5] | | 8 |
| CHEM 343 | Introductory Organic Chemistry | |
| CHEM 344 | Introductory Organic Chemistry Laboratory | |
| CHEM 345 | Intermediate Organic Chemistry | |
| **Physical Chemistry** | | 3-4 |
| **Part 1 (1 course)** [6] | | |
| CHEM 561 | Physical Chemistry | |
| CHEM 565 | Biophysical Chemistry | |
| CBE 310 | Chemical Process Thermodynamics | |
| M S & E 330 | Thermodynamics of Materials | |
| **Part 2 (1 course)** | | |
| CHEM 562 | Physical Chemistry | |
| **Part 3 (2 courses)** | | |
| CHEM 563 | Physical Chemistry Laboratory [7] | |
| CHEM 564 | Physical Chemistry Laboratory | |
| **Advanced Non-laboratory Coursework** | | 5 |
| non-laboratory courses CHEM 500–680, except CHEM 561-567 [8] | | |
| M S & E/ CHEM 421 | Polymeric Materials | |
| BIOCHEM 501 | Introduction to Biochemistry [9] | |
| or BIOCHEM 507 | General Biochemistry I | |
| BIOCHEM 508 | General Biochemistry II | |
| BIOCHEM/ NUTR SCI 510 | Nutritional Biochemistry and Metabolism | |
| BIOCHEM 625 | Mechanisms of Action of Vitamins and Minerals | |
| BMOLCHEM 504 | Human Biochemistry Laboratory [10] | |
| CBE 440 | Chemical Engineering Materials | |
| CBE 540 | Polymer Science and Technology | |
| CBE 547 | Introduction to Colloid and Interface Science | |
| **Additional Laboratory Work** | | 3 |
| CHEM 346 | Intermediate Organic Chemistry Laboratory | |
| CHEM 524 | Chemical Instrumentation [11] | |
| CHEM 681 & CHEM 682 | Senior Honors Thesis and Senior Honors Thesis | |
| CHEM 691 & CHEM 692 | Senior Thesis and Senior Thesis | |
| CHEM 699 | Directed Study | |
| BIOCHEM 681 & BIOCHEM 682 | Senior Honors Thesis and Senior Honors Thesis | |
| BIOCHEM 691 & BIOCHEM 692 | Senior Thesis and Senior Thesis | |
| BIOCHEM 699 | Special Problems | |
| BMOLCHEM 504 | Human Biochemistry Laboratory [10] | |
| CBE 599 | Special Problems | |
| Total Credits | | 32-34 |

## RESIDENCE AND QUALITY OF WORK IN THE MAJOR

2.000 GPA in all CHEM and major courses

2.000 GPA in at least 15 upper-level credits in the major in residence. Upper-level work includes CHEM 346, CHEM/ M S & E 421, CHEM 500-699, BIOCHEM 501, BIOCHEM 507, BIOCHEM 508, BIOCHEM/NUTR SCI 510, BIOCHEM 625, BIOCHEM 681/682, BIOCHEM 691/692, BIOCHEM 699, BMOLCHEM 504, CBE 310, CBE 440, CBE 540, CBE 547, CBE 599, and M S & E 330.

15 credits in CHEM, taken at UW–Madison

## NOTES

1 MATH 234 and MATH 320 are highly recommended.

2 PHYSICS 207 & PHYSICS 208 is the preferred sequence for chemistry majors, while PHYSICS 201& PHYSICS 202is recommended for Engineering students. PHYSICS 247 & PHYSICS 248 is intended for students considering a major in Physics, Astronomy-Physics, or Applied Math, Engineering and Physics.

3 Enrollment in CHEM 115 and CHEM 116 is by invitation only. Entering first-year students are screened on the basis of high school record and placement scores, and additional information is sent to those who might be eligible.

4 Chemistry majors are strongly encouraged to take CHEM 329 or CHEM 116 instead of CHEM 327.

5 CHEM 343must be taken first, followed by CHEM 345. CHEM 344 may be taken concurrently with or after CHEM 345.

6 CBE 310 is recommended only for students who are also majoring in chemical and biological engineering. M S & E 330 is recommended only for students also majoring in materials science and engineering.

7 It is recommended that CHEM 563 be taken after Physical Chemistry Part I and that CHEM 564 be taken after CHEM 562. Especially strong students needing to complete physical chemistry in two semesters may take CHEM 563 concurrently with CHEM 561 (or CHEM 565) and CHEM 564 concurrently with CHEM 562.

8 One credit from each of CHEM 116 and CHEM 565 count toward the 5 credits. Only 2 of the 3 credits from CHEM 524 count. The other credit from CHEM 524 count toward the additional laboratory work requirement.

9 Due to significant overlap, only one of BIOCHEM 501 and BIOCHEM 507 may count towards this requirement.

10 BMOLCHEM 504 is not recommended for students who are also majoring in Biochemistry, because it overlaps significantly with required biochemistry coursework. Only 1 of the 3 credits count

toward advanced non-laboratory coursework. The remaining 2 credits count towards the additional laboratory work.

11 Only 1 of the 3 credits from CHEM 524 counts for additional laboratory work requirement. The other 2 credits count toward the advanced non-laboratory coursework.

# HONORS IN THE MAJOR

Students may declare Honors in the Chemistry Major in consultation with the chemistry major advisor (https://www.chem.wisc.edu/content/undergraduate-advising). To be admitted to the Honors Program in Chemistry, students must have declared a major in chemistry and achieved a 3.200 overall GPA. They must also have achieved a 3.200 GPA in all CHEM courses taken and courses accepted for the major.

## HONORS IN THE CHEMISTRY MAJOR REQUIREMENTS

To earn Honors in the Major in Chemistry, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Earn a 3.300 GPA for all CHEM courses and all courses accepted for the major
- Complete an additional 3 credits, for a total of 8 credits, of advanced non-laboratory work. This requirement is met by the same credits and courses that are accepted for "Advanced Non-laboratory Work" in the regular major.
- Complete a two-semester Senior Honors Thesis in CHEM 681 Senior Honors Thesis and CHEM 682 Senior Honors Thesis, for a total of 6 credits.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Identify, formulate and solve integrative problems using appropriate information and approaches.
2. Demonstrate an understanding of basic chemical transformations, including the ability to predict chemical reactivity and properties.
3. Recognize the relationship between structure, bonding and the properties of molecules and materials.
4. Model chemical systems and experimental data using relevant quantitative, mathematical and computational methods.
5. Design, conduct and analyze experiments safely and successfully.
6. Locate, evaluate and use information in the chemical literature.
7. Communicate chemical knowledge effectively through written reports, oral presentations and visual aids.
8. Work collaboratively with others, both chemists and those from other disciplines, to solve problems and create new knowledge.
9. Recognize how chemistry relates to contemporary issues in our society.
10. Understand professional and ethical responsibility.

# FOUR-YEAR PLAN

The Sample Four-Year Plan is a tool to assist you and your advisor(s). Use it along with your DARS report and the Course Guide. You will make your own Four-Year Plan based on your placement scores, incoming credits, and individual interests. As you become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, you might adjust the order of your courses to make room for these experiences. You will likely revise your 4-year plan several times during college.

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 109 or 103[1] | 4-5 | 300-level Chemistry course OR | 3-5 |
| MATH 221 | 5 | CHEM 104 (if needed)[2] | |
| Communications A (complete during first year) | 3 | MATH 222 | 4 |
| Foreign Language (if required) | 4 | Ethnic Studies | 3-4 |
| | | L&S Breadth | 3 |
| | 16-17 | | 14-16 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 343[3] | 3 | CHEM 345 | 3 |
| PHYSICS 207 | 5 | CHEM 344 | 2 |
| L&S Breadth | 3 | PHYSICS 208 | 5 |
| Communications B (consult with advisor about timing)[4] | 3-4 | Research (optional)[5] | 1-3 |
| | | L&S Breadth | 3 |
| | 15 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 329[6] | 4 | Physical Chemistry Part I[7] | 3-4 |
| MATH 234 (recommended, but not required)) | 4 | CHEM 311 | 4 |

| | | | |
|---|---|---|---|
| Research (optional)[5] | 1-3 | Advanced Non-laboratory Coursework[8] | 3 |
| L&S Breadth | 3 | Research (optional)[5] | 1-3 |
| INTER-LS 210 (optional) | 1 | L&S Breadth | 3 |
| | 13-15 | | 16 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 562 | 3 | CHEM 564 | 1 |
| CHEM 563 | 1-2 | Research or other Additional Lab Work[10] | 1-3 |
| Research or other Additional Lab Work[9] | 1-3 | Advanced Non-laboratory Coursework (if needed) | 3 |
| Advanced Non-laboratory Coursework | 3 | L&S Breadth | 3 |

Total Credits 120-125

1 CHEM 103 General Chemistry I/CHEM 104 General Chemistry II is a two-semester sequence in General Chemistry. Students with a strong high school chemistry background (usually two years) and placement into at least first semester calculus are eligible for CHEM 109 Advanced General Chemistry. CHEM 109 is an advanced, fast-paced option that covers General Chemistry in one semester. CHEM 109 is offered only in the fall semesters and an honors level section is available. An additional option is the CHEM 115 Chemical Principles I/CHEM 116 Chemical Principles II sequence, which is a small honors sequence for exceptionally well-prepared students. Enrollment in this sequence is by invitation only, and the two courses cover both general and analytical chemistry.

2 Students who took CHEM 109 in their first semester will not need CHEM 104. Instead, they may proceed to the next level of chemistry courses sooner by taking CHEM 311 Chemistry Across the Periodic Table or CHEM 329 Fundamentals of Analytical Science or CHEM 343 Introductory Organic Chemistry in the second semester of their first year. In this case, some subsequent chemistry courses may also be taken sooner than shown in this plan.

3 Students must declare a major by the time they reach 86 credits. Students interested in chemistry may declare the major after completing general chemistry (CHEM 104, 109, or 116).

4 Communications B can be satisfied later through a chemistry course, CHEM 346 Intermediate Organic Chemistry Laboratory, if taken for 2 credits. CHEM 346 will also count towards additional lab work needed for the chemistry major.

5 Research can be taken for credit by enrolling in CHEM 299 Directed Study (for students with less than 54 earned credits) or CHEM 699 Directed Study (for students with 54 or more earned credits). CHEM 299 does not satisfy additional lab credits required for the major, while CHEM 699 does. Alternatively, research may be conducted as a volunteer or for pay. Students must search for and be accepted into a research group before beginning research.

6 According to L&S policy, students must complete at least 60 credits at the intermediate or advanced level.

7 Options include CHEM 561 Physical Chemistry, CHEM 565 Biophysical Chemistry, and CBE 310 Chemical Process Thermodynamics (only for students also majoring in Chemical & Biological Engineering).

8 Five advanced non-laboratory credits are required for the major. Please see the Requirements tab in the Guide for a list of courses that count towards this requirement.

9 Three credits of additional lab work are required for the major. These credits can be satisfied by research (CHEM 699, for example) or by courses. Please see the Requirements tab in the Guide for a complete list of options. CHEM 346 is one option, and when taken for 2 credits also satisfies Comm-B. CHEM 346 is ONLY offered in FALL semester, with most students taking it in their fourth year. Students not planning to take CHEM 346 should plan to take their Comm-B earlier through one of their other required breadth courses.

10 CHEM 524 Chemical Instrumentation is an option that is only offered in the spring semesters. CHEM 524 (3 credits) satisfies 1 additional lab work credit and 2 advanced non-laboratory credits.

11 Please refer to the Requirements tab in Guide for additional College of Letters & Science Breadth and Degree requirements as well as Residence and Quality of Work requirements for the major.

## ADVISING AND CAREERS

# ADVISING

The chemistry advisor (http://www.chem.wisc.edu/content/undergraduate-advising) provides advising for chemistry majors and prospective chemistry majors. Both appointments and drop-in hours are available. See Undergraduate Advising (https://www.chem.wisc.edu/content/undergraduate-advising) on the Chemistry website for more details.

Chemistry majors interested in getting involved in research should explore the undergraduate research (https://undergradresearch.chem.wisc.edu) pages on the chemistry website. Students needing additional information may contact the undergraduate research director by email (chem_ugr_research@chem.wisc.edu).

Students with enrollment and course access questions should first visit our enrollment inquiries (http://www.chem.wisc.edu/content/enrollment-inquiries) web page. If further assistance is needed, students may visit the Undergraduate Chemistry Office (room 1328 Chemistry) during normal business hours, email (undergrad@chem.wisc.edu), or call 608-263-2424.

# CAREER SERVICES

The chemistry major prepares graduates for a wide variety of careers in the chemical and related industries (e.g., consumer and agricultural products, materials, energy, petroleum, paper, and food), as well as environmental, pharmaceutical, and other health-related sciences. Combined with a master's program in secondary education, the major qualifies the student to teach chemistry in secondary schools. The major prepares students for graduate-level work in chemistry, chemical physics, biochemistry, biophysics, materials chemistry, and other related fields. Students who excel in undergraduate chemistry coursework are able to obtain funding for graduate studies in chemistry and related sciences through teaching or research assistantships and fellowships. Some chemistry major graduates go on to professional schools to study medicine, pharmacy, dentistry, veterinary medicine, business, or law.

Students are encouraged to begin their career planning early and to take advantage of the numerous resources offered by SuccessWorks (https://

careers.ls.wisc.edu) at the College of Letters & Science (see below). Information about careers, internships, resumes, cover letters, job search strategies, interviewing, and graduate school preparation are all available through SuccessWorks. Students can also register for Handshake (https://wisc.joinhandshake.com/login), an online resource for students to make connections with potential employers. Current career, research, and internship opportunities of specific interest to chemistry students can be found on the Career Services (http://www.chem.wisc.edu/content/career-services) pages of the chemistry website.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PROFESSORS

Berry, John
Blackwell, Helen
Brunold, Thomas
Burke, Steven
Burstyn, Judith (chair)
Cavagnero, Silvia
Choi, Kyoung-Shin
Coon, Joshua
Ediger, Mark
Fredrickson, Daniel
Gellman, Samuel
Hamers, Robert
Hermans, Ive
Jin, Song
Landis, Clark
McMahon, Robert
Moore, John
Nathanson, Gilbert
Record, Thomas
Schomaker, Jennifer
Schmidt, Jordan
Schwartz, David
Shakhashiri, Bassam
Sibert, Edwin (associate chair)
Smith, Lloyd
Stahl, Shannon
Weisshaar, James
Woods, Claude
Wright, John
Yethiraj, Arun
Yoon, Tehshik
Zanni, Martin

## ASSOCIATE PROFESSORS

Bertram, Timothy
Boydston, Andrew
Garand, Etienne
Goldsmith, Randall
Weix, Daniel

## ASSISTANT PROFESSORS

Buller, Andrew
Martell, Jeffrey
Wickens, Zachary

## AFFILIATED PROFESSORS

Abbott, Nicholas (Professor of Chemical and Biological Engineering)
Forest, Katrina (Professor of Bacteriology)
Ge, Ying (Associate Professor of Cell and Regenerative Biology)
Gilbert, Pupa (Professor of Physics)
Golden, Jennifer (Assistant Professor of Pharmacy)
Gong, Sarah (Professor of Biomedical Engineering)
Gopalan, Padma (Professor of Materials Science and Engineering)
Jackson, Catherine (Assistant Professor of History of Science)
Kuech, Thomas (Professor of Chemical and Biological Engineering)
Li, Lingjun (Professor of Pharmacy)
Lynn, David (Professor of Chemical and Biological Engineering)
Mecozzi, Sandro (Professor of Pharmacy)
Middlecamp, Catherine (Professor, Nelson Institute for Environmental Studies)
Pedersen, Joel (Professor of Soil Science)
Tang, Weiping (Professor of Pharmacy)
Weibel, Douglas (Professor of Biochemistry)
Yu, Lian (Professor of Pharmacy)

## INSTRUCTIONAL STAFF

Bain, Rachel (Senior Instructional Technology Specialist)
Block, Stephen (Lecturer and General Chemistry Assistant Laboratory Director)
Bowman, Matthew (Senior Lecturer)
Doolittle, Pamela (Analytical Chemistry Laboratory Director)
Ellison, Aubrey (Lecturer and Organic Chemistry Assistant Laboratory Director)
Esselman, Brian (Lecturer and Organic Chemistry Assistant Laboratory Director)

Gustin, Léa (Lecturer and General Chemistry Assistant Laboratory Director)
Hill, Nicholas (Organic Chemistry Laboratory Director)
Hooker, Paul (Senior Lecturer)
Lamont, Liana (General Chemistry Lecturer and Instructional Coordinator)
Maynard, James (Lecture Demonstrator)
McClain, Robert (Analytical Chemistry Laboratory Director)
Stoll, Lindy (General Chemistry Curriculum Coordinator)
Tatarsky, Amy (Faculty Assistant)
Wendt, Mark (Physical Chemistry Laboratory Director)
Wilkinson, Chad (General Chemistry Laboratory Director)
Zelewski, Linda (Senior Lecturer)
Zhou, Jia (Faculty Assistant)

### CHEMISTRY LEARNING CENTER

Dang, Allice (Assistant Faculty Associate)
Jetzer, Kelly (Instructional Specialist)
Jacob, Anthony (Director)
Laboy, José (Faculty Associate)
Lee, Agnes (Faculty Associate)
Ramey, Shea (Faculty Associate)
Reitz, Tracey (Assistant Faculty Associate)
Toland, David (Associate Faculty Associate)
Zavala, Yashira (Assistant Faculty Associate)

### STUDENT SERVICES AND ADVISING

Barta, Cheri (Undergraduate Research Director)
Hamers, Jeanne (Undergraduate Chemistry Director and Chemistry Advisor)
McCullough, Katie (Student Services Coordinator)

## WISCONSIN EXPERIENCE

# RESEARCH

There are many research opportunities for undergraduates in the Department of Chemistry. When conducting research, students will have the opportunity to work alongside world-class faculty, staff, and graduate students to gain hands-on research experiences that will supplement their liberal arts education and prepare students for future careers. We have researchers involved in all the core areas of chemistry: analytical, chemical biology, chemical education, inorganic, materials, organic, physical, and theoretical. Many of our researchers conduct research across disciplines, including medicine, pharmacy, biology, engineering, energy, environmental sciences, and physics. Although preference is given to chemistry majors in good academic standing, any student interested in conducting chemistry research can seek out opportunities in our department. Students have the option of volunteering in a research lab or conducting research for course credit by enrolling in CHEM 299 Directed Study, CHEM 699 Directed Study, CHEM 681/CHEM 682 Senior Honors Thesis, or CHEM 691/CHEM 692 Senior Thesis. Students can also gain research experiences through the elective courses CHEM 260 Entering Research I, CHEM 261 Entering Research II, and CHEM 346 Intermediate Organic Chemistry Laboratory, as well as the required course CHEM 329 Fundamentals of Analytical Science. In some cases, experienced undergraduates may be paid to conduct research. For additional information about undergraduate research, including how to get involved, please visit the department's Undergraduate Research (https://www.chem.wisc.edu/content/research-overview) page.

# STUDENT ORGANIZATIONS

A number of student organizations are available for students interested in the chemical sciences.

- The American Chemical Society (ACS) Student Chapter (https://win.wisc.edu/organization/acs) facilitates opportunities for students in the chemical sciences to promote the learning and advancement of chemistry. The chapter supports students in their academic development, professional development, and research pursuits.
- Alpha Chi Sigma (AXE) (https://alphachisigmauw.wordpress.com) is a national, co-ed, professional chemistry organization that was founded at UW–Madison in 1902. The UW-Madison chapter has an active membership of about 40 students, both graduate and undergraduate. The organization also has two houses, at 619 and 621 North Lake Street, which house nearly half of the members. The houses are the primary locations for events like tutoring, chapter dinners, meetings, and social events.
- Students Participating in Chemical Education (SPICE) (http://ice.chem.wisc.edu/outreach/spice) trains undergraduates to perform chemistry demonstrations in order to interest elementary and middle school students in chemistry and science via cool experiments, hands-on activities, and exploration stations at public venues.
- The UW–Madison student chapter of NOBCChE (https://win.wisc.edu/organization/NOBCChE) (National Organization for the Professional Advancement of Black Chemists and Chemical Engineers) seeks to encourage students of color to pursue graduate and professional degrees in chemistry, chemical engineering, and other chemistry-related fields. Members participate in professional development through national conference presentations, networking, and community service activities.
- SACNAS (http://uwmadisonsacnas.weebly.com) (the Society for the Advancement of Hispanics/Chicanos and Native Americans) is a society of scientists dedicated to fostering the success of Hispanic/Chicano and Native American scientists—from college students to professionals—to attain advanced degrees, careers, and positions of leadership in science.

## CERTIFICATION/LICENSURE

# ACS CERTIFIED DEGREE

The UW–Madison Department of Chemistry is approved by the American Chemical Society (ACS) to certify the degrees of graduating students who have completed the curriculum and professional training recommended by ACS for chemistry bachelor's degree graduates. Certification indicates that the student has completed rigorous course work that provides them with the skills needed for a successful career in science.

Students graduating with the chemistry major from UW–Madison already meet most of the requirements for ACS certification. They can obtain the certification by electing to take specific courses that satisfy both the requirements of the major and the ACS guidelines. Additional requirements for certification are:

- A course in biochemistry, satisfied by BIOCHEM 501 Introduction to Biochemistry or BIOCHEM 507 General Biochemistry I (3 credits)
- At least 400 total laboratory hours, which can be satisfied by the combination of all the required core laboratory courses (in organic, inorganic, analytical and physical chemistry) plus two to three laboratory credits from any combination of CHEM 346

Intermediate Organic Chemistry Laboratory, CHEM 524 Chemical Instrumentation (3 credit course, but only one credit is a lab credit), CHEM 681/CHEM 682 Senior Honors Thesis, CHEM 691/ CHEM 692 Senior Thesis or BMOLCHEM 504 Human Biochemistry Laboratory. The exact number of lab credits required from these courses depends on how the student has satisfied the core lab requirements. Please consult the Chemistry Major Advisor (https://www.chem.wisc.edu/content/undergraduate-advising) for more details.

The biochemistry course satisfies three of the five credits of advanced work required for the chemistry major, while two credits from CHEM 524 also count towards the advanced work. CHEM 346, 1 credit of CHEM 524, CHEM 681/CHEM 682, CHEM 691/CHEM 692 and BMOLCHEM 504 all count towards the three additional lab credits required for the major.

Note that neither CHEM 299 Directed Study nor CHEM 699 Directed Study can be used to satisfy the lab hours needed for ACS certification. However, CHEM 699 can be used to satisfy additional lab credits needed for the chemistry major.

## RESOURCES AND SCHOLARSHIPS

# ACADEMIC RESOURCES

A number of resources are available to students seeking assistance with their chemistry courses. Students are strongly encouraged to attend the office hours of the instructors for the course.

The Chemistry Learning Center (CLC) (http://www.chem.wisc.edu/areas/clc/mission.htm) supports students in introductory chemistry courses (CHEM 103, CHEM 104, and CHEM 108) and in some sections of organic chemistry. The center welcomes as many students as possible but unfortunately does not have sufficient resources to support all students seeking help. The center is funded to work with specific groups of students, such as first-generation low-income students, underrepresented students, students on academic probation, students with disabilities, students who have trouble understanding English, new transfer students, recently returning veterans, and students at-risk of failing the course. These are general guidelines and the center considers each student seeking assistance on a case-by-case basis, taking into account available program space. Program eligibility is usually determined by an interview with a staff member.

Further assistance may be sought from various tutoring services on campus, including the Greater University Tutoring Services (GUTS) (http://www.guts.wisc.edu), University Housing Tutoring (http://www.housing.wisc.edu/residencehalls-academics-tutoring.htm), and the College of Engineering Undergraduate Learning Center (ULC) (https://www.engr.wisc.edu/academics/student-services/ulc). Alpha Chi Sigma (AXE) (https://win.wisc.edu/organization/axsigma) is a co-ed professional chemistry fraternity that also offers tutoring. For students seeking more individualized tutoring, the Department of Chemistry maintains a list of private tutors (https://www.chem.wisc.edu/content/tutors) available for hire.

# SCHOLARSHIPS

Through the generosity of alumni and other friends of the department, the Department of Chemistry is able to offer scholarships and summer research support. In 2018, the department awarded over 40 undergraduate scholarships and awards that totaled almost $135,000.

Any student who is a chemistry major or is conducting research with a chemistry faculty member is eligible to apply for the scholarships. An overall GPA of at least 3.000 is required for application; awards are based on both merit and financial need. Students may apply for academic year scholarships and/or summer research support. Learn more about chemistry scholarships (https://www.chem.wisc.edu/content/chemistry-scholarships) and how to apply.

# CHICANA/O AND LATINA/O STUDIES

The Chicana/o and Latina/o Studies Program (CLS) offers a systematic and interdisciplinary analysis of Mexican- and Latin-American-origin people, cultures, and collectivities within the United States. The CLS certificate is designed to provide students with a broad knowledge base and the intellectual tools to understand the unity and diversity of U.S. Latina/o populations. The primary objective of the CLS program is to train students in the study of Chicana/o and Latina/os, as well as to introduce them to the central questions, topics, and applications that have emerged in this field of inquiry.

CLS offers a variety of courses, some focusing on particular national-origin groups or specific academic disciplines, and others organized around comparative topics or issues. We welcome you to join our academic community of learners.

**Note:** The @ ending ("a" at the center of "o") offers a simultaneous presentation of both the feminine and masculine word endings of Chicana, Chicano, Latina, and Latino and allows readers/speakers to choose the form they prefer.

# CHICANA/O AND LATINA/O STUDIES, CERTIFICATE

The program in Chicana/o and Latina/o Studies (CLS) offers a systematic and interdisciplinary analysis of Mexican- and Latin-American-origin people, cultures, and collectivities within the United States. The CLS certificate is designed to provide students with a broad knowledge base and the intellectual tools to understand the unity and diversity of U.S. Latina/o populations. The primary objective of the CLS program is to train students in the study of Chicana/o and Latina/os, as well as to introduce them to the central questions, topics, and applications that have emerged in this field of inquiry.

## HOW TO GET IN

To declare, students should make an appointment with the program advisor to discuss requirements, courses, and application to the certificate.

## REQUIREMENTS

Completion of the certificate requires a minimum of **15 credits** in Chicana/o and Latina/o studies. [1]

| Code | Title | Credits |
|---|---|---|
| Select one Introduction Course: | | |
| CHICLA 201 | Introduction to Chicana/o and Latina/o Studies | 3 |
| Select at least one additional 100- or 200-level course | | 3 |
| CHICLA/ AFROAMER/ AMER IND/ ASIAN AM/ FOLKLORE 102 | Introduction to Comparative US Ethnic and American Indian Studies | |
| CHICLA 210 | Chicana/o and Latina/o Cultural Studies | |
| CHICLA 230 | Topics in Chicana/o and Latina/o Studies | |
| CHICLA/ POLI SCI 231 | Politics in Multi-Cultural Societies | |
| CHICLA/GEN&WS/ HISTORY 245 | Chicana and Latina History | |
| COUN PSY 225 | Intersectionalities, Self Awareness, and Social Actions for Social Change | |
| COUN PSY 230 | Race and the Developing Child | |
| CURRIC 240 | Critical Aspects of Teaching, Schooling, and Education | |
| LACIS/ AFROAMER/ ANTHRO/ C&E SOC/GEOG/ HISTORY/ POLI SCI/SOC/ SPANISH 260 | Latin America: An Introduction | |
| SOC 134 | Sociology of Race & Ethnicity in the United States | |
| At least 9 credits of advanced courses: | | 9 |
| CHICLA 301 | Chicana/o and Latina/o History | |
| CHICLA/ POLI SCI 302 | Mexican-American Politics | |
| CHICLA/ CURRIC 321 | Chicano/Latino Educational Justice | |
| CHICLA/ GEN&WS 332 | Latinas: Self Identity and Social Change | |

| CHICLA/ HISTORY 435 | Colony, Nation, and Minority: The Puerto Ricans' World | |
| CHICLA/ SPANISH 467 | US Latino Literature | |
| CHICLA 510 | Integrative Seminar in Chicana/o Studies | |
| CHICLA/ COUN PSY 525 | Dimensions of Latin@ Mental Health Services | |
| SPANISH/ CHICLA 467 | US Latino Literature | |
| CURRIC/ CHICLA 321 | Chicano/Latino Educational Justice | |
| CHICLA/ SOC WORK 657 | Understanding Latino Families and Communities | |
| CHICLA 330 | Topics in Chicano/a Studies | |
| CHICLA/ COM ARTS 347 | Race, Ethnicity, and Media | |
| CHICLA/ HISTORY 461 | The American West to1850 | |
| CHICLA/SOC 470 | Sociodemographic Analysis of Mexican Migration | |

| | |
|---|---|
| CHICLA 530 | Advanced Topics in Chicana/o and Latina/o Studies |
| CHICLA 699 | Directed Study [1] |
| COUN PSY 300 | Special Topics: Counseling and Counseling Psychology (Immigrant Health and Well-Being) |
| COUN PSY 300 | Special Topics: Counseling and Counseling Psychology (Working w/ Latinx Populations) |
| COUN PSY 300 | Special Topics: Counseling and Counseling Psychology (Working with Refugee Families) |
| GEN&WS/ PORTUG 460 | Carmen Miranda |
| HDFS 474 | Racial Ethnic Families in the U.S. |
| HISTORY 408 | American Labor History: 1900-Present |
| HISTORY/CHICLA/ POLI SCI 422 | Latino History and Politics |
| POLI SCI 601 | Proseminar: Topics in Political Science (Cuba U.S. Relations: Past & Present) |
| LACIS 440 | Topics in Latin American, Caribbean, and Iberian Studies (US & Latin America from Colonial Era to Present) |
| LACIS 440 | Topics in Latin American, Caribbean, and Iberian Studies (Labor in Americas The U.S. and Mexico in Comparative and Historical Perspective ) |
| CURRIC 675 | General Seminar (Language and Culture in the Borderlands) |
| CHICLA/ HISTORY/LACIS/ POLI SCI 355 | Labor in the Americas: US & Mexico in Comparative & Historical Perspective |
| CHICLA/ SPANISH 469 | Topics in Hispanic Cultures in the U.S. |
| COUN PSY 620 | Special Topics in Counseling and Guidance |
| POLI SCI 825 | Race and Politics in the United States |
| CHICLA/ LEGAL ST/ SOC 440 | Ethnicity, Race, and Justice |
| CHICLA/ LEGAL ST/ SOC 443 | Immigration, Crime, and Enforcement |
| CHICLA/ SPANISH 478 | Border and Race Studies in Latin America |
| CHICLA 501 | Chican@ and Latin@ Social Movements in the U.S. |
| CHICLA/ COUN PSY 331 | Immigrant Health and Wellbeing |
| Total Credits | 15 |

[1] A maximum of 3 credits earned through a directed study course (CHICLA 699) can count toward the certificate.

Pass/Fail courses don't count for the certificate.

### RESIDENCE AND QUALITY OF WORK

- 8 credits in CHICLA or credits counting toward the certificate, taken in residence
- A cumulative 2.000 GPA in courses counting approved for the certificate

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. Identify and discuss key contemporary expressions, situations, and theoretical interpretations of Chican@ and Latin@ life in the United States.
2. Discuss the differences and commonalities (culture, indigeneity, Diaspora, national origin, migration and immigration, citizenship, phenotype, gender, sexual orientation, sexuality, language, geography, economics, and worldviews and values) that shape the intersecting experiences and tensions within and across Chican@ and Latin@ populations.
3. Describe ways social histories, sociocultural, and sociopolitical histories of Chican@s and Latin@s in relation to the development of the United States as a nation and the role of this relationship in shaping the racialization, social stratification, and oppressions of these populations.
4. Analyze, critique, and interpret theory and research on Chican@ and Latin@ populations.
5. Engage in experiential based learning and/or applied action based research to bridge theory, action, and community service with Chican@ and Latin@ populations.

## ADVISING AND CAREERS

An undergraduate certificate in Chicana/o and Latina/o studies is available for those students from any undergraduate major who wish to pursue Chicana/o and Latina/o studies courses in a systematic manner. Academic advising for the CLS certificate is available in the Student Advising Office, 307 Ingraham Hall. Prospective and current certificate students must make an appointment with Rachelle Eilers, reilers@wisc.edu, to discuss requirements, courses, and application to the certificate.

# CLASSICAL AND ANCIENT NEAR EASTERN STUDIES

The widespread influence of Greece and Rome upon our own modern society, the intrinsic attraction of ancient literature, civilization, and material culture, and the interdisciplinary nature of the discipline make classics a dynamic and popular field of study. Moreover, undergraduate training in classics demands an intellectual rigor that can prepare students for more advanced training in graduate school, supplement their studies in a variety of other disciplines in the humanities, sciences, and engineering, and help them gain admittance to professional programs in law and medicine.

To this end, the Department of Classical and Ancient Near Eastern Studies (CANES) offers three majors and a certificate, providing a number of options for students wishing to explore their interests in classical studies. For students interested in Latin *and* Greek, the department offers the **classics** major, which requires proficiency in both languages but allows students to emphasize study of one or the other. The department also offers a **Latin** major only, often chosen by students interested in teaching.

The **classical humanities** major combines language study with the study of the literature and culture of the ancient world. Finally, the department offers the **classical studies** certificate, preferred by students who wish to explore literature and culture without a concentration in language.

For more information about any of these options, please contact the CANES department (http://canes.wisc.edu) and/or meet with the advisor (https://calendar.wisc.edu/scheduling-assistant/public/profiles/YjfjFEtg.html) at any time.

## RESOURCES AND SCHOLARSHIPS

# SCHOLARSHIPS AND PRIZES

In addition to routinely nominating or recommending exemplary undergraduate majors for national, regional, local and university awards, CANES offers the following competitions to classical humanities, classics, and Latin majors annually:

### RUTH M. KUHLMAN UNDERGRADUATE SCHOLARSHIP

Established in 1998 with a bequest from Myron George Kuhlman in memory of his wife, Ruth Miller Kuhlman (BS in Education '32), this is a monetary award for undergraduates to benefit and advance their studies within the field of classics. Total amount of award may be up to $2500 and the award may not be granted every academic year depending on quality of entries and availability of funds. This competition is only open to classics, classical humanities, and Latin majors. Students should apply via Scholarships@UW (which can be accessed through their MyUW page). Generally, the online application is open in early November with a deadline for submission in early February.

### GERTRUDE E. SLAUGHTER SUMMER STUDY SCHOLARSHIP

A monetary award in memory of Gertrude E. Slaughter, author and widow of Professor Moses S. Slaughter 1896–1923, for undergraduate students to advance their studies at an accredited center such as the American School in Athens or the American Academy in Rome, or to participate in an active archaeological field project. Awards will be in the amount of up to $800. This competition is open only to classics, classical humanities, and Latin majors. Students should apply via Scholarships@UW (which can be accessed through their MyUW page). Generally, the online application is open in early November with a deadline for submission in early February.

### LOGAN PRIZE FOR GREEK TRANSLATION

A monetary award in memory of Fellow of Classics, John Watson Logan (Ph.D. '23), for the translation of a passage of ancient Greek. The passage will be selected each year by the chair of the Prize Committee and awards may not be granted every academic year depending on quality of entries. This competition is open to all undergraduate students who have completed at least one semester of ancient Greek and is normally publicized in classes and to department majors in early April.

### PILLINGER PRIZE FOR LATIN TRANSLATION

A monetary award in memory of Assistant Professor Hugh Edward Pillinger (1965-1970) for the translation of a passage in Latin. The passage will be selected each year by the chair of the Prize Committee and awards may not be granted every academic year depending on quality of entries. This competition is open to all undergraduate students who have completed at least one semester of Latin and is normally publicized in classes and to department majors in early April.

# STUDY ABROAD

CANES offers two options for summer study: UW–Classics in Greece and UW–Classics in Italy.

Each three-week program is offered alternating summers and guided by a department faculty member.

To learn more, visit our website (http://canes.wisc.edu/classics-study-abroad.htm).

# CLASSICAL HUMANITIES, B.A.

The classical humanities major allows students to combine their love of ancient language with the exploration of the literature, civilization, and culture of Greece, Rome, and the Ancient Near East.

Students study Greek, Latin, or Biblical Hebrew in two or four semester combinations, and they choose from a wide selection of complementary courses, including topics in art, architecture, archaeology, history, literature, philosophy, and politics. In addition to supporting their language study, these subjects enable our majors to develop a more comprehensive understanding of the ancient world.

To support classical humanities majors as they pursue their educational goals, CANES provides annual scholarship opportunities. We also offer a summer study abroad program led by members of our faculty. Learn more under "Resources and Scholarships."

## HOW TO GET IN

Declaring the classical humanities major is as easy as meeting with the CANES advisor. Make an appointment today (https://calendar.wisc.edu/scheduling-assistant/public/profiles/YjfjFEtg.html).

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

The classical humanities major consists of a combination of courses in ancient culture and classical languages. The major requirements are divided into three areas: Language, Literature and Culture, and Seminar.

Students typically earn 32–34 credits from these three areas to complete the major requirements; 18 credits are required in the Literature and Culture, and Seminar categories. The requirements for the major are:

## LANGUAGE

Complete one of the following language tracks: [1]

| Code | Title | Credits |
|---|---|---|
| 4 semesters of Greek | | 14 credits |
| GREEK 103<br>& GREEK 104<br>& GREEK 305<br>& GREEK 306 | Elementary Ancient Greek<br>and Second Semester Ancient Greek<br>and Intermediate Greek<br>and Intermediate Greek | |
| 4 semesters of Latin | | 16 credits |
| LATIN 103<br>& LATIN 104<br>& LATIN 203<br>& LATIN 204 | Elementary Latin<br>and Elementary Latin<br>and Intermediate Latin<br>and Introduction to Latin Literature | |
| 2 semesters of Greek, 2 semesters of Latin | | 16 credits |
| GREEK 103<br>& GREEK 104<br>& LATIN 103<br>& LATIN 104 | Elementary Ancient Greek<br>and Second Semester Ancient Greek<br>and Elementary Latin<br>and Elementary Latin | |
| 2 semesters of Hebrew–Bible, 2 semesters of Greek | | 16 credits |
| HEBR-BIB 103<br>& HEBR-BIB 104<br>& GREEK 103<br>& GREEK 104 | Elementary Biblical Hebrew, I<br>and Elementary Biblical Hebrew, II<br>and Elementary Ancient Greek<br>and Second Semester Ancient Greek | |
| 2 semesters of Hebrew–Bible, 2 semesters of Latin | | 16 credits |
| HEBR-BIB 103<br>& HEBR-BIB 104<br>& LATIN 103<br>& LATIN 104 | Elementary Biblical Hebrew, I<br>and Elementary Biblical Hebrew, II<br>and Elementary Latin<br>and Elementary Latin | |

[1] Students who place into higher than the first-semester language course may be eligible to earn retroactive language credits (p. 313).

## LITERATURE AND CULTURE

| Code | Title | Credits |
|---|---|---|
| 15 credits, of which 9 credits must be numbered 300 and higher. A maximum 6 credits may come from courses outside of and that are not cross-listed in CLASSICS, GREEK and LATIN. Up to 6 credits of courses from GREEK and LATIN above the second-year level may count. That is, courses numbered higher than Greek 306 and Latin 204, with the exception Latin 391 and 392. | | 15 |

| | |

### SEMINAR

| Code | Title | Credits |
|---|---|---|
| CLASSICS 591 | Undergraduate Seminar: Approaches to the Classical World [2] | 3 |
| Total Credits | | 3 |

[2] The Undergraduate Seminar course is typically offered every spring semester; it is normally taken senior year.

## RESIDENCE AND QUALITY OF WORK IN THE MAJOR

- 2.000 GPA in all CLASSICS, GREEK and LATIN courses and all other courses in the major
- 2.000 GPA on 15 upper-level major credits, taken in residence [3]
- 15 credits in CLASSICS, GREEK and LATIN, taken on the UW–Madison campus

[3] Courses with Intermediate and Advanced level are considered upper level in this major.

## HONORS IN THE MAJOR

Students may declare Honors in the Classical Humanities Major in consultation with the Classical Humanities undergraduate advisor.

### HONORS IN THE MAJOR IN CLASSICAL HUMANITIES: REQUIREMENTS

To earn Honors in the Major in Classical Humanities, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall iniversity GPA
- Earn a 3.500 GPA in all CLASSICS, LATIN, and GREEK courses, and all courses accepted in the major, at the intermediate or advanced level
- Complete the following coursework:
  - At least 9 credits, taken for Honors, with a grade of B or better, from the list of Literature and Culture requirements above
  - A two-semester Senior Honors Thesis in CLASSICS 681 and CLASSICS 682, for a total of 6 credits.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Gain knowledge of the ancient Roman, Greek, and Near Eastern civilizations.
2. Gain competency with contemporary scholarly questions surrounding their historical significance and interpretation.
3. Develop critical methodologies, including the ability to engage in source criticism and to approach ancient civilizations on their own terms.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| LATIN 103, GREEK 103, or HEBR-BIB 103 | 4 | LATIN 104, GREEK 104, or HEBR-BIB 104 | 4 |

| | | | |
|---|---|---|---|
| 100-200 level CLASSICS course | 3 | 100-200 level CLASSICS course | 3 |
| Communication A | 3 | Quantitative Reasoning A | 4 |
| Physicsl Science Breadth | 4 | Ethnic Studies | 3 |
| | 14 | | 14 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| LATIN 203, GREEK 305, or HEBR-BIB 323 | 4 | LATIN 204, GREEK 306, or HEBR-BIB 324 | 4 |
| CLASSICS 320 or 322[1] | 3 | CLASSICS/JEWISH/ LITTRANS/ RELIG ST 227, 320, 322, 332, 335, 340, 346, 350, 351, or 370[2] | 3-4 |
| INTER-LS 210 or CLASSICS 322 | 3 | Quantitative Reasoning B | 3 |
| Social Science Breadth | 3 | Social Science Breadth | 3 |
| Elective | 3 | Biological Science Breadth | 3 |
| | 16 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| 300-400 level CLASSICS course (Intermediate/ Advanced) | 3 | 300-400 level CLASSICS course (Intermediate/ Advanced) | 3 |
| 300-400 level CLASSICS course (Intermediate/ Advanced) | 3 | 300-400 level CLASSICS course (Intermediate/ Advanced) | 3 |
| L&S Breadth | 3 | Elective | 3 |
| L&S Breadth | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| 300-400 level CLASSICS course (Intermediate/ Advanced) | 3 | Electives | 15 |
| Electives | 12 | | |
| | 15 | | 15 |

Total Credits 120

1 Fulfills Communication Part B & L&S Breadth Literature requirement

2 Fulfills L&S Breadth Literature requirement

## ADVISING AND CAREERS

# ADVISING

**How does the classical humanities major fit into my educational goals?**

While there are a wide variety of reasons to visit your major advisor, there seem to be two recurring questions:

1. Can I complete the major during the time I have left at UW?

2. Which classes will be offered in the future?

If you like to plan, seeing your major advisor is very important; it can make the difference between fitting in *Ancient Greek and Roman Monsters* and *Introduction to Biblical Literature* before you graduate. Many students also try to complete more than one major or certificate, and discussing how you might be able to reach this goal is another primary role of your major advisor. Advisors can speak to you about course content, which courses fit best with your interest areas, and what kinds of courses might work best with your learning style—e.g., do you prefer multiple choice or essays? Any and all of these discussions can occur during your advising appointment.

In addition to discussing the major, advisors know a lot about:

- General Education requirements
- Breadth requirements
- Interpreting university policies and deadlines
- Connecting majors to careers
- Getting involved with campus organizations
- Finding volunteer and/or internship opportunities
- Talking about your challenges and difficulties
- Connecting with tutors
- Choosing a study abroad program
- Practicing for interviews
- Talking about graduate school
- Proofreading resumes and cover letters

Ready to meet with the CANES advisor? Make an appointment today (https://calendar.wisc.edu/scheduling-assistant/public/profiles/YjfjFEtg.html).

# CAREERS

While many students have a difficult time believing it, a humanities major such as ours enables students who complete it to consider just about any type of career or educational pursuit. Our coursework builds the critical thinking and communication skills needed to succeed in careers ranging from politics and education to business and law.

Think about what you learn in a classroom setting as well as what you do each day to be a successful student; the skills you develop are equally important in the workplace:

- critical reading, reflection, and analysis
- proper research design and methodology
- expanded world view and exposure to new ideas/ways of thinking
- effective teamwork to advance a common project/purpose
- effective time-management and self-motivation to complete projects independently
- demonstrated writing proficiency in short and long essay format
- discussion and debate strategies
- broader knowledge of career and graduate-study options

One of the more significant skills CANES majors develop is language acquisition. Study of Greek, Latin, or Biblical Hebrew sets you apart and demonstrates your willingness to explore and expand your understanding of history and culture. In addition, the study of ancient languages shows discipline and perseverance, since they are such difficult languages to learn. Overall, you will have a wide variety of skills and talents to

start you on the path to a rewarding career. Visit our website (http://canes.wisc.edu/230.htm) for more information.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

# PEOPLE

### FACULTY

For full faculty profiles, visit our website (https://canes.wisc.edu/our-faculty).

**William Aylward**: Greek and Roman archaelology
**Jeffrey Beneker**: Biography and historiography; Roman Republic
**Jeffrey Blakely**: Biblical and ancient Near Eastern archaeology
**William Brockliss**: Homer; Latin and Greek pedagogy
**Alex Dressler**: Ancient philosophy; gender and sexuality
**Jeremy M. Hutton**: Hebrew Bible; Northwest Semitics
**Laura McClure**: Greek literature; gender and reception studies
**J C McKeown**: Greek and Roman literature and culture
**Grant Nelsestuen**: Roman cultural history; Latin prose
**Nandini Pandey**: Latin poetry; Augustan culture
**Vanessa Schmitz-Siebertz:** Latin Instructor
**Mike Vanden Heuvel**: Theater and performance theory

### AFFILIATE FACULTY

**Nicholas Cahill**: Ancient Greek archaeology and art history
**Emily Fletcher**: Ancient Greek philosophy
**Paula Gottlieb**: Ancient Greek philosophy; ethics
**Daniel Kapust**: Roman political thought; rhetoric; political theory
**Marc Kleijwegt**: Roman and Greek history
**Leonora Neville**: Roman Empire (the Byzantine Empire) in the 9th-12th centuries
**Jordan Rosenblum**: Rabbinic Judaism; biblical interpretation; food and religion
**Claire Taylor**: Greek socio-economic history; Athenian democracy; epigraphic culture

# RESOURCES AND SCHOLARSHIPS

## SCHOLARSHIPS AND PRIZES

In addition to routinely nominating or recommending exemplary undergraduate majors for national, regional, local and university awards, CANES offers the following competitions to classical humanities, classics, and Latin majors annually:

### RUTH M. KUHLMAN UNDERGRADUATE SCHOLARSHIP

Established in 1998 with a bequest from Myron George Kuhlman in memory of his wife, Ruth Miller Kuhlman (BS in Education '32), this is a monetary award for undergraduates to benefit and advance their studies within the field of classics. Total amount of award may be up to $2500 and the award may not be granted every academic year depending on quality of entries and availability of funds. This competition is only open to classics, classical humanities, and Latin majors. Students should apply via Scholarships@UW (which can be accessed through their MyUW page). Generally, the online application is open in early November with a deadline for submission in early February.

### GERTRUDE E. SLAUGHTER SUMMER STUDY SCHOLARSHIP

A monetary award in memory of Gertrude E. Slaughter, author and widow of Professor Moses S. Slaughter 1896–1923, for undergraduate students to advance their studies at an accredited center such as the American School in Athens or the American Academy in Rome, or to participate in an active archaeological field project. Awards will be in the amount of up to $800. This competition is open only to classics, classical humanities, and Latin majors. Students should apply via Scholarships@UW (which can be accessed through their MyUW page). Generally, the online application is open in early November with a deadline for submission in early February.

### LOGAN PRIZE FOR GREEK TRANSLATION

A monetary award in memory of Fellow of Classics, John Watson Logan (Ph.D. '23), for the translation of a passage of ancient Greek. The passage will be selected each year by the chair of the Prize Committee and awards may not be granted every academic year depending on quality of entries. This competition is open to all undergraduate students who have completed at least one semester of ancient Greek and is normally publicized in classes and to department majors in early April.

### PILLINGER PRIZE FOR LATIN TRANSLATION

A monetary award in memory of Assistant Professor Hugh Edward Pillinger (1965-1970) for the translation of a passage in Latin. The passage will be selected each year by the chair of the Prize Committee and awards may not be granted every academic year depending on quality of entries. This competition is open to all undergraduate students who have completed at least one semester of Latin and is normally publicized in classes and to department majors in early April.

## STUDY ABROAD

CANES offers two options for summer study: UW–Classics in Greece and UW–Classics in Italy.

Each three-week program is offered alternating summers and guided by a department faculty member.

To learn more, visit our website (http://canes.wisc.edu/classics-study-abroad.htm).

# CLASSICAL HUMANITIES, B.S.

The classical humanities major allows students to combine their love of ancient language with the exploration of the literature, civilization, and culture of Greece, Rome, and the Ancient Near East.

Students study Greek, Latin, or Biblical Hebrew in two or four semester combinations, and they choose from a wide selection of complementary courses, including topics in art, architecture, archaeology, history, literature, philosophy, and politics. In addition to supporting their language study, these subjects enable our majors to develop a more comprehensive understanding of the ancient world.

To support classical humanities majors as they pursue their educational goals, CANES provides annual scholarship opportunities. We also offer a summer study abroad program led by members of our faculty. Learn more under "Resources and Scholarships."

## HOW TO GET IN

Declaring the classical humanities major is as easy as meeting with the CANES advisor. Make an appointment today (https://calendar.wisc.edu/scheduling-assistant/public/profiles/YjfjFEtg.html).

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

### NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and**

**degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

The classical humanities major consists of a combination of courses in ancient culture and classical languages. The major requirements are divided into three areas: Language, Literature and Culture, and Seminar.

Students typically earn 32–34 credits from these three areas to complete the major requirements; 18 credits are required in the Literature and Culture, and Seminar categories. The requirements for the major are:

## LANGUAGE

Complete one of the following language tracks: [1]

| Code | Title | Credits |
|---|---|---|
| 4 semesters of Greek | | 14 credits |
| GREEK 103<br>& GREEK 104<br>& GREEK 305<br>& GREEK 306 | Elementary Ancient Greek<br>and Second Semester Ancient Greek<br>and Intermediate Greek<br>and Intermediate Greek | |
| 4 semesters of Latin | | 16 credits |
| LATIN 103<br>& LATIN 104<br>& LATIN 203<br>& LATIN 204 | Elementary Latin<br>and Elementary Latin<br>and Intermediate Latin<br>and Introduction to Latin Literature | |
| 2 semesters of Greek, 2 semesters of Latin | | 16 credits |
| GREEK 103<br>& GREEK 104<br>& LATIN 103<br>& LATIN 104 | Elementary Ancient Greek<br>and Second Semester Ancient Greek<br>and Elementary Latin<br>and Elementary Latin | |
| 2 semesters of Hebrew–Bible, 2 semesters of Greek | | 16 credits |
| HEBR-BIB 103<br>& HEBR-BIB 104<br>& GREEK 103<br>& GREEK 104 | Elementary Biblical Hebrew, I<br>and Elementary Biblical Hebrew, II<br>and Elementary Ancient Greek<br>and Second Semester Ancient Greek | |
| 2 semesters of Hebrew–Bible, 2 semesters of Latin | | 16 credits |
| HEBR-BIB 103<br>& HEBR-BIB 104<br>& LATIN 103<br>& LATIN 104 | Elementary Biblical Hebrew, I<br>and Elementary Biblical Hebrew, II<br>and Elementary Latin<br>and Elementary Latin | |

[1] Students who place into higher than the first-semester language course may be eligible to earn retroactive language credits (p. 313).

## LITERATURE AND CULTURE

| Code | Title | Credits |
|---|---|---|
| 15 credits, of which 9 credits must be numbered 300 and higher. A maximum 6 credits may come from courses outside of and that are not cross-listed in CLASSICS, GREEK and LATIN. Up to 6 credits of courses from GREEK and LATIN above the second-year level may count. That is, courses numbered higher than Greek 306 and Latin 204, with the exception Latin 391 and 392. | | 15 |
| CLASSICS 100 | Legacy of Greece and Rome in Modern Culture | |
| CLASSICS/ HISTORY 110 | The Ancient Mediterranean | |

## SEMINAR

| Code | Title | Credits |
|---|---|---|
| CLASSICS 591 | Undergraduate Seminar: Approaches to the Classical World [2] | 3 |
| Total Credits | | 3 |

[2] The Undergraduate Seminar course is typically offered every spring semester; it is normally taken senior year.

# RESIDENCE AND QUALITY OF WORK IN THE MAJOR

- 2.000 GPA in all CLASSICS, GREEK and LATIN courses and all other courses in the major

- 2.000 GPA on 15 upper-level major credits, taken in residence [3]
- 15 credits in CLASSICS, GREEK and LATIN, taken on the UW–Madison campus

[3] Courses with Intermediate and Advanced level are considered upper level in this major.

# HONORS IN THE MAJOR

Students may declare Honors in the Classical Humanities Major in consultation with the Classical Humanities undergraduate advisor.

## HONORS IN THE MAJOR IN CLASSICAL HUMANITIES: REQUIREMENTS

To earn Honors in the Major in Classical Humanities, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall iniversity GPA
- Earn a 3.500 GPA in all CLASSICS, LATIN, and GREEK courses, and all courses accepted in the major, at the intermediate or advanced level
- Complete the following coursework:
  - At least 9 credits, taken for Honors, with a grade of B or better, from the list of Literature and Culture requirements above
  - A two-semester Senior Honors Thesis in CLASSICS 681 and CLASSICS 682, for a total of 6 credits.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Gain knowledge of the ancient Roman, Greek, and Near Eastern civilizations.
2. Gain competency with contemporary scholarly questions surrounding their historical significance and interpretation.
3. Develop critical methodologies, including the ability to engage in source criticism and to approach ancient civilizations on their own terms.

# FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| LATIN 103, GREEK 103, or HEBR-BIB 103 | 4 | LATIN 104, GREEK 104, or HEBR-BIB 104 | 4 |
| 100-200 level CLASSICS course | 3 | 100-200 level CLASSICS course | 3 |
| Communication A | 3 | Quantitative Reasoning A | 4 |
| Physicsl Science Breadth | 4 | Ethnic Studies | 3 |
| | 14 | | 14 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| LATIN 203, GREEK 305, or HEBR-BIB 323 | 4 | LATIN 204, GREEK 306, or HEBR-BIB 324 | 4 |
| CLASSICS 320 or 322[1] | 3 | CLASSICS/JEWISH/ LITTRANS/ RELIG ST 227, 320, 322, 332, 335, 340, 346, 350, 351, or 370[2] | 3-4 |
| INTER-LS 210 or CLASSICS 322 | 3 | Quantitative Reasoning B | 3 |
| Social Science Breadth | 3 | Social Science Breadth | 3 |
| Elective | 3 | Biological Science Breadth | 3 |
| | 16 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| 300-400 level CLASSICS course (Intermediate/ Advanced) | 3 | 300-400 level CLASSICS course (Intermediate/ Advanced) | 3 |
| 300-400 level CLASSICS course (Intermediate/ Advanced) | 3 | 300-400 level CLASSICS course (Intermediate/ Advanced) | 3 |
| L&S Breadth | 3 | Elective | 3 |
| L&S Breadth | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| 300-400 level CLASSICS course (Intermediate/ Advanced) | 3 | Electives | 15 |
| Electives | 12 | | |
| | 15 | | 15 |

Total Credits 120

[1] Fulfills Communication Part B & L&S Breadth Literature requirement

[2] Fulfills L&S Breadth Literature requirement

## ADVISING AND CAREERS

# ADVISING

**How does the classical humanities major fit into my educational goals?**

While there are a wide variety of reasons to visit your major advisor, there seem to be two recurring questions:

1. Can I complete the major during the time I have left at UW?

2. Which classes will be offered in the future?

If you like to plan, seeing your major advisor is very important; it can make the difference between fitting in *Ancient Greek and Roman Monsters* and *Introduction to Biblical Literature* before you graduate. Many students also try to complete more than one major or certificate, and discussing how you might be able to reach this goal is another primary role of your major advisor. Advisors can speak to you about course content, which courses fit best with your interest areas, and what kinds of courses might work best with your learning style—e.g., do you prefer multiple choice or essays? Any and all of these discussions can occur during your advising appointment.

In addition to discussing the major, advisors know a lot about:

- General Education requirements
- Breadth requirements
- Interpreting university policies and deadlines
- Connecting majors to careers
- Getting involved with campus organizations
- Finding volunteer and/or internship opportunities
- Talking about your challenges and difficulties
- Connecting with tutors
- Choosing a study abroad program
- Practicing for interviews
- Talking about graduate school
- Proofreading resumes and cover letters

Ready to meet with the CANES advisor? Make an appointment today (https://calendar.wisc.edu/scheduling-assistant/public/profiles/YjfjFEtg.html).

# CAREERS

While many students have a difficult time believing it, a humanities major such as ours enables students who complete it to consider just about any type of career or educational pursuit. Our coursework builds the critical thinking and communication skills needed to succeed in careers ranging from politics and education to business and law.

Think about what you learn in a classroom setting as well as what you do each day to be a successful student; the skills you develop are equally important in the workplace:

- critical reading, reflection, and analysis
- proper research design and methodology
- expanded world view and exposure to new ideas/ways of thinking
- effective teamwork to advance a common project/purpose
- effective time-management and self-motivation to complete projects independently
- demonstrated writing proficiency in short and long essay format
- discussion and debate strategies
- broader knowledge of career and graduate-study options

One of the more significant skills CANES majors develop is language acquisition. Study of Greek, Latin, or Biblical Hebrew sets you apart and demonstrates your willingness to explore and expand your understanding of history and culture. In addition, the study of ancient languages shows discipline and perseverance, since they are such difficult languages to learn. Overall, you will have a wide variety of skills and talents to start you on the path to a rewarding career. Visit our website (http://canes.wisc.edu/230.htm) for more information.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

### FACULTY

For full faculty profiles, visit our website (https://canes.wisc.edu/our-faculty).

**William Aylward**: Greek and Roman archaelology
**Jeffrey Beneker**: Biography and historiography; Roman Republic
**Jeffrey Blakely**: Biblical and ancient Near Eastern archaeology
**William Brockliss**: Homer; Latin and Greek pedagogy
**Alex Dressler**: Ancient philosophy; gender and sexuality
**Jeremy M. Hutton**: Hebrew Bible; Northwest Semitics
**Laura McClure**: Greek literature; gender and reception studies
**J C McKeown**: Greek and Roman literature and culture

**Grant Nelsestuen**: Roman cultural history; Latin prose
**Nandini Pandey**: Latin poetry; Augustan culture
**Vanessa Schmitz-Siebertz:** Latin Instructor
**Mike Vanden Heuvel**: Theater and performance theory

### AFFILIATE FACULTY

**Nicholas Cahill**: Ancient Greek archaeology and art history
**Emily Fletcher**: Ancient Greek philosophy
**Paula Gottlieb**: Ancient Greek philosophy; ethics
**Daniel Kapust**: Roman political thought; rhetoric; political theory
**Marc Kleijwegt**: Roman and Greek history
**Leonora Neville**: Roman Empire (the Byzantine Empire) in the 9th-12th centuries
**Jordan Rosenblum**: Rabbinic Judaism; biblical interpretation; food and religion
**Claire Taylor**: Greek socio-economic history; Athenian democracy; epigraphic culture

### EMERITUS FACULTY

Barry Powell
Ronald L. Troxel

### ACADEMIC STAFF

Bill Bach, Department Administrator
Toni Landis, Advisor/Student Services Coordinator

## RESOURCES AND SCHOLARSHIPS

# SCHOLARSHIPS AND PRIZES

In addition to routinely nominating or recommending exemplary undergraduate majors for national, regional, local and university awards, CANES offers the following competitions to classical humanities, classics, and Latin majors annually:

### RUTH M. KUHLMAN UNDERGRADUATE SCHOLARSHIP

Established in 1998 with a bequest from Myron George Kuhlman in memory of his wife, Ruth Miller Kuhlman (BS in Education '32), this is a monetary award for undergraduates to benefit and advance their studies within the field of classics. Total amount of award may be up to $2500 and the award may not be granted every academic year depending on quality of entries and availability of funds. This competition is only open to classics, classical humanities, and Latin majors. Students should apply via Scholarships@UW (which can be accessed through their MyUW page). Generally, the online application is open in early November with a deadline for submission in early February.

### GERTRUDE E. SLAUGHTER SUMMER STUDY SCHOLARSHIP

A monetary award in memory of Gertrude E. Slaughter, author and widow of Professor Moses S. Slaughter 1896–1923, for undergraduate students to advance their studies at an accredited center such as the American School in Athens or the American Academy in Rome, or to participate in an active archaeological field project. Awards will be in the amount of up to $800. This competition is open only to classics, classical humanities, and Latin majors. Students should apply via Scholarships@UW (which can be accessed through their MyUW page). Generally, the online application is open in early November with a deadline for submission in early February.

### LOGAN PRIZE FOR GREEK TRANSLATION

A monetary award in memory of Fellow of Classics, John Watson Logan (Ph.D. '23), for the translation of a passage of ancient Greek. The passage will be selected each year by the chair of the Prize Committee and awards may not be granted every academic year depending on quality of entries. This competition is open to all undergraduate students who have completed at least one semester of ancient Greek and is normally publicized in classes and to department majors in early April.

### PILLINGER PRIZE FOR LATIN TRANSLATION

A monetary award in memory of Assistant Professor Hugh Edward Pillinger (1965-1970) for the translation of a passage in Latin. The passage will be selected each year by the chair of the Prize Committee and awards may not be granted every academic year depending on quality of entries. This competition is open to all undergraduate students who have completed at least one semester of Latin and is normally publicized in classes and to department majors in early April.

# STUDY ABROAD

CANES offers two options for summer study:  UW–Classics in Greece and UW–Classics in Italy.

Each three-week program is offered alternating summers and guided by a department faculty member.

To learn more, visit our website (http://canes.wisc.edu/classics-study-abroad.htm).

# CLASSICAL STUDIES, CERTIFICATE

The classical studies certificate allows students to explore the literature, civilization, and culture of the ancient world. It is especially ideal for students drawn to Greek, Roman or Ancient Near Eastern society but less interested in language study.

Both the flexibility and variety are additional features that make the certificate attractive to students. Course options include topics in art, architecture, archaeology, history, literature, philosophy, and politics. Students are free to explore their individual interests on the way to developing a more comprehensive understanding of the ancient world.

Finally, in addition to completing requirements for the certificate, many of the courses fulfill *General Education* requirements, such as Communications Part B, and *Breadth* requirements, such as Humanities and Literature.

## HOW TO GET IN

Declaring the classical studies certificate is as easy as meeting with the CANES advisor. Make an appointment today (https://calendar.wisc.edu/scheduling-assistant/public/profiles/YjfjFEtg.html).

*Please note:* Classical humanities majors are **not** allowed to declare the certificate.

## REQUIREMENTS

# REQUIREMENTS FOR THE CERTIFICATE

18 credits are required, of which at least 12 must be numbered 300 and above: [1]

| Code | Title | Credits |
|---|---|---|
| **12 credits from courses numbered 300 and higher:** | | 12-18 |
| CLASSICS/ ART HIST 300 | The Art and Archaeology of Ancient Greece | |

| ILS 203 | Western Culture: Literature and the Arts I | |
| ILS 205 | Western Culture: Political, Economic, and Social Thought I | |
| POLI SCI 265 | Development of Ancient and Medieval Western Political Thought | |
| Total Credits | | 18 |

[1] Courses taken Pass/Fail do not count in the certificate.

## RESIDENCE & QUALITY OF WORK

- Minimum 2.000 GPA in all courses approved for the certificate
- 9 credits in the certificate, taken in residence

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. Gain knowledge of the ancient Roman, Greek, and Near Eastern civilizations.
2. Gain competency with contemporary scholarly questions surrounding their historical significance and interpretation.
3. Develop critical methodologies, including the ability to engage in source criticism and to approach ancient civilizations on their own terms.

## ADVISING AND CAREERS

**How does the classical studies certificate fit into my educational goals?**

While there are a wide variety of reasons to visit your major advisor, there seem to be two recurring questions:

1. Can I complete the certificate during the time I have left at UW?

2. Which classes will be offered in the future?

If you like to plan, seeing your advisor is very important; it can make the difference between fitting in *Ancient Greek and Roman Monsters* and *Introduction to Biblical Literature* before you graduate. Many students also try to complete more than one major or certificate, and discussing how you might be able to reach this goal is another primary role of your major advisor. Advisors can speak to you about course content, which courses fit best with your interest areas, and what kinds of courses might work best with your learning style—e.g., do you prefer multiple choice or essays? Any and all of these discussions can occur during your advising appointment.

In addition to discussing the major, advisors know a lot about:

- General Education requirements
- Breadth requirements

## PEOPLE

### FACULTY

For full faculty profiles, visit our website (https://canes.wisc.edu/our-faculty).

**William Aylward**: Greek and Roman archaelology
**Jeffrey Beneker**: Biography and historiography; Roman Republic
**Jeffrey Blakely**: Biblical and ancient Near Eastern archaeology
**William Brockliss**: Homer; Latin and Greek pedagogy
**Alex Dressler**: Ancient philosophy; gender and sexuality
**Jeremy M. Hutton**: Hebrew Bible; Northwest Semitics
**Laura McClure**: Greek literature; gender and reception studies
**J C McKeown**: Greek and Roman literature and culture
**Grant Nelsestuen**: Roman cultural history; Latin prose
**Nandini Pandey**: Latin poetry; Augustan culture
**Vanessa Schmitz-Siebertz:** Latin Instructor
**Mike Vanden Heuvel**: Theater and performance theory

### AFFILIATE FACULTY

**Nicholas Cahill**: Ancient Greek archaeology and art history
**Emily Fletcher**: Ancient Greek philosophy
**Paula Gottlieb**: Ancient Greek philosophy; ethics
**Daniel Kapust**: Roman political thought; rhetoric; political theory
**Marc Kleijwegt**: Roman and Greek history
**Leonora Neville**: Roman Empire (the Byzantine Empire) in the 9th-12th centuries
**Jordan Rosenblum**: Rabbinic Judaism; biblical interpretation; food and religion
**Claire Taylor**: Greek socio-economic history; Athenian democracy; epigraphic culture

# CLASSICS, B.A.

The classics major allows students to achieve proficiency in *both* Greek and Latin. Majors who choose an emphasis in Greek, also complete four semesters of Latin, and likewise, those who choose an emphasis in Latin, complete four semesters of Greek as well.

Such comprehensive training enables classics majors to explore Greek and Roman literature in the original languages. From a practical standpoint, students develop analytical and critical thinking skills, and they may also become thoughtful and gifted writers in their native

languages thanks to the intensive grammatical training required by the study of ancient languages.

To support our classics majors as they pursue their educational goals, CANES provides annual scholarship opportunities. We also offer a summer study abroad program led by members of our faculty. Learn more under "Resources and Scholarships."

## HOW TO GET IN

To declare the Classics major, meet with the CANES advisor (https://calendar.wisc.edu/scheduling-assistant/public/profiles/YjfjFEtg.html).

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

A major in Classics allows students to place primary emphasis on learning Greek or Latin, yet gain some language training in both. Whether the primary language of study is Greek or Latin, the major requires 23 credits and assumes students have taken the first two semesters of both languages prior to entering the major.

### CLASSICS–LATIN EMPHASIS

| Code | Title | Credits |
|---|---|---|
| **Greek courses:** | | |
| GREEK 305 | Intermediate Greek | 3 |
| GREEK 306 | Intermediate Greek | 3 |
| **LATIN courses:** | | 17 |
| LATIN 203 | Intermediate Latin | |
| LATIN 204 | Introduction to Latin Literature | |
| LATIN 301 | Latin Literature of the Roman Republic | |
| LATIN 302 | Latin Literature of the Roman Empire | |
| LATIN 505 | Elementary Prose Composition | |
| LATIN 515 | Vergil | |
| LATIN 519 | Latin Poetry | |
| LATIN 520 | Roman Drama | |
| LATIN 521 | Roman Elegy | |
| LATIN 522 | Roman Lyric Poetry | |
| LATIN 523 | Roman Satire | |
| LATIN 524 | Roman Novel | |
| LATIN 539 | Latin Historical Writers | |
| LATIN 549 | Latin Philosophical Writers | |
| LATIN 559 | Latin Oratory | |
| LATIN/ MEDIEVAL 563 | Mediaeval Latin | |
| Total Credits | | 23 |

### CLASSICS–GREEK EMPHASIS

| Code | Title | Credits |
|---|---|---|
| **Latin courses:** | | |
| LATIN 203 | Intermediate Latin | 4 |
| LATIN 204 | Introduction to Latin Literature | 4 |
| **Greek courses:** | | 15 |
| GREEK 305 | Intermediate Greek | |
| GREEK 306 | Intermediate Greek | |
| GREEK 401 | Greek Drama | |
| GREEK 402 | Greek Drama and Lyric Poetry | |
| GREEK 505 | Elementary Prose Composition | |
| GREEK 510 | Homer | |
| GREEK 511 | Hesiod | |
| GREEK 512 | Greek Lyric Poets | |
| GREEK 520 | Greek Comedy | |
| GREEK 521 | Greek Tragedy | |
| GREEK 530 | Herodotus | |
| GREEK 532 | Thucydides | |
| GREEK 551 | Attic Orators | |
| GREEK 560 | Hellenistic Greek | |
| Total Credits | | 23 |

### RESIDENCE AND QUALITY OF WORK IN THE MAJOR

- 2.000 GPA in all CLASSICS and major courses
- 2.000 GPA on at least 15 credits of upper-level work in the major[1]
- 15 credits in CLASSICS, taken at UW–Madison

1 Intermediate and Advanced level GREEK and LATIN courses are Upper-Level in the major.

## HONORS IN THE MAJOR

Students may declare Honors in the Classics Major in consultation with the Classics undergraduate advisor.

### HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major in Classics, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA in Upper-Level work in the major
- Complete the following coursework, with a grade of B or better:
  - CLASSICS 591 and
  - Senior Honors Thesis (CLASSICS 681 &CLASSICS 682) for a 6 credits

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Gain knowledge of the ancient languages.
2. Develop close reading skills that emphasize accuracy and precision in translation.
3. Develop critical reading skills, especially the ability to engage in source criticism.
4. Gain competency with core texts of the ancient western and near eastern literary canon.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| LATIN 103 or GREEK 103 | 4 | LATIN 104 or GREEK 104 | 4 |
| Communication Part A | 3 | Quantitative Reasoning A | 3 |
| Physical Science Breadth | 3 | Ethnic Studies | 3 |
| Social Science Breadth | 4 | Biological Science Breadth | 3 |
| | | Social Science Breadth | 3 |
| | 14 | | 16 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| LATIN 203 or GREEK 305[1] | 3-4 | LATIN 204 or GREEK 306[2] | 3-4 |
| GREEK 103 or LATIN 103[1] | 4 | GREEK 104 or LATIN 104[2] | 4 |
| Communication Part B | 3 | Quantitative Reasoning Part B | 3 |
| Natural Science Breadth | 3 | Social Science Breadth | 3 |
| INTER-LS 210 | 1 | Natural Science Breadth | 3 |
| | 14 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Declare the Major | | LATIN 302 or GREEK 402[4] | 3 |
| LATIN 301 or GREEK 401[3] | 3 | GREEK 306 or LATIN 204[4] | 3-4 |
| GREEK 305 or LATIN 203[3] | 3-4 | Elective | 3 |
| L&S Breadth | 3 | Elective | 3 |
| L&S Breadth | 3 | Elective | 3 |
| L&S Breadth | 3 | | |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| 500-level Latin or Greek course | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| | 15 | | 15 |

Total Credits 120

1 Students following *Classics with emphasis in Latin* will continue the Latin sequence and begin the GREEK 103 sequence; students following *Classics with emphasis in Greek* will continue the Greek sequence (305 fulfills L&S Breadth Literature requirement) and begin LATIN 103 sequence.

2 Students following *Classics with emphasis in Latin* will continue the Latin sequence and take GREEK 104; students following *Classics with emphasis in Greek* will continue Greek sequence (306 fulfills L&S Breadth Literature requirement) and take LATIN 104.

3 Students following *Classics with emphasis in Latin* will continue the Latin sequence (301 fulfills L&S Breadth Literature requirement) and take GREEK 305; students following *Classics with emphasis in Greek* will continue the Greek sequence (401 fulfills L&S Breadth Literature requirement) and take LATIN 203.

4 Students following *Classics with emphasis in Latin* will continue the Latin sequence (302 fulfills L&S Breadth Literature requirement) and take GREEK 306; students following *Classics with emphasis in Greek* will continue the Greek sequence (402 fulfills L&S Breadth Literature requirement) and take LATIN 204.

## ADVISING AND CAREERS

**How does the classics major fit into my educational goals?**

While there are a wide variety of reasons to visit your major advisor, there seem to be two recurring questions:

1. Can I complete the major during the time I have left at UW?

2. Which classes will be offered in the future?

If you like to plan, seeing your major advisor is very important; it can make the difference between fitting in *Vergil* or *Homer* before you graduate. Many students also try to complete more than one major or certificate, and discussing how you might be able to reach this goal is another primary role of your major advisor. Advisors can speak to you about course content, which courses fit best with your interest areas, and what kinds of courses might work best with your learning style—e.g., do you prefer multiple choice or essays? Any and all of these discussions can occur during your advising appointment.

In addition to discussing the major, advisors know a lot about:

- General Education requirements
- Breadth requirements
- Interpreting university policies and deadlines
- Connecting majors to careers
- Getting involved with campus organizations
- Finding volunteer and/or internship opportunities
- Talking about your challenges and difficulties
- Connecting with tutors
- Choosing a study abroad program
- Practicing for interviews
- Talking about graduate school
- Proofreading resumes and cover letters

Ready to meet with the CANES advisor? Make an appointment today (https://calendar.wisc.edu/scheduling-assistant/public/profiles/YjfjFEtg.html).

# CAREERS

While many students have a difficult time believing it, a humanities major such as ours enables students who complete it to consider just about any type of career or educational pursuit. Our coursework builds the critical thinking and communication skills needed to succeed in careers ranging from politics and education to business and law.

Think about what you learn in a classroom setting as well as what you do each day to be a successful student; the skills you develop are equally important in the workplace:

- critical reading, reflection, and analysis
- proper research design and methodology
- expanded world view and exposure to new ideas/ways of thinking
- effective teamwork to advance a common project/purpose
- effective time-management and self-motivation to complete projects independently
- demonstrated writing proficiency in short and long essay format
- discussion and debate strategies
- broader knowledge of career and graduate-study options

One of the more significant skills CANES majors develop is language acquisition. Study of Greek, Latin, or Biblical Hebrew sets you apart and demonstrates your willingness to explore and expand your understanding of history and culture. In addition, the study of ancient languages shows discipline and perseverance, since they are such difficult languages to learn. Overall, you will have a wide variety of skills and talents to start you on the path to a rewarding career. Visit our website (http://canes.wisc.edu/230.htm) for more information.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

# RESOURCES AND SCHOLARSHIPS

## SCHOLARSHIPS AND PRIZES

In addition to routinely nominating or recommending exemplary undergraduate majors for national, regional, local and university awards, CANES offers the following competitions to classical humanities, classics, and Latin majors annually:

### RUTH M. KUHLMAN UNDERGRADUATE SCHOLARSHIP

Established in 1998 with a bequest from Myron George Kuhlman in memory of his wife, Ruth Miller Kuhlman (BS in Education '32), this is a monetary award for undergraduates to benefit and advance their studies within the field of classics. Total amount of award may be up to $2500 and the award may not be granted every academic year depending on quality of entries and availability of funds. This competition is only open to classics, classical humanities, and Latin majors. Students should apply via Scholarships@UW (which can be accessed through their MyUW

page). Generally, the online application is open in early November with a deadline for submission in early February.

### GERTRUDE E. SLAUGHTER SUMMER STUDY SCHOLARSHIP

A monetary award in memory of Gertrude E. Slaughter, author and widow of Professor Moses S. Slaughter 1896–1923, for undergraduate students to advance their studies at an accredited center such as the American School in Athens or the American Academy in Rome, or to participate in an active archaeological field project. Awards will be in the amount of up to $800. This competition is open only to classics, classical humanities, and Latin majors. Students should apply via Scholarships@UW (which can be accessed through their MyUW page). Generally, the online application is open in early November with a deadline for submission in early February.

### LOGAN PRIZE FOR GREEK TRANSLATION

A monetary award in memory of Fellow of Classics, John Watson Logan (Ph.D. '23), for the translation of a passage of ancient Greek. The passage will be selected each year by the chair of the Prize Committee and awards may not be granted every academic year depending on quality of entries. This competition is open to all undergraduate students who have completed at least one semester of ancient Greek and is normally publicized in classes and to department majors in early April.

### PILLINGER PRIZE FOR LATIN TRANSLATION

A monetary award in memory of Assistant Professor Hugh Edward Pillinger (1965-1970) for the translation of a passage in Latin. The passage will be selected each year by the chair of the Prize Committee and awards may not be granted every academic year depending on quality of entries. This competition is open to all undergraduate students who have completed at least one semester of Latin and is normally publicized in classes and to department majors in early April.

## STUDY ABROAD

CANES offers two options for summer study:  UW–Classics in Greece and UW–Classics in Italy.

Each three-week program is offered alternating summers and guided by a department faculty member.

To learn more, visit our website (http://canes.wisc.edu/classics-study-abroad.htm).

# CLASSICS, B.S.

The classics major allows students to achieve proficiency in *both* Greek and Latin. Majors who choose an emphasis in Greek, also complete four semesters of Latin, and likewise, those who choose an emphasis in Latin, complete four semesters of Greek as well.

Such comprehensive training enables classics majors to explore Greek and Roman literature in the original languages. From a practical standpoint, students develop analytical and critical thinking skills, and they may also become  thoughtful and gifted writers in their native languages thanks to the intensive grammatical training required by the study of ancient languages.

To support our classics majors as they pursue their educational goals, CANES provides annual scholarship opportunities. We also offer a summer study abroad program led by members of our faculty. Learn more under "Resources and Scholarships."

## HOW TO GET IN

To declare the Classics major, meet with the CANES advisor (https://calendar.wisc.edu/scheduling-assistant/public/profiles/YjfjFEtg.html).

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

A major in Classics allows students to place primary emphasis on learning Greek or Latin, yet gain some language training in both. Whether the primary language of study is Greek or Latin, the major requires 23 credits and assumes students have taken the first two semesters of both languages prior to entering the major.

## CLASSICS–LATIN EMPHASIS

| Code | Title | Credits |
|---|---|---|
| **Greek courses:** | | |
| GREEK 305 | Intermediate Greek | 3 |
| GREEK 306 | Intermediate Greek | 3 |
| **LATIN courses:** | | 17 |
| LATIN 203 | Intermediate Latin | |
| LATIN 204 | Introduction to Latin Literature | |
| LATIN 301 | Latin Literature of the Roman Republic | |
| LATIN 302 | Latin Literature of the Roman Empire | |
| LATIN 505 | Elementary Prose Composition | |
| LATIN 515 | Vergil | |
| LATIN 519 | Latin Poetry | |
| LATIN 520 | Roman Drama | |
| LATIN 521 | Roman Elegy | |
| LATIN 522 | Roman Lyric Poetry | |
| LATIN 523 | Roman Satire | |
| LATIN 524 | Roman Novel | |
| LATIN 539 | Latin Historical Writers | |
| LATIN 549 | Latin Philosophical Writers | |
| LATIN 559 | Latin Oratory | |
| LATIN/ MEDIEVAL 563 | Mediaeval Latin | |
| Total Credits | | 23 |

## CLASSICS–GREEK EMPHASIS

| Code | Title | Credits |
|---|---|---|
| **Latin courses:** | | |
| LATIN 203 | Intermediate Latin | 4 |
| LATIN 204 | Introduction to Latin Literature | 4 |
| **Greek courses:** | | 15 |
| GREEK 305 | Intermediate Greek | |
| GREEK 306 | Intermediate Greek | |
| GREEK 401 | Greek Drama | |
| GREEK 402 | Greek Drama and Lyric Poetry | |
| GREEK 505 | Elementary Prose Composition | |
| GREEK 510 | Homer | |
| GREEK 511 | Hesiod | |
| GREEK 512 | Greek Lyric Poets | |
| GREEK 520 | Greek Comedy | |
| GREEK 521 | Greek Tragedy | |
| GREEK 530 | Herodotus | |
| GREEK 532 | Thucydides | |
| GREEK 551 | Attic Orators | |
| GREEK 560 | Hellenistic Greek | |
| Total Credits | | 23 |

## RESIDENCE AND QUALITY OF WORK IN THE MAJOR

- 2.000 GPA in all CLASSICS and major courses
- 2.000 GPA on at least 15 credits of upper-level work in the major[1]
- 15 credits in CLASSICS, taken at UW–Madison

[1] Intermediate and Advanced level GREEK and LATIN courses are Upper-Level in the major.

# HONORS IN THE MAJOR

Students may declare Honors in the Classics Major in consultation with the Classics undergraduate advisor.

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major in Classics, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA in Upper-Level work in the major
- Complete the following coursework, with a grade of B or better:
  - CLASSICS 591 and
  - Senior Honors Thesis (CLASSICS 681 &CLASSICS 682) for a 6 credits

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Gain knowledge of the ancient languages.
2. Develop close reading skills that emphasize accuracy and precision in translation.
3. Develop critical reading skills, especially the ability to engage in source criticism.
4. Gain competency with core texts of the ancient western and near eastern literary canon.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| LATIN 103 or GREEK 103 | 4 | LATIN 104 or GREEK 104 | 4 |
| Communication Part A | 3 | Quantitative Reasoning A | 3 |
| Physical Science Breadth | 3 | Ethnic Studies | 3 |

| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| | 15 | | 15 |

Total Credits 120

1 Students following *Classics with emphasis in Latin* will continue the Latin sequence and begin the GREEK 103 sequence; students following *Classics with emphasis in Greek* will continue the Greek sequence (305 fulfills L&S Breadth Literature requirement) and begin LATIN 103 sequence.

2 Students following *Classics with emphasis in Latin* will continue the Latin sequence and take GREEK 104; students following *Classics with emphasis in Greek* will continue Greek sequence (306 fulfills L&S Breadth Literature requirement) and take LATIN 104.

3 Students following *Classics with emphasis in Latin* will continue the Latin sequence (301 fulfills L&S Breadth Literature requirement) and take GREEK 305; students following *Classics with emphasis in Greek* will continue the Greek sequence (401 fulfills L&S Breadth Literature requirement) and take LATIN 203.

4 Students following *Classics with emphasis in Latin* will continue the Latin sequence (302 fulfills L&S Breadth Literature requirement) and take GREEK 306; students following *Classics with emphasis in Greek* will continue the Greek sequence (402 fulfills L&S Breadth Literature requirement) and take LATIN 204.

## ADVISING AND CAREERS

**How does the classics major fit into my educational goals?**

While there are a wide variety of reasons to visit your major advisor, there seem to be two recurring questions:

1. Can I complete the major during the time I have left at UW?

2. Which classes will be offered in the future?

If you like to plan, seeing your major advisor is very important; it can make the difference between fitting in *Vergil* or *Homer* before you graduate. Many students also try to complete more than one major or certificate, and discussing how you might be able to reach this goal is another primary role of your major advisor. Advisors can speak to you about course content, which courses fit best with your interest areas, and what kinds of courses might work best with your learning style—e.g., do you prefer multiple choice or essays? Any and all of these discussions can occur during your advising appointment.

In addition to discussing the major, advisors know a lot about:

- General Education requirements
- Breadth requirements
- Interpreting university policies and deadlines
- Connecting majors to careers
- Getting involved with campus organizations
- Finding volunteer and/or internship opportunities
- Talking about your challenges and difficulties
- Connecting with tutors
- Choosing a study abroad program
- Practicing for interviews
- Talking about graduate school
- Proofreading resumes and cover letters

Ready to meet with the CANES advisor? Make an appointment today (https://calendar.wisc.edu/scheduling-assistant/public/profiles/YjfjFEtg.html).

# CAREERS

While many students have a difficult time believing it, a humanities major such as ours enables students who complete it to consider just about any type of career or educational pursuit. Our coursework builds the critical thinking and communication skills needed to succeed in careers ranging from politics and education to business and law.

Think about what you learn in a classroom setting as well as what you do each day to be a successful student; the skills you develop are equally important in the workplace:

- critical reading, reflection, and analysis
- proper research design and methodology
- expanded world view and exposure to new ideas/ways of thinking
- effective teamwork to advance a common project/purpose
- effective time-management and self-motivation to complete projects independently
- demonstrated writing proficiency in short and long essay format
- discussion and debate strategies
- broader knowledge of career and graduate-study options

One of the more significant skills CANES majors develop is language acquisition. Study of Greek, Latin, or Biblical Hebrew sets you apart and demonstrates your willingness to explore and expand your understanding of history and culture. In addition, the study of ancient languages shows discipline and perseverance, since they are such difficult languages to learn. Overall, you will have a wide variety of skills and talents to start you on the path to a rewarding career. Visit our website (http://canes.wisc.edu/230.htm) for more information.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

# PEOPLE

## FACULTY

For full faculty profiles, visit our website (https://canes.wisc.edu/our-faculty).

**William Aylward**: Greek and Roman archaelology
**Jeffrey Beneker**: Biography and historiography; Roman Republic
**Jeffrey Blakely**: Biblical and ancient Near Eastern archaeology
**William Brockliss**: Homer; Latin and Greek pedagogy
**Alex Dressler**: Ancient philosophy; gender and sexuality
**Jeremy M. Hutton**: Hebrew Bible; Northwest Semitics
**Laura McClure**: Greek literature; gender and reception studies
**J C McKeown**: Greek and Roman literature and culture
**Grant Nelsestuen**: Roman cultural history; Latin prose
**Nandini Pandey**: Latin poetry; Augustan culture
**Vanessa Schmitz-Siebertz:** Latin Instructor
**Mike Vanden Heuvel**: Theater and performance theory

## AFFILIATE FACULTY

**Nicholas Cahill**: Ancient Greek archaeology and art history
**Emily Fletcher**: Ancient Greek philosophy
**Paula Gottlieb**: Ancient Greek philosophy; ethics
**Daniel Kapust**: Roman political thought; rhetoric; political theory

**Marc Kleijwegt**: Roman and Greek history
**Leonora Neville**: Roman Empire (the Byzantine Empire) in the 9th-12th centuries
**Jordan Rosenblum**: Rabbinic Judaism; biblical interpretation; food and religion
**Claire Taylor**: Greek socio-economic history; Athenian democracy; epigraphic culture

## RESOURCES AND SCHOLARSHIPS

# SCHOLARSHIPS AND PRIZES

In addition to routinely nominating or recommending exemplary undergraduate majors for national, regional, local and university awards, CANES offers the following competitions to classical humanities, classics, and Latin majors annually:

### RUTH M. KUHLMAN UNDERGRADUATE SCHOLARSHIP

Established in 1998 with a bequest from Myron George Kuhlman in memory of his wife, Ruth Miller Kuhlman (BS in Education '32), this is a monetary award for undergraduates to benefit and advance their studies within the field of classics. Total amount of award may be up to $2500 and the award may not be granted every academic year depending on quality of entries and availability of funds. This competition is only open to classics, classical humanities, and Latin majors. Students should apply via Scholarships@UW (which can be accessed through their MyUW page). Generally, the online application is open in early November with a deadline for submission in early February.

### GERTRUDE E. SLAUGHTER SUMMER STUDY SCHOLARSHIP

A monetary award in memory of Gertrude E. Slaughter, author and widow of Professor Moses S. Slaughter 1896–1923, for undergraduate students to advance their studies at an accredited center such as the American School in Athens or the American Academy in Rome, or to participate in an active archaeological field project. Awards will be in the amount of up to $800. This competition is open only to classics, classical humanities, and Latin majors. Students should apply via Scholarships@UW (which can be accessed through their MyUW page). Generally, the online application is open in early November with a deadline for submission in early February.

### LOGAN PRIZE FOR GREEK TRANSLATION

A monetary award in memory of Fellow of Classics, John Watson Logan (Ph.D. '23), for the translation of a passage of ancient Greek. The passage will be selected each year by the chair of the Prize Committee and awards may not be granted every academic year depending on quality of entries. This competition is open to all undergraduate students who have completed at least one semester of ancient Greek and is normally publicized in classes and to department majors in early April.

### PILLINGER PRIZE FOR LATIN TRANSLATION

A monetary award in memory of Assistant Professor Hugh Edward Pillinger (1965-1970) for the translation of a passage in Latin. The passage will be selected each year by the chair of the Prize Committee and awards may not be granted every academic year depending on quality of entries. This competition is open to all undergraduate students who have completed at least one semester of Latin and is normally publicized in classes and to department majors in early April.

# STUDY ABROAD

CANES offers two options for summer study:  UW–Classics in Greece and UW–Classics in Italy.

Each three-week program is offered alternating summers and guided by a department faculty member.

To learn more, visit our website (http://canes.wisc.edu/classics-study-abroad.htm).

# LATIN, B.A.

Students who pursue the Latin major read a wide variety of authors and can expect to achieve a high level of competency in the ancient language of the Romans. Coursework includes such favorites as Vergil, Ovid, Cicero, Julius Caesar, and Catullus, but students can expect to be able to read other authors like the historians (Livy, Sallust, and Tacitus) and genres like lyric, satire, and drama.

To support Latin majors as they pursue their educational goals, CANES provides annual scholarship opportunities. We also offer a summer study abroad program led by members of our faculty. Learn more under Resources and Scholarships.

For those who are interested in teaching Latin at the secondary level, the School of Education (p. 1604) offers certification. Students of this program take Latin courses in our department, while receiving their teacher training in the School of Education.

## HOW TO GET IN

To declare a major in Latin students should make an appointment with the CANES advisor.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

The Latin major requires 26 total credits of coursework beyond the first two semesters of Latin.

| Code | Title | Credits |
|---|---|---|
| **Complete all of the following courses:** | | |
| LATIN 203 & LATIN 204 | Intermediate Latin and Introduction to Latin Literature | 8 |
| LATIN 301 & LATIN 302 | Latin Literature of the Roman Republic and Latin Literature of the Roman Empire | 6 |
| **Complete four courses from the following:** | | 12 |
| LATIN 505 | Elementary Prose Composition | |
| LATIN 515 | Vergil | |
| LATIN 519 | Latin Poetry | |
| LATIN 520 | Roman Drama | |
| LATIN 521 | Roman Elegy | |
| LATIN 522 | Roman Lyric Poetry | |
| LATIN 523 | Roman Satire | |
| LATIN 524 | Roman Novel | |
| LATIN 539 | Latin Historical Writers | |
| LATIN 549 | Latin Philosophical Writers | |
| LATIN 559 | Latin Oratory | |
| LATIN/MEDIEVAL 563 | Mediaeval Latin | |
| LATIN 681 | Honors Thesis | |
| LATIN 682 | Senior Honors Thesis | |
| LATIN 691 | Senior Thesis | |
| LATIN 692 | Senior Thesis | |
| LATIN 699 | Directed Study | |
| Additional electives to reach the 26 credit minimum for the major [1] | | 0-8 |
| Total Credits | | 26 |

[1] LATIN 203 through LATIN 699 can be used as additional electives to reach the 26-credit minimum.

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all LATIN courses and all major courses
- 2.000 GPA on 15 upper-level credits in residence[1]
- 15 credits in LATIN, taken on campus

[1] LATIN courses marked as Intermediate or Advanced count as upper level in the major.

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the CANES undergraduate advisor.

### HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 in all major courses at the Intermediate or Advanced level
- Complete CLASSICS 591
- Complete a two-semester Senior Honors Thesis in CLASSICS 681 and CLASSICS 682, for a total of 6 credits.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Gain knowledge of the ancient languages.
2. Develop close reading skills that emphasize accuracy and precision in translation.
3. Develop critical reading skills, especially the ability to engage in source criticism.
4. Gain competency with core texts of the ancient western and near eastern literary canon.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| LATIN 103 | 4 | LATIN 104 | 4 |
| Communication A | 3 | Quantitative Reasoning A | 3 |
| Biological Science Breadth | 3 | Ethnic Studies | 3 |
| Social Science Breadth | 3 | Humanities Breadth | 3 |
| | | Social Science Breadth | 3 |
| | 13 | | 16 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| LATIN 203 | 4 | LATIN 204 | 4 |
| Communication Part B | 4 | Quantitative Reasoning Part B | 3 |
| Physical Science Breadth | 3 | Humanities Breadth | 3 |
| Social Science Breadth | 3 | Science Breadth | 3 |
| INTER-LS 210 | 1 | Social Science Breadth | 3 |
| | 15 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| LATIN 301[1] | 3 | LATIN 302[1] | 3 |
| Science Breadth | 3 | 500-level Latin course | 3 |
| Electives | 9 | Science Breadth | 3 |
| | | Electives | 6 |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| 500-level Latin course | 3 | 500-level Latin course | 3 |
| 500-level Latin course | 3 | Electives | 12 |
| Electives | 9 | | |
| | 15 | | 15 |

Total Credits 120

[1] Fulfills L&S Breadth Literature requirement

## ADVISING AND CAREERS

**How does the Latin major fit into my educational goals?**

While there are a wide variety of reasons to visit your major advisor, there seem to be two recurring questions:

1. Can I complete the major during the time I have left at UW?

2. Which classes will be offered in the future?

If you like to plan, seeing your major advisor is very important; it can make the difference between fitting in *Vergil* or *Ovid* before you graduate. Many students also try to complete more than one major or certificate, and discussing how you might be able to reach this goal is another primary role of your major advisor. Advisors can speak to you

about course content, which courses fit best with your interest areas, and what kinds of courses might work best with your learning style—e.g., do you prefer multiple choice or essays? Any and all of these discussions can occur during your advising appointment.

In addition to discussing the major, advisors know a lot about:

- General Education requirements
- Breadth requirements
- Interpreting university policies and deadlines
- Connecting majors to careers
- Getting involved with campus organizations
- Finding volunteer and/or internship opportunities
- Talking about your challenges and difficulties
- Connecting with tutors
- Choosing a study abroad program
- Practicing for interviews
- Talking about graduate school
- Proofreading resumes and cover letters

Ready to meet with the CANES advisor? Make an appointment today (https://calendar.wisc.edu/scheduling-assistant/public/profiles/YjfjFEtg.html).

# CAREERS

While many students have a difficult time believing it, a humanities major such as ours enables students who complete it to consider just about any type of career or educational pursuit. Our coursework builds the critical thinking and communication skills needed to succeed in careers ranging from politics and education to business and law.

Think about what you learn in a classroom setting as well as what you do each day to be a successful student; the skills you develop are equally important in the workplace:

- critical reading, reflection, and analysis
- proper research design and methodology
- expanded world view and exposure to new ideas/ways of thinking
- effective teamwork to advance a common project/purpose
- effective time-management and self-motivation to complete projects independently
- demonstrated writing proficiency in short and long essay format
- discussion and debate strategies
- broader knowledge of career and graduate-study options

One of the more significant skills CANES majors develop is language acquisition. Study of Greek, Latin, or Biblical Hebrew sets you apart and demonstrates your willingness to explore and expand your understanding of history and culture. In addition, the study of ancient languages shows discipline and perseverance, since they are such difficult languages to learn. Overall, you will have a wide variety of skills and talents to start you on the path to a rewarding career. Visit our website (http://canes.wisc.edu/230.htm) for more information.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)

## RESOURCES AND SCHOLARSHIPS

# SCHOLARSHIPS AND PRIZES

In addition to routinely nominating or recommending exemplary undergraduate majors for national, regional, local and university awards, CANES offers the following competitions to classical humanities, classics, and Latin majors annually:

### RUTH M. KUHLMAN UNDERGRADUATE SCHOLARSHIP

Established in 1998 with a bequest from Myron George Kuhlman in memory of his wife, Ruth Miller Kuhlman (BS in Education '32), this is a monetary award for undergraduates to benefit and advance their studies within the field of classics. Total amount of award may be up to $2500 and the award may not be granted every academic year depending on quality of entries and availability of funds. This competition is only open to classics, classical humanities, and Latin majors. Students should apply via Scholarships@UW (which can be accessed through their MyUW page). Generally, the online application is open in early November with a deadline for submission in early February.

### GERTRUDE E. SLAUGHTER SUMMER STUDY SCHOLARSHIP

A monetary award in memory of Gertrude E. Slaughter, author and widow of Professor Moses S. Slaughter 1896–1923, for undergraduate students to advance their studies at an accredited center such as the American School in Athens or the American Academy in Rome, or to participate in an active archaeological field project. Awards will be in the amount of up to $800. This competition is open only to classics, classical humanities, and Latin majors. Students should apply via Scholarships@UW (which can be accessed through their MyUW page). Generally, the online application is open in early November with a deadline for submission in early February.

### LOGAN PRIZE FOR GREEK TRANSLATION

A monetary award in memory of Fellow of Classics, John Watson Logan (Ph.D. '23), for the translation of a passage of ancient Greek. The passage will be selected each year by the chair of the Prize Committee and awards may not be granted every academic year depending on quality of entries. This competition is open to all undergraduate students who have completed at least one semester of ancient Greek and is normally publicized in classes and to department majors in early April.

### PILLINGER PRIZE FOR LATIN TRANSLATION

A monetary award in memory of Assistant Professor Hugh Edward Pillinger (1965-1970) for the translation of a passage in Latin. The passage will be selected each year by the chair of the Prize Committee and awards may not be granted every academic year depending on quality of entries. This competition is open to all undergraduate students who have completed at least one semester of Latin and is normally publicized in classes and to department majors in early April.

# STUDY ABROAD

CANES offers two options for summer study: UW–Classics in Greece and UW–Classics in Italy.

Each three-week program is offered alternating summers and guided by a department faculty member.

To learn more, visit our website (http://canes.wisc.edu/classics-study-abroad.htm).

# LATIN, B.S.

Students who pursue the Latin major read a wide variety of authors and can expect to achieve a high level of competency in the ancient language of the Romans. Coursework includes such favorites as Vergil, Ovid, Cicero, Julius Caesar, and Catullus, but students can expect to be able to read other authors like the historians (Livy, Sallust, and Tacitus) and genres like lyric, satire, and drama.

To support Latin majors as they pursue their educational goals, CANES provides annual scholarship opportunities. We also offer a summer study abroad program led by members of our faculty. Learn more under Resources and Scholarships.

For those who are interested in teaching Latin at the secondary level, the School of Education (p. 1604) offers certification. Students of this program take Latin courses in our department, while receiving their teacher training in the School of Education.

## HOW TO GET IN

To declare a major in Latin students should make an appointment with the CANES advisor.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

The Latin major requires 26 total credits of coursework beyond the first two semesters of Latin.

| Code | Title | Credits |
|---|---|---|
| **Complete all of the following courses:** | | |
| LATIN 203 & LATIN 204 | Intermediate Latin and Introduction to Latin Literature | 8 |
| LATIN 301 & LATIN 302 | Latin Literature of the Roman Republic and Latin Literature of the Roman Empire | 6 |
| **Complete four courses from the following:** | | 12 |
| LATIN 505 | Elementary Prose Composition | |
| LATIN 515 | Vergil | |
| LATIN 519 | Latin Poetry | |
| LATIN 520 | Roman Drama | |
| LATIN 521 | Roman Elegy | |
| LATIN 522 | Roman Lyric Poetry | |
| LATIN 523 | Roman Satire | |
| LATIN 524 | Roman Novel | |
| LATIN 539 | Latin Historical Writers | |
| LATIN 549 | Latin Philosophical Writers | |
| LATIN 559 | Latin Oratory | |
| LATIN/ MEDIEVAL 563 | Mediaeval Latin | |
| LATIN 681 | Honors Thesis | |
| LATIN 682 | Senior Honors Thesis | |
| LATIN 691 | Senior Thesis | |
| LATIN 692 | Senior Thesis | |
| LATIN 699 | Directed Study | |
| Additional electives to reach the 26 credit minimum for the major [1] | | 0-8 |
| Total Credits | | 26 |

[1] LATIN 203 through LATIN 699 can be used as additional electives to reach the 26-credit minimum.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all LATIN courses and all major courses
- 2.000 GPA on 15 upper-level credits in residence[1]
- 15 credits in LATIN, taken on campus

[1] LATIN courses marked as Intermediate or Advanced count as upper level in the major.

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the CANES undergraduate advisor.

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 in all major courses at the Intermediate or Advanced level
- Complete CLASSICS 591
- Complete a two-semester Senior Honors Thesis in CLASSICS 681 and CLASSICS 682, for a total of 6 credits.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Gain knowledge of the ancient languages.
2. Develop close reading skills that emphasize accuracy and precision in translation.
3. Develop critical reading skills, especially the ability to engage in source criticism.
4. Gain competency with core texts of the ancient western and near eastern literary canon.

# FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| LATIN 103 | 4 | LATIN 104 | 4 |
| Communication A | 3 | Quantitative Reasoning A | 3 |
| Biological Science Breadth | 3 | Ethnic Studies | 3 |
| Social Science Breadth | 3 | Humanities Breadth | 3 |
| | | Social Science Breadth | 3 |
| | 13 | | 16 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| LATIN 203 | 4 | LATIN 204 | 4 |
| Communication Part B | 4 | Quantitative Reasoning Part B | 3 |
| Physical Science Breadth | 3 | Humanities Breadth | 3 |
| Social Science Breadth | 3 | Science Breadth | 3 |
| INTER-LS 210 | 1 | Social Science Breadth | 3 |
| | 15 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| LATIN 301[1] | 3 | LATIN 302[1] | 3 |
| Science Breadth | 3 | 500-level Latin course | 3 |
| Electives | 9 | Science Breadth | 3 |
| | | Electives | 6 |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| 500-level Latin course | 3 | 500-level Latin course | 3 |
| 500-level Latin course | 3 | Electives | 12 |
| Electives | 9 | | |
| | 15 | | 15 |

Total Credits 120

[1] Fulfills L&S Breadth Literature requirement

# ADVISING AND CAREERS

**How does the Latin major fit into my educational goals?**

While there are a wide variety of reasons to visit your major advisor, there seem to be two recurring questions:

1. Can I complete the major during the time I have left at UW?

2. Which classes will be offered in the future?

If you like to plan, seeing your major advisor is very important; it can make the difference between fitting in *Vergil* or *Ovid* before you graduate. Many students also try to complete more than one major or certificate, and discussing how you might be able to reach this goal is another primary role of your major advisor. Advisors can speak to you about course content, which courses fit best with your interest areas, and what kinds of courses might work best with your learning style—e.g., do you prefer multiple choice or essays? Any and all of these discussions can occur during your advising appointment.

In addition to discussing the major, advisors know a lot about:

- General Education requirements
- Breadth requirements

- Interpreting university policies and deadlines
- Connecting majors to careers
- Getting involved with campus organizations
- Finding volunteer and/or internship opportunities
- Talking about your challenges and difficulties
- Connecting with tutors
- Choosing a study abroad program
- Practicing for interviews
- Talking about graduate school
- Proofreading resumes and cover letters

Ready to meet with the CANES advisor? Make an appointment today (https://calendar.wisc.edu/scheduling-assistant/public/profiles/YjfjFEtg.html).

# CAREERS

While many students have a difficult time believing it, a humanities major such as ours enables students who complete it to consider just about any type of career or educational pursuit. Our coursework builds the critical thinking and communication skills needed to succeed in careers ranging from politics and education to business and law.

Think about what you learn in a classroom setting as well as what you do each day to be a successful student; the skills you develop are equally important in the workplace:

- critical reading, reflection, and analysis
- proper research design and methodology
- expanded world view and exposure to new ideas/ways of thinking
- effective teamwork to advance a common project/purpose
- effective time-management and self-motivation to complete projects independently
- demonstrated writing proficiency in short and long essay format
- discussion and debate strategies
- broader knowledge of career and graduate-study options

One of the more significant skills CANES majors develop is language acquisition. Study of Greek, Latin, or Biblical Hebrew sets you apart and demonstrates your willingness to explore and expand your understanding of history and culture. In addition, the study of ancient languages shows discipline and perseverance, since they are such difficult languages to learn. Overall, you will have a wide variety of skills and talents to start you on the path to a rewarding career. Visit our website (http://canes.wisc.edu/230.htm) for more information.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

# PEOPLE

## FACULTY

For full faculty profiles, visit our website (https://canes.wisc.edu/our-faculty).

**William Aylward**: Greek and Roman archaelology
**Jeffrey Beneker**: Biography and historiography; Roman Republic
**Jeffrey Blakely**: Biblical and ancient Near Eastern archaeology
**William Brockliss**: Homer; Latin and Greek pedagogy
**Alex Dressler**: Ancient philosophy; gender and sexuality
**Jeremy M. Hutton**: Hebrew Bible; Northwest Semitics
**Laura McClure**: Greek literature; gender and reception studies
**J C McKeown**: Greek and Roman literature and culture
**Grant Nelsestuen**: Roman cultural history; Latin prose
**Nandini Pandey**: Latin poetry; Augustan culture
**Vanessa Schmitz-Siebertz:** Latin Instructor
**Mike Vanden Heuvel**: Theater and performance theory

## AFFILIATE FACULTY

**Nicholas Cahill**: Ancient Greek archaeology and art history
**Emily Fletcher**: Ancient Greek philosophy
**Paula Gottlieb**: Ancient Greek philosophy; ethics
**Daniel Kapust**: Roman political thought; rhetoric; political theory
**Marc Kleijwegt**: Roman and Greek history
**Leonora Neville**: Roman Empire (the Byzantine Empire) in the 9th-12th centuries
**Jordan Rosenblum**: Rabbinic Judaism; biblical interpretation; food and religion
**Claire Taylor**: Greek socio-economic history; Athenian democracy; epigraphic culture

## EMERITUS FACULTY

Barry Powell
Ronald L. Troxel

## ACADEMIC STAFF

Bill Bach, Department Administrator

Toni Landis, Advisor/Student Services Coordinator

## RESOURCES AND SCHOLARSHIPS

# SCHOLARSHIPS AND PRIZES

In addition to routinely nominating or recommending exemplary undergraduate majors for national, regional, local and university awards, CANES offers the following competitions to classical humanities, classics, and Latin majors annually:

### RUTH M. KUHLMAN UNDERGRADUATE SCHOLARSHIP

Established in 1998 with a bequest from Myron George Kuhlman in memory of his wife, Ruth Miller Kuhlman (BS in Education '32), this is a monetary award for undergraduates to benefit and advance their studies within the field of classics. Total amount of award may be up to $2500 and the award may not be granted every academic year depending on quality of entries and availability of funds. This competition is only open to classics, classical humanities, and Latin majors. Students should apply via Scholarships@UW (which can be accessed through their MyUW page). Generally, the online application is open in early November with a deadline for submission in early February.

### GERTRUDE E. SLAUGHTER SUMMER STUDY SCHOLARSHIP

A monetary award in memory of Gertrude E. Slaughter, author and widow of Professor Moses S. Slaughter 1896–1923, for undergraduate students to advance their studies at an accredited center such as the American School in Athens or the American Academy in Rome, or to participate in an active archaeological field project. Awards will be in the amount of up to $800. This competition is open only to classics, classical humanities, and Latin majors. Students should apply via Scholarships@UW (which can be accessed through their MyUW page). Generally, the online application is open in early November with a deadline for submission in early February.

### LOGAN PRIZE FOR GREEK TRANSLATION

A monetary award in memory of Fellow of Classics, John Watson Logan (Ph.D. '23), for the translation of a passage of ancient Greek. The passage will be selected each year by the chair of the Prize Committee and awards may not be granted every academic year depending on quality of entries. This competition is open to all undergraduate students who have completed at least one semester of ancient Greek and is normally publicized in classes and to department majors in early April.

### PILLINGER PRIZE FOR LATIN TRANSLATION

A monetary award in memory of Assistant Professor Hugh Edward Pillinger (1965-1970) for the translation of a passage in Latin. The passage will be selected each year by the chair of the Prize Committee and awards may not be granted every academic year depending on quality of entries. This competition is open to all undergraduate students who have completed at least one semester of Latin and is normally publicized in classes and to department majors in early April.

# STUDY ABROAD

CANES offers two options for summer study:  UW–Classics in Greece and UW–Classics in Italy.

Each three-week program is offered alternating summers and guided by a department faculty member.

To learn more, visit our website (http://canes.wisc.edu/classics-study-abroad.htm).

# COMMUNICATION ARTS

The communication arts major offers a liberal arts approach to studying communication. The value of the liberal arts approach is that students not only learn specific skills, they also gain a deep understanding of communication theory, history, research, and criticism. Majors learn to apply communication principles in different contexts and with a variety of different media. As a result, the communication arts major prepares students for a wide range of jobs and careers, including those that don't exist yet.

Courses in communication arts deal with a diverse range of communication-related topics and approach them from a variety of theoretical, practical, and aesthetic perspectives. The curriculum is designed to foster an understanding of communication processes, improve communication and digital literacy skills, and develop the capacity for critical appraisal and reflection.

The Department of Communication Arts offers two concentrations in the major:

1. **Communication Science and Rhetorical Studies:** Students explore the social, psychological, and practical aspects of communication and human behavior with a focus on public, mass, online, organizational, group, and interpersonal communication.
2. **Radio–Television–Film:** Students explore the history, theory, criticism, cultural uses, and production practices of television, film, radio, and digital media.

# DIGITAL CINEMA PRODUCTION CERTIFICATE

The digital cinema production certificate is tailored specifically for students interested in media creation, including film, television, documentary, and internet-based media. See the Digital Cinema Production (p. 627) section in this Guide for requirements and course options.

# DIGITAL STUDIES CERTIFICATE

The digital studies certificate allows students seeking more experience with digital media and other technologies to select courses from across several departments, including communication arts, to create their own individualized digital curriculum. See the Digital Studies (p. 629) section in this Guide for requirements and course options.

## DEGREES/MAJORS/CERTIFICATES

- Communication Arts, B.A. (p. 611)
- Communication Arts, B.S. (p. 619)
- Digital Cinema Production, Certificate (p. 627)
- Digital Studies, Certificate (p. 629)

## PEOPLE

Please see the People (https://commarts.wisc.edu/people) section of the Department of Communication Arts website for additional information.

# FACULTY

### COMMUNICATION SCIENCE AND RHETORICAL STUDIES

Robert Asen, Professor; Robert Glenn Howard, Professor; Jenell Johnson, Associate Professor; Marie-Louise Mares, Professor; Sara McKinnon, Associate Professor; Zhongdang Pan, Professor; Catalina Toma, Associate Professor; Lyn Van Swol, Professor; Michael Xenos, Professor; Susan Zaeske, Associate Dean and Professor

### RADIO–TELEVISION–FILM

Maria Belodubrovskaya, Associate Professor; Kelley Conway, Professor; Jonathan Gray, Professor; Eric Hoyt, Associate Professor; Lea Jacobs, Professor; Derek Johnson, Associate Professor; Lori Lopez, Associate Professor; Jeremy Morris, Associate Professor; Ben Singer, Associate Professor; Jeff Smith, Professor

# INSTRUCTIONAL STAFF

# ACADEMIC ADVISING

Steffie Halverson, Advisor; Mary Rossa, Senior Student Services Coordinator

# CAREER ADVISING

Pam Garcia-Rivera, Senior Student Services Coordinator

# COMMUNICATION ARTS, B.A.

The communication arts major offers a liberal arts approach to studying communication. The value of the liberal arts approach is that students not only learn specific skills, they also gain a deep understanding of communication theory, history, research, and criticism. Majors learn to apply communication principles in different contexts and with a variety of different media. As a result, the communication arts major prepares students for a wide range of jobs and careers, including those that don't exist yet.

Courses in communication arts deal with a diverse range of communication-related topics and approach them from a variety of theoretical, practical, and aesthetic perspectives. The curriculum is designed to foster an understanding of communication processes, improve communication and digital literacy skills, and develop the capacity for critical appraisal and reflection.

The Department of Communication Arts offers two concentrations in the major:

1. **Communication Science and Rhetorical Studies:** Students explore the social, psychological, and practical aspects of communication and human behavior with a focus on public, mass, online, organizational, group, and interpersonal communication.
2. **Radio–Television–Film:** Students explore the history, theory, criticism, cultural uses, and production practices of television, film, radio, and digital media.

## HOW TO GET IN

# DECLARING THE MAJOR

Students interested in pursuing the communication arts major are encouraged to meet with a communication arts advisor. To declare the major, Letters & Science students complete a major declaration form. Forms are available in the communication arts academic advising offices and the communication arts main office. Non–Letters & Science students will need permission from their school or college to pursue an additional major in communication arts. Students **may not** declare communication arts as a second major if they have earned more than 100 credits.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS IN THE MAJOR

Communication arts offers two options within the major:

- Communication Science and Rhetorical Studies
- Radio–Television–Film

Students declare one of the two options and complete a minimum of 10 courses and at least 30 credits in the major. Please note that COM ARTS courses numbered below 200 as well as COM ARTS 605, COM ARTS 614, and COM ARTS 615 do not count in the major.

## STUDENTS MUST SELECT ONE OF THE FOLLOWING OPTIONS:

View as listView as grid

- **COMMUNICATION ARTS: COMMUNICATION SCIENCE AND RHETORICAL STUDIES** (P. 615)
- **COMMUNICATION ARTS: RADIO-TELEVISION-FILM** (P. 617)
- **COMMUNICATION ARTS: RADIO-TV-FILM/ COMMUNICATION SCIENCE AND RHETORICAL STUDIES** (P. 619)

## RESIDENCE AND QUALITY OF WORK

2.000 GPA in all COM ARTS and major courses
2.000 GPA on at least 15 upper level major courses taken in residence. (Major courses with Intermediate or Advanced level are considered upper level).
15 credits COM ARTS major courses (200-699) taken on the UW-Madison campus.[1]

## DISTINCTION IN THE MAJOR

Students not enrolled for Honors in this major, and who have earned a 3.750 or higher GPA in their COM ARTS major courses (200-699) are eligible for Distinction in the major.

# HONORS IN THE MAJOR IN COMMUNICATION ARTS

Students may apply to pursue honors in the communication arts major in consultation with a communication arts undergraduate advisor. To be accepted students must have:

- Completed the fundamentals course and the two core courses for their declared option and
- Earned a 3.500 GPA in all COM ARTS courses

## HONORS IN THE COMMUNICATION ARTS MAJOR REQUIREMENTS

To earn honors in the major in communication arts, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Earn a 3.500 GPA for all COM ARTS courses
- Complete the requirements for the declared major option, to include:
  - All theory, history, criticism courses taken to meet the regular major requirements within the declared option must be 400 level or higher.
  - One additional theory, history, criticism course at the 400 level or higher.
  - Three theory, history and criticism courses must be completed on campus.[1]
  - A two-semester senior honors thesis in COM ARTS 681 and COM ARTS 682, for a total of 6 credits.[2]

[1] Online courses taken through the University of Wisconsin–Madison Department of Communication Arts are considered on-campus for this purpose.

[2] Submission and approval of a Senior Honors Thesis Proposal is required prior to the term in which students enroll for COM ARTS 681 Senior Honors Thesis. See the Communication Arts undergraduate advisor for current process. Approval of the completed thesis by the thesis advisor and a second Communication Arts faculty member is required.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Demonstrate an understanding of core content in either of the two tracks: Communication Science and Rhetorical Studies or Radio-TV-Film.
2. Conduct theoretical, historical, and critical analyses of communication arts, demonstrating use of research methodologies and analytic tools/techniques appropriate to their tracks.
3. Demonstrate an ability to communicate effectively in writing, orally, or via the creation of media content (e.g., digital, film).

## FOUR-YEAR PLAN

Please see any of the Named Options for a four-year plan.

## ADVISING AND CAREERS

# COMMUNICATION ARTS ACADEMIC ADVISING

Communication arts academic advisors (https://commarts.wisc.edu/undergraduate/advising) assist students throughout their undergraduate studies. They offer individual appointments, drop-in advising, and group advising.

### CONTACT INFORMATION:

Steffie Halverson, 6114 Vilas Hall, 608-262-2285, advising@commarts.wisc.edu

Mary Rossa, 6068 Vilas Hall, 608-262-0992, advising@commarts.wisc.edu

# CAREER ADVISING

The communication and media career advisor (https://journalism.wisc.edu/career-services/advising) assists students with career preparation, such as exploring career options, learning internship and job search strategies, and writing resumes and cover letters.

### CONTACT INFORMATION:

Pam Garcia-Rivera, 5114 Vilas Hall, 608-890-1046, pgarciariver@wisc.edu

# CAREER EXPLORATION AND PREPARATION

### GAIN EXPERIENCE

The Department of Communication Arts encourages students to apply the knowledge and skills they attain through coursework to professional settings. Internships and part-time jobs at television networks, nonprofit organizations, talent agencies, magazines, radio stations, advertising agencies, production companies, government agencies, and other communication-related businesses help students gain work-related experience and explore career options. Advising emails, tweets (https://twitter.com/uwcommarts_adv), and postings provide communication arts majors with information on opportunities across the country.

Communication arts offers a 1-credit, online academic course to accompany a student's internship experience: COM ARTS 614 Field Experience in Communication and COM ARTS 615 Second Field Experience in Communication .

### ATTEND EVENTS

Throughout the academic year, students have the opportunity to participate in several communication-focused, career-related events, such as guest speakers, career panels, and the advertising and communications career fair.

### COMMUNICATION ARTS ALUMNI CAREERS AT A GLANCE

After completing a liberal arts education with a communication arts major, communication arts alumni pursue a variety of careers. In a recent survey, communication arts alumni were asked to provide and categorize their occupation. The results are available on the Department of Communication Arts website:

- Communication Science & Rhetorical Studies Alumni Careers (https://commarts.wisc.edu/sites/default/files/files/2017/11/22/CA%20career%20alumni%20by%20area%20C%26R.pdf)
- Radio–Television–Film Alumni Careers (https://commarts.wisc.edu/sites/default/files/files/2017/11/22/CA%20career%20alumni%20by%20area%20RTF.pdf)

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate

in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)

## PEOPLE

Please see the People (https://commarts.wisc.edu/people) section of the Department of Communication Arts website for additional information.

# FACULTY

### COMMUNICATION SCIENCE AND RHETORICAL STUDIES

Robert Asen, Professor; Robert Glenn Howard, Professor; Jenell Johnson, Associate Professor; Marie-Louise Mares, Professor; Sara McKinnon, Associate Professor; Zhongdang Pan, Professor; Catalina Toma, Associate Professor; Lyn Van Swol, Professor; Michael Xenos, Professor; Susan Zaeske, Associate Dean and Professor

### RADIO–TELEVISION–FILM

Maria Belodubrovskaya, Associate Professor; Kelley Conway, Professor; Jonathan Gray, Professor; Eric Hoyt, Associate Professor; Lea Jacobs, Professor; Derek Johnson, Associate Professor; Lori Lopez, Associate Professor; Jeremy Morris, Associate Professor; Ben Singer, Associate Professor; Jeff Smith, Professor

# INSTRUCTIONAL STAFF

Lisa Ellis, Senior Lecturer; Aaron Granat, Associate Lecturer; Erik Gunneson, Faculty Associate; Jason Lopez, Visiting Assistant Professor; Sarah Jedd, Associate Faculty Associate; Mary McCoy, Faculty Associate

# ACADEMIC ADVISING

Steffie Halverson, Advisor; Mary Rossa, Senior Student Services Coordinator

# CAREER ADVISING

Pam Garcia-Rivera, Senior Student Services Coordinator

## WISCONSIN EXPERIENCE

# WISCONSIN EXPERIENCE

### STUDENT ORGANIZATIONS

UW–Madison offers many opportunities to get involved. Communication arts majors join student organizations across their areas of interest.

**Department-Affiliated Organizations:**

- Communication Arts Student Association (CASA)
- Hollywood Badgers
- Badger Podcast Network

See the Department of Communication Arts website for a sampling of other UW student organizations (https://commarts.wisc.edu/undergraduate/opportunities) that may be of interest to communication-focused students.

### STUDYING ABROAD

Communications arts majors are encouraged to look at study abroad programs and opportunities across the globe. Our students have studied in cities such as London, Rome, Tel Aviv, Prague, Galway, Sydney, Madrid, Bologna, Cape Town, Paris, Copenhagen, and Buenos Aires. When planning for their semester abroad, students should think beyond courses required for their major. Students are encouraged to take courses from a variety of subjects to satisfy requirements and elective credits for their degree.

### RESEARCH OPPORTUNITIES

Communication science research team members gain hands-on research experience. Undergraduate research assistants may learn to code and enter data, interview participants, gather and prepare research materials, run experiments, and perform other activities required to complete a research study. Reading and writing assignments related to the research activities are assigned throughout the semester. Opportunities to participate in a research team vary from semester to semester.

## RESOURCES AND SCHOLARSHIPS

# SCHOLARSHIPS

Students apply for scholarships online through Wisconsin Scholarship Hub (https://wisc.academicworks.com). The Department of Communication Arts offers the following scholarships:

- **Christopher Neal Heinlein Memorial Scholarships**
- **Charline M. Wackman Awards for Summer Session**
- **Charline M. Wackman Awards (Fall Term)**
- **Keith Harris Wyche Memorial Scholarships**
- **Communication Arts Department and Alumni Summer Internship Awards**

See the scholarship section (https://commarts.wisc.edu/undergraduate/scholarships) of the department website for additional details.

# COMMUNICATION ARTS: COMMUNICATION SCIENCE AND RHETORICAL STUDIES

## REQUIREMENTS

## COMMUNICATION SCIENCE AND RHETORICAL STUDIES

This option deals with social, psychological, and practical aspects of communication and human behavior. Students focus on public, mass, online, organizational, group, and interpersonal communication. They develop qualitative and quantitative research skills, conceptual and analytical thinking, and effective oral and written communication.

| Code | Title | Credits |
|---|---|---|
| **Fundamentals** | | |
| COM ARTS 260 | Communication and Human Behavior | 3 |
| **Core - Part One (1 course)** [1] | | 3 |
| COM ARTS 360 | Introduction to Rhetoric in Politics and Culture | |
| COM ARTS 370 | Great Speakers and Speeches | |

| COM ARTS 659 | Advanced Motion Picture Production Workshop |
| COM ARTS 663 | Media and Cultural Theory II |
| COM ARTS 669 | Film Theory |
| **Electives** | 6 |
| Two COM ARTS courses numbered 200-699 [2] | |
| Total Credits | 30 |

[1] Can be applied to only one requirement within the major.

[2] Excluding COM ARTS 605, COM ARTS 614 and COM ARTS 615.

## FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication-A | 3 | Ethnic Studies (complete within first 60 credits) | 3 |
| COM ARTS 100 (complete during your first year) | | Foreign Language (if required) | 3-4 |
| Quantitative Reasoning-A (complete during your first year) | 3-4 | L&S Breadth | 3 |
| Foreign Language (if required) | 4 | L&S Breadth | 3 |
| COM ARTS 260 (L&S Breadth)[1] | 3 | I/A Comp Sci, Math, or Stats (if required for the BS) | 3 |
| First-Year Seminar (optional) | 1 | Please refer to the Requirements tab in the Guide for additional College of Letters & Science Breadth and Degree Requirements as well as Residence and Quality of Work requirements for the major. | |
| | 14 | | 15 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Com Arts Applied Communication (satisfies Communication-B) | 3 | Quantitative Reasoning-B | 3 |
| Com Arts Core Course | 3 | COM ARTS 361 (satisfies QRB and a requirement in the major ) | |
| L&S Breadth | 3 | Com Arts Core Course | 3 |
| I/A Comp Sci, Math, or Stats (if required for the BS) | 3 | L&S Breadth | 3 |
| Elective | 3 | L&S Breadth | 3 |
| INTER-LS 210 (optional: complete in the fall or spring) | 1 | Elective | 3 |
| | 16 | | 15 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Com Arts Theory-History-Criticism | 3 | Elective in the Major: Com Arts 200-699 | 3 |
| Com Arts Theory-History-Criticism | 3 | L&S Breadth | 3 |
| L&S Breadth | 3 | L&S Breadth or and Elective | 3 |
| L&S Breadth | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| (Note: Students must declare a major by the time they reach 86 credits.) | | | |
| | 15 | | 15 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Com Arts Theory-History-Criticism | 3 | Elective in the Major: Com Arts 200-699 | 3 |
| Com Arts Radio-TV-Film | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| | | (The number of credits per semester will vary. However, the total number of credits for the entire degree should equal 120.) | |
| | 15 | | 15 |

Total Credits 120

[1] Several Com Arts courses satisfy humanities or social science breadth. Please check individual courses for breadth designations.

# COMMUNICATION ARTS: RADIO-TELEVISION-FILM

## REQUIREMENTS

## RADIO–TELEVISION–FILM

This option focuses on the history, theory, criticism, cultural uses, and production practices of television, film, radio, and digital media. Majors complete a media production course to gain a concrete understanding of the possibilities of these media. Emphasis is on critical analysis, creative expression, and an understanding of how media functions in our society.

| Code | Title | Credits |
|---|---|---|
| **Fundamentals** | | |
| COM ARTS 250 | Survey of Contemporary Media | 3 |
| **Radio–TV–Film Core** | | |
| COM ARTS 350 | Introduction to Film | 3 |
| COM ARTS 351 | Television Industries | 3 |
| **Production (1 course)** | | 3-4 |
| COM ARTS 355 | Introduction to Media Production | |
| COM ARTS 465 | Editing and Post-production for Video and Film | |
| COM ARTS 466 | Writing for Television and Film | |
| COM ARTS 467 | Cinematography and Sound Recording | |
| COM ARTS 659 | Advanced Motion Picture Production Workshop | |
| **Theory–History–Criticism (3 courses)** | | 9 |
| COM ARTS 300 | Film Comedy | |
| COM ARTS 313 | Topics in Film and Media Studies | |
| COM ARTS 346 | Critical Internet Studies | |
| COM ARTS/ CHICLA 347 | Race, Ethnicity, and Media | |
| COM ARTS 352 | Film History to 1960 | |
| COM ARTS 354 | Film Genres | |
| COM ARTS 357 | History of the Animated Film | |
| COM ARTS 358 | History of Documentary Film | |
| COM ARTS 359 | Sports Media | |
| COM ARTS 375 | Ethics of Entertainment Media | |
| COM ARTS 376 | Topics in Digital Studies (Radio, Television, & Film) | |
| COM ARTS 400 | The Films of Alfred Hitchcock | |
| COM ARTS/ GEN&WS 418 | Gender, Sexuality, and the Media | |
| COM ARTS/ CHICLA 419 | Latino/as and Media | |
| COM ARTS/ ASIAN AM 420 | Asian Americans and Media | |
| COM ARTS 448 | Media and National Identity | |
| COM ARTS 449 | Sound Cultures: Podcasting and Music | |
| COM ARTS 450 | Cultural History of Broadcasting | |
| COM ARTS 451 | Television Criticism | |
| COM ARTS 454 | Critical Film Analysis | |
| COM ARTS 455 | French Film | |

# COMMUNICATION ARTS: RADIO-TV-FILM/COMMUNICATION SCIENCE AND RHETORICAL STUDIES

**Admissions to the Communication Arts: Radio-TV-Film/Communication Science and Rhetorical Studies B.A. have been suspended as of fall 2018. If you have any questions, please contact the department** (info@commarts.wisc.edu)**.**

# COMMUNICATION ARTS, B.S.

The communication arts major offers a liberal arts approach to studying communication. The value of the liberal arts approach is that students not only learn specific skills, they also gain a deep understanding of communication theory, history, research, and criticism. Majors learn to apply communication principles in different contexts and with a variety of different media. As a result, the communication arts major prepares students for a wide range of jobs and careers, including those that don't exist yet.

Courses in communication arts deal with a diverse range of communication-related topics and approach them from a variety of theoretical, practical, and aesthetic perspectives. The curriculum is designed to foster an understanding of communication processes, improve communication and digital literacy skills, and develop the capacity for critical appraisal and reflection.

The Department of Communication Arts offers two concentrations in the major:

1. **Communication Science and Rhetorical Studies:** Students explore the social, psychological, and practical aspects of communication and human behavior with a focus on public, mass, online, organizational, group, and interpersonal communication.
2. **Radio–Television–Film:** Students explore the history, theory, criticism, cultural uses, and production practices of television, film, radio, and digital media.

## HOW TO GET IN

### DECLARING THE MAJOR

Students interested in pursuing the communication arts major are encouraged to meet with a communication arts advisor. To declare the major, Letters & Science students complete a major declaration form. Forms are available in the communication arts academic advising offices and the communication arts main office. Non–Letters & Science students will need permission from their school or college to pursue an additional major in communication arts. Students **may not** declare communication arts as a second major if they have earned more than 100 credits.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS IN THE MAJOR

Communication arts offers two options within the major:

- Communication Science and Rhetorical Studies
- Radio–Television–Film

Students declare one of the two options and complete a minimum of 10 courses and at least 30 credits in the major. Please note that COM ARTS courses numbered below 200 as well as COM ARTS 605, COM ARTS 614, and COM ARTS 615 do not count in the major.

## STUDENTS MUST SELECT ONE OF THE FOLLOWING OPTIONS:

View as listView as grid

- **COMMUNICATION ARTS: COMMUNICATION SCIENCE AND RHETORICAL STUDIES** (P. 615)
- **COMMUNICATION ARTS: RADIO-TELEVISION-FILM** (P. 617)
- **COMMUNICATION ARTS: RADIO-TV-FILM/ COMMUNICATION SCIENCE AND RHETORICAL STUDIES** (P. 619)

## RESIDENCE AND QUALITY OF WORK

2.000 GPA in all COM ARTS and major courses
2.000 GPA on at least 15 upper level major courses taken in residence. (Major courses with Intermediate or Advanced level are considered upper level).
15 credits COM ARTS major courses (200-699) taken on the UW-Madison campus.[1]

## DISTINCTION IN THE MAJOR

Students not enrolled for Honors in this major, and who have earned a 3.750 or higher GPA in their COM ARTS major courses (200-699) are eligible for Distinction in the major.

# HONORS IN THE MAJOR IN COMMUNICATION ARTS

Students may apply to pursue honors in the communication arts major in consultation with a communication arts undergraduate advisor. To be accepted students must have:

- Completed the fundamentals course and the two core courses for their declared option and
- Earned a 3.500 GPA in all COM ARTS courses

### HONORS IN THE COMMUNICATION ARTS MAJOR REQUIREMENTS

To earn honors in the major in communication arts, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Earn a 3.500 GPA for all COM ARTS courses
- Complete the requirements for the declared major option, to include:
  - All theory, history, criticism courses taken to meet the regular major requirements within the declared option must be 400 level or higher.
  - One additional theory, history, criticism course at the 400 level or higher.
  - Three theory, history and criticism courses must be completed on campus.[1]
  - A two-semester senior honors thesis in COM ARTS 681 and COM ARTS 682, for a total of 6 credits.[2]

[1] Online courses taken through the University of Wisconsin–Madison Department of Communication Arts are considered on-campus for this purpose.

[2] Submission and approval of a Senior Honors Thesis Proposal is required prior to the term in which students enroll for COM ARTS 681 Senior Honors Thesis. See the Communication Arts undergraduate advisor for current process. Approval of the completed thesis by the thesis advisor and a second Communication Arts faculty member is required.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Demonstrate an understanding of core content in either of the two tracks: Communication Science and Rhetorical Studies or Radio-TV-Film.
2. Conduct theoretical, historical, and critical analyses of communication arts, demonstrating use of research methodologies and analytic tools/techniques appropriate to their tracks.
3. Demonstrate an ability to communicate effectively in writing, orally, or via the creation of media content (e.g., digital, film).

## FOUR-YEAR PLAN

Please see any of the Named Options for a four-year plan.

## ADVISING AND CAREERS

## COMMUNICATION ARTS ACADEMIC ADVISING

Communication arts academic advisors (https://commarts.wisc.edu/undergraduate/advising) assist students throughout their undergraduate studies. They offer individual appointments, drop-in advising, and group advising.

### CONTACT INFORMATION:

Steffie Halverson, 6114 Vilas Hall, 608-262-2285, advising@commarts.wisc.edu

Mary Rossa, 6068 Vilas Hall, 608-262-0992, advising@commarts.wisc.edu

## CAREER ADVISING

The communication and media career advisor (https://journalism.wisc.edu/career-services/advising) assists students with career preparation, such as exploring career options, learning internship and job search strategies, and writing resumes and cover letters.

### CONTACT INFORMATION:

Pam Garcia-Rivera, 5114 Vilas Hall, 608-890-1046, pgarciariver@wisc.edu

## CAREER EXPLORATION AND PREPARATION

### GAIN EXPERIENCE

The Department of Communication Arts encourages students to apply the knowledge and skills they attain through coursework to professional settings. Internships and part-time jobs at television networks, nonprofit organizations, talent agencies, magazines, radio stations, advertising agencies, production companies, government agencies, and other communication-related businesses help students gain work-related experience and explore career options. Advising emails, tweets (https://twitter.com/uwcommarts_adv), and postings provide communication arts majors with information on opportunities across the country.

Communication arts offers a 1-credit, online academic course to accompany a student's internship experience: COM ARTS 614 Field Experience in Communication and COM ARTS 615 Second Field Experience in Communication .

### ATTEND EVENTS

Throughout the academic year, students have the opportunity to participate in several communication-focused, career-related events, such as guest speakers, career panels, and the advertising and communications career fair.

### COMMUNICATION ARTS ALUMNI CAREERS AT A GLANCE

After completing a liberal arts education with a communication arts major, communication arts alumni pursue a variety of careers. In a recent survey, communication arts alumni were asked to provide and categorize their occupation. The results are available on the Department of Communication Arts website:

- Communication Science & Rhetorical Studies Alumni Careers (https://commarts.wisc.edu/sites/default/files/files/2017/11/22/CA%20career%20alumni%20by%20area%20C%26R.pdf)
- Radio—Television—Film Alumni Careers (https://commarts.wisc.edu/sites/default/files/files/2017/11/22/CA%20career%20alumni%20by%20area%20RTF.pdf)

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

# PEOPLE

Please see the People (https://commarts.wisc.edu/people) section of the Department of Communication Arts website for additional information.

## FACULTY

### COMMUNICATION SCIENCE AND RHETORICAL STUDIES

Robert Asen, Professor; Robert Glenn Howard, Professor; Jenell Johnson, Associate Professor; Marie-Louise Mares, Professor; Sara McKinnon, Associate Professor; Zhongdang Pan, Professor; Catalina Toma, Associate Professor; Lyn Van Swol, Professor; Michael Xenos, Professor; Susan Zaeske, Associate Dean and Professor

### RADIO–TELEVISION–FILM

Maria Belodubrovskaya, Associate Professor; Kelley Conway, Professor; Jonathan Gray, Professor; Eric Hoyt, Associate Professor; Lea Jacobs, Professor; Derek Johnson, Associate Professor; Lori Lopez, Associate Professor; Jeremy Morris, Associate Professor; Ben Singer, Associate Professor; Jeff Smith, Professor

## INSTRUCTIONAL STAFF

Lisa Ellis, Senior Lecturer; Aaron Granat, Associate Lecturer; Erik Gunneson, Faculty Associate; Jason Lopez, Visiting Assistant Professor; Sarah Jedd, Associate Faculty Associate; Mary McCoy, Faculty Associate

## ACADEMIC ADVISING

Steffie Halverson, Advisor; Mary Rossa, Senior Student Services Coordinator

## CAREER ADVISING

Pam Garcia-Rivera, Senior Student Services Coordinator

# WISCONSIN EXPERIENCE

## WISCONSIN EXPERIENCE

### STUDENT ORGANIZATIONS

UW—Madison offers many opportunities to get involved. Communication arts majors join student organizations across their areas of interest.

**Department-Affiliated Organizations:**

- Communication Arts Student Association (CASA)
- Hollywood Badgers
- Badger Podcast Network

See the Department of Communication Arts website for a sampling of other UW student organizations (https://commarts.wisc.edu/undergraduate/opportunities) that may be of interest to communication-focused students.

### STUDYING ABROAD

Communications arts majors are encouraged to look at study abroad programs and opportunities across the globe. Our students have studied in cities such as London, Rome, Tel Aviv, Prague, Galway, Sydney, Madrid, Bologna, Cape Town, Paris, Copenhagen, and Buenos Aires. When planning for their semester abroad, students should think beyond courses required for their major. Students are encouraged to take courses from a variety of subjects to satisfy requirements and elective credits for their degree.

### RESEARCH OPPORTUNITIES

Communication science research team members gain hands-on research experience. Undergraduate research assistants may learn to code and enter data, interview participants, gather and prepare research materials, run experiments, and perform other activities required to complete a research study. Reading and writing assignments related to the research activities are assigned throughout the semester. Opportunities to participate in a research team vary from semester to semester.

## RESOURCES AND SCHOLARSHIPS

# SCHOLARSHIPS

Students apply for scholarships online through Wisconsin Scholarship Hub (https://wisc.academicworks.com). The Department of Communication Arts offers the following scholarships:

- **Christopher Neal Heinlein Memorial Scholarships**
- **Charline M. Wackman Awards for Summer Session**
- **Charline M. Wackman Awards (Fall Term)**
- **Keith Harris Wyche Memorial Scholarships**
- **Communication Arts Department and Alumni Summer Internship Awards**

See the scholarship section (https://commarts.wisc.edu/undergraduate/scholarships) of the department website for additional details.

# COMMUNICATION ARTS: COMMUNICATION SCIENCE AND RHETORICAL STUDIES

## REQUIREMENTS

## COMMUNICATION SCIENCE AND RHETORICAL STUDIES

This option deals with social, psychological, and practical aspects of communication and human behavior. Students focus on public, mass, online, organizational, group, and interpersonal communication. They develop qualitative and quantitative research skills, conceptual and analytical thinking, and effective oral and written communication.

| Code | Title | Credits |

| COM ARTS 663 | Media and Cultural Theory II | |
| COM ARTS 669 | Film Theory | |
| **Electives** | | 6 |
| Two COM ARTS courses numbered 200-699 [2] | | |
| Total Credits | | 30 |

[1] Can be applied to only one requirement within the major.

[2] Excluding COM ARTS 605, COM ARTS 614 and COM ARTS 615.

## FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication-A | 3 | Ethnic Studies (complete within first 60 credits) | 3 |
| COM ARTS 100 (complete during your first year) | | Foreign Language (if required) | 3-4 |
| Quantitative Reasoning-A (complete during your first year) | 3-4 | L&S Breadth | 3 |
| Foreign Language (if required) | 4 | L&S Breadth | 3 |
| COM ARTS 260 (L&S Breadth)[1] | 3 | I/A Comp Sci, Math, or Stats (if required for the BS) | 3 |
| First-Year Seminar (optional) | 1 | Please refer to the Requirements tab in the Guide for additional College of Letters & Science Breadth and Degree Requirements as well as Residence and Quality of Work requirements for the major. | |
| | 14 | | 15 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Com Arts Applied Communication (satisfies Communication-B) | 3 | Quantitative Reasoning-B | 3 |
| Com Arts Core Course | 3 | COM ARTS 361 (satisfies QRB and a requirement in the major ) | |
| L&S Breadth | 3 | Com Arts Core Course | 3 |
| I/A Comp Sci, Math, or Stats (if required for the BS) | 3 | L&S Breadth | 3 |
| Elective | 3 | L&S Breadth | 3 |
| INTER-LS 210 (optional: complete in the fall or spring) | 1 | Elective | 3 |
| | 16 | | 15 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Com Arts Theory-History-Criticism | 3 | Elective in the Major: Com Arts 200-699 | 3 |
| Com Arts Theory-History-Criticism | 3 | L&S Breadth | 3 |
| L&S Breadth | 3 | L&S Breadth or and Elective | 3 |
| L&S Breadth | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| (Note: Students must declare a major by the time they reach 86 credits.) | | | |
| | 15 | | 15 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Com Arts Theory-History-Criticism | 3 | Elective in the Major: Com Arts 200-699 | 3 |
| Com Arts Radio-TV-Film | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| | | (The number of credits per semester will vary. However, the total number of credits for the entire degree should equal 120.) | |
| | 15 | | 15 |

Total Credits 120

[1] Several Com Arts courses satisfy humanities or social science breadth. Please check individual courses for breadth designations.

# COMMUNICATION ARTS: RADIO-TELEVISION-FILM

## REQUIREMENTS

## RADIO–TELEVISION–FILM

This option focuses on the history, theory, criticism, cultural uses, and production practices of television, film, radio, and digital media. Majors complete a media production course to gain a concrete understanding of the possibilities of these media. Emphasis is on critical analysis, creative expression, and an understanding of how media functions in our society.

| Code | Title | Credits |
|---|---|---|
| **Fundamentals** | | |
| COM ARTS 250 | Survey of Contemporary Media | 3 |
| **Radio–TV–Film Core** | | |
| COM ARTS 350 | Introduction to Film | 3 |
| COM ARTS 351 | Television Industries | 3 |
| **Production (1 course)** | | 3-4 |
| COM ARTS 355 | Introduction to Media Production | |
| COM ARTS 465 | Editing and Post-production for Video and Film | |
| COM ARTS 466 | Writing for Television and Film | |
| COM ARTS 467 | Cinematography and Sound Recording | |
| COM ARTS 659 | Advanced Motion Picture Production Workshop | |
| **Theory–History–Criticism (3 courses)** | | 9 |
| COM ARTS 300 | Film Comedy | |
| COM ARTS 313 | Topics in Film and Media Studies | |
| COM ARTS 346 | Critical Internet Studies | |
| COM ARTS/ CHICLA 347 | Race, Ethnicity, and Media | |
| COM ARTS 352 | Film History to 1960 | |
| COM ARTS 354 | Film Genres | |
| COM ARTS 357 | History of the Animated Film | |

# COMMUNICATION ARTS: RADIO-TV-FILM/COMMUNICATION SCIENCE AND RHETORICAL STUDIES

**Admissions to the Communication Arts: Radio-TV-Film/Communication Science and Rhetorical Studies B.S. have been suspended as of fall 2018. If you have any questions, please contact the department** (info@commarts.wisc.edu)**.**

# DIGITAL CINEMA PRODUCTION, CERTIFICATE

Explore the fundamentals of storytelling through the digital cinema production certificate. Certificate students complete coursework in screenwriting, producing, directing, cinematography and sound, editing, and related fields. They master the aesthetic and technical tools of moving-image storytelling, learn creative decision making, employ collaborative work skills, and apply industry standards. The digital cinema production certificate is relevant to undergraduates across campus who are considering careers in film, television, documentary, and internet-based media.

## HOW TO GET IN

Prior to declaration, students must complete COM ARTS 355 for a grade of B or higher.  In addition, students must earn a grade of B or higher in their first attempt of one of the following courses:

| Code | Title | Credits |
|---|---|---|
| COM ARTS 465 | Editing and Post-production for Video and Film | 4 |
| COM ARTS 466 | Writing for Television and Film | 3 |
| COM ARTS 467 | Cinematography and Sound Recording | 4 |
| COM ARTS 468 | Producing for Internet TV and Video | 3 |
| COM ARTS 609 | Special Topics in Production | 3 |
| COM ARTS 651 | Advanced Video Production and Direction | 3 |

Students who meet the Admission criteria should speak with the advisor to declare the certificate.

## REQUIREMENTS

# REQUIREMENTS FOR THE CERTIFICATE

Four courses and 13 credits are required.

| Code | Title | Credits |
|---|---|---|
| COM ARTS 355 | Introduction to Media Production | 4 |
| **Electives** | | 9 |
| COM ARTS 465 | Editing and Post-production for Video and Film | |
| COM ARTS 466 | Writing for Television and Film | |
| COM ARTS 467 | Cinematography and Sound Recording | |
| COM ARTS 468 | Producing for Internet TV and Video | |
| COM ARTS 609 | Special Topics in Production | |
| COM ARTS 651 | Advanced Video Production and Direction | |
| COM ARTS 659 | Advanced Motion Picture Production Workshop | |
| Total Credits | | 13 |

### RESIDENCE & QUALITY OF WORK

- 2.000 GPA in all courses approved for the Certificate
- 7 credits in the Certificate must be taken in residence

# CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. Demonstrate mastery of the aesthetic and technical tools of moving-image story telling.
2. Analyze story structure and illustrate how their creative decisions support their interpretation of story.
3. Employ collaborative work skills to perform in the role of leaders or members of production crews/groups.
4. Analyze the meaning, form, and process of cinematic work with the goal of providing honest, critical, and instructive feedback.
5. Reproduce and apply industry standard methods for media pre-production, production and post-production, and explain the rationale for these methods.

## ADVISING AND CAREERS

### ACADEMIC ADVISING

The Department of Communication Arts academic advisors (https://commarts.wisc.edu/undergraduate/advising) serve as the advisors for the digital cinema production certificate. They can help you learn more about the certificate, discuss eligibility, declare, or review certificate requirements. Schedule an advising appointment with an advisor or stop by during drop-in hours.

**Contact Information:**
Steffie Halverson, 6070 Vilas Hall, 608-262-2285, advising@commarts.wisc.edu
Mary Rossa, 6068 Vilas Hall, 608-262-0992, advising@commarts.wisc.edu

### CAREER ADVISING

The communications, arts & entertainment career community advisor (https://careers.ls.wisc.edu/what-are-career-communities/communications-arts-and-entertainment) assists students with career preparation, such as exploring career options, learning internship and job search strategies, and writing resumes and cover letters.

### CAREER EXPLORATION AND PREPARATION

#### Gain Experience

The Department of Communication Arts encourages students to apply the knowledge and skills they attain through coursework to professional settings. Internships and part-time jobs at television networks, nonprofit organizations, talent agencies, magazines, radio stations, advertising agencies, production companies, government agencies, and other communication-related businesses help student gain work-related experience and explore career options. Emails, tweets, and postings provide certificate students with information on opportunities across the country.

#### Attend events

Throughout the academic year, students have the opportunity to participate in several communication-focused, career-related events, such as guest speakers, career panels, and the advertising and communications career fair.

#### Communication Arts Alumni Careers At a Glance

After completing a liberal arts education with a communication arts major, communication arts alumni pursue a variety of careers. In a recent survey, communication arts alumni were asked to provide and categorize their occupation. The results are available on the Department of Communication Arts website:

- Communication Science & Rhetorical Studies Alumni Careers (https://commarts.wisc.edu/sites/default/files/files/2017/11/22/CA%20career%20alumni%20by%20area%20C%26R.pdf)
- Radio–Television–Film Alumni Careers (https://commarts.wisc.edu/sites/default/files/files/2017/11/22/CA%20career%20alumni%20by%20area%20RTF.pdf)

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well

as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

### FACULTY

Eric Hoyt, Associate Professor

### INSTRUCTIONAL STAFF

Aaron Granat, Associate Lecturer; Erik Gunneson, Faculty Associate; Lisa Ellis, Senior Lecturer; James Hirsch, Adjunct Professor

### ACADEMIC ADVISING

Steffie Halverson, Academic Advisor; Mary Rossa, Senior Student Services Coordinator

### CAREER ADVISING

Communications, Arts & Entertainment Career Community Advisor (https://careers.ls.wisc.edu/what-are-career-communities/communications-arts-and-entertainment)

## RESOURCES AND SCHOLARSHIPS

## COMMUNICATION ARTS INSTRUCTIONAL MEDIA CENTER

The Instructional Media Center (https://commarts.wisc.edu/imc) (IMC), located in 3160 Vilas Hall, provides state-of-the art equipment for communication arts media-production courses. The IMC circulates industry-standard camera, lighting, grip, and sound equipment for use on set. The Hamel Family Digital Media Lab's 70 editing stations and the department's two sound stages are also managed by the Instructional Media staff.

# DIGITAL STUDIES, CERTIFICATE

Digital studies at the University of Wisconsin–Madison explores the relationship between communication and digital forms of media by asking four questions:

- How do digital media affect the ways we communicate?
- How do we use digital tools to best communicate with each other?
- What roles do the visual, sound and interactive elements of digital media play and how can we use them?
- How do digital technologies affect the way we access and understand information?

It forges new connections across disciplinary boundaries by addressing distinct yet overlapping areas of intellectual activity:

- *Digital information structures*—the consideration and assessment of how we use and create digital archives, databases, and other digital information architectures
- *Digital media*—the consideration of how we consume and assess communication that is mediated by digital technologies such as Internet, mobile, and smart devices including digital video and audio content as well as games and simulations produced both in everyday discourse and by media professionals
- *Digital forms*—the analysis and assessment of both mechanical and aesthetic elements of design in digital content including visual, audio, interactive and other components
- *Digital practices*—the acquisition of skills that allow us to create expressive and strategic communication content using digital tools such as digital video and audio equipment as well as software for video and audio editing, Web-design, database and information architecture design, app design, computer simulation, and digital gaming

The digital studies certificate brings together departments from across campus and allows students to choose from over fifty courses to create their own individualized digital curriculum, where students have the opportunity to both produce digital content and critically assess the digital content they encounter.

## HOW TO GET IN

## DECLARATION

Students must meet with the Digital Studies advisor to declare the certificate. See the Digital Studies Advising (http://guide.wisc.edu/undergraduate/letters-science/communication-arts/digital-studies-certificate/#advisingandcareerstext) page for information about meeting with the advisor.

## REQUIREMENTS

Six courses, totaling at least 16 credits, as follows:

### CORE COURSES

One course from:

| Code | Title | Credits |
|---|---|---|
| COM ARTS 200 | Introduction to Digital Communication | 3 |
| ENGL 178 | Digital Media, Literature, and Culture | 3 |
| JOURN 175 | Media Fluency for the Digital Age | 3 |
| L I S 201 | The Information Society | 4 |

## DISTRIBUTION

One course from each of these areas:

### Digital Information Structures (I) Courses

| Code | Title | Credits |
|---|---|---|
| COM ARTS 345 | Online Communication and Personal Relationships | 3 |
| COM ARTS 472 | Rhetoric and Technology | 3 |
| COM ARTS 478 | Rhetoric and Power on the Internet | 3 |
| COM ARTS/ FOLKLORE 522 | Digitally Documenting Everyday Communication | 3 |
| COM ARTS/JOURN/ LSC 617 | Health Communication in the Information Age | 3 |
| CURRIC 209 | Digital Media and Literacy | 3 |
| GEOG 572 | Graphic Design in Cartography | 3-4 |
| L I S 202 | Informational Divides and Differences in a Multicultural Society | 3 |
| L I S 301 | Information Literacies in Online Spaces | 3 |
| L I S 340 | Topics in Information Studies - Social Aspects | 3 |
| L I S 341 | Topics in Information Studies - Technological Aspects | 1-3 |
| L I S 350 | History and Future of Books | 3 |
| L I S 351 | Introduction to Digital Information | 3 |
| L I S 500 | Code and Power | 3 |
| L I S/NURSING/ OCC THER 517 | Digital Health: Information and Technologies Supporting Consumers and Patients | 3 |
| L I S 661 | Information Ethics and Policy | 3 |
| L I S/LEGAL ST 663 | Introduction to Cyberlaw | 3 |

### Digital Media (M) Courses

| Code | Title | Credits |
|---|---|---|
| COM ARTS 345 | Online Communication and Personal Relationships | 3 |
| COM ARTS 346 | Critical Internet Studies | 3 |
| COM ARTS 449 | Sound Cultures: Podcasting and Music | 3 |
| COM ARTS 459 | New Media and Society | 3 |
| COM ARTS 472 | Rhetoric and Technology | 3 |
| COM ARTS 478 | Rhetoric and Power on the Internet | 3 |
| COM ARTS 509 | Digital Media and Political Communication | 3 |
| COM ARTS 547 | Digital Game Cultures | 3 |
| COM ARTS 577 | Dynamics of Online Relationships | 3 |
| ENGL 271 | Writing with New Media | 3 |
| ENGL 571 | Remix, Mashup, and Digital Design | 3 |
| JOURN 463 | Digital Media Strategies | 4 |
| JOURN 464 | Public Relations Strategies | 4 |
| JOURN 622 | The Impact of Emerging Media | 3 |
| JOURN/L I S 677 | Concepts and Tools for Data Analysis and Visualization | 3 |
| L I S 340 | Topics in Information Studies - Social Aspects | 3 |
| L I S 350 | History and Future of Books | 3 |
| L I S/NURSING/ OCC THER 517 | Digital Health: Information and Technologies Supporting Consumers and Patients | 3 |
| L I S 661 | Information Ethics and Policy | 3 |
| L I S/LEGAL ST 663 | Introduction to Cyberlaw | 3 |
| LSC 350 | Visualizing Science and Technology | 3 |
| LSC 432 | Social Media for the Life Sciences | 3 |
| LSC 440 | Contemporary Communication Technologies and Their Social Effects | 3 |
| MARKETNG 355 | Marketing in a Digital Age | 3 |

### Digital Forms (F) Courses

| Code | Title | Credits |
|---|---|---|
| ART 107 | Introduction to Digital Forms | 3 |
| ART 428 | Digital Imaging Studio | 4 |
| ART 429 | 3D Digital Studio I | 4 |
| ART 529 | 3D Digital Studio II | 4 |
| ART 660 | Art and Technology | 4 |
| COM ARTS 155 | Introduction to Digital Media Production | 4 |
| COM ARTS 355 | Introduction to Media Production | 4 |
| COM ARTS 465 | Editing and Post-production for Video and Film | 4 |
| COM ARTS 467 | Cinematography and Sound Recording | 4 |
| COM ARTS 468 | Producing for Internet TV and Video | 3 |
| COM ARTS 651 | Advanced Video Production and Direction | 3 |
| COM ARTS 659 | Advanced Motion Picture Production Workshop | 4 |
| GEOG 370 | Introduction to Cartography | 4 |
| GEOG 572 | Graphic Design in Cartography | 3-4 |
| JOURN 411 | Multimedia Design | 4 |
| JOURN 417 | Magazine Publishing | 4 |
| JOURN/L I S 677 | Concepts and Tools for Data Analysis and Visualization | 3 |
| LSC 332 | Print and Electronic Media Design | 3 |
| LSC 350 | Visualizing Science and Technology | 3 |
| LSC 450 | Documentary Photography for the Sciences | 3 |
| LSC 532 | Web Design for the Sciences | 3 |

### Digital Practices (P) Courses

| Code | Title | Credits |
|---|---|---|
| ART 107 | Introduction to Digital Forms | 3 |
| ART 309 | Digital Art and Code | 4 |
| ART 409 | Digital Fabrication Studio | 4 |
| ART 428 | Digital Imaging Studio | 4 |
| ART 429 | 3D Digital Studio I | 4 |
| ART 528 | Digital Interactive Studio | 4 |
| ART 529 | 3D Digital Studio II | 4 |
| ART 660 | Art and Technology | 4 |

| | | |
|---|---|---|
| COM ARTS 155 | Introduction to Digital Media Production | 4 |
| COM ARTS 355 | Introduction to Media Production | 4 |
| COM ARTS 449 | Sound Cultures: Podcasting and Music | 3 |
| COM ARTS 651 | Advanced Video Production and Direction | 3 |
| COM ARTS 465 | Editing and Post-production for Video and Film | 4 |
| COM ARTS 467 | Cinematography and Sound Recording | 4 |
| COM ARTS 468 | Producing for Internet TV and Video | 3 |
| COM ARTS/ FOLKLORE 522 | Digitally Documenting Everyday Communication | 3 |
| COM ARTS 659 | Advanced Motion Picture Production Workshop | 4 |
| COMP SCI 200 | Programming I | 4 |
| COMP SCI 202 | Introduction to Computation | 3 |
| COMP SCI 301 | Introduction to Data Programming | 3 |
| CURRIC 209 | Digital Media and Literacy | 3 |
| ENGL 271 | Writing with New Media | 3 |
| ENGL 571 | Remix, Mashup, and Digital Design | 3 |
| GEOG 370 | Introduction to Cartography | 4 |
| JOURN 411 | Multimedia Design | 4 |
| JOURN 417 | Magazine Publishing | 4 |
| JOURN 425 | Video Journalism | 4 |
| JOURN 445 | Creative Campaign Messages | 4 |
| JOURN 449 | Account Planning and Strategy | 4 |
| JOURN 463 | Digital Media Strategies | 4 |
| JOURN 464 | Public Relations Strategies | 4 |
| JOURN 670 | Community Service Learning: Technology for Social Change | 3 |
| L I S 301 | Information Literacies in Online Spaces | 3 |
| L I S 341 | Topics in Information Studies - Technological Aspects | 1-3 |
| L I S 351 | Introduction to Digital Information | 3 |
| L I S 500 | Code and Power | 3 |
| LSC 314 | Introduction to Digital Video Production | 3 |
| LSC 332 | Print and Electronic Media Design | 3 |
| LSC 360 | Information Radio | 3 |
| LSC 432 | Social Media for the Life Sciences | 3 |
| LSC 450 | Documentary Photography for the Sciences | 3 |
| LSC 532 | Web Design for the Sciences | 3 |
| LSC 614 | Advanced Video Production | 3 |

### CAPSTONE

| Code | Title | Credits |
|---|---|---|
| COM ARTS 605 | Digital Studies Capstone [1] | 1 |

[1] The Capstone cannot be completed until students have completed or are enrolled in their final course of the certificate.

## RESIDENCE AND QUALITY OF WORK

- At least 9 Certificate credits in Residence
- Minimum 2.000 GPA in all Certificate cousres

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. To understand key theories and concepts related to digital studies and the historical context surrounding the creation of digital technologies.
2. To gain familiarity with methods, concepts and tools needed to research and evaluate information related to digital studies.
3. To think critically about how digital technologies work and their impact on society.
4. To be able to create strategic communication content and self-expression using digital tools.
5. To understand the professional and ethical principles related to the field of digital studies.

## ADVISING AND CAREERS

## DIGITAL STUDIES ACADEMIC ADVISING

Students who would like to learn more about the certificate, declare, or go over requirements should meet with the digital studies advisor. Advising is by appointment and can be scheduled through Starfish. You can find more advising information on the Digital Studies website (https://digitalstudies.wisc.edu/undergraduate-certificate/advising).

### CONTACT INFORMATION

Amy Schultz, 6072 Vilas Hall, 608-262-2547, digitalstudies@commarts.wisc.edu

## CAREER ADVISING

The communication and media career advisor (https://journalism.wisc.edu/career-services/advising) assists students with career preparation, such as exploring career options, learning internship and job search strategies, and writing resumes and cover letters.

### CONTACT INFORMATION

Pam Garcia-Rivera, 5114 Vilas Hall, 608-890-1046, pgarciariver@wisc.edu

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Please see the Digital Studies Certificate website (https://digitalstudies.wisc.edu) for a list of certificate staff and committee members.

## WISCONSIN EXPERIENCE

As an interdisciplinary certificate, students are encouraged to explore courses across disciplines and areas of interest. Once declared, students have access to unique and exciting courses where they not only study digital media, but learn to be savvy users and creators of digital media that they can use in their professional lives. Examples of work that students create include websites, videos, illustrations, posters, podcasts, and more.

Digital studies certificate students also have access to networking and alumni events featuring careers in digital media, internship and job opportunities emailed directly to them, technology resources through the Instructional Media Center (https://commarts.wisc.edu/imc), and design consulting services through DesignLab (https://designlab.wisc.edu). Through advising, students receive tailored recommendations based on their interests and are encouraged to seek out ways to apply the knowledge they are learning in the classroom through involvement in student organizations, volunteering, and internships.

# COMMUNICATION SCIENCES AND DISORDERS

The major in communication sciences and disorders provides students with opportunities for study in the areas of speech–language pathology, audiology, and the normal aspects of speech, hearing, and language. Most students pursue this major because they hope to practice as licensed and/or certified clinicians in educational and medical–allied-health settings, assisting clients with communicative impairments arising from disease, trauma, predisposition, maladaptive learning, or unknown causes. Professional clinical practice follows completion of a master's degree in speech–language pathology (http://guide.wisc.edu/graduate/communication-sciences-disorders/communication-sciences-disorders-ms), or a doctor of audiology degree (http://guide.wisc.edu/graduate/communication-sciences-disorders/audiology-aud), and involves evaluation and treatment based upon a firm theoretical understanding of normal processes of hearing, and of speech and language formulation, production, and perception. Some students pursue the undergraduate major as a foundation for a research career in speech, language or hearing sciences. Others pursue the major as a preliminary step toward advanced training in other professional fields (e.g., law, medicine, nursing, special education).

Students are urged to consult with an undergraduate academic advisor in the department as soon as they have decided to major in this field. Course sequencing in the major is not flexible. Certain courses are prerequisites to others. Many of the courses are offered only once a year. **To declare the major,** students must earn a grade point average of 3.000 or better for the three courses CS&D 201 Speech Science, CS&D 202 Normal Aspects of Hearing, and CS&D 240 Language Development in Children and Adolescents, the first time these courses are attempted. Prospective majors typically begin taking this three-course "gateway" sequence as sophomores. Major declaration forms may be obtained from an advisor after the gateway criterion has been satisfied, and should be returned to the advisor for processing.

The major in communication sciences and disorders can be completed through the College of Letters & Science, or through the School of Education (p. 1448). Students select one program to follow, and should be aware that the two programs differ somewhat in their requirements for the major. Moreover, each program (L&S and Education) has its own general liberal studies requirements involving, for example, sciences, math, foreign language, social studies, and humanities. Students should plan to complete many of these general requirements as well as some courses in communication sciences and disorders during their first and second years on this campus.

The department is accredited in speech–language pathology and in audiology by the Council on Academic Accreditation of the American Speech–Language–Hearing Association (ASHA). Therefore, academic courses and clinical practica in the Department of Communication Sciences and Disorders may be applied toward clinical certification by ASHA (speech language pathology or audiology), and toward state licensure.

## DEGREES/MAJORS/CERTIFICATES

- Communication Sciences and Disorders, B.A. (p. 633)
- Communication Sciences and Disorders, B.S. (p. 637)

## PEOPLE

Professors Connor, Ellis Weismer, Fowler, Hustad, Kaushanskaya, Litovsky, Thibeault

Visiting Assistant Professors Easwar, Finney, Rountrey

Clinical Professor Quinn

Clinical Associate Professors Buhr-Lawler, Caul, Cohen, Douglas, Eith, Hartman, Kroll, Krug, Lee, Seidel

Lecturer Johnson

# COMMUNICATION SCIENCES AND DISORDERS, B.A.

The major in communication sciences and disorders provides students with opportunities for study in the areas of speech–language pathology, audiology, and the normal aspects of speech, hearing, and language. Most students pursue this major because they hope to work as a licensed and certified clinical speech-language pathologist or audiologist, assisting clients with communication impairments arising from acquired neurological conditions, developmental conditions, genetic conditions, or unknown causes. Professional clinical practice follows completion of a master's degree in speech–language pathology, or a doctor of audiology degree. Some students pursue the undergraduate major as a foundation for a research career in speech, language or hearing sciences. Others pursue the major as a preliminary step toward advanced training in other professional fields (e.g., medicine, nursing, special education), or as a liberal arts degree that could lead to a variety of different career paths (speech–language pathology assistant, educational assistant, line therapist).

The major in communication sciences and disorders can be completed through the College of Letters & Science, or through the School of Education. Students select one program to follow, and should be aware that the two programs differ somewhat in their requirements. Moreover, each program (L&S and Education) has its own general liberal studies requirements. Students should plan to complete many of these general requirements as well as some courses in communication sciences and disorders during their first and second years on this campus.

The department is accredited in speech–language pathology and in audiology by the Council on Academic Accreditation of the American Speech–Language–Hearing Association (ASHA). Therefore, academic courses and clinical practica in the Department of Communication Sciences and Disorders may be applied toward clinical certification by ASHA (speech language pathology or audiology), and toward state licensure.

## HOW TO GET IN

Students are urged to consult with an undergraduate academic advisor as soon as they have decided to major in this field. Course sequencing in the major is not flexible. Certain courses are prerequisites to others.

### DECLARING THE MAJOR

To declare a major in CS&D, send an email to undergrad@csd.wisc.edu:

- State that you would like to declare a major in CS&D
- Include your full name and student ID number

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |

| | |
|---|---|
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## CS&D COURSES

10 courses and 30 credits from:

| Code | Title | Credits |
|---|---|---|
| CS&D 201 | Speech Science | 3 |
| CS&D 202 | Normal Aspects of Hearing | 3 |
| CS&D 210 | Neural Basis of Communication | 3 |
| CS&D 240 | Language Development in Children and Adolescents | 3 |
| CS&D 303 | Speech Acoustics and Perception | 3 |
| CS&D 315 | Phonetics and Phonological Development | 3 |
| CS&D 318 | Voice, Craniofacial and Fluency Disorders | 3 |
| CS&D 320 | Introduction to Audiology | 3 |
| CS&D 425 | Auditory Rehabilitation | 3 |
| CS&D 440 | Child Language Disorders, Assessment and Intervention | 3 |
| Total Credits | | 30 |

## COURSES IN RELATED AREAS

15 credits and one course from each of the following areas:

### Psychology

| Code | Title | Credits |
|---|---|---|
| PSYCH 202 | Introduction to Psychology | 3-4 |
| HDFS 363 | Development from Adolescence to Old Age | 3 |

### Statistics

| Code | Title | Credits |
|---|---|---|
| STAT 301 | Introduction to Statistical Methods | 3 |
| STAT 311 | Introduction to Theory and Methods of Mathematical Statistics I | 3 |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | 3 |
| PSYCH 210 | Basic Statistics for Psychology | 3 |
| SOC/C&E SOC 360 | Statistics for Sociologists I | 4 |

### Linguistics

| Code | Title | Credits |
|---|---|---|
| LINGUIS 101 | Human Language | 3 |
| LINGUIS/ ANTHRO 301 | Introduction to Linguistics: Descriptive and Theoretical | 3 |
| LINGUIS 303 | Language, History, and Society | 3 |
| ENGL 214 | The English Language | 3 |
| ENGL 314 | Structure of English | 3 |
| ENGL 318 | Second Language Acquisition | 3 |
| LINGUIS 237 | Language & Immigration in Wisconsin | 3 |
| SPANISH 321 | The Structure of Modern Spanish | 3 |
| SPANISH 331 | Spanish Applied Linguistics | 3 |
| SPANISH 327 | Introduction to Spanish Linguistics | 3 |

### Ethnic Studies

| Code | Title | Credits |
|---|---|---|
| ANTHRO 104 | Cultural Anthropology and Human Diversity | 3 |
| ASIAN AM 101 | Introduction to Asian American Studies | 3 |

| ZOOLOGY/ BIOLOGY 101 | Animal Biology | 3 |
| PHYSICS 103 | General Physics | 4 |
| PHYSICS 109 | Physics in the Arts | 3 |

## ELECTIVES

| Code | Title | Credits |
|---|---|---|
| CS&D 110 | Introduction to Communicative Disorders | 3 |
| CS&D 371 | Pre-Clinical Observation of Children and Adults | 3 |
| CS&D 424 | Sign Language I | 2 |
| CS&D 434 | Sign Language II | 2 |

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all CS&D and major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence[1]
- 15 credits in CS&D, taken on the UW–Madison campus

[1] These courses are considered upper level in the major: CS&D 303, CS&D 315, CS&D 318, CS&D 320, CS&D 424, CS&D 425, CS&D 440, CS&D 503, CS&D 699

# HONORS IN THE MAJOR

Students may declare Honors in the Communication Sciences and Disorders Major in consultation with the undergraduate advisor in that department.

## HONORS IN THE COMMUNICATION SCIENCES AND DISORDERS MAJOR REQUIREMENTS

To earn Honors in the Major in Communications Sciences and Disorders, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 in all CS&D and major courses
- Complete the following courses for Honors earning a grade of B or better in each:

| Code | Title | Credits |
|---|---|---|
| CS&D 481 | Undergraduate Junior Honors | 3 |
| CS&D 681 & CS&D 682 | Senior Honors Thesis and Senior Honors Thesis | 6 |
| 2 of the following for Honors: | | 6 |
| CS&D 303 | Speech Acoustics and Perception | |
| CS&D 320 | Introduction to Audiology | |
| CS&D 440 | Child Language Disorders, Assessment and Intervention | |
| Total Credits | | 15 |

# DISTINCTION IN THE MAJOR

Students majoring in communication sciences and disorders who are not Honors candidates may earn Distinction in the Major, provided that they obtain consent of the department honors advisor, achieve a minimum GPA of 3.750 in CS&D and major courses, and satisfy these requirements:

| Code | Title | Credits |
|---|---|---|
| **Two courses, taken for Honors** | | |
| CS&D 303 | Speech Acoustics and Perception | |
| CS&D 320 | Introduction to Audiology | |
| CS&D 440 | Child Language Disorders, Assessment and Intervention | |
| **Undergraduate Honors Seminar** | | |
| CS&D 481 | Undergraduate Junior Honors | |

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Acquire a foundational understanding of basic anatomy and physiology of speech, language, and hearing.
2. Understand integrative neuroscience foundations of speech, language, and hearing.
3. Obtain basic knowledge in statistical sciences, linguistics, biological/physical sciences, social sciences, and humanities as related to Communication Sciences & Disorders.
4. Develop an understanding of speech, language, and hearing disorders and the relationship to foundational aspects of speech, language and hearing science.
5. Be prepared for graduate school and/or a career in Communication Sciences & Disorders and related areas.

## FOUR-YEAR PLAN

Please refer to the Requirements tab in Guide for additional College of Letters and Science Breadth and Degree Requirements as well as Residence and Quality of Work requirements for the major.

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A | 3 | CS&D 201 | 3 |
| Quantitative Reasoning A | 4 | Ethnic Studies Content Area course | 3 |
| Foreign Language | 4 | Foreign Language | 4 |
| Physical Science Breadth | 3 | PSYCH content area course | 3 |
| | | Biological Science content area course | 3 |
| | 14 | | 16 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CS&D 202 | 3 | Communication B | 4 |
| CS&D 240 | 3 | Literature Breadth | 3 |
| INTER-LS 210 | 1 | CS&D 210 | 3 |
| Quantitative Reasoning B | 4 | CS&D 318 | 3 |
| Literature Breadth | 3 | Statistics content area course | 3 |
| | 14 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Declare the Major | | CS&D 440 | 3 |
| CS&D 303 | 3 | Social Science breadth | 3 |
| CS&D 320 | 3 | Electives | 9 |
| CS&D 315 | 3 | | |
| Linguistics content area course | 3 | | |
| Humanities breadth | 3 | | |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Electives | 15 | CS&D 371 | 3 |
| | | CS&D 425 | 3 |
| | | Electives | 9 |
| | 15 | | 15 |

Total Credits 120

## ADVISING AND CAREERS

CS&D advising services are focused on students who need to declare the major or who have already declared CS&D and need advising in the major.

A CS&D advisor can help with:

- Curricular planning and course access
- DARS interpretation
- Declaration of the major for L&S students
- Documentation of study abroad plans
- Identification, interpretation and application of most academic policies
- Major and degree requirements
- Exploration of interests in independent study and research
- Understanding the differences between paths to the major

**Students seeking to pursue graduate study in speech-language pathology or audiology** are urged to take CS&D 371 Pre-Clinical Observation of Children and Adults (3 cr) —to earn ASHA observation hours which are required for graduate school admission. Enrollment in CS&D 371 is by permission and is restricted to students who have earned a B or better in CS&D 201 Speech Science, CS&D 202 Normal Aspects of Hearing, and CS&D 240 Language Development in Children and Adolescents.

Director of Undergraduate Studies
undergrad@csd.wisc.edu

Please visit our website (https://csd.wisc.edu/undergraduate.htm) for details on weekly advising sessions.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to

explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Information about faculty and staff can be found on the department's website (https://csd.wisc.edu/peopleofCSD.htm).

# COMMUNICATION SCIENCES AND DISORDERS, B.S.

The major in communication sciences and disorders provides students with opportunities for study in the areas of speech–language pathology, audiology, and the normal aspects of speech, hearing, and language. Most students pursue this major because they hope to work as a licensed and certified clinical speech-language pathologist or audiologist, assisting clients with communication impairments arising from acquired neurological conditions, developmental conditions, genetic conditions, or unknown causes. Professional clinical practice follows completion of a master's degree in speech–language pathology, or a doctor of audiology degree. Some students pursue the undergraduate major as a foundation for a research career in speech, language or hearing sciences. Others pursue the major as a preliminary step toward advanced training in other professional fields (e.g., medicine, nursing, special education), or as a liberal arts degree that could lead to a variety of different career paths (speech–language pathology assistant, educational assistant, line therapist).

The major in communication sciences and disorders can be completed through the College of Letters & Science, or through the School of Education. Students select one program to follow, and should be aware that the two programs differ somewhat in their requirements. Moreover, each program (L&S and Education) has its own general liberal studies requirements. Students should plan to complete many of these general requirements as well as some courses in communication sciences and disorders during their first and second years on this campus.

The department is accredited in speech–language pathology and in audiology by the Council on Academic Accreditation of the American Speech–Language–Hearing Association (ASHA). Therefore, academic courses and clinical practica in the Department of Communication Sciences and Disorders may be applied toward clinical certification by ASHA (speech language pathology or audiology), and toward state licensure.

## HOW TO GET IN

Students are urged to consult with an undergraduate academic advisor as soon as they have decided to major in this field. Course sequencing in the major is not flexible. Certain courses are prerequisites to others.

### DECLARING THE MAJOR

To declare a major in CS&D, send an email to undergrad@csd.wisc.edu:

- State that you would like to declare a major in CS&D
- Include your full name and student ID number

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |

| | |
|---|---|
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## CS&D COURSES

10 courses and 30 credits from:

| Code | Title | Credits |
|---|---|---|
| CS&D 201 | Speech Science | 3 |
| CS&D 202 | Normal Aspects of Hearing | 3 |
| CS&D 210 | Neural Basis of Communication | 3 |
| CS&D 240 | Language Development in Children and Adolescents | 3 |
| CS&D 303 | Speech Acoustics and Perception | 3 |
| CS&D 315 | Phonetics and Phonological Development | 3 |
| CS&D 318 | Voice, Craniofacial and Fluency Disorders | 3 |
| CS&D 320 | Introduction to Audiology | 3 |
| CS&D 425 | Auditory Rehabilitation | 3 |
| CS&D 440 | Child Language Disorders, Assessment and Intervention | 3 |
| Total Credits | | 30 |

## COURSES IN RELATED AREAS

15 credits and one course from each of the following areas:

### Psychology

| Code | Title | Credits |
|---|---|---|
| PSYCH 202 | Introduction to Psychology | 3-4 |
| HDFS 363 | Development from Adolescence to Old Age | 3 |

### Statistics

| Code | Title | Credits |
|---|---|---|
| STAT 301 | Introduction to Statistical Methods | 3 |
| STAT 311 | Introduction to Theory and Methods of Mathematical Statistics I | 3 |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | 3 |
| PSYCH 210 | Basic Statistics for Psychology | 3 |
| SOC/C&E SOC 360 | Statistics for Sociologists I | 4 |

### Linguistics

| Code | Title | Credits |
|---|---|---|
| LINGUIS 101 | Human Language | 3 |
| LINGUIS/ ANTHRO 301 | Introduction to Linguistics: Descriptive and Theoretical | 3 |
| LINGUIS 303 | Language, History, and Society | 3 |
| ENGL 214 | The English Language | 3 |
| ENGL 314 | Structure of English | 3 |
| ENGL 318 | Second Language Acquisition | 3 |
| LINGUIS 237 | Language & Immigration in Wisconsin | 3 |
| SPANISH 321 | The Structure of Modern Spanish | 3 |
| SPANISH 331 | Spanish Applied Linguistics | 3 |
| SPANISH 327 | Introduction to Spanish Linguistics | 3 |

### Ethnic Studies

| Code | Title | Credits |
|---|---|---|
| ANTHRO 104 | Cultural Anthropology and Human Diversity | 3 |
| ASIAN AM 101 | Introduction to Asian American Studies | 3 |
| ASIAN AM/ AFROAMER/ AMER IND/CHICLA/ FOLKLORE 102 | Introduction to Comparative US Ethnic and American Indian Studies | 3 |
| CHICLA 201 | Introduction to Chicana/o and Latina/o Studies | 3 |
| GEN&WS/SOC 200 | Introduction to Lesbian, Gay, Bisexual, Transgender and Queer+ Studies | 3-4 |
| L I S 202 | Informational Divides and Differences in a Multicultural Society | 3 |

| | | |
|---|---|---|
| ASIAN AM/SOC 220 | Ethnic Movements in the United States | 3-4 |
| AFROAMER/ HIST SCI/ MED HIST 275 | Science, Medicine, and Race: A History | 3 |
| HISTORY 227 | Explorations in the History of Race and Ethnicity | 3 |
| AMER IND/ ANTHRO 314 | Indians of North America | 3 |
| ENGL 319 | Language, Race, and Identity | 3 |
| HISTORY 403 | Immigration and Assimilation in American History | 3-4 |
| SOC 134 | Sociology of Race & Ethnicity in the United States | 3-4 |
| SOC/ASIAN AM 220 | Ethnic Movements in the United States | 3-4 |

### Biological Sciences

| Code | Title | Credits |
|---|---|---|
| BOTANY/BIOLOGY/ ZOOLOGY 151 | Introductory Biology | 5 |
| ANTHRO 105 | Principles of Biological Anthropology | 3 |
| ANTHRO/BOTANY/ ZOOLOGY 410 | Evolutionary Biology | 3 |
| BIOCHEM 104 | Molecules to Life and the Nature of Science | 3 |
| BIOCORE 381 | Evolution, Ecology, and Genetics | 3 |
| BIOLOGY/BOTANY/ ZOOLOGY 151 | Introductory Biology | 5 |
| ZOOLOGY/ BIOLOGY 101 | Animal Biology | 3 |
| PHYSICS 103 | General Physics | 4 |
| PHYSICS 109 | Physics in the Arts | 3 |

## ELECTIVES

| Code | Title | Credits |
|---|---|---|
| CS&D 110 | Introduction to Communicative Disorders | 3 |
| CS&D 371 | Pre-Clinical Observation of Children and Adults | 3 |
| CS&D 424 | Sign Language I | 2 |
| CS&D 434 | Sign Language II | 2 |

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all CS&D and major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence[1]
- 15 credits in CS&D, taken on the UW–Madison campus

[1] These courses are considered upper level in the major: CS&D 303, CS&D 315, CS&D 318, CS&D 320, CS&D 424, CS&D 425, CS&D 440, CS&D 503, CS&D 699

# HONORS IN THE MAJOR

Students may declare Honors in the Communication Sciences and Disorders Major in consultation with the undergraduate advisor in that department.

## HONORS IN THE COMMUNICATION SCIENCES AND DISORDERS MAJOR REQUIREMENTS

To earn Honors in the Major in Communications Sciences and Disorders, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 in all CS&D and major courses
- Complete the following courses for Honors earning a grade of B or better in each:

| Code | Title | Credits |
|---|---|---|
| CS&D 481 | Undergraduate Junior Honors | 3 |
| CS&D 681 & CS&D 682 | Senior Honors Thesis and Senior Honors Thesis | 6 |
| 2 of the following for Honors: | | 6 |
| CS&D 303 | Speech Acoustics and Perception | |
| CS&D 320 | Introduction to Audiology | |
| CS&D 440 | Child Language Disorders, Assessment and Intervention | |
| Total Credits | | 15 |

# DISTINCTION IN THE MAJOR

Students majoring in communication sciences and disorders who are not Honors candidates may earn Distinction in the Major, provided that they obtain consent of the department honors advisor, achieve a minimum GPA of 3.750 in CS&D and major courses, and satisfy these requirements:

| Code | Title | Credits |
|---|---|---|
| **Two courses, taken for Honors** | | |
| CS&D 303 | Speech Acoustics and Perception | |
| CS&D 320 | Introduction to Audiology | |
| CS&D 440 | Child Language Disorders, Assessment and Intervention | |
| **Undergraduate Honors Seminar** | | |
| CS&D 481 | Undergraduate Junior Honors | |

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |

| | |
|---|---|
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Acquire a foundational understanding of basic anatomy and physiology of speech, language, and hearing.
2. Understand integrative neuroscience foundations of speech, language, and hearing.
3. Obtain basic knowledge in statistical sciences, linguistics, biological/physical sciences, social sciences, and humanities as related to Communication Sciences & Disorders.
4. Develop an understanding of speech, language, and hearing disorders and the relationship to foundational aspects of speech, language and hearing science.
5. Be prepared for graduate school and/or a career in Communication Sciences & Disorders and related areas.

## FOUR-YEAR PLAN

Please refer to the Requirements tab in Guide for additional College of Letters and Science Breadth and Degree Requirements as well as Residence and Quality of Work requirements for the major.

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A | 3 | CS&D 201 | 3 |
| Quantitative Reasoning A | 4 | Ethnic Studies Content Area course | 3 |
| Foreign Language | 4 | Foreign Language | 4 |
| Physical Science Breadth | 3 | PSYCH content area course | 3 |
| | | Biological Science content area course | 3 |
| | 14 | | 16 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CS&D 202 | 3 | Communication B | 4 |
| CS&D 240 | 3 | Literature Breadth | 3 |
| INTER-LS 210 | 1 | CS&D 210 | 3 |
| Quantitative Reasoning B | 4 | CS&D 318 | 3 |
| Literature Breadth | 3 | Statistics content area course | 3 |
| | 14 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Declare the Major | | CS&D 440 | 3 |
| CS&D 303 | 3 | Social Science breadth | 3 |
| CS&D 320 | 3 | Electives | 9 |

## PEOPLE

Information about faculty and staff can be found on the department's website (https://csd.wisc.edu/peopleofCSD.htm).

# COMPARATIVE LITERATURE AND FOLKLORE STUDIES

## OVERVIEW

The Department of Comparative Literature and Folklore Studies offers a major in comparative literature and a certificate in folklore.

Comparative literature is the study of literatures in their original languages from a transnational, cross-cultural perspective.

Comparative literature students and majors study texts from a range of historical periods, geographical and cultural areas, and literary and artistic movements. They learn to critically pose and respond to fundamental questions about the place of literature in society and in cultural and historical traditions.

Majors are introduced to specific modes of literary analysis as well as to general concepts of "literariness." They explore the interaction of literature with other arts and disciplines as well as with the political, social, and intellectual contexts of literature. In this way, students acquire important intellectual skills in critical comparative reading, thinking, and writing.

The small size of most comparative literature classes allows ample opportunity for the discussion and exchange that are essential to the development of such skills. Comparative literature classes also offer challenging research and writing projects that can be carried out individually and in small groups.

A major in comparative literature is valuable preparation for a career in a wide range of fields that demand careful analysis, clear writing, the presentation of logical arguments, and the critical assessment of the written and oral opinions of others—law, business, communications, politics and diplomacy, journalism, technical writing, or publishing. It is ideal for students interested in teaching at the secondary level or in pursuing graduate degrees.

The program welcomes students with a diverse range of backgrounds and interests, and with literary reading competence in a language in addition to English. Literary fluency in a language other than English is the basis for work in the comparative literature major.

To declare the major in comparative literature, students must have sophomore standing, have taken at least one 200-level course in the department, have a minimum 3.0 GPA, and have established the foundations of literary fluency in a language other than English.

Prospective majors should meet with the undergraduate advisor to discuss the requirements in advance of declaring the major. Declared majors are strongly encouraged to meet with the undergraduate advisor in planning their courses each semester. Juniors should arrange a meeting early in the spring semester to assess whether they will have met all requirements for graduation.

Folklore is a multidisciplinary field of study concerned with the documentation and analysis of verbal, customary, musical, material, and performance traditions, primarily as they are practiced within cultures, but also as they are revived, modified, even invented by artists, educators, entrepreneurs, activists, communities, and states. The program offers courses on folklore forms, practitioners, performances, theory, methods, and public presentation, with an emphasis on cross-cultural and interdisciplinary approaches. Students interested in folklore as an area of concentration typically major in an arts, humanities, or social science discipline. No formal undergraduate major is offered in folklore, but by planning a course of study with the undergraduate advisor, a student may design an individual major with a folklore concentration. Undergraduate students may also earn a certificate in folklore.

## ADDITIONAL PROGRAM INFORMATION

Courses in Comparative Literature (COMP LIT) fall into four general classes:

*Introductory courses (201–299)* are based entirely on English-language texts or English translations of foreign language texts. These courses are open to first-year students and restricted to undergraduates.

*General courses (300–400)* are open to undergraduates. The course texts are in English, but majors and other students who are able to do so are expected to work with one foreign literature in the original language.

*More specialized courses (400–699)* are open to both undergraduate and (with the exception of the proseminar, COMP LIT 690 ) graduate students. Texts used in these courses typically require the knowledge of at least one foreign language.

*Graduate courses (700–999)* involve increasing use of foreign literatures both in the classroom and in individual work.

# COMPARATIVE LITERATURE AND FOLKLORE STUDIES, B.A.

**Admissions to the Comparative Literature and Folklore Studies B.A. have been suspended as of summer 2018. If you have any questions, please contact the department** (complit@lss.wisc.edu)**.**

## OVERVIEW

The Department of Comparative Literature and Folklore Studies offers a major in comparative literature and a certificate in folklore.

Comparative literature is the study of literatures in their original languages from a transnational, cross-cultural perspective.

Comparative literature students and majors study texts from a range of historical periods, geographical and cultural areas, and literary and artistic movements. They learn to critically pose and respond to fundamental questions about the place of literature in society and in cultural and historical traditions.

Majors are introduced to specific modes of literary analysis as well as to general concepts of "literariness." They explore the interaction of literature with other arts and disciplines as well as with the political, social, and intellectual contexts of literature. In this way, students acquire important intellectual skills in critical comparative reading, thinking, and writing.

The small size of most comparative literature classes allows ample opportunity for the discussion and exchange that are essential to the development of such skills. Comparative literature classes also offer challenging research and writing projects that can be carried out individually and in small groups.

A major in comparative literature is valuable preparation for a career in a wide range of fields that demand careful analysis, clear writing, the presentation of logical arguments, and the critical assessment of the written and oral opinions of others—law, business, communications, politics and diplomacy, journalism, technical writing, or publishing. It is ideal for students interested in teaching at the secondary level or in pursuing graduate degrees.

The program welcomes students with a diverse range of backgrounds and interests, and with literary reading competence in a language in addition to English. Literary fluency in a language other than English is the basis for work in the comparative literature major.

To declare the major in comparative literature, students must have sophomore standing, have taken at least one 200-level course in the department, have a minimum 3.0 GPA, and have established the foundations of literary fluency in a language other than English.

Prospective majors should meet with the undergraduate advisor to discuss the requirements in advance of declaring the major. Declared majors are strongly encouraged to meet with the undergraduate advisor in planning their courses each semester. Juniors should arrange a meeting early in the spring semester to assess whether they will have met all requirements for graduation.

## HOW TO GET IN

Admissions to the Comparative Literature and Folklore Studies major have been suspended as of Summer 2018. Questions may be directed to the department.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

The major requires a total of 30 credits in Comparative Literature (COMP LIT), plus 9 credits in literature in a single foreign language for a total of 39 credits.

| Code | Title | Credits |
|---|---|---|
| **Comparative Literature Courses** | | |
| *Complete two courses from the following:* | | *6* |
| COMP LIT 201 | Introduction to Pre-Modern Literatures/Impact on the Modern World | |
| COMP LIT 202 | Introduction to Modern and Contemporary Literature | |
| COMP LIT 203 | Introduction to Cross-Cultural Literary Forms | |
| COMP LIT 205 | Intro to Comparative Study of Race & Ethnicity, In & Beyond the U.S. | |
| *Literary Criticism and Theory (complete two):* | | *6* |
| COMP LIT 310 | Introduction to Literary Criticism | |
| COMP LIT 371 | Literary Criticism | |

| | | |
|---|---|---|
| COMP LIT 475 | Poetics and Literary Theory | |
| *Proseminar (required):* | | *3* |
| COMP LIT 690 | Proseminar | |
| **Foreign Language** | | 9 |
| Literature or culture courses, in a single foreign language, with a final grade of B or better in each course. Independent study or Literature in Translation (LITTRANS) courses will not count toword this requirement. [1] | | |
| **Electives** | | 13-15 |
| Complete additional credits at the Intermediate or Advanced levels (300 level and above) to reach 39 credit minimum for the major: | | |
| COMP LIT 350 | Problems in Comparative Literatures and Cultures | |
| COMP LIT 358 | Problems in Transnational Genre and Mode | |
| COMP LIT 368 | Literature and Ideas | |
| COMP LIT 370 | Comparative Problems in Periods and Movements | |
| COMP LIT 466 | Literature , Media, the Arts | |
| COMP LIT 500 | The Comparative In and Beyond Comparative Literature | |
| COMP LIT 681 | Senior Honors Thesis | |
| COMP LIT 682 | Senior Honors Thesis | |
| COMP LIT 691 | Senior Thesis | |
| COMP LIT 692 | Senior Thesis | |
| COMP LIT 698 | Directed Study | |
| COMP LIT 699 | Directed Study | |
| Total Credits | | 39 |

| SPANISH/ CHICLA 467 | US Latino Literature | 3 |

The Senior Thesis (COMP LIT 691–COMP LIT 692, for a total of 6 credits) is strongly recommended (though not required) for non-honors majors.

Though not required, COMP LIT 310 is strongly recommended as a bridge between the 200-level courses and the 300- and 400-level courses.

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all COMP LIT courses and all major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence[1]
- 15 credits, in COMP LIT, taken on campus

[1] Courses COMP LIT 300–COMP LIT 699 which carry the Intermediate or Advanced level designation are considered upper-level in the major.

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the undergraduate advisor in the department.

### HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA for all COMP LIT courses, and all courses accepted in the major
- Complete 39 total credits in COMP LIT, to include:
  - 9 credits of COMP LIT, taken for Honors, at the 300 level or above
  - A two-semester Senior Honors Thesis in COMP LIT 681 and COMP LIT 682, for a total of 6 credits.

## UNIVERSITY DEGREE REQUIREMENTS

Total Degree — To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

| | |
|---|---|
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Literary fluency in a language other than English.
2. Comparative understanding of a selected range of literary and cultural texts.
3. Critical intellectual familiarity with concepts and theories of the literary and of the comparative.
4. Ability to engage in the comparative analysis of literary and cultural texts.
5. Critical reading, thinking, writing, and speaking skills to express and communicate the above.

## FOUR-YEAR PLAN

The Comparative Literature and Folklore Studies major is unable to be declared (suspended as of summer 2018). Current students should refer to their DARS and work with their advisor for a plan to complete in four years.

## ADVISING AND CAREERS

Students are encouraged to begin working on their career exploration and preparation soon after arriving on campus. We partner with the SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to their success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we’re transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

# COMPARATIVE LITERATURE AND FOLKLORE STUDIES, B.S.

**Admissions to the Comparative Literature and Folklore Studies B.S. have been suspended as of summer 2018. If you have any questions, please contact the department** (complit@lss.wisc.edu).

# OVERVIEW

The Department of Comparative Literature and Folklore Studies offers a major in comparative literature and a certificate in folklore.

Comparative literature is the study of literatures in their original languages from a transnational, cross-cultural perspective.

Comparative literature students and majors study texts from a range of historical periods, geographical and cultural areas, and literary and artistic movements. They learn to critically pose and respond to

fundamental questions about the place of literature in society and in cultural and historical traditions.

Majors are introduced to specific modes of literary analysis as well as to general concepts of "literariness." They explore the interaction of literature with other arts and disciplines as well as with the political, social, and intellectual contexts of literature. In this way, students acquire important intellectual skills in critical comparative reading, thinking, and writing.

The small size of most comparative literature classes allows ample opportunity for the discussion and exchange that are essential to the development of such skills. Comparative literature classes also offer challenging research and writing projects that can be carried out individually and in small groups.

A major in comparative literature is valuable preparation for a career in a wide range of fields that demand careful analysis, clear writing, the presentation of logical arguments, and the critical assessment of the written and oral opinions of others—law, business, communications, politics and diplomacy, journalism, technical writing, or publishing. It is ideal for students interested in teaching at the secondary level or in pursuing graduate degrees.

The program welcomes students with a diverse range of backgrounds and interests, and with literary reading competence in a language in addition to English. Literary fluency in a language other than English is the basis for work in the comparative literature major.

To declare the major in comparative literature, students must have sophomore standing, have taken at least one 200-level course in the department, have a minimum 3.0 GPA, and have established the foundations of literary fluency in a language other than English.

Prospective majors should meet with the undergraduate advisor to discuss the requirements in advance of declaring the major. Declared majors are strongly encouraged to meet with the undergraduate advisor in planning their courses each semester. Juniors should arrange a meeting early in the spring semester to assess whether they will have met all requirements for graduation.

Folklore is a multidisciplinary field of study concerned with the documentation and analysis of verbal, customary, musical, material, and performance traditions, primarily as they are practiced within cultures, but also as they are revived, modified, even invented by artists, educators, entrepreneurs, activists, communities, and states. The program offers courses on folklore forms, practitioners, performances, theory, methods, and public presentation, with an emphasis on cross-cultural and interdisciplinary approaches. Students interested in folklore as an area of concentration typically major in an arts, humanities, or social science discipline. No formal undergraduate major is offered in folklore, but by planning a course of study with the undergraduate advisor, a student may design an individual major with a folklore concentration. Undergraduate students may also earn a certificate in folklore.

## ADDITIONAL PROGRAM INFORMATION

Courses in Comparative Literature (COMP LIT) fall into four general classes:

*Introductory courses (201–299)* are based entirely on English-language texts or English translations of foreign language texts. These courses are open to first-year students and restricted to undergraduates.

*General courses (300–400)* are open to undergraduates. The course texts are in English, but majors and other students who are able to do so are expected to work with one foreign literature in the original language.

*More specialized courses (400–699)* are open to both undergraduate and (with the exception of the proseminar, COMP LIT 690 ) graduate students. Texts used in these courses typically require the knowledge of at least one foreign language.

*Graduate courses (700–999)* involve increasing use of foreign literatures both in the classroom and in individual work.

## HOW TO GET IN

**Admissions to the Comparative Literature and Folklore Studies B.S. have been suspended as of summer 2018. If you have any questions, please contact the department** (complit@lss.wisc.edu)**.**

Admissions to the Comparative Literature and Folklore Studies major have been suspended as of Summer 2018. Questions may be directed to the department.

| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

The major requires a total of 30 credits in Comparative Literature (COMP LIT), plus 9 credits in literature in a single foreign language for a total of 39 credits.

| Code | Title | Credits |
|---|---|---|
| **Comparative Literature Courses** | | |
| *Complete two courses from the following:* | | *6* |
| COMP LIT 201 | Introduction to Pre-Modern Literatures/Impact on the Modern World | |
| COMP LIT 202 | Introduction to Modern and Contemporary Literature | |
| COMP LIT 203 | Introduction to Cross-Cultural Literary Forms | |
| COMP LIT 205 | Intro to Comparative Study of Race & Ethnicity, In & Beyond the U.S. | |
| *Literary Criticism and Theory (complete two):* | | *6* |
| COMP LIT 310 | Introduction to Literary Criticism | |
| COMP LIT 371 | Literary Criticism | |
| COMP LIT 475 | Poetics and Literary Theory | |
| *Proseminar (required):* | | *3* |
| COMP LIT 690 | Proseminar | |
| **Foreign Language** | | 9 |
| Literature or culture courses, in a single foreign language, with a final grade of B or better in each course. Independent study or Literature in Translation (LITTRANS) courses will not count toword this requirement. [1] | | |
| **Electives** | | 13-15 |
| Complete additional credits at the Intermediate or Advanced levels (300 level and above) to reach 39 credit minimum for the major. | | |
| COMP LIT 350 | Problems in Comparative Literatures and Cultures | |
| COMP LIT 358 | Problems in Transnational Genre and Mode | |
| COMP LIT 368 | Literature and Ideas | |
| COMP LIT 370 | Comparative Problems in Periods and Movements | |
| COMP LIT 466 | Literature , Media, the Arts | |
| COMP LIT 500 | The Comparative In and Beyond Comparative Literature | |
| COMP LIT 681 | Senior Honors Thesis | |
| COMP LIT 682 | Senior Honors Thesis | |
| COMP LIT 691 | Senior Thesis | |
| COMP LIT 692 | Senior Thesis | |
| COMP LIT 698 | Directed Study | |
| COMP LIT 699 | Directed Study | |
| Total Credits | | 39 |

### Foreign language courses with Literature breadth: [1]

| Code | Title | Credits |
|---|---|---|
| GREEK 306 | Intermediate Greek | 3 |
| AFRICAN 445 | Advanced Readings in Arabic Texts | 3 |
| ASIAN 355 | Modern Japanese Literature | 3 |
| ASIALANG 311 | First Semester Classical Chinese | 3 |
| ASIALANG 312 | Second Semester Classical Chinese | 3 |
| ASIALANG 313 | Classical Japanese | 3 |
| ASIAN 351 | Survey of Classical Chinese Literature | 3 |
| ASIAN 352 | Survey of Modern Chinese Literature | 3 |
| ASIAN 353 | Lovers, Warriors and Monks: Survey of Japanese Literature | 3 |
| ASIALANG 401 | Seventh Semester Chinese | 3 |
| ASIALANG 402 | Eighth Semester Chinese | 3 |

| | | |
|---|---|---|
| ASIAN 563 | Readings in Modern Japanese Literature | 3 |
| ASIAN 573 | Readings in Classical Japanese Literature | 3 |
| FRENCH 271 | Introduction to Literary Analysis | 3-4 |
| FRENCH 321 | Introduction to Medieval, Renaissance, and Early Modern Literature | 3 |
| FRENCH 322 | Introduction to Literature of Modernity | 3 |
| FRENCH 430 | Readings in Medieval and Renaissance Literature | 3 |
| FRENCH 431 | Readings in Early Modern Literature | 3 |
| FRENCH 433 | Readings in Twentieth and Twenty-First Century Literature | 3 |
| FRENCH 461 | French/Francophone Literary Studies Across the Centuries | 3 |
| FRENCH 462 | French/Francophone Cultural Studies Across the Centuries | 3 |
| FRENCH 472 | French/Francophone Literature and Women | 3 |
| FRENCH 595 | Theory and Practice of French/ Francophone Drama | 4 |
| GERMAN 258 | Intermediate German-Reading | 3 |
| GERMAN 303 | Literatur des 19. Jahrhunderts | 3-4 |
| GERMAN 305 | Literatur des 20. und 21. Jahrhunderts | 3-4 |
| GERMAN 325 | Topics in Dutch Literature | 3 |
| GERMAN 367 | Study Abroad in German Literature | 2-5 |
| GERMAN 377 | Study Abroad in Dutch Literature | 2-5 |
| GERMAN 625 | Letterkunde der Lage Landen | 3-4 |
| GERMAN 632 | A Theme in German Literature | 3 |
| GREEK 401 | Greek Drama | 3 |
| GREEK 402 | Greek Drama and Lyric Poetry | 3 |
| GREEK 511 | Hesiod | 3 |
| GREEK 512 | Greek Lyric Poets | 3 |
| GREEK 520 | Greek Comedy | 3 |
| GREEK 521 | Greek Tragedy | 3 |
| GREEK 532 | Thucydides | 3 |
| GREEK 551 | Attic Orators | 3 |
| GREEK 560 | Hellenistic Greek | 3 |
| JEWISH/HEBR-MOD 301 | Introduction to Hebrew Literature | 3 |
| HEBR-MOD/ JEWISH 301 | Introduction to Hebrew Literature | 3 |
| HEBR-MOD/ JEWISH 401 | Topics in Modern Hebrew / Israeli Literature and Culture I | 3 |
| HEBR-MOD/ JEWISH 402 | Topics in Modern Hebrew / Israeli Literature and Culture II | 3 |
| HEBR-BIB/ JEWISH 513 | Biblical Texts, Poetry | 3 |
| HEBR-BIB/ JEWISH 514 | Biblical Texts, Poetry | 3 |
| ITALIAN 321 | Studies in Italian Literature and Culture I | 3 |
| ITALIAN 322 | Studies in Italian Literature and Culture II | 3 |
| ITALIAN/ MEDIEVAL 659 | Dante's Divina Commedia | 3 |
| ITALIAN/ MEDIEVAL 660 | Dante's Divina Commedia | 3 |
| ITALIAN/ MEDIEVAL 671 | Il Duecento | 3 |
| LATIN 301 | Latin Literature of the Roman Republic | 3 |
| LATIN 302 | Latin Literature of the Roman Empire | 3 |
| LATIN 515 | Vergil | 3 |
| LATIN 519 | Latin Poetry | 3 |
| LATIN 520 | Roman Drama | 3 |
| LATIN 521 | Roman Elegy | 3 |
| LATIN 522 | Roman Lyric Poetry | 3 |
| LATIN 523 | Roman Satire | 3 |
| LATIN 524 | Roman Novel | 3 |
| LATIN 539 | Latin Historical Writers | 3 |
| LATIN 549 | Latin Philosophical Writers | 3 |
| LATIN 559 | Latin Oratory | 3 |
| LATIN/ MEDIEVAL 563 | Mediaeval Latin | 3 |
| PORTUG 221 | Introduction to Luso-Brazilian Literatures | 4 |
| SCAND ST 251 | Readings in Norwegian Literature | 3-4 |
| SCAND ST 261 | Readings in Swedish Literature | 3-4 |
| SCAND ST 271 | Readings in Danish Literature | 3-4 |
| SCAND ST 373 | Masterpieces of Scandinavian Literature: From the Middle Ages to 1900 | 3-4 |
| SCAND ST 374 | Masterpieces of Scandinavian Literature: the Twentieth Century | 3-4 |
| SCAND ST 375 | The Writings of Hans Christian Andersen | 3-4 |
| SCAND ST 419 | Scandinavian Children's Literature | 4 |
| SCAND ST 420 | The Woman in Scandinavian Literature | 4 |
| SCAND ST 422 | The Drama of Henrik Ibsen | 4 |
| SCAND ST 423 | The Drama of August Strindberg | 4 |
| SCAND ST 424 | Nineteenth-Century Scandinavian Fiction | 3-4 |
| SCAND ST 426 | Kierkegaard and Scandinavian Literature | 4 |
| SCAND ST 427 | Contemporary Scandinavian Literature | 4 |
| SCAND ST 433 | The Scandinavian Tale and Ballad | 4 |
| SCAND ST 434 | The Art of Isak Dinesen/Karen Blixen | 4 |
| SCAND ST 435 | The Icelandic Sagas | 4 |
| SLAVIC 302 | Zarys historii literatury polskiej | 3 |
| SLAVIC 321 | Fourth Year Russian I | 4 |
| SLAVIC 322 | Fourth Year Russian II | 4 |
| SLAVIC 420 | Chekhov | 3-4 |

| | | |
|---|---|---|
| SLAVIC 421 | Gogol | 3-4 |
| SLAVIC 422 | Dostoevsky | 3-4 |
| SLAVIC 424 | Tolstoy | 3-4 |
| SLAVIC 440 | Soviet Literature | 3-4 |
| SLAVIC 472 | Historia literatury polskiej po roku 1863 | 3 |
| SPANISH 224 | Introduction to Hispanic Literatures | 3 |
| SPANISH 417 | Literatura del Siglo de Oro | 3-4 |
| SPANISH 435 | Cervantes | 3 |
| SPANISH 453 | Literature of the Twentieth Century | 3 |
| SPANISH 460 | Literatura Hispanoamericana | 3 |
| SPANISH 461 | The Spanish American Short Story | 3 |
| SPANISH 462 | Spanish American Theater and Drama | 3 |
| SPANISH 463 | The Spanish American Novel | 3 |
| SPANISH 464 | Spanish American Poetry and Essay | 3 |
| SPANISH 466 | Topics in Spanish American Literature | 1 |
| SPANISH/ CHICLA 467 | US Latino Literature | 3 |

The Senior Thesis (COMP LIT 691–COMP LIT 692, for a total of 6 credits) is strongly recommended (though not required) for non-honors majors.

Though not required, COMP LIT 310 is strongly recommended as a bridge between the 200-level courses and the 300- and 400-level courses.

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all COMP LIT courses and all major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence[1]
- 15 credits, in COMP LIT, taken on campus

[1] Courses COMP LIT 300–COMP LIT 699 which carry the Intermediate or Advanced level designation are considered upper-level in the major.

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the undergraduate advisor in the department.

### HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA for all COMP LIT courses, and all courses accepted in the major
- Complete 39 total credits in COMP LIT, to include:
  - 9 credits of COMP LIT, taken for Honors, at the 300 level or above
  - A two-semester Senior Honors Thesis in COMP LIT 681 and COMP LIT 682, for a total of 6 credits.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Literary fluency in a language other than English.
2. Comparative understanding of a selected range of literary and cultural texts.
3. Critical intellectual familiarity with concepts and theories of the literary and of the comparative.
4. Ability to engage in the comparative analysis of literary and cultural texts.
5. Critical reading, thinking, writing, and speaking skills to express and communicate the above.

## FOUR-YEAR PLAN

The Comparative Literature and Folklore Studies major is unable to be declared (suspended as of summer 2018). Current students should refer to their DARS and work with their advisor for a plan to complete in four years.

## ADVISING AND CAREERS

Students are encouraged to begin working on their career exploration and preparation soon after arriving on campus. We partner with the SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to their success.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of

Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

### FACULTY

Professors Dharwadker, Gilmore (also Landscape Architecture), Layoun, Livorni (also French and Italian)

Associate Professors Livanos, Neyrat, Statkiewicz, Wells

Assistant Professors Fielder, Grunewald (also Legal Studies)

Academic Staff Beatriz Botero

### AFFILIATES

Professors Adler (German, Nordic, and Slavic), Casid (Art History), Garlough (Gender and Women's Studies), Goodkin (French and Italian), Guyer (English), Longinovic (German, Nordic, and Slavic), Kapust (Political Science), Santos (University of Coimbra, Portugal)

Academic Staff: Scott Mellor (German, Nordic, and Slavic), Ruth Olson (Center for the Study of Upper Midwestern Cultures)

### HONORARY AFFILIATES

Professors Brenner (Center for Jewish Studies), Bühnemann (Asian Languages and Cultures), Gross (German, Nordic, and Slavic), Klug (Law)

# COMPUTER SCIENCES

Our graduates discover that **computer science (CS)** opens up a world of possibilities.

Computer scientists enjoy **exceptional career opportunities**, in settings ranging from large, established companies to adventurous new start-ups. They are also well qualified to pursue graduate study in a number of fields.

Our students are **creative, analytical problem-solvers**. This is a rich, collaborative and varied field that you will find challenging, no matter where your individual interests lie.

And there is more to CS than programming. While **software engineering** is an important skill, computer scientists also **work with robots** and other physical devices, **design hardware that runs faster** and more efficiently, and **apply machine learning techniques** to gain insight from large data sets—to name just a few examples.

Because CS has become highly **interconnected with medicine, business and many other fields**, it is a great fit with other interests you may have. You will enjoy a strong career outlook while having an **impact on society**.

## DEGREES/MAJORS/CERTIFICATES

- Computer Sciences, B.A. (p. 651)
- Computer Sciences, B.S. (p. 656)
- Computer Sciences, Certificate (p. 661)

## PEOPLE

Professors A. Arpaci-Dusseau, R. Arpaci-Dusseau, Bach, Barford, Banerjee, Cai, Doan, Dyer, Ferris, Gleicher, Hill, Jha, Livny, Miller, Patel, Reps, Ron, Shavlik, Sohi, van Melkebeek, Wood, Wright, Zhu

Associate Professors Akella, Chawla, Liblit, Mutlu, Sankaralingam, Swift

Assistant Professors Albarghouthi, D'Antoni, Gupta, Koutris, Sifakis

Faculty Associates Dahl, Deppeler, Hasti, Legault, Lewis-Williams, Skrentny, Williams

## HOW TO GET IN

**DECLARATION REQUIREMENTS**

To declare the computer sciences major, students must meet the following requirements:

- Completion of COMP SCI 300 and either MATH 222 or MATH 276
- Grade of BC or higher in one of these introductory programming courses, taken at UW-Madison: COMP SCI 300, COMP SCI/E C E 354 or COMP SCI 400
- 2.250 GPA or higher among the first completed attempts of these courses: COMP SCI 300 and either MATH 222 or MATH 276

[1] For purposes of computer sciences major declaration requirements, GPA is calculated with UW-Madison courses only, and does not include repeated coursework.

---

If a student needs additional coursework to meet the 2.250 GPA requirement, COMP SCI/MATH 240, COMP SCI/E C E 354, and/or COMP SCI 400 Programming III may also be used.

---

Students having difficulties meeting the above requirements should schedule a meeting with a computer sciences advisor to discuss alternatives.

---

For instructions on declaring the major, see the Department of Computer Sciences website (https://www.cs.wisc.edu/undergraduate/ba-bs-in-compsci).

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**

- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## BASIC COMPUTER SCIENCES

| Code | Title | Credits |
|---|---|---|
| COMP SCI/ MATH 240 | Introduction to Discrete Mathematics | 3 |
| COMP SCI/E C E 252 | Introduction to Computer Engineering | 2 |
| COMP SCI 300 | Programming II | 3 |
| COMP SCI/E C E 354 | Machine Organization and Programming | 3 |
| COMP SCI 400 | Programming III | 3 |
| Total Credits | | 14 |

## BASIC CALCULUS

| Code | Title | Credits |
|---|---|---|
| **Complete one of these sequences:** | | 9-14 |
| MATH 221 & MATH 222 | Calculus and Analytic Geometry 1 and Calculus and Analytic Geometry 2 | |
| MATH 171 & MATH 217 & MATH 222 | Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II and Calculus and Analytic Geometry 2 | |
| MATH 275 & MATH 276 | Topics in Calculus I and Topics in Calculus II | |
| Total Credits | | 9-14 |

## ADDITIONAL MATHEMATICS (BEYOND CALCULUS)

| Code | Title | Credits |
|---|---|---|
| **Complete two courses for at least 6 credits:** | | 6-10 |
| COMP SCI 412 | Introduction to Numerical Methods [1] | |
| COMP SCI/E C E/ MATH 435 | Introduction to Cryptography | |
| COMP SCI/ MATH 513 | Numerical Linear Algebra | |
| COMP SCI/ MATH 514 | Numerical Analysis | |
| COMP SCI/I SY E/ MATH/STAT 525 | Linear Optimization | |
| COMP SCI/ I SY E 526 | Advanced Linear Programming | |
| E C E 331 | Introduction to Random Signal Analysis and Statistics | |
| MATH 234 | Calculus--Functions of Several Variables | |
| or MATH 320 | Linear Algebra and Differential Equations | |
| or MATH 340 | Elementary Matrix and Linear Algebra | |
| or MATH 375 | Topics in Multi-Variable Calculus and Linear Algebra | |
| MATH 319 | Techniques in Ordinary Differential Equations | |
| MATH 321 | Applied Mathematical Analysis | |
| MATH 322 | Applied Mathematical Analysis | |
| MATH 331 | An Introduction to Probability and Markov Chain Models | |
| MATH 341 | Linear Algebra | |
| MATH 376 | Topics in Multi-Variable Calculus and Differential Equations | |
| MATH/STAT 431 | Introduction to the Theory of Probability | |
| MATH 443 | Applied Linear Algebra | |
| MATH 461 | College Geometry I | |
| MATH/COMP SCI/ STAT 475 | Introduction to Combinatorics | |
| MATH 521 | Analysis I | |
| MATH 541 | Modern Algebra | |
| MATH 542 | Modern Algebra | |
| MATH 567 | Modern Number Theory | |
| MATH/ PHILOS 571 | Mathematical Logic | |
| STAT/MATH 309 | Introduction to Probability and Mathematical Statistics I | |
| STAT/MATH 310 | Introduction to Probability and Mathematical Statistics II | |
| STAT 311 | Introduction to Theory and Methods of Mathematical Statistics I | |
| STAT 312 | Introduction to Theory and Methods of Mathematical Statistics II | |
| STAT 324 | Introductory Applied Statistics for Engineers (recommended) | |

## THEORY OF COMPUTER SCIENCE

| Code | Title | Credits |
|---|---|---|
| **Complete one:** | | 3 |
| COMP SCI 577 | Introduction to Algorithms (recommended) | |
| COMP SCI 520 | Introduction to Theory of Computing | |

## SOFTWARE & HARDWARE

| Code | Title | Credits |
|---|---|---|
| **Complete two:** | | 6-8 |
| COMP SCI 407 | Foundations of Mobile Systems and Applications | |
| COMP SCI/ E C E 506 | Software Engineering | |
| COMP SCI 536 | Introduction to Programming Languages and Compilers | |
| or COMP SCI 538 | Introduction to the Theory and Design of Programming Languages | |
| COMP SCI 537 | Introduction to Operating Systems | |
| COMP SCI/ E C E 552 | Introduction to Computer Architecture | |

| | |
|---|---|
| COMP SCI 564 | Database Management Systems: Design and Implementation |
| COMP SCI 640 | Introduction to Computer Networks |
| COMP SCI 642 | Introduction to Information Security |

## APPLICATIONS

| Code | Title | Credits |
|---|---|---|
| **Complete one:** | | 3 |
| COMP SCI 412 | Introduction to Numerical Methods [1] | |
| COMP SCI/I SY E/ MATH 425 | Introduction to Combinatorial Optimization | |
| COMP SCI/ MATH 513 | Numerical Linear Algebra | |
| COMP SCI/ MATH 514 | Numerical Analysis | |
| COMP SCI/E C E/ I SY E 524 | Introduction to Optimization | |
| COMP SCI/I SY E/ MATH/STAT 525 | Linear Optimization | |
| COMP SCI 534 | Computational Photography | |
| COMP SCI 540 | Introduction to Artificial Intelligence | |
| COMP SCI 545 | Natural Language and Computing | |
| COMP SCI 547 | Computer Systems Modeling Fundamentals | |
| COMP SCI 559 | Computer Graphics | |
| COMP SCI 570 | Introduction to Human-Computer Interaction | |

[1] In every case, a course used toward one requirement may not be used again toward another requirement. For example, if COMP SCI 412 is applied to the ADDITIONAL MATH (BEYOND CALCULUS) requirement, it cannot also apply to the APPLICATIONS requirement.

## ELECTIVES

| Code | Title | Credits |
|---|---|---|
| **Complete two:** | | 6-8 |
| COMP SCI 407 | Foundations of Mobile Systems and Applications | |
| COMP SCI 412 | Introduction to Numerical Methods | |
| COMP SCI/I SY E/ MATH 425 | Introduction to Combinatorial Optimization | |
| COMP SCI/E C E/ MATH 435 | Introduction to Cryptography | |
| COMP SCI/ STAT 471 | Introduction to Computational Statistics | |
| COMP SCI/MATH/ STAT 475 | Introduction to Combinatorics | |
| COMP SCI/ E C E 506 | Software Engineering | |
| COMP SCI/ MATH 513 | Numerical Linear Algebra | |
| COMP SCI/ MATH 514 | Numerical Analysis | |
| COMP SCI 520 | Introduction to Theory of Computing | |
| COMP SCI/E C E/ I SY E 524 | Introduction to Optimization | |
| COMP SCI/I SY E/ MATH/STAT 525 | Linear Optimization | |
| COMP SCI/ I SY E 526 | Advanced Linear Programming | |
| COMP SCI/E C E/ M E 532 | Matrix Methods in Machine Learning | |
| COMP SCI/ E C E 533 | Image Processing | |
| COMP SCI 534 | Computational Photography | |
| COMP SCI 536 | Introduction to Programming Languages and Compilers | |
| COMP SCI 537 | Introduction to Operating Systems | |
| COMP SCI 538 | Introduction to the Theory and Design of Programming Languages | |
| COMP SCI/E C E/ M E 539 | Introduction to Artificial Neural Network and Fuzzy Systems | |
| COMP SCI 540 | Introduction to Artificial Intelligence | |
| COMP SCI 545 | Natural Language and Computing | |
| COMP SCI 547 | Computer Systems Modeling Fundamentals | |
| COMP SCI/ E C E 552 | Introduction to Computer Architecture | |
| COMP SCI/I SY E/ M E 558 | Introduction to Computational Geometry | |

| COMP SCI/ I SY E 635 | Tools and Environments for Optimization | |
| COMP SCI 640 | Introduction to Computer Networks | |
| COMP SCI 642 | Introduction to Information Security | |
| COMP SCI 679 | Computer Game Technology | |
| COMP SCI 639 | Undergraduate Elective Topics in Computing | |

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all COMP SCI courses and courses counting toward the major
- 2.000 GPA on 15 upper-level credits, taken in residence [2]
- 15 credits in COMP SCI, taken on campus

[2] COMP SCI courses numbered 400 through 699 count as Upper Level.

# HONORS IN THE MAJOR

Students may declare Honors in the Computer Sciences Major in consultation with the Computer Sciences undergraduate coordinator(s). To earn Honors in the Major in Computer Sciences, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a minimum 3.300 University GPA
- Earn a minimum 3.500 GPA for all COMP SCI and major courses
- Complete one COMP SCI course numbered 500 through 699, taken for Honors with a grade of B or higher
- Complete COMP SCI 681 Senior Honors Thesis and COMP SCI 682 Senior Honors Thesis for a total of 6 credits. [3]

[3] Senior Honors Thesis proposal must be approved by both the thesis/project advisor and the department undergraduate coordinator before enrollment in COMP SCI 681. A final thesis or project must be filed with the Department of Computer Sciences before a final grade for COMP SCI 682 can be awarded.

# DISTINCTION IN THE MAJOR

Distinction will be awarded at graduation to majors who are ***not*** declared for Honors in the Major, and who meet this criteria:

- Earn a minimum 3.750 GPA or higher in all COMP SCI and major courses, or
- Earn a minimum 3.500 GPA in all COMP SCI and major courses, plus:
- Complete one COMP SCI courses numbered 500 through 699 for Honors credit and at least a "B" grade
- Complete COMP SCI 691 Senior Thesis - COMP SCI 692 Senior Thesis for at least 6 credits

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Recognize and apply the core principles of Computing (abstractions and algorithms) to solve real-world problems.
2. Describe and apply the theoretical foundations of Computer Science (e.g., complexity analysis) in practical settings.
3. Demonstrate knowledge of key elements of computer systems, e.g., hardware, operating systems, networks.
4. Use fundamental and detailed knowledge, skills, and tools (e.g., specific algorithms, techniques methods, etc.) of computer science and develop the ability to acquire new knowledge, skills, and tools.
5. Design, implement, and evaluate software in multiple programming paradigms and languages.
6. Develop a substantial piece of software, and recognize the challenges of designing and developing software.
7. Exhibit technical (designing, implementing, and testing) and teamwork (communication, collaboration, and professional practice) skills in order to develop solutions as a computer science practitioner.
8. Can solve problems by applying a broad toolbox of knowledge and techniques.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| COMP SCI 200 | 4 | COMP SCI 300 | 3 |
| COMP SCI 304 (optional companion course) | 1 | COMP SCI/E C E 252 | 2 |
| MATH 221 | 5 | MATH 222 | 4 |
| Communications Part A | 3 | Ethnic Studies | 3 |
| Social Science Breadth | 3 | Foreign Language | 4 |
| | 16 | | 16 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| COMP SCI 400 | 3 | COMP SCI/E C E 354 | 3 |
| COMP SCI/MATH 240 | 3 | Additional Math (MATH 340 recommended) | 3 |
| INTER-LS 210 | 1 | Physical Science Breadth | 3 |
| Communications Part B | 3 | Humanities Breadth | 3 |
| Literature Breadth | 3 | Social Science Breadth | 3 |
| Elective | 2 | | |
| | 15 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| COMP SCI Theory (COMP SCI 577 recommended) | 4 | COMP SCI Applications | 3 |
| Additional Math (STAT 324 recommended) | 3 | COMP SCI Electives | 3 |
| Literature Breadth | 3 | Humanities Breadth | 3 |
| Biological Science Breadth | 3 | Social Science Breadth | 3 |
| Social Science Breadth | 3 | Elective | 3 |
| | 16 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| COMP SCI Software/ Hardware | 3 | COMP SCI Software/ Hardware | 3 |

| | | | |
|---|---|---|---|
| COMP SCI Elective | 3 | Biological Science Breadth | 3 |
| Physical Science Breadth | 3 | Elective | 7 |
| Elective | 5 | | |
| | 14 | | 13 |

Total Credits 120

## ADVISING AND CAREERS

# ADVISING

The undergraduate coordinators in the Department of Computer Sciences are ready to help students with questions about the major, L&S degree requirements and policy, and course selection. Information on academic advising for students interested or declared in the computer sciences major is posted to the Computer Sciences advising page (https://www.cs.wisc.edu/undergraduate/undergraduate-advisors).

# CAREERS

Demand for those with a computer sciences education is exceptionally strong. According to figures from the U.S. Bureau of Labor Statistics, the vast majority of growth in STEM (science, technology, engineering, and math) occupations through 2020 will occur within computing fields.

Computer sciences majors are encouraged to begin working on their career exploration and preparation soon after arriving on campus to explore different career paths, participate in co-ops or summer internships, prepare for the job search and/or graduate school applications, and network with professionals in the field.

**Department of Computer Sciences:** the department hosts one major career fair (https://www.cs.wisc.edu/connect/job-fair) per year, in the fall, as well as other opportunities to connect with employers, such as technical talks and information sessions.

**SucessWorks at the College of Letters & Science:** SuccessWorks offers two major career fairs per year, assists with resume writing and interviewing skills, and offers individual career advising appointments for L&S students.

**Engineering Career Services (ECS):** ECS (https://ecs.engr.wisc.edu/public) offers two major career fairs per year, assists with resume writing and interviewing skills, and hosts workshops on the job search.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors A. Arpaci-Dusseau, R. Arpaci-Dusseau, Bach, Barford, Banerjee, Cai, Doan, Dyer, Ferris, Gleicher, Hill, Jha, Livny, Miller, Patel, Reps, Ron, Shavlik, Sohi, van Melkebeek, Wood, Wright, Zhu

Associate Professors Akella, Chawla, Liblit, Mutlu, Sankaralingam, Swift

Assistant Professors Albarghouthi, D'Antoni, Gupta, Koutris, Sifakis

Faculty Associates Dahl, Deppeler, Hasti, Legault, Lewis-Williams, Skrentny, Williams

## RESOURCES AND SCHOLARSHIPS

Visit Scholarships@UW-Madison (https://scholarships.wisc.edu/Scholarships) to find UW–Madison scholarships and apply online.

Visit the scholarships page (https://www.cs.wisc.edu/academics/scholarships) on the Department of Computer Sciences website for a compendium of opportunities available to students studying computer sciences.

# COMPUTER SCIENCES, B.S.

Our graduates discover that **computer science (CS)** opens up a world of possibilities.

Computer scientists enjoy **exceptional career opportunities**, in settings ranging from large, established companies to adventurous new start-ups. They are also well qualified to pursue graduate study in a number of fields.

Our students are **creative, analytical problem-solvers**. This is a rich, collaborative and varied field that you will find challenging, no matter where your individual interests lie.

And there is more to CS than programming. While **software engineering** is an important skill, computer scientists also **work with robots** and other physical devices, **design hardware that runs faster** and more efficiently, and **apply machine learning techniques** to gain insight from large data sets—to name just a few examples.

Because CS has become highly **interconnected with medicine, business and many other fields**, it is a great fit with other interests you may have. You will enjoy a strong career outlook while having an **impact on society**.

## HOW TO GET IN

**DECLARATION REQUIREMENTS**

To declare the computer sciences major, students must meet the following requirements:

- Completion of COMP SCI 300 and either MATH 222 or MATH 276
- Grade of BC or higher in one of these introductory programming courses, taken at UW-Madison: COMP SCI 300, COMP SCI/E C E 354 or COMP SCI 400
- 2.250 GPA or higher among the first completed attempts of these courses: COMP SCI 300 and either MATH 222 or MATH 276

[1] For purposes of computer sciences major declaration requirements, GPA is calculated with UW-Madison courses only, and does not include repeated coursework.

---

If a student needs additional coursework to meet the 2.250 GPA requirement, COMP SCI/MATH 240, COMP SCI/E C E 354, and/or COMP SCI 400 Programming III may also be used.

---

Students having difficulties meeting the above requirements should schedule a meeting with a computer sciences advisor to discuss alternatives.

---

For instructions on declaring the major, see the Department of Computer Sciences website (https://www.cs.wisc.edu/undergraduate/ba-bs-in-compsci).

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and**

**degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## BASIC COMPUTER SCIENCES

| Code | Title | Credits |
|---|---|---|
| COMP SCI/ MATH 240 | Introduction to Discrete Mathematics | 3 |
| COMP SCI/E C E 252 | Introduction to Computer Engineering | 2 |
| COMP SCI 300 | Programming II | 3 |
| COMP SCI/E C E 354 | Machine Organization and Programming | 3 |
| COMP SCI 400 | Programming III | 3 |
| Total Credits | | 14 |

## BASIC CALCULUS

| Code | Title | Credits |
|---|---|---|
| **Complete one of these sequences:** | | 9-14 |
| MATH 221 & MATH 222 | Calculus and Analytic Geometry 1 and Calculus and Analytic Geometry 2 | |
| MATH 171 & MATH 217 & MATH 222 | Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II and Calculus and Analytic Geometry 2 | |
| MATH 275 & MATH 276 | Topics in Calculus I and Topics in Calculus II | |
| Total Credits | | 9-14 |

## ADDITIONAL MATHEMATICS (BEYOND CALCULUS)

| Code | Title | Credits |
|---|---|---|
| **Complete two courses for at least 6 credits:** | | 6-10 |
| COMP SCI 412 | Introduction to Numerical Methods [1] | |
| COMP SCI/E C E/ MATH 435 | Introduction to Cryptography | |
| COMP SCI/ MATH 513 | Numerical Linear Algebra | |
| COMP SCI/ MATH 514 | Numerical Analysis | |
| COMP SCI/I SY E/ MATH/STAT 525 | Linear Optimization | |
| COMP SCI/ I SY E 526 | Advanced Linear Programming | |
| E C E 331 | Introduction to Random Signal Analysis and Statistics | |
| MATH 234 | Calculus--Functions of Several Variables | |
| or MATH 320 | Linear Algebra and Differential Equations | |
| or MATH 340 | Elementary Matrix and Linear Algebra | |
| or MATH 375 | Topics in Multi-Variable Calculus and Linear Algebra | |
| MATH 319 | Techniques in Ordinary Differential Equations | |
| MATH 321 | Applied Mathematical Analysis | |
| MATH 322 | Applied Mathematical Analysis | |
| MATH 331 | An Introduction to Probability and Markov Chain Models | |
| MATH 341 | Linear Algebra | |
| MATH 376 | Topics in Multi-Variable Calculus and Differential Equations | |
| MATH/STAT 431 | Introduction to the Theory of Probability | |
| MATH 443 | Applied Linear Algebra | |
| MATH 461 | College Geometry I | |
| MATH/COMP SCI/ STAT 475 | Introduction to Combinatorics | |
| MATH 521 | Analysis I | |
| MATH 541 | Modern Algebra | |
| MATH 542 | Modern Algebra | |
| MATH 567 | Modern Number Theory | |
| MATH/ PHILOS 571 | Mathematical Logic | |
| STAT/MATH 309 | Introduction to Probability and Mathematical Statistics I | |
| STAT/MATH 310 | Introduction to Probability and Mathematical Statistics II | |
| STAT 311 | Introduction to Theory and Methods of Mathematical Statistics I | |
| STAT 312 | Introduction to Theory and Methods of Mathematical Statistics II | |
| STAT 324 | Introductory Applied Statistics for Engineers (recommended) | |

## THEORY OF COMPUTER SCIENCE

| Code | Title | Credits |
|---|---|---|
| **Complete one:** | | 3 |
| COMP SCI 577 | Introduction to Algorithms (recommended) | |
| COMP SCI 520 | Introduction to Theory of Computing | |

## SOFTWARE & HARDWARE

| Code | Title | Credits |
|---|---|---|
| **Complete two:** | | 6-8 |
| COMP SCI 407 | Foundations of Mobile Systems and Applications | |
| COMP SCI/ E C E 506 | Software Engineering | |

| | |
|---|---|
| COMP SCI 536 | Introduction to Programming Languages and Compilers |
| or COMP SCI 538 | Introduction to the Theory and Design of Programming Languages |
| COMP SCI 537 | Introduction to Operating Systems |
| COMP SCI/ E C E 552 | Introduction to Computer Architecture |
| COMP SCI 564 | Database Management Systems: Design and Implementation |
| COMP SCI 640 | Introduction to Computer Networks |
| COMP SCI 642 | Introduction to Information Security |

## APPLICATIONS

| Code | Title | Credits |
|---|---|---|
| **Complete one:** | | 3 |
| COMP SCI 412 | Introduction to Numerical Methods [1] | |
| COMP SCI/I SY E/ MATH 425 | Introduction to Combinatorial Optimization | |
| COMP SCI/ MATH 513 | Numerical Linear Algebra | |
| COMP SCI/ MATH 514 | Numerical Analysis | |
| COMP SCI/E C E/ I SY E 524 | Introduction to Optimization | |
| COMP SCI/I SY E/ MATH/STAT 525 | Linear Optimization | |
| COMP SCI 534 | Computational Photography | |
| COMP SCI 540 | Introduction to Artificial Intelligence | |
| COMP SCI 545 | Natural Language and Computing | |
| COMP SCI 547 | Computer Systems Modeling Fundamentals | |
| COMP SCI 559 | Computer Graphics | |
| COMP SCI 570 | Introduction to Human-Computer Interaction | |

[1] In every case, a course used toward one requirement may not be used again toward another requirement. For example, if COMP SCI 412 is applied to the ADDITIONAL MATH (BEYOND CALCULUS) requirement, it cannot also apply to the APPLICATIONS requirement.

## ELECTIVES

| Code | Title | Credits |
|---|---|---|
| **Complete two:** | | 6-8 |
| COMP SCI 407 | Foundations of Mobile Systems and Applications | |
| COMP SCI 412 | Introduction to Numerical Methods | |
| COMP SCI/I SY E/ MATH 425 | Introduction to Combinatorial Optimization | |
| COMP SCI/E C E/ MATH 435 | Introduction to Cryptography | |
| COMP SCI/ STAT 471 | Introduction to Computational Statistics | |
| COMP SCI/MATH/ STAT 475 | Introduction to Combinatorics | |
| COMP SCI/ E C E 506 | Software Engineering | |
| COMP SCI/ MATH 513 | Numerical Linear Algebra | |
| COMP SCI/ MATH 514 | Numerical Analysis | |
| COMP SCI 520 | Introduction to Theory of Computing | |
| COMP SCI/E C E/ I SY E 524 | Introduction to Optimization | |
| COMP SCI/I SY E/ MATH/STAT 525 | Linear Optimization | |
| COMP SCI/ I SY E 526 | Advanced Linear Programming | |
| COMP SCI/E C E/ M E 532 | Matrix Methods in Machine Learning | |
| COMP SCI/ E C E 533 | Image Processing | |
| COMP SCI 534 | Computational Photography | |
| COMP SCI 536 | Introduction to Programming Languages and Compilers | |
| COMP SCI 537 | Introduction to Operating Systems | |
| COMP SCI 538 | Introduction to the Theory and Design of Programming Languages | |
| COMP SCI/E C E/ M E 539 | Introduction to Artificial Neural Network and Fuzzy Systems | |
| COMP SCI 540 | Introduction to Artificial Intelligence | |
| COMP SCI 545 | Natural Language and Computing | |
| COMP SCI 547 | Computer Systems Modeling Fundamentals | |
| COMP SCI/ E C E 552 | Introduction to Computer Architecture | |
| COMP SCI/I SY E/ M E 558 | Introduction to Computational Geometry | |
| COMP SCI 559 | Computer Graphics | |
| COMP SCI 564 | Database Management Systems: Design and Implementation | |
| COMP SCI/ B M I 567 | Medical Image Analysis | |
| COMP SCI 570 | Introduction to Human-Computer Interaction | |
| COMP SCI/ B M I 576 | Introduction to Bioinformatics | |
| COMP SCI 577 | Introduction to Algorithms | |
| COMP SCI/ DS 579 | Virtual Reality | |
| COMP SCI/ I SY E 635 | Tools and Environments for Optimization | |
| COMP SCI 640 | Introduction to Computer Networks | |
| COMP SCI 642 | Introduction to Information Security | |
| COMP SCI 679 | Computer Game Technology | |
| COMP SCI 639 | Undergraduate Elective Topics in Computing | |

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all COMP SCI courses and courses counting toward the major
- 2.000 GPA on 15 upper-level credits, taken in residence [2]
- 15 credits in COMP SCI, taken on campus

[2] COMP SCI courses numbered 400 through 699 count as Upper Level.

## HONORS IN THE MAJOR

Students may declare Honors in the Computer Sciences Major in consultation with the Computer Sciences undergraduate coordinator(s). To earn Honors in the Major in Computer Sciences, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a minimum 3.300 University GPA
- Earn a minimum 3.500 GPA for all COMP SCI and major courses
- Complete one COMP SCI course numbered 500 through 699, taken for Honors with a grade of B or higher
- Complete COMP SCI 681 Senior Honors Thesis and COMP SCI 682 Senior Honors Thesis for a total of 6 credits. [3]

[3] Senior Honors Thesis proposal must be approved by both the thesis/project advisor and the department undergraduate coordinator before enrollment in COMP SCI 681. A final thesis or project must be filed with the Department of Computer Sciences before a final grade for COMP SCI 682 can be awarded.

## DISTINCTION IN THE MAJOR

Distinction will be awarded at graduation to majors who are ***not*** declared for Honors in the Major, and who meet this criteria:

- Earn a minimum 3.750 GPA or higher in all COMP SCI and major courses, or
- Earn a minimum 3.500 GPA in all COMP SCI and major courses, plus:
- Complete one COMP SCI courses numbered 500 through 699 for Honors credit and at least a "B" grade
- Complete COMP SCI 691 Senior Thesis - COMP SCI 692 Senior Thesis for at least 6 credits

## LEARNING OUTCOMES

1. Recognize and apply the core principles of Computing (abstractions and algorithms) to solve real-world problems.
2. Describe and apply the theoretical foundations of Computer Science (e.g., complexity analysis) in practical settings.
3. Demonstrate knowledge of key elements of computer systems, e.g., hardware, operating systems, networks.
4. Use fundamental and detailed knowledge, skills, and tools (e.g., specific algorithms, techniques methods, etc.) of computer science and develop the ability to acquire new knowledge, skills, and tools.
5. Design, implement, and evaluate software in multiple programming paradigms and languages.
6. Develop a substantial piece of software, and recognize the challenges of designing and developing software.
7. Exhibit technical (designing, implementing, and testing) and teamwork (communication, collaboration, and professional practice) skills in order to develop solutions as a computer science practitioner.
8. Can solve problems by applying a broad toolbox of knowledge and techniques.

## ADVISING AND CAREERS

# ADVISING

The undergraduate coordinators in the Department of Computer Sciences are ready to help students with questions about the major, L&S degree requirements and policy, and course selection. Information on academic advising for students interested or declared in the computer sciences major is posted to the Computer Sciences advising page (https://www.cs.wisc.edu/undergraduate/undergraduate-advisors).

# CAREERS

Demand for those with a computer sciences education is exceptionally strong. According to figures from the U.S. Bureau of Labor Statistics, the vast majority of growth in STEM (science, technology, engineering, and math) occupations through 2020 will occur within computing fields.

Computer sciences majors are encouraged to begin working on their career exploration and preparation soon after arriving on campus to explore different career paths, participate in co-ops or summer internships, prepare for the job search and/or graduate school applications, and network with professionals in the field.

**Department of Computer Sciences:** the department hosts one major career fair (https://www.cs.wisc.edu/connect/job-fair) per year, in the fall, as well as other opportunities to connect with employers, such as technical talks and information sessions.

**SucessWorks at the College of Letters & Science:** SuccessWorks offers two major career fairs per year, assists with resume writing and interviewing skills, and offers individual career advising appointments for L&S students.

**Engineering Career Services (ECS):** ECS (https://ecs.engr.wisc.edu/public) offers two major career fairs per year, assists with resume writing and interviewing skills, and hosts workshops on the job search.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors A. Arpaci-Dusseau, R. Arpaci-Dusseau, Bach, Barford, Banerjee, Cai, Doan, Dyer, Ferris, Gleicher, Hill, Jha, Livny, Miller, Patel, Reps, Ron, Shavlik, Sohi, van Melkebeek, Wood, Wright, Zhu

Associate Professors Akella, Chawla, Liblit, Mutlu, Sankaralingam, Swift

Assistant Professors Albarghouthi, D'Antoni, Gupta, Koutris, Sifakis

Faculty Associates Dahl, Deppeler, Hasti, Legault, Lewis-Williams, Skrentny, Williams

## RESOURCES AND SCHOLARSHIPS

Visit Scholarships@UW-Madison (https://scholarships.wisc.edu/Scholarships) to find UW–Madison scholarships and apply online.

Visit the scholarships page (https://www.cs.wisc.edu/academics/scholarships) on the Department of Computer Sciences website for a compendium of opportunities available to students studying computer sciences.

# COMPUTER SCIENCES, CERTIFICATE

Regardless of your major, you can **enhance your career** with a background in computer sciences. The computer sciences certificate is designed to **deepen and validate your computing savvy** for your future career prospects and/or graduate school. Compared to a major in computer sciences, the certificate requires fewer courses and offers more **flexibility in course selection**.

## HOW TO GET IN

All undergraduate, degree-seeking students are eligible to declare the computer sciences certificate, except for students majoring in Computer Sciences, Electrical Engineering and/or Computer Engineering.

**DECLARATION REQUIREMENTS**

To declare the computer sciences certificate, students must meet the following requirements:

- Completion of COMP SCI 300
- Grade of BC or higher in one of these introductory programming course, taken at UW-Madison: COMP SCI 300, COMP SCI/E C E 354 orCOMP SCI 400

Students having difficulties meeting the above requirements should schedule a meeting with a computer sciences advisor to discuss alternatives.

For instructions on declaring the certificate, see the Department of Computer Sciences website (https://www.cs.wisc.edu/undergraduate/certificate-in-computer-sciences).

## REQUIREMENTS

# REQUIREMENTS FOR THE CERTIFICATE

Five courses and at least 12 credits from: [1]

| Code | Title | Credits |
|---|---|---|
| COMP SCI 300 | Programming II | 3 |
| **Two courses numbered 400-679:** | | 6-8 |
| COMP SCI 400 | Programming III | |
| COMP SCI 407 | Foundations of Mobile Systems and Applications | |
| COMP SCI 412 | Introduction to Numerical Methods | |
| COMP SCI/I SY E/ MATH 425 | Introduction to Combinatorial Optimization | |
| COMP SCI/E C E/ MATH 435 | Introduction to Cryptography | |
| COMP SCI/ STAT 471 | Introduction to Computational Statistics | |
| COMP SCI/MATH/ STAT 475 | Introduction to Combinatorics | |
| COMP SCI/ E C E 506 | Software Engineering | |
| COMP SCI/ MATH 513 | Numerical Linear Algebra | |
| COMP SCI/ MATH 514 | Numerical Analysis | |
| COMP SCI 520 | Introduction to Theory of Computing | |
| COMP SCI/E C E/ I SY E 524 | Introduction to Optimization | |
| COMP SCI/I SY E/ MATH/STAT 525 | Linear Optimization | |
| COMP SCI/ I SY E 526 | Advanced Linear Programming | |
| COMP SCI/E C E/ M E 532 | Matrix Methods in Machine Learning | |
| COMP SCI/ E C E 533 | Image Processing | |
| COMP SCI 534 | Computational Photography | |
| COMP SCI 536 | Introduction to Programming Languages and Compilers | |
| COMP SCI 537 | Introduction to Operating Systems | |
| COMP SCI 538 | Introduction to the Theory and Design of Programming Languages | |
| COMP SCI/E C E/ M E 539 | Introduction to Artificial Neural Network and Fuzzy Systems | |
| COMP SCI 540 | Introduction to Artificial Intelligence | |
| COMP SCI 545 | Natural Language and Computing | |
| COMP SCI 547 | Computer Systems Modeling Fundamentals | |
| COMP SCI/ E C E 552 | Introduction to Computer Architecture | |
| COMP SCI/I SY E/ M E 558 | Introduction to Computational Geometry | |
| COMP SCI 559 | Computer Graphics | |
| COMP SCI 564 | Database Management Systems: Design and Implementation | |
| COMP SCI/ B M I 567 | Medical Image Analysis | |
| COMP SCI 570 | Introduction to Human-Computer Interaction | |
| COMP SCI/ B M I 576 | Introduction to Bioinformatics | |
| COMP SCI 577 | Introduction to Algorithms | |
| COMP SCI/ DS 579 | Virtual Reality | |
| COMP SCI/ I SY E 635 | Tools and Environments for Optimization | |
| COMP SCI 640 | Introduction to Computer Networks | |
| COMP SCI 642 | Introduction to Information Security | |
| COMP SCI 639 | Undergraduate Elective Topics in Computing | |
| COMP SCI 679 | Computer Game Technology | |
| **Electives from courses numbered 400-679 (above), or these:** | | 3 |
| COMP SCI/ MATH 240 | Introduction to Discrete Mathematics | |
| COMP SCI/ E C E 252 | Introduction to Computer Engineering | |
| COMP SCI 270 | Fundamentals of Human-Computer Interaction | |
| COMP SCI/ E C E 352 | Digital System Fundamentals | |
| COMP SCI 310 | Problem Solving Using Computers | |
| COMP SCI/ E C E 354 | Machine Organization and Programming | |
| COMP SCI 369 | Web Programming | |
| Total Credits | | 12-14 |

[1] Courses taken Pass/Fail do not meet requirements of the Certificate.

# RESIDENCE AND QUALITY OF WORK

- At least 7 Certificate credits must be completed in Residence
- Minimum 2.000 GPA on all COMP SCI and Certificate courses

# UNDERGRADUATE/SPECIAL STUDENT CERTIFICATE

This certificate is intended to be completed in the context of an undergraduate degree and for those seeking this certificate that is preferred. For students who have substantially completed this certificate at UW–Madison (at least 12 credits) and may need one or two courses to complete the certificate, they may do so immediately after completion of the bachelor's degree by enrolling in the course as a University Special (nondegree) student. The certificate must be completed within

a year of completion of the bachelor's degree. Students should keep in mind that University Special students have the last registration priority and that may limit availability of desired courses. Financial aid is not available when enrolled as a University Special student to complete an undergraduate certificate.

## LEARNING OUTCOMES

1. Recognize and apply the core principles of Computing (abstractions and algorithms) to solve real-world problems.
2. Use fundamental and detailed knowledge, skills, and tools (e.g., specific algorithms, techniques methods, etc.) of computer science and develop the ability to acquire new knowledge, skills, and tools.
3. Design, implement, and evaluate software in multiple programming paradigms and languages.
4. Can solve problems by applying a broad toolbox of knowledge and techniques.

## ADVISING AND CAREERS

### ADVISING

The undergraduate coordinators in the Department of Computer Sciences are ready to help students with questions about the major, L&S degree requirements and policy, and course selection. Information on academic advising for students interested or declared in the computer sciences major is posted to the Computer Sciences advising page (https://www.cs.wisc.edu/undergraduate/undergraduate-advisors).

## PEOPLE

Professors A. Arpaci-Dusseau, R. Arpaci-Dusseau, Bach, Barford, Banerjee, Cai, Doan, Dyer, Ferris, Gleicher, Hill, Jha, Livny, Miller, Patel, Reps, Ron, Shavlik, Sohi, van Melkebeek, Wood, Wright, Zhu

Associate Professors Akella, Chawla, Liblit, Mutlu, Sankaralingam, Swift

Assistant Professors Albarghouthi, D'Antoni, Gupta, Koutris, Sifakis

Faculty Associates Dahl, Deppeler, Hasti, Legault, Lewis-Williams, Skrentny, Williams

# ECONOMICS

A major in economics gives students a greater understanding of how people, businesses, and governments respond to their economic environments. Many of the issues that fill the newspapers—jobs, wages, taxes, the cost of living, inequality, pollution, poverty, and economic growth—are, in fundamental ways, economic issues. The daily decisions of businesses and consumers are largely economic. Economists seek to understand the decisions of businesses, consumers, and current economic issues by developing a systematic and thorough understanding of precisely how the economic system operates, including the mechanisms by which resources are allocated, prices determined, income redistributed, and economic growth promoted.

The analytical method of economics recognizes that various choices are open to a society in solving its economic problems. Students are often attracted to economics as a discipline precisely because they want to understand the decisions of people and businesses and to better understand and evaluate economic policy. To begin to approach these issues as an economist requires an understanding of economic theory, empirical methodology, and an understanding of the institutional details and advanced practice gained from intensive study of specific subfields of economics. Consequently, the undergraduate economics major is organized around a progression of courses that first provides a broad introduction to economics, then develops the theoretical tools that provide the foundation of modern economic thought, and finishes with advanced courses designed to provide greater in-depth knowledge of specific fields (such as labor markets, industrial organization, international economics, public finance, banking and finance, macroeconomics, microeconomics, and econometrics).

An economics major is valuable in the job market because the major is designed to train people to think analytically and clearly about a wide variety of issues. This skill is valued by many employers. An economics major is also good preparation for graduate work in a number of areas: business, law, public policy, economics, public administration, industrial relations, international relations, urban and regional planning, and environmental studies.

# ECONOMICS, B.A.

A major in economics gives students a greater understanding of how people, businesses, and governments respond to their economic environments. Many of the issues that fill the newspapers—jobs, wages, taxes, the cost of living, inequality, pollution, poverty, and economic growth—are, in fundamental ways, economic issues. The daily decisions of businesses and consumers are largely economic. Economists seek to understand the decisions of businesses, consumers, and current economic issues by developing a systematic and thorough understanding of precisely how the economic system operates, including the mechanisms by which resources are allocated, prices determined, income redistributed, and economic growth promoted.

The analytical method of economics recognizes that various choices are open to a society in solving its economic problems. Students are often attracted to economics as a discipline precisely because they want to understand the decisions of people and businesses and to better understand and evaluate economic policy. To begin to approach these issues as an economist requires an understanding of economic theory, empirical methodology, and an understanding of the institutional details and advanced practice gained from intensive study of specific subfields of economics. Consequently, the undergraduate economics major is organized around a progression of courses that first provides a broad introduction to economics, then develops the theoretical tools that provide the foundation of modern economic thought, and finishes with advanced courses designed to provide greater in-depth knowledge of specific fields (such as labor markets, industrial organization, international economics, public finance, banking and finance, macroeconomics, microeconomics, and econometrics).

An economics major is valuable in the job market because the major is designed to train people to think analytically and clearly about a wide variety of issues. This skill is valued by many employers. An economics major is also good preparation for graduate work in a number of areas: business, law, public policy, economics, public administration, industrial relations, international relations, urban and regional planning, and environmental studies.

## HOW TO GET IN

### DECLARING THE MAJOR

- Complete one (1) calculus course. (For the Mathematical Emphasis option, MATH 221 or higher is required), and
- Complete two (2) ECON courses on the University of Wisconsin–Madison campus, and
- Achieve a 2.000 GPA in all ECON courses and major courses (i.e., calculus) at the time of declaration.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# OPTIONS IN THE MAJOR

The department offers two major options. Students may declare only one option and must complete all requirements including Residence and Quality of Work standards. Options are:

**Option A: Economics** provides a well-rounded major in economics that is valuable for employment following graduation, or subsequent graduate work in business, law, public policy, and related disciplines.

**Option B: Economics—Mathematical Emphasis** provides students with the mathematical and statistical background needed for in-depth study of the analytical aspects of economics. Its requirements are designed to prepare students for graduate study in economics and related fields, or for careers as professional economists in business or government. For specific Mathematical Emphasis requirements, see the section below (p. 666).

# REQUIREMENTS FOR THE ECONOMICS MAJOR

## MATH AND STATISTICS

| Code | Title | Credits |
|---|---|---|
| **Mathematics (complete one):** | | 5-10 |
| MATH 221 | Calculus and Analytic Geometry 1 | |
| or MATH 211 | Calculus | |
| or MATH 275 | Topics in Calculus I | |
| MATH 171 & MATH 217 | Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II | |
| **Statistics (complete one):** | | 3-4 |
| ECON 310 | Statistics: Measurement in Economics (Recommended) | |
| STAT 302 | Accelerated Introduction to Statistical Methods | |
| ECON 400 | Introduction to Applied Econometrics | |
| ECON 410 | Introductory Econometrics | |
| MATH/STAT 309 | Introduction to Probability and Mathematical Statistics I | |
| STAT 311 | Introduction to Theory and Methods of Mathematical Statistics I | |
| STAT 324 | Introductory Applied Statistics for Engineers | |
| Total Credits | | 8-14 |

## ECONOMICS

30 credits to include:

| Code | Title | Credits |
|---|---|---|
| **Microeconomics & Macroeconomics (Select one):** | | 4-8 |
| ECON 101 & ECON 102 | Principles of Microeconomics and Principles of Macroeconomics | |

| | | |
|---|---|---|
| ECON 111 | Principles of Economics-Accelerated Treatment | |
| **Intermediate Theory (Select one):** | | 6-8 |
| ECON 301 & ECON 302 | Intermediate Microeconomic Theory and Intermediate Macroeconomic Theory | |
| ECON 311 & ECON 312 | Intermediate Microeconomic Theory - Advanced Treatment and Intermediate Macroeconomic Theory - Advanced Treatment (Honors Econ ) | |
| **Two Advanced ECON courses:** [1] | | 6-8 |
| ECON 390 | Contemporary Economic Issues (Lecture 014 or 015) | |
| ECON 400 | Introduction to Applied Econometrics | |
| ECON 410 | Introductory Econometrics | |
| ECON 435 | The Financial System | |
| ECON 441 | Analytical Public Finance | |
| ECON 442 | Macroeconomic Policy | |
| ECON 448 | Human Resources and Economic Growth | |
| ECON 450 | Wages and the Labor Market | |
| ECON 451 | The Economic Approach to Human Behavior | |
| ECON 455 | Behavioral Economics | |
| ECON 458 | Industrial Structure and Competitive Strategy | |
| ECON 460 | Economic Forecasting | |
| ECON 461 | International Macroeconomics | |
| ECON 464 | International Trade | |
| ECON 467 | International Industrial Organizations | |
| ECON 468 | Industrial Organization and Imperfect Competition | |
| ECON 475 | Economics of Growth | |
| ECON 503 | Markets with Frictions | |
| ECON 508 | Wealth and Income | |
| ECON 521 | Game Theory and Economic Analysis | |
| ECON 522 | Law and Economics | |
| ECON 525 | Economics of Education: Theory and Measurement | |
| ECON/POP HLTH/ PUB AFFR 548 | The Economics of Health Care | |
| ECON 580 | Honors Tutorial in Research Project Design | |
| ECON 623 | Population Economics | |
| ECON 666 | Issues in International Finance | |
| ECON 690 | Topics in Economics | |
| **Electives** | | 6-14 |
| *Select any Advanced level course not used above or one of these applied economics courses:* | | |
| ECON/ FINANCE 300 | Introduction to Finance | |
| ECON/ HIST SCI 305 | Development of Economic Thought | |
| ECON/A A E/ REAL EST/ URB R PL 306 | The Real Estate Process | |
| ECON/ FINANCE 320 | Investment Theory | |
| ECON 321 | Sports Economics | |
| ECON 330 | Money and Banking | |
| ECON/A A E/ ENVIR ST 343 | Environmental Economics | |
| ECON 355 | The Economics of Growing-up and Getting Old | |
| ECON 364 | Survey of International Economics | |
| ECON 370 | Economics of Poverty and Inequality | |
| ECON/REAL EST/ URB R PL 420 | Urban and Regional Economics | |
| ECON/A A E 421 | Economic Decision Analysis | |
| ECON/ENVIR ST/ POLI SCI/ URB R PL 449 | Government and Natural Resources | |
| ECON/A A E/ INTL BUS 462 | Latin American Economic Development | |
| ECON 465 | The American Economy to 1865 | |
| ECON/ HISTORY 466 | The American Economy Since 1865 | |
| ECON/A A E 473 | Economic Growth and Development in Southeast Asia | |
| ECON/A A E 474 | Economic Problems of Developing Areas | |
| ECON/A A E 477 | Agricultural and Economic Development in Africa | |
| ECON 502 | Economics of Transportation | |
| ECON/ PHILOS 524 | Philosophy and Economics | |
| ECON/A A E/ F&W ECOL 531 | Natural Resource Economics | |
| ECON/A A E 567 | Public Finance in Less Developed Countries | |
| ECON/REAL EST/ URB R PL 641 | Housing Economics and Policy | |
| ECON/SOC 663 | Population and Society | |
| ECON/A A E/ ENVIR ST/ URB R PL 671 | Energy Economics | |
| **Total Credits** | | 30 |

[1] At least two advanced ECON courses must be taken in residence at UW–Madison, and not via transfer or a UW–Madison Study Abroad program.

## REQUIREMENTS FOR THE MATHEMATICAL EMPHASIS:

View as listView as grid

- **ECONOMICS: MATHEMATICAL EMPHASIS** (P. 669)

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all ECON and major courses
- 2.000 GPA on 15 upper-level major courses taken in residence[2]
- 15 credits in ECON, taken on the UW–Madison campus

[2] Intermediate and Advanced level ECON courses are Upper Level in the major.

## HONORS IN THE ECONOMICS MAJOR

To participate in Honors in the Economics Major, students must be declared in the Mathematical Emphasis option. For further information, see the Mathematical Emphasis requirements (p. 666) and consult your Economics undergraduate advisor.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Understand the fundamental concepts of economics and how those concepts apply to real world issues.
2. Construct and evaluate economic models, their assumptions, and conclusions.
3. Acquire a diverse set of skills and strategies in mathematical reasoning/statistical and computational techniques/deductive logic/problem solving.
4. Use mathematics/computational/statistical techniques to analyze real world situations and policies.
5. Use economic analysis to critically evaluate public policy proposals.

## FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Quantitative Reasoning A | 4 | ECON 101 | 4 |
| Communication A | 3 | Ethnic Studies | 3 |
| Foreign Language | 4 | MATH 221 | 5 |
| Physical Science Breadth | 3 | Foreign Language | 4 |
| | 14 | | 16 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ECON 102 | 4 | ECON 301 | 4 |
| Biological Science Breadth | 3 | ECON 310 | 4 |
| Foreign Language | 4 | Humanities Breadth | 4 |
| Literature Breadth | 3 | Foreign Language | 4 |
| INTER-LS 210 | 1 | | |
| | 15 | | 16 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ECON 302 | 4 | Econometrics (Econ 400 or 410) | 4 |
| Economics major elective (Int/Adv) | 4 | Humanities Breadth | 3 |
| Literature Breadth | 3 | Communication B | 4 |
| Science Breadth | 4 | Elective | 3 |
| | 15 | | 14 |

**Senior**

| Fall | Credits | Spring | Credits |

| Economics major Advanced Elective | 4 | Elective | 4 |
| Science Breadth | 3 | Elective | 4 |
| Elective | 4 | Elective | 4 |
| Elective | 4 | Elective | 3 |
| | 15 | | 15 |

Total Credits 120

## ADVISING AND CAREERS

## ACADEMIC ADVISING

Academic advising (https://econ.wisc.edu/undergraduate/academic-advising), along with general information about the undergraduate major and coursework, is available in Room 7238 of the Social Science Building. Find us on the campus map (http://www.map.wisc.edu/?initObj=bdg_SocSc&z=41.33&x=-0.158401&y=-0.09157).
Email: econadvise@ssc.wisc.edu
Phone: 608-262-6925

## ECONOMICS CAREER DEVELOPMENT OFFICE

The Economics Career Development Office (https://econ.wisc.edu/careers) (ECDO) provides career development services and resources to undergraduate students who are either declared economics majors or are considering majoring in economics and would like career information. To set up an appointment or to ask a career/internship question please email econcareers@ssc.wisc.edu

# PREPARATION FOR PH.D. PROGRAMS IN ECONOMICS

Students interested in pursuing graduate study should pursue Option B (mathematical emphasis) and augment the standard curriculum with higher-level mathematics and statistics courses. These may include:

| Code | Title | Credits |
|---|---|---|
| MATH/STAT 309 | Introduction to Probability and Mathematical Statistics I | |
| MATH/STAT 310 | Introduction to Probability and Mathematical Statistics II | |
| MATH 421 | The Theory of Single Variable Calculus | |
| MATH/STAT 431 | Introduction to the Theory of Probability | |
| MATH 521 | Analysis I | |
| MATH 522 | Analysis II | |
| MATH/I SY E/ OTM/STAT 632 | Introduction to Stochastic Processes | |

It is important to consult early in the second year with the undergraduate advisor and/or the faculty member that directs the undergraduate program to design a plan of coursework.

# DIRECTED STUDY

Directed Study (ECON 698, ECON 699) enables advanced students to pursue economic topics not covered in the regular course offerings. A student interested in Directed Study should prepare a research proposal and/or reading list; specific course requirements are arranged with an instructor who agrees to supervise the directed study project. Enrollment requires the consent of the instructor; a GPA of 3.00 or above in ECON; completion of the Intermediate economic theory courses (ECON 301 & ECON 302); at least one Advanced ECON course; and completion of the department's Directed Study form, available in 7238 Social Science.

# INTERNSHIPS

Students can earn 1 credit for approved internships appropriate to the study of economics under course ECON 228. Students must enroll for ECON 228 in the same semester/session in which the internship is granted. Students should work a minimum of 100 hours per term. Prerequisites are declaration in the major economics major; a major GPA of 2.200 or higher; completion of at least four ECON courses at UW–Madison; completion of at least one Intermediate Theory course (ECON 301 & ECON 302); a completed application; and departmental approval.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)

# ECONOMICS: MATHEMATICAL EMPHASIS

## REQUIREMENTS

### MATHEMATICS & STATISTICS

| Code | Title | Credits |
|---|---|---|
| **Mathematics** | | 15-16 |
| *Option 1—four courses:* | | |
| MATH 221 | Calculus and Analytic Geometry 1 | |
| MATH 222 | Calculus and Analytic Geometry 2 | |
| MATH 234 | Calculus--Functions of Several Variables | |
| MATH 320 | Linear Algebra and Differential Equations | |
| or MATH 340 | Elementary Matrix and Linear Algebra | |
| *Option 2—Honors sequence (3 courses):* | | |
| MATH 275 | Topics in Calculus I | |
| MATH 276 | Topics in Calculus II | |
| MATH 375 | Topics in Multi-Variable Calculus and Linear Algebra | |
| **Statistics (1 course)** | | 3 |
| ECON 310 | Statistics: Measurement in Economics (Recommended) | |
| STAT 302 | Accelerated Introduction to Statistical Methods | |
| ECON 410 | Introductory Econometrics | |
| STAT/MATH 309 | Introduction to Probability and Mathematical Statistics I | |
| STAT 311 | Introduction to Theory and Methods of Mathematical Statistics I | |
| STAT 324 | Introductory Applied Statistics for Engineers | |
| Total Credits | | 18-19 |

### ECONOMICS

30 credits to include:

| Code | Title | Credits |
|---|---|---|
| **Microeconomics & Macroeconomics (Select one):** | | 4-8 |
| ECON 101 & ECON 102 | Principles of Microeconomics and Principles of Macroeconomics | |
| ECON 111 | Principles of Economics-Accelerated Treatment | |
| **Intermediate Theory (Select one):** | | 6-8 |
| ECON 301 & ECON 302 | Intermediate Microeconomic Theory and Intermediate Macroeconomic Theory | |
| ECON 311 & ECON 312 | Intermediate Microeconomic Theory - Advanced Treatment and Intermediate Macroeconomic Theory - Advanced Treatment (Honors Econ ) | |
| **Introductory Econometrics** | | |
| ECON 410 | Introductory Econometrics | 4 |
| **Three Advanced ECON courses:** [1] | | 6-12 |
| ECON 390 | Contemporary Economic Issues (Lecture 014 or 015) | |
| ECON 435 | The Financial System | |
| ECON 441 | Analytical Public Finance | |
| ECON 442 | Macroeconomic Policy | |
| ECON 448 | Human Resources and Economic Growth | |
| ECON 450 | Wages and the Labor Market | |
| ECON 451 | The Economic Approach to Human Behavior | |
| ECON 455 | Behavioral Economics | |
| ECON 458 | Industrial Structure and Competitive Strategy | |
| ECON 460 | Economic Forecasting | |
| ECON 464 | International Trade | |
| ECON 467 | International Industrial Organizations | |
| ECON 468 | Industrial Organization and Imperfect Competition | |
| ECON 475 | Economics of Growth | |
| ECON 503 | Markets with Frictions | |
| ECON 508 | Wealth and Income | |
| ECON 521 | Game Theory and Economic Analysis | |
| ECON 522 | Law and Economics | |

| | | |
|---|---|---|
| ECON 525 | Economics of Education: Theory and Measurement | |
| ECON/POP HLTH/ PUB AFFR 548 | The Economics of Health Care | |
| ECON 580 | Honors Tutorial in Research Project Design | |
| ECON 623 | Population Economics | |
| ECON 666 | Issues in International Finance | |
| ECON 690 | Topics in Economics | |
| **Electives** | | 0-10 |
| *Select any Advanced course (above) or one of these Applied Economics courses:* | | |
| ECON/ FINANCE 300 | Introduction to Finance | |
| ECON/ HIST SCI 305 | Development of Economic Thought | |
| ECON/A A E/ REAL EST/ URB R PL 306 | The Real Estate Process | |
| ECON/ FINANCE 320 | Investment Theory | |
| ECON 321 | Sports Economics | |
| ECON 330 | Money and Banking | |
| ECON/A A E/ ENVIR ST 343 | Environmental Economics | |
| ECON 364 | Survey of International Economics | |
| ECON 370 | Economics of Poverty and Inequality | |
| ECON 390 | Contemporary Economic Issues | |
| ECON/REAL EST/ URB R PL 420 | Urban and Regional Economics | |
| ECON/A A E 421 | Economic Decision Analysis | |
| ECON/ENVIR ST/ POLI SCI/ URB R PL 449 | Government and Natural Resources | |
| ECON/A A E/ INTL BUS 462 | Latin American Economic Development | |
| ECON 465 | The American Economy to 1865 | |
| ECON/ HISTORY 466 | The American Economy Since 1865 | |
| ECON/A A E 473 | Economic Growth and Development in Southeast Asia | |
| ECON/A A E 474 | Economic Problems of Developing Areas | |
| ECON/A A E 477 | Agricultural and Economic Development in Africa | |
| ECON/ PHILOS 524 | Philosophy and Economics | |
| ECON/A A E/ F&W ECOL 531 | Natural Resource Economics | |
| ECON/A A E 567 | Public Finance in Less Developed Countries | |
| ECON/REAL EST/ URB R PL 641 | Housing Economics and Policy | |
| ECON/SOC 663 | Population and Society | |
| ECON/A A E/ ENVIR ST/ URB R PL 671 | Energy Economics | |
| Total Credits | | 30 |

[1] Two Advanced ECON courses must be taken at UW-Madison (in residence and not via study abroad)

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all major and ECON courses
- 2.000 GPA on 15 upper-level major courses taken in residence[2]
- 15 credits in ECON, taken on the UW–Madison campus

[2] Intermediate- and advanced-level ECON courses are upper level in the major.

## REQUIREMENTS TO EARN HONORS IN THE ECONOMICS MAJOR

To earn Honors in the Major in Economics, students must be declared in and satisfy the requirements for the Economics–Mathematical Emphasis Option (above), **and** satisfy the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA for all ECON and major courses
- Complete the following courses, taken for Honors, with grades of B or better in each:

| Code | Title | Credits |
|---|---|---|
| ECON 311 & ECON 312 | Intermediate Microeconomic Theory - Advanced Treatment and Intermediate Macroeconomic Theory - Advanced Treatment | |
| ECON 580 | Honors Tutorial in Research Project Design | |
| **Select one of the following capstone experiences:** | | |
| ECON 581 | Honors Thesis | |
| ECON 681 & ECON 682 | Senior Honors Thesis and Senior Honors Thesis (Take for a total of 6 credits) | |

# ECONOMICS, B.S.

A major in economics gives students a greater understanding of how people, businesses, and governments respond to their economic environments. Many of the issues that fill the newspapers—jobs, wages, taxes, the cost of living, inequality, pollution, poverty, and economic growth—are, in fundamental ways, economic issues. The daily decisions of businesses and consumers are largely economic. Economists seek to understand the decisions of businesses, consumers, and current economic issues by developing a systematic and thorough understanding of precisely how the economic system operates, including the mechanisms by which resources are allocated, prices determined, income redistributed, and economic growth promoted.

The analytical method of economics recognizes that various choices are open to a society in solving its economic problems. Students are often attracted to economics as a discipline precisely because they want to understand the decisions of people and businesses

and to better understand and evaluate economic policy. To begin to approach these issues as an economist requires an understanding of economic theory, empirical methodology, and an understanding of the institutional details and advanced practice gained from intensive study of specific subfields of economics. Consequently, the undergraduate economics major is organized around a progression of courses that first provides a broad introduction to economics, then develops the theoretical tools that provide the foundation of modern economic thought, and finishes with advanced courses designed to provide greater in-depth knowledge of specific fields (such as labor markets, industrial organization, international economics, public finance, banking and finance, macroeconomics, microeconomics, and econometrics).

An economics major is valuable in the job market because the major is designed to train people to think analytically and clearly about a wide variety of issues. This skill is valued by many employers. An economics major is also good preparation for graduate work in a number of areas: business, law, public policy, economics, public administration, industrial relations, international relations, urban and regional planning, and environmental studies.

## HOW TO GET IN

# DECLARING THE MAJOR

- Complete one (1) calculus course. (For the Mathematical Emphasis option, MATH 221 or higher is required), and
- Complete two (2) ECON courses on the University of Wisconsin–Madison campus, and
- Achieve a 2.000 GPA in all ECON courses and major courses (i.e., calculus) at the time of declaration.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and**

**degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# OPTIONS IN THE MAJOR

The department offers two major options. Students may declare only one option and must complete all requirements including Residence and Quality of Work standards. Options are:

**Option A: Economics** provides a well-rounded major in economics that is valuable for employment following graduation, or subsequent graduate work in business, law, public policy, and related disciplines.

**Option B: Economics—Mathematical Emphasis** provides students with the mathematical and statistical background needed for in-depth study of the analytical aspects of economics. Its requirements are designed to prepare students for graduate study in economics and related fields, or for careers as professional economists in business or government. For specific Mathematical Emphasis requirements, see the section below (p. 673).

# REQUIREMENTS FOR THE ECONOMICS MAJOR

## MATH AND STATISTICS

| Code | Title | Credits |
|---|---|---|
| **Mathematics (complete one):** | | 5-10 |
| MATH 221 | Calculus and Analytic Geometry 1 | |
| or MATH 211 | Calculus | |
| or MATH 275 | Topics in Calculus I | |
| MATH 171 & MATH 217 | Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II | |
| **Statistics (complete one):** | | 3-4 |
| ECON 310 | Statistics: Measurement in Economics (Recommended) | |
| STAT 302 | Accelerated Introduction to Statistical Methods | |
| ECON 400 | Introduction to Applied Econometrics | |
| ECON 410 | Introductory Econometrics | |
| MATH/STAT 309 | Introduction to Probability and Mathematical Statistics I | |
| STAT 311 | Introduction to Theory and Methods of Mathematical Statistics I | |
| STAT 324 | Introductory Applied Statistics for Engineers | |
| Total Credits | | 8-14 |

## ECONOMICS

30 credits to include:

| Code | Title | Credits |
|---|---|---|
| **Microeconomics & Macroeconomics (Select one):** | | 4-8 |
| ECON 101 & ECON 102 | Principles of Microeconomics and Principles of Macroeconomics | |
| ECON 111 | Principles of Economics-Accelerated Treatment | |
| **Intermediate Theory (Select one):** | | 6-8 |
| ECON 301 & ECON 302 | Intermediate Microeconomic Theory and Intermediate Macroeconomic Theory | |
| ECON 311 & ECON 312 | Intermediate Microeconomic Theory - Advanced Treatment and Intermediate Macroeconomic Theory - Advanced Treatment (Honors Econ ) | |
| **Two Advanced ECON courses:** [1] | | 6-8 |
| ECON 390 | Contemporary Economic Issues (Lecture 014 or 015) | |
| ECON 400 | Introduction to Applied Econometrics | |
| ECON 410 | Introductory Econometrics | |
| ECON 435 | The Financial System | |
| ECON 441 | Analytical Public Finance | |
| ECON 442 | Macroeconomic Policy | |
| ECON 448 | Human Resources and Economic Growth | |
| ECON 450 | Wages and the Labor Market | |
| ECON 451 | The Economic Approach to Human Behavior | |
| ECON 455 | Behavioral Economics | |
| ECON 458 | Industrial Structure and Competitive Strategy | |
| ECON 460 | Economic Forecasting | |
| ECON 461 | International Macroeconomics | |
| ECON 464 | International Trade | |
| ECON 467 | International Industrial Organizations | |
| ECON 468 | Industrial Organization and Imperfect Competition | |
| ECON 475 | Economics of Growth | |
| ECON 503 | Markets with Frictions | |
| ECON 508 | Wealth and Income | |
| ECON 521 | Game Theory and Economic Analysis | |
| ECON 522 | Law and Economics | |
| ECON 525 | Economics of Education: Theory and Measurement | |
| ECON/POP HLTH/ PUB AFFR 548 | The Economics of Health Care | |
| ECON 580 | Honors Tutorial in Research Project Design | |
| ECON 623 | Population Economics | |

| | | |
|---|---|---|
| ECON 666 | Issues in International Finance | |
| ECON 690 | Topics in Economics | |
| **Electives** | | 6-14 |
| *Select any Advanced level course not used above or one of these applied economics courses:* | | |
| ECON/ FINANCE 300 | Introduction to Finance | |
| ECON/ HIST SCI 305 | Development of Economic Thought | |
| ECON/A A E/ REAL EST/ URB R PL 306 | The Real Estate Process | |
| ECON/ FINANCE 320 | Investment Theory | |
| ECON 321 | Sports Economics | |
| ECON 330 | Money and Banking | |
| ECON/A A E/ ENVIR ST 343 | Environmental Economics | |
| ECON 355 | The Economics of Growing-up and Getting Old | |
| ECON 364 | Survey of International Economics | |
| ECON 370 | Economics of Poverty and Inequality | |
| ECON/REAL EST/ URB R PL 420 | Urban and Regional Economics | |
| ECON/A A E 421 | Economic Decision Analysis | |
| ECON/ENVIR ST/ POLI SCI/ URB R PL 449 | Government and Natural Resources | |
| ECON/A A E/ INTL BUS 462 | Latin American Economic Development | |
| ECON 465 | The American Economy to 1865 | |
| ECON/ HISTORY 466 | The American Economy Since 1865 | |
| ECON/A A E 473 | Economic Growth and Development in Southeast Asia | |
| ECON/A A E 474 | Economic Problems of Developing Areas | |
| ECON/A A E 477 | Agricultural and Economic Development in Africa | |
| ECON 502 | Economics of Transportation | |
| ECON/ PHILOS 524 | Philosophy and Economics | |
| ECON/A A E/ F&W ECOL 531 | Natural Resource Economics | |
| ECON/A A E 567 | Public Finance in Less Developed Countries | |
| ECON/REAL EST/ URB R PL 641 | Housing Economics and Policy | |
| ECON/SOC 663 | Population and Society | |
| ECON/A A E/ ENVIR ST/ URB R PL 671 | Energy Economics | |
| **Total Credits** | | 30 |

[1] At least two advanced ECON courses must be taken in residence at UW–Madison, and not via transfer or a UW–Madison Study Abroad program.

### REQUIREMENTS FOR THE MATHEMATICAL EMPHASIS:

View as listView as grid

- **ECONOMICS: MATHEMATICAL EMPHASIS** (P. 669)

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all ECON and major courses
- 2.000 GPA on 15 upper-level major courses taken in residence[2]
- 15 credits in ECON, taken on the UW–Madison campus

[2] Intermediate and Advanced level ECON courses are Upper Level in the major.

## HONORS IN THE ECONOMICS MAJOR

To participate in Honors in the Economics Major, students must be declared in the Mathematical Emphasis option. For further information, see the Mathematical Emphasis requirements (p. 673) and consult your Economics undergraduate advisor.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Understand the fundamental concepts of economics and how those concepts apply to real world issues.
2. Construct and evaluate economic models, their assumptions, and conclusions.
3. Acquire a diverse set of skills and strategies in mathematical reasoning/statistical and computational techniques/deductive logic/problem solving.
4. Use mathematics/computational/statistical techniques to analyze real world situations and policies.
5. Use economic analysis to critically evaluate public policy proposals.

## FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Quantitative Reasoning A | 4 | ECON 101 | 4 |
| Communication A | 3 | Ethnic Studies | 3 |
| Foreign Language | 4 | MATH 221 | 5 |
| Physical Science Breadth | 3 | Foreign Language | 4 |
| | 14 | | 16 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ECON 102 | 4 | ECON 301 | 4 |
| Biological Science Breadth | 3 | ECON 310 | 4 |
| Foreign Language | 4 | Humanities Breadth | 4 |
| Literature Breadth | 3 | Foreign Language | 4 |
| INTER-LS 210 | 1 | | |
| | 15 | | 16 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ECON 302 | 4 | Econometrics (Econ 400 or 410) | 4 |
| Economics major elective (Int/Adv) | 4 | Humanities Breadth | 3 |
| Literature Breadth | 3 | Communication B | 4 |
| Science Breadth | 4 | Elective | 3 |
| | 15 | | 14 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Economics major Advanced Elective | 4 | Elective | 4 |
| Science Breadth | 3 | Elective | 4 |
| Elective | 4 | Elective | 4 |
| Elective | 4 | Elective | 3 |
| | 15 | | 15 |

Total Credits 120

## ADVISING AND CAREERS

# ACADEMIC ADVISING

Academic advising (https://econ.wisc.edu/undergraduate/academic-advising), along with general information about the undergraduate major and coursework, is available in Room 7238 of the Social Science Building. Find us on the campus map (http://www.map.wisc.edu/?initObj=bdg_SocSc&z=41.33&x=-0.158401&y=-0.09157).
Email: econadvise@ssc.wisc.edu
Phone: 608-262-6925

# ECONOMICS CAREER DEVELOPMENT OFFICE

The Economics Career Development Office (https://econ.wisc.edu/careers) (ECDO) provides career development services and resources to undergraduate students who are either declared economics majors or are considering majoring in economics and would like career information. To set up an appointment or to ask a career/internship question please email econcareers@ssc.wisc.edu

# PREPARATION FOR PH.D. PROGRAMS IN ECONOMICS

Students interested in pursuing graduate study should pursue Option B (mathematical emphasis) and augment the standard curriculum with higher-level mathematics and statistics courses. These may include:

| Code | Title | Credits |
|---|---|---|
| MATH/STAT 309 | Introduction to Probability and Mathematical Statistics I | |
| MATH/STAT 310 | Introduction to Probability and Mathematical Statistics II | |
| MATH 421 | The Theory of Single Variable Calculus | |
| MATH/STAT 431 | Introduction to the Theory of Probability | |
| MATH 521 | Analysis I | |
| MATH 522 | Analysis II | |
| MATH/I SY E/ OTM/STAT 632 | Introduction to Stochastic Processes | |

It is important to consult early in the second year with the undergraduate advisor and/or the faculty member that directs the undergraduate program to design a plan of coursework.

# DIRECTED STUDY

Directed Study (ECON 698, ECON 699) enables advanced students to pursue economic topics not covered in the regular course offerings. A student interested in Directed Study should prepare a research proposal and/or reading list; specific course requirements are arranged with an instructor who agrees to supervise the directed study project. Enrollment requires the consent of the instructor; a GPA of 3.00 or above in ECON; completion of the Intermediate economic theory courses (ECON 301 & ECON 302); at least one Advanced ECON course; and completion of the department's Directed Study form, available in 7238 Social Science.

# INTERNSHIPS

Students can earn 1 credit for approved internships appropriate to the study of economics under course ECON 228. Students must enroll for ECON 228 in the same semester/session in which the internship is granted. Students should work a minimum of 100 hours per term. Prerequisites are declaration in the major economics major; a major GPA of 2.200 or higher; completion of at least four ECON courses at UW–Madison; completion of at least one Intermediate Theory course (ECON 301 & ECON 302); a completed application; and departmental approval.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

| ECON 310 | Statistics: Measurement in Economics (Recommended) | |
| STAT 302 | Accelerated Introduction to Statistical Methods | |
| ECON 410 | Introductory Econometrics | |
| STAT/MATH 309 | Introduction to Probability and Mathematical Statistics I | |
| STAT 311 | Introduction to Theory and Methods of Mathematical Statistics I | |
| STAT 324 | Introductory Applied Statistics for Engineers | |
| Total Credits | | 18-19 |

## ECONOMICS

30 credits to include:

| Code | Title | Credits |
|---|---|---|
| **Microeconomics & Macroeconomics (Select one):** | | 4-8 |
| ECON 101 & ECON 102 | Principles of Microeconomics and Principles of Macroeconomics | |
| ECON 111 | Principles of Economics-Accelerated Treatment | |
| **Intermediate Theory (Select one):** | | 6-8 |
| ECON 301 & ECON 302 | Intermediate Microeconomic Theory and Intermediate Macroeconomic Theory | |
| ECON 311 & ECON 312 | Intermediate Microeconomic Theory - Advanced Treatment and Intermediate Macroeconomic Theory - Advanced Treatment (Honors Econ ) | |
| **Introductory Econometrics** | | |
| ECON 410 | Introductory Econometrics | 4 |
| **Three Advanced ECON courses:** [1] | | 6-12 |
| ECON 390 | Contemporary Economic Issues (Lecture 014 or 015) | |
| ECON 435 | The Financial System | |
| ECON 441 | Analytical Public Finance | |
| ECON 442 | Macroeconomic Policy | |
| ECON 448 | Human Resources and Economic Growth | |
| ECON 450 | Wages and the Labor Market | |
| ECON 451 | The Economic Approach to Human Behavior | |
| ECON 455 | Behavioral Economics | |
| ECON 458 | Industrial Structure and Competitive Strategy | |
| ECON 460 | Economic Forecasting | |
| ECON 464 | International Trade | |
| ECON 467 | International Industrial Organizations | |
| ECON 468 | Industrial Organization and Imperfect Competition | |
| ECON 475 | Economics of Growth | |
| ECON 503 | Markets with Frictions | |
| ECON 508 | Wealth and Income | |
| ECON 521 | Game Theory and Economic Analysis | |
| ECON 522 | Law and Economics | |
| ECON 525 | Economics of Education: Theory and Measurement | |
| ECON/POP HLTH/ PUB AFFR 548 | The Economics of Health Care | |
| ECON 580 | Honors Tutorial in Research Project Design | |
| ECON 623 | Population Economics | |
| ECON 666 | Issues in International Finance | |
| ECON 690 | Topics in Economics | |
| **Electives** | | 0-10 |
| *Select any Advanced course (above) or one of these Applied Economics courses:* | | |
| ECON/ FINANCE 300 | Introduction to Finance | |
| ECON/ HIST SCI 305 | Development of Economic Thought | |
| ECON/A A E/ REAL EST/ URB R PL 306 | The Real Estate Process | |
| ECON/ FINANCE 320 | Investment Theory | |
| ECON 321 | Sports Economics | |
| ECON 330 | Money and Banking | |
| ECON/A A E/ ENVIR ST 343 | Environmental Economics | |
| ECON 364 | Survey of International Economics | |
| ECON 370 | Economics of Poverty and Inequality | |
| ECON 390 | Contemporary Economic Issues | |
| ECON/REAL EST/ URB R PL 420 | Urban and Regional Economics | |
| ECON/A A E 421 | Economic Decision Analysis | |
| ECON/ENVIR ST/ POLI SCI/ URB R PL 449 | Government and Natural Resources | |

| ECON 465 | The American Economy to 1865 | |
| ECON/ HISTORY 466 | The American Economy Since 1865 | |
| ECON/A A E 473 | Economic Growth and Development in Southeast Asia | |
| ECON/A A E 474 | Economic Problems of Developing Areas | |
| ECON/A A E 477 | Agricultural and Economic Development in Africa | |

| | |
|---|---|
| ECON/ PHILOS 524 | Philosophy and Economics |
| ECON/A A E/ F&W ECOL 531 | Natural Resource Economics |
| ECON/A A E 567 | Public Finance in Less Developed Countries |
| ECON/REAL EST/ URB R PL 641 | Housing Economics and Policy |
| ECON/SOC 663 | Population and Society |
| ECON/A A E/ ENVIR ST/ URB R PL 671 | Energy Economics |
| Total Credits | 30 |

[1] Two Advanced ECON courses must be taken at UW-Madison (in residence and not via study abroad)

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all major and ECON courses
- 2.000 GPA on 15 upper-level major courses taken in residence[2]
- 15 credits in ECON, taken on the UW–Madison campus

[2] Intermediate- and advanced-level ECON courses are upper level in the major.

### REQUIREMENTS TO EARN HONORS IN THE ECONOMICS MAJOR

To earn Honors in the Major in Economics, students must be declared in and satisfy the requirements for the Economics–Mathematical Emphasis Option (above), **and** satisfy the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA for all ECON and major courses
- Complete the following courses, taken for Honors, with grades of B or better in each:

| Code | Title | Credits |
|---|---|---|
| ECON 311 & ECON 312 | Intermediate Microeconomic Theory - Advanced Treatment and Intermediate Macroeconomic Theory - Advanced Treatment | |
| ECON 580 | Honors Tutorial in Research Project Design | |
| **Select one of the following capstone experiences:** | | |
| ECON 581 | Honors Thesis | |
| ECON 681 & ECON 682 | Senior Honors Thesis and Senior Honors Thesis (Take for a total of 6 credits) | |

## FOUR-YEAR PLAN

# ENGLISH

The English major teaches students to appreciate and use the English language and literature effectively for critical thinking, effective communication, citizenship, and career success. English majors build strong writing skills and engage in high-level critical and analytical thinking. They encounter enriching, enduring, experimental, and complex works of literature. And they grapple with perspectives far distant from their own, examining their deepest values. Instructors introduce students to a wide range of genres and cultural perspectives, and pay close attention to all aspects of student thinking and writing, from logic and evidence to originality and style. Fostering communication skills, stimulating creativity, developing cultural sensitivity, and sharpening analytical abilities, the English major prepares students for a broad range of careers.

English majors choose one of three tracks: the general major (which emphasizes literary and cultural studies), creative writing, or language and linguistics. All majors take a core curriculum that introduces them to a range of approaches to literature and language, including courses in literary and cultural history. Students who opt for the general major build on core courses with intermediate and advanced classes that focus on texts from across a range of periods and places, investigating literature and culture using multiple methods and approaches. Students pursuing the emphasis on creative writing take the core curriculum with a sequence of creative writing workshops. Students wishing to emphasize language and linguistics choose options in grammar, the history of the English language, phonology, and language acquisition.

## TEACHING MAJOR

Those who wish to prepare for teaching careers at the secondary level should complete the undergraduate English major and then apply for a teaching certificate or graduate education program. For further information, students should make an appointment with the undergraduate advisor in English or the graduate advisor in curriculum and instruction.

## DEGREES/MAJORS/CERTIFICATES

- English, B.A. (p. 678)
- English, B.S. (p. 683)
- Health and the Humanities, Certificate (p. 689)
- Teaching English to Speakers of Other Languages, Certificate (p. 692)

## PEOPLE

## FACULTY

Professors: Auerbach, Barry, Bearden, Begam, Bernard-Donals, Bow, Britland, Castronovo, Dharwadker, Foys, Guyer, Hill, Johnson, Kercheval, Nguyen, Olaniyan, Ortiz-Robles, Purnell, Raimy, Sherrard-Johnson, Shreve, Wanner, M. Young, Yu, Zimmerman

Associate Professors: Allewaert, Cooper, Fawaz, Olson, Samuels, Trotter, Vareschi, Zweck

Assistant Professors: Amine, Calhoun, Cho, Druschke, Edoro, Fecu, Huang

## RESOURCES AND SCHOLARSHIPS

## WRITING CENTER

The Writing Center (http://www.wisc.edu/writing), located in 6171 Helen C. White Hall, offers free individualized help with writing. Students are

welcome to come to the center for help with writing assignments in almost any course. In half-hour tutorials, instructors help students clarify and organize ideas and offer advice about revising a draft. The center also offers short-term classes on various facets of writing, including classes on writing about literature, writing research papers, writing book reviews, writing essay exams, and on many other topics. The Writing Center also has a computer lab.

To make an appointment, students should call 263-1992 or stop by when the center is open. During busy times of the semester, the center often is booked several days in advance, so students should plan ahead. For complete information about the center, including hours, schedules for writing assistance in the Multicultural Student Center and residence halls, extensive handouts about writing, and information about the Undergraduate Writing Fellows program, see the center website (http://www.wisc.edu/writing).

# ENGLISH, B.A.

The English major teaches students to appreciate and use the English language and literature effectively for critical thinking, effective communication, citizenship, and career success. English majors build strong writing skills and engage in high-level critical and analytical thinking. They encounter enriching, enduring, experimental, and complex works of literature. And they grapple with perspectives far distant from their own, examining their deepest values. Instructors introduce students to a wide range of genres and cultural perspectives, and pay close attention to all aspects of student thinking and writing, from logic and evidence to originality and style. Fostering communication skills, stimulating creativity, developing cultural sensitivity, and sharpening analytical abilities, the English major prepares students for a broad range of careers.

English majors choose one of three tracks: the general major (which emphasizes literary and cultural studies), creative writing, or language and linguistics. All majors take a core curriculum that introduces them to a range of approaches to literature and language, including courses in literary and cultural history. Students who opt for the general major build on core courses with intermediate and advanced classes that focus on texts from across a range of periods and places, investigating literature and culture using multiple methods and approaches. Students pursuing the emphasis on creative writing take the core curriculum with a sequence of creative writing workshops. Students wishing to emphasize language and linguistics choose options in grammar, the history of the English language, phonology, and language acquisition.

## TEACHING MAJOR

Those who wish to prepare for teaching careers at the secondary level should complete the undergraduate English major and then apply for a teaching certificate or graduate education program. For further information, students should make an appointment with the undergraduate advisor in English or the graduate advisor in curriculum and instruction.

## HOW TO GET IN

Information about the English major can be found on the department website (http://www.english.wisc.edu/undergraduate) and also in the department office, 7195 Helen C. White Hall. Students interested in declaring the major should schedule an appointment (https://calendar.wisc.edu/scheduling-assistant/public/profiles/sckuzMmh.html) with the undergraduate academic advisor.

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B *<br><br>* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements. |

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |

| | |
|---|---|
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

30 credits in intermediate- and advanced-level ENGL courses numbered 204 and higher.[1]

## ENGLISH (LITERATURE)

| ENGL 501 | Writing Internship | |
| ENGL 505 | Topics in Composition and Rhetoric | |
| **Electives** | | 9 |
| any course from ENGL 204-699 [1] | | |
| Total Credits | | 30 |

[1] excluding ENGL 207 and ENGL 236.

## EMPHASIS ON CREATIVE WRITING NAMED OPTION

View as listView as grid

- **ENGLISH: EMPHASIS ON CREATIVE WRITING** (P. 682)

### RESIDENCE AND QUALITY OF WORK

2.000 GPA in all ENGL courses and all major courses

2.000 GPA on at least 15 credits of upper-level work in the major, taken in residence[2]

15 credits in ENGL, taken on the UW–Madison campus

[2] Intermediate and Advanced level ENGL courses are considered upper level in the major.

# THESIS OF DISTINCTION

Students majoring in English who are not completing Honors in the Major may choose to complete a two semester senior thesis project. Thesis of Distinction is granted for an exceptionally well written thesis in ENGL 691–ENGL 692 and requires the recommendation of both the sponsoring faculty member and the honors coordinator. For further information consult the department advisor or the honors coordinator.

# HONORS IN THE MAJOR

Students may declare Honors in the English Major in consultation with the English undergraduate advisor. To be eligible to declare Honors in the English Major, students must:

- Complete ENGL 241, ENGL 242, or ENGL 243
- Complete one additional course in the major
- Have completed at least 6 credits in the Department of English
- Have established a 3.500 GPA for all ENGL courses

## HONORS IN THE ENGLISH MAJOR REQUIREMENTS

To earn Honors in the Major in English, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA in all ENGL courses and all major courses
- Complete 12 credits, taken for Honors, with a grade of B or better to include:
  - ENGL 245 or ENGL 381
  - ENGL 481, and
  - Either:
    - a two-semester Senior Honors Thesis in ENGL 681 and ENGL 682 for a total of 6 credits, or
    - a senior Honors project that includes ENGL 680 and one other 3-credit I/A ENGL course taken for Honors

## HONORS IN THE ENGLISH MAJOR REQUIREMENTS, CREATIVE WRITING OPTION

To earn Honors in the Major in English–Creative Writing Option, students must satisfy the Option requirements (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA in all ENGL courses and all major courses
- Complete Sophomore Honors-Research Methods (for Honors) with a grade of B or better: ENGL 245 or ENGL 381

- Complete ENGL 481 with a grade of B or better, and
- One Advanced Level Creative Writing Workshop for Honors, with a grade of B or better taken from: ENGL 407, ENGL 408, ENGL 409,ENGL 410, ENGL 411, ENGL 508, ENGL 509
- Directed Creative Writing: ENGL 695

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. (History of literature and language) To demonstrate knowledge of major forms, techniques, social conditions, values, and genres that have shaped the history of English literature and language.
2. (Critical thinking) To be able to discern and integrate divergent and contradictory perspectives, identify and question assumptions, and assess evidence and methods.
3. (Creativity) To generate original ideas and texts, experimenting and taking risks, solving problems, and answering questions in a range of genres and media.
4. (Critical writing) To write original, coherent, and compelling arguments that push beyond summary to analysis and independent and critical thinking in clear prose that meets expectations for grammatical correctness.
5. (Citizenship) To develop empathy by learning about the experiences of others, and to gain an understanding of how we participate in communities (including the classroom) and the public sphere.

## FOUR-YEAR PLAN

**Major - Bachelor of Arts/Science Degree**

**English Four-Year Plan**

The Sample Four-Year Plan is a tool to assist you and your advisor(s). Use it along with your DARS report and the Course Guide. You will make your own Four-Year Plan based on your placement scores, incoming credits, and individual interests. As you become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, you might adjust the order of your courses to make room for these experiences. You will likely revise your 4-year plan during your college career.

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A (complete during your first year) | 3 | Ethnic Studies | 3 |
| Quantitative Reasoning A (complete during your first year) | 3 | Foreign Language (if required) | 4 |
| Foreign Language | 4 | Social Science Breadth | 3 |
| Social Science Breadth | 4 | Physical Science Breadth | 3 |
| | | Elective | 3 |
| | 14 | | 16 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Quantitative Reasoning B | 4 | ENGL 201 or 207 (COM-B) | 3 |
| ENGL 241 | 3 | ENGL 242 | 3 |
| ENGL 245 | 3 | English Language or Composition/Rhetoric Requirement | 3 |
| Social Science Breadth | 3-4 | Social Science Breadth | 3 |
| INTER-LS 210 | 1 | Biological Science Breadth | 3 |
| | 15 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Declare the Major (before 86 credits)[1] | | Pre-1800 Literature Requirement | 3 |
| Natural Science Breadth | 3 | English I/A Elective | 3 |
| Elective | 3 | Natural Science Breadth | 3 |
| American Literature | 3 | Elective | 3 |
| Pre-1800 Literature Requirement[2] | 3 | Elective | 3 |
| Elective | 3 | | |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| English I/A Elective | 3 | English I/A Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| | 15 | | 15 |

Total Credits 120

**Notes**

[1] Students must declare a major before 86 credits.

[2] See your major advisor if you want to declare English/Creative Writing, Honors in the English major, or plan to study abroad.

Please refer to the Requirements tab in Guide for additional College of Letters & Science Breadth and Degree Requirements as well as Residence and Quality of Work requirements for the major.

## ADVISING AND CAREERS

# ADVISING

Karen Redfield, Undergraduate Advisor
advisor@english.wisc.edu
(608) 263-3760
7195E Helen C. White, 600 North Park Street
English Undergraduate Advising (https://english.wisc.edu/undergraduate/academic-advising)

# CAREERS AND INTERNSHIP ADVISOR

**Career & Internship Coordinator**
careers@english.wisc.edu (Career & Internship Coordinator careers@english.wisc.edu)
7195E Helen C. White, 600 North Park Street
English Career Advising (https://english.wisc.edu/undergraduate/undergraduate-career-advising)

The English department encourages our majors to begin working on their career exploration and preparation soon after declaring their major. Our career advisor also partners with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to their success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

To make an appointment, students should call 263-1992 or stop by when the center is open. During busy times of the semester, the center often is booked several days in advance, so students should plan ahead. For complete information about the center, including hours, schedules for writing assistance in the Multicultural Student Center and residence halls, extensive handouts about writing, and information about the Undergraduate Writing Fellows program, see the center website (http://www.wisc.edu/writing).

# ENGLISH: EMPHASIS ON CREATIVE WRITING

## REQUIREMENTS

# ENGLISH, CREATIVE WRITING OPTION

NOTE: This is a formal Option and will appear on the transcript.

L&S undergraduates with a particular interest in creative writing may combine a background in literature with a concentration of courses in fiction or poetry writing. The major requirements are distributed as follows:

| Code | Title | Credits |
|---|---|---|
| **Survey of Literature** | | |
| ENGL 241 | Literature and Culture I: to the 18th Century | 3 |

| | | |
|---|---|---|
| ENGL 242 | Literature and Culture II: from the 18th Century to the Present | 3 |
| **American Literature (1 course)** | | 3 |
| ENGL/ LITTRANS 223 | Vladimir Nabokov: Russian and American Writings | |
| ENGL 243 | American Literary Cultures | |
| ENGL/ AMER IND 246 | Literature by American Indian Women | |
| ENGL/ GEN&WS 248 | Women in Ethnic American Literature | |
| ENGL/ ASIAN AM 270 | A Survey of Asian American Literature | |
| ENGL/ AMER IND 275 | American Indian Oral Literatures | |
| ENGL 356 | Nineteenth-Century American Fiction | |
| ENGL 357 | Major American Poets | |
| ENGL 358 | Literature of the American Renaissance | |
| ENGL 361 | Modern and Contemporary American Literature | |
| ENGL 362 | American Fiction since 1900 | |
| ENGL 363 | The American Short Story | |
| ENGL/ CHICLA 368 | Chicana/o and Latina/o Literatures | |
| ENGL 374 | African and African Diaspora Literature and Culture | |
| ENGL 439 | Topic in Early American Literature and Culture | |
| ENGL 455 | A Study of an Outstanding Figure or Figures in American Literature | |
| ENGL 456 | Topic in Nineteenth-Century American Literature and Culture | |
| ENGL 457 | Topic in American Literature and Culture since 1900 | |
| ENGL 458 | Major American Writer or Writers | |
| ENGL 459 | Three American Novelists | |
| ENGL 461 | Topics in Ethnic and Multicultural Literature | |
| ENGL/ASIAN AM/ GEN&WS 463 | Race and Sexuality in American Literature | |
| ENGL/ASIAN AM/ GEN&WS 464 | Asian American Women Writers | |
| ENGL/ ASIAN AM 465 | Asian American Poetry | |
| ENGL/ AMER IND 467 | Contemporary American Indian Literature Since 1953 | |
| ENGL 474 | Topic in Contemporary Literature | |
| ENGL/ GEN&WS 545 | Feminist Theory and Women's Writing in English | |
| ENGL/ JEWISH 593 | Literature of Jewish Identity in America | |
| ENGL/ AFROAMER 672 | Selected Topics in Afro-American Literature | |
| ENGL 245 | Seminar in the Major | 3 |
| **Language or Composition & Rhetoric (1 course)** | | 3 |
| ENGL 204 | Studies in Writing, Rhetoric, and Literacy | |
| ENGL 214 | The English Language | |
| ENGL 304 | Composition & Rhetoric In and Beyond the University | |
| ENGL 400 | Advanced Composition | |
| ENGL 403 | Seminar on Tutoring Writing Across the Curriculum | |
| ENGL 500 | Writing in Workplaces | |
| ENGL 501 | Writing Internship | |
| ENGL 505 | Topics in Composition and Rhetoric | |
| **Creative Writing Workshops (3 courses)** [2] | | 9 |
| ENGL 307 | Creative Writing: Fiction and Poetry Workshop | |
| ENGL 407 | Creative Writing: Nonfiction Workshop | |
| ENGL 408 | Creative Writing: Fiction Workshop | |
| ENGL 409 | Creative Writing: Poetry Workshop | |
| ENGL 410 | Creative Writing: Playwriting Workshop | |
| ENGL 411 | Creative Writing: Special Topics Workshop | |
| ENGL 508 | Creative Writing: Advanced Fiction Workshop | |
| ENGL 509 | Creative Writing: Advanced Poetry Workshop | |
| ENGL 695 | Directed Creative Writing | 3 |
| **Electives** | | 3 |
| any course from ENGL 204–699 [1] | | |
| Total Credits | | 30 |

[1] excluding ENGL 207 and ENGL 236.

[2] Workshops numbered 400 and higher may be repeated for credit. Students are allowed to take only one creative writing workshop per semester. All three required workshops must be completed prior to beginning the Directed Creative Writing course (ENGL 695).

# ENGLISH, B.S.

The English major teaches students to appreciate and use the English language and literature effectively for critical thinking, effective communication, citizenship, and career success. English majors build strong writing skills and engage in high-level critical and analytical thinking. They encounter enriching, enduring, experimental, and complex works of literature. And they grapple with perspectives far distant from their own, examining their deepest values. Instructors introduce students to a wide range of genres and cultural perspectives, and pay close attention to all aspects of student thinking and writing, from logic and evidence to originality and style. Fostering communication skills, stimulating creativity, developing cultural sensitivity, and sharpening analytical abilities, the English major prepares students for a broad range of careers.

English majors choose one of three tracks: the general major (which emphasizes literary and cultural studies), creative writing, or language and linguistics. All majors take a core curriculum that introduces them to a range of approaches to literature and language, including courses

in literary and cultural history. Students who opt for the general major build on core courses with intermediate and advanced classes that focus on texts from across a range of periods and places, investigating literature and culture using multiple methods and approaches. Students pursuing the emphasis on creative writing take the core curriculum with a sequence of creative writing workshops. Students wishing to emphasize language and linguistics choose options in grammar, the history of the English language, phonology, and language acquisition.

## TEACHING MAJOR

Those who wish to prepare for teaching careers at the secondary level should complete the undergraduate English major and then apply for a teaching certificate or graduate education program. For further information, students should make an appointment with the undergraduate advisor in English or the graduate advisor in curriculum and instruction.

# HOW TO GET IN

Information about the English major can be found on the department website (http://www.english.wisc.edu/undergraduate) and also in the department office, 7195 Helen C. White Hall. Students interested in declaring the major should schedule an appointment (https://calendar.wisc.edu/scheduling-assistant/public/profiles/sckuzMmh.html) with the undergraduate academic advisor.

# REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

### NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

30 credits in intermediate- and advanced-level ENGL courses numbered 204 and higher.[1]

## ENGLISH (LITERATURE)

| Code | Title | Credits |
|---|---|---|
| **Survey of Literature** | | |
| ENGL 241 | Literature and Culture I: to the 18th Century | 3 |
| ENGL 242 | Literature and Culture II: from the 18th Century to the Present | 3 |
| **American Literature (1 course)** | | 3 |
| ENGL/ LITTRANS 223 | Vladimir Nabokov: Russian and American Writings | |
| ENGL 243 | American Literary Cultures | |
| ENGL/ AMER IND 246 | Literature by American Indian Women | |
| ENGL/ GEN&WS 248 | Women in Ethnic American Literature | |
| ENGL/ ASIAN AM 270 | A Survey of Asian American Literature | |
| ENGL/ AMER IND 275 | American Indian Oral Literatures | |
| ENGL 356 | Nineteenth-Century American Fiction | |
| ENGL 357 | Major American Poets | |
| ENGL 358 | Literature of the American Renaissance | |
| ENGL 361 | Modern and Contemporary American Literature | |
| ENGL 362 | American Fiction since 1900 | |
| ENGL 363 | The American Short Story | |
| ENGL/ CHICLA 368 | Chicana/o and Latina/o Literatures | |
| ENGL 374 | African and African Diaspora Literature and Culture | |
| ENGL 439 | Topic in Early American Literature and Culture | |

| **Language or Composition & Rhetoric (1 course)** | | 3 |

| | | |
|---|---|---|
| ENGL 204 | Studies in Writing, Rhetoric, and Literacy | |
| ENGL 214 | The English Language | |
| ENGL 304 | Composition & Rhetoric In and Beyond the University | |
| ENGL 400 | Advanced Composition | |
| ENGL 403 | Seminar on Tutoring Writing Across the Curriculum | |
| ENGL 500 | Writing in Workplaces | |
| ENGL 501 | Writing Internship | |
| ENGL 505 | Topics in Composition and Rhetoric | |
| **Electives** | | 9 |
| any course from ENGL 204-699 [1] | | |
| Total Credits | | 30 |

[1] excluding ENGL 207 and ENGL 236.

## EMPHASIS ON CREATIVE WRITING NAMED OPTION

View as listView as grid

- **ENGLISH: EMPHASIS ON CREATIVE WRITING** (P. 682)

## RESIDENCE AND QUALITY OF WORK

2.000 GPA in all ENGL courses and all major courses

2.000 GPA on at least 15 credits of upper-level work in the major, taken in residence[2]

15 credits in ENGL, taken on the UW–Madison campus

[2] Intermediate and Advanced level ENGL courses are considered upper level in the major.

# THESIS OF DISTINCTION

Students majoring in English who are not completing Honors in the Major may choose to complete a two semester senior thesis project. Thesis of Distinction is granted for an exceptionally well written thesis in ENGL 691–ENGL 692 and requires the recommendation of both the sponsoring faculty member and the honors coordinator. For further information consult the department advisor or the honors coordinator.

# HONORS IN THE MAJOR

Students may declare Honors in the English Major in consultation with the English undergraduate advisor. To be eligible to declare Honors in the English Major, students must:

- Complete ENGL 241, ENGL 242, or ENGL 243
- Complete one additional course in the major
- Have completed at least 6 credits in the Department of English
- Have established a 3.500 GPA for all ENGL courses

## HONORS IN THE ENGLISH MAJOR REQUIREMENTS

To earn Honors in the Major in English, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA in all ENGL courses and all major courses
- Complete 12 credits, taken for Honors, with a grade of B or better to include:
  - ENGL 245 or ENGL 381
  - ENGL 481, and
  - Either:
    - a two-semester Senior Honors Thesis in ENGL 681 and ENGL 682 for a total of 6 credits, or
    - a senior Honors project that includes ENGL 680 and one other 3-credit I/A ENGL course taken for Honors

## HONORS IN THE ENGLISH MAJOR REQUIREMENTS, CREATIVE WRITING OPTION

To earn Honors in the Major in English–Creative Writing Option, students must satisfy the Option requirements (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA in all ENGL courses and all major courses
- Complete Sophomore Honors-Research Methods (for Honors) with a grade of B or better: ENGL 245 or ENGL 381
- Complete ENGL 481 with a grade of B or better, and
- One Advanced Level Creative Writing Workshop for Honors, with a grade of B or better taken from: ENGL 407, ENGL 408, ENGL 409,ENGL 410, ENGL 411, ENGL 508, ENGL 509
- Directed Creative Writing: ENGL 695

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. (History of literature and language) To demonstrate knowledge of major forms, techniques, social conditions, values, and genres that have shaped the history of English literature and language.
2. (Critical thinking) To be able to discern and integrate divergent and contradictory perspectives, identify and question assumptions, and assess evidence and methods.

3. (Creativity) To generate original ideas and texts, experimenting and taking risks, solving problems, and answering questions in a range of genres and media.
4. (Critical writing) To write original, coherent, and compelling arguments that push beyond summary to analysis and independent and critical thinking in clear prose that meets expectations for grammatical correctness.
5. (Citizenship) To develop empathy by learning about the experiences of others, and to gain an understanding of how we participate in communities (including the classroom) and the public sphere.

## FOUR-YEAR PLAN

**Major - Bachelor of Arts/Science Degree**

**English Four-Year Plan**

The Sample Four-Year Plan is a tool to assist you and your advisor(s). Use it along with your DARS report and the Course Guide. You will make your own Four-Year Plan based on your placement scores, incoming credits, and individual interests. As you become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, you might adjust the order of your courses to make room for these experiences. You will likely revise your 4-year plan during your college career.

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A (complete during your first year) | 3 | Ethnic Studies | 3 |
| Quantitative Reasoning A (complete during your first year) | 3 | Foreign Language (if required) | 4 |
| Foreign Language | 4 | Social Science Breadth | 3 |
| Social Science Breadth | 4 | Physical Science Breadth | 3 |
| | | Elective | 3 |
| | 14 | | 16 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Quantitative Reasoning B | 4 | ENGL 201 or 207 (COM-B) | 3 |
| ENGL 241 | 3 | ENGL 242 | 3 |
| ENGL 245 | 3 | English Language or Composition/Rhetoric Requirement | 3 |
| Social Science Breadth | 3-4 | Social Science Breadth | 3 |
| INTER-LS 210 | 1 | Biological Science Breadth | 3 |
| | 15 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Declare the Major (before 86 credits)[1] | | Pre-1800 Literature Requirement | 3 |
| Natural Science Breadth | 3 | English I/A Elective | 3 |
| Elective | 3 | Natural Science Breadth | 3 |
| American Literature | 3 | Elective | 3 |
| Pre-1800 Literature Requirement[2] | 3 | Elective | 3 |
| Elective | 3 | | |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| English I/A Elective | 3 | English I/A Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| Elective | 3 | Elective | 3 |
| | 15 | | 15 |

Total Credits 120

**Notes**

[1] Students must declare a major before 86 credits.

[2] See your major advisor if you want to declare English/Creative Writing, Honors in the English major, or plan to study abroad.

Please refer to the Requirements tab in Guide for additional College of Letters & Science Breadth and Degree Requirements as well as Residence and Quality of Work requirements for the major.

## ADVISING AND CAREERS

# ADVISING

Karen Redfield, Undergraduate Advisor
advisor@english.wisc.edu
(608) 263-3760
7195E Helen C. White, 600 North Park Street
English Undergraduate Advising (https://english.wisc.edu/undergraduate/academic-advising)

# CAREERS AND INTERNSHIP ADVISOR

**Career & Internship Coordinator**
careers@english.wisc.edu (Career & Internship Coordinator careers@english.wisc.edu)
7195E Helen C. White, 600 North Park Street
English Career Advising (https://english.wisc.edu/undergraduate/undergraduate-career-advising)

The English department encourages our majors to begin working on their career exploration and preparation soon after declaring their major. Our career advisor also partners with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to their success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of

Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

# FACULTY

Professors: Auerbach, Barry, Bearden, Begam, Bernard-Donals, Bow, Britland, Castronovo, Dharwadker, Foys, Guyer, Hill, Johnson, Kercheval, Nguyen, Olaniyan, Ortiz-Robles, Purnell, Raimy, Sherrard-Johnson, Shreve, Wanner, M. Young, Yu, Zimmerman

Associate Professors: Allewaert, Cooper, Fawaz, Olson, Samuels, Trotter, Vareschi, Zweck

Assistant Professors: Amine, Calhoun, Cho, Druschke, Edoro, Fecu, Huang

## RESOURCES AND SCHOLARSHIPS

# WRITING CENTER

The Writing Center (http://www.wisc.edu/writing), located in 6171 Helen C. White Hall, offers free individualized help with writing. Students are welcome to come to the center for help with writing assignments in almost any course. In half-hour tutorials, instructors help students clarify and organize ideas and offer advice about revising a draft. The center also offers short-term classes on various facets of writing, including classes on writing about literature, writing research papers, writing book reviews, writing essay exams, and on many other topics. The Writing Center also has a computer lab.

To make an appointment, students should call 263-1992 or stop by when the center is open. During busy times of the semester, the center often is booked several days in advance, so students should plan ahead. For complete information about the center, including hours, schedules for writing assistance in the Multicultural Student Center and residence halls, extensive handouts about writing, and information about the Undergraduate Writing Fellows program, see the center website (http://www.wisc.edu/writing).

# ENGLISH: EMPHASIS ON CREATIVE WRITING

## REQUIREMENTS

# ENGLISH, CREATIVE WRITING OPTION

NOTE: This is a formal Option and will appear on the transcript.

L&S undergraduates with a particular interest in creative writing may combine a background in literature with a concentration of courses in fiction or poetry writing. The major requirements are distributed as follows:

| Code | Title | Credits |
|---|---|---|
| **Survey of Literature** | | |
| ENGL 241 | Literature and Culture I: to the 18th Century | 3 |
| ENGL 242 | Literature and Culture II: from the 18th Century to the Present | 3 |
| **American Literature (1 course)** | | 3 |
| ENGL/ LITTRANS 223 | Vladimir Nabokov: Russian and American Writings | |
| ENGL 243 | American Literary Cultures | |
| ENGL/ AMER IND 246 | Literature by American Indian Women | |

| ENGL 695 | Directed Creative Writing | 3 |
| **Electives** | | 3 |
| any course from ENGL 204–699 [1] | | |
| Total Credits | | 30 |

1 excluding ENGL 207 and ENGL 236.

2 Workshops numbered 400 and higher may be repeated for credit. Students are allowed to take only one creative writing workshop per semester. All three required workshops must be completed prior to beginning the Directed Creative Writing course (ENGL 695).

# HEALTH AND THE HUMANITIES, CERTIFICATE

The humanities are about the human experience, and this certificate will give you exposure to a range of historical, cultural, and philosophical reasons why people make decisions about their health care. Everyone who comes in contact with the health care system, from health care providers to patients, needs to understand more than just the biological aspects of medicine in order to support health and wellness.

## LEARNING GOALS

After completing the certificate, you will be able to:

- Identify major developments in the history of medicine and the medical profession
- Describe how the meaning of "health" has varied over time and space
- Comprehend and evaluate complex arguments about politics, values, healthcare, and health in contemporary society
- Understand health and illness as grounded in personal experience, develop empathy for others' experiences, and use creative means to reflect on those experiences
- Display sensitivity for what health means among differently positioned people

To learn more about HatH-related resources, events, and opportunities on campus, visit our website. (https://english.wisc.edu/programs/health-and-humanities-certificate-overview)

## HOW TO GET IN

# CERTIFICATE DECLARATION REQUIREMENTS

- Must be an enrolled in an undergraduate degree program at UW-Madison
- Attend a certificate information session (https://english.wisc.edu/programs/health-and-humanities-certificate-overview/health-and-humanities-certificate-how-to-get-in).
- Complete one of these Core Courses with a grade of C or higher (see Requirements).
- Submit an application form and essay. Check our webpage (https://english.wisc.edu/programs/health-and-humanities-certificate-overview) for details about the next application cycle.
- If selected for the program, meet with the certificate advisor (https://english.wisc.edu/programs/health-and-humanities-certificate-overview/advising) to declare the certificate and plan your coursework.

# REQUIREMENTS

Total Credits Required: 15

## CORE COURSE

Complete one of the following:

| Code | Title | Credits |
|---|---|---|
| ANTHRO 265 | Introduction to Culture and Health | 3 |
| ENGL 156 | Literature and Medicine | 3 |
| HIST SCI 133 | Biology and Society, 1950 - Today | 3 |
| HIST SCI/ MED HIST 212 | Bodies, Diseases, and Healers: An Introduction to the History of Medicine | 3 |
| MED HIST/ ANTHRO 231 | Introduction to Social Medicine | 3 |
| RELIG ST 102 | Exploring Religion in Sickness and Health | 3 |

## HEALTH AND ILLNESS IN SOCIAL CONTEXT

Complete two courses with a specific focus on health and illness in social context:

| Code | Title | Credits |
|---|---|---|
| AMER IND/C&E SOC/ SOC 578 | Poverty and Place | 3 |
| ANTHRO 365 | Medical Anthropology | 3 |
| COM ARTS 317 | Rhetoric and Health | 3 |
| ENGL/ASIAN AM/ GEN&WS 463 | Race and Sexuality in American Literature | 3 |
| FRENCH 464 | Literature and Medicine in French-Speaking Cultures | 3 |
| GEN&WS 340 | Topics in LGBTQ Sexuality | 3 |
| GEN&WS 370 | Topics in Gender and Disability | 3 |
| GEN&WS 533 | Special Topics in Gender and Biology | 3 |
| GEN&WS/ HIST SCI 537 | Childbirth in the United States | 3 |
| JOURN/COM ARTS/ LSC 617 | Health Communication in the Information Age | 3 |
| MED HIST/HIST SCI/ HISTORY 504 | Society and Health Care in American History | 3 |
| MED HIST/ PHILOS 505 | Justice and Health Care | 3 |
| MED HIST/HIST SCI/ HISTORY 507 | Health, Disease and Healing I | 3-4 |
| MED HIST/HIST SCI/ HISTORY 508 | Health, Disease and Healing II | 3-4 |
| MED HIST/ HIST SCI 509 | The Development of Public Health in America | 3 |
| MED HIST/ ENVIR ST/ HIST SCI 513 | Environment and Health in Global Perspective | 3 |
| MED HIST/ PHILOS 515 | Public Health Ethics | 3 |
| MED HIST/ AFROAMER/ HIST SCI 523 | Race, American Medicine and Public Health | 3 |
| MED HIST 526 | Medical Technology and the Body | 3 |
| MED HIST/GEN&WS/ HIST SCI 531 | Women and Health in American History | 3 |
| MED HIST/GEN&WS/ HIST SCI 532 | The History of the (American) Body | 3 |
| MED HIST/ HIST SCI 550 | Medical Technologies in Historical Perspective | 3 |
| MED HIST/ PHILOS 558 | Ethical Issues in Health Care | 3 |
| MED HIST/HIST SCI/ HISTORY 564 | Disease, Medicine and Public Health in the History of Latin America and the Caribbean | 3 |
| MED HIST/ AGRONOMY/ C&E SOC/ PHILOS 565 | The Ethics of Modern Biotechnology | 3-4 |
| S&A PHM/ CLASSICS/ HIST SCI/HISTORY/ MED HIST 561 | Greek and Roman Medicine and Pharmacy | 3 |
| S&A PHM/HIST SCI/ HISTORY/MED HIST/ MEDIEVAL 562 | Byzantine Medicine and Pharmacy | 3 |
| SOC/C&E SOC 532 | Health Care Issues for Individuals, Families and Society | 3 |
| SOC/C&E SOC 533 | Public Health in Rural & Urban Communities | 3 |
| SOC 575 | Sociological Perspectives on the Life Course and Aging | 3 |

## CULTURAL COMPETENCY

Complete one course aimed at understanding the social, cultural, and linguistic needs of patients:

| Code | Title | Credits |
|---|---|---|
| AFRICAN 201 | Introduction to African Literature | 3 |
| AFRICAN 211 | The African Autobiography | 3 |
| AFRICAN 230 | Introduction to Yoruba Life and Culture | 3 |
| AFRICAN 231 | Introduction to Arabic Literary Culture | 3 |
| AFRICAN/ AFROAMER/ HISTORY/ POLI SCI 297 | African and African-American Linkages: An Introduction | 4 |
| AFRICAN/ASIAN/ RELIG ST 370 | Islam: Religion and Culture | 3-4 |
| AFRICAN 412 | Contemporary African Fiction | 3-4 |
| AFROAMER 151 | Introduction to Contemporary Afro-American Society | 3 |
| AFROAMER 155 | They: Race in American Literature | 3 |
| AFROAMER/ GEN&WS 222 | Introduction to Black Women Writers | 3 |
| AFROAMER 225 | Introduction to African American Dramatic Literature | 3 |

| | | |
|---|---|---|
| AFROAMER 227 | Masterpieces of African American Literature | 3 |
| AMER IND 100 | Introduction to American Indian Studies | 3 |
| AMER IND/ HISTORY 490 | American Indian History | 3-4 |
| AMER IND/ HDFS 522 | American Indian Families | 3 |
| ANTHRO 104 | Cultural Anthropology and Human Diversity | 3 |
| ASIAN AM 101 | Introduction to Asian American Studies | 3 |
| ASIAN AM/ AFROAMER/ AMER IND/CHICLA/ FOLKLORE 102 | Introduction to Comparative US Ethnic and American Indian Studies | 3 |
| ASIAN AM 240 | Topics in Asian American Studies | 3 |
| CHICLA 201 | Introduction to Chicana/o and Latina/o Studies | 3 |
| CHICLA 210 | Chicana/o and Latina/o Cultural Studies | 3 |
| CHICLA/ COM ARTS 347 | Race, Ethnicity, and Media | 3 |
| COM ARTS 565 | Communication and Interethnic Behavior | 3 |
| GEN&WS 101 | Gender, Women, and Cultural Representation | 3 |
| GEN&WS 102 | Gender, Women, and Society in Global Perspective | 3 |
| GEN&WS/ HISTORY 315 | Gender, Race and Colonialism | 3 |
| GEN&WS/ AFROAMER 323 | Gender, Race and Class: Women in U.S. History | 3 |
| GEN&WS/ CHICLA 332 | Latinas: Self Identity and Social Change | 3 |
| RELIG ST 101 | Religion in Global Perspective | 3 |
| SOC 125 | American Society: How It Really Works | 3-4 |
| SOC 134 | Sociology of Race & Ethnicity in the United States | 3-4 |
| SOC 138 | The Sociology of Gender | 3-4 |
| SOC/GEN&WS 200 | Introduction to Lesbian, Gay, Bisexual, Transgender and Queer+ Studies | 3-4 |
| SOC/ASIAN AM 220 | Ethnic Movements in the United States | 3-4 |
| SOC/GEN&WS 611 | Gender, Science and Technology | 3 |
| SOC/C&E SOC/ URB R PL 617 | Community Development | 3 |
| SOC/C&E SOC 623 | Gender, Society, and Politics | 3 |

### CAPSTONE

Complete one of the following health-focused service learning course:

| Code | Title | Credits |
|---|---|---|
| HIST SCI/ENGL/ MED HIST 525 | Health and the Humanities | 3 |
| NURSING 511 | Community Supports for People with Dementia | 3 |
| DANCE 331 | Dynamics of Dance Therapy | 3 |
| RP & SE 300 | Individuals with Disabilities | 3 |

## RESIDENCE AND QUALITY OF WORK

- Minimum 2.000 GPA on all Certificate courses
- At least 8 Certificate credits in residence

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. Identify major developments in the history of medicine and the medical profession.
2. Describe how the meaning of "health" has varied over time and space.
3. Comprehend and evaluate complex arguments about politics, values, healthcare, and health in contemporary society.
4. Understand health and illness as grounded in personal experience, develop empathy for others' experiences and use creative means to reflect on those experiences.
5. Develop sensitivity for what health means among differently positioned people (e.g., with respect to race, class, gender, culture, disability, age).

## ADVISING AND CAREERS

To learn more about the HatH advisor or schedule an appointment, visit advising and careers (https://english.wisc.edu/programs/health-and-humanities-certificate-overview/advising) on our website.

## PEOPLE

Certificate Director: Nicole Nelson, History

Certificate Co-Director: Judith Houck, Medical History and Bioethics

Certificate Steering Committee:

- Monique Allewaert, English
- Lisa Bratzke, School of Nursing
- Anthony Cerulli, Asian Languages and Cultures
- Jenell Johnson, Communication Arts
- Neil Kodesh, History
- Susan Lederer, Medical History and Bioethics
- Susan Nelson, Gender and Women's Studies
- Corrie Norman, Religious Studies
- Karen Redfield, English
- Dija Selimi, Center for Pre#Health Advising
- Anne Vila, French and Italian

- Claire Wendland, Anthropology
- Sunny Yudkoff, Center for Jewish Studies

# TEACHING ENGLISH TO SPEAKERS OF OTHER LANGUAGES, CERTIFICATE

A certificate in teaching English to speakers of other languages (TESOL) is available to undergraduate students who wish to teach English as a foreign or second language, normally in positions abroad. Native English speakers must have the equivalent of four college-level semesters of one language including its spoken form. For nonnative English speakers, English is the foreign language. Nonnative English speakers must have a score of at least 50 on TSE or SPEAK and or 26 on the iBt speaking section and a TOEFL score of 100 on the iBt or 600 on the paper version. A score of 84 on the MELAB or 7 on the IELTS can be substituted for the TOEFL. Students must maintain a GPA of 3.000 based on all courses except for the TESOL Workshops which are graded pass/fail.

## HOW TO GET IN

Fill out the online application and submit to the ESL office. Students should apply as early as possible (after the sophomore year if they are undergraduates) to allow enough time to complete the requirements.

Download the **Undergraduate Application**.

Academic requirements for the program are:

**For Undergraduates:** Enrollment in any one of the required certificate courses and a degree program at UW–Madison.

Native English speakers must show completion of four college-level semesters of one language (prior to or completed concurrently with certificate coursework).

Nonnative English speakers are required to show English language proficiency in the following ways:

- A minimum score of 50 on TSE or SPEAK or an iBy score of 26 on the speaking section of the TOEFL
- A minimum score of 100 on the TOEFL iBT or 600 on the paper-based version of the TOEFL or 7 on the IELTS (International English Language Testing System) can be substituted for the TOEFL.

## REQUIREMENTS

## REQUIREMENTS FOR THE CERTIFICATE

**21 credits of course work include:**

| Code | Title | Credits |
|---|---|---|
| Foundation Courses | | |
| ENGL 314 | Structure of English | 3 |
| ENGL 315 | English Phonology | 3 |
| ENGL 415 | Introduction to TESOL Methods | 3 |
| Second Language Acquisition and Teaching Courses | | |
| ENGL 318 | Second Language Acquisition | 3 |
| ENGL 515 | Techniques and Materials for TESOL | 3 |
| Students must take 3 credits of TESOL Workshops during the same semester. Each spring, three of the six 1-credit workshops are offered in alternate years: | | 3 |
| ENGL 613 | TESOL: Pedagogical Grammar I | |
| ENGL 614 | TESOL: Pedagogical Grammar II | |
| ENGL 615 | TESOL: Teaching Listening and Speaking | |
| ENGL 616 | TESOL: Teaching of Reading | |
| ENGL 617 | TESOL: Teaching of Writing | |
| ENGL 618 | TESOL: Teaching Pronunciation | |
| Social Perspectives on English Courses (choose one of the following four courses): | | 3 |
| ENGL 316 | English Language Variation in the U.S. | |
| ENGL 414 | Global Spread of English | |
| ENGL 416 | English in Society | |
| ENGL/ GEN&WS 419 | Gender and Language | |
| Total Credits | | 21 |

## RESIDENCE AND QUALITY OF WORK

- Minimum 3.000 cumulative GPA in all courses approved for the certificate
- At least 11 credits for the certificate must be earned In residence

## UNDERGRADUATE/SPECIAL STUDENT CERTIFICATES

This certificate may be completed within the context of an undergraduate degree or as a Special student after an undergraduate degree has been awarded from any institution. The certificate may be completed in its entirety while enrolled as a Special student. Candidates are encouraged to contact the certificate coordinator to discuss course enrollment and the sequencing of certificate requirements.

## LEARNING OUTCOMES

1. Demonstrate knowledge in the historical trends in the field, the theoretical underpinnings and the role of English in society and as an international language.
2. Become familiar with the sound and grammatical systems of English.
3. Understand an apply basic principles in the teaching of reading, writing, listening and speaking.
4. Understand the principles of second language acquisition.
5. Construct and execute well-crafted lesson plans.

# ENVIRONMENTAL STUDIES

## DEGREES/MAJORS/CERTIFICATES

- Environmental Studies Major (p. 693)

# ENVIRONMENTAL STUDIES MAJOR

## WHY CHOOSE AN ENVIRONMENTAL STUDIES MAJOR?

The Gaylord Nelson Institute for Environmental Studies is one of the world's leading institutions for environmental studies and is the administrative home for the major. The major offers a robust and interdisciplinary curriculum that spans all contemporary disciplines that touch upon the environment. The curriculum includes biological sciences, physical sciences, and social sciences, as well as humanities, history, health, and modern culture.

The environmental studies major, offered by the College of Letters & Science and administered by the Nelson Institute for Environmental Studies, provides unique opportunities for undergraduate students to broaden their studies through interdisciplinary coursework related to the environment. **The major must always be completed in tandem with a second major.** This requirement is unique to the environmental studies major and allows undergraduates the opportunity to both broaden and deepen the focus of their other major with a perspective on the environment that spans a wide range of topics, and involves varying depths of application.

The major includes experiential learning opportunities via the capstone course and the field requirement, and encourages global interaction through study or internships abroad. With numerous travel abroad possibilities and ongoing access to a large selection of extracurricular events, graduates have countless combinations available to them. The outcome is a solid academic foundation in the study of the environment and access to a network of multidisciplinary problem-solving colleagues.

In today's world, the program prepares students to address modern challenges using interdisciplinary problem-solving approaches, applying both an understanding of, and practical experience beyond, a single academic discipline. Employers purposefully seek individuals with interdisciplinary and international preparation, and environmental studies students are ready to meet that need.

Click here to see a complete list of faculty and staff affiliated with the Nelson Institute (http://nelson.wisc.edu/people).

The Nelson Institute also offers two undergraduate certificates:

Environmental Studies Certificate (p. 1362)
Sustainability Certificate (p. 1368)

**Note: Students may not pair the environmental studies major with the environmental studies certificate or the sustainability certificate.**

## HOW TO GET IN

## DECLARING THE MAJOR

Students interested in declaring the environmental studies major should request a major declaration appointment. Information about declaring the major can be found at undergraduate advising (https://nelson.wisc.edu/undergraduate/advising.php).

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## SCHOOL/COLLEGE REQUIREMENTS

The Environmental Studies major is always paired with another major. Please refer to the School/College degree requirements of the other major to learn about degree requirements or consult an advisor.

## REQUIREMENTS FOR THE MAJOR

The environmental studies major provides students with an academically rigorous course sequence that encompasses introductory through advanced understandings of the interdisciplinary field of environmental studies. Students must have a declared primary major, and are allowed to apply a portion of course work from that major for the environmental

studies major, making it possible to complete their degree within four years.

- **30 credits in the major as defined below.**
- Declare and complete a primary major. **Students must have a primary major declared before reaching senior standing (86 credits) or the environmental studies major may be canceled.**
- At least 15 credits taken for the environmental studies major must be distinct, and not also meeting minimum requirements in another major.
- Students outside the College of Letters & Science may have to meet additional overlap requirements.

## FOUNDATION (12–16 CREDITS)

**One course from each of the following four areas**. Courses used to meet a requirement within the foundation section cannot also be used in other areas of the curriculum.

### Environmental Humanities (1 course)

| Code | Title | Credits |
|---|---|---|
| ENVIR ST 113 | Environmental Studies: The Humanistic Perspective | 3 |
| ENVIR ST/HIST SCI/ HISTORY 125 | Green Screen: Environmental Perspectives through Film | 3 |
| ENVIR ST/ RELIG ST 270 | The Environment: Religion & Ethics | 3-4 |
| HISTORY/ENVIR ST/ GEOG 460 | American Environmental History | 4 |
| ENVIR ST/ HISTORY 465 | Global Environmental History | 3-4 |

### Environmental Social Science (1 course)

| Code | Title | Credits |
|---|---|---|
| ENVIR ST 112 | Environmental Studies: The Social Perspective | 3 |
| ENVIR ST/GEOG 139 | Global Environmental Issues | 3 |
| SOC/C&E SOC 140 | Introduction to Community and Environmental Sociology | 3 |
| ENVIR ST/A A E 244 | The Environment and the Global Economy | 4 |
| SOC/C&E SOC/ F&W ECOL 248 | Environment, Natural Resources, and Society | 3 |
| ENVIR ST/GEOG 339 | Environmental Conservation | 4 |

### Environmental Physical Science (1 course)

| Code | Title | Credits |
|---|---|---|
| ATM OCN 100 | Weather and Climate | 3 |
| ATM OCN 101 | Weather and Climate | 4 |
| ENVIR ST/ GEOSCI 106 | Environmental Geology | 3 |
| PHYSICS 115 | Energy | 3 |
| ENVIR ST/GEOG 120 | Introduction to the Earth System | 3 |
| ENVIR ST/ILS 126 | Principles of Environmental Science * | 4 |
| ENVIR ST/GEOG 127 | Physical Systems of the Environment * | 5 |
| SOIL SCI/ ATM OCN 132 | Earth's Water: Natural Science and Human Use | 3 |
| ENVIR ST/GEOG/ SOIL SCI 230 | Soil: Ecosystem and Resource | 3 |
| ENVIR ST 250 | Introduction to Sustainability Science | 3 |
| SOIL SCI 301 | General Soil Science * | 4 |
| ENVIR ST/ATM OCN/ GEOG 332 | Global Warming: Science and Impacts | 3 |
| ENVIR ST/ATM OCN/ GEOG/GEOSCI 335 | Climatic Environments of the Past | 3 |

* Counts as a designated field course to fulfill Field Experience.

### Environmental Ecology (1 course)

| Code | Title | Credits |
|---|---|---|
| GEOSCI 110 | Evolution and Extinction | 4 |
| BOTANY 240 | Plants and Humans | 3 |
| ENVIR ST/BOTANY/ ZOOLOGY 260 | Introductory Ecology | 3 |
| F&W ECOL 401 | Physiological Animal Ecology | 3 |
| F&W ECOL/BOTANY/ ZOOLOGY 460 | General Ecology * | 4 |
| F&W ECOL 550 | Forest Ecology | 3 |

* Counts as a designated field course to fulfill Field Experience.

## THEME (15 CREDITS)

**Five courses and 15 credits** from any of the areas below. Courses may be concentrated in one area or distributed across multiple areas. Courses applied to the thematic areas cannot also be used in Foundation or Capstone.

### Biodiversity

| Code | Title | Credits |
|---|---|---|
| F&W ECOL 110 | Living with Wildlife - Animals, Habitats, and Human Interactions | 3 |
| GEOSCI 110 | Evolution and Extinction | 4 |
| ENVIR ST/ ENTOM 201 | Insects and Human Culture-a Survey Course in Entomology | 3 |
| BOTANY 240 | Plants and Humans | 3 |
| ENVIR ST/BOTANY/ ZOOLOGY 260 | Introductory Ecology | 3 |
| ENTOM/ ZOOLOGY 302 | Introduction to Entomology | 4 |
| GEOG/BOTANY 338 | Environmental Biogeography | 3 |

* Counts as a designated field course to fulfill Field Experience.

## FIELD EXPERIENCE

The field experience in the Environmental Studies major can be met in one of the following ways:

- A designated field course selected from the curriculum above, indicated by an asterisk (*)
- Participation in an environmental study abroad program where 50% or more of the contact hours are in an out-of-doors situation (see your advisor)
- Participation in an environmental internship or similar experience where 50% or more of the contact hours are in an out-of-doors situation (field form summary **must** be submitted)

## CAPSTONE REQUIREMENT (3 CREDITS)

**3 credits from:**

| Code | Title | Credits |
|---|---|---|
| ENVIR ST/ SOIL SCI 575 | Assessment of Environmental Impact | 3 |
| ENVIR ST/ POP HLTH 560 | Health Impact Assessment of Global Environmental Change | 3 |
| ENVIR ST 600 | Environmental Studies Major Capstone | 3 |
| ENVIR ST/A A E/ F&W ECOL 652 | Decision Methods for Natural Resource Managers | 3-4 |

In some cases, a 3-credit research project for a minimum that meets specific criteria of an environmental capstone course may be substituted for the Capstone requirement. If you and a faculty member believe that you have a suitable project, please contact undergrad@nelson.wisc.edu for more information.

## RESIDENCE & QUALITY OF WORK IN THE MAJOR

- 2.000 GPA in all ENVIR ST courses and courses in the major
- 2.000 GPA on 15 upper-level major credits, taken in Residence. Intermediate and Advanced level courses in the major are considered upper level.
- 15 credits in the ENVIR ST or in the major, taken on campus (at UW–Madison)

# HONORS IN THE MAJOR

Honors in the Major is not available in Environmental Studies.

## LEARNING OUTCOMES

1. Explain the social and historical processes that impact our current environments. Interpret the meanings, values, and aesthetics that are created, shaped, and revealed as humans interact with and modify the environments they inhabit.
2. Explain ecological processes and fundamental principles of environmental sciences relating to humanity's key environmental challenges of the past, present, and future.
3. Apply perspectives and techniques drawn from a coordinate major to develop interdisciplinary responses to environmental questions.
4. Recognize through critical thinking a diversity of viewpoints, ethical commitments, and disciplinary approaches to environmental concerns across various scales from the local to the global.
5. Demonstrate excellent reading, writing, communication, and research skills, both individually and in interdisciplinary teams.

## FOUR-YEAR PLAN

# SAMPLE FOUR-YEAR PLAN

The Sample Four-Year Plan is a tool to assist you and your advisor(s). Use it along with your DARS report and the Course Guide. You will make your own Four-Year Plan based on your placement scores, incoming credits, and individual interests. As you become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, you might adjust the order of your courses to make room for these experiences. You will likely revise your 4-year plan several times during college.

**Freshman**

| Fall | Credits | Spring | Credits |

Total Credits 120

## ADVISING AND CAREERS

Environmental studies students are represented in majors all across campus and in most undergraduate schools and colleges. Environmental studies majors should utilize the career office for their home school as appropriate. All students, not just L&S students, can also benefit from SuccessWorks at the College of Letters & Science.

We encourage our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks to help you leverage the academic skills learned in your major and liberal arts degree, explore and try out different career paths, participate in internships, prepare for the job search and/or graduate school applications, and network with professionals in the field (alumni and employers).

Letters & Science graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

# FRENCH AND ITALIAN

The programs in French and Italian are multifaceted, with an array of courses in language, culture, film, literature, and professional communication. Students may begin the study of French or Italian in college or continue it at any level for which they are prepared. For French, a placement test is highly recommended. Questions about placement should be addressed to an academic advisor or the SOAR (Student Orientation, Advising, and Registration) foreign language consultant.

## GRADUATE PROGRAMS

Students interested in graduate programs in French and Italian should inquire at the graduate coordinator's office (608 Van Hise, 262-6971) or via the department website (http://frit.wisc.edu/graduate).

**Affiliated Graduate Programs**. For information about the PFMP (Professional French Master's Program), see the PFMP website (http://pfmp.wisc.edu) or call 262-6971. For information about the Ph.D. in Second Language Acquisition (SLA), see the Language Institute website (http://languageinstitute.wisc.edu).

## STUDY ABROAD

For information about study abroad programs, see International Academic Programs (http://www.wisc.edu/studyabroad) and programs in the student's school or college.

## DEGREES/MAJORS/CERTIFICATES

- French, B.A. (p. 701)
- French, B.S. (p. 707)
- French, Certificate (p. 713)
- Italian, B.A. (p. 714)
- Italian, B.S. (p. 718)
- Italian, Certificate (p. 723)

## PEOPLE

### FRENCH

Professors Bousquet, Debaisieux, Goodkin, Langer, Miernowski, Songolo, Tochon, Vatan, Vila

Associate Professors El Nossery, Willis Allen

Assistant Professors Armstrong, Dima, Gipson

Faculty Associates Deitz, Irving

Senior Lecturer Miernowska

### ITALIAN

Professors Buccini, Livorni, Rumble

Associate Professors Menechella, Phillips-Court, Todorovic

## RESOURCES AND SCHOLARSHIPS

## FRENCH HOUSE

La Maison Française (http://uwfrenchhouse.org), a francophone (French-speaking) residence hall and cultural center, is managed by the Department of French and Italian. Residence is open to UW–Madison students with the equivalent of a fourth-semester level of French. At least two native French graduate students reside in the house, aiding in conversation and facilitating the use of French. Most residents are Americans: prospective teachers of French, French majors, and students in other disciplines who want to speak French on a daily basis. Applications should be made well in advance. More information is available at uwfrenchhouse.org.

The French House is open for lunch, Monday - Friday, for all UW-Madison students. Students wishing to receive a credit for FRENCH 301 or FRENCH 302 must attend 4 times per week on average.

The French House is open to the public for Wednesday dinner and Friday lunch during the academic year.

## PIAZZA ITALIA

The department sponsors Piazza Italia (https://www.housing.wisc.edu/residencehalls-lc-ilc-languagehouses.htm), the Italian floor in the Lakeshore residence halls. An Italian graduate student serves as the resident house fellow, facilitating conversation in Italian and assisting a faculty member in a special 1-credit course on Italian culture. Students studying Italian will find a collegial atmosphere at Piazza Italia, which features special Italian-oriented programming including films, lectures, games, current events material, and regular meals "all'italiana" with guests from the Italian program. Piazza Italia is part of the International Learning Community (ILC) (https://www.housing.wisc.edu/residence-halls/learning-communities/international), which is dedicated to enriching cross-cultural understanding through a variety of social and educational programs.

## CLUBS AND OTHER ACTIVITIES

### French

French conversation groups and The French Ambassadors (http://frit.wisc.edu/undergraduate/french/ambassadors), a student

organization, give students the opportunity to converse in French and participate in cultural events. Undergraduates are also welcome at scholarly talks and department events on an array of subjects (see department website (https://www.frit.wisc.edu) and the French House website (http://uwfrenchhouse.org) for event details).

### Italian

Caffè Culturale (https://www.facebook.com/events/1100461163336722), an Italian conversation group, gives students the opportunity to converse in Italian, while the Italian Club (https://www.facebook.com/groups/28276254670) allows students to participate in cultural events on campus and in the community. Cineteca Italiana (https://www.facebook.com/UWCineteca/?fref=ts) organizes weekly screenings of Italian films. Undergraduates are also welcome at scholarly talks and department events on an array of subjects (see department website (https://www.frit.wisc.edu) for event details).

# FRENCH, B.A.

The French program at UW–Madison offers students opportunities for cultural and literary learning about the French-speaking world through dynamic, in-class experiences and extracurricular components such as the French House, an immersion residence hall and cultural center, and the French Ambassador program, a student organization that engages students with French and Francophone cultural events in and around Madison.

Students intending to major in French or complete the certificate enter the program at the appropriate level depending on their language proficiency.

- The French major includes two prerequisite courses (FRENCH 228 and FRENCH 271) followed by 24 credits in French.
- The French certificate includes two core courses (FRENCH 228 and FRENCH 271) followed by three additional courses at the 311 level or above.

The majority of UW–Madison French majors or certificate students complete their requirements through a combination of courses taken on campus and abroad with a UW–Madison-sponsored program.

Students have the option to take a class for Honors at almost all levels. For more information, please see the department website and/or consult a department advisor.

## INTRODUCTORY AND INTERMEDIATE FRENCH LANGUAGE SEQUENCE

| Code | Title | Credits |
|---|---|---|
| FRENCH 101 | First Semester French | 4 |
| FRENCH 102 | Second Semester French | 4 |
| FRENCH 201 | French for Speakers of Other Romance Languages | 4 |
| FRENCH 203 | Third Semester French | 4 |
| FRENCH 204 | Fourth Semester French | 4 |
| FRENCH 227 | Exploring French: Intermediate-Level Course for Entering Students | 3 |
| FRENCH 228 | Intermediate Language and Culture | 3-4 |

**After FRENCH 228, courses focus on language, culture, and literature.**

## ADVANCED COURSES IN LANGUAGE

| Code | Title | Credits |
|---|---|---|
| FRENCH 301 & FRENCH 302 | Practical French Conversation and Practical French Conversation | 2 |
| FRENCH 311 | Advanced Composition and Conversation | 3 |
| FRENCH 312 | Advanced Oral and Written Expression: Writing Across the Humanities | 3 |
| FRENCH/ INTL BUS 313 | Professional Communication and Culture in the Francophone World | 3 |
| FRENCH/ INTL BUS 314 | Contemporary Issues in Government, Organizations, and Enterprise | 3 |
| FRENCH/ INTL BUS 315 | Advanced Interdisciplinary Studies in Professional Communication | 3 |
| FRENCH 350 | Applied French Language Studies | 1-3 |
| FRENCH 590 | Advanced Phonetics | 3 |

## ADVANCED COURSES IN CULTURE

| Code | Title | Credits |
|---|---|---|
| FRENCH 347 | Introduction to Medieval, Renaissance, and Early Modern Civilization | 3 |
| FRENCH 348 | Modernity Studies | 3 |
| FRENCH 449 | Francophone Modernity Studies | 3 |
| FRENCH 451 | Medieval, Renaissance, and Early Modern Studies | 3 |
| FRENCH 462 | French/Francophone Cultural Studies Across the Centuries | 3 |
| FRENCH 568 | Undergraduate Seminar in French/ Francophone Cultural Studies | 3 |

## ADVANCED COURSES IN LITERATURE

| Code | Title | Credits |
|---|---|---|
| FRENCH 321 | Introduction to Medieval, Renaissance, and Early Modern Literature | 3 |
| FRENCH 322 | Introduction to Literature of Modernity | 3 |
| FRENCH 430 | Readings in Medieval and Renaissance Literature | 3 |
| FRENCH 431 | Readings in Early Modern Literature | 3 |
| FRENCH 433 | Readings in Twentieth and Twenty-First Century Literature | 3 |
| FRENCH 461 | French/Francophone Literary Studies Across the Centuries | 3 |
| FRENCH 472 | French/Francophone Literature and Women | 3 |
| FRENCH 567 | Undergraduate Seminar in French/ Francophone Literary Studies | 3 |
| FRENCH 595 | Theory and Practice of French/ Francophone Drama | 4 |
| FRENCH 681 & FRENCH 682 | Senior Honors Thesis and Senior Honors Thesis | 6 |

| | | |
|---|---|---|
| FRENCH 698 | Directed Study | 1-6 |
| FRENCH 699 | Directed Study | 1-6 |

French courses at the 600 level or above (not including those listed above) are primarily graduate courses and require permission of an undergraduate advisor and the instructor.

### COURSES TAUGHT IN ENGLISH

The following are introductory culture courses taught in English and do not count for credit toward the major or the certificate in French:

| Code | Title | Credits |
|---|---|---|
| FRENCH 211 | French Interdisciplinary Studies | 3 |
| FRENCH 240 | Immigration and Expression | 3 |
| FRENCH 248 | Ethnic Studies in the French/ Francophone World(s) | 3 |
| FRENCH/CLASSICS/ HISTORY/ITALIAN/ MEDIEVAL 550 | Advanced Interdisciplinary Studies in Medieval Civilization | 3 |

For information on teacher training in French, see the School of Education (p. 1448) section in the *Guide*.

For courses in French literature in translation, see the Literature in Translation (http://guide.wisc.edu/courses/littrans) course listing.

## HOW TO GET IN

Students can declare the French major at any time.

Students are strongly encouraged to consult with a French advisor as early as possible to discuss various paths available to complete the requirements. Studying abroad is not an impediment to completing the French major within four years.

French is a manageable and popular major for students who are also pursuing other majors ranging across the humanities, social sciences, and natural sciences. In the past ten years, more than 80% of French majors were awarded at least one other major at graduation.

For more information, contact a French advisor (http://frit.wisc.edu/undergraduate/french/academic_advising).

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B *<br><br>* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements. |

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |

|---|---|
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## INTRODUCTORY (PREREQUISITE) COURSES

| Code | Title | Credits |
|---|---|---|
| FRENCH 228 | Intermediate Language and Culture | 3-4 |
| FRENCH 271 | Introduction to Literary Analysis | 3-4 |
| Total Credits | | 6-8 |

## TOTAL CREDITS

To complete the French major, **24 credits** are needed beyond the introductory (prerequisite) courses, at the 300 level or above. Literature in Translation (LITTRANS) courses do not count toward the major.

## REQUIRED FRENCH/FRANCOPHONE LITERATURE AND CULTURE

| Code | Title | Credits |
|---|---|---|
| FRENCH 321 | Introduction to Medieval, Renaissance, and Early Modern Literature | 3 |
| FRENCH 322 | Introduction to Literature of Modernity | 3 |
| FRENCH 347 | Introduction to Medieval, Renaissance, and Early Modern Civilization | 3 |
| or FRENCH 451 | Medieval, Renaissance, and Early Modern Studies | |
| Total Credits | | 9 |

## AT LEAST ONE FRENCH/FRANCOPHONE LITERATURE AND/OR CULTURE COURSE AT THE 400 LEVEL OR HIGHER

**Complete One course from:**

| Code | Title | Credits |
|---|---|---|
| FRENCH 430 | Readings in Medieval and Renaissance Literature | 3 |
| FRENCH 431 | Readings in Early Modern Literature | 3 |
| FRENCH 433 | Readings in Twentieth and Twenty-First Century Literature | 3 |
| FRENCH/ AFRICAN 440 | African/Francophone Film | 3 |
| FRENCH 449 | Francophone Modernity Studies | 3 |
| FRENCH 451 | Medieval, Renaissance, and Early Modern Studies | 3 |
| FRENCH 461 | French/Francophone Literary Studies Across the Centuries | 3 |
| FRENCH 462 | French/Francophone Cultural Studies Across the Centuries | 3 |
| FRENCH 465 | French/Francophone Film | 3 |
| FRENCH 467 | Aspects of Contemporary French Literature | 3 |
| FRENCH 472 | French/Francophone Literature and Women | 3 |
| FRENCH 567 | Undergraduate Seminar in French/ Francophone Literary Studies | 3 |
| FRENCH 568 | Undergraduate Seminar in French/ Francophone Cultural Studies | 3 |
| FRENCH 595 | Theory and Practice of French/ Francophone Drama | 4 |
| FRENCH 615 | Grammaire avancee | 3 |
| FRENCH 616 | Social Responsibility in Contemporary French-Language Professional Writing | 3 |
| FRENCH 617 | Contemporary Skill Set Literature in French | 3 |
| FRENCH 618 | Career Strategies for the French-Speaking World | 2 |
| FRENCH 623 | Communication orale en situations professionnelles | 3 |
| FRENCH 626 | Critical Approaches to French Literature | 3 |
| FRENCH 630 | Le Siecle des Lumieres | 3 |
| FRENCH 631 | Litterature Francaise Du XVIIIe Siecle | 3 |
| FRENCH 633 | Le Roman Au XVIIIe Siecle | 3 |
| FRENCH 636 | Le Roman Francais 1850-1900 | 3 |
| FRENCH 637 | La Littérature française du XIXe siècle | 3 |
| FRENCH 639 | La Litterature Du XVIIe Siecle | 3 |
| FRENCH 640 | La Litterature Du XVIIe Siecle | 3 |
| FRENCH 642 | Culture et sociétés dans le monde francophone | 3 |
| FRENCH 645 | La Litterature Francaise du XVIe Siecle | 3 |
| FRENCH 646 | La Litterature Francaise du XVIe Siecle | 3 |
| FRENCH 647 | Le Roman Francais au XXe Siecle | 3 |
| FRENCH 653 | Cinéma français/francophone | 3 |
| FRENCH 657 | La Poesie Francaise du XIXe Siecle | 3 |
| FRENCH 665 | Introduction aux etudes francophones | 3 |
| FRENCH 671 | La Critique Litteraire | 3 |
| FRENCH 681 | Senior Honors Thesis | 3 |
| FRENCH 682 | Senior Honors Thesis | 3 |

| | | |
|---|---|---|
| FRENCH 691 | Thesis | 2 |
| FRENCH 692 | Thesis | 2 |

## ADDITIONAL FRENCH/FRANCOPHONE LITERATURE AND/OR CULTURE

**Complete One course from:**

| Code | Title | Credits |
|---|---|---|
| FRENCH/ INTL BUS 313 | Professional Communication and Culture in the Francophone World | 3 |
| FRENCH/ INTL BUS 314 | Contemporary Issues in Government, Organizations, and Enterprise | 3 |
| FRENCH/ INTL BUS 315 | Advanced Interdisciplinary Studies in Professional Communication | 3 |
| FRENCH 325 | Visual Culture in French/ Francophone Studies | 3 |
| FRENCH 348 | Modernity Studies | 3 |
| FRENCH 350 | Applied French Language Studies | 1-3 |
| FRENCH 361 | Study Abroad: French/Francophone Literature | 2-3 |
| FRENCH 362 | Study Abroad: French/Francophone Civilization | 2-3 |
| FRENCH 430 | Readings in Medieval and Renaissance Literature | 3 |
| FRENCH 431 | Readings in Early Modern Literature | 3 |
| FRENCH 433 | Readings in Twentieth and Twenty-First Century Literature | 3 |

## LANGUAGE COURSE NUMBERED 300 OR ABOVE

**Complete One course from:**

| Code | Title | Credits |
|---|---|---|
| FRENCH 311 | Advanced Composition and Conversation | 3 |
| FRENCH 312 | Advanced Oral and Written Expression: Writing Across the Humanities | 3 |
| FRENCH/ INTL BUS 313 | Professional Communication and Culture in the Francophone World | 3 |
| FRENCH/ INTL BUS 314 | Contemporary Issues in Government, Organizations, and Enterprise | 3 |
| FRENCH/ INTL BUS 315 | Advanced Interdisciplinary Studies in Professional Communication | 3 |
| FRENCH 316 | Study Abroad: Advanced French Language | 2-6 |
| FRENCH 350 | Applied French Language Studies | 1-3 |
| FRENCH 590 | Advanced Phonetics | 3 |

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all FRENCH and major courses
- 2.000 GPA on at least 15 credits of upper-level work in the major, taken in residence (FRENCH 300 and higher are considered upper-level in the major)
- 15 credits in FRENCH taken on campus at UW–Madison

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with a French undergraduate advisor.

#### HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA for all FRENCH courses and all courses counting in the major
- Complete at least 8 credits, taken for Honors, beyond FRENCH 271[1]
- Complete a two-semester Senior Honors Thesis in FRENCH 681 and FRENCH 682, for a total of 6 credits[2]

[1] Study abroad in France or in another French-speaking country is highly recommended, and the 8 credits taken for Honors can be fulfilled through French courses taken abroad at the appropriate level.

[2] In certain circumstances (particularly when the student is an Honors candidate in two or more departments), two courses in literature or cultural studies at the 500 or 600 level may be substituted for the Senior Honors Thesis.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Demonstrate that they understand and can analyze literary and non-literary texts in French representing a broad spectrum of topics, time periods, and geographical regions (interpretive communication).
2. Express themselves effectively in spoken and written French to inform, persuade, and narrate for different audiences of listeners, viewers, or readers (presentational communication).
3. Express themselves effectively in spoken and written French to share information, reactions, and opinions related to a broad spectrum of topics and texts (interpersonal communication).
4. Recognize and explain cultural artifacts, practices, and perspectives of the French-speaking world including how these cultural elements relate to literary and non-literary texts in French (cultural knowledge).
5. Demonstrate a good degree of understanding of lexical, grammatical, syntactic, and stylistic features of the French language (linguistic knowledge).
6. Demonstrate awareness of difference and diversity by comparing and contrasting culturally situated beliefs, behaviors, and norms of the French-speaking world with those found in their own culture (cross-cultural awareness).
7. Engage in a sustained fashion with the French language, its users, and cultural artifacts in and beyond the classroom, e.g., in their own community, virtual communities, and study abroad (engagement with the French language and culture).

# FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |

Total Credits 120

## ADVISING AND CAREERS

The Department of French and Italian encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

### ADVISING RESOURCES

- For information on language proficiency, language placement, and retrocredits, please see the French and Italian department website (http://frit.wisc.edu/undergraduate/french/placement) or the Language Institute (http://languages.wisc.edu/advising) website.
- For language and international directions advising, please contact the International Directions Advisor in the Language Institute (http://languages.wisc.edu/languageadvising).
- For advising on the French Major or Certificate, please contact a French advisor (http://frit.wisc.edu/undergraduate/french/academic_advising).

## PEOPLE

### FRENCH

Professors Bousquet, Debaisieux, Goodkin, Langer, Miernowski, Tochon, Vatan, Vila

Associate Professors El Nossery, Willis Allen

Assistant Professors Armstrong, Dima, Gipson

Faculty Associates Deitz, Irving

Senior Lecturer Miernowska

## RESOURCES AND SCHOLARSHIPS

# FRENCH HOUSE

La Maison Française (http://uwfrenchhouse.org), a francophone (French-speaking) residence hall and cultural center, is managed by the Department of French and Italian. Residence is open to UW–Madison students with the equivalent of a fourth-semester level of French. At least two native French graduate students reside in the house, aiding in conversation and facilitating the use of French. Most residents are Americans: prospective teachers of French, French majors, and students in other disciplines who want to speak French on a daily basis. Applications should be made well in advance. More information is available at uwfrenchhouse.org.

The French House is open for lunch, Monday - Friday, for all UW-Madison students. Students wishing to receive a credit for FRENCH 301 or FRENCH 302 must attend 4 times per week on average.

The French House is open to the public for Wednesday dinner and Friday lunch during the academic year.

# PIAZZA ITALIA

The department sponsors Piazza Italia (https://www.housing.wisc.edu/residencehalls-lc-ilc-languagehouses.htm), the Italian floor in the Lakeshore residence halls. An Italian graduate student serves as the resident house fellow, facilitating conversation in Italian and assisting a faculty member in a special 1-credit course on Italian culture. Students studying Italian will find a collegial atmosphere at Piazza Italia, which features special Italian-oriented programming including films, lectures, games, current events material, and regular meals "all'italiana" with guests from the Italian program. Piazza Italia is part of the International Learning Community (ILC) (https://www.housing.wisc.edu/residence-halls/learning-communities/international), which is dedicated to enriching cross-cultural understanding through a variety of social and educational programs.

# CLUBS AND OTHER ACTIVITIES

### French

French conversation groups and The French Ambassadors (http://frit.wisc.edu/undergraduate/french/ambassadors), a student organization, give students the opportunity to converse in French and participate in cultural events. Undergraduates are also welcome at scholarly talks and department events on an array of subjects (see

department website (https://www.frit.wisc.edu) and the French House website (http://uwfrenchhouse.org) for event details).

### Italian

Caffè Culturale (https://www.facebook.com/events/1100461163336722), an Italian conversation group, gives students the opportunity to converse in Italian, while the Italian Club (https://www.facebook.com/groups/28276254670) allows students to participate in cultural events on campus and in the community. Cineteca Italiana (https://www.facebook.com/UWCineteca/?fref=ts) organizes weekly screenings of Italian films. Undergraduates are also welcome at scholarly talks and department events on an array of subjects (see department website (https://www.frit.wisc.edu) for event details).

# FRENCH, B.S.

The French program at UW–Madison offers students opportunities for cultural and literary learning about the French-speaking world through dynamic, in-class experiences and extracurricular components such as the French House, an immersion residence hall and cultural center, and the French Ambassador program, a student organization that engages students with French and Francophone cultural events in and around Madison.

Students intending to major in French or complete the certificate enter the program at the appropriate level depending on their language proficiency.

- The French major includes two prerequisite courses (FRENCH 228 and FRENCH 271) followed by 24 credits in French.
- The French certificate includes two core courses (FRENCH 228 and FRENCH 271) followed by three additional courses at the 311 level or above.

The majority of UW–Madison French majors or certificate students complete their requirements through a combination of courses taken on campus and abroad with a UW–Madison-sponsored program.

Students have the option to take a class for Honors at almost all levels. For more information, please see the department website and/or consult a department advisor.

## INTRODUCTORY AND INTERMEDIATE FRENCH LANGUAGE SEQUENCE

| Code | Title | Credits |
|---|---|---|
| FRENCH 101 | First Semester French | 4 |
| FRENCH 102 | Second Semester French | 4 |
| FRENCH 201 | French for Speakers of Other Romance Languages | 4 |
| FRENCH 203 | Third Semester French | 4 |
| FRENCH 204 | Fourth Semester French | 4 |
| FRENCH 227 | Exploring French: Intermediate-Level Course for Entering Students | 3 |
| FRENCH 228 | Intermediate Language and Culture | 3-4 |

**After FRENCH 228, courses focus on language, culture, and literature.**

## ADVANCED COURSES IN LANGUAGE

| Code | Title | Credits |
|---|---|---|
| FRENCH 301 & FRENCH 302 | Practical French Conversation and Practical French Conversation | 2 |
| FRENCH 311 | Advanced Composition and Conversation | 3 |
| FRENCH 312 | Advanced Oral and Written Expression: Writing Across the Humanities | 3 |
| FRENCH/ INTL BUS 313 | Professional Communication and Culture in the Francophone World | 3 |
| FRENCH/ INTL BUS 314 | Contemporary Issues in Government, Organizations, and Enterprise | 3 |
| FRENCH/ INTL BUS 315 | Advanced Interdisciplinary Studies in Professional Communication | 3 |
| FRENCH 350 | Applied French Language Studies | 1-3 |
| FRENCH 590 | Advanced Phonetics | 3 |

## ADVANCED COURSES IN CULTURE

| Code | Title | Credits |
|---|---|---|
| FRENCH 347 | Introduction to Medieval, Renaissance, and Early Modern Civilization | 3 |
| FRENCH 348 | Modernity Studies | 3 |
| FRENCH 449 | Francophone Modernity Studies | 3 |
| FRENCH 451 | Medieval, Renaissance, and Early Modern Studies | 3 |
| FRENCH 462 | French/Francophone Cultural Studies Across the Centuries | 3 |
| FRENCH 568 | Undergraduate Seminar in French/ Francophone Cultural Studies | 3 |

## ADVANCED COURSES IN LITERATURE

| Code | Title | Credits |
|---|---|---|
| FRENCH 321 | Introduction to Medieval, Renaissance, and Early Modern Literature | 3 |
| FRENCH 322 | Introduction to Literature of Modernity | 3 |
| FRENCH 430 | Readings in Medieval and Renaissance Literature | 3 |
| FRENCH 431 | Readings in Early Modern Literature | 3 |
| FRENCH 433 | Readings in Twentieth and Twenty-First Century Literature | 3 |
| FRENCH 461 | French/Francophone Literary Studies Across the Centuries | 3 |
| FRENCH 472 | French/Francophone Literature and Women | 3 |
| FRENCH 567 | Undergraduate Seminar in French/ Francophone Literary Studies | 3 |
| FRENCH 595 | Theory and Practice of French/ Francophone Drama | 4 |
| FRENCH 681 & FRENCH 682 | Senior Honors Thesis and Senior Honors Thesis | 6 |

| | | |
|---|---|---|
| FRENCH 698 | Directed Study | 1-6 |
| FRENCH 699 | Directed Study | 1-6 |

French courses at the 600 level or above (not including those listed above) are primarily graduate courses and require permission of an undergraduate advisor and the instructor.

### COURSES TAUGHT IN ENGLISH

The following are introductory culture courses taught in English and do not count for credit toward the major or the certificate in French:

| Code | Title | Credits |
|---|---|---|
| FRENCH 211 | French Interdisciplinary Studies | 3 |
| FRENCH 240 | Immigration and Expression | 3 |
| FRENCH 248 | Ethnic Studies in the French/ Francophone World(s) | 3 |
| FRENCH/CLASSICS/ HISTORY/ITALIAN/ MEDIEVAL 550 | Advanced Interdisciplinary Studies in Medieval Civilization | 3 |

For information on teacher training in French, see the School of Education (p. 1448) section in the *Guide*.

For courses in French literature in translation, see the Literature in Translation (http://guide.wisc.edu/courses/littrans) course listing.

## HOW TO GET IN

Students can declare the French major at any time.

Students are strongly encouraged to consult with a French advisor as early as possible to discuss various paths available to complete the requirements. Studying abroad is not an impediment to completing the French major within four years.

French is a manageable and popular major for students who are also pursuing other majors ranging across the humanities, social sciences, and natural sciences. In the past ten years, more than 80% of French majors were awarded at least one other major at graduation.

For more information, contact a French advisor (http://frit.wisc.edu/undergraduate/french/academic_advising).

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

### NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and**

**degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## INTRODUCTORY (PREREQUISITE) COURSES

| Code | Title | Credits |
|---|---|---|
| FRENCH 228 | Intermediate Language and Culture | 3-4 |
| FRENCH 271 | Introduction to Literary Analysis | 3-4 |
| Total Credits | | 6-8 |

## TOTAL CREDITS

To complete the French major, **24 credits** are needed beyond the introductory (prerequisite) courses, at the 300 level or above. Literature in Translation (LITTRANS) courses do not count toward the major.

## REQUIRED FRENCH/FRANCOPHONE LITERATURE AND CULTURE

| Code | Title | Credits |
|---|---|---|
| FRENCH 321 | Introduction to Medieval, Renaissance, and Early Modern Literature | 3 |
| FRENCH 322 | Introduction to Literature of Modernity | 3 |
| FRENCH 347 | Introduction to Medieval, Renaissance, and Early Modern Civilization | 3 |
| or FRENCH 451 | Medieval, Renaissance, and Early Modern Studies | |
| Total Credits | | 9 |

## AT LEAST ONE FRENCH/FRANCOPHONE LITERATURE AND/OR CULTURE COURSE AT THE 400 LEVEL OR HIGHER

### Complete One course from:

| Code | Title | Credits |
|---|---|---|
| FRENCH 430 | Readings in Medieval and Renaissance Literature | 3 |
| FRENCH 431 | Readings in Early Modern Literature | 3 |
| FRENCH 433 | Readings in Twentieth and Twenty-First Century Literature | 3 |

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all FRENCH and major courses
- 2.000 GPA on at least 15 credits of upper-level work in the major, taken in residence (FRENCH 300 and higher are considered upper-level in the major)
- 15 credits in FRENCH taken on campus at UW–Madison

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with a French undergraduate advisor.

**HONORS IN THE MAJOR REQUIREMENTS**

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA for all FRENCH courses and all courses counting in the major
- Complete at least 8 credits, taken for Honors, beyond FRENCH 271[1]
- Complete a two-semester Senior Honors Thesis in FRENCH 681 and FRENCH 682, for a total of 6 credits[2]

[1] Study abroad in France or in another French-speaking country is highly recommended, and the 8 credits taken for Honors can be fulfilled through French courses taken abroad at the appropriate level.

[2] In certain circumstances (particularly when the student is an Honors candidate in two or more departments), two courses in literature or cultural studies at the 500 or 600 level may be substituted for the Senior Honors Thesis.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Demonstrate that they understand and can analyze literary and non-literary texts in French representing a broad spectrum of topics, time periods, and geographical regions (interpretive communication).
2. Express themselves effectively in spoken and written French to inform, persuade, and narrate for different audiences of listeners, viewers, or readers (presentational communication).
3. Express themselves effectively in spoken and written French to share information, reactions, and opinions related to a broad spectrum of topics and texts (interpersonal communication).
4. Recognize and explain cultural artifacts, practices, and perspectives of the French-speaking world including how these cultural elements relate to literary and non-literary texts in French (cultural knowledge).
5. Demonstrate a good degree of understanding of lexical, grammatical, syntactic, and stylistic features of the French language (linguistic knowledge).
6. Demonstrate awareness of difference and diversity by comparing and contrasting culturally situated beliefs, behaviors, and norms of the French-speaking world with those found in their own culture (cross-cultural awareness).
7. Engage in a sustained fashion with the French language, its users, and cultural artifacts in and beyond the classroom, e.g., in their own community, virtual communities, and study abroad (engagement with the French language and culture).

## ADVISING AND CAREERS

The Department of French and Italian encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

### ADVISING RESOURCES

- For information on language proficiency, language placement, and retrocredits, please see the French and Italian department website (http://frit.wisc.edu/undergraduate/french/placement) or the Language Institute (http://languages.wisc.edu/advising) website.
- For language and international directions advising, please contact the International Directions Advisor in the Language Institute (http://languages.wisc.edu/languageadvising).
- For advising on the French Major or Certificate, please contact a French advisor (http://frit.wisc.edu/undergraduate/french/academic_advising).

## RESOURCES AND SCHOLARSHIPS

# FRENCH HOUSE

La Maison Française (http://uwfrenchhouse.org), a francophone (French-speaking) residence hall and cultural center, is managed by the Department of French and Italian. Residence is open to UW–Madison students with the equivalent of a fourth-semester level of French. At least two native French graduate students reside in the house, aiding in conversation and facilitating the use of French. Most residents are Americans: prospective teachers of French, French majors, and students in other disciplines who want to speak French on a daily basis. Applications should be made well in advance. More information is available at uwfrenchhouse.org.

The French House is open for lunch, Monday - Friday, for all UW-Madison students. Students wishing to receive a credit for FRENCH 301 or FRENCH 302 must attend 4 times per week on average.

The French House is open to the public for Wednesday dinner and Friday lunch during the academic year.

# PIAZZA ITALIA

The department sponsors Piazza Italia (https://www.housing.wisc.edu/residencehalls-lc-ilc-languagehouses.htm), the Italian floor in the Lakeshore residence halls. An Italian graduate student serves as the resident house fellow, facilitating conversation in Italian and assisting a faculty member in a special 1-credit course on Italian culture. Students studying Italian will find a collegial atmosphere at Piazza Italia, which features special Italian-oriented programming including films, lectures, games, current events material, and regular meals "all'italiana" with guests from the Italian program. Piazza Italia is part of the International Learning Community (ILC) (https://www.housing.wisc.edu/residence-halls/learning-communities/international), which is dedicated to enriching cross-cultural understanding through a variety of social and educational programs.

# CLUBS AND OTHER ACTIVITIES

### French

French conversation groups and The French Ambassadors (http://frit.wisc.edu/undergraduate/french/ambassadors), a student organization, give students the opportunity to converse in French and participate in cultural events. Undergraduates are also welcome at scholarly talks and department events on an array of subjects (see

department website (https://www.frit.wisc.edu) and the French House website (http://uwfrenchhouse.org) for event details).

### Italian

Caffè Culturale (https://www.facebook.com/events/1100461163336722), an Italian conversation group, gives students the opportunity to converse in Italian, while the Italian Club (https://www.facebook.com/groups/28276254670) allows students to participate in cultural events on campus and in the community. Cineteca Italiana (https://www.facebook.com/UWCineteca/?fref=ts) organizes weekly screenings of Italian films. Undergraduates are also welcome at scholarly talks and department events on an array of subjects (see department website (https://www.frit.wisc.edu) for event details).

# FRENCH, CERTIFICATE

The undergraduate certificate in French offers students the opportunity to develop their proficiency in French language and their knowledge of literature and culture in the French-speaking world, thereby complementing their major(s) in other subjects across the university. It also strengthens the applications of students who intend to pursue careers or graduate study in areas where French is useful. The certificate is open to all undergraduate students.

## HOW TO GET IN

Students may declare the undergraduate certificate in French at any time and are encouraged to do so as early as possible, once enrolled as an undergraduate. Please make an appointment with an undergraduate advisor (http://frit.wisc.edu/undergraduate/french/academic_advising) to declare the certificate.

## REQUIREMENTS

The undergraduate certificate in French requires 15 credits of French coursework (or 5 courses) including FRENCH 228, FRENCH 271, and courses at the 311 level and above. For courses taken on campus at the FRENCH 311 level or higher, prerequisites must be met or permission given by the department. Courses for the certificate cannot be taken on a credit/no credit or pass/fail basis. Retroactive credits may not be applied toward the certificate.

## CERTIFICATE REQUIREMENTS

| Code | Title | Credits |

| FRENCH 590 | Advanced Phonetics |
| FRENCH 595 | Theory and Practice of French/ Francophone Drama |
| Total Credits | 15 |

## RESIDENCE AND QUALITY OF WORK

- At least 9 credits of the certificate must be taken on campus. At least 12 credits of the certificate must be taken in residence. (UW–Madison approved study abroad programs are considered in residence but are not on campus.)
- Students must maintain a 2.000 cumulative GPA in all courses required for the certificate.

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. (Interpretive communication) Demonstrate that they understand and can analyze of literary and non-literary texts in French representing a variety of topics, time periods, and geographical regions.
2. (Presentational communication) Express themselves effectively in spoken and written French to inform, persuade, and narrate for different audiences of listeners, viewers, or readers.
3. (Interpersonal communication) Express themselves effectively in spoken and written French to share information, reactions, and opinions related to a variety of topics and texts.
4. (Cultural knowledge) Recognize and explain cultural artifacts, practices, and perspectives of the French-speaking world.
5. (Linguistic knowledge) Demonstrate a good degree of understanding of lexical, grammatical, syntactic, and stylistic features of the French language.
6. (Cross-cultural awareness) Demonstrate awareness of difference and diversity by comparing and contrasting culturally situated beliefs, behaviors, and norms of the French-speaking world with their own.
7. (Engagement with the French language and culture) Engage in a sustained fashion with the French language, its users, and cultural artifacts in and beyond the classroom, e.g., in their own community, virtual communities, and study abroad.

# ITALIAN, B.A.

The Italian program at UW–Madison offers students opportunities for growth in the language and for increased cultural fluency through dynamic, in-class learning experiences and multiple extracurricular components such as Piazza Italia (an Italian immersion floor in the Lakeshore residence halls), Caffè Culturale (an Italian conversation group), Italian Club, and Cineteca Italiana (an Italian film club).

- The Italian major includes 24 credits taken beyond ITALIAN 204.
- The Italian certificate includes 2 core courses followed by 3 additional courses beyond ITALIAN 204 for a total of 15 credits.

The majority of UW–Madison Italian majors and certificate students complete their requirements through a combination of courses taken on campus and abroad with a UW–Madison Study Abroad program.

Students have the option to take a class for Honors at almost all levels. For more information, please see the department website and/or consult a department advisor.

### INTRODUCTORY AND INTERMEDIATE ITALIAN LANGUAGE SEQUENCE

| Code | Title | Credits |
|---|---|---|
| ITALIAN 101 | First Semester Italian | 4 |
| ITALIAN 102 | Second Semester Italian | 4 |
| ITALIAN 201 | Italian for Speakers of Other Romance Languages | 4 |
| ITALIAN 202 | Fast-track Intermediate Italian for Speakers of Romance Languages | 4 |
| ITALIAN 203 | Third Semester Italian | 4 |
| ITALIAN 204 | Fourth Semester Italian | 4 |

**After ITALIAN 204, courses focus on language, literature, and culture.**

### ADVANCED LANGUAGE

| Code | Title | Credits |
|---|---|---|
| ITALIAN 311 | Advanced Italian Language | 3 |
| ITALIAN 312 | Writing Workshop | 3 |
| ITALIAN 340 | Structures of Italian | 3 |
| ITALIAN 423 | Corso Di Stilistica Applicata | 3 |

### ADVANCED LITERATURE

| Code | Title | Credits |
|---|---|---|
| ITALIAN 321 | Studies in Italian Literature and Culture I | 3 |
| ITALIAN 322 | Studies in Italian Literature and Culture II | 3 |
| ITALIAN 450 | Special Topics in Italian Literature | 3 |

### INTERMEDIATE/ADVANCED CULTURE

| Code | Title | Credits |
|---|---|---|
| ITALIAN 230 | Modern Italian Culture | 3 |
| ITALIAN 452 | Special Topics in Italian Studies: Culture, Film, Language | 3 |
| ITALIAN/ COM ARTS 460 | Italian Film | 3 |

### 600-LEVEL COURSES

The following courses are open to both graduate and undergraduate students:

| Code | Title | Credits |
|---|---|---|
| ITALIAN 601 | L'Ottocento | 3 |
| ITALIAN 621 & ITALIAN 622 | Il Settecento and Il Settecento | 6 |
| ITALIAN 623 | Il Teatro Italiano | 3 |
| ITALIAN 631 & ITALIAN 632 | Lineamenti Di Letteratura Italiana and Lineamenti Di Letteratura Italiana | 6 |
| ITALIAN 637 | La Poesia del Novecento | 3 |
| ITALIAN 641 | Il Seicento: Ribelli, Libertini e Ortodossi | 3 |
| ITALIAN 651 | Il Rinascimento | 3 |
| ITALIAN/ MEDIEVAL 659 & ITALIAN/ MEDIEVAL 660 | Dante's Divina Commedia and Dante's Divina Commedia | 6 |
| ITALIAN 681 & ITALIAN 682 | Senior Honors Thesis and Senior Honors Thesis | 6 |
| ITALIAN 698 | Directed Study | 1-6 |
| ITALIAN 699 | Directed Study | 1-6 |

### COURSES TAUGHT IN ENGLISH

The following are intermediate/advanced culture courses taught in English and count for credit toward the major or the certificate in Italian:

| Code | Title | Credits |
|---|---|---|
| ITALIAN/ CLASSICS 350 | Rome: The Changing Shape of the Eternal City | 3-4 |
| ITALIAN/FRENCH/ PORTUG/ SPANISH 429 | Introduction to the Romance Languages | 3 |
| ITALIAN/ COM ARTS 460 | Italian Film | 3 |

For information on teacher training in Italian, see the School of Education (p. 1448) section in this *Guide*.

For courses in Italian literature in translation, see Literature in Translation (http://guide.wisc.edu/courses/littrans) course listing.

## HOW TO GET IN

Students can declare the Italian major at any time.

Students are strongly encouraged to consult with an Italian advisor as early as possible to discuss various paths available to complete the requirements. Studying abroad is not an impediment to completing the Italian major within four years.

Italian is a manageable and popular major for students who are also pursuing other majors ranging across the humanities, social sciences, and natural sciences. In the past ten years, more than 85% of Italian majors are awarded at least one other major at graduation.

For more information, contact an Italian advisor (http://frit.wisc.edu/undergraduate/italian/academic_advising).

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

General Education
- Breadth—Humanities/Literature/Arts: 6 credits
- Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
- Breadth—Social Studies: 3 credits
- Communication Part A & Part B *
- Ethnic Studies *
- Quantitative Reasoning Part A & Part B *

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF ARTS DEGREE REQUIREMENTS

Mathematics: Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement.

| | |
|---|---|
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |

| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

Italian majors must complete 24 credits beyond ITALIAN 204. Please note that Literature in Translation (LITTRANS) courses cannot be counted toward the major.

The 24 credits required for the Italian major will be distributed as follows:

| Code | Title | Credits |
|---|---|---|
| **Required Core Courses (complete all):** | | |
| ITALIAN 230 | Modern Italian Culture | 3 |
| ITALIAN 311 | Advanced Italian Language | 3 |
| ITALIAN 312 | Writing Workshop | 3 |
| ITALIAN 321 | Studies in Italian Literature and Culture I | 3 |
| ITALIAN 322 | Studies in Italian Literature and Culture II | 3 |
| **Major electives:** | | 9 |
| ITALIAN 340 | Structures of Italian | |
| ITALIAN/ CLASSICS 350 | Rome: The Changing Shape of the Eternal City | |
| ITALIAN/ILS/ LITTRANS/ POLI SCI 365 | Machiavelli and His World | |
| ITALIAN 420 | Topics in Italian: Study Abroad | |
| ITALIAN 423 | Corso Di Stilistica Applicata | |
| ITALIAN/FRENCH/ PORTUG/ SPANISH 429 | Introduction to the Romance Languages | |
| ITALIAN 450 | Special Topics in Italian Literature | |
| ITALIAN 452 | Special Topics in Italian Studies: Culture, Film, Language | |
| ITALIAN/ COM ARTS 460 | Italian Film | |
| ITALIAN 601 | L'Ottocento | |
| ITALIAN 621 & ITALIAN 622 | Il Settecento and Il Settecento | |
| ITALIAN 623 | Il Teatro Italiano | |
| ITALIAN 631 & ITALIAN 632 | Lineamenti Di Letteratura Italiana and Lineamenti Di Letteratura Italiana | |
| ITALIAN 636 | Il Romanzo Italiano | |
| ITALIAN 637 | La Poesia del Novecento | |
| ITALIAN 641 | Il Seicento: Ribelli, Libertini e Ortodossi | |
| ITALIAN 651 | Il Rinascimento | |
| ITALIAN/ MEDIEVAL 659 & ITALIAN/ MEDIEVAL 660 | Dante's Divina Commedia and Dante's Divina Commedia | |
| ITALIAN/ MEDIEVAL 671 | Il Duecento | |
| ITALIAN 681 | Senior Honors Thesis | |
| ITALIAN 682 | Senior Honors Thesis | |
| ITALIAN 691 | Senior Thesis | |
| ITALIAN 692 | Senior Thesis | |
| ITALIAN 698 | Directed Study | |
| ITALIAN 699 | Directed Study | |
| Total Credits | | 24 |

## RESIDENCY AND QUALITY OF WORK

- 2.000 GPA in all ITALIAN and major courses
- 2.000 GPA on at least 15 credits of upper-level work in the major, in residence: (ITALIAN 300 and higher are considered upper-level in the major)
- 15 credits in ITALIAN taken on campus at UW–Madison

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Italian undergraduate advisor.

**HONORS IN THE MAJOR REQUIREMENTS**

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA for all ITALIAN courses and courses counting toward the major
- Complete at least 15 credits, taken for Honors, beyond ITALIAN 204, earning individual grades of B or better in each course. Of these 15 credits, 6 must come from completing a two-semester Senior Honors Thesis in ITALIAN 681 and ITALIAN 682.[1]

[1] Students may be allowed to substitute two semesters of literature course work at the 600 level for the Senior Honors Thesis. See the undergraduate advisor in Italian.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Demonstrate that they understand and can analyze literary and non-literary texts in Italian representing a broad spectrum of topics, time periods, and geographical regions (interpretive communication).
2. Express themselves effectively in spoken and written Italian to inform, persuade, and narrate for different audiences of listeners, viewers, or readers (presentational communication).
3. Express themselves effectively in spoken and written Italian to share information, reactions, and opinions related to a broad spectrum of topics and texts (interpersonal communication).
4. Recognize and explain cultural artifacts, practices, and perspectives of the Italian-speaking world including how these cultural elements relate to literary and non-literary texts in Italian (cultural knowledge).
5. Demonstrate a good degree of understanding of lexical, grammatical, syntactic, and stylistic features of the Italian language (linguistic knowledge).
6. Demonstrate awareness of difference and diversity by comparing and contrasting culturally situated beliefs, behaviors, and norms of the Italian-speaking world with those found in their own culture (cross-cultural awareness).
7. Engage in a sustained fashion with the Italian language, its users, and cultural artifacts in and beyond the classroom, e.g., in their own community, virtual communities, and study abroad (engagement with the Italian language and culture).

## FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| ITALIAN 101 | 4 | ITALIAN 102 | 4 |
| Communication A | 3 | Ethnic Studies | 3 |
| Quantitative Reasoning A | 3 | Biological Science Breadth | 3 |
| Social Science Breadth | 4 | Social Science Breadth | 3 |
| | | Electives | 3 |

Total Credits 120

## ADVISING AND CAREERS

The Department of French and Italian encourages our majors to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate

in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

### ADVISING RESOURCES

- For advising on language proficiency, language placement, and retrocredits, please see the French and Italian department website (http://frit.wisc.edu/undergraduate/italian/placement_permissions) or the Language Institute (http://languages.wisc.edu/advising) website.
- For language and international directions advising, please contact Michael Kruse, International Directions Advisor in the Language Institute (http://languages.wisc.edu/languageadvising).
- For advising on the Italian Major or Certificate, please contact an Italian advisor (http://frit.wisc.edu/undergraduate/italian/academic_advising).

## PEOPLE

### ITALIAN

Professors Buccini, Livorni, Rumble

Associate Professors Menechella, Phillips-Court, Todorovic.

## RESOURCES AND SCHOLARSHIPS

# FRENCH HOUSE

La Maison Française (http://uwfrenchhouse.org), a francophone (French-speaking) residence hall and cultural center, is managed by the Department of French and Italian. Residence is open to UW–Madison students with the equivalent of a fourth-semester level of French. At least two native French graduate students reside in the house, aiding in conversation and facilitating the use of French. Most residents are Americans: prospective teachers of French, French majors, and students in other disciplines who want to speak French on a daily basis. Applications should be made well in advance. More information is available at uwfrenchhouse.org.

The French House is open for lunch, Monday - Friday, for all UW-Madison students. Students wishing to receive a credit for FRENCH 301 or FRENCH 302 must attend 4 times per week on average.

The French House is open to the public for Wednesday dinner and Friday lunch during the academic year.

# PIAZZA ITALIA

The department sponsors Piazza Italia (https://www.housing.wisc.edu/residencehalls-lc-ilc-languagehouses.htm), the Italian floor in the Lakeshore residence halls. An Italian graduate student serves as the resident house fellow, facilitating conversation in Italian and assisting a faculty member in a special 1-credit course on Italian culture. Students studying Italian will find a collegial atmosphere at Piazza Italia, which features special Italian-oriented programming including films, lectures, games, current events material, and regular meals "all'italiana" with guests from the Italian program. Piazza Italia is part of the International Learning Community (ILC) (https://www.housing.wisc.edu/residence-halls/learning-communities/international), which is dedicated to enriching cross-cultural understanding through a variety of social and educational programs.

# CLUBS AND OTHER ACTIVITIES

### French

French conversation groups and The French Ambassadors (http://frit.wisc.edu/undergraduate/french/ambassadors), a student organization, give students the opportunity to converse in French and participate in cultural events. Undergraduates are also welcome at scholarly talks and department events on an array of subjects (see department website (https://www.frit.wisc.edu) and the French House website (http://uwfrenchhouse.org) for event details).

### Italian

Caffè Culturale (https://www.facebook.com/events/1100461163336722), an Italian conversation group, gives students the opportunity to converse in Italian, while the Italian Club (https://www.facebook.com/groups/28276254670) allows students to participate in cultural events on campus and in the community. Cineteca Italiana (https://www.facebook.com/UWCineteca/?fref=ts) organizes weekly screenings of Italian films. Undergraduates are also welcome at scholarly talks and department events on an array of subjects (see department website (https://www.frit.wisc.edu) for event details).

# ITALIAN, B.S.

The Italian program at UW–Madison offers students opportunities for growth in the language and for increased cultural fluency through dynamic, in-class learning experiences and multiple extracurricular components such as Piazza Italia (an Italian immersion floor in the Lakeshore residence halls), Caffè Culturale (an Italian conversation group), Italian Club, and Cineteca Italiana (an Italian film club).

- The Italian major includes 24 credits taken beyond ITALIAN 204.
- The Italian certificate includes 2 core courses followed by 3 additional courses beyond ITALIAN 204 for a total of 15 credits.

The majority of UW–Madison Italian majors and certificate students complete their requirements through a combination of courses taken on campus and abroad with a UW–Madison Study Abroad program.

Students have the option to take a class for Honors at almost all levels. For more information, please see the department website and/or consult a department advisor.

### INTRODUCTORY AND INTERMEDIATE ITALIAN LANGUAGE SEQUENCE

| Code | Title | Credits |
|---|---|---|
| ITALIAN 101 | First Semester Italian | 4 |
| ITALIAN 102 | Second Semester Italian | 4 |
| ITALIAN 201 | Italian for Speakers of Other Romance Languages | 4 |
| ITALIAN 202 | Fast-track Intermediate Italian for Speakers of Romance Languages | 4 |
| ITALIAN 203 | Third Semester Italian | 4 |
| ITALIAN 204 | Fourth Semester Italian | 4 |

**After ITALIAN 204, courses focus on language, literature, and culture.**

### ADVANCED LANGUAGE

| Code | Title | Credits |
|---|---|---|
| ITALIAN 311 | Advanced Italian Language | 3 |
| ITALIAN 312 | Writing Workshop | 3 |
| ITALIAN 340 | Structures of Italian | 3 |
| ITALIAN 423 | Corso Di Stilistica Applicata | 3 |

### ADVANCED LITERATURE

| Code | Title | Credits |
|---|---|---|
| ITALIAN 321 | Studies in Italian Literature and Culture I | 3 |
| ITALIAN 322 | Studies in Italian Literature and Culture II | 3 |
| ITALIAN 450 | Special Topics in Italian Literature | 3 |

### INTERMEDIATE/ADVANCED CULTURE

| Code | Title | Credits |
|---|---|---|
| ITALIAN 230 | Modern Italian Culture | 3 |
| ITALIAN 452 | Special Topics in Italian Studies: Culture, Film, Language | 3 |
| ITALIAN/ COM ARTS 460 | Italian Film | 3 |

### 600-LEVEL COURSES

The following courses are open to both graduate and undergraduate students:

| Code | Title | Credits |
|---|---|---|
| ITALIAN 601 | L'Ottocento | 3 |
| ITALIAN 621 & ITALIAN 622 | Il Settecento and Il Settecento | 6 |
| ITALIAN 623 | Il Teatro Italiano | 3 |
| ITALIAN 631 & ITALIAN 632 | Lineamenti Di Letteratura Italiana and Lineamenti Di Letteratura Italiana | 6 |
| ITALIAN 637 | La Poesia del Novecento | 3 |
| ITALIAN 641 | Il Seicento: Ribelli, Libertini e Ortodossi | 3 |
| ITALIAN 651 | Il Rinascimento | 3 |
| ITALIAN/ MEDIEVAL 659 & ITALIAN/ MEDIEVAL 660 | Dante's Divina Commedia and Dante's Divina Commedia | 6 |
| ITALIAN 681 & ITALIAN 682 | Senior Honors Thesis and Senior Honors Thesis | 6 |
| ITALIAN 698 | Directed Study | 1-6 |
| ITALIAN 699 | Directed Study | 1-6 |

### COURSES TAUGHT IN ENGLISH

The following are intermediate/advanced culture courses taught in English and count for credit toward the major or the certificate in Italian:

| Code | Title | Credits |
|---|---|---|
| ITALIAN/ CLASSICS 350 | Rome: The Changing Shape of the Eternal City | 3-4 |
| ITALIAN/FRENCH/ PORTUG/ SPANISH 429 | Introduction to the Romance Languages | 3 |
| ITALIAN/ COM ARTS 460 | Italian Film | 3 |

For information on teacher training in Italian, see the School of Education (p. 1448) section in this *Guide*.

For courses in Italian literature in translation, see Literature in Translation (http://guide.wisc.edu/courses/littrans) course listing.

## HOW TO GET IN

Students can declare the Italian major at any time.

Students are strongly encouraged to consult with an Italian advisor as early as possible to discuss various paths available to complete the requirements. Studying abroad is not an impediment to completing the Italian major within four years.

Italian is a manageable and popular major for students who are also pursuing other majors ranging across the humanities, social sciences, and natural sciences. In the past ten years, more than 85% of Italian majors are awarded at least one other major at graduation.

For more information, contact an Italian advisor (http://frit.wisc.edu/undergraduate/italian/academic_advising).

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world.

Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

Italian majors must complete 24 credits beyond ITALIAN 204. Please note that Literature in Translation (LITTRANS) courses cannot be counted toward the major.

The 24 credits required for the Italian major will be distributed as follows:

| Code | Title | Credits |
|---|---|---|
| **Required Core Courses (complete all):** | | |
| ITALIAN 230 | Modern Italian Culture | 3 |
| ITALIAN 311 | Advanced Italian Language | 3 |
| ITALIAN 312 | Writing Workshop | 3 |
| ITALIAN 321 | Studies in Italian Literature and Culture I | 3 |
| ITALIAN 322 | Studies in Italian Literature and Culture II | 3 |
| **Major electives:** | | 9 |
| ITALIAN 340 | Structures of Italian | |
| ITALIAN/ CLASSICS 350 | Rome: The Changing Shape of the Eternal City | |
| ITALIAN/ILS/ LITTRANS/ POLI SCI 365 | Machiavelli and His World | |
| ITALIAN 420 | Topics in Italian: Study Abroad | |
| ITALIAN 423 | Corso Di Stilistica Applicata | |
| ITALIAN/FRENCH/ PORTUG/ SPANISH 429 | Introduction to the Romance Languages | |
| ITALIAN 450 | Special Topics in Italian Literature | |
| ITALIAN 452 | Special Topics in Italian Studies: Culture, Film, Language | |
| ITALIAN/ COM ARTS 460 | Italian Film | |
| ITALIAN 601 | L'Ottocento | |
| ITALIAN 621 & ITALIAN 622 | Il Settecento and Il Settecento | |
| ITALIAN 623 | Il Teatro Italiano | |
| ITALIAN 631 & ITALIAN 632 | Lineamenti Di Letteratura Italiana and Lineamenti Di Letteratura Italiana | |
| ITALIAN 636 | Il Romanzo Italiano | |

| | |
|---|---|
| ITALIAN 637 | La Poesia del Novecento |
| ITALIAN 641 | Il Seicento: Ribelli, Libertini e Ortodossi |
| ITALIAN 651 | Il Rinascimento |
| ITALIAN/ MEDIEVAL 659 & ITALIAN/ MEDIEVAL 660 | Dante's Divina Commedia and Dante's Divina Commedia |
| ITALIAN/ MEDIEVAL 671 | Il Duecento |
| ITALIAN 681 | Senior Honors Thesis |
| ITALIAN 682 | Senior Honors Thesis |
| ITALIAN 691 | Senior Thesis |
| ITALIAN 692 | Senior Thesis |
| ITALIAN 698 | Directed Study |
| ITALIAN 699 | Directed Study |
| Total Credits | 24 |

## RESIDENCY AND QUALITY OF WORK

- 2.000 GPA in all ITALIAN and major courses
- 2.000 GPA on at least 15 credits of upper-level work in the major, in residence: (ITALIAN 300 and higher are considered upper-level in the major)
- 15 credits in ITALIAN taken on campus at UW–Madison

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Italian undergraduate advisor.

#### HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.500 GPA for all ITALIAN courses and courses counting toward the major
- Complete at least 15 credits, taken for Honors, beyond ITALIAN 204, earning individual grades of B or better in each course. Of these 15 credits, 6 must come from completing a two-semester Senior Honors Thesis in ITALIAN 681 and ITALIAN 682.[1]

[1] Students may be allowed to substitute two semesters of literature course work at the 600 level for the Senior Honors Thesis. See the undergraduate advisor in Italian.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Demonstrate that they understand and can analyze literary and non-literary texts in Italian representing a broad spectrum of topics, time periods, and geographical regions (interpretive communication).
2. Express themselves effectively in spoken and written Italian to inform, persuade, and narrate for different audiences of listeners, viewers, or readers (presentational communication).
3. Express themselves effectively in spoken and written Italian to share information, reactions, and opinions related to a broad spectrum of topics and texts (interpersonal communication).
4. Recognize and explain cultural artifacts, practices, and perspectives of the Italian-speaking world including how these cultural elements relate to literary and non-literary texts in Italian (cultural knowledge).
5. Demonstrate a good degree of understanding of lexical, grammatical, syntactic, and stylistic features of the Italian language (linguistic knowledge).

Associate Professors Menechella, Phillips-Court, Todorovic.

## RESOURCES AND SCHOLARSHIPS

# FRENCH HOUSE

La Maison Française (http://uwfrenchhouse.org), a francophone (French-speaking) residence hall and cultural center, is managed by the Department of French and Italian. Residence is open to UW—Madison students with the equivalent of a fourth-semester level of French. At least two native French graduate students reside in the house, aiding in conversation and facilitating the use of French. Most residents are Americans: prospective teachers of French, French majors, and students in other disciplines who want to speak French on a daily basis. Applications should be made well in advance. More information is available at uwfrenchhouse.org.

The French House is open for lunch, Monday - Friday, for all UW-Madison students. Students wishing to receive a credit for FRENCH 301 or FRENCH 302 must attend 4 times per week on average.

The French House is open to the public for Wednesday dinner and Friday lunch during the academic year.

# PIAZZA ITALIA

The department sponsors Piazza Italia (https://www.housing.wisc.edu/residencehalls-lc-ilc-languagehouses.htm), the Italian floor in the Lakeshore residence halls. An Italian graduate student serves as the resident house fellow, facilitating conversation in Italian and assisting a faculty member in a special 1-credit course on Italian culture. Students studying Italian will find a collegial atmosphere at Piazza Italia, which features special Italian-oriented programming including films, lectures, games, current events material, and regular meals "all'italiana" with guests from the Italian program. Piazza Italia is part of the International Learning Community (ILC) (https://www.housing.wisc.edu/residence-halls/learning-communities/international), which is dedicated to

enriching cross-cultural understanding through a variety of social and educational programs.

## CLUBS AND OTHER ACTIVITIES

### French

French conversation groups and The French Ambassadors (http://frit.wisc.edu/undergraduate/french/ambassadors), a student organization, give students the opportunity to converse in French and participate in cultural events. Undergraduates are also welcome at scholarly talks and department events on an array of subjects (see department website (https://www.frit.wisc.edu) and the French House website (http://uwfrenchhouse.org) for event details).

### Italian

Caffè Culturale (https://www.facebook.com/events/1100461163336722), an Italian conversation group, gives students the opportunity to converse in Italian, while the Italian Club (https://www.facebook.com/groups/28276254670) allows students to participate in cultural events on campus and in the community. Cineteca Italiana (https://www.facebook.com/UWCineteca/?fref=ts) organizes weekly screenings of Italian films. Undergraduates are also welcome at scholarly talks and department events on an array of subjects (see department website (https://www.frit.wisc.edu) for event details).

# ITALIAN, CERTIFICATE

The undergraduate certificate in Italian offers students the opportunity to develop their proficiency in Italian language and their knowledge of literature and culture in the Italian-speaking world. Advanced courses (300 and 400 level) will allow students to build on the foundation developed in 200 level courses by choosing from a range of courses in Italian literature, linguistics, cinema, culture, and professional communication. The certificate also strengthens the applications of students who intend to pursue careers or graduate study in areas where Italian is useful. The undergraduate certificate in Italian is open to all undergraduate students.

## HOW TO GET IN

Students may declare the undergraduate certificate in Italian at any time and are encouraged to do so as early as possible, once enrolled as an undergraduate. Please make an appointment with an undergraduate advisor (http://frit.wisc.edu/undergraduate/italian/academic_advising) to declare the certificate.

## REQUIREMENTS

### 5 COURSES AND 15 CREDITS, TO INCLUDE: [1]

| Code | Title | Credits |
|---|---|---|
| **Foundation (two courses):** | | 6 |
| ITALIAN 311 | Advanced Italian Language | |
| ITALIAN 312 | Writing Workshop | |
| ITALIAN 321 | Studies in Italian Literature and Culture I | |
| ITALIAN 322 | Studies in Italian Literature and Culture II | |
| **Electives** | | 9 |
| ITALIAN 230 | Modern Italian Culture | |
| ITALIAN 311 | Advanced Italian Language | |
| ITALIAN 312 | Writing Workshop | |
| ITALIAN 321 | Studies in Italian Literature and Culture I | |
| ITALIAN 322 | Studies in Italian Literature and Culture II | |
| ITALIAN 340 | Structures of Italian | |
| ITALIAN/ CLASSICS 350 | Rome: The Changing Shape of the Eternal City (Taught in English) | |
| ITALIAN/ILS/ LITTRANS/ POLI SCI 365 | Machiavelli and His World (Taught in English) | |
| ITALIAN 420 | Topics in Italian: Study Abroad | |
| ITALIAN 423 | Corso Di Stilistica Applicata | |
| ITALIAN/FRENCH/ PORTUG/ SPANISH 429 | Introduction to the Romance Languages (Taught in English) | |
| ITALIAN 450 | Special Topics in Italian Literature | |
| ITALIAN 452 | Special Topics in Italian Studies: Culture, Film, Language | |
| ITALIAN/ COM ARTS 460 | Italian Film (Taught in English) | |
| LITTRANS 213 | Love and Sex in Italian Comedy [2] | |
| or LITTRANS/ MEDIEVAL/ RELIG ST 253 | Literature in Translation: Dante's Divine Comedy | |
| or LITTRANS 254 | In Translation: Lit of Modern Italy-Existentialism, Fascism, Resistance | |
| or LITTRANS 255 | Literature in Translation: Boccaccio's Decameron-The Human Comedy | |
| or LITTRANS 256 | Lit in Translation: Images of the Individual in the Italian Renaissance | |
| or LITTRANS 260 | Italy and the Invention of America: from Columbus to World War II | |
| or LITTRANS 410 | In Translation: Special Topics in Italian Literature | |
| Total Credits | | 15 |

### RESIDENCE AND QUALITY OF WORK

9 credits taken on the UW–Madison campus

2.000 GPA on all certificate courses

1 Courses taken pass/fail are not eligible for the certificate.

2 Only one LITTRANS course may count in the certificate.

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. (Interpretive communication) Demonstrate that they understand and can analyze of literary and nonliterary texts in Italian representing a variety of topics, time periods, and geographical regions.
2. (Presentational communication) Express themselves effectively in spoken and written Italian to inform, persuade, and narrate for different audiences of listeners, viewers, or readers.
3. (Interpersonal communication) Express themselves effectively in spoken and written Italian to share information, reactions, and opinions related to a variety of topics and texts.
4. (Cultural knowledge) Recognize and explain cultural artifacts, practices, and perspectives of the Italian-speaking world.
5. (Linguistic knowledge) Demonstrate a good degree of understanding of lexical, grammatical, syntactic, and stylistic features of the Italian language.
6. (Cross-cultural awareness) Demonstrate awareness of difference and diversity by comparing and contrasting culturally situated beliefs, behaviors, and norms of the Italian-speaking world with their own.
7. (Engagement with the Italian language and culture) Engage in a sustained fashion with the Italian language, its users, and cultural artifacts in and beyond the classroom, e.g., in their own community, virtual communities, and study abroad.

## ADVISING AND CAREERS

Please make an appointment with an undergraduate advisor (http://frit.wisc.edu/undergraduate/italian/academic_advising) to get academic advising for the certificate.

## PEOPLE

Professors Buccini, Livorni, Rumble

Associate Professors Menechella, Phillips-Court, Todorovic.

# GENDER AND WOMEN'S STUDIES

The gender and women's studies major and certificate provide a unique background for students seeking to analyze gender and other vectors of inequality, both historically and in contemporary society, as reflected through texts, social practices, and social institutions in the U.S. and abroad. Our graduates have gone on to provide this kind of analysis in fields like health policy, immigration law, social work, reproductive justice, educational administration, employment policy, medicine, architectural design, and media production.

The curriculum reflects the interdisciplinary nature of gender and women's studies, offering to all students an opportunity to study gender and women in such areas as literature, history, anthropology, sociology, education, law, biology, psychology, philosophy, political science, economics, and the arts. Department courses have been designed to fulfill breadth requirements in the appropriate divisions.

The **undergraduate major** is a 30-credit program and the **certificate** is a 15-credit program. The interdisciplinary nature of gender and women's studies lends itself to working well with and complementing many other programs and plans across campus.

## DEGREES/MAJORS/CERTIFICATES

- Gender and Women's Studies, B.A. (p. 724)
- Gender and Women's Studies, B.S. (p. 732)
- Gender and Women's Studies, Certificate (p. 739)
- LGBTQ+ Studies, Certificate (p. 742)

# GENDER AND WOMEN'S STUDIES, B.A.

The gender and women's studies major and certificate provide a unique background for students seeking to analyze gender and other vectors of inequality, both historically and in contemporary society, as reflected through texts, social practices, and social institutions in the U.S. and

abroad. Our graduates have gone on to provide this kind of analysis in fields like health policy, immigration law, social work, reproductive justice, educational administration, employment policy, medicine, architectural design, and media production.

The curriculum reflects the interdisciplinary nature of gender and women's studies, offering to all students an opportunity to study gender and women in such areas as literature, history, anthropology, sociology, education, law, biology, psychology, philosophy, political science, economics, and the arts. Department courses have been designed to fulfill breadth requirements in the appropriate divisions.

The **undergraduate major** is a 30-credit program and the **certificate** is a 15-credit program. The interdisciplinary nature of gender and women's studies lends itself to working well with and complementing many other programs and plans across campus.

## HOW TO GET IN

# DECLARATION

To become a gender and women's studies major, students must first complete either GEN&WS 101, GEN&WS 102, or GEN&WS 103 with a grade of B or better. Then they must declare their intention to complete the gender and women's studies major with the undergraduate advisor (https://gws.wisc.edu/undergraduate/undergraduate-advising).

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**

- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

Majors in Gender and Women's Studies are required to take foundational work in GEN&WS courses reflecting each of four approaches to knowledge (humanities, social science, theory, and biological or health sciences), one course from three of four issue areas (sexuality, disability and embodiment, race/ethnicity, and global), and a capstone seminar or thesis.

All majors complete a minimum of 30 credits in GEN&WS including: [1]

## INTRODUCTORY GEN&WS

| Code | Title | Credits |
|---|---|---|
| GEN&WS 101 | Gender, Women, and Cultural Representation [2] | 3 |
| or GEN&WS 102 | Gender, Women, and Society in Global Perspective | |
| GEN&WS 103 | Gender, Women, Bodies, and Health | 3 |
| Total Credits | | 6 |

## APPROACHES [3]

1 course from each area:

### Biology and Health

Explore health as both a physiological and a socio#cultural experience, and recognize ways in which gender and other axes of social inequality influence health. Develop critical tools to place the medical field, scientific research, and public health and policy organizations into social contexts, and recognize how these institutions both can reflect and perpetuate dominant ideologies. Learn about feminist approaches to, and histories of, science, medicine, and health activism.

| Code | Title | Credits |
|---|---|---|
| GEN&WS 530 | Biology and Gender | 3 |
| GEN&WS/HIST SCI/ MED HIST 531 | Women and Health in American History | 3 |
| GEN&WS/HIST SCI/ MED HIST 532 | The History of the (American) Body | 3 |
| GEN&WS 533 | Special Topics in Gender and Biology | 3 |
| GEN&WS 534 | Gender, Sexuality, and Reproduction: Public Health Perspectives | 3 |
| GEN&WS/ INTL ST 535 | Women's Global Health and Human Rights | 3 |
| GEN&WS 536 | Queering Sexuality Education | 3 |
| GEN&WS/ HIST SCI 537 | Childbirth in the United States | 3 |

### Humanities

Engage with humanities-based theories, content areas, and methodologies as they relate to gender and women's studies. These include, but are not limited to, critical text analysis, discourse analysis, historical approaches and archival work, media studies, ethnography, and digital humanities. (GEN&WS courses with H, L or Z designations)

| Code | Title | Credits |
|---|---|---|
| GEN&WS/SOC 200 | Introduction to Lesbian, Gay, Bisexual, Transgender and Queer+ Studies | 3-4 |
| GEN&WS/ LITTRANS 205 | Women in Russian Literature in Translation | 3-4 |
| GEN&WS/ AFROAMER 221 | Introduction to Black Women's Studies | 3 |
| GEN&WS/ AFROAMER 222 | Introduction to Black Women Writers | 3 |
| GEN&WS/ENGL 248 | Women in Ethnic American Literature | 3 |
| GEN&WS/ENGL 250 | Women in Literature | 3 |
| GEN&WS/ LITTRANS 270 | German Women Writers in Translation | 3 |

| GEN&WS 536 | Queering Sexuality Education | 3 |

### Disability & Embodiment

Examine the creation and evolution of different categories of embodiment and the experience of living through and as bodies These courses focus on gender and disability, exploring disability as a social category, a medical realm, a political identity, an analytical approach, and a lived experience.

| Code | Title | Credits |
|---|---|---|
| GEN&WS 320 | Special Topics in Gender, Women and Society (Disability) | 1-3 |
| GEN&WS 343 | Queer Bodies | 3 |
| GEN&WS 370 | Topics in Gender and Disability | 3 |
| GEN&WS 371 | Disability and Gender in Film | 3 |
| GEN&WS 372 | Visualizing Bodies | 3 |
| GEN&WS 445 | The Body in Theory | 3 |

## CAPSTONE [4]

| Code | Title | Credits |
|---|---|---|
| **Capstone course or Thesis Sequence:** | | 3-6 |
| GEN&WS 640 | Capstone Seminar in Gender and Women's Studies | |
| GEN&WS 681 & GEN&WS 682 | Senior Honors Thesis I and Senior Honors Thesis II | |
| GEN&WS 691 & GEN&WS 692 | Senior Thesis I and Senior Thesis II | |
| Total Credits | | 3-6 |

## RESIDENCE & QUALITY OF WORK

- 2.000 GPA in all GEN&WS and major courses
- 2.000 GPA on 15 upper-level major credits, taken in Residence [5]
- 15 credits in GEN&WS, taken on the UW–Madison campus

## NOTES

1 A maximum of three courses designated as Elementary level may apply in the major, overall. Directed Study courses typically do not count toward the minimum credits required in the major.

2 Only one of GEN&WS 101 or GEN&WS 102 will count for credit in the major.

3 A single course may apply to both an Approach and an Issue Area. However, a single course may not apply to more than one Approach or to more than one Issue Area.

4 Students interested in the doing research in Gender & Women's Studies are encouraged to incorporate coursework outside of Gender and Women's Studies and develop a thesis (GEN&WS 691-GEN&WS 692 or GEN&WS 681-GEN&WS 682) in consultation with a member of the faculty. The Thesis sequence would serve as the Capstone requirement in the major. In this case, the student may still count GEN&WS 640 as an elective in the major.

5 Courses in GEN&WS with Intermediate or Advanced level designation are considered upper level in the major.

# HONORS IN THE MAJOR

To declare Honors in the Major in Gender and Women's Studies, students must submit a letter of application to the undergraduate advisor prior to enrollment in GEN&WS 681. The letter should include:

- A list of all planned and declared degrees, major and certificate programs
- Area(s) of research interest within gender and women's studies and ideas for an Senior Honors Thesis
- A letter from a faculty member agreeing to supervise the thesis project

## HONORS IN THE GENDER AND WOMEN'S STUDIES MAJOR REQUIREMENTS

To earn Honors in the Major in Gender and Women's Studies, students must satisfy the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all GEN&WS courses
- Complete at least 2 GEN&WS courses totaling 6 or more credits for Honors and earn grades of B or higher

- Complete GEN&WS 681 and GEN&WS 682 for a total of 6 credits.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

The Department of Gender and Women's Studies developed the following learning outcomes for undergraduate students:

1. Knowledge of core concepts of gender and women's studies, including: gender, intersectionality, feminist theory, epistemology, class, race/ethnicity, global processes, sexuality, disability & embodiment, health and science, and contemporary and historical issues.
2. Intellectual and practical skills relating to gender and women's studies, including: problem solving, research and inquiry, interdisciplinarity, critical thinking, writing, oral communication, collaboration, creativity, and career skills.
3. Personal and social responsibility anchored through active involvement with diverse communities and real-world challenges. This category may include things like developing critical self and social awareness, applying ethical frameworks, learning through engaged practices.
4. Integrative learning demonstrated through the application of knowledge, skills and responsibilities to new settings and complex problems. This category may be acquired through advanced accomplishment and/or the application beyond the Gender & Women's Studies classroom to, for example, one's life, to activist project, and/or to non-Gender & Women's Studies academic coursework.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication-A, complete during the first year | 3 | Ethnic Studies, complete in your first 60 credits | 3 |
| Quantitative Reasoning-A, complete during the first year | 3 | Foreign Language, if required | 4 |
| Foreign Language, if required | 4 | GEN&WS 103 | 3 |
| GEN&WS 102 | 3 | L&S Breadth | 3 |
| First Year Seminar (optional) | 1 | I/A Comp Sci, Math, or Statistics, if required for the BS | 3 |
| | 14 | | 16 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Quantitative Reasoning-B, consult with an advisor about options and when to complete this course | 3 | Communication-B, consult with an advisor about options and when to complete this course | 3 |
| GEN&WS Humanities Approach/Disability & Embodiment Issue Area | 3 | GEN&WS Social Science Approach | 3 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| Electives | 6 | Electives | 5 |
| | | INTER-LS 210 | 1 |
| | 15 | | 15 |

**Third Year**

| L&S Breadth | 3 | L&S Breadth | 3 |
| Electives | 6 | Electives | 6 |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| GEN&WS Elective/Global Issue | 3 | GEN&WS 660 (optional) | 3 |
| Capstone Seminar | 3 | Electives | 12 |
| Electives | 9 | | |
| | 15 | | 15 |

Total Credits 120

## ADVISING AND CAREERS

# ADVISING AND CAREERS

### UNDERGRADUATE ADVISING IN GENDER AND WOMEN'S STUDIES AND LGBTQ+ STUDIES (HTTPS://GWS.WISC.EDU/UNDERGRADUATE/UNDERGRADUATE-ADVISING)

Connecting and working with your gender and women's studies undergraduate advisor as early as possible helps you create a meaningful course plan and stay on track as you complete your degree requirements.

The undergraduate advisor (https://gws.wisc.edu/undergraduate/undergraduate-advising) is available to consult on a variety of topics including: declaring the gender and women's studies major, adding an additional major or certificate, course selection and developing a four-year plan, study abroad, volunteer and internship opportunities on campus and in the community, applying to graduate programs, and preparing for the job market after graduation.

### INTERNSHIP PROGRAM IN GENDER AND WOMEN'S STUDIES (HTTPS://GWS.WISC.EDU/GWS660)

Applied learning through internships within the field of gender and women's studies allows students the opportunity to connect the classroom to the community and put theory into practice. Recognizing the power and importance of experiential and community-based learning, the Department of Gender and Women's Studies proudly offers local and global internship opportunities.

The internship program (https://gws.wisc.edu/gws660) is designed to provide students with opportunities to learning and work with organizations that connect their coursework in gender and women's studies to specific issues in the community. The internship seminar provides a venue for students to engage deeply in feminist-based work and reflection while thinking critically about how to participate as feminists in activism and professional settings.

Internship courses in GEN&WS:

| Code | Title | Credits |
|---|---|---|
| GEN&WS 660 | Internship in Gender and Women's Studies | 3 |
| GEN&WS 661 | Global Internship in Gender and Women's Studies | 1-6 |

### CAREER DEVELOPMENT IN GENDER AND WOMEN'S STUDIES

The Department of Gender and Women's Studies is committed to helping our students understand and articulate how skills and concepts learned in the classroom can be applied in a professional setting. As reflected in our Learning Outcomes, (https://womensstudies.wiscweb.wisc.edu/wp-content/uploads/sites/249/2017/09/GWSLearningOutcomes.pdf) students in gender and women's studies develop important transferable skills in written and oral communication, critical thinking, problem solving, and collaboration, as well as critical self and social awareness.

The department continues to expand career development opportunities for our students as we work with our alumni and offer workshops, panels, and networking opportunities. Contact the Undergraduate Advisor (https://gws.wisc.edu/undergraduate/undergraduate-advising) to learn more about career development opportunities in Gender & Women's Studies.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

### FACULTY

Professors Jill Casid (https://gws.wisc.edu/staff/casid-jill-h), Finn Enke (https://gws.wisc.edu/staff/enke-finn), Christine Garlough (https://gws.wisc.edu/staff/garlough-christine), (https://gws.wisc.edu/staff/hyde-janet-shibley) Janet Hyde (https://gws.wisc.edu/staff/hyde-janet-shibley), (https://gws.wisc.edu/staff/hyde-janet-shibley) Maria Lepowsky (https://gws.wisc.edu/staff/lepowsky-maria), Aili Mari Tripp (https://gws.wisc.edu/staff/tripp-aili-mari)

Associate Professors Jenny Higgins (https://jennyhiggins.net), (https://gws.wisc.edu/staff/higgins-jenny) Judith Houck (https://gws.wisc.edu/staff/houck-judy), Pernille Ipsen (https://gws.wisc.edu/staff/ipsen-pernille), Keisha Lindsay (https://gws.wisc.edu/staff/lindsay-keisha), Ellen Samuels (https://gws.wisc.edu/staff/samuels-ellen),

Assistant Professors Chris Barcelos (https://gws.wisc.edu/staff/barcelos-chris), Anna Campbell, (https://gws.wisc.edu/staff/campbell-anna) Annie Menzel (https://gws.wisc.edu/staff/menzel-annie), Sami Schalk (https://gws.wisc.edu/staff/schalk-sami)

Faculty Affiliates: See the GEN&WS Faculty Affiliates (https://gws.wisc.edu/people/affiliates-directory) for more information about instructors on campus who are engaged in feminist-inspired teaching and research.

### LECTURERS AND TEACHING ASSISTANTS

Academic Advising: Susan Nelson (https://gws.wisc.edu/staff/nelson-susan)

Enrollment Inquiries: Diane Walton (https://gws.wisc.edu/staff/walton-diane)

Curricular Planning: Nina Valeo Cooke (https://gws.wisc.edu/staff/valeo-nina)

# GENDER AND WOMEN'S STUDIES, B.S.

The gender and women's studies major and certificate provide a unique background for students seeking to analyze gender and other vectors of inequality, both historically and in contemporary society, as reflected through texts, social practices, and social institutions in the U.S. and abroad. Our graduates have gone on to provide this kind of analysis in fields like health policy, immigration law, social work, reproductive justice, educational administration, employment policy, medicine, architectural design, and media production.

The curriculum reflects the interdisciplinary nature of gender and women's studies, offering to all students an opportunity to study gender and women in such areas as literature, history, anthropology, sociology, education, law, biology, psychology, philosophy, political science, economics, and the arts. Department courses have been designed to fulfill breadth requirements in the appropriate divisions.

The **undergraduate major** is a 30-credit program and the **certificate** is a 15-credit program. The interdisciplinary nature of gender and women's studies lends itself to working well with and complementing many other programs and plans across campus.

## HOW TO GET IN

## DECLARATION

To become a gender and women's studies major, students must first complete either GEN&WS 101, GEN&WS 102, or GEN&WS 103 with a grade of B or better. Then they must declare their intention to complete the gender and women's studies major with the undergraduate advisor (https://gws.wisc.edu/undergraduate/undergraduate-advising).

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B *<br><br>* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements. |

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

### NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and**

**degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

Majors in Gender and Women's Studies are required to take foundational work in GEN&WS courses reflecting each of four approaches to knowledge (humanities, social science, theory, and biological or health sciences), one course from three of four issue areas (sexuality, disability and embodiment, race/ethnicity, and global), and a capstone seminar or thesis.

All majors complete a minimum of 30 credits in GEN&WS including: [1]

## INTRODUCTORY GEN&WS

| Code | Title | Credits |
|---|---|---|
| GEN&WS 101 | Gender, Women, and Cultural Representation [2] | 3 |
| or GEN&WS 102 | Gender, Women, and Society in Global Perspective | |
| GEN&WS 103 | Gender, Women, Bodies, and Health | 3 |
| Total Credits | | 6 |

## APPROACHES [3]

1 course from each area:

### Biology and Health

Explore health as both a physiological and a socio#cultural experience, and recognize ways in which gender and other axes of social inequality influence health. Develop critical tools to place the medical field, scientific research, and public health and policy organizations into social contexts, and recognize how these institutions both can reflect and perpetuate dominant ideologies. Learn about feminist approaches to, and histories of, science, medicine, and health activism.

| Code | Title | Credits |
|---|---|---|
| GEN&WS 530 | Biology and Gender | 3 |
| GEN&WS/HIST SCI/ MED HIST 531 | Women and Health in American History | 3 |
| GEN&WS/HIST SCI/ MED HIST 532 | The History of the (American) Body | 3 |
| GEN&WS 533 | Special Topics in Gender and Biology | 3 |
| GEN&WS 534 | Gender, Sexuality, and Reproduction: Public Health Perspectives | 3 |
| GEN&WS/ INTL ST 535 | Women's Global Health and Human Rights | 3 |
| GEN&WS 536 | Queering Sexuality Education | 3 |
| GEN&WS/ HIST SCI 537 | Childbirth in the United States | 3 |

### Humanities

Engage with humanities-based theories, content areas, and methodologies as they relate to gender and women's studies. These include, but are not limited to, critical text analysis, discourse analysis, historical approaches and archival work, media studies, ethnography, and digital humanities. (GEN&WS courses with H, L or Z designations)

| Code | Title | Credits |
|---|---|---|
| GEN&WS/SOC 200 | Introduction to Lesbian, Gay, Bisexual, Transgender and Queer+ Studies | 3-4 |
| GEN&WS/ LITTRANS 205 | Women in Russian Literature in Translation | 3-4 |

## CAPSTONE [4]

| Code | Title | Credits |
|---|---|---|
| **Capstone course or Thesis Sequence:** | | 3-6 |
| GEN&WS 640 | Capstone Seminar in Gender and Women's Studies | |
| GEN&WS 681 & GEN&WS 682 | Senior Honors Thesis I and Senior Honors Thesis II | |
| GEN&WS 691 & GEN&WS 692 | Senior Thesis I and Senior Thesis II | |
| Total Credits | | 3-6 |

## RESIDENCE & QUALITY OF WORK

- 2.000 GPA in all GEN&WS and major courses
- 2.000 GPA on 15 upper-level major credits, taken in Residence [5]
- 15 credits in GEN&WS, taken on the UW–Madison campus

## NOTES

1 A maximum of three courses designated as Elementary level may apply in the major, overall. Directed Study courses typically do not count toward the minimum credits required in the major.

2 Only one of GEN&WS 101 or GEN&WS 102 will count for credit in the major.

3 A single course may apply to both an Approach and an Issue Area. However, a single course may not apply to more than one Approach or to more than one Issue Area.

4 Students interested in the doing research in Gender & Women's Studies are encouraged to incorporate coursework outside of Gender and Women's Studies and develop a thesis (GEN&WS 691-GEN&WS 692 or GEN&WS 681-GEN&WS 682) in consultation with a member of the faculty. The Thesis sequence would serve as the Capstone requirement in the major. In this case, the student may still count GEN&WS 640 as an elective in the major.

5 Courses in GEN&WS with Intermediate or Advanced level designation are considered upper level in the major.

# HONORS IN THE MAJOR

To declare Honors in the Major in Gender and Women's Studies, students must submit a letter of application to the undergraduate advisor prior to enrollment in GEN&WS 681. The letter should include:

- A list of all planned and declared degrees, major and certificate programs
- Area(s) of research interest within gender and women's studies and ideas for an Senior Honors Thesis
- A letter from a faculty member agreeing to supervise the thesis project

## HONORS IN THE GENDER AND WOMEN'S STUDIES MAJOR REQUIREMENTS

To earn Honors in the Major in Gender and Women's Studies, students must satisfy the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA for all GEN&WS courses

- Complete at least 2 GEN&WS courses totaling 6 or more credits for Honors and earn grades of B or higher
- Complete GEN&WS 681 and GEN&WS 682 for a total of 6 credits.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Knowledge of core concepts of gender and women's studies, including: gender, intersectionality, feminist theory, epistemology, class, race/ethnicity, global processes, sexuality, disability & embodiment, health and science, and contemporary and historical issues.
2. Intellectual and practical skills relating to gender and women's studies, including: problem solving, research and inquiry, interdisciplinarity, critical thinking, writing, oral communication, collaboration, creativity, and career skills.
3. Personal and social responsibility anchored through active involvement with diverse communities and real-world challenges. This category may include things like developing critical self and social awareness, applying ethical frameworks, learning through engaged practices.
4. Integrative learning demonstrated through the application of knowledge, skills and responsibilities to new settings and complex problems. This category may be acquired through advanced accomplishment and/or the application beyond the Gender & Women's Studies classroom to, for example, one's life, to activist project, and/or to non-Gender & Women's Studies academic coursework.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|

| Capstone Seminar | 3 | Electives | 12 |
| Electives | 9 | | |
| | 15 | | 15 |

Total Credits 120

## ADVISING AND CAREERS

# ADVISING AND CAREERS

### UNDERGRADUATE ADVISING IN GENDER AND WOMEN'S STUDIES AND LGBTQ+ STUDIES (HTTPS://GWS.WISC.EDU/UNDERGRADUATE/UNDERGRADUATE-ADVISING)

Connecting and working with your gender and women's studies undergraduate advisor as early as possible helps you create a meaningful course plan and stay on track as you complete your degree requirements.

The undergraduate advisor (https://gws.wisc.edu/undergraduate/undergraduate-advising) is available to consult on a variety of topics including: declaring the gender and women's studies major, adding an additional major or certificate, course selection and developing a four-year plan, study abroad, volunteer and internship opportunities on campus and in the community, applying to graduate programs, and preparing for the job market after graduation.

### INTERNSHIP PROGRAM IN GENDER AND WOMEN'S STUDIES (HTTPS://GWS.WISC.EDU/GWS660)

Applied learning through internships within the field of gender and women's studies allows students the opportunity to connect the classroom to the community and put theory into practice. Recognizing the power and importance of experiential and community-based learning, the Department of Gender and Women's Studies proudly offers local and global internship opportunities.

The internship program (https://gws.wisc.edu/gws660) is designed to provide students with opportunities to learning and work with organizations that connect their coursework in gender and women's studies to specific issues in the community. The internship seminar provides a venue for students to engage deeply in feminist-based work and reflection while thinking critically about how to participate as feminists in activism and professional settings.

Internship courses in GEN&WS:

| Code | Title | Credits |
|---|---|---|
| GEN&WS 660 | Internship in Gender and Women's Studies | 3 |
| GEN&WS 661 | Global Internship in Gender and Women's Studies | 1-6 |

### CAREER DEVELOPMENT IN GENDER AND WOMEN'S STUDIES

The Department of Gender and Women's Studies is committed to helping our students understand and articulate how skills and concepts learned in the classroom can be applied in a professional setting. As reflected in our Learning Outcomes, (https://womensstudies.wiscweb.wisc.edu/wp-content/uploads/sites/249/2017/09/GWSLearningOutcomes.pdf) students in gender and women's studies develop important transferable skills in written and oral communication, critical thinking, problem solving, and collaboration, as well as critical self and social awareness.

The department continues to expand career development opportunities for our students as we work with our alumni and offer workshops, panels, and networking opportunities. Contact the Undergraduate Advisor (https://gws.wisc.edu/undergraduate/undergraduate-advising) to learn more about career development opportunities in Gender & Women's Studies.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

|---|---|---|
| Additional courses in GEN&WS to reach 15 credits for the certificate | | 6 |
| Total Credits | | 6 |

[1] Courses taken pass/fail do not apply to the certificate.

[2] Students may apply only one of GEN&WS 101 or GEN&WS 102 to the certificate.

## RESIDENCE & QUALITY OF WORK

- 2.000 GPA in all certificate credits
- 9 credits at the intermediate or advanced level
- 8 credits in residence

## UNDERGRADUATE/SPECIAL STUDENT CERTIFICATES

This certificate may be completed within the context of an undergraduate degree or as a Special student after an undergraduate degree has been awarded from any institution. The certificate may be completed in its entirety while enrolled as a Special student. Candidates are encouraged to contact the certificate coordinator to discuss course enrollment and the sequencing of certificate requirements.

## LEARNING OUTCOMES

The Department of Gender and Women's Studies developed the following learning outcomes for undergraduate certificate students:

1. Knowledge of core concepts of gender and women's studies, including: gender, intersectionality, feminist theory, epistemology, class, race/ethnicity, global processes, sexuality, disability & embodiment, health and science, and contemporary and historical issues.
2. Intellectual and practical skills relating to gender and women's studies, including: problem solving, interdisciplinarity, critical thinking, writing, oral communication, collaboration, and creativity.
3. Personal and social responsibility anchored through active involvement with diverse communities and real-world challenges. This category may include things like developing critical self and social awareness, applying ethical frameworks, learning through engaged practices.
4. Integrative learning demonstrated through the application of knowledge, skills and responsibilities to new settings and complex problems. Understand and recognize the importance of the relationship between Gender & Women's Studies and various other disciplines and fields of study.

## ADVISING AND CAREERS

### UNDERGRADUATE ADVISING FOR THE GENDER AND WOMEN'S STUDIES CERTIFICATE (HTTPS://GWS.WISC.EDU/UNDERGRADUATE/UNDERGRADUATE-ADVISING)

Connecting and working with the undergraduate advisor in Gender and Women's Studies as early as possible helps you create a meaningful course plan and stay on track as you complete the certificate requirements.

The undergraduate advisor (https://gws.wisc.edu/undergraduate/undergraduate-advising) is available to consult on a variety of topics including: declaring the certificate, course selection, study abroad, volunteer and internship opportunities on campus and in the community, applying to graduate programs, and preparing for the job market after graduation.

## PEOPLE

### FACULTY

Professors Jill Casid (https://gws.wisc.edu/staff/casid-jill-h), Finn Enke (https://gws.wisc.edu/staff/enke-finn), Christine Garlough (https://gws.wisc.edu/staff/garlough-christine), (https://gws.wisc.edu/staff/hyde-janet-shibley) Janet Hyde (https://gws.wisc.edu/staff/hyde-janet-shibley), (https://gws.wisc.edu/staff/hyde-janet-shibley) Maria Lepowsky (https://gws.wisc.edu/staff/lepowsky-maria), Aili Mari Tripp (https://gws.wisc.edu/staff/tripp-aili-mari)

Associate Professors Jenny Higgins (https://jennyhiggins.net), (https://gws.wisc.edu/staff/higgins-jenny) Judith Houck (https://gws.wisc.edu/staff/houck-judy), Pernille Ipsen (https://gws.wisc.edu/staff/ipsen-pernille), Keisha Lindsay (https://gws.wisc.edu/staff/lindsay-keisha), Ellen Samuels (https://gws.wisc.edu/staff/samuels-ellen),

Assistant Professors Chris Barcelos (https://gws.wisc.edu/staff/barcelos-chris), Anna Campbell, (https://gws.wisc.edu/staff/campbell-anna) Annie Menzel (https://gws.wisc.edu/staff/menzel-annie), Sami Schalk (https://gws.wisc.edu/staff/schalk-sami)

Faculty Affiliates: See the GEN&WS Faculty Affiliates (https://gws.wisc.edu/people/affiliates-directory) for more information about instructors on campus who are engaged in feminist-inspired teaching and research.

### LECTURERS AND TEACHING ASSISTANTS

See the current semester's GEN&WS Lecturers and Teaching Assistants directory (https://gws.wisc.edu/people/lecturers-and-teaching-assistants-ta).

### UNDERGRADUATE STUDENT SERVICES

Academic Advising: Susan Nelson (https://gws.wisc.edu/staff/nelson-susan)

Enrollment Inquiries: Diane Walton (https://gws.wisc.edu/staff/walton-diane)

Curricular Planning: Nina Valeo Cooke (https://gws.wisc.edu/staff/valeo-nina)

# LGBTQ+ STUDIES, CERTIFICATE

The LGBTQ+ studies certificate program, housed administratively in the Department of Gender and Women's Studies, is a campuswide program open to students in any major. Courses that count toward this interdisciplinary certificate come from a wide range of fields including literature, history, sociology, medical history, as well as from gender and women's studies, which is in itself an interdisciplinary field. This certificate can compliment many other programs and plans across campus, including, but not limited to gender and women's studies. New courses are added to the program each semester.

## HOW TO GET IN

Intent to pursue the certificate must be declared by meeting with the LGBTQ+ studies undergraduate advisor (https://gws.wisc.edu/undergraduate/undergraduate-advising) as early as possible in the certificate program and before completing requirements.

## REQUIREMENTS

## REQUIREMENTS FOR THE LGBTQ+ STUDIES CERTIFICATE

15 credits as follows: [1]

| Code | Title | Credits |
|---|---|---|
| **Introduction to LGBT Studies** | | |
| GEN&WS/SOC 200 | Introduction to Lesbian, Gay, Bisexual, Transgender and Queer+ Studies | 3-4 |
| **3 courses and 9 credits in LGBT Studies** | | 9 |
| GEN&WS/ CLASSICS 351 | Women and Gender in the Classical World | |
| CLASSICS/ GEN&WS 361 | Sex and Power in Greece and Rome | |
| GEN&WS/ COM ARTS 418 | Gender, Sexuality, and the Media | |
| GEN&WS/ ENGL 419 | Gender and Language | |
| GEN&WS/ ASIAN AM/ ENGL 463 | Race and Sexuality in American Literature | |
| GEN&WS/ FOLKLORE 468 | Feminism, Folklore and Comparative Literature | |
| GEN&WS 280 | Honors Seminar: Studies in Gender, Sex, and Sexuality | |
| GEN&WS 340 | Topics in LGBTQ Sexuality [2] | |
| GEN&WS 342 | Transgender Studies | |
| GEN&WS 343 | Queer Bodies | |
| GEN&WS/ THEATRE 415 | Introduction to Contemporary Feminist Theatre and Criticism | |
| GEN&WS 445 | The Body in Theory | |
| GEN&WS 534 | Gender, Sexuality, and Reproduction: Public Health Perspectives | |
| GEN&WS/ HISTORY 346 | Trans/Gender in Historical Perspective | |
| GEN&WS/ HISTORY 519 | Sexuality, Modernity and Social Change | |
| GEN&WS/ HIST SCI/ MED HIST 532 | The History of the (American) Body | |
| HISTORY 275 | Topics in LGBT History [2] | |
| HISTORY/ GEN&WS 354 | Women and Gender in the U.S. Since 1870 | |
| GEN&WS 414 | Gender, Performance, and Sexuality | |
| ART HIST 425 | Race and Gender in Italian Early Modern Art | |
| ART HIST 431 | Topics in Theory (Queer) | |
| CLASSICS 373 | Topics in Classical Culture (Sex and Power) | |
| COM ARTS 610 | Special Topics in Rhetoric and Public Address (Queer) | |
| COM ARTS 608 | Special Topics in Media and Cultural Studies (Gender) | |
| COM ARTS 608 | Special Topics in Media and Cultural Studies (Sex) | |
| ENGL 171 | Literature, Gender, and Sexuality | |
| ENGL 438 | Topic in Eighteenth-Century Literature and Culture (Gender & Sexuality) | |
| ENGL 457 | Topic in American Literature and Culture since 1900 (Sexual Politics) | |
| ENGL 474 | Topic in Contemporary Literature (Queer Literature) | |
| ENGL 474 | Topic in Contemporary Literature (Literature and HIV/AIDS) | |
| ENGL 559 | Topic in Literary or Cultural Theory (Cultural Theories) | |
| GEN&WS 310 | Special Topics in Gender, Women and the Humanities (Queer) | |
| GEN&WS 320 | Special Topics in Gender, Women and Society (Queer, Sexuality, LGBTQ+) | |
| GEN&WS 446 | Queer of Color Critique | |
| GEN&WS 449 | Special Topics in Feminist Theory (Queer) | |
| GEN&WS 449 | Special Topics in Feminist Theory (Sexualities) | |
| GEN&WS 533 | Special Topics in Gender and Biology (Queer, LGBTQ+) | |
| GEN&WS 536 | Queering Sexuality Education | |
| THEATRE 420 | Theatre and Society | |
| **Advanced Seminar in LGBT Studies** [3] | | |
| GEN&WS 642 | Advanced Seminar in LGBT Studies (LGBT Studies Capstone) | 3 |
| Total Credits | | 15-16 |

[1] Not more than one course can be taken at the elementary level to count for the LGBTQ+ studies certificate. Courses taken on a pass/fail basis will not satisfy certificate requirements.

[2] Topics courses, such as HISTORY 275 and GEN&WS 340, may be taught with a number of different LGBTQ+ topics and therefore may be taken more than once, so long as the topic is different.

[3] Students must have already completed at least 9 credits in the certificate before taking the capstone course, GEN&WS 642 Advanced Seminar in LGBT Studies (LGBT Studies Capstone).

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all GEN&WS courses and all certificate courses
- 8 certificate credits In Residence

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

# LEARNING OUTCOMES

The LGBTQ+ Studies certificate program developed the following learning outcomes for undergraduate certificate students:

1. Knowledge of core concepts and debates in the interdisciplines of Gender and LGBTQ+ Studies, including: gender diversities and sexualities, cultural contexts, critical feminist, queer and race theories, disability & embodiment, epistemologies and methodologies, ethical and engaged practices in related fields of study and social life.
2. Intellectual and practical skills relating to LGBTQ+ Studies, including: critical thinking and analysis, inquiry and research, written and oral communication, collaboration, creativities, leadership and career skills.
3. Understanding relationships among the various fields of multi- and inter-disciplinary LGBTQ+ scholarship and the institutions that structure everyday life.
4. Integrative learning demonstrated through the application of knowledge, skills and social engagement to new settings and complex research projects.

# ADVISING AND CAREERS

### UNDERGRADUATE ADVISING IN LGBTQ+ STUDIES (HTTPS://GWS.WISC.EDU/UNDERGRADUATE/UNDERGRADUATE-ADVISING)

Connecting and working with the undergraduate advisor in LGBTQ+ studies as early as possible helps you create a meaningful course plan and stay on track as you complete the certificate requirements.

The undergraduate advisor (https://gws.wisc.edu/undergraduate/undergraduate-advising) is available to consult on a variety of topics including: declaring the certificate, course selection, study abroad, volunteer and internship opportunities on campus and in the community, applying to graduate programs, and preparing for the job market after graduation.

Diane Walton (https://gws.wisc.edu/staff/walton-diane)

### CURRICULAR PLANNING

Nina Valeo Cooke (https://gws.wisc.edu/staff/valeo-nina)

# GEOGRAPHY

Geography studies the interaction between people and their environments including the ways in which the people, the environments, and the interactions all vary from place to place over the earth. Because it is concerned with the character of people and their cultures on the one hand, and with the character of the earth's surface and its resources on theother, it is both a social and a natural science. Being broad and integrative, geography provides an appropriate foundation for a liberal education. It also provides a base for employment in public or private agencies, both domestic and international, concerned with environmental management, locational analysis or planning (urban, regional, land use).

Cartography/GIS, also known more broadly as geographic information science, studies and develops digital technology and the theory behind this technology to help people work with geographic information. This broad area interfaces with work from the physical and social sciences. It is a field devoted to the acquisition, management, analysis, visualization, and representation of geospatial data. It is a relatively new discipline that incorporates geography, cartography, spatial analysis, and related fields such as geovisualization, geodesy, geocomputation, cognition, and computer science. At the present time professionals trained in geographic information science are very much in demand by federal agencies, state and local governments, and private firms.

The student desiring a limited introduction to the field of geography may select any introductory course in cultural or physical geography. Students with special interests in any of a number of fields outside of geography, such as history, political science, economics, anthropology, sociology, meteorology, geology, etc., will find useful background courses in geography. The student desiring a limited introduction to the field of GIScience may select either GEOG 170 Our Digital Globe: An Overview of GIScience and its Technology or GEOG 370 Introduction to Cartography or GEOG/CIV ENGR/ENVIR ST 377 An Introduction to Geographic Information Systems. Students in landscape architecture, urban and regional planning, civil and environmental engineering, medical illustration, or the environmental sciences may find GIScience a useful addition to their major course of study.

Department course offerings are listed in five major groups:

1. Physical Geography: Earth Systems and Environmental Processes
2. People–Environment Interaction
3. Human Geography
4. Area Studies and Global Systems
5. Cartography and Geographic Information Science

Courses in groups 1 and 5 (except GEOG 577 Environmental Modeling with GIS) are counted as physical science; those in groups 2 (except GEOG/ENVIR ST/SOIL SCI 230 Soil: Ecosystem and Resource and BOTANY 240 Plants and Humans), 3, and 4 are counted as social science.

## DEGREES/MAJORS/CERTIFICATES

- Cartography and Geographic Information Systems, B.A. (p. 744)
- Cartography and Geographic Information Systems, B.S. (p. 749)
- Geography, B.A. (p. 753)
- Geography, B.S. (p. 759)

## PEOPLE

Professors Burt, Cadwallader, Cronon, Downey, Kaiser, Knox, Mason, Naughton, Olds, Ostergren, Turner, Williams, Zhu

Associate Professors Alatout, Dennis

Assistant Professors Baird, Gibbs, Marin-Spiotta, Ozdogan, Robertson, Roth, Schneider, Woodward, Young

# CARTOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS, B.A.

Cartography and GIS, also known more broadly as geographic information science, studies and develops digital technology and the theory behind it to help people work with geographic information. This broad area interfaces with work from the physical and social sciences. It is a field devoted to the acquisition, management, analysis, visualization, and representation of geospatial data. It is a relatively new discipline that incorporates geography, cartography, spatial analysis, and related fields such as geovisualization, geodesy, geocomputation, cognition, and computer science. At the present time professionals trained in

geographic information science are very much in demand by federal agencies, state and local governments, and private firms.

## HOW TO GET IN

Exploring the field of geographic information science at UW–Madison is easy. Interested students are strongly encouraged to take introductory courses in the field. The Department of Geography offers four intro courses in geographic information science:

- GEOG 170 Our Digital Globe: An Overview of GIScience and its Technology (online);
- GEOG 370 Introduction to Cartography;
- GEOG/ENVIR ST/F&W ECOL/G L E/GEOSCI/ LAND ARC 371 Introduction to Environmental Remote Sensing; and
- GEOG/CIV ENGR/ENVIR ST 377 An Introduction to Geographic Information Systems

Students who intend to declare their major as cartography and GIS need to schedule an appointment with the geography undergraduate advisor.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## BREADTH

3 courses, 1 each from these areas:

| Code | Title | Credits |
|---|---|---|
| **Human Geography (1 course)** | | 3 |
| GEOG 101 | Introduction to Human Geography | |
| GEOG 104 | Introduction to Human Geography | |
| GEOG 301 | Revolutions and Social Change | |
| GEOG 302 | Economic Geography: Locational Behavior | |
| GEOG/ URB R PL 305 | Introduction to the City | |
| GEOG 307 | International Migration, Health, and Human Rights | |
| GEOG 318 | Introduction to Geopolitics | |
| GEOG 340 | World Regions in Global Context | |
| GEOG 342 | Geography of Wisconsin | |
| GEOG 348 | Latin America | |
| GEOG 349 | Europe | |
| GEOG 353 | Russia and the NIS-Topical Analysis | |
| GEOG 355 | Africa, South of the Sahara | |
| GEOG 358 | Human Geography of Southeast Asia | |
| GEOG/ENVIR ST/ HISTORY 469 | The Making of the American Landscape | |
| GEOG 501 | Space and Place: A Geography of Experience | |
| GEOG/ URB R PL 503 | Researching the City: Qualitative Strategies | |
| GEOG/ URB R PL 505 | Cities and Development | |
| GEOG/ URB R PL 506 | Historical Geography of European Urbanization | |
| GEOG 508 | Landscape and Settlement in the North American Past | |
| GEOG 510 | Economic Geography | |
| GEOG 518 | Power, Place, Identity | |
| GEOG 566 | History of Geographic Thought | |
| **People-Environment (1 course)** | | 3 |
| GEOG/ ENVIR ST 139 | Global Environmental Issues | |
| GEOG/ ENVIR ST 309 | People, Land and Food: Comparative Study of Agriculture Systems | |
| GEOG/ATM OCN/ ENVIR ST 332 | Global Warming: Science and Impacts | |
| GEOG/ ENVIR ST 337 | Nature, Power and Society | |
| GEOG/ BOTANY 338 | Environmental Biogeography | |
| GEOG/ ENVIR ST 339 | Environmental Conservation | |
| GEOG 340 | World Regions in Global Context | |
| GEOG 344 | Changing Landscapes of the American West | |
| GEOG/AMER IND/ ENVIR ST 345 | Managing Nature in Native North America | |
| GEOG 359 | Australia: Environment and Society | |
| GEOG/C&E SOC/ ENVIR ST 434 | People, Wildlife and Landscapes | |
| GEOG/ ENVIR ST 439 | US Environmental Policy and Regulation | |
| GEOG/ENVIR ST/ HISTORY 460 | American Environmental History | |
| GEOG/ENVIR ST/ HISTORY 469 | The Making of the American Landscape | |
| GEOG 508 | Landscape and Settlement in the North American Past | |
| GEOG/ SOIL SCI 526 | Human Transformations of Earth Surface Processes | |
| GEOG/ ENVIR ST 534 | Environmental Governance: Markets, States and Nature | |
| GEOG/ ENVIR ST 537 | Culture and Environment | |
| GEOG 538 | The Humid Tropics: Ecology, Subsistence, and Development | |
| GEOG/ ENVIR ST 557 | Development and Environment in Southeast Asia | |
| **Physical Geography (1 course)** | | 3 |
| GEOG/ ENVIR ST 120 | Introduction to the Earth System | |
| GEOG/ ENVIR ST 127 | Physical Systems of the Environment | |
| GEOG/ GEOSCI 320 | Geomorphology | |
| GEOG/ ATM OCN 323 | Science of Climate Change | |
| GEOG/ ENVIR ST 325 | Analysis of the Physical Environment | |
| GEOG/ GEOSCI 326 | Landforms-Topics and Regions | |
| GEOG 329 | Landforms and Landscapes of North America | |
| GEOG/ATM OCN/ ENVIR ST 332 | Global Warming: Science and Impacts | |
| GEOG/ATM OCN/ ENVIR ST/ GEOSCI 335 | Climatic Environments of the Past | |
| GEOG/ BOTANY 338 | Environmental Biogeography | |
| GEOG 342 | Geography of Wisconsin | |
| GEOG 344 | Changing Landscapes of the American West | |
| GEOG/ GEOSCI 420 | Glacial and Pleistocene Geology | |
| GEOG/ GEOSCI 523 | Advanced Paleoecology: Species Responses to Past Environmental Change | |
| GEOG/ GEOSCI 524 | Advanced Landform Geography | |
| GEOG/ SOIL SCI 525 | Soil Geomorphology | |
| GEOG/ SOIL SCI 526 | Human Transformations of Earth Surface Processes | |

| | | |
|---|---|---|
| GEOG/ GEOSCI 527 | The Quaternary Period | |
| GEOG/ATM OCN/ ENVIR ST 528 | Past Climates and Climatic Change | |
| Total Credits | | 9 |

## SKILLS, TECHNIQUES & METHODOLOGY

| Code | Title | Credits |
|---|---|---|
| **Core Cartography/GIS** | | |
| GEOG 370 | Introduction to Cartography | 4 |
| GEOG/ENVIR ST/ F&W ECOL/ G L E/GEOSCI/ LAND ARC 371 | Introduction to Environmental Remote Sensing | 4 |
| GEOG/CIV ENGR/ ENVIR ST 377 | An Introduction to Geographic Information Systems | 4 |
| GEOG 378 | Introduction to Geocomputing | 4 |
| **Quantitative Methods (1 course)** | | 3-4 |
| GEOG 360 | Quantitative Methods in Geographical Analysis (offered only in spring) | |
| GEOG 560 | Advanced Quantitative Methods | |
| STAT 301 | Introduction to Statistical Methods | |
| STAT 324 | Introductory Applied Statistics for Engineers | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| **Mathematics Proficiency** | | 6 |
| *Complete one of the following by Placement or by completing the course* | | |
| MATH 112 & MATH 113 | Algebra and Trigonometry | |
| MATH 114 | Algebra and Trigonometry | |
| Total Credits | | 25-26 |

## DEPTH

| Code | Title | Credits |
|---|---|---|
| **Two courses** | | 7-8 |
| GEOG 572 | Graphic Design in Cartography | |
| GEOG 574 | Geospatial Database Design and Development | |
| GEOG 575 | Interactive Cartography & Geovisualization | |
| GEOG 576 | Geospatial Web and Mobile Programming | |
| GEOG 577 | Environmental Modeling with GIS | |
| GEOG 578 | GIS Applications | |
| GEOG 579 | GIS and Spatial Analysis | |
| Total Credits | | 7-8 |

## CAPSTONE

| Code | Title | Credits |
|---|---|---|
| **Complete one of:** | | 3-6 |
| GEOG 565 | Colloquium for Undergraduate Majors | |
| GEOG 681 & GEOG 682 | Senior Honors Thesis and Senior Honors Thesis | |
| GEOG 691 & GEOG 692 | Senior Thesis and Senior Thesis | |
| Total Credits | | 3-6 |

## RESIDENCE AND QUALITY OF WORK

2.000 GPA in GEOG and major courses
2.000 GPA on 15 upper-level credits, taken in residence [2]
15 credits in GEOG, taken on the UW–Madison campus

[2] GEOG courses designated Intermediate/Advanced are upper level in this major.

# HONORS IN THE MAJOR

Students may declare Honors in the Cartography and GIS Major in consultation with the Geography undergraduate advisor.

## HONORS IN THE CARTOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS MAJOR REQUIREMENTS

To earn Honors in the Major in Cartography and GIS, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Earn a 3.300 GPA for all GEOG courses, and all courses accepted in the major
- Complete GEOG 578: GIS Applications with a grade of B or better
- Complete at least one advanced-level course OR 6 credits of honors credits in the major at the 300 level or above
- Complete a two-semester Senior Honors Thesis in GEOG 681 Senior Honors Thesis and GEOG 682 Senior Honors Thesis, a piece of original research composition, for a total of 6 credits.

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Broad spectrum of geographical knowledge and skills, as well as a degree of expertise in a specific sub-field of the discipline (Human, People-Environment, Physical, Cart/GIS).
2. Skills in developing and implementing research plans.
3. Critical reasoning and analytical skills.
4. Communication skills - both written and oral.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| MATH 112 | 3 | MATH 113 | 3 |
| Communication A | 3 | Ethnic Studies | 4 |
| Foreign Language | 4 | Foreign Language | 4 |
| Humanities Breadth | 3 | Literature Breadth | 3 |
| Elective | 2 | | |
| | 15 | | 14 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| STAT 301 | 3 | GEOG/CIV ENGR/ ENVIR ST 377 | 4 |
| GEOG 370 | 4 | Communication B | 4 |
| INTER-LS 210 | 1 | Biological Science Breadth | 3 |
| Literature Breadth | 3 | Elective | 4 |
| Elective | 4 | | |
| | 15 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| GEOG 378 | 4 | 500-level Cartography/ GIS Elective | 4 |
| Major course: Human Geography | 3-4 | Biological Science Breadth | 3 |
| Electives | 9 | Humanities Breadth | 3 |
| | | Major course: People-Environment Geography | 3-4 |
| | 16 | | 14 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| GEOG/ENVIR ST/ F&W ECOL/G L E/ GEOSCI/LAND ARC 371 | 3 | 500-level Cartography/ GIS Elective | 4 |
| Major course: Physical Geography | 4 | Electives | 12 |
| GEOG 565 | 3 | | |
| Electives | 5 | | |
| | 15 | | 16 |

Total Credits 120

## ADVISING AND CAREERS

# ADVISING

Students with questions about the major, courses, and careers are encouraged to contact the geography undergraduate advisor, Joel Gruley, at jgruley@wisc.edu.

# CAREERS

Cartography and GIS, and geography more broadly, are remarkably interdisciplinary fields that span the natural sciences, social sciences, and humanities. The types of careers that cartography and GIS can prepare students for thus reflect this diversity. Geographic information scientists work across the public, private, and nonprofit sectors, and commonly work in the following fields, where they acquire, manage, analyze, visualize, and represent geospatial data: environmental policy, conservation, and management; digital cartography; urban and transportation planning; economic and community development; geospatial intelligence; food security; historic preservation; environmental hazards management; demography and human health; human migration and displacement; journalism; international conflict resolution; tourism.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Burt, Cadwallader, Cronon, Downey, Kaiser, Knox, Mason, Naughton, Olds, Ostergren, Turner, Williams, Zhu

Associate Professors Alatout, Dennis

Assistant Professors Baird, Gibbs, Marin-Spiotta, Ozdogan, Robertson, Roth, Schneider, Woodward, Young

# CARTOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS, B.S.

Cartography and GIS, also known more broadly as geographic information science, studies and develops digital technology and the theory behind it to help people work with geographic information. This broad area interfaces with work from the physical and social sciences. It is a field devoted to the acquisition, management, analysis, visualization, and representation of geospatial data. It is a relatively new discipline that incorporates geography, cartography, spatial analysis, and related fields such as geovisualization, geodesy, geocomputation, cognition, and computer science. At the present time professionals trained in geographic information science are very much in demand by federal agencies, state and local governments, and private firms.

## HOW TO GET IN

Exploring the field of geographic information science at UW–Madison is easy. Interested students are strongly encouraged to take introductory courses in the field. The Department of Geography offers four intro courses in geographic information science:

- GEOG 170 Our Digital Globe: An Overview of GIScience and its Technology (online);
- GEOG 370 Introduction to Cartography;
- GEOG/ENVIR ST/F&W ECOL/G L E/GEOSCI/ LAND ARC 371 Introduction to Environmental Remote Sensing; and
- GEOG/CIV ENGR/ENVIR ST 377 An Introduction to Geographic Information Systems

Students who intend to declare their major as cartography and GIS need to schedule an appointment with the geography undergraduate advisor.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B *<br><br>* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements. |

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

## BREADTH

3 courses, 1 each from these areas:

| Code | Title | Credits |
|---|---|---|
| **Human Geography (1 course)** | | 3 |
| GEOG 101 | Introduction to Human Geography | |
| GEOG 104 | Introduction to Human Geography | |
| GEOG 301 | Revolutions and Social Change | |
| GEOG 302 | Economic Geography: Locational Behavior | |
| GEOG/ URB R PL 305 | Introduction to the City | |
| GEOG 307 | International Migration, Health, and Human Rights | |
| GEOG 318 | Introduction to Geopolitics | |
| GEOG 340 | World Regions in Global Context | |
| GEOG 342 | Geography of Wisconsin | |
| GEOG 348 | Latin America | |
| GEOG 349 | Europe | |
| GEOG 353 | Russia and the NIS-Topical Analysis | |
| GEOG 355 | Africa, South of the Sahara | |
| GEOG 358 | Human Geography of Southeast Asia | |
| GEOG/ENVIR ST/ HISTORY 469 | The Making of the American Landscape | |
| GEOG 501 | Space and Place: A Geography of Experience | |
| GEOG/ URB R PL 503 | Researching the City: Qualitative Strategies | |
| GEOG/ URB R PL 505 | Cities and Development | |
| GEOG/ URB R PL 506 | Historical Geography of European Urbanization | |
| GEOG 508 | Landscape and Settlement in the North American Past | |
| GEOG 510 | Economic Geography | |
| GEOG 518 | Power, Place, Identity | |
| GEOG 566 | History of Geographic Thought | |
| **People-Environment (1 course)** | | 3 |
| GEOG/ ENVIR ST 139 | Global Environmental Issues | |
| GEOG/ ENVIR ST 309 | People, Land and Food: Comparative Study of Agriculture Systems | |
| GEOG/ATM OCN/ ENVIR ST 332 | Global Warming: Science and Impacts | |
| GEOG/ ENVIR ST 337 | Nature, Power and Society | |
| GEOG/ BOTANY 338 | Environmental Biogeography | |
| GEOG/ ENVIR ST 339 | Environmental Conservation | |
| GEOG 340 | World Regions in Global Context | |
| GEOG 344 | Changing Landscapes of the American West | |
| GEOG/AMER IND/ ENVIR ST 345 | Managing Nature in Native North America | |
| GEOG 359 | Australia: Environment and Society | |
| GEOG/C&E SOC/ ENVIR ST 434 | People, Wildlife and Landscapes | |
| GEOG/ ENVIR ST 439 | US Environmental Policy and Regulation | |
| GEOG/ENVIR ST/ HISTORY 460 | American Environmental History | |
| GEOG/ENVIR ST/ HISTORY 469 | The Making of the American Landscape | |
| GEOG 508 | Landscape and Settlement in the North American Past | |
| GEOG/ SOIL SCI 526 | Human Transformations of Earth Surface Processes | |
| GEOG/ ENVIR ST 534 | Environmental Governance: Markets, States and Nature | |
| GEOG/ ENVIR ST 537 | Culture and Environment | |
| GEOG 538 | The Humid Tropics: Ecology, Subsistence, and Development | |
| GEOG/ ENVIR ST 557 | Development and Environment in Southeast Asia | |
| **Physical Geography (1 course)** | | 3 |
| GEOG/ ENVIR ST 120 | Introduction to the Earth System | |
| GEOG/ ENVIR ST 127 | Physical Systems of the Environment | |
| GEOG/ GEOSCI 320 | Geomorphology | |
| GEOG/ ATM OCN 323 | Science of Climate Change | |
| GEOG/ ENVIR ST 325 | Analysis of the Physical Environment | |
| GEOG/ GEOSCI 326 | Landforms-Topics and Regions | |
| GEOG 329 | Landforms and Landscapes of North America | |
| GEOG/ATM OCN/ ENVIR ST 332 | Global Warming: Science and Impacts | |

| | |
|---|---|
| GEOG/ATM OCN/ ENVIR ST/ GEOSCI 335 | Climatic Environments of the Past |
| GEOG/ BOTANY 338 | Environmental Biogeography |
| GEOG 342 | Geography of Wisconsin |
| GEOG 344 | Changing Landscapes of the American West |
| GEOG/ GEOSCI 420 | Glacial and Pleistocene Geology |
| GEOG/ GEOSCI 523 | Advanced Paleoecology: Species Responses to Past Environmental Change |
| GEOG/ GEOSCI 524 | Advanced Landform Geography |
| GEOG/ SOIL SCI 525 | Soil Geomorphology |
| GEOG/ SOIL SCI 526 | Human Transformations of Earth Surface Processes |
| GEOG/ GEOSCI 527 | The Quaternary Period |
| GEOG/ATM OCN/ ENVIR ST 528 | Past Climates and Climatic Change |
| Total Credits | 9 |

## SKILLS, TECHNIQUES & METHODOLOGY

| Code | Title | Credits |
|---|---|---|
| **Core Cartography/GIS** | | |
| GEOG 370 | Introduction to Cartography | 4 |
| GEOG/ENVIR ST/ F&W ECOL/ G L E/GEOSCI/ LAND ARC 371 | Introduction to Environmental Remote Sensing | 4 |
| GEOG/CIV ENGR/ ENVIR ST 377 | An Introduction to Geographic Information Systems | 4 |
| GEOG 378 | Introduction to Geocomputing | 4 |
| **Quantitative Methods (1 course)** | | 3-4 |
| GEOG 360 | Quantitative Methods in Geographical Analysis (offered only in spring) | |
| GEOG 560 | Advanced Quantitative Methods | |
| STAT 301 | Introduction to Statistical Methods | |
| STAT 324 | Introductory Applied Statistics for Engineers | |
| STAT 371 | Introductory Applied Statistics for the Life Sciences | |
| **Mathematics Proficiency** | | 6 |
| *Complete one of the following by Placement or by completing the course* | | |
| MATH 112 & MATH 113 | Algebra and Trigonometry | |
| MATH 114 | Algebra and Trigonometry | |
| Total Credits | | 25-26 |

## DEPTH

| Code | Title | Credits |
|---|---|---|
| **Two courses** | | 7-8 |
| GEOG 572 | Graphic Design in Cartography | |
| GEOG 574 | Geospatial Database Design and Development | |
| GEOG 575 | Interactive Cartography & Geovisualization | |
| GEOG 576 | Geospatial Web and Mobile Programming | |
| GEOG 577 | Environmental Modeling with GIS | |
| GEOG 578 | GIS Applications | |
| GEOG 579 | GIS and Spatial Analysis | |
| Total Credits | | 7-8 |

## CAPSTONE

| Code | Title | Credits |
|---|---|---|
| **Complete one of:** | | 3-6 |
| GEOG 565 | Colloquium for Undergraduate Majors | |
| GEOG 681 & GEOG 682 | Senior Honors Thesis and Senior Honors Thesis | |
| GEOG 691 & GEOG 692 | Senior Thesis and Senior Thesis | |
| Total Credits | | 3-6 |

## RESIDENCE AND QUALITY OF WORK

2.000 GPA in GEOG and major courses
2.000 GPA on 15 upper-level credits, taken in residence [2]
15 credits in GEOG, taken on the UW–Madison campus

[2] GEOG courses designated Intermediate/Advanced are upper level in this major.

# HONORS IN THE MAJOR

Students may declare Honors in the Cartography and GIS Major in consultation with the Geography undergraduate advisor.

## HONORS IN THE CARTOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS MAJOR REQUIREMENTS

To earn Honors in the Major in Cartography and GIS, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Earn a 3.300 GPA for all GEOG courses, and all courses accepted in the major
- Complete GEOG 578: GIS Applications with a grade of B or better
- Complete at least one advanced-level course OR 6 credits of honors credits in the major at the 300 level or above
- Complete a two-semester Senior Honors Thesis in GEOG 681 Senior Honors Thesis and GEOG 682 Senior Honors Thesis, a piece of original research composition, for a total of 6 credits.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Broad spectrum of geographical knowledge and skills, as well as a degree of expertise in a specific sub-field of the discipline (Human, People-Environment, Physical, Cart/GIS).
2. Skills in developing and implementing research plans.
3. Critical reasoning and analytical skills.
4. Communication skills - both written and oral.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| MATH 112 | 3 | MATH 113 | 3 |
| Communication A | 3 | Ethnic Studies | 4 |
| Foreign Language | 4 | Foreign Language | 4 |
| Humanities Breadth | 3 | Literature Breadth | 3 |
| Elective | 2 | | |
| | 15 | | 14 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| STAT 301 | 3 | GEOG/CIV ENGR/ ENVIR ST 377 | 4 |
| GEOG 370 | 4 | Communication B | 4 |
| INTER-LS 210 | 1 | Biological Science Breadth | 3 |
| Literature Breadth | 3 | Elective | 4 |
| Elective | 4 | | |
| | 15 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| GEOG 378 | 4 | 500-level Cartography/ GIS Elective | 4 |
| Major course: Human Geography | 3-4 | Biological Science Breadth | 3 |
| Electives | 9 | Humanities Breadth | 3 |
| | | Major course: People-Environment Geography | 3-4 |
| | 16 | | 14 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| GEOG/ENVIR ST/ F&W ECOL/G L E/ GEOSCI/LAND ARC 371 | 3 | 500-level Cartography/ GIS Elective | 4 |
| Major course: Physical Geography | 4 | Electives | 12 |
| GEOG 565 | 3 | | |
| Electives | 5 | | |
| | 15 | | 16 |

Total Credits 120

## ADVISING AND CAREERS

# ADVISING

Students with questions about the major, courses, and careers are encouraged to contact the geography undergraduate advisor, Joel Gruley, at jgruley@wisc.edu.

# CAREERS

Cartography and GIS, and geography more broadly, are remarkably interdisciplinary fields that span the natural sciences, social sciences, and humanities. The types of careers that cartography and GIS can prepare students for thus reflect this diversity. Geographic information scientists work across the public, private, and nonprofit sectors, and commonly work in the following fields, where they acquire, manage, analyze, visualize, and represent geospatial data: environmental policy, conservation, and management; digital cartography; urban and transportation planning; economic and community development; geospatial intelligence; food security; historic preservation; environmental hazards management; demography and human health; human migration and displacement; journalism; international conflict resolution; tourism.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to

explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Burt, Cadwallader, Cronon, Downey, Kaiser, Knox, Mason, Naughton, Olds, Ostergren, Turner, Williams, Zhu

Associate Professors Alatout, Dennis

Assistant Professors Baird, Gibbs, Marin-Spiotta, Ozdogan, Robertson, Roth, Schneider, Woodward, Young

# GEOGRAPHY, B.A.

Geography studies the interaction between people and their environments, including the ways in which people, environments, and their interactions vary from place to place across Earth. Because it is concerned with the character of people and their cultures on the one hand, and with the character of Earth's surface and its resources on the other, it is both a social and a natural science. Being broad and integrative, Geography provides an appropriate foundation for a liberal education. It also provides a base for employment in public or private agencies, both domestic and international, concerned with environmental management, locational analysis, or planning (urban, regional, land use), among other fields.

## HOW TO GET IN

Exploring the field of geography at UW–Madison is easy. Interested students are strongly encouraged to take introductory courses in the field. The Department of Geography offers four intro courses, each of which surveys one of the four major subareas that comprise the discipline: (1) human geography; (2) people–environment geography; (3) physical geography; (4) and cartography and geographic information science. The four intro classes are:

- GEOG 101 Introduction to Human Geography;
- GEOG/ENVIR ST 120 Introduction to the Earth System;
- GEOG/ENVIR ST 139 Global Environmental Issues; and
- GEOG 170 Our Digital Globe: An Overview of GIScience and its Technology (online).

Students who intend to declare their major in geography must schedule an appointment with the geography undergraduate advisor.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |

| | |
|---|---|
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

Students must declare one of the major options (p. 755) below, complete Core Requirements common to each option, and also the specific requirements for their declared option.

# CORE REQUIREMENTS

30 credits the major, to include these core requirements:

## BREADTH

3 courses, 1 each from these areas:

| Code | Title | Credits |
|---|---|---|
| **Human Geography (1 course)** | | 3 |
| GEOG 101 | Introduction to Human Geography | |
| GEOG 104 | Introduction to Human Geography | |
| GEOG 301 | Revolutions and Social Change | |
| GEOG 302 | Economic Geography: Locational Behavior | |
| GEOG/ URB R PL 305 | Introduction to the City | |
| GEOG 318 | Introduction to Geopolitics | |
| GEOG 340 | World Regions in Global Context | |
| GEOG 342 | Geography of Wisconsin | |
| GEOG 348 | Latin America | |
| GEOG 349 | Europe | |
| GEOG 353 | Russia and the NIS-Topical Analysis | |
| GEOG 355 | Africa, South of the Sahara | |
| GEOG 358 | Human Geography of Southeast Asia | |
| GEOG/ENVIR ST/ HISTORY 469 | The Making of the American Landscape | |
| GEOG 501 | Space and Place: A Geography of Experience | |
| GEOG/ URB R PL 503 | Researching the City: Qualitative Strategies | |
| GEOG/ URB R PL 505 | Cities and Development | |
| GEOG/ URB R PL 506 | Historical Geography of European Urbanization | |
| GEOG 508 | Landscape and Settlement in the North American Past | |
| GEOG 510 | Economic Geography | |
| GEOG 518 | Power, Place, Identity | |
| GEOG 566 | History of Geographic Thought | |
| **People–Environment (1 course)** | | 3 |
| GEOG/ ENVIR ST 139 | Global Environmental Issues | |
| GEOG/ENVIR ST/ SOIL SCI 230 | Soil: Ecosystem and Resource | |

# MAJOR OPTIONS

Declare one of these major options

View as listView as grid

- **GEOGRAPHY: HUMAN GEOGRAPHY** (P. 757)
- **GEOGRAPHY: PEOPLE-ENVIRONMENT GEOGRAPHY** (P. 758)
- **GEOGRAPHY: PHYSICAL GEOGRAPHY: EARTH SYSTEMS AND ENVIRONMENTAL PROCESSES** (P. 759)

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in GEOG and major courses
- 2.000 GPA on 15 upper-level credits, taken in residence [1]
- 15 credits in GEOG, taken on the UW–Madison campus

[1] GEOG courses designated Intermediate/Advanced are upper level in this major.

# HONORS IN THE MAJOR

Students may declare Honors in the Geography Major in consultation with the Geography undergraduate advisor.

## HONORS IN THE MAJOR REQUIREMENTS

To earn a B.A. or B.S. with Honors in the Major in Geography students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA in all GEOG courses and major courses
- At least 1 Advanced level major course *or* 6 credits in major courses numbered 300 and higher, taken for Honors
- Complete a two-semester Senior Honors Thesis (GEOG 681 & GEOG 682) for a total of 6 credits.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. A broad spectrum of geographical knowledge and skills, as well as a degree of expertise in a specific sub-field of the discipline (Human, People-Environment, Physical, Cart/GIS).
2. Skills in developing and implementing research plans.
3. Critical reasoning and analytical skills.
4. Communication skills—both written and oral.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A | 3 | Ethnic Studies (e.g., GEOG 305) | 3 |
| Qunatitative Reasoning A | 3 | Quantitative Reasoning B | 3 |
| Foreign Language | 4 | Introductory GEOG | 3 |
| Biological Science Breadth | 3 | Foreign Language | 4 |
| Introductory GEOG | 3-4 | Literature Breadth | 3 |
| | 16 | | 16 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication B (e.g., GEOG 101) | 4 | Humanities Breadth | 3 |
| Humanities Breadth | 3 | Social Science Breadth | 3 |
| Major course: Human Geography | 3-4 | Major course: Physical Geography | 3 |
| INTER-LS 210 | 1 | Major course: People-Environment | 3 |
| Elective | 3 | Elective | 3 |
| | 14 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Social Science Breadth | 3 | Literature Breadth | 3 |
| Natural Science Breadth | 3 | Major course: Mapping | 3-4 |
| Humanities Breadth | 3 | GEOG 365 | 3 |
| Intermediate-Level Geography in Subarea | 3-4 | Electives | 6 |
| STAT 301 | 3 | | |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| GEOG 565 | 3 | Advanced-Level Geography Elective in Subarea | 3-4 |
| Intermediate-Level Geography Elective in Subarea | 3-4 | Electives | 10 |
| Electives | 8 | | |
| | 15 | | 14 |

Total Credits 120

## ADVISING AND CAREERS

# ADVISING

Students with questions about the major, courses, and careers are encouraged to contact the geography undergraduate advisor, Joel Gruley, at jgruley@wisc.edu.

# CAREERS

Geography is a remarkably interdisciplinary field that spans the natural sciences, social sciences, and humanities. The types of careers that geography can prepare students for thus reflect this diversity. Geographers work across the public, private, and nonprofit sectors, and typically work in the following fields: environmental policy, conservation, and management; geospatial analysis; urban and transportation planning; economic and community development; food security; historic preservation; environmental hazards management; demography and health; refugees and immigration; digital cartography; journalism; international conflict resolution; tourism.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Burt, Cadwallader, Cronon, Downey, Kaiser, Knox, Mason, Naughton, Olds, Ostergren, Turner, Williams, Zhu

Associate Professors Alatout, Dennis

Assistant Professors Baird, Gibbs, Marin-Spiotta, Ozdogan, Robertson, Roth, Schneider, Woodward, Young

# GEOGRAPHY: HUMAN GEOGRAPHY

# GEOGRAPHY, B.S.

Geography studies the interaction between people and their environments, including the ways in which people, environments, and their interactions vary from place to place across Earth. Because it is concerned with the character of people and their cultures on the one hand, and with the character of Earth's surface and its resources on the other, it is both a social and a natural science. Being broad and integrative, Geography provides an appropriate foundation for a liberal education. It also provides a base for employment in public or private agencies, both domestic and international, concerned with environmental management, locational analysis, or planning (urban, regional, land use), among other fields.

## HOW TO GET IN

Exploring the field of geography at UW–Madison is easy. Interested students are strongly encouraged to take introductory courses in the field. The Department of Geography offers four intro courses, each of which surveys one of the four major subareas that comprise the discipline: (1) human geography; (2) people–environment geography; (3) physical geography; (4) and cartography and geographic information science. The four intro classes are:

- GEOG 101 Introduction to Human Geography;
- GEOG/ENVIR ST 120 Introduction to the Earth System;

- GEOG/ENVIR ST 139 Global Environmental Issues; and
- GEOG 170 Our Digital Globe: An Overview of GIScience and its Technology (online).

Students who intend to declare their major in geography must schedule an appointment with the geography undergraduate advisor.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

Students must declare one of the major options (p. 762) below, complete Core Requirements common to each option, and also the specific requirements for their declared option.

# CORE REQUIREMENTS

30 credits the major, to include these core requirements:

## BREADTH

3 courses, 1 each from these areas:

| Code | Title | Credits |
|---|---|---|
| **Human Geography (1 course)** | | 3 |
| GEOG 101 | Introduction to Human Geography | |
| GEOG 104 | Introduction to Human Geography | |
| GEOG 301 | Revolutions and Social Change | |
| GEOG 302 | Economic Geography: Locational Behavior | |
| GEOG/ URB R PL 305 | Introduction to the City | |
| GEOG 318 | Introduction to Geopolitics | |

| | |
|---|---|
| GEOG 340 | World Regions in Global Context |
| GEOG 342 | Geography of Wisconsin |
| GEOG 348 | Latin America |
| GEOG 349 | Europe |
| GEOG 353 | Russia and the NIS-Topical Analysis |
| GEOG 355 | Africa, South of the Sahara |
| GEOG 358 | Human Geography of Southeast Asia |
| GEOG/ENVIR ST/ HISTORY 469 | The Making of the American Landscape |
| GEOG 501 | Space and Place: A Geography of Experience |
| GEOG/ URB R PL 503 | Researching the City: Qualitative Strategies |
| GEOG/ URB R PL 505 | Cities and Development |
| GEOG/ URB R PL 506 | Historical Geography of European Urbanization |
| GEOG 508 | Landscape and Settlement in the North American Past |
| GEOG 510 | Economic Geography |
| GEOG 518 | Power, Place, Identity |
| GEOG 566 | History of Geographic Thought |
| **People–Environment (1 course)** | 3 |
| GEOG/ ENVIR ST 139 | Global Environmental Issues |
| GEOG/ENVIR ST/ SOIL SCI 230 | Soil: Ecosystem and Resource |

| GEOG 681 & GEOG 682 | Senior Honors Thesis and Senior Honors Thesis | |
| GEOG 691 & GEOG 692 | Senior Thesis and Senior Thesis | |
| Total Credits | | 3-6 |

# MAJOR OPTIONS

Declare one of these major options

View as listView as grid

- **GEOGRAPHY: HUMAN GEOGRAPHY** (P. 757)
- **GEOGRAPHY: PEOPLE-ENVIRONMENT GEOGRAPHY** (P. 758)
- **GEOGRAPHY: PHYSICAL GEOGRAPHY: EARTH SYSTEMS AND ENVIRONMENTAL PROCESSES** (P. 759)

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in GEOG and major courses
- 2.000 GPA on 15 upper-level credits, taken in residence [1]
- 15 credits in GEOG, taken on the UW–Madison campus

[1] GEOG courses designated Intermediate/Advanced are upper level in this major.

# HONORS IN THE MAJOR

Students may declare Honors in the Geography Major in consultation with the Geography undergraduate advisor.

## HONORS IN THE MAJOR REQUIREMENTS

To earn a B.A. or B.S. with Honors in the Major in Geography students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 GPA in all GEOG courses and major courses
- At least 1 Advanced level major course *or* 6 credits in major courses numbered 300 and higher, taken for Honors
- Complete a two-semester Senior Honors Thesis (GEOG 681 & GEOG 682) for a total of 6 credits.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. A broad spectrum of geographical knowledge and skills, as well as a degree of expertise in a specific sub-field of the discipline (Human, People-Environment, Physical, Cart/GIS).
2. Skills in developing and implementing research plans.
3. Critical reasoning and analytical skills.
4. Communication skills—both written and oral.

# FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication A | 3 | Ethnic Studies (e.g., GEOG 305) | 3 |
| Qunatitative Reasoning A | 3 | Quantitative Reasoning B | 3 |
| Foreign Language | 4 | Introductory GEOG | 3 |
| Biological Science Breadth | 3 | Foreign Language | 4 |
| Introductory GEOG | 3-4 | Literature Breadth | 3 |
| | 16 | | 16 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Communication B (e.g., GEOG 101) | 4 | Humanities Breadth | 3 |
| Humanities Breadth | 3 | Social Science Breadth | 3 |
| Major course: Human Geography | 3-4 | Major course: Physical Geography | 3 |
| INTER-LS 210 | 1 | Major course: People-Environment | 3 |
| Elective | 3 | Elective | 3 |
| | 14 | | 15 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Social Science Breadth | 3 | Literature Breadth | 3 |
| Natural Science Breadth | 3 | Major course: Mapping | 3-4 |
| Humanities Breadth | 3 | GEOG 365 | 3 |
| Intermediate-Level Geography in Subarea | 3-4 | Electives | 6 |
| STAT 301 | 3 | | |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| GEOG 565 | 3 | Advanced-Level Geography Elective in Subarea | 3-4 |
| Intermediate-Level Geography Elective in Subarea | 3-4 | Electives | 10 |

| | | |
|---|---|---|
| Electives | 8 | |
| | 15 | 14 |

Total Credits 120

## ADVISING AND CAREERS

# ADVISING

Students with questions about the major, courses, and careers are encouraged to contact the geography undergraduate advisor, Joel Gruley, at jgruley@wisc.edu.

# CAREERS

Geography is a remarkably interdisciplinary field that spans the natural sciences, social sciences, and humanities. The types of careers that geography can prepare students for thus reflect this diversity. Geographers work across the public, private, and nonprofit sectors, and typically work in the following fields: environmental policy, conservation, and management; geospatial analysis; urban and transportation planning; economic and community development; food security; historic preservation; environmental hazards management; demography and health; refugees and immigration; digital cartography; journalism; international conflict resolution; tourism.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Burt, Cadwallader, Cronon, Downey, Kaiser, Knox, Mason, Naughton, Olds, Ostergren, Turner, Williams, Zhu

Associate Professors Alatout, Dennis

Assistant Professors Baird, Gibbs, Marin-Spiotta, Ozdogan, Robertson, Roth, Schneider, Woodward, Young

# GEOGRAPHY: HUMAN GEOGRAPHY

## REQUIREMENTS

# HUMAN GEOGRAPHY OPTION REQUIREMENTS

In addition to completing the requirements for all options, complete these requirements specific to this option

### SKILLS, TECHNIQUES & METHODOLOGY

| Code | Title | Credits |
|---|---|---|
| **Field Methods** | | |
| GEOG 365 | Geographical Traditions and Practices | |

| Total Credits | 9-12 |

# GEOSCIENCE

The complementary fields of geology and geophysics are combined in one interdisciplinary department, with graduate degrees offered in both disciplines. The undergraduate degree is in geology and geophysics.

Geology offers unusual opportunities to interweave knowledge from many disciplines in the study of natural Earth phenomena. Those who enjoy the challenge of integrating different kinds of information into a unified interpretation will find geology particularly satisfying. Most geology students enjoy travel and have a strong interest in the natural environment as it is today and as it has developed through the past 4.5 billion years. A natural capacity for historical and sequential thought, inductive reasoning, and three-dimensional perception is helpful, and these skills will be developed. Geological investigations are becoming increasingly quantitative and experimental, and thus require some computer experience and a strong foundation in chemistry, physics, and mathematics.

The student of geophysics is interested in developing a quantitative understanding of the structure and dynamics of the Earth's interior from the shallow crust to deep core. Courses in geophysics apply basic physical laws and processes, such as those governing gravity, magnetism, heat flow, and seismic wave propagation, to the study of the Earth. An undergraduate may choose to concentrate in geophysics, but professional employment in the field often requires an advanced degree. Most students who pursue advanced study and careers in geophysics major in geology, physics, mathematics, or engineering as undergraduates.

## CAREERS

More than half of all professional geologists and geophysicists work in hydrogeology or the petroleum and mining industries. Such jobs involve an unusual breadth of training and personal adaptability, and the M.S. degree is generally required. About one fifth of all geoscientists work in state and federal geological surveys, and in government research activities such as oceanographic programs. These positions largely involve problems in geologic mapping, mineral resources, groundwater, and engineering. Geophysics offers opportunities in earthquake studies, seismic verification of nuclear test bans, and crustal rock characterization techniques for waste disposal and groundwater modeling. Many geology students continue on to obtain a Ph.D. degree and become faculty members at a college or university. A geology and geophysics major is also appropriate for those interested in careers in elementary or secondary education, environmental policy, or environmental law. Faculty advisors can provide additional information on career opportunities.

## PREPARATION FOR GRADUATE STUDY

An advanced degree is normally required for professional activity in geological and geophysical sciences; the student who contemplates such a degree should satisfy both department and graduate school requirements for admission to graduate study.

Minimum requirements for admission to graduate work in geology or geophysics at most universities in the United States, including the University of Wisconsin–Madison, are:

1. A bachelor's degree in geology/geophysics or a related science
2. One year of college chemistry (one year high school plus CHEM 109 Advanced General Chemistry recommended)
3. One year of college physics (PHYSICS 207 General Physics–PHYSICS 208 General Physics recommended)
4. One year of calculus (MATH 221 Calculus and Analytic Geometry 1–MATH 222 Calculus and Analytic Geometry 2 recommended)
5. A summer field-mapping course equivalent to GEOSCI 459 Field Geology (Park City, Utah)

Assistant Professors Cardiff, Marcott, Zoet

# GEOLOGY AND GEOPHYSICS, B.A.

The complementary fields of geology and geophysics are combined in one interdisciplinary department, with graduate degrees offered in both disciplines. The undergraduate degree is in geology and geophysics.

Geology offers unusual opportunities to interweave knowledge from many disciplines in the study of natural Earth phenomena. Those who enjoy the challenge of integrating different kinds of information into a unified interpretation will find geology particularly satisfying. Most geology students enjoy travel and have a strong interest in the natural environment as it is today and as it has developed through the past 4.5 billion years. A natural capacity for historical and sequential thought, inductive reasoning, and three-dimensional perception is helpful, and these skills will be developed. Geological investigations are becoming increasingly quantitative and experimental, and thus require some computer experience and a strong foundation in chemistry, physics, and mathematics.

The student of geophysics is interested in developing a quantitative understanding of the structure and dynamics of the Earth's interior from the shallow crust to deep core. Courses in geophysics apply basic physical laws and processes, such as those governing gravity, magnetism, heat flow, and seismic wave propagation, to the study of the Earth. An undergraduate may choose to concentrate in geophysics, but professional employment in the field often requires an advanced degree. Most students who pursue advanced study and careers in geophysics major in geology, physics, mathematics, or engineering as undergraduates.

## HOW TO GET IN

To declare a major, students should meet with the undergraduate advisor.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B *<br><br>* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements. |

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |

| | |
|---|---|
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

Prospective majors are strongly encouraged to seek assistance from a faculty advisor in order to choose courses appropriate to their interests and career plans. Advisors can also assist students in choosing a track that is appropriate for their interests and career goals.

## BACKGROUND REQUIREMENTS

| Code | Title | Credits |
|---|---|---|
| **Calculus (complete one sequence):** | | 9-14 |
| MATH 221 & MATH 222 | Calculus and Analytic Geometry 1 and Calculus and Analytic Geometry 2 (recommended) | |
| MATH 211 & MATH 222 | Calculus and Calculus and Analytic Geometry 2 | |
| MATH 171 & MATH 217 & MATH 222 | Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II and Calculus and Analytic Geometry 2 | |
| **Chemistry (complete one sequence)** | | 5-10 |
| CHEM 109 | Advanced General Chemistry | |
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | |
| CHEM 115 & CHEM 116 | Chemical Principles I and Chemical Principles II | |
| **Physics (complete one sequence):** | | 10-11 |
| PHYSICS 207 & PHYSICS 208 | General Physics and General Physics (recommended) | |
| PHYSICS 201 & PHYSICS 202 | General Physics and General Physics | |
| PHYSICS 247 & PHYSICS 248 | A Modern Introduction to Physics and A Modern Introduction to Physics | |
| *Geophysics and Engineering Geology Track option (compete all):* | | |
| E M A 201 & E M A 202 | Statics and Dynamics | |
| PHYSICS 208 | General Physics | |
| or PHYSICS 202 | General Physics | |
| or PHYSICS 248 | A Modern Introduction to Physics | |
| Total Credits | | 24-35 |

## GEOLOGY & GEOPHYSICS CORE COURSE WORK

| Code | Title | Credits |
|---|---|---|
| **Complete all of the following:** | | |
| GEOSCI 100 | Introductory Geology: How the Earth Works | 3 |
| or GEOSCI/ ENVIR ST 106 | Environmental Geology | |
| GEOSCI 202 | Introduction to Geologic Structures | 4 |
| GEOSCI 204 | Geologic Evolution of the Earth | 4 |
| GEOSCI/G L E 360 | Principles of Mineralogy | 3 |
| GEOSCI/G L E 370 | Elementary Petrology | 3 |
| Total Credits | | 17 |

## GEOLOGY & GEOPHYSICS TRACKS

Complete one of the following:

### Geology Track

| Code | Title | Credits |
|---|---|---|
| GEOSCI/G L E 350 | Introduction to Geophysics: The Dynamic Earth | 3 |
| GEOSCI 375 | Principles of Geochemistry | 3 |
| GEOSCI 430 | Sedimentology and Stratigraphy | 3 |
| GEOSCI/G L E 455 | Structural Geology | 4 |
| 4 credits of GEOSCI 300-699 [1] | | 4 |
| Total Credits | | 17 |

[1] Except GEOSCI 331.

### Geophysics and Engineering Geology Track

| Code | Title | Credits |
|---|---|---|
| GEOSCI/G L E 431 | Sedimentary & Stratigraphy Lab | 1 |
| GEOSCI/G L E 455 | Structural Geology | 4 |
| GEOSCI/G L E 474 | Rock Mechanics | 3 |
| or GEOSCI/ G L E 350 | Introduction to Geophysics: The Dynamic Earth | |
| GEOSCI/G L E 594 | Introduction to Applied Geophysics | 3 |
| GEOSCI/G L E 595 | Field Methods in Applied and Engineering Geophysics | 1 |
| GEOSCI/G L E 627 | Hydrogeology | 3-4 |
| or GEOSCI/ G L E 350 | Introduction to Geophysics: The Dynamic Earth | |
| E M A 303 | Mechanics of Materials | 3 |
| or M E 306 | Mechanics of Materials | |
| or PHYSICS 311 | Mechanics | |
| or PHYSICS 322 | Electromagnetic Fields | |
| MATH 234 | Calculus--Functions of Several Variables | 3-4 |
| or MATH 319 | Techniques in Ordinary Differential Equations | |

| | | |
|---|---|---|
| or MATH 320 | Linear Algebra and Differential Equations | |
| or MATH 340 | Elementary Matrix and Linear Algebra | |
| Total Credits | | 21-23 |

### Environmental Geoscience Track

| Code | Title | Credits |
|---|---|---|
| GEOSCI/GEOG 320 | Geomorphology | 3-4 |
| or GEOSCI/GEOG 420 | Glacial and Pleistocene Geology | |
| or GEOSCI 430 | Sedimentology and Stratigraphy | |
| or GEOSCI/G L E 627 | Hydrogeology | |
| GEOSCI 375 | Principles of Geochemistry | 3 |
| or GEOSCI 610 | Geochronology, Timescales, and Rates of Geologic Processes | |
| or GEOSCI/G L E 629 | Contaminant Hydrogeology | |
| GEOSCI 304 | Geobiology | 3 |
| or GEOSCI/ZOOLOGY 541 | Paleobiology | |
| or GEOSCI/ZOOLOGY 542 | Invertebrate Paleontology | |
| GEOSCI/ENVIR ST 410 | Minerals as a Public Problem | 3-4 |
| or GEOSCI/ENVIR ST 411 | Energy Resources | |
| or GEOSCI/G L E 455 | Structural Geology | |
| or GEOSCI 515 | Principles of Economic Geology | |
| or GEOSCI/G L E 594 | Introduction to Applied Geophysics | |
| Electives | | 3-5 |
| Total Credits | | 17-19 |

[1] Except GEOSCI 331.

### General Geology Track

| Code | Title | Credits |
|---|---|---|
| Any GEOSCI 300-699 [1] | | 17 |
| Total Credits | | 17 |

[1] Except GEOSCI 331.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all GEOSCI and major courses
- 2.000 on 15 upper-level major credits, taken in residence [1]
- 15 credits in GEOSCI, taken on campus

[1] GEOSCI 300-699, excluding GEOSCI 331, are considered Upper Level in the Major

# HONORS IN THE MAJOR

Students may declare Honors in the Geology and Geophysics Major in consultation with the departmental undergraduate advisor.

## HONORS IN THE MAJOR IN GEOLOGY AND GEOPHYSICS: REQUIREMENTS

To earn Honors in the Geology and Geophysics Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.400 GPA in all GEOSCI and major courses
- Complete GEOSCI 681 and GEOSCI 682, for a total of 6 credits, with a grade of B or better.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Acquire quantitative and spatial reasoning skills and the ability to apply those skills to problems in geoscience.
2. Be able to explicate key biological, chemical and physical Earth structures, processes, the interactions between them, and the roles that they play in determining the state of the Earth system.
3. Utilize geological observations and measurements to solve problems involving the timing of geological events in Earth history.
4. Combine data and lab/field-based observations into a novel synthesis and/or description/model of how Earth systems operate.
5. Be able to critique published scientific data, results, and interpretations thereof, as well as identify and assess related work in the scientific literature.
6. Be able to effectively communicate scientific concepts, methods, and results.

# FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| MATH 221 (Quantitative Reasoning B) | 5 | MATH 222 | 4 |
| GEOSCI 100 or 106 | 3 | PHYSICS 207 or 201 | 5 |

| | | | |
|---|---|---|---|
| L&S Breadth | 3 | Ethnic Studies (take within first 60 credits) | 3 |
| Foreign Language | 4 | Comm A (take during first year) | 3 |
| | 15 | | 15 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 208 or 202 | 5 | GEOSCI/G L E 370 | 3 |
| GEOSCI 202 | 4 | GEOSCI 204 | 4 |
| GEOSCI/G L E 360 | 3 | L&S Breadth | 3 |
| Comm B | 3 | CHEM 103 | 4 |
| | | Elective | 2 |
| | 15 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 104 | 5 | L&S Breadth | 3 |
| L&S Breadth | 3 | GEOSCI Elective 300 level and above | 3 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| GEOSCI Elective 300 level and above | 4 | Elective | 3 |
| | | GEOSCI Elective 300 level and above | 3 |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| GEOSCI elective 300 level and above | 4 | GEOSCI elective 300 level and above | 4 |
| GEOSCI elective 300 level and above | 3 | L&S Breadth | 3 |
| Elective | 5 | Elective | 4 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| | 15 | | 14 |

Total Credits 120

## ADVISING AND CAREERS

# ADVISING

Contact the Department of Geoscience for general information about advising.

**Philip Brown, undergraduate advisor in the major: economic geology, mineralogy, geochemistry**
pbrown@geology.wisc.edu
608-262-5954

# CAREERS

More than half of all professional geologists and geophysicists work in hydrogeology or the petroleum and mining industries. Such jobs involve an unusual breadth of training and personal adaptability, and the M.S. degree is generally required. About one fifth of all geoscientists work in state and federal geological surveys, and in government research activities such as oceanographic programs. These positions largely involve problems in geologic mapping, mineral resources, groundwater, and engineering. Geophysics offers opportunities in earthquake studies, seismic verification of nuclear test bans, and crustal rock characterization techniques for waste disposal and groundwater modeling. Many geology students continue on to obtain a Ph.D. degree and become faculty members at a college or university. A geology and geophysics major is also appropriate for those interested in careers in elementary or secondary education, environmental policy, or environmental law. Faculty advisors can provide additional information on career opportunities.

The College of Letters & Science encourages majors to begin working on their career exploration and preparation soon after arriving on campus. Our department partners with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important that students are career ready at the time of graduation, and we are committed to their success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well

as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Bahr, Brown, Carroll, DeMets, Feigl, Goodwin, Johnson, Kelly, Peters, Roden, Singer, Thurber, Tikoff, Tobin, Valley, Wang, Xu

Associate Professor Meyers

Assistant Professors Cardiff, Marcott, Zoet

# GEOLOGY AND GEOPHYSICS, B.S.

The complementary fields of geology and geophysics are combined in one interdisciplinary department, with graduate degrees offered in both disciplines. The undergraduate degree is in geology and geophysics.

Geology offers unusual opportunities to interweave knowledge from many disciplines in the study of natural Earth phenomena. Those who enjoy the challenge of integrating different kinds of information into a unified interpretation will find geology particularly satisfying. Most geology students enjoy travel and have a strong interest in the natural environment as it is today and as it has developed through the past 4.5 billion years. A natural capacity for historical and sequential thought, inductive reasoning, and three-dimensional perception is helpful, and these skills will be developed. Geological investigations are becoming increasingly quantitative and experimental, and thus require some computer experience and a strong foundation in chemistry, physics, and mathematics.

The student of geophysics is interested in developing a quantitative understanding of the structure and dynamics of the Earth's interior from the shallow crust to deep core. Courses in geophysics apply basic physical laws and processes, such as those governing gravity, magnetism, heat flow, and seismic wave propagation, to the study of the Earth. An undergraduate may choose to concentrate in geophysics, but professional employment in the field often requires an advanced degree. Most students who pursue advanced study and careers in geophysics major in geology, physics, mathematics, or engineering as undergraduates.

## HOW TO GET IN

To declare a major, students should meet with the undergraduate advisor.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |

| | |
|---|---|
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

Prospective majors are strongly encouraged to seek assistance from a faculty advisor in order to choose courses appropriate to their interests and career plans. Advisors can also assist students in choosing a track that is appropriate for their interests and career goals.

## BACKGROUND REQUIREMENTS

| Code | Title | Credits |
|---|---|---|
| **Calculus (complete one sequence):** | | 9-14 |
| MATH 221 & MATH 222 | Calculus and Analytic Geometry 1 and Calculus and Analytic Geometry 2 (recommended) | |
| MATH 211 & MATH 222 | Calculus and Calculus and Analytic Geometry 2 | |
| MATH 171 & MATH 217 & MATH 222 | Calculus with Algebra and Trigonometry I and Calculus with Algebra and Trigonometry II and Calculus and Analytic Geometry 2 | |
| **Chemistry (complete one sequence)** | | 5-10 |
| CHEM 109 | Advanced General Chemistry | |
| CHEM 103 & CHEM 104 | General Chemistry I and General Chemistry II | |
| CHEM 115 & CHEM 116 | Chemical Principles I and Chemical Principles II | |
| **Physics (complete one sequence):** | | 10-11 |
| PHYSICS 207 & PHYSICS 208 | General Physics and General Physics (recommended) | |
| PHYSICS 201 & PHYSICS 202 | General Physics and General Physics | |
| PHYSICS 247 & PHYSICS 248 | A Modern Introduction to Physics and A Modern Introduction to Physics | |
| *Geophysics and Engineering Geology Track option (compete all):* | | |
| E M A 201 & E M A 202 | Statics and Dynamics | |
| PHYSICS 208 | General Physics | |
| or PHYSICS 202 | General Physics | |
| or PHYSICS 248 | A Modern Introduction to Physics | |
| Total Credits | | 24-35 |

## GEOLOGY & GEOPHYSICS CORE COURSE WORK

| Code | Title | Credits |
|---|---|---|
| **Complete all of the following:** | | |
| GEOSCI 100 | Introductory Geology: How the Earth Works | 3 |
| or GEOSCI/ ENVIR ST 106 | Environmental Geology | |
| GEOSCI 202 | Introduction to Geologic Structures | 4 |
| GEOSCI 204 | Geologic Evolution of the Earth | 4 |
| GEOSCI/G L E 360 | Principles of Mineralogy | 3 |
| GEOSCI/G L E 370 | Elementary Petrology | 3 |
| Total Credits | | 17 |

## GEOLOGY & GEOPHYSICS TRACKS

Complete one of the following:

### Geology Track

| Code | Title | Credits |
|---|---|---|
| GEOSCI/G L E 350 | Introduction to Geophysics: The Dynamic Earth | 3 |
| GEOSCI 375 | Principles of Geochemistry | 3 |
| GEOSCI 430 | Sedimentology and Stratigraphy | 3 |
| GEOSCI/G L E 455 | Structural Geology | 4 |
| 4 credits of GEOSCI 300-699 [1] | | 4 |
| Total Credits | | 17 |

[1] Except GEOSCI 331.

### Geophysics and Engineering Geology Track

| Code | Title | Credits |
|---|---|---|
| GEOSCI/G L E 431 | Sedimentary & Stratigraphy Lab | 1 |
| GEOSCI/G L E 455 | Structural Geology | 4 |
| GEOSCI/G L E 474 | Rock Mechanics | 3 |
| or GEOSCI/ G L E 350 | Introduction to Geophysics: The Dynamic Earth | |
| GEOSCI/G L E 594 | Introduction to Applied Geophysics | 3 |
| GEOSCI/G L E 595 | Field Methods in Applied and Engineering Geophysics | 1 |
| GEOSCI/G L E 627 | Hydrogeology | 3-4 |
| or GEOSCI/ G L E 350 | Introduction to Geophysics: The Dynamic Earth | |
| E M A 303 | Mechanics of Materials | 3 |
| or M E 306 | Mechanics of Materials | |
| or PHYSICS 311 | Mechanics | |
| or PHYSICS 322 | Electromagnetic Fields | |
| MATH 234 | Calculus--Functions of Several Variables | 3-4 |
| or MATH 319 | Techniques in Ordinary Differential Equations | |
| or MATH 320 | Linear Algebra and Differential Equations | |
| or MATH 340 | Elementary Matrix and Linear Algebra | |
| Total Credits | | 21-23 |

### Environmental Geoscience Track

| Code | Title | Credits |
|---|---|---|
| GEOSCI/GEOG 320 | Geomorphology | 3-4 |
| or GEOSCI/ GEOG 420 | Glacial and Pleistocene Geology | |
| or GEOSCI 430 | Sedimentology and Stratigraphy | |
| or GEOSCI/ G L E 627 | Hydrogeology | |
| GEOSCI 375 | Principles of Geochemistry | 3 |
| or GEOSCI 610 | Geochronology, Timescales, and Rates of Geologic Processes | |
| or GEOSCI/ G L E 629 | Contaminant Hydrogeology | |
| GEOSCI 304 | Geobiology | 3 |
| or GEOSCI/ ZOOLOGY 541 | Paleobiology | |
| or GEOSCI/ ZOOLOGY 542 | Invertebrate Paleontology | |
| GEOSCI/ ENVIR ST 410 | Minerals as a Public Problem | 3-4 |
| or GEOSCI/ ENVIR ST 411 | Energy Resources | |
| or GEOSCI/ G L E 455 | Structural Geology | |
| or GEOSCI 515 | Principles of Economic Geology | |
| or GEOSCI/ G L E 594 | Introduction to Applied Geophysics | |
| Electives | | 3-5 |
| Total Credits | | 17-19 |

[1] Except GEOSCI 331.

### General Geology Track

| Code | Title | Credits |
|---|---|---|
| Any GEOSCI 300-699 [1] | | 17 |
| Total Credits | | 17 |

[1] Except GEOSCI 331.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all GEOSCI and major courses
- 2.000 on 15 upper-level major credits, taken in residence [1]
- 15 credits in GEOSCI, taken on campus

[1] GEOSCI 300-699, excluding GEOSCI 331, are considered Upper Level in the Major

# HONORS IN THE MAJOR

Students may declare Honors in the Geology and Geophysics Major in consultation with the departmental undergraduate advisor.

## HONORS IN THE MAJOR IN GEOLOGY AND GEOPHYSICS: REQUIREMENTS

To earn Honors in the Geology and Geophysics Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.400 GPA in all GEOSCI and major courses
- Complete GEOSCI 681 and GEOSCI 682, for a total of 6 credits, with a grade of B or better.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. Acquire quantitative and spatial reasoning skills and the ability to apply those skills to problems in geoscience.

2. Be able to explicate key biological, chemical and physical Earth structures, processes, the interactions between them, and the roles that they play in determining the state of the Earth system.
3. Utilize geological observations and measurements to solve problems involving the timing of geological events in Earth history.
4. Combine data and lab/field-based observations into a novel synthesis and/or description/model of how Earth systems operate.
5. Be able to critique published scientific data, results, and interpretations thereof, as well as identify and assess related work in the scientific literature.
6. Be able to effectively communicate scientific concepts, methods, and results.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| MATH 221 (Quantitative Reasoning B) | 5 | MATH 222 | 4 |
| GEOSCI 100 or 106 | 3 | PHYSICS 207 or 201 | 5 |
| L&S Breadth | 3 | Ethnic Studies (take within first 60 credits) | 3 |
| Foreign Language | 4 | Comm A (take during first year) | 3 |
| | 15 | | 15 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| PHYSICS 208 or 202 | 5 | GEOSCI/G L E 370 | 3 |
| GEOSCI 202 | 4 | GEOSCI 204 | 4 |
| GEOSCI/G L E 360 | 3 | L&S Breadth | 3 |
| Comm B | 3 | CHEM 103 | 4 |
| | | Elective | 2 |
| | 15 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| CHEM 104 | 5 | L&S Breadth | 3 |
| L&S Breadth | 3 | GEOSCI Elective 300 level and above | 3 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| GEOSCI Elective 300 level and above | 4 | Elective | 3 |
| | | GEOSCI Elective 300 level and above | 3 |
| | 15 | | 15 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| GEOSCI elective 300 level and above | 4 | GEOSCI elective 300 level and above | 4 |
| GEOSCI elective 300 level and above | 3 | L&S Breadth | 3 |
| Elective | 5 | Elective | 4 |
| L&S Breadth | 3 | L&S Breadth | 3 |
| | 15 | | 14 |

Total Credits 120

Associate Professor Meyers

Assistant Professors Cardiff, Marcott, Zoet

# GERMAN, NORDIC, AND SLAVIC

The Department of German, Nordic, and Slavic is home to undergraduate and graduate programs in German (p. 775), Scandinavian studies (p. 775), and Slavic studies (p. 776). The department offers courses in the languages, linguistics, literatures, and cultures of these three areas, both in the target languages and in translation. The department provides instruction in more than a dozen languages, including Czech, Danish, Dutch, Finnish, German, Icelandic, Kazakh, Norwegian, Old Norse, Polish, Russian, Sami, Serbo-Croatian, Swedish, Turkish, and Yiddish.

## GERMAN PROGRAM

The German program affords students the opportunity to begin or to continue their study of German and/or Dutch.

Knowledge of German provides access to a culture that for more than a millennium has been central to the history, economy, arts, and sciences not just of Europe but of Western civilization as a whole. In the contemporary world, German-speaking countries have Europe's strongest economies and are playing an increasingly important role in world affairs. More Americans claim German ethnicity than any other, and German-speaking immigrants and their descendants have had an enduring impact on the history and culture of the United States. The UW–Madison has been a leader in the field of German studies for more than a century. The university's libraries are remarkable for the depth and breadth of their German-language holdings.

Knowledge of Dutch provides access to a culture that has been an important force in world history since the Middle Ages. The language of more than 20 million inhabitants of the Netherlands and Flanders (Dutch-speaking Belgium), Dutch is also spoken in Suriname and the Netherlands Antilles. It is also an important second language in Indonesia. As major economic powers, Belgium and the Netherlands play a leading role in shaping the European Union. World-class research in the sciences and humanities is conducted at Dutch and Belgian universities, and both countries can boast of a cultural life in which art, music, and theater are all flourishing.

### OPPORTUNITIES FOR GERMAN AND DUTCH STUDENTS

In addition to choosing from courses in culture, literature, linguistics, and German-American studies, German students can practice the language in various settings on campus, including the Stockwerk Deutsch (http://gns.wisc.edu/stockwerk-deutsch) Language House, which is located in Adams Hall. Other opportunities include the German Club, Kaffeestunde, and Stammtisch. There is also a Dutch Table for students of Dutch. Many German and Dutch students participate on semester- or year-long study abroad programs in Germany, Austria, and the Netherlands administered through International Academic Programs (http://www.studyabroad.wisc.edu), the School of Business, the College of Engineering, and the College of Agriculture and Life Sciences. The International Internship Program (http://internships.international.wisc.edu) also connects UW–Madison students to a wide range of internships in German- and Dutch-speaking Europe.

## SCANDINAVIAN STUDIES (NORDIC)

The Scandinavian Studies Program provides the opportunity to learn a Scandinavian language or Finnish (modern Icelandic only occasionally). The literature, folklore, and culture of the Nordic countries are taught both in the original languages and in English translation. Partly in cooperation with other departments, courses in Scandinavian area studies are offered (history, social institutions, geography, art, archaeology). Students who major in the field may continue graduate studies toward an M.A. in Scandinavian philology, literature, or area studies, and toward a Ph.D. in Scandinavian literature, philology, or folklore.

The program strongly encourages a junior-year abroad in a Nordic country; several exchange programs are available. Students who transfer to this university after a year abroad should contact the undergraduate advisor as early as possible to schedule a placement test.

# SLAVIC STUDIES

Courses in Russian and Polish are designed to meet the needs of students who begin to study the language in college as well as those who began to study the language in high school. One unit (year) of high school coursework is roughly equivalent to one semester of college work; all incoming students, however, who want to continue their study of Russian or Polish are assigned to courses on the basis of placement tests. These tests may admit a student to a more advanced course, but give no credit toward graduation. Students should speak with their instructor regarding retroactive credits during the first week of class.

### RUSSIAN FLAGSHIP PROGRAM

The Russian Flagship Program offers students of any major the opportunity to achieve a professional level of competence in Russian. Students apply to the program directly. Residential and study abroad requirements, course options, and scholarship information are posted at Russian Flagship (http://www.russianflagship.wisc.edu). To obtain more information about the Russian Flagship Program, students should make an appointment with a Russian Flagship advisor. (https://russianflagship.wisc.edu/advising)

## DEGREES/MAJORS/CERTIFICATES

- East Central European Languages, Literatures, and Cultures, Certificate (p. 776)
- Folklore, Certificate (p. 778)

# EAST CENTRAL EUROPEAN LANGUAGES, LITERATURES, AND CULTURES, CERTIFICATE

Are you of Czech, Polish, or SerboCroatian heritage—or do you just have a healthy fascination with East Central Europe? Can you imagine using any of these three languages in your future career or research? Since language and culture go hand in hand, the certificate in East Central European Languages, Literatures, and Cultures (ECELLC) combines language training (intermediate to advanced proficiency) with a wide variety of courses on the life of the region. Topics include vampires, science-fiction writing, Holocaust memory, and the pre-1989 culture of dissent as well as surveys of literature and culture by historical period. UW–Madison is one of only a handful of universities in North America where these languages are offered. UW also offers study-abroad opportunities in the Czech Republic, Poland, and Croatia. Courses taken abroad may count toward fulfillment of certificate requirements. Take advantage of the opportunity to learn these languages and to learn about the literatures and cultures of the countries where they are spoken.

## HOW TO GET IN

Students can declare the certificate in consultation with the faculty advisor for the certificate. Additional information can be found under the Advising and Careers tab for this program or in the Department of German, Nordic, and Slavic Studies (http://gns.wisc.edu/undergraduate).

## REQUIREMENTS

In order to receive the certificate in East Central European languages, literature, and cultures, students are required to complete a minimum of **15 credits total**.

| Code | Title | Credits |
|---|---|---|
| **Part 1** | | |
| Select one of the following options: | | 6-8 |
| SLAVIC 217 & SLAVIC 218 | Third Semester Czech and Fourth Semester Czech | |
| SLAVIC 207 & SLAVIC 208 | Third Semester Polish and Fourth Semester Polish [1] | |
| SLAVIC 251 & SLAVIC 252 | Third Semester Serbo-Croatian and Fourth Semester Serbo-Croatian | |
| **Part 2** | | |
| Select three courses from the following: | | 9 |
| LITTRANS 207 | Slavic Science Fiction through Literature and Film | |
| LITTRANS 208 | The Writings of Vaclav Havel: Crtitique of Modern Society | |
| LITTRANS 215 | Polish Literature in Translation: 14th to the Mid-19th Century | |
| LITTRANS 218 | Polish Literature in Translation: Late 19th and 20th Centuries | |
| LITTRANS 241 | Literatures and Cultures of Eastern Europe | |
| LITTRANS 247 | Topics in Slavic Literatures in Translation | |
| LITTRANS 329 | The Vampire in Literature and Film | |
| LITTRANS 454 | History of Serbian and Croatian Literature | |
| LITTRANS 471 | Polish Literature (in Translation), Middle Ages to 1863 | |
| LITTRANS 473 | Polish Literature (in Translation) since 1863 | |
| SLAVIC 242 | Literatures and Cultures of Eastern Europe | |
| SLAVIC 245 | Topics in Slavic Literatures | |
| SLAVIC/GEOG/ HISTORY/ POLI SCI 254 | Eastern Europe: An Interdisciplinary Survey | |
| SLAVIC 302 | Zarys historii literatury polskiej | |
| SLAVIC 307 | Study Abroad in Poland | |
| SLAVIC 308 | Polish Culture and Area Studies on Study Abroad | |
| SLAVIC/ FOLKLORE 444 | Slavic and East European Folklore | |
| SLAVIC 449 | Istorija srpske i hrvatske literature | |
| SLAVIC 454 | Moderna srpska i hrvatska literatura | |
| SLAVIC 470 | Historia literatury polskiej do roku 1863 | |
| SLAVIC 472 | Historia literatury polskiej po roku 1863 | |
| Total Credits | | 15-17 |

[1] Students can satisfy this requirement by completing any two courses in Polish language beyond the second semester, including: SLAVIC 207 Third Semester Polish, SLAVIC 208 Fourth Semester Polish, SLAVIC 277 Third Year Polish I, SLAVIC 278 Third Year Polish II, SLAVIC 331 Fourth Year Polish I, and SLAVIC 332 Fourth Year Polish II.

### RESIDENCE AND QUALITY OF WORK

At least 8 credits must be earned in residence.

Students must earn a cumulative 2.000 GPA on required certificate coursework.

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. Minimally acquire intermediate proficiency in an East Central European Language (Czech, Polish, or SerboCroatian).
2. Develop and apply writing skills and oral communications skills appropriate to Liberal Arts education in the context of Slavic studies to the literatures and cultures of the region.
3. Develop and apply critical-thinking skills inherent in the Liberal Arts tradition to the literature and culture of the region.
4. Analyze and interpret cultural products of the region (i.e. works of literature, films, etc.) in themselves and in the context of specific historical and cultural conditions.

## ADVISING AND CAREERS

The faculty advisor for the certificate in East Central European languages, Literatures, and cultures is David S. Danaher (dsdanaher@wisc.edu).

Advisors for the three languages represented by the certificate are:

- David Danaher (dsdanaher@wisc.edu) for Czech
- Halina Filipowicz (hfilipow@wisc.edu) or Ewa Miernowska (miernows@wisc.edu) for Polish
- Tomislav Longinovic (tlongino@wisc.edu) for Serbo-Croatian

For other undergraduate concerns, please contact our undergraduate coordinator:

Joanna Schuth, Undergraduate Coordinator
undergrad@gns.wisc.edu
608-262-2090
1306 Van Hise Hall

# FOLKLORE, CERTIFICATE

**Admissions to the Folklore Certificate have been suspended as of summer 2018. If you have any questions, please contact the department** (complit@lss.wisc.edu)**.**

**Students currently enrolled in the program will be supported and will be able to complete the program; however, no new students will be allowed to enroll in the program until further notice.**

The certificate in folklore is available to students working for a baccalaureate degree in any UW–Madison school or college. The purpose of the certificate is to acquaint students with the nature of folklore, its study, its public presentation, and its relations to a range of human experiences, intellectual currents, and professional endeavors.

## HOW TO GET IN

**Admissions to the Folklore Certificate have been suspended as of summer 2018. If you have any questions, please contact the department** (complit@lss.wisc.edu)**.**

## REQUIREMENTS

## REQUIREMENTS FOR THE FOLKLORE CERTIFICATE

At least three courses must be at the 300 level or above. Directed Study (FOLKLORE 399 Directed Study in Folklore for Undergraduates) may be used to satisfy one cluster requirement, but only with the approval of the certificate advisor and the director of the certificate program. Certificate seekers are urged to consult the undergraduate advisor at the earliest possible opportunity.

Select 15 credits, including at least one course from each of the following four clusters:

### INTRODUCTIONS TO THE FIELD:

| Code | Title | Credits |
|---|---|---|
| FOLKLORE 100 | Introduction to Folklore | 3 |
| FOLKLORE 230 | Introduction to American Folklore | 3 |

### GENRES OF FOLKLORE:

| Code | Title | Credits |
|---|---|---|
| FOLKLORE/ MUSIC 103 | Introduction to Music Cultures of the World | 3 |
| FOLKLORE/ ANTHRO/INTL ST/ LINGUIS 211 | Global Language Issues | 4 |
| FOLKLORE 220 | The Folk Tale | 3 |
| FOLKLORE/ RELIG ST 352 | Shamanism | 3 |
| FOLKLORE/ RELIG ST 359 | Myth | 3 |
| FOLKLORE 439 | Foodways | 3 |
| FOLKLORE 451 | The Supernatural in the Modern World | 3 |
| FOLKLORE 460 | Folk Epics | 3 |
| FOLKLORE/ ANTHRO/MUSIC/ THEATRE 539 | The Folklore of Festivals and Celebrations | 3 |
| FOLKLORE/DS 655 | Comparative World Dress | 3 |

### FOLKLORE AND CULTURAL AREAS:

| Code | Title | Credits |
|---|---|---|
| FOLKLORE/ AFROAMER/ AMER IND/ ASIAN AM/ CHICLA 102 | Introduction to Comparative US Ethnic and American Indian Studies | 3 |
| FOLKLORE/ AFRICAN 210 | The African Storyteller | 3 |

| | | |

| FOLKLORE/ LITTRANS 347 | In Translation: Kalevala and Finnish Folk-Lore | 3-4 |
| FOLKLORE/ MUSIC 401 | Musical Cultures of the World | 3 |
| FOLKLORE/ MUSIC 402 | Musical Cultures of the World | 3 |
| FOLKLORE/ AMER IND/ ANTHRO 431 | American Indian Folklore | 3 |
| FOLKLORE/ AMER IND/ANTHRO/ GEN&WS 437 | American Indian Women | 3 |
| FOLKLORE/ SCAND ST 440 | Scandinavian American Folklore | 3 |
| FOLKLORE/ SCAND ST 443 | Sami Culture, Yesterday and Today | 4 |
| FOLKLORE/ SLAVIC 444 | Slavic and East European Folklore | 3 |
| FOLKLORE/ MEDIEVAL/ SCAND ST 446 | Celtic-Scandinavian Cultural Interrelations | 3 |
| FOLKLORE 517 | The Irish Tradition | 3 |
| FOLKLORE 518 | The Scottish Tradition | 3 |
| FOLKLORE/ MUSIC 535 | American Folk and Vernacular Music | 3 |
| FOLKLORE 540 | Local Culture and Identity in the Upper Midwest | 3 |
| FOLKLORE 630 | Seminar on American Folklore | 3 |
| FOLKLORE/DS 640 | Topics in Ethnographic Textiles | 3 |

### ISSUES, THEORIES, METHODS:

| Code | Title | Credits |
|---|---|---|
| FOLKLORE/ GEN&WS 428 | Gender and Expressive Culture | 3 |
| FOLKLORE/ GEN&WS 467 | Women and Politics in Popular Culture and Folklore | 3 |
| FOLKLORE/ AFRICAN 471 | Oral Traditions and the Written Word | 3-4 |
| FOLKLORE/L I S 490 | Field Methods and the Public Presentation of Folklore | 3 |
| FOLKLORE 491 | Practicum in Public Folklore | 1-3 |
| FOLKLORE 510 | Folklore Theory | 3 |
| FOLKLORE/ MUSIC 515 | Proseminar in Ethnomusicology | 3 |
| FOLKLORE/ ANTHRO 520 | Ethnic Representations in Wisconsin | 4 |
| FOLKLORE/ COM ARTS 522 | Digitally Documenting Everyday Communication | 3 |
| FOLKLORE 530 | Topics in Folklore | 1-3 |
| FOLKLORE/ ANTHRO 639 | Field School: Ethnography of Wisconsin Festivals | 6-8 |

### RESIDENCE AND QUALITY OF WORK

8 certificate credits taken in residence

2.000 GPA in all courses eligible for the certificate

### CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. Identify and describe the range and variety of topics folklorists investigate and the professional contexts in which folklorists work.
2. Examine a specific genre of folklore, and differentiate the modes of study folklorists have developed for understanding that genre.
3. Demonstrate familiarity with folklore within one cultural area.
4. Define the theories and methods folklorists address or employ in their work.

## ADVISING AND CAREERS

Students interested in the Folklore Certificate should contact Joanna Schuth (jschuth@wisc.edu; 608-262-1390) for more assistance.

## PEOPLE

# FOLKLORE PROGRAM CORE FACULTY AND INSTRUCTIONAL STAFF

**Folklore Course Teaching Core**:

B. Marcus Cederström, Assistant Faculty Associate; German, Nordic and Slavic
Thomas DuBois, Professor; German, Nordic and Slavic
Christine Garlough, Professor; Gender and Women's Studies
Janet Gilmore, Professor; Planning and Landscape Architecture
Jennifer Gipson, Assistant Professor; French and Italian
Scott Mellor, Faculty Associate; German, Nordic and Slavic
Ruth Olson, Distinguished Faculty Associate; Center for the Study of Upper Midwestern Cultures
Anna Rue, Assistant Faculty Associate; Center for the Study of Upper Midwestern Cultures

**Folklore Cross-listed Course Teaching Core:**

Matthew H. Brown, Assistant Professor; African Cultural Studies
Nadia Chana, Assistant Professor; Music: Ethnomusicology
Peggy Choy, Associate Professor; Dance
Rob Howard, Professor; Communication Arts

J. Randolph Valentine, Professor; Language Sciences & American Indian Studies

# GERMAN, B.A.

The German program affords students the opportunity to begin or to continue their study of German and/or Dutch.

Knowledge of German provides access to a culture that for more than a millennium has been central to the history, economy, arts, and sciences not just of Europe but of Western civilization as a whole. In the contemporary world, German-speaking countries have Europe's strongest economies and are playing an increasingly important role in world affairs. More Americans claim German ethnicity than any other, and German-speaking immigrants and their descendants have had an enduring impact on the history and culture of the United States. The UW–Madison has been a leader in the field of German studies for more than a century. The university's libraries are remarkable for the depth and breadth of their German-language holdings.

Knowledge of Dutch provides access to a culture that has been an important force in world history since the Middle Ages. The language of more than 20 million inhabitants of the Netherlands and Flanders (Dutch-speaking Belgium), Dutch is also spoken in Suriname and the Netherlands Antilles. It is also an important second language in Indonesia. As major economic powers, Belgium and the Netherlands play a leading role in shaping the European Union. World-class research in the sciences and humanities is conducted at Dutch and Belgian universities, and both countries can boast of a cultural life in which art, music, and theater are all flourishing.

## STUDY ABROAD

The German program works closely with International Academic Programs (http://www.studyabroad.wisc.edu) to provide a range of opportunities for study in Germany and the Netherlands, for majors and nonmajors alike. The program also cooperates with the School of Business, which maintains study abroad programs in Germany and Austria open to all qualified undergraduates, not just business majors. Finally, the College of Engineering and the College of Agriculture and Life Sciences offer study abroad programs in Germany for qualified students in these colleges.

## OTHER OPPORTUNITIES FOR GERMAN STUDENTS

UW–Madison students interested in international internships should visit the website of the International Internship Program (http://internships.international.wisc.edu).

The German-language immersion dormitory, Stockwerk Deutsch (http://gns.wisc.edu/stockwerk-deutsch), is located in Richardson House in Adams Hall, one of the Lakeshore dorms. Undergraduate students live and speak German together with a resident native speaker of German. Contact the German program for applications and details.

Other regular student activities include film screenings and lectures as well as informal, conversation-oriented Kaffeestunde, Stammtisch, Dutch Table, and the German Club. For additional information, contact the German program.

## OFFERINGS IN DUTCH STUDIES

Course offerings in Dutch include five semesters of language instruction as well as courses in the literature and culture of the Low Countries. Courses in Dutch language satisfy the L&S foreign language requirement, while courses in Dutch literature and culture carry literature and humanities credits, respectively. Dutch literature is also offered under Literature in Translation.

A major in Dutch studies is not yet established at UW–Madison, but interested students are encouraged to pursue an individual major in the field. In addition to the study of language, literature, and culture, this could entail coursework in art history, geography, history, sociology, and so on. Courses taken in the study abroad program in Utrecht can also be applied to an individual major in Dutch studies.

# HOW TO GET IN

## DECLARING THE MAJOR

Students who have completed the prerequisite coursework may declare the German major at any time by consulting with the German program's undergraduate advisor.

### PREREQUISITES FOR THE MAJOR IN GERMAN

A total of 9 credits of language coursework at the third-year (post-204, "2xx") level is required for the German major. Third-year German language courses (GERMAN 249, GERMAN 258, GERMAN 262, GERMAN 285) are not sequenced; they may be taken in any order and/or simultaneously.

Complete one of the following two groups of prerequisite courses:

| Code | Title | Credits |
|---|---|---|
| **Group 1:** | | |
| GERMAN 249<br>& GERMAN 258<br>& GERMAN 262 | Intermediate German - Speaking and Listening<br>and Intermediate German-Reading<br>and Intermediate German-Writing | 9 |
| **Group 2:** | | |
| GERMAN 249<br>& GERMAN 285 | Intermediate German - Speaking and Listening<br>and Intermediate Intensive (Honors) German: Language, Culture, Texts | 9 |

# REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

27 credits in the major, as follows:

| Code | Title | Credits |
|---|---|---|
| **Required Courses** | | 6 |
| GERMAN 337 | Advanced Composition & Conversation | |
| GERMAN 676 | Advanced Seminar in German Studies [1] | |
| or GERMAN 677 | Seminar in German Culture Studies | |
| **Electives** [1,2] | | 21 |
| GERMAN 303 | Literatur des 19. Jahrhunderts | |
| GERMAN 305 | Literatur des 20. und 21. Jahrhunderts | |
| GERMAN 339 | Business German Internship Seminar | |
| GERMAN 351 | Introduction to German Linguistics | |
| GERMAN 352 | Topics in German Linguistics | |
| GERMAN 362 | Topics in German Literature | |
| GERMAN 367 | Study Abroad in German Literature | |
| GERMAN 368 | Study Abroad in German Culture | |
| GERMAN 369 | Study Abroad in German Linguistics | |
| GERMAN 372 | Topics in German Culture | |
| GERMAN 385 | Honors Seminar in German Literature | |
| GERMAN 410 | Kultur 1648-1918 | |
| GERMAN 411 | Kultur des 20. und 21. Jahrhunderts | |
| GERMAN/ JEWISH 510 | German-Jewish Culture Since the 18th Century | |
| GERMAN 560 | Topics in German Studies | |
| GERMAN/ MEDIEVAL 611 | Survey of German Literature to 1700 | |
| GERMAN 612 | German Literary Movements Since 1750 | |
| GERMAN 625 | Letterkunde der Lage Landen | |
| GERMAN 632 | A Theme in German Literature | |

| | |
|---|---|
| GERMAN 644 | Theory and Practice of German Drama |
| GERMAN 645 | Cultuurkunde der Lage Landen |
| GERMAN 650 | History of the German Language |
| GERMAN/ MEDIEVAL 651 | Introduction to Middle High German |
| GERMAN/ COM ARTS 655 | German Film |
| GERMAN 677 | Seminar in German Culture Studies |
| GERMAN 681 | Senior Honors Thesis-First Semester |
| GERMAN 682 | Senior Honors Thesis-Second Semester |
| GERMAN 683 | Senior Honors Seminar in German Literature |
| GERMAN 698 | Directed Study |
| GERMAN 699 | Directed Study |
| Total Credits | 27 |

1 At least 3 of these credits must be taken on the UW–Madison campus (not through Study Abroad).

2 Up to 9 credits of these electives may be in Cognate courses. Cognate courses with German-related subject matter are taught in English and may be found in many subjects. Questions about which courses may be counted as Cognate courses may be directed to the undergraduate advisor.

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all GERMAN courses and all major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence [3]
- 15 credits in GERMAN, taken on campus

3 GERMAN courses numbered 300-699 are upper-level in the major, except: GERMAN 311, GERMAN 312, GERMAN 313, GERMAN 314, GERMAN 325, GERMAN 335, GERMAN 377, GERMAN 378, GERMAN 379, GERMAN 391, GERMAN 392, GERMAN 401, GERMAN 402, GERMAN 403, GERMAN 404, GERMAN 445, and any Dutch topic course.

### SENIOR THESIS

A student who wishes to write a senior thesis may do so under the direction of a Professor in German. Students should begin planning with the major advisor or the directing professor in the student's junior year.

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the German undergraduate advisor.

### HONORS IN THE GERMAN MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 in all Advanced-level GERMAN courses
- Complete 29 total Advanced-level credits in German, 20 of which must be taken for Honors, to include:

| Code | Title | Credits |
|---|---|---|
| GERMAN 337 | Advanced Composition & Conversation (for honors credit) | 3 |
| GERMAN 676 | Advanced Seminar in German Studies (for honors credit) | 3 |
| GERMAN 677 | Seminar in German Culture Studies | 3 |
| GERMAN 681 & GERMAN 682 | Senior Honors Thesis-First Semester and Senior Honors Thesis-Second Semester | 6 |

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## FOUR-YEAR PLAN

Students considering a major in German should consult with the undergraduate advisor for German early to discuss how to complete their degree in four academic years.

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| GERMAN 101 | 4 | GERMAN 102 | 4 |
| Communication A | 3 | GERMAN/JEWISH/ LITTRANS 279 (meets Ethnic Studies Requirement) | 3 |
| Quantitative Reasoning A | 3 | Biological Science Breadth | 3 |
| Social Science Breadth | 4 | Social Science Breadth | 4 |
| | 14 | | 14 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| GERMAN 203 | 4 | GERMAN 204 | 4 |
| GERMAN 236 | 3 | GERMAN 275 | 3 |
| Quantitative Reasoning B | 3-4 | GERMAN/JEWISH 267 (enroll in Communication B Section) | 4 |
| INTER-LS 210 | 1 | Social Science Breadth | 4 |

| | | | |

## ADVISING AND CAREERS

Any questions regarding advising or placement in German or Dutch may be directed to the undergraduate advisors for these programs:

Jeanne M. Schueller, Undergraduate German Advisor
jmschuel@wisc.edu
806 Van Hise Hall

Jolanda Vanderwal Taylor, Undergraduate Dutch Advisor
jvtaylor@wisc.edu
608-262-5790
808 Van Hise Hall

For other undergraduate concerns, please contact the undergraduate coordinator:

Joanna Schuth, Undergraduate Coordinator
undergrad@gns.wisc.edu
608-262-2090
1306 Van Hise Hall

For advising on careers related to German, Dutch, and other languages, contact the Language Institute (https://languageinstitute.wisc.edu).

For additional career advising, contact:

SuccessWorks at the College of Letters & Science
711 State Street, Suite 300 (University Book Store Building)
SuccessWorks@ls.wisc.edu
608-262-3921

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Hans Adler, Monika Chavez, Sabine Gross, Rob Howell, Mark Louden, B. Venkat Mani, Pamela Potter, Jolanda Vanderwal Taylor

Associate Professors Salvatore Calomino, Sonja Klocke, Sabine Moedersheim

Assistant Professors Hannah V. Eldridge, Philip Hollander, Weijia Li, Sunny Yudkoff

Faculty Associate Jeanne Schueller

# GERMAN, B.S.

The German program affords students the opportunity to begin or to continue their study of German and/or Dutch.

Knowledge of German provides access to a culture that for more than a millennium has been central to the history, economy, arts, and sciences not just of Europe but of Western civilization as a whole. In the contemporary world, German-speaking countries have Europe's strongest economies and are playing an increasingly important role in world affairs. More Americans claim German ethnicity than any other, and German-speaking immigrants and their descendants have had an enduring impact on the history and culture of the United States. The UW–Madison has been a leader in the field of German studies for more than a century. The university's libraries are remarkable for the depth and breadth of their German-language holdings.

Knowledge of Dutch provides access to a culture that has been an important force in world history since the Middle Ages. The language of more than 20 million inhabitants of the Netherlands and Flanders (Dutch-speaking Belgium), Dutch is also spoken in Suriname and the Netherlands Antilles. It is also an important second language in Indonesia. As major economic powers, Belgium and the Netherlands play a leading role in shaping the European Union. World-class research in the sciences and humanities is conducted at Dutch and Belgian universities, and both countries can boast of a cultural life in which art, music, and theater are all flourishing.

### STUDY ABROAD

The German program works closely with International Academic Programs (http://www.studyabroad.wisc.edu) to provide a range of opportunities for study in Germany and the Netherlands, for majors and nonmajors alike. The program also cooperates with the School of Business, which maintains study abroad programs in Germany and Austria open to all qualified undergraduates, not just business majors. Finally, the College of Engineering and the College of Agriculture and Life Sciences offer study abroad programs in Germany for qualified students in these colleges.

### OTHER OPPORTUNITIES FOR GERMAN STUDENTS

UW–Madison students interested in international internships should visit the website of the International Internship Program (http://internships.international.wisc.edu).

The German-language immersion dormitory, Stockwerk Deutsch (http://gns.wisc.edu/stockwerk-deutsch), is located in Richardson House in Adams Hall, one of the Lakeshore dorms. Undergraduate students live and speak German together with a resident native speaker of German. Contact the German program for applications and details.

Other regular student activities include film screenings and lectures as well as informal, conversation-oriented Kaffeestunde, Stammtisch, Dutch Table, and the German Club. For additional information, contact the German program.

### OFFERINGS IN DUTCH STUDIES

Course offerings in Dutch include five semesters of language instruction as well as courses in the literature and culture of the Low Countries. Courses in Dutch language satisfy the L&S foreign language requirement, while courses in Dutch literature and culture carry literature and humanities credits, respectively. Dutch literature is also offered under Literature in Translation.

A major in Dutch studies is not yet established at UW–Madison, but interested students are encouraged to pursue an individual major in the field. In addition to the study of language, literature, and culture, this could entail coursework in art history, geography, history, sociology, and so on. Courses taken in the study abroad program in Utrecht can also be applied to an individual major in Dutch studies.

## HOW TO GET IN

# DECLARING THE MAJOR

Students who have completed the prerequisite coursework may declare the German major at any time by consulting with the German program's undergraduate advisor.

### PREREQUISITES FOR THE MAJOR IN GERMAN

A total of 9 credits of language coursework at the third-year (post-204, "2xx") level is required for the German major. Third-year German language courses (GERMAN 249, GERMAN 258, GERMAN 262, GERMAN 285) are not sequenced; they may be taken in any order and/or simultaneously.

Complete one of the following two groups of prerequisite courses:

| Code | Title | Credits |
|---|---|---|
| **Group 1:** | | |
| GERMAN 249<br>& GERMAN 258<br>& GERMAN 262 | Intermediate German - Speaking and Listening<br>and Intermediate German-Reading<br>and Intermediate German-Writing | 9 |
| **Group 2:** | | |
| GERMAN 249<br>& GERMAN 285 | Intermediate German - Speaking and Listening<br>and Intermediate Intensive (Honors) German: Language, Culture, Texts | 9 |

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

General Education

- Breadth—Humanities/Literature/Arts: 6 credits
- Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits
- Breadth—Social Studies: 3 credits
- Communication Part A & Part B *
- Ethnic Studies *
- Quantitative Reasoning Part A & Part B *

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree

requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

27 credits in the major, as follows:

| Code | Title | Credits |
|---|---|---|
| **Required Courses** | | 6 |
| GERMAN 337 | Advanced Composition & Conversation | |
| GERMAN 676 | Advanced Seminar in German Studies [1] | |
| or GERMAN 677 | Seminar in German Culture Studies | |
| **Electives** [1,2] | | 21 |
| GERMAN 303 | Literatur des 19. Jahrhunderts | |
| GERMAN 305 | Literatur des 20. und 21. Jahrhunderts | |
| GERMAN 339 | Business German Internship Seminar | |
| GERMAN 351 | Introduction to German Linguistics | |
| GERMAN 352 | Topics in German Linguistics | |
| GERMAN 362 | Topics in German Literature | |
| GERMAN 367 | Study Abroad in German Literature | |
| GERMAN 368 | Study Abroad in German Culture | |
| GERMAN 369 | Study Abroad in German Linguistics | |
| GERMAN 372 | Topics in German Culture | |
| GERMAN 385 | Honors Seminar in German Literature | |
| GERMAN 410 | Kultur 1648-1918 | |
| GERMAN 411 | Kultur des 20. und 21. Jahrhunderts | |
| GERMAN/ JEWISH 510 | German-Jewish Culture Since the 18th Century | |
| GERMAN 560 | Topics in German Studies | |
| GERMAN/ MEDIEVAL 611 | Survey of German Literature to 1700 | |
| GERMAN 612 | German Literary Movements Since 1750 | |
| GERMAN 625 | Letterkunde der Lage Landen | |
| GERMAN 632 | A Theme in German Literature | |
| GERMAN 644 | Theory and Practice of German Drama | |
| GERMAN 645 | Cultuurkunde der Lage Landen | |
| GERMAN 650 | History of the German Language | |
| GERMAN/ MEDIEVAL 651 | Introduction to Middle High German | |
| GERMAN/ COM ARTS 655 | German Film | |
| GERMAN 677 | Seminar in German Culture Studies | |
| GERMAN 681 | Senior Honors Thesis-First Semester | |
| GERMAN 682 | Senior Honors Thesis-Second Semester | |
| GERMAN 683 | Senior Honors Seminar in German Literature | |
| GERMAN 698 | Directed Study | |
| GERMAN 699 | Directed Study | |
| Total Credits | | 27 |

1 At least 3 of these credits must be taken on the UW–Madison campus (not through Study Abroad).

2 Up to 9 credits of these electives may be in Cognate courses. Cognate courses with German-related subject matter are taught in English and may be found in many subjects. Questions about which courses may be counted as Cognate courses may be directed to the undergraduate advisor.

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all GERMAN courses and all major courses
- 2.000 GPA on 15 upper-level major credits, taken in residence [3]
- 15 credits in GERMAN, taken on campus

[3] GERMAN courses numbered 300-699 are upper-level in the major, except: GERMAN 311, GERMAN 312, GERMAN 313, GERMAN 314, GERMAN 325, GERMAN 335, GERMAN 377, GERMAN 378, GERMAN 379, GERMAN 391, GERMAN 392, GERMAN 401, GERMAN 402, GERMAN 403, GERMAN 404, GERMAN 445, and any Dutch topic course.

### SENIOR THESIS

A student who wishes to write a senior thesis may do so under the direction of a Professor in German. Students should begin planning with the major advisor or the directing professor in the student's junior year.

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the German undergraduate advisor.

### HONORS IN THE GERMAN MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 in all Advanced-level GERMAN courses
- Complete 29 total Advanced-level credits in German, 20 of which must be taken for Honors, to include:

| Code | Title | Credits |
|---|---|---|
| GERMAN 337 | Advanced Composition & Conversation (for honors credit) | 3 |
| GERMAN 676 | Advanced Seminar in German Studies (for honors credit) | 3 |
| GERMAN 677 | Seminar in German Culture Studies | 3 |
| GERMAN 681 & GERMAN 682 | Senior Honors Thesis-First Semester and Senior Honors Thesis-Second Semester | 6 |

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## FOUR-YEAR PLAN

Students considering a major in German should consult with the undergraduate advisor for German early to discuss how to complete their degree in four academic years.

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| GERMAN 101 | 4 | GERMAN 102 | 4 |
| Communication A | 3 | GERMAN/JEWISH/ LITTRANS 279 (meets Ethnic Studies Requirement) | 3 |
| Quantitative Reasoning A | 3 | Biological Science Breadth | 3 |
| Social Science Breadth | 4 | Social Science Breadth | 4 |
| | 14 | | 14 |

**Sophomore**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| GERMAN 203 | 4 | GERMAN 204 | 4 |
| GERMAN 236 | 3 | GERMAN 275 | 3 |
| Quantitative Reasoning B | 3-4 | GERMAN/JEWISH 267 (enroll in Communication B Section) | 4 |
| INTER-LS 210 | 1 | Social Science Breadth | 4 |
| Elective | 4 | | |
| | 15 | | 15 |

**Junior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| GERMAN 249 | 3 | GERMAN 337 | 3-4 |
| GERMAN 258 | 3 | 300+ Level GERMAN Elective | 3 |
| GERMAN 262 | 3 | Science Breadth | 3 |
| Physical Science Breadth | 3 | Electives | 7 |
| Elective | 4 | | |
| | 16 | | 16 |

**Senior**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| 300+ Level GERMAN Elective | 3 | GERMAN 676 | 3 |
| 300+ Level GERMAN Elective | 3 | 300+ Level GERMAN Elective | 3 |
| Science Breadth | 3 | Electives | 9 |
| Electives | 6 | | |
| | 15 | | 15 |

Total Credits 120

## ADVISING AND CAREERS

Any questions regarding advising or placement in German or Dutch may be directed to the undergraduate advisors for these programs:

Jeanne M. Schueller, Undergraduate German Advisor
jmschuel@wisc.edu
806 Van Hise Hall

Jolanda Vanderwal Taylor, Undergraduate Dutch Advisor
jvtaylor@wisc.edu
608-262-5790
808 Van Hise Hall

For other undergraduate concerns, please contact the undergraduate coordinator:

Joanna Schuth, Undergraduate Coordinator
undergrad@gns.wisc.edu
608-262-2090
1306 Van Hise Hall

For advising on careers related to German, Dutch, and other languages, contact the Language Institute (https://languageinstitute.wisc.edu).

For additional career advising, contact:

SuccessWorks at the College of Letters & Science
711 State Street, Suite 300 (University Book Store Building)
SuccessWorks@ls.wisc.edu
608-262-3921

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)

Faculty Associate Jeanne Schueller

# GERMAN, CERTIFICATE

The certificate in German offers students the opportunity to develop proficiency in German, thereby complementing major(s) in other subjects across the university. It also strengthens the profiles of students who intend to pursue careers or graduate study in areas where knowledge of German is useful. The certificate in German is open to all undergraduate students, including Special students who may already have completed majors and earned degrees.

## REQUIREMENTS

## GERMAN CERTIFICATE REQUIREMENTS

15 credits, which must include at least two courses in Advanced German.

| Code | Title | Credits |
|---|---|---|
| **Advanced GERMAN (2 courses required)** | | 6 |
| GERMAN 303 | Literatur des 19. Jahrhunderts | |
| GERMAN 305 | Literatur des 20. und 21. Jahrhunderts | |
| GERMAN 337 | Advanced Composition & Conversation | |
| GERMAN 339 | Business German Internship Seminar | |
| GERMAN 351 | Introduction to German Linguistics | |
| GERMAN 352 | Topics in German Linguistics | |
| GERMAN 362 | Topics in German Literature | |
| GERMAN 367 | Study Abroad in German Literature | |
| GERMAN 368 | Study Abroad in German Culture | |
| GERMAN 369 | Study Abroad in German Linguistics | |
| GERMAN 372 | Topics in German Culture | |
| GERMAN 385 | Honors Seminar in German Literature | |
| GERMAN 410 | Kultur 1648-1918 | |
| GERMAN 411 | Kultur des 20. und 21. Jahrhunderts | |
| GERMAN/ JEWISH 510 | German-Jewish Culture Since the 18th Century | |
| GERMAN 560 | Topics in German Studies | |
| **Additional GERMAN, from any course listed above, or:** | | 9 |

| | | |
|---|---|---|
| GERMAN 249 | Intermediate German - Speaking and Listening | |
| GERMAN 258 | Intermediate German-Reading | |
| GERMAN 262 | Intermediate German-Writing | |
| Total Credits | | 15 |

### RESIDENCE AND QUALITY OF WORK

- A 2.000 cumulative GPA in all courses eligible for the certificate is required
- 8 credits in residence

Pass/fail courses do not apply to the certificate.

## UNDERGRADUATE/SPECIAL STUDENT CERTIFICATES

This certificate may be completed within the context of an undergraduate degree or as a Special student after an undergraduate degree has been awarded from any institution. The certificate may be completed in its entirety while enrolled as a Special student. Candidates are encouraged to contact the certificate coordinator to discuss course enrollment and the sequencing of certificate requirements.

## LEARNING OUTCOMES

1. to promote German proficiency in all major skill areas: speaking, listening, reading, and writing.
2. to foster a deeper understanding of the cultures of the German-speaking world through courses taught in German.

# POLISH, B.A.

Elementary courses in Polish are designed to meet the needs of students who begin to study the language in college as well as those who began to study the language in high school. One unit (year) of high school coursework is roughly equivalent to one semester of college work; all incoming students, however, who want to continue their study of Polish are assigned to courses on the basis of placement tests. These tests may admit a student to a more advanced course, but give no credit toward graduation. However, retroactive credits can be granted in recognition

of previous language study. Students should speak with their instructor regarding retroactive credits during the first week of class.

## HOW TO GET IN

To declare a major in Polish, students should make an appointment with the undergraduate advisor.

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. | Total Credits | | 24 |

1 Other courses related to Poland may count, with the approval of the advisor, including courses taken abroad on Polish history, society, politics, economy, etc.

2 SLAVIC 302 is taught in Polish.

3 SLAVIC 245 and LITTRANS 247 are topics courses; the topic must be approved by the advisor for the Polish major for credit toward the major.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all courses counting in the major
- 2.000 GPA on 15 upper-level major credits taken in residence
- 15 credits in the major taken on the UW–Madison campus

### Upper-Level Courses in the Major

The following courses are upper-level in the Polish major:

| Code | Title | Credits |
|---|---|---|
| SLAVIC 277 | Third Year Polish I | 3 |
| SLAVIC 278 | Third Year Polish II | 3 |
| SLAVIC 302 | Zarys historii literatury polskiej | 3 |
| SLAVIC 307 | Study Abroad in Poland | 1-4 |
| SLAVIC 308 | Polish Culture and Area Studies on Study Abroad | 1-4 |
| SLAVIC 331 | Fourth Year Polish I | 3 |
| SLAVIC 332 | Fourth Year Polish II | 3 |
| SLAVIC/ FOLKLORE 444 | Slavic and East European Folklore | 3 |
| SLAVIC 470 | Historia literatury polskiej do roku 1863 | 3 |
| SLAVIC 472 | Historia literatury polskiej po roku 1863 | 3 |
| HISTORY 425 | History of Poland and the Baltic Area | 3-4 |
| LITTRANS 215 | Polish Literature in Translation: 14th to the Mid-19th Century | 3 |
| LITTRANS 471 | Polish Literature (in Translation), Middle Ages to 1863 | 3 |
| LITTRANS 473 | Polish Literature (in Translation) since 1863 | 3 |

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Polish honors advisor.

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Complete 15 credits in SLAVIC, taken for Honors, with individual course grades of B or better, to include:
- Complete 9 credits above SLAVIC 208, chosen from the following list[1]:

| Code | Title | Credits |
|---|---|---|
| SLAVIC 277 | Third Year Polish I | 3 |
| SLAVIC 278 | Third Year Polish II | 3 |
| SLAVIC 301 | Introduction to Intensive Polish | 3 |
| SLAVIC 302 | Zarys historii literatury polskiej | 3 |
| SLAVIC 331 | Fourth Year Polish I | 3 |
| SLAVIC 332 | Fourth Year Polish II | 3 |
| SLAVIC 470 | Historia literatury polskiej do roku 1863 | 3 |
| SLAVIC 472 | Historia literatury polskiej po roku 1863 | 3 |

- Complete a two-semester Senior Honors Thesis in SLAVIC 681 and SLAVIC 682, for a total of 6 credits.

1 This requirement may be waived for students who take some of these courses while studying abroad in Poland.

# DISTINCTION IN THE MAJOR

With the permission of the Polish advisor, students who are not in any of the honors programs may work toward Distinction in the Major. Distinction in the Major may be granted for any student who has a 3.500 grade point average in the major, and who has submitted an acceptable senior thesis.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. (Polish language proficiency) Develop speaking, listening, writing, and reading skills and integrate these skills to communicate in Polish in a variety of social situations.
2. Develop and apply writing skills and oral communication skills appropriate to liberal arts education in the context of Slavic studies.
3. Develop and apply critical thinking skills inherent in the liberal arts tradition in the context of Slavic studies.
4. Analyze and interpret works of literature in themselves and in the context of specific historical and cultural conditions.
5. Demonstrate insight into Polish culture and civilization and apply this knowledge across disciplines such as history, political science, the arts, geography, business, economics, sociology, the sciences, gender studies, philosophy, law, folklore.

## FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| SLAVIC 111 | 4 | SLAVIC 112 | 4 |

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate

in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)

# POLISH, B.S.

Elementary courses in Polish are designed to meet the needs of students who begin to study the language in college as well as those who began to study the language in high school. One unit (year) of high school coursework is roughly equivalent to one semester of college work; all incoming students, however, who want to continue their study of Polish are assigned to courses on the basis of placement tests. These tests may admit a student to a more advanced course, but give no credit toward graduation. However, retroactive credits can be granted in recognition of previous language study. Students should speak with their instructor regarding retroactive credits during the first week of class.

## HOW TO GET IN

To declare a major in Polish, students should make an appointment with the undergraduate advisor.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |

| | |
|---|---|
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

The Polish major requires study of the Polish language, Polish literature in translation, Polish literature in the original language, as well as culture and area studies, as detailed below:

| Code | Title | Credits |
|---|---|---|
| **Polish Language (complete three courses):** | | 9 |
| SLAVIC 277 | Third Year Polish I | |
| SLAVIC 278 | Third Year Polish II | |
| SLAVIC 331 | Fourth Year Polish I | |
| SLAVIC 332 | Fourth Year Polish II | |
| **Polish Literature in Translation (complete one course from each group):** | | 6 |
| LITTRANS 215 | Polish Literature in Translation: 14th to the Mid-19th Century | |
| or LITTRANS 471 | Polish Literature (in Translation), Middle Ages to 1863 | |
| or SLAVIC 470 | Historia literatury polskiej do roku 1863 | |
| LITTRANS 218 | Polish Literature in Translation: Late 19th and 20th Centuries | |
| or LITTRANS 472 | Polish Literature (in Translation) since 1863 | |
| or SLAVIC 472 | Historia literatury polskiej po roku 1863 | |
| **Polish Literature in the Original Language and Culture & Area Studies:** [1] | | 9 |
| SLAVIC 302 | Zarys historii literatury polskiej [2] | |
| SLAVIC 245 | Topics in Slavic Literatures [3] | |
| SLAVIC/GEOG/HISTORY/POLI SCI 254 | Eastern Europe: An Interdisciplinary Survey | |
| SLAVIC 308 | Polish Culture and Area Studies on Study Abroad | |
| SLAVIC/FOLKLORE 444 | Slavic and East European Folklore | |
| LITTRANS 229 | Representation of the Jew in Eastern European Cultures | |
| LITTRANS 241 | Literatures and Cultures of Eastern Europe | |
| LITTRANS 247 | Topics in Slavic Literatures in Translation [3] | |
| HISTORY 425 | History of Poland and the Baltic Area | |
| Total Credits | | 24 |

1 Other courses related to Poland may count, with the approval of the advisor, including courses taken abroad on Polish history, society, politics, economy, etc.

2 SLAVIC 302 is taught in Polish.

3 SLAVIC 245 and LITTRANS 247 are topics courses; the topic must be approved by the advisor for the Polish major for credit toward the major.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all courses counting in the major
- 2.000 GPA on 15 upper-level major credits taken in residence
- 15 credits in the major taken on the UW–Madison campus

### Upper-Level Courses in the Major

The following courses are upper-level in the Polish major:

| Code | Title | Credits |
|---|---|---|
| SLAVIC 277 | Third Year Polish I | 3 |
| SLAVIC 278 | Third Year Polish II | 3 |
| SLAVIC 302 | Zarys historii literatury polskiej | 3 |
| SLAVIC 307 | Study Abroad in Poland | 1-4 |
| SLAVIC 308 | Polish Culture and Area Studies on Study Abroad | 1-4 |
| SLAVIC 331 | Fourth Year Polish I | 3 |
| SLAVIC 332 | Fourth Year Polish II | 3 |
| SLAVIC/FOLKLORE 444 | Slavic and East European Folklore | 3 |
| SLAVIC 470 | Historia literatury polskiej do roku 1863 | 3 |
| SLAVIC 472 | Historia literatury polskiej po roku 1863 | 3 |
| HISTORY 425 | History of Poland and the Baltic Area | 3-4 |

| | | |
|---|---|---|
| LITTRANS 215 | Polish Literature in Translation: 14th to the Mid-19th Century | 3 |
| LITTRANS 471 | Polish Literature (in Translation), Middle Ages to 1863 | 3 |
| LITTRANS 473 | Polish Literature (in Translation) since 1863 | 3 |

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Polish honors advisor.

## HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Complete 15 credits in SLAVIC, taken for Honors, with individual course grades of B or better, to include:

| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

The Russian major requires 35 credits, which may be completed from one of two concentrations.

## CORE LANGUAGE & CULTURE

Regardless of concentration, all students pursuing the Russian major must complete the following core courses:

| Code | Title | Credits |
|---|---|---|
| **Language (complete three sequences):** | | 20 |
| SLAVIC 275 & SLAVIC 276 | Third Year Russian I and Third Year Russian II [1] | |
| or SLAVIC 279 | Intensive Third Year Russian | |
| SLAVIC 315 & SLAVIC 316 | Russian Language and Culture I and Russian Language and Culture II | |
| SLAVIC 321 & SLAVIC 322 | Fourth Year Russian I and Fourth Year Russian II | |
| **Culture through Literature (complete one):** | | 3-4 |

| | |
|---|---|
| LITTRANS 233 | Russian Life and Culture Through Literature and Art (to 1917) |
| or LITTRANS 234 | Soviet Life and Culture Through Literature and Art (from 1917) |
| Total Credits | 23-24 |

## CONCENTRATIONS

### Language & Literature

Note: Students concentrating their studies in Russian—Language and Literature are eligible to declare the certificate in Russian, East European, and Central Asian studies (http://guide.wisc.edu/undergraduate/letters-science/institute-regional-international-studies/russian-east-european-central-asian-certificate).

| Code | Title | Credits |
|---|---|---|
| **Literature in Translation (complete both):** [1] | | 8 |
| LITTRANS 203 | Survey of 19th and 20th Century Russian Literature in Translation I | |
| LITTRANS 204 | Survey of 19th and 20th Century Russian Literature in Translation II | |
| **Literature in Russian (complete one):** | | 4 |
| SLAVIC 405 | Women in Russian Literature | |
| SLAVIC 420 | Chekhov | |
| SLAVIC 421 | Gogol | |
| SLAVIC 422 | Dostoevsky | |
| SLAVIC 424 | Tolstoy | |
| SLAVIC 440 | Soviet Literature | |
| Total Credits | | 12 |

[1] It is preferable to take these LITTRANS courses in numerical sequence, though they may be taken out of sequence.

### Language & Civilization

Note: Students concentrating their studies in Russian—Language and Civilization are not eligible to declare the certificate in Russian, East European, and Central Asian studies (http://guide.wisc.edu/undergraduate/letters-science/institute-regional-international-studies/russian-east-european-central-asian-certificate).

| Code | Title | Credits |
|---|---|---|
| **Civilization (one course):** | | 4 |
| SLAVIC/GEOG/ HISTORY/ POLI SCI 253 | Russia: An Interdisciplinary Survey | |
| **Area Studies** | | 9 |
| LITTRANS 233 | Russian Life and Culture Through Literature and Art (to 1917) (if not used for the Culture requirement) | |
| or LITTRANS 234 | Soviet Life and Culture Through Literature and Art (from 1917) | |
| COM ARTS 456 | Russian and Soviet Film | |
| ECON 390 | Contemporary Economic Issues [2] | |
| GEOG 353 | Russia and the NIS-Topical Analysis | |
| HISTORY 417 | History of Russia | |
| HISTORY 419 | History of Soviet Russia | |
| HISTORY 420 | Russian Social and Intellectual History | |
| HISTORY/CHICLA/ POLI SCI 422 | Latino History and Politics | |
| HISTORY 600 | Advanced Seminar in History [2] | |
| POLI SCI 401 | Selected Topics in Political Science [2] | |
| POLI SCI 534 | Socialism and Transitions to the Market | |
| POLI SCI 334 | Russian Politics | |
| SLAVIC 433 | History of Russian Culture [3] | |
| SLAVIC 434 | Contemporary Russian Culture [3] | |
| THEATRE/ SLAVIC 532 | History of Russian Theatre | |
| Total Credits | | 13 |

[2] Eligible only when the topic focuses on Russia.

[3] SLAVIC 433 and SLAVIC 434 are taught in Russian; enrollment requires consent of the instructor.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all major courses
- 2.000 GPA on 15 upper-level credits for the major, taken in residence
- 15 credits in the major, taken on campus

### Upper-Level Courses in the Major

The following courses are upper-level in the Russian major.

| Code | Title | Credits |
|---|---|---|
| LITTRANS 221 | Gogol in Translation | |
| LITTRANS 222 | Dostoevsky in Translation | |
| SLAVIC 275 | Third Year Russian I | |
| SLAVIC 276 | Third Year Russian II | |
| SLAVIC 309 | Russian Area Studies on Study Abroad | |
| SLAVIC 310 | Topics in Russian: Study Abroad | |
| SLAVIC 315 | Russian Language and Culture I | |
| SLAVIC 316 | Russian Language and Culture II | |
| SLAVIC 321 | Fourth Year Russian I | |
| SLAVIC 322 | Fourth Year Russian II | |
| SLAVIC 405 | Women in Russian Literature | |
| SLAVIC 420 | Chekhov | |
| SLAVIC 421 | Gogol | |
| SLAVIC 422 | Dostoevsky | |
| SLAVIC 424 | Tolstoy | |
| SLAVIC 440 | Soviet Literature | |
| SLAVIC/ FOLKLORE 444 | Slavic and East European Folklore | |
| SLAVIC/ THEATRE 532 | History of Russian Theatre | |
| SLAVIC 681 | Senior Honors Thesis | |
| SLAVIC 682 | Senior Honors Thesis | |
| SLAVIC 699 | Directed Study | |

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Russian Honors advisor (atumarki@wisc.edu).

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Minimum 3.300 University GPA
- Minimum 3.500 GPA in SLAVIC 205 through SLAVIC 699 and all courses in the major
- 20 credits in the major taken for Honors, in Residence, not through Study Abroad, with grades of B or better in these courses:
  - SLAVIC 275, SLAVIC 276, SLAVIC 321, SLAVIC 322
  - A Senior Honor Thesis in SLAVIC 681 and SLAVIC 682 for at least 6 credits

## DISTINCTION IN THE MAJOR

Students who are not pursuing Honors in the Major, and who distinguish themselves in the quality of their work, may request that Distinction in the Major be noted on their transcript. The major advisor will determine eligibility—at a minimum, a 3.500 major GPA and an acceptable Senior Thesis are required.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. (Russian language proficiency) Develop speaking, listening, writing, and reading skills and integrate these skills to communicate in Russian in a variety of social situations.
2. Develop and apply writing skills and oral communication skills appropriate to liberal arts education in the context of Slavic studies.
3. Develop and apply critical thinking skills inherent in the liberal arts tradition in the context of Slavic studies.
4. (Language & Literature Track and Native Speaker Track) Analyze and interpret works of literature in themselves and in the context of specific historical and cultural conditions.
5. (Language & Civilization Track) Demonstrate insight into Russian culture and civilization and apply this knowledge across disciplines such as history, political science, the arts, geography, business, economics, sociology, the sciences, gender studies, philosophy, law, folklore.

## FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| SLAVIC 101 | 4 | SLAVIC 102 | 4 |
| Communication A | 3 | GERMAN/JEWISH 267 (meets Ethnic Studies requirement) | 3 |

Total Credits 120

## ADVISING AND CAREERS

## ADVISING AND CAREERS

For advising in Russian or Polish contact our Russian and Polish undergraduate advisor Anna Tumarkin (atumarki@wisc.edu).

For placement in Russian contact Anna Tumarkin (atumarki@wisc.edu).

For placement in Polish contact Ewa Miernowska (miernows@wisc.edu).

For information on the Russian Flagship Program contact Laura Weigel (leweigel@wisc.edu) or visit the program page (https://russianflagship.wisc.edu).

For other undergraduate concerns, please contact our undergraduate coordinator:

Joanna Schuth, Undergraduate Coordinator
undergrad@gns.wisc.edu
608-262-2090
1306 Van Hise

For additional career advising, please contact:

SuccessWorks at the College of Letters & Science
711 State Street, Suite 300
Madison, WI 53703
608-262-3921
SuccessWorks@ls.wisc.edu

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)

Assistant Professor Marina Zilbergerts

Faculty Associates Jennifer Tishler, Anna Tumarkin

Senior Lecturers Galina Lapina, Ewa Miernowska

Lecturer Alexandra Walter

# RUSSIAN, B.S.

Elementary courses in Polish are designed to meet the needs of students who begin to study the language in college as well as those who began to study the language in high school. One unit (year) of high school coursework is roughly equivalent to one semester of college work; all incoming students, however, who want to continue their study of Polish are assigned to courses on the basis of placement tests. These tests may admit a student to a more advanced course, but give no credit toward graduation. However, retroactive credits can be granted in recognition of previous language study. Students should speak with their instructor regarding retroactive credits during the first week of class.

## HOW TO GET IN

To declare a major in Russian, students should make an appointment with the Russian undergraduate advisor.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

The Russian major requires 35 credits, which may be completed from one of two concentrations.

## CORE LANGUAGE & CULTURE

Regardless of concentration, all students pursuing the Russian major must complete the following core courses:

| Code | Title | Credits |
|---|---|---|
| **Language (complete three sequences):** | | 20 |
| SLAVIC 275 & SLAVIC 276 | Third Year Russian I and Third Year Russian II [1] | |
| or SLAVIC 279 | Intensive Third Year Russian | |
| SLAVIC 315 & SLAVIC 316 | Russian Language and Culture I and Russian Language and Culture II | |
| SLAVIC 321 & SLAVIC 322 | Fourth Year Russian I and Fourth Year Russian II | |
| **Culture through Literature (complete one):** | | 3-4 |
| LITTRANS 233 | Russian Life and Culture Through Literature and Art (to 1917) | |
| or LITTRANS 234 | Soviet Life and Culture Through Literature and Art (from 1917) | |
| Total Credits | | 23-24 |

## CONCENTRATIONS

### Language & Literature

Note: Students concentrating their studies in Russian–Language and Literature are eligible to declare the certificate in Russian, East European, and Central Asian studies (http://guide.wisc.edu/undergraduate/letters-science/institute-regional-international-studies/russian-east-european-central-asian-certificate).

| Code | Title | Credits |
|---|---|---|
| **Literature in Translation (complete both):** [1] | | 8 |
| LITTRANS 203 | Survey of 19th and 20th Century Russian Literature in Translation I | |
| LITTRANS 204 | Survey of 19th and 20th Century Russian Literature in Translation II | |
| **Literature in Russian (complete one):** | | 4 |
| SLAVIC 405 | Women in Russian Literature | |
| SLAVIC 420 | Chekhov | |
| SLAVIC 421 | Gogol | |
| SLAVIC 422 | Dostoevsky | |
| SLAVIC 424 | Tolstoy | |
| SLAVIC 440 | Soviet Literature | |
| Total Credits | | 12 |

[1] It is preferable to take these LITTRANS courses in numerical sequence, though they may be taken out of sequence.

### Language & Civilization

Note: Students concentrating their studies in Russian–Language and Civilization are not eligible to declare the certificate in Russian, East European, and Central Asian studies (http://guide.wisc.edu/

undergraduate/letters-science/institute-regional-international-studies/russian-east-european-central-asian-certificate).

| Code | Title | Credits |
|---|---|---|
| **Civilization (one course):** | | 4 |
| SLAVIC/GEOG/ HISTORY/ POLI SCI 253 | Russia: An Interdisciplinary Survey | |
| **Area Studies** | | 9 |
| LITTRANS 233 | Russian Life and Culture Through Literature and Art (to 1917) (if not used for the Culture requirement) | |
| or LITTRANS 234 | Soviet Life and Culture Through Literature and Art (from 1917) | |
| COM ARTS 456 | Russian and Soviet Film | |
| ECON 390 | Contemporary Economic Issues [2] | |
| GEOG 353 | Russia and the NIS-Topical Analysis | |
| HISTORY 417 | History of Russia | |
| HISTORY 419 | History of Soviet Russia | |
| HISTORY 420 | Russian Social and Intellectual History | |
| HISTORY/CHICLA/ POLI SCI 422 | Latino History and Politics | |
| HISTORY 600 | Advanced Seminar in History [2] | |
| POLI SCI 401 | Selected Topics in Political Science [2] | |
| POLI SCI 534 | Socialism and Transitions to the Market | |
| POLI SCI 334 | Russian Politics | |
| SLAVIC 433 | History of Russian Culture [3] | |
| SLAVIC 434 | Contemporary Russian Culture [3] | |
| THEATRE/ SLAVIC 532 | History of Russian Theatre | |
| Total Credits | | 13 |

[2] Eligible only when the topic focuses on Russia.

[3] SLAVIC 433 and SLAVIC 434 are taught in Russian; enrollment requires consent of the instructor.

## RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all major courses
- 2.000 GPA on 15 upper-level credits for the major, taken in residence
- 15 credits in the major, taken on campus

### Upper-Level Courses in the Major

The following courses are upper-level in the Russian major:

| Code | Title | Credits |
|---|---|---|
| LITTRANS 221 | Gogol in Translation | |
| LITTRANS 222 | Dostoevsky in Translation | |
| SLAVIC 275 | Third Year Russian I | |
| SLAVIC 276 | Third Year Russian II | |
| SLAVIC 309 | Russian Area Studies on Study Abroad | |
| SLAVIC 310 | Topics in Russian: Study Abroad | |
| SLAVIC 315 | Russian Language and Culture I | |
| SLAVIC 316 | Russian Language and Culture II | |
| SLAVIC 321 | Fourth Year Russian I | |
| SLAVIC 322 | Fourth Year Russian II | |
| SLAVIC 405 | Women in Russian Literature | |
| SLAVIC 420 | Chekhov | |
| SLAVIC 421 | Gogol | |
| SLAVIC 422 | Dostoevsky | |
| SLAVIC 424 | Tolstoy | |
| SLAVIC 440 | Soviet Literature | |
| SLAVIC/ FOLKLORE 444 | Slavic and East European Folklore | |
| SLAVIC/ THEATRE 532 | History of Russian Theatre | |
| SLAVIC 681 | Senior Honors Thesis | |
| SLAVIC 682 | Senior Honors Thesis | |
| SLAVIC 699 | Directed Study | |

# HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Russian Honors advisor (atumarki@wisc.edu).

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Minimum 3.300 University GPA
- Minimum 3.500 GPA in SLAVIC 205 through SLAVIC 699 and all courses in the major
- 20 credits in the major taken for Honors, in Residence, not through Study Abroad, with grades of B or better in these courses:
  - SLAVIC 275, SLAVIC 276, SLAVIC 321, SLAVIC 322
  - A Senior Honor Thesis in SLAVIC 681 and SLAVIC 682 for at least 6 credits

# DISTINCTION IN THE MAJOR

Students who are not pursuing Honors in the Major, and who distinguish themselves in the quality of their work, may request that Distinction in the Major be noted on their transcript. The major advisor will determine eligibility—at a minimum, a 3.500 major GPA and an acceptable Senior Thesis are required.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |

| | |
|---|---|
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. (Russian language proficiency) Develop speaking, listening, writing, and reading skills and integrate these skills to communicate in Russian in a variety of social situations.
2. Develop and apply writing skills and oral communication skills appropriate to liberal arts education in the context of Slavic studies.
3. Develop and apply critical thinking skills inherent in the liberal arts tradition in the context of Slavic studies.
4. (Language & Literature Track and Native Speaker Track) Analyze and interpret works of literature in themselves and in the context of specific historical and cultural conditions.
5. (Language & Civilization Track) Demonstrate insight into Russian culture and civilization and apply this knowledge across disciplines such as history, political science, the arts, geography, business, economics, sociology, the sciences, gender studies, philosophy, law, folklore.

# SCANDINAVIAN STUDIES, B.A.

The Scandinavian studies program provides the opportunity to learn a Scandinavian language or Finnish (modern Icelandic only occasionally). The literature, folklore, and culture of the Nordic countries are taught both in the original languages and in English translation. Partly in cooperation with other departments, courses in Scandinavian area studies are offered (history, social institutions, geography, art, archaeology). Students who major in the field may continue graduate studies toward an M.A. in Scandinavian philology, literature, or area studies, and toward a Ph.D. in Scandinavian literature, philology, or folklore.

The program strongly encourages a junior-year abroad in a Nordic country; several exchange programs are available. Students who transfer to this university after a year abroad should contact the undergraduate advisor as early as possible to schedule a placement test.

**Note:** SCAND ST 302 Intensive Finnish II satisfies the 3rd semester of the Finnish language sequence for the purpose of meeting the College of Letters & Science foreign language requirement.

**Majors should see the advisor during the semester before their last semester.** Prospective majors are urged to consult the undergraduate advisor about their program at the first possible opportunity.

## HOW TO GET IN

Student interested in pursuing an undergraduate major in Scandinavian studies should contact the advisor about declaring the major.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |

| | |
|---|---|
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

| Code | Title | Credits |
|---|---|---|
| **Language (complete one):** | | 3-4 |
| SCAND ST 251 | Readings in Norwegian Literature | |

| SCAND ST 434 | The Art of Isak Dinesen/Karen Blixen |
| SCAND ST 436 | Topics in Scandinavian Literature |
| SCAND ST 450 | Scandinavian Decadence in its European Context |
| SCAND ST 475 | The Writings of Hans Christian Andersen for Scandinavian Majors |
| SCAND ST 520 | Special Topics |
| SCAND ST 634 | Survey of Scandinavian Literature: 1500-1800 |
| SCAND ST 635 | Survey of Scandinavian Literature: 1800-1890 |
| Total Credits | 21-22 |

### RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all SCAND ST and all major courses
- 2.000 GPA on at least 15 credits of upper-level work in the major[1]
- 15 credits in SCAND ST, taken on campus

[1] SCAND ST 373 to SCAND ST 699 are considered upper level in the major.

## HONORS IN THE MAJOR

Students may declare Honors in the Major in consultation with the Scandinavian Studies advisor(s).

### HONORS IN THE MAJOR REQUIREMENTS

To earn Honors in the Major, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 University GPA
- Earn a 3.300 in all SCAND ST and all major courses
- Complete at least 8 Honors credits from courses numbered SCAND ST 373 and higher
- Complete either SCAND ST 634 or SCAND ST 635 with a grade of B or better
- Complete a two-semester Senior Honors Thesis in SCAND ST 681 and SCAND ST 682, for a total of 6 credits.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. Reach Intermediate-High / Advanced-Low language proficiency in speaking, reading, and writing, according to ACTFL guidelines, through five semesters of a Nordic language.
2. Familiarize the students with three Nordic languages (Danish, Norwegian, and Swedish) to complement their knowledge of their chosen language via the 6th semester Scandinavian Language class (SCAND ST 401).
3. Demonstrate understanding in a global context in a field of study covering literature, history, area studies, folklore, or philology classes.
4. Select and utilize the most appropriate methods of study and inquiry within the content of the classes taken.
5. Evaluate and respond to information pertaining to the classes taken, showing clear analytical and critical thinking skills.
6. Communicate clearly in appropriate ways in the classes taken.
7. If possible, benefit from a semester or year’s study abroad leading to a consolidation and enhancement of the above mentioned skills.
8. Recognize and apply principles of ethical and professional conduct.

## FOUR-YEAR PLAN

**Freshman**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| SCAND ST 101, 111, or 121 | 4 | SCAND ST 102, 112, or 122 | 4 |

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate

in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)

# SCANDINAVIAN STUDIES, CERTIFICATE

The Scandinavian studies program provides the opportunity to learn a Scandinavian language or Finnish (modern Icelandic only occasionally). The literature, folklore, and culture of the Nordic countries are taught both in the original languages and in English translation. Partly in cooperation with other departments, courses in Scandinavian area studies are offered (history, social institutions, geography, art, archaeology).

## REQUIREMENTS

## CERTIFICATE REQUIREMENTS

The Scandinavian studies certificate requires 18 credits of SCAND ST, 9 credits must be taken at the 300 level or higher. Select at least one course from each of the following areas:

### LANGUAGES

| Code | Title | Credits |
|---|---|---|
| *Danish* | | |
| SCAND ST 121 | First Semester Danish | 4 |
| SCAND ST 122 | Second Semester Danish | 4 |
| SCAND ST 221 | Second Year Danish | 4 |
| SCAND ST 222 | Second Year Danish | 4 |
| SCAND ST 271 | Readings in Danish Literature | 3-4 |
| *Finnish:* | | |
| SCAND ST 131 | First Semester Finnish | 4 |
| SCAND ST 132 | Second Semester Finnish | 4 |
| SCAND ST 302 | Intensive Finnish II | 7 |
| *Icelandic:* | | |
| SCAND ST 520 | Special Topics (Icelandic) | 3 |
| *Norwegian:* | | |
| SCAND ST 101 | First Semester Norwegian | 4 |
| SCAND ST 102 | Second Semester Norwegian | 4 |
| SCAND ST 201 | Second Year Norwegian | 4 |
| SCAND ST 202 | Second Year Norwegian | 4 |
| SCAND ST 251 | Readings in Norwegian Literature | 3-4 |
| *Sami:* | | |
| SCAND ST 404 | Languages of Northern Europe | 2-4 |
| *Swedish:* | | |
| SCAND ST 111 | First Semester Swedish | 4 |
| SCAND ST 112 | Second Semester Swedish | 4 |
| SCAND ST 211 | Second Year Swedish | 4 |
| SCAND ST 212 | Second Year Swedish | 4 |
| SCAND ST 261 | Readings in Swedish Literature | 3-4 |

### LANGUAGE, CULTURE, AND HISTORY COURSES

| Code | Title | Credits |
|---|---|---|
| SCAND ST 296 | The Scandinavian Heritage in America | 3 |
| SCAND ST 401 | Contemporary Scandinavian Languages | 3 |

| SCAND ST 634 | Survey of Scandinavian Literature: 1500-1800 | 3 |
| SCAND ST 635 | Survey of Scandinavian Literature: 1800-1890 | 3 |

### RESIDENCE AND QUALITY OF WORK

- At least a 2.000 GPA is required among all courses eligible for the certificate.
- At least 9 credits must be taken in residence. A UW–Madison-sponsored study abroad program applies as in-residence credit.

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. Demonstrate understanding in a global context in a field of study covering literature, history, area studies, folklore, or philology classes.
2. Select and utilize the most appropriate methods of study and inquiry within the content of the classes taken.
3. Evaluate and respond to information pertaining to the classes taken, showing clear analytical and critical thinking skills.
4. Communicate clearly in appropriate ways in the classes taken.
5. Recognize and apply principles of ethical and professional conduct.

## ADVISING AND CAREERS

For advising and placement in Scandinavian studies contact our undergraduate advisor:

Nete Schmidt, Scandinavian Studies Undergraduate Advisor

# HISTORY

3211 Mosse Humanities Building, 455 North Park Street, Madison, WI 53706; 608-263-1800; history.wisc.edu

To study history is to study change: historians are experts in examining and interpreting human identities and transformations of societies and civilizations over time. They use a range of methods and analytical tools to answer questions about the past and to reconstruct the diversity of human experience: how profoundly people have differed in their ideas, institutions, and cultural practices; how widely their experiences have varied by time and place, and the ways they have struggled while inhabiting a shared world. Historians use a wide range of sources to weave individual lives and collective actions into narratives that bring critical perspectives on both our past and our present. Studying history helps us understand and grapple with complex questions and dilemmas by examining how the past has shaped (and continues to shape) global, national, and local relationships between societies and people.

## DEGREES/MAJORS/CERTIFICATES

- History and History of Science, Medicine, and Technology, B.A. (p. 812)
- History and History of Science, Medicine, and Technology, B.S. (p. 818)

## REQUIREMENTS

# UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

# COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

A minimum of 30 credits in **history** and in **history of science, medicine, and technology** distributed as follows:

- At least four courses in HISTORY. Students are urged to take HISTORY 201 The Historian's CraftThe Historian's Craft as one of these courses.
  - At least one of these courses must be in U.S. history.
  - At least one must be in European history.
  - At least one must be from one of the following Breadth categories: Africa, Central or East Asia, South or Southeast Asia, Latin America, Middle East, Transnational.
  - Though some courses may qualify in more than one Geographic Breadth area, a course may satisfy only one category for purposes of meeting the breadth requirement. Some topics courses in history may qualify for Geographic Breadth.
- At least four courses in HIST SCI. Students are urged to take one or more of these from the 300–599 series.
- At least 15 credits of upper-level coursework (courses that are Intermediate or Advanced count as upper-level) of which at least 6

credits must be in HISTORY and at least 6 credits must be in HIST SCI.

- At least one seminar course chosen from HISTORY 600 Advanced Seminar in History or HIST SCI 555 Undergraduate Seminar in History of Science.
- Knowledge of a science is recommended but not required for the joint major.

## L&S RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all HISTORY and HIST SCI courses and courses that count toward the major
- 2.000 GPA on 15 upper-level major credits in residence.[1]
- 15 credits in HISTORY and/or HIST SCI, taken on campus

[1]Courses that have the Intermediate or Advanced level designation are considered upper-level in the major.

# HONORS IN THE MAJOR

Students may declare Honors in the History and History of Science, Medicine and Technology Major in consultation with the History undergraduate advisor.

## HONORS IN THE HISTORY AND HISTORY OF SCIENCE, MEDICINE AND TECHNOLOGY MAJOR REQUIREMENTS

To earn Honors in the Major in History and History of Science, Medicine and Technology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Earn a 3.500 GPA for all HISTORY and HIST SCI courses
- Complete a minimum of 36 total credits, to include five courses in HISTORY (with the same breadth requirements and recommendation for HISTORY 201 The Historian's CraftThe Historian's Craft as the standard joint major above) and five courses in HIST SCI, of which three must be from the 300–599 series.
- Complete at least 21 credits of upper-level work[1] in the major while in residence[2]
- Complete HISTORY 600 Advanced Seminar in History and HIST SCI/MED HIST 284 Physician in History (Honors) (in conjunction with HIST SCI/MED HIST 212 Bodies, Diseases, and Healers: An Introduction to the History of Medicine).
- Complete a two-semester Senior Honors Thesis in HISTORY 681 Senior Honors Thesis and HISTORY 682 Senior Honors Thesis, for a total of 6 or more credits or History of Science Senior Honors Thesis HIST SCI 681 Senior Honors Thesis and HIST SCI 682 Senior Honors Thesis, for a total of 6 or more credits. Students choosing HISTORY 681–HISTORY 682 must take HISTORY 680 Honors Thesis Colloquium both semesters in conjunction with the thesis. Students choosing HIST SCI 681–HIST SCI 682 must take HIST SCI 555 Undergraduate Seminar in History of Science before embarking on the thesis; in exceptional cases, it may be taken in conjunction with HIST SCI 681.

1 *Upper level* is defined as as courses numbered 300–699.

2 *In residence* does include affiliated University of Wisconsin–Madison study abroad programs.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. (Define important historical questions) Pose a historical question and explain its academic and public implications.
2. (Define important historical questions) Using appropriate research procedures and aids, find the secondary resources in history and other disciplines available to answer a historical question.
3. (Define important historical questions) Evaluate the evidentiary and theoretical bases of pertinent historical conversations in order to highlight opportunities for further investigation.
4. (Collect and analyze evidence) Identify the range and limitations of sources available to engage the historical problem under investigation.
5. (Collect and analyze evidence) Examine the context in which sources were created, search for chronological and other relationships among them, and assess the sources in light of that knowledge.
6. (Collect and analyze evidence) Employ and, if necessary, modify appropriate theoretical frameworks to examine sources and develop arguments.
7. (Present original conclusions) Present original and coherent findings through clearly written, persuasive arguments and narratives.
8. (Present original conclusions) Orally convey persuasive arguments, whether in formal presentations or informal discussions.
9. (Present original conclusions) Use appropriate presentation formats and platforms to share information with academic and public audiences.
10. (Contribute to ongoing discussions) Extend insights from research to analysis of other historical problems.
11. (Contribute to ongoing discussions) Demonstrate the relevance of a historical perspective to contemporary issues.
12. (Contribute to ongoing discussions) Recognize, challenge, and avoid false analogies, overgeneralizations, anachronisms, and other logical fallacies.

# PEOPLE

Professors Boswell, Cronon, Desan, Dunlavy, Enke, Enstad, Hansen, Hirsch, Hsia, S. Johnson, Kantrowitz, Keller Kleijwegt, Koshar, Lederer, McCoy, McDonald, Michels, Mitman, Neville, Nyhart, Plummer, Reese, Roberts, Sharpless, Shoemaker, Sommerville, Sweet, Thal, Wandel, Wink, Young

Associate Professors Chan, Cheng, Dennis, Gómez, Hall, Ipsen, Kim, Kodesh, Murthy, Ratner-Rosenhagen, Taylor, Ussishkin

Assistant Professors Brown, Callaci, Chamedes, Ciancia, Haynes, Hennessy, Hicks, Iber, Jackson, Kinzley, Lapina, Nelson, Whiting

Teaching Associates Carlsson, Cullinane, Keyser

# HISTORY AND HISTORY OF SCIENCE, MEDICINE, AND TECHNOLOGY, B.S.

**Admissions to the History and History of Science, Medicine, and Technology B.S. have been suspended as of fall 2017 and will be discontinued as of fall 2020. If you have any questions, please contact the department** (historydept@history.wisc.edu)**.**

To study history is to study change: historians are experts in examining and interpreting human identities and transformations of societies and civilizations over time. They use a range of methods and analytical tools to answer questions about the past and to reconstruct the diversity of human experience: how profoundly people have differed in their ideas, institutions, and cultural practices; how widely their experiences have varied by time and place, and the ways they have struggled while inhabiting a shared world. Historians use a wide range of sources to weave individual lives and collective actions into narratives that bring critical perspectives on both our past and our present. Studying history helps us understand and grapple with complex questions and dilemmas by examining how the past has shaped (and continues to shape) global, national, and local relationships between societies and people.

## HOW TO GET IN

**Admissions to the History and History of Science, Medicine, and Technology B.S. have been suspended as of fall 2017. If you have any questions, please contact the department** (historydept@history.wisc.edu)**.**

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

### NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and**

**degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

A minimum of 30 credits in **history** and in **history of science, medicine, and technology** distributed as follows:

- At least four courses in HISTORY. Students are urged to take HISTORY 201 The Historian's CraftThe Historian's Craft as one of these courses.
  - At least one of these courses must be in U.S. history.
  - At least one must be in European history.
  - At least one must be from one of the following Breadth categories: Africa, Central or East Asia, South or Southeast Asia, Latin America, Middle East, Transnational.
  - Though some courses may qualify in more than one Geographic Breadth area, a course may satisfy only one category for purposes of meeting the breadth requirement. Some topics courses in history may qualify for Geographic Breadth.
- At least four courses in HIST SCI. Students are urged to take one or more of these from the 300–599 series.
- At least 15 credits of upper-level coursework (courses that are Intermediate or Advanced count as upper-level) of which at least 6 credits must be in HISTORY and at least 6 credits must be in HIST SCI.
- At least one seminar course chosen from HISTORY 600 Advanced Seminar in History or HIST SCI 555 Undergraduate Seminar in History of Science.
- Knowledge of a science is recommended but not required for the joint major.

## COURSE LISTS

### U.S. History

| Code | Title | Credits |

### L&S RESIDENCE AND QUALITY OF WORK

- 2.000 GPA in all HISTORY and HIST SCI courses and courses that count toward the major
- 2.000 GPA on 15 upper-level major credits in residence.[1]
- 15 credits in HISTORY and/or HIST SCI, taken on campus

[1]Courses that have the Intermediate or Advanced level designation are considered upper-level in the major.

# HONORS IN THE MAJOR

Students may declare Honors in the History and History of Science, Medicine and Technology Major in consultation with the History undergraduate advisor.

## HONORS IN THE HISTORY AND HISTORY OF SCIENCE, MEDICINE AND TECHNOLOGY MAJOR REQUIREMENTS

To earn Honors in the Major in History and History of Science, Medicine and Technology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Earn a 3.500 GPA for all HISTORY and HIST SCI courses
- Complete a minimum of 36 total credits, to include five courses in HISTORY (with the same breadth requirements and recommendation for HISTORY 201 The Historian's CraftThe Historian's Craft as the standard joint major above) and five courses in HIST SCI, of which three must be from the 300–599 series.
- Complete at least 21 credits of upper-level work[1] in the major while in residence[2]
- Complete HISTORY 600 Advanced Seminar in History and HIST SCI/ MED HIST 284 Physician in History (Honors) (in conjunction with HIST SCI/MED HIST 212 Bodies, Diseases, and Healers: An Introduction to the History of Medicine).
- Complete a two-semester Senior Honors Thesis in HISTORY 681 Senior Honors Thesis and HISTORY 682 Senior Honors Thesis, for a total of 6 or more credits or History of Science Senior Honors Thesis HIST SCI 681 Senior Honors Thesis and HIST SCI 682 Senior Honors Thesis, for a total of 6 or more credits. Students choosing HISTORY 681–HISTORY 682 must take HISTORY 680 Honors Thesis Colloquium both semesters in conjunction with the thesis. Students choosing HIST SCI 681–HIST SCI 682 must take HIST SCI 555 Undergraduate Seminar in History of Science before embarking on the thesis; in exceptional cases, it may be taken in conjunction with HIST SCI 681.

1 *Upper level* is defined as as courses numbered 300–699.

2 *In residence* does include affiliated University of Wisconsin–Madison study abroad programs.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# LEARNING OUTCOMES

1. (Define important historical questions) Pose a historical question and explain its academic and public implications.
2. (Define important historical questions) Using appropriate research procedures and aids, find the secondary resources in history and other disciplines available to answer a historical question.
3. (Define important historical questions) Evaluate the evidentiary and theoretical bases of pertinent historical conversations in order to highlight opportunities for further investigation.
4. (Collect and analyze evidence) Identify the range and limitations of sources available to engage the historical problem under investigation.
5. (Collect and analyze evidence) Examine the context in which sources were created, search for chronological and other relationships among them, and assess the sources in light of that knowledge.
6. (Collect and analyze evidence) Employ and, if necessary, modify appropriate theoretical frameworks to examine sources and develop arguments.

7. (Present original conclusions) Present original and coherent findings through clearly written, persuasive arguments and narratives.
8. (Present original conclusions) Orally convey persuasive arguments, whether in formal presentations or informal discussions.
9. (Present original conclusions) Use appropriate presentation formats and platforms to share information with academic and public audiences.
10. (Contribute to ongoing discussions) Extend insights from research to analysis of other historical problems.
11. (Contribute to ongoing discussions) Demonstrate the relevance of a historical perspective to contemporary issues.
12. (Contribute to ongoing discussions) Recognize, challenge, and avoid false analogies, overgeneralizations, anachronisms, and other logical fallacies.

## PEOPLE

Professors Boswell, Cronon, Desan, Dunlavy, Enke, Enstad, Hansen, Hirsch, Hsia, S. Johnson, Kantrowitz, Keller Kleijwegt, Koshar, Lederer, McCoy, McDonald, Michels, Mitman, Neville, Nyhart, Plummer, Reese, Roberts, Sharpless, Shoemaker, Sommerville, Sweet, Thal, Wandel, Wink, Young

Associate Professors Chan, Cheng, Dennis, Gómez, Hall, Ipsen, Kim, Kodesh, Murthy, Ratner-Rosenhagen, Taylor, Ussishkin

Assistant Professors Brown, Callaci, Chamedes, Ciancia, Haynes, Hennessy, Hicks, Iber, Jackson, Kinzley, Lapina, Nelson, Whiting

Teaching Associates Carlsson, Cullinane, Keyser

# HISTORY OF SCIENCE, MEDICINE, AND TECHNOLOGY, B.A.

**Admissions to the History of Science, Medicine, and Technology B.A. have been suspended as of fall 2017 and will be discontinued as of fall 2020. If you have any questions, please contact the department** (historydept@history.wisc.edu)**.**

To study history is to study change: historians are experts in examining and interpreting human identities and transformations of societies and civilizations over time. They use a range of methods and analytical tools to answer questions about the past and to reconstruct the diversity of human experience: how profoundly people have differed in their ideas, institutions, and cultural practices; how widely their experiences have varied by time and place, and the ways they have struggled while inhabiting a shared world. Historians use a wide range of sources to weave individual lives and collective actions into narratives that bring critical perspectives on both our past and our present. Studying history helps us understand and grapple with complex questions and dilemmas by examining how the past has shaped (and continues to shape) global, national, and local relationships between societies and people.

## HOW TO GET IN

**Admissions to the History of Science, Medicine, and Technology B.A. have been suspended as of fall 2017. If you have any questions, please contact the department** (historydept@history.wisc.edu)**.**

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |

| | |
|---|---|
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

The major requires a minimum of 30 credits.

| Code | Title | Credits |
|---|---|---|
| Select at least 24 credits in history of science [1] | | 24 |
| Select 6 credits in science or mathematics above the elementary level (not to include mathematics courses numbered 223 and below) | | 6 |
| Total Credits | | 30 |

[1] All majors are required to take HIST SCI 555, the department's capstone seminar, in the junior or senior year.

One 3-credit course toward the 24-credit minimum may be chosen from approved courses in related disciplines. These courses include:

| Code | Title | Credits |
|---|---|---|
| PHILOS 520 | Philosophy of the Natural Sciences | 3 |
| PHILOS 521 | Philosophy of the Social Sciences | 3 |
| PHILOS/ ENVIR ST 523 | Philosophical Problems of the Biological Sciences | 3 |
| PHILOS/ MED HIST 558 | Ethical Issues in Health Care | 3 |
| MED HIST/ AGRONOMY/ C&E SOC/ PHILOS 565 | The Ethics of Modern Biotechnology | 3-4 |
| SOC 531 | Sociology of Medicine | 3 |

Other substitutions may be allowed at the discretion of the undergraduate advisor. ILS 201 Western Culture: Science, Technology, Philosophy I or ILS 202 Western Culture: Science, Technology, Philosophy II may be used in place of HIST SCI 201 The Origins of Scientific Thought or HIST SCI 202 The Making of Modern Science to count toward the major requirements; ILS 271 Pre-Copernican Astronomy and Cosmology in Crosscultural Perspective may be used as a regular course in the major.

## RESIDENCE AND QUALITY OF WORK

2.000 GPA in all courses that count toward the major

2.000 GPA on 15 upper-level credits that count toward the major, completed in residence.[1]

15 credits in courses that count toward the major, taken at UW–Madison

[1] Courses that count toward the major that are intermediate or advanced level count as upper level.

# HONORS IN THE MAJOR

Students may declare Honors in the History of Science, Medicine and Technology Major in consultation with the departmental undergraduate advisor.

## HONORS IN THE HISTORY OF SCIENCE, MEDICINE AND TECHNOLOGY MAJOR REQUIREMENTS

To earn Honors in the Major in History of Science, Medicine and Technology, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Earn a 3.500 GPA for all upper-level[1] HIST SCI courses
- Of the 24 departmental credits required, at least 15 must come from courses numbers 300–599 or HIST SCI 615 The History of Evolutionary Thought
- Complete one of the following: HIST SCI 180 Freshman Honors Seminar: History of Science, Technology and Medicine, HIST SCI 280 Honors Seminar: Studies in Science, Technology, MedicineHonors Seminar: Studies in Science, Technology, Medicine, HIST SCI/ MED HIST 284 Physician in History (Honors) (in conjunction with HIST SCI/MED HIST 212 Bodies, Diseases, and Healers: An Introduction to the History of Medicine), or one seminar (minimum of 3 credits) offered by the department at the upper-division level.
- HIST SCI 555 Undergraduate Seminar in History of Science should be taken before embarking on the Senior Honors Thesis; in exceptional cases, HIST SCI 555 Undergraduate Seminar in History of Science may be taken concurrently with HIST SCI 681 Senior Honors Thesis.
- Complete a two-semester Senior Honors Thesis in HIST SCI 681 Senior Honors Thesis and HIST SCI 682 Senior Honors Thesis, for a total of 6 credits.

[1] Upper level includes all intermediate- and advanced-level courses.

## UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |

# HISTORY, B.A.

3211 Mosse Humanities Building, 455 North Park Street, Madison, WI 53706; 608-263-1800; history.wisc.edu

To study history is to study change: historians are experts in examining and interpreting human identities and transformations of societies and civilizations over time. They use a range of methods and analytical tools to answer questions about the past and to reconstruct the diversity of human experience: how profoundly people have differed in their ideas, institutions, and cultural practices; how widely their experiences have varied by time and place, and the ways they have struggled while inhabiting a shared world. Historians use a wide range of sources to weave individual lives and collective actions into narratives that bring critical perspectives on both our past and our present. Studying history helps us understand and grapple with complex questions and dilemmas by examining how the past has shaped (and continues to shape) global, national, and local relationships between societies and people.

## HOW TO GET IN

Students interested in declaring a history major should meet with an advisor in the history department. Information about advising and declaring the major is available on the undergraduate section (https://history.wisc.edu/undergraduate-program) of the department website. There are no prerequisites for declaring the history major, and students are encouraged to declare as soon as they feel comfortable doing so.

#### BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

#### NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**

- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS OF THE MAJOR

Students may use courses from History and History of Science to meet the requirements of the History major. A minimum of 30 credits in the major is required, including:

## CHRONOLOGICAL BREADTH:

History majors must complete at least one course that deals with the history of Europe and/or the Mediterranean before C.E. 1500 or with the history of Africa or Asia before these areas fell heavily under European influence.

## CHRONOLOGICAL BREADTH COURSES

| Code | Title | Credits |
|---|---|---|
| HISTORY/ CLASSICS 110 | The Ancient Mediterranean | 4 |
| HISTORY/ MEDIEVAL/ RELIG ST 112 | The World of Late Antiquity (200-900 C.E.) | 4 |

## NOTES ON HISTORY BREADTH REQUIREMENTS

- Breadth courses may be taken in any order.
- Chronological Breadth courses may also count toward a Geographic Breadth category.
- Some courses qualify for more than one Geographic Breadth area, but a course may only count for one Geographic Breadth category for the purposes of meeting the requirement.
- Topics courses (HISTORY 200, HISTORY 201, HISTORY 221, HISTORY 223, HISTORY 225, HISTORY 227, HISTORY 229, HISTORY 271, HISTORY 272, HISTORY 273, HISTORY 2 HIST SCI 280, HISTORY 283, HIST SCI 286, HIST SCI 350 & HISTORY 500) may count for Geographic and/or Chronological Breadth. For topics courses, see the course notes for current breadth information.
- The following courses **may not be used** for breadth in the major: HISTORY 199, HISTORY 600, HISTORY 680, HISTORY 681, HISTORY 682, HISTORY 690, HISTORY 691, HISTORY 692, HISTORY 698, & HISTORY 699.

## HISTORY WRITING AND RESEARCH SEQUENCE:

History majors must complete both of the following:

- Students are encouraged to complete HISTORY 201 The Historian's Craft as early as possible.
- HISTORY 600 Advanced Seminar in History, to be taken after satisfactory completion of HISTORY 201. Enrolling in a HISTORY 600 seminar requires instructor consent. Available seminars can be found on the history department website (https://history.wisc.edu/history600-seminars).

## L&S REQUIREMENTS FOR QUALITY AND RESIDENCE IN THE MAJOR:

- 2.000 GPA in HISTORY/HISTORY of SCIENCE and all other major courses
- 2.000 GPA on **15 upper-level major credits in residence**.[1]
- 15 credits **HISTORY and/or HISTORY of SCIENCE** taken on **campus**

## DISTINCTION IN THE MAJOR

To be awarded Distinction in the Major, students must:

- Achieve a GPA of at least 3.700 out of 4.000 in HISTORY and HISTORY of SCIENCE courses
- Complete a minimum of 21 upper-level credits in major coursework.[1]
- Complete all requirements of the major

Students should consult the undergraduate advisor in history regarding current requirements for the major.

# HONORS IN THE MAJOR

Students may declare Honors in the History Major in consultation with the History undergraduate advisor.

## HONORS IN HISTORY MAJOR REQUIREMENTS

To earn Honors in the Major in History, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall University GPA
- Earn a 3.500 GPA in all HISTORY and HISTORY of SCIENCE courses
- Complete at least 36 total credits in HISTORY and HISTORY of SCIENCE coursework, 21 of which must be upper-level credits in residence[1]
- Complete at least 15 Honors credits in HISTORY or HISTORY of SCIENCE coursework
- Complete a two-semester Senior Honors Thesis, a piece of original work of approximately forty pages, in HISTORY 681–HISTORY 682, taken in conjunction with the HISTORY 680 Honors Thesis Colloquium both semesters. The thesis must be approved by instructors in both the thesis and colloquium courses.

Major courses with Intermediate or Advanced Level are counted as *upper-level* in the History major.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. (Define important historical questions) Pose a historical question and explain its academic and public implications.
2. (Define important historical questions) Using appropriate research procedures and aids, find the secondary resources in history and other disciplines available to answer a historical question.
3. (Define important historical questions) Evaluate the evidentiary and theoretical bases of pertinent historical conversations in order to highlight opportunities for further investigation.
4. (Collect and analyze evidence) Identify the range and limitations of sources available to engage the historical problem under investigation.
5. (Collect and analyze evidence) Examine the context in which sources were created, search for chronological and other relationships among them, and assess the sources in light of that knowledge.
6. (Collect and analyze evidence) Employ and, if necessary, modify appropriate theoretical frameworks to examine sources and develop arguments.
7. (Present original conclusions) Present original and coherent findings through clearly written, persuasive arguments and narratives.
8. (Present original conclusions) Orally convey persuasive arguments, whether in formal presentations or informal discussions.
9. (Present original conclusions) Use appropriate presentation formats and platforms to share information with academic and public audiences.
10. (Contribute to ongoing discussions) Extend insights from research to analysis of other historical problems.
11. (Contribute to ongoing discussions) Demonstrate the relevance of a historical perspective to contemporary issues.
12. (Contribute to ongoing discussions) Recognize, challenge, and avoid false analogies, overgeneralizations, anachronisms, and other logical fallacies.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| History Breadth[1] | 4 | History course for the Ethnic Studies Requirement (complete within 1st 60 credits)[2] | 4 |
| Communication Part A (Complete during your first year) | 3 | L&S Breadth - Natural Science[3] | 3 |
| Quantitative Reasoning Part A (complete during your first year) | 3 | L&S Breadth - Literature | 3 |
| Foreign Language (if necessary) | 4 | Elective or Course for Second Major[4] | 4 |
| | 14 | | 14 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| HISTORY 201[5] | 3-4 | History Breadth | 4 |
| Quantitative Reasoning Part B (I/A Comp Sci, Math, or Stats if required for the BS) | 3 | History Elective | 3 |
| History Elective or Course for Second Major | 3 | L&S Breadth - Natural Science | 3 |
| Elective or Course for Second Major | 3 | Elective or Course for Second Major | 3 |
| Elective or Course for Second Major | 3 | Elective or Course for Second Major | 3 |
| | 15-16 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Declare the Major (before 86 credits)* | | History Breadth | 4 |
| History Breadth | 3 | HISTORY 301 (optional) | 1 |
| HISTORY 300[6] | 1-2 | L&S Breadth - Natural Science | 3 |
| I/A Comp Sci, Math, or Stats (if required for the BS) | 3 | Elective or Course for Second Major | 3 |
| L&S Breadth - Literature | 3 | Elective or Course for Second Major | 3 |
| Elective or Course for Second Major | 4 | | |
| | 14-15 | | 14 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Complete Remaining L&S Requirements** | | History Elective | 4 |
| HISTORY 600[7] | 3 | L&S Breadth - Natural Science | 3 |
| Elective or Course for Second Major | 4 | Elective or Course for Second Major | 3 |

| | | | |
|---|---|---|---|
| Elective or Course for Second Major | 4 | Elective or Course for Second Major | 3 |
| Elective or Course for Second Major | 4 | Elective or Course for Second Major | 3 |
| | 15 | | 16 |

Total Credits 118-120

1 The History Breadth requirements are very flexible. History majors must complete Chronological Breadth (one course) and take at least one course from four of the eight Geographical Breadth categories. A single course may count toward both Chronological and Geographic Breadth, if appropriate. (For example, a course on Ancient Rome would count toward Chronological Breadth and European History. ) HISTORY 201 may also count toward History Breadth requirements.

2 Some examples of History courses that count toward the Ethnic Studies Requirement are: HISTORY/CHICLA 152 The U.S. West Since 1850, HISTORY/ASIAN AM 160 Asian American History: Movement and Dislocation, & HISTORY/JEWISH 213 Jews and American Pop. Culture.

3 Some L&S Breadth requirements will be satisfied with History coursework. History classes will complete the additional Humanities Breadth credits (the Humanities credits that are not Literature) and may also complete Social Science Breadth.

4 History is a flexible major and can be combined with a wide range of other majors and certificates. We encourage students to be thoughtful in how they approach their elective credits, whether that means pursuing an additional major or creating an individual plan of study that draws from multiple disciplines.

5 HISTORY 201 The Historian's Craft may be taken as soon as you have completed the Communication A requirement. Students should try to complete History 201 by the end of the second year.

6 History offers two optional careers courses that expose students to, and prepare them for, the wide range of careers pursued by history majors: HISTORY 300 & HISTORY 301. History at Work: Professional Skills of the Major (HISTORY 300) connects students to History alumni in different fields and helps develop essential career skills related to the value of the major. History at Work: History Internship Seminar (HISTORY 301) allows students to receive credit toward their major requirements for work associated with an internship.

7 History 600 may be taken at any point after a student has completed History 201. History 600s are offered on a variety of topics every semester and they provide students with the rich experience of a small, faculty-led seminar. They may be taken for credit more than once as long as the topics are different.

* Students must declare a major by the time they reach 86 credits.

** Please refer to the Requirements tab in Guide for College of Letters & Science Breadth and Degree Requirements as well as Residence and Quality of Work requirements for the major.

## ADVISING AND CAREERS

Students who are declared or interested in the history major have numerous advising resources available to them. The history advising team is comprised of professional and peer advisors who are excited to talk with students about everything from academic planning to professional development for future careers. Information on the History advising team, how to contact an advisor, how to schedule an appointment, and drop-in advising hours can be found on our website (https://history.wisc.edu/undergraduate-program/undergraduate-advising).

The Honors in the Major track in history is intended for students who are eager to experience the excitement of original historical research and who wish to graduate with the best possible undergraduate training in this discipline. Honors in the Major is especially appropriate for students who are considering graduate work in history or who want an especially advanced training in research, reasoning, and writing skills useful to a wide range of career choices.

Information on upcoming career events and internship opportunities for history majors are available on the History Advising Blog (http://uwhistoryadvising.blogspot.com). Alumni of the history department have enjoyed careers in medical research and practice; broadcast and print media; sports management; museums, archives, and libraries; finance and business, and community service and nonprofit organizations—as well as law, academia, and many other fields. Want to see what some of our alumni have done with their history majors? **Check out our "featured alumni" profiles on the department website.**

History is a rigorous but flexible major, and history majors are known for being excellent communicators and savvy researchers. Historians are experts in synthesizing disparate pieces of evidence into coherent, persuasive arguments. The real world is filled with disparate facts and incomplete sets of data, so this is a real-world skill that history alumni utilize throughout their entire careers.

The history major provides excellent preparation for the study of law, but our students also go on to study medicine and many other graduate fields. The centers for Pre-Law Advising (https://prelaw.wisc.edu) and Pre-Health Advising (https://prehealth.wisc.edu) are especially helpful resources on campus for students interested in those areas of study.

History can also be combined with any other major in the college of Letters & Science (L&S), anything from astronomy (http://guide.wisc.edu/undergraduate/letters-science/astronomy) to zoology (http://guide.wisc.edu/undergraduate/letters-science/integrative-biology). Majors that students most frequently pair with history are: economics (http://guide.wisc.edu/undergraduate/letters-science/economics), English (http://guide.wisc.edu/undergraduate/letters-science/english), environmental studies (http://guide.wisc.edu/undergraduate/letters-science/environmental-studies/environmental-studies-major), journalism (http://guide.wisc.edu/undergraduate/letters-science/journalism-mass-communication), and political science (http://guide.wisc.edu/undergraduate/letters-science/political-science). History majors can also choose to add certificates in L&S or from outside the college, such as the certificates in business (http://guide.wisc.edu/undergraduate/business/school-wide/business-certificate) or education and educational services (http://guide.wisc.edu/undergraduate/education/educational-psychology/education-educational-services-certificate). In addition to these, some of the most common certificates for history majors are currently: criminal justice (http://guide.wisc.edu/undergraduate/letters-science/center-law-society-justice/criminal-justice-certificate), global health (http://guide.wisc.edu/undergraduate/agricultural-life-sciences/nutritional-sciences/global-health-certificate), European studies (http://guide.wisc.edu/undergraduate/letters-science/institute-regional-international-studies/european-certificate), and digital studies (http://guide.wisc.edu/undergraduate/letters-science/communication-arts/digital-studies-certificate). The history advising team is happy to discuss ways for you to make your intellectual and career goals work as part of a four-year plan.

### HISTORY CAREERS COURSE: "HISTORY AT WORK"

HISTORY 300 History at Work: Professional Skills of the Major is a course intended to help history majors understand how their history degree applies to the world of work. Students explore how their history skills relate to the needs of professional employers and are guided in the process of finding and obtaining professional internships and jobs. In this course, history majors can polish their written and oral communication skills in forms appropriate for professional situations and learn from the experiences of guest speakers from a variety of fields.

### INTERNSHIPS

The Department of History recognizes the importance of internships in helping students develop professional skills and explore potential career paths. Positions can vary depending on availability and students' interests, but recent sponsors have included the Wisconsin State Historical Museum, the University of Wisconsin Archives, offices of elected officials in the Wisconsin State Legislature and United States Congress, the Milwaukee Brewers, and Community Shares of Wisconsin—just to name a few!

### ALUMNI MENTORING

Like internships, networking can be a valuable tool in opening professional doors and learning more about the professional value of the history major. The department often matches students with alumni mentors drawn from our Board of Visitors (https://history.wisc.edu/alumni-and-friends/board-of-visitors) and other graduates who can help them get started building a professional network, answer questions about a specific field, provide guidance in applying for jobs or preparing for interviews, and providing general career advice.

Students interested in participating in an internship or talking with an alumni mentor should meet with Christina Matta, the department's undergraduate career advisor, to discuss their interests and possible career goals.

### GLOBAL HISTORY TRACK

Any undergraduate history major may choose to pursue the Global Track by completing all requirements for the history major above, and these additional requirements:

- **Geographic Breadth:** one additional course, in a fifth breadth area; at least one of the five breadth courses must be from the Transnational category
- **Foreign Language or Experience Requirement:** one of the following options:
  - Completion of the 5th unit of a single foreign language, defined as the 5th semester of college instruction or the 5th year of high school instruction
  - ESL 118 (https://wisc-curr.courseleaf.com/search/?P=ESL%20118) Academic Writing II
  - 3 credits of coursework from a UW–Madison Study Abroad Program

*Note:* The Global History Track is unofficial and will not be recorded on a student's final transcript. For purposes of graduation auditing, DARS will display the track as an informational section only.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Boswell, Cronon, Desan, Dunlavy, Enke, Enstad, Hansen, Hirsch, Hsia, S. Johnson, Kantrowitz, Keller Kleijwegt, Koshar, Lederer, McCoy, McDonald, Michels, Mitman, Neville, Nyhart, Plummer, Reese, Roberts, Sharpless, Shoemaker, Sommerville, Sweet, Thal, Wandel, Wink, Young

Associate Professors Chan, Cheng, Dennis, Gómez, Hall, Ipsen, Kim, Kodesh, Murthy, Ratner-Rosenhagen, Taylor, Ussishkin

Assistant Professors Brown, Callaci, Chamedes, Ciancia, Haynes, Hennessy, Hicks, Iber, Jackson, Kinzley, Lapina, Nelson, Whiting

Teaching Associates Carlsson, Cullinane, Keyser

## WISCONSIN EXPERIENCE

## HISTORY: THE WISCONSIN EXPERIENCE

The history department is committed to integrating undergraduate historical study into the Wisconsin Experience (https://provost.wisc.edu/wisconsin-experience), UW–Madison's vision for students' growth inside and outside the classroom. History majors at UW–Madison have a wide range of opportunities available to help them make the most of their major and carry the study of the past beyond the boundaries of the classroom. The history Wisconsin Experience fosters:

**Cross-Cultural Literacy across Time and Space**

1. Learn about the histories of multiple geographic areas across a wide stretch of time

2. Develop the ability to communicate effectively and appropriately with people of different backgrounds

**Engagement in Society**

1. Take advantage of mentoring, internship, and career resources
2. Engage in public service for secondary education, public history, and community organizations
3. Expand understanding of important public issues from a variety of perspectives

**Critical Inquiry**

1. Develop analytical abilities for local, national, and global citizenship and leadership
2. Understand the perspectives of people from different backgrounds
3. Analyze how ideas and institutions change over time

**Transferable Skills for Careers**

1. Hone both oral and written communicational skills
2. Synthesize information from multiple perspectives and disparate forms of evidence
3. Conduct original research using a variety of methods and sources
4. Present original conclusions in a variety of media

History majors engage in these areas in ways that are particular to history, developing skills that are transferable to a wide range of careers as well as a lifelong love of learning.

# HISTORY RESOURCES FOR PROFESSIONAL AND INTELLECTUAL GROWTH

**ARCHIVE**

ARCHIVE (https://uwarchive.wordpress.com) is an award-winning journal of historical work published annually by the UW–Madison chapter of Phi Alpha Theta. See ARCHIVE's website (https://uwarchive.wordpress.com) to view past volumes and find out how you could be published.

**Phi Alpha Theta**

Phi Alpha Theta (https://win.wisc.edu/organization/pat) is a national history honors society whose purpose is to promote the study of history and to bring students, teachers and writers of history together in intellectual and social ways. See the UW–Madison chapter's page for more information.

**Language and Regional/International Studies**

History classes and faculty are at the center of UW–Madison's remarkable collection of resource centers for area studies. IRIS (https://iris.wisc.edu) is the umbrella organization for UW–Madison's eight area studies programs. Students interested in these areas can combine their history major with a major in international studies (http://www.ismajor.wisc.edu) or any of the area studies majors and/or certificates. UW–Madison also has one of the largest selections of language instruction (https://languages.wisc.edu) in the United States.

**Study Abroad**

History is a great major for students interested in studying abroad (https://www.studyabroad.wisc.edu/map_history.asp) due to its flexibility and because study abroad experience counts toward the history major's Global Track. Find out more on our major advising page.

**Wisconsin Historical Society**

Scholars and researchers from all over the country (and world) come to the Wisconsin Historical Society (https://www.wisconsinhistory.org) (WHS) to do historical research. History majors at UW–Madison simply walk across the street to make use of this world-class institution. The collections of the WHS are an amazing resource for history majors and are utilized by a wide range of our courses. History majors can also develop internships related to the WHS collections and programs. Students who are interested in the history of film and television often double major in communication arts (http://guide.wisc.edu/undergraduate/letters-science/communication-arts) and get involved with the Wisconsin Center for Film and Theater Research (http://wcftr.commarts.wisc.edu).

## RESOURCES AND SCHOLARSHIPS

# THE HISTORY LAB

The History Lab is a resource center for undergraduate students studying, researching, and writing about the past. It is staffed by talented and experienced graduate students from the Department of History.

Through individual and group tutoring, the Lab focuses on honing students' abilities to form suitable topics, conduct research, develop arguments and thesis statements, cite evidence properly, and write using an effective process. The lab is equipped also to support challenges faced by English-language learners.

For more information or to make an appointment, see the History Lab website. (https://history.wisc.edu/undergraduate-program/the-history-lab)

# RESEARCH FELLOWSHIPS AND SCHOLARSHIPS

The Department of History is committed to supporting undergraduate achievement and encourages applications for the various scholarships and research fellowships made possible by the generosity of its donors. Scholarships are designed to reward outstanding History majors and are awarded annually. Research fellowships allow undergraduates to pursue in-depth historical research under the guidance of Department of History faculty. These awards help defray research costs such as supplies and travel expenses or pay for living expenses to allow students time to craft their papers and conduct research in UW Libraries.

Detailed instructions on how to apply can be found on the Department of History website (https://history.wisc.edu/undergraduate-program/history-the-wisconsin-experience/undergraduate-scholarships). Applications need to be submitted online, via Scholarships@UW-Madison (http://scholarships.wisc.edu/Scholarships).

# UNDERGRADUATE WRITING PRIZES

The history department offers an assortment of essay prizes designed to reward a broad range of undergraduate writing—from Senior Theses to term papers to specialized essays in German-Jewish history. The prizes are made possible thanks to the tremendous generosity of our alumni and former members of our faculty. The history department expresses

its gratitude for their support in recognizing the achievements of our undergraduates.

Detailed instructions on how to apply can be found on the Department of History website (https://history.wisc.edu/undergraduate-program/history-the-wisconsin-experience/undergraduate-scholarships). Applications need to be submitted online, via Scholarships@UW-Madison (http://scholarships.wisc.edu/Scholarships).

# HISTORY, B.S.

3211 Mosse Humanities Building, 455 North Park Street, Madison, WI 53706; 608-263-1800; history.wisc.edu

To study history is to study change: historians are experts in examining and interpreting human identities and transformations of societies and civilizations over time. They use a range of methods and analytical tools to answer questions about the past and to reconstruct the diversity of human experience: how profoundly people have differed in their ideas, institutions, and cultural practices; how widely their experiences have varied by time and place, and the ways they have struggled while inhabiting a shared world. Historians use a wide range of sources to weave individual lives and collective actions into narratives that bring critical perspectives on both our past and our present. Studying history helps us understand and grapple with complex questions and dilemmas by examining how the past has shaped (and continues to shape) global, national, and local relationships between societies and people.

## HOW TO GET IN

Students interested in declaring a history major should meet with an advisor in the history department. Information about advising and declaring the major is available on the undergraduate section (https://history.wisc.edu/undergraduate-program) of the department website. There are no prerequisites for declaring the history major, and students are encouraged to declare as soon as they feel comfortable doing so.

## REQUIREMENTS

### UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

### COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

#### BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

#### NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and**

**degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS OF THE MAJOR

Students may use courses from History and History of Science to meet the requirements of the History major. A minimum of 30 credits in the major is required, including:

## CHRONOLOGICAL BREADTH:

History majors must complete at least one course that deals with the history of Europe and/or the Mediterranean before C.E. 1500 or with the history of Africa or Asia before these areas fell heavily under European influence.

## CHRONOLOGICAL BREADTH COURSES

| Code | Title | Credits |
|---|---|---|
| HISTORY/ CLASSICS 110 | The Ancient Mediterranean | 4 |
| HISTORY/ MEDIEVAL/ RELIG ST 112 | The World of Late Antiquity (200-900 C.E.) | 4 |
| HISTORY 115 | Medieval Europe 410-1500 | 4 |
| HISTORY 123 | English History: England to 1688 | 3-4 |
| HIST SCI 201 | The Origins of Scientific Thought | 3 |
| HISTORY/ RELIG ST 205 | The Making of the Islamic World: The Middle East, 500-1500 | 3-4 |
| HISTORY/ RELIG ST 208 | Western Intellectual and Religious History to 1500 | 3-4 |

## NOTES ON HISTORY BREADTH REQUIREMENTS

- Breadth courses may be taken in any order.
- Chronological Breadth courses may also count toward a Geographic Breadth category.
- Some courses qualify for more than one Geographic Breadth area, but a course may only count for one Geographic Breadth category for the purposes of meeting the requirement.
- Topics courses (HISTORY 200, HISTORY 201, HISTORY 221, HISTORY 223, HISTORY 225, HISTO HIST SCI 280, HISTORY 283, HIST SCI 286, HIST SCI 350 & HISTORY 500) may count for Geographic and/or Chronological Breadth. For topics courses, see the course notes for current breadth information.
- The following courses **may not be used** for breadth in the major: HISTORY 199, HISTORY 600, HISTORY 680, HISTORY 681, HISTORY 682, H & HISTORY 699.

## HISTORY WRITING AND RESEARCH SEQUENCE:

History majors must complete both of the following:

- Students are encouraged to complete HISTORY 201 The Historian's Craft as early as possible.
- HISTORY 600 Advanced Seminar in History, to be taken after satisfactory completion of HISTORY 201. Enrolling in a HISTORY 600 seminar requires instructor consent. Available seminars can be found on the history department website (https://history.wisc.edu/history600-seminars).

## L&S REQUIREMENTS FOR QUALITY AND RESIDENCE IN THE MAJOR:

- 2.000 GPA in HISTORY/HISTORY of SCIENCE and all other major courses
- 2.000 GPA on **15 upper-level major credits in residence**.[1]
- 15 credits **HISTORY and/or HISTORY of SCIENCE** taken on **campus**

## DISTINCTION IN THE MAJOR

To be awarded Distinction in the Major, students must:

- Achieve a GPA of at least 3.700 out of 4.000 in HISTORY and HISTORY of SCIENCE courses
- Complete a minimum of 21 upper-level credits in major coursework.[1]
- Complete all requirements of the major

Students should consult the undergraduate advisor in history regarding current requirements for the major.

# HONORS IN THE MAJOR

Students may declare Honors in the History Major in consultation with the History undergraduate advisor.

## HONORS IN HISTORY MAJOR REQUIREMENTS

To earn Honors in the Major in History, students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall University GPA
- Earn a 3.500 GPA in all HISTORY and HISTORY of SCIENCE courses
- Complete at least 36 total credits in HISTORY and HISTORY of SCIENCE coursework, 21 of which must be upper-level credits in residence[1]
- Complete at least 15 Honors credits in HISTORY or HISTORY of SCIENCE coursework
- Complete a two-semester Senior Honors Thesis, a piece of original work of approximately forty pages, in HISTORY 681–HISTORY 682,

taken in conjunction with the HISTORY 680 Honors Thesis Colloquium both semesters. The thesis must be approved by instructors in both the thesis and colloquium courses.

[1] Major courses with Intermediate or Advanced Level are counted as *upper-level* in the History major.

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. “In residence” credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

## LEARNING OUTCOMES

1. (Define important historical questions) Pose a historical question and explain its academic and public implications.
2. (Define important historical questions) Using appropriate research procedures and aids, find the secondary resources in history and other disciplines available to answer a historical question.
3. (Define important historical questions) Evaluate the evidentiary and theoretical bases of pertinent historical conversations in order to highlight opportunities for further investigation.
4. (Collect and analyze evidence) Identify the range and limitations of sources available to engage the historical problem under investigation.
5. (Collect and analyze evidence) Examine the context in which sources were created, search for chronological and other relationships among them, and assess the sources in light of that knowledge.
6. (Collect and analyze evidence) Employ and, if necessary, modify appropriate theoretical frameworks to examine sources and develop arguments.
7. (Present original conclusions) Present original and coherent findings through clearly written, persuasive arguments and narratives.
8. (Present original conclusions) Orally convey persuasive arguments, whether in formal presentations or informal discussions.
9. (Present original conclusions) Use appropriate presentation formats and platforms to share information with academic and public audiences.
10. (Contribute to ongoing discussions) Extend insights from research to analysis of other historical problems.
11. (Contribute to ongoing discussions) Demonstrate the relevance of a historical perspective to contemporary issues.
12. (Contribute to ongoing discussions) Recognize, challenge, and avoid false analogies, overgeneralizations, anachronisms, and other logical fallacies.

## FOUR-YEAR PLAN

**First Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| History Breadth[1] | 4 | History course for the Ethnic Studies Requirement (complete within 1st 60 credits)[2] | 4 |
| Communication Part A (Complete during your first year) | 3 | L&S Breadth - Natural Science[3] | 3 |
| Quantitative Reasoning Part A (complete during your first year) | 3 | L&S Breadth - Literature | 3 |
| Foreign Language (if necessary) | 4 | Elective or Course for Second Major[4] | 4 |
| | 14 | | 14 |

**Second Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| HISTORY 201[5] | 3-4 | History Breadth | 4 |
| Quantitative Reasoning Part B (I/A Comp Sci, Math, or Stats if required for the BS) | 3 | History Elective | 3 |
| History Elective or Course for Second Major | 3 | L&S Breadth - Natural Science | 3 |
| Elective or Course for Second Major | 3 | Elective or Course for Second Major | 3 |
| Elective or Course for Second Major | 3 | Elective or Course for Second Major | 3 |
| | 15-16 | | 16 |

**Third Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Declare the Major (before 86 credits)* | | History Breadth | 4 |
| History Breadth | 3 | HISTORY 301 (optional) | 1 |
| HISTORY 300[6] | 1-2 | L&S Breadth - Natural Science | 3 |
| I/A Comp Sci, Math, or Stats (if required for the BS) | 3 | Elective or Course for Second Major | 3 |
| L&S Breadth - Literature | 3 | Elective or Course for Second Major | 3 |
| Elective or Course for Second Major | 4 | | |
| | 14-15 | | 14 |

**Fourth Year**

| Fall | Credits | Spring | Credits |
|---|---|---|---|
| Complete Remaining L&S Requirements** | | History Elective | 4 |
| HISTORY 600[7] | 3 | L&S Breadth - Natural Science | 3 |

| | | | |
|---|---|---|---|
| Elective or Course for Second Major | 4 | Elective or Course for Second Major | 3 |
| Elective or Course for Second Major | 4 | Elective or Course for Second Major | 3 |
| Elective or Course for Second Major | 4 | Elective or Course for Second Major | 3 |
| | 15 | | 16 |

Total Credits 118-120

1 The History Breadth requirements are very flexible. History majors must complete Chronological Breadth (one course) and take at least one course from four of the eight Geographical Breadth categories. A single course may count toward both Chronological and Geographic Breadth, if appropriate. (For example, a course on Ancient Rome would count toward Chronological Breadth and European History. ) HISTORY 201 may also count toward History Breadth requirements.

2 Some examples of History courses that count toward the Ethnic Studies Requirement are: HISTORY/CHICLA 152 The U.S. West Since 1850, HISTORY/ASIAN AM 160 Asian American History: Movement and Dislocation, & HISTORY/JEWISH 213 Jews and American Pop. Culture.

3 Some L&S Breadth requirements will be satisfied with History coursework. History classes will complete the additional Humanities Breadth credits (the Humanities credits that are not Literature) and may also complete Social Science Breadth.

4 History is a flexible major and can be combined with a wide range of other majors and certificates. We encourage students to be thoughtful in how they approach their elective credits, whether that means pursuing an additional major or creating an individual plan of study that draws from multiple disciplines.

5 HISTORY 201 The Historian's Craft may be taken as soon as you have completed the Communication A requirement. Students should try to complete History 201 by the end of the second year.

6 History offers two optional careers courses that expose students to, and prepare them for, the wide range of careers pursued by history majors: HISTORY 300 & HISTORY 301. History at Work: Professional Skills of the Major (HISTORY 300) connects students to History alumni in different fields and helps develop essential career skills related to the value of the major. History at Work: History Internship Seminar (HISTORY 301) allows students to receive credit toward their major requirements for work associated with an internship.

7 History 600 may be taken at any point after a student has completed History 201. History 600s are offered on a variety of topics every semester and they provide students with the rich experience of a small, faculty-led seminar. They may be taken for credit more than once as long as the topics are different.

* Students must declare a major by the time they reach 86 credits.

** Please refer to the Requirements tab in Guide for College of Letters & Science Breadth and Degree Requirements as well as Residence and Quality of Work requirements for the major.

## ADVISING AND CAREERS

Students who are declared or interested in the history major have numerous advising resources available to them. The history advising team is comprised of professional and peer advisors who are excited to talk with students about everything from academic planning to professional development for future careers. Information on the History advising team, how to contact an advisor, how to schedule an appointment, and drop-in advising hours can be found on our website (https://history.wisc.edu/undergraduate-program/undergraduate-advising).

The Honors in the Major track in history is intended for students who are eager to experience the excitement of original historical research and who wish to graduate with the best possible undergraduate training in this discipline. Honors in the Major is especially appropriate for students who are considering graduate work in history or who want an especially advanced training in research, reasoning, and writing skills useful to a wide range of career choices.

Information on upcoming career events and internship opportunities for history majors are available on the History Advising Blog (http://uwhistoryadvising.blogspot.com). Alumni of the history department have enjoyed careers in medical research and practice; broadcast and print media; sports management; museums, archives, and libraries; finance and business, and community service and nonprofit organizations—as well as law, academia, and many other fields. Want to see what some of our alumni have done with their history majors? **Check out our "featured alumni" profiles on the department website.**

History is a rigorous but flexible major, and history majors are known for being excellent communicators and savvy researchers. Historians are experts in synthesizing disparate pieces of evidence into coherent, persuasive arguments. The real world is filled with disparate facts and incomplete sets of data, so this is a real-world skill that history alumni utilize throughout their entire careers.

The history major provides excellent preparation for the study of law, but our students also go on to study medicine and many other graduate fields. The centers for Pre-Law Advising (https://prelaw.wisc.edu) and Pre-Health Advising (https://prehealth.wisc.edu) are especially helpful resources on campus for students interested in those areas of study.

History can also be combined with any other major in the college of Letters & Science (L&S), anything from astronomy (http://guide.wisc.edu/undergraduate/letters-science/astronomy) to zoology (http://guide.wisc.edu/undergraduate/letters-science/integrative-biology). Majors that students most frequently pair with history are: economics (http://guide.wisc.edu/undergraduate/letters-science/economics), English (http://guide.wisc.edu/undergraduate/letters-science/english), environmental studies (http://guide.wisc.edu/undergraduate/letters-science/environmental-studies/environmental-studies-major), journalism (http://guide.wisc.edu/undergraduate/letters-science/journalism-mass-communication), and political science (http://guide.wisc.edu/undergraduate/letters-science/political-science). History majors can also choose to add certificates in L&S or from outside the college, such as the certificates in business (http://guide.wisc.edu/undergraduate/business/school-wide/business-certificate) or education and educational services (http://guide.wisc.edu/undergraduate/education/educational-psychology/education-educational-services-certificate). In addition to these, some of the most common certificates for history majors are currently: criminal justice (http://guide.wisc.edu/undergraduate/letters-science/center-law-society-justice/criminal-justice-certificate), global health (http://guide.wisc.edu/undergraduate/agricultural-life-sciences/nutritional-sciences/global-health-certificate), European studies (http://guide.wisc.edu/undergraduate/letters-science/institute-regional-international-studies/european-certificate), and digital studies (http://guide.wisc.edu/undergraduate/letters-science/communication-arts/digital-studies-certificate). The history advising team is happy to discuss

ways for you to make your intellectual and career goals work as part of a four-year plan.

### HISTORY CAREERS COURSE: "HISTORY AT WORK"

HISTORY 300 History at Work: Professional Skills of the Major is a course intended to help history majors understand how their history degree applies to the world of work. Students explore how their history skills relate to the needs of professional employers and are guided in the process of finding and obtaining professional internships and jobs. In this course, history majors can polish their written and oral communication skills in forms appropriate for professional situations and learn from the experiences of guest speakers from a variety of fields.

### INTERNSHIPS

The Department of History recognizes the importance of internships in helping students develop professional skills and explore potential career paths. Positions can vary depending on availability and students' interests, but recent sponsors have included the Wisconsin State Historical Museum, the University of Wisconsin Archives, offices of elected officials in the Wisconsin State Legislature and United States Congress, the Milwaukee Brewers, and Community Shares of Wisconsin—just to name a few!

### ALUMNI MENTORING

Like internships, networking can be a valuable tool in opening professional doors and learning more about the professional value of the history major. The department often matches students with alumni mentors drawn from our Board of Visitors (https://history.wisc.edu/alumni-and-friends/board-of-visitors) and other graduates who can help them get started building a professional network, answer questions about a specific field, provide guidance in applying for jobs or preparing for interviews, and providing general career advice.

Students interested in participating in an internship or talking with an alumni mentor should meet with Christina Matta, the department's undergraduate career advisor, to discuss their interests and possible career goals.

### GLOBAL HISTORY TRACK

Any undergraduate history major may choose to pursue the Global Track by completing all requirements for the history major above, and these additional requirements:

- **Geographic Breadth:** one additional course, in a fifth breadth area; at least one of the five breadth courses must be from the Transnational category
- **Foreign Language or Experience Requirement:** one of the following options:
  - Completion of the 5th unit of a single foreign language, defined as the 5th semester of college instruction or the 5th year of high school instruction
  - ESL 118 (https://wisc-curr.courseleaf.com/search/?P=ESL%20118) Academic Writing II
  - 3 credits of coursework from a UW–Madison Study Abroad Program

*Note:* The Global History Track is unofficial and will not be recorded on a student's final transcript. For purposes of graduation auditing, DARS will display the track as an informational section only.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

Professors Boswell, Cronon, Desan, Dunlavy, Enke, Enstad, Hansen, Hirsch, Hsia, S. Johnson, Kantrowitz, Keller Kleijwegt, Koshar, Lederer, McCoy, McDonald, Michels, Mitman, Neville, Nyhart, Plummer, Reese, Roberts, Sharpless, Shoemaker, Sommerville, Sweet, Thal, Wandel, Wink, Young

Associate Professors Chan, Cheng, Dennis, Gómez, Hall, Ipsen, Kim, Kodesh, Murthy, Ratner-Rosenhagen, Taylor, Ussishkin

Assistant Professors Brown, Callaci, Chamedes, Ciancia, Haynes, Hennessy, Hicks, Iber, Jackson, Kinzley, Lapina, Nelson, Whiting

Teaching Associates Carlsson, Cullinane, Keyser

## WISCONSIN EXPERIENCE

## HISTORY: THE WISCONSIN EXPERIENCE

The history department is committed to integrating undergraduate historical study into the Wisconsin Experience (https://provost.wisc.edu/wisconsin-experience), UW–Madison's vision for students' growth inside and outside the classroom. History majors at UW–Madison have a wide range of opportunities available to help them make the most of their

major and carry the study of the past beyond the boundaries of the classroom. The history Wisconsin Experience fosters:

**Cross-Cultural Literacy across Time and Space**

1. Learn about the histories of multiple geographic areas across a wide stretch of time
2. Develop the ability to communicate effectively and appropriately with people of different backgrounds

**Engagement in Society**

1. Take advantage of mentoring, internship, and career resources
2. Engage in public service for secondary education, public history, and community organizations
3. Expand understanding of important public issues from a variety of perspectives

**Critical Inquiry**

1. Develop analytical abilities for local, national, and global citizenship and leadership
2. Understand the perspectives of people from different backgrounds
3. Analyze how ideas and institutions change over time

**Transferable Skills for Careers**

1. Hone both oral and written communicational skills
2. Synthesize information from multiple perspectives and disparate forms of evidence
3. Conduct original research using a variety of methods and sources
4. Present original conclusions in a variety of media

History majors engage in these areas in ways that are particular to history, developing skills that are transferable to a wide range of careers as well as a lifelong love of learning.

# HISTORY RESOURCES FOR PROFESSIONAL AND INTELLECTUAL GROWTH

**ARCHIVE**

ARCHIVE (https://uwarchive.wordpress.com) is an award-winning journal of historical work published annually by the UW–Madison chapter of Phi Alpha Theta. See ARCHIVE's website (https://uwarchive.wordpress.com) to view past volumes and find out how you could be published.

**Phi Alpha Theta**

Phi Alpha Theta (https://win.wisc.edu/organization/pat) is a national history honors society whose purpose is to promote the study of history and to bring students, teachers and writers of history together in intellectual and social ways. See the UW–Madison chapter's page for more information.

**Language and Regional/International Studies**

History classes and faculty are at the center of UW–Madison's remarkable collection of resource centers for area studies. IRIS (https://iris.wisc.edu) is the umbrella organization for UW–Madison's eight area studies programs. Students interested in these areas can combine their history major with a major in international studies (http://www.ismajor.wisc.edu) or any of the area studies majors and/or certificates. UW–Madison also has one of the largest selections of language instruction (https://languages.wisc.edu) in the United States.

**Study Abroad**

History is a great major for students interested in studying abroad (https://www.studyabroad.wisc.edu/map_history.asp) due to its flexibility and because study abroad experience counts toward the history major's Global Track. Find out more on our major advising page.

**Wisconsin Historical Society**

Scholars and researchers from all over the country (and world) come to the Wisconsin Historical Society (https://www.wisconsinhistory.org) (WHS) to do historical research. History majors at UW–Madison simply walk across the street to make use of this world-class institution. The collections of the WHS are an amazing resource for history majors and are utilized by a wide range of our courses. History majors can also develop internships related to the WHS collections and programs. Students who are interested in the history of film and television often double major in communication arts (http://guide.wisc.edu/undergraduate/letters-science/communication-arts) and get involved with the Wisconsin Center for Film and Theater Research (http://wcftr.commarts.wisc.edu).

## RESOURCES AND SCHOLARSHIPS

# THE HISTORY LAB

The History Lab is a resource center for undergraduate students studying, researching, and writing about the past. It is staffed by talented and experienced graduate students from the Department of History.

Through individual and group tutoring, the Lab focuses on honing students' abilities to form suitable topics, conduct research, develop arguments and thesis statements, cite evidence properly, and write using an effective process. The lab is equipped also to support challenges faced by English-language learners.

For more information or to make an appointment, see the History Lab website. (https://history.wisc.edu/undergraduate-program/the-history-lab)

# RESEARCH FELLOWSHIPS AND SCHOLARSHIPS

The Department of History is committed to supporting undergraduate achievement and encourages applications for the various scholarships and research fellowships made possible by the generosity of its donors. Scholarships are designed to reward outstanding History majors and are awarded annually. Research fellowships allow undergraduates to pursue in-depth historical research under the guidance of Department of History faculty. These awards help defray research costs such as supplies and travel expenses or pay for living expenses to allow students time to craft their papers and conduct research in UW Libraries.

Detailed instructions on how to apply can be found on the Department of History website (https://history.wisc.edu/undergraduate-program/history-the-wisconsin-experience/undergraduate-scholarships). Applications need to be submitted online, via Scholarships@UW-Madison (http://scholarships.wisc.edu/Scholarships).

## UNDERGRADUATE WRITING PRIZES

The history department offers an assortment of essay prizes designed to reward a broad range of undergraduate writing—from Senior Theses to term papers to specialized essays in German-Jewish history. The prizes are made possible thanks to the tremendous generosity of our alumni and former members of our faculty. The history department expresses its gratitude for their support in recognizing the achievements of our undergraduates.

Detailed instructions on how to apply can be found on the Department of History website (https://history.wisc.edu/undergraduate-program/history-the-wisconsin-experience/undergraduate-scholarships). Applications need to be submitted online, via Scholarships@UW-Madison (http://scholarships.wisc.edu/Scholarships).

# MEDIEVAL STUDIES, CERTIFICATE

Medieval studies offers students interdisciplinary perspectives on the history of Europe and the Mediterranean rim between ca. 300-1500. Courses spanning 18 departments allow students to explore the medieval world from the standpoints of art, visual and material culture, history, law, languages and literature, music, philosophy, religious studies and the history of science and medicine. The certificate in medieval studies is designed to encourage pursuit of interdisciplinary work among several departments.

The Middle Ages was a dynamic period of trans-continental trade and travel that fostered cultural, technological and scientific interactions among the kingdoms and city states of Western Europe, the Byzantine (East Roman) Empire and the Islamic caliphates that eventually encompassed much of Spain, north Africa and the Middle East. It is also known that the Norse (Vikings) established settlements in North America as early as ca.1000, some 500 years before Columbus.

In Western Europe, the Middle Ages laid the foundations of constitutional government and modern nation-states, instituted a system of trial by jury, and developed the first universities along with the concept of a liberal arts curriculum (encompassing both arts and sciences). The period also saw the development of English, Germanic, Scandinavian and romance languages and literature, which came to eclipse Latin by the end of the fourteenth century as vehicles for secular poetry and prose. Further east, Greek dominated the territory of the Byzantine Empire, while the foundation of the Kievan Rus coincided with the development of Cyrillic script used by Russian and other Slavic languages. The Islamic world saw the wide diffusion of Arabic languages and literature, including scientific works which served to mediate knowledge of Greek natural philosophy and medical science to Western Europe.

Other significant cultural developments include the development of the codex or book often with elaborate programs of visual imagery and diagrams, the innovation of musical notation and early forms of polyphony in Europe, the application of optical science to urban planning and of one-point perspective to painting especially in Italy, and the refinement of structural engineering that led to the soaring light-filled architecture of Gothic cathedrals in Western Europe and expansive centralized domed spaces in the Byzantine Empire and related Orthodox states, as well as in the Islamic world.

The program's focus is embodied in the interdisciplinary courses offered under the auspices of medieval studies. For example, MEDIEVAL/HISTORY 313 Introduction to Byzantine History and Civilization provides a survey of civilization and culture in medieval times. The program cross-lists a number of courses on particular aspects of medieval history and culture that are offered by participating departments, helps to publicize courses with medieval subject matter that are not permanently cross-listed, and offers opportunities for students to undertake independent-study projects with participating faculty members. It also regularly organizes public programming on specific themes under the auspices of the Borghesi–Mellon Workshops administered by the Center for the Humanities.

In addition to departments and programs that cross-list courses with Medieval Studies—Art History, CANES (Classical and Near Eastern Studies), English, French and Italian, German, History, History of Medicine, History of Science, Religious Studies, Scandinavian Studies, Spanish and Portuguese, Women's Studies—the following departments and programs occasionally offer courses and seminars in the medieval area: African Languages and Literature, Comparative Literature, Folklore, Languages and Cultures of Asia, Music, Philosophy, and Political Science.

Like a minor, the certificate documents a rigorous course of study in addition to the major(s). It attests ambitious intellectual goals as well as the ability to imagine historical problems in transnational and transcultural perspectives As a credential, it demonstrates a capacity for comparative critical thinking and analysis, skills that appeal to a wide range of potential employers.

## HOW TO GET IN

Students interested in working toward the certificate should contact the director of medieval studies as early in their degree program as possible. The director serves as the undergraduate advisor for all students pursuing the certificate. For further information see the Medieval Studies website (http://www.medievalstudies.wisc.edu).

## REQUIREMENTS

The certificate requires the completion of **five courses (15 credits)** in the medieval area, according to the following distributional requirements.

Students interested in working toward the certificate should contact the director of medieval studies as early in their degree program as possible. The director serves as the undergraduate advisor for all students pursuing the certificate. For further information see the Medieval Studies website (http://www.medievalstudies.wisc.edu).

| Code | Title | Credits |
|---|---|---|
| Select one of the following: | | 3-4 |
| HISTORY 115 | Medieval Europe 410-1500 | |
| ILS 201 | Western Culture: Science, Technology, Philosophy I | |
| Select two courses focused on the medieval period from Category A (history, history of science, philosophy, and political science) [1] | | 6 |
| Select two courses focused on the medieval period from Category B (language, literature, visual arts, and music) [1] | | 6 |
| Total Credits | | 15-16 |

[1] For a list of which individual courses count toward Category A and which toward Category B, see the course lists below.

### Category A Course List

| Code | Title | Credits |

| SPANISH/ MEDIEVAL 541 | Old Spanish | 3 |

## RESIDENCE AND QUALITY OF WORK

8 credits counting toward the certificate, taken in residence

A cumulative 3.000 GPA in all courses counting toward the certificate

## ADDITIONAL NOTES

In addition to the required courses, all certificate candidates are encouraged to enhance their work in medieval studies by acquiring a reading knowledge of a modern European language as early as possible. Studying Latin in addition is strongly recommended for those who plan to graduate work in the field.

In consultation with the director, students may choose to work beyond the certificate to a self-designed major in medieval studies. For further information, contact the director of medieval studies.

## UNDERGRADUATE/SPECIAL STUDENT CERTIFICATES

This certificate is intended to be completed in the context of an undergraduate degree and for those seeking this certificate that is preferred. For students who have substantially completed this certificate at UW–Madison (at least 12 credits) and may need one or two courses to complete the certificate, they may do so immediately after completion of the bachelor's degree by enrolling in the course as a University Special (nondegree) student. The certificate must be completed within a year of completion of the bachelor's degree. Students should keep in mind that University Special students have the last registration priority and that may limit availability of desired courses. Financial aid is not available when enrolled as a University Special student to complete an undergraduate certificate.

# LEARNING OUTCOMES

1. to provide opportunities for students and faculty to pool their interests and knowledge and explore the interrelationships among the medieval studies disciplines in ways usually not feasible within conventional academic compartmentalization.
2. to help interested undergraduates develop skills in historical languages, critical reading of primary sources of all kinds (texts, visual and material culture, music and oral culture), historiography and current methodologies necessary to prepare them for graduate studies in medieval areas.
3. to provide opportunities for students and faculty to pool their interests and knowledge and explore the interrelationships among the medieval disciplines in ways usually not feasible within conventional academic compartmentalization.
4. to offer the non-specialist critical analytical skills and historical perspectives on current issues such as religious conflict and the concept of "holy war", colonialism and cultural globalism, gender and sexual identity, scientific and technological innovation.
5. to foster appreciation of all aspects of medieval culture and its manifestations in contemporary popular culture.

# ADVISING AND CAREERS

Students can obtain advising for the certificate by contacting the director of medieval studies. The director serves as the undergaduate advisor for all students pursuing the certificate. For further information see the Medieval Studies website (http://www.medievalstudies.wisc.edu).

# AFRICAN STUDIES, CERTIFICATE

The African Studies Program supports research, teaching, and outreach at the University of Wisconsin–Madison, bringing together scholars in multiple disciplines, students, teachers, and community partners to consider all aspects of land and life in Africa. The African Studies Program is a U. S. Department of Education Title VI National Resource Center for Africa, a unit in The International Division, and a member of the campus consortium of internationally oriented programs known as the Institute for Regional and International Studies (http://iris.wisc.edu).

The program was established in 1961 by an interdisciplinary team of internationally respected scholars including Jan Vasina, Philip Curtin, Frederick Simoons, and Aristride Zolberg. The center continues to enjoy a reputation for excellence, having awarded more degrees to Africa specialists than any other American university. No other university boasts such a depth and range of expertise in Africanist scholarship. Over 70 affiliated faculty offer more than 100 courses in 35 departments around campus. The department of African Cultural Studies offers students an opportunity to study a number of African languages including Arabic, Hausa, Swahili, Yoruba, Wolof, and Zulu, as well as options for self-directed study of less-commonly taught languages.

Undergraduates from any department can benefit from access to our programs and top ranked faculty by completing a certificate in African studies. The certificate is highly interdisciplinary and welcomes students with backgrounds in the humanities, social sciences, business, health, agriculture, or the environment. What unites certificate students is a shared interest in the people, places, and stories of the continent of Africa.

A certificate in African Studies indicates that a student has acquired an interdisciplinary knowledge about the African continent, its histories, its stories, and its people. African studies alumni serve in a number of important leadership positions in both the private and public sector. Former students have gone on to serve as ambassadors, presidential advisors, and leaders of investment firms and Washington think tanks. Many undergraduate certificate holders launch their internationally-oriented careers by joining the Peace Corps after graduation.

## HOW TO GET IN

Students interested in declaring the undergraduate certificate should contact the African Studies Program office (asp@africa.wisc.edu) or the undergraduate advisor (advising@africa.wisc.edu).

[1] No more than two courses from any one SUBJECT may count toward the certificate. A cross-listed course may count in either—but not both—SUBJECTs in which it is cross-listed.

### RESIDENCE & QUALITY OF WORK

- 2.000 GPA on all certificate-approved courses
- 8 credits in the certificate must be taken in residence

## CERTIFICATE COMPLETION REQUIREMENT

This undergraduate certificate must be completed concurrently with the student's undergraduate degree. Students cannot delay degree completion to complete the certificate.

## LEARNING OUTCOMES

1. (Historical Grounding) understanding the historical, political, and cultural forces and conditions that have given rise to the unity and diversity in the region today.
2. (Multi-disciplinarity) analyzing contemporary political, economic, and cultural realities in the region from at least two disciplinary perspectives, ideally including humanities, social sciences and sometimes natural science approaches.
3. (Depth of knowledge) mastering at the undergraduate generalist level a particular facet of life in the region by taking courses on a particular sub-region or country, or by studying a regional language, or by taking at least two courses on the region in one discipline.

## ADVISING AND CAREERS

We require that students visit with the advisor at least once per semester. Advising for the certificate is run by the African Studies Program advisor, who can assist you in developing your plan of study for the certificate, track progress toward the certificate, explore study abroad and international internship options, and begin the career exploration process. We offer walk-in advising, advising workshops, and scheduled appointments.

We strongly encourage students to enroll in Africa: An Introductory Survey (AFRICAN/AFROAMER/ANTHRO/GEOG/HISTORY/POLI SCI/SOC 277), to study an African language, and to study abroad on the continent.

## L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

## PEOPLE

205 Ingraham Hall
1155 Observatory Drive

Nancy Kendall, Faculty Director, nkendall@education.wisc.edu (kodesh@wisc.edu)
Aleia McCord, Associate Director, aleia.mccord@wisc.edu

Faculty members specializing on Africa are based in more than 40 departments throughout the university's schools and colleges.
African Studies Program Steering Committee: Kendall (Faculty Director, Educational Policy Studies), Callaci (History), Goldberg (Veterinary Medicine), McCord (African Studies Program), Naughton (Geography), Thompson (African Cultural Studies).

## WISCONSIN EXPERIENCE

As a regional center within the Institute for Regional and International Studies, we support and enhance international and global awareness in our student communities and inspire informed thinking about the complexities of our world. We encourage our students to connect to international networks and our regional communities through our program's lecture series, film screenings, and varied outreach events and activities. We encourage our students to study abroad, do international internships, learn foreign languages, and expect them to gain an interdisciplinary grounding in global and regional affairs. We provide resources and expertise on our world area to students, and

prospective students, and more broadly to K–12 teachers and students, postsecondary educators and graduate students, businesses, the media, the military, the community at large, and anyone else who is interested.

## RESOURCES AND SCHOLARSHIPS

Information about funding through the African Studies Program is available on our website (http://africa.wisc.edu/?page_id=28). We also encourage our students to explore funding options available through the Institute for Regional and International Studies (IRIS) Awards Office (https://iris.wisc.edu/funding).

# ASIAN STUDIES, B.A.

**Admissions to the Asian Studies B.A. have been suspended as of fall 2018. If you have any questions, please contact the department** (info@iris.wisc.edu)**.**

Asian Studies is divided into two concentrations:

- East Asian Studies
- Southeast Asian Studies

## CONCENTRATION IN EAST ASIAN STUDIES

The Asian studies major with an East Asian studies concentration encompasses China, Japan, and Korea—Pacific Rim nations characterized by rich cultural heritages, critical geopolitical positions and rapidly expanding economies. East Asia plays a central role in world politics and the global economy, and the importance of this region will increase in the 21st century.

This concentration is for undergraduates who are interested in a wide range of careers (business, public service, law, teaching, research, etc.) and who seek a focused yet multidisciplinary education with solid grounding in East Asian language and civilization. Students interested in the major should begin language study as early as possible.

## CONCENTRATION IN SOUTHEAST ASIAN STUDIES

The  Asian studies major with a Southeast Asian concentration is an undergraduate major in the College of Letters & Science, providing a comprehensive foundation in Southeast Asian language and area studies. It includes Burma (Myanmar), Brunei, Cambodia (Kampuchea), East Timor, Indonesia, Laos, Malaysia, Philippines, Singapore, Thailand, and Vietnam. Students are required to take a minimum of four semesters of a Southeast Asian language, and complete a minimum of thirty credits of Southeast Asian area studies coursework. The area studies courses must be taken in at least two academic disciplines, including courses in Southeast Asian humanities and social sciences. Students may opt to prepare a 6-credit senior thesis.

## HOW TO GET IN

**Admissions to the Asian Studies B.A. have been suspended as of fall 2018. If you have any questions, please contact the department** (info@iris.wisc.edu)**.**

## CONCENTRATION IN SOUTHEAST ASIAN STUDIES

### DECLARING THE MAJOR

The major should be declared no later than the beginning of the junior year. (**All L&S students must declare a major by the time they have earned 86 degree credits**.) Students with no previous language training or proficiency should consider beginning language study during their sophomore year, since language course sequences begin only once per year during the fall semester. Students interested in Southeast Asia are encouraged to consult with the undergraduate advisor (mmcullin@wisc.edu) at any time from the freshman year onward to discuss the program.

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF ARTS (B.A.)

Students pursuing a bachelor of arts degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF ARTS DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Fulfilled with completion of University General Education requirements Quantitative Reasoning a (QR A) and Quantitative Reasoning b (QR B) coursework. Please note that some majors may require students to complete additional math coursework beyond the B.A. mathematics requirement. |
| Foreign Language | • Complete the fourth unit of a foreign language; OR<br>• Complete the third unit of a foreign language and the second unit of an additional foreign language<br><br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include one 3+ credit course in the biological sciences; must include one 3+ credit course in the physical sciences |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/ Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non–L&S degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

The Asian studies major requires that students concentrate in one of two options: **East Asian Studies** or **Southeast Asian Studies**. Students **must declare** one (and only one) of these concentrations. Both concentrations require **30 credits**. As part of the 30 credits, students must complete at least two courses and **8 credits** in a single SUBJECT, excluding language courses.

## CONCENTRATION IN EAST ASIAN STUDIES [1]

[1] Courses counted toward humanities may not also count towards social science, and vice versa. However, humanities and social science courses *may* count toward the concentration requirement if taken in a single SUBJECT.

## RESIDENCE AND QUALITY OF WORK

2.000 GPA in all E A STDS and major courses

2.000 GPA on 15 upper-level major credits, taken in residence [2]

15 credits in E A STDS, E ASIAN and/or courses counting toward the major, taken on the UW–Madison campus

[2] Courses in the major numbered 300 through 699 are considered upper level.

# HONORS IN THE MAJOR

Students may declare Honors in the Asian Studies Major in consultation with the Asian Studies undergraduate advisor.

## HONORS IN ASIAN STUDIES MAJOR REQUIREMENTS

To earn a B.A. or B.S. with Honors in the Major in Asian Studies students must satisfy both the requirements for the major (above) and the following additional requirements:

- Earn a 3.300 overall university GPA
- Earn a 3.500 GPA in all E A STDS courses, and all courses accepted in the major
- Complete 3 credits E A STDS at the intermediate or advanced level with a grade of B or better
- Complete a two-semester Senior Honors Thesis in E A STDS 681 Senior Honors Thesis and E A STDS 682 Senior Honors Thesis, for a total of 6 credits

# UNIVERSITY DEGREE REQUIREMENTS

| | |
|---|---|
| Total Degree | To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements. |
| Residency | Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs. |
| Quality of Work | Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation. |

# ADVISING AND CAREERS

# ACADEMIC ADVISING

Students interested in Southeast Asia are encouraged to consult with the undergraduate advisor (mmcullin@wisc.edu) at any time from the freshman year onward to discuss the program.

# CAREER INFORMATION

Students are encouraged to begin working on their career exploration and preparation soon after arriving on campus. We partner with SuccessWorks at the College of Letters & Science. L&S graduates are in high demand by employers and graduate programs. It is important to us that our students are career ready at the time of graduation, and we are committed to your success.

# L&S CAREER RESOURCES

SuccessWorks at the College of Letters & Science helps students leverage the academic skills learned in their major, certificates, and liberal arts degree; explore and try out different career paths; participate in internships; prepare for the job search and/or graduate school applications; and network with professionals in the field (alumni and employers). In short, SuccessWorks helps students in the College of Letters & Science discover themselves, find opportunities, and develop the skills they need for success after graduation.

SuccessWorks can also assist students in career advising, résumé and cover letter writing, networking opportunities, and interview skills, as well as course offerings for undergraduates to begin their career exploration early in their undergraduate career.

Students should set up their profiles in Handshake (https://careers.ls.wisc.edu/handshake) to take care of everything they need to explore career events, manage their campus interviews, and **apply to jobs and internships from 200,000+ employers around the country**.

- SuccessWorks (https://careers.ls.wisc.edu)
- Set up a career advising appointment (https://careers.ls.wisc.edu/make-an-appointment)
- INTER-LS 210 L&S Career Development: Taking Initiative (1 credit, targeted to first- and second-year students)—for more information, see Inter-LS 210: Career Development, Taking Initiative (https://careers.ls.wisc.edu/inter-ls-210-career-development-taking-initiative)
- INTER-LS 215 Communicating About Careers (3 credits, fulfills Com B General Education Requirement)
- Handshake (https://careers.ls.wisc.edu/handshake)
- Learn how we're transforming career preparation: L&S Career Initiative (http://ls.wisc.edu/lsci)

# PEOPLE

# CONCENTRATION IN EAST ASIAN STUDIES

## CHINA CORE FACULTY:

Professors Curtin, Dong, Eichenseher, Friedman, Irish, Manion, Murray, Nienhauser, Pan

Associate Professors Huntington, Huang, Merli, Sheehan, Zhang, Zhou

Assistant Professor Meulenbeld, Yang

## JAPAN CORE FACULTY:

Professors Davis, McGloin, Mori, Ohnuki-Tierney, Phillips, Young

Associate Professors D'Etcheverry, Furumoto, Geyer, Kern, Leheny, Mori, Raymo, Thal

Assistant Professor Ridgeley

## KOREA CORE FACULTY:

Professor Sutton; Assistant Professors Kim, Ohnesorge

## UNDERGRADUATE ADVISOR:

Michael Cullinane

## CONCENTRATION IN SOUTHEAST ASIAN STUDIES

Professors Bowie, Cowell, Coxhead, Gade, Gunther, Hansen (director), Macken, A. McCoy, Olds, Rafferty, Sidel, Winichakul, Zhou

Associate Professor Nobles

Assistant Professors Baird, Choy, Ho, Kim

Faculty Associates Barnard, Cullinane, M McCoy

Librarian Ashmun

### UNDERGRADUATE ADVISOR:

Michael Cullinane

# ASIAN STUDIES, B.S.

**Admissions to the Asian Studies B.S. have been suspended as of fall 2018. If you have any questions, please contact the department** (info@iris.wisc.edu)**.**

Asian Studies is divided into two concentrations:

- East Asian Studies
- Southeast Asian Studies

## CONCENTRATION IN EAST ASIAN STUDIES

The Asian studies major with an East Asian studies concentration encompasses China, Japan, and Korea—Pacific Rim nations characterized by rich cultural heritages, critical geopolitical positions and rapidly expanding economies. East Asia plays a central role in world politics and the global economy, and the importance of this region will increase in the 21st century.

This concentration is for undergraduates who are interested in a wide range of careers (business, public service, law, teaching, research, etc.) and who seek a focused yet multidisciplinary education with solid grounding in East Asian language and civilization. Students interested in the major should begin language study as early as possible.

## CONCENTRATION IN SOUTHEAST ASIAN STUDIES

The Asian studies major with a Southeast Asian concentration is an undergraduate major in the College of Letters & Science, providing a comprehensive foundation in Southeast Asian language and area studies. It includes Burma (Myanmar), Brunei, Cambodia (Kampuchea), East Timor, Indonesia, Laos, Malaysia, Philippines, Singapore, Thailand, and Vietnam. Students are required to take a minimum of four semesters of a Southeast Asian language, and complete a minimum of thirty credits of Southeast Asian area studies coursework. The area studies courses must be taken in at least two academic disciplines, including courses in Southeast Asian humanities and social sciences. Students may opt to prepare a 6-credit senior thesis.

## HOW TO GET IN

**Admissions to the Asian Studies B.S. have been suspended as of fall 2018. If you have any questions, please contact the department** (info@iris.wisc.edu)**.**

## CONCENTRATION IN SOUTHEAST ASIAN STUDIES

### DECLARING THE MAJOR

The major should be declared no later than the beginning of the junior year. (**All L&S students must declare a major by the time they have earned 86 degree credits**.) Students with no previous language training or proficiency should consider beginning language study during their sophomore year, since language course sequences begin only once per year during the fall semester. Students interested in Southeast Asia are encouraged to consult with the undergraduate advisor (mmcullin@wisc.edu) at any time from the freshman year onward to discuss the program.

## REQUIREMENTS

## UNIVERSITY GENERAL EDUCATION REQUIREMENTS

All undergraduate students at the University of Wisconsin–Madison are required to fulfill a minimum set of common university general education requirements to ensure that every graduate acquires the essential core of an undergraduate education. This core establishes a foundation for living a productive life, being a citizen of the world, appreciating aesthetic values, and engaging in lifelong learning in a continually changing world. Various schools and colleges will have requirements in addition to the requirements listed below. Consult your advisor for assistance, as needed. For additional information, see the university Undergraduate General Education Requirements (p. 22) section of the *Guide*.

| | |
|---|---|
| General Education | • Breadth—Humanities/Literature/Arts: 6 credits<br>• Breadth—Natural Science: 4 to 6 credits, consisting of one 4- or 5-credit course with a laboratory component; or two courses providing a total of 6 credits<br>• Breadth—Social Studies: 3 credits<br>• Communication Part A & Part B *<br>• Ethnic Studies *<br>• Quantitative Reasoning Part A & Part B * |

* The mortarboard symbol appears before the title of any course that fulfills one of the Communication Part A or Part B, Ethnic Studies, or Quantitative Reasoning Part A or Part B requirements.

## COLLEGE OF LETTERS & SCIENCE BREADTH AND DEGREE REQUIREMENTS: BACHELOR OF SCIENCE (B.S.)

Students pursuing a bachelor of science degree in the College of Letters & Science must complete all of the requirements below. The College of Letters & Science allows this major to be paired with either a bachelor of arts or a bachelor of science curriculum. View a comparison of the degree

requirements here. (https://pubs.wisc.edu/home/archives/ug15/images/babs2009.pdf)

## BACHELOR OF SCIENCE DEGREE REQUIREMENTS

| | |
|---|---|
| Mathematics | Two (2) 3+ credits of intermediate/advanced level MATH, COMP SCI, STAT<br>Limit one each: COMP SCI, STAT |
| Foreign Language | Complete the third unit of a foreign language<br>Note: A unit is one year of high school work or one semester/term of college work. |
| L&S Breadth | • Humanities, 12 credits: 6 of the 12 credits must be in literature<br>• Social Sciences, 12 credits<br>• Natural Sciences, 12 credits: must include 6 credits in biological science; and must include 6 credits in physical science |
| Liberal Arts and Science Coursework | 108 credits |
| Depth of Intermediate/Advanced work | 60 intermediate or advanced credits |
| Major | Declare and complete at least one (1) major |
| Total Credits | 120 credits |
| UW-Madison Experience | 30 credits in residence, overall<br>30 credits in residence after the 90th credit |
| Minimum GPAs | 2.000 in all coursework at UW–Madison<br>2.000 in intermediate/advanced coursework at UW–Madison |

## NON–L&S STUDENTS PURSUING AN L&S MAJOR

**Non–L&S students who have permission from their school/college to pursue an additional major within L&S *only need to fulfill the major requirements* and do not need to complete the L&S breadth and degree requirements above. Please note that the following special degree programs are not considered majors so are not available to non-L&S-degree-seeking candidates:**

- **Applied Mathematics, Engineering and Physics (Bachelor of Science–Applied Mathematics, Engineering and Physics)**
- **Journalism (Bachelor of Arts–Journalism; Bachelor of Science–Journalism)**
- **Music (Bachelor of Music)**
- **Social Work (Bachelor of Social Work)**

# REQUIREMENTS FOR THE MAJOR

The Asian studies major requires that students concentrate in one of two options: **East Asian Studies** or **Southeast Asian Studies**. Students **must declare** one (and only one) of these concentrations. Both concentrations require **30 credits**. As part of the 30 credits, students must complete at least two courses and **8 credits** in a single SUBJECT, excluding language courses.

## CONCENTRATION IN EAST ASIAN STUDIES [1]
