### LANGUAGES AND **CULTURES OF** NORTHERN EUROPE, ERTIFICATE

The Languages and Cultures of Northern Europe certificate offers an opportunity to study the many diverse linguistic, cultural, and religious communities that have become part of Northern Europe as a result of international migration and pan-European economic integration. Students earning the certificate have maximum flexibility of choice in the culture they wish to study in depth, or if they want to take a comparative approach over the region. The certificate maps intellectually a complex and fascinating region of contemporary Europe – one which is marked not only by longstanding national cultures but also by an increasingly diverse and mobile populace.

If students wish, students may include language study in Dutch, Swedish, Norwegian, Danish, Finnish, or Yiddish as part of their course choices.
