

NEUROBIOLOGY, BA

FOUR-YEAR PLAN

FOUR-YEAR PLAN

This Four-Year Plan is only one way a student may complete an L&S degree with this major. Many factors can affect student degree planning, including placement scores, credit for transferred courses, credits earned by examination, and individual scholarly interests. In addition, many students have commitments (e.g., athletics, honors, research, student organizations, study abroad, work and volunteer experiences) that necessitate they adjust their plans accordingly. Informed students engage in their own unique Wisconsin Experience by consulting their academic advisors, Guide, DARS, and Course Search & Enroll for assistance making and adjusting their plan.

The grid below is a suggested plan for finishing your Neurobiology major in 4 years. Please see an advisor for more information, as you may have completed some of the requirements listed.

Freshman

Fall	Credits Spring	Credits
Communication A	3 Ethnic Studies	3
Quantitative Reasoning A	3 MATH 221	5
Foreign Language (if required)	4 L&S Breadth	3
CHEM 103 or 109	4 CHEM 104	5
	14	16

Sophomore

Fall	Credits Spring	Credits
BIOLOGY/BOTANY/ZOOLOGY 151 ¹	5 BIOLOGY/BOTANY/ZOOLOGY 152	5
CHEM 343	3 CHEM 345	3
INTER-LS 210 (optional)	1 Social Science Breadth	3
Social Science Breadth	3 PHYSICS 207 ²	5
	12	16

Junior

Fall	Credits Spring	Credits
Declare the Major ³	PSYCH 454	3-4
ZOOLOGY/PSYCH 523	3 Distributed Neuroscience Course	2-4
STAT 371	3 L&S Breadth	3
L&S Breadth	3 Elective	3
PHYSICS 208	5 Lab Research	3
Lab Research ⁴	3	
	17	16

Senior

Fall	Credits Spring	Credits
Distributed Neuroscience Course	3-4 ZOOLOGY 500	1
Social Science Breadth	3 Distributed Neuroscience Course	3
Electives	6 L&S Breadth	3

Lab Research	3 Social Science Breadth	3
	Lab Research	3
	16	13

Total Credits 120

- ¹ There are several options for fulfilling the introductory biology requirement. See listed Requirements.
- ² There are several options for fulfilling the Physics requirement. See listed Requirements.
- ³ Students must declare a major by the time they reach 86 credits.
- ⁴ It is recommended that students in the Neurobiology major participate in multiple semesters of research.
